## She's In Your Hands

Today my daughter, who is seven years old, started to school as usual. She wore a dark blue dress with a white collar. She had on black shoes and wore blue gloves. Her cocker spaniel, whose name is "Coot," sat on the front porch and whined his canine belief in the folly of education as she waved goodbye and started off to the hall of learning.

This afternoon we talked about school. She told me about the girls who sits in front of her, the girl with yellow curls, and the boy across the aisle who makes funny faces. She told me about her teacher, who has eyes in the back of her head, and the trees in the school yard, and about the big girl who doesn't believe in Santa Claus. We talked about a lot of things—tremendously vital, unimportant things, and then we studied spelling, reading, arithmetic—and then to bed.

She's back there now—back in the nursery sound asleep, with "Princess Elizabeth" (that's her doll) cuddled in her right arm.

You guys wouldn't hurt her, would you? You see, I'm her Daddy. When her doll is broken or her finger is cut or her head gets bumped, I can fix it—but when she starts to school, when she walks across the street, then she's in your hands.

She's a nice kid. She can run like a deer and dart about like a chipmunk. She likes to ride horses and swim and hike with me on Sunday afternoon. But I can't be with her all the time; I have to work to pay for her clothes and education. So please help me look out for her. Please drive slowly past schools and intersections—please remember that children run from behind parked cars.

Please don't run over my little girl.

### Bulletin

County Commission today approved an additional \$30,000 in its tentative budget for a new county home. This will be added to the \$13,000 already raised to make a total of \$125,000 in the capital improvement fund for this purpose. Commissioner John Fitzpatrick reported after a Tallahassee conference a county home could not be constructed for \$75,000.

Chairman J. C. Hutchison reported that with other budget increases, including one from \$12,000 to \$20,000 for the chamber of commerce, it may be necessary for the county to increase its tax millage one-third mill to six and one-third mills total.

TERRELL AND DERRELL ERVIN wear paper head bands with their names for faculty and fellow students to tell them apart at Southside School. The six-year-old twins today entered the first grade class of Miss Zillah Welsh, who commenced her 41st year as a Southside teacher. Terrell and Derrell are sons of Mr. and Mrs. Joseph A. Ervin, of Summerlin Avenue. (Herald staff photo by Bill Vincent Jr.)

## School Board May Ask U. S. To Intervene

TUSKEGEE, Ala. (UPI)—Alabama state troopers on duty here to keep an all-white school closed to prevent integration began pulling out shortly after 1:15 p. m. EDT. (11:15 a. m. CST) today. A spokesman said they were enroute to Birmingham where white schools are scheduled to be integrated Wednesday.

TUSKEGEE, Ala. (UPI)—A stern force of more than 200 state troopers turned students and teachers away from a closed school today and gave Gov. George Wallace a first-round victory in his new battle to keep Alabama public schools segregated.

But the little governor faced opposition from local school and government authorities in this predominantly Negro town. They promised to go to federal court if the troopers were not removed within a week.

Macon (Tuskegee) County Solicitor Broward Segrest accused Wallace of "invading" the county with state troops to prevent "peaceful integration." Segrest vowed to seek federal relief if Wallace doesn't let local rule prevail.

Wallace closed Tuskegee High School Monday shortly before 13 Negroes were scheduled to enroll at the traditional Labor Day opening of school.

He sent 107 state troopers here to back up his surprise closure order and dispatched additional forces when the county school board defied his order and kept the school open.

The troopers surrounded the block-square school and kept watch all through the night. Col. Al Lingo, commander of the state police, supervised the lines on horseback this morning.

## Holiday Death Toll At 676; 535 In Traffic

By United Press International

The Labor Day weekend exceeded the second worst summer holiday in history for traffic carnage and safety officials feared today the final total would surpass that of the recent Independence Day record.

The traffic toll for the 78 hours exceeded the \$25 killed in the 102-hour Memorial Day weekend this year, a record for a summer holiday until the grisly four-day Independence Day weekend two months ago when 858 persons lost their lives in traffic accidents.

The National Safety Council projected a final total of about 675 traffic deaths.

By 9:30 a. m. EDT United Press International counted at least 535 persons dead in traffic accidents during the holiday.

