China Objects To Foreign Assistance

NANKING, July 22, (AP)—Representatives of the Democratic League told Lieut. General Albert C. Wedemeyer today that the Chinese people are bitterly opposed to any foreign assistance which would likely prolong the civil war "whether it comes from the United States or the Soviets."

Kaiser's Claim

(Continued from Page One) "hell have you been doing?" Kaiser continued. Kaiser said the letter to President Roosevelt caused top Navy officials to "reverse" themselves.

Political Emergency

(Continued from Page One) production, and that in turn is due to low coal production as I pointed out in yesterday's column. The solution of the difficulty depends in large degree on persuading the coal miners, who finally won their five day week, to surrender their cherished prize for a time in the interests of the country and return to the old grind -- temporarily, but be sure, still to turn the clock back.

Riders Compete

(Continued from Page One) to start at 2:00 P. M. Further information may be secured from S. H. Carst, Herman Harriett or J. R. Ellis of Sanford. The following horses were in the Sunday events:

Table with columns: Owner, Horse, Rider. Lists names like Earnest, Sport, Cameron, etc.

NEW HEARING AID DEVELOPMENT TO BE DEMONSTRATED FOR FIRST TIME

A new development for the hard of hearing will be demonstrated by Mr. S. C. Maxcy on July 31st from 10 A. M. to 5 P. M. at Mayfair Inn Sanford, Fla.

HOLDING A FIRM GRIP on his night-stick, a Michigan police officer takes William C. Stacey, Coloma, Mich., into custody following an outbreak of violence at the strike-bound Remington-Rand plant at Benton Harbor.

STEEL WORKER Steven Glednich plays the role of guide to three picturequely garbed visitors from Arabia as they tour a plant of the Carnegie-Illinois Steel Corporation in Pittsburgh.

Counties To Use New Plan To Build Roads

TALLAHASSEE, July 22 (AP)—The State Board of Administration today gave its formal approval to issuance of gasoline tax revenue certificates for financing \$1,225,000 of road and bridge construction in Broward, Suwannee and Highland counties.

Fishing Rules

(Continued from Page One) fishermen have been using seines in the two big fresh water areas since May when the legislature passed special acts designed to reopen them.

## THE WEATHER

Considerable cloudiness tonight and Thursday with occasional showers and thundershowers. Gentle to moderate south to southwest winds.

### Attlee Reported As Promising Cut In Foreign Troops

Laborite Members Of Parliament Give Confidence Vote To Prime Minister

LONDON, July 30 (AP)—A Socialist source said Prime Minister Attlee told Labor legislators today that Britain would slash her military commitments in Germany, Italy and Greece almost immediately because of the nation's looming economic crisis.

Attlee won a "virtual" vote of confidence from Labor members of Parliament after explaining to them the "broad lines" of his plan for meeting the crisis.

The Socialist source, who is connected closely with Labor members of Parliament, said Attlee promised quick and complete troop withdrawals from the Venezia Giulia sector of northeast Italy and from Greece and substantial reductions in the British occupation forces in Germany.

Left Wing Labor Party members have been demanding reductions in the armed forces, which totalled 1,297,300 men July 1.

A well-informed source said Attlee also had decided to ask miners, now on a five-day week in the recently socialized coal pits, to work an extra hour a day to increase production of critically needed coal, the mainstay of the British economic program structure.

After Attlee told the Labor M. P.'s of plans of troop reductions (Continued on Page Two)

### New Restaurant, Barbecue To Begin Serving Tomorrow

The Pic 'n Whistle, Sanford's newest barbecue and luncheon, will open Thursday under the management of Robert Bryan, recent sergeant of the Army Air Corp. It was announced today by J. B. Bryan, his twenty-fifth Street. An who has been here since April, has operated a similar barbecue at Macon, Ga., since 1929.

The one story building of concrete block construction and 50 foot square is located at Park Avenue and Twenty-fifth Street. A large area of lime rock and slag has been smoothly rolled outside of the building to allow plenty of parking space. There are two large neon signs, one on the building, the other near the road way.

The entire front of the building is occupied by the serving counter which is within a windowed room, with windows open for easy service. There is a canopy shelter outside. To the left a door opens to a well lighted dining room with tables and enough steel chairs to seat 48 persons. The floor is inlaid linoleum and there is plenty of window lighting.

Behind the serving counter is a 25 foot square kitchen, also a storage room. Tables and a steam table are of stainless steel finish. There is a large gas range. Two big refrigerators are stored with food and meat. Sink space is ample.

Outside, and near enough to the main highway to what the applicants of passing motorists, is the large brick barbecue oven where beef, pork and ham are rotated by electric power in front of a glowing fire of coals contained in a grate. The entire oven is covered by a shed.

Riley L. Hogan of Winter Park was general contractor for construction of the building which was started on May 20.

### Randall Goff Is In Detroit With "Babe"

Randall Goff, 14 year old son of Mr. and Mrs. O. E. Goff, is now reported to be in Detroit, Mich. as a tour with Babe Ruth, who is on a Ford Motor Company sponsored tour of leading cities to promote American Legion Baseball leagues.

Goff was accompanied by his father on the train to Montgomery, Ala., where the former had his picture taken with Babe Ruth, James P. Chagnon, uncle of Randall and Ford public relations official took the father and son to a press conference in regard to the tour, which was held at Alabama, and Babe Ruth, after the Jefferson Davis Hotel.

They met Governor Folsom of being presented with the big key to the city, gave it to Randall and his mother, and Mr. Goff brought it home with him.

### Bugsy's Girl Goes To Paris Hospital

PARIS, July 30 (AP)—The U. S. Embassy said today that it had transported Virginia Hill, in whose California home Benjamin (Bugsy) Siegel recently was slain, to a Paris hospital for treatment of an illness, its nature unspecified.

The Embassy said Miss Hill was staying in the Ritz Hotel, and that on Sunday night it received a call from the hotel saying "there is an American girl here in need of medical attention."

A vice consul visited Miss Hill, and then had her taken to a hospital, the Embassy said, refusing to say which one.

### Jews Report Britons Killed In Retaliation

Underground Reports Slaying Of Hostages After Conviction By "Court"

JERUSALEM, July 30 (AP)—Two British soldiers were killed and three were injured today by an electrically detonated mine near the Hedera railway station. It was officially announced.

By EDWARD CURTIN  
JERUSALEM, July 30 (AP)—Irgun Zvai Leumi issued a "communique" today asserting that two British soldiers were killed and three were injured July 12 had been hanged in a forest near Natanya in reprisal for the execution of three Irgun members at Acre prison yesterday.

Shortly after the "communique" was issued from Tel Aviv, a police source there reported the bodies of the two soldiers had been found.

Official government sources, however, were not immediately able to confirm that the sergeant, Clifford Martin and Mervin Paice, had been slain.

In issuing its "communique," Irgun Zvai Leumi also disclosed that it had received an appeal for clemency from Paice's father, but said it had been ignored because it should have been directed "to those who refused clemency" to the executed Irgunists.

"We cannot do anything about it," Irgun said the elder Paice had been told.

The underground Jewish organization asserted the Britons, joined at Natanya, were tried by a "military court" and convicted on charges of "illegal entry into Palestine." (Continued on Page Two)

### Arthur Godfrey Extends Sanford More Publicity

Arthur Godfrey, Columbia Broadcasting Program announcer and talent discoverer extraordinary, yesterday morning informed the world on his broadcast that he had extended his itinerary to Sanford, Fla., and proceeded to read The Herald article of July 11 and the headline: "Arthur Godfrey Admits Error Regarding Aiken's Home Town."

He then reminded his listeners of his morning broadcast when he announced Dick Aiken, his Sanford tenor program guest, as from Orlando, and the resulting deluge of protesting telegrams he received from Sanford citizens.

Mr. Godfrey again extended his best regards to Kiwanis President Lester Sharp, one of the telephone callers, declared, that Sanford must be a great town, and said that if he ever got "down that way" he would remember to look up Sanford.

Edward Higgins, manager of the Seminole County Chamber of Commerce said he is delighted with all this radio publicity resulting from Dick Aiken winning an Arthur Godfrey contest, and is seeking to get a recording of Godfrey's broadcast yesterday.

### Fate Of Refugees Is Still Unceded

PORT-DE-BOUC, France, July 30 (AP)—Twelve Jews who were put ashore from a convoy arriving here yesterday from Palestine were reported officially to have agreed today to return to the transports if the British should decide to take the 4,500 immigrants to Cyprus.

The Jews, nearly all from Poland, were turned back from Palestine after the British intercepted their vessel, Exodus of 1947. Upon reaching France, from which they sailed July 10, they refused to land.

The British destroyer Cardigan Bay, main escort vessel, put into Marseilles in search of needed food supplies from the French. The sick who were taken ashore were under French military guard in a hospital.

Convoy officers awaited instructions from Paris or London.

### BRITISH JET PLANE SOUTHAMPTON, Eng., July 30

—Britain's first jet-propelled airplane, the Saunders-Roe A1, successfully completed its first public test today. The maximum speed is still secret.

The plane made several take-offs and landings on the Solent at speeds under 400 miles an hour. It mounts four 20-mm cannon and is powered by two Metropolitan-Vickers jet units.

### Jones Reveals FDR Wanted Hughes Cargo Plane Built

Hughes Giant Plane Highlight In Senate Probe

HERE IS AN AERIAL VIEW of the giant plywood flying boat which is being constructed by millwright aircraft builder Howard Hughes in California. The plane is designed to carry 700 soldiers. The Senate War Investigating Committee is probing the \$10,000,000 wartime plane contract awarded Hughes. (International)

### Popularity Of Outboard Racing Is Told Kiwanis

Joe Swift Is Guest Speaker At Lunch; Meet Here Sept. 1

Growth in popularity of outboard motorboat racing since 1925 was told today to Kiwanis at the Tourist Center by Joe Swift, head of the Orlando Outboard Association, and secretary of Outdoor Florida Federation of Outdoor Clubs. He was introduced by Edward Higgins, who outlined the outboard racing that will take place here on Sept. 1.

