### Navy Man Gets Rank Promotion

Assignment (Junior Grade) Asst. Allen, USN, Ordnance Officer at the U. S. Naval Air Station, Sanford, was promoted to his present rank in informal ceremony held Monday in the office of Capt. L. A. Arthur, Commanding Officer of NAS Sanford.

Allen has served as the Ordnance Officer of NAS since he returned here in April 1935 from the Naval Air Base Training Command, Naval Air Station, Pensacola, where he was commissioned an Ensign upon his graduation as a Naval Cadet.

Boop, Lakeland; Mrs. Grace W. Blount, Bartow; Mrs. E. H. Leung, Sanford; and Mrs. D. E. O'Connor, Gainesville; two sons, Ray E. Walker, Maitland Beach and T. George Walker, Tallahassee; nine grandchildren and 15 great grandchildren.

### Former Resident, Mrs. O. Schacht, Dies In Dayton

Mrs. O. Schacht, 71, widow of the late O. Schacht, died at the Dayton, Ohio, hospital Monday morning. She was born July 2, 1864, in Middletown and had lived in Daytona Beach for the past 25 years. She formerly lived in Sanford.

She was an active member of the Community Methodist Church, Daytona Beach, a life member of the W.P.C. of the Methodist Church, a member of the Protestant Club of Daytona Beach, a member of the Daytona Beach Apartment House Association, a member of the W.O.W. Auxiliary, Camp, Sanford, and a member of the Order of Mothers Star Chapter 2, Sanford.

Survivors include four daughters, Mrs. E. M. Nelson, Detroit, Mich.; Mrs. Merrill C. Straub Jr., Daytona Beach; Mrs. Leo Burt and Mrs. J. M. Garrett, both of Sanford; two brothers, John Geer, Daytona Beach, Fred Geer, College Park, Ga.; six grandchildren; and two great grandchildren.

Funeral services will be held at 11 a. m. Wednesday at the First Methodist Church with Dr. O'Alton Murphy of the Community Methodist Church, Daytona, and Dr. E. H. Rutland of the First Methodist Church, Sanford, officiating. Burial will be in Lake View Cemetery.

Brisson Funeral Home is in charge.

### Funeral Services For Dr. Walker Held Wednesday

Funeral services for Dr. Wade Walker, 67, former pastor of the First Methodist Church of St. Petersburg and Sanford, who passed away Monday morning, were held Wednesday afternoon at 2:30 p. m. at the First Methodist Church of St. Petersburg with Dr. P. M. Boyd and Dr. Bruce P. Gamaway officiating. Interment was in Memorial Park of St. Petersburg.

Dr. Walker was pastor of the First Methodist Church in Sanford from 1919 to 1923 and was well known for his Serap Iron Sunday School class which he conducted in the old Princess Theatre on West First St.

Dr. Walker was born in Fayetteville, Tenn. July 18, 1870, the son of Stephen and Julia Walker.

During Dr. Walker's pastorate in St. Petersburg, the church there was built.

He was a graduate of Fayetteville, Presbyterian College and Harvard University. He did graduate work at the University of Denver. He was Southern College's first president when it was located in Southernland, now Palm Harbor, in 1902. He held pastorates in California and West Virginia and in St. Augustine, Sanford, Jacksonville, Lakeland and Bradenton.

Survivors include his wife, Mrs. Lillie Mullins Walker, St. Petersburg; four daughters, Mrs. W. O.

### Dr. Woodall Will Attend Two-Day Refresher Course

A special fifteen hour refresher course in roentgenology will be attended by Dr. A. W. Woodall, local chiropractor at the San Juan Hotel in Orlando, March 27 and 28. The course will be conducted by Dr. Roland N. Kessinger, head of the x-ray department of the National Chiropractor College of Chicago, Ill. Classes will include the most advanced methods of technique and interpretation; both lecture and practical demonstrations.

An official for the National Guard which promotes and sponsors the weekly wrestling show said they are trying to line up a four man tag team match with the Great Bolo, a masked man, and his friend Bill (Walrus) Napoleon on one team and Doran O'Hara and Saul Weingeroff on the other.

All four of them were involved in a melee inside the ring here last week.

### Donkey Ball Game Nets \$50.68 For Lions Club

CASHIER—Net proceeds of \$50.68 from a donkey ball game held recently by the Lions Club, a benefit performance to raise funds for glasses and sight conservation, was reported Thursday night by secretary Fred A. Yeager.

A nominating committee, headed by Ben R. Evans presented a slate of nominees for city offices for the year 1936-1937. Elections of officers will be held at the next meeting, two weeks hence.

The slate listed the following names: for president, Tom Hueston; 1st vice president, Paul Altman; second vice president, E. P. Richards; third vice - president, Ray McCord. Yeager was nominated to succeed himself as secretary and Carl Jack as treasurer. Retiring president, Robert (Buffy) Scheraga is slated for the office of tall wister and Ernie Johnson for Hon. tamer.

Directors to be elected are Joseph Walmar and G. K. (Bud) Fisher.

### Revival Services Underway At Local Church This Week

Revival services are being conducted at the Central Baptist Church, 14th St. and Oak Ave.

The services, which began yesterday, will continue through March 20 starting each evening at 7 o'clock.

The Rev. Alton McEshern, guest speaker, is the son of Mr. and Mrs. H. R. McEshern, 1801 Maple Ave., Sanford. He is a graduate of Mercer University, Macon, Ga., and will receive his Th. M. Degree from the Southern Baptist Theological Seminary, Louisville, Ky., at the end of this school term. The Rev. McEshern is also pastor of the South Park Baptist Church in Louisville.

The public is cordially invited to attend these services said the Rev. J. W. Parham, pastor of the Central Baptist Church.

Close zippers before hanging up clothes. This preserves the zipper teeth and the garment's shape.

### Return Match Slated Thursday

Jeanette Collins, the Southeastern girls champion, will meet Mae Maston in a return match here at the National Guard Armory Thursday night, it was announced today.

This bout will be on a winner take all basis.

### Columbia College Choir To Appear Here On Apr. 1

As part of its annual spring tour the Columbia College Choir will present sacred and secular concerts throughout the state of Florida, beginning March 30 and ending April 2, announces Fred J. Parker, Director of Music.

The group will appear here in secular concert at Seminole High School at 10:15 o'clock Tuesday, April 1, and in sacred concert at the First Methodist Church at 8:00 that night. The choir is composed of twenty-nine girls who have been selected on the basis of a sincere love for singing, sightreading ability, and correct intonation.

The secular program features: (1) "Now Let Every Tongue Adore Thee" (Bach), "O Lord, Increase My Faith" (Gibbons), "Go Forth" (Thiman), and "Floods of Spring" (Rachmaninoff); (11) Selected numbers by the Columbia College Septet; (11) "Oh Dear! What Can the Matter Be?" (Kubik), "Laura" (Mercer), and "Ten Little Indians" (Margaret and Travis Johnson).

The sacred concert will include: (1) "Now Let Every Tongue Adore Thee" (Bach), "Nunc Dimittite" (Tallis), "How Excellent Is Thy Name" (Hanson), and "All His Mercies Shall Endure" (Handel); (II) Solo to be announced; (III) "Magnificat" (Parrish) with soprano solo by Jo Blanton; (IV) Solo to be announced; and (V) "O Lord, Increase My Faith" (Gibbons), "O Jesu Sweet, O Jesu Mild" (Bach), Verse II from "Cantata No. 14" (Bach), and "Passalm XIII" (Brahms).

Under the direction of Guthrie Darr, the choir is accompanied by Sandra Steedly of Bamburg, S. C.

### Red Cross Board Of Directors Will Meet On Apr. 3

A meeting has been scheduled for the Board of Directors of the Seminole County Chapter of the American Red Cross.

The announcement, released today, said the meeting will be held on April 3 at 3:30 p. m. at Chapter Headquarters, 122 1/2 Palmetto Ave.

On the agenda for discussion will be a change in office procedure and a discussion of the Chapter's participation in the United Fund for 1936-37.

"All members are requested to be present," the release said.

### Only One Week Left In SOK'S Racing Season

There's only one more week of racing left in the current season at the Sanford-Orlando Kennel Club. A fast 10-race program is on the cards, but fans are already looking ahead to other big events such as the racing calendar.

The 2nd annual Central Florida Derby is scheduled Wednesday night. It is expected to draw one of the best fields in Sanford-Orlando track history with fabulous odds shadow the probable favorite.

The track's best season will start Monday, March 23. The opening of the traditional An Royal Handicap in the 11th race Sunday night will ring down the curtain on racing action until next December.

Four "doubleheader" programs are scheduled during the last seven racing days of the campaign. Double matinees are slated on Wednesday, Friday, Saturday and closing day.

Add a pinch of thyme to the water in which you simmer spare ribs before broiling them.

### Suffering from Headaches?

Thousands of people are suffering from headaches; some of them for many years. Headache sufferers are continually testing the effect rather than trying to determine the cause of their trouble.

