Coach George McClelland's Celery Fed cagers will tangle with Bolles Military Academy of Jacksonville here tonight. George, who released his starting lineup this morning, has named Grant and Kastner to start at forwards, Clark at center and Grantham will occupy the starting guard berths.

A Baby Fed-Baby Cadet tilt will also be played. McClelland has named Bowen and Swain to start at forwards, Jenkinson will be at center and Kilpatrick and Anderson will be at guards.

Did you know that football players wore numbers on their jerseys for the first time in a tilt between Pittsburgh and Washington and Jefferson in 1908? The idea was originated by the sports editor of the Pitt year book.

President Al Combs of the Florida State League announced in Gainesville yesterday that the business matter to be discussed at the meeting of the league will be held here at the Mayfair Hotel on Sunday afternoon will be the adoption of a schedule.

Robert I. Finch, the Dodger administration officer who is already here for the training camp school to be operated during the month of February, can not be wrong when he says this will be one of the two real baseball schools ever to be operated in this country. If this program is a sample of Branch Rickey's effort to produce a world championship for the Dodgers in the post war era, he certainly will be long in reaching his objective.

Mr. Finch's praise of the local ball park, was received by a fitting testimonial to Mr. Moughlin and the City officials. Finch describes the layout as a "major league park."

The Orange Belt League will resume operations this summer on an amateur basis. The league will be comprised of Bartow, Wauchula, Avon Park and Sebring, Frostproof and Lake Wales have indicated that they are interested in joining the circuit. The next meeting of the league is slated for Feb. 17 at Bartow.

The Lakeland entry in the Florida-International League has chosen to dub themselves as the "Flots." Tommy Bridges, Rip Sewell and Head Coach Tex Ryan of Lake High School selected the nickname. The name was chosen in honor of the British and American fliers who were trained at Lakeland.

Bill Godahn, former Georgia gridiron star has turned down a contract to play with the Miami entry in the new All-American football conference. Instead, Godwin says he'll coach a high school team at Hylleville, Ark.

At Baltimore, the Bitches were removed yesterday from the arm of Marlin Russo of the New York Yankees who recently underwent an operation for a chipped elbow. Russo's condition was described as "satisfactory" but his physician declined to make any further comment.

The Macon Peaches of the South Atlantic League, now a Class A circuit, have bought infielder Johnny McManus outright from the Nashville Vols of the Southern Association.

Something new has been added to North Carolina University's football card for 1946. It has announced that it will meet two Florida teams, the Gators and the recent Orange Bowl victors, Jack Harding's Miami Hurricanes. Miami will

## Dodger Official Arrives Here To Complete Primary Arrangements

### Oise All Stars Make Cage Tour In Switzerland

By ERNEST G. FISHER  
GENEVA—An American military basketball team, the Oise All-Stars, recently made a tour of Switzerland, overwhelming opposition in a half dozen games and introducing to Swiss players the American brand of basketball.

The ten-man squad opened its tour here with a 64-22 victory over the University of Geneva. The visitors played under American basketball rules while the home teams, accustomed to the European rules, played under the rules of the Swiss Federation of Basketball.

The Oise squad, which had ambitions of winning the championship of the European and the Mediterranean theatres, was composed of:

Sgt. Ben Newman of Forest Hill, N. C., who played for Long Island University.  
Sgt. Howard F. Haller, Kokomo, Ind., on the New Mexico University team, from all-Southwest center, 1939-40.

T-1 Edward W. Lavin, Georgetown, University, 1939-42.  
Capt. E. Jarmon, CCNY College, 1939-42.

Col. Charles Edwards of Hammond, Ind., and Ohio State University, 1938-1941.  
Mr. Meyer Wittlin, Brooklyn College, 1940-43.

Coach of the Oise team was Lt. Palmu Tozoo of Brooklyn, Lt. Sam Nielsen, former St. Louis National pitcher, was officer in charge.

They met the Fairbairns on Oct. 1 and the Gators on Oct. 26.

Walter (Horn) Boon Beck has joined the Oise on the dotted line as playing manager of the York club of the Interstate League. Beck hurried for the train last season.

Here's today's sports odds from the Associated Press:  
Fans in the Wenatchee apple country of Washington State can't forget Rufus Kiser. He was one of the best track men ever turned out in the Pacific northwest. When Kiser went to high school, he ran circles around other distance men. His mark of 1:56 for the 800 still stands. In 1916, while at Washington U., Kiser almost set a world record for the mile. Instead, Ralph Hill of Oregon made that mark, beating Kiser by one foot.

But Rufus Kiser had brought the world's attention to the northwest with his first legs. And the funny part of it is that the most Kiser ever did when he was building speed, wind and stamina was to chase butterflies. Yes, the same Rufus Kiser found on the slender paths was born amid country hills in Washington, where as a kid, he dashed around waving a little white net at butterflies.

And for today AP sports laugh, a Frenchman entered Mike Jacobs' office one day looking for passes to a fight. He said he was from a Paris paper. He was told by Walter St. Denis, veteran publicity man, that the paper was known but that he didn't know him. He asked the Frenchman for his credentials and copies of any stories he had written. And do you know what the Frenchman showed Denis? A letter he had written to the editor!

And frankly, we're puzzled over whether or not he signed his name to the letter!

## Celery Feds Meet Bolles Academy In Cage Tilt Tonight

The Seminole High Celery Feds will meet the Bolles Military Academy five of Jacksonville tonight at the high school auditorium.

The Feds will be seeking their third win of the season. They bowled over Leesburg on two occasions for their only two victories of the current season.

In the opener, the Feds fell before the Eustis Panthers and dropped a 33 to 19 tilt to the Ketterlinus Mulletts of St. Augustine in their second appearance. The locals stopped Leesburg's Yellow Jackets in the third contest for their initial win but last Friday night in Deland they were on the short end of a 27 to 26 score.

McClelland's squad again broke into the win column with their decisive 18 to 25 win over the Yellow Jackets in the second engagement with the Leesburg school.

A Baby Fed-Cadet tilt is also scheduled for the preliminary and will start promptly at 7:30 o'clock.

Miss Jesse Duden, coach of the Celery Fed girls squad, has announced that there will be no girls game tonight.

McClelland's squad again broke into the win column with their decisive 18 to 25 win over the Yellow Jackets in the second engagement with the Leesburg school.

## Bandit Can't Run Three Ways At Once

BALTIMORE (AP)—Three employees of a Baltimore all-night garage cooked up a new system of flogging bandits—at least it worked once.

Night manager Albert Johnson, James Horkey and Cecil Houston were sitting in the office when a holdup man came in, pointed a pistol and said: "where is it?"

Johnson said "in the cashier's office" and started to lead the way, but broke into a run. Horkey ran out another door, and Houston fled through a third.

The puzzled holdup man hesitated, chased Johnson for a minute, then apparently gave up in disgust.

