(Continued From Page 1) Conrad and Bean will transfer into the command ship and later today the astronauts plan to deliberately crash Intrepid on the moon, about 15 miles from Apollo 12's base, to waste a moonquake device left on the surface. Then they'll spend an extra day in lunar orbit, photographing future landing sites before splashing back to earth Friday. Splashdown is scheduled for 3:57 p.m. Monday in the Pacific Ocean.

113 GIs Killed In Week

Saigon (AP) — The U.S. Command reported today that 113 Americans were killed in action in Vietnam last week, 16 more than the week before and the highest toll in two months. Official sources said, however, they did not consider the increase significant enough to affect any further American troop withdrawals that President Nixon might plan.

Kennedys Attend Father's Rites

By CORNELIUS F. HURLEY
 Associated Press Writer

HYANNIS PORT, Mass. (AP) — Former Ambassador Joseph P. Kennedy's funeral Mass today was planned around his only living son and his grandchildren.

The Mass was for the family and close friends, with burial to follow in the family plot at Holyhood Cemetery in Brookline, a Boston suburb.

Kennedy, father of President John F. Kennedy, died at his home here Tuesday at 81. A wealthy financier, he had served as U.S. ambassador to Britain from 1936 to 1940. Sen. Robert F. Kennedy, like President Kennedy, the victim of an assassin's bullet, was another of the former diplomat's sons.

A family spokesman said the Mass in St. Francis Xavier church here would be "devoted to the grandchildren, some of whom never knew the ambassador until after he became ill" the result of a stroke that incapacitated him eight years ago.

The role of celebrant was filled by Richard Cardinal Cushing, archbishop of Boston and a long-time family friend.

The family spokesman said Sen. Edward M. Kennedy would speak at the opening of the Mass in tribute to Ann Garagan, a niece, "in all attention to her great devotion and love for her father." She was the ambassador's constant companion from the time he suffered a stroke in 1961.

A Zapper

VANCOUVER (CP) — Zap, zap will be all the sound a logger of the future using a laser will make, if Sen. Richard J. Lehman of Vancouver can prove his laser logging theory. His idea is simple: A logger would aim a laser beam on a tree trunk, and the laser beam would cut through the tree up to three miles away. He presses the button and the tree tumbles. Lehman says the first laser logger would cost about \$100,000 and weigh about half a ton because of the power supply but mass production could bring the cost down to \$10,000 and the weight to 50 pounds, about what a power saw weighs.

Kennedy also planned to read his own eulogy, an excerpt from a privately published book, "The Flowering Bough," containing a collection of essays about the senior Kennedy, and to read a prayer written by the ambassador's widow, Rose. Assignments as altar boys went to five grandsons. The reading of the epistle for the day and of other prayers not listed in the altar boys' program to the altar boys.

Eight of the Kennedy granddaughters were designated to act as the congregation's representatives at the offertory in bringing to the altar the sacramental wine, water and communion hosts in a chalice.

A choir of 30 nuns and students from Newton College of the Sacred Heart in Newton came to provide music during the Mass, accompanied by the church organ.

Plans were made, however, for the grandchildren together to sing a processional hymn, "Holy, Holy, Holy," at the opening of the Mass and the recessional hymn "Holy God We Praise Thy Name" at the close.

Earthquake Rattles Furniture In Northeast

By THE ASSOCIATED PRESS

A furniture-rattling earthquake startled residents of eight eastern states Wednesday night, but caused no reported injuries or damage.

Southern Ohio, Virginia, West Virginia, North and South Carolina, Kentucky, Tennessee and Georgia felt tremors for about 10 seconds at 8 p.m.

The National Earthquake Information Center in Rockville, Md., said the quake measured 4.75 on the Richter scale, strong enough to break windows. The tragic Alaskan quake of 1964 measured 6.5 Richter.

"People in this area aren't too used to earthquakes," a spokesman at the center said. "This is the strongest one we've had in quite some time far east."

The quake's center was in West Virginia, 60 miles west of Roanoke, Va., and 70 miles southeast of Charleston, W. Va., the center said.

In Charleston, Gov. Arch Moore Jr. said he felt the governor's mansion shake as tremors "made my desk jump two inches."

In Cincinnati, Audrey Falkenstein said she was in her room when the tremor hit. "There was a plant across the room and its leaves were shaking," she said.

Wytheville, Va., reported its telephone and electric service was disrupted by the quake.

On Nov. 9, 1968, a quake that measured 5 on the Richter scale hit Illinois, with tremors felt in 23 states and Canada. Last July a tremor felt through most of Tennessee measured 3.5 Richter.

"This one was sharper than the one which hit the state last July," said Mack Morris, manager of WBEZ Radio, Elizabethton, Tenn. "It almost shook our equipment out of steel racks at the station."

Larry Gray, a student at the University of Tennessee at Knoxville, said he was in his 10th-floor apartment during the tremor. "It just jarred the building a little. It wasn't nearly as bad as the one we had last July. That one was longer and really shook things," he said.

Pentagon Desires Nuclear Springboard

By BOB HORTON
 AP Military Writer

WASHINGTON (AP) — The Pentagon has told President Nixon giving up Okinawa as a nuclear base would seriously damage the U.S. deterrent against aggression in the Pacific by such countries as Red China.

Defense officials, reporting this, say they expect some "special arrangement" to emerge from this week's discussions between Nixon and Japanese Prime Minister Eisaku Sato over Okinawa's expected reversion to Tokyo's control in 1972.

The arrangement, presumably would permit U.S. use of a nuclear base would seriously damage the U.S. deterrent against aggression in the Pacific by such countries as Red China.

LBJ Pondered War Over Domino Game

NEW YORK (AP) — Lyndon B. Johnson told his brother of doubts about Vietnam policy over a game of dominoes in the White House. Sam Houston Johnson says.

