Tough decisions for the future

LONGWOOD — It was a tough decision for Ted Mitchell, Lyman High Scool cross country/track star, but the choice has been made.

The scurry between Dartmouth, Tennessee, Arkansas and Florida State to sign Mitchell to the team was tense. But of course in the end, the best team wins.

The heat is on

SANFORD - Three teams of the Sanford Recreation Department Little Major Baseball League posted easy wins Saturday to register their ninth wins.

The standings after 10 games have the Royals leading the American Divison, followed by the A's, the Red Sox and the Orioles. See Page 1B

Off-track betting supported

TALLAHASSEE — A bill to permit off-track betting on horse races is picking up support in the Legislature, despite opposition from parimutuel interests.

Most of the opposition is coming from owners of jai-slai frontons and dog tracks, who said the righted Lottery has stready gratified millions of dollars from their market. See Page SA

Jackpot climbs to \$30 million

TALLAHASSEE — The Florida Lotto jackpot jumped to an estimated \$30 million Sunday, rolling over for the second consecutive week when nobody picked ali six winning numbers.

The winning numbers in Saturday night's drawing were 8, 23, 24, 32, 46, 48, Although nobody matched all six numbers, 383,133 tickets qualified for smaller prizes. Payouts

-276 matched five of six to win \$5,262 -23,302 matched four of six to win 891. -359,555 matched three of six to win 85,50.

Sunday also marked the

of the start of the Lotto game.
"Our Lotto game celebrates its second birthday today and Friday night was Fantasy 5's first birthday. It's wondeful to see our games so popular with residents and visitors." Lottery Secretary Rebecca Paul said.

The lottery department celebrated with a millionaire's reunion for 97 Lotto winners with a dinner dance and cruise from Miami Friday.

Trusty inmate escapes

SANFORD — A Seminole County jail trusty prison who walked away from his job at Seminole County Animal Control on Bush Boulevard, Sanford, at about 4 p.m. Friday, was

still at large this morning.

Jail Administrator Duane Rutledge said today
Toby Scott Nave. 27, 1617 Woodling Place.
Altamonte Springs, has been jailed since Feb. 13
for failure to appear in court and violation of
probation on theft related charges. Rutledge said
Nave has not been involved with violent crimes. Sheriff's deputies reported that Nave was seen at about 7 p.m. Friday near the home of his flance on Ballard Street, Altamonte Springs.

Shallow grave uncovered

By SUSAM LODEN Herald staff writer

GENEVA - This morning sheriff's investigators were back at the Osceola Road site where they removed a body from a shallow grave

The identity of the body, buried about three feet deep in a garden at the home of Joseph Thigpen, 39, 2001 W. Osceola Road, Geneva, has not been

39, 2001 W. Osceola Road, Geneva, has not been released. Thispen is missing and was last seen April 19, a Seminole County sheriff's report said.

Associates of Thispen's have been searching for him. The buried body was found at about 6:30 p.m. Sunday when Thispen's nephew checked the garden. Capt. Roy Hughey said.

The body was removed from the scene at about midnight Sunday and an autopsy is scheduled in Sanford. Since the body had been buried several days. Hughey said, investigators haven't been able to determine a possible cause of death.

Thispen's neighbor. Timothy Wright, 27, reported Saturday that Thispen has been missing for several days. Wright told deputies that when

Yankee Lake plant on hold

By J. MARK BARFIELD Herald staff writer

YANKEE LAKE - Construction of Seminole County's \$9.8 million Northwest Area Wastewater Facility will be completed within days, but the first toilet flush won't be headed this way until late 1991 — nearly a year and a half beyond its scheduled start up.

More than three million gallons of water - fresh water - now circulate through the Yankee Lake wastewater plant's pretreatment facility, the settlers, the oxygenators, the clariflers are then pumped right back to the beginnpumped right back to the beginning to start all over again. Pumps hum, aerators bubble, skimmers swirl, all doing everything a modern sewage treatment plant should do—except treat sewage.

A large bronze plaque is mounted on a wall at the entrance to the plant's administration build.

to the plant's administration build-ing. It reads in part "Seminole County Northwest Area Wastewater Facility. Dedicated by Board of County Commissioners January 1990." There was no dedication in

January. Environmental permitting de-lays and a less than expected need for the plant led county officials to

decide, they say, a year ago to delay opening of the plant. Until then, wastewater from Heathrow.

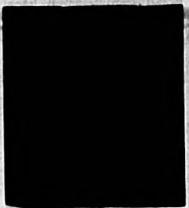

Project manager Chuck Lawson oversees the Yankee Lake plant from the top of a pre-treatment area. Lawson said fresh water will be churned through the plant to keep the system working until it begins treating wastewater in 1991.

Lake Forest and several other smaller developments west of In-terstate 4 will be treated at the county's Greenwood Lakes treatment plant south of Lakes Mary. Eventually, the flow of sewage in the pipe will be reversed and the flow from the developments and excess flow from the Greenwood Lakes plant will be pumped to Yankee Lake.

The developments could be connected within 45 days, said Gary Cinder, county environmental services director.

Cinder said the decision to delay the start-up of Yankee Lake was no

City sees in future

By MICK PFEIFAUF Herald staff writer

LONGWOOD - The City of Longwood is working on a written document to report on what that city will be, in the best as well as worst scenarios, by the year 2005.

The strategic planning project began in January with a day-long workshop to establish priorities for action on such matters as sewage. capital improvement, property val-ues and positive city identity. The final "Visions For Longwood" study expected to be completed by

August 1. Meanwhile, a wide cross section of residents are giving the city input as designated "Stakeholders," that is business, professional, religious, civic and cultural leaders who have a stake in the future progress of the city. By the time the final document is prepared, as many as 500 stakeholders may have become directly involved through their input, and many more will have completed surveys intended to further the project.

City Administrator Mike Abels, during the Longwood City Commission meeting April 23, reported that as soon as a date can be ☐ See Longwood, Page 5A

program Dillia 266

By J. BRADLEY DILLING Herald staff writer

SANFORD - Seminole County residents who have been forced to live their lives in the dark will begin to see glimmers of hope this week.

About 15 blind Seminole Countians will graduate May 2 from the Center for Independent Training Training and Education

The 15-week program is an adult education program aimed at helping people who have recently become blind and who are having difficulty coping. CITE has helped Central Pioridians for 14 years, although the program has been available to Seminole County residents for only two years.

The course meets at Valencia Community College in Orlando five days a week for about three hours a day, with morning and evening

resions. Vans will soon be available to pick up students in the Sanford area.

Instructor Steve Obremskey said many students are in rough shape emontionally when they start the

They are bitter, hurt and sometimes a little scared, but by the time they come to the class they have become tired of feeling sorry for themselves and they have resolved to do something about their situation, Obremskey said.

"We do an evaluation of the student when they enter and when they leave. They feel good. They have regained self-confidence." he said.

One of the students who was particularly moved by what he learned and the people he met was Bob Curley, of Winter Park.