## Reds Question Iranian Appeal To UNO Group

### Russian Vice Commissar Says Iranians Making Appeal Are No Longer In Power

LONDON, Jan. 28, AP—In a personal appearance before the UNO Security Council, the Iranian chief delegate, S. H. Taghizadeh, declared that Russia is guilty of repeated intervention in Iranian affairs and that Russian forces had created internal barriers around their occupation zone in Iran.

LONDON, Jan. 28, (AP) Russia has challenged the validity of Iran's appeal to the United Nations Security Council in the Iranian controversy with Russia. The Soviet vice-commissar of foreign affairs, Andrei Vishinsky, told the Security Council at the Iranian charges were raised by a government no longer in power.

Iran now has a new Premier, Ahmed Qavam, ex-Saltanah, who succeeds the Premier, Ibrahim Hakimi, who instructed the Iranian delegation to UNO to raise the question.

When accused the Soviet Union of a number of interventions in Iranian affairs, the chief Iranian delegate, S. H. Taghizadeh, told the council that his nation is bringing up the dispute because it might lead to international friction.

## Action On Mullet Lake Project Is Urged By Schirard

Members of the Lions Club at its meeting Friday strongly supported John Schirard's proposal that a Lion representative join representatives of the Seminole Sportsman Association in urging County Commissioners to get things done on the Mullet Lake project.

This land, he pointed out, had been donated to the County last year under the condition that a road be built to the eight acre tract on the St. Johns River. This road would connect with Road 44, now being constructed by the State between Sanford and the Geneva Section. He added that he understood that if the county did not do something about the project by June or July, they would stand a chance of losing the park.

Mullet Lake Park, he declared, would be very desirable as a picnic and boat docking grounds. He stated that there was another place on the river nearby where the average person could go for a picnic without trespassing on private ground. By constructing the branch road to the grounds, he said, they could have the use of state equipment and the right of way for a very nominal fee.

The Lions appointed Joseph Metch to appear before the County Commission at its meeting on Feb. 5, to urge immediate action on the project.

J. D. Trice, county game commissioner, proposed to the Lions that they sponsor a rodeo at Seminole Driving Park. The matter was taken under advisement.

MARKETS OPEN  
TOMORROW, Ga., Jan. 28, AP—All plants now in operation with those located at Albany, Columbus, Dothan, Mobile and Titon are again in the market. The market is expected to be steady to slightly higher with receipts of around 3,000 head.

## Florida State League To Begin Plan April 16

### 140 Game Slate Adopted During Meeting At Mayfair Hotel

Officials and directors of the Florida State League, during the mid-winter meeting held yesterday at the Mayfair Hotel, adopted the 1946 league schedule and voted to open the playing season on Tuesday, April 16. This will be the first time in the history of the Florida State League that the season will be held in 1946, the first time since 1938, that the league will play on any day other than a Sunday.

The league officials, guests of the Seminole County Junior Chamber of Commerce, also settled the player-classification problem when they voted to limit each participating entry to four rookies (as defined by the National Association), three men of unlimited experience and eight men who have had unlimited experience in class D baseball only. This action, which followed a lengthy discussion, was unanimously approved by the directors.

The salary limit, which during the meeting held in Columbus late in December, was tentatively set at \$1,500 during a previous league meeting held in Leesburg, after the Class D limit had been set at \$1,800 during the minor league meeting held in Lakeland, Jan. 16.

## Frank Hutchins, 57, Died Last Monday

Frank Hutchins, 57, father of Mrs. John Cullum, Mrs. Harold Billingsley, Miss Naomi Hutchins and Miss Georgia Hutchins, all of Sanford, died suddenly last Monday in Tampa.

Mr. Hutchins was born in Bushnell on Apr. 29, 1888, and came to Sanford about 25 years ago. For two years prior to the time of his death, he had been engaged in farming near Tampa.

## 7 Are Indicted In New York Sugar Racket

### Ulster Democratic Chairman Accused Of Bribing Former OPA Agent Stanton

NEW YORK, Jan. 28, AP—A Federal grand jury in New York City has indicted seven individuals and two corporations in connection with operations involving more than 500,000 pounds of sugar.

Among the persons indicted is Joseph Forman, chairman of the Ulster Democratic Party, a political organization and a member of the New York State Bar. He is accused of paying a \$200 bribe to former OPA Agent William Stanton, who lives at 314 Washington Avenue, Kingston, also was indicted.

Other indictments charged the defendants with filing of false OPA statements, unlawful sugar deliveries and conspiracies to deliver sugar unlawfully.

Other indicted include Maurice Gottfried, president of the Hanscom Trading Corporation of Long Island City, New York.

Harold Gottfried of Riverdale, N.Y., owner of the Fenatola Bottling Company and the Pure Rock Mineral Springs Corporation, both of Ellenville, N.Y.

John Joyce Jr., owner of the Joyce Seven-Up Bottling Company of New Rochelle, N.Y.

Joseph Chambers of Troy, N.Y., co-owner of the Seven-Up Bottling Company of Troy.

George Long of Chicago, former president of the Pure Rock concern.

Fifty more Jamaican negro farm laborers arrived Friday evening at the WPA Farm Labor Camp, and this morning, 100 were allotted to eight growers to relieve the labor shortages on celery and vegetable farms of Seminole County. This brings the total of workers at the camp up to 200.

A slight rise in celery prices FOB Sanford was noted at the end of the shipping and size reducing holiday which was well observed throughout the state during the past week, according to Charles D. Sherman, director of the Federal-State Market. Meeting in Lakeland, Jan. 16, at the Sanford State Market.

With the exception of Monday, the Sanford-Oviedo celery sections had a shipping holiday all week because of rain prevented cutting on Tuesday and Wednesday. Some cutting was reported in the Glades sections on those days. Seminole County shipped 38 cars as compared with 182 the week before. Of this total, Florida supplied 4.8 Golden variety and 3.2 Florida and California the second week in January was 1105 cars - an all time record, according to the Florida Vegetable Committee.

## NLRB Opens Hearings On CIO Plea Against General Motors

### Western Union Pickets Clash With Police

AS 500,000 MEMBERS OF THE CIO in New York City prepared to form one of the biggest picket lines on record out of sympathy for Western Union strikers, clashes broke out between pickets and police. Here picketers go into action and drag protesting marchers from the line. (International)

## Extensive Health Program Is Planned By County Health Unit

### Dr. Frank Quillman Stresses Importance Of Immunization Against Smallpox For Children Of This Area

An extensive health check-up designed to improve the health of school children of Seminole County, Fla., will be conducted by the County Health Unit. Dr. Frank Quillman, health officer, will lead the health check-up.

Dr. Quillman stated that he intended to carry on the program of the Health Unit as the best functioning health unit in the county. He stated that the program is an extension of the health program in the schools of Seminole County.