John L. Hughes, Stetson University baritone and law student, sang three solos which were well applauded: "I Love Life," "The Desert Song" and "Through the Years." He was accompanied by Mrs. O. Fuquay and, was introduced by J. Martin Stincerpher.

The Club went on record as favoring the writing of a letter to Kiwanis International stating that lotteries and door prizes are not favored by the Kiwanis Club as a means of raising funds for the club.

Mr. Swift told the Kiwanians that prior to 1925, all motorboat racing was of the inboard type, but by 1929 the outboard racing proved more popular according to the number of schedules for racing.

Before the war, outboard manufacturers, stimulated by the publicity attending outboard racing, made special racing motors totaling at about \$475 each he said. Since the war they have discontinued this, he said, due to the fact that they cannot build such motors at a decent price. Racers get requisite parts for (Continued on Page Two)

### 2.05 Inches Of Rain Reported Last Night

The heavy downpour that flooded low lying areas throughout this area last evening was officially reported at 2.05 inches by H. P. Whitner, weatherman. No reports of damage to celery seed beds were reported this morning at the office of County Agent C. R. Dawson. Some motor cars were reported to have been stalled in Sanford as water sloshed over the running boards.

July has this year to date totals 44.7 inches as compared with the 42.10 inches recorded through July 1946; the 35.84 inch rains of 1944 and the 33.51 inches through July, 1945. Rainfall in 1946 totaled 64.30 inches as compared to normal rain of 61 inches.

### Lions Meet Works On World Peace Plan

SAN FRANCISCO, July 30 (AP)—The Lions International convention today worked on a plan to promote world peace through pipelines from town halls in Washington and Lake Success.

In a dozen forums yesterday the convention of more than 16,000 delegates amplified the theme that solution of world problems must spring from the masses of citizens rather than their diplomats.

After the forums the plan was proposed, to be submitted before the convention, for an international committee to channel community attitudes to Washington and headquarters of the United Nations.

### Principals Attend Meet At Gainesville

Three of Seminole County's school principals; B. C. Steele of the Sanford Grammar School; Mrs. J. C. Mitchell of South Side Primary and Z. J. Laney of the Lyman School, are attending a three day conference of principals in Gainesville at the University of Florida. It was announced today by Supt. F. W. Lawton.

One of the main conference topics is how to put to best use the two weeks before school opening now required by law of teachers in order to fill out a 10 month schedule, he said.

Edward Henderson, a graduate of Seminole High School, and one of the State regional education supervisors, has promised to do all he can to aid Seminole County principals in preparing the new schedules. Mr. Lawton declared.

### C. O. P. COUNCIL DAYTONA BEACH, Fla., July 30

—William J. Bird, manager of the Ocala Chamber of Commerce, today was elected president of the Central Florida Council of C. O. Executives succeeding W. J. Cozens, Jr., manager of the New Smyrna Beach.

Harry Goforth, manager of the Mt. Dora Chamber, was elected vice president to succeed Bird and Harry Hall, manager of the Daytona Beach Chamber, was elected secretary to succeed Goforth.

### Australia Backs U. S. Jap Treaty Meeting

TOKYO, July 30 (AP)—Deputy Prime Minister H. V. Ewart swung Australia behind the United States today in the quest for a speedy 11-nation peace conference on Japan at which the veto power would be eliminated.

Australia, he said, would "strongly resist" any attempt by one power or a group to apply the veto, but he voiced the hope Russia would participate in the proposed conference.

### Town Buckling From Movement Of Earth

WELCH, Va., July 30 (AP)—Welch tottered today on the rim of the earth, and the 6,000-odd inhabitants hoped their homes were not being sucked under the town.

Torn sidewalks, ruptured building and buckled pavements showed the effects of the slow earth movement which has quickened in recent months.

Mayor L. E. Rogers guessed an underground stream might be to blame. He has told the city council that by listening at a well at the rear of the Pochontas Theater, one can hear running water.

Another theory was that, in years past, coal had been mined beneath this southern West Virginia coal center, weakening the city's foundations; but there were no charts to back up this suggestion.

Officials, pondering the fate of their city, were considering what steps should be taken. There was no indication whether geologists would be called in to study the mystery.

### Paul Revere Given Life Imprisonment

BOSTON, July 30 (AP)—Douglas Chandler, 58-year-old former Baltimore writer, today was sentenced to life imprisonment and fined \$10,000 for treason in serving as a Nazi radio mouthpiece during the war.

Federal Judge Francis J. W. Ford imposed the sentence after Chandler himself made an about-face statement to the court disavowing a ridiculous lie concocted by him that he was insane and repeating that he still held to the opinions he expressed in his broadcasts for the Nazis.

### China Accuses Russia Of Sponsoring 2nd Front In Mongolia

LAKE SUCCESS, July 30 (AP)—Russia served notice today that it would veto Ireland, Portugal and Trans-Jordan again when the United Nations membership applications of those three nations go to a formal vote in the Security Council.

The Council first will come in August and the repeated veto balls would boost the Soviet vote total to 14. Late yesterday the Russians vetoed the American proposal for a Balkan Investigating Commission.

Alexei Kravtchikov, deputy Soviet delegate, laid down Moscow's position after China accused Russia of sponsoring "a second front" against the Chinese government through Outer Mongolia's invasion of Sinkiang.

Kravtchikov also formally moved to block consideration of applications for membership in the United Nations.

### Local Delegates To Elks Meeting Return From Trip

James Rowland, exalted ruler of the Sanford Lodge of Elks, who returned Saturday with his "Elk" Secretary Dr. L. T. Doss, Mrs. Doss and Mrs. Rowland, after attending the national convention of Elks in Portland, Oregon, had a hard time, he said, explaining to natives of Portland that it was cooler back home in Sanford.

"Portland was much hotter than here," he declared. "It was often 94 or 95, but the nights were cool. It also revealed that the Pullman train with Florida delegation visited San Francisco and Los Angeles and at Hollywood it was 110 in the shade."

The local group left here on July 28 on a trip of 7,765 miles. The Elk train went from Jacksonville to Chicago, to Denver, and to Salt Lake City which impressed Mr. Rowland with its cleanliness and beauty more than any city he visited, he asserted. While there they visited the Mormon Temple and the Snake and heard the great organ, the third largest in the United States.

At Portland, they had a fine convention, a big parade with floats and L. E. Lewis of California was elected as Grand Exalted ruler, he said.

Bonneville Dam, where 250,000 salmon have ascended the runways this year, proved very interesting, he declared. At San Francisco, they visited Nob Hill and other points of interest while Dr. Doss took advantage of a special pass to visit Alcatraz prison.

At Hollywood they visited the Warner Brothers Studio, saw Humphrey Bogart and other screen stars and visited the Brown Derby restaurant, the NBC studios and the Hollywood bowl. In Arizona they saw the Grand Canyon. All of us were much impressed with the courtesy of the westerners, and we did much to correct the general impression that Florida is a gator and snake infested swamp, said Mr. Rowland.

### Martin Says Kaiser Could Get Contract When Nobody Else Was Able To Get It

WASHINGTON, July 30 (AP)—Jesse Jones testified today that the late President Roosevelt ordered that work continue on a \$20,000,000 flying boat ordered during the war from Howard Hughes.

Jones, former Secretary of Commerce, said he talked with Mr. Roosevelt following a cabinet meeting in February, 1944, and that the Chief Executive said he did not believe money already spent on the project would be thrown away.

At that time, the government had spent approximately \$13,500,000 on the 200-ton flying boat which has not yet been flown. Some government production officials wanted to drop the project.

Jones told his version of the story to a Senate War Investigating subcommittee inquiring into the award of about \$40,000,000 worth of wartime plane contracts to Hughes and Henry J. Kaiser.

Jones said he had signed the original contract on direct instructions from the War Production Board and without knowing the project was opposed by the Army and Navy.

When Jones told of his conversation with Mr. Roosevelt, Chairman Ferguson (R-Mich.) of the Senate subcommittee asked: "Did the President have anything to do with the making of the contract?"

"Not to my knowledge," Jones said.

Jones read into the record a memorandum, dated Feb. 19, 1946, which he said he dictated for the (Continued on Page Two)

### Big Appropriation Measures Signed By Pres. Truman

WASHINGTON, July 30 (AP)—President Truman worked rapidly at his desk today to sign legislation passed by Congress in its final days before adjournment, signing many bills including important government appropriation measures.

Mr. Truman took up the task immediately upon his return yesterday from Missouri, where he attended cancer services for his mother, Mrs. Martha Truman.

Bills signed into law by Mr. Truman include:

- \$5,422,629,633 appropriations for the Army.
- \$8,112,227,227 appropriations for independent offices, providing funds for a dozen big federal agencies, including the Veterans Administration and the Atomic Energy Commission.
- \$1,556,992,197 appropriation bill carrying funds to implement his foreign-aid program. Almost all of the money is for expenditure abroad; the aggregate being \$266,781,620 below the President's budget estimates.
- \$413,195,536 appropriations for the Agriculture Department.
- Increasing by 20 percent the pension payments to Civil War, Spanish-American, Boxer Rebellion and Philippine Insurrection veterans and their widows and children, affecting among others 90 Civil War and 111,700 Spanish-American war veterans.

