

Dream Backfield Makes Pro Grid Hall Of Fame

CANTON, Ohio (UPI)—Jim Thorpe, Red Grange, Bronko Nagurski and Sammy Baugh, possibly the greatest "dream" backfield the game has ever known, were among the first 17 immortals voted into the National Professional Football Hall of Fame today.

Also honored for their playing ability were backs Dutch Clark, Johnny (Blood) McNally and Ernie Nevers, center Mel Hein, tackle Pete (Fats) Henry and Cal Hubbard and end Don Hutson.

The six officials named for the Hall for helping to guide the pro sport from its original role as a stepchild of the college game to its modern popularity were former NFL Commissioner Bert Bell and Joe Carr; George Halas, founder of the Chicago Bears; Curly

Lambeau, founder of the Green Bay Packers; Tim Mara, founder of the New York Giants, and George Preston Marshall, founder of the Washington Redskins.

The 17—all picked unanimously by a national board of selectors—will be enshrined in a hall now under construction

here where the National Football League was founded on Sept. 17, 1920. Five of the honored men are deceased—Bell, Carr, Henry, Mara and Thorpe.

The announcement of the first group to enter the Hall was made by Dick McGinn, director of the National Pro-

fessional Football Hall of Fame, who commented: "These are the milestone men of pro football. Their deeds and dogged faith wrote the history of this great game."

The board of selectors will meet annually to consider nominations for new members, with the next meeting scheduled for the eve of the 1963 NFL championship game. No set number will be chosen nor will it always be necessary for a man to be selected unanimously.

Thorpe, Grange, Nagurski and Baugh are perhaps the most famous backs in football history — and undoubtedly would have formed the "dream" backfield to end 'em all if they ever had performed as a unit.

Strikes . . . Spares

By John A. Spolski

League leaders this past week included such stalwarts as Jim Altman, Marilyn Bailey, Mary Sutton, L. Moore, Ed Conley, Marjorie Klipp, Jennifer Thompson and Clyde Piercy.

We have reports from the Powder-Puff Keglerettes Lg. as well as the Mixed Lg. Spare Ribbers, Sanford Herald, Mr. & Mrs. Lg., Sandspurs, Holler Motors/Navy Wives, plus a couple of others.

Bert Jennifer Thompson led the Powder-Puff Keglerettes Lg. with a hi game total of 182 and Sweet Honey Childs took series with a 232.

Jim Altman has been doing real well in the Sanford Herald Mr. & Mrs. League. For two consecutive weeks he's been able to come thru with that "cushion" game of 300 or better. (Cushion meaning, that it's O. K. if you have a "not-too-good" one . . . you're still out of the woods cause of that high game.)

Last week Jim led the men with his 214 and . . . what's this? Jane Spolski high with a 187/497 for the women (Ahem, old buddy! The Kids and Wives beat you . . . what's gonna blame it on now? That green bell you throw?)

Don't worry, I'll come up with a dandy! Don't worry! It certainly can't be me!

I'VE GOT IT! I'VE GOT IT!

It's those new pins, that's what's causing me all my trouble. (And the trouble I was having earlier, was because of those old pins!)

Only one thing wrong with that reasoning . . . too many high games have been rolled even with new wood.

In the Spare Ribbers Lg., L. Moore blasted a 197 hi scratch as Ed (Ten Gallon Hat) Conley won series with his 555.

Marilyn Bailey of the Navy Pals team was high in the series dept. with a 474 in the Navy Wives Lg. and Mary Sutton was real excited and pleased after having rolled her first sanctioned BIG GAME . . . 204.

And while we're on the subject of Navy, our thanks to Captain Ware for being on hand this past week to make the trophy presentations. (The only thing I didn't understand from his remarks were . . . What is that thing called golf? Must be a new kind of game they're trying to introduce to the public or something.)

Trophies were most attractive and special thanks must be offered to League officers Bill Foster, President and George King, Secretary for

the fine job both of them are doing for this league.

High average was taken by Big John Uhr—187; series went to D. Demilo—414 and scratch game was won by Ed Michalek with his 247.

Clyde Piercy of Appleby's Restaurant team was a shoot-in' up a storm in the Thursday Nite Mixed Lg. Clyde smashed the new wood with his 218/564, tops for the men. Marge Klipp was high for the gals with her 208/517.

George-Oh-Swann has sold more finger lifts for me in the past week than at any other time since we've opened. He put some into his ball, and now he's striking more often than not.

As an example, his 204/556 was good 'nuff to steal the spotlight in the Jet Lanes Kegler's Lg. (Come to think of it, Tony Rodrigues put some into his bomb and he's been tough to beat lately!)

If mmmmm, I wonder if that's what I need?

We're real sorry to hear about good friend and bowler Don Thompson leaving the area. I understand that Don will be heading for California tomorrow and once again it points out the fact that these visiting civilians who are temporarily attached to the NAS are real assets to the community. Don certainly fit into that category with a capital G for Gentlemen. Good luck, Don.

Well, we were host to the Central Florida Monthly Classics on Saturday night and I'd be remiss if I didn't single out the gals: DelPalma, Meltzer, and Hentecost!

You see, out of the entire Sanford Association, these were the only three who participated.

Dave Tomberg shot a magnificent 1119 for four games. And in case you're wondering about average, that's a cool 225 per game. For it, Dave pocketed \$100.00 first place money. Second thru fifth was won by Buddy Phelps (1049) \$52.50; Joe Rohitaille (1028) \$25.00; John Harlowe (995) \$22.00; and Bill Allen (988) \$17.00.

That's what happened in the A Division for bowlers with averages of 176 and up. However, in the B Group (avgs. of 175 and under), Paul Frambach took first with a 1021 and \$65.00 and second was won by Ben Heaton (985) \$30.00.

Al DePalma took one of the Jackpots with his 237 game and also picked up an additional \$10.00 for high game out of the money.

3 Matinees On Tap At SOKC

Three matinees are on tap this week at the Sanford-Orlando Kennel Club for the first time this season. The greyhounds will run under the sun tomorrow and also Friday and Saturday afternoon, starting at 2 p. m.

Eight top bracket spenders make up the field for the day. Light featured ninth race tomorrow. It is a Grade A contest and among the entries are Mrs. Mops, Topoko Rose, Stars and Occasion.

Stars holds the distinction of belonging to T. J. Daniel, owner of the track's winningest kennel. This speedy 66-pounder has contributed two victories to Daniel's total of 23 through Saturday night. Fred Whitehead had the next highest score, a total of 18.

Orville Moses' Excelling, high scorer last season and winner of the Racing Queen Stakes, gets her second start of the season in tonight's ninth, the evening's main event. In her first try she had trouble early and missed the money. Ed's Rolling Dealer, Sleek Panda and Roker's Circus will each be trying for a third first in this top attraction.

Pressure Aids Gaspar Ortega

BALTIMORE (UPI)—Mexican Gaspar Ortega explained today he had "put the pressure" on welterweight contender Charley Scott of Philadelphia and scored a unanimous upset decision in their return 10-rounder at the Civic Center Monday night.

Ortega, weighing 148½ pounds to Scott's 148½, averaged Scott's unanimous win at New York's Madison Square Garden on Jan. 6, 1962.

As in the New York bout, there were no knockdowns Monday night. But 27-year-old Ortega, a 7-5 underdog, gave 26-year-old Scott a thorough battering in the second half of the fight. He beat the tiring Scott at long range and at close quarters—with a terrific pace.

A crowd of 3,494 paid \$15, 461.

Jackets Grab SEC Leadership

By United Press International

If the mark of a champion is winning the close ones, you can pass the crown to Georgia Tech.

Known primarily for its engineering courses, this proud school deep in the heart of Dixie will have more need of doctors to treat its gasping supporters if the basketball team continues at its present pace.

The Yellow Jackets were up to their old heart-stopping tactics Monday night before last-minute heroes by sophomore Ron Scharf produced an important 66-62 victory over Kentucky. The win left Georgia Tech in undisputed possession of first place in the Southeastern Conference and established the Engineers as favorites to win their first league title since 1958.

Echaniz Sets Fronton Mark

Monday was a big day for the youthful Echaniz who won six consecutive games, his four starts during the matinee and his first two at the evening performance. An unofficial scrutiny of the records indicates that this is an individual record for the Fronton.

During the course of the afternoon Echaniz was practically invincible, using every trick in the professional's book to keep the string going. In the evening the going was tougher but he still came through with two thrilling victories to make his total six for the day.

With such going Echaniz bids fair to become the player of the week if his luck holds. He certainly has a good start toward the title, with six straight as of Monday night.

Tonight is Charity Night at the Orlando-Seminole Fronton with the entire proceeds of the evening being contributed to the Florida Sheriffs Association Boys Ranch at Live Oak, and the Elks Lodge Harry Anna Home for Crippled Children at Umatilla.

Platters Hold Pinecrest Lead

Dot Johnson with a 186/511 and Joan Adams with 170/445 helped keep the Platters in the lead in the Pinecrest Inn Bowling League.

Other top scores were Beverly Kreck (Toppers), 170/435; Hella Summers (Strikers), 199/452; Gene Lambert (Strikers), 169/484; Christine Sacak (Markettes), 152/305; LaVern Ward (Needles), 158/390; and Margie Waters (Queen Pins), 144/409.

League standings are Platters 47-29, Toppers 44-31, Strikers 42-33, Markettes 40-36, Needles 30-46 and Queen Pins 24-52.

Huff Answers Critics On 'Dirty' Football

NEW YORK (UPI)—The violent world of pro football has come crashing down on Sam Huff.

The New York Giants' aggressive 230-pound linebacker has been tormented by taunts for the past several weeks that he was excessively rough in his treatment of Green Bay's Jim Taylor in the National Football League championship game Dec. 30.

"I've been getting raked over the coals by everybody and it hurts," says Sam, a broad-shouldered West Virginian with an obviously sensitive soul. "It seems like everybody turned on Sam Huff at the same time."

There have been newspaper columns written all over the country, by some who attended the title game and others who watched on television; there have been vicious letters and anonymous late-evening telephone calls to his home; and there have been irritating gibes by people with whom he comes in daily contact.

A fan in Columbia Falls, Mont., wrote a Dallas columnist that his two youngsters have stopped eating the breakfast food Huff endorsed because of how he played against Taylor.

Huff, who only a few years ago was glamorized on television and in magazines and newspapers as pro football's outstanding defensive player, feels that it's all a bum rap.

And the Giants tried to do something Monday in his behalf.

They invited newsmen to drop into the club's office for a film viewing of the Packers' 16-7 victory over the Giants and to decide for themselves whether Sam really did Taylor dirt.

And in justice to Huff, those who watched the hour-long replay of the title game, re-

Sanford Meets Lakeview Tonight

Sanford journeys to Lakeview tonight in cage action while Oviedo hosts Montverde and Lyman travels to Ocoee

to round out the county cage slate. The Seminoles will be looking for their eighth victory of

the campaign against six losses in tonight's tilt. Expected to start for the locals are Butch Riser, Mike Woodruff, Barry Barks, Don McMurray and Dave McGillis.

Oviedo shoots for its ninth win of the season against three losses. The starting five for the Lions include Mike Tesinsky, Jimmy DeShazo, Wes Swenson, Jimmy Courier and Ted Bellhorn.

Lyman (4-9) takes on Ocoee with Donnie Smith, Bill Tolson, Gene Griffin, LaRue Balmer and Jim Shuster the starting five.

Bankers Score Hard Earnest Cage Victory

Sanford Atlantic Bank scored a hard-earned 51-20 victory over a stubborn Robson Sporting Goods in the opening game of Biddy Basketball Saturday.