It is his plan to have the health check-up on all children from the first through the fifth grades of the county. He stated that the check-up is a thorough check-up on eyes, ears, nose and throat, also on the general health of the child.

Dr. Quillman also stressed the importance of immunization against smallpox. He stated that the health unit will have a special program for immunizing children against smallpox.

## Oke Nordgren Receives \$509 Award For His Painting Of "Southern Town"

By CECILIA TRILUCK  
Oke Nordgren, former Sanford resident and brother of Col. Carl Nordgren and Olaf Nordgren, has recently been awarded \$509 for his painting, "Southern Town," which was one of 12 selected from 320 entries in the Fine Arts Calendar contest. His painting was on exhibition at New York's Rockefeller Center on Nov. 13, 1945 and will be exhibited in the major cities of the country throughout 1946.

Mr. Nordgren came to Sanford in 1920 with his parents. Mr. and Mrs. Gustaf Nordgren, direct from Stockholm, Sweden. He studied in the local schools, was Assistant Professor of Art at Stetson University, Professor of Art at the Corcoran Art Galleries in Washington, D. C. where his duties allowed him to paint many hours a day. His most valuable paintings are now on display at the Corcoran Galleries and included in the group of some murals which have won international acclaim. During the war Mr. Nordgren served in the architectural camouflage field but recently received his discharge.

He and his wife and daughter, Sigrid, are visiting Col. Carl Nordgren, his oldest brother, in Washington at the present time while Olaf, the youngest brother, is in Sanford with his wife and three children spending a leave. Olaf has served in the U. S. Navy for the past 15 years.

## Market Picture Is Exceptionally Good, Says Wilson

### Florida Delegation Striving To Ease Strawberry Ceiling

JACKSONVILLE, Fla., Jan. 27, (Special)—"The marketing picture for Florida fruits and vegetables is exceptionally good right now, though rainy weather and recent frosts have retarded offerings in some areas," said William L. Wilson, director of Florida State Farmers Markets, today.

"We are in receipt of week end reports from several markets which emphasize the relatively satisfactory situation as to prices, in most production centers."

"A Florida delegation has been in Washington this last week, pushing the fight for easing of the 26-cent per pound ceiling on strawberries, fixed by the Office of Price Administration. Senator Claude Pepper and Representative J. H. Pritchard of the First District, a congressional district were present with the group, in their conference with Department of Agriculture and OPA officials. The request presented at this time was for an increase of nine cents in the ceiling, the Florida delegation arguing that the current ceiling is producing a loss of production of this luxury crop."

Dr. Jack Greenman of the University of Florida presented arguments for a 35-cent per pound ceiling with the support of Senator Pepper and Representative Pritchard. He hoped now that a review of the request by the Agricultural officials, may bring helpful recommendations to the OPA.

"Heavy rains followed by cool weather have retarded strawberry picking in the Plant City area, states Market Manager R. E. Johnson. The last week's offerings totaled only 11,772 punts, a result, he said, of the loss of some of the berries on low lands in the North Florida production area around Starke. The outlook for a good yield is favorable however, states L. M. White, manager of the Starke Market."

## C. R. Tyner Died On Friday Afternoon

Charley Rainford Tyner, 77, a resident of this city for the past 25 years, died at his home on West First Street Friday afternoon at 1:25 o'clock, following a lingering illness.

Mr. Tyner, formerly employed by the Atlantic Coast Line, was a member of the Church of Christ. He is survived by his widow, Mrs. Melissa Tyner; three daughters, Mrs. E. W. Dreggors and Mrs. Zella Pietta of Jacksonville, and Mrs. C. H. Murphy of Deland; two sons, J. S. Tyner and C. I. Tyner of Dundee; one brother, Jim Tyner of Orlando; two sisters, Mrs. Daisy Gill of Orlando and Mrs. Janie Johns of Pine Castle; 14 grandchildren and eight great grandchildren.

## Steel Price Increase Of \$4 Is Studied As Answer To Strike Of Steel Workers

THE NATIONAL LABOR RELATIONS BOARD opened hearings in Detroit today on the CIO charge that General Motors has refused to bargain collectively in good faith. A regional attorney for the board, Harold Crawford, announced that government counsel would use the wage settlements made by other automobile producers as evidence, against the corporation.

It was obviously a reference to the increases of 18 cents an hour granted by Ford and Chrysler last week. The best offer made by General Motors was 13 and a half cents, and the government will use those figures in an effort to show that General Motors did not bargain in good faith.

In Washington a United States Steel Corporation spokesman said that the company's president, Benjamin Fairless, is on his way to the Capitol. The spokesman said Fairless was to confer with government officials but the government would not be held at the White House.

Government officials offered the opinion that Fairless wished to discuss the issue of a rise in the price of steel, stabilization and conversion facilities, but he had decided that an increase of about \$4 a ton will be granted eventually. This compares with the \$7 Fairless has urged to cover wage rises.

A new wage agreement with the Radio Corporation of America may set the pace for settling the two-week-old strike of 200,000 CIO electrical workers.

The union accepted a 17 1/2 cent hourly wage boost for 40,000 workers. The new wage package was reached without a strike and without government assistance. It climaxed three months of negotiations.

Little's resignation as special newspaper consultant in the War Finance Division becomes effective Friday. He has been on leave as president of General Features, Inc., New York City. In a letter to newspaper publishers, he cited today the 318,543,600 lines of news and editorial support which newspapers gave during the War and Victory Loan drive. In addition, he said, they published more than \$100,000,000 worth of bond advertising, much of it contributed or sold to sponsors at reduced rates.

"Amazing" contribution by newspapers, to help finance and win the toughest war in history, Little said, "should make every newspaperman proud of his profession, proud, too, of the leadership and patriotism of his associates but most of all, proud of the glorious war record that newspapers made which will go long way toward furthering the cause of a free press throughout the world."

Had Many Problems  
"During the war years newspapers had more problems than ever before yet there was never a time when the Treasury called upon them for help that they failed to come through."

## Mrs. Daisy B. Smith Died In Jacksonville

Mrs. Daisy B. Smith, 77, of 1003 Hubbard Street, Jacksonville, an aunt of C. L. Irwin of Sanford, died Jan. 21 at her home following a brief illness. A native of Rutland, Vt., she came to Florida 33 years ago from Detroit, Mich., and had lived in Jacksonville, where for 25 years she was a member of the Main Street Baptist Church and choir.

MONDAY, JANUARY 28, 1946  
 BIBLE VERSE FOR TODAY

**GOOD NEIGHBORHOOD IS SELDOM PLEASED TO TAKE. WE CAN MAKE SPIRITUAL MEDICINE AVAILABLE BY A REALIZATION THAT IT IS GIVEN IN LOVE.** All chastising seemeth for the present to be not joyous, but grievous, yet afterward it yieldeth peaceable fruit.—Hebrews 12:11.

