Hollywood

HOLLYWOOD, Oct. 25, (AP)—Producer Arthur Freed is lining up an interesting cast for Judy Garland in the film "Annie Get Your Gun."

Frank Morgan will portray Buffalo Bill Cody and that sounds like a natural casting. More unusual is John Hodiak as Chief Sitting Bull, which should prove a different characterization for John.

The lead opposite Judy goes to a newcomer, William Hopper, who played Curly in the London company of "Oklahoma!" Freed set him for the role after seeing him in the flesh. "Annie" will start shooting in Hollywood early next week.

Dick Powell plans to start "Mrs. Mike" after the first of the year. The time depends upon the "Gambino" weather. "We need fresh snow and then slash," he says.

MGM still hasn't told him yes or no on whether he'll be able to get June Allyson for the title role. Meanwhile, Lily Tomlin is eager to take the part. "She's a fine actress," admits Dick.

Death Vally Scotty has told friends that MGM and RKO are after him for rights to his life story. That could make a tabloid movie.

John Garfield will be off to join his family in New York in a couple of weeks after his father's "Rough Sketch." He's still looking for a play to do on Broadway this season.

Lloyd Nolan was chosen for his "Bad Boy" role by a poll of theater men; he's always a favorite with the cash-in-tenders. "Through the greatest part of my life I've lived in London and I was in the for Europe after this picture."

Designer Edith Head told she'll have the newest new look in the "Hitler Victory" gowns. She says skirts are going up, necklines will rise up in front but down in back.

That's to confuse the men, she adds. Departures: Vally to join Joop Cotten in Vienna for "The Thin Man"; Fred Zinneman to Palestine to plan his "Guns of Navarone"; Ben Hecht to Paris and Rome since he says there are no movie stages in Palestine.

Holy Lamarr and Cecil B. DeMille haven't had a spat yet, but it's early in "Samson and Delilah" shooting. Stand by for the fun works. Paramount is retitling a half dozen of its films. The light title is increasingly important with the public, which is no longer awed by some star name.

Southern Papers

(Continued from Page One)
ing from the National Independent Democratic stand for the first time in several years said in an editorial today that Dewey is "the best choice that can be made."

The paper said it was unable to support Dewey for election to office because it was unable to find a man in the White House who would be able to carry out the program of the nation on his own.

The High Post (N.C.) Editorial says it favors Dewey because he is the best man in the White House for the job. He is editorially recommended as the best choice for the job.

It may be that, as his opponent's, that Governor Dewey is a better calculating man than the man in the White House, and calculating man to work with inflation at home and aggression abroad it is now. They very much, which are Governor Dewey's.

## Truman Sees Victory For Demo Party

### Dewey Slates Talk In Chicago, Then Moves To Cleveland And Boston

ABOARD TRUMAN CAMPAIGN, Oct. 26. (AP)—President Truman fled away at the Republican again today for enactment of a discredited person bill which he said discriminated against those of "certain religious beliefs." He asserted also that he was campaigning throughout the country to tell the people "what is at stake in the country" because they are not being told by the Republican nominee or the Republican-controlled newspapers.

TOLEDO, O., Oct. 26. (AP)—President Truman declared today the Communists are counting on a Republican victory to "undermine the Marshall Plan and have the way for world revolution." He told a crowd in Toledo's municipal auditorium the Communists are supporting the Third Party in the hope it will "take enough votes away from the Democrat" to let the Republicans win.

ABOARD TRUMAN CAMPAIGN TRAIN, Oct. 26. (AP)—President Truman claimed that "the tide is rolling" for the Democrats as he turned today from a roaring Chicago welcome to renew his election drive in Indiana and Ohio.

He pointed out this morning that he was unable to spare men to answer a call yesterday of a house fire west of the railroad track on the Country Club Road.

The Department answered two calls yesterday. One was at the Tab's Supply Grocery at Fourth Street and Sanford Avenue where 600 damage was caused by fire from a defective electric refrigerator. Another call came at 1:00 P. M. from the home of O. E. Humber, 311 Magnolia Avenue where slight damage resulted from fire caused by a gas stove.

### Gunfire And Grenades Kill One Striker In Battle At Ales Pit

PARIS, Oct. 26. (AP)—The government used tanks today in a brief but bloody battle with striking coal miners in Southern France. A minor was killed, four others shot and four soldiers were wounded badly when the troops moved to occupy four mines near the industrial town of Ales, 50 miles northwest of Marseille. Officials said 400 persons found bearing arms were arrested.

Several policemen were wounded, the ministry said. The striker and the two seriously wounded policemen were struck by gunfire.

The government force was preparing to clear strikers from four coal mines and a power plant near Ales, about 50 miles northwest of Marseille.