### Russia Announces Veto Intentions On 3 UN Applications

LAKE SUCCESS, July 30 (AP)—Russia served notice today that it would veto Ireland, Portugal and Trans-Jordan again when the United Nations membership applications of those three nations go to a formal vote in the Security Council.

The Council first will come in August and the repeated veto balls would boost the Soviet vote total to 14. Late yesterday the Russians vetoed the American proposal for a Balkan Investigating Commission.

Alexei Kravtchikov, deputy Soviet delegate, laid down Moscow's position after China accused Russia of sponsoring "a second front" against the Chinese government through Outer Mongolia's invasion of Sinkiang.

Kravtchikov also formally moved to block consideration of applications for membership in the United Nations.

### Joe Swift Is Guest Speaker At Lunch; Meet Here Sept. 1

Growth in popularity of outboard motorboat racing since 1925 was told today to Kiwanis at the Tourist Center by Joe Swift, head of the Orlando Outboard Association, and secretary of Outdoor Florida Federation of Outdoor Clubs. He was introduced by Edward Higgins, who outlined the outboard racing that will take place here on Sept. 1.

John L. Hughes, Stetson University baritone and law student, sang three solos which were well applauded: "I Love Life," "The Desert Song" and "Through the Years." He was accompanied by Mrs. O. Fuquay and, was introduced by J. Martin Stincerpher.

The Club went on record as favoring the writing of a letter to Kiwanis International stating that lotteries and door prizes are not favored by the Kiwanis Club as a means of raising funds for the club.

Indonesia Fight

(Continued from Page One)

...said, Dutch forces burst eastward from their Medan positions into a rich agricultural area.

A dispatch from east Java said Dutch troops, including American trained marines and equipped with American-made half tracks, tanks and field guns took off at sunrise in a drive south from Lawang toward Malang, resort town 15 miles away.

An Indonesian army communiqué broadcast from Jogjakarta, Republican capital, said Indonesian units yesterday continued their attacks on Dutch positions in central Java, while Dutch infantry and artillery launched an attack at Kalliwengro, west of Semarang.

Funeral services, attended by high Republican government officials, were held in Jogjakarta today for the nine persons killed yesterday when an Indian Dakota transport plane which the Indonesians said carried medical supplies was shot down by two Dutch fighter planes over the Republican capital.

An official statement issued by the Dutch in Batavia said that "if it is indeed the case that the aircraft shot down was a Dakota loaded with medical supplies for the Indonesians, those responsible have been guilty of culpable carelessness, the serious outcome of which is greatly regretted by the N.E.I. government."

U. S. Protest

(Continued from Page One)

have taken the matter up with Moscow.

Regarding other problems, Lovett said he had discussed the matter with the State Department.

1. The United States has been in consultation with a number of other governments, which he did not name, on possible means to end the fighting in Indonesia; and that he understands the issue is being submitted formally to the United Nations.

2. He believes the date for beginning of preliminary discussions with representatives of 10 other countries on a peace treaty with Japan will be postponed from August 10, that several governments have asked the delay, and that suggestions for a new date have been invited.

3. There has been no basic misunderstanding of any sort between the Staff Department and Lieut. General Lucius D. Clay, U. S. commander of the American occupation zone in Germany, on this government's ultimate aims in Germany.

4. Regarding Russia's U. N. veto of proposed Security Council surveillance of the troubled situation on Greece's borders, the United States is giving the matter careful consideration.

British Troop Cut

(Continued from Page One)

The Socialist source said there were cries of "what about Palestine?" The informant said Attlee did not reply. It is estimated 100,000 British soldiers are in that mandate.

Forces in Germany were estimated by a well-informed source yesterday at between 200,000 and 300,000. The Prime Minister was said not to have indicated the extent of reductions planned in Germany. The British disclosed recently they would ask the United States to assume 80 per cent of the cost of feeding and administering the economically merged interlocking the biggy mfwyp mfwyp American and British occupation zones.

The Socialist informant implied that Attlee might furnish details of proposed troop reductions in a promised statement to Parliament next week.

Attlee was reported to have told the members of his party, who met in a closed session, that Britain planned originally to keep her troops in Venezia Giulia during the permitted 90 days after ratification of the Italian peace treaty.

The informant said the Prime Minister added that under present circumstances, Britain could not wait. The strength of British forces in the Italian area, bordering Yugoslavia, has not been disclosed. Some 6,000 British troops are in Greece.

Later in the day Attlee was scheduled to confer with leaders of the National Union of Mine an extra hour a day by each worker.

The informant estimated that mines would increase the coal output by 300,000 tons a week. The government's target for the average production rate is about 3,700,000 tons weekly, and year is 300,000,000 tons.

The additional output probably would enable Britain to export more coal next year, thus strengthening the nation's hand in international diplomacy while at the same time providing revenue for imports.

Interpretation of coal hastened by the economic crisis, other causes were the rising price of goods. Britain is purchasing goods from the United States at the accelerated rate at which the nation's American loan is being spent.

The production in industries producing export goods which may be for imports.

The highly placed government source said a change in Attlee's Cabinet might be considered. He said he would not be publishing any information on the possibility that the government might call a general election or invite the Conservatives to participate in another coalition with a new government through the war.

FOLLOWING EXHAUSTIVE DRAGGING OPERATIONS by State Police (left) at Little Squam Lake, M. H. authorities have discounted drowning theory in search for Anne Straw, 20, Smith College sophomore and heiress to \$7,000,000. Police now believe that the girl either ran away from the palatial home of her father, H. Ellis Straw (right), a Manchester banker, or was forcibly removed. (International Soundphoto)

Hughes Case

(Continued from Page One)

RFC staff, quoting Mr. Roosevelt as saying that "the experience to be gained from completing one plane" would be too great to throw away.

Early in 1944, Jones said, the Reconstruction Finance Corporation (RFC) which he headed had cancelled the contract, and asked for a report on the feasibility of converting the huge plywood craft to metal construction.

He said he then discussed the contract with the President because he knew the Chief Executive was interested and because he was Commander-in-Chief of the armed forces.

Jones said he had a number of conversations with Hughes, multi-millionaire plane builder and movie maker, and tried to persuade him to abandon the project.

WASHINGTON, July 30 (AP)—Glenn L. Martin said today that Henry J. Kaiser proposed in July, 1942, the formation of a six-company combine to manufacture 500 flying boats "at a good profit" on a government order which Kaiser said he alone could get.

Martin, Baltimore aircraft manufacturer, told the Senate War Investigating Committee that Kaiser, wartime shipbuilder, approached him with this proposition.

It was some time later, Martin said, that Kaiser obtained a government contract jointly with Howard Hughes to build three 400-ton cargo planes.

As the hearings were resumed, with Martin in the witness chair, Hughes, Hollywood film producer, and airplane designer, issued a statement in California asserting that the investigation is an attempt to "coerce" him into agreeing to a merger of trans World Airlines with Juan Trippe's Pan American Airways. Hughes has an extensive interest in IWA.

Hughes declared that Senator Brewster (R-Me.), chairman of the Senate group, once offered to "call off" the investigation if Hughes would agree to the merger. Shown Hughes' statement, Brewster commented that he did not intend to "engage in running controversy" with Hughes.

Martin, whose engineers designed the 140-ton Mars flying boat, said that five years ago, yesterday Kaiser came to his Baltimore plant and said he was interested in forming a company to build 800 of these craft.

Kaiser, a ship builder, with no previous experience in the aircraft field, suggested that five of the largest companies, including Martin's, combine to furnish engineers and capital for a venture he would direct, the witness said.

"He said there would be a good profit in it," Martin commented, adding that his company at that time was interested primarily in fulfilling contracts for the army and navy for other type ships and sought only a "reasonable profit."

Senator O'Connor (D-Md.) asked what Kaiser proposed to contribute.

Martin said that if five companies agreed to share in the venture, Kaiser said he would furnish one-sixth of the men needed and one-sixth of the capital.

"He said he could get the order for the ships and I probably could not get the order," Martin continued. "He didn't explain how, he said such an order wasn't within my reach or that of the other airplane manufacturers, but he could get the order."

Chairman Ferguson (R-Mich.) asked why Kaiser thought he alone would be successful in obtaining such a contract.

"It was obvious," Martin replied, "that he was thinking of some other method than the Army-Navy approved program. They had a fixed program and if they built flying boats, something else could not be built. It was a condition with which we could not quarrel."

Martin said Kaiser admitted the proposal was "at variance" with the approved "Army-Navy" program, but that he could have it okayed by appealing to top officials.

"He just said he would go to high places to get the order," Martin said. "He didn't say what the high places were and I did not ask him because it was his business and not mine."

Kaiser and Hughes first

contracted to build a flying boat in about 18 months. On the question of time, Martin said it took 600 engineers and artisans four years to perfect the Mars.

At the end of that time, he said, a second ship might have been turned out in 20 months and mass production brought about four months later.

He said a "mediocre" cargo ship might have been put together in about 30 percent less time.

In a game Aug. 22, 1915, between Detroit and Washington, the side was retired one inning without a hitter having been officially at bat—yet a run was scored in the inning. The first two batters walked, the third sacrificed them to second and third, the fourth batter hit a sacrifice fly scoring a run, then a base runner was picked off.

Brooklyn grid Dodger football stars Glenn Dobbs and Saxon Judd were eliminated one up in the semi-finals of the Tulsa four ball tourney.

Britons Hanged

(Continued from Page One)

estine, being members of an illegal British criminal terrorist organization known as the British Occupation Force in Palestine, which is responsible for the suppression of Jewish rights in Palestine and for the deportation of Jewish citizens from their home land."

As members of the British army, the sergeants also were accused by Irqun of what it called the "murder" of Jewish women and children and of "illegal possession" of arms.