John L. Lewis has been accepted into the fold by the A. F. of L. It has about reached the point where they'll take anybody.

A little "good neighbor policy" wouldn't hurt any along the French-Spanish frontier or the Russian-Iranian border.

The Titusville Star-Advocate is against any merger of the Army and Navy because neither one of them then would have anyone to sneer at.

James Roosevelt announces that he will "attempt to assume leadership in the councils of the Democratic party", and the Melbourne Time promptly concludes, "The nation is saved!"

Maybe the strike in the automobile business will prove a good thing to a standstill anyway. Congestion already waxes it is, a few hundred thousand more automobiles would just about bring things to a standstill anyway.

Raleigh Pettaway, who once ran for governor against Fred Cone and who many supporters still think would have made an able governor, has announced his candidacy for the Supreme Court of Florida. Also presiding over various Hillsborough county courts for 17 years, he is now a resident of Miami.

It took no "lie detector" to know Sarah Ellis, Department of Agriculture worker, was lying when she told police the things in her suitcase were just a few Christmas presents for her mother. The things were a .32 caliber revolver, three ice picks, a hacksaw, a butcher knife, a meat cleaver, a pair of rubber gloves and four hacksaw blades.

We caught hell a few months ago when we dared to repeat in this column an opinion of a returning GI from Europe that he liked the Germans better than the French. Now the Army reveals that this GI was not alone in his opinion. A poll conducted by Army authorities among occupation troops last Fall, it was announced last week, showed 30 percent of the American soldiers liked the Germans better than either the French or British.

The 18 1/4 percent wage increase ordered in the steel and automobile industries is based not on anticipated revenues of the coming year, but on profits accumulated during the war despite contract renegotiation and excess profits taxes. Seminole County farmers appreciate what this means when they consider how they would feel today if the government ordered a wage scale for this season, when celery is selling for less than cost, on the basis of profits made during the past few years.

The Navy plans extensive tests next spring and summer to see what atom bombs will do to surface ships in the next war. Shortly after the first World War similar tests were conducted to see what bombing planes could do to battleships. They saw, but they did nothing about it. Neither did the British, who also had good reason to believe that airplanes just about made the old-fashioned Navy obsolete. But it remained until Pearl Harbor and the Prince of Wales was sunk off Singapore by torpedo planes before aircraft carriers came into their own.

Up in Marion county two bolts barons were convicted last week and sentenced in three years to prison. There is big money in operating these lottery tickets and the temptation is great for ambitious young men to enter into them. Frequently they get by with it for months, even years, and present a greater temptation to others to take the same chance. Some come out with them and they are sent to jail, many are persuaded the eyes of those who for years have been by but never

**Forgotten Men**

While we are shedding our crocodile tears over the pathetic plight of the meat packers, the automobile workers and the steel workers, who are paid from \$50 to \$100 a week and are now striking for 30 per cent more, let us give a thought to the many unfortunate people in our country who have to struggle along on less than \$1,000 a year.

Let us also think about those hundreds of thousands of people who, struck down by illness of one kind or another, are unable to earn anything at all and are dependent, not only for their livelihood but also for their cure, upon the rather meager and uneven flow of private charity or public welfare funds. In our own county there are dozens of people suffering from tuberculosis alone who have no income of their own and no place to go for treatment or care.

Speaking before the St. Augustine Chamber of Commerce the other night, Governor Caldwell described the conditions existing at any of our state institutions "as reminiscent of a Nazi concentration camp—conditions that are a disgrace to Florida. It is unthinkable that the unfortunate feeble-minded or mentally ill should be disturbed in their beds by other crawling, crawling beyond reach of attendants, to get to their own beds, that the dining room at the State Hospital should be so crowded with patients that they are unable to feed themselves without jabbing their neighbors with their elbows, with consequent frequent disorders and fights."

"Some of the buildings of our state institutions are just plain rotten," he continued. "Some are in partial disuse because of leaky roofs and falling plaster. At the Boy School the infirmaries a building which has been partly condemned, patients have been waiting for months in jails throughout Florida because no more beds can be jammed into these old buildings. And we have in our state hospital beds for only a fraction of those who need care and attention."

These people, and millions more like them in our country who suffer from physical disabilities, lack of education, or skill or training in any particular job or profession, are the "forgotten men" of our times. They, too, are confronted with rising prices. They too are feeling the effects of food and material shortages. And in hospitals where nurses and attendants are scarce and cooks and maids almost non-existent, they, too, know the labor shortage.

In times like these, truly unfortunate people suffer greatly.

**Chess Boy Wonder**

Arturito Pomar, the 14-year-old Spanish chess marvel, is not yet at the top of the heap in the international masters' tournament at London the drawing brought him against Savellj Tartakover, the Franco-Polish champion, one of the great chess players of the world.

Tartakover won, but it took him four hours and a half to do so. In tournaments defeat does not eliminate the loser; the final standing depends on the number of games won and lost in the various rounds. Pomar, therefore, still has a chance to come out first, and the expectation is that he will at least win one of the higher prizes.

Pomar is another illustration of the frequency with which chess skill flowers early. In this it seems to rank with music; A Mozart in music and Morphy in chess both achieved supremacy at an astonishing early age. Maybe a philosopher could find other parallels between two skills which at first sight seem utterly unrelated.

**Reviving Old Success**

"Show Boat" has been revived, and a long run is expected. This masterpiece of the late Jerome Kern held the record for length of run for a musical show until "Oklahoma" came along to surpass it.

Some other musical successes of the past might also be revived with profit. Local showings of "Rose Marie", recently gave encouragement to the idea. "The Student Prince", "The Pink Lady", "Rio Rita" and some of Victor Herbert's productions suggest themselves. While some may now strike audiences as a little "dated", slight alterations would cure that. Many playgoers who have pleasant memories of these bygone hits would welcome the chance to see them again.

There will be a dinner at the Armory in honor of the State Guard tonight at 8:00 o'clock. Capt. John Galloway announced today.

**Guard Against Infantile Paralysis**

By W. V. Bittling  
 Touchton Drug Co.

It is said that the price of liberty is eternal vigilance. The same can be said of good health.

One cannot immunize against infantile paralysis, for no immunizing agent has as yet been discovered, but a doctor can detect the earliest symptoms, if he is consulted from time to time. Thus the dread effects of this most subtle enemy may be lessened, if not completely avoided.

Your doctor knows what to watch for in its earliest stages "polio" manifestations are discernible only to the trained expert and recognized for the dread malady that it is. Therefore parents should subject their children to examination by a physician the moment they suspect health impairment.

And all parents will do well to choose with care the pharmacy that supplies the medicines needed for the family.

