Flu Epidemic Believed Taking Heavy Death Toll

WASHINGTON (UPI) — The Asian flu epidemic, now striking victims in almost half the states, is causing an increasing number of deaths from influenza and pneumonia.

During the first five weeks of this year, 4,000 persons were reported to have died of flu and pneumonia in 106 large cities, and an increase of 44 per cent over the same period last year.

The 1960 death total was 20 per cent higher than in the first five weeks of 1959 when the original Asian flu epidemic still was in progress.

Surgeon General Leroy Burney said the figures, released Thursday by the Public Health Service, seem to bear out clinical impressions of some physicians that they are encountering a more than normal amount of pneumonia this year.

He said that in contrast to the 1957-58 Asian flu outbreak, respiratory infections this year are attacking adults more than children. Some reports indicate most pneumonia and flu fatalities are over 65 years old.

The health service said the flu epidemic had begun to subside in southern California, Texas, Alabama, Massachusetts and some parts of West Virginia.

Cities reporting an upsurge in flu cases included Denver, Cleveland, Atlanta, Washington, Dallas, Houston and El Paso.

The health service said its reports indicated this year's epidemic was following a pattern of localized outbreaks rather than the nationwide sweep of 1957-58.

'Hard Times' Party Slated

Those appearing in old clothing or tatty costumes will be admitted free for the dance in the vacant Superex building across from the Lodge at 8330 Park Dr., formerly Orlando Dr. The party will begin at 8 p. m.

Finch Ends Testimony; Trial Off Until Monday

LOS ANGELES (UPI) — Carol Tregoff, the other woman and co-defendant in the Finch murder trial, will be hard pressed to match her lover's dramatic performance when she takes the stage next week.

Dr. E. Bernard Finch wound up his testimony before the holiday weekend recess Thursday with assurances he still loves Carol, wants to marry her, and is confident he will have the chance to do so if truth wins out.

Carol, 28, figured strongly in the 42-year-old doctor's seventh and final day on the stand. He said he was perhaps as concerned with her fate as his own. A high point came when he fixed his sincere blue eyes on the state's chief prosecutor and said:

"Mr. Wibel, the only armament I have is to tell the whole truth. God willing, I will be free if I do tell the truth."

Deputy Dist. Atty. Fred M. Wibel had just cast aside the gentle manner which characterized his cross-examination, and confronted the surgeon with a secret tape recording he claimed showed Finch had invented a tearful death scene with his wife.

The trial was recessed for Lincoln's birthday until Monday. Grant B. Cooper, Finch's attorney, said he would have only about three more witnesses to call when the trial resumes.

Then it will be Miss Tregoff's turn. Her attorneys so far have declined to say whether she will testify in her own behalf.

Finch's calm assertion that truth was his only weapon against conviction and possible death in the gas chamber ended seven grueling days on the witness stand for him.

He appeared as unafflicted, serene and self-assured as the day he began telling about his varied love life which led to the death of his wife, Barbara Jean Finch.

Despite glaring contradictions between his testimony and statements he made to police after his arrest concerning his wife's death, Finch maintained his complete innocence — not self defense or any degree of responsibility in his wife's death.

She was shot accidentally as he struggled with her on the lawn of their West Covina home, he claimed. The gun went off accidentally as he tried to throw it away.

That was the substance of Finch's testimony which came to a breath-taking climax Thursday.

Nikita, Nehru Set To Discuss Border Problems

NEW DELHI (UPI) — Indian Prime Minister Jawaharlal Nehru met with visiting Soviet Premier Nikita S. Khrushchev today for what informed sources said was a wide-range review of the international situation.

The sources said the talks would include India's recent border troubles with Communist China—a dispute which has put a heavy strain on relations between New Delhi and Peking.

Khrushchev arrived at Nehru's residence accompanied by his top advisers, including Foreign Minister Andrei Gromyko.

The Soviet Premier had a relatively light schedule today. Following the talks he is scheduled to include India's recent border troubles with Communist China—a dispute which has put a heavy strain on relations between New Delhi and Peking.

Khrushchev arrived Thursday in New Delhi on the first stop of his three-week tour of "goodwill and friendship" through Southeast Asia. The trip also will take him to Burma, Indonesia and Afghanistan.

Khrushchev talked with Nehru for 40 minutes Thursday before addressing Parliament. In his address, he emphasized Soviet-Indian cooperation in the cause of peace and disarmament.

But he also boasted of the Soviet Union's military prowess. He warned that any nation that started a war in this nuclear age would be badly hurt himself. Thus, he said, man must learn to keep the atom securely under control.

Adventists To Hear Missionary Speak

Pastor G. Ray James of Orlando, Missionary Volunteer Leader of the Florida Conference will be the guest speaker at the Seventh-Day Adventist Church tonight.

Addressing the 7:30 p. m. service, Mr. James will have a message especially for the young people of the church.

The speaker directs the Young People's work of the denomination throughout Florida. He has recently come from California where he held a similar position.

Mr. James is from a family of ministers. His father, both grandfathers and a great grandfather were all ministers. His sisters have both married ministers. As a son of missionary parents, he lived as a boy in New Hebrides and in New Guinea. He received his education in Australia.

The evening service will be open to the public.

Atlas Again Comes Through

CAPE CANAVERAL, Fla. (UPI) — An Atlas missile which came close to disaster the night before President Eisenhower's visit here soared 6,300 miles on its second try Thursday night.

The "heavy missile" difficulty which caused a malfunction in the missile Tuesday night was corrected, and the Atlas roared off shortly before midnight for its 18th consecutive successful flight.

This is the outstanding record among America's big missiles. To date, Russia has not indicated whether her rockets, despite their massive power, can match the Atlas in long-range consistency.

The Air Force added balance to its test program with the ninth straight success for its advanced-model Mace, a 44-foot-long guided missile.

The Mace was put through a grueling performance test in inertial guidance system. The missile blasted off in one direction, then curved around to head toward the desired target in the Atlantic.

Firemen's Course To Start Monday

Burning of a building and other demonstrations and lectures on fire fighting will be included in the Lake Mary Fire Department observance of Fire Prevention Week which begins Monday.

Instructors for the week's course in fighting and preventing fires will be from the State Fire College at Ocala. Sessions are scheduled from 7:30 to 10:30 p. m. each night.

The Lake Mary volunteers will climax Fire Prevention Week with a barbecue Feb. 20 at 5:30 p. m. Money raised will go into the fire house fund.

Negro Segregation Protests Begin To Spread To Virginia

RALEIGH, N. C. (UPI) — A Negro protest against lunch counter segregation in dime and variety stores swept into Virginia today as the movement began to wane in North Carolina.

Demonstrators in two North Carolina cities called a short truce, and some lunch counters reopened late Thursday to serve white customers only, without interference from Negroes.

But at Hampton, Va., Negro students from Hampton Institute planned to work in shifts to dramatize their protest at the white-only lunch counter of an F. W. Woolworth store. Manager G. A. Marks closed the counter Thursday when about 20 Negroes took seats and began reading books and magazines.

There were indications the protest movement would spread to other southern states. The Congress on Racial Equality also announced plans to begin picketing Woolworth stores in New York City Saturday.

X-15 Rocket Soars To New High

EDWARDS AFB, Calif. (UPI) — The X-15 experimental rocketship soared to 80,000 feet—about 16 miles — above the desert Thursday in its fifth powered test flight.

It was the first time the sleek, 50-foot craft had flown so high. Its speed, was not revealed but was more than 1,400 miles an hour.

Only two 8,000-pound thrust rocket engines propelled the X-15 in the powered flight which lasted four minutes. When the stub-winged rocketship makes its planned ascent up to 100 miles high at speeds of 4,000 miles an hour it will be powered by one giant 80,000 to 90,000-pound rocket engine.

Flu At Epidemic Stage Here—Stay In If You're Ill

Asian flu has reached "epidemic proportions" in Sanford, Dr. Robert Smith, acting health officer, said today.

Smith said that during the past few weeks at least one-tenth of the city's population has been hit with the flu bug. He said that this was a conservative figure as this type of virus lasts only 36 hours and most cases are treated at home and many are not reported.

Smith warned all residents who think they have contacted the flu to "stay out of crowded places and remain in bed."

Smith is acting as county health officer until Dr. Clyde Brothers, who was named health officer by the County Commission last month, arrives here.

Smith said persons who continue to

run a fever should contact their physicians. However, he emphasized that the best cure is to remain at home, take aspirin and drink plenty of liquids.

Symptoms of Asian flu are fever, coughing and vomiting, Dr. Smith said. He also urged all parents to keep their children at home if they are running a fever or have any other flu signs. Attendance in city schools is report-

ed "below normal" by school officials, who blame the excessive absenteeism on the flu bug.

Flu also has taken a heavy toll in business places and industries in the area and governmental offices reported numerous staff members ill.

A large number of flu cases also were reported in other areas of Seminole County.

Cold, Misery Plague Parts Of Deep South

By United Press International

The winter's worst snowstorm in the South closed schools in Virginia, Georgia and Tennessee, North Carolina and West Virginia today and spread misery and death from Texas to New England.

