Incidentally the Yanks murdered the Browns twice, 15 to 1 and 12 to 3. The Brownies have not beaten the Yanks in 13 tries this place. According to reports from St. Louis, owner Phil Ball will rebuild the team entirely for next season, retaining only four players not including George Sisler. Another batting hero of the day was Joe Judge of Washington, who clouted eight hits as the Nats downed the White Sox twice, 5 to 1 and 6 to 5.

Aged 6 months Clicquot Club Ginger Alc

YOU find it—this aged, mellow softness—only in Clicquot Club Ginger Ale, and it is there because skill joins hands with Time in the making of this delightful beverage, creating the bouquet and aroma of a veritable vintage.

And what accounts for this haunting charm of flavor? The rare quality of pure, natural spring water that flows from its natural source to a modern, sunlit plant. The choiceness of the flavoring and sweetening ingredients, whose quality is higher than the highest government standards. And—most important of all—this careful process of aging.

With Clicquot Club, as with old wines, this aging releases hidden tones in the flavorings and wa permits their perfect blending into an exquisites bouquet. One sip, of either the full-flavored Golden or the delicate Pale Dry, reveals the difference that gives Clicquot Club its distinctiveness-that rich flavor no other ginger ale can match.

That is why the offering of Clicquot Club is a compliment to any guest; why its use with other beverages produces such satisfying results. To have it in your home; to order it at your club, hotel or restaurant; to insist on Clicquot Club everywhere, is to show appreciation of those

New York Fight Promoter To Return To Gotham Saturday For Rebuttal Argument FromManhattan's Followers

NEW YORK, July 28,-(INS)-The run around preceding the gesture of locating the second Dempsey-Tunney brawl took Tex Ricard to Chicago today where he will confer with a committee of business men appointed by Mayor! Thompson to snare the big fight for midwestern production.

Tex wift be back Saturday to listen to rebuttal testimony from New York "interests" which are presumably strongly opposed to this "back to the soil" movement. The proposition to stage the battle for a second time in the sesquicentennial stadium seems to be cold. Apparently Philadelphia is out of the running.

The Chicago inducements no doubt will be impressively presented to Rickard. Here and there a voice has been raised against lending the soldiers memorial stadium there to a brutal prize fight in which one of the principals has game 11 innings. no war record but Chicago, as a community, would like to see one of Mr. Rickard's leather carnivals.

The patriots who are epposing Dempsey on old issues may be appeased by the prospect of Mr. Tunney, a soldier and a gentleman. doing away with the uncouth Mr. Dempsey for all time.

At this moment Chicago seems to be the favored spot. It is under stood that George Getz, chairman of the windy city go-getters, is prepared to offer Rickard the support of 700 corn-fed millionaires.

That may decide it. Mr. Rickard is very proud of his 600 New-York Millionaires who rally to his box offices in all important fights here but the item of one numered more millionaires on the Chicago

end may count heavily with him. He may even combine the two sets of millionaires by holding the fight in Chicago and showing up the western millionaires by having his original six hundred millionaires attend the fight in a bejeweled body, making the trip on a gold plated train.

Chicago has never sent any official army of plutocrats to any New York fight,

In that way Tex could get the money and show up Chicago at the same time. An expedition of a thousand miles with incidental expenses is easily managed by a mil- Miami lionaire.

New York's great army of poor, who can afford nothing better than \$5 or \$10 sents, resent Ric ard's threat to run out. The consider his retreat to Chicago rank discrimination for they ca not afford the trip. The on compromise possible is for Texdouble the prices charged for De psey and Sharkey and stay rig here to accommodate the poor.