Sam Johnson, who lived in the White House during his brother's presidency, recalls the dominoes game on "a particular night in February 1968 in the current issue of Look magazine. The President pondered his next domino move, then told his brother, 'That's just the trouble, Sam Houston, it's always my move. And, damn it, I sometimes can't tell whether I'm making the right move or not.'"

Sam Johnson wrote.

The President continued, Sam Johnson said. "I think this Vietnam mess: How in the hell can anyone know for sure what's right and what's wrong. Sam? I got some of the finest brains in this country—people like Dean Rusk, Walt Rostow and Dean Acheson—making some awful strong and convincing arguments for us to stay in there and not pull out."

"Then I've got some people like the George Ball and Fulbright, also intelligent men, whose motives I can't rightly distrust—and telling me we've got to de-escalate or run the risk of total war. And, Sam, I've got to listen to both sides."

Rusk was Johnson's secretary of state; Rostow an adviser on security problems; Acheson was President Truman's secretary of state; Ball, an undersecretary of state and Sen. J. William Fulbright, D-Ark., chairman of the Senate Foreign Relations Committee.

As the President pondered which domino to play, Sam Saigon is situated on a loop of the Song Sai Gon, the Saigon River. In the 18th century it was a walled bastion built by Vietnamese overlords from the north. It became a tree-shaded, spacious colonial capital under France's 19th century empire.

WHY YOU SHOULD VOTE FOR EARL HIGGINBOTHAM

FOR MAYOR-COMMISSIONER ON DECEMBER 2
SOUND AIRPORT ACCOUNTING PROCEDURE NEEDED

The Airport should be a department of the City of Sanford, Florida with the Manager making reports to the City Commission. The Airport Department should be under a budget, and all budgets are to be approved by City Commission. I further feel all leases, and other matters outside of approved budget should be submitted to the City Commission for approval.

If the City of Sanford is required by GSA & FAA to pick up all deficits at the Airport, then it makes good sense to also control the expenditures of the Airport to see that the money is properly accounted for. This also should include approval of salary schedule for all employees, including employees under contractual arrangement.

I understand we now have 35 leases signed at the base. To my knowledge they are of a very high caliber and we will do everything possible to help them to continue to enjoy this industrial park to the fullest.

The above procedure in no way will affect them in their operation. It should not in any way meet with any opposition from our Industrial Board Members.

This is to strengthen the line of communication, and to eliminate the complete state of confusion now existing to wit: During the month of April, I made a motion to approve a number of leases and for the Mayor to sign them. In the same motion we instructed the Industrial Commission to sign contract with Clark, Dietz Associates to take care of the base utilities.

Now I find we have 35 signed leases, whereas, we only approved that original number on our desk that night. When we approve something running into hundreds of dollars, this authority does not permit the Mayor to continue signing future leases without first having the Commission's approval. This is a City Commission-Manager form of City Government and the Mayor is still an honorary Mayor, and may only sign papers after they are approved by the City Commission.

If you elect me your Mayor-Commissioner, I will see that matters of this nature are approved before they are signed.

What do baseball players do to keep busy during the winter months? Plenty, according to a survey of winter activities of Atlantic Braves players.

Franklin and Marshall's football captains are known as Least and Little. They are Rick Green, a senior center from Howell, Mich., and Myrnard Little, a senior defensive end from Mooresville, N.C.

SPORTS

Whelchel Tourney This Weekend

The second annual Hugh C. Whelchel Memorial Tournament is scheduled for the Mayfair Country Club this weekend. A Pro-Am will be held at Mayfair tomorrow. The tournament is strictly for amateurs. There are currently 85 entries, and it isn't too late to enter. But Mayfair owner and local pro Mike Whelchel, son of the late Hugh C. Whelchel, informed the Herald that no more than 100 entries would be taken.

HANK AARON RICO CARTY

Among Braves minor league players, Ted Bashore is a social worker in Los Angeles, Dick Saquet is attending law school. Doug King is a fork lift operator, Danny Landis and Larry Mize are construction workers, David Lobb is a plumber, Mike Page a freeman, Dick Sande a sporting goods man, and Bob Tarratt a shipping clerk at a New York City department store.

Prep Forecast

Big games highlight this week's prep football action especially the one pitting Sanford Seminoles against the undefeated Leesburg Yellow Jackets. The Jackets are in control of District Five and Seminoles has to win tomorrow to keep in contention with the Jackets and hope that undefeated Lake City Columbia will knockoff the Leesburg team next week.

The crystal ball has really been in tune lately showing a fine 2-2 season record. Well, I guess we should have one of the three wins over the Riveras.

Shirley Sims' 168-487 geared the G.T.O.'s to three wins against the league leading Bontervilles.

Harriet Dougherty was peg for the Opel Kadettes and Peg Patey led the Wildcats as they split the points 2-2.

Gloria Kennedy and Elaine Marston scored the 2-7 and Jean Nordquist chalked in the only turkey.

Lix Roche was the only member to bowl fifty plus over her average; she will compete in the Bowler of the Week roll off Saturday.

Electras Sweep League

It was a clean sweep for the Electras as Emily Griffith and Lix Roche engineered them to four wins over the Firebirds in the Hemphill Pontiac - Ruck bowling league this week.

Dan Barson's 170-402 and Jim Jernigan's 160-417 were high for the Skylarks as they scored a three point win over the Riveras.

Terry Hanratty's debut as a Pittsburgh Stealer saw the former Notre Dame quarterback throw two interceptions and two incomplete passes before he completed his first. It happened against the Cleveland Browns who won 31-13.

Daytona Beach, Fla., bringing together the nation's top race-for-play-outplay drivers to determine individual national champions. But to the American industry it is the showcase for a serious multi-million dollar business.

Baseball trades are beginning to come back into the light of the sports world this week as the Philadelphia Phillies, who earlier announced a trade that sent Richie Allen to St. Louis, reported the trade of John Callison to the Chicago Cubs.