A warm sun began melting the snow in the Deep South states of Mississippi, Alabama and Georgia but the process of clearing blocked

roads was a bigger job to the north.

Virginia state police blamed seven deaths on the weather. Ice Virginia highways prompted 40 town and country school systems to declare a holiday. Authorities reported primary roads clear today but said chains were a must on many secondary roads.

AF Reconstructs Last Hours Of 'Lady Be Good'

TRIPOLI, Libya (UPI)—There may have been wisecracks at first and typical G. I. jokes about cold beer before the desert heat parched and alienated the lips of the nine crew members of the bomber "Lady Be Good."

It was April, 1943, and the Liberator bomber had made it safely back across the Mediterranean from a mission against Naples Harbor. But the whale-bodied B-24 with the slim tapering wings was lost and unable to find the home base of Benghazi.

Then their misgivings settled into a fear that knotted the stom-

achs of the nine men. Fuel was running low and below there was only the endless reaches of the sun-baked treachery known as the Sahara Desert.

The crew calmly waited the order to bail out, knowing that the Air Force — the Army Air

Corps then — had taught them the rudiments of survival under all sorts of conditions. But the Sahara is a man-eater and they must have known that.

Details of the last days of the men of the "Lady Be Good" were pieced together by Air Force ex-

perts — their probable thoughts and last actions reconstructed as they made their death march that dawned plane.

The bodies of five of the men were discovered last Thursday by American oil exploration workers, James Backhaus of Burge,

Wyo., after 17 years of mystery. The fate of the four other crew members may never be known.

Their bomber, only slightly damaged by impact, was found last May in the desert. At first there was no trace of the nine men and no graves were found was to end 85 miles from the nearby to indicate they may have been killed in combat or died near the plane.

Probably, Air Force observers believe, the crew bailed out into the desert minutes before the "Lady Be Good" thudded into the sand. At least five of the crew joined forces, pooled their food and water and set out on an impossible trek to salvation.

The end came after a heroic trek of 85 miles. Five men remained together till the end. The other four may have died first and been buried somewhere under the desert sand.

Last Friday Col. Williams Woods of Oakland, Calif., chaplain at the U. S. Wheelus Air Force Base near Tripoli, said a prayer over the bodies of the men from the "Lady Be Good." Their 17-year mystery was at an end.

Caryl Chessman In Last Battle To Escape Death

SAN FRANCISCO (UPI)—Will Caryl Whittier Chessman, self-taught legal magician, escape the California gas chamber Friday for the eighth time in nearly 15 years?

Several million persons, mostly women, have signed petitions urging mercy. But experienced public-opinion guessers say the majority of Californians want him to die.

Chessman's case is still in the courts on late-hour pleas. These courts could win him another delay, although practically nobody thinks he has a chance of having his two death sentence convictions overturned by the judges.

It is to be given clemency — and he declines to ask it — his life would have to be spared by agreement of the California Supreme Court and Gov. Edmund G. Brown.

Brown refused clemency last October, noting Chessman's "failure to show contrition." The governor said the convict showed "stubborn arrogance and contempt for society and its laws."

But world public opinion is mounting on Chessman's side. He has become a symbol in the international debate over capital punishment which has stirred passions in several nations.

Brown's decision is receiving 200 letters daily which urge clemency by a two-to-one margin.

Chessman, 35, began a career of crime at 21. He has spent nearly two-thirds of his life behind bars.

In 1929, during seven weeks of freedom, he was arrested and later convicted as Los Angeles "Red Light Bandit" who terrorized couples on lovers' lanes. The "Red Light Bandit" was so named because he equipped his automobile with flashing red lights to fool police cars.

He was given death penalties in a jury trial for two instances of holding up couples, robbing them and then forcing the young women to perform sexual indignities while a pistol was held at their heads.

One of the victims was partially paralyzed from pain.

Altogether, Chessman was convicted on 37 counts of kidnapping, attempted rape, sex perversion, robbery and theft.

He was given two death sentences, two sentences of life without possibility of parole, eight sentences of five years to life to be served consecutively, and other sentences with a maximum total of 85 years.

Chessman was taken to death row on July 3, 1948. His imaginative maneuvers won grudging compliments from judges and his courtroom appearances attracted experienced attorneys as admirer spectators.

And these sentences have postponed death for the 11 1/2 years.

This May Answer Your Question

Someone remarked the other day that he didn't know chiropractors could do anything for headaches. Similar remarks are made concerning stomach trouble, rheumatism and a host of other conditions. Even patients upon recovery from one ailment through Chiropractic are sometimes unaware that adjustments can also correct the cause of many other ailments. The point is that Chiropractic is not limited to correcting backache, but is an all-round health service!

Chiropractors realize fully that there are conditions necessitating certain medication or surgery, and will not hesitate to recommend these services when they deem it necessary.

Bear in mind, however, that most cases that come to the Chiropractor had tried everything and have turned to Chiropractic as a last resort!

Argentine Police Capture 'Vampire'

MONTEROS, Argentina (UPI)—A 25-year-old stone mason has admitted to police that he is the "vampire" who bit the throats and sucked the blood of at least 15 women here in recent weeks.

"I don't know what made me do it," Florencio Roque Fernandez said.

Two policemen, alerted by a woman's scream, chased Roque to a cave on the outskirts of this north-central Argentine town Saturday night. One remained on guard while the other went for reinforcements.

When more police arrived, they found Roque curled up in the cave, fast asleep.

Roque's nocturnal forays had terrorized Monteros. He preyed on unattached women, breaking into their bedrooms while they slept to fasten his teeth in their throats.

In the best Brazilian tradition, he wore a black hat and cape on his raids. His task was facilitated by a recent heat wave here which made most people sleep with their bedroom windows open.

University Choir To Perform Here

Lanning Rites Scheduled Tuesday

MIAMI (UPI)—Funeral services will be held Tuesday for Don Lanning, one-time Broadway star who died Sunday of cancer.

Lanning, husband of night club performer Roberta Sherwood, died at his home at the age of 64.

The veteran trouper, starred in Broadway production of "Good News" in 1937. He came to Miami in 1931 and opened a restaurant, The Silver Slipper. Later he ran Don Lanning's, a dining and show place.

Sitdown Protests Against Segregated Facilities Continue

RALEIGH, N. C. (UPI)—Negro college students who called a halt to demonstrations against segregated eating facilities in a suburban shopping center continued their sitdown protests today at four lunch counters on Raleigh's main street.

The Intelligence Committee at Shaw University said the protests at Cameron Village shopping center had been called off, pending disposal of trespassing charges against 48 Negroes.

The 48 were arrested Friday and Saturday for refusing to move off a privately-owned sidewalk in front of a shopping center dime store.

The sitdown movement will discontinue activities in Cameron Village, not through intimidation, but pending court action," the committee said. Trial is set for Feb. 25.

Many of those arrested during the weekend were students at Shaw and St. Augustine College.

Sitdown demonstrations which began 18 days ago have spread to nine North Carolina cities and four other southern states. Chain store managers have usually followed the same procedure, closing the counters immediately after refusing service.

The Negro demonstrations at lunch counters moved into Tennessee Saturday when about 150 Negroes entered three Nashville dime stores. The facilities were immediately closed.

Sitdown strikes have also spread to Rock Hill, S. C., Norfolk and Hampton, Va., and Tampa.

The arrests in Raleigh came after state officials advised store managers they could use the trespassing laws to stop the demonstrations. An official of the shopping center, however, and not a store manager, made the complaint.

Several whites joined Negroes in New York's Harlem Saturday when picket lines were strung around two dime stores. The demonstrators were said to be in sympathy with the sitdown strikes.

The pickets handed out leaflets which said: "We call upon the people of East Harlem to protest by refusing to patronize a chain store that makes money from minority groups in the North while refusing them service in the South."

Class A fires are those that originate in wood, paper, textiles, etc. They can best be extinguished by water. Class B fires are those caused by flammable liquids such as gasoline, kerosene, etc., and should be smothered.

Former 'First Lady' Stranded On Traffic-Bogged Highway

PITTSBURGH (UPI)—Mrs. Eleanor Roosevelt was stranded aboard a chartered bus along a snow and traffic-bogged highway for almost two hours Sunday night before state police went to her rescue.

Two chain-equipped patrol cars anchored a round-about trip here for the former First Lady, who arrived 4 1/2 hours too late for a speaking engagement. She wearily boarded a train to New York shortly after 11 p. m.

Mrs. Roosevelt's bus was marooned hopelessly by a mass of cars and heavy trucks which blocked hilly Route 40 near the Pennsylvania-West Virginia border following a 12-inch snowfall.

The police cruisers wound through several miles of snowy, traffic-anaried roads to reach the bus and carry Mrs. Roosevelt the final 46 miles of her trip which had begun by air. Snow closed Greater Pittsburgh Airport, forcing her airliner to land at Columbus, Ohio, 235 miles west of here.

Gov. David L. Lawrence, walking with Mayor Joseph Barr and other dignitaries to greet Mrs. Roosevelt, ordered state police to her aid when he learned of her plight.