The breakdown:

Traffic	535
Drownings	45
Boating	6
Planes	6
Miscellaneous	64
Total	676

## Condition Of Youth Critical

An Orlando youth continued in "critical condition" today suffering from injuries received in an automobile crash in which another boy was killed Monday on Interstate 6 near Delray.

Orange Memorial Hospital attaches reported this morning that Bill Pirolo, 15, of Orlando, continued in "critical condition" with head injuries.

Dead on arrival at Seminole Memorial Hospital was Randy Houchins, 15-year-old son of Mr. and Mrs. Henry T. Houchins, 217 East Muriel Avenue, Orlando.

Also injured in the crash were Gerald McClintock, 16, Billy Davenport, 16, and Dale Vickers, 15, all of Orlando. McClintock, the driver, is in "fair condition" at Orange Memorial Hospital. The other two boys were treated and released.

Trooper J. S. Wolf said apparently McClintock lost control of the car while traveling at high speed. The car ran off the road, rolled and came to a stop on its top on the highway. The accident occurred at 11 a. m. immediately north of the Delray interchange.

## Politics Behind Wallace Move

MONTGOMERY, Ala. (UPI)—Gov. George C. Wallace saw his open defiance of federal integration orders for the second time in three months today as a springboard for entering a few presidential primaries next year.

Wallace had no serious illusions that he could win the presidency but sources closest to the segregationist governor said he felt he could draw thousands of "protest" votes against President Kennedy if he entered some 1964 primaries.

His likely targets would be Maryland, Ohio and Indiana. Since June, when the governor made good a campaign pledge to "stand in the schoolhouse door" at the University of Alabama in an attempt to block the enrollment of two Negroes, Wallace has received thousands of letters from many parts of the country praising his stand.

## Enrollment Up, Milwee Reports

Public school enrollment today was showing an increase over opening day last year, according to Sept. 2, Milwaukee.

"Reports this morning from all schools," he stated, "indicate an increase in enrollment will be shown when all reports and figures are tabulated this afternoon."

Milwee also pointed out that influx of winter visitors and migrant workers will also show the usual increase in November, December and January, probably swelling the school population to near 15,000.

"All reports show that school operations got off to a smooth start," the school superintendent said.

In spite of a statewide school move to bring about lower milk prices by serving fruit juices, Seminole County schools were serving milk under negotiations to be completed by the School Board Sept. 10.

Private and parochial schools also said early reports indicate an increase in their enrollments.

## Casselberry Vote On Charter Slated

By Jane Casselberry

The new proposed charter for the Town of Casselberry comes before the voters at a special election this Thursday and an appeal has been issued by Mayor Fred G. Heath and other city officials to all registered voters of the community to come out and vote.

Polls will be open at the municipal building from 7 a. m. to 7 p. m.

A public meeting will be held at the municipal building on Wednesday at 7:30 p. m. to purge the registration books.

Mayor Heath emphasized the importance of each voter since 51 per cent of the registered voters must favor the new charter for its adoption.

He urged residents to vote in favor of the charter as the first step in providing for future governing bodies of the town, modern methods which can be applied to an expanding modern town.

Edward A. Lunn, chairman of the Board of Aldermen, stated, "To operate a town the size of Casselberry, a legal set of rules is necessary and I believe the proposed charter is a very good instrument in that respect. I hope no one votes against this charter, because they oppose one part. Any part of this charter can be changed at a referendum vote."

Arthur N. Lego, chairman of the committee which drew up the document, says that it does three things which are a must for sound government:

- 1.) It defines in more detail the duties and offices of the town, separating or combining functions where necessary for more efficiency.
- 2.) Establishes a budget system to control the monies of the town. A system whereby we can plan for the future wisely and economically.
- 3.) It safeguards you and me from being overburdened with taxes which we do not need nor do not favor.

The new charter has been reviewed by residents, the State Legislature, and the state's attorney general. All made their criticisms and suggestions which had their effect on the charter.

Hubbard Casselberry, founder of the town who has seen it grow to the second largest in the county, says: "Your vote of 'yes' on Sept. 3 will give your elected officials the ability to keep your town growing with better services and facilities without the necessity of realty taxes."