Although the skills that the students acquire are invaluable, it's the attitude they leave with that really helps them go on, Curley said.
"They suddently realize they are

not useless." Curley said. "When □See Blind, Page SA

County answers call of wild

By J. MARK BARFIELD Herald staff writer

SANFORD - Seminole Countians are responding to the "Save the Manatee"

Since the new manatee auto license tags went on sale March 19, about 750 of the 1.000 in the Seminole County Tax Collector's Office have been sold. Another 1,000 are on order so the main tag office in the County Services Building and two branches in Altamonte Springs and Casselberry shouldn't run out, said Tax Collector Ray Valdes.

The manatee auto tags cost \$17 in addition to the standard tag fee. Of that amount. \$7.50 is paid to the state Save the Manatee trust fund and \$7.50 is paid ato the state environmental education trust fund. The remaining \$2 is spent for

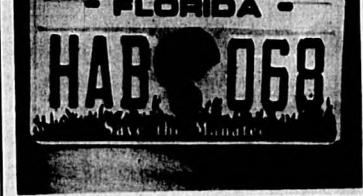

the administration and special handling of the program.

The state trust fund is used for manatee research, population counts and carcass recovery and study.

The reaction to a Seminole County-

instituted program to raise donations for manatee protection has also been suc-cessful. Anyone buying any kind of county license - from hunting to auto to occupational licenses - can elect to pay \$5 to the county's Save the Manatee fund. About 10 cents from each donation is taken out for costs and the rest is sent

to the state manatee trust fund. Manatee contributions from Seminole County residents began slowly - only \$31 was raised during the first four months of 1989. Valdes said early last year 50-cent contributions were sought

Seminole County has sold 750 manates tags.

Urban League president leaves coffin

DEERFIELD BEACH — The president of the Urban League of Broward County emerged from a wooden coffin in good spirits

Broward County emerged from a wooden coffin in good spirits after spending 48 hours "buried alive" to call attention to drug problems among young black men.

Jesse Payne was entombed in the wooden crypt Friday night in the parking lot of the King Toyota dealership in Deerfield Beach and emerged Sunday night. A television monitor allowed passers-by to watch Payne inside.

Payne said his burial symbolized the Urban League's desire to bury the drug problem. The dealership donated \$100 to the league for every car sold during the stunt, raising about \$5,500 for the league's drug abuse prevention program.

Gay-only campaits selling well

MIDDLE TORCH KEY — Gays and leabians from as far away as London have been snapping up lots at a new, gay-only campaite, but environmental officials have ordered a hait to

some of the clearing at the alte.

The state's first exclusively homosexual compground, T.H.E Island of the Keys, Inc., opened five months ago on a pristine 120-acre island of Middle Torch Key. T.H.E. stands for "Total

Homosexual Environment."

Despite two incidents where derogatory graffiti was painted on an approach road, owners Lynn Parker and Linda Shearer said interest has been strong and they have sold 90 60-by-100-foot lots on the island.

Judge's award to friends overturned

MIAMI — An appeal court has overturned Dade County Circuit Judge John Gale's award giving two close friends almost \$70,000 for five months work as court-appointed

In a ruling last week, the Third District Court of Appeal said Gale's court had "abused its discretion" in ordering Southeast Bank to pay Salvatore Ingrassia \$150 an hour and Jack Glacalone \$125 an hour as receivers in a foreclosure case. The appellate court ordered Gale to issue a lower sward based on community standards.

Search continues for missing flahormen

JACKSONVILLE — The Coast Guard has breadened its search for three fishermen, including two off-duty police officers, whose 22-foot boat was found captized about 12 miles

out in the Atlantic Ocean.

Coast Guard Petty Officer Carl Vitavitch said in Mismi that scarch crews aboard two planes, five Nevy and Coast Guard helicopters, the Coast Guard cutter Point Roberts and several Florida Marine Patrol boats were searching a 5,000- to 10,000-square-mile area.

Victim mistook police for drug dealers

BRADENTON — Police have asked the state to investigate the death of an elderly man in a gun battle that apparently began when the man interook plainciethes detectives for drug dealers.

Police Chief Vito Badalamenti asked the Florida Departme of Law Enforcement to investigate and an FDLE apaleswom said the findings would be turned over to the State Attorney

detective injured in the gas made. Inted in stable condition at Maneter

Nelson looking to television to regain lost ground?"

TALLAHABSEE (UPI) — Democrat Bill Nelson will have to dip into his campaign war chest earlier than expected to overcome a 53-point gap in opinion pells between him and former Sen. Lawton Chiles, campaign aides said.

Nelson had been cruising along an fro

russer in the Democratic primary, expecting to reserve most of his 94.3 million campaign account for the general election against Republican Gov. Bob Martinez.

Then, two weeks ago, Chiles entered the race. Nelson has been losing ground ever

Campaign spokesman Don Pride said the strategy has shifted, and the campaign will be airing television commercials in two or three weeks. The campaign will also push Chiles to debate, so that voters can see the two candidates and compare, he said.

NEWS FROM THE REGION AND ACROSS THE STATE

Odds improve for off-track bets

TALLAHASSEE — A bill to permit off-track betting on horse races is picking up support in the Legislature, despite ardent opposition from competing pari-mutuel in-

terests.

Track owners said they need off-track betting to remain in business against increased competition from northern race-tracks. Bets and purses in Plorida's winter race season have declined since year-round betting began up North.

Most of the opposition is coming from owners of jai-said frontons and dog tracks, who said the Plorida Lettery has already grabbed militons of deflars from their market.

"It's like baying three was stations on a

"it's like having three gas stations on a corner and somebody else comes and puts a fourth one down," Cliff Herrell, a lobbyist for Greyhoud Track Owners, told The Florida Times-Union of Jacksonville for

Suriday editions. "We can't take anoth

But the House Regulated Industries Committee, which overwhelmingly defeated an off-track botting bill last year, approved this year's version of the legislation by a 12-11 vote. House Speaker Tom Gustafson has also lined up behind the bill by Rep. Ron Silver, D-North Maint.

"The thoroughbred industry is not running the kind of return on investment that allows you to stay in business," said Richard Hancock of Ocals, who represents the Florida Thororoughbred Breeders.

"We need to find some way to increase the purse money available." But the House Regulated Industries

purse money available."

Florida boasts six thoroughbred tracks — one in Tampa and five in the Miami area. There are 12 jai-alai frontons and 18 dog

State law forbids thoroughbred racing with wagering within 100 miles of any other betting operation, effectively freezing horse

Silver's bill would permit each track to open one betting bedity of etc., it would also permit inter-track betting, where wagers could be placed at any horse or dog track or fronton.

No off-track betting would be allower south or Orlando, where 86 percent of the part-matuel business is conducted, to pro-tect franton and dog track owners from the

tect fromton and dog track owners from the competition.

Further, the dog tracks and frontons could also operate off-site betting pariors. And no betting parior could be operated within 25 miles of an existing paramutual facility without its consent.

Off-track betting profits would be taxed at 3 percent. Silver did not know how much money would be raised, but the language makes the bill more, attractive in a tight budget year.