Mrs. Roosevelt, scheduled to address an Israeli bond drive dinner in a downtown hotel at 8:30 p. m., finally reached the city at 11 p. m. She was driven directly to Pennsylvania Station where she boarded the train for New York City.

Nehru Seeks Way To End Dispute

NEW DELHI, India (UPI)—Prime Minister Jawaharlal Nehru told Parliament today he had invited Chinese Communist Premier Chou En-lai to New Delhi in late March to discuss the Indo-Chinese border dispute.

Nehru said the invitation, extended in a letter Feb. 5, expressed willingness to meet Chou at any suitable time and place "but that immediate efforts should be concentrated on reaching an interim understanding to ease present tension."

Nehru did not indicate Peiping's reaction. Chou already had proposed such a meeting but attached conditions Nehru previously refused to accept.

Nehru told Parliament he informed Chou that it was still "clearly impossible" for India to accept the Chinese position that the entire 2,300-mile border had never been marked properly and was to be settled through negotiations.

The disclosure followed the visit to New Delhi by Soviet Premier Nikita S. Khrushchev. Khrushchev made no public reference to the dispute but he believed to have discussed it in talks with Nehru.

Steps Being Taken To Entice Paar Back To Show, Downs Says

NEW YORK (UPI) — Announcer Hugh Downs celebrates his 39th birthday today with the wish that Jack Paar would return to his popular late night TV show.

Downs is slated to fill in for the temperamental Paar on the National Broadcasting Co. network show tonight.

"I do hope Jack returns," Downs said. "On the basis of his past record he'll be back. He doesn't hold a grudge."

Downs also said he thinks NBC would be willing to take the comedian back.

"There is evidence that it already is in the works," he said. Paar, however, indicated he has not changed his mind about not returning to the Monday-through-Friday show. He told the UPI late Sunday he was "very tired" and planned to leave today or Tuesday with his wife Miriam, for a South American vacation.

Paar quit his own program, "The Jack Paar Show," last Thursday night in an emotional outburst against the network for censoring one of his jokes. The previous night NBC had deleted a joke about a water closet on grounds it was in poor taste. Paar said the censorship reflected on his integrity.

NBC apologized for its failure to notify Paar in advance, but defended its action in making the deletion.

Downs, the announcer on Paar's program carried on for the teary-eyed comedian after he stalked off the stage.

An NBC spokesman said tonight's show would be taped at 8:15 p.m.—the regular time—and that if Paar does not show up "it will go with Hugh Downs, and that's that."

The County Fair Does A Service

The Seminole County Fair is to be commended for encouraging people, especially the youngsters in the 4-H Club, Scouts and other organizations, to show off their skills and products in group and individual exhibits.

There are a lot of these serious-minded teenagers who do skillful and artistic work and others in agricultural fields. Everything possible should be done to keep them interested in this type of endeavor, because they're building community interest at the same time they improve their own attitudes as well as their skills.

The American Legion post and all those who work with its members to stage the fair and provide the \$741 in cash prizes and other awards are doing a real service. We hope all the county communities will take part in and attend the fair at the Legion grounds on Hwy. 17-92.

WORRY CLINIC by Dr. G. W. Crane

Judy's very interesting dream suggests knowledge he had gained before which he didn't know when he was still alive. Do you think Judy unconsciously evoked that dream, or do you believe her departed loved ones ever got a chance to look back at Earth? Discuss this point at church next Sabbath.

CASE D-474: Judy, aged 23, is our only daughter. She was home for a visit recently, with her new baby, Matthew. Incidentally, she vows if she has more boys, she'll call the next three Mark, Luke and John.

While we were riding down from Chicago to our summer home in Indiana, she mentioned that she had dreamed the night before about her older brother, George, who crashed to his death in a jet plane three years ago.

"In my dream," she began, "I seemed to be strolling through the fields that were full of yellow flowers like wild mustard blossoms."

"Suddenly, up ahead, I saw George walking alone. He was wearing a familiar shirt and trousers."

"I was so overjoyed I ran as hard as I could till I caught up with him and kissed him. Then I began to cry."

"He pushed me away, saying, 'Go that way for a young member to visit!'"

"Well, I was so surprised because I remembered he had died even before my marriage, so I asked, 'Why, did you know about Matthew?'"

"And George replied, 'Yes, I have been watching him.'"

"Daddy," Judy then asked me, "do you suppose George knows what has happened down here on Earth since he left us?"

Judy had always been a great admirer of her oldest brother, though she pushed her side and never gave her much attention, as is common among the oldest boy and his younger sisters.

For an eldest child tends to be an introvert, and thus seldom indulges in open praise or affection for either his parents or his siblings.

In fact, the oldest child may affect brusqueness and speak sharply, though deep down inside that oldest child may be more sentimental than the younger children in the family sequence.

But Judy's dream shows how we can manipulate ideas and concoct new thought processes during our dreams.

We psychologists would not describe any occult interpretation to her dream.

Subconsciously, she may have wished at times that George could have seen Matthew, so she may have evoked the dream without consciously knowing how.

On the other hand, it is possible that our departed loved ones might be granted a chance to look back at this earth for momentary glimpses, though we have no proof.

Since mankind's evolution has been favored by woody thinking, voodooism and notions that mystical influences can cause disease as well as insanity, etc., scientists tend to be Doubting Thomases.

In any dubious case, therefore, they put their influence behind a denial of supernatural intervention in this world's orderly conduct, and I adhere to that same attitude, for it produces far more good in the long run.

But if our departed loved ones ever do get a chance at a brief glimpse back here, I feel they would be permitted to see us only at our best. That means, when we are performing an unselfish deed or attending church and contemplating eternal verities.

What do you readers think about Judy's dream? And do you believe George knows about his sister's marriage since his death and is aware she has a new son, Matthew?

The Seminole County Fair is to be commended for encouraging people, especially the youngsters in the 4-H Club, Scouts and other organizations, to show off their skills and products in group and individual exhibits.

There are a lot of these serious-minded teenagers who do skillful and artistic work and others in agricultural fields. Everything possible should be done to keep them interested in this type of endeavor, because they're building community interest at the same time they improve their own attitudes as well as their skills.

The American Legion post and all those who work with its members to stage the fair and provide the \$741 in cash prizes and other awards are doing a real service. We hope all the county communities will take part in and attend the fair at the Legion grounds on Hwy. 17-92.

Judy's very interesting dream suggests knowledge he had gained before which he didn't know when he was still alive. Do you think Judy unconsciously evoked that dream, or do you believe her departed loved ones ever got a chance to look back at Earth? Discuss this point at church next Sabbath.

CASE D-474: Judy, aged 23, is our only daughter. She was home for a visit recently, with her new baby, Matthew. Incidentally, she vows if she has more boys, she'll call the next three Mark, Luke and John.

While we were riding down from Chicago to our summer home in Indiana, she mentioned that she had dreamed the night before about her older brother, George, who crashed to his death in a jet plane three years ago.

"In my dream," she began, "I seemed to be strolling through the fields that were full of yellow flowers like wild mustard blossoms."

"Suddenly, up ahead, I saw George walking alone. He was wearing a familiar shirt and trousers."

"I was so overjoyed I ran as hard as I could till I caught up with him and kissed him. Then I began to cry."

"He pushed me away, saying, 'Go that way for a young member to visit!'"

"Well, I was so surprised because I remembered he had died even before my marriage, so I asked, 'Why, did you know about Matthew?'"

ASSIGNMENT WASHINGTON by Ed Koterba

WASHINGTON — For Lester Lania, the society orchestra leader, exposure is something grand... "like a can of soup. Once you get to know it, you'll buy it."

And now the thin-faced, nervous idol of the teen-agers was getting more exposure than any can of soup ever drew from the halls of Congress.

The recording maestro had come from New York to expose himself to the limelight of the Oversight Committee of Congress which is looking into phonographic payola.

There was no payola on Lania's platter—not directly, anyway. As a matter of fact, he came off \$600 short on a little matter of pay that bought him down to Washington in the first place.

It happened at a block party in Brockton, Mass., on Sept. 26, 1968. A charity had won Lester Lania's band with a 25-word essay. Well, they didn't win him for keeps. Just for a one-night stand—at a reduced rate.

The winning slogan was submitted by the Mentally Retarded Children's Assn. of Brockton. What all this has to do with payola remained vague, unless you count exposure as payola.

Lester's band got exposure up there in a lot of ways.

This is the way the Philadelphia-born band leader explained it to the committee in accents strangely British:

Don Dumont, president of the Dumont Record Distributing Co., asked Les if he'd allow himself to be won—for charity. The jassman said the rental rate was \$2,500 a night—and he's booked for coming-out parties until 1968—but for charity the price would be right at \$1,000.

There would be a bonus in this arrangement: plenty of exposure of Lania's Epic Records over Radio Station WBEZ, Boston.

Now on the stand, the musician was saying wispily of this charitable venture: "I would say it was strictly commercial."

The winning charity did get the chance to set out empty barrels at the block party. But their net take was a pittance.