Hagana, another Jewish underground agency of less violent leanings, was reported to have conducted an all night search for the sergeants despite the British curfew.

The Irqunists hanged by the British were Meir Nakar, Absalom Habib and Yacoub Weiss. They had been condemned for the shooting, bombing and delivery at Acre prison May 4 in which 251 convicts were set free and 16 persons were killed.

It was confirmed officially that G. E. G. Charlton, superintendent of Acre prison, had been suspended for refusing "for personal reasons" to attend the executions of the three Irqunists. Charlton, 25 years old, a Palestine government job, was succeeded by Andrew Clowe, who supervised the hangings. An inquiry was in progress.

The dusk-to-dawn curfew imposed about two weeks ago on the 30,000 Jews in Haifa was lifted today. A search conducted through the Herzliya Jewish quarter last night resulted in the detention of nine persons.

A British constable, wounded by underground gunfire in Haifa July 19, died during the night.

Two explosions were heard south of Citrus House, the military headquarters in the Tel Aviv area, but a search disclosed nothing unusual.

In Jerusalem, military police found a booby trap mine off the road near the Mustasha police barracks, in the area where several mine attacks have been made recently.

Dick Brinkley, newly signed Brooklyn grid Dodger fullback from Wake Forest, has ambitions to be a newspaperman. He was sports editor of his college paper.

WINDING UP A TOUR of the west, Gov. Thomas E. Dewey of New York is pictured with his wife and son, John, as they attended Cheyenne's famous Frontier Day rodeo in Wyoming. Dewey, who turned up at the show two days, left shortly after for New York with his family and members of his party. (International Soundphoto)

No Decision Reached On Florida Hospital

WASHINGTON, July 30 (AP)—The Veterans Administration said today that "no decision has been reached" on a recommendation of the House Appropriations Committee regarding the continued operation of Finney General Hospital at Thomasville, Ga., and the building of a new hospital at Tallahassee, Fla.

The House committee recommended Saturday that 100 beds be continued at Finney General and that a 100-bed, instead of a proposed 200-bed hospital be built at Tallahassee.

A spokesman said "it still is an General (Omar) Bradley's desk. General Bradley is chief of the Veterans Agency.

racing at different factories at high cost, he pointed out.

He announced that during the present year the American Boat Association will sponsor 250 regattas with \$575,000 in prizes, and that an estimated 3,000,000 people will see the races.

Class C outboard motors hit the fastest record, 64 miles an hour, said Mr. Swift; Class B, 56 to 57 miles an hour; Class A, 50 miles an hour and Class M, with the smallest piston displacement of seven inches, 42 mph.

Celebrated Manager John Krieger introduced two new members of his ball club; Bill Lewis of Miami, catcher; and Jack McCammon of Leesburg, pitcher.

J. Bradley Odham asked cooperation of members in aiding the Jaycees in raising funds for maintaining the new Tourist Information Booth and other tourist promotion activities.

Reds To Veto

(Continued from Page One)

entions from Austria, Italy, Hungary and Romania on the grounds that the peace treaties had not been ratified. The Austrian Treaty has not been drafted but pacts with the other three have been ratified by all the big powers except Russia.

The United States immediately objected and said it wanted full scale discussions now. A highly placed source indicated that the Americans would plump for the admission of Austria and Italy this year—regardless of treaty delays, but would "strongly question" Hungary and Romania, both regarded as Soviet satellites.

Addressing the United Nations Membership Committee in opposition to Outer Mongolia's application for membership, strongly supported by Russia, Dr. Shuhai Hsu said:

"The Soviet delegate would have demonstrated a better insight into the political situation in the Far East if he had come with the statement that Outer Mongolia invaded Sinkiang as a diversion for the rebels in north-east China (Manchuria) and as a second front against the Chinese government."

Replying to Soviet charges that China invaded Outer Mongolia to divert world attention to her northern border, Hsu said common sense would show such a charge was "unfounded."

# Red Strategy In Europe Seeks To Undermine Western Powers

By DEWITT MACKENZIE  
AP Foreign Affairs Analyst

Britain, France and other economically distressed nations of Western Europe are reaching for the prospective benefits of the Marshall rehabilitation project like growing men grabbing for life-buoys.

For example, authoritative sources in London stated yesterday that the government had under consideration the drastic course of spending some of England's \$2,560,000,000 gold and dollar reserve as an emergency measure to deal with the difficult days which are expected to plague the country next winter. But the important point of this disclosure, and your special attention is drawn to it, is that the tapping of the reserve would be a stop-gap between the period when the \$7,750,000,000 loan from the U. S. A. is exhausted about the end of the year and the time when the Marshall plan or some other American program of financial aid to Europe becomes effective.

Yesterday, too, France made a new appeal to Russia in the United Nations Economic and Social Council to join in implementing the Marshall plan. The Paris government, fighting to keep out of the "big power" French Communist Party, is greatly worried over Moscow's attitude. Delegate Georges Boris told the council that distrust between Russia and the Western powers was paralyzing European economic recovery.

The Russian reply was to rebuke France for bringing the Marshall plan into a United Nations debate. White Russian Representative Kaminsky declared the Economic and Social Council has no right to discuss the Marshall plan. He further said the plan was linked with German economy, which he maintained had no place on the agenda.

With the above as background, I am going to set down here a sensational and, if substantiated, vastly important report which comes to me from a usually exceedingly well informed European source. You will recall that last May French Socialist Premier Ramadier dismissed from his cabinet the five Communist ministers, after the National Assembly had given him a two-to-one vote of confidence in which Communist members dissented. Since then the Communists have been outside the government.

It is clear that this split was the result of Communist refusal to collaborate. My source now tells me that the crisis was deliberately precipitated under orders from Moscow, and the strategy was this:

It had just become apparent that the Russian wheat crop this year would be excellent, barring unforeseen contingencies. Possession of this breadstuff would provide a mighty bargaining weapon—a commodity which, in many places, was hard pressed for food. France for a just the first time in her history was short of bread.

Well, with that set-up the French Communists were to undertake a program of harassing the government. An important phase of the campaign would be the causing of labor troubles, the Reds being powerful in important

trade unions. This would add further to the economic chaos of the nation. When autumn approached, and the government was beset with tribulations, ship loads of Russian wheat would be offered to the distressed country and the time would be ripe for the French Communist Party to zoom into power on the gratitude of the populace and the weakness of the government.

There is one more item to be added: Last Sunday a communiqué was issued in Moscow giving the first authoritatively published report that the Soviet wheat crop is indeed excellent. There is grain for export.

## Suspect Taken To Georgia Swamp Where Floridian Murdered

JACKSONVILLE, Fla., July 30 (AP)—Wayne F. Woodruff, 35, native of Louisville, Ky., visited the Okefenokee swamp area where Myron D. Sutherland was fatally shot July 13 and repeated yesterday to Sheriff J.D. Sikes of Folkston, Ga. that it was accidental.

Sutherland, member of the Court Vedia Beach tennis team and employee of an oil filter manufacturing company here, had been dead a week when his body, decomposed and ravaged by animals, was found just outside a deserted cabin a few miles south of St. George, Ga.

Woodruff, former employee of the Merrill-Stevens Repair and Drydock Company here, was picked up in El Paso, Texas, with his rifle a few days after the two sightings from a trans-continental bus.

Woodruff said he shot Sutherland in the back of the head while target shooting and denied Sheriff Sikes reported, that he had taken the dead man's wallet which has never been found.

Sheriff Sikes said Woodruff had two Army discharges in his possession, one typed which said he was a private in a Coast Artillery outfit and another written with a pen saying he had served as a technical sergeant in the 101st Parachute Infantry Division.

The sheriff reported Woodruff as saying the pen-written one was a joke and that the typed one showed 314 days AWOL in less than two years.

Sheriff Sikes said, too, that Woodruff admitted having a wife

# THE OLD HOME TOWN By STANLEY

## Airport Owners Slow In Getting Licenses

TALLAHASSEE, Fla., July 30 (AP)—With the deadline set for tomorrow, only about half of Florida's private airport operators have applied for State licenses required by a new law, Aviation Supervisor William C. Lassar reported today.

He said there will be no extension of the midnight, July 31, time fixed by the Improvement Commission for obtaining licenses on existing airports without getting approval of sites.

Florida's oldest and largest horse track—Hialeah—has been assigned Jan. 16 through March 2 for its 1948 racing period.

and two children and that he had served a sentence for bigamy.

Woodruff is being held without bond for grand jury action.

## TAPT RALLY

COLUMBUS, O., July 30 (AP)—A Republican vanguard convened in Columbus today in preparation for tomorrow's Republican rally which will sail U.S. Senator Robert A. Taft's hat toward the presidential ring. State Republican endorsement of Senator Taft may come from a closed meeting of the State Republican executive and central committee at noon tomorrow at the Desler-Wallick Hotel.

## GAS TAX REPORT

TALLAHASSEE, Fla., July 30 (AP)—Florida gasoline tax collections for the last fiscal year were more than \$7,000,000 above the previous year, Comptroller Clarence M. Gay reported today. His 12-month tabulation of gas tax payments showed receipts of \$38,967,414 on 555,077,353 gallons of motor fuel sold in the state.

## 5,000 Attend Baptist Congress In Denmark

COPENHAGEN, July 30 (AP)—Some 5,000 delegates to the Seventh Congress of the Baptist World Alliance began their deliberations today on a program to face courageously their Christian responsibilities in a world of international cooperation.

Speakers at yesterday's opening session urged the delegates to face tension among nations.

In last minute telegrams to the Congress, Baptists in Russia, Poland and Bulgaria disclosed that they would be unable to participate in the conference and expressed their regrets.