Your family Chiropractor is best qualified to determine the cause of headaches. The human body can only be healthy if there is an uninterrupted nerve energy flow to all the tissue cells and organs. However, spinal misalignments may cause pressure on nerves, thereby interfering with the normal nerve flow to the various parts of the body. This nerve interference is the cause of such adverse symptoms as headaches.

If you are one of the millions who suffer from headaches, you will save time, money and misery by consulting your family Chiropractor. Once the cause of your headaches is corrected, normal health will ensue. Published as an educational feature by the Sanford Chiropractic Association.

# Officials Say Lower Prices Would Give Economy Needed Shot-In-Arm

WASHINGTON (UP)—Some key government economists believe lower prices would give the economy a stronger shot-in-the-arm than a tax cut.

Vice President Richard M. Nixon also feels a "buyers' market" brought about by price cuts, is necessary to reopen the road to recovery.

This new approach by persons or close to the administration does not rule out a tax cut. Some top administration financial and political advisers regard a tax cut as inevitable this year. Their only question is when and what kind.

But one official who plays a prominent role in shaping government economic policy called price "the key to the recession."

No Pat Answers

"They've got to come down tax cut or no tax cut," he told the

United Press.

These economists have no pat answer to the question of how to bring prices down. The government's cost-of-living index hit another record high last month.

Some prominent business figures, who agree prices should come down, likewise seem to have little answer other than to suggest some sort of "understanding" between labor and management to

avoid another inflationary spiral.

Nixon believes all levels of business must engage in a big selling program, lowering prices and competing for the consumer's dollar. He thinks labor should help management in this program by taking it easy on wage demands.

Limit On Cuts

The vice president admits there is a limit in how low sellers can cut prices. He does not take the

position there should be no wage increases this year, but contends these should be related to increased productivity but the result be more inflation.

The government economists backing a price-cutting campaign argue that consumers have money to spend and just won't do it because of recession-born timidity. They point to income figures showing total U. S. income last month was actually higher than at the same time a year ago.

William A. McDowell, St. Louis banker and incoming president of the U. S. Chamber of Commerce, has stated his firm belief that the current recession will not be cured by the government but "in the market place."

That lower prices are vitally necessary to lure buyers into the market place. One government official traced

an object lesson in the recent action by General Electric in taking its appliances out of the fixed price "trade" classification. The re-charge in revenues as of states cut profit margins.

Another case the sagging market around bell

returers faced with a backlog of more than 500,000 units more than reduce prices in the near future.

None of the federal officials with whom the United Press talked expressed a doubt to government wage - price controls. They generally favored keeping business and labor will see the light of improved trade via the route of price cuts.

**Weather**  
Partly cloudy and mild through Wednesday. A few showers likely Wednesday afternoon. Low tonight 55 to 60.

# 9 Persons Die As Plane Crashes In Everglades

MIAMI (UP)—A flaming Braniff Airways passenger plane smashed with exploding fury into the swampy Everglades today, killing nine of the 24 persons aboard.

Survivors of the 20 served walked away from the broken chunks of the big four-engine DC-7 that had taken off only two minutes before the crash, on route to Rio de Janeiro. The accident occurred shortly after midnight.

Just as the cabin lights flashed that passengers could remove their seat belts, a ball of fire shot out from an engine on the right side, plummeting to earth.

Braniff officials said the nine dead included an official of the airline from Dallas, three pilots and a pilot's wife, all flying as passengers. The five crew members operating the plane escaped death.

Airline officials said that at least five of the dead were burned.

Nine Bodies Recovered

Three Coast Guard helicopter teams began lifting the injured and dead from the scene nine minutes after the crash was reported. The crews confirmed that nine bodies had been taken from the wreckage.

Witnesses reported a tremendous explosion rocked the big

## Report On Proposed Annexation Tabled By Commissioners

Commissioners agreed last night that the report on proposed annexation be tabled for further study.

"I haven't studied the report enough," said Commissioner David Gatchel, "and I don't anticipate drawing any conclusions tonight."

He said "We're going to get annexation established we will have to get our feet firmly planted by the end of July—I don't want to see us spinning our wheels."

The "Report on Proposed Annexation" was prepared by City Manager Warren E. Knowles with an 11-page review of the problem, extension of services, which include water, sewer, lights, fire, refuse, and protection.

The report also covered the cost, revenue, taxes and other financial obligations of the city.

"What do you think the best approach might be?" asked Commissioner Earl Higginbotham.

The next regular meeting of the Board of Sanford City Commissioners was set for a definite discussion on annexation. The meeting is slated for Monday night, April 14.

Mrs. Edna Norman, asked if she had any statement to make, said "We've been considering some sort of action when we know what you're going to do."

Mrs. Norman, representing the Fringe Area Taxpayers Association, said, "If the majority of the people in an area want to be annexed we'll help them and if the majority do not want to be annexed we'll help them."

# Saud Gives Brother Full Government Power

CAIRO (UP)—Diplomatic reports from Saudi Arabia said today pressure from the Saudi royal family induced King Saud to give full administrative powers to his brother Prince Faisal.

But the reports said Saud retained king and apparently had kept supreme legal control. He can take back the powers he delegated if he so wishes, the reports added.

This informed assessment on the Saudi situation came as Egyptian newspapers proclaimed the Saudi change in triumphant red headlines. The newspaper Al Ahram said "Saud cedes to Faisal all government powers in Saudi Arabia." Al Shabab said "Saud capitulates to Faisal." Al Akhbar said "Emir Faisal rules," and the newspaper Al Gomhuria said "Saud gives up his power."

But the headlines appeared somewhat misleading in the light of the reports from Saudi Arabia itself.

The reports said the royal family and the Saudi people widely believed that the change in Saudi change in triumphant red

Saud had plotted to forestall execution of the United Arab Republic.

The royal princes put almost pressure on Saud to turn over the conduct of day-to-day affairs to the pro-Egyptian Faisal. They reasoned that he would be able to seek an accommodation with President Gamal Abdel Nasser and the United Arab Republic.

Saud, bowing to family pressure, recalled his brother from the "hunting" trip on which he had been sent in order to get him out of the capital; these reports said. But the king apparently retained the supreme legal power of his office, including the right to withdraw the concessions he made if he so desired.

Some western diplomatic sources in Cairo saw the move as a measure of self preservation on the part of the Saudi royal family by putting the nation's finances and government structure on a more modern and better organized basis.

At present there is no distinction made between the royal family's finances and those of the country. Now reports said Saudi Arabia may get its first published budget.

## Rocket-Glider Would Outdistance ICBM

This artist's concept shows a proposed globe-girdling hypersonic rocket glider capable of outdistancing intercontinental ballistic missiles. The glider rocket, to be launched via a sled platform (rocket powered) and its own liquid-fuel rockets, is expected to attain a speed of from 15,000 to 20,000 miles-per-hour at an altitude of 200,000 feet. The glider would be designed to enter a ballistic course of descent, guided by small jet rocket blasts.

## Commission To Give Cemetery Transfer Further Study

Transfer of the local cemetery to private ownership will be studied further, according to a decision of the Board of Sanford City Commissioners last night.

Attorneys for Harold Hunt and the City of Sanford will confer on details of a transfer of property.

However, commissioners wanted to know "What Mr. Hunt proposes for the cemetery?" as they discussed a contract with the city for its operation.

Douglas Stenstrom, attorney for Hunt, asked directly "Does the commission have in mind private ownership?"

Commissioner Earl Higginbotham stated "Yes - if appropriate provisions are made for the care of those buried there and those who already own lots."

Stenstrom told the board of commissioners that the proposed owner would abide by state regulations relative to the operation of a cemetery in Florida. "He would provide someone to take care of the lots at a reasonable cost," Stenstrom said.

The City of Sanford contemplates private ownership of the local cemetery by Oct. 1 at the beginning of its fiscal year.

Mayor Marie Warner told Hunt "We will get ourselves acquainted with the details of the proposed contract and advise you of our decision."

## Negro Man Tries To Escape From Police Cruiser

The driver of an automobile that smacked into a tree on Ninth St. across from the Greyhound Bus Station refused to stay in the Sanford Police Department cruiser when Sgt. Ben Butler attempted to take him to the police station.

John Henry Walker, 25-year-old Negro of 807 Willow Ave., after being taken into custody by Sgt. Butler jumped from the patrol car near the corner of Third and French and again on West First St. near Oak Ave.

Only by force were police officers, including Chief Roy Williams and Patrolman Leo Rock, able to get the young Negro in the patrol car and to the Sanford Police Station.

Chief Williams said yesterday that the automobile came spinning out of the Greyhound Bus Station parking area into Ninth St., up on the curb on the left side of the street and then into the tree on the opposite side.

The Negro, after being placed in a cell at the local Police Station, attempted to hang himself.

The automobile, a 1947 or 1948 Buick, was a total loss according to police officials.