However, 25,000 people jammed the open-air concert, thus giving Lania further exposure. He then

submitted his bill for \$1,000 to Dumont and to date has received only \$400 on account.

Exposure and \$400 is far below union scale, a point that troubled the band leader—until the payola probe.

The investigators had summoned the alleged debtor, Don Dumont, who sat quietly among the spectators.

Now, the orchestra leader was telling the committee like a fat cat hep to a secret: "I saw Mr. Dumont here yesterday and I don't think there is any doubt that there will be a check in the mails today or tomorrow."

Chairman Oren Harris got the point. "I think," he said, "you ought to thank the committee for collecting that debt for you."

The witness smiled, bowed and sped off for the hallway where lights and cameras waited. His latest album was clasped to his breast.

As I passed by, I heard his manager in the shadows prompting: "Hold the album up higher so the cameras will catch it."

No can of soup ever had it this good.

While most Americans would probably like to forget the whole glibly mess there are others who fear that the heritage of McCarthyism is still a damper on American freedom, conscience and initiative. This goes to the deep concern that Americans are being prosecuted not for any act but for what they profess to believe.

Last summer when the Com-

munist Party was in the news, many Americans who went there joined with Western Europeans to show what a phony propaganda operation this was. Yet, the House Un-American Activities Committee subpoenaed the handful of Americans who went to parrot the party line.

The 208 dropped to 81, to 57 and finally on the Senate floor to three cases. McCarthy said he would prove. But it mattered little, since the senator had the headlines and under the strictures of objective reporting his words traveled far.

The fear that McCarthy exploited was not surprising in view of the Hiss case and the fact that Judith Coplon had been found passing out documents from inside the Department of Justice. This was a revelation of something new and profoundly disturbing in an America that never since the Civil War had reason to examine its own allegiances. Here was a foreign conspiracy that had won some Americans to its service.

What was surprising was that McCarthy went so far with so little. President Eisenhower and the members of his administration writhed in anger as they saw the damage he did at home and abroad. But they failed to move against him and the wild spree went on.

A few lonely men in the Senate—William Benton of Connecticut, Thomas C. Hennings Jr. of Missouri, Millard Tydings of Maryland, Ralph Flanders of Vermont—challenged McCarthy and the threat he posed to America's position in the world and our liberties at home. It was not, however, until he had exposed himself to the public in the Army-McCarthy hearings that the Senate voted to censure him.

WASHINGTON CALLING

by Marquis Childs

WASHINGTON — An anniversary has just passed that went un- sung and unheralded. It was 10 years ago on February 9 that the late Senator Joseph McCarthy of Wisconsin lost his charge that there were "305 Communists" in the State Department, initiating the thereby brief but tragic era that bears his name.

The 208 dropped to 81, to 57 and finally on the Senate floor to three cases. McCarthy said he would prove. But it mattered little, since the senator had the headlines and under the strictures of objective reporting his words traveled far.

The fear that McCarthy exploited was not surprising in view of the Hiss case and the fact that Judith Coplon had been found passing out documents from inside the Department of Justice. Teachers' Sorority Meets At Mayfair Inn

Sanford members of Beta chapter of Delta Kappa Gamma, international professional organization for women teachers, entertained the entire chapter at a luncheon meeting at the Mayfair Hotel recently. About fifty members attended from Volusia, Lake, and Seminole Counties.

Featuring a Valentine "hearts and flowers" motif, the tables were decorated with a profusion of many colorful varieties of camellias. A beautiful centerpiece of huge flower-covered hearts with a saucy red cupid was arranged on the head table and was flanked by dainty floral nosegays. Each guest received a camellia corsage.

Miss Betty Foard, chapter president from Deland, presided. Mrs. Aldia Milwee of Longwood led the group singer.

Special recognition was given to Miss Alice Van Cleef, chapter member from Deland, who just received an award as outstanding chemistry teacher in Florida.

Miss Agnes Johnson, field representative of the State Department of Education, presented a panel discussion, "Appraisal of the Teacher Training Program," assisted by Mrs. Anne Sams Gautier, well-known civic leader from New Smyrna Beach, and Mrs. Dottie Head, home economics instructor at Deland High School.

The program was followed by a business session at which time plans were discussed for the international convention to be held at the Americana Hotel in Miami in August.

Mrs. Nancy Brock was chairman of the hostess committee assisted by Miss Ethel Riser and Mrs. Alicia Schmidt. Decorations were arranged by Mrs. Hilda Wray with the help of Miss Edna Chittenden and Miss Barbara Ruprecht.

MRS. R. A. MERGL was given a farewell party by a group of friends Saturday at the Mayfair Inn. At the luncheon and going-away present opening were Mrs. C. J. Youngblade, Mrs. H. F. Bryant, Mrs. D. L. Jarrell,

Mrs. N. S. Pruden, Mrs. M. D. McPherson, Mrs. M. L. Lilleboe, Mrs. F. H. Blizard, Mrs. D. G. Faulkner, Mrs. Ken Rowell, Mrs. H. F. Lang and the honoree, shown admiring a Valentine corsage. (Herald Photo)

Annual Smorgasbord Scheduled Feb. 27 By Church Circle

A tempting array of delicious food was discussed during the committee meeting of the Ethel Root Circle of the Congregational Church when they met to make plans for the sixth annual "Swedish Smorgasbord", scheduled for Feb. 27 at the church.

The group met at the home of Mrs. Harold Herbst. Mrs. Herbst and Mrs. Herbert Thurston are co-chairmen of the event. Mrs. Oliff Nordgren, Mrs. Maurice Corbett and Mrs. Howard Rollins compose the menu committee.

Among various authentic Swedish dishes to be offered at the smorgasbord will be assorted cold meats, Swedish onion pie (Lok Paj), sardines, anchovies, herring, ketchup, lax and numerous hot casseroles, including herring au gratin (Silgratin), relishes, spiced crab apples and the ever popular Swedish Limpa bread.

Also on the menu will be a variety of cheeses, Swedish vegetable salad, apples and seedless raisins such as Fishallad. Epicurean desserts will feature Swedish fruit and dream cookies.

This assortment of delicacies will be served at the Fellowship Hall from 5 to 7:30 p. m. Price of adult tickets are \$1.50, children 75c, and children under six will be admitted free.

SANFORD WOMAN'S CLUB members had their annual social department Valentine luncheon at the club Wednesday. From the left are, Mrs. R. T. Warren, Mrs. J. O. Huff, social department chairman; Mrs. Roy Tillis, Mrs. W. B. Brinson and Mrs. J. E. Baker. All were hostesses except Mrs. Huff.

Girl Scout Diary

BY MURIEL OSBORNE

INTERMEDIATE TROOP 384—An enjoyable overnight camping trip was enjoyed by Miss Frances Cobb's intermediate girl scouts this past week at Camp Ticochee near Barberville. This is the camp that is maintained and grows from the funds raised by the Girl Scout cookie sales. Girls making the trip were: Martha Hobbittzell, Susan Perkins, Rowena Van Pell, Linda Stapler, Sue Orseno, Linda Webb, Mary Jean Turner, Sally Robertson, Vicki Boyd, Wanda and Linda Bedonkowski.

They took an eight-and-one-half-mile hike and cooked all their meals outdoors.

BROWNIE TROOP 188—The Seminole County Fair will be the meeting place of this brownie troop at its next regular meeting today from six to eight p. m. They will enter displays of projects they have been working on this year. They will also make May baskets under the supervision of Mrs. Irving Pryor. Girls in this troop are: Doris Bach, Ella Boutwell, Sally Carman, Joanne Fletcher, Patty Fletcher, Deborah Goers, Candy Hartwig, Leslie Hartwig, Susan Hartwig, Kathy Kimmons, Nancy Moore, Pamela Pigott, Carolyn Robertson, Elizabeth Rodgers, Diane Sorokowski, Bonny Van Pell, Lucia Wallace and Mary Beth Williams. Their leaders are Mrs. Olan Boutwell and Mrs. Milton Sorokowski.

BROWNIE TROOP 378—These brownies have been busy making valentines for their mothers out of construction paper and dollies. Their previous meeting was taken up with a visit to Fisher's Nursery where they were each given a plant and an explanation on its care. Mrs. B. A. Smith is their leader and Mrs. C. D. Schoonover is the assistant. These brownies are: Terry Chevalier, Constance De Jong, Valerie Hamilton, Starr Harrison, Sherry Hartlage, Mary Ellen Hoffman, Diane Huskin, Joyce Jones, Janet Lewis, Mary Margaret Reynolds, Debra Roland, Linda Smith, Kathy Todd, Judy Washburn, and Susan White.

Woman's Club Holds Annual Valentine Luncheon Bridge

More than 65 members and guests of the Sanford Woman's Club met at the club house Wednesday for the annual Valentine luncheon and bridge party.

As guests arrived they were greeted in the foyer by Mrs. James Huff, chairman of the Social Department which sponsors the party; Mrs. D. C. Howard, Mrs. Cora Brown and Mrs. E. D. Rinehart.