Former mayor, Joseph L. Lunn, said: "I hope the charter will be adopted by an overwhelming majority. The present charter which the town is operating under, is so vague and limited in its provisions that the town government cannot be operated properly."

## South Carolina Mix Peaceful

CHARLESTON, S. C. (UPI)—Negro students attended public school classes with whites for the first time today in South Carolina.

Two high and two elementary schools opened their doors to 11 Negroes and hundreds of whites in a peaceful start of desegregation marked only by a few catcalls directed at the photographers covering the event.

Elsewhere in the South, two white high schools in Savannah admitted Negroes without incident in the first secondary school integration in Georgia outside Atlanta.

Integration spread quickly in other parts of the South.

There were no incidents reported.

## County Reinstates Home Agent's Pay

The county's share of the salary of Miss Myrtle Wilson, county home demonstration agent, was reinstated in its tentative budget by County Commissioners in special session this morning.

Commissioner took under advisement some budget changes requested by County Agent Cecil Tucker.

In all, a number of budget changes were made to allow for Miss Wilson's salary.

The budget will be aired in public hearing by the Commission at next Tuesday's regular session.

Discussion also was held but no decision reached on the proposed \$25,000 courthouse annex at Casselberry.

Chairman J. C. Hutchison read a letter from the Junior Chamber of Commerce concerning rabies shots.

## 10 Vigilantes In Fly Over

Ten Vigilantes were slated to fly over Sanford at 1 p. m. today as the first element of Heavy Attack Squadron 7's homecoming from seven months of duty in the Mediterranean.

Cdr. Leroy Heath, squadron commander, was to lead his group in this afternoon from the USS Enterprise, which is due to dock Wednesday at Norfolk, Va.

Navy and civic officials, families and friends of the squadron members were to be on hand to greet the fliers on their arrival.

Flights for supporting members of the squadron will arrive at 5:15, 6:30 and 7:30 p. m. Wednesday and 2 and 3 a. m. Thursday.

Wives and families of supporting members may telephone after 7 p. m. tonight at any of the following numbers to learn when their respective fliers will arrive on the airfield: FAirfax 2-0318, 2-5379, 2-7158 and 2-8252.

## North Orlando Cancels Meeting

The North Orlando Village Council today canceled a meeting scheduled for Wednesday night for the purpose of hearing second readings on the proposed utility tax ordinance and on the ordinance creating a 30-year franchise with Suburban Propane Gas Company.

It is expected that the readings will take place at the regular September meeting of the council which has been set for next Tuesday at 7:30 p. m. in the Civic Building at the Village Recreation Area.

## Sea Shots May Be Of Thresher

WASHINGTON (UPI)—The Navy said Monday the deep-diving bathyscaphe Trieste last week photographed debris that may have come from the sunken nuclear submarine Thresher.

The pictures were taken on the bottom of the Atlantic about 20 miles off the New England coast where Thresher sank April 10 with 129 men aboard.

VAH-7 AREA at Sanford Naval Air Station was all decorated this morning in preparation of the squadron's homecoming during the next three days. Pictured here are William Johnson, Douglas F. Purdy and Eldon Davenport shown placing a "welcome home" decoration for their buddies in the squadron.

It's a safe bet Mayor Tom McDonald will run for reelection as City Commissioner in the November election. "I haven't made up my mind definitely yet," His Honor said today.

It's also a safe bet the City Commission will approve the tentative budget as drafted by City Manager Pete Knowles.

It was learned only today that railroad union representative who addressed the Jaycees here a couple weeks ago had only high praise for The Herald. This newspaper previously had editorialized it has no quarrels with railroad management and rail unions, only want to see the trains keep rolling. And has endeavored to present both sides of the picture. This union man told the Jaycees The Herald was more fair in its news presentation of the situation than any other newspaper in the country. We gladly accept such plaudits.

## 'Ex-Red Spy' Tells Of His Work For Castro

MIAMI (UPI) — A self-styled "ex-Communist spy" said today that Castroite spies and terrorists outside of Cuba take their orders from Premier Fidel Castro's ambassadors to the United Nations and Brazil.

