THE REALIZATION OF A DREAM COME TRUE.

We desire to express our keen appreciation to the architect, general contractor, sub-contractors, mechanics, material men, and all who have contributed in any way to the successful completion, on time, of this splendid new enterprise.

Also to Mayor Forrest Lake, City Manager Williams, Frank Forster, President of First National Bank, Hutton Construction Co., Edward Higgins, President of Chamber of Commerce, H. T. Bodwell, all city officials, as well as every man, woman and child in Sanford, we owe a debt of gratitude for their unstinted support, both physical and moral and without which Hotel Forrest Lake could not have been a reality.

News Summary

LOCAL

Forrest Lake is elected mayor of Sanford to commence twenty-fourth year of service as city's chief executive.

Local office of Southern Bell Telephone Company reports tremendous increase of business during past year.

Judge J. G. Sharon opens court with 62 cases on docket.

H. F. Housholder, commissioner-elect, is officially sworn to fill vacancy caused by expiration of Dr. C. J. Marshall's term of office.

Per capita cost of city government shows decrease over last year's figures.

Detroit financier says Sanford needs more homes.

Hundreds attend public reception at new Hotel Forrest Lake last night.

County licenses increase in number over 1924 instances.

DOMESTIC

Clarence Saunders is required by courts to pay Piggy-Wiggy Corporation \$150,000 within the next two years.

With the addition of these new stations, the company now has an operating within the city limits, 1,611 telephones, he said.

The company employs 17 operators to secure additional outside calls and there will be a matter of only a few weeks, according to Mr. Overlin.

At the height of the winter season, when calls were not being handled by the office, in 1924 the number of calls did not exceed 3,000 per month.

That the company is expecting great growth in Sanford is evident from the fact that they have authorized the expenditure of approximately \$57,000 in equipment for the office and the expansion of our services," Mr. Overlin said.

It is known that the switchboard facilities are to be doubled immediately and that an effort is to be made to secure additional outside calls for installation and service work.

Mr. Overlin said this morning that the rail embargo had seriously handicapped the company in its local operations and that people all over the city were calling for service phones which should have been installed long ago.

He announced that every thing within his power was being done to accommodate the public in the matter of procuring additional equipment and the installation of new phones.

Winter Park Host To Florida Naval Reserve Officers Convention

WINTER PARK, Jan. 5.—(AP)—The annual meeting of the Florida Association of the U. S. Naval Reserve Officers will be held here tonight with delegates from all over the state in attendance. The meeting will be called to order by Commander T. R. Hodges, president of the association and state shell fish commissioner, at 8 o'clock at the radio station at Rollins College.

During the meeting, at which affairs pertaining to the naval reserve will be discussed, the convention will be in radio communication with the office of the navy at radio station at Key West.

Following the election of officers and the session of delegates to the national convention, the convention will adjourn.

SCORES VISIT SANFORD'S NEW HOTEL MONDAY

Hulck Brothers Recipients Of Scores Of Congratulatory Messages From Hotel Owners All Over Country

Public Reception Is Given By Operators

Hotel Orchestra Furnishes Music For Dancing Which Was Enjoyed In Evening

Scores of congratulatory telegrams from various hotel owners and patrons in many sections of the United States and Canada were received by Howard and Bloomfield Hulck yesterday and this morning following the opening of the new Hotel Forrest Lake, Sanford's half-million-dollar "best hotel on the lake shore."

At the public reception held last night, the lobby corridors and rooms of the building were thronged with admiring Sanford citizens and many visitors from Orlando, Daytona and other nearby points who came to inspect and "praise what is said to be one of the most thoroughly modern and elaborately appointed hotels in this section of the state."

Masses of flowers presented by many citizens were placed in profusion about the lobby and were mixed with tropical shrubs and pot-plant palms, creating beautiful displays with rich tints of reds and oranges.

While the older heads formed an interested gallery of spectators, many of Sanford's younger set enjoyed dancing to a late hour in the large ball room on the lake side of the building, music being furnished by the Forest Lake Trio, augmented by several local musicians.

The Forrest Lake Trio is composed of Mr. and Mrs. John Gray, and Miss Elizabeth Hildreth, who specialize on dance and concert music of the classical, operatic and popular classes.

Mr. and Mrs. Gray were formerly concert musicians at the Fort Sumner Hotel in Charleston, S. C., one of the South's leading resort centers. They will remain at the Hotel Forrest Lake for the remainder of the season according to an announcement made today by the Hulck brothers.

More than 850 names were registered on the book of visitors at the Forrest Lake last night, and it is thought that less than a fourth of the attendance complied with the request of the management in this connection.

The list of registered names includes many distinguished persons from practically every section of the United States, and in commenting this morning on the multitude of "communities represented," Howard Hulck declared that few realized what a cosmopolitan citizenship Sanford boasted until a perusal of his guest book brought out the fact that practical-ly every state in the Union, and some parts of Canada had helped to swell this city's list of permanent residents.

County Licenses Of 1925 Show Big Gain Over 1924 Figures

According to figures compiled by County Collector John D. Jenkins, the number of business and occupational licenses issued during the first three months of the fiscal year, October, November and December show a gain of 30 per cent over the number issued during the same months of 1924.

Nine hundred and eighty licenses have been issued during the three months previous to Jan. 1 of this year, and in 1924 the same period showed a total of 627.

The amount collected in state licenses for the same period this year is \$5,080.64 and for county licenses \$3,028.42.

During the months of October, November and December of 1924 the state license sale aggregated \$4,205.54 and the county permits totaled \$2,312.72.

A gain of \$1,407 in revenue was made, according to the records.

Re-Elected Chief Executive Of Sanford

Mayor Forrest Lake today started his twelfth term as mayor of Sanford, having been re-elected at a special session of the City Commission this morning after E. F. Housholder had been sworn in as the successor of Dr. C. J. Marshall.