As the government force approached the pits, a number of small mines also exploded, a minister said. (Continued on Page Three)

## State Rejects Contract For Oil Firm To Drill On Florida Lands

TALLAHASSEE, Oct. 26. (AP)—The state today declined to give Florida Oil and Development Company a contract to drill on thousands of small tracts of land when several other companies bid on within 320 feet of them.

Trustees of the Internal Improvement Fund agreed, however, to advertise for competitive bids to see whether other companies will meet terms of a new and more liberal offer by the developing firm.

The trustees didn't discuss the company's first offer before the meeting is on the recommendation of its secretary, Fred C. Elliott, to whom it had been referred for investigation.

The company's new offer provided a rapid-fire debate between John M. Parker, attorney for the Florida Oil and Development Company, and Frank Beaulac of Tallahassee, who said he represents five companies now exploring for oil in Florida.

The development company's first offer was \$100,000 cash to the state for the right to become its agent and drill on some 2,000,000 acres of scattered small state tracts whenever oil is produced within 320 feet of them in the future. The state would have gotten 10 percent of the oil produced in such wells.

The new proposal retains the \$100,000 cash payment, but the development company would agree to drill on a tract at any distance from an adjacent producing leasehold of three geologists directed the drilling. The state would get 35 percent of the production. One of the geologists would be named by the company, one by the state, and the third by the other two.

Most of the trustees said they were inclined to think any such contract at the present time is premature, but they were willing to see whether major oil companies will offer bids to meet the proposal of the development concern.

Governor Caldwell commented that two things made him think there might be some merit to the proposal—first, that opposition of major oil companies indicates "they may have an advantage they want to protect" second, it might provide some way to realize something from small scraps of land. ## Officials Dislike German 'Lift' Offer

WASHINGTON, Oct. 26. (AP)—American officials showed little inclination today to take up an offer by a group of German labor leaders to recruit former Luftwaffe pilots for the Berlin airlift.

Four German union officials said they made the proposal to Under Secretary of the Army William H. Draper, Jr., yesterday. They told a news conference they could furnish more than enough former German fliers "willing to lay down their lives" to help ferry supplies to the blockaded German capital.

## Unpredictable Labor Vote May Decide Pennsylvania Election

PHILADELPHIA, Oct. 26. (AP)—The unpredictable labor vote may well swing the election in traditionally Republican Pennsylvania next week. FDR bagged the state's 35 vital electoral votes the past three presidential campaigns but the GOP held onto statehouse control.

Now both Democratic and Republican chiefs are claiming the rich industrial empires. An estimated 80 per cent of the 4,758,058 eligible voters will decide the issue.

The labor picture is paramount what with 500,000 CIO and 800,000 AFL members along with some 500,000 Independent United Mine Workers. They vote a big block of the voter registrations.

Minor Chestnut John L. Lewis says President Truman is "incompetent" but then just as strongly he attacks the Taft-Hartley law which has Governor Thomas E. Dewey's back.

CIO President Philip Murray of Pittsburgh backs Mr. Truman because the President insists on repeal of the Taft-Hartley Act. AFL national leaders also are fighting the Taft-Hartley law.

## Rebel Troops Fight Hard In Korea Battle

### Loyalists Battle For 2nd Straight Day At Yosu Seaport, Headquarters Says

SEOUL, Korea, Oct. 26. (AP)—Loyalist troops and rebels are locked in battle for the second straight day in the seaport city of Yosu, Korean army headquarters said today.

The army estimated the Communist-led rebel troops and sympathizers at Yosu, last insurgent stronghold, numbered about 12,000. Yosu was the birthplace of the rebellion, started by the Korean 14th Regiment last Wednesday.

Action against Yosu was started on schedule and capture of the city is expected momentarily, the Army said.

Prime minister Lee Bum Suk and 18 other Korean officials left Seoul by plane today for the rebellion area. The official party planned to stop first at Kwangju, center of the Korean army operations, and then go to Suncheon and other extreme southern parts of the U.S.-occupied republic.

Four hundred rebel prisoners were captured by U.S. Marines today on the first train moving (Continued on Page Three)

## U Of Georgia Falls Below Standard For Accredited Rating

ATLANTA, Oct. 26. (AP)—The University of Georgia in Athens has fallen below the required standards of the Southern Association of Colleges and Universities, Chancellor Raymond Day of the Georgia university system said today.

Dr. Day made the announcement as he went into conference with Governor M. E. Thompson to urge an emergency \$1,000,000 allocation to bring the Athens school up to par.

At the same time, the chancellor announced that he would step down Nov. 1 and turn over the leadership to Dr. Harmon, president of the university.