Crisis in long-term nursing for elderly

TAMPA — Florida's nursing ome industry faces financial scruption because of inadequate ledicald reimbursements, de-

disruption because of massquese sliedicaid reimbursements, despite huge expenditures of public money to provide long-term care for the frail elderly.

Almost \$900 million of public money is pumped into the system each year, an increase of five times over 10 years ago. But the cost is projected at \$3 billion by the end of this decade.

The probem has two roots. The Tampa Tribune said in an analysis published Sunday — a looming explosion in the number of very old Floridiens and the dearth of alternatives to nursing home care.

The number of Floridians over age 75 is expected to hit \$00,000 by the year \$000, a 50 percent increase.

by the year 2000, a 50 percent increase.

Many are healthy enough to live at home, but need outside help with shopping, househesping, medication and other daily needs. Programs to provide such assistance are much changed than placing, the alderly increase of the growth in the status of the growth in the statu

efficient, according to a government study.

And 90 percent of the nursing homes handling Medicaid cases any they less money on those patients, prompting concerns nursing homes will stamply opt out of the system.

"The numbers are an staggering, and the needs are so great, that if we don't hind the alternatives to nursing homes, the system will be overwhelmed." said Max Rothman, director of the Southeast Center on Aging at Florida International University, author of a 1967 study on the long-term care system.

Larry Polivia, head of aging services for the Department of Health and Prishibitative Services, and the system "is not a rational policy. We need a dual focus, with a role for nursing homes and expansive for murang homes are expansive for murang homes and expansive for murang homes are expansive for murang homes are expansive for murang homes and for murang homes are expensive for murang homes are expansive for

Theft of gasoline reported

SANFORD — A witness who saw a man siphoning gasoline from a car at Big Burt's Auto Sales, 4107 U.B. Highway 17-62, Sanford, detained the man for Seminole County sheriff's

deputies.

That led to a charge of theft against Jason Donald Henderson, 20, 2436 S. Oak Ave., Sanford. He was arrested at the scene at 11:10 p.m. Wednesday.

Alleged pistol threat brings arrest

SANFORD — City police here charged Tyrone Redding, 34, of 921 Tuskegee St., Sanford, with aggravated assault after he allegedly threatened a woman with a pistol during an argument in his yard at about 9:40 p.m. Friday. He was arrested there four minutes later.

ges bettery

WINTER SPRINGS — Noder Sabzevari, 34, of 113 Shore Road, Winter Springs, was arrested at his house at 5:32 a.m. Saturday after his wife alleged he battered her. He was charged with battery after he allegedly made a threatening move toward the victim, in the presence of police, after an alleged cartier attack, police said.

sidents threatened in dispute

SANFORD — Two men reported to Seminole County sheriff's deputies that they were awakened Sunday morning by a man who twice entered their apartment and brandished a board, threatening them and ordering them to leave.

The intrusion came after the victims had a dispute with their landlord at 621 Missions Terrace, Sanford, deputies reported. The man who allegedly threatened the victims, and who then went to a van "to get a real weapon," was arrested at the scene at 7:30 a.m. Sunday, Deputies said David Serrane, 36, of Bridgeport, Conn., is related to the landlord, and was allegedly called in to assist in dealing with the residents involved in the dispute.

called in to asset in treasing when the strange man dispute.

The residents said they were saleep when the strange man entered and began ordering them out of the apartment. He left once and returned to brandish a board and threaten them, the victims said. Deputies said they recovered the nail-embedded board from the suspect's van.

Police arrest armed woman

CARSELBERRY — City police called to the scene of a disturbance at 1081 Landmark Lane, Casselberry, said when they arrived a man came out of that house followed by a woman who was allegedly armed with a loaded pistol.

That led to charges of aggravated assault and use of a firearm in a felony against Sandra Ann Jackson, 54, of that address. She was arrested at 8:28 p.m. Sunday, in connection with alleged threats against Cornell Bacon, 32, of the same address.

Marijuana crop found in house

WINTER SPRINGS — City police who entered a house to investigate a reported disturbance at 605 Casa Park Court-F. Winter Springs, arrested a resident, after reportedly finding nine marijuana plants growing in the house.

Chad Scott Armstrong, 22, of that address was charged with cultivation of pot at about 4 p.m. Sunday.

Seminole County DUI arrests

SANFORD — The following persons faces a charge of driving under the influence in Seminole County:

O Tracy DeLeon Bryant, 21, 430 Reed Ave., Oviedo, was arrested at 12:50.a.m. Monday after he was found asleep at the wheel of his our on 18th Street, Sanford.

The Longwood, as arrested at 11:18 p.m. Sunday after he allegely made an amproper left turn on Rhinehart Road, Lake Mary.

Lake Mary beautification

Late Mary Mayor Dick Fees deft) and City Commissioner George Duryea wisided shores as eity officials took part in a tree planting ceremony in frent of the new City Hall building. Schools delegation lobbys legislators

TALLAHASSEE - A delegation of about 15 parents, teachers, administrators and school board members representing educational interests in Semi-nole County was in Tallahasee last week to let legislators know the needs of the school district.

The chief purpose of our trip is to talk about funding," school board Chairman Ann

Neiswender.

Neiswender noted that many legislators thanked the Seminole County group for uniting their presentations.

presentations.

"We are in Tallahassee to talk about the issues upon which we agree," Neiswender said. "We have chosen those things that we all think are important to continuing the quality of education we have come to expect in Seminole County."

The group met Wednesday with Rep. Art Grindle, R-Altamonte Springs, Rep. Stanley Bainter, R-Eustis, Sen. Richard H. Langley, R-Clermont and Sen. Toni Jennings, R-Orlando.

"Rep. Bainter and Senators Langley and Jennings were extremely positive in their reaction to our concerns."
Neiswender noted. "Rep. Grindle was engaged in priorities that

was engaged in priorities that deal with transportation."

Neiswender said she is aware this is a "difficult political year" and that legislators are con-cerned with the upcoming elec-tions, but "we are faced with

serious problems caused by the growth of this district."

The delegation lobbled for passage of a bill that would include a gross receipts tax on services including cable televiservices including cable televi-

Neiswender reported that the two percent increase in the governor's proposed budget for educational operating funds is "not at all adequate" for the needs of the schools in the state.

"The legislature can not con-tinue to mandate programs for the school districts without the funds to go along with them." she said. "If they don't have the money, they have to cut the

Nelswender said she felt legislators were "aware" of the difficulties facing Seminole County caused by growth and that they had "reacted favorably" to the presentation given by the delegation.

The group hosted a breakfast for "key legislators", including house education subcommittee chairman Bob Johnson, house appropriations chairman T.K. Wetherell and senate education subcommittee member Michael

Friedman has introduced a bill that would make Florida public schools a part of the infrastruc-ture of the state.

They also met with Sen. W.W.
"Bud" Gardner, D-Titusville,
Rep. Tom Drage, R-Winter Park
and Rep. Frank Stone, RCasselberry before returning to
Seminole County.

Another blow stuck against downtown Sanford apartments

By A DRABLEY SILLING Horald staff writer

SANFORD — Another mort-gage company has lost a bid to re-establish apartments in the downtown historic district.

