By LARRY VERSHEL I HAD A DREAM THE OTHER NIGHT THAT...

City started tearing down all the buildings from the lake to First Street, including City Hall and City Jail and a new Sanford was born.

A PHONE CONSERVATION Lady—Mr. Vershel? LY—Yes, . . .

Nobody asked me but one of the few bright new spots on First Street is A.K. Shoemaker Jr.'s Town 'N' Lake Apartments.

Did you know that it won't be long before the Defense Department starts their study (\$30,000) on uses for the Naval Air Station—The keynote is an industrial park and public airport.

I wonder where I got the idea that the Road and Bridge Fund Budget was cut. Actually it's \$40,000 more. . . The only thing was a drop in the millage.

Why couldn't that twister or tornado hit the Osteen Bridge instead of Sanford Bank Works . . . Even an "Act of God" can't get rid of that relic.

Some 250 persons are expected to be at the Civic Center luncheon honoring Capt. Chandler Swanson.

One Third Of County School-Bound

One-third of the population of Seminole County will begin, or continue the process of education next week.

When Seminole County's 28 public and private schools open Monday, followed by six more private schools on Sept. 6, nearly 21,000 students and nearly 1,000 teachers, will fill hundreds of classrooms, night and day.

Seminole Junior College, the county's first institution of higher learning will open its doors to more than 650 students for the first time Monday morning.

In addition, 22 county public schools in grades one through 12 and four private and parochial schools will add nearly 10,000 more students to the daily attendance records.

Private schools include Forest Lake Academy, All Saints, St. Mary Magdalen and Bishop Moore High School. (This Orange County school is attended by Catholic high school youth of the county.)

On Sept. 6, Seminole County's new practical nurse school, across the street from Seminole Memorial Hospital, Sanford Naval Academy, Christian Day School in Maitland and St. Luke's Day School in Slavia will add 500 more students to the rolls.

In addition, adult night classes in many academic and vocational-technical fields will open again, with hundreds more persons in attendance.

Hospital Mum On Medicare

"No further comment" on the Medicare situation at Seminole Memorial Hospital was forthcoming today from A. B. Peterson Sr., chairman of the board of trustees.

Legislators Rap Move To Extend Gambling

Despite the report that Florida could realize \$50 million a year in taxes from creation of a state sweepstakes, both Rep. S. J. Davis, Jr. and Rep-nominee Tom McDonald of Seminole County stated firm opposition to "any extension of legalized gambling in the state."

The question of a state sweepstakes to raise needed revenues is being studied by a legislative subcommittee of the Tax Reform Commission.

San. Ben Hill Griffin of Frostproof recently led the subcommittee to New Hampshire for a look at New Hampshire's lottery.

When queried by The Herald today Davis declared, "I would actively oppose the creation of a sweepstakes in the state of Florida for the purpose of raising tax revenues."

"The government of our state should not be supported from revenues from gambling," he insisted.

U. S. Jets 'Napalm' GIs

SAIGON, South Viet Nam (AP) — Two U.S. Air Force Super Sabre jet fighters dropped fiery napalm by error today on soldiers of the U.S. 1st Infantry Division fighting a savage jungle battle against 500 Viet Cong only 20 miles north of Saigon. The accidental strike took a heavy toll of infantrymen. Some reports said seven Americans were killed and more than 20 wounded.

Maj. Gen. William E. De Puy, division commander, flew to Saigon to give newsmen an account of the bombing.

De Puy absolved the Air Force of blame for what he called "this unfortunate napalming of our own troops."

He said the infantrymen called in air strikes "very close" to their own positions, but "we did not ask for napalm on our own troops."

De Puy said, "It was a rough battle in which we killed more of them than they killed of us, but not as many as we would have liked to have killed."

As of now, we have 53 VC (Viet Cong) dead and 100 wounded. De Puy said the enemy toll would mount as his men pushed through the jungle area and found bodies of Viet Cong killed by repeated air assaults and artillery barrages.

De Puy said the napalm was dropped only five minutes after a fight between men of the division — the Big Red One and elements of the crack Viet Cong Battalion.

It occurred north of Lai Khe near north-south Highway 19 where three battalions of the division pursued the Communists who had engaged the American infantrymen in a bloody fight through the day Thursday.

The enemy unit was identified as the "Phu Loi Battalion," reputed to be one of the toughest Viet Cong outfits in the field.

Severe losses were reported on both sides as a result of the fighting but no official figures were disclosed. At one point on the battlefield, 45 Viet Cong bodies were counted. Lt. Col. George M. Wallace, of Charlottesville, Va., commander of one of the battalions involved, said the Communists had been severely punished.

Among the American dead were a battalion commander and two company commanders.

The U.S. forces were backed up by artillery and heavy tanks in addition to air power.

The heavy fighting tapered off at nightfall, but the Americans pressed a search for the enemy today.

In the air war on Communist North Viet Nam, U.S. warplanes followed up their record strikes Wednesday by supply and transport facilities with renewed attacks Thursday, the U.S. Military Command reported.

A spokesman said Navy A-1H Skyhawks from the carrier USS Constellation hit oil facilities 30 miles northeast of Vinh. Pilots reported large secondary explosions and saw one fireball about 150 feet in diameter.

Railroad Strike Hits Canada

OTTAWA (AP) — A nationwide railway strike in Canada began today as company and union negotiators returned to the bargaining table with no hope of averting the stoppage. First to walk out were workers at St. John's, Nfld.

"There is no settlement," R. C. Smith, head of the International Nonoperating Unions, told reporters after a session with railway representatives at the Ottawa National Railways and Labor Relations Commission.

Representatives of the four unions, whose membership totals 116,000, met with the two labor executives.

The unions, whose members average \$2.25 an hour, have asked for a 36 per cent increase.

Separate bargaining sessions were held by the unions with Vice President W.T. Wilson of the government-owned Canadian Pacific.

Tampam Charged In Three Deaths

COLUMBUS, Ga. (AP)—Pfc. Edmund Strother Sobel III, 19, of Tampa, Fla., was charged today with involuntary manslaughter charges stemming from the deaths of three children.

The charges grew out of the Aug. 15 traffic deaths of Marilyn Wade, 6; Joel Wade, 5; and Melvin Wade, 4, on the P. H. Benning reservation.

The victims' mother, Mrs. Benny Wade, 31, of Columbus, and two other children, Arlen, 12, and Leslie, 7, also were injured in the crash. They were released from a hospital.