According to records at the Sanford Police Station, Walker has been charged with driving while intoxicated, reckless driving, and opposing a police officer.

The accident and arrest occurred about 2:20 yesterday afternoon.

## Commissioners Study Civic Center Fees

Varying views were presented last night as the question of fees for the use of the Sanford Civic Center came before the Board of Sanford City Commissioners.

However, it was made plain that any discussion of fees for the use of the new city facility did not pertain to the Young Wing.

The first problem coming before the board of commissioners concerned the furnishing of china and silverware.

Commissioner Earl Higginbotham said "Very frankly, the city is not going to do the catering or furnish the food. I don't think it is proper for the taxpayers to pay for china, silverware, and utensils. The caterers should furnish their own."

City Manager Warren E. Knowles stated "I strongly recommend that the City Commission stay away from furnishing china."

At the very beginning of the discussion, Commissioner Higginbotham proposed "The city stay away from furnishing plates, cups, saucers, silverware and utensils." This was approved as a matter of record.

A discussion into fees for the use of the auditorium and assembly room met the widest debate. "I thought we were building the civic center for conventions," Commissioner Earl Higginbotham said.

"It was very definitely constructed for the use of civic clubs as well as conventions," Commissioner David Gatchel stated.

However, Commissioner Robert S. Brown told commissioners "There is a very definite line between commercial and non-commercial use of the facility."

Speaking of conventions, City Manager Warren E. Knowles told commissioners "It is not up to the taxpayers to support these good times. Power bills will probably run between \$12 and \$15 an hour; and insurance is set up for approximately \$2,500 a year."

"The primary purpose of the Civic Center is to provide a recreation area for our people; the secondary purpose is for use by civic clubs and local organizations; and the next purpose is for the use by convention; and commercial enterprises. The recreation facilities will be free," said City Manager Knowles.

"Conventions make money and should pay for the use of the auditorium," Knowles said.

Commissioners approved a further study of the proposal to fees for the use of the auditorium.

## Report Shows Fire Losses Held Down Last Year

Sanford's fire losses for the town limits were held to less than \$100 last year, according to Chief Paul Bates, in a letter to Casselberry residents which also gave a complete financial report for the past year.

In addition to holding down fire losses the volunteer fire company added more than \$3,000 in new equipment, including a new pump, hose, hose fittings, insurance, telephone and fire house maintenance expenses. Funds to cover cost of the equipment were received through a five per cent levy on utilities. Prior to the levy made effective early last year the fire company was maintained entirely by voluntary subscription.

The financial report showed a cash balance as of March 14, of \$61.77 in the general fund after expenditures of \$488.24 covering supplies, printing, repairs and other operating expenses. The fund had been built by benefits dinners and donations, received prior to the enactment of the utility levy.

By constant improvement in equipment and personnel training programs the town will soon receive a new fire underwriters classification and lower fire insurance premiums.

Chief Bates has been pressing for adoption by the board of aldermen an ordinance to control burning of refuse and grass, which on several occasions has resulted in fire calls when the fires got out of hand.

## Queen Elizabeth Visits The Hague

THE HAGUE (UP)—Britain's Queen Elizabeth II arrived in The Netherlands today for a three-day visit that coincided with reports her hostess, Queen Juliana, might soon abdicate.

Elizabeth and her husband, Prince Philip, stepped ashore from the royal yacht Britannia at Huisduin, about 25 miles north of the capital. Artillery crashed out a royal salute over the lowlands of Holland.

The British Queen will spend her time until late Thursday touring the land of windmills, dikes and eels. The Dutch have spent millions of dollars dressing up their country to impress her.

The visit is the first official one Elizabeth has made here, although Queen Juliana and her husband, Prince Bernhard, have been frequent visitors to Britain.

Back in London, some British morning papers prominently displayed reports from correspondents assigned to cover the tour that Elizabeth might not have another chance to visit Juliana as queen. The British reports said Juliana, who ascended the throne when her mother, Queen Wilhelmina, abdicated, would give it up in favor of her 30-year-old daughter, Princess Beatrix.

## Proposed Franchise Will Be Submitted To Gas Company

A proposed franchise for the operation of the Sanford Gas Company will be submitted to officials of the company, according to a decision of the city's board of commissioners last night.

City Attorney William C. Hutchinson Jr. told commissioners that the DeLand franchise which will serve as a pattern for the local agreement, would be rewritten and approved.

A number of additions will be made to the proposed agreement before submitting the lengthy paper to Sanford Gas Company officials for negotiation.

Commissioners authorized the drafting of the new franchise agreement and the forwarding of the document to gas company officials.

## Volunteer Firemen To Hold Benefit Barbecue Saturday

CASSELBERRY—The volunteer fire company will hold a chicken barbecue dinner from 5 to 7 p. m. at the Women's Club building Saturday, according to Chief Paul Bates.

The benefit dinner is for the purpose of raising funds with which to purchase boots, hats, coats, first-aid kits and other miscellaneous personnel equipment.

In a circular letter Bates solicited the help of women of the town to assist by donating cakes or pies. Dinners will be served to adults for \$1.25 and 75 cents for children. Preparations are being made to serve 300 dinners.

## Company Refused Permit To Operate Additional Cab

The Board of Sanford City Commissioners refused last night to grant the Streamline Cab Company permission to operate an additional cab in the city.

Commissioner Earl Higginbotham proposed "that based on past experience we deny the permit."

Elmer Brookins, 1012 West 13th St., applied for the permit and told the commission last night "We had difficulty and got behind with our insurance due to a bad season."

Commissioner David Gatchel said "We're still in the midst of a bad season and will be until next fall—and you still want to add another cab."

Brookins assured the commission that "you won't have any trouble in the future."

However, the board of commissioners refused to grant the permit until the cab company "put its house in order" at which time it could apply to the commission about Oct. 1.

## KAC Group Takes Tour Of S-1A

The Naval Air Station played host recently to a group of boys from the Kaders of America Organization. The group was taken on a guided tour of the S-1A by their Post Commandant, 1st Navy Chief Petty Officer, W. E. Dyson.

During their tour the group had the opportunity to visit the control tower and inspect various aircraft and spaces aboard the air base.

The climax of the tour came when the young Kadets were introduced to Captain L. Arthur NAS Commanding Officer. It was a proud moment for the youngsters and they showed the excellence of their training as each stepped forward, saluted smartly and "sounded off."

Following their confidences with the Captain the boys, as guests of the Public Information Office, ate Navy style chow in the mess hall.

## 33 Prisoners Held In County Jail

There were 33 prisoners held in the Seminole County Jail as of midnight last night, Sheriff J. L. Wobby reported.

During the 24 hours preceding last midnight five prisoners were brought in and seven released.

Of the 33 total in jail, four were white male, 23 colored male, one colored male juvenile, and three colored female.

## John L. Snowden Dies In Lake Mary

John L. Snowden, 61, of Floyd Ave. in Lake Mary died suddenly at 8:45 p. m. yesterday at his residence.

Born Dec. 25, 1896, in Ohio he came here in September of 1937 from Mansfield, O. A retired restaurant owner, Mr. Snowden had been a winter visitor in this area for the last three or four years. He was a veteran of World War One.

Survivors include his wife, Mrs. Nell Snowden, Lake Mary; two sons, Raymond Snowden, Lake Mary; William Snowden, Evansville, Ill.; three brothers, George and Richard Snowden of Cleveland, O.; and Wilbur Snowden, Akron, O. Also one sister, Mrs. Mabel Newman of Cleveland.

Remains will be sent to Mansfield for services and interment by Graham Funeral Home.

THIS AUTOMOBILE ATTEMPTED to wrap itself around an oak tree on Ninth St. opposite the Greyhound Bus Station. John Henry Walker, 25, local Negro, was taken into custody by Sanford Police Department officers. Sgt. Ben Butler was investigating.

# Lake Mary

By Kelle Jane Keogh

What a surprise some of the ladies had Tuesday morning when someone knocked at their door and told them that Tuesday was the morning for the Circle No. 8 of the FWO "come as you are breakfast". The girls came... some in housecoats and all manner of 9 a. m. attire. We just talked and thought every once in awhile what we should be doing at home but all work stopped until about 11:30 when the gathering broke up. We all agreed that this would be a once a month affair with the next breakfast some time in April. The breakfast isn't limited to circle members and anyone is welcome to come if they will contact me or Lib Smathers so a driver will know who to pick up.

Lib Smathers and I were hostesses for the affair. We served coffee, orange juice, donuts and hot rolls. "Gitting away from it all" were Alice Kirkner and Nancy, Abbie Freeze, Audrey Gill and Perry, Mrs. Beatrice Keefe, Ruby Linden, Giendene Alexander, David Alexander, Lorraine Lankford, Mrs. A. Linn, Evelyn Thompson, Mrs. Alice Brenner, Lucille Thompson, Mary Cook, Billy and Sandy, Bonnie Harvey and Steve, Jean Benson and Tom Julia Scott, Phyllis Rugenstein and Betty, Ruby Smith, Ruby Sjoblom, Carol Lowe, Pat Sumner, Ruth Goble, Rodney and Debbie, Maxine Hopkins, Billie Norden and Marian Shook.