Terry Raines, representative of United Companies, asked the city commission last week to allow the mortgage company to sell the two-story, six-sent building as a multi-family-soned

"Unfortunately, we've get this piece of screenty that we need to unless and libral is as way we can well it as single family." Raines said.

United Companies' request to re-establish apartments at 606

Park Ave., is one of several the city has mostle over the past twelve months from mortgage companies acquiring downtown property through foreclosure. To

Raines said he realized the structure is an eyesore, but a reversion back to multi-family soning would make the structure much ensier to sell, and thus much worthier of

REPOSSESSED VA

AHUDHOMES

building.
"That district is one of our greatest assets." Mayor Bettye Smith said. "That building has been sitting there empty for much more than six months and it is an exesser."

Peace Corps springs to life

youthful ambition. The Peace Corps straigled to stay alive, with then-Vice President Bush effering inclustage support, to the political ally. Lorot littler Ruspe, he had persuaded President Reagan to name as Peace Corps director.

Coverdell, an Atlanta businessman and former Republican legislator, is also a longtime Rush backer, He was, in fact, the first person outside Texas or the Bush family I ever leard talk seriously, back in the fleventies, of wasting to see Bush become President.

That Bush would place a man with Coverdell's political credentials and managerial ability at the head of the Peace Corps speaks values about his commitment to the agency. He's backed it up with bucks. The \$16 million hudget increase Bush proposed for facal 1901 (to \$181 million) is the biggest year-to-year jump the Peace Corps has received in more than 25 years.

It will be needed, Twenty-six additional countries her requested Peace Corps volunteers and Coverdell to planning to service 15 of them in the next two years. In 18 months, the Peace Corps will expand its range of countries as much as it did in the preceding 20 years.

Poland and Hungary head the list of Eastern European countries that will receive Peace Corps volunteers. But Coverdell is determined not to ignore the nations of Africs, Asia and Latin America. Uganda, Namibia, the Ivory Coast, Chile, Panama and Urugusy are all priorities.

That's where the money is needed. It coats

priorities.

That's where the money is needed, it costs \$1 million in overhead to open up a country-program and about \$39,000 annually to support each volunteer. Unlike other agencies, the Peace Corps has plenty of enthusiantic friends in Congress. Many sensiors and representatives have learned from their own oversess travels that the

Hotel requests liquor sales

SANFORD — During a special meeting of the city commission today, representatives from Holiday Inn will request permission to sell liquor on the city marina during the Coors Light Sanford Buperchallenge '80 boat races May 11

request permission to sell liquor on the city marina during the Coen Light Sanferd Buperchallenge '80 host races May 11 through May 13.

Under its existing license, Holiday Inn is permitted to sell alcoholic beverages inside the Sanford's Landing restaurant in the hotel, Fitzgerald's bar and Dock 'n' Shoppe on its property from 8 a.m. to 2 a.m. Holiday Inn General Manager Jeff Blackstone has asked the commission to extend its beer and liquor license to cover the outside of the Holiday Inn property and other adjacent areas on the marina isle.

City Manager Frank Faison has recommended approval of the license extension for the race dates, on the conditions that Holiday Inn provides a \$1 million special liquor liability insurance policy and assumes the responsibility for cleanup.

Palson said such a request had been made only one other time for the sale of beer at the Rotary Air Show at the Sanford Airport in March 1990. The request had been authorised.

The commission will meet today at 5 p.m. in the city manager's conference room at city hall, 300 N. Park Ave.

Blind-

from people buying only hunting, boating and fishing licenses.

To boost interest in the program, county tag and title cierk Carolyn Peronti suggested Valdes have stickers printed to give public recognition to the person contributing. Bright red and green waterproof stickers were printed with the message "Thanks from the Manatees" so people could place them on their boats, cars or licenses to show they cared about saving the manatee — Florida's official marine mammal. marine mammal.

Peronti's idea worked. During the first four months of this year. \$1,314 has been raised for the fund, more than a 4,200 percent increase over the collections during the same length of time

The county's sticker program has proven so popular, Gov. Bob Martines and the Cabinet are considering a similar state-wide program using Seminole County's stickers a model.

Seven other tax collectors in the state have

the state have begun the program in their counties, buying the stickers and promotional posters from Seminole County. Valdez said any proceeds left over from the sale of the stickers to other counties is also sent to the state manatee fund.

the state manatee fund.

"We are excited about the reaction of Seminole County residents to the manatee sticker and tags, said Valdes. "It's nice for a person to know that you can do some good while going through the yearly ritual of renewing a boat or vehicle tag, or buying a flahing license."

Pat Rose, environmental administrator of the marine animal section of the Florida Marine Institute, said more than \$2 million will be needed to remove the manatee from the state

endangered species list.

Hose said there are no firm estimates, but there may be as few as 1,300 manates in Florida waters or as many as 2,000.

waters or as many as 2,000.

However, the number of manatee deaths have been climbing each year to a point last year when manatee researchers believe more mantees died than were born. Rose said 166 manatees were killed in 1989, 33 more than the previous year and 44 more than in 1987.

Manatee Uphill sewer lines to provide uniqueness to city's system

Dy J. BRADLEY BILLING Horald staff writer

SANFORD - The City Commission has approved \$110,000 to lay lateral sewer lines for a waste water project that will have the very unique effect of causing sewage to flow uphill, when the first phase becomes operational this summer, city Director of Planning and

Engineering Bill Simmons said. The lines to be laid will be a part of a vacuum system that will suck the sewage up and down a series of peaks and slopes to the treatment plant in pipelines that are laid in a sawtooth pattern. Simmons said.

The peaks of this sawtooth pattern will be about 400 feet apart. The sewage will flow

apart. The sewage will flow downhill one foot for every 400 feet - the gentle backslope of the teeth. The wastewater will then he sucked up about 12 inches to the top of the next

The system is nothing if not The system is nothing if not unique, Simmions said. One of the advantages to the system is that will be able to run uphill or along very flat areas, unlike the typical "gravity flow" sewers which require a constant alope to enable the waste water to flow. A constant slope also means that the pipe must be laid deeper and deeper as it increases in length.

in length.

These gravity systems are characterised by networks of large pipes and are most easily identified by the manhole covers seen in the middle of the streets. Because those pipes are so much larger, they have to be laid deeper, which means more pipe, more man-hours, more work

and, of course, more money. The pipes in the vacuum system need only be four to six

inches in diameter, while the gravity sewer piping can range from eight inches to two feet. The smaller pipes can also be "zig-zagged" horizontally when they are laid, Simmons said, and

this yellds the advantage of being able to lay the pipes around such underground obstructions as phone lines, power lines, water lines and the like.

power lines, water lines and the like.

This was a major consideration in the selection of the system, because Sanford streets have quite a bit buried beneath them already.

Jim Branch, project manager of Conklin, Porter and Holmes Engineering, the firm that is building the project for the city said that the system seemed particularly suited to Sanford because it could be implemented in the alleys downtown.