WITH THE SENSATIONAL **Reynolds Pen**

Buy this Reynolds International pen tomorrow, January 29, 1946—don't fill it again until January 29, 1948! Here is the fantastic, atomic era, miraculous fountain pen that you've read about, heard about, wondered about, waited for! Imagine a pen like this! You can go to the remotest ice floe in the Aleutians where ink has never been heard of. You can stay for two whole years—and this veritable camel of a pen won't ask for a drink. That alone would be enough to make you storm our doors, flood our stores, deluge us with calls to buy this pen. But this Buck Rogers baby has more tricks up its sleeve. It writes in the stratosphere at 20,000 foot altitude or higher without leaking. It will write on cloth—under water. And you get the handsome desk stand—so you need only one for office and pocket. The perfect present for anyone (male or female) (office or family) from age 8 to 80! Come in now while we still have a large stock.

The Seminole County Council of P.T.A. met at the Lyman School in Longwood Friday when Mrs. John Miller spoke of the summer roundup of health of pre-school children and Supt. T. W. Lawton gave a talk concerning the advancement being made in schools and the many charitable activities that are being participated in by the school children. Rev. D. Haskins conducted the peace devotion and Mrs. John Rogers presided over the meeting.

Mrs. Harry Brown announced that the first regional meeting will be held in Seminole County on May 12 when Mrs. Frank Howard of Leesburg will be present and possibly Mrs. Walter Beckham, state president of P.T.A. Local school P.T.A. presidents will be members of the general committee to prepare for the meeting.

Each school will celebrate Foursome Day individually since Mrs. Beckham will be unable to appear here at that time. All Sanford schools will compete for the blue ribbon award for 100 percent in all projects this year. It was announced by Mrs. Harry Brown. The next county council meeting is scheduled for Geneva on Apr. 26. Mrs. Joe Corley gave a report of the state P.T.A. convention held recently in Daytona Beach.

Those from Sanford attending the meeting: Mrs. John Rogers, president, Mrs. Joe Corley, Mrs. R. F. Cooper, Mrs. John Miller, Mrs. R. E. Ellsbery, Mrs. J. P. Cullen, Mrs. J. C. Russell, Mrs. Henry Russell, Mrs. J. M. Redding, Mrs. C. L. Redding, Mrs. Clyde Ramsey, Mrs. L. P. Peyton, Mrs. Hazy Brown, Mrs. L. E. Spencer, Mrs. Velma Mitchell and Miss Ruth Hand.

wool suit with brown accessories and a corsage of yellow roses. She was formerly employed by the Beacon Dairies. After a short wedding trip the couple will reside at Lake Helen.

Mrs. Thomas chose a slate gray gabardine suit with luggage accessories and a corsage of pink roses and camellias. She was formerly employed by the Southern Bell Telephone Company. After a wedding trip in the State the couple will reside at 213 Maple Avenue.

see that the league people had the best. Oh yes, the menu: steak with all the trimmings!

The announcement made by Jeff Emerson that Myril Hoag will manage the Yankees this season came as a surprise to all. Hoag is a former major league outfielder, having displayed his talent with the New York Yankees and the St. Louis Browns. By the way, Hoag will be playing manager and should prove to be a tower of strength in the outfield and at the plate for the Palatka aggregation. Enemy or not, we still welcome Myril to the league and we hope he'll have a successful season.

Robert L. Finch, Brooklyn's administrative officer for the training school which is to begin here on Feb. 1, was a guest at the meeting. Finch conferred with the Palatka on several occasions, discussing the Daytona Beach angles of loop legislation. The Dodgers will own and operate the Daytona Beach club during the season.

We learned yesterday that Babe Hamburger, property man for the Dodgers, and Johnny Krider are old friends. Krider was in Havana several years ago while the Dodgers were in training. Hamburger, as property man had been told to leave several cases of beer to the winner of a tilt between the regulars and the yanigans. As the story goes, the yanigans were ahead in the closing minutes of the contest and upon a signal from the regular's bench, Hamburger removed the beer from the dressing room of the yanigans. But instead of the regulars getting the beer, Hamburger properly disposed of it in his own way.

Benny Kahn, the snappy little sports editor of the Daytona Beach News-Journal, was present at the loop meeting yesterday and was kept busy for some 60 minutes with a beautiful steak which he frequently described as delicious and wonderful. Benny is just out of the Navy. He served with the public relations department at the Jacksonville Air Station and spent some time in Maine.

President Al Combs, upon a motion from the St. Augustine Director of the loop, Harold Ryman, thanked the Seminole County Junior Chamber of Commerce for sponsoring such a splendid meeting.

The Sanford delegation yesterday announced their expectations for a successful season by ordering \$2,000 ducaats.

The basketball game Friday night was one of the most thrilling games of the season thus far. In a close draw, the local cagers found the going rough in the first two periods but came back for the second half with enough vim, vigor and vitality to hold the highly rated Holes Cadet team to seven points during the entire third and fourth stanzas.

McClelland's boys have got to do away with one thing that's giving them plenty of trouble. When the Feds set up for a play, Dyess, Grantham and Culham must watch Clark and Kastner for a break into the circle. Dyess, who dribbles too much with his back to the play, cannot possibly see a break which we believe has caused the Feds to lose several points this season. (Clark's way for Dyess, Grantham or Culham to put a play into motion if they don't coordinate their actions with Clark and Kastner.

Ask Yourself This Question...  
**"WHY DO MORE PEOPLE GO TO CHEVROLET DEALERS FOR SERVICE than to any other dealer organization?"**

Because Chevrolet Dealers ARE SKILLED IN SERVING ALL MAKES OF CARS

Because Chevrolet Dealers EMPLOY TRAINED MECHANICS

Because Chevrolet Dealers USE QUALITY PARTS

Because Chevrolet Dealers GIVE GOOD SERVICE

and you'll find yourself supplying these answers.

For years Chevrolet dealers have had more trade-in than any other dealer organization... Therefore, they have had broader experience in servicing all makes and models... They're "America's Service Specialists"... They're the men to see when you want good, dependable service on your car!

\*\*\* BUY U.S. WAR BONDS AND STAMPS \*\*\*

CHEVROLET DEALERS HAVE BEEN DESIGNATED TO THIS TASK. **SAVE THE WHEELS THAT SERVE AMERICA!**

### Florida State League To Begin Plan April 16

(Continued from Page One) Browns and the New York Yankees, will manage the Azaleas this season and the club would be ready for opening day. Gainesville officials announced

that \$3500 had been spent on their park by the City of Gainesville and that they expected to announce the signing of a manager this week. Leesburg's director stated that he had no players signed thus far but they had previously won a pennant with castoffs from other clubs and may have to repeat the same procedure. Orlando's director reported that the National's were ready for action as only a few more players were necessary, and that transportation facilities have

been obtained. DeLand's director stated that a bus had been purchased, the lights were being put into first class condition, a manager had been signed and a great number of season tickets had been sold. Sanford's director stated that the progress here had been slow but the park was in excellent condition. St. Augustine officials reported that the Saints' park was in bad condition and no definite progress towards the signing of players and a manager had been

### Celery Feds Drop Thrilling Contest To Bolles Academy Cagers, 25-24

By JULIAN STENSTROM Herald Sports Editor  
George McClelland's Seminole High School Celery Feds narrowly missed capturing a "story" book contest over the Bolles Military Academy cagers Friday night at the high school auditorium when, after a one sided first half, the Feds knotted the count in the last minutes of play but emerged a single point behind the Cadets at the final whistle.