Matt Morgan for Sanford Atlantic and Mark Caolo for Robson's were outstanding.

Standard Oil put up a tough battle for three quarters before going down to Sanford Electric's full court press 48-

20. Mike Long sparked the Electricians and Bill Higginbotham was outstanding for Standard Oil.

Bobby Lundquist dumped in 15 quick points for WTRR in the first quarter. WTRR coasted to a 53-33 win over a fired-up Strickland-Morrison team. Bill Schmidt was outstanding for the Ford men.

Day and Night Grill showed too much polish as they defeated First Federal 55-27 in the final game of the day.

League standings are Sanford Electric 4-0, Standard Oil 3-1, Day and Night 3-1, WTRR 3-1, Sanford Atlantic Bank 2-1, First Federal 1-3, Strickland-Morrison 0-4 and Robson Sporting Goods 0-4.

Gambling: Main NFL Meel Topic

MIAMI BEACH (UPI)—National Football League club owners open their annual winter meeting here today with a two-phased investigation into gambling allegations the unofficial main topic.

League Commissioner Pete Rozelle made a brief, informal report to the owners on progress of his own investigation Monday night on the eve of the formal sessions, but did not disclose what he had said.

Word of a second investigation, apparently to check on other sports as well, came from Washington where Sen. John L. McClellan, D-Ark., chairman of a Senate investigating subcommittee, confirmed he had sent a staff member to San Francisco to "check on reports" of sports gambling.

Pros Get In Practice Licks

PALM SPRINGS, Calif. (UPI)—Touring golf pros including Jackie Burke, winner of the Lucky International at San Francisco Sunday, swarmed over four golf courses in this desert playground today to get in a few practice licks for the lucrative Palm Springs Golf Classic.

The Classic, starting Wednesday and running through Sunday for a marathon 90 holes, has total potential prize money of \$115,000, making it one of the richest events on the tour.

Cinci Tops Cage Ratings

NEW YORK (UPI)—Cincinnati, which overcame its toughest non-conference hurdle in Illinois last Saturday, today was the unanimous choice for the sixth straight week of the United Press International board of major college basketball coaches.

The Bearcats, who beat Illinois, 62-53, for their 33rd consecutive victory and 15th straight of the season, thus remained the No. 1 choice of the 35-man UPI board for the ninth week in a row.

Loyola of Chicago, unbeaten in 18 games, held a tight rein on second place for the sixth straight week.

"It's More Fun To Watch The Greyhounds Run"

Sanford-Orlando

KENNEL CLUB

MIDWAY BETWEEN SANFORD & ORLANDO

By LARRY VERSHEL

I don't know which shocked Sanford Pipeline Attorney Ken McIntosh more... The shocked look on his face when the city fathers turned down the company bid for the fuel line or when he looked at the clock and discovered he couldn't make those weight-lifting classes.

Memo to Sonny Raborn, Al Wilson, Jim Crapps: Aw, come on!

The word is that the Sanford Pipeline Co. and Navy have asked for a rehearing on the City Commission decision Monday. IT WILL BE PLACED AGAIN ON THE AGENDA AT THE NEXT CITY COMMISSION MEETING.

Mayor Tom McDonald today called on all citizens favoring the pipeline to make themselves heard.

Memo to Tom: Our phone didn't stop ringing all afternoon.

Nobody asked me but how come the Boosters want to push for a new stadium for the high school when we have one?

Memo to the Boosters: Why not push for a swimming pool? But we're the only community in the state that has a multi-million dollar high school and no pool.

How come the Seminole Raceway hired an Orange County veterinarian instead of one from Seminole County? Last time I looked, the raceway was located in this area.

Don't forget the Mothers Polka March tomorrow.

The most unlikely place to find me... Atlantic Coast Line Union hall.

City putting into operation a new curb edger that will improve the appearance of city streets... will cut back stress overgrowing on the curb.

The second of three conference days for parents of county school kids will be held Friday.

County Commission didn't bring up pay raise at Tuesday's commission meeting. Guess it is dead unless John F. Kenn—oops, I mean Fitzpatrick brings it up Friday at the legislative hearing.

They'll let bids on that DeBary Nursing Home in late February... Capacity for 116.

Take a look at the corner of Park and Commercial. Bart Peterson really is doing a good job helping to spruce up downtown.

Work on Supervisor of Registration Camilla D. Bruce's office in the courthouse will start as soon as the new windows are installed... And then comes the paint job.

Drainage plans still holding up work on Bellmeade and Adams Shopping Centers.

Memo to Francis Roumillat Jr.: Say, about that little theatre group?

First play could be: 'How to Win Friends and Influence People' or 'Days and Nights in an Atlantic Coast Line Union Hall' or 'I Was A City Commissioner.'

Nobody asked me but Joe Baker proved he deserved the Jaycee DSA award Monday night.

Believe it or not but the head horseman at the new raceway is named 'Cal Coolidge.' He even looks like the late President.

Did you know there was a bomb scare at Seminole High School yesterday... Mention those fire trucks zooming out there!

Sanford Faced With Rail Traffic Tie-up; Cut Off From Rest Of U.S.

EDITORIAL COMMENT

Maybe Frito Lay Was Right In Not Coming To Sanford

Maybe Frito Lay was right after all! Remember last year when the Frito Lay company said they would not locate in Sanford.

At that time, W. E. Freeman, vice president of the company said "his company was not confident future Sanford officials would be in a position to honor commitments made by the present board."

"The Frito Lay Company does not want to burden any community and in the opinion of this company we would be more secure in Orlando."

Well, in this paper's opinion, perhaps Frito Lay was right in not locating here.

The other day three commissioners backed down on their commitment. What is to stop them from doing this time and time again?

Of course we are talking about the City Commission decision Monday night not to honor a previous verbal agreement to allow the Sanford Pipeline Co., from constructing a jet fuel line from the lakefront to the Naval Air Station.

Raborn Comments On 'No' Vote

Opposition to the \$300,000 fuel pipeline to the Naval Air Station was voted by M. L. Raborn Jr. in City Commission meeting Monday because the parent company desired use of city-owned right-of-way, namely Melonville Ave.

While stating he favors a pipeline, Raborn said in a prepared statement to The Herald today that he voted against establishment of the utility simply because the company requested use of city property.

City Commissioner J. H. Crapps, who also denied the pipeline right-of-way use, said today he will have a prepared statement later today for release Thursday. The third commissioner, Al Wilson, who completed the majority in the denial, also said he would have a prepared statement for release Thursday.

Raborn's statement to The Herald reads as follows:

"I feel that it would be appropriate at this time to offer my reasons for voting against the proposed pipeline as presented to the Sanford City Commission on Jan. 28. 'The Navy is Sanford's most valued and valuable industry and every citizen should be interested in promoting the permanency of NAS Sanford. The Navy's stated position of being interested in increasing the efficiency and reducing the operating cost of the station as it should be. As citizens and taxpayers we should want it no other way.

"As a businessman doing business with both the civilian population and with the Navy it would have been much easier to have approved the application of the Pipeline Company. However,

Following approval of the City Commission of Dec. 7, the company finalized the requirements established concerning complete PROTECTION of abutting landowners and other citizens, detailed engineering studies and selected a site for the one million gallon storage tanks urgently needed by the Navy.

Pipeline officials acted in good faith from the outset... and this community is "shocked" by the decision of the commission that they do not intend to honor that verbal agreement made last December.

It has been established by communication from the Navy that "substantial savings will accrue to the government as a direct result of the Naval Air Station as a permanent installation in this community."

The pipeline company intends to honor their contract for the transportation of JP-5 jet fuel to the Naval Air Station.

Let us hope the city commission will see fit to honor their agreement.

Or, perhaps Frito Lay was right after all.

Apportion Hearings Urged By Cleveland

State Rep. Mack Cleveland Jr. said he would introduce legislation Thursday setting up joint Senate-House committees to conduct public hearings on reapportionment throughout the state.

Cleveland, in an effort to forestall any "do nothing" session, said the committee could get the opinion of persons, particularly in large counties, as to what would be a fair apportionment.

Meanwhile the House went to work today on a plan to increase its membership from 95 to 110 while a move got underway in the Senate to adjourn the two-day old special session Thursday to avoid another money-wasting stalemate.

The House set an afternoon session for action on any of several bills that made their

appearance today, including two 38-district measures to realign the Senate, similar to a bill killed in the Senate Tuesday.

The Senate, serving notice it will take no further action until the house has disposed of the controversial 42-Senator bill which cleared the upper chamber yesterday, met only long enough to adjourn until 1 p.m. tomorrow.

The Sanford Herald

WEATHER: Clear and warm through Thursday. High today, 70-75. Low tonight, 60-65.

VOL. 53 United Press Leased Wire Established 1908 WED., JANUARY 30, 1963 SANFORD, FLORIDA NO. 638

Bulletin

Legislative hearing scheduled for Friday has been postponed because of the uncertainty when the present special session of the Legislature will be concluded. State Rep. Mack Cleveland Jr. telephoned The Herald from Tallahassee early this afternoon.

Dimes March Broil Slated

A Hamburger Broil for the benefit of the March of Dimes will be held on the Elks Club grounds from 5:30 to 7:30 p.m. today.

Carry out service will be available through the courtesy of Duke's Delivery Service for the giant burgers which consists of a quarter of a pound of ground beef, complete with baked beans, potato salad, assorted relishes and coffee.

Little Kenny Norcross, the Florida Poster boy for the March of Dimes, will be present at the event, Mrs. J. R. Hoohehan Jr. and Mrs. Patricia Ransbottom, chairman of the event said today.

Gray Ladies Classes Set

Classes for Gray Ladies in Seminole County schools will open at 9:30 a.m. Thursday at the county health department. John S. Gibson, American Red Cross area field representative, will be the instructor.

The volunteer program is open to all mothers of school children. It will include courses in orientation to Red Cross, introduction to the Gray Lady service, a 10-hour first aid course, care of the sick and injured, school job orientation, health record keeping, reporting procedures and legal implications in caring for children.

This Red Cross service to the schools has received the support of R. T. Milwee, school superintendent; Dr. Frank Leone, health department director, and Hugh Carlton, Sanford Junior High School principal, the first school to request the service.

Business School

Registration is still going on at the Seminole County Business School. Mrs. Penrose Love, principal, emphasized today. Students must enroll this week for beginning shorthand, but may enter any of the other classes at any time, she said. The school offers 17 courses, under the supervision of the county school system, and the only charge is for books and materials.

Drive On To Save Shad; New Canal Route Ask

A one-man campaign to save the area's shad fishing sport and industry although still favoring support of a Sanford-East Coast canal has been launched by S. B. (Jim) Crowe.

Crowe, operator of a fishing camp on the St. Johns River east of Sanford on Highway 46, appeared before the County Commission Tuesday to defend what he termed "the \$30 million shad fishing industry."

He declared that commercial fishermen and sports fishing camps derive a three-quarter million dollar annual income from shad fishing in this area.

Crowe proposes an alternate right-of-way for the canal, as opposed to a new thought broached by the St. Johns-Indian River Navigating Committee.

The committee is supporting an 11-mile canal from Lake Harney to the headquarters of the Indian River. Crowe proposes a 36-mile canal direct from Sanford to the Titusville area, by-passing the St. Johns River.

Crowe's argument for a direct canal is that to dredge the winding St. Johns River will disturb the shad spawning beds and ultimately kill off the fish.