Recently in the yard between the Keogh and Gleason home there was a family dinner celebrating the birthday of R. W. Keogh. Meat was cooked over the outdoor grill and a big birthday cake was served to Mr. and Mrs. R. W. Keogh, Mr. and Mrs. H. M. Gleason, Mr. and Mrs. M. L. Keogh, Mr. and Mrs. J. L. Hobby, Mrs. Ida Keogh, Mrs. Ellen Willard, Craig, Keith and Colin Keogh, Brenda, Lynn and Bert

You and each of you are hereby notified and required to present any claims and demands which you or either of you may have against the estate of GEORGE C. HARDEN, deceased, late of said County, to the County Judge of Seminole County, Florida, at his office in the court house of said County at Sanford, Florida, within the next calendar month from the date of the first publication of this notice. Each claim or demand must be in writing and shall state the name of the claimant and his agent, his attorney, and any such claim or demand not so filed shall be void. /s/ G. BRENCHARD HARDEN, At-Administrator of the Estate of GEORGE C. HARDEN, Deceased. 1125 N. SPENCER ST. Attorney for said Estate 1125 N. Spencer Avenue Sanford, Florida. First publication March 11, A. D. 1968.

# Volkswagen '12th Best Selling Car in U.S. in January

DETROIT (AP)—The Volkswagen became the 12th best selling car in America in January and foreign cars pushed their way to record high penetration of 3.1 percent of the market.

Release of these figures this week came amid a flurry of articles in trade and general circulation publication on foreign small car market growth and speculation on U. S. industry small car plans.

Foreign built cars sold in the United States in January, latest registration figures available, number 10,293. This was below the 21,643 sold in December, but in a month of sales slumps it was a bigger share of the market.

Sherry's cake was a three tiered cake trimmed with Easter Bunnies and on a revolving stand that turned and played "happy Birthday" when she blew out the two candles. Spending the afternoon with the little girl of honor were Julie Scott, Craig, Keith and Colin Keogh, Mr. and Mrs. C. Gardner, Mrs. E. Smith, and Mrs. Richard Keogh.

The Keoghs had a pleasant afternoon Saturday. Mr. and Mrs. Bell from DeBary have opened an Ohio Cheese shop on the North side of Orange City. Opening day was Saturday and they certainly had a wonderful variety of cheeses. Mr. and Mrs. Bell are the most pleasant people and it was a joy to stop and talk to them for awhile. They love to talk about their home state of Ohio and I'm sure with all our Ohio people in this area they will have many pleasant hours talking about "Back Home."

Mrs. Birdie Hood isn't feeling well these days and I'm sure she would enjoy being remembered with a card. Don't forget that the Girl Scouts of Lake Mary, Mrs. Ellen Lutz leader, meet each Thursday afternoon in the educational building of the Community Presbyterian Church between the hours of 4 and 6. The girls have won awards in the four times they have met since the troop was formed. Mrs. Lutz, her assistant and chairman should be given much credit for the wonderful work they are doing in this movement in our community.

Sunday at 12:30 in the educational building of the Community Presbyterian Church there will be a covered dish dinner. This will be a farewell dinner for Mr. and Mrs. Donald Kirkner and their children Lee, Donna and Nancy who will leave within the next few weeks for Africa.

# KNOXVILLE, Tenn. —

With hard work and a lot of luck, Clifton Webb could make \$250,000 on his first job as a new city employee.

The job to collect on 25 percent commission, one million dollars in unpaid bills that the municipal hospital has been trying to collect for years.

CHELYN HAY, England — The cross breeding of Rhode Island Red with a Light Sussex chicken was a big success. A resulting pullet, now 8 months old, laid a seven-ounce egg that measured 10 inches around its long axis.

## Legal Notice

MEMORIAL COUNTY ZONING COMMISSION Notice of Public Hearing To whom it may concern: Notice is hereby given in accordance with Section 8 of the Zoning Regulations, that the Memorial County Zoning Commission proposes to recommend to the Board of Memorial County Commissioners that Zoning Regulations be amended as follows: To correct Section 23 of Zoning Regulations as follows: Presently reads—Section 23. Minimum required lot width for single family dwellings is 60 feet. Should read—Section 23. Minimum required lot width for single family dwellings is 80 feet.

Public Hearing will be held in the Memorial County Court House, County Commissioners Room on Thursday, April 4, 1968 at 2:00 P. M. or as soon thereafter as possible. Memorial County Zoning Commission By Robert R. Brown, Memorial County Zoning Director

## EXCELLENT INCOME

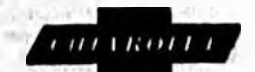

ROUTE MAN OR WOMAN SPARE TIME — FULL TIME \$15,000 - 20,000 PER YEAR Small wholesale food route available. Party selected must deliver nationally advertised packaged food products which are consumed daily by millions. You make deliveries two to three times weekly to established accounts. No selling—all accounts established by company. \$15,000-\$20,000 per year and up possible to start with. Unlimited expansion and income increasing accordingly. Requires \$1500-\$3000 cash to start for supplies and equipment which is fully controlled and secured by you. Also full time openings. Write, giving phone number, to Dixie Provision Company, 1228 Bull St., Columbia, S. C.

# OCEAN TO OCEAN ACROSS SOUTH AMERICA—AND BACK—IN 41 HOURS. CHEVY'S NEW V8 LEVELS THE HIGHEST, HARDEST HIGHWAY OVER THE ANDES!

To prove the durability of Chevrolet's radical new Turbo-Thrust V8,\* the tremendous flexibility of the new Turboglide transmission,\* the incredible smoothness of Full Coil suspension, we tackled the most challenging transcontinental road in the world — the 1,000-mile General San Martin Highway. To make it harder, the Automobile Club of Argentina sealed the hood shut at Buenos Aires — no chance to add oil or water or adjust carburetors for high altitude.

So the run began — across the blazing Argentine pampas, into the ramparts of the forbidding Andes. Up and up the road climbed, almost 2 1/2 miles in the sky! Drivers gasped for oxygen at 12,572 feet — but the Turbo-Thrust V8 never slackened its torrent of power, the Full Coil springs smothered every bump, the Turboglide transmission made play of grades up to 30 percent. Then a plunge to the Pacific at Valparaiso, Chile, a quick turn-around and back again. Time for the round trip: 41 hours 14 minutes — and the engine was never turned off!

\*Extra-cool option.

You'll get the best buy on the best seller!

See your local authorized Chevrolet dealer

## Opinions Will Not Sway The People Regardless Of Changes

The elections now seem very close. The general will be decided by the margin of the last two Eisenhower years. Republicans become angry and Democrats glad, we listen to experts and prophets for making such a prediction. It is risky to predict politically. It is unwise to do so lightly, and it is unwise to readers if predictions are made under a pretense of objectivity but are, in fact, propaganda. But once this is recognized, the news must be grasped and gauged. If this election does not go to the politically interested, it will be largely ignored.

## The Marketplace Of Millions

Newspaper advertising reaches more people than any other medium. Newspaper advertising — and particularly classified advertising — is more effective, faster, than any other medium.

This tribute to the power of classified advertising was made recently by Millard L. Copeland, publisher of the Marshall, Texas, *Marshall News* and president of the Southern Newspaper Publishers Association, in an address before the Southern Classified Advertising Managers Association conference in Hot Springs, La.

Mr. Copeland's words are well worth recalling in connection with the just past, annual observance of National Want Ad Week. Speaking to the men and women who direct the classified advertising departments of newspapers throughout the South, Mr. Copeland said:

"You know that the classified advertising you are privileged to sell is the 'People's Choice' of all advertising media. More than 100,000,000 classified advertisements appear each year in United States newspapers. That's nearly two ads for every man, woman and child in the United States. The people depend upon the classified columns. You're fortunate salesmen — with an eagerly sought package demanded by millions — whose wants include everything from buying a baby crib to finding a lost dog."

The classified advertising columns of the nation's newspapers have been described appropriately as the "marketplace of millions."

## Income Tax Tips

The Florida Accountants Association — an affiliate of National Society of Public Accountants —

A farmer is allowed to take a deduction up to 25% of his gross income from farming for sums spent for soil and water conservation in 1957. If he has expended over 25% of his gross income for soil and water conservation, then he can deduct the excess in later years.

In general, a taxpayer engaged in the business of farming may make expenditures during the taxable year for the purpose of soil or water conservation, or for the prevention of erosion of land used in farming. The expenditures shall be allowed as a deduction.

This is subject to the following limitation: The amount deductible shall not exceed 25 percent of the gross income derived from farming during the taxable year. If for any taxable year the total of the expenditures exceeds 25 percent of the gross income from farming, such excess shall be deductible for succeeding taxable years in order of time; but the amount deductible for any one succeeding taxable year (including the expenditures actually paid or incurred during the taxable year) shall not exceed 25 percent of the gross income from farming during that year.