"If the Southern Association were to examine the university now," Dr. Day said, "we would not meet their standard for state accreditation per student. I have been trying to get something done about this for several months." (Continued on Page Three)

## Canada To Increase Coastal Defenses

HALIFAX, N. S., Oct. 26. (AP)—The Halifax Mail said today Canada's east coast, stripped of its artillery defenses after the second World War, "now is to be re-equipped with new, long-range, radar-equipped guns to meet the threat of war."

Old forts in the Halifax area, practically abandoned in the last few years, "are to be rehabilitated and re-equipped with coastal artillery on a scale bigger than ever," the newspaper said.

Army headquarters in Ottawa indicated last night that coastal artillery units of the reserve force are to be expanded on both the Pacific and Atlantic coasts.

## Atlanta Journal To Support President

ATLANTA, Oct. 26. (AP)—The Atlanta Journal today announced editorially it would support President Truman as the Democratic party's nominee.

The newspaper said it felt "the place for Democrats is in the Democratic party, not in a grudging apostasy to strange goals and false principles."

"Their place," the paper continued, "is in the house of their fathers and themselves where their voices may be heard in council."

The newspaper's editorial described the States Rights Democrats as "bolters," and added, "they couldn't have their way in convention so they quit in rebellion."

# Dulles Accuses Reds Of World Aggression; Israel Debate Halted

## U.S. Delegate Links Greek Question Before Council With Soviet Revolution

PARIS, Oct. 26. (AP)—The American President of the United Nations Security Council angrily rebuffed debate on Palestine today. He closed the session with a statement that the council could not be lashed into action by Arab charges of bias.

Warren Austin, the U.S. delegate, spoke up sharply to close the debate until Thursday at 10:30 A.M. after Mahmud Bey Fawzi of Egypt pressed for immediate council action.

The council was called into the emergency session to hear an Egyptian charge that Israel is violating a cease-fire order on the Negev front in Southern Palestine.

Fawzi said Egypt had accepted the Security Council's work schedule but he said the council should be kept in session until the fighting there was continuing.

What is the Security Council going to do about the continued fighting? he demanded impatiently.

Earlier, Paris El Khoury of Syria told the council that a second effort to force Arab charges of bias was continuing.

Austin said "This is a matter which should be decided by the council and not by the Arab charges of bias."

Outside the council, an informed British source said stern United Nations action to secure peace in Palestine is "in the back of many delegates' minds."

Some delegations, he said, are considering action under Chapter 7 of the U.N. charter. This involves measures for international economic sanctions or even military action.

Egypt also charged that Israel violated the Middle East armistice.

"They (the state of Israel) have obtained a considerable quantity of arms and equipment," Ahmed (Continued on Page Three)

## 310 Millions Are Lent To Britain At 2 1/2 Percent

WASHINGTON, Oct. 26. (AP)—The Economic Cooperation Administration today loaned \$310,000,000 to Britain. The money is to be used for purchase of industrial machinery, equipment and materials as part of the European recovery effort.

The agreement was signed by American and British officials at the Export-Import Bank of Washington, which administers ECA loans.

It calls for interest at 2 1/2 percent a year payable semi-annually starting in 1952. Britain is obligated to begin repaying the loan in 1956 in semi-annual installments.

The sum represents the amount of Marshall Plan aid which is available to Britain on a loan basis in the first nine months of ECA operations in other words until the end of this year.

It is the first major credit granted under the recovery program, although negotiations on (Continued on Page Three)

## Warren Austin Halts Talks On Problem After Arabs Make Charges Of Bias

PARIS, Oct. 26. (AP)—John Foster Dulles told the U.N. political committee today that Russian action before the world peace agency was part of "a general effort to extend the power of Soviet Communism throughout the world."

The American delegate spoke as Small Powers of the Security Council renewed their efforts to mediate the Berlin blockade crisis after Russia's veto of a compromise offered by six smaller powers.

Dulles, foreign affairs advisor to Governor Thomas E. Dewey, Republican presidential candidate, said international Communism is working for a world revolution through "force, coercion and terrorism."

He linked the Greek question, which is before the General Assembly, and the Berlin deadlock, before the Security Council, as parts of the Russian plan to dominate the world through Communism's spread.

Dulles said he was presenting a resolution to send the U.N. special commission on the Balkans (UNSCOB) back to work for another (Continued on Page Three)

City Attorney Fred Wilson was instructed to prepare an ordinance for Sanford to adopt the Southern Standard Building Code as formulated by the Southern Building Code Congress. The proposed measure will be submitted to local architects and engineers for their approval, with the request that they reply within 10 days regarding the ordinance.

The bid of Mrs. Mary Strong, to furnish 35 magazines and periodicals to the Sanford Public Library, was accepted. Purchase (Continued on Page Three)

A reward of \$10 was offered today by the Committee for Two Party Government for information leading to the arrest and conviction of the person or persons who stole the 4 by 12 foot sign advertising M.