The peaks of the pipe need only be about two feet below the surface which makes it feasable to lay them in the alleys. The the deeper you go, the wider the surface area you need. To dig far down enough to implace gravity systems, workers would require a wider surface area than they have in the downtown allies.r

This would require digging up downtown's historic brick-lined streets. Branch said.

The center sewage station — to be located at on Third Street

streets. Branch said.

The center sewage station —
to be located at on Third Street
— would be slightly larger than
those at most sewage treatment
plants because it would
necessitate a large machine to
create the vacuum, in addition
to the pump which sends the
sewage into treatment pools.

The station will cost \$850,000 and will be completed this July when more than 400 homes and 80 businesses will be hooked to the system.

When the entire system is completed in 1995 it will have replaced all of the gravity sewer systems in Sanford at a cost of \$4 million. It will serve about 1,700 homes and 300 busi-nesses, which would have cost at least 99 million for a gravity

But another of the reasons that the system is cheaper, is because it would not be necessary to have several pumps along the legnth of the line.

"It was no big deal," Cinder said. "We didn't think we needed to issue a press release or anything."

Ground was broken for the Yankee Lake treatment plant July 21, 1996. The county first obtained a permit to pump the initial 2.5 million gallons per day (mgd) to a series of 11 "rapid infiltration basins" (RiBs). The highly treated wastewater would soak into the ground which would clean it even further before it entered the groundwater.

groundwater.

But Seminole County officials sought another plan: pump the same highly-treated wastewater into a wetland area and allow it to flow over the ground, which would cleanse it as it flowed, to a canal leading to the St. Johns River. The county received River. The county received permission from the Florida Department of Environmental Regulation to do just that last

But the county never received a U.S. Environmental Protection Agency permit for the wetlands system and the project has been delayed since last year waiting for that permit. Cinder said. He said the firm designing the counter. Camp Dresser and system. Camp Dresser and McKee Inc., have continued with their designs and expect to have them blueprint-ready within 60

It could take another six months after EPA gets those final plans before the permit can be issued. Cinder said. Construction of the system could take a year, meaning Yankee Lake will do nothing more than pump fresh water around in a circle until the end of 1991.

County project manager Chuck Lawson said after it is completed in about 30 days, county crews will periodically

start up the system and allow the freshwater to flow through it for a while, just to keep everything in working order. Cinder expects the occasional start-up and grounds maintenance to cost about \$20,000 between now and the end of next year.

Cinder said the county could have begun construction on the system before EPA issued its permit, taking a "calculated risk" on the approval. Cinder said EPA approvals track DER's and have never turned down a DER-approved groject. Cinder said the plant could have used two or three Riffs, at a construction cost of about \$1 million, but that system would not be used after the wetlands system was completed.

But Cinder said Heathrow.

But Cinder said Heathrow But Cinder and Heathrow expansion has been alower than expected and other developments, including Lake Forest. are not expected to have substantial sewage flow until nextyear so the decision was made to delay the opening of the plant.

"We could have sped up the process." Cinder said. "We could have fast-tracked it. But

could have fast-tracked it. But there was no hurry to build the wetlands system in the short

To serve Seminole County's northwest-area development until Yankee Lake is started up, the planned connection between Yankee Lake and Greenwood Lakes treatment plants will be completed. Cinder said wastewater from area developments will be treated at Greenwood Lakes until Yankee Lake is completed. When the plant is started up, the effluent flow will be reversed and excess effluent from Greenwood Lakes.

Lake.

By the end of 1991, Cinder estimates about 250,000 gallons daily will flow to Yankee Lake, a quarter of its capacity. The current plant can be expanded to 5 mgd and a parallel plant can be built on the site to treat up to 10 mgd.

combined with northwest area

developments will go to Yankee

Cinder said the bronze plaque bears the January 1990 time because the plaque had to be ordered almost a year ago. January was the original contracted completeion date, although that has been extended to the end of this month through a construction modification.

violations in Chinese jalls.

self-destructing after a miss.

The flowiet gunners on the ground also did not realize they had hit their target and they continued firing because they

thought the interference on their

radar screens was the U-2 ejecting scrap metal to confuse them.

For more than 30 minutes after the destruction of the target

the command post thought that the hostile target was still in flight." Red Star said.

"Therefore the jet pilots, by this time in a new sector, still had their previous assignment — to find and attack the target."

Missiles were being fired from at least three bases, and one of them hit one of the MiGs.

The commanding officer "re-ported the destruction of the U-2 shortly thereafter." Red Star

said.

Plactic bag factory crupts in flames

HILLEDE, N.J. — A five-slarm fire that "lit up the sky for miles around" event through a plastic bag factory early today, destroying the building and injuring at least one firefighter, police said.

rolice said.

The blase was discovered by police at 2:20 a.m. EDT at the luperior Poly Bag factory, located on a black comprised entirely of industrial plants in the center of Hillside, said Lt. John Bercaw, a police spokesman.

Unrest mars compus feetival

SAN LUIS OBISPO, Calif. — Police using tear gas and water hoses made about 80 arrests while dispersing college-agy youths respecting through town on the final night of a traditional campus party westend, authorities said Sunday.

Police said youths bessed rocks and beer bottles at police, damaged care and tried to set trush dumpaters on fire in Saturday night's visient finals to the annual Poly Royal Pestival, a 56-year-old Californic Polyschnic State University tradition.

"What we had was a full-scale riot involving thousands of students in town for a compus celebration," San Luis Obispo police Lt. Jee Hasouri said.

200 million may die premeturely

WASHINGTON — A World Health Organization study released Bunday said as many as 200 million people may die prematurely during the 1990s and many could be asved with just small shifts of resources to health care.

"Dance is the most destructive force in the world today," said Dr. Hirschi Nakajima, director-general of the WHO. "If the current trends continue, 300 million people may die prematurely from preventable causes in the 1990s."

According to the WHO analysis, preparal for the intermetional organization's 1990 World Health Assembly to be held later this year, about 50 million scapes die each year from all causes, including disease. Of those deaths, about 60 percent occur in developing countries. Of the 50 million deaths, about 14.6 million are children under the age of five living in developing countries.

Lava destroys 116th house

KALAPANA. Hewest — A leve flow a third of a mile wide estroyed its 116th home and inched closer to isolating a action of rural housing on the island of Hawaii, officials said.

"The glacter of leve is assistanting to move contward through alapsana Gardene and the front is now a third of a mile wide," levels County Civil Delines administrator Harry Rim exid

Third world stock markets do well

WASHINGTON — Stock markets in many developing countries outperformed those of the major industrial countries in 1988, the international Pinance Corporation said in a report released Monday.

in 1990, the International Plantice of Pactbook 1990" shows released Monday.

The IPC's "Emerging Stock Markets Pactbook 1990" shows that four of the best perferming markets in the world this past year every in developing countries.

The IPC Composite Index of 19 emerging stock markets in 1990 registered a gain of 47 percent, exceeding by far the parameters of markets in this littled States, which was up 27.

Turkey's stock market was the world's 1990 champion performer, with a 500 percent gain; followed by Argentina's, up 136 percent; Talwan's, up 26 percent; and Theilead's, up 36 percent.