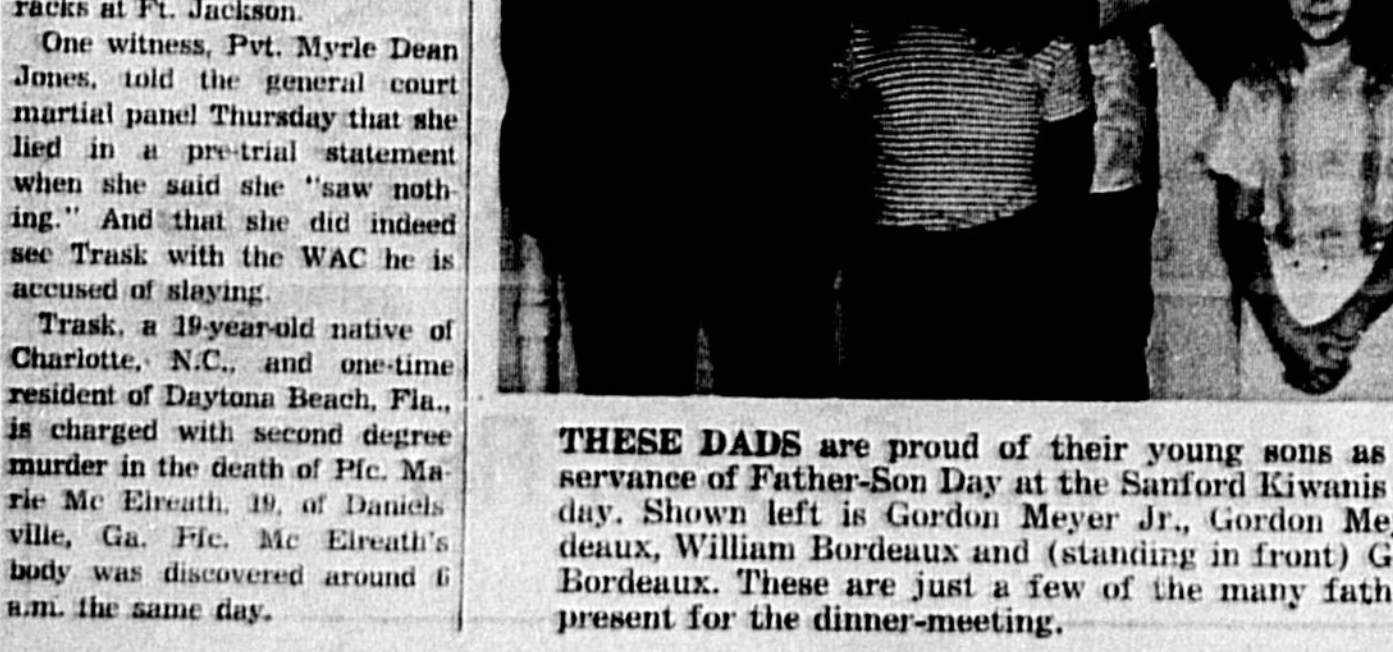

All were riding in a car driven by Sgt. Mrs. Wade's late husband, Sgt. Leslie Wade, who was killed in a car crash at Dawson, Ga., last year.

Daytonan Linked With Killed WAC

COLUMBIA, S.C. (AP)—Prosecution witnesses say they saw Pvt. Vernon L. Trask with the young WAC in an accused of strangling to death less than five hours before her body was discovered beneath an Army barracks at Ft. Jackson.

One witness, Sgt. Marie Dean Jones, told the general court martial panel Thursday that she died in a pre-trial statement when she said she "saw nothing." And that she did indeed see Trask with the WAC he is accused of slaying.

Trask, a 23-year-old native of Charlotte, N.C., and one-time resident of Daytona Beach, Fla., is charged with second degree murder in the death of Pfc. Marie Dean Jones, 19, of Jacksonville, Va., who was killed in a car crash at Dawson, Ga., last year.

Spurned Lover Slays Five

NEW HAVEN, Conn. (AP) — A woman, who had watched from her window as the killer left the apartment, said she was a co-spy and seemed in no hurry to get away.

"He just walked along, swinging that gun with one hand," she said Monday.

Moments later, she said, a boy who had survived the blood-bath ran from the apartment screaming, "Somebody please help me! Please help me! They're all dead!"

Besides Mrs. McCleese, 51, those slain were all friends of her family: Neil White, 55, of Dover, N.C.; Richard Leathers, 27, of New Haven; and Caroline Sykes, 24, and her son, Michael, 5, also of New Haven.

One of Mrs. McCleese's daughters, Francine, 14, suffered a stomach wound and was reported in critical condition. Troy Sykes, 4, son of Mrs. Sykes, was wounded in the chin but was reported in satisfactory condition.

The only persons in the apartment to come through the ordeal unscathed were one of Mrs. McCleese's daughters, Leatrice McCleese, 26, and Royal McCleese, 12.

The survivors said Davis had been demanding for days to know the whereabouts of his former girl friend, another of Mrs. McCleese's daughters, Gloria Baskerville.

After breaking up with Davis, they said, Mrs. Baskerville moved to Boston, but this information was kept from Davis.

Boston police, alerted to the slayings, put a force of officers there.

Area Deaths

CANDACE H. KNIGHT, 78, of 1804 Lake Avenue, Sanford, died Thursday in Seminole Memorial Hospital.

A resident of Sanford for the past 58 years, she came here from Georgia. She was a Methodist.

Survivors are sons, Charles M. of Jessup, Ga., Alston O. of Sanford, Sanford M. of Belle Glade, and Wiley A. Jr., of Hanahan, S. C.; two daughters, Mrs. S. A. Murphy and Mrs. Thelma K. Butler, both of Sanford; 12 grandchildren and eight great-grandchildren.

Arrangements are under direction of Gramkow Funeral Home.

Minor Accident

A minor accident at Fifth Street and P. H. Benning resulted in a small amount of damage to vehicles involved and no injuries. Both cars were driving north on French Avenue when Edward H. Casey, Sanford, slowed down and was struck in the rear by William J. Fox, NAs, Sanford, who was driving north on French Avenue.

No charges were made by the Sanford City Police Department.

Poverty War Gets \$2.05 Billions

WASHINGTON (AP) — The Senate Manpower subcommittee has approved a \$2.05-billion authorization bill to continue the nation's anti-poverty program for a third year.

The measure, as approved by the subcommittee, contained \$1.75 billion for the Head Start program. The other \$250 million would be used for the employment of subprofessional personnel in health, education and public service fields.

Campaigning Interfering With Business

WASHINGTON (AP) — Political campaigning is beginning to interfere with congressional business as the House and Senate send their respective ways an adjournment still weeks off.

Despite Senate Republican Leader Everett M. Dirksen's contention that many members don't want to go home and discuss controversial issues with the voters, increasing numbers are going home to campaign.

Many major issues remain before the two houses, however, and few congressional leaders anticipate adjournment much before mid-October.

For months many congressmen — especially the large batch of House freshmen — have been going home to campaign every weekend. Now they are beginning to extend their stays in the midweek sessions, they step up the pace for remaining primaries and the Nov. 8 general election.

The House is meeting Tuesday closed 76 House members not answering when their names were called. Some 52 members missed a key roll call on a possible Reserve callup Thursday.

And a mass exodus today was the major reason House leaders put off until next week the remainder of the debate on the administration's proposal to create a Cabinet-level department.

The House is meeting today, but only to consider conference reports on an urban mass transit bill and a measure to pump money into the home mortgage market.

The transportation department bill, which was crowded through the House by a long debate over calling up some Reserves and other aspects of the defense money bill, normally would be resumed Tuesday. The civil rights bill was debated on Fridays during the three weeks it was before the House.

But key congressmen including Rep. Chet Holifield, D-Calif., the bill's floor manager, and Sen. Democratic Leader Carl Albert of Oklahoma, planned to accompany President Johnson today on a "nonpolitical" trip to Oklahoma, Colorado and Idaho.

The transportation bill which still is languishing in the Senate Government Operations Committee is the last of key administration proposals to come before the House.

Others include elementary and secondary education, anti-poverty, water pollution, demonstration cities and packaging bills. But it still must consider five appropriations bills plus a number of House-passed measures — higher education, food for freedom and civil rights — as well as the minimum wage increase now being debated.

The Senate has even more catching up to do. It has approved the water pollution, demonstration cities and packaging bills. But it still must consider five appropriations bills plus a number of House-passed measures — higher education, food for freedom and civil rights — as well as the minimum wage increase now being debated.

99 Grandchildren ... More On The Way

WHITE BEAR LAKE, Minn. — Charles Halonen likes to see his grandchildren. But not all of his 99 grandchildren live at White Bear Lake, Minn., one at Detroit, Mich., and one at San Diego, Calif.

Halonen and his wife, Anna, have 99 living grandchildren between them, and expect to have four more before he turns 65 next March 11.