Also in the trading world, talk has it that George Scott hasn't got much time left with the Boston Red Sox. Word is that the Red Sox are seeking a new catcher, and that Scott is the prime trade bait they are using. The versatile infielder was a disappointment for the Red Sox last season.

In other baseball action, Fred Dent, Seattle businessman, announced Monday an agreement was signed over the week-end transferring majority control of the Seattle Police baseball team to a new group. This would call for a local leader of the team, if it is approved by the American League at their December 4 meeting.

UNIVERSITY OF FLORIDA President Stephen C. O'Connell, right, hosted representatives of the state's greyhound racing industry for a luncheon and the Florida-Kentucky football game Saturday. Shown with President O'Connell are Jack Ledoux, center, president of the American Greyhound Track Operators Association and general manager of the Sanford-Orlando Kennel Club, and Frank Winchel, assistant to Ledoux with offices in Miami. Hounds Deed Day

By CRUCK GILLIE
Herald Sports Staff

LONGWOOD — One more day of planning, and the hard-working Lyman High School Athletic Boosters set to the task of attaining the enormous sum of \$50,000 so that the 1970-71 school year at Lyman will be accommodated with complete athletic facilities, including a baseball field, a track, and especially a football stadium. This Saturday has been set as "Deed Day." On this day, all athletic boosters and Lyman supporters are going out to campaign and sell honorary deeds to help fund the stadium fund.

It has been learned by The Herald that already \$1,000 has been donated to the stadium fund. The money was given by an anonymous donor. Booster's Club president Dallas Baker stated, "The donor has asked to remain anonymous thus far, but we hope he will make himself known during the halftime festivities of the Homecoming game."

This effort by the athletic boosters is becoming an all-out school and community effort. Many different organizations have expressed interest in helping in this drive. It was hoped that the money would have been raised before homecoming this year or at least enough to get construction completed far enough to play the homecoming game on their own field. This became impossible, but now these industries people are already looking to next year.

The hard work and planning done by these people in the past, and what will be done in the future, only exemplifies the concern that the Lyman athletic boosters have for the students of Lyman High School. Their dependability and willingness is bound to pay off for Lyman's cause.

The "Deed Day" activities will get underway Saturday with a parade beginning at 10 a.m. The parade will originate from the inspection station in Casselberry and proceed down 152nd to the Seminole Plaza. At the Plaza they will set up two booths. Continuous music will be presented throughout the day by the bands of Lyman High, South Seminole Junior High and Silver Junior High.

Five In A Row

Bullets Streaking Along

By THE ASSOCIATED PRESS

The streaking Baltimore Bullets notched their fifth victory in a row Wednesday night and eighth in nine National Basketball Association games and still can't rain any ground.

The Bullets, second in the Eastern Division of the NBA with a 12-4 mark after Wednesday's 123-115 victory over Phoenix, have finally begun to click after a slow start that remains 5½ games behind the amazing New York Knicks, who are off to an 18-1 start with 13 straight triumphs.

The Bullets got balanced scoring, led by Jack Martin's 22 points and 21 from Gus Johnson as they broke open the game in the second quarter and led 71-56 at the half.

Wes Unseld and Ray Scott added 18 points for Baltimore while Gail Goodrich had 29 for the Sun in the opener of an NBA doubleheader at Philadelphia.

In other NBA games, San Diego sparked for a 125-118 victory over Philadelphia, Los Angeles trimmed Cincinnati 116-102, Boston blanketed Chicago 122-106 and Atlanta trimmed Seattle 137-116. John Block tossed in 32 points and Elvin Hayes and Jim Barnett added 29 apiece as the Rockets moved to their fourth victory in five games over the slumping Pipers, who dropped 11 games behind New York.

CLEVELAND — Al "Blue" Lewis, Detroit, outpointed Bill McKinray, Sacramento, Calif., 16, heavyweights.

LAS VEGAS, Nev. — Cyclone Barsh, 129-4, heavy, outpointed Strypano Hernandez, 159-9, San Diego, 16.

FACIAL EXPRESSIONS tell the story of two National Basketball Association moments. Los Angeles' Edgin Baylor (above) is fouled by Philadelphia's Larry Costello, and New York's Dick Van Arsdale is elbowed by St. Louis' Bill Bridges.

McCovey Stretches; Takes MVP Award

By JACK HAND

NEW YORK (AP) — Willie McCovey, San Francisco's home run king and runner in championship, shaded Tom Seaver, the New York Mets' ace who led the 1969 National League Most Valuable Player Award Thursday although each received 31 first place votes.

McCovey wound up with 385 points in Seaver's 261 in the balloting of the 24-man committee of the Baseball Writers Association announced by Jack Lang, secretary-treasurer. The secret from each league city was taken after the season and before the playoffs and included only regular season performances. Lang tabulated the votes this week.

Frank Aaron, Atlanta outfielder who ranks No. 3 on the all-time home run list, was third with two first-place votes and 187 points. Aaron won the MVP in 1957 when the Braves were in Milwaukee. Pete Rose of Cincinnati, the two-time batting champ, followed closely by Ron Santo, Chicago's third baseman, with 124.

Tommie Agee and Cleo Jones, who play side by side in the Mets' outfield, were next. Agee had 89 points and Jones, who led the league during most of the summer, had 82 points.