This covers only expenditures paid or incurred for the treatment or moving of earth, including (but not limited to) leveling, grading and terracing, contour furrowing, the construction, control and protection of diversion channels, drainage ditches, earthen dams, watercourses, outlets, and ponds, the eradication of brush and the planting of windbreaks.

It does not cover the purchase, construction, installation, or improvement of structures, appliances, or facilities which are of a character which is subject to the allowance for depreciation or any amount paid or incurred which is otherwise allowable as a deduction.

This does not include any amount, not otherwise allowable as a deduction, paid or incurred to satisfy any part of an assessment levied by a soil or water conservation or drainage district to defray expenditures made by such district which, if paid or incurred by the taxpayer, would be deductible as above.

The term "land used in farming" means land used (before or simultaneously with the expenditures described above) by the taxpayer or his tenant for the production of crops, fruits, or other agricultural products or for the sustenance of livestock.

The number of Indians in America at the time of Christopher Columbus' arrival has been estimated at about one million, 218 thousand.

**PLAYING BLIND MAN'S BLUFF ? ?**  
 KNOW where you're going by saving regularly.

**FIRST FEDERAL BANK**  
 Name of Super-Safe Savings

the public. The public can look at this picture and react more intelligently. The changing process of politics can be viewed in such a way as to permit more people to make some test of what is happening.

Since the war voting tendencies have begun to change. Voting habits and proclivities have been a little less fixed than in the past. More citizens than ever before vote split tickets. Surprising emulations and switches from one side to the other are likely to be the rule in the years ahead.

A change has been occurring since 1950, and the signs now appear to point to its continuation. If people do not want this change, it is they who will make up their minds against it. If they do want it, predictions will not sway them in an opposite direction.

"You can put them to work profitably today."

## A Note To Parents

All you boys and girls who are experiencing difficulty with mathematics and physics, take heart. Dr. Werner Von Braun, who was educated in Germany and is now the United States Army's top missile expert, once flunked the two subjects. Said the distinguished scientist: "I flunked classes in math and physics when I was 12 or 13. Later on I picked it up."

Today our country and the other free nations are depending upon Dr. Von Braun to keep us in the race with the Russians, scientifically. If we reach the moon, the credit will probably go to him.

The moral: don't condemn a junior simply because he flunked a subject or two — he might eventually turn out to be a genius.

## The Army Still Needs Men

Atomic weapons will not materially reduce the number of soldiers in the field. The notion has been expressed that a few bombs, strategically distributed, would put the enemy at our mercy, making ground troops superfluous. The Defense Department does not think so.

A study of military maneuvers conducted by the Seventh Army in southern Germany indicates that the new bombs would largely destroy existing armies on both sides. The losses would then have to be made good with reserves from the rear.

Atomic installations would have to be widely scattered to guard against their destruction, thus opening the way to small infiltration units. And, even if the front lines could be more thinly manned, the services of supply in the rear would need as many men as ever.

Evidently it will be a long time before modern war becomes a duel between two commanders, each pushing buttons, without infantry on hand.

Senator Knowland predicts Congress will wait until June to decide whether to cut taxes. It should make a most acceptable wedding gift for thousands of June brides and bridegrooms.

fray expenditures made by such district which, if paid or incurred by the taxpayer, would be deductible as above.

The term "land used in farming" means land used (before or simultaneously with the expenditures described above) by the taxpayer or his tenant for the production of crops, fruits, or other agricultural products or for the sustenance of livestock.

The number of Indians in America at the time of Christopher Columbus' arrival has been estimated at about one million, 218 thousand.

## Look Ahead At Top World News

**By UNITED PRESS**

United Press correspondents around the world look ahead to the news that will make headlines.

**Mountebank**  
 Insiders bet the Army will get first crack at the moon with its Jupiter C missile. Prospects are good for a moon shot by the United States this year and the Army seems to have the inside track with the type of vehicle that launched the first American satellite, although the Air Force Thor still is in the running. The object is to get some kind of missile to the moon to regain the prestige lost to the Sputniks and pave the way to the research essential for supremacy in the space race.

**Summit Summary**  
 Bank on some new Russian move to make the idea of a summit conference more acceptable to Washington. Probable gambits: A proposal to hold it in the fall, rather than this spring, to give the diplomats more time to thrash out details. And a proposal to stage the meeting in Canada or Mexico. Reasoning behind this is the known fact that Eisenhower doesn't want it in Washington. While the United States favors Geneva, Switzerland, the doesn't want to get too far from home base. The Reds have made some loud squawks about it, so figure Canada or Mexico might be more enticing to him. And they

don't care much where they go.

The Japanese government will okay a private trade pact between Japanese firms and Communist China, objections from Nationalist China notwithstanding. Nothing political. Just dollars and cents. Japan will try to soothe Formosa by suggesting a resumption of their presently-covered trade relations.

**Clash and Danger**  
 Expect more clash and danger charges out of Korea. The Republic of Korea air-liner last month by the North Koreans was only one incident. The Reds have been kidnaping South Korean fishermen. Object by both sides of course is to pick up information. The Reds have made some loud squawks about it, so you can judge the ROKs have

been getting the better of the deal.

**Revolving Door**  
 Give French Premier Felix Gaillard a shade over a 50-50 chance to survive the French political whirl for another few months. Some pundits even give him six months, with the help of the Easter parliamentary vacation, political side attractions in local elections, and the summer recess which lasts until October. After that, no one can guess.

**Fight**  
 If Sugar Ray Robinson takes back the middleweight title from Carmen Basilio in Chicago, he'll bring back the old million dollar gate—doubled. A Robinson win would clear the way for a rubber match outdoors, in New York later this year with an estimated gate of two million dollars.

**GOOD SHOW**  
 MANILA — Police, provided a book in which visitors to their exhibit on how criminals operate might write comments. Today they read with chagrin this notation: "It was a lousy burglar before but after looking at your posters, you bet I'll be a better one now."

**THREE SUICIDES A DAY**  
 TOKYO — The Kyodo News Agency said today 166 families committed suicide in Japan during the first two months of 1958, an average of three a day.

**QUAKE IN TOKYO**  
 SENDAI, Japan — A fairly strong earthquake rocked this city north of Tokyo today. The Sendai meteorological station said the quake occurred at 5:30 a. m. There were no reports of damage.

The average life of an automobile in 1958 is more than five times longer than it was 50 years ago.

**CYPRESS GARDENS**  
 "IT IS A PROFOUND MISTAKE TO THINK THAT EVERYTHING HAS BEEN DISCOVERED"

(Author's Name Below)

The past few years have produced many important medical discoveries. Research scientists agree that 1958 will bring us more good news. The pharmaceutical manufacturers have greatly increased their research funds to develop new drugs and better treatments. We stock all new medicines as soon as they are released.

Your physician knows he can prescribe any medicine, old or new, and it will be compounded exactly as he specifies.

## Foreign News Commentary

**By CHARLES H. BROWN**  
 United Press Staff Correspondent

While the rest of the "summit" is now well under way, no one seems very hopeful of reaching any positive agreements at the meeting.

September is being suggested as the probable time and Geneva, Switzerland, as the probable place.

But the United States and Russia are engaged in a long-drawn-out exchange of hithering communications and statements on the forthcoming conference.

**Wants Preparatory Meeting**  
 The hithering involves both the extent of preliminary diplomatic preparation for the "summit" meeting and the issues to be discussed when the meeting is held.

The United States insists that either through a meeting of the "Big Four" foreign ministers — the United States, Britain, France and Russia—or through ordinary diplomatic exchanges, a substantial basis of agreement should be reached in advance.

In taking this position, the United States wants to make sure that Russia fully agrees to reach agreements on big world issues, not simply to use the summit meeting as a propaganda medium.

**Limited To Six Days**  
 For a long time, Russia rejected completely the proposal for a foreign ministers' meeting. Now it agrees that such a meeting might be held. But it insists that the foreign ministers should discuss only the details of organizing a summit meeting.

If this limitation were imposed, it would mean that the summit

discussions would be held without any insurance of success.

There is considerable suspicion that this is what Soviet Premier Nikolai A. Bulganin and Communist Party Leader Nikita S. Khrushchev really want. That is, they have no intention of trying seriously to reduce world tensions but hope to make the conference a valuable setting for tub-thumping speeches.

President Eisenhower can hardly be expected to relish the idea of taking part in any such spectacle.

**LAFF-A-DAY**

Another good thing about this job... you'll be off your feet most of the time.

MR. AND MRS. MICHAEL DEETER, as they leave the First Presbyterian Church after their wedding Sunday, March 23. (Photo by Bergstrom)

## Barbara Lillian Smith Becomes Bride Of Michael Deeter Sunday

The First Presbyterian Church was the scene Sunday afternoon when Barbara Lillian Smith became the bride of Michael Lee Deeter. The bride is the daughter of Mrs. Lillian Cortez Smith and the late Mr. Smith. The groom's parents are Mr. and Mrs. M. W. Deeter of Elwood, Ind.