E. F. HOUSHOLDER COUNTY COURT IS TAKES SEAT ON OPENED WITH 52 CITY COMMISSION CASES FOR TRIAL

Successful Candidate In The General Election Of Dec. 8' Is Officially Installed To Succeed Dr. Marshall

Before a crowded courtroom with a docket of 34 criminal cases and 18 civil cases, Judge J. G. Sharon this morning opened the regular January term of the Seminole County Court.

The entire morning was occupied with the calling of the cases, setting the dates for their trial and entering the pleas of the various defendants.

E. F. Housholder, prosecuting attorney, and members of his staff were kept busy reading the indictments in the criminal cases and the deputies from the office of Sheriff Hand were engaged in rounding up witnesses, and defendants who had been released on bond following their arrests.

Judge Sharon expects to continue court throughout the week and it is believed that all the cases on the docket will be disposed of by that time.

During the morning, when the judge called the name of Pasco Duncan, charged with drunkenness, (Continued on Page 3.)

Diversified Requests For Sanford Data Received By Commerce Body

Typical of the numerous letters that arrive daily at the local Chamber of Commerce requesting diversified and comprehensive information concerning the "City Substantial" is the following clipping from a communication contained in this morning's mail to H. W. Pearman, Jr., secretary.

"For a personal reason, one that seems to make it advisable that I escape the rigors of our northern winters, I am considering locating in your state. Will you object to my asking you a few questions regarding your section of the state?"

"My business will be plumbing and heating, by the day or contract. I also expect to push the sale of the new type, small cottage heater as put out by the American Radiator Co."

"I have asked the Florida representative of the American Radiator Co. to select a locality in which he thinks it best for me to locate, and he has selected Sanford. A single residence in that

ROBERT SCOTT IS DISCOVERED IN CALIFORNIA

Brother Whom Russell Scott Accused Of Killing Drug Clerk, Was Serving Term In San Quentin Penitentiary

Will Be Returned To Chicago To Face Trial

Robert, Who Was Saved From Gallows By Governor, To Stay In Asylum For Life

CHICAGO, Jan. 5.—(AP)—An invalid father last summer made frantic appeals by radio, through newspapers and friends for Robert Scott to come home and save his brother, Russell, doomed to die for a murder he said Robert committed.

The pleas went unheeded and Russell, once rated as a millionaire in Canada, was snatched from the gallows by a last minute insanity verdict.

Robert Scott could not have answered the appeal, even if he had heard it. Hiding under the assumed name of John Redding, he was confined in the California State Penitentiary at San Quentin, Cal., prison for robbery of a haberdashery in July, 1924. Now he will be brought back here to face trial on a murder indictment with prosecutors determined to fight for his death.

Photographs in Chicago police bulletin broadcast in the nation-wide search for Robert, led to the identification which officers regarded as positive, in California. He showed considerable emotion when addressed as Scott and said he was waiting in Chicago for the killing, but he refused to talk. A Christmas message for Scott, which was to be his when he had a job to do, has been indefinitely postponed.

After Joseph Maurer, a drug clerk, was killed in a drug store, opposite the city hall, precipitated one of the bitterest legal fights in Illinois.

Russell Scott pleaded guilty and then withdrew the plea when it was indicated that the death penalty would follow. A jury trial resulted in a verdict of insanity.

Five Injured, Three Seriously, When Bus Turns Over In Ditch

BRADENTON, Fla., Jan. 5.—(AP)—Five persons were injured, three of them seriously, when a bus turned over near here today shortly after noon. The bus was crowded off the road by a touring car and turned turtle into a ditch. The bus was coming from Tampa with a load of passengers.

S. F. Cannon, Mrs. J. W. Spies, and Mrs. J. B. Haggood were seriously injured while W. H. Speere and Mrs. I. D. Royall were badly bruised and shaken up.

All of the passengers were on the bus that left Tampa for a tour of this section and were presumably non-residents. Their addresses were not available.

FORMER WIFE OF H. K. THAW TRIES TO KILL HERSELF

Evelyn Nesbit Takes Six Ounces Of Poison After New Year's Party During Engagement In Chicago

CHICAGO, Jan. 5.—(AP)—Evelyn Nesbit, Thaw's attempted suicide today by drinking six ounces of a powerful disinfectant and this afternoon her condition became serious. Her physicians were forced to administer heat stimulants but they held out some hope for her recovery.

The suicide attempt by the former wife of Harry K. Thaw ended a "protracted New Year's party" during which she received a broken engagement. Her husband, who had been engaged to her for 12 years, had married another woman.

Physicians said she had taken the most effective antidote for the poison she drank.

The prompt action of her 12-year-old son, Russell Thaw, in administering an antidote of milk and rushing his mother to the hospital gave the physicians a chance to fight the poison.

The occupant of the apartment beneath that of Evelyn told police there had been a party in her quarters from 11 o'clock Monday night until early this morning.

The voice of two men could be heard. Another neighbor said she heard a scream early this morning.

Numerous telegrams were received about, mostly relating to Florida engagements at Miami and Miami Beach. None had been found of a character that might throw any light on the motive for the suicide.

Evelyn Nesbit's marriage at 16 to Harry Thaw, the murder of Stanford White, famous architect of New York City by Thaw, and the trial of Thaw at which Evelyn took the witness stand, and told the "inside" story of her young girlhood, made up the most widely published sensation in many years.

The child wife testified that White had taken advantage of her after she had been given intoxicating liquor.

Evelyn came to Chicago for a six weeks' cabaret engagement, which she has just completed. She is said to have had more offers for engagements than she could have fulfilled. She was understood to have been drilled for appearance in Atlantic City immediately after her Florida escape.