"You certainly like to see them," he says, "but after a few days you like to see them go home too."

The native of Finland has seven sons and seven daughters. He counts 87 grandchildren — 25 were born to 19 years — descended from his first wife, who died in 1930. Two others died in infancy. Halonen's second wife, Anna, whom he married in 1954, has 12 grandchildren.

One of Halonen's daughters has a dozen children, another 11 and two more have 10 apiece.

"We left it entirely up to the will of God," says Halonen, a member of the Finnish Apostolic Lutheran Church. "We never planned anything. We took what God gave us."

Birth control, he believes, is a sinful practice in a world that is "getting more sinful every day."

Nor do the Halonens believe in the usual gift-giving by grandparents on Christmas and birthdays.

Trained Secretaries Needed

One of the greatest needs of Seminole County business firms is for qualified, trained secretaries who can operate business machines, type, and have good penmanship.

Many major issues remain before the two houses, however, and few congressional leaders anticipate adjournment much before mid-October.

For months many congressmen — especially the large batch of House freshmen — have been going home to campaign every weekend. Now they are beginning to extend their stays in the midweek sessions, they step up the pace for remaining primaries and the Nov. 8 general election.

Teenagers Galore Tying The Knot

JACKSONVILLE — Half the women marrying last year for the first time were teenagers, the State Board of Health reports. This was an 11 per cent increase over 1955.

Only 18 per cent of the men married last year were teenagers compared with 13 per cent in 1955.

The board said a survey of marriage statistics show that for the 10-year period, men who had never married were about three years older than women; that among previously divorced persons men were about five years older than women at remarriage.

Of a total of 49,239 marriages in 1955 — second only to the record of 53,012 in 1948 — 86 per cent were first marriages; 14 per cent involved divorced persons; and both parties had been widowed in 4 per cent of the marriages. Fourteen per cent of single persons of both sexes married divorced or widowed individuals.

There were 25,029 divorces recorded in 1955, the average of which ended six years of married life. However, 13 per cent of the couples had been married 20 years or more. Minor children were involved in 55 per cent of the divorces. Extreme cruelty (79 per cent) and desertion (17 per cent) were major legal causes of divorce. Only 28 per cent was contested. The wife was granted divorce in 68 per cent of the decrees.

Welfare Clients: Work Or Jail

NIAGARA FALLS, N.Y. (AP) — A 28-year-old welfare recipient was sentenced to 30 days in jail for refusing to go to work. Clarence Jones Jr. of Niagara Falls, was convicted in City Court on a charge of interfering with the administration of the Niagara County welfare department.

Welfare department officials said Jones was offered employment as a truck driver but claimed illness prevented him from accepting the job.

Execution of the sentence was deferred pending appeal. Jones was sentenced on \$250 bail. Last May, another Niagara Falls welfare recipient was sentenced to a 30-day jail term after he was convicted on the same charge. The man, Mose Pickett, 32, had refused to take a landscaping job.

Bus Safety Programs Given For Schools

By Mrs. H. L. JOHNSON
The year 1966 has been designated National Safety Year and to help make it a safe one where school children are concerned, the Seminole County Sheriff's Department is working with Herbert Muse, county school co-ordinator of transportation, buses and Deputy Wesley T. Place have been visiting six of the elementary schools in the county and presenting a safety program to the new first year pupils.

They recently visited Lake Monroe-Wilson School and gave a program for fifteen children. Deputy Place told the group, "Do not be afraid of a policeman, he will help you when you need him. Always walk on the side of the shoulder of the road facing your car and along the same way the cars are going. Do not stop with strangers. If one stops, look at the license tag and write down the number in the dirt when he drives away. And TELL someone about what happens."

"Wait at the bus stop three feet back from the road. Do not play or push. Cross the road, if you live on the other side, in front of the bus. Stay out far enough in front so that you can look up and see the driver through the windshield. Look both ways, then cross if nothing is coming."

Mrs. Rebecca Lamb, a Seminole County school bus driver, let the children board her bus and told them of some rules they would have to obey when riding a bus.

There Are Still A 'Few Honest' Men In World

"There are still a few honest men in the world," stated Captain Ben Butler, Sanford Police in a recent article. Tom Tyndall, Jr., of Sanford entered a pay phone station at Basa's Grocery, 2700 S. Sanford Ave., and discovered the change box open and filled with approximately \$28 in change. Tyndall immediately took the change to Sanford City Police Department and turned it over to the sergeant on duty.

Amateur Rocket Warning Issued

WASHINGTON (UPI) — Amateur rocket-launchers take heed: The rocket you fire may violate government regulations. The Federal Aviation Agency issued a statement recalling that rocket firings are prohibited in air space it controls. Firings within five miles of an airport, into clouds, or within 1,500 feet of structures, persons or property also are forbidden, it said.

Worker Injured

A construction worker received serious injuries yesterday when he fell from the roof of Hill's Improvement Co. Hardware Company, 218 S. Oak, while working on construction in progress there. Robert W. Conley, Lake Mary, who works with LeRoy Robb Construction Co., was rushed to Seminole Memorial Hospital and the extent of injuries has not yet been determined.

Patricia Stenstrom Feted At Party

In the charming early American setting of the Herbert Stenstrom home in Loch Arbor, Carolyn Stenstrom and daughter, Sharyn, entertained at a farewell party honoring Miss Patricia Stenstrom, daughter of Mr. and Mrs. Douglas Stenstrom.

Patricia, a '66 graduate of Seminole High School, will enter Florida State University next week as a commercial art major.

The refreshment table, covered in red damask, was centered with an arrangement of red and white mixed blossoms flanked by a pot-pourri of goodies attractively arranged on large trays.

Lively chatter was the order of the afternoon as the guests recalled their senior year and made big plans for their life on campus.

Invited guests were Mrs. Douglas Stenstrom, mother of the honoree, Laraine Klay, Stelany Westgate, Karen Vieters, Adrienne Epstein, Melissa Wilkins, Vicki McArdie, Sara Wight, Barbara Thomas, Cathy Westbrock and Meda Neiman.

Also Susan McCaskill, Mirello Griffith, Carolyn Walker, Gail Hoffmann, Carol Bessner, Cindy Mitchell, Vicki Boyd, Pam Mierewether, Linda Ashby and Janice Grant.

MISS PATRICIA STENSTROM, right, was honor guest at a farewell party Wednesday afternoon at the Herbert Stenstrom home in Loch Arbor. Miss Sharyn Stenstrom, left, assisted her mother, Carolyn Stenstrom, center, as co-hostess. (Herald Photo)

MISS SANDY SLAYTON, left, bride-elect of Richard Claggett, was guest of honor at a pre-nuptial fete Wednesday night at the home of Mrs. Boyd Coleman.

Pre-Nuptial Fete Given Miss Slayton

Mrs. Boyd Coleman and Mrs. Kent Bateman were co-hostesses Wednesday night at the fashionable Coleman home to a bridal shower complimenting Miss Sandy Slayton, bride-elect of Richard Claggett.

The hostesses presented the honoree with a corsage of pink sweetheart roses which enhanced her smart ensemble of silk knit, fashioned with a slim white skirt and black striped bodice.

A color scheme of pink, red and blue was carried out in the refreshments and decor.

Centering a round gift table in the living room, which was

overlaid with draped blue net, was a cleverly decorated "Pandora's Box," which provided the clues to the beautiful gift.

Pastel colors were used in the decorations, and on the lace-covered serving table were two white roses.

The guests participated in bridal games with the entire event being taped on a record.

Special guest was Mrs. William B. Slayton, mother of the bride, who, with 40 on the guest list, was playing the record back for the guests' hilarious enjoyment.