A delicious salad course and strawberry shortcake was served by Mrs. Roy Tillis and her committee, including Mrs. R. T. Warren, Mrs. W. B. Brinson, Mrs. J. E. Baker, Mrs. N. R. Whitney, Mrs. E. A. Monforton and Miss Ellaine Kirchhoff.

Miss Kirchhoff, chairman of the decorations, used a Valentine motif. Heart shaped arrangements of red and white flowers, camellias predominating, were placed on each table and throughout the club house.

Mrs. Huff called a brief business meeting following the luncheon. An election of officers was held and those elected to serve next year are Mrs. W. L. Gramkow, chairman; Mrs. W. B. Brinson, vice chairman; Mrs. H. W. Rucker, secretary; Mrs. F. T. Meriwether, finance chairman; Mrs. W. D. Hofmann, membership chairman and Mrs. Charles Wine, program chairman.

Winners of the high score awards at the card party were Mrs. C. M. Flowers at bridge, Mrs. George Quinn, canasta and Mrs. Al Hunt, scrabble.

During the business session, conducted by Mrs. Ella Rhee Dunn, vice president, plans were completed for the sale of pepper and extracts. Proceeds will be added to the fund for stainless steel tableware for the kitchen.

It was reported that the project of re-covering the living room furniture in the parsonage was progressing well. The nominating committee will give a report next month. Refreshments were served to the 16 members and guests present.

Furniture Cleaning Studied By HD Club

Care and cleaning of furniture was the subject discussed at the February meeting of the Lake Mary Home Demonstration Club. Mrs. Rolland DeJong of the Seminole Evening Club gave members a demonstration by cleaning a dirty chair.

Wool cloths make the best polishing cloths she stated and recommended the following mixture as a homemade polish: Mix equal parts of cider vinegar, turpentine and boiled linseed oil.

She also told the group that a good homemade cleaner could be made by mixing one tablespoon each of cider vinegar, linseed oil and turpentine with one pint of warm water.

James P. Avery of Lake Mary told the history and method of cutting diamonds. He displayed a beautiful one-carat diamond ring and told members how to buy and recognize a first class diamond.

Mrs. George Otto of the Longwood club and president of the county council was welcomed as a visitor. She told the group about council plans.

Mrs. William Heinbuch and Mrs. Raymond Haisler, hostesses for the day, served a fried chicken luncheon. Table decorations were in keeping with the Valentine theme and featured a center arrangement of red and white camellias.

Members and their husbands enjoyed a southern fried chicken dinner and cherry tarts. Valentine decorations were used with a center arrangement of red and white flowers and valentines. Camellias were also used the entire length of the table.

Place cards were large valentines containing a small booklet with the menu, program and a Chinese proverb entitled "affairs of the heart."

Mrs. C. W. Goethe gave the welcome address and Mrs. J. K. White served as toastmaster. The invocation was given by Mrs. M. N. Cleveland.

Guest speaker for the evening was K. W. McIntosh. Mrs. Richard Galloway, soloist, presented a musical selection and led the members in group singing, accompanied at the piano by Mrs. J. V. Warren.

Those attending were Mr. and Mrs. M. N. Cleveland, Atty. and Mrs. K. W. McIntosh, Mr. and Mrs. C. H. Goeth, Mr. and Mrs. A. C. Doudney, Mr. and Mrs. Melvin Deke, Mr. and Mrs. B. M. Johnson Wins Speed Classic Thanks To Skid

DAYTONA BEACH (UPI) — Robert (Junior) Johnson of Renda, N. C., was \$20,000 richer today—thanks to a skid that allowed him to finish 23 seconds ahead of Bobby Johns of Miami in a 500-mile stock car marathon at Daytona International Speedway Sunday.

Johns, driving a 1958 Pontiac, had overtaken Johnson with 80 laps remaining in the race and appeared on his way to victory. But the Miami driver skidded off the track coming out of the second turn on the high-banked two and one-half mile track and Johnson pushed ahead with 10 laps to go.

Johnson, 28, averaged 124.740 miles per hour in winning the lion's share of \$20,000 in prize money.

Johns, 27, recovered fast and was gaining on Johnson in the stretch, but the North Carolinian brought his 1958 Chevrolet in 23 seconds ahead of Johns. Johnson had led most of the way in the long race, until Johns made his move.

Young Richard Petty, 23, of Kandleman, N. C., finished third, just ahead of his father, Lee Petty. Both were driving 1960 Plymouths. Johnny Allen, Atlanta, in a 1960 Chevrolet, was fifth, followed by Ned Jarrett, Newton, N. C. in a 1958 Ford, Curtis Turner, Roanoke, Va., in a 1958 Ford, Fred Lorenzen, Elmhurst, Ill., in a 1959 Ford, and Red Whitis, Spartanburg, S.C., in a 1958 Chevrolet.

A crowd of 67,000 fans watched the sun-baked race which was delayed several times by the yellow caution flag. At least two of the accidents were feared serious.

In the final lap, Tom Pistone of Chicago, veered off the track and crashed into an abandoned car. The extent of his injuries was not immediately determined.

Earlier, Tommy Herbert of Miami suffered a fractured arm and an injured eye when his 1958 Thunderbird crashed into a rail. A 1958 Chevrolet driven by H. F. "Happy" Crane of Lake Beach, Fla., flipped over when it swerved to miss Herbert's overturned vehicle, but Crane walked away from his car.

Two of the pre-race favorites, Glen (Fireball) Roberts of Daytona Beach and Citeaux Owens of Spartanburg, S. C., were forced to drop out with car trouble.

Records Smashed By Tracksters

By United Press International
The busiest weekend of the indoor track season, which produced an historic sprint-burdles "double" on the East Coast and a pair of world records in the West, set the stage today for a six-lap record assault in the National AAU indoor championships.

Hayes Jones, who became the first man in history to win both hurdles and sprint in a major indoor meet—and then did it twice in two nights, will seek only the hurdles title in this Saturday's AAU carnival in New York.

Aussie Al Lawrence, who cracked the indoor two-mile mark in Los Angeles with 8:04.9, will take aim at the three-mile record. However, Roscoe Cooke of Oregon, who topped the existing indoor 60-yard mark with a 6.9 second race in L. A., "probably" will miss the AAU meet because of a muscle pull, his coach indicated.

These stars were the "big three" of the weekend just finished, which included the Philadelphia Inquirer meet Friday and the New York A. C. and the Los Angeles Times meets Saturday. But there were several other brilliant performances by Olympic hopefuls and the AAU meet promises to be a big one.

Other N.Y.A.C. features included a one-mile relay meet mark of 1:17.3 by Villanova, a 15-foot vault by Mel Schwarz of the Marines; Jim Beatty's eyelash upset of Dyrrol Burleson in a 4:05.4 meet record mile; and Wichita's Lew Merriman's 1:53.8 half-mile win when aging favorite Tom Murphy dropped out.

At Los Angeles, Phil Coleman took the mile in 4:05.9 and George Kerr of Illinois stepped the 600 in 1:19.5.

Seminoles Roll Over Lyman, 70-44

The fast breaking Sanford Seminole picked up their 13th win of the season here Friday night by defeating the Lyman Greyhounds by a score of 70-44.

Tonight the Locals travel to neighboring Oviedo for another intra-county battle against the stubborn Lions. The JV's will begin the action in the Oviedo gym and the varsity squads will square off at 8:30.

In the impressive victory Friday it was junior forward Alex McKibbin who led the attack. The youngster got nine field goals and three free throws for a total of 21 points—his high for the season. Although Alex has not been in the starting lineup this season, in recent games he has seen a great deal of action and has shown steady improvement. He made most of his points with a neat jump shot from the side and he hit with deadly accuracy.

Women's Kegler Loop Organized

Mrs. James Mackey was elected president of the newly formed Ten-Team Women's League made up primarily of Navy wives. Other officers elected at the meeting held last Wednesday at the Jet Lanes were Mrs. Howard Harrison, vice president and Mrs. Robert Saire, secretary-treasurer. The league agreed to bowl Wednesdays at 9:30 a. m.

Soccer Tour Ends

NEW YORK (UPI) — The Austria Football Club of Vienna headed back home today after a North and South American tour in which they won six games, lost five and played six ties. The Austrians wound up their tour here Sunday by gaining a 3-3 tie with the Colombo club of the American Soccer League.

Although the starting five saw only about half the action, all of them managed to get their share of the points. High scoring Jim Gracy hit 14, Terry Christensen, 12, Ray Lundquist 11, and George Perles, eight. Cowboy Oravetz

Gridder Killed

TALLAHASSEE (UPI) — Florida State University football player Bobby Conrad was killed Saturday when he leaped his head out a car window and struck a concrete sign post.

Conrad, 20, suffered a fatal concussion. He was driven in the car to the FSU infirmary. A physician there rushed him to the Tallahassee Memorial Hospital but he was dead on arrival.

Driving the car was Jack Espenhop, 20, Lake City, also an FSU football player. Two other team members, Abner Bigbie, 21, West Palm Beach, and Denny Schou, Fort Lauderdale, were in the car along with Mr. and Mrs. James Nicholson of Tallahassee.

The group had attended the wedding and reception of FSU grid star Bobby Rann. They were returning home when the accident occurred just off the school campus.

