If Ben Franklin were around today, he'd be amazed at what's happened to some of the things he innovated. His fire insurance idea, for instance, has mushroomed into thousands of companies protecting millions of Americans. His adventure with lightning has helped create myriads of electrical servants that make life easier and more fun. And tens of millions of American families live by his principle of thrift, and save by investing regularly in U. S. Savings Bonds. At maturity Bonds pay \$25.00 for every \$18.75 you invest. Or, as Mr. Franklin might have said & "1,875 pennies saved is 2,500 pennies earned."

One Man Looks At The World ...

. . . and it makes him sick! Another looks at the world and his heart stirs with hope. The first has seen only the world itself . . . full of evil, injustice, ugliness,

The second has seen more than the world. He has seen God . . . Who is not content with the world as it is . . . Who offers men the spiritual tools with which to change their earthly environment . . . Who promises divine help and lasting

For the man who is tired of scowling at life the Church has a message . . . and a mission.

ALL FOR THE CHURCH The Church is the greatest factor on earth for the building of charac house of spiritual values. Without strong Church, neither democranor civilization can survive. Ther are four sound reasons why every person should attend services regu larly and support the Church. Th of his community and nation.

THE CHURCH FOR ALL ...

his children's sake. (3) For the sak For the make of the Church its support. Plan to go to church regularly and read your Bible daily.