However, here and there is a breakthrough. The fact is that while there still may be a prejudice or two lingering in some dark corners, the real reason women have been confined to these areas has been their own choice, rather than the crushing force of a male-dominated society. For where women have PREPARED themselves for professional life to do it on their own terms, they have been welcomed.

Mathematics, for example, is an area where women are gaining a more important foothold.

However, here and there is a breakthrough. The fact is that while there still may be a prejudice or two lingering in some dark corners, the real reason women have been confined to these areas has been their own choice, rather than the crushing force of a male-dominated society.

Mathematics, for example, is an area where women are gaining a more important foothold.

McLain -- Tiger Gets Tough Again

By ASSOCIATED PRESS
The next time Lou Boudreau brings out his movie projector and subjects son-in-law Denny McLain to films of the 1948 playoff game for the pennant between Cleveland and Boston, the young Detroit hurler can produce a few reels of his own and demand equal time.

There are a couple of one-hitters McLain pitched in May and a pair of two-hitters, also from earlier in the season, but the Academy Award winner is Thursday's two-hit performance, complete with happy ending, an 8-0 Tiger victory over Chicago.

McLain's previous low-hit performances came when he was the toast of the league, the winning pitcher around. At the All-Star break, he was 13-4. But then he began taking his lumps.

It took Denny five tries to win his 14th and five more before he got number 15 Thursday. The fact that it came on such a sharp performance has to give McLain and the Tigers hope that he's ready to resume his leading-man role.

Boudreau on the other hand may find that his hours behind his projector are going to increase. As McLain explains it, whenever he and his wife, Sharyn, who is Boudreau's daughter, visit the former Indian shortstop, he finds himself watching Lou win the pennant for Cleveland with his brilliant play.

"I've seen that film once," said McLain. "I've seen it a thousand times. I'm just glad I didn't have to pitch that man. Boy, was he tough."

The Chicago batters were anything but tough Wednesday, though. Only Ken Berry, with a double in the fourth, and Jerry Adair, who beat out a single in the eighth, started hits. The Tigers, though, started hitting early. They got three runs in the first inning, two in the second and, to round things out, three more on a Dick McAuliffe homer in the fifth.

McLain, who struck out nine Thursday, is now 15-11 for the season. He walked just two batters and pitched his 11th complete game.

Jim Fregosi and Jay Johnson knocked in a pair of runs behind George Bruner's six-run homer for the Angels. It was Bruner's 12th homer of the season. Mel Stottlemyre, 1-15, was the loser.

Paul Blair's single in the 11th drove in the winning run after a throwing error by Cleveland reliever Luis Tiant had allowed runners to second and third. The Orioles tied the game in the bottom of the ninth when Curt Blewett hit his 19th homer off reliever Dick Radatz. Stu Miller threw four innings of impeccable relief for the Birds.

Joe Foy hit a two-run homer in the bottom of the ninth in the Red Sox's double victory.

Foy's homer came with two out of reliever Ken Sanders. Tony Conigliaro hit a two-run homer in the eighth inning. He allowed just eight hits in his first start with the Red Sox.

"I have long maintained that Graham McKeel, free of injuries and able to practice and play regularly, would become one of the best fullbacks Florida has ever had," says Graves. "He is an outstanding all-around back who runs, blocks and catches passes better than most folks."

McKeel will get plenty of competition, however, from two-year regular John Felber of Gainesville. Felber, 21, has been hampered by injury. Felber appears in excellent shape and has worked hard to have a good senior year.

In other games, Cocon and Daytona Beach split a doubleheader, with Cocon taking the Albany, Ga., senior Don Knapp of Pensacola, junior college transfer Carl Dunn of Knoxville, Tenn., and possibly sophomore Tom Christian, who will

When the Philadelphia Phillies talk about flukes, they don't mean the breakfast variety. Jackie Brandt, Philadelphia's journeyman outfielder, is the Phillies' own personal one-man show. He was one man too many for the Pittsburgh Pirates Thursday night.

Brandt drove in two runs with a single and double as the Phillies downed Pittsburgh 4-1 behind Jim Bunning's eight-hitter. The defeat dropped the Pirates into second place in the National League, one-half game behind the idle San Francisco Giants.

Garner Behind The Wheel

No Insurance At 140 M.P.H.

By MURRAY OLDERMAN
Sports Editor
Newspaper Enterprise Assn.
C. L. E. R. M. O. N. T. - F. R. A. N. D.
FRANCE - (N.E.A.) - Jim Garner was told as he crept the souped-up Mustang GT to a stop on the sharp curve of the Grand Prix course atop the Avenue de Forest.

Before him stood a French gentleman waving both arms. "Il est defendu de passer." "You couldn't have turned Garner on me by calling him Moverick (for his first name) name he tried to abandon with his television series seven years ago).

Neither Garner nor De Gaulle was going to get through before the cars were closed. The cameras were rolling on a bunch of low-slung Formula 1 cars and cars disguised to look like Formula 1 cars around the hairpin turns of the legitimate course where they hold the Grand Prix of France in alternate years.

So Jim, who's really an amiable guy out of Oklahoma and couldn't distinguish an accent sign from a multiple (that's a short skirt, huh), settled back to tell what the shooting was all about.

They're going all over Europe making this film called "Grand Prix" — taking in every Grand Prix event from Brands Hatch in England to Monza in Italy. And handsome Jim, the star of the opus along with Yves Montand and Eva Marie Saint, had to learn to look like the real McCoy.

"Nothing to it," he waved, meaning you, too, could become an auto racing driver. "I've had 'em up to 140 miles an hour."

Coach Blanton Collier said he is counting on Ryan to start the season in the backfield. He believes that Jim Ninoski, No. 2 quarterback, will pilot the club most of the game.

Houston plays at Kansas City, Boston is at San Diego and New York takes on Buffalo at Allentown, Pa., Saturday night and Oakland is at Denver Sunday in American League exhibitions.

Opposition Change Defense. The key to the Bears' offense has to be halfback Gale Sayers, rookie of the year in 1966 who set a league record with 22 touchdowns and tied another with six touchdowns in one game. But the defense of every rival undoubtedly will be set to contain Sayers, and the Bears expect this strategy.

"Green Bay did it," Hulas said. "The first time they've changed their defenses in years."

GRAHAM McKEEL
Loaded With Talent On Fullback Post

GAINESVILLE — Although it's hard to bring a smile to the face of Florida head coach Ray Graves these days a year ago to mention his corps of fullbacks.

They are one area where Florida football fans can expect solid play in 1966. There is size, talent and depth at the position for the first time in years.

Graham McKeel, 6-1, 200-pound junior from Lakeland, is the number one man. His return from knee surgery and outstanding play in the spring was the most encouraging aspect of spring drills.

Marquis Bassler, senior from Atlanta, Ga., will also get work at fullback and tailback. He has started four games over the past two years and lettered both seasons.

Why No Compromise?

(Second in a series of editorials on the County School budget).

The county school board is being made one of the villains on why the raise is our millage. The other one of course in the hospital. (This will be discussed further in a forthcoming editorial.)

We understand that the school board needs more money.

We understand and want our children to be properly educated. We want them to go to the best schools, have the best textbooks and get the best instruction possible.

What puzzles us is the approach the school board has taken in approving a whopping \$1 Million dollar pay raise for all personnel including teachers.

Actually this means a \$388 raise for each individual teacher annually. Sure teachers need and deserve more money. So do salesmen, mechanics, clerks and even newspapermen.

We just can't understand why the school board had to go that far in raising the major part of the burden would be on property owners when they knew they were going to get it.

Surely they (the school board) could have compromised say, \$300 per year for each teacher and when federal or state funds were available to boost their salaries again.