The final count was Bolles 25, Sanford 24.  
Major Mark Bradley's five took an early lead when Hickson and Cortly dropped in two field goals. Clark of the Feds pushed one in from the hot position but Jaffe immediately retaliated with another field goal. Hickson made a free shot just before Clark sank another field goal. Worthly and Friedlund accounted for two free throws to end the first period with the score Bolles 9, Sanford 4.

The Cadet machine continued to click in the second stanza, both offensively and defensively. While racking up nine more points on field goals by Hickson, Jaffe and a pair by Worthly, the Cadets were hitting the Feds to another four points. Grantham and Clark accounting for a field goal each. Entering the third period on the short end of an 18 to 8 score, the Celery Feds got out of the rut in which they had been traveling and started down the paved highway. Clark sent a field goal through the net and Dyess basketed another. Hickson interrupted the Fed offensive with a field goal, but McClelland's cagers re-entered the scoring column with successive baskets by Clark and Dyess again. After sinking a free shot, Clark netted another field goal and Hickson ended the period's scoring hostilities with a free shot. The score at this point was 23 to 19 in favor of the Cadets.

Dyess opened the final period with a field goal from the circle to put the Feds two points behind the Cadets. After several minutes of "scrapping" basketball, Clark tossed a long pass to Dyess who broke clear and dropped in another goal from under the bas-

ket to knot the count at 23-23. Hickson received a pass under the basket from Friedlund and he dropped in the field goal which turned out to be the final Cadet point but also good the winning margin. Grantham was fouled by Eubanks and he sank a free shot putting the Feds one point behind Bradley's aggregation.

With a minute and a half remaining, the Feds missed two field shots and with only seven seconds left, Dyess took a long shot that circled the rim but failed to drop through the basket. Clark captured the scoring honors for the evening with six field goals and a single free shot for 13 points while Hickson of Bolles recordeed 9 points by four field goals and a pair of free tosses.  
Score by periods:  
Cadets 9 0 5 2 - 25  
Celery Feds 4 4 11 5 - 24  
Personal Fouls: Grantham, Cul-tun and Kastner 3; Jaffe and Clark 2; Hickson, Eubanks, Friedlund, Dyess and Swain. Free Shots: Missed: Jaffe 5, Worthly and Dyess 2, Hickson, Friedlund, Clark and Culturn. Officials: Referee—Bailey; Umpire—Baker; Time-keeper—Steel; Scorer—Stenstrom.

### LEGAL NOTICE

IN COURT OF THE COUNTY JUDGE, SEMINOLE COUNTY, FLORIDA, IN RE: THE ESTATE OF: FRED W. HASSMANN, Deceased.  
IN PROBATE.  
TO ALL WHOM IT MAY CONCERN:  
NOTICE IS HEREBY GIVEN THAT HELEN L. HASSMANN filed her final report as Administratrix of the estate of FRED W. HASSMANN, deceased, that she filed her petition for final discharge, and that she will apply to the Honorable J. W. Ware, County Judge of Seminole County, Florida, on the 28th day of February, 1946, for approval of same and for final discharge as Administratrix of the estate of FRED W. HASSMANN, deceased, on this 25th day of January, 1946.  
HELEN L. HASSMANN,

accomplished. President Combs announced that during the 1946 season all clubs must conform with the National Association doubling that all double headers must be scheduled as two nine inning games. A game, however, may be called at the end of seven innings, or any inning, if the managers and umpires find it necessary to do so.

The league voted to assess each club \$20 to improve the condition of the loop's treasury and also decided to require that each entry submit an additional \$100 within one week to cover the franchise deposit since the salary limit had been raised to \$1800.  
Don Padgett, president of the Daytona Beach entry, was elected vice president of the circuit by the league directors.  
Regulations regarding the signing of high school players was brought up during the contest but directors decided to table it for a future meeting since no definite ruling has been received from Judge W. G. Branham, minor league czar.  
Those present at the meeting in addition to President Combs were: John Gansel of Orlando; Bill Page and Doyle Woodruff of DeLand; Don Padgett of Daytona Beach; Lee Hanover and Bill Brazier of Leesburg; Parks M. Carmichael of Gainesville; Harold E. Hyman of St. Augustine; Leon Hamilton, Myril Hoag and Jeff Emerson of Palatka; Joel Field, John Krider and Bralley Odham of Sanford; Secretary Peter Schaaf of Silver Springs, Benny Kahn of the Daytona Beach News-Journal and Julian Stenstrom of The Sanford Herald.

## WHAT'S AHEAD IN TELEPHONE SERVICE?

In case you don't recognize me in the turban, I'm Telephone Tommy... gazing into the future. What I see is of great importance to every forward-looking citizen in Florida.

I see telephones in the future for all who want them. I see a lot of people with new jobs and steady incomes... more good customers for more businesses... added prosperity for Florida—all as a result of the tremendous expansion program already started by the Telephone Company.

This program involves the expenditure of more than \$300,000,000 in the nine southeastern states and means

that the present investment in telephone facilities in Florida will be practically doubled in the future.

So, I see the need for a heap of money. This money will have to come, as it has in the past, from the savings of hard working, thrifty people.

Unless they have confidence in the safety of their investment and feel assured of a reasonable return on that investment, new funds for future expansion will not be forthcoming.

So, it is easy to see that earnings have an important place in your future telephone service.

## Soviet, Iran Delegates Hope To End Issue

### Byrnes Amplifies Remarks On Secret Yalta Agreement To Support Russia

LONDON, Jan. 29, (AP)—The United Nations security council has nominated a compromise candidate for the important job of Secretary-General of the U.N.O. He is Norway's Foreign Minister—Trygve Lie.

LONDON, Jan. 29, (AP)—United Nations sources have high hopes that an expected conference today between Russian and Iranian U.N.O. delegates will ease the tension between Russia and most of the other nations at the General Assembly.

The Russian and Iranian delegations are expected to discuss informally today the charges preferred against the Soviet Union by the Tehran Government. Iran has accused Russia of interfering in Iranian internal affairs. The charges have been filed formally with the U.N.O. Security Council, but the Tehran Government now has instructed its delegation to make a new effort at settling the dispute by direct talks.