Fernando Fernandez Barrena's tape-recorded "confession" identified the Red Cuban spymasters as U. N. Ambassador Carlos Lechuga and Ambassador to Brazil Saul Ros Jr., a son of Fidel Castro's foreign minister.

Fernandez, who said he had been recruited as a propagandist-spy by a Cuban in Kansas City, said some of his reports were sent directly to Lechuga. In most cases, though, he said he reported to a Cuban "refugee" working for the Bowl Company of Nassau in the Bahamas.

Leaders of the refugee Christian Democratic Movement said they persuaded Fernandez to talk. They passed his confession on to the Miami office of the FBI, where the ex-spy was being questioned today.

An FBI spokesman declined comment on Fernandez' revelations.

Fernandez said the Castroites instructed him to try to persuade Cuban refugees in Miami to return home on the assumption that communism is in Cuba to stay.

He said he also was ordered to spy on refugees led by Manuel Artimo Bueso, who are believed to be preparing some kind of attack on Cuba from bases in Central America.

He also helped to organize a spy network in the Middle West, Fernandez said.

He said the Castroites are smuggling weapons to terrorists in Venezuela in fishing boats, in keeping with the Castro slogan "a submachine gun under every jacket."

He said Communist agents trained in Cuba are often landed along with the smuggled weapons.

Fernandez, who said he used the cover name Harry Fristo in his spywork, told refugees here he came to the United States in January, 1961, and was recruited as a spy about a year later.

He said the Cuban embassies in Mexico and Brazil provide agents in Latin America with money and false identity papers.

## Cow Palace To Be Registered

SAN FRANCISCO (UPI) — California Atty. Gen. Stanley Mosk has announced that the name of the Cow Palace, site of the 1961 Republican National Convention, will be registered by the state with the U. S. Patent Office because several eastern livestock pavilions have been using the name to describe their barns.

## 'Biggest Bargain' Offered Fans

The Seminole Boosters Club in conjunction with the athletic department of Seminole High School is sponsoring "the biggest bargain in Central Florida football," according to President O. L. Barks and Athletic Director Fred Ganas.

Ganas recently sent a letter to many Seminole supporters of last year offering a season pass for the family at a nominal cost. This would include admission for all the family to the five football games played at Memorial Stadium and other sports during the regular year played on the home grounds and for which admission is charged.

Out of the recent Boosters' meeting came the plan to meet a demand for reserved seats. This, according to the announcement would combine with the season pass a reserved section family pass for an added sum.

While new letters are going out to the mailing list at the high school office, Ganas pointed out that this bargain rate is not restricted to these families. He hopes that interest in the Seminoles of literally hundreds of football fans will prompt them to take advantage of this method of "avoiding a scramble at the gate."

Barks pointed out that holders of the season pass will not have to stand in line at the gate but will enter through a special "no wait" gate. With the reserve section

pass also, regardless of arrival time of the fan, he will have a seat in the special section that will be at or close to midfield.

Added to the attractive proposition, Ganas said that the new seats on the home side—this year it will be the east side of the field—will be 13 rows high and will give a wide selection of vantage points from which to witness the Warrior gridiron gladiators as "they whip their opponents into submission."

Since the opening game is with Titusville on Sept. 20, Ganas hopes that an early response will permit him to establish the number and location of the reserved seats soon.

## Two Arrested In Race Stunt

BIRMINGHAM, Ala. (UPI) — Authorities today held two white men who were arrested trying to hang an effigy of a Negro at a school scheduled to be integrated Wednesday.

The suspects were identified as Lloyd Colvin, 22, and Paul Breasseale, 21, of Birmingham. They were arrested at West End High School Saturday night. Charges of trespassing and disorderly conduct were filed against them.

## Johnson Visits Stockholm On Official Tour

STOCKHOLM (UPI) — Vice President Lyndon B. Johnson arrived today for the first stop on a 10,000-mile tour he hopes will tighten bonds between the United States and five north European nations.

Johnson, on an unprecedented visit by a high U. S. official to this nation, flew in from Washington after a brief stopover in Hyannis Port, Mass., to confer with President Kennedy at the summer White House.