The primary of the Danish Lutheran Church Bishop H. Paulsen, in a welcoming address, told the delegates it seemed more difficult to win the peace than war, and he added that the world today needed "goodness and love."

Interested in home freezing of foods?

GET THIS FREE BOOK!

If you have been hearing and reading a lot about home freezing and have been wondering what it could mean to your family, come in today for a copy of this brand-new book. 64 colorful pages, packed with full information on home freezing and the benefits it can bring to your home. Don't delay—quantities are limited. Ask for your free copy of "An Invitation to Better Living" at our store.

WEDNESDAY, JULY 30, 1947

BIBLE VERSE FOR TODAY
WHAT WE NEED IS NOT SO
MUCH MORE EVIDENCE FOR
OUR FAITH, BUT TO TEST
WHAT WE HAVE BY LIVING
IT. If they hear not Moses and
the prophets, neither will they be
persuaded though one rose from the
dead. Luke 16:31.

Well, after all, this is not the
first time cheesecake has been used
to spark up congressional investiga-
tions.

Remember when Elliott first
got his commission and the boys
were saying, "I want to be a
captain, too." Well, in view of the
parties that were given for him,
and one thing and another, it is
easy to understand why.

Arthur Godfrey is still talking
about Sanford and this city's de-
termination to be known through-
out the radio world as the home
of Dick Aikin. Again yesterday
he devoted the better part of his
sermon to the subject.

The St. Paul Dispatch reveals
that it received 500,000 telephone
calls from the public during the
past year. And most of them, no
doubt, wanted to know who the
Secretary of the Treasury was, or
whether the report heard over the
radio was true.

Life insurance is getting to be
more and more an important fac-
tor in the economic well being of
this country. During the first five
months of this year over \$1,200,
000,000 was paid out to life in-
surance beneficiaries and policy-
holders, and less than half of this
amount was for death benefits.
Matured endowments, annuities,
disability claims and policy
dividends are more important now-
adays than death claims.

Commercial fishermen who had
seen in an act of the recent Leg-
islature their license for the ex-
ploitation of Florida's lakes and
streams, particularly the St. Johns
and Lake Okeechobee, may go
back to their brooding, now that
the State Game and Fish Com-
mission has reasserted its author-
ity over these inland waters.
The people gave the Commission
the right to regulate fishing; the
Legislature had no right to take it
away. And if the laws are not
obeyed, arrests will follow.

General Charles deGaulle says
that French Communists are plan-
ning to sell out France to Rus-
sia. An outstanding characteristic
of the Communists wherever you
find them is their lack of patriot-
ism. In fact, they believe that
patriotism is a relic of barbarism
completely outmoded by the tempo
of modern events. "These men,"
says General deGaulle, speaking of
the French Communists, "have
shown their obedience to orders
from the foreign masters of the
great Slavic power." That's the
Communist doctrine everywhere,
greater allegiance to Russia than
to your own country.

The London Daily Mirror calls
for the resignation of Prime Min-
ister Clement Attlee. The Mirror
is a Labor newspaper and Attlee
heads a Socialist government and
you think that he would enjoy
the unqualified support of the
Labor newspaper. However, things
have gone from bad to worse ever
since he has been in office. De-
spite American loans British econ-
omy has slipped until the people
are worse off than they were
during the war, and the British
Empire has all but collapsed
throughout the world. What war
couldn't do to old John Bull So-
cialism did. But Britain will rise
again. Sooner or later the crack-
pots will be thrown out.

County Zoning

The recent session of the Legislature enacted a special
law authorizing the County Commission to adopt zoning
regulations and a building code governing the use of prop-
erty outside the city limits. The City Commission of San-
ford has long had such authority and has created a Zoning
Commission for the purpose of regulating every type of
construction in the city.

A similar Zoning Commission should be established
for the County so that shacks and other unsightly build-
ings cannot be constructed along main highways, or un-
sanitary cattle pens or chicken yards erected next to coun-
try inns or barbecue stands, and so that there is some
semblance of order and intelligent planning about all fu-
ture construction in the county just as there is in the
city.

In commenting on a similar law for Leon county, the
Tallahassee Democrat recently pointed out that county
zoning is important for health reasons. "A residential
areas develop outside municipal limits," said the Democrat,
"it is highly important that there be adequate regulations
to provide sanitary plumbing and garbage disposal con-
trols."

Other important factors entering into county zoning
are the need for public safety and the control of fire haz-
ards, as well as the necessity for regulating the location
of various types of businesses so that one does not act as
a hindrance or a detriment to another. "Some businesses
by the nature of their operation," the Democrat points out,
"give off noxious odors, or they are noisy to the extent
that surrounding properties may decrease sharply in
value."

Seminole County now has the opportunity for modern
and efficient county planning through the enactment of
this zoning law. We hope no time will be lost in taking
advantage of it.

Opening Arabia

Ibn Saud, the picturesque ruler who called on Pres-
ident Roosevelt on a ship in the Suez Canal, is not the only
king in Arabia. Yemen, in the southern part of the country,
is independent of him, and its king has sent his son on an
official call to Washington. Evidently the Yemenite mon-
arch does not want his rival Ibn Saud to be the only Arab
ruler with diplomatic contact with the United States. A
trade treaty is expected to follow.

Though Arabia is commonly regarded as a desert, this
does not apply to Yemen. Its fertility is responsible for its
ancient name of Arabia the Happy, as distinguished from
the barren wastes which make up most of this huge coun-
try. The frankincense which the Three Wise Men bore as
a present to the Manger in Bethlehem grew on the hills of
Yemen.

There are other states in Arabia which still keep iso-
lated. Hadramaut on the south coast bars all unlicensed
foreigners. They miss something thereby, for the Hadra-
mut cities have six-and-seven-story skyscrapers resembling
those in American cities. Some day these states, too, will
yield to the pressure of Western commerce.

Real Homes For The Aged

An industrial city in England which has made a good
start on solving the housing problem is also providing for
its indigent aged at the same time.

As part of a suburban group housing program the city
fathers have promoted what they call the "Aged Persons
Project." This provides groups of apartments, with one
room, bath, and kitchen, where single people can be housed
in comfort and independence, rent-free. Members of each
group can have social contacts and help each other out in
emergencies.

This idea might also be applied to old people who are
not indigent, but able to pay their own way. Such a group
of small houses, preferably on one floor, in a pleasant
location, with a shopping center, library, and movie house,
would be a popular innovation almost anywhere in this
country. The elderly are like any other age-group in being
happier surrounded by others with the same interests and
common problems.

VEGETARIAN PARTY
NEW YORK, July 30, (AP)—
White-bearded Dr. John Maxwell
of Chicago, who says he hasn't
"tasted meat, fish or fowl in 45
years," is the presidential candi-
date of the American Vegetarian
Party. Vegetarians from over the
nation organized the party and
named their candidate last night
at a hotel dinner from which meat
was missing.

Dead Seagulls On
Tampa Bay Island
Linked With Red Tide

TAMPA, Fla., July 30, (AP)—
Reports of many dead seagulls on
a small island in Tampa Bay
raised the question today whether
their deaths were linked with the
plague which recently killed mil-
lions of fish in the Venice-Sara-
sota area.

No fish are known to have died
in the vicinity of Tampa from the
mysterious scourge, often called
red tide because of the discolora-
tion of the water, and none have
been reported dying around Sara-
sota for the past week.

Bodies of many of those killed
further south have been drifting
this way and a few were reported
within Tampa Bay yesterday.
Commercial fishermen here said
fear of the plague had caused
many inland Florida customers to
cancel orders despite assurance
all fish shipped from here had
been caught at least 60 miles from
the scene of the scourge.

Between race meetings Hia-
leah's running strip is covered
with straw and planted in cow
peas and velvet beans to prevent
erosion.

Diamond Mines Are
Reopened In Africa

JOHANNESBURG—(AP)— The
Orange Free State, where some
of the world's richest gold finds
have been made, will shortly also
produce diamonds. At Theunissen,
not far from the feverish activity
at Odendaalsrust where smoke is
already rising from the new gold
mines and mining towns are
springing up on the bare veld,
preparations are in hand for re-
opening two diamond mines that
have been idle for 20 years.

New machinery is arriving, old
machinery is being repaired,
occupied and the ghost settle-
ments are springing to life.
Many of the old mine shafts be-
came filled with water and were
favorite fishing spots for local
farmers. They are now being de-
watered.

WE'VE BEEN WITH YOU
TWELVE YEARS

We are twelve years old this July.
Yes—way back yonder in the year 1935,
a specialist named Florida from another
State. He purchased property in Sanford and
in other cities in Florida, and one day he
mentioned to me that fire insurance rates
in Florida were considerable higher than in
his Home State, and he thought perhaps the
reason for this was that the mutual fire
insurance companies were not active in
Florida.

He had carried a set of his insurance in
Mutual Companies and induced us to take on
the representation of mutual fire insurance
companies, giving us the names of the mutual
companies he had had satisfactory dealings
with in his Home State.

This is why we started a Mutual Insurance
Agency in Sanford—way back yonder in July,
1935.

Our ambition has been to build up an agency
devoted to the task of providing good insurance
protection for the people in Seminole County,
at a saving.

That we have to some extent at least succeeded
in doing this is indicated by the fact that to-
day we have the pleasure of serving over five
hundred customers, most of whom bought insurance
from us because our agency was recommended by a
loyal customer.

To our customers belongs the credit for the
growth of this Agency—for without their Loyalty
and support throughout these twelve years—
it just wouldn't have happened.

To them, we are truly appreciative and we want them
to know that we fully recognize the fact that this
is truly their insurance agency—for they have
made it so—they have saved more money on their
insurance than we made writing the insurance—we
have been MUTUALLY benefited knowing each other.