We understand that if our teachers didn't get what they wanted they could have gone to neighboring counties (Volusia, Orange, Brevard) and received much bigger salaries.

This decision probably put the county school board in a "squeeze" on what to do.

Should they choose between losing a teacher or causing a hardship on property owners?

There isn't any doubt in the Herald's mind that school teachers need and deserve a pay raise. But our contention is that someone has to look out for the "guy trying to make ends meet" for senior citizens living on a fixed income.

We also realize the board was forced to raise the millage because of the failure of the state legislature to appropriate requested funds for the state schools.

What can we do about it now? Is it too late?

Not quite. We can constantly urge, write, call, Mark Cleveland Jr. and Tom McDonald, our two capable legislators, to fight for more money for Seminole County education.

Pigs Is Copycats

Over in South Africa researchers have been feeding wine to pigs, with interesting results.

— The pigs gained no weight.

— They showed no ill effects except when they did not take enough food with their wine. (Drinking their lunch, the lunkies.)

— Pigs which took proportionate quantities of food and wine were relaxed and went to sleep soon afterwards.

— Pigs which took too much wine became loud, unsteady and quarrelsome until they eventually fell asleep.

In other words, a pig is nothing but a copycat.

Trial For LBJ, Rusk

By JOHN D. FARBY

PARIS (UPI) — British pacifist-philosopher Bertrand Russell has posed a difficult problem for the French government by announcing he will provide an "trial" of President Johnson and Secretary of State Dean Rusk here in November.

Russell announced in New York Aug. 2, in a statement read by the Rev. A. J. Mace, chairman of a Liberation League, that the President, Rusk and Defense Secretary Robert F. McNamara would go on "trial" here for their part in expanding the Viet Nam conflict.

The French government has so far maintained silence about the affair. But government sources said that while there was little likelihood Russell and his colleagues would be banned from holding the "trial," authorities would have been happier if they had decided to hold it somewhere else.

An American spokesman said the "trial" would be held in the city of Paris, and that the President, Rusk and McNamara would go on "trial" here for their part in expanding the Viet Nam conflict.

Horoscope Forecast

Friday, August 27, 1966
GENERAL TENDENCIES:
 A fairly unimportant time, but the day is best occupied by getting rid of lots of piled-up chores that you can get behind you quickly by organizing your duties in such a fashion that no time or energy is lost. The evening however becomes a very difficult period and you need to avoid sudden changes that annoy others.

ARIES (Mar. 21 to Apr. 19)
 An early start away from home will see you doing an excellent day's work conscientiously and getting good will of co-workers. Don't argue with co-workers. Be polite credit affairs, and forget the social tonight.

TAURUS (Apr. 20 to May 20)
 Much study of your newspaper, talking to very enlightening persons, etc. can make this a day of real learning. Forget that project with an element of risk in it. Care and caution must be exercised to enlighten, though.

GEMINI (May 21 to June 21)
 A new system by which you make your present modus operandi more efficient can be found and initiated. Be exact. Day could be a bit trying, but demands in P.M. Relax and take it easy.

MOON CHILDREN (June 22 to July 21)
 Although boring, be sure you meet expectations of associates in A.M. and gain their good will. Reach true rapport. Make as much as possible. Be patient. If jealous, placate.

LEO (July 22 to Aug. 21)
 Getting the early start out of the way really gives you a chance to meet demands of a partner with good grace. Show that you are cooperating to the best of your ability. Run out for a little drive, fun time.

VIRGO (Aug. 22 to Sept. 22)
 Ideal day to make hobbies more workable in to spare time, but be sure you do something to make your health better in P.M. Make new arrangements with pals. Enjoy your radio or TV tonight.

LIBRA (Sept. 23 to Oct. 22)
 You must be very careful in taking care of important affairs at about during day, and also be very careful in driving, walking, etc., especially in P.M. Start new upland. Think twice before you speak with others.

SCORPIO (Oct. 23 to Nov. 21)
 Find out how to do your shopping, selling, buying, etc. that will stop off time and expense. Be sure later you get surroundings nice and cozy.

SAGITTARIUS (Nov. 22 to Dec. 21)
 Spend more time getting financial affairs better organized so that the future becomes more pleasant and comfortable. Make reports on acc. furniture, insurances, etc. Be comforting to distressed pal.

CAPRICORN (Dec. 22 to Jan. 20)
 Good treatments, healthy sports can make you far more charming now, and then you get out socially with more wit. Don't be extravagant, though. Postpone putting those talents to work. They need more practice first.

AQUARIUS (Jan. 21 to Feb. 19)
 Irksome situations can be put behind you easily today and you go back on the road to success, but try not to act impulsively tonight. Assist those who come to you. Don't go to bed knowing that somebody is probably even hungrier.

PISCES (Feb. 20 to Mar. 20)
 Many frustrating situations seem to be bothering you but objective thinking sees you surmounting them very quickly. Be sure to lend a helping hand to those in distress. This improves character, also.

IF YOUR CHILD IS BORN TODAY...
 ...he, or she, will be highly talented in whatever is connected with trouble shooting, since the ability to solve problems usually difficult for others is clearly apparent. Energy is in this nature and it should be used wisely otherwise your progeny could find little success with school studies for the projects in the future. Be very encouraging with your progeny who is bound to have very interesting personality and some wonderful ideas, provided they are kept within bounds. Show patience.

Police Problems
 PORT WORTH, Tex. (UPI) — Although the city council is considering a proposal that would raise the city's police force for police rookies, 40 policemen threatened to quit unless their pay was raised \$50.

Samurai warriors and Japanese feudal lords carried orchids on journeys as a remedy for homesickness.

Highlights

Friday, August 26, 1966
7:30-8:30 P.M. CBS. Continues the terrorism of the V.C. and to strengthen the will of the villagers themselves.

7:30-8:30 P.M. CBS. Continues the terrorism of the V.C. and to strengthen the will of the villagers themselves.

8:30-9:30 P.M. CBS. Secret Agent. "Loyalty Always Pays." Africa is the scene for this week's exploits of dashing John and Earl Cameron.

8:30-9:30 P.M. NBC. Get Smart. "Shipment to Beirut." (Color) (Rerun) One of the very best episodes. Maxwell is informed that the missing plane for a supersonic bomber has been seen into a dress in a very high-fashion shop. Our man Smart's entry into the world of Haute Couture is lightheartedly funny, particularly when he starts spending hundreds of dollars on money to buy dresses.

8:30-9:30 P.M. CBS. Secret Agent. "Loyalty Always Pays." Africa is the scene for this week's exploits of dashing John and Earl Cameron.

8:30-9:30 P.M. ABC. The Adams Family. "Cous Adams." (Rerun) Kity Kat, the family lion, is taken sick, but when veterinarian Dr. Marvin P. Gunderson (Mary Ingalls) arrives to treat him, it turns out the vet is nothing but a coward. Morticia decides to bolster his confidence in his ability, so she has all the human being play sick so Dr. Gunderson can cure them. Funnier than it sounds, with a good performance by Ingels.

8:30-9:30 P.M. CBS. Postball. 1966 NFL pre-season game. (Color) The Cleveland Browns vs. The Baltimore Colts from Municipal Stadium in Cleveland, with Dick Gieter and Pat Summerall reporting.

8:30-9:30 P.M. NBC. Mister Roberts. "Undercover." (Color) (Rerun) This usually trite show takes an upswing tonight, when Wally Cox substitutes as a Hecker Miller, a substitute cook who has been assigned to the USS Reluctant. Unfortunately, someone has swapped and Miller is not a cook but a bubble blower for a burlesque dancer. The crew are so anxious to keep Miller that they take turns cooking the meals for Captain Mortimer and his guest, Admiral Morrison (Tom Brown).