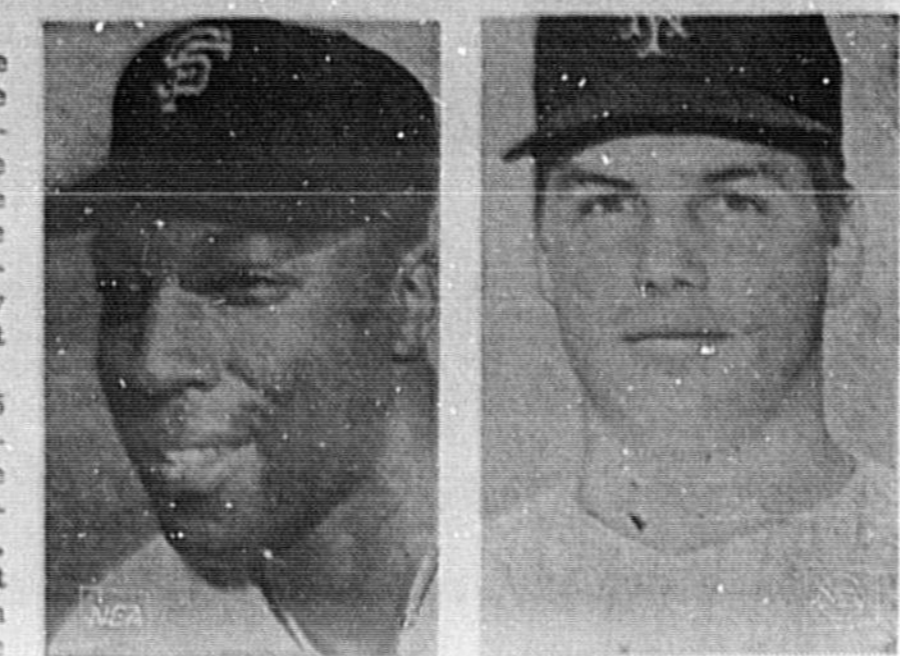

Roberto Clemente of Pittsburgh, the winner in 1966, was eighth with 51 points, followed by Phil Niekro, Atlanta's knuckleball pitcher with 47 and Tony Perez, Cincinnati third baseman, with 28.

In addition to Aaron and Clemente, other former MVP winners to get votes were Ernie Banks, the 1958-59 champ, 15; Harry Williams, of Los Angeles, the 1962 winner, 17; Bob Gibson of St. Louis, last year's MVP, 2, and Orlando Cepeda of Atlanta, the 1967 MVP, 1.

A total of 38 players were mentioned in the scattered voting. Last year when Gibson won he received 14 of the 26 firsts, the other six going to Rose. The committee was expanded to 24 this year because of the addition of Montreal and San Diego.

McCovey beat out Seaver with 11 firsts, nine seconds, two thirds and two fourths, the only player mentioned on all 24 ballots. Two men did not list Seaver, who received 11 firsts, four seconds, five thirds, one fourth and one fifth. Aaron was listed on 23 of the 24 ballots. Some writers confine their votes to men who play every day and do not list pitchers.

The American League's Most Valuable Player was Harmon Killebrew of the Minnesota Twins. Like McCovey, Killebrew played for a team that did not win the pennant although the Twins did take a divisional title.

Chilly Drills

Four SEC Teams Active

By THE ASSOCIATED PRESS

Cold and rainy weather made for chilly drills and drizzly results on Southeastern Conference football fields Wednesday, as four SEC teams worked through workouts for Saturday games.

At Louisiana State, running back and neck with Tennessee for the SEC title, Coach Charles McClendon called the cold and windy workout "satisfactory" but added, "We've got to instill the players with more quickness."

LSU, holding an 8-1 record, ranked 18th nationally, leading the SEC in rushing and the nation in rushing defense, ends its season Saturday against Deep South states pit home teams against each other in Bowl-bound Mississippi.

Coach Doug Dickey indicated the Vols will launch an air attack against the Wildcats, since they will have to play without injured fullback Curt Watson, backbone of the running game.

Also Saturday, Vanderbilt tackles Davidson at Nashville. The following week, three Deep South states pit home teams against each other in Bowl-bound Mississippi.

Coach Charley Shira stressed fundamentals and polish as the Maroons held a chilly one-hour drill in 30-degree weather for their holiday workout of Sugar

Rams Ready For Dallas

By BOB MYERS

Associated Press Sports Writer

DALLAS (AP) — David "Pearce" Jones, a character member of the Los Angeles Rams' Triple-F defense, views Sunday's struggle with the Dallas Cowboys as "the toughest game of the year."

"Triple-F" the long established defensive force may also be called the Ferguson Front. It's the most famous and seldom seen. Jones, who is leading for All-Pro honors for the second straight year.

"The 5-foot-8, trimmed down, spaced Jones, at 26 still happy to wreck quarterbacks, apparently meant the Cowboys figure to be the toughest this far. Minnesota and Baltimore remain to be played and the Denver is too smart to give an enemy an opening.

The Cowboy appearance in Memorial Coliseum, nevertheless, has been building in suspense for weeks. It's been a 71,000-capacity sellout for a month. Many figure it to be a preview of the National Football League championship game.

"We definitely have to play better against Dallas than we have the past few games," Jones, continued. "Dallas is good, both on offense and certainly on defense, and our defense will have to play much better."

Los Angeles is unbeaten and tied and four games in front of Baltimore in the NFL Coastal Division. Dallas is 9-1 and the leader in the Capitol Division.

HOLLYWOOD (AP) — The movie prints of "The Sound of Music" are now being stacked in the vaults of 20th Century Fox, to remain there until 1972 when the film will be released again.

Top Film Of All

Thus ends the most successful release in movie history. The picture is still playing in a half-dozen countries abroad, including England, where the demand for "The Sound of Music" appears to be insatiable. But Fox has announced that it is being withdrawn from the American market after 4 1/2 years of unparalleled prosperity.

Here are the figures representing the film company's gross returns meaning the amount received for rentals: Domestic—U.S. and Canada: \$68,313,000. Foreign: \$4,103,000. Total: \$122,416,000.

The only movie that even comes close to that figure is "Gone with the Wind," which has been released seven times over a 30-year period.

The cost of "The Sound of Music" was \$11 million. The total profit for Fox, after the costs of advertising, distribution, etc., is estimated at \$50 million.