The Rev. A. G. McInnis officiated in the double ring ceremony. The church was decorated with baskets of white gladioli and pom-poms. Philodendron and candelabra filled with lighted tapers completed the scene.

## Ladies Aid Will Have Smorgasbord April 19

The Ladies Aid of the Lutheran Church of the Redeemer met Thursday at 7:30 p. m. at the church. The meeting was called to order by the President Mrs. Arthur Mohler. The devotion was given by Mrs. Bill Southward who stated as her topic "Unforgiveness Spoils Everything".

Committee reports were given. Further plans were made for the smorgasbord which will be held at the church April 19th from 5:30 to 7:30 p. m. Mrs. Vernon Johnson and Mrs. Wm. Hendrick, co-chairmen of the smorgasbord, stated they felt it would be a very successful affair.

## Calendar

**TUESDAY**  
Anna Miller Circle will hold elections of officers for coming year next Tuesday night in Elk's Lodge Room at 8:00 p. m.

The Handmade Pinet Club will hold a dinner meeting at 8:00 p. m. at the Youth Club.

"We should've known they'd keep their valuables at the..."

## On The Bookshelf

**Library Week** (March 10 through 20) has come and gone. Whether it was successful or not remains to be seen. The purpose of it was for a better read, better-informed America. To most Americans "reading" and "library" are like ham-and-eggs.

Have you ever taken stock of your library? For example—does your library compare with the standards set up by the state library agency? Is the building adequate or is it inadequate? Are there facilities adequate for children and young people? Many more questions could be asked your librarian and she will be glad to answer!

**New Section** just out: "Jephthah and His Daughter" by Frank Swannell is a tale of Old Testament times. It brings to life a compelling portrait of the hero, Jephthah, the son of a harlot, reborn of his inheritance by his brothers, who found in himself strength of spirit and body to rise to be Judge in Israel. To reach his goal, Jephthah had to battle his family, the high priest and his god Yavon who in the end required him a cruel and awe-inspiring sacrifice, the life of his beloved daughter, Jael.

**"Greenage Summer"** by Rumer Godden is the story of five English children on their own for part of a summer in a little town on the Maine. Unwillingly, the children were they have been stranded, they are forced to develop a secret life of their own, while they watch with knowing eyes the comings and goings of the older people. The action unfolds with the ingenuity and suspense of a mystery story.

**"Blazes Reach"** by Gaskin (takes place in an ancient manner house on the English coast at the time of the French Revolution. Jane Howard returns to her ancestral home after the death of her mother and takes up the locally respected profession of smuggling, to recoup the family fortune. Full of romance, mystery and intrigue (by the author of "Bara Dane").

**"Giddy Mamma!"** by Gilbreth is a comic novel of an upheaval in the cosmetics industry. Maybelle Dent, experimenting with a box of beauty preparations, produced a new beauty called Giddy Mamma. When women discovered that the new lipstick made them literally irrefutable, there was no holding them.

## Conning The News

It is with much thought that I take to my typewriter tonight, since I wish to remedy our damage I may have done in statements made yesterday regarding the Episcopal convention which was to have been held in Sanford. My only defense is to plead ignorance—not maliciousness, since I hear no ill will to anyone. Insurance is an great a fault, and the same fault which cost us the convention in the first place.

**New Members Elected To O.E.S.**  
Shamrocks and green candies were the order of the day at the meeting of Seminoles Chapter No. 3 on March 23th. In honor of St. Patrick, patron saint of Ireland, a paper chain representing the "unbroken chain of a world friendship" was strung around the room to embrace all the members, while Mary Elizabeth Thompson sang a special song to the tune of "When Irish Eyes Are Smiling."

Memorial was read and the altar draped in memory of Post Grand Master of the Grand Chapter of Florida, Mrs. Florence Carter. The birthday guests of the evening were Mrs. Hamilton, Mrs. Henry Bullard, Mrs. Alberta Rowland, Mrs. Ethel Purifoy, Mrs. Ethel Newsham and Mrs. L. Bruce Meyer. They were presented with gifts and serenaded with "Happy Birthday to You."

**Mrs. Morrisey Wins VAH-11 Bridge**  
Wives of VAH-11 held a bridge party Wednesday at the B. O. Q. Hostess was Mrs. Dottie Malleson.

Attending were Mrs. Polly Hatch, Mrs. Helen Cobb, Mrs. Dottie Nelson, Mrs. Winnie Morrisey, Mrs. Pat Trout, Mrs. Emily Carlin, Mrs. Peg Butts, Mrs. Jo Ann Thompson, Mrs. Kay Downs, Mrs. Thelma Frenstess, Mrs. Ann Purdy.

**Costs start flaring** several inches above the waist and are more colorful this year. The most important raincoat, for example, is the bright red with brass buttons. The bright duster, in tan with exciting prints, remains a style leader. Fabrics are softer, lighter and many are spot-resistant.

**New films from books** in our library: "Quiet American" by Graham Greene, with Audie Murphy; "Bitter Victory" by Ross Hardy, with Richard Burton and Ruth Roman; "Bachara" by Dostoevski with Yul Brynner. We are not quite certain how to pronounce the "Brothers", but after much delving find it is pronounced with accent on the "ma".

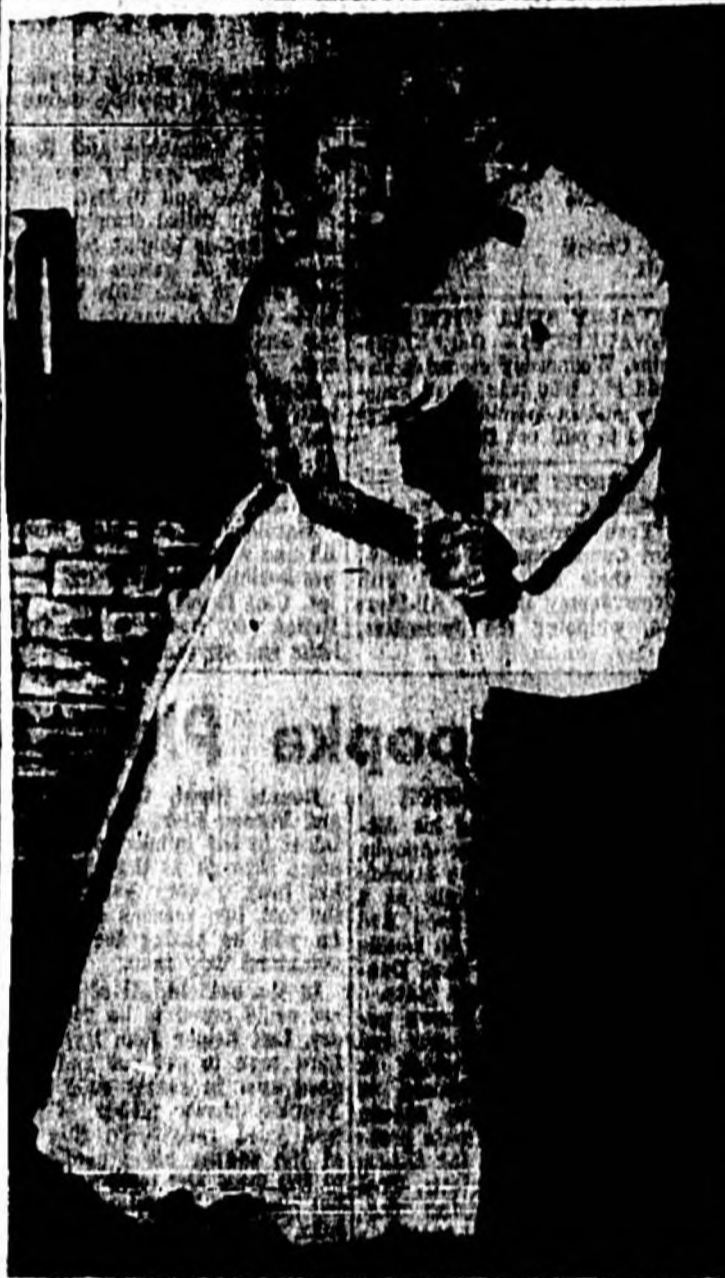

## Final Plans Announced For Wedding

Miss Louise Jane Rotundo, daughter of Mr. and Mrs. Michael Rotundo of Geneva will become the bride of Lt. (jg) Tobey Edmund Williams Friday night at 8:00 p. m. The groom-elect is the son of Mr. and Mrs. Robert E. Williams of Rome, N. Y.

**Meeting Of Two Groups Sated Tonight At 7:30**  
Committee chairman of the Gamma Omega Sorority and the Jaycee Wives Club will meet at the home of Mrs. Elina Crittenden tonight to discuss plans for the fashion show at the new Civic Center May 2.