10-11 P.M. NBC. The Man from U.N.C.L.E. "The Round Table Affair." (Color) (Rerun) As usual, has all the huck-sterism of the tiny country of Ingolstein where he lands in jail, while Solo goes to Paris to pick up the Grand Duchess Yvonne of Ingolstein, who turns out to be a ravishing young lady in a finishing school (Valeria Nolan). The regent, Uncle Fredrick, is murdered and played by Reginald Gardner. It's funny and farcical, if a shade slow-moving.

10-11 P.M. ABC. Court Martial. "Achilles' Heel." Captain Anthony Merrill (Neil McCaul) is accused of murdering Lt. Jeff Ainsley (Peter Purvis) in London, and in the course of his defense Major Whitaker Young of Ingolstein, met with Merrill and Ainsley served together, and finds that he is personally non grata among the local gentry.

Saturday, August 27, 1966
2 P.M. Major League Baseball (Color) Los Angeles Dodgers meet San Francisco Giants at Candlestick Park, San Francisco, with Curt Gowdy and Pee Wee Reese reporting.

6-6:30 P.M. ABC. ABC's World of Sports. (Partially in color). Form and skill are the keywords today, when the program features the National AAU Women's Outdoor Swimming and Diving Championships at Woods Park Memorial Pool in Lincoln, Nebraska, and the National Public Links Golf Championship, telecast in color from the Brown Deer Park Golf Course in Milwaukee, Wisconsin.

7-7:30 P.M. ABC. ABC's Sports. The Viet Nam War. "Hearts and Minds." This is the second of an excellent three-part series, "Key to Victory," an analysis of the steps, other than military, that the U.S. has taken and freedom to take in South Viet Nam in order to insure peace and chapter co-workers are invited.

The salary of Edmund J. Randolph, first U.S. attorney general, was \$1,000 a year.

For Capt. Swanson
---A Bon Voyage

By LARRY VERSHEL
Say, how come those temporary buildings at the new Seminole Junior College look like "sweet boxes"? Gosh—it looks awful. That was a lot of money the school board poured into the facility—thousands and thousands of dollars and they look like the "okie" shacks of the '30s.

County Chairman John Alexander showed me around the new County Commission room. First thing I noticed—no lock on the door. Maybe things have changed.

I hope the county commission has enough funds to finish that long-awaited Longwood-Markham Road project.

Around that clock at Park Avenue and First Street the folks trying to read it find that it comes up with some strange figures. The other day it said something like "28 o'clock." The temperature was "32." Of course, replacement of the burned out bulbs would remedy most of the trouble.

That frame structure that has been put on the lots at West First Street and North Elm Avenue has been moved there, the building permit says, by Bob McKee Used Cars. But in keeping with the prevalent program of beautification, it will be a Used Car PARK, not a Used Car LOT. Now, there's an idea!

Maybe the site—and sight—will improve but looking at what's been built on that much discussed property on Lake Kathryn on Seminoles Boulevard, it's no wonder that the property owners whose attractive homes ring the lake objected to the rezoning that made this "apartment building complex" possible.

The well-lighted tennis courts at Emma Spencer's are giving the racket-wielders many an hour of exercise—and will be even more appreciated as the early darkness of winter months shortens the daylight play period.

Now that Precisionering has vacated the old ACL freight house at Myrtle and West First why doesn't Tom Rice's ACL real estate folks and John Krieger's CoC Industrial commission get a live-wire tenant for it and thus add to the local economy?

And while we're in that vicinity, we can't help noticing that the "tile yard" near Chase and Company still hasn't changed any. In fact, several cars of tile have been unloaded there since the word was given that it was to be turned into landscaped beauty spot. The big question: WHEN?

Modernizing and "preparing up" the downtown shopping center has long been a "joia talk, no action" topic, with those "in the know" saying that new fronts would be a BIG help. If you want a fine example of what a face-lifting will do for a building, have a look-see at Hill Implement's store at South Oak and West Third. Something of which owner Bob Newman can justly be proud.

And isn't Chase and Company planning to brighten up their front, too? The marquee over the front door makes quite a difference. And you should see what's happened inside! Streamlined, up-dated, efficient layout! That's why we're confident that soon the workmen will get around to the outside of the building.

... You Shall Return' Honors For Swanson

"Che-He-Nee Un-tis-choy Ya-lee." These were the Seminole Indian words chanted by Indian maidens (Twirling Seminoles) to Capt. Chandler Swanson and Mrs. Swanson of Sanford Naval Air Station at the ceremonial farewell luncheon held at the Sanford Civic Center today.

"You shall return," is the meaning of the words and just to make sure, one of the maidens sprinkled sand in the shoes of the Captain and his lady.

For the ceremony, the barefoot N.A.S. Skipper and his squaw were crowned with Seminole Indian headresses, while the copper-toned maidens danced and chanted to the beat of tom-toms.

Climax of the ceremony was the presentation of a large oil painting of the Sanford waterfront, the creation of Artist E. B. Stowe.

More than 300 members of civic clubs, the Seminole County Chamber of Commerce, city and county officials and Navy dignitaries witnessed the exciting ceremonies as they gathered to pay tribute to the departing station commander and greet Capt. Herbert Houck and Mrs. Houck.

Capt. Houck will become the new commanding officer of the Sanford Naval Air Station, Wednesday at 10 a.m. when he relieves Capt. Swanson in change-of-command ceremonies.

Master of ceremonies at the city-wide fete was C. Vernon Mize, president of the Seminole County Chamber of Commerce.

An engraved key to the city was given to the Navy captain by Mayor A. L. Wilson, in behalf of the City of Sanford; an engraved plaque was presented by Dr. W. Vincent Roberts, chairman, in behalf of the Armed Forces Committee and a silver mast platter was the gift of the Kiwanis Club, with Troy Ray, Jr., making the presentation.

A joint resolution of commendation and appreciation from all official bodies of the county was read to Capt. Swanson by John Alexander, chairman of the Seminole County Commission.

Distinguished guests were introduced by Roger Harris, president of the Kiwanis Club and Jack F. Bolt was director of the Indian ceremonies.

'Faith' Flounders After Bahama Brush

MIAMI, Fla. (AP) — Hurricane Faith, thrashing slowly northward in the Atlantic, brushed the Bahama Islands today and floundered in an area chosen for a storm-taming effort by seeding planes.

But, when the 120-mile winds entered the region where she could be safely bombarded with silver iodide crystals, the forces which had been poised for the attack had partly dissipated.

Dr. Cecil Gentry, alternate director of the U.S. government's Project Stormfury, said there was some doubt that the mission could now be carried out.

For several days, scientists had stood by in Florida and Puerto Rico, ready with a fleet of planes for the first sustained try at breaking up the destructive power of a hurricane.

But after Faith had skirted the chosen area for several days, some of the key men in the project returned to their home bases.

If Faith continues her slow movement, however, Gentry said the possibility remained that the effort could still be made.

At 8 a.m., Faith was 575 miles due east of Miami and 230 miles east-northeast of San Salvador in the Bahamas.

Former President Harry S. Truman has warned that spiraling interest rates could result in a serious depression.

With a rare public statement issued from his Independence, Mo., home, Truman joined many members of Congress in expressing concern at the upward movement in the cost of borrowing.

The third in a series of joint meetings of the St. Johns Valley Advisory Committee, the St. Johns River Pollution Council of the State Association of County Commissioners and other state-wide conservation groups will take place at the Courthouse at 10 a.m. Wednesday to firm up plans on continuing a water pollution problem.

The continued session of the Casselberry City Council, scheduled for 8 p.m. today, has been cancelled according to Arthur Wheatley, council chairman. The board will meet instead in executive session for a work meeting Monday evening. The next regular meeting will take place Sept. 12.