The film also brought record profits for creative participants. Richard Rodgers and the estate of Oscar Hammerstein II received 10 per cent of the gross.

Foreign Investments Profitable

By JOHN CUNIFF
 AP Business Analyst

NEW YORK (AP) — Years ago, said Joe Gallagher, a cigar-smoking Florida business man, it was a prestige symbol around the Midwest to own an interest in an oil well. "Now the status symbol is to have a foreign investment."

Well, perhaps not quite. But Gallagher is talking up the idea with scores of businessmen in Indiana and adjoining states, and more than 50 of them have made the plunge. A lot more are likely to follow.

Among the consequences of their investments are: stable returns, a boost to the economies of underdeveloped nations, and a future dividend of good will for Uncle Sam.

Having prospective investors at athletic events, country clubs and social occasions, the intense but easy-talking Gallagher already has encouraged investments in a quinine plant, a flour mill and a dairy in Bolivia.

He and his associates have been awarded all concession in Togo and Ghana. They are now negotiating the construction of a plant to make inexpensive potable water in Dahomey, West Africa.

And plans are being developed to erect and operate soft ice cream companies in South America and Africa.

Many things about Gallagher's operations are unique, but two factors stand out: —So far all the projects have been in underdeveloped nations, and this policy will continue. To date, Gallagher says, he has found no direct competitors.

—So far all the money has come from small- and medium-sized Midwest businessmen, and so long as Gallagher, 46, can continue talking—and he does that effortlessly—it will continue to come from these people, once thought of as insular and unconcerned with happenings outside their neighborhoods.

Gallagher himself is president of Quinine Water Conditioning Co., a franchise operation of a larger company with a similar name. The chief investor in the Bolivian dairy is Dallas Hardware, a dairy operator. Both are based in Anderson, Ind.