We take this means of thanking our customers publicly
for their loyalty and support during these twelve
years.

# Social And Personal Activities

## Social Calender

**WEDNESDAY**  
The Truthseekers Class of the First Methodist Church will hold an all day picnic at the home of Mrs. J. H. Cowan in Lake Mary.

**MONDAY**  
Circle No. 10 of the W.S.C.S. of the First Methodist Church will meet at 8:00 P.M. at the home of Mrs. J. R. Hoolahan, 2206 Palmto Avenue.

**TUESDAY**  
The Friendship League of the Congregational Church will meet at the Parish House at 3:00 P.M.

## Christian Council Met With Mrs. Yesley

The Woman's Council of the First Christian Church met at the home of Rev. and Mrs. W. P. Yesley on Monday evening with Mrs. O. D. Landress presiding. Taking part in the service and music were Mrs. J. L. Horton, Mrs. Julian Wilson and Mrs. Robert Batten.

Following adjournment of the business session refreshments were served by the hostess, Mrs. Yesley. To Mrs. R. G. Fox, Mrs. J. E. Wilson, Mrs. Horton, Mrs. Landress, Mrs. J. N. Durden, Mrs. A. E. Johnson, Mrs. M. G. Tracy, Mrs. G. W. Roland, Mrs. J. R. Richards, Mrs. W. C. Clause, Mrs. V. H. Grantham, Mrs. O. T. Pearson, Mrs. Spier and Mrs. Tison. Also the Misses Sue Williams, Marian Pearson, Betty Roland and Mr. Williams, Rev. Yesley and David Wilson.

## Hollywood

**HOLLYWOOD, July 30 (AP)—**Interest in the Academy Awards is a year-round matter out here and it's about time to start making the summer book on the contenders. The half-way mark shows the British entry far in the lead with the Americans starting slowly.

"Please note in the listing that entertainment value is not a factor. Academy Award pictures are chosen primarily for their prestige quality. Thus, although U. S. studios may have provided entertainment in its first six months' product, it has shown practically nothing of Oscar caliber.

The race-wise Americans usually save their strength until the final sprint. Thus we see MGM lining up for a fall release of "Song of Love" (Katharine Hepburn-Paul Henreid) and "Green Dolphin Street" (Lana Turner-Van Heflin). RKO is priming "Mourning Becomes Electra" (Rosalind Russell-Michael Redgrave) and "I Remember Mama" (John Ford's "The Fugitive" (Henry Fonda) is also a strong possibility.

Warners appears to be pinning hopes on "Life With Father" (William Powell-Irene Dunne) and the 20th-Fox entry is headed by "Gentleman's Agreement" (Gregory Peck-Dorothy McGuire) plus "Forever Amber" (Linda Darnell-Cornel Wilde) and "Captain From Castile" (Tyrone Power). Paramount, which boasts a strong past performance, hopes for a release of "Emperor Waltz" (Bing Crosby-Jan Fontaine) before the race is finished.

From the smaller stables come such possibilities as Enterprise's "Arch of Triumph" (Ingrid Bergman-Charles Boyer), Republic's "MacBeth" (Orson Welles), Selznick's "The Paradine Case" (Gregory Peck-Ann Todd), Columbia's "Lady From Shanghai" (Orson Welles-Rita Hayworth).

That's the way the race looks from this grand stand seat, but there's always room for a dark horse.

Here's what Hollywoodians are talking about over their lemonade: how Gable should be happy that "The Hucksters" didn't turn out to be another mis-adventure.

The movement toward a hurry-up in shooting pictures; it seems to be the only way to bring costs down. The dip in fan magazine circulations.

The way ABC is moving into competition for the position as the No. 2 radio network. The swing away from location shooting and back to Hollywood. The hope that picking up of studios will be ended soon. The revival of the tourist industry, which appears to be going full blast again. The nose-dive of the legitimate stage business here.

The trend to pastels in color pictures, instead of the brilliant hues. The movement of more Broadway talent in this direction because of the low ebb of play writing. The growing awareness that Hollywood has to make better pictures.

Listenable disks: "Billy's Boogie" by Billy Butterfield. "If It's True," Johnny Desmond and Page Cavanaugh trio. "Pagan At The Waldorf" by Frank Carle. Skitch Henderson's "Dancing With A Deb." "Naughty Angelina," King Cole. "The Baymen," J. White. "I Didn't Love You So."

## Miss McCall Honored By Mrs. W.G. Fleming

Miss Connie McCall, whose engagement and approaching marriage was recently announced, was honored with a Coca Cola party yesterday morning given by Mrs. W. G. Fleming at her home on Magnolia Avenue. Bright arrangements of zinnias were used in decorating the rooms of the Fleming home.

Mrs. Marjorie Sorenson assisted Mrs. Fleming in serving the drink with open-faced sandwiches, potato-chips, olives, pickles and salted nuts. The hostess presented Miss McCall with a Sunday night supper tray in her crystal pattern and Miss Jackie Brochie, whose marriage to James Ingley will be an event near future, was given a nest of ashtrays.

Those attending with Miss McCall were her mother, Mrs. Emmet McCall, Mrs. Edward Higgins, Jr., Mrs. Dale L. Scott, Jr., Mrs. Braxton Perkins, Jr., Mrs. Ray Fox and Mrs. Edward McCall. Also present were Misses Kathryn Wiggins, Nancy Colman, Jackie Brochie and Mary Ann Wheelchel.

**Purposes Outlined For Youth Caravan**  
Basic help will be given in personal religious foundations, a service van which will arrive on Saturday to lead Youth Activities Week from Aug. 3 to Aug. 8 at the First Methodist Church. Miss Mabel Chapman, director of Youth Activities, announced today. She stated that another object of the Caravan is to outline an intelligent procedure for service to humanity and that the purpose of the group is to revitalize and strengthen the youth program of the local churches and community.

Each member of the Caravan works in all fields of youth activities, but is especially trained in a specific field, she pointed out. They will make personal visits, interpret youth work of the church to civic leaders, lead informal study classes and forums, assist in initiating projects, give suggestions for worship services, direct recreation and explain the literature of the church. The counselor will lead the adults who work with youth, parents and other interested persons to a better understanding of youth and assist in planning a more complete program of activities to meet the needs of youth.

**BIRTH ANNOUNCEMENT**  
Mr. and Mrs. Herbert Hill, Jr., announced today the birth of a son, Brian Donovan, on July 27 at the Fernald Loughton Memorial Hospital. Mrs. Hill will be remembered as the former Catherine Hurt.

## SHS Plans Big Band With Ex-Marine Lead

B. E. Black, who for two years has led the Columbia High School band of Lake City, and who was in the Marines for four years, will have charge of the Seminole High School Band this year, and plans are being made for having a big band in action by the time the football games start. It was announced today by Herman E. Morris, principal.

All trumpet, trombone saxophone and other band instrument players not only of the high school but of the Junior High School, Lake Mary, Monroe, Geneva and other schools are invited to report for practice Monday morning at 9:00 o'clock at Seminole High School, said Mr. Morris.

## Donations To Foreign Relief Are Decreasing

**BERLIN (AP)—**The need for food and clothing in Europe is "not getting less," Paul F. French, executive director of CARE, told a news conference here. He said contributions to private relief agencies are decreasing.

## Mrs. Peron Taking Swimming Lessons

**MONTE CARLO, July 30 (AP)—**Mrs. Juan D. Peron, wife of Argentine's first lady, is taking swimming lessons while vacationing at this Riviera resort, and, according to her friends, she is getting along swimmingly.

Members of her party said Argentine's first lady bought a "1900 model" bathing suit "without success, but settled for a modest one-piece 1947 model."

## Personals

Mr. and Mrs. P. Bayard Smith plan to leave on Friday for Little Switzerland, N. C. where they will visit for some time.

Mr. and Mrs. E. B. Smith, Mr. and Mrs. W. G. Fleming and F. D. Scott are leaving on Sunday to spend some time in North Carolina.

Mr. and Mrs. B. E. Ratliff and children, Earl, Janet and Rosiland, returned on Sunday from Canada and other points of interest where they spent about three weeks.

Miss Ellen Cooper and Miss Maxine Scott of Winston-Salem, N. C. spent last weekend in Sanford as the guests of Dr. and Mrs. H. Wayde Tucker.

Mr. and Mrs. C. J. Bevard of Baton Rouge, La., are the guests of Mr. and Mrs. E. C. Golson at their home on Baydall Avenue. Mrs. Bevard is Mr. Golson's daughter.

Mrs. J. E. Spurling and Mrs. Carl H. Harris of 1020 Myrtle Avenue have returned to Atlanta, Ga. with J. W. Harris of that city, who has been visiting in Sanford for the past ten days, to spend a short time with him and attend to his affairs.

Miss Jane Harris who has been visiting her parents, Mr. and Mrs. Carl H. Harris of Sanford, returned on Tuesday accompanied by her father to return to her home in Selma, Ala. He will visit in Selma for a short while before going to Ohio and West Virginia.

Mrs. J. N. Burdick returned on Monday from Thomasville, Ga. where she was called because of the death of her father, W. F. Sanford.

Mr. and Mrs. Giles Chapman have returned from a vacation spent in San Antonio, Tex. and New Orleans, La.

## Lieut. Betty Colbert Meets Pres. Truman

Friends of Lieut. Betty Colbert, who is stationed at the United States Naval Medical Center in Washington, D. C. will be interested to learn that she recently attended a White House lawn party where she met President and Mrs. Harry Truman and their daughter, Margaret, General and Mrs. Dwight Eisenhower, Secretary of State and Mrs. George Marshall, General and Mrs. Omar Bradley and Admiral Chester Nimitz. She also met many of the cabinet members.