Waiting for the vice president was a top Swedish delegation, led by Premier Tage Erlander and Foreign Minister Torsten Nilsson, parliamentary representatives lined up to greet Johnson and a military band played on the platform.

After three days in Sweden, the vice president will visit Norway, Denmark, Iceland, Finland and Danish-owned Greenland, the world's largest island.

He is the highest American official ever to visit these areas.

Johnson, accompanied by his wife, Lady Bird, and 10-year-old daughter, Lynda, will be entertained by King Gustaf Adolf VI at a luncheon at the royal summer palace of Soller during his visit.

The vice president also planned a round of discussions with Erlander and other members of the Swedish government.

## 'Don't Sign It'

WASHINGTON (UPI) — Rep. Cornelius E. Gallagher, D-N. J., said Sunday he had received a telegram from a constituent advising him not to sign "the Bill of Rights."

AMERICAN BEAUTIES — Dorcas Dara Campbell, right, bears a striking resemblance to the nation's First Lady, Jacqueline Kennedy. Miss Campbell is Miss Virginia of 1963 and will compete in this week's Miss America contest at Atlantic City.

## Court Of Honor Held For Troop

First Court of Honor for the newly chartered Scout Troop 507 of Grace Methodist Church was held at the church with Patrol Leader Jeff Cox receiving his first class badge and Patrol Leader Blair Kitner receiving second class.

Tenderfoot badges were presented to James Averett, Karl Rossman, Billy Shepard, Lamar Williams Jr., Tommy Hite, Robert Repp Jr., Francis Stewart, Frank Williams, Lane Ely, Jim Kennedy and Bill Kennedy.

The honor court ceremonies were under the direction of W. W. Tyre, Scoutmaster of Troop 31 of First Methodist Church and Scouts Jim Barks and Jim Lee presented the badges.

After receiving their badges, the Scouts then pinned miniature badges on their mothers.

Following opening ceremonies, the two patrols entertained the audience of parents and friends with skits.

Introduced to the group were the following committeemen: Buddy Williams, institutional representa-

tive; Bob Roffey, chairman; Russ Kitner, secretary-treasurer, and Donald Jackson, publicity and advancement.

The troop received its charter during the morning services last July 28.

Assistant Scoutmasters are John Fry Jr. and Lamar Williams.

Since their charter, the troop has taken a tour of Southern Bell Telephone building and held a bake sale.

On Aug. 28 the scouts camped out at the church and did their good deeds by weeding and working in the church yard.

Iron ore was reported in Minnesota as early as 1850.

LAWMAN—Walter E. Craig has taken office as new president of the American Bar Association.

## Test Ban Treaty Hit By Teller

WASHINGTON (UPI) — Dr. Edward Teller, chief opponent of the nuclear test ban treaty, believes the United States based its decision to sign the pact on a "false hope" of peace.

Teller said in a television interview Sunday the only way to preserve true world peace is for this country to remain militarily strong "as we have done."

He appeared on Meet The Press... NBC.

The nuclear physicist said the treaty would keep the United States from developing an effective anti-missile missile. He said "we desperately need to know the effect of a nuclear blast in the atmosphere" on U. S. radar defenses.

The treaty, which bars all nuclear tests except underground blasts, comes up on the Senate floor for ratification on Sept. 9. It was approved by the Senate Foreign Relations Committee, 16 to 1.

# Wallace Bows To U. S. On Birmingham Integration

## Troopers Sent But Not Used

BIRMINGHAM, Ala. (UPI) — Gov. George C. Wallace capitulated to the federal government for the second time in three months today and white public schools in Birmingham were desegregated for the first time in Alabama.

Two Negro students slipped through a back door at an elementary school in Birmingham and two other Negroes registered for classes at Mobile's largest high school without incident.

There was a brief flareup of violence in Birmingham but police quickly restored order.

Two men were arrested in a scuffle at one school here.

The integration in the two cities thus left Mississippi as the only state without integration in secondary schools.

Through it all, Wallace remained at the executive mansion in Montgomery—30 miles away—and while the schools were opening the governor was reported still in bed.

Wallace had sent nearly 200 state troopers into Birmingham Tuesday night to turn away the five Negroes who were to enter three white schools today. But the troopers made no appearance at any of the schools.