NEW YORK, Jan. 5.—(AP)—The attempt at suicide by Evelyn Nesbit, Thaw's former wife, was the second time she tried to end her life by drinking poison. The first time was in October, 1921, when a teamster she had married in this city failed and she faced eviction for failure to pay the rent.

In February, 1922, the body of a woman found in the Potomac River was said to resemble her but at the time she was located in her apartment in this city. When told of the resemblance she was quoted as saying:

"If I decide to commit suicide you can bet I will be spectacular."

Trial Of Register Is Postponed Week

ORLANDO, Jan. 5.—(AP)—The trial of Haywood P. Register, of Jasper and Sanford, for the alleged murder of "Pauch" Peoples, negro taxi driver of Orlando, last July, was postponed until Thursday next when called before Judge Frank Smith in the seventeenth judicial circuit court here, this morning.

The postponement was made at the request of counsel for the defense, who stated that he had been physically unable to completely prepare his case.

When the motion of the prosecutor for a continuance was refused, the judge ordered the trial to be held on Thursday next.

A Raffald, local business man, was elected president of the organization of Ohaw Shalom at a special meeting of the organization held on Sunday for the purpose of naming a chief executive to control the policies of the religious society during the year 1926.

Mr. Raffald will direct the construction of a \$50,000 synagogue to be built at Orlando immediately, it is said, and will probably be appointed acting rabbi for the organization upon its completion, according to officials of the organization. Mr. Raffald has also been appointed as rabbi, and said to be thoroughly conversant with the Hebrew language.

Pastor Declares He Is Ready Make Good Money Lost In Deals

ATLANTA, Ga., Jan. 5.—(AP)—Rev. O. H. Greenwell, formerly pastor of a local congregation, is under bond today awaiting further developments of an indictment charging larceny after trust.

He was arrested Sunday in Orlando, Fla., after completing the morning sermon to his congregation, by a special representative of the solicitor general's office. The representative of the solicitor general's office, Bert Donaldson, was in Orlando searching for Manly Gray, charged with murdering J. L. Armistead, an aged negro watchman of the Patterson Lumber Company.

After visiting the Orlando jail to examine the prisoners there, Donaldson attended church and recognized Rev. Greenwell.

The pastor denies he is guilty of any crime, and said he has given him money to secure loans and that he authorized another man to make the payments—but that he had failed to do so, he said.

He expressed himself as ready to make good any sum his friends might have lost through the transaction.

Stage Hand Possesses A Notable Collection Of Old Theatrical And Opera Bills

CHICAGO, Jan. 5. — (AP)—For two years an English plasterer carried around in his pocket an old, leather-bound book which he has now shown to the librarian of the British Museum and learned the volume was a rare "abridgement" Bible, engraved in phonetics in 1888.

Today the plasterer, still following that trade, is a bibliophile known the world over and possessor of a great collection of theatrical and operatic playbills. He knows books, and the stage.

The playbills are part of an intimate history of the legitimate stage which dates back as far as the early part of the seventeenth century, but is most complete and valuable in its record of American drama and opera. In his modest Chicago home, Thomas Conolly has the bills which advertised the first plays and players in the United States—De Witt's "The Squire" and the plays, press clippings, portraits of the more prominent of the actor folk, their signatures and bits of personal writings.

Here are glimpses of Edwin Booth, Edwin Forrest, Mrs. Lotta Crabtree, Joe Jefferson, the Souths, and their contemporaries which are not revealed in the chronicles of the stage. There are yellowing reminders of old Madison Square Garden and the Niblo Gardens in New York; McVicker's Hooley's and the old Haymarket theaters, in Chicago, and dozens of playhouses that are now history.

Conolly, already interested in the history of drama through his collection of rare books, came to Chicago to help decorate the new Auditorium in 1889, and has been with the program for its opening night, when the Italian Opera Company, with Mme. Patti, sang "Romeo and Juliet" on Dec. 10, 1889.

Many of the famous characters of the stage are his personal friends. For them he seeks old programs of their first nights and each Christmas sends them little mementos of the profession and players who have long since answered their last curtain call. Of late years he has kept an autograph book, now bearing the signatures of Robert Mantell, E. H. and Julia Mariowe Sothorn, Eddie Foy, Lilly Langtry, Enrico Caruso, Padereaux, Ellen Terry, Squire Bancroft, Sarah Bernhardt, David Belasco and scores of others.

The collection of playbills, librettos and programs was gathered from all over the world. In the file with programs at Madison Square Garden are bills from Brighton and Covent Gardens and Drury Lane, in London, that date

back as far as 1794. There is a first edition of Phineas Fletcher's "Sicelides, a Placatory," a drama in verse printed in 1831.

Those early editions, early copies of theatrical journals and the bills are worth more, in cold cash, with each passing year, yet Tom Conolly, picking over dusty bargain shelves in out-of-the-way book-stores here and abroad, bought them with the pocket change of a plasterer.

Included in the collection are many specimens from limited editions of old books; the original signature book of London's famous Lamb's Club; two copies of the "Breeches Bible," a copy of the "She Bible" and one of the "Murderer's Bible," of 1795; an old Russian Bible and one in Italian, the records of the Athenian Society in London, in 1890; dozens of perfect copies of the suppressed political and social satires of Great Britain and a rare copy of Charles Dickens' "Sunday Under Three Heads."

His stamp collection includes, with rare foreign stamps, the postage of the Colonial villages before there was a national mail service and the ponyexpress stamps of later days, many on letters addressed to Abraham Lincoln and with notations in his hand.

Eventually, the treasures will be the records of the Athenian Society probably go to historical societies.

American Tennis Star Hopes Susanne Will Be Able To Play Shortly

NEW YORK, Jan. 5.—(AP)—Helen Wills, who leaves for Europe tomorrow, hopes that Susanne Lengien will recover quickly from the illness which has caused postponement of a tennis tournament at Cannes.