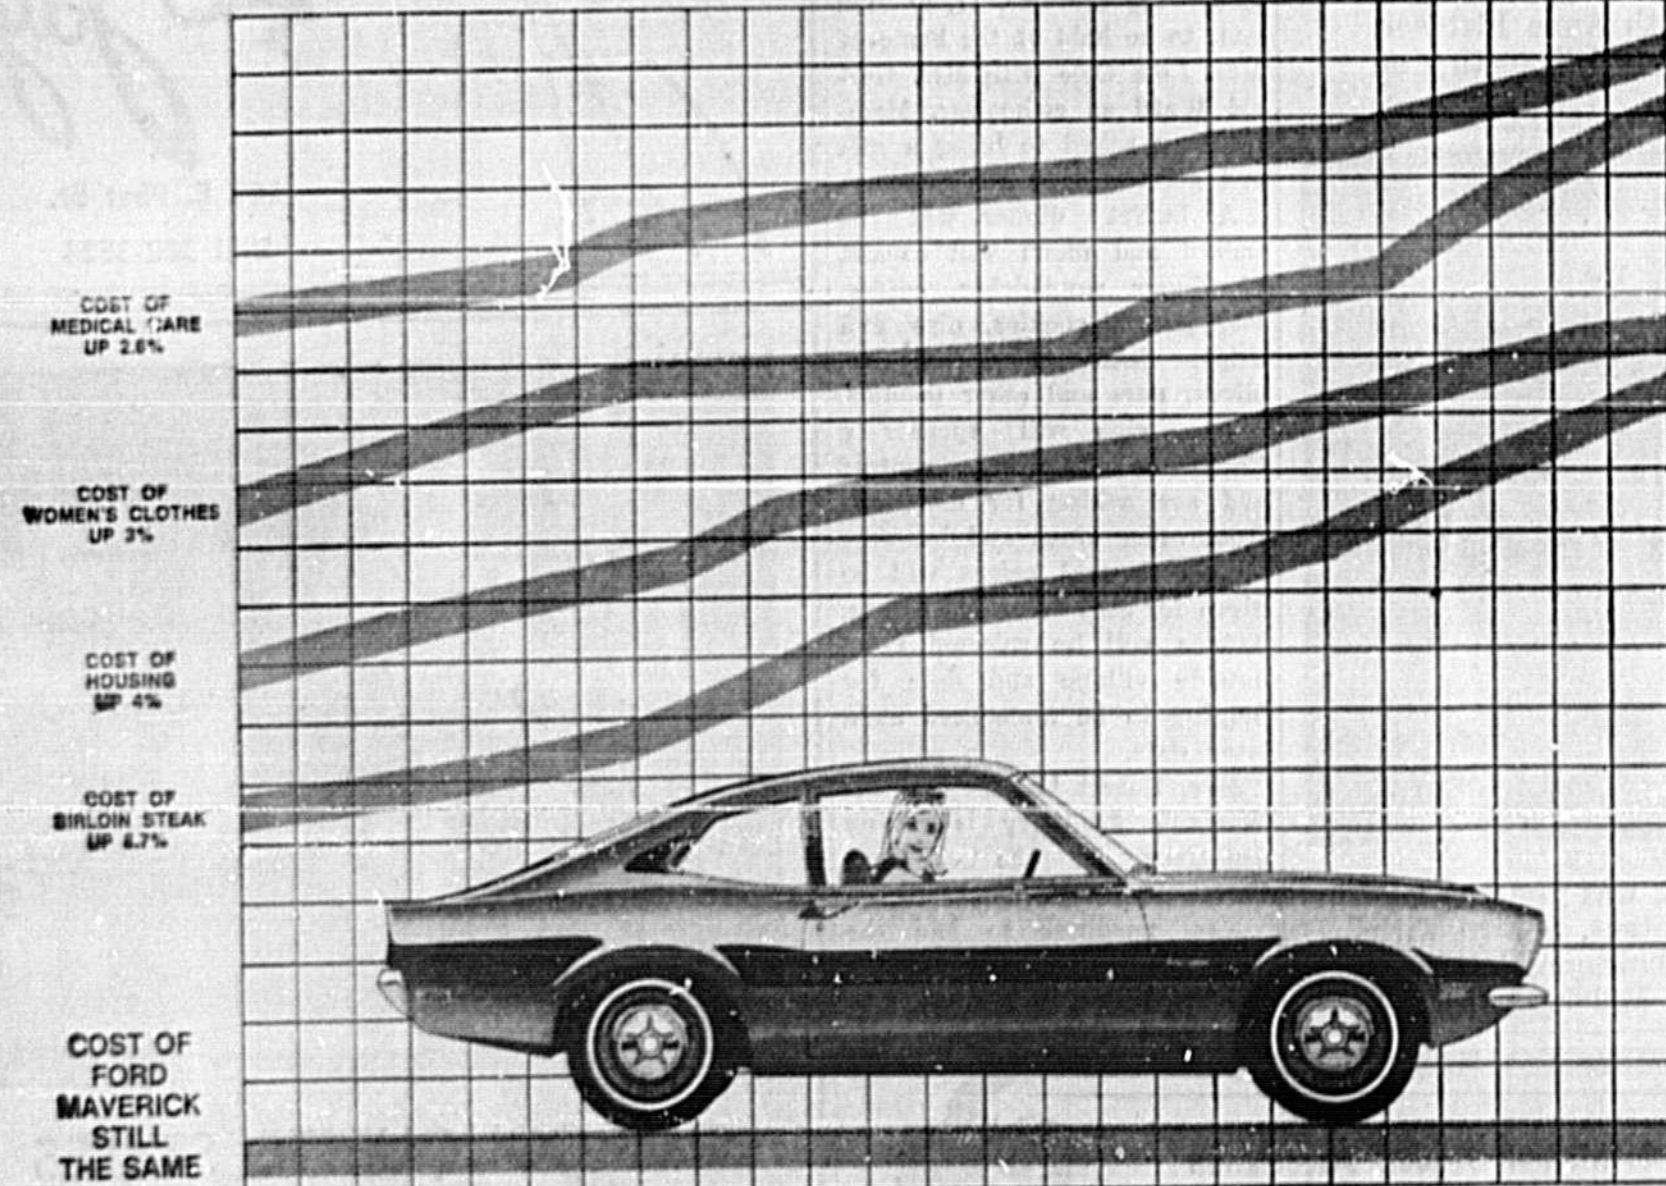

Public for their investments is a New York-based corporation called Programming for Utilization of Resources, Inc., or PURI, whose aim is to seek opportunities and develop companies to capitalize on them.

An executive vice president, Gallagher talks his fellow businessmen into investing from \$3,125 to \$25,000 or more. So far the effort has been easy and successful, Gallagher expects a waiting list.

Look what's happened since Maverick was introduced in April.

Your Ford Dealer's holding the price line. **Maverick. Still \$1995***

When it comes to prices, you know what's going on. And what's going up. But there's one thing still going straight. Maverick. It holds the line. And its small price makes it America's biggest car value. Here are the facts about our Simple Machine.

It's simple to drive. You get the passing power of a 105-hp Six. Great gas mileage too.

It's simple to park. Maverick can turn in a tighter circle than the leading import.

It's simple to service. Maverick is easier and less expensive to maintain than an economy import. It needs fewer oil changes, fewer chassis lubrications.

It's simple to repair. You can do many routine maintenance jobs yourself.

It's simple to own. Maverick saves you money when you buy it. And when you drive it. That's the reason our small car is going over big.

Maverick lets you stop worrying about rising costs. Come see the Simple Machine at your Ford Dealer's now.

For more information about Maverick see your Ford Dealer or write: Maverick Catalog, Dept. MA, P.O. Box 1105, Dearborn, Michigan 48121.

*Ford's suggested retail price for this car. While actual price may not include tax, transportation charges and state and local taxes vary, they are not included in this equipment list in which MAVERICK is included.

The Marvin McClains Entertain At Open House

MR. AND MRS. MARVIN McCLAIN, hosts at an open house for their beautiful new home on North Triplet Drive, Casselberry, Sunday afternoon, are shown with Rev. Delmas Copeland, minister of Community United Methodist Church, who conducted a dedication service. The cake was baked as replica of their home by Mrs. Shirley Reiser.

MRS. BETTY CHRISTMAN, standing by one of two decorative matching mirrors and tables featuring arrangement of blue flowers and vase in the foyer of the McClain home, assisted in greeting the 106 guests. Serving refreshments were Mrs. Clara Halmer, Mrs. Don Barnhart, Mrs. Charles Rustinger and Mrs. Donald MacLeod, and welcoming guests were Mrs. Delmas Copeland and Miss Phyllis Casbeer. Mrs. Sheila Van Wormer sang "Bless This House" accompanied by Miss Patricia Messick at the organ.

MELODIC TOUCH is admired by the McClain's daughter, Mrs. Jackie McCain of Orlando, who assisted at the open house. The notes of purple lilac clusters form the music of "How Great Thou Art" in this unusual decoration on the hall wall complementing the lavender wall-to-wall carpeting in the hall and master bedroom. Luncheon Fetes Kathy Lee And Bridesmaids

The Mid-Florida Country Club was the setting Nov. 14 for the bridesmaids luncheon honoring Miss Kathy Lee, bride-elect of Dennis Dingler, and her bridal attendants.

Honorees for the charming luncheon were Mrs. M. H. Spencer and Mrs. Dean Fletcher. Centering the beautifully appointed luncheon table were dolls wearing exact replicas of the gowns worn by the bride and bridesmaids in the wedding.

The dolls were presented to the bride and bridesmaids as mementos of the happy occasion. Attending the luncheon with the honorees and honoree were Miss Linda Lee, Miss Alina Stein, Miss Cassie Sorester, Miss Elizabeth Ann Sweeney, Miss Mary Lee Hackett and Miss Ruth Ann Fletcher, all members of the club.