However, the Iranian-Russian dispute remains on the agenda of the Security Council for its scheduled meeting tomorrow.

Meanwhile, solution of the U.N.O.'s chief organizational problem appears likely soon. Only one major organizational problem will remain to be settled—the selection of a permanent site for U.N.O. headquarters. This problem may be settled next week. The site-selection committee which has been inspecting various locations in the eastern United States is expected to file a detailed report by Feb. 3.

WASHINGTON, Jan. 29, (AP)—Secretary of State James Byrnes today amplified remarks on the secret Yalta agreement for United States support of Russia's claims to Japan's Kurile Islands. The secretary stated that this agreement was reached with the full knowledge of American military commanders.

The state department head also declared that the war department has agreed to retain control of the American zone in Germany. Byrnes said that it would be a mistake to alter the set-up, since the war department was doing such a good job.

When questioned on charges that American ships had recently carried arms to Barcelona, Spain, from Italy, Byrnes made a flat denial. He declared that neither the war nor transportation of arms to the Franco government had been authorized.

Congress today was busy with committee work. Chairman Brent Spence of the house banking committee introduced legislation to extend the price control and wartime stabilization laws for one year beyond June 30th. Public hearings on this bill start February, 6th.

## Truman Approves Plan For U.N.O. To See Atomic Tests

WASHINGTON, Jan. 29, (AP)—Secretary of State James Byrnes has announced White House approval of his proposal that U.N.O. representatives be invited to witness the atomic bomb tests. However, Byrnes stated that approval by President Truman did not mean that final government policy has been determined on the subject.

Byrnes added that it was his understanding that the question of witnesses still is being discussed by the War and Navy secretaries and Army and Navy staff members.

Atomic energy matters also were considered by a Senate committee today. A panel of scientists proposed that a single commissioner administer the future of atomic energy. Under a plan offered the atomic energy committee by Dr. Harold Shapley, the commissioner would be assisted by an unpaid advisory committee. Shapley, the director of Harvard observatory, declared that his plan has been endorsed by the President of Harvard, J. H. Comstock.

## Bill-Boarded Up Temporarily

IMPRISONED behind a large billboard in New York City for three days, Bill, the neighborhood tomcat is shown here being rescued by police emergency squad workers who tore down part of the sign to release him. Even the billboard chief seems happy about it. (International)

## 70 Percent Telephone Increase In Sanford Reported By Turner

### Recent County Survey And Rural Power Line Carrier-System Described As Significant To Farm Families

By WILLARD CONNOLLY  
A 70 percent increase in telephones during a 10 year period in Sanford and Seminole County was today reported by E. V. Turner, local manager of the Southern Bell Telephone and Telegraph Company.

Mr. Turner, who has a record of 38 years of service for the company in the Orlando district, reported that in 1937 there were 1,250 telephones in the county, and that now there are 2,200 in operation.

In January, 1937 there were 12 girls employed at the local switchboards, and today there are 72, he revealed.

Mr. Turner came to Sanford in October of 1936. Mrs. Bertie Breeden is chief operator of the exchange. W. F. Penners is in charge of equipment. J. L. Hanlon has charge of cables and O. E. Pennington and C. A. Lee are in charge of installations.

A recent two man survey of rural telephone facilities and needs within the county was recently made, said Mr. Turner.

This survey, he added, was in line with experiments started by engineers on Jan. 14, near Selma, Ala., with a scientific development of possible far-reaching significance to farm families who do not now have telephone service.

He described the method as the "rural power line carrier system of providing telephone service over the same wires as those used for electricity.

Although the system is still in the experimental stage, said Mr. Turner, it holds promise as one important means of extending farm telephone service to more and more farms served by power lines.

## Civilian Nurse Who Married One Man Army Of Bataan Is Seeking Annulment

MANILA, Jan. 29, (AP)—A civilian nurse who served on Bataan is seeking annulment of a marriage she claims she contracted with the famed one-man army of Bataan—Mal. Arthur Wermuth. The nurse—who filed her annulment petition in the Manila courts under the name of Mrs. Olivia Josephine Oswald Wermuth—claims she and Wermuth were married on Dec. 7, 1941.

Miss Oswald—who has been using her maiden name since learning that Wermuth married Jean Wilkins of Chicago in 1935—alleges she married Wermuth after a so-called "whirlwind" courtship. Miss Oswald says the wedding ceremony was held on the roof garden of the Great Eastern Hotel the day before the Japanese bombed Manila.

## Harry Hopkins Dies Today In New York City

### Former Special Aide To Two Presidents Had Been Hospitalized Since November

NEW YORK, Jan. 29, (AP)—Former presidential advisor Harry L. Hopkins is dead. The one-time assistant to the late President Roosevelt died today at Memorial Hospital in New York City. He was 55 years old.

Hopkins entered the hospital last November. No diagnosis of his condition ever was announced, but he had been in ill health for several years. Hopkins resigned his White House post last July—saying, "I must take a rest."

Under the late President Roosevelt Hopkins was administrator of the old Civil Works Administration and the Works Progress Administration. Later he was Secretary of Commerce.

Hopkins was born in Sioux City, Ia. He studied economics and sociology at Grinnell College in Iowa. He played basketball and baseball, and won a Phi Beta Kappa key. He began his social work in New York City, where he became director of the New York Tuberculosis and Health Association. He was serving in that post when he first met the Roosevelts, in 1928. At that time, Franklin Roosevelt was Governor of New York. From that moment, Hopkins was almost inseparable from the late president.

He served as Federal Relief Administrator from 1935 to 1938. In 1938 Hopkins was appointed Secretary of Commerce, but in 1940, he resigned to lead President Roosevelt's third term campaign.

When Europe was plunged into war, Roosevelt leaned even more heavily on his trusted confidant. It was Hopkins who arranged the famous Atlantic Charter meeting, the Cairo meeting, the three-power conferences at Tehran and Yalta.

His way of life in Washington during the war was so hectic that for a time he almost replaced Mrs. Eleanor Roosevelt as the subject of jokes about traveling.

Hopkins' liberal philosophy made him inevitably a center of controversy and speculation in Washington. When President Roosevelt died and Harry Truman entered the White House, there was general expectation that Harry Hopkins would bow out.

But President Truman had need of the knowledge and advice about Roosevelt's policies which only Hopkins could give. Hopkins remained to see the new President through the first months of duty.

## Husband Of Local Girl Is Listed As Killed In Action

Sgt. Ralph Kirsch, husband of the former Miss Ruth Smith of Sanford and Charlotteville, Va., who had been listed as missing in action since Jan. 22, 1944, was reported as killed in action in a recent message from the War Department sent to Sgt. Kirsch's parents, Mr. and Mrs. Wallace Kirsch, of Oshkosh, Wis.

The letter, signed by Major General Edward F. Witherill, adjutant general of the Army, said that the War Department previously entertained hope that Sgt. Kirsch would be found alive and that information would be revealed dispelling the uncertainty surrounding his absence.