Last June, Wallace defiantly tried to stop two Negroes from entering the all-white University of Alabama. He backed down, however, when President Kennedy sent troops to enforce their enrollment.

He had pledged "segregation forever" in his inauguration address but today he did not lift a hand to try to halt the integration in Birmingham or Mobile.

## Pediatrics Ward Step Nearer As Big Show Ends

The new pediatrics ward at Seminole Memorial Hospital came a little closer to realization Tuesday night with the closing of the well-received Rotary Vaudeville Show and premier movie showing at the Ritz Theater.

Mayor Tom McDonald, past president of the Rotary Club and general chairman of the Pediatrics Ward Project, said today:

"This wonderful show has boosted our funds more than \$1,200 now toward our goal of \$5,000 to provide the furnishings for the pediatrics ward."

"From the comments heard, we feel that everyone enjoyed the talent show and the first rate movie and had the satisfaction of knowing they were helping toward a good cause, at the same time," he added.

Show chairman was Bob Crumley, ticket chairman was Mason Wharton and Bill Lovelace arranged for the use of the theater and the movie.

Adding to the "first-night" aura were the patting attendants and the Jolly, sunny clowns out in front of the theater who "recreated" showgoers into the building.

Spurred by witty master of ceremonies George Touhy, the succession of talented amateur performers, took the spotlight to sing, dance and clown to the hearty applause of a choice audience of over 400 "first-nighters."

Following a well-deserved round of applause was the first-nighting "Wayfarers" group, starring Jack Ivey, Louise Higginbotham and Jim Touhy.

Miss Patty Glenn Johnson was in her usual fine form, especially in the number "One Fine Day." She was accompanied by Miss Pam Jones.

A group of balladeers from the Sanford Junior High, led by Pete Stewart, and the band, directed by Pete Stewart, performed the symphony included Kathy Hinkley, Jim Dougherty and Jean Green.

Delightful Hawaiian ceremonial dances were presented by Gloria and Karen Green, with Karen coming back to bring down the house with her show-stopping Tahitian hula.

A fitting climax for the show was the hilarious Marching Men of the Moose, with their unique act which never fails to stop the show, as they march in with their huge hats and their funny looking "faces."

The entire project, including the land purchase and the runway construction, will cost \$1,644,000. But Congressman Herlong explained that "this is a 1963 project—Congress must authorize the program and then appropriate the money for it."

R. E. Porter sort of lates to see Thursday come and go... it will be the final work day for Dottie Austin as a reporter for The Herald. Then she takes over as the guiding hand of the Heart Association. "Smooth sailing, Dottie," as our local sailors say.

For those who are wondering where John Burton IV is, we hear he is enjoying the pleasures of Las Vegas, Nev. Better watch those one-arm bandits, John—they're murder. R. E. Porter knows—he's been there, too.

Chief Roy Williams said he "enjoyed a nice vacation but I'm happy to be back on the job." You mean, Chief, you need a rest from your rest?

North Orlando men who will be at home this Saturday are being invited to join members of the Civic Association for a "work day" to complete repairs on the Devon Avenue school bus shelter. Bring paint brushes and hammer.

Seminole County teenagers who want to join in Sunday's drive for ALSAC are reminded to contact area leaders. Mrs. Kay Gehr in Lake Mary for the Sanford area and Mrs. Vester Elgin in Longwood for the South Seminole area.

## State Warns Of Non-Compliance On New Taxes

TALLAHASSEE (UPI) — The Revenue Commission said Tuesday sales tax collections for July increased over 1962, but warned that some state businessmen are not complying with the expanded tax laws passed by the 1963 Legislature.

"It might appear that collections were not as complete as they might have been," Commission Director J. Ed Straughn said, "but it is quite natural that full compliance with the law will take several months."

Collections totaled \$16,383,421 for July, the first month of business under the expanded sales and use tax. This was up \$1.8 million from 1962.

"Compliance must be put into effect without delay," Straughn warned.

Collection for the fiscal year totaled \$32,476,152, up \$2 million from last year.

Gasoline tax collections for August totaled \$11,382,641, Straughn said.