**Personals**  
Mrs. Tony Russel and sons of Jacksonville are visiting Mrs. Russel's parents, Mr. and Mrs. J. Cook. Mr. Russel is attending a seminar for Postmaster Life Insurance Companies in Orlando.

**Mrs. G. A. Maffitt** is expecting her brother, W. Floyd McKee, his wife and daughter, Sandra from Kanab, Ill. on Wednesday. Sandra is a Junior at Northwestern University. They will go to Clearwater on Saturday, to visit Mrs. Maffitt's sister, Mrs. C. W. Hamilton.

THE MUSIC WAS DREAMY, as testified by Sandy Lee and Al Collins as they attended the Junior-Senior prom Friday night at the Mayfair Inn. Pete Bukur and the Populaires played for the dance. (Photo by Bergstrom)

## Church Calendar

**TUESDAY**  
The Waco Bible Class of First Methodist Church meets at 7:00 p. m. in McKinley Hall for a covered dish supper.

**WEDNESDAY**  
Girl Scout Troop No. 148 of the First Presbyterian Church will meet in the Youth Building at 3:30 p. m.

**Lake Mary Circle Meets In Keogh Home Tuesday**  
LAKE MARY—Tuesday evening Circle No. 2 met at the home of Mrs. Richard Keogh on Century Club Road. Mrs. Keogh led the devotion. Mrs. Ruby Linden, Circle Chairman, presided at the business meeting. Mrs. Eugene Gill, secretary, resigned effective the last of April and expressed her regret at leaving Lake Mary at that time.

**Workshop Planned For Officers**  
At a recent meeting of the Christiana Women's Fellowship of the First Christian Church, it was announced that a business women's retreat will be held April 19 and 20 at the church conference grounds at Silver Springs.

## Phoenix Beats Corpus Christi 3-2 Sunday

By JERRY COVINGTON

The Phoenix Giants pushed across a run in the seventh inning here yesterday to defeat the Corpus Christi club, also of the San Francisco Giants farm system, by a score of 3-2. A nice

and the finest baseball that was played by both clubs. The next game will be the Phoenix club facing the Mississippi Millers here Tuesday at 1:30. There is no admission charge and the public is cordially invited by General Manager Roy Ryan.

Pitcher Gil Bassett came in in relief in the third inning for Phoenix and pitched flawless ball for the winners. Corpus Christi managed to push across a run in the second and one in the third but this was all Bassett would allow.

The big blow for the winners was a 340 foot homerun by Jack Lewis in the first inning, homered, and went down twice by

at Corpus Christi. The game for Phoenix added excitement to the contest.

The winning run came in the seventh inning when Joe Amalfitano walked, stole second and was driven home by a line single to right by Jack Dittmer. The winning run was at the expense of loser De Jesus, Cuban rookie for Corpus Christi.

Third baseman Bobby Smith led Corpus Christi at the plate with two singles for three times at bat. Manager Red Davis stated today that the Giants are sending Steve Rickard, outfielder, and Max Surbent, pitcher, to bolster the Phoenix lineup. Davis will be unable to set his lineup until the San Francisco club has cut the squad to the player minimum.

Corpus Christi 2 R H E  
Phoenix 3 10 1

**SERIES EVENED** — JERSEY CITY, N. J. — The New York College All-Stars, led by Jim Cunningham of Fordham, evened their annual series with the New Jersey College All-Stars at 5-5, whipping the Jerseyites, 81-67.

## SHS, Apopka Play Here Tonite

By JERRY COVINGTON

Coach Bud Laver and his diamond ace will face the Apopka Blue Darters here at the Municipal Stadium Tuesday night at 7 p. m. Laver will call upon Red Smith or Eddie Barbour to handle the mound chores and Cecil Dandridge will be behind the plate.

The Seminoles have shown potential in the early season and could have enough pitching in Smith, Barbour, and Barnes, to carry them through the season very successfully. The main problem at the moment is the failure to hit in the early contests. This will be the determining factor in the success this season.

Many of the Seminole players have potential as hitters but to this point haven't come across. Big Billy Tyre has been the only player to show a good eye and has hit the ball solidly. Tyre could be the big gun in the lineup.

Ronnie Russel, George Harriet, and Vernon Kirk, have all shown talent in the infield but have not come through at the plate. Russel has been a very good hitter in the last two seasons at SHS and he will be hitting the ball with command very soon.

In the outfield, all of the starters could prove to be good stickers. Left fielder John Barley is a hard man to get out and has a good eye. In center field Johnny Yeakle shows plenty of speed and good range. To this point of the season his greatest asset to the team has been his fielding but he could be a very dangerous man at the plate. He should be one of the outstanding boys this season.

In right field "Dr. Mac" MacMurray has landed the starting spot. Mac is the best student of the game and is valuable anywhere he plays on the field. He

has a good working knowledge of the game and is able to help his team mates out on numerous occasions. Mac has failed to hit at all this season but, like his teammates, possesses the ability if he will only come through for Coach Laver. Mac is also a pretty sharp pitcher if Laver finds occasion to use him.

The Seminoles were hurt greatly this season by the loss of Bobby Johnson behind the plate. Bobby was hurt on a play at home in the opening contest against Mainland and will be out for several weeks. Cecil Dandridge again proves himself a great little athlete by being able to jump in and deliver behind the plate. Cecil is one of the most versatile athletes the school has ever seen and is able to help in just about any position. He possesses many rare traits in all sports. Good luck Seminoles!!!

## Capt. Reedy's Team Wins Golf Tourney

Sunday afternoon the Mayfair Men's Golf Association held a golf tournament for members of the association only. The field consisted of 10 teams, four men per team. The point system as used in the pro-am tournaments was employed, with one exception. In the pro-am tournaments the low handicap or more skillful players are selected as team captains; however, in this tournament president John

Ivey and tournament chairman Sonny Powell decided that the high handicaps or less experienced golfers should be honored by allowing them to draw their teams and be the team captain for a change.

The winning team led by Captain J. R. Reedy, Commodore of Heavy Attack Wing One with members Roy Holler, Kirby Fite, and retired Naval officer, Vernon R. "Curly" Dunn managed to finish with a plus 10 to win first place without serious opposition. The Commodore led his boys to victory by setting a fine example for them to follow. He finished with a blistering plus three, and had a fine birdie three on the 15th par four hole for four points.

The second place team led by Harold Kastner and composed of R. S. Blumhimer, H. "War Horse" Melnick, and Sonny Powell finished with a plus four.

The third place and last team to finish in the money was led by Elmer Boerner, and composed of L. J. Leary, C. E. Overstedt, and E. J. Hill finished with a plus three.

Cluzewski will do the job at first. Of what I've seen of him so far, I'm optimistic.

If Kluzewski makes it at first and Thomas at third, the Pirates could wind up with four 300-hit infielders. For Dick Groat, who batted .315 last year, will be at short and the slick-fielding Bill Mazeroski at second.

The Pirates also have a hard-hitting starting outfield trio. It will be Bob Skinner in left, Bill Virdon in center, and Roberto Clemente, with one of the best arms in the business, in right.

For infield utility duty, Murtaugh has Gene Baker, Gene Freese and Johnny O'Brien. Roman Mejias, who hit .375 in 56 games with the Pirates last season, and rookie John Powers are available for outfield reserve duty. Murtaugh is high on both of them. Powers hit .284 for Columbus in 1957.

Hank Folles will be the No. 1 catcher with Dick Rand and Dan Kravitz back of him.

## Pirates Need Ted Kluzewski

By LEO F. PETERSEN

FORT MYERS, Fla. — Danny Murtaugh believes his Pittsburgh Pirates can move into the first division in the National League this season if big Ted Kluzewski can come back.

Kluzewski's big bat, added to that of Frank Thomas, would give the Pirates one of the best one-two long-ball punches in the league and they have plenty of other hitting potential to go along with it.

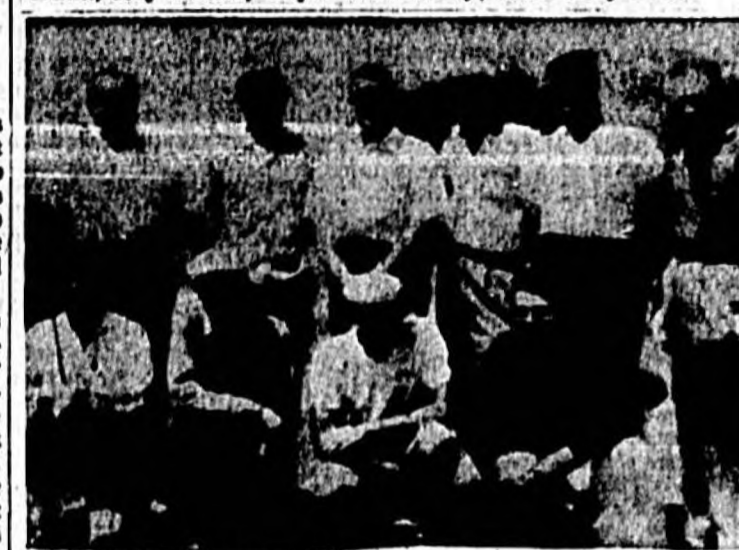

But, as usual, the Pirate's overall pitching picture is not a bright one and Murtaugh admits that is the one department which has him worried. His hurling thins out after starters Bob Friend, 14-13 last season; Ronnie Milne 9-18 and Vern Law 10-8 and relief ace Elroy Face 4-5.