The others in the car said Conrad leaped his head far out the car, apparently to get fresh air, just as the car rounded a turn. The sign post struck his right temple. The others pulled him back in the car, saw blood on his head, and drove to the infirmary. Conrad had just returned to

Ulrich Cops Title

PARIS (UPI) — Jorgen Ulrich of Denmark won the men's singles title by defeating Billy Knight of Britain, 2-3, 6-4, 6-4, 6-4, in the French indoor tennis championships Sunday. Angela Morier took the women's crown with a 6-4, 9-7 victory over countrywoman Ann Haydon.

Heavies Favored In Kennel Action

A pair of heavyweights are favored to provide a fast quinella tonight in the featured ninth encounter at Sanford-Orlando Kennel Club. The 10-event card, starting at 8:10, will begin the ninth week in what appears to be the finest season in the local oval's history.

Asst. Mgr. Jack Ledoux said this morning that both attendance and betting totals are running more than 20 per cent ahead of last year's figures.

The favored Grade-A heavyweights in the feature tonight are Rocky MacGinty, owned by Arthur Bower, and O. B.'s Mortgage, a 71-pound product of the star-studded Oswald Brothers Kennel.

Rocky is given top morning line odds of 2-to-1 in the headliner. The 67-pound red brindle foal will move out from the four-box O. B.'s Mortgage in assigned 3-to-1 early digits. He'll be waiting for the mechanical rabbit from the winsome two-spot.

Hearn Edges Dark In Tourney

MIAMI (UPI) — Stay close to Jim Hearn and you'll beat him. That was what he whispered in National League dugouts when the big right-hander pitched for the New York Giants a few years back, but it didn't work out that way Sunday when Hearn came on to win the baseball players golf tournament.

Trailing Alvin Dark by one stroke going into the final round of the 72-hole tournament, Hearn, now out of baseball, shot a five-over-par 75 in high winds to beat Dark by one stroke with a 361 total.

Covington Covers Sports

By JERRY COVINGTON
Tonight Coach Bud Laver and his high flying Seminoles travel to Oviedo for a basketball tilt and are expecting plenty of trouble from Coach Paul Mikler's Lions.

The Seminoles have been riding high all season. They knocked out a victory by a slim margin over the Lions in the early part of the season. The Oviedo gym is poorly proportioned and it usually gives the visiting team a big disadvantage. The youngsters from Oviedo know the court like a book and they are usually able to give anyone a rough time when they play there.

Although this is one of the poorest seasons that Mikler and his charges have had in some time, they have several of the finest players in the area. Mike Duda, who represents the last of this famous clan at the Oviedo school, has been dropping in the points with the greatest of ease all season. He has hit around the 20 point mark consistently all season and will give the Seminole defense a big test.

Along with Duda, Mikler will be counting heavily on Johnny Tesinsky and Roy

Wainwright. Like Duda, Tesinsky has been one of the big guns all season and in the past few games Wainwright has become a big scorer.

The Seminoles are coasting along with their finest record in the history of SHS with thirteen wins against two losses.

The OBC coaches met last Thursday night to draw for the tournament matchings. At the meeting DeLand and Titusville were also rejected as new members in the OBC. Bishop Moore also has requested entry into the conference but they will be voted upon at a later date.

The tournament will get underway Thursday night with Lakewood and Apopka squaring off in the first game and Wildwood and Leesburg second. The Seminoles will face the winner of the Wildwood-Leesburg game at 7 p. m. on Friday and Winter Park will face the winner of the other match at 8:30. On Saturday there will be a championship game between the JV teams of Winter Park and Apopka at 7 p. m. and then the winners from the varsity games on Friday will meet at 8:30 for the OBC crown.

U. S. Men 'Way Out' As Olympic Starting Places Set

SQUAW VALLEY, Calif. (UPI) — The official "grouping" for all-important starting places in the men's and women's downhill races of the Olympic Games were announced today.

And indications are that the United States feminine racers will be in the thick of the battle for gold medals. But the men aren't given a chance to finish in the first 20.

On the women's team, Penny Pitou of Lanconis, N. H., is rated fourth in the international rankings and Betsy Salts, Norwich, Vt., is listed seventh.

The ratings are set by the International Ski Federation and are based on points scored in major meets. Because the course gets cut up late in the competition, the best spots for competitors is the first "split" of 12 in the women's and 18 in the men's.

But no American men were listed in the first unit for the males. Highest rated is Gordon Easton, Littleton, Vt., and he is way down in 34th place.

Fia Riva of Italy topped the women's ratings. Carl Schranz of Austria, the men's.

The valley got another beautiful, sunny Sunday and the athletes got in excellent workouts on all runs.

The highlights were a hockey game between United States and Japan, and the spirited exhibition battle of the ski jumpers who seem intent upon bettering each other's marks.

Moore Considering

DORTMUND, Germany (UPI) — Plans were underway today for a world light-heavyweight championship bout between titleholder Archie Moore and Erich Schoepner of Germany.

The American hockey team blanked the Japanese, 10-0, with many of the several hundred spectators seeing their first game.

In the ski jumping, the Ger-

Sunland Gains In Kegler Play

B. Edwards Builders Supplies lost a little of their lead in the Thursday Night Mixed League last week, as they gave up three wins to Sunland Estates.

This leaves the league leaders with 40 1/2 games won, followed by Steinmeyer Roofing with 34 1/2, Sunland, 34. The Turfure Center, 30, Florida State Bank, 20, and South Pinescrest, 20.

Sunland leaves little doubt in anyone's mind, that they are the team to beat, as they combine a large handicap with bowlers who are raising their averages each week. In just four weeks, this team has come from the basement to within one half game of second spot, winning their last eight games in a row.

Steinmeyer Roofing took two wins from South Pinescrest, this week, behind the big series of John Ogden. Ed Callan turned in a 202-308 to lead Pinescrest, and picked up the 3-10 split twice during the evening.

Furniture Center took two wins from the bankers, in a match that was evenly matched all the way. George Swann was high for the bankers and Howard Harrison was top man on the furniture team.

Frank Huba made the 4-7-3 pick-up and Louise Hestford topped the 2-7 on this pair of lanes.

mans, Finns and Norwegians tried to out-do themselves again. For the second straight day, Germany's young Helmut Recknagel led the way with two leaps of 91 meters — about 295 feet.

But the others were right on his trail. Several Finns and Norwegians each bettered the old officially recognized mark for this jump of 88 1/2 meters.

TV CDR ROTOR

marvel scans the skies like radar to pull in better pictures on your set!

ROTATES AUTOMATICALLY to track down the best possible picture on every channel.

NO WONDER YOU HAVE TV TROUBLE with weak or wavy picture and "ghosts" on so many channels! Like most people, you're probably in a location where TV signals come from many directions — not just the one your antenna was set up to face.

WHAT TO DO ABOUT IT? Make your antenna work 3 or 4 times more efficiently and bring in the best possible picture from any direction. What you need is the TV marvel that causes your antenna to CIRCLE and Detect like Radar — the CDR ROTOR. ONLY AN ONE-TWO-TWO! Move all you do to pull in clearer, sharper, stronger pictures!

1. Turn handy Skywiper Direction Selector on CDR's beautiful Little Control Cabinet.

2. Rotor at the base of your roof-antenna turns it in a complete circle till you see the picture clearer than ever before.

3. Lift your finger from the Selector and your antenna automatically locks in position.

Simple, isn't it? So why settle for half-way TV? Pull in all the channels your set is equipped to receive — with a thrifty CDR ROTOR.

AIMS YOUR ANTENNA straight at the sending tower of the channel you want.

READ WHAT ACTUAL USERS SAY! Hundreds of thousands of CDR Rotors are now in use and in TV reception areas just like yours.

"MORE STATIONS, BETTER PICTURES. We have lots of company from far and near, and they all say we get more stations and have a better picture than they do. The CDR rotor can't be beat!"

—Mrs. C. J. McCann, Anthon, Kansas

"STATIONS WE NEVER BEHANCED OF GETTING come in clear and clear. We never received real pictures out of TV till we got the new CDR rotor."

—Mrs. E. J. Smith, Bunker, Mo.

"PERSONS BY NAME BOUNDING. Even though my antenna is a very good one, I couldn't get a true, sharp image. Since installing a CDR rotor, my picture are clearer, sharper, steadier. My set behaves like a brand new one, even though the second TV station is over 45 miles away!"

—Miss A. M. Pines, Wichita

THE SANDS OF TIME ARE RUNNING OUT
There are only three homes left in exclusive SAN SEM KNOLLS. This means that only three more happy families will be able to say:

"In looking for a home we saw many with MANY of the features of SAN SEM KNOLLS, but none with ALL of them. For instance there were many with 3 bedrooms, 2 or 1 1/2 baths, electric kitchens, terrazzo floors and etc., 11k SAN SEM KNOLLS, and some even had the same FHA financing with low down payment and low monthly payments. But there was always SOMETHING wrong — like not having city water and sewers, or not having the large, covered patios you see in SAN SEM KNOLLS, or being located in a noisy neighborhood.