Crowe, who has fought and argued for many years to save the shad industry, cites the following letter from the Bureau of Sport Fisheries and Wildlife, U. S. Department of Interior, addressed last July 2 to the U. S. Army Corps of Engineers:

"The Lake Monroe-Lake Harney section is the principal spawning area of the American shad in the St. Johns River. These anadromous species migrate upstream annually to this reach of the river where they spawn over shoals.

Crowe contends a fish ladder has not yet been constructed to succeed with shad. He claims that in Connecticut shad have to be lifted by basket over a dam. They will not climb a ladder.

"In the reach to be dredged, sport fishermen expend an approximate 50,000 fisherman-days annually fishing from boat and shore for shad and other species. Downstream from the spawning area, commercial fishermen harvested about 550,000 pounds of shad in 1958.

"Damages to shad spawning success and ultimately to the fishery are expected to result from the dredging but the actual extent is difficult to predict. This effect could range from moderate to extensive damage and would be known only after the dredging was accomplished. Removal of shallow sand bars and alterations of currents in the area could both produce damaging effects.

Tax Classes Slated Here

Income tax classes will again be conducted this year for the aid of regular taxpayers who must itemize deductions and fill out the long form, Roger Harris, instructor said today.

The classes will begin Thursday at 7 p.m. at Seminole High School, and will run for three hours on three consecutive Thursdays.

"The demand for this service has been great, since the successful classes were held last year," Harris said.

The instruction is given under the supervision of the Seminole County Adult Education Department.

ACL Awaits Move On Injunction

Sanford along with all of Florida was faced at noon today with the possibility of being divorced in rail traffic from the rest of the nation.

The possible rupture in rail traffic hinged on action in Jacksonville resulting from the week-old strike of Florida East Coast union members.

Atlantic Coast Line officials, however, held out two glimmers of hope that rail service will continue into the Sanford area.

Federal Judge William A. McRae Jr., at Jacksonville, was quoted today by UPI that he would grant an injunction asked by FEC compelling the Jacksonville Terminal Company to take back 2,000 idle freight cars being rented to FEC at a cost of \$5,400 per day.

UPI reported this would tie up the Jacksonville terminal and halt all rail traffic into Florida because FEC strikers would picket the terminal and this picket line would be honored by union members of the other three railroads operating through Jacksonville.

W. S. Baker, ACL vice president for labor relations at Jacksonville, told The Herald by telephone that should Judge McRae grant the injunction against the terminal company ACL and other railroads would ask for a second restraining order enjoining FEC pickets from closing the Jacksonville terminal.

UPI at Jacksonville told Herald by telephone that Judge McRae's office reported he would announce his decision at noon.

Second glimmer of hope for continued rail service in the Sanford area was offered by local ACL officials, who said ACL trains could be detoured here through High Springs and the "Perry cut-off" at Monticello.

In fact, local ACL officials indicated there would be no interruption of train service here but "there might be some delay."

Regional Panel Discussion Set

Douglas Stenstrom, Sanford attorney, will be moderator of a two-day panel discussion concerning development of a regional plan for East Central Florida Thursday and Friday at the San Juan Hotel, Orlando.

Representatives of 15 state agencies, five institutions of higher learning and of Seminole, Brevard, Indian River, Orange, Osceola and Volusia Counties will discuss long-range development plans before a panel of members of the East Central Florida Regional Planning Council.

James Holarea, of the Federal Mediation Board set the meeting at 2:30 p.m. FEC Vice President Ray W. Wyckoff and Jack Hadley, chairman of a committee representing the strikers, were to head the delegations.

Presently the navigating committee is awaiting an engineering report on the feasibility of the 11-mile route. Following that report the committee will call a meeting of county commissioners of Seminole, Orange, Brevard and Volusia Counties to ask their support. Crowe Tuesday asked Seminole County commissioners to oppose the dredging of the St. Johns River in favor of a direct canal.

Meredith Going Back To Ole Miss

JACKSON, Miss. (UPI) — James H. Meredith said today he has decided to return to the University of Mississippi for the spring semester.

The 29-year-old Negro, whose entrance into the university last fall was greeted by rioting which left two dead and hundreds injured, made his announcement at a news conference here.

"Many things have taken place in recent months and I see signs that give me hope that I will be able to go to school in the future under adequate, if not ideal, conditions," Meredith said.

His decision came a few days after he had completed his academic work for his first semester of study at the previous all-white university.

UPI at Jacksonville told Herald by telephone that Judge McRae's office reported he would announce his decision at noon.

Second glimmer of hope for continued rail service in the Sanford area was offered by local ACL officials, who said ACL trains could be detoured here through High Springs and the "Perry cut-off" at Monticello.

In fact, local ACL officials indicated there would be no interruption of train service here but "there might be some delay."

As the FEC strike moved into its second week today, the first face-to-face meetings between labor and management were scheduled in St. Augustine, the result of efforts by state and federal mediators.

Mothers March For Dimes Thursday Night

Nearly 300 Sanford mothers will take to the road Thursday in the big final wind-up campaign of this year's Dimes Drive in the annual Mother's March. Mrs. Robert Zittrower, chairman, announced today.

Citizens of the city are asked to turn on their porch light or make some kind of identification, so that marchers may call on them for their contributions.

"Mothers will begin to make the rounds at 7 p.m. Thursday continuing until 9 p.m., under the leadership of 22 area captains," Mrs. Zittrower said.

UPI at Jacksonville told Herald by telephone that Judge McRae's office reported he would announce his decision at noon.

Second glimmer of hope for continued rail service in the Sanford area was offered by local ACL officials, who said ACL trains could be detoured here through High Springs and the "Perry cut-off" at Monticello.

Sports Banquet Set

The first annual Winter Sports Banquet, honoring Seminole High School football and basketball players and cheerleaders, of both the varsity and junior varsity squads will be held in the SIS cafeteria at 6:30 p.m. Thursday, D. H. MacGillis, president of the Booster Club reminded today.

"Boosters are to bring covered dishes of vegetables, salads, or desserts," he said. "Meat, potatoes, rolls and beverages will be furnished by the club."

"This is not an awards banquet," MacGillis emphasized. "It is an appreciation banquet, and a Spring Sports banquet will be held later for members of the track, golf,

swimming and baseball teams.

"Following the banquet, there will be a special meeting of the general membership of the Booster's Club to discuss the question of building a sports stadium at the high school," MacGillis said.

The general meeting will be held in the auditorium, about 8 p.m.

County Honors Herndon

A memorial resolution in the passing of O. P. Herndon, long-time clerk of the Circuit Court and of the County Commission, was approved unanimously by the County Commission in regular session Tuesday.

The resolution, moved by John Fitzpatrick, was to be drafted by County Attorney Harold Johnson and was ordered spread on the minutes of Tuesday's meeting.

Also voicing sympathy Tuesday in the death of Mr. Herndon were: John Galloway, county tax collector—

I worked with Mr. Herndon from 1947 until his retirement in 1959 and always found him congenial and willing to help any time. My association with him was most pleasant and agreeable. His passing will be very keenly felt by myself and others who were associated with him.

Sheriff J. L. Hobby—Mr. Herndon was the life of the courthouse during my years of association with him. He was always jolly and jovial and greeted everyone with a smile.

Mrs. Mary Earle Walker, county tax assessor—Everyone liked Mr. Herndon. He certainly knew his business and was a friend of all the people of Seminole County. I was associated with him for a number of years and he always was helpful.

Arthur H. Beckwith Jr., Circuit Court clerk—Mr. Herndon's death came as a shock to me and to each of the staff of the clerk's office. His contributions to the progress of Seminole County will long be remembered. He was a good public servant, giving more than 30 of his productive years to the welfare of the county he loved. He will be missed.

Committees Named By County Board

Only two changes were made on county boards and committees by the County Commission Tuesday.

William Bush, county engineer, was added to the water control and conservation committee, and Richard Hanks replaced Charles A. Wales on the board of adjustment.

The board voted 3-2 against James P. Avery Jr.'s motion to increase the county insurance committee from three to five members.

Following is the list of committee and board members:

Board of trustees of Seminole County Law Library — Mack N. Cleveland Jr., Kenneth W. McIntosh, Joseph Murasko, Vassar B. Carlton and Volle A. Williams Jr.

County insurance committee — Robert E. Karns, Clifford McKibbin and Robert J. Crumley.

Board of plumbing examiners—E. C. Harper Sr., G. T. Rabun, George Bowser, Don Young and Sidney Vihlen.

Water control and conservation committee—Harold Kastner, M. L. Cullum, W. E. Knowles, C. S. Lee, A. S. Merrill, B. S. Bryson, Homer Osborne and William Bush.

Board of adjustment—J. H. Lee Jr., William Halback, Richard Hanks, Hal Colbert and W. H. Martin.

Zoning board—George Bobrow, A. K. Shoemaker Jr., Raymond Ball, Robert J. Crumley and Andrew Blanko.

Board of medical examiners—Dr. E. W. Stoner, Dr. W. Vincent Roberts and Dr. Leonard Munson. (Reappointed until next commission meeting pending recommendation by medical association.)

Fire commissioners — Ralph Able, Ralph Schweickert, Richard Ivers, Joseph Smithers and Jimmy Reeves.

Board of adjustment appeals — Hal Harris and A. E. Perrie, one year; Lelloy Robb and Paul Campbell, two years; and William Bush, three years.

Helen Meisch Dies Suddenly

Mrs. Helen Meisch, 64, of 2603 Clinton Ave., Jacksonville, died suddenly Tuesday.

Mrs. Meisch was the widow of the late Frank Meisch, prominent Sanford grower, who died in Feb. 1939.

Mrs. Meisch was a former resident of Sanford, having made her home here since 1914, except for the last five years, when she went to live with her daughter in Jacksonville.

She was a member of Christ the King Catholic Church in Jacksonville and was affiliated with All Souls Catholic Church here. She was a member of the Catholic Women's Club of Sanford.

Survivors include a daughter, Mrs. L. S. Hartfield of Jacksonville; a son, Frank S. Meisch, Jacksonville; a sister Mrs. John Ludwig of Sanford; six grandchildren and several nieces and nephews.

Gramkow Funeral Home is in charge of services which are incomplete at this time.

Prizes Set For Coffee Club Meet

The pre-Valentine Ladies' Day Coffee Club meeting sponsored by the Seminole County Chamber of Commerce at 10 a.m. Thursday at the chamber building will be featured by the awarding of several door prizes by the following local businesses:

Valentine boxes of candy from Faust Drug Store, McReynolds' Drug Co., Touchton's, Roumillat and Anderson's; floral bouquets from A. F. Ramsey Florist; and Sanford Flower Shop and a special gift from Fleming's Card, Gift and Book Store. Eddie's Bakery will present a decorated cake. Coffee and doughnuts will be served to the group which will include wives, clerks, secretaries and receptionists of members.

Grand Design

OSLO (UPI)—An Oslo newspaper said today French President Charles de Gaulle has offered Soviet Premier Nikita Khrushchev a "grand design" deal including American military withdrawal from Europe in exchange for demilitarization of the Soviet satellites.

FIFTY LONGWOOD FIREMEN and their wives attended a dinner held last Friday night at the conclusion of the week's Fire College in honor of Instructor Elmo Cox. Chief Claude Layo, pictured with the above group at the far left, either by accident or plan seems to have wound up at the choice location—just look at all those luscious cakes. (Herald Photo)

Soviet-Red China Unity Disrupted

WASHINGTON (UPI) — Defense Secretary Robert S. McNamara told Congress today there was increasing evidence that the Communist unity of Russia and Red China had been "fractured—perhaps irreparably."

"Although we may draw some comfort from this falling out between the Communist giants," he said, "the world situation remains perilous, nevertheless."