Kluzewski, bothered by a bad back the past two seasons, is determined to come back, not only to help his new club but also to show his old one, the Redlegs, that they made a mistake in letting him go. Ted has had a special heavy corset made for his back and hopes that will help. His back doesn't bother him at the plate, but hampers him in the field.

If Ted can make it, it will free Thomas, who hit .300 last year with 23 homers and 80 runs batted in, probably for third base.

"I can play Thomas at first, third, right or left field," Murtaugh explained. "But I hope

WINNING TEAM IN THE Sunday afternoon Mayfair Mens Golf Association Tournament. (Left to right) Curly Dunn, Roy Holler, Capt. R. J. Reedy, and Kirby Fite.

TEAM CAPTAINS IN THE Sunday afternoon Mayfair Mens Golf Association tournament. They are: front row (left to right) W. J. Peter, Harry Woodruff, Elmer Boerner, Capt. J. R. Reedy, Gordon Frederick, Dan Wright, and Harold Kastner.

## Clarks On Top In Mixed League

The Sanford Mixed League has four weeks of bowling before the end of the season.

Clark's Plumbing and Heating is still in the lead by two games with 21 won and 10 lost. Powell's Office Supply is close behind and is holding onto second place with 21 games on the win side and 13 lost. This team also holds the high average in the league and the high team scratch of 2381.

Appliance Mart is in third place with 19 won and 14 lost. Lou's Bar and Grill is next with 14 won and 19 lost. Harvey's Plumbing Co. and Hunt's Tuxedo Feed Store are tied with 11 wins and 23 lost.

Harold Ring has high single of 197 and a 523 series with Bill Tanner holding onto a 197 and 506 series. Carl Rogel has a 190, Andy Bolton 186, Cooke a 182, George Kens and Jim Maloney are tied for

third high series with a 484 while Cooke had a 460 and Paul Gentry a 470.

Ellen Betts and Dot Powell are the two top women bowlers in the league. Dot Powell hit a 176 and a 432; Ellen Betts had a 183 and a 430 series. Gladys White, also one of the top bowlers of the league, hit a 160 for a 440.

Spills were picked up by Pat Foster 4-7-3; Ellen Betts 6-7-10; Gladys White 5-7, Cook and Gentry also made the 57 split.

Meeting next will be the Appliance Mart and Lou's Bar and Grill; Clark Plumbing and Heating will meet Harvey's Plumbing; while Powell's Office Supply and Hunt's Tuxedo Feed Store will meet.

Sirius, the dog star, is 27 times as bright as the sun

## Today's Sports Parade

By OSCAR FRALBY United Press Sports Writer NEW YORK — The road show of "Carmen" goes before a tough second-night audience in Chicago tonight.

The first time around, they were being tragically "melodized," started the demon critics by winding up in a walking position. There is a suspicion here that they'll get back to the original theme next time and Carmen will end up on the deck.

Carmen, of course, being Carmen Basile. And the role of Don Jose, who in Bizet's tragic opera does Carmen in with all the finesse of Murder, Inc., will again be played by that gladiatorial thespian, Sugar Ray Robinson. Originally Four Aces.

The hit about the gypsy who loved with Don Sugar Ray's feelings originally was written in four acts. The last time it went 15 and, while this was longer than anticipated, there is a feeling here that Don Jose Robinson will pull the athletic time around about the seventh act.

Reviews of the premiere by the best of the going. When last presented at the city by less numerous, more articulate and prettier professionals, the drama critics wrote:

## League Semi-Final Playoffs Tomorrow

Providence will be at Hershey and Springfield at Cleveland Wednesday night when the American Hockey League's Calder Cup semi-final playoffs get under way. The Reds wound up the regular season on Sunday with a routing, 8-1, victory over the fourth-place Indians; the second-place Barons shaded the champion Bears, 4-3; and the fifth-place Rochester Americans downed the last-place Buffalo Bisons, 6-4, in other season finales.

GEORGE DRIVES TO VICTORY DAYTON, Ohio — Elmer George of Indianapolis, Ind., won the 20-lap feature race on the Dayton Speedway's 1958 spring car opening event. George also won the opening eight-lap race to earn \$1,000.00 of the total \$5,000 purse. Eddie Sachs of Center Valley, Pa., was runner-up in the feature.

# Middleweight Champ Says Too Tired To Decide On 'Rubber Match'

CHICAGO (UP)—Sugar Ray Robinson, the ring's "miracle man" who fought his heart out to win the middleweight crown for an amazing fifth time, was too exhausted today to decide about a "rubber match" with hero, half-billed Carmen Basilio in June.

Robinson, who had to be half-carried out of the Chicago Stadium after recapturing the 160-pound crown from gallant, blood-smeared Carmen, lay listlessly on a bed this morning as he told a press conference:

"He's the toughest guy I ever fought — and I'm too all-in to consider fighting him again now." He was uncertain whether to continue in the ring or to retire as champion and go into movies. Promoter Jim Norris said, "It'd be a delight to arrange a third Robinson-Basilio match in June after their two great fights."

And Basilio with his left eye tightly closed from the 6th round to the finish, made one of the greatest defenses ever seen in any ring, as he risked the title for the first time in a six-fight battle that had the fans on their feet in almost every round.

Robinson, weighing 130 3/4 pounds to Carmen's 138, was much more aggressive than in their September bout, and his long left jab, left hooks, and right uppercut several times hurt the rugged Cuban farmer's son who in 72 fights had never been stopped and has been scored only once.

Because of Ray's aggressiveness and Basilio's natural wade-in style, the fight quickly developed into an ultra-rough match in which each tried to batter the other with forbidden "rabbit punches" to the back of the head, belt one another when referee Sikora was breaking them, and built at times with the head.

At the finish, after Basilio had been on the verge of groggy land in the 15th round, the two judges, voting on a five-point must basis favored Robinson: John Bray, 71-64, and Spike McAdams, 72-64. But referee Sikora had Basilio a head, 69-63.

Robinson Takes Early Offensive In the early rounds Robinson took the offensive, but Basilio's counter charges in the 1st and 2nd sessions gave him an edge. Sugar Ray came on strong in the 3rd and brought blood to Carmen's nose. Basilio rallied to take the 4th with combinations to the body and head. Then Ray came back and buckled Carmen's knees in the 5th with hooks and uppercuts. In the 6th, Ray closed Carmen's left eye with a right uppercut. Then Basilio rallied and gave battering in the 7th and 8th that it seemed he knocked out.

Carmen's left brow was cut in the 10th. From the 11th through the 14th it was Sugar Ray who appeared likely to stop Basilio in their terrific exchanges. Carmen was staggered in each of those sessions and in the 15th only his fighting heart kept him from going to the canvas. It was Basilio's 13th defeat in 72 bouts and it ended his regime as middleweight king at six months and two days. It was Robinson's 14th victory in 150 starts.

### Weather

Mostly cloudy with showers early tonight becoming partly cloudy late tonight and Thursday. Little cooler Thursday.

# Indonesian Government Forces Near Padang

SINGAPORE (UP)—Indonesian central government forces, staging a two-way drive against the rebels in central Sumatra, reported tonight they had reached within 70 air miles of the insurgent headquarters at Padang.

The rebel radio stations at Padang and Bukittinggi failed to go on the air for their regularly-scheduled broadcasts tonight. Singapore monitors listened in on the usual call bands of these stations, but heard nothing. There was no indication why the stations were silent, but observers here speculated it may have been due to trouble in the rebel lines.

One government column pushed off from recently-captured Rengat in the heart of the Stanvac oilfields and the other from Pakanbarau in the Calix oilfields. Stanvac and Calix are American-owned.

Fighting on the Southern front centered late in the day around the small town of Lubuk Djambi, about 20 miles north of Tokoh which was occupied early Tuesday.

The Indonesian Navy announced it had cut-off the last sea supply routes for Padang by mining the waters off western Sumatra. Earlier, the Jakarta naval forces had captured a Danish freighter which had run the blockade into Padang and then left that harbor Tuesday in answer to a loyalist ultimatum.

## Mental Health Is Pilot Club Speaker's Topic

Declaring that "Mental Illness is classified as the number one health problem today," Mrs. Stanley Piskorski, secretary of the Seminole County Mental Health Association, speaking before members of the Sanford Pilot Club last night, stated that "Mental Illness" should not be confused with "Mental Infirmity."