The Californian goes abroad primarily to study art but will indulge in tennis "intensively and extensively," she said.

While the Degrass is on the way to Havre, Miss Wills plans to practice at least two hours daily. She says she always retained her form in and out of season by constant play.

MISS GEORGIA MOBLEY ATTENDANT IN JACKSONVILLE WEDDING

The following clipping from the Jacksonville Times Union, will be of great interest to the many friends of the bride, who has been frequent visitor here as the guest of her cousin, Miss Georgia Mobley.

A beautiful event of Wednesday was the marriage of Miss Eloise Roberts, daughter of Dr. and Mrs. T. A. Roberts, to Clarence Garrett Ashby, son of the Rev. and Mrs. C. A. Ashby, which was solemnized at 5:30 o'clock in the Church of the Good Shepherd in Riverside.

The church was tastefully and artistically decorated in green and white, the color motif being carried out with palms, ferns and quantities of white chrysanthemums.

From the altar, lilacs of the valley were showered. Tall several branched candelabra held lighted tapers, candles also being used on the altar. Palms and ferns formed an effective background.

Mr. Nelson R. Brett presided at the organ, rendering a program of wedding music while the guests were assembling. Mrs. R. L. Coker sang, "O Perfect Love," and the vested choir of the church sang "The Bridal Chorus" from Lohengrin, as a professional quartet.

The bride was given in marriage by her father, and was attended by her cousin Miss Dorothy Sears, of Jersey City, N. J., as maid of honor, and Mrs. Robert Holder, of Jacksonville, as bridesmaid. The bridesmaids were Miss Eleanor Houston, of New York City; Miss Georgia Mobley, of Sanford; a cousin, Miss Agnes Towers; Miss Annalee Avery; Miss Margaret Fugate, of Roanoke, Va.; Miss Edith Pullen; Miss Roberta Burbridge; Miss Susanna Heath, of Atlanta; Miss Mabel Hawkins and Miss Mary Ranford.

Mr. Henry P. Chenaweth, Jr., was best man; the ushers including Mr. Robert Holder, Mr. Graham Magee, Mr. Hamilton Davis, Mr. Rainsford Cotton, of Philadelphia; Mr. Fred Morris, of West Palm Beach; Mr. Elmer S. Hunter; Mr. Halcott Greene Haywood, Mr. Charles A. Ashby, Jr., brother of the bridegroom, and the bride's brothers, Mr. T. E. Roberts, Jr., and Mr. James Reagan Roberts.

The bride was lovely in her wedding gown of imported satin black crepe, exquisitely beaded. The gown was fashioned on trains, the train, which hung gracefully to the shoulders, also being beaded. She wore a bridal veil of tulle, with cap of tulle and lace, with raff at the back, and carried a shower bouquet of lilacs of the valley.

The bridesmaids wore dainty frocks in pastel shades, shades of pink and orchid, predominating. They carried beautiful bouquets.

The bride is a charming member of the younger set, received her education at Concordia and later at Washington, D. C., and is a member of the Jacksonville Junior League. She has a wide circle of friends, whose good wishes will follow her in her future life.

Mr. Ashby came to Jacksonville several years ago and has made many friends, who will extend congratulations.

The wedding was one of the notable events of the month, much cordial interest centering in the marriage of these popular young people.

INFORMAL RECEPTION AT SANFORD'S NEW TOURIST HOTEL IS ATTENDED BY HUNDREDS OF LOCAL PEOPLE

The New Hotel Forrest Lake, so picturequely located on Lake Monroe, and which was opened to the public on Monday afternoon and evening, was visited by scores of people, not only from Sanford and the neighboring cities, but also from the state at large.

Masses of exquisite flowers were used in charming profusion in the large lobby, parlors, ball room and dining rooms. These, together with numerous baskets and large floral designs sent by well-wishing citizens and civic organizations, formed a beautiful floral setting. The handsome rich colored draperies and furnishings helped to complete this veritable Fairyland.

Soft strains of music played by the Hotel Forrest Lake Trio, resounded throughout the building during the entire afternoon, and after dinner, these talented musicians furnished the music for the merry dancers.

For much credit can not be given to the owners Howard Hulick, for their untiring efforts to give Sanford one of the best appointed and managed hotels in the South.

Among those registering during the visiting hours were: Mrs. Grady Galburt, Sanford; Mrs. Lucile Simmons, Sanford; Mrs. George Mortons, Columbia, S. C.; Y. B. Simmons, Harry Sweeney, Jr., Orlando; E. Pipe Organ Club Has First Meet Of Year Monday Afternoon

The first meeting of the Pipe Organ Club of the Baptist Church for the new year, was held Monday afternoon at the home of Mrs. B. G. Methvin on West First Street with Mrs. Methvin and Mrs. Marshall as hostesses.

Quantities of fragrant narcissus combined with ferns were used in decorating the large living room and reception hall.

Mrs. A. M. Phillips, chairman, presided and the regular routine business was transacted during which Miss Martha Fox, bank clerk, read her final report on the Christmas Bazaar. It was suggested by Mrs. J. F. Hawkins to give a series of progressive teas, and this plan was adopted. The meeting will be held on Saturday of this week. The next meeting of the club will be held Monday afternoon at the home of Mrs. J. L. Miller with Mrs. Miller and Mrs. J. H. Coleough as hostesses.

At the conclusion of business, a

St. Agnes Guild Holds Interesting Meeting With Mrs. P. M. King

A most interesting meeting of the St. Agnes Guild of Holy Cross Church was held on Monday afternoon at the home of Mrs. P. M. King on Third Street.

Many matters of importance were brought up before the guild, and reports from the various standing committees and officers were read. The treasurer reported that a neat sum of money had been raised during the month of December toward the pipe organ fund. Plans were also made for the annual tea, which will be held on Monday afternoon at the home of Mrs. Raymond Phillips with Mrs. Phillips, Mrs. Benjamin Whitner Jr., and Mrs. J. N. Robson as hostesses.