MEXICO CITY (AP)—Dr. Esther Weir of Columbia University was an accidental weekend visitor to Mexico City. Dr. Weir went to New York's Kennedy Airport to catch a plane for Miami, where she planned to attend a medical congress.

She took the wrong plane and ended up in Mexico City. Her baggage went to Miami.

Dr. Weir showed little concern. She smiled as she went through immigration formalities. The airline paid for her lodging, food and transportation in Mexico City and she was to leave today for Miami.

Help Wanted: 10 Teachers For Seminole

Seminole County public schools started off this year with only 10 vacancies on the faculty which have been filled temporarily with substitute teachers. Frank Gore, director of personnel said today.

"Within the next week or two we expect to fill these vacancies with certified teachers. There are six in the secondary schools and four in the elementary schools," he said.

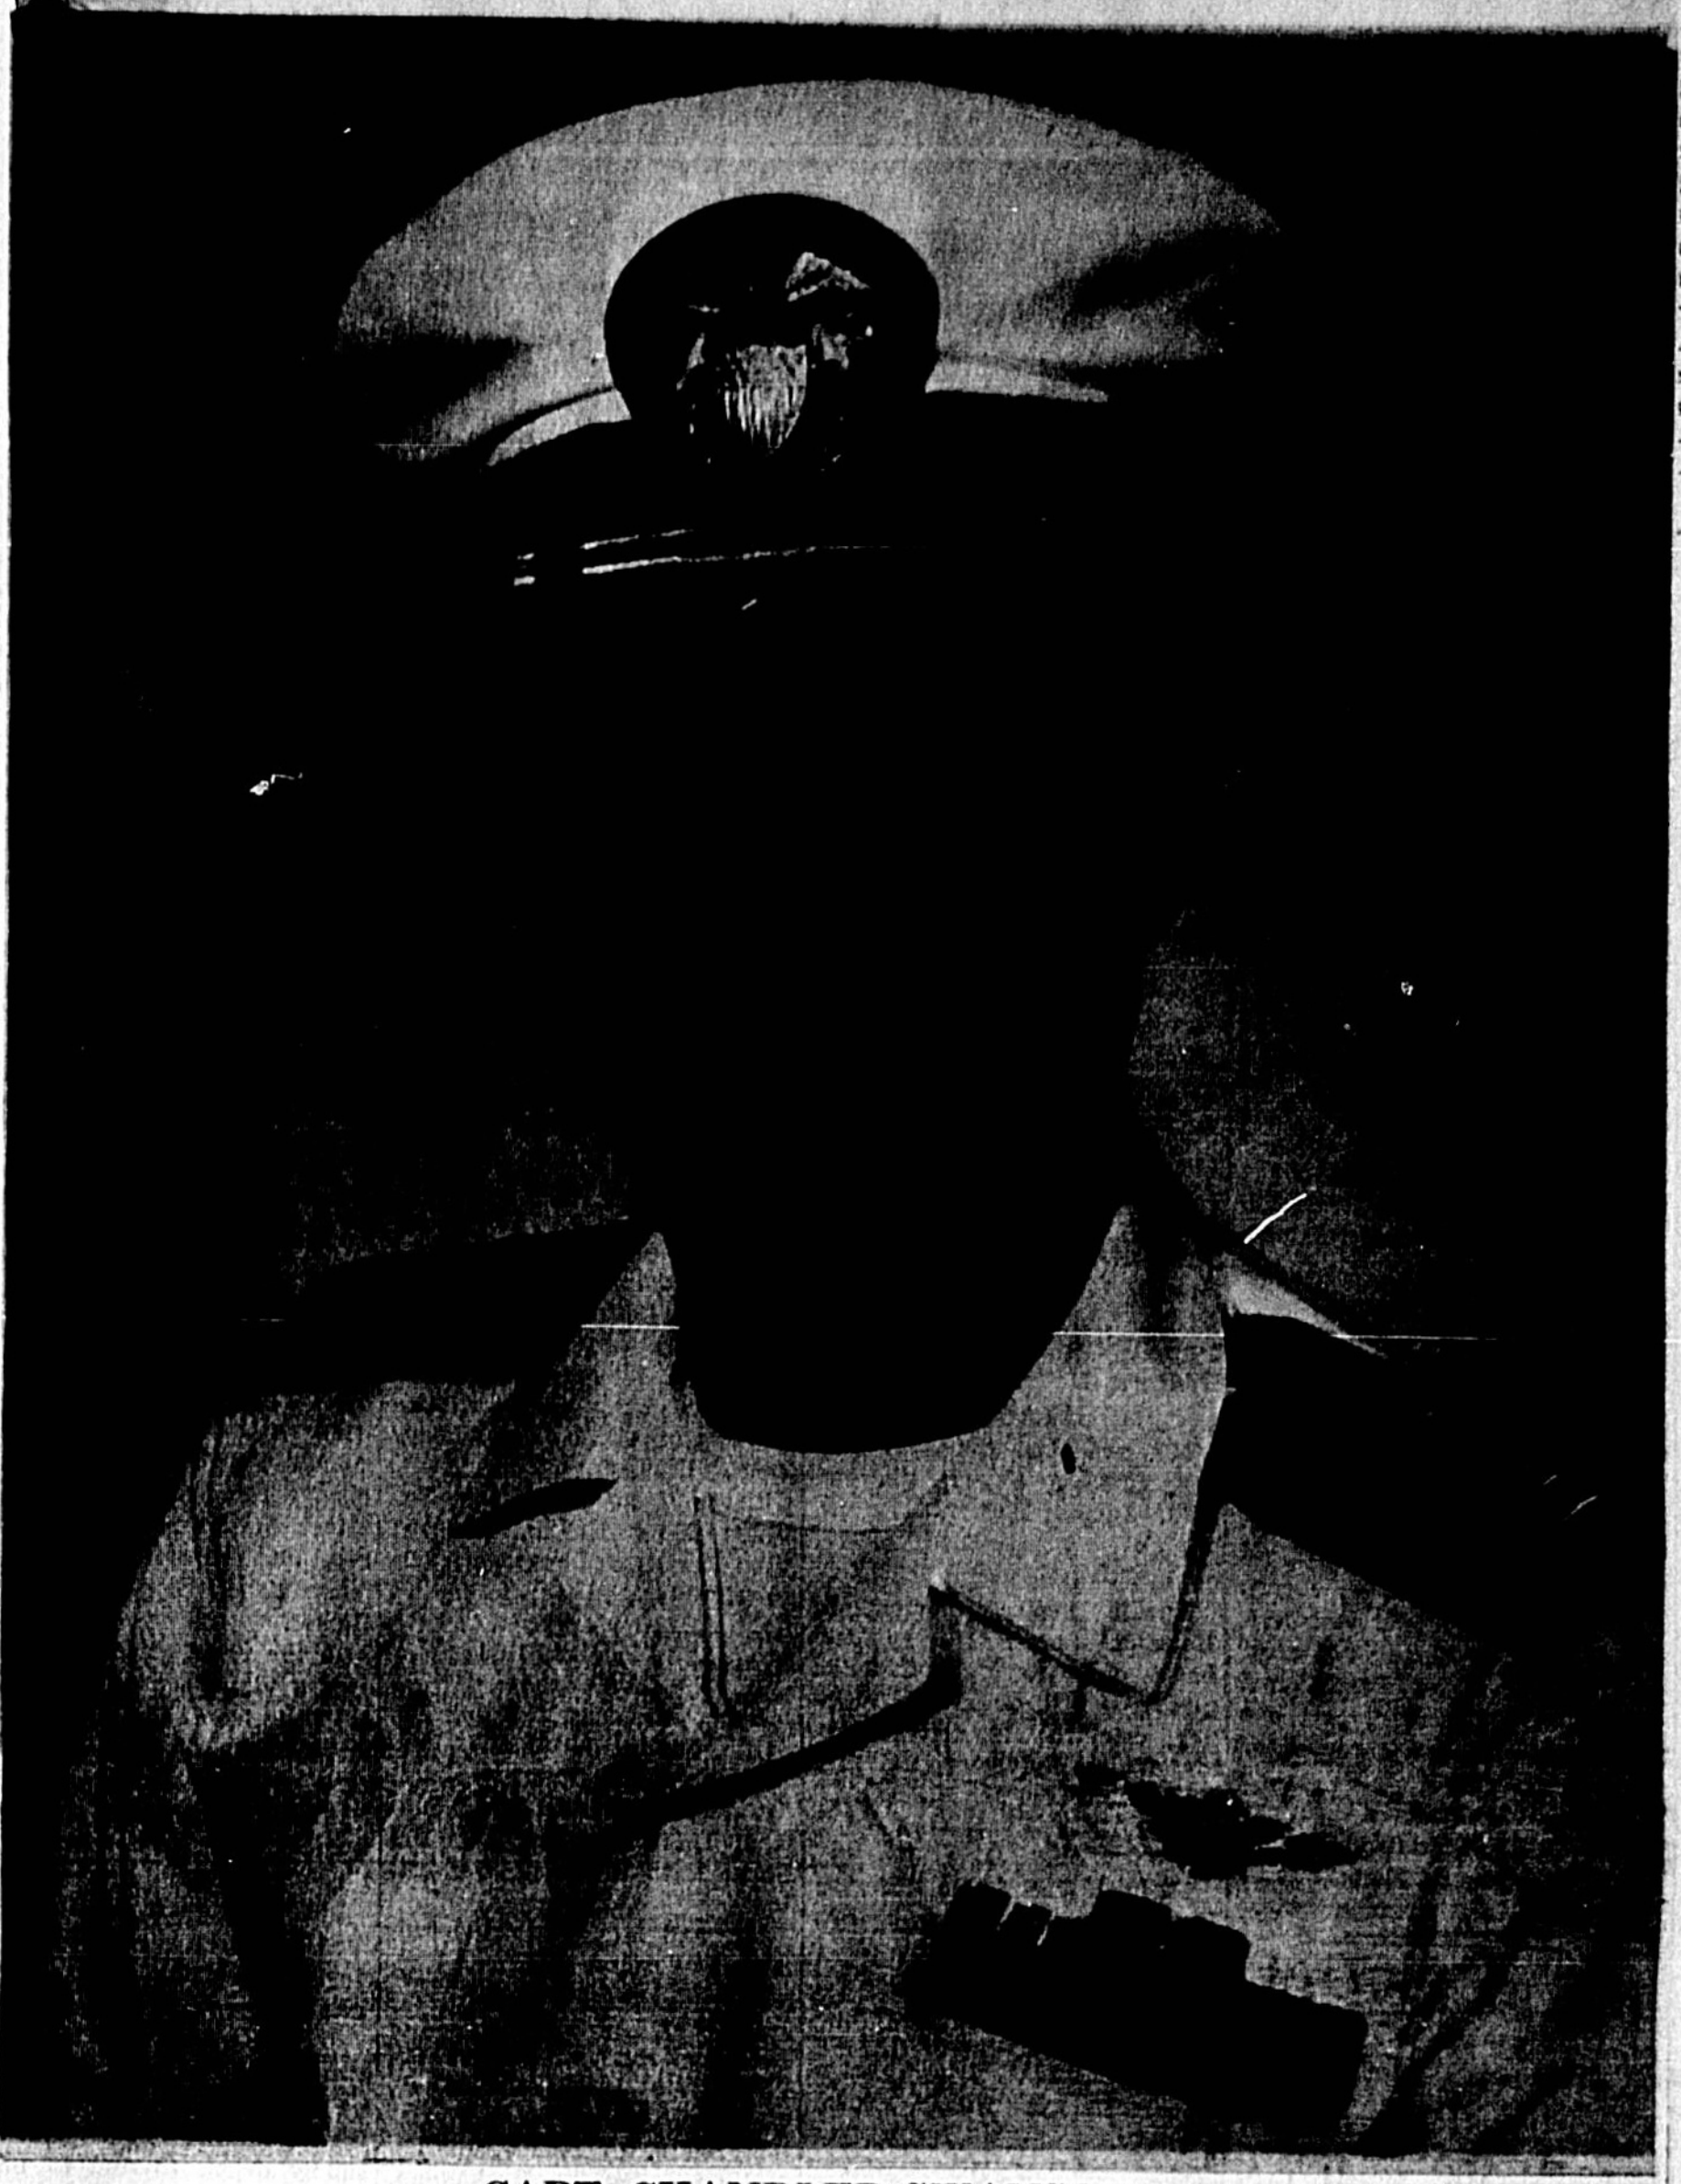

Supt. B. T. Miles said the first day of school got off to a "smooth start" with no incident of any major complications at any of the county's 23 institutions.

City To Get New Utility Budget Tonight

City Commissioners will ponder the proposed new utility budget tonight at a special meeting of the board. The meeting is expected to begin at 8 p.m.

The proposed utility budget is \$497,311.22 — slightly less than the present budget figure of \$498,528.38.

Commissioners tonight are also expected to come to a decision on the tax rate for the coming year keeping the millage at the 18 mill rate. Indications are that a balanced budget will be presented whereby there will be no need to increase millage.

Guarding Marchers

MILWAUKEE, Wis. (AP) — Civil rights marchers, shielded by National Guard bayonets from screaming and taunting throngs of whites, picketed in suburban Wauwatosa Sunday night for the 10th night in a row.

Word Of Caution

CHICAGO (AP) — The National Safety Council estimates 200 lives would be saved during the Labor Day weekend if motorists would use alcohol more intelligently.

Meeting Cancelled