According to Miss Colbert's letter, it was a beautiful and colorful event and a Marine Band played during the afternoon. She stated that her greatest thrill was in meeting General "Ike."

## Duke And Duchess Make Italian Tour

**FLORENCE, Italy, July 30 (AP)—**Italy's most noted tourists of the moment, the Duke and Duchess of Windsor, today joined thousands of Italians seeking in sea breezes relief from the withering heat, the summer's worst.

A special train supplied them by their host, Lieut. Gen. John C. H. Lee, acting supreme allied commander in the Mediterranean, took them last night to Viareggio, fashionable resort town largely taken over for living quarters of American and British officers stationed at nearby Leghorn.

Last night Gen. Lee gave a well attended reception in their honor. The Windsors were to return to Florence late today.

Hialeah's clubhouse drive is lined with 24 of the tallest matched palms to be found in the Everglades.

**ARMY CHIEF OF STAFF** Gen. Dwight D. Eisenhower waves goodbye to a crowd at the Washington National Airport as he leaves on a first-hand inspection tour of Army installations in Alaska. Also on hand is Mrs. Eisenhower, who did not accompany her husband on the trip. Eisenhower expects to spend four weeks in Alaska. (International)

**PRINCESS MARGARET** is shown planting a tree on the grounds of Brodick Castle on the Isle of Arran, as the Duke of Montrose looks on. The young princess visited the small island off the west coast of Scotland, as the guest of the Duke and the Duchess of Montrose. (International)

**A BRIDE** of three months, Mrs. Laura Katherine Brown (above), 20, was found shot to death in her Sunnysville, Ga., home. Fingerprints on a window sill and strands of hair caught in a wrist watch of the victim provided the only clues for the police. (International)

## Britain-Russia To Share Housing Plans

**LONDON (AP)—**Britain has offered to share with Russia the discoveries of her scientists since the war in methods of housing construction, to try to meet a common need for vast rebuilding.

The British trade mission to Moscow, which bargained for Soviet timber for this country's housing program, has also delivered a government invitation for a Soviet housing mission to visit British reconstruction areas.

If the Russians accept, an announcement in the Board of Trade Journal said, the mission's attention will be called to new methods of housing construction in concrete, particularly to types being developed in rural areas.

## COUNTRY CLUB PARTY

Charles Potter, manager of the Seminole Country Club, announced this morning that the regular Wednesday night party will be held tonight at the club beginning at 8:00 o'clock. He also announced that dinner will also be served to-night as on every night except Monday and Tuesday.

## King George To Give His Formal Consent

**LONDON, July 30 (AP)—**King George VI is to give formal royal consent to the marriage of Princess Elizabeth to Lieut. Philip Mountbatten at a Privy Council meeting tomorrow under provisions required by the 175-year-old Royal Marriages Act.

The Privy Council, usually attended by only a handful of members, is expected to be considerably swollen for the announcement, with the Archbishop of Canterbury, Prime Minister A. J. Lee, cabinet members and opposition leader Winston Churchill attending.

Mountbatten returned to his Naval duties at Corsham training station yesterday after spending the last night of his leave taking his bride-to-be—Princess Margaret to "Annie Get Your Gun."

Meantime the king was reported to have given approval for a dozen families to occupy RAF huts on the Sunninghill estate which is expected to become the royal home for the princess.

About 100 other huts are being moved to a new site for housing use.

The wedding date is not to be announced until after the Privy Council meeting and the last information is that it has not yet been set.

October still is considered the most likely month because it is the last month this year which offers much prospect of good weather. However, it is a question whether all the arrangements can be completed in time.

Some London newspapers speculated that a date in November would be chosen, while others guessed that the wedding would be postponed until spring.

## Misses Meisch, Batten Honor Miss McCall

In a series of pre-nuptial parties Miss Sylvia Meisch and Miss Camille Batten entertained recently at the Meisch home on West First Street in honor of Miss Connie McCall, whose marriage to James Alford will be an event of the near future. Pastel flowers were used in decorating the rooms and refreshments were served buffet style from the dining table.

A Madeira cloth covered the table which was centered with a beautiful arrangement of pink radiance roses interspersed with tiny white flowers and greenery in a silver bowl. Burning tapers in silver candleabra flanked the centerpiece. At one end of the table punch was served from a crystal punch bowl and the pastel color scheme was carried out in mints and individual cakes. Crystal and silver table appointments were used.

Miss McCall was presented with a set of Fostoria coasters by the hostesses. Those invited to be with the honor guest, Miss McCall were the Misses Martha Perkins, Nancy Colman, Genevieve Moore, Jackie Brochie, Jane Thiessen, Kathryn Wiggins, Elizabeth Fite, Mary Ann Wheelchel, Betty Corrold, Mildred Robson, Daphne Connelly, Betty Jo Brock, Dorothy Crumley, Martha Wright and Audrey Bach. Also present were Mrs. Harrison, Mrs. John Hughes, Mrs. Genevieve Moore, Mrs. T. E. Tucker, Mrs. Meisch, Mrs. Batten and Miss Lee.

## Rural Common Sense

Florida farmers should not wait for deflation to strike, but should prepare for it now, says A. H. Spurlock, farm management economist with the State Agricultural Experiment Station. If it comes they are braced, and if it doesn't come they haven't lost anything.

Among the steps he recommends as being highly desirable now are the following: Pay existing debts, while farm products prices are good. Incur no new debts very cautiously — low prices could make them quite difficult to repay.

If you are planning to retire, this is a good time to sell the farm. On the other hand, prospective farmers and tenants should not be in any rush to buy.

Plan now for lower prices for produce, and adjust the business as best you can to meet them. Maintain production where possible, because a combination of lower prices and reduced production would materially reduce income. Strive for higher yields by using only the better lands.

Grow highest profit crops and use fertilizer liberally as long as price is favorable. This is not a good time to make a shift in type of farming.

Exercise care in employing hired labor and increase the efficiency of labor by every possible means. Good equipment, convenient arrangement of work and labor-saving devices help increase efficiency. Do not expand the business if this means using all hired labor.

Cull livestock and poultry vigorously; while meat prices are good. Keep high producers and cull well for them. Expanding livestock enterprises or entering the production business at present price is likely to be risky.

Use care in purchasing farm equipment at present prices, especially if you are not paying cash. Repair old machinery and make it last as long as possible. Grow a garden all the time, but especially intimates of low prices.

Small farmers may wish to do more of their own marketing to obtain a larger share of the retail price.

# Great 1947 SERVEL GAS REFRIGERATOR

**It's here—the famous silent Servel Gas Refrigerator** with no moving parts in its freezing system! New and finer for 1947, it brings you every modern refrigeration convenience. A big Frozen Food Locker, plus moist cold and dry cold for fresh meats, fruits and vegetables, plus the basically different operating system that more than 2,000,000 happy owners know stays silent, lasts longer. Come see the new Servels now on display.

# Locals To Meet Leesburg Here In Twin Bill Tomorrow

## Contest Between A's & Feds Postponed Last Night; Locals In Leesburg Tonite

By Arthur Beckwith, Jr., Herald Sports Editor

A steady rain that lasted approximately an hour at game time last night washed away the hopes of playing the contest between the Sanford Celery Feds and the Palatka Azaleas, an all-important contest to the Feds.

If the game could have been played, and Sanford won, the locals would have stretched the gap between the sixth place A's and their fifth place berth by another whole game. The Palatka aggregation is but two games behind the Feds in the Florida State League standings.

Tonight the Feds will motor to Leesburg for a tilt with the Leesburg Pirates, and it is likely that Carl Kettles will draw the hillcock assignment from Manager John Krider.

Tomorrow night the Feds entertain the Bucs at the Municipal Park in a twin attraction that is scheduled to get underway at 6:45 o'clock with Johnny Tamme and Jack McCammon, the newly acquired Fed chucker, handling the mound chores.

It is likely that McCammon will hurl the opening tilt, and Tomat the nightcap.

Elsewhere in the Florida State League, there were two rained-out tilts. The St. Augustine Saints were scheduled to meet the DeLand Red Hats in DeLand, but Jupiter Pluvius opened the valves and no game was played, forcing the postponement of the appearance of Big Chuck Aleno in Red Hat uniform.

The Leesburg-Deltona Beach fracas in Daytona Beach was also postponed because of rain.

The only contest played was the one between the Gainesville G-Men and the Orlando Senators in Gainesville. The Senators topped the G's with a 6 to 0 thumping behind the five hit hurling of Tommy Hyde, who turned in his 16th victory of the 1947 campaign.

Line score: Orlando 200 100 030 -6  
-21  
Gainesville 000 000 000 0 -5 -2  
Hyde and Abrue; O'Callaghan and Dulaney, Lephart.

## Today's Standings

Team	W	L	Pct	GB
Gainesville	64	29	.623	
St. Augustine	61	30	.554	3
Orlando	54	44	.454	10
DeLand	54	45	.445	11

## AZALEA HURLER TOPS FSL WITH FINE PITCHING

SILVER SPRINGS, Fla., July 30. (Special)—Joe Cleary, veteran ace of the Palatka pitching staff, had the best earned run average of the season through a 12 game straight win streak. It is revealed in official averages released at league headquarters today.

At that time Cleary, after appearing in 18 games and hurling 145.2 innings had allowed only 1.54 earned runs per game, one of the lowest figures in league history-at this stage of the season.

The sturdy red-head had given up 53 runs, 60 only 25 of them were earned. He had won 12 and lost six games, had given up 123 hits, walked 62 men, and struck out 131. Cleary had started and finished 14 games, had been removed but twice after starting, and had appeared twice as a reliever.