After all business had been transacted, a social hour was enjoyed, at which time the hostesses served tempting refreshments. Believes Old Shakespearian Roles To Endure Forever On Modern Stage

NEW YORK, Jan. 5.—(AP)—Modern versions of Shakespearian plays may come and go, but Walter Hampden and Ebel Barrymore are not troubled. They believe the old Shakespeare will live forever.

Broadway now has the two stars in "The Merchant of Venice," at the "Hamlet" had run two weeks longer this season than originally planned, undisturbed by the opposition of a "Hamlet" in tuxedo, "Faming of the Shrew," or "Much Ado About Nothing," will follow the present production.

Their presentation are being given in true Elizabethan fashion and the audience is brought close to the players through absence of footlights and the substitution of a wide, carpeted stairway leading down from the stage to the seats.

"Shakespeare's plays," said Miss Barrymore, assuming the role of Portia in real life, "have braved many vicissitudes in three hundred years and they easily will survive this ephemeral phase."

The so-called modern "Hamlet" is only a manifestation of the new general craze for novelty and sensationalism, Mr. Hampden remarked. "It has no basis in truth and, therefore, can not endure."

For Hamlet to be dressed in a dinner coat, to smoke cigars, carry a pistol and act and speak as he would in modern melodrama, when the action of the play, the characterization and language are of the middle ages, is an anachronism that will fall of its own weight when the newness wears off.

As for the modern "Hamlet," it opened on Broadway, where it failed badly financially and announced an early closing. A Greenwich Village theater took in the play and it prospered to the extent it soon returned to Broadway, where it played for a few weeks longer.

Neither Miss Barrymore nor Mr. Hampden believe there will be a rush to present other of Shakespeare's plays in this manner.

"Perhaps there may be another experiment or two of the kind, but there is not the remotest possibility that it will become general," he said. "For this plan to be logical, the plays would have to be rewritten in modern language to fit the modern dress and colloquial manner of speech. Only the plots would be left and we all know that many of the plots are trifling, being transformed into great plays by the transcendent genius of the dramatic poet."

Miss Barrymore expressed the opinion that while the saying that "Shakespeare is not of an age but for all time," is true as regards his philosophy and his revelation of the essentials of human nature, "it does not change the fact that he dealt with con-

ditions so far removed from those of today that the illusion of an older period must be created if the plays are to be dramatically real.

"Take away the reality that comes from illusion and what is there left in the theater?" she asked.

It was time for Mr. Hampden to begin making up for his celebrated role as Shylock but he delayed long enough to predict.

"The old plays will be kept alive on the stage by the loyal patronage of true lovers of Shakespeare who resent deprecation of an ideal, and not by the idly curious who will pay once to see something different but will not continue interested after their curiosity is satisfied."

Fine Pitching And Fielding Enabled Louisville To Win

CHICAGO, Jan. 5.—(AP)—Good pitching and fielding aided the Louisville Colonels in capturing the 1925 flag of the American Association, averages released here today reveal.

Three Colonels, Holley, Cullop and Daberry were among the first five writers of the Association; Holley leading with 20 victories and seven losses; McQuinn, St. Paul, came second with 14 wins and five losses. The following were Cullop, Burwell of Indianapolis, and Daberry.

The Louisville team fielded the season with an average .986, Indianapolis being second with .966 and St. Paul third with .965.

Milwaukee led in double plays with 193 while Kansas City and Columbus turned in one triple killing each.

STEWART'S WASHINGTON LETTER

By CHARLES P. STEWART

WASHINGTON, Jan. 5.—One of our leading admirals took me out to the naval research laboratory, on the other side of the Potomac, not long ago, to see some scientific experimental work in progress there.

Just what it was has nothing to do with the story. I didn't understand it anyway.

The point is that the admiral is very much interested in it and wanted to stir up a little publicity in its behalf, with a view to extracting enough money from Congress to develop it still farther.

SO we took a street car. We rode and we rode and finally we came to the end of the line.

"Now we gotta get a gasoline wagon," said the admiral. "Hey!" he called, to an African youth, standing alongside a venerable flivver nearby the street car terminus. "Can you take us to the naval laboratory? You know where it is, doncha?"

"Yessuh, yassuh," said the Senegambian.

THIS flivver was of the model of the early '90's. It was farcened together with wire. A number of the parts were missing entirely. The wheels wobbled, threatened to come off, in fact, it had asthma. It had the blind staggers. It had peraritis. It had everything.

WE took a sharp curve on two wheels. Far down the road ahead of us loomed a huge navy motor truck. From the rear a red flag fluttered.

"Slow hell! Slow hell!" yelled the admiral. "Great gosh! Explosives!"

THE dusky driver turned calmly in his seat.

"Muh brake's no good," he observed placidly.

"Well, we missed that truck by the breadth of a hair, to a chorus (though only one voice furnished it) of "Port! Hard o' port! Port y' hellum" and landed alive at the naval laboratory.

"You can't go home, do you please?" said the admiral, as we got out. "I'm going to take an airplane."

If there's anything in evolution, Americanism should in time develop a very strong trigger finger. —Baltimore Sun.

Growing Old Too Fast?

Many Sanford Folks Feel Older and Slower Than They Should.

Are you weak, tired, all worn-out? Do you feel years older than other folks of your age? Then look to your kidneys! The kidneys are the blood-filterers and if they weaken, the effect is quickly felt.