That is one thing we love about SAN SEM KNOLLS — it is QUIET. Another thing we can let our children play in front because our home is on a dead end street and we don't live in constant fear that a speeding car will run them down. IT IS LIKE A NEAT, CLEAN LITTLE VILLAGE WITHIN A CITY! And, last but not least, the construction is guaranteed to be the very best because every bit of it was personally supervised by the builder, Philip Zeuli."

SAN SEM KNOLLS is four blocks west of French Ave. on Twenty-Ninth Street. A Stomper associate is on the premises daily.

OPENING THE COUNTY FAIR, County Commissioner Chairman John Krider cut the ribbon while, from left, J. Q. Galloway, chairman of the security guard; F. J. Demers, space chairman; Joel Field, general fair chairman; John McCloskey, director, and W. O. Page, midway owner, stood by. At right is a first place blue ribbon winning knife rack being shown by Home Demonstration Agent Myrtle Wilson. It was made by Mrs. Kay Samsam of Lake Mary. (Herald Photos)

Children Have Their Day At County Fair

Today is Children's Day at the Seminole County Fair. Two lucky youngsters will get trophies at the fair, Joel Field, president of the fair, said he expects a "tremendous mob" of youngsters at the gala event. The Fair Association has given 11,500 free tickets to county school children. Children under 14 will be admitted to the fair free today. Special hours for the youngsters are 4 to 7 p. m. Field said that cold weather kept many people away from the fair last night, when about 1,000 attended. Fair officials awarded prizes to so many home and farm produce entries Monday, that they ran out of ribbon. More ribbons have been ordered. More than 100 first prizes have been given out, and 250 ribbons went to the women's division alone. Prizes are still being given and award money will be presented Saturday.

Board To Probe Refuse Dumping

The County Commission plans to crack down on garbage collectors dumping garbage in the Sanlando dumping area. The commission will begin a probe to regulate fees for dumping grounds. Commissioner Vernon Dunn told the board that collectors from Orange County have been using the Sanlando pit. In many instances the area is becoming a "health hazard" as dead animals are put there by residents, Dunn said. The board authorized Clerk David Gauchal to write to boards in West Palm, Orange, Volusia and Brevard Counties asking information on how they have coped with this problem. Under a recent act passed by the legislature, the board has the authority to regulate and restrict the methods of collecting, transporting, and disposing of garbage, refuse and debris. Attorney Mack Cleveland Jr. emphasized that the board is specifically authorized to police and license garbage and trash collectors.

Seminole Collies Win Show Honors

Cherrivala Thunderstorm, owned by Mr. and Mrs. Al Decker, Jacksonville, took top honors of best in match at the Collie Fanclub of Central Florida collie show at the Mayfair Inn Sunday. The reserve winner was Gray Sun Chief Chatter, owned by Mr. and Mrs. Ralph Grayson, Sanford. With an entry list of 45-one from as far away as Pennsylvania—it was the largest collie show to be held to date in the state, according to officials of the association of which Mrs. Garry Fox, Geneva, is president. Garry Fox, Geneva, was chairman of the show, and Mrs. Peggy Lantz, Thonotosassa, secretary. Class winners were: Open bitch: first place, Decker's Fancy High Honey, owned

Smathers Decision Near

WASHINGTON (UPI) — Sen. George A. Smathers (D-Fla.) was expected to announce today he will become Florida's reluctant "favorite son" presidential candidate. Smathers' office said an announcement was due Tuesday but declined to divulge its subject. However, previous statements by Smathers left no doubt that his long-awaited decision will be to enter Florida's primary.

Crafts To Be Topic At Art Meeting

Mrs. Blanton Owen of Sanford will discuss wood, shell and other crafts at the Sanford Art Assn. meeting Monday in the Crafts Hut at Ft. Mellon Park. The 7:30 p. m. meeting will be a crafts workshop. Mrs. Helen DeWitt, president of the association said. The art group has decided to add crafts to its activities agenda and the Sanford Recreation Dept. has permitted use of the Crafts Hut each Monday night, she said. Crafts workshops will be held on the third Monday night of each month and on the fifth Monday of months which have Mr. and Mrs. F. H. Galloway will be in charge of the sessions, and participants are asked to bring their own materials. Mrs. DeWitt also announced a new schedule of meetings for the association. The first Monday of each month will be the date of the executive board meeting; the second Monday general meetings, with speakers, business and critiques in the Civic Center; and painting workshops supervised by Joe Mathieux on fourth Mondays. All meetings will be at 7:30 p. m. in the Crafts Hut except the general meetings in the Civic Center. The association invites new members and especially at this time those interested in crafts, Mrs. DeWitt said.

Health Center Bid Opening Tonight

The County Commission will open bids on a new \$100,000 Health Center at a specially called meeting at 8 p. m. today. The center will be located between Eighth and Ninth Sts. on Hwy. 17-92 and Architect John Burton said construction should start within 30 days after bid letting. The newly-named county health director, Dr. Clyde Brothers, was due to arrive in the city today to take up his new post and sit in at the bid opening. A resident of the area complained that a shed in his yard burned he could not get help from fire-fighting units. Commissioner Lawrence Swofford reported that a meeting is planned within the next two weeks in the Bear Lake area to draw up a petition to present to the board asking that a referendum be placed on the ballot in November to set up a fire district. "If the majority of residents in the area want a fire district there is no reason why it shouldn't pass" Swofford said. At present the only fire district in the county is in Lake Mary. Ed Zimmerman, fire commissioner from that district, told the board that two fire commissioners resigned their posts and recommended that Bill Gray and John Fitzpatrick be appointed. They would succeed Charles Kreuzer and Richard Ivers who resigned. The board agreed to approve the appointments.

13,428 County Auto Tags Sold

Tax Collector John Galloway reported today that 13,428 1960 auto license tags had been issued up to last Friday. Galloway said that so far, \$801,883 has been collected from tag sales. Last year's sales total of \$822,138 and 28,000 tags were sold. Saturday is the final day for buying the licenses.

Osteen Pupils Find Man's Body

Three Osteen children on their way to school this morning found a body later identified as that of an elderly Osteen resident, Everett Hall. Officers were investigating the death of Hall, reportedly last seen alive early Monday night by the Osteen postmaster, Mrs. Lois Brooks. Ronnie, Carol and Susie Sapp, children of Mr. and Mrs. J. A. Sapp, said they saw the body lying beside the road as they went to school and reported their discovery to the owner of a grocery store. The man was identified as Hall, believed to be about 80 years old.

Casselberry Fire Damage \$35,000

About \$35,000 damage was caused by a Casselberry warehouse fire Friday. Fire Chief Paul Bates said today. The warehouse, near the A.C.L. railroad, belonged to town developer Hibbard Casselberry. The fire started at 2:15 a. m. The 3,000 square foot warehouse was a total loss, Bates said. Origin of the blaze has not been determined, he said. A truck and a car nearby also were burned. Longwood firemen came to the assistance of the Casselberry fire department.

TB Group Meets

Seminole County Tuberculosis and Health Association members will meet in the First Baptist Church at 8 p. m. today.

Pair To Return To NBC Late Spot March 7

NEW YORK (UPI) — Jack Paar has agreed to return to his late night television show March 7, the National Broadcasting Co. announced today. The agreement was reached at a Florida conference today between Paar and NBC's top executives, President Robert E. Kinner and Board Chairman Robert Sarnoff. "Bob Sarnoff, chairman of the National Broadcasting Co. and I met in Florida today with Jack Paar. On behalf of his large and loyal audience we asked Jack to return to the Jack Paar Show. Jack agreed to come back on Monday, March 7, after a three-week vacation. Bob Sarnoff and I are delighted." Thus apparently ended one of the most widely-viewed spats in entertainment history. Paar walked off his program in front of viewers across the country last Thursday night in a tearful protest at the manner in which NBC had censured a questionable joke from his previous night's program. For the following hour and 30 minutes, his guests hysterically castigated the network and defended Paar's action. The show went on Monday night without Paar, and also without censorship. (Another story on page 2).

Petition To Ask New Fire District

The need for a fire district in the southwest area of Seminole County was stressed before the County Commission today. A resident of the area complained that a shed in his yard burned he could not get help from fire-fighting units. Commissioner Lawrence Swofford reported that a meeting is planned within the next two weeks in the Bear Lake area to draw up a petition to present to the board asking that a referendum be placed on the ballot in November to set up a fire district. "If the majority of residents in the area want a fire district there is no reason why it shouldn't pass" Swofford said. At present the only fire district in the county is in Lake Mary. They would succeed Charles Kreuzer and Richard Ivers who resigned. The board agreed to approve the appointments.

Board To Ask New District 5 Hearing

The County Commission today agreed to request the zoning board to conduct another comprehensive zoning hearing for District 5 because of "overlapping meeting" was held at the same time. The hearing was held last Tuesday at the same time that a District 5 Voters League meeting was held. Commissioner Homer Little of District 5 said many people have called him to say that they missed the zoning hearing because of the conflicting time element.