Shuttle in good shape

EDWARDS AIR PORCE BASE, Calif. — The shuttle Discovery, equipped with beefed-up brakes to improve lending safety, sailed through its five-day flight in good condition, officials say, with me signs of major damage.

Discovery and its five-member crew glided to a picture-parient landing Sunday at 6:50 a.m. PDT, leaving the \$1.5 billion Hutstle Space Telescope behind in orbit on a 15-year mission to wrest the secrets of creation from the dapths of the universe. Despite problems with a jammed antenna, the giant issuecope promises to "revolutionize the way we look at our universe and the way we understand where we came from and where we're going," astronaut Steven Hawley told supporters after landing.

Hewley, SS, commander Loren Shriver, 45, co-pilot Charles Bolden, 43, Bruce McCandless, SS, and Kathryn Sullivan, 36, flew back to their homes near the Johnson Space Center in Houston about four hours after touchdown.

"The orbiter Discovery is very clean and, walking around it, it leoks like there's very minimal damage, it's hard to find anything, even a nick or a ding here or there," said William

enoir. NASA's associate administrator for space

The vehicle should check out very well." Lenoir said. "It performed extremely well in

The final objective of Discovery's mission w the first flight test of new, all-carbon brakes, part of an extensive program to improve safety and to allow shuttles eventually to resume landing at the Kennedy Space Center in Florida.

Kennedy Space Center in Florida.

Landings in Florida have been banned since April 19, 1985, when one of Discovery's right-side brakes locked up and a tire exploded after touchdown in a stiff crosswind. The new brakes tested Sunday brought Discovery to a smooth stop, and Lenoir said a preliminary inspection found no signs of damage.

"Our intent was not to work them real hard, but the next normal presents on them." Lenoir said of

to put normal pressure on them." Lenoir said of the test. "They worked very well. Loren Shriver said they felt good. They felt firm and comfort-

But Lenoir would not speculate on when NASA might resume Florida shuttle landings, saying many more tests are needed.

If all goes well. Discovery will be boited to the back of a NASA 747 transport jet late this week for a cross-country ferry flight back to the Kenndy Space Center.

Experts confident about Hubble future

GREENBELT, Md. — Although the Hubble Space Telescope may never be fully operational because is jammed radio antenna, officials were confident the giant observatory would be able to complete its 15-year exploration of the universe. "We're characted away at this thing," and Sonald Schlagback, director of critical verification for the telescope project. "But it's films building a grand plane.

"The builders who build it came out of the woodwork, you get the passe were on a grand new you've get the grand master tuning it," delaraback and. "He's having a difficult time, but it's going to play one of these days."

NASA engineers acknowledged Sunday that one of the \$1.5 billion telescope's critical

tific data to Earth, was apparently stuck on a wayward cable and may never be completely

freed.
"We're somewhat frustrated because we feel that even though we're going to solve this problem, a final resolution may not restore and probably will not restore that antenna to complete

capability, although we feel that's not a major impact on the mission from a long-term standpoint," said Jean Olivier at NASA's Goddard Space Flight

"At the same time, we're very clated and optimistic. ... The system as a whole is working real well," said Olivier, who is directing the telescope.

Fatigue syndrome examined

ATLANTA - Prompted by a flood of complaints from afflicted Americans. the federal Centers for Disease Control is launching a \$1 million investigation into a recently identified disease that

identified disease that leaves its victims weak and utterly exhausted.

Dr. Walter Gunn of the CDC said the federal health agency is setting up a nationwide surveillance system to learn how midental desired to the constitution of the constitution

widespread the puzzling tilness, dubbed chronte fatique syndrome, may be.

"We took a tally to see how many people were calling the CDC," Guan said in a recent interview.

"The calls are running around a thomand. around a thousand a month over the past two months from people who think they have it.

"If we're getting a thousand calls a month, that's significant," he added, "We know that there's something going on out there."

Chronic fatique syndrome, or CPS, first came to public attention about three years ago

IN-DIXIE And Celebrities Make your plans to Join us Thursday, May 3

Fight Cancer.

AMERICAN CANCER SOCIETY / WINN - DIXIE HOPE LODGE CENTER

UNIVERSITY OF MIAMI - JACKSON MEMORIAL HOSPITAL

WINN-DIXIE is teaming up with some real neavyweights to take on a killer . . . cancer. On Thursday, May 3, from four to eight p.m., local celebrities will be "bagging" groceries at WINN-DIXIE stores throughout Brevard, Flagler, Lake, Orange, Osceola, Seminole, Sumter and Volusia counties. When you buy your groceries that day, 5% of the total sales from 4 p.m. til 8 p.m. will be donated to American Cancer Society for the benefit of the Winn-Dixie

Hope Lodge, a home away from home for cancer patients and their families who must travel to Shands Hospital and other facilities in Gainesville for treatment. The WINN-DIXIE Hope Lodge is free of charge, but it needs your help to continue providing a caring, supportive environment for cancer patients. So come out, meet a few stars, have some fun and join us in the fight against cancer. Thank you from the American Cancer Society and WINN-DIXIE. America's Supermarket.

IN BRIEF

AMERICAN LEAGUE

Stewart outduels Clemens

Good news for American League httters: Dave Stewart has run out of April.

Stewart, who hasn't lost in April in three years, ran his record to 5-0 this season and extended his April winning-streak to 19 games Sunday as the Oakland Athletics edged the Boston Red Sox and Roger Clemens 1-0.

Stewart, whose last April loss came in 1987. limited the Red Sox to six hits over 7 2-3

innings, striking out six and walking four.

Stewart escaped Boston jams most of the afternoon with solid fielding and closing four innings with Boston runners in scoring position.

Elsewhere Sunday in the American League. Cleveland topped Minnesota 6-4. Milwaukee ripped Detroit 6-1, California nipped New York 4-3, Chicago pounded Toronto 10-3, Kansas City beat Texas 5-2 and Baltimore edged Scattle 5-4.

NATIONAL LEAGUE

Pirates winning on the road

Recently for the Pittsburgh Pirates, home is where the other team plays.

Sunday's 10-1 thrashing of the San Diego Padres gave the Pirates their sixth straight victory, a 10-1 record on their current 13-game road trip, and a sweep of the three-game series at Jack Murphy Stadium.

Putshigh's latest success on opponent's furl extended San Diego's losing streak to four

During the series, Barry Bonds went 9-for-12 for the Pirates with three homers and six RBL.

Elsewhere in the NL. Atlanta edged Philadelphia 3-1, Montreal dropped Cincinnati 6-3, Houston defeated New York 2-1 in 10 mnings. San Francisco topped St. Louis 9-7 and Chicago blanked Los Angeles 4-0.

GOLF

Frost uses sand to win

NEW ORLEANS - When David Frost hit his tee shot on the 18th hole into the fairway bunker Sunday, then dropped his layup in a trap in front of the green, he appeared to be in deep trouble.

. But Frost, who had missed the cut in the eight previous PGA outlings, was right where he wanted to be.

He proved it with a 50-foot birdle chip that gave him a one-stroke victory over hardcharging Greg Norman and the \$180,000 first prize that went with it.