The letter stated that all available records and reports concerning Kirsch were carefully investigated and a review of the case was made. Information in the hands of the War Department, the general wrote, indicated that Kirsch was a crew member of a B-25 aircraft which failed to return from a bombing and strafing mission to Lakunai air-drome, New Britain, on Jan. 22, 1944.

On the bombing run, the general wrote, the plane was observed to sustain damage from enemy anti-aircraft fire, burst into flames and crash into Singapore harbor. Eye witnesses stated the letter added, that at least three parachutes were seen to leave the damaged aircraft prior to the crash, but that careful investigation had failed to reveal any trace of Kirsch since that day.

Sgt. Kirsch enlisted in the Air Corps in October, 1941, and had been overseas since July, 1943. The youth was a graduate of Oshkosh High School. Mrs. Kirsch and her young daughter, Dolores, are currently visiting relatives in Lake Mary.

A lost sheld pony, the property of Monroe Pearce, 717 West First Street, was found yesterday and taken to police headquarters, then returned to the owner.

## James Dewey Undertakes Settlement Of GM Strike

### Air View Of Possible UNO Headquarters

WHEN THE EMISSARIES of the United Nations Organization reached the United States, they went at once to Hyde Park, the historic apartment home of the late President Franklin D. Roosevelt, and in many sections of the world it was said that this site would get No. 1 consideration as the future permanent headquarters of their organization. It had seemed to many eminently fitting that the site become a tribute to the man who fought for it. They inspected for places the Roosevelt, Vanderbilt, Mills and Rogers estates. They found they owned 1,000 acres, of which 1662 privately owned. Here is part of what they saw and considered.

## Police Holding Two Youths As Kidnap Suspects

### Both Admit Calling At Degan Home After Child Abducted

CHICAGO, Jan. 29, (AP)—Two youths are being held for further questioning in connection with the kidnaping-plotting of Suzanne Degan. Chief of detectives Wallace Storms has identified them as 22-year-old Theodore Campbell and 18-year-old Vincent Costello.

Detectives are at work tracking down their movements on Jan. 6 and 7. Storms said the two have admitted they called at the Degan home, several strands of hair similar to Suzanne's, and the basement room in the Edgewater district apartment house where her body is known to have been dismembered.

Police investigators believe the picture wire may have been used to strangle the girl. A clue described as "the most vital" yet developed is contained in the fingerprints found on the ransom note which had demanded \$20,000 from Suzanne's father, James Degan.

Mathew Hugins, negro, had both legs broken and suffered a bad head cut when run over by a car driven by Hill Duval, negro, who has been arrested for reckless driving. The accident happened on West Thirteenth Street at 12:55 A. M. Sunday.

Patrolmen Gillyard and Bedemeyer reported that at 3:15 A. M. yesterday morning a truck had backed up to the Municipal Ball Park and had stolen a load of wood. At Seventh Street and Mellenville Avenue the truck turned west and was lost sight of.

## Bullet Pierces Window And Hits Mrs. C. Casper

Shot through the fore part of the neck as she bent over the dresser in her bedroom, Mrs. Charles Casper of 414 Chapman Avenue was today receiving emergency treatment at the DePaul Lutheran Memorial Hospital where her condition is reported as critical.

The bullet, believed by police to have come from a .22 caliber rifle, entered the bedroom window facing the south and left a two inch hole in the pane, scattering the bed with glass.

Mrs. Casper, an aged worker for the Seventh Day Adventist Church, was at the time getting ready to leave to meet a friend with whom she was going to solicit missionary work for the church.

Her husband, Charles Casper, was seated at the time the bullet struck. He was wounded in the leg.

V. L. Vergason, State Department of Education field director for secondary schools, will visit the schools of Seminole County on Wednesday, Thursday and Friday in the interest of a supervisory program being developed throughout the schools of the state this year.

The purpose of this program, according to Supt. T. W. Lawton, is more nearly to meet the needs of children in school.

## Hutchison Is Main Speaker At Guard Meeting

### Stresses Value Of Maintaining Forces At Full Strength

Need of maintaining the Florida State Guard and Company C of Sanford at full membership in view of possible emergencies such as strikes, riots or hurricanes, was stressed last evening at the Armory by Brig. General J. C. Hutchison, now home on terminal leave. Col. Cedric Benz, State Guard Fourth battalion commander, and Capt. John L. Galloway of Company C.

The occasion was a dinner meeting attended by members of Company C and visitors including County Commissioners H. B. Pope, J. McClelland, C. R. Clonts, and G. Kilbuck. H. J. Coleman, president of the Seminole County Chamber of Commerce, and Bonner Carter, veteran of the European and Pacific campaigns.

"I want to take my hat off to the men of the State Guard figuratively speaking," said General Hutchison. "You have filled a big need without compensation or glory."

He recalled that during his experience with the National Guard they had been called out four times; twice for riots, and guarding a prisoner in Jacksonville, and

## Trial Reveals How Corporal Was Beaten To Death

YOKOHAMA, Jan. 29, (AP)—Testimony at the war crimes trial of Japanese Capt. Inao Fukuhara has disclosed how an American prisoner of war was beaten day and night until he died, simply because he talked to a Japanese prisoner. The prisoner—Cpl. Walter Johnson, of McPherson, Kan., was charged with espionage before he was beaten to death in the Omuta prison. Fukuhara, as commandant of the prison, is charged with responsibility for Johnson's death.

Testifying by deposition, Maj. Thomas H. Hewlett, of New Albany, Ind., has told how Johnson studied the Japanese language and engaged the Jap miner in a casual conversation in April, 1945. Hewlett's deposition also relates how Johnson was denied food and medical attention.

Hewlett also has testified that another prisoner—Pvt. William N. Knight, of Warsaw, N.Y.—was beaten and subjected to all forms of torture until he died in May, 1945.

NOTHING WITHHELD  
WASHINGTON, Jan. 29, (AP)—Former Supreme Court Justice Owen Roberts has testified that nothing was taken out of the report made by the special commission which investigated the Pearl Harbor attack.

Roberts told the joint congressional committee that a supposed missing portion of the findings had been incorporated into another paragraph of the report. Roberts needed the confirmation which investigated the Pearl Harbor disaster immediately after the Japanese attack.

The Navy has announced officially today that Marine Lieutenant Walter (Tiger) Mayberry of Daytona Beach is dead.

The football ace of the University of Florida has been missing in combat since Sept. 6, 1943. He went down near Vela La Vella in the southwest Pacific—apparently.

Enrollment already has passed the 2,700 mark. This doubles first semester enrollment figures and sets a new record for mid-term enrollments.

The Navy has announced officially today that Marine Lieutenant Walter (Tiger) Mayberry of Daytona Beach is dead.