MISS KATHY LEE and her bridal attendants were honored at the traditional bridesmaids luncheon at Mid-Florida Country Club. Photo shows, from left, front row, Merry Lee Hackett, Miss Lee, Ruth Ann Fletcher, Cassie Sorester and Alina Stein. Back row, Linda Lee and Elizabeth Ann Sweeney.

NORTH ORLANDO
 By MARY HYATT

The North Orlando Garden Club met at the home of Mrs. George Duquette with Mrs. Duquette as hostess.

The program was making ribbon roses.

Members contributed the price they would have paid to have a color lined instead of a white one as in the past. The club also decided to send a Christmas box to a soldier in Vietnam, containing tooth brushes, tooth paste, playing cards, stationery, scratch pads, pens, pencils, soap, nuts, candy, potato sticks, canned meats, soap, bubble gum, and many other useful items.

In other business the club discussed plans for a Christmas party for Dec. 21, at 7:30 p.m. to be held at the home of Mrs. Lois Cole with Mrs. Gerald Ward as co-hostess. Members are asked to bring a gift and gifts will be exchanged.

A buffet dinner will be served and menu will consist of finger sandwiches, coffee, tea, punch, cookies, dips and chips, jelly salad, pickles, olives, nuts and other goodies.

The club will sponsor a Christmas Lighting contest and are asking for donations from other clubs and business places. Several prizes will be given for best decorated homes.

Judges will be selected from outside village and date for judging to be announced at a later date.

Mrs. Eileen LaFollette of the Women's Auxiliary is asking donations for the children's Christmas party.

New members to join the club were Mrs. Joy Dooley and Mrs. Sally Bowers.

Miss Linda Perkins Honored At Bridal Luncheon

By CECILIA FARMER
 Mrs. W. M. Phillips Sr. and Mrs. W. M. Phillips Jr. were hostesses for a bridal luncheon at the Lily Court home of Mrs.

Phillips Sr., honoring Miss Linda Perkins, popular bride-elect of Robert Aulden Lemons. The wedding date is set for Nov. 29. The serving table was over-

laid with an imported linen cut-work cloth and held a beautiful floral arrangement of pink and white lilies. Miniature arrangements of pink and white roses, similar to the one on the serving table, in white figurine vases adorned each table. Place cards featuring pink roses were at each place setting.

Stuffing Spoon Recalls Origin Of Traditions

Harvest celebrations of Thanksgiving date back to biblical times. In this country, we can credit the Pilgrims for creating the feast as we know it—from cranberry sauce to roast stuffed turkey and pumpkin pie—and President Lincoln for making Thanksgiving a national holiday.

Despite its "Americanization," our Thanksgiving still includes traditions borrowed from many countries. One of these is the use of a special, long-handled stuffing spoon with a large deer hoof. Also known as a hoof spoon, it comes to us from the British Isles. The purpose of its long handle is to prevent the spoon from sliding into a serving casserole. Its large hoof enables one to remove stuffing from the bird with ease.

The stuffing spoon used by Margaret Rutkin, founder of Pepperidge Farm and producer of one of the first packaged dry stuffing mixes, came from Dublin, Ireland. It was made of coin silver around 1800 in Hildesheim, Germany. Engraved on the front was the family crest.

Whether or not you choose to use a special stuffing spoon, you can begin a tradition in your home this Thanksgiving by serving delicious stuffing started with one of the convenient dry mixes—herb seasoned, corn bread or cube. Good with the addition of just melted butter or margarine and water, they are even better when you add a few touches of your own. The following recipes are for a 12 1/2 lb. turkey.

APPLE RAISIN—Add 2 cups unpeeled diced apple, 1/4 cup raisins, teaspoon poultry seasoning to 1 lb. package herb seasoned stuffing, with 1/4 lb. butter of margarine melted in 2 cups hot canned chicken broth in place of water.

GIBLET—Simmer turkey giblets with onion slices, celery stalk, parsley sprig, salt and pepper until tender. Drain, chop coarsely. Add to herb seasoned, corn bread, or cube stuffing, following general directions on package. Use broth to replace water. Sautéed onions and celery optional.

The Oviedo High School Band will participate in the Florida Bandmasters' Association District Marching Festival at the Tangerine Bowl Nov. 22. The band will enter the field at 6:48 and perform an eight-minute drill routine to music. Their theme will be "Broadway and its Music." Tickets may be purchased at the gate.

Richard Feinberg, our more than capable band-leader of our equally capable Oviedo High School Band, has let me in on a little "secret" and that is that the Sanford Atlantic National Bank and The First Federal Savings and Loan Association in Sanford have contributed to the band uniform fund and that he is more than happy to say a great big "thank you."

While we are on the subject of saying thank you, I'd like to say a little thank you to Rose and Al Phillips for coming back to Oviedo. They are a good addition to any community. While we are chatting so pleasantly, let me ask you have you had the pleasure of seeing any of Al's oil paintings? They are lovely!

Mr. and Mrs. Harold Martin of South Edgemoon, had their daughter Mrs. Russell Jones, and granddaughter, Libby, from Cocoa, for a recent visit.

Dear Abby: By Abigail Van Buren

DEAR ABBY: After I've never seen my problem in your column, I'm sure other men are in the same boat. I am 41, and a bachelor. Believe me, Abby, I enjoy the company of women, but it seems that in this day and age any man who is still a bachelor at 40 is immediately suspected of being a homosexual.

I actually find myself being teased with my date, hugging her, and setting affectionate, even when she doesn't appear to me to be happy just to let me know I'm normal and to reassure my date. (Many women think if they don't turn on you, you must be gay.)

When I go to dinner or to a movie with another man, I get all sorts of funny looks. And I've heard people have said that the only reason I date women is to get on my girlfriend's back.