You have constant backache, headaches, dizziness and urinary troubles. You feel lame, stiff and achy—all played out. Don't wait! Use Doan's Pills—a stimulant diuretic to the kidneys. Read what this Sanford resident says:

E. D. King, engineer and machinist, 812 Magnolia Ave., says: "My back ached and my kidneys were out of whack. I tired easily and when I tried to lift, a terrible pain caught me, almost taking my breath away. I had to get up often at night to pass the kidney secretions, which burned. I also had dizzy spells. Doan's Pills relieved me of the backache and dizziness and left my kidneys in a healthy condition."

ORIGIN OF FLORIDA COUNTIES

TALLAHASSEE, Fla., Jan. 5.—(P)—Governor Martin has issued a proclamation declaring the act passed at the special session of the legislature ratified which authorized Columbia county to issue \$300,000 in bonds for highway improvements. The act was subject to a vote of the people, a recent election resulting in 471 votes for it and 47 against.

The canvassing board of Alachua county has officially reported to the secretary of state on the recent election creating Gilchrist county. The election, held at Archer, Bell, Bonnie, High Springs, Newberry, Ocala, Trenton and Willford, on December 21, was 350 for the new county and 39 against.

J. L. Crespi, chief highway engineer, and P. W. Berry, office engineer, of the State Road Department, returned recently after a visit to relatives during the holidays. Work is still progressing in beautifying the governor's mansion here. Carpenters have been engaged in placing repairs upon the executive's home for the past several months, and the work is not yet complete.

TALLAHASSEE, Fla., Dec. 5.—(P)—Three high officials of the Pullman company were callers at the various departments of the Capitol recently. L. S. Hungerford, vice president and general manager, Chicago; H. P. Clemens, passenger and traffic manager, Chicago; and V. M. Camp, superintendent, Atlanta, were the visitors. They told state officials that they were seeking information on Florida's economic resources.

Approximately 400 blank forms to be returned with the annual statement of insurance companies doing business in the state have just been mailed out by the insurance commissioner. The statements will cover the activities of the companies for 1925. Over sixty of the blanks were added this year, that number of new companies having been admitted during the past year.

V. V. Sheridan, of Green Cove Springs, has been named comptroller for District 5, Clay county, by Governor Martin. J. Stuart Lewis, secretary of the International Improvement Board, who was the recipient of congratulatory expressions recently as a result of his marriage, found the family name involved in marital consummations again when his sister, Miss Sally Lewis, of Tallahassee, was married a short time ago at Miami.

Governor Martin did not forget his stenographers and secretaries when the time came for a distribution of Christmas remembrances. He sent each a substantial personal check, with a cordial letter of Yuletide greetings.

Jackson Davis, of Richmond, Va., a member of the General Education Board, was a caller at the Department of Public Instruction. Mr. Davis came to Tallahassee to visit the Negro A. & M. College here. He was also enroute to the University of Florida to confer with the state supervisor of negro schools.

Captain T. E. Hodges, shell fish commissioner, visited Apalachicola during the past week on an inspection trip in connection with the state's oyster industry there. The commissioner planned to return to the Capital for the New Year holiday. Jerry W. Carter, hotel commissioner, visited South Florida last week. Mr. Carter was engaged in his periodical trip of inspection, which lasted for several days.

Like the functioning of the human body, the arteries and veins leading to and from the vital organs are essential to health and vigor; so it is to the community system, an indispensable requisite.

Surrounded by several towns and cities, in a radius of 24 miles, many of Florida's most thriving business centers are within a mere jaunt of Mount Plymouth. The location of this property was chosen partly because of its proximity and accessibility to the fruit and vegetable growing areas, and partly because of the altitude, climate, pure water and beautiful lakes unsurpassed in the whole of the state.

Any direction that one may choose to go there are magnificent boulevards through much of Florida's most extraordinary scenery. Nothing can be more thrilling or inspiring than the acres upon acres of orange groves, along these highland roads, dotted here and there with fresh water lakes, irresistible to the angler.

It is this immediate vicinity often referred to as the "solid central section" where one-seventh of the entire crop of Florida's famous citrus fruits are grown. Millions are derived yearly by growers surrounding this pleasure city we call Mount Plymouth.

Only a few miles distant are the famous celery, potato, tomato, pepper, strawberry and other fruit, vegetable and fernery sections which produce crops running into millions. All of these are comparatively close by Mount Plymouth, and quite near enough to feel the radiation of so much wealth.

Let your foresight lead you hither!

Those who have the vision and conviction to back their own judgment in this Mount Plymouth development will share the profits from such a harvest as less fortunate ones are prone to call "luck."

It is but the natural and logical sequel that values enhance rapidly beyond the prices originally established in such a development as Mount Plymouth. It is inevitable, else the enterprise would end in a fiasco.

And such a thing cannot happen with Mount Plymouth. The influence of the men back of it virtually amount to underwriting its success.

Pyramid Your Own Profits

The investor who buys one lot or twenty in this Mount Plymouth development places himself in line for substantial profits in remarkably short time. No other Florida properties of similar size or character, has been developed on a sounder basis or a more solid financial footing.

The directorate of this enterprise is composed of as trustworthy and reliable business men as can be found in the state. It is their ambition and determination, that Mount Plymouth shall be one of the outstanding achievements of this decade.

Lots are being offered now, both business and residence sites, at valuations which are apt to be advanced at any moment, without further notice.

Terms: One-third cash, balance over a period of two years.

The Master Achievement of a Master Community Builder

You Will Find That Satisfying Florida Investment In Tampa

You will rarely find a better investment than Tampa's North Side Country Club Area in Tampa on the West Coast—the Treasure Coast of Florida.

For Tampa is Florida's Greatest City and the Country Club Area is the Master Achievement of B. L. Hamner—Tampa's Master Builder.

Tampa—a great port—a thriving industrial city—a railroad center—a distributing point—a delightful resort offers the charm of all Florida, plus distinctive advantages for the home-seeker and investor.

In Tampa values have not kept pace with development—prices do not reflect the prevailing prosperity—and great profits are still to be made from modest investments.