McNamara made the assessment in his annual report to the House Armed Services Committee on the status of U. S. military power. He presented the 163-page summary at a closed session. A condensed version was made public by the committee.

The defense secretary assured the lawmakers the United States was "fully capable" of destroying key Soviet targets "even after absorbing an initial surprise attack."

He said this country had about 650 bombers on 15-minute ground alert and more than 200 Atlas, Titan and Minuteman missiles on launchers along with 144 Polaris missiles in submarines ready to retaliate.

"Allowing for losses from an initial enemy attack and attrition en route to target," he said, "we calculate that our forces today could still destroy the Soviet Union without any help from the deployed tactical air units or carrier task forces or Thor or Jupiter intermediate range ballistic missiles."

McNamara said President Kennedy's recommended \$3.7-billion defense budget would strengthen U. S. preparedness even more while Russia and Red China "struggle for power in the Communist camp."

He declared that "the destruction of freedom and free nations is still the ultimate objective" of both Communist powers, although "each is seeking to attain the objective in its own way, and to capture the spoils for itself."

McNamara said the Soviet Union continued to be the major threat, especially in Europe. But of the two Red giants, he added, China was "by far the more belligerent and the more reckless, and therefore very dangerous to the peace of the world." He pointed to the Chinese Communist invasion of India as a prime example.

Pool Service Set Thursday

Funeral services for Mrs. Mattie F. Poole, 90, who died Tuesday at a local nursing home, will be held at 10 a.m. Thursday at Brison Funeral Home with Rev. Fred B. Chance officiating. Burial will be in Thomasville, Ga., on Friday.

Born in Hawkinsville, Ga., Jan. 7, 1873, Mrs. Poole was a resident of DeLand for 33 years before moving to Sanford in 1938. She was a member of the First Baptist Church of DeLand and of the Stonewall Jackson chapter of the UDC of DeLand.

Survivors are four daughters, Mrs. John E. Fox and Mrs. W. A. Perry of Sanford, Mrs. Robert Balfe of West Palm Beach and Mrs. Frances Taylor of Ft. Lauderdale; two sons, Fort H. Poole of Sanford and Julian L. Poole of Merritt Island; a sister, Mrs. W. L. Harrell of Abbeville, Ga.; and 11 grandchildren and 20 great grandchildren.

Eight Killed As Plane Burns Over Kansas City

KANSAS CITY, Mo. (UPI)—A Continental Airlines Viscount crashed and exploded in flames Tuesday night while attempting to land at the downtown municipal airport. All five passengers and crewmembers were killed.

The crash was the first fatal accident involving a commercial airliner in the history of the airport and of Continental. An earlier Continental crash, which killed 45 persons, was blamed on a bomb.

The \$1.1 million, four-engine Viscount crashed into a dike on the south side of the airport, near the partially frozen junction of the Missouri and Kaw rivers. Witnesses said the plane, which can carry 59 passengers, broke into pieces and burst into flames. The wreckage burned for almost one hour.

The bodies of the victims, all but three found inside the wreckage, were taken to an airport hangar.

R. O. Ziegler, assistant chief of the air traffic division at the airport, said the pilot apparently overrode the 7,000-foot runway and was pulling up for a second attempt when he hit the 30-foot-high dike wall.

Ziegler said the plane, Flight 200 from Midland, Tex., to Kansas City with intermediate stops in Texas and Oklahoma, was on schedule and was due to land at 10:50 p.m. The crash occurred six minutes earlier.

Steel Earnings 'Way Down'

NEW YORK (UPI)—The U. S. Steel Corp. has reported its net earnings were the lowest in a decade in 1962, the year President Kennedy forced the big steel firms to hold the line on prices.

But U. S. Steel also announced Tuesday that fourth quarter profits were high enough to cover dividend requirements.

Cold Spell Near End In California

By United Press International Heavy rains poured in from the Pacific today, bringing relief to California's parched valleys and signalling an end to the destructive cold spell which nearly paralyzed the nation for weeks.

The West Coast rains brought a welcome end to California's 42-day drought. Point Piedra Blanca, Calif., received more than one inch of rain early today and other weather stations reported more than a half-inch. Snow fell inland from the coast.

The Rocky Mountain states and the Great Plains were the only areas where cold weather lingered. Bozeman, Mont., reported 24 degrees below zero early today. Sub-zero readings were common across the plains to Minnesota, where Minneapolis reported an early morning low of 13 below.

A thick fog halted shipping in east Texas. Ships were unable to leave port at Beaumont and Victoria. Private airplanes were grounded at Dallas, Fort Worth, Houston and San Antonio but commercial flights continued.

Freezing rain and drizzle fell from the Ohio Valley northward. Glaze and hazardous driving warnings were posted for most of eastern Missouri and southern Illinois during the night.

Legion Auxiliary Organizes; Elects Officers At Meeting

By Jane Casselberry
A meeting to organize an Auxiliary to American Legion Memorial Post 256 of Casselberry was held last Thursday night at the home of Mrs. Harold Kryder, 1494 Lake Dr. in Casselberry. Mrs. Kenneth Walbridge presided as temporary chairman. Officers elected were Mrs. Mrs. Kryder, president; Mrs. Richard Grindle, treasurer; Mrs. Walbridge, secretary; Mrs. Wilbur Morey, chaplain and Mrs. Leonard Casselberry, historian; Mrs. Luther Mynderse, past president and county chairman of Auxiliary Unit 21, Schenectady, N. Y., was appointed parliamentarian. The offices of vice president and sergeant at arms are yet to be filled.

DeBary To Host Round Table

By Mrs. Adam Muller
DeBary will host a meeting of the Volusia Round Table of DeLand at the Fireman's Recreation Hall on Columbia Rd. at 7:30 p.m. today. Guest speaker for the occasion will be Robert Bessner, administrator of Seminole Memorial Hospital, who will speak on the proposed convalescent home to be built in DeBary. The meeting is open to the public.

Approximately 11,800 persons lost their lives in fires in the U. S. during 1962.

Heard any Volkswagen jokes lately?

Remember the one about the lady who looked under her front hood and thought somebody stole her engine?
Or the one about the guy at the gas station who didn't know where the gas went? Or the water?
Today, the gas station attendants know enough to put the gas in front. And they don't bother checking your water or trying to sell you some antifreeze.
(After all, they've seen enough VWs to know that our engine's in the rear, and that it's cooled by air, not water.)
The point is this: People used to make fun of our car, now they have fun with it.
Which helps explain why our joke file's been getting a bit low. So, if you've heard any good VW quips or sayings or jokes, why not send them on?
Just write to John Stanley, Volkswagen of America, Englewood Cliffs, N. J. He'll start them on their rounds.
After all, nobody enjoys a good VW joke better than we do.

Seminoles End Skein; Top Lakeview

Woodruff, Riser Combine For 35

The Sanford Seminoles broke a five game losing streak trouncing Lakeview on the road Tuesday night to the tune of 70-43.

It was the eighth victory of the year for the locals against six losses.

Mike Woodruff led the Sanford scoring parade dunking in 20 points followed by Butch Riser who plunked in 15.

The Seminoles opened up a 16-6 first quarter lead, pulled ahead to a 37-14 romp at the half and breezed home the rest of the way.

The Junior Seminoles coasted to an easy 70-31 victory on the B squad contest.

Tech 'Cool' Under Pressure

ATLANTA (UPI) — Sixth-ranked Georgia Tech has earned the reputation this winter of being one of the coolest teams in the nation in do-or-die situations. Surprisingly, three teen-age sophomores have been largely responsible for this reputation.

The sages say that when the chips are down, it's experience that counts. But you couldn't prove it by the Engineers.

Georgia Tech, presently boasting a 15-1 record and leading the Southeastern Conference, has been involved in 10 games this season which were decided by five or less points — including two overtime encounters and one double overtime.

It won them all.

Duke Making Good Showing

United Press International Basketball has a winning tradition at Duke University, but there's still plenty of reason to buzz about the current edition on the Durham, N. C., campus.

Although Duke has had only one losing campaign since 1926, the Blue Devils seem ready to present their faithful with their best showing in over two decades.

Doing the most to make this possible is the terrific tandem of Art Heyman and Jeff Mullings, both legitimate contenders for All-America honors. They came through with another typical performance Tuesday night with a total of 46 points to lead Duke to an 88-70 victory over South Carolina.

Sonny To Get Loot Today

NEW YORK (UPI) — Sonny Liston was scheduled to get his \$45,000 today.

U. S. Atty. Robert Aram confirmed that his office had agreed to release \$45,000 of Sonny's fight money today to Sonny's advisor, Jack Nilon.

At the same time, \$75,000 more of Sonny's money was to be given to president Tom Bolan of Championship Sports, Inc. (CSI), to be placed in escrow with Sonny's consent, of course.

Sign Reed

MINNEAPOLIS (UPI) — Halfback Bob Reed, former University of Minnesota star, has been signed to a 1968 contract by the Minnesota Vikings of the National Football League. Reed was sidelined last season after suffering a chest injury in a game with the Los Angeles Rams.

Lake Monroe Takes Over Lead

Last week's position might matches in the City League resulted in a new leader taking over top spot in the standings.

Lake Monroe Inn, by virtue of a clean sweep over Jet Lanes, jumped into first place two points ahead of the leaders.

Although the first game was fairly close, there was little Jet Lanes could do to contain the on-rushing Inn-Mon. As they piled up their score to include three 800 series, DePalma, Uhr and Pentecost all found the range with 228/818, 231/808 and 244/803 respectively. Dorador's 223 was high single for the losers, but Spolski's 280 was top in series. Spolski and Maxwell had 204 and 203 single game scores.

Sweeney's lost a golden opportunity to stay close to the leaders, as they went down in

JOHN OPENED HIS 1968 CAMPBELL'S CHAMPIONSHIP HIS 22ND AT THAT HEIGHT OR BETTER. HE'S OUT TO END BRUMEL'S WIN STREAK OVER HIM AT FIVE STRAIGHT.

4 Greyhounds Seek Big '4' At SOKC

To date no greyhound has come up with four firsts at the Sanford-Orlando Kennel Club this season but four of them will be trying to accomplish that feat in tonight's ninth race, the big midweek feature.

The three-time winners in this top attraction are Denny Mac, Ruby Keeler, Mystery Tamer and Lou Havoc. If Denny Mac should win tonight it will be the fourth straight main event victory for this sensational pup who will not be two-years-old until next month.

The big 75-pound brindle, and his kennelmate, Ruby Keeler, both belong to T. J. Daniel, owner of the track's winniest kennel. Between them they have contributed six firsts to Daniel's total of 23 through Monday night.

Yale Needs 2-3 Weeks To Name Coach

NEW HAVEN, Conn. (UPI) — Yale University officials may need "two or three weeks" to canvass the "great number" of applicants for the vacant post of head football coach.

Revenue Boost

ALBANY, N. Y. (UPI) — Governor Rockefeller today proposed to increase state revenue from harness tracks by \$2 million by extending the racing season and increasing to 10 the number of nightly races.

Award For Wills

NEW YORK (UPI) — Maury Wills of the Los Angeles Dodgers was presented the Van Heusen Outstanding Achievement Award for 1962 Tuesday for his feat in stealing 104 bases.

NFL Considering 'Exhibition' Doubleheader

MIAMI BEACH (UPI) — The National Football League kept its scandal investigations to itself today and turned to making pro football the national sport with a blue ribbon sendoff next season.

Being considered by NFL owners at their annual winter meeting here, but probably not up for a formal vote until Thursday, was an exhibition doubleheader at Cleveland that would match four of the league's best teams.