I have my reasons for not wanting to marry. I like my freedom, I don't want the responsibilities of marriage, can't stand children, and finally I am very selfish. I would not make a very good husband.

So, how does a normal man get about people who are about your age who are single? I am a 39-year-old man, and I have had her on the back porch last night. I am the mother of a teenage girl, and she is very close to the other end of the line.

Also, please inform mothers of girls that we, the

GENERAL TENDENCIES: You are tired and in need of some action now. You are not likely to like it. But if you spend your time thinking out what you can do to get your material affairs on a better basis, you will turn an adverse day into one in which you achieve much headway.

ARIES (Mar. 21 to Apr. 19): Don't argue about some bill or collection, but study it well and then do things right. See where you can cut down on expenses. You are too generous in personal matters. Be more careful.

Taurus (Apr. 20 to May 21): Instead of trying to be friendly with others, make yourself a more attractive and charming person and you will find life becomes much easier for you. Forget some bad habit you may have. Set up tomorrow's appointments now.

GEMINI (May 22 to June 21): You can do something about those private anxieties that have been bothering you so much lately. Stop worrying with delays. Do something nice for someone who has done much for you in the past.

MOON CHILDREN (June 22 to July 21): Be diligent about your financial points and make a good impression on them. Avoid the social scene for a while. Do some kind of work. Evening is fine for your study.

LEO (July 22 to Aug. 21): Put aside these fun projects you have in mind and get into important civic matters right now. Find out how you can be of service to your community. Be efficient. Do some writing that is important to you.

VIRGO (Aug. 22 to Sept. 23): You have some knowledge of what you want to do in the future but you have to study further in order to be successful. Some new contact may be helpful to you. Be sure you know something about it before you accept what is said as gospel truth.

LIBRA (Sept. 24 to Oct. 23): Be satisfied about making those collections and paying bills since you are not yet in trouble at this time if you are not particular about them. Steer clear of that irate individual. (Mars' retrograde.)

SCORPIO (Oct. 24 to Nov. 21): Instead of doing all that studying, rest what a waste of energy. Rest and operate, since your ideas are not as good as his. Keep promises made in the letter. Evening can be very happy with music.

SAGITTARIUS (Nov. 22 to Dec. 21): Be sure to get your work done efficiently and correctly so that you please high-ups, and then do something to improve health. Avoiding obligations would be very bad for you later on in the year.

CAPRICORN (Dec. 22 to Jan. 20): You have to handle that private matter well first before you can get out for that much-desired recreation. Do not be extravagant, though. Always stay in your lane and get what you find life is easier for you.

AQUARIUS (Jan. 21 to Feb. 18): Try to find the right way to get around that individual who simply will not go along with what you think is important. Be sure you do your work well. You get the cooperation of others by not being demanding.

PISCES (Feb. 19 to Mar. 20): Morning is best time to handle correspondence, making out reports, etc., and being very courteous with co-workers, everyone. Be particularly careful in driving or there is potential for accident. If you're child is born today, he, or she, will be one of those young people who will be absorbed in money matters. You must give training in giving a combination of education that will fit your property for dealing with money on the right level. A statement of law would also be a good idea.

"The Stars inform, they do not compel." What you make of your life is largely up to you!

For each figure type and variations, there are foundation garments, girdles and bras (they are out at the moment, but will return) and versions of corsets. The new undergarments are made of remarkable fabrics; they are soft, but retaining in the correct way. Study YOUR figure and face. Factor in your undergarments fitted to your figure by a trained saleswoman. Don't buy any garment just because it is pretty or looks as if it would fit it. It won't, not unless you have it fitted to your figure.

Before deciding, always sit down in whatever you have chosen. Try bending, walk about. You cannot be happy and comfortable in any garment which is too tight, too long or too loose.

Inspect the shoulder straps. Be sure that they do not cut into your flesh. Unless your basic undergarments fit properly your figure is distorted,

MANCHESTER, ENG. (AP)—Michelle Rattelle's introduction to the demon drink brought her a king-size hangover.

It started in the early morning at her home near here.

She knocked back half a bottle of sherry and was soon staggering all over the living room.

She was whisked off to the hospital where the doctor made a snap diagnosis—"drunk."

"There's not much we can do for her except let her sleep it off," said a hospital spokesman. "She's no ill—just drunk."

Michelle is 8 years-old.

New Citrus Products On Display
LAKELAND, Fla. (AP)—New citrus products and by-products today go on display before an audience that includes representatives of 30 of the nation's leading chemical and food processing companies.

Florida Citrus Mutual, a 15,000-member growers cooperative announced that among the companies showing representative citrus products are Monsanto Chemical, Miles Laboratories, General Foods, and Evco Brothers.

"With the recent ban on cyclamates in artificial food sweeteners, and the probable ban on other chemicals in the near future, citrus growers will find a new market," one industry representative said.

"We have a natural, low calorie sweetener that won't be banned," he explained. Other topics at the Odyssey include the use of citrus by-products for coloring foods, as food flavoring and in the cosmetic industry.

Real Estate May Be Taxed

By BARRY SCHWEID
Associated Press Writer
WASHINGTON (AP)—A real estate lawyer's battle with U.S. tax collectors over a speck of backyard land in Staten Island was transferred today to the Supreme Court on an anti-economic threat to organized religion.

Frederick Walt, an almost invisible lawyer who lives with a number of dogs and cats in a Bronx apartment, caused the high court to seriously consider the Constitution forbids states to tax religious property.

Some \$79.5 billion in religious property is owned in the United States, according to a study by the National Council of Churches, the United States Catholic Conference and other major religious organizations.

Commissioner of the Florida Department of Banking and Finance, Robert W. Rutledge, executive vice president of Florida Citrus Mutual, said today that the state's new orange crop tax has called on the state to help meet expenses for an all-out promotional campaign.