The continued session of the Casselberry City Council, scheduled for 8 p.m. today, has been cancelled according to Arthur Wheatley, council chairman. The board will meet instead in executive session for a work meeting Monday evening. The next regular meeting will take place Sept. 12.

The Medicare Crisis--Hospital Holds Meet

"I wonder if they haven't got us mixed up with some other hospital," was the comment of Robert Bessner, Seminole Memorial Hospital administrator who returned to his office today to cope with federal demands for Medicare certification.

Board of trustees of the hospital were scheduled to meet at 12:30 p.m. today in the board room.

Bessner said the items which the U. S. Office of Health, Education and Welfare listed last week for the local hospital to meet before federal certification for Medicare, "have all been done — all they have to do it look."

On the matter of "integration of training facilities" Bessner said the practical nurse school comes under the administration of the school board, not the hospital.

E. S. Douglas, adult vocational director said the practical nursing school is under a federal grant and "if we had not been in compliance with Civil Rights regulations we would never have received the money to establish the school which opens Monday."

Douglas said he had sent more papers to Reid Brodie, director of personnel to certify the school's compliance.

Bessner said in the matter of the request of physicians on the staff being integrated with other staff in race, creed, color or national origin, "we have had Negro and Cuban doctors on our staff for many years."

Seminole Budget Gets State's Okay

Approval of the \$2.55 million county commission budget, exclusive of the school board budget, has been received from the State Comptroller's office, Arthur Beckwith, county clerk reported today.

The budget holds the commission share to 6.5 mills as it has been for several years with the only increase being an additional .33 mills for Seminole Memorial Hospital.

Millage under the new budget including the school board share is 20.80 mills.