More proposed rule changes and other routine matters were on the agenda for today's second round of meetings in the three-day gathering of NFL owners.

League Commissioner Pete Rozelle officially put the lid on more talk of gambling investigations when he said Tuesday that nothing criminal had been proved so far and that "our investigation will not be discussed any further during this meeting."

He admitted, however, that the league is "cooperating" with the Senate investigating subcommittee of Sen. John L. McClellan, D-Ark., in an investigation of possible gambling influences in the sport.

But Rozelle has promised to stay silent on any results until the continuing investigations are finished.

The brightest spot in the meetings Tuesday were the reports on attendance, which has set a new record four of the past five years, and on television viewing of pro ball.

Iriarte Cops Charity Trophy

Gast and Lorenzo thrilled 1,100 Charity Night fans last night at the Orlando Seminole Jai Alai Fronton with their excellent play in the all star eleventh game as they fought from far behind to outdistance Onate and Iriarte.

It was a case of Gast's agility and ability to put the ball where he wanted and Lorenzo's great power that settled the issue in favor of the winners by constantly keeping the opposition off balance.

The Charity Night trophy was won by Iriarte who took the eighth game single match and received the trophy from Seminole County Sheriff J. L. Hobby, exalted ruler Frank Holmes of the Sanford Elks and exalted ruler Al Ehrlich of the Orlando Elks Lodge.

Tonight will be American Legion night at the Fern Park Fronton with the Castellberry post donating the trophy.

Palmer Top Classic Choice

PALM SPRINGS, Calif. (UPI) — Arnold Palmer opens defense of the first of his eight 1962 crowns today when play gets under way in the Palm Springs Golf Classic — where \$115,000 is up for the pros to take pot-shots at.

The champion is the favorite, but there is a lot of sentiment, too, for other members of golf's "big five" — Jack Nicklaus, Gary Player, Billy Casper and Gene Littler.

Between them they hold every major golf title in the world and they have won three of the first four tournaments this year. Palmer has won one title this year, the Los Angeles Open.

The only one that eluded them was the Lucky International last week at San Francisco, where Jackie Burke sneaked in as the winner. Casper won at Pebble Beach, Player at San Diego.

"It was a case of life beginning at 40 for me," said Burke as he prepared to tee off today with his three amateurs. "I struck a blow for the middle-aged crowd."

Oliver Quits Yale Job

NEW HAVEN, Conn. (UPI) — Yale University officials may not have to roam too far afield in seeking a new head football coach.

Jordan Oliver presumably caught the Eli athletic office by surprise Monday night when he announced he was relinquishing what amounted to a lifetime contract as Yale coach to devote all his time to his insurance business in Beverly Hills, Calif.

There had been reports that the 48-year-old native New Yorker was considering resigning at the end of the 1962 season when the Elis won only two of nine games. However, athletic director Delaney Kipbush said no steps had been taken to find a successor because it had been hoped Oliver would change his mind.

Comeback

MIAMI BEACH (UPI) — Six-time world champion Sugar Ray Robinson takes to the come back trail again tonight against New Orleans' Ralph Dupas — 16 years his junior.

Veeck Is 'Shut Out'

WASHINGTON (UPI) — Bill Veeck, the P. T. Barnum of baseball, has been shut out in his latest bid to return to the major leagues by buying the Washington Senators.

Veeck, who wasn't above putting a midge in a batter's box to get a man on base and a stadium packed, lost out Tuesday when three stockholders of the Washington club bought out the interests of five others for a reported \$3 million.

Veeck and former Cleveland co-owner Nate Dolin, acting for a syndicate, have been dickering since last summer to get Senators president Elwood R. Quesada to part with his share of the 10th-place American League club.

But Tuesday a by-law in the team's corporate charter ended their chances. It provided that shareholders couldn't sell to outsiders if another shareholder met their price.

James M. Johnston, James

Boyer Inks Pact; 'Let The Boos Come'

United Press International Ken Boyer says he'll take the \$30,000 and let the boos come if they must.

"I'm just going out to play ball," said the St. Louis Cardinal third-baseman today after agreeing to his 1963 contract. "Whatever feeling the fans express, it's beyond my control."

Boyer was the target of pretty heavy boozing in St. Louis last season despite a .291 batting average and 98 runs batted in, but Cardinals general manager Bing Devine predicts the Boyer-led Redbird infield will have 'em cheering this year.

"We have an infield among the best in baseball both on offense and defense," said Devine. "We said we would make some changes for this year but at no time did we consider trading Boyer."

Devine said the Cardinals' first string 1963 infield will be composed of Boyer, first-baseman Bill White, recently acquired shortstop Dick Groat and second-baseman Julian Javier.

Boyer agrees with Devine that the Cardinals' 1963 infield will invite more cheers than jeers. He thinks, in fact, that the 1962 boozing "was exaggerated—in fact, it was just because the fans were generally disappointed in the team."

The Chicago White Sox and Cleveland Indians also signed important players Tuesday and the Baltimore Orioles heard that their key winter acquisition "is satisfied."

The White Sox signed veteran second-baseman Nelson Fox, who'll be starting his 14th season, for an estimated \$37,500. Fox, the American League's most valuable play-

er in 1959, hit .267 last season.

The Indians revealed that Joe Adcock, towering slugger obtained from the Milwaukee Braves, has agreed to terms. The 35-year-old Adcock hit 29 homers and knocked in 78 runs for the Braves last season. He'll be starting his 14th season in the majors and first in the American League.

In Maracaibo, Venezuela, shortstop Luis Aparicio said he is accepting the Orioles' offer and will mail the contract to Baltimore this week. Obtained in a winter trade with the White Sox, Aparicio's salary is believed to call for \$40,000. He hit .211 in 153 games last season.

Pitcher Tex Clevenger, 20 in 1962, signed with the New York Yankees along with rookies catchers Bill Madden and Alan Hall, outfielder Ron Solomoni and first-baseman-catcher Curt Bleafly. The Yankees have announced only seven signed players.

The Chicago Cubs announced all signed when catcher Cuno Barragan and rookie pitcher Don Prince returned their contracts. Barragan hit .201 for the Cubs last season while Prince had a 10-14 record for Salt Lake City.

The Minnesota Twins revealed that outfielder Jim Lemon and rookie catcher Paul Ratliff have come to terms, and the Los Angeles Angels announced the signing of catchers Bob Rodgers and Ed Sadowski.

American Loop Gets One Day Jump On Opener

BOSTON (UPI) — President Kennedy can start getting his throwing arm in shape for the American League opener at Washington on April 8.

Launching the season one day earlier than last year when the President also was on hand to toss out the first ball, the Washington Senators will play host to the Baltimore Orioles in the \$20 million District of Columbia Stadium April 8.

The official 1963 schedule, released by American League headquarters here today, revealed the Senators will get the customary one-day jump on the rest of the circuit.

Welcome Wagon Gets New Members

By Jane Casselberry
The South Seminole Welcome Wagon Newcomers Club met last Thursday in the Carriage Room of the Hamilton House for a luncheon meeting following by an afternoon of cards. The executive board met prior to the luncheon.

Twenty-two members and 11 guests were present for the occasion.
New members joining during the meeting were Mrs. Gene Fritter, Mrs. Sue Dice, Mrs. Esther Tooley, Mrs. Nannie Peterson, Mrs. Edith Johnson and Mrs. Helen Green.

Guests were Mrs. Lorraine Vargo, Mrs. Claire Sabatine, Mrs. Frances Dickenson, Mrs. Ann Cirane, Mrs. Blanche Vanderwerf, Mrs. Melissa Nelson, Mrs. Emily MacLeod, Mrs. Evelyn Beake, Mrs. Ruth Logsdon and Mrs. Claire Paulson and Welcome Wagon Hostess, Mrs. Virginia Petroski.

Members of the club have been invited to attend a Benefit Dessert Bridge sponsored by the Sanford Welcome Wagon Club to be held Tuesday, Feb. 19, at the Sanford Women's Club. Those planning to attend may contact Mrs. Luther Miles in Forest City for tickets.

There has been a change in meeting place and the next meeting of the club will be held Thursday, Feb. 21, at noon at the Country Club at Casselberry.

There will be a silent auction for white elephant items and baked goods and there also will be a fortune teller present.

Winners of prizes at last week's meeting were Mrs. Dice, door prize; Mrs. Joyce Merrifield and Mrs. Logsdon, bridge prizes; Mrs. Vera Christianson and Mrs. Lucile Crowell, canasta prizes and Mrs. Johnson, pinocle prize.

Hoffa Urges Capitol March

LANSING, Mich. (UPI)—A march on the nation's Capitol has been called for by Teamsters Union boss James R. Hoffa to protest labor legislation in the works by several congressmen.

Hoffa, in a speech here Tuesday, promised to lead "hundreds of thousands" of workers himself to protest the bills which he referred to as "garbage" and which he said would destroy the labor movement in the United States.

Hoffa, in his speech to 175 delegates to the annual legislative conference of the Michigan State Building and Construction Trades Union, called the congressmen sponsoring the bills "bums."

The congressmen to whom he was referring were Sen. John L. McClellan, D-Ark., Sen. Barry Goldwater, R-Ariz., and Rep. Dave Martin, R-Neb.

Reprimanded, Girl Takes Roach Powder

PITTSBURGH (UPI)—A 14-year-old girl who admitted she swallowed poison because she had been reprimanded for smoking at school died Tuesday.

Marlene Burke told her grandmother, Mrs. Alberta Burke, that she had taken roach powder. Mrs. Burke telephoned South Side Hospital and learned what antidote to give the girl.

The grandmother said Marlene showed slight improvement and then went into a coma. She was taken to the hospital but was pronounced dead on arrival.

Move Against DeGaulle Starts

BRUSSELS (UPI)—West German many started rallying forces against France today to prevent President Charles de Gaulle from doing any more damage to the Atlantic alliance.

France's blocking of Britain's entry into the six-nation Common Market Tuesday left the rest of Europe shocked, confused and angered.

Britain, caught without an effective alternate plan, started looking for ways to lighten its economic links with other European nations, the Commonwealth and the United States, without alienating the five Common Market members who supported its application.

Ninety-Third Birthday Celebrated With A Family Dinner Party

Mrs. Charles H. Newton, known to her friends as Susie Winebrenner Newton, was honored by her children recently with an elaborate family dinner party in honor of her 93rd birthday.

The dinner was held at her home on Nob Hill Circle in

Meredith Manor. The menu featured fried chicken and ham with all the trimmings and the traditional birthday cake. It was a three tiered cake topped with a colonial lady and "Happy Birthday" on the top.

Her brother-in-law, Frank Newton, of Orlando gave her

the cake and a camellia corsage.

Mrs. Newton moved to Orlando in 1912 and lived there for many years. She was one of the group that organized the first Christian Church that was established in Orlando, where she sang in the choir for years and was very active in

all the church work.

She is also a past Noble Grand of the first Rebekah Lodge of Orlando. All during the day Mrs. Newton received visits and phone calls from her friends in the local area and Orlando, including members of the Rebekahs.

Relatives attending the dinner included her son and his family, Mr. and Mrs. Charles Phillips and daughter, Debbie, from Kissimmee; another son and his wife, Mr. and Mrs. O. L. Dowler of Winter Park and two daughters, Mrs. Jeannie Phillips, Kissimmee, and Mrs. Inez Meredith, Altamonte Springs.