The North Side Country Club Area—Tampa's latest great development—is being created as a home-land, play-land with golf courses, bathing beaches, club houses, shopping districts, apartments, play fields, educational facilities, bridle paths, social centers. A city within a city offering the refinements of a country estate, the conveniences of a cosmopolitan center, the pleasures of a resort and the investment stability of a municipal bond.

Conceived by B. L. Hamner—a dreamer who makes dreams come true—designed by J. Franklin Meehan—famed landscape and practical artist—the Country Club Area is being built by the B. L. Hamner Organization—Florida's Foremost Developers—as a place where happy folks will want to live, and where investment profit will mature as naturally as flowers blossom in the gentle warmth of the Florida sun.

For sixteen years B. L. Hamner has been a powerful force for progress and prosperity in the city of Tampa, and a community builder whose resources have been commensurate with his sound judgment and keen vision.

Since its formation, the B. L. Hamner Organization has dominated the Tampa real estate field in the sale and development of substantial home communities, and during that period established a sales record believed to be without equal in all Florida.

More than 10,000 individual sales involving a total consideration of \$15,000,000 were successfully consummated, and each transaction resulted in a satisfied customer.

Thousands have followed B. L. Hamner to prosperity and happiness—and no B. L. Hamner client has ever lost a dollar in Tampa real estate.

It is a record of success that compels confidence—the B. L. Hamner Organization merits your trust.

FREE BUS TOUR

The B. L. Hamner Organization will be delighted to have you visit Tampa and Tampa's North Side Country Club Area as its guest.

Comfortable pullman busses are operated from most every Florida city and hotel accommodations are provided during the trip and at Tampa.

There is much to interest the traveler in Florida at this season of the year and the Hamner tour to Tampa is one of delight—you are certain to enjoy it.

Don't neglect this opportunity to see more of the Sunshine State. See the B. L. Hamner Organization representatives in your city today and make your reservations.

Starting Tuesday B. L. Hamner Organization free pullman busses will leave the Seminole Hotel at Sanford for Tampa every morning at 7 o'clock.

FLORIDA SHOWS GAIN IN MARRIAGES

Based On Census Shows That State Shows Increase in Marriages During the Year

TALLAHASSEE, Jan. 5.—(AP)—Since 1922, showed the gain in marriages, statistics compiled by Harper, state geographer, were based upon reports from the United States census bureau. Statistics were those on divorces throughout the United States. They were given in the daily news. It took Dr. Harper to the surface from the statistics given out by the census bureau, when he estimates on the returns for 1924. The number of marriages to population very little from one another, Dr. Harper stated, he said, it may fluctuate or less from year to year, depending on economic conditions, and where the population is rapidly increasing, the number of marriages per year should do likewise. Dr. Harper thinks, especially in the case of Florida, that the number of marriages will increase in the same time, which, he asserts, has been the case in Florida recently.

Zero! And a Fire to Put Out

It was 2 degrees below zero at Wheeling, W. Va., when the firemen had to turn out to battle this blaze. Even while the building was ablaze great masses of ice formed across its front, and the hose lines can be seen wreathed in ice.

Building Permits At Frostproof Total Almost \$500,000

FROSTPROOF, Fla., Jan. 5.—(AP)—Building operations in Frostproof during the year 1924, already under way or decided upon during the past summer, total almost \$500,000. If the construction costs for the year at West Frostproof are included the figures will run well over the half million dollar mark, or approximately \$530,000. During the coming year, the building activities both in Frostproof and West Frostproof promise to be much greater than during the last 12 months. In Frostproof, among other structures planned is a \$400,000 tourist commercial hotel. Many dwellings are also projected for 1925 at this time.

A rough estimate in the absence of specific figures places the construction in Frostproof this year at about \$4381,000. The Prince of Wales, says a London dispatch, has a dread of becoming fat. He knows, probably, that the heavier they are the harder they fall off.—Detroit Free Press.

Missing Officers Are Back In Camp

LAREDO, Tex., Jan. 5.—(AP)—Lieut. Maxon Pharr and Lieut. C. S. Over 48,000 Cattle Have Been Put On "Once Tested Free" List By Bureau

TALLAHASSEE, Jan. 5.—(AP)—Forty-eight thousand, one hundred and fifty-five cattle, or 5,939 herds, were placed on the "once-tested free" list of the Bureau of Animal Industry, in tuberculosis eradication work in Florida during November, according to an announcement by the United States Department of Agriculture.

The eradication work was done by the federal government, in cooperation with the various states. One thousand cattle in the state, or 145 herds, were tested during the month, the report states, with three "modified accredited counties" recorded. Two of the cattle tested, 1402 in 1924, and 1402 in 1925. The total accredited for the month was 22,157 herds, or 68,688 herds. Those under supervision were 84,831 cattle, or 6,751 herds. The total waiting list was 1,000 cattle, or 75 herds. The totals for the entire country for the month of November were as follows: Cattle tested, 757,130; reactions, 24,249; number of "modified accredited counties" 188; total "once-tested free," 5,199,374, or 1,087,091 herds; total accredited, 1,424,050 cattle, or 83,087 herds; total under supervision, 13,087,403, or 1,314,198 herds; total on waiting list, 3,399,652 cattle, or 386,192 herds.

Fertilizer Sold In Florida During 1925 Reaches Large Figure

TALLAHASSEE, Fla., Jan. 5.—(AP)—A total of 359,963.20 tons of commercial fertilizer and 224,208.12 tons of commercial feeding stuff were sold in Florida during the month, the report states, with 1925, according to a statement at the office of the Inspector of the Division, Department of Agriculture. The state, according to J. Hinson Pledger, supervising inspector, received an inspection of 25 cents per ton on all feed and fertilizer sold in the state during 1925, which amounted to \$147,717.86, which was paid into the state treasury to the credit of the General Revenue Fund. While there was a slight increase in the consumption of feeding stuff during 1925, over the year 1924, there was a decrease of 2.1-3 per cent, or 8,648.88 tons in the consumption of fertilizers in 1925, compared to 1924. Mr. Pledger stated.

