Who Bought the Brooklyn Bridge TO-DAY?

LMOST EVERY DAY the Brooklyn Bridge is sold to some gullible visitor to New York. Every day someone is swindled. Selling this famous old bridge has become a national joke.

Suppose, however, the City of New York decided really lo sell the Brooklyn Bridge-to give the buyer the privilege of placing toll on all who crossed it. They would advertise it for sale. And the prospective purchaser would know the offer to be genuine.

He would know that the paper would not accept the advertisement if it were intended to defraud. He would know that the advertiser would not dare advertise unless his offer were honest. The advertisement would give the world confidence in the

enterprise. Just as the advertising of all merchandise gives the world confidence in that merchandise. Only honest products cal

He Will Realize Big Earnings

Sanford is having an exceptionally heavy demand for Sanford is having an exceptionally heavy demand for store rooms. Some new business tries to locate here almost every day but finds it is practically an impossibility to find any vacant quarters in the business section.

At no time in Sanford's history has the need for more store rooms been so keen as now. About the only way it is possible to find a place in which to do business, is to speak for the location months ahead, and even then, it is hardly possible, for it isn't often Sanford tenants move or go out of business, and hence, few vacancies occur.

The new arcade building to be erected at the corner of The filly as an instrument of

We are informed many of these store rooms have tent. Colts from this mare may already been spoken for even though ground has not yet be worth \$100,000 each or more. been broken for the building. At the rate Sanford is growing and at the speed with which people are moving to the city, every available space in the business section must be improved with business buildings, if this city is to get all the business it is entitled to.

There remains plenty of available property in the downtown districts which can be improved. Instead of having from the great catapults hurling vacant property which is a continual load on the owner, by rocks to swift fliers dropping polthe expenditure of a reasonable amount, the same property can be made revenue producing, and not only carry itself but make profits for the owner.

Sanford is getting ready for a great winter season. Homes are being constructed with speed and in great numbers. New apartment houses are contemplated and under casional Frenchman from his flyconstruction. A great effort is being made to provide suit- ing machine. Not troubled by able and sufficient accommodations for the tourists, but in civilized custom or international all the rush we must not forget the importance of providing locations for the business concerns that have their attenboulevard tion drawn to Sanford.

The investor who realizes the opportunity first will be the one who will also realize big earnings.

BECAUSE all Studebaker cars are manufactured on the one-profit basis, we have been able to reduce the price of the Standard Six Coach without sacrificing any of the equipment or quality which made it a big seller at a higher price.

Scientific design, better materials, and finer workmanship distinguish it. And the following self-evident superiorities make it more up-to-date than the newest "yearly models":

Excess Power - According to the rating of the National Automobile Chamber of Commerce this is the most powerful car of its size

Abundant Room - Room to stretch your legs-room to enter or leave without dis-turbing occupant of folding seat.

Sturdy Body Construction - Fine northern ash and hard maple are used. We pay a premium to get the best quality steel. Full-size Balloon Tires - for which the steering gear, fenders and even the body lines

are specially designed. Automatic Spark Control - eliminating the

asual spark lever on steering wheel.

Safety Lighting Control - on the steering

Instruments - including 2-day clock, b and ammeter, in single grouping under on beautiful silver-faced dial.