Ernest Dowler of Lexington, Neb., another son, was not able to attend the celebration. Others attending were Dr. and Mrs. Charles Tindall of Kissimmee; Mr. and Mrs. W. K. Hughes, Selma, N. C.; Mrs. Louise Roth, Candlerwood Point, Conn. Mr. and Mrs. Richard Mudge, Erie, Pa. Rev. and Mrs. Van B. Hanna, Altamonte Springs; Mr. and Mrs. H. L. Douglas, Dover Road, Maitland; Mr. and Mrs. J. S. Greene, Orlando; Mrs. Mabel Tomlinson, Forest City and Mrs. Faye Morris, Meredith Manor.

MRS. CHARLES H. NEWTON, seated, was honored on her 93rd birthday with a family dinner, given by her children. Left to right are two daughters and a son, Mrs. Jennie Phillips, O. L. Dowler and Mrs. Inez Meredith and her husband, Charles H. Newton. (Herald Photo)

Valentine Party Planned By Zeta Xi Chapter

Members of the Zeta Xi Chapter of Beta Sigma Phi, sorority, are planning a Valentine social with their husbands as guests. The social committee will be in charge and Mr. and Mrs. Fred Wilson will be hosts for the cook-out and party.

The group met at the home of Mrs. James Lyons in Sunland for the regular meeting with Mrs. Leon Swain Jr. as co-hostess. Mrs. Swain presented the program on "The Garden."

During the business session plans were made for a bake sale. Refreshments of banana nut bread, apple turnovers and coffee were served. Others present were Mmes. Wilson, Gary Hudgins, Philip Dach, Bob Morris, Ernie Morris, Harvey Wilkinson, Jack Ludwig, Gerald Covington, Bud Corley, Dick Butler, Robert Winsa, Osborne Dorniney, Phillip Boyd and Miss Grace Marie Stinecipher.

Church Calendar

THURSDAY

Brownlee Bible Class of the First Presbyterian Church will meet in Fellowship Hall at 7 p.m. for supper meeting.

FRIDAY

The TEL Sunday School Class of the First Baptist Church will meet at 3 p.m. in the Church Chapel. Mrs. Wendell Scott and her group will serve as hostesses.

If you're in a bridge game with players better than you are, say once you wished you played better, and drop the subject.

Oviedo

Personals

Weekend guests of Mr. and Mrs. John M. Clark were Mrs. Clark's mother, Mrs. W. B. Holgeron, and sister, Mrs. Henry S. Alken Sr., of St. Augustine. They came to meet their new great-granddaughter and niece, Gena Gayle Hickson, daughter of Mr. and Mrs. C. E. Hickson.

Isley - Bennett Wedding Planned This Saturday

Mr. and Mrs. Fred Stewart, Star Route 1, DeBary, announce the engagement and approaching marriage of their daughter, Judy Ann Isley, to Robert Lee Bennett, son of Mr. and Mrs. John P. Griffin of Sanford.

Miss Isley was born in Burlington, N. C., and attended schools there and in DeLand. The groom-elect is a native of Sanford and attended local schools including Seminole High School.

The wedding will be an

event of this Saturday at the home of Rev. Robert Smith, 1104 West Third Street, Sanford.

The couple will make their home in Sanford where the groom is employed as a plasterer.

MISS JUDY ANN ISLEY

Miss Grogan Hostess For Church Class

The Phebean-Golden Circle Sunday School Class met recently at the West First Street home of Miss Martha Grogan for the monthly business and social.

The class presents each new member with a white, engraved Bible. Mrs. Holly Piercy reported that the latest one had been given to Mrs. Gary Hudgins.

Several amusing games were enjoyed under the direction of the social chairman, Mrs. Vernon Hardin, with prizes awarded to Mrs. June Brodie and Mrs. Carlton Henley.

Refreshments were served by Miss Grogan, assisted by her mother, Mrs. Mamie Grogan.

Others attending were Mmes. Robert Hodges, Bill Howard, Milner Osborne, Dorothy Stapleton, William Johns, Ed Alderman, Cecil Tucker, M. N. Cleveland and Donald Flamm.

DeBary

Personals

Mrs. Mae Phillips of Community Drive visited her niece, Mrs. J. Tarbert, in Jacksonville and her sister-in-law, Mrs. J. Thomson, of Virginia, who was also in Jacksonville visiting.

Rebekahs Welcome Visitors

Seminole Rebekah Lodge No. 43 met at the Odd Fellows Hall with Mrs. W. L. Roche, noble grand, presiding. Visitors introduced were Mrs. Lillian Andrews of Woodstock, Conn., and Mr. and Mrs. Rich of Bloomington, Ill. Mrs. Rich is past grand warden of the L.E.A.

The altar was draped for 30 days in memory of Brother Chestnut, Deputy Grand Master.

A donation of \$5 was sent to the International Peace Garden project, and a \$10 donation was made to the Rebekah Assembly.

Mrs. Rich brought greetings from the Rebekahs in Illinois and told of their activities and of the Old Fellows home there.

Mrs. Andrews also spoke of her home lodge and told of the Old Fellows home in Connecticut.

PYGMALION

George Bernard Shaw's classic comedy "Pygmalion" comes to home screens as a 90-minute color special over NBC-TV on Wednesday, Feb. 6. Stars are Julie Harris as Eliza Doolittle, the ignorant flower girl and James Donald as Henry Higgins, the arrogant professor of phonetics.

Highlights

TV Time Previews

7:30-8 p.m. CBS. Self Portrait. (Debut) Guest: Pierre Salinger, presidential press secretary. This new series, which will be seen periodically as subjects become available, bases its concept on the successful formula of informal conversations with leading men of science, culture, business and politics. Tonight Salinger is seen at his Falls Church, Va., home, in conversation with Harry Reasoner, easily describing his interests, experiences and present-day problems.

7:30-9 p.m. NBC. The Virginian. "The Man Who Wouldn't Die." (Color) Star Lee J. Cobb takes on the major role again, and again proves his ability to sustain quality in the 90-minute production. Vera Miles is seen as a tutor hired by the judge. When she disappears, he follows her trail to San Francisco, and gets involved in a murder. The body disappears and friends of the deceased refuse to acknowledge his death, which makes the judge begin to doubt them, and then his own sanity. Jeff Morrow is featured with regular Roberta Shore.

9-9:30 p.m. CBS. The Beverly Hillsbillies. Cousin Pearl (Ira Bernader) provides the action here when she gives spelling lessons at the Clainpew mansion. Mrs. Drysdale (Harriet MacGibbon) calls the cops, who forget about making trouble for Pearl when they taste her cooking. Grandy's (Irene Ryan) crier, and are overwhelmed by Elly May's (Donna Douglas) beauty. Funniest of all is Jed (Campbell's) (Buddy Ebsen) reaction to feminine leads.

9-10 p.m. NBC. Perry Como Show. (Color) Charlton Heston takes time out from his Biblical

Dear Abby:

By Abigail Van Buren

DEAR ABBY: A neighbor of mine promised her husband she wouldn't smoke any more, so she took up chewing tobacco. It is disgusting enough to see a man chewing, but a woman doing it looks terrible. She claims lots of women chew but few people know it. I have hinted that it looks bad, but she goes right on chewing. The poor soul must have the habit so strong she can't quit now. Will you ask your readers to pray for her?
A FRIEND

DEAR FRIEND: An entire nation could "pray" for her, but the Lord needs her cooperation. A bad habit never disappears miraculously. It's an "undo-it-yourself" project.

DEAR ABBY: I am concerned about my daughter. She is a lovely, intelligent, happily married woman with two fine children. She has been seeing a clinical psychologist for a year. She is not mentally ill. I've tried to discuss her problem with her and she refuses to confide in me. I know it's fashionable these days to run to psychiatrists and psychologists, but I hate to see my daughter spend her husband's hard-earned money on such a frivolous expense.

How can I convince my daughter she is foolish for continuing this costly fad?
CONCERNED MOTHER

DEAR MOTHER: One need not be mentally ill to require help with an emotional problem. If your daughter thinks she needs this kind of help, leave her alone. And be glad she has the courage and sense to seek it.

DEAR ABBY: My problem is an over-affectionate husband. When he leaves for work, he kisses me. If we should meet anywhere else, he hugs and kisses me. He doesn't care whether we are alone or not. He is always telling me how nice I look and other such compliments. He can't keep his inmost thoughts to himself. Sometimes it is very embarrassing. Please understand, I really love my husband, but his constant show of affection annoys me. How can I discourage him a little without discouraging him altogether?
BLOSSOM

DEAR BLOSSOM: Are you bragging or complaining? Search your soul. Surely you must have a bigger problem.

Jacoby On Bridge

By Oswald Jacoby

West's jump to three spades is not recommended as a steady diet. Sometimes, a six card suit headed by the queen runs into too much strength in back of it. This time the bid worked beautifully. North was crowded into making a rather unsound four-heart bid and after East tried four spades, South continued to five hearts. West opened clubs and continued the suit. South ruffed the third lead and drew trumps. Then he went after the diamonds. When that suit broke four-one he had to lose a diamond trick and was down one. North apologized for his four heart bid South complained about bad luck and East, who was keeping score,

South should have drawn two rounds of trumps. This would leave one trump outstanding. Then he should have gone after the diamond suit. Should diamonds break three-two he would draw the last trump after playing two rounds of diamonds. Should diamonds break four-one the second diamond might be trumped. In that case South would be able to trump a losing diamond with dummy's remaining trump and still go down one. The way the cards lay South would make his contract. East would have to follow to four diamond leads and South would have trumped his diamond loser, returned to his hand with the ace of spades and won the rubber.

We The Women:

By Ruth Millet

A recent psychiatric study of the so-called "normal male" indicates that his personality isn't stimulating. His interests and pleasures are narrow, his ambition is comparatively low and he lacks creativity.

Peter Falk Does It Again

HOLLYWOOD (UPI)—Every time Peter Falk acts it is an occasion. In another era, he would have been a match for Humphrey Bogart and John Garfield with his magnetic tough warmth, whether playing heavy or hero, high drama or comedy.

Tuesday night on NBC-TV's "Dick Powell Theater" Falk played a rough, semi-literate deaf-mute whose temper explodes with tragic results when he realizes he has mistaken sympathy for love on the part of a pretty lip-reading and sign-language teacher. It was an occasion again. Last year, also on the Powell show, Falk won an Emmy for portraying a truck driver in the drama "The Price of Tomatoes." And if his latest performance does not win another Emmy nomination—which is sort of routine for him—then two and two shouldn't equal four.

NEWCOMER?

Have you, or has someone you know, just moved to a new home?

Your Welcome Wagon Homeless will call with gifts and friendly greetings from the community.

When does Johnny have time to develop interests that will enrich his personality, to see a little of the world, to try different kinds of work in order to be sure of his aims in life, to develop an ambition that goes beyond a secure little job with a steady pay check and the prospect of a pension at age 65? In their desire for togetherness from junior high school on, what the American girl and her mother are doing to the nation's youth is as sad as anything that is happening in America today. If American women are bored to tears with their unambitious, uncreative, unstimulating husbands that they married before they gave themselves a chance to find themselves as men and as individuals, they have only themselves to blame. There are approximately 20 thousand species of birds in the world.

School Program Prospect: It Hasn't A Prayer

WASHINGTON (UPI) — The prospects of President Kennedy's big new school aid program have been summed up in a single short sentence: "It hasn't got a prayer."

That assessment, from a congressional aide seasoned in past school bill battles, was widely shared by lawmakers after their first look at the President's multi-billion-dollar education plan Tuesday.

The gloomy outlook for the legislation applied generally to the form in which it was sent to Congress: a single catch-all bill combining 21 new and old school aid plans. Parts of the Kennedy program seemed sure to become caught in the bitter congressional fight between supporters of public and parochial schools.