Frost, who finished at 12-under-par 276, said he deliberately shot into the bunker and had been doing so all day at the 7,106-yard English

AUTO RACING

Bodine captures NASCAR win

MARTINSVILLE, Va. - Pole-sitter Geoff Bodine took advantage of a quick pit stop with 137 laps remaining Sunday and went on to win NASCAR's Hanes Activewear 500.

Ford bout Busty Walls pits under caution on Lap 364 and Wallace never challenged again. Bodine finished with a 4.21-second margin of victory on the half-mile oval at Martinsville Speedway, collecting a short-track record purse of \$95,980 for the win.

"Our crew is one of the best," Bodine said. "They got me out ahead of Rusty and that won the race. The car was good all day and when they got me out quick on that last stop, I didn't have to wear my tires out running someone else

NHL PLAYOFFS

Blues force seventh game

Two members of the St. Louis Blues held significantly different viewpoints following their crucial 3-2 victory Saturday night in Game 6 of the Norris Division finals.

In assessing his team's situation - facing elimination in the Stanley Cup quarterlinal series by trailing three games to two - Coach Brian Sutter dismissed the theory that his team had no margin for error.

"Everybody said our backs were up against the wall." Softer said. "But I took this like every other game. We try to play every game like it is our last one.

We had confidence we could win, plain and

However, Blues goaltender Vincent Riendeau begged to differ.

We're not that stupid," said Riendeau, who turned away 37 shots. "We knew this was a big game. If they win, then we go play golf."

Mitchell 'Volunteers'

Lyman running star signs with Tennessee

By ROBBIE STOCK Herald Correspondent

LAKE MARY — In the race to sign Lyman High School cross country/track star Teddy Mitchell. there were only four competitors. And as the race started. Dartmouth held a slight lead over

Tennessee, Arkansas and Florida State.

Dartmouth appeared to be headed for victory. but then their track coach resigned and fell into last place. Arkansas and Florida State tried hard to keep up with Tennessee, but in the end the Volunteers prevailed.

Mitchell, who is a two-time Class 4A state cross country champion and the defending Class 4A state champion in the mile and two-mile runs. plans to run both cross country and track for the Volunteers. He plans on running cross country as a freshman but will probably be red-shirted in

"Academies was a big part of my decision." said Mitchell after winning the mile and two-mile runs at the 4A-District 9 meet on Friday night. "I almost went to Dartmouth, but their coach out

academic pressure of an Ivy League school,

"They have a great tradition at Tennessee Plus, they offered me the best scholarship

Another plus for Tennessee is the fact that they are currently reorganizing their academic department, including the engineering department. Mitchell would like to major in engineering.

"Tennesse's engineering school is the seventholdest in the country," said Mitchell, who has a 3.96 GPA. "I didn't think FSU was the type of program I needed.

And Tennessee his nucely into Mitchell's career plans - one which will hopefully land lum a spot in the Olympics in 1996 and 2000

The Tennessee coach is a three-time Olympic steeplechaser," commented Mitchell, "At Tennessee, the track program will prepare for the Olympics.

Mitchell isn't crazy about leaving home, but he feels it is something he must do.

"I like the atmoshipere (in Tennessee)." stated Mitchell, "It has good weather and it's a very nice place to live. I also have relatives that live in-

Mitchell also noted that the decision was a very hard one, but after Dartmouth didn't work out. his mother fold him to go to Tennessec

Lyman's Teddy Mitchell

Royals, Cubs, **Dodgers post** ninth wins

From staff reports

SANFORD - The Disabled Amertean Veterans Royals, the Railroaders Cubs and the Rinker Materials Dodgers all posted easy wins Saturday to register their ninth wins in Sanford Recreation Department Little Major Baseball League action at Roy Holler Field.

The Royals opened the day's play with a 17-11 triouph over the Sun Bank Orioles. The First Union A's moved two games over .500 with a 14-2 decision over the Seminole Ford Red Sox. The Dodgers scored seven runs in their last two at bats for a 12-5 victory over the Sunniland Pirates and the Cubs smashed the First Federal of Semi-nole Cardinals 22-10.

The standings after 10 games have the Royals leading the American Divison at 9-1, followed by the A's (6-4), the Red Sox (3-7) and the Orioles (1-9). The National Division is a two-team race with the Cubs and the Dodgers tied at 9-1. The Cardinals and the Pirates are both

The Orioles will play today's exhibition with Marshall U.S.A. at Fort Mellon starting at 6 p.m. The next action for the rest of the American Division teams will be Thursday, the Orioles taking on the Red Sox at 6 p.m. and the Royals facing the A's at 8 p.m.

The National Division will take the field Tuesday with the two leaders squaring off for the third time this year at 6 p.m. The teams split the first two contests. The B p.m. game has the Cardinals playing the Pirates.

Lloyd Dixon and Kevin Butler combined for two home runs and 10 RBI and Alexis Acosta scattered eight hits as the Royals stopped the Orioles. Dixon had two home runs, a double and six RBI while Butler had two home runs and four RBI.

Dixon got things started right for the Royals by driving the second pitch of the game into the bushes in left-center. Chris Giovanelli followed with a walk and Acosta reached on an error. Butler then ripped a long shot to left for three more runs.

The Royals scored two runs in the second and four in the third to go up-10-0. But the Orioles refused to quit and scored a run in the third, two infourth and three in the fifth to force the game to its full six innings.

In addition to Dixon and Butler. See Majors, Page 2B

Freshman Jason Appel and his Lake Brantley teammates got a taste of what Florida has to offer at the Class 4A state tennis tourney this past weekend.

State tournament an eye-opener for **Brantley netters**

From staff reports

TAMPA - Lake Brantley went to the Class 4A boys' tennis tournament at Hillsborough Community College over the weekend a group of wide-eyed underclassmen.

They came back a little more wide-eyed.

Competing in what Coach Frank Gooch called the strongest state tournament field he's ever seen, only sophomore Paul Farquardson was still around when play began on Saturday.

"I was pleased that we got there (to the state tournament," said Gooch, "Paul made it to the finals at No. 5 singles. Anytime anyone makes it to the finals, that's fantastic. I am disappointed for him. That was his only loss all year. We had some rain delays and that really hurt him. He's bound for greatness, there's no doubt in my mind.

"I'm real pleased with the effort. This is the toughest I've ever seen the state tournament. The state rankings were unbelieveable. It was tough, it really was.

Steve Sigourney, the Patriots' only senior, won his first round match at No. 2 singles and led the top-seeded player 4-1 in the third set before losing. Freshman Jason Appel. Lake Brantley's star at No. I stugles, was ousted in his first-round match.

'The No. 1 singles divison was loaded." said Gooch. "Appel is ranked lifth in the state among 14-year-olds, but there was one kid there that was ranked second nationally in his age group.

"It was a learning experience for the whole team."