Federal government's assumption of state powers, and the willingness of the states to permit that action, was attacked by State Sen. John Mathews, Jacksonville, before Sanford Kiwanis Club members at noon today at the Civic Center.

"It is time we restore respect for the state house and the court house," Mathews asserted, "instead of firing a shot to our Congress every time we hear something."

Senator Mathews was introduced by his fellow lawmaker, Sen. Mack N. Cleveland Jr.

Mathews, unannounced candidate for governor, said that "action of the 1963 Legislature was a starter in the state's reversing the trend of ignoring responsibilities it should hold in several fields, especially the field of education, the fiscal program and the field of outdoor recreation."

He emphasized the fiscal responsibility, especially pertaining to bond issues, and stated that "it hope the bond investigating committee will make a thorough study of the situation, such as bond sales

SEN. JOHN MATHEWS, of Jacksonville, unannounced candidate for governor, was photographed this morning with Sen. Mack N. Cleveland Jr.

## Mathews Calls For Action To Regain States' Rightful Power

Mathews traced what has happened in the past 60 years in the federal government's taking over state powers, and he hit at the state of Florida for refusing to solve this problem.

"The day of reckoning is here," he stated, explaining that "the federal government may take over financing higher education and recreation, as well as the fields of welfare and roads, or else the state must assume its responsibilities in this respect. The move could transcend every state function."

The lawmaker drew a contrast between the 1961 Legislature and "the 1963 Legislature." He contended that "if the 1963 Legislature had started to do something about our known problems, especially education, the 1963 Legislature could have done lots more at less cost."

Senator Mathews will go to Tallahassee Friday for a State Supreme Court hearing on his petition seeking a court ruling on his proposed campaign for governor. His question pertains to a 1963 Legislature enactment pertaining to the governor's salary. A lower court has ruled in Mathews' favor.

Mathews said that he included in his petition a statement for the court's information that "if the court rules in my favor I shall be a candidate for governor."

However, he added that he will not formally announce his candidacy until after the Senate impeachment trial of Pardo County Circuit Judge Richard Kelly. "I do not feel that I should announce now while sitting as judge and jury in this case."

Senators Mathews and Cleveland were accused that the Kelly trial, which opens Monday, could continue for 30 to 60 days Kelly already has been impeached by the State House of Representatives.

TAMPA (UPI) — The National Labor Relations Board (NLRB) today ordered General Telephone Co. of Florida to pay employees more than \$80,000 in back Christmas bonuses.

The NLRB said the company issued \$10 Christmas checks to each employe but decided to stop the practice in 1961, more than 30 years after it was started.

"We are persuaded that the checks were not mere gifts or gratuities, but were wages and could not be unilaterally discontinued without first being made subject to bargaining," the NLRB said.

Mrs. Dodge pointed out that girls will be received from all over the nation through religious channels, local and state welfare organizations and family courts. The residence-administration building will house 120 girls, plus key personnel, with complete facilities for medical, social, educational and religious guidance, Mrs. Dodge said.

"Girls' Town will soon start a nationwide fund-raising campaign to enlist the support of the American public for this worthwhile activity," Mrs. Dodge continued. "It is well to keep in mind that much has been done to help take care of boys in need of care, but very little has been done to help little girls and they need tender love and care just as much as boys."

Mrs. Dodge concluded:

"The officers and directors of Girls' Town, Inc. are Mrs. Dodge, president; Russell A. Firestone Jr., vice president; Mrs. Marjorie Hough, secretary; Edward C. Dawson, treasurer; and Clifford M. Hames, building trust fund director.

started to come true with the establishment of a haven for youngsters without families or those whose parents are not mentally, physically or morally able to care for them."

After a brief ceremony, attended by county and city officials, the builder, Bernard G. King, of Buffalo, N. Y., gave the signal to start the earth-moving equipment that will be used to build the first Girls' Town unit, a residence-administration building designed by John T. Watson, Winter Park architect.

Girls' Town was incorporated in April of 1950 as a nonprofit organization for the purpose of providing a "home" community for homeless girls of all faiths in need of help between the ages of 10 and 17," Mrs. Dodge said. Her dream, she added, "has now