The two sides lined up quickly. The National Education Association heartily endorsed the bill; a representative of the National Catholic Welfare Conference said it "had something for everybody, everybody except those children whose parents have elected to send them to private schools." Many lawmakers believed Congress would accept a new program of federal aid to colleges, expanded student loans and other assistance under the existing National Defense Education Act and improvements in teacher training, library services and special educational fields covered by the Kennedy "one tent" education bill. The most optimistic prediction for the catch-all bill was made by Senate Democratic Whip Hubert H. Humphrey, Minn., who rated its chances better than 50-50. He said that individual parts of the bill had a "very, very good chance."

Why No Comment?

We are still stunned by the City Commission action Monday night in refusing to negotiate with the Sanford Pipeline Co.

The Navy wants it. The Chamber wants it. And the people want it.

And yet . . . Because a small hard core of Atlantic Coast Line employees came out in mass against the proposal, because the ACL would lose money in the deal . . . the City Commission by a 3-2 vote refused to okay the plan.

A Herald reporter questioned two of the commissioners, Somy Raborn and Al Wilson on whether they turned the proposal down.

All we heard was "No comment." You just don't push a \$200,000 industry out of the city.

We demand some comment! We have a right to know.

A leading official of the ACL assured us that the ACL would not be hurt by the Pipeline . . . The Navy says it will save the taxpayers money and most of all the City Commission earlier approved the plan.

Why did they backtrack? Why did they back-paddle in the waters of progress?

We urge the Chamber of Commerce to push this project and don't let all the work in building this community go down the drain.

Dr. Crane's Worry Clinic

Philo was an ancient Greek merchant who illustrates the medical hysteria that afflicts modern America. Millions of "Worry Warts" are idolatrous for their worship doctors instead of God Almighty. And tons of needless drugs are being prescribed because you patients demand them from us doctors, though we know you don't need them at all.

CASE O-445: Philo was an ancient Greek merchant who was fleeing from Damascus because the plague had broken out in that city.

Along the route he was travelling he overtook a tall, distinguished looking Stranger.

They greeted each cordially and trudged along together on foot, meanwhile engaging in conversation.

At noon they stopped for lunch. Philo shared his figs and fish with the Stranger, who thanked him for his generosity.

Finally, Philo screwed up enough courage to ask his companion who he was.

"I am the Black Death," replied the Stranger.

"Oh, get away from here—don't touch me!" exclaimed Philo, in great terror.

"Why, you just killed 50,000 people back in Damascus. That's why I am fleeing."

The Stranger shook his head.

"Not so," he replied calmly. "I slew only 1,000. Fear killed the other 40,000."

And that ancient story illustrates the wide prevalence of psychosomatic medicine.

Whenever an accident occurs, whether on the highway or in your home, what do you think of first?

"Call a doctor," you cry out in panic.

Few of you ever think of calling on God, do you? And that is even true of you modern clergymen, too!

Yet we doctors can't even make a scratch heal or cause blood to clot or make a fractured bone knit!

At Northwestern Medical School one of our distinguished professors addressed the class one day with this shocking statement:

"Gentlemen, always remember that 85 per cent of your patients will get well—in spite of what you doctors do for them!"

This week in the United States alone some 20,000,000 patients will call on us doctors for treatment.

Yet 10,000,000 of them (50 per cent) will have no diagnosable physical ailments whatsoever.

They are "worry warts" and frustrated biddies past the

age of 40 who crave a little encouragement from a sympathetic male, maybe because their husbands have died or they are spinsters.

And I don't mean to focus solely on the women, for millions of men are likewise worry warts who consume tons of pills and receive millions of injections, needlessly.

But the men are often scared of becoming platonic. This very fear, like that of the Stranger on the road from Damascus, then can produce the very impotence they dread.

Thereafter, they deluge us doctors. Any medic with a positive personality can usually cure them with ordinary saline injections or even magical hocus-pocus, for their problem is chiefly above their eyes, namely, psychosomatic.

So get hip to reality. Unless you have a cut artery or a fractured bone or a real surgical crisis, quit acting so chicken!

You hysterical Americans are trying to worship the M. D. You use him as an idol to replace God Almighty. Gut hep.

And send for my booklet "How To Prevent Impotence," enclosing a stamped return envelope plus 20 cents, for it can stop platonic marriage better than testosterone.

Helen Fuller Says Position Not Favorable

WASHINGTON (UPI) — The arrogance and shortsightedness of Charles de Gaulle are forcing John F. Kennedy into a position on the world stage he never sought.

In his press conference of Jan. 14, the French President in effect declared himself totally disinterested in the Atlantic Alliance, disinterested with American leadership in it, determined to go ahead

with development of his own separate nuclear force, and opposed to the inclusion of Great Britain in a future United Europe except on DeGaulle's terms. The latter, he made clear, included an end to the "special" relationship which has historically existed between Britain and the United States.

Few deny that Charles de Gaulle is a great man. But there are a few leaders of the

New Frontier who think he is that great. DeGaulle makes no secret of the belief that he has been chosen to make history—to build a "new Europe" centered on a Franco-German alliance, independent of the United States and Russia. The fact is that France simply is not strong enough to turn DeGaulle's dream into reality. No amount of personal "will" can pass miracles.

Washington is aware that DeGaulle's imperious ways are making Italy and most of Germany nervous about the course of the European Community. Rather than responding to DeGaulle's blustering with concessions to prevent his growing even more difficult to deal with, the Kennedy government therefore is quietly at work on a new formula for a NATO nuclear force.

What United States strategists are seeking is a system of collective defense that would not be totally paid for or exclusively controlled by us.

General Lauris Norstad, the retiring supreme commander of NATO, told a Washington audience last week that an Anglo-American-French nuclear defense directorate might be the answer. The present thinking in Washington is that a triumvirate does not distribute responsibility broadly enough. The Kennedy men incline to the view that the West Germans and the Italians should also be included in such a directorate.

On the economic side, Administration thinking adheres to the need for Britain to be inside the Common Market. Otherwise, it is thought, the European Community will tend to turn inward rather than outward toward a wide-angled Atlantic Community, including the United States.

In general, Washington is not in a mood to bow to the imperious DeGaulle. The strategy is to think and plan ahead to the time when France will no longer revolve around him.

"Who Says No News Is Good News?"

Peter Edson Political Notebook

WASHINGTON—(NEA)— President Kennedy's farm message to the new Congress, expected before Feb. 1, will concentrate on four top commodities—dairy products, cotton, feed grains and wheat.

Authoritative sources which have been working on it say the message will not be as specific as the President's two previous programs, which became prime targets for his critics.

The pitch this year will be to give general objectives, then let Congress write the tickets with broad grants of authority to the secretary of agriculture to spell out details in regulations.

The risks in this approach are that Congress may not be able to agree on precise formulas. One result might be no farm legislation at all or action so late in the session that it will not affect this year's production.

Congress did approve a feed program for 1963 and a wheat program for 1961, late in the last session. But making the wheat plan operative is subject to a vote of approval by two-thirds of the wheat growers in late May or early June.

A "Yes" vote will mean \$2 a bushel support price for wheat grown on limited acreage with extra payments for reduced planting to put more land into conservation.

If more than one-third of the wheat growers vote "No" there would be no limit on planting or marketing and the support price would fall to 50 per cent of parity or about \$1.20.

The result of this would be to make wheat competitive with the feed grains. This would force more feed grain production under price supports. The total cost to the government for both wheat and feed grains would probably be less under a "No" vote.

All these factors being considered, it is necessary for Congress to know the outcome of the wheat referendum before it can legislate intelligently on the feed grain program for 1961.

The 1962 feed grain program continues the voluntary reduction of corn, grain sorghum and barley acreage in effect 1961-62. Farmers who co-operate receive payments for taking cropland out of production and putting it in conservation. The sign-up period for this year is Feb. 1 through March 22.

So President Kennedy has wheat and feed grain programs to plug in his new message, as well as brand new programs on cotton and dairy production, which are in real trouble.

Cotton is in trouble from synthetic fiber competition and an export subsidy of 8.5 cents a pound, which has increased imports of foreign textiles. Department of Agriculture recommended an export free to equalize this imbalance last year, but the Tariff Commission turned it down.

Another idea is to establish a blended price support plan. It would let anyone plant limited acreage at a high support price with a lower support price for larger acreage production.

A third recommendation is to increase acreage allotments from 16.25 million acres to 17 million acres. This would increase surpluses and Congress would have to approve it, because the Department of Agriculture has no authority to do it now. Prospects for a new cotton program before planting time are dim.

The dairy program which now permits unlimited production cost the government about \$600 million last year. Last April's support price, cut from \$3.49 to \$3.11 a hundredweight, failed to cut production. Butter surpluses

are now taxing cold storage capacity. But dairy farm income is down.

There is no support in Congress for mandatory reduction of milk production, so the administration will not recommend it. A voluntary, diversion-type program similar to the feed grain program is likely to be proposed.

are now taxing cold storage capacity. But dairy farm income is down.

There is no support in Congress for mandatory reduction of milk production, so the administration will not recommend it. A voluntary, diversion-type program similar to the feed grain program is likely to be proposed.

Phil Newsom Says . . .

Not A Great Surprise!

UPI Foreign News Analyst When President Charles de Gaulle almost in a single sentence dumped the Atlantic alliance and vetoed British membership in the common market, the surprise need not have been nearly so great had the signs been read a little better.

In a state of what might be called complacency, his Western associates simply went on expecting him to do things he never intended to do.

As early as 1958, De Gaulle

was showing disenchantment with NATO. After that came his determination that France should have its own nuclear force. His imposition of almost impossible conditions on British entry into Europe and his open courtship of the West German Republic have been other signposts along the way.

They are not of recent origin. In De Gaulle's concept of a French-led Western Europe, there was no place for Britain or for the United States.

The gods are never questioned and so it seems unlikely that De Gaulle will bother to explain himself more than he already has. But it seems probable that these considerations lent weight to the final decision.

The European Common Market already is an economic success, and for selfish reasons alone its members are not likely to abandon it even in the face of a major upheaval.

Whatever its irritations may be, the United States cannot abandon Europe militarily. Therefore, even if it takes 10 years to build up an independent French nuclear force, there is no danger of a military vacuum.

If there is a big loser, it will be Britain and if Britain finally does enter the common

market, it will be on any terms she can get.

France is at its moment of greatest economic strength. It is growing faster than West Germany and twice as fast as either the United States or Britain.

Time is important. Along with De Gaulle, the greatest advocate of close Franco-German ties has been West German Chancellor Konrad Adenauer who is scheduled to leave office in less than a year.

DeGaulle himself, with approximately three years left in office, also must firm up his own concept of a future France before it can be undone by his successor.

France's partners in the common market have said plainly that De Gaulle's idea of a Europe of the future is not their idea.

Quotes

We are so sophisticated scientifically that men can breathe in the airless void beyond the earth's atmosphere, and yet we are so primitive that the quality of air we breathe on the surface of the earth continues to deteriorate.

—U. S. Surgeon General Luther L. Terry, on air pollution.

Snow is just tumbling out of the sky. The only thing traveling is snow.

—British Automobile Assn. spokesman, during Britain's worst storm in a century.

We now live in a world in which we are literally all at each others' mercy. One would think that, in these circumstances, mercy would be taken seriously and studied, but this is the last thing that anyone seems to want to do.

—Prof. Kenneth E. Boulding, U. of Michigan economics professor.

I'll blow fifty more.

—Louis Armstrong, beginning 50th year as a trumpet player.