To make sure the whole team got the full benefit of the experience, Gooch took his freshman alternates along with his top five players. Of this year's group, Gooch should only lose Signarney, Relarning will be sophomores Scott Ryan, Jon Johnson and Farquardson and freshmen Appel. Jon Carr. Mark Blackman, Tyler

Maranatha, First Baptist of Geneva roll

From staff reports

SANFORD - Maranatha Pentacostal remained undefeated in the A Divison and First Baptist of Geneva handed Holy Cross Lutheran of Lake Mary its secondstraight loss to take over the lead in the B Division as the Sanford Church Softball League completed week No. 8 at Chase Park Saturday.

Action in the A Divison saw First Baptist of Osteen stop Grace Methodist 14-7, St. Stephen's Catholic of Winter Springs whip The Church of God 21-7 and Maranatha trim Central Baptist 10-7.

The standings in the A Division are led by Maranatha [7-0] followed by Osteen and St. Stephen (both 5-2). Central (2-5) and Grace Methodist and the Church of

In B Division play, Calvary Christian won its first game of the season 16-15 over Grace Christian, Geneva Baptist stomped Holy Cross 14-2 and Markham Woods Baptist of Lake Mary clobbered First Nazarene 16-4.

Geneva leads the B Division at 5-2 followed by Holy Cross (5-3), Nazarene (4-4), Markham Woods (4-3), Grace Christian (3-4) and Calvary (1-6). Osteen jumped out to a 11-0 lead in its game with

Grace Methodist to remain alive for the regular season champtonship. Getting the hits for Osteen were John Cohen (three

singles). Jimmy Wilkinson, Bob Bumgardner and Jeff Ramsey (two singles each), Freddie Mareno (home run), Tommy Grace and Robert Hirt (one double each) and Date Wilkinson, Bob Harrison and Bill Ramsey (one Doing the hitting for Grace Methodist were Gary Earl

(triple, single). Dave Vanzant, Wayne Crocker, Bill Boyer and Jack Eltonhead (two singles each), Bob Raisler (double) and Robert Jones and Margot Raisler tone single each). St. Stephen only led 2-0 until it exploded for 12 runs

in the third as it to kept its slim title hopes alive.

Despite knockdown, Jordan, Bulls on verge of sweep

United Press International

Michael Jordan may have been the victim of a thunderous knockdown, but it is the Milwaukee Bucks that are on the verge of being knocked out of the NBA playotts.

Jordan, who was slammed to the floor early in the final quarter, scored 36 points and Scottle Pippen added a career-high 32 Sunday to lead the Chicago Bulls to a 109-102 triumph over the Bucks and 2-0 advantage in their Eastern Conference playoff series.

The Bulls, who have beaten the Bucks in 19 of their last 21 meetings, can sweep the best-of-five. series with a victory in Game 3 at Milwaukees Tuesday night.

Chicago led 79-75 through three quarters and suffered a scare 19 seconds into the final quarter when Jordan appeared seriously injured.

The four-time defending NBA scoring champt-

down hard by Greg Anderson. He remained motionless on the floor for several minutes as the Chicago Stadium crowd of 18,676 stood in silence. But Jordan slowly shook off the effects of the collision and remained in the game.

"It was scary," dordan said. "I didn't know if I was hurt. I felt kind of funny, and it was the first time Lactually fell on my head, and I ha it pretty hard. But I'm glad I'm all right,

Milwaukee, lighting from behind most of the game, nearly came through despite playing without guard day Humphries much of the way. Humphries was limited to just 20 minutes with a pulled groin muscle

The Bucks ran off eight straight points indway through the final quarter to pull ahead for the last time at 89-88 with 5-28 to go. The Bulls followed with a 9-1 surge, Jordan capping it with a three-point play, to take the lead for good.

Lakers 104, Rockets 100
At Inglewood, Calif., James Worthy scored 32

points, two coming off his siteal and slam with 64 seconds left, to help the Lakers rally from a 19 point deficit to a 2-0 lead in their Western Conference series. Magic Johnson added 17 points and 14 assists for the Lakers, who have won 20 straight first-round playoff games

76ers 107, Cavallers 101

At Philadelphia. Charles Barkley scored 32 points to lead the 76ers within one game of a sweep of their Eastern Conference series. Barkley, who had 38 points in the 76ers' victory Thursday night, sparked a third-quarter rally that gave Philadelphia the lead for good.

Suns 105, Jazz 87 At Salt Lake City, Kevin Johnson returned from a bout with the flu to score 22 points and Mark West harded down 21 rebounds as the Suns

avened their Western Conference series 1-1

Those loveable bugs are back!

Most of us are familiar with lovebugs. They are small black flics with a red thorax. We files with a red thorax, we consider them a nuisance because they congregate in unbelievably large numbers along highways and splatter on windshields and grills of our automobiles and trucks. The windshields become covered with the fatty remains and it can be so thick that vision can be obscured. The files can also clog radiator fins and sometimes cause our cars to bverheat. The fatty tissue can cause pitting of the finish of our ears if it is not removed in a few days. Lovebugs also enter cars and can soil the clothing of passengers if sat on mistakenty, in addition, lovebugs can enter our homes and be a special nuisance to fresh paint. Adult lovebugs are harmless, though, as they do not sting or bite. They feed on the nectar of various plants, especially sweet clover, goldenconsider them a nuisance especially sweet clover, golden-rod and brazilian pepper. At night, lovebugs nest on low growing vegetation.

Two flights of lovebugs occur each year in Central Florida. The spring flight occurs during late April and May. A second flight occurs in fall around late August and September. Flight periods generally last 4-5 weeks. Mating takes place almost immediately after emergence of the females. Adult females live only 2-3 days.

There are several insecticides There are several insecticides that are proven effective in lovebug control, but spraying can be impractical because infestations occur over such a vast area and for a short period of time. You can control lovebugs in confined areas like porches

During the past several years, predators have substantially reduced the population of lovebugs in Central Florida. Lovebugs in Central Florida. Lov-ebug larvae is in extremely high populations in pasture areas and this is an ideal environment for certain bird predators like robins and qualls. Armadillos are thought to be medition as well thought to be predators as well, but scientific data has yet to back this up. Lovebugs are predators as well, feeding on certain beetle larvae, carwigs and centipedes.

and centipedes.

There are several things a motorist can do to lessen the lovebug nuisance. First, travelling at night can reduce the incidence of lovebuga since they are active only in the day and after about 10:00 a.m. Also travelling at a lower speed will reduce the numbers of bugs spiattered on your car. There are many types of screens available that can be placed in front of the grill of your car to protect the

around your home with acrosal finish and prevent the radiators arrays available for other house-fins from becoming clossed. If a large screen can't be used on the front of the car, a smaller screen can be put behind the grill but in front of the radiator.

Splattered lovebugs should be washed off the car as soon as possible. The lovebugs are easier to remove then and there is less of a chance of damage to the finish on the car. Cars that have been waxed recently are more protected from damage by lovebug residue. Soaking the area with water for several minutes will aid in removal too. When lovebugs are numerous, or you know you will be travelling at the peak times, you can spread a light film of baby off or use an aerosol oil agray oge the front of the hood, above the windshield, and the grill and bumper. This practice will make lovebug removal easier. washed off the car as soon as moval easier.