Close on his heels was Gainesville manager Myril Hoag with a 1.70 average, Nick Buonanno of St. Augustine with a 1.86, Alston McGahagin of Palatka with a 1.90 and Johnny Tomat of Sanford with a 2.20.

Hoag, the league's leading pitcher and batter, had allowed but 24 runs, 25 of the earned, after appearing in 131.2 innings through 22 games. He had won 14 and lost three games, including a 12 game straight win streak. As evidence of his control, he had walked but 35 men. Buonanno had walked 20 men in 131 innings to Tom Hoag in this department.

DeLand's Juan Perez had appeared in the most games - 37, had naturally hurled the most innings - 209.2, and was leading the hurlers in walks with 121 and strikeouts with 201. He had won 13 and lost 11, and had started and finished 20 of the 37 tilts.

Gainesville's sensational Mason Leeper, the unpredictable left-hander, held two league records, both set this year. He first walked 18 men in nine innings to break all existing league records, and followed that showing by walking 19 men two weeks later. He also broke an old record of 17 strikeouts by fanning 20 men on May 30 against Orlando.

Orlando's Stan Zedalis had been reached for the most runs - 108 in 159.2 innings. Daytona's Elwyn Stablefield had given up the most hits, 204 in 157.1 innings, while Orlando's Joe Jones had hit the most men - eleven.

Jones broke all league records when he shut-out Palatka for Orlando by 20 to 0 on May 20 at home. It was the worst white-wash in loop history.

Longest game in league history, and considered an organized baseball record for scoreless innings, hurled by the same pitchers, was Sanford's 1 to 0 victory over DeLand Saturday July 19 after 19 innings of spectacular baseball.

Sanford hurler Buddy Lake homered over the right-field wall in the first of the 19th to gain the win over DeLand's able Yigi Alonso.

Two no-hitters had gone into loop records. The first was Juan Perez's seven inning 4 to 0 win over Daytona at home May 4, while the second saw Len Gogodachela and Alston McGahagin team up to stop Leesburg 7 to 1 at home July 9 in nine innings.

## Favorites Advance In Mid-Season Tourney

MEMPHIS, Tenn., July 30. (AP)—Favorites moved into the semifinals mid-South Tennis Championships and play continues in every class except the boys' singles and doubles.

The no. 1 seeded netter, Knoxville's Jack Rodgers defeated John Hooker, Nashville, 6-4, 6-1, in a major match yesterday.

George Dunklin, Pine Bluff, Ark., stopped Frank Owen, Atlanta, 6-1, 6-2, and Harcourt Waters, New Orleans, beat both Jim Fly, Jackson, Tenn., and another New Orleans entrant, Pete Pizzo, by the same shutout, 6-0, 6-0 scores.

Miami's Marta Barnett sees her first action today against Harriet Allen, of Memphis in the women's singles.

## SCOTT'S SCRAP BOOK

By R. J. SCOTT

THE GIANT GROUND SLOTH (MEGATHERIUM) WHICH LIVED IN SOUTH AMERICA WAS DOMESTICATED BY PREHISTORIC MAN AND WAS ONE OF THE LAST OF THE PREHISTORIC MONSTERS TO VANISH FROM THE EARTH.

Match Play Showdown Opens In National-Jaycee Golf Tourney

PEORIA, Ill., July 30. (AP)—The National Junior Chamber of Commerce Golf Tournament today moved into a match play showdown with two 18-hole rounds scheduled to trim a field of 64 qualifiers to 16 title contenders.

In the spotlight were co-medalists Bob Peters of Kansas City, Kan., a last-minute arrival with a set of ancient clubs, and Wesley Brown, a three-sport prep star from Chattanooga, Tenn., who stroked two-under-par in yesterday's 36-hole qualifying test.

Peters today tested his patched-up clubs against 14-year-old Rufus Hughes of Paducah, Ky., who qualified with 155.

Brown's first round opponent was Dick Pogue of Watertown, Minn., who shot 154 yesterday.

Walker Inman, Augusta, Ga., who yesterday tapped a neat 146, hooked up with Ray (Spike) Roeder of Klamath Falls, Ore., last year's runner-up, who qualified with 157.

Other favorites included Billy Key of Columbus, Ga., and Billy Leitch of Lakeland, Fla., who each posted 147's yesterday and were to face opponents who qualified 10 strokes back at 157.

## U. S. Movie Cheered In Czechoslovakia

PRAGUE. (AP)—The Czech youth movement daily Mlada Fronta has proposed editorially that the American film, "Mr. Smith Goes to Washington," be shown in the Czech parliament for all members of the legislature.

The picture, with its Senate filibuster and its speeches on freedom, democracy and independence, has been cheered at daily showings since its recent opening here and acclaimed by newspaper drama critics as the best film shown in Czechoslovakia since the war.

Some Cincinnati fans trace Eddie Miller's sparkling work at the plate this season to a change in numbers: He wore no 13 last year, switched to 14 this season.

## SCOTT'S SCRAP BOOK

By R. J. SCOTT

WHAT INSECT SPECIES PRODUCES FAMILIES ALL OF SAME SEX? THE GENUS SCIARA.

## Dark Horse Harry Walker Continues To Pace National Hitters

NEW YORK, July 30. (AP)—Harry Walker, the dark horse for the National League batting championship, continued to pace his circuit's batters today with a mark of .348. He was joined by Lou Boudreau of the Cleveland Indians, who regained his American League batting lead with a mark of .341.

Walker, the Philadelphia Phillies flycatcher, made 10 hits in 27 times at bat during the past week through games of Sunday but lost seven points of his lead to runner-up Frank Gustine of Pittsburgh. Gustine, in the midst of a 29-game hitting streak, jumped his mark to .323.

Both Boudreau and DiMaggio of a playing manager of a second division club came through with his one hundredth hit Sunday to climb four points during the week and wrest the lead from Joe DiMaggio of the New York Yankees, who fell to .318.

Both Boudreau and DiMaggio had a new rival for batting honors in Boston's Ted Williams, who climbed to .330 after a slow start.

Only six points behind Gustine in the National League is Walker Cooper, catcher of the New York Giants with .323.

## MARSH MAULING SCHEDULES TO BE CUT THIS YEAR

WASHINGTON, July 30. (AP)—The Fish and Wildlife Service indicated today that duck-hunters will encounter the most drastic shooting rules in a decade this fall, regulations reminiscent of the duck-depression mid-thirties.

The agency is keeping its autumn marsh-mauling schedules secret until President Truman and Secretary of the Interior Krug approve them, but those acquainted with the waterfowl situation predict that the season will be cut to 35 days. It was 45 days last fall, and 80 days in 1945.

## Lesnevich-Mauriello Clash Tonight For Runyon Cancer Fund

By MURRAY ROSE

BROOKLYN, July 30. (AP)—Gus Lesnevich, the light-heavyweight champion who seems to improve with age, and Tami Mauriello, the cut down beer barrel from the Bronx, clash tonight in a non-title ten-rounder at Ebbets Field with charity a certain winner and with the victor facing a possible quickie with Joe Louis later on in the year.

About 25,000 fans are expected to pass the turnstiles and a gate of around \$125,000 is predicted. About \$30,000 will go to the Damon Runyon Memorial Cancer Fund while the two battlers will cut up 60 percent between them.

Mauriello, having trimmed himself down to 197 pounds has been installed a five-to-seven favorite against the stolid, former carpenter's mate from Cliffside Park, N. J.

The Bronx barkeep needs a decisive victory tonight if he still harbors any hopes of meeting Louis again. Mauriello was stopped by cuts against one Johnny Sikor in Boston and didn't look too hot against Jimmy Carollo in his last match.

In two previous tilts with Lesnevich back in 1941, both for the 175-pound diadem, Tami lost on points both times.

Gus, who will tip the scales at about 180 even, stopped Billy Fox's long knockout streak by flattening the young Philadelphiaian, and blacked out Melio Bettina in less than a minute in his last two outings.

New Zealand has the biggest dairy factory in the world.

## HAMBONE'S MEDITATIONS

By Alley

I'D BACK UP OLE TOM SOME EFN I DIDN' KNOW DE OLE OMAN'D BACK ME DOWN!

During the 1946 season the New York Yankees admitted free to their games more than 100,000 youngsters. This season, on 20 playing dates, the Yankees will play host to more than 300,000 juveniles.

## Newspapers In Berlin Dominated By Reds

AP Newsfeatures

BERLIN—In the non-stop political tug-of-war between East and West in Berlin the Western Allies are badly outpointed by the Russians in the daily newspaper field. The Russians control nine dailies against a combined total of six for the other three occupying powers.

The Russian-controlled papers have a total press run of 3,120,000 copies daily against a combined total for the American, British and French papers of 1,250,000.

And during the first half of 1947, while the two American-licensed papers here had to take a fifty percent reduction in newsprint, the Russian-controlled papers gained more than 110,000 in total daily circulation. Against this gain the six papers controlled by the Western Powers could show a circulation gain of only fifteen thousand, as a 25,000 gain by the British-licensed Telegraph more than made up for a cut imposed on the French-licensed Kurier.

Editors of the western-controlled papers say it's all a matter of newsprint. Given the paper, they say, they could send their circulations and advertising volume "through the ceiling." In this case, Russians are at a decided advantage, because their zone of Germany surrounds Berlin and is richest of all the zone in paper resources.

SHOES FOR PLAY

BALL BRAND TENNIS SHOES with Non-marking soles.

BOYS, sizes 4 to 6 \$2.50

MEN'S sizes 6 1/2 to 12 \$2.85

BAREFOOT freedom with Scientific protection. \$4.95