HEAVY ATTACK
Squadron Five's new Executive Officer, Cdr. Paul F. Werner, reported to the squadron in Cannes. Cdr. Werner, a native of Jamestown, New York, began his flying career as a student in the first High School Civilian Pilot Training Program and was a qualified private pilot at the age of 18. He entered the Navy soon after completion of the training program and completed Naval Flight Training at Pensacola in October 1944; being commissioned Ensign and designated a Naval Aviator.

Bear Lake Troop Visits Scout Home

By Shirley Westworth
Girl Scouts of Bear Lake Troop 497, accompanied by their leader, Mrs. John Hall, last weekend made an overnight visit to the Girl Scout Home on Celia Lane in Orlando.

Friday night supper was cooked by Patrol One and during the evening plays and skits were presented by the girls for badge work credit.

Patrol Three was in charge of preparing Saturday morning's breakfast with the Flag Ceremony and Scouts Own being held after the meal was served.

During the morning the scouts received instructions on knot tying after which they ate luncheon prepared by Patrol Two.

The troop returned home late Saturday afternoon. This same group of girls, all dressed in uniform, recently enjoyed a 7:30 a. m. breakfast at Ronnie's Restaurant in Orlando.

As the current service project, the girls are making Valentine tray favors to be distributed to a hospital.

RA's Enjoy Skating Party

By Mrs. Clarence Snyder
The RA's of the Osceola Baptist Church enjoyed a skating party Saturday night at the Melodie Skating Rink in Sanford.

Those attending were Kirby Osceola, Marcell Tart, Jackie and Douglas Jurs, Danny Bowen, Peter and David Tyson, Ronald and Steve Riggs, Ash and Mark Pell and Wayne Smedberg.

Adults accompanying the boys were Al Pell, Marvin Riggs, Richard Pickles, Gerald Hosack and Rev. Trammel Kilpatrick.

Altamonte Sets Conference Day

By Louise Simmek
Another grading period has ended at the Altamonte Elementary School and conferences are being scheduled between parents and teachers upon request.

No school will be held Friday and teachers are asking that as many conferences as possible be scheduled for that day. However, for the convenience of working parents, special conferences will be held on Thursday evening by appointment.

Pipeline Fight Nears Favorable End

The NAS jet fuel pipeline was on the verge today of becoming a certainty. Only a minor difference of opinion appeared in the way.

Arguments pro and con over the City Commission's 3-2 rejection of a request for an easement for the two-mile pipeline from the waterfront to the Naval Air Station reached

to Jacksonville this morning. ACL President W. Thomas Rice was "informed of the situation here, along with the rough-house tactics" by Randall Chase, head of Chase & Co. Chase said he had telephoned the railroad head about the controversy and Rice agreed to confer with Capt. Robert Ware, commanding officer of the air base.

Captain Ware stated Rice did telephone him but that "Mr. Rice did not indicate his statements to me were for public consumption and I will not divulge them."

The Herald, in endeavoring to "get the whole picture," talked with Ray Bullard, ACL public relations representative at Jacksonville, asking for an official statement from the railroad officials about local ACL participation in the pipeline fight. Bullard returned the call later with word that ACL traffic department officials in Jacksonville "know nothing about any pipeline controversy at Sanford." He promised, however, to continue "and I'll call you if anything develops."

The pipeline situation took on a brighter picture later in the morning when Commissioner J. H. Crapps informed The Herald that "I will change my vote if the Navy will forward a request to the City." He added the Navy has never made such a request.

In answer to this, Captain Ware read to The Herald a letter received by the then NAS commandant from the city and signed by City Manager W. E. Knowles in answer to a request by the Navy "for information" that the "city would make an easement available along Seminole Boulevard and a part of the present lease of city-owned ground for the NAS site."

Captain Ware's comment to this was: "The Navy has found private business is willing to do what the Navy wants done." He explained the easement question is between the city and private enterprise "and the Navy is not about to dictate to the city."

Recall Election Welcomed By Crapps, Wilson

A recall election was "welcomed" today by two City Commissioners in prepared statements supporting their stand in rejecting at last Monday's commission meeting a proposal for installation of a jet fuel pipeline from the waterfront to the Naval Air Station.

J. H. Crapps and A. L. Wilson joined with M. L. Raborn in rejecting the proposal. Raborn's statement was published in Wednesday's Herald. Following are statements by Crapps and Wilson:

"I don't think my vote against further negotiations with a private enterprise, has any bearing whatsoever on the status of the Navy in Sanford."

"I have always acted favorably and cooperated with the Navy 100 per cent, whether business-wise or socially and do not have any future date set to change my feelings toward them."

"I was quite shocked to learn from the paper Tuesday night that by the action taken we had killed a \$200,000 industry. The figures I had understood were some \$40,000 for an installation on the lakefront, with perhaps a like amount for the pipeline. And that it would employ perhaps a couple of people."

"I have the highest possible regard for SNAS, its officers, other personnel and all their families. I have worked along with many others for the almost seven years that I have served on the city commission in cooperation with our Navy people. SNAS is a most valued asset to our community. We want them here and will always work and cooperate with them any way possible to help maintain SNAS in Sanford and help keep the friendly relations existing between the Navy and the City and its citizens."

"By the same token I have tried to fairly and impartially represent the citizens and taxpayers of the City as my first and foremost concern. This is as it should be. This I will continue to do as long as I am a city commissioner."

"If I am wrong I'll stand correction. If your paper or anyone disagrees with me, I feel that certainly is your privilege and theirs. I also feel that I still have the privilege of voting my convictions. I am willing to go the last mile in order to try to uphold that privilege for all of us."

Court Ready To Apportion

TALLAHASSEE (UPI) — Atty. Gen. Richard Ervin said today that a federal court in Miami is getting ready to enter an order reapportioning the Florida legislature.

This was the interpretation Ervin put on a directive from the court in Miami today asking for advice on whether additional parties are needed to enforce a court-ordered reapportionment.

Ervin said he will file an opinion with the federal court stating that no further parties are necessary and that Florida public officials will obey an order made by the court.

The attorney general said this was similar to a directive that preceded a court-ordered reapportionment in Alabama. In that state, county supervisors of registration were parties to the suit.

Representatives where members were still reeling from a sudden state supreme court ruling that it could reapportion outside the limits of the present constitution.

Members were so "stunned" by the latest development in Miami that the House appointed a conference committee on a compromise reapportionment they hoped will head-off federal court action.

JFK Would Up Farm Subsidies

WASHINGTON (UPI) — President Kennedy sent Congress today a consumer-proposed federal subsidies to spur cotton sales and to encourage voluntary production curbs on feed grains and milk.

Kennedy said his program, including direct government payments to the cotton trade, cotton growers, and producers of milk and feed grains, would lead toward a stable farm economy and lower consumer prices.

An administration official estimated that the proposals could trim \$300 million to \$500 million off the taxpayers' outlay for farm supports and 10 cents a pound off the retail price of butter.

House Speaker Mallory Horns said the ruling made the present legislature illegal. Senate President Wilson Caraway hailed the ruling as support for the 42-Senator plan backed by the small county majority bloc.

The ruling, given in an advisory opinion to Gov. Farris Bryant, paves the way for the legislature to pass any reapportionment plan by a simple majority vote.

Expanded Sports Program Seen

An expanded program of "large bodies of water available for boating, fishing and duck hunting" was pictured this morning by John Kridler in answer to a statement by S. B. (Jim) Crowe in Wednesday's Herald that the proposed St. Johns Indian River canal project would greatly damage abad fishing.

Crowe's claim was that the proposed 14-mile canal site would "practically wipe out the abad fishing grounds."

Kridler, chairman of the St. Johns-Indian River Naviga-

tion Committee, promoting the canal project, and manager of the Seminole County Chamber of Commerce, issued the following statement today:

"I was quite elated to read of the endorsement by Jim Crowe and others of a canal for the St. Johns to the Indian River. However, am rather confused by some of the statements pertaining to damage to abad fishing before anyone has the remotest idea where the channel would be constructed."

"On the surface it seems somewhat strange that almost complete disaster would result to abad fishing from any channel work other than Mr. Crowe's proposal. Since he is not an engineer nor an authority on abad habitat I would suggest he let these problems to those that are."

"Further, I noted by the map presented by Mr. Crowe the canal would pass right in front of his fish camp. Also, we are a little amazed at the \$30 million income from abad fishing in the area between Lake Monroe

and Lake Harney. This fantastic figure certainly needs some explanation, as it is quite obvious from an on-the-scene inspection of this area and facilities that very little is rubbing off. We do agree with Jim and all others that our water recreation areas should not only be protected but expanded. Your Chamber of Commerce has been actively promoting improvements for the upper St. Johns for many years. The program is so extensive that space will not permit a description here.

"I would also like to point out that we work for and support improvements of all our natural resources in the area so that all citizens, not just a few, may enjoy the benefits. With the present plans for flood control and water conservation in the upper St. Johns, we vision large bodies of water available for boating, fishing and duck hunting. Then the channel connecting the St. Johns with the Indian River would create an impact greater than the

news... BRIEFS

Set To Vote
WASHINGTON (UPI)—The Senate was set to vote late today on a tabling motion which should bury the big anti-bill-buster rule fight for 1963.

Doing Okay
SANTA MONICA, Calif. (UPI)—Croner Bing Crosby was reported in excellent condition today and "recovering nicely" from his fourth kidney stone operation in 11 years.

Spell Ends
By United Press International
Rain swept the California coast today and snow fell across the Ohio Valley, ending a month of bitter cold and broken records.

Heated Divorce
LOS ANGELES (UPI)—The heated divorce battle between Judy Garland and estranged husband Sid Luft was somewhat cooled today by their agreement on a property settlement.

Rebounds
LONDON (UPI)—Britain rebounded from a French blockade of its path to Europe today and sought help from the United States and other free world nations to bolster its sagging economy.

Do Something
JACKSONVILLE (UPI)—Airport area residents asked City Hall Wednesday to do something about aircraft noise, and complained that the National Guard slogan is a mockery for them. The slogan: "Sleep well tonight, your National Guard is on duty."

New Trouble
OXFORD, Miss. (UPI)—Dewey Greene Jr., 22, a Negro Navy veteran was expected to try to enroll today at the University of Mississippi where the student body was on strict notice not to demonstrate against the return of James H. Meredith.

Rail Deadline Injunction Nears

JACKSONVILLE (UPI) — Attorneys for the Jacksonville Terminal Co. prepared to appeal to federal courts and the government today as the deadline neared for an injunction which could freeze rail traffic in most of Florida.

The injunction would force the terminal company, owned by the state's four big railroads, to take back 2,000 freight cars which the strike-killed Florida East Coast Railway claims are costing \$4,000 a day.

The move was scheduled to go into effect at 1 p.m. EST today.

Union members who staged the walkout on the FEC last week say they will picket the terminal yards here if the cars are returned — and that workers on the Atlantic Coast Line, the Seaboard Air Line and Southern railroads will honor the pickets.

The injunction was issued at the request of the FEC by Federal Judge William A. McRae Jr., who said he hoped the terminal company would take "action as it considered necessary in the interests of the public."

Leaders of a strike against the Florida East Coast Railway moved today to avoid a state-wide cleanup of rail traffic by arranging to picket a single entrance to the Jacksonville Terminal Company reserved for FEC employees only.

Banquet To Honor SHS Sportsmen

An unusual type of "banquet," the old-fashioned covered dish style, will honor varsity and junior varsity football, basketball players and cheerleaders and their dates at the Booster Club's Winter Sports Banquet at 6:30 p. m. tonight at the Seminole High School cafeteria.

Booster members will bring home-made covered dishes of vegetables, salads and desserts to add to the meat and potatoes, rolls and beverages furnished by the club treasury.