Coffee Klatch Features Prizes

Secretaries, receptionists and office assistants will be guests Thursday at an after-Valentine-Day meeting of the Coffee Club in the USO Chamber of Commerce Bldg. at 10 a. m. Valuable prizes will be awarded at the meeting which substitutes for the regularly scheduled coffee klatch sponsored by the Seminole County Chamber of Commerce, according to Charlie Morrison, public relations director of the chamber.

DeBary C Of C Meets Wednesday

DeBary Civic clubs will get money from a fund raising dinner at the DeBary Civic Association building tonight. About 125 persons will be served, with money from the dinner going to town clubs. A speaker from a food service company will add to the program.

Board To Inspect Plans For New Jail

Preliminary plans for the new county jail are completed and will be presented to the county commissioners at their afternoon session today. Architect James Gamble Rogers sent a message to the board this morning that the plans are ready for inspection. No details were discussed. For the past month, the board has been surveying jails in the state and have been passing on their recommendations to Rogers.

Britain Girding

LONDON (UPI) — Britain today announced a \$24,000,000 boost in her defense spending, bringing the annual defense bill to a record \$3,729,924,000, nearly a third of her entire budget. The increase was announced in a government white paper which said Britain also was increasing its conventional weapons instead of relying exclusively on the massive western nuclear deterrent.

Rhee Opponent Dies

SEOUL, Korea (UPI) — The Korean cabinet met today to discuss political implications of the death of President Syngman Rhee's only opponent in the March presidential elections, Rhee, 84, was shocked at the death Monday in the U. S. of Dr. Cheong Pyang Ok, an independence fighter and Democratic Party, but predicted widespread defection from Cheong's to his own ruling Liberal Party.

Food Fair Staffs To Meet Here

Food Fair employees from Sanford and surrounding areas will meet here Feb. 24. The meeting will be to "talk shop" and discuss ways to improve the business, Sanford Food Fair Manager Gene Ashline said today. About 20 company employees are expected for the meeting.

County Delays Awarding Contract For Paving Job

The County Commission today opened bids to pave South St. but delayed awarding any contract on the job to see if it would be more economical for the county to do the work with its own crews. Apparent low bid on the project was turned in by the L. L. Hall Paving Co. of Orange Park for \$20,385.40. Commissioner Vernon Dunn said he believed that the county could do the work at a smaller cost, but that the job would take longer. The board held off any decision until Davis can make cost estimates on the work. The board also agreed to study a request to reauthorize a road in the Forest Lake area with property owners sharing the cost of the project. They also agreed to lease property in the Seminole Humane Society for an animal shelter and agreed to survey various areas of land to be used for the shelter.

DeBary Sets Fund Raising Dinner

The DeBary Chamber of Commerce will hold its monthly meeting in the State University dining room at 7 p. m. Wednesday. The program will include a talk by Dr. Gilbert Lavan, professor of history and general release of history. Mrs. Gilbert Lavan will be "Lunching Ahead To The 1960's." Mrs. Corinne G. Paul, Volusia County tax collector, will discuss county tax problems.

5 Candidates Open Race For Governor

TALLAHASSEE (UPI) — Five of the nine announced candidates for governor qualified today, officially opening the 1960 political season. But though the gubernatorial candidates were on hand at noon, Sen. Tom Adams of Orange Park stole a march on them and was the first candidate to actually qualify.

Southeast C of C Given Ad Funds

The County Commission today agreed to give the Southeast Seminole Chamber of Commerce \$1,000 to be used for printing and distribution of brochures for advertising purposes. The Southeast C of C which includes Oviedo, Slavia and Chulitoia, had asked the board at an earlier meeting for the funds but was turned down until the chamber could come up with a budget for the year.

News Briefs

Ben Jones, president of the chamber, presented the budget to the board today. It included \$870 for membership dues and contributions and the board quickly approved \$1,000 for advertising. The board also heard two requests from the Lake Mary chamber, which asked that a traffic survey be conducted at the intersection of Lake Mary Blvd. and County Club Rd. In a letter to the board, the chamber said that from 8:30 to 9 p. m. there is heavy congestion at the intersection due to the unloading of school buses, return of NAA personnel to their homes and evening shoppers. The chamber stressed the need for a series of traffic control aids.

The board agreed to ask the State Road Department to conduct the traffic survey as the first step in eliminating traffic congestion in the area. The board also approved another request by the Lake Mary group to stop night parking in the area adjacent to Crystal Lake Beach. The board authorized Commissioner Lawrence Swofford to work with Sheriff J. L. Hebbly in putting up a sign closing the area to night parking.

Adams was in line at 8 a. m. and Secretary of State R. A. Gray accepted his qualifying money and papers the instant the clock struck noon. Adams is a candidate to succeed Gray, who is retiring next January.

Fire Rates To Drop

TALLAHASSEE (UPI) — Fire and extended coverage insurance rates in Florida will be decreased effective April 1. State Insurance Commissioner J. Edwin Larson said Monday fire rates will go down 13 per cent and extended coverage rates 16.1 per cent.

Rate Hearing Asked

TALLAHASSEE (UPI) — The State Utilities Commission took under advisement Monday a request by Miami officials for a prompt public hearing on rate charges by the Houston Natural Gas Co. Commission Chairman Jerry Carter said he hoped for a decision in less than 30 days.

Labor Fights Racism

MIAMI BEACH (UPI) — The AFL-CIO today denounced its stand against racial discrimination by unions and called on the federal government to penalize businessmen who refuse jobs to Negroes. The "get tough" approach to reduce bias in job hiring and promotions was discussed by George Meany, president of the 14-million member labor federation.

Orlando Jury Starts Probe Of Hoffa

ORLANDO (UPI) — A grand jury is expected to start at least 60 days to investigate charges that Teamsters President James R. Hoffa was connected with an ill-fated Titusville housing project. The jury, empaneled Monday, will investigate the charges brought by the Florida National Bank in Orlando, which the Teamsters are suing to gain release of \$400,000 in union deposits.

Gubernatorial candidates that made it official were Sen. Doyle Carlton and Fred O. Dickinson, former House Speaker. Ted Davis and Farris Bryant and ex-circuit Judge John McCarty. Dickinson mailed his papers in. The rest came in person to sign. McCarty was the first candidate for governor to hand his qualifying papers to Gray. He was followed by Carlton, Davis and Bryant.

It was the first time the opening day of qualifying attracted such a large crop of candidates. Dozens of state employees and local residents interested in politics flocked into the office to watch. Candidates shook hands, smiled and posed together for photographers.

The entire announced field for commissioner of agriculture showed up to qualify. They are former House Speaker Doyle Conner, W. R. Hancock, C. H. Rice, and Loran Carlton. Qualifying after Adams was Ed Horvath of Tallahassee, who ran unsuccessfully against Gray four years ago.

Another in the large field for secretary of state, Eugene Fisher, also was among the early qualifiers. A large group of candidates for legislative races stopped by and paid their fees, almost lost in the crowds surrounding the candidates for governor. One of the first to qualify was Rep. W. C. Herrold of Deade, who is running for Senate.

Drainage Need In Bear Lake Area Stressed

District 3 County Commissioner Lawrence Swofford today asked the board for a special effort to get the county engineering department to relieve drainage conditions in the Bear Lake area. Swofford said the request for County Engineer Robert Davis reported he hopes to advertise for bids on drainage work in Loch Arber.

Swofford said that on many occasions he has seen the Bear Lake area. The water is dumped into the lake and the water in near a five-foot level. Swofford cited the dangerous conditions in the area and Commissioner Vernon Dunn added that it is no emergency situation and should give priority.

However, Chairman John Krider said there is just so much money available and little manpower to take care of all the needs at the same time. However, the board agreed to ask Davis to meet with the Bear Lake problem as soon as possible.

Snowstorm Loses Punch

The nation's third snowstorm in week all but disappeared over the Ohio Valley today. The storm, a cream puff compared to its predecessor, lost its punch when it was boxed in by two high pressure systems over the Carolinas and Texas.

Only high snow was forecast by southern Ohio, Kentucky and parts of Tennessee. Rain was expected in the South and Pacific Northwest.

The new storm moved quickly out of the Southwest Monday and dumped up to six inches of snow on parts of Oklahoma, Arkansas, Missouri and Kansas. Highways were practically impassible in western Arkansas and eastern Oklahoma and traffic accidents mounted rapidly in southwest Missouri, although there were no fatalities.

The toll of weather — blamed deaths from the weeklong series of storms was placed at more than 115, including at least last Friday.

Dripping snow from a storm last weekend hampered cleanup operations in the east. Schools were closed Monday in parts of New York State, Virginia, North Carolina, Tennessee, West Virginia, Pennsylvania, Ohio, Georgia and South Carolina.

DeBary Sets Fund Raising Dinner

The DeBary Chamber of Commerce will hold its monthly meeting in the State University dining room at 7 p. m. Wednesday. The program will include a talk by Dr. Gilbert Lavan, professor of history and general release of history. Mrs. Gilbert Lavan will be "Lunching Ahead To The 1960's." Mrs. Corinne G. Paul, Volusia County tax collector, will discuss county tax problems.