It was 2 degrees below zero at Wheeling, W. Va., when the firemen had to turn out to battle this blaze. Even while the building was ablaze great masses of ice formed across its front, and the hose lines can be seen wreathed in ice.

Method is Specially Effective
Put up with that distressing, sleep-robbing night cough? For there is a very effective treatment with a single dose, stop coughing and let you sleep soundly through the night. The treatment is based on the principle known as Dr. King's New Discovery. You take just one dose at night, before retiring, and it is in your throat for 15 or 20 minutes before swallowing it. The medicine has a double action. It not only soothes the throat, but it also acts on the lungs and removes the congestion which is the cause of night coughing. So the cough stops quickly and you sleep undisturbed. Dr. King's New Discovery is for colds, sore throat, hoarseness, whooping cough, etc. It is a safe, reliable remedy for children as well as grown-ups. Economical. Each bottle is only one teaspoonful.

Stack Said Responsible for Airplane Fires

INGTON, Jan. 5.—(P)—Experts believe that in a stack they have found largely responsible for the crashes of army planes. The much repeated "coffins" designation of types of army planes which were conducted on the exhaust stack as a serious source of fire, it was possible to exhaust stack that it was possible to prevent the number of such accidents. The designs of stand-water-cooled exhaust and short, air-cooled exhaust stacks have shown that it is possible to prevent fires from a source," said the report.

Office Of Supervisor Of Trades And Industries Is Moved To Gainesville

TALLAHASSEE, Fla., Jan. 5.—(P)—The office of state supervisor of trades and industries, of the Department of Public Instruction, to which C. O. Holley, director of industrial education, of the Sapulpa, Okla., city schools, has just been appointed, is to be removed from Gainesville to educational headquarters here, superintendent W. S. Cawthon announced.

L. S. Greene, the incumbent supervisor, who resigned some time ago, has maintained the office at Gainesville for a number of years.

Mr. Holley was named for the post upon the strong recommendation of both educational workers and those of every day business life. Frank Cushman, of the federal board of vocational education, of Washington, was among those

giving endorsement to Mr. Holley's past record.

The new supervisor was teacher of industrial arts in the city schools of Oklahoma for 3 years. For two years he was director of industrial arts in the Northwestern State Teachers' College. He has instituted and supervised courses in all-day trade training in carpentry for boys, many trade-extension courses among the tradesmen, and home-economics courses for the home makers for the past three years. He assisted in organizing a part-time schools for employed boys and girls. Mr. Holley has also two years experience in the building trades, under regular working conditions. He holds a B. B. degree.

There is good sense in the Spanish saying, "Tell me whom you live with, and I will tell you who you are." Make it therefore your business, wherever your business, wherever you are, to get into that company which everybody in the place allows to be the best company next to their own; which

is the best definition that I can give you of good company.—Letters of Lord Chesterfield to his son, October, 1748.

Baking Company Is Accused Of Trying To Effect Monopoly

WASHINGTON, Jan. 5.—(P)—A new complaint alleging violation of the Clayton Act by the Continental Baking Corporation in acquiring control of more than a score of smaller bakeries throughout the country has been served by the Federal Trade Commission. Filed on Dec. 19, it was made public today by attorneys for the corporation in presenting its answer, a denial that a merger had been planned for monopoly in the baking trade.

The complaint originally issued last October and revised to include several bakeries whose stock recently was obtained by the Continental Corporation alleged that the consolidation acted to lessen competition, restrain commerce and to create a monopoly in bakery products. It cited the corporation to appear at a hearing before the committee next Feb. 3.

The answer of the concern, which sometime ago completed a huge merger with the Ward and General Baking Corporations of New York, declared it "has no monopoly in any product in which it deals, nor can anyone obtain such a monopoly in any community in the U. S. It is physically impossible," it continued "for any concern to acquire or obtain such a monopoly because the business relates to products that are made from materials available in adequate quantities and reasonable prices to thousands of business concerns and to millions of homes in which various people are capable of producing such products in case of necessity."

Waves Battered Bather Against Wooden Post, Causing Fatal Injury

WEST PALM BEACH, Jan. 5.—(P)—Fataally injured when battered by ocean waves against a rough wooden pier post, while bathing late Saturday, Henry Jacob Crowder, 43 years old, of Buffalo, N. Y., died this morning at a local hospital. Physicians said death resulted from internal injuries.

The body, accompanied by Beryl Crowder, a brother, will be sent to Buffalo tonight. Mr. Crowder was a rubber manufacturer in Buffalo, and a member of the Shrine. He was suffering from a blow on the abdomen that caused internal hemorrhage, when rescued from the surf, and rushed to the hospital where it was thought at first he would recover.

A COMMUNITY BUILDER

No one citizen in a community contributes more to its development and growth than the Realtor. He is by natural instinct a builder with an optimistic vision of the future and with a steadfast faith in the city in which he lives, is ever-ready to lend his enthusiastic support to any forward movement which means a greater better and more stable city. Realtors are organized for the protection of the buyers and sellers of real estate, the greatest of all commodities in which our government and all wealth is founded, and, as President Coolidge stated in his address at the National Real Estate Convention in Washington, "He has sold it so well that it is recognized as the best buy in the world today."

Home ownership is the basis of good government and any city which is blessed with a large percentage of home owners, need have no fear of radicalism or bolshevism.

The Code of Ethics of the Realtor has stood the test for 2,000 years (The Golden Rule). When your affairs are entrusted in a Realtor you may feel assured that you will receive fair and square treatment.
