

## STOCKS RALLY WITH REPORTS OF GOLD FLOOD

### Sales Approximate 2 Million Shares, Or Best Saturday Since Boom Of Last July

(By The Associated Press)  
NEW YORK, Feb. 3.—(A.P.)—Stocks rallied one to two dollars or more per share today as reports from Europe indicated heavy shipments of gold to America. At the same time, the new dollar performed erratically in foreign exchange markets dropping more than six cents in terms of sterling at one time and then recovering some of the loss. French francs also moved up and dipped with sterling. Around the noon hour the pound was quoted at 493, up five cents, and the franc at 6.31 cents, showing a gain of .08 of a cent. Trading in stocks was very active, sales approximating 2,000,000 shares, the busiest Saturday since the July boom. Paris and London experienced a gold rush Friday, and dollar quotations ascended. London operators bought French gold francs heavily for resale in the United States at a profit; the unprecedented price of 139 shillings, six pence a fine ounce approximated the United States offer; a flood of gold was started in America. One London newspaper used the headline: "City goes mad on gold." Reasons for the excitement were found in operators' desires to participate in what they predicted would be a Wall Street boom in response to the American devaluation of the dollar and the mitigation of the French normal adverse balance of trade. In the British capital the American currency closed at the day's best rate, \$4.02 3/4 in relation to the pound—a rise of nearly five cents to the pound after a weak opening. The after-noon rate was even better, \$4.00 1/2. The dollar gained two centimes on the Paris bourse and closed at 15.67 francs (6.38 cents to the franc). It fell of 28 centimes Thursday. From France 120,000,000 francs of gold (\$7,500,000 at a quotation of 6.38 cents) were shipped to the United States. Two hundred million more missed a boat and will go Feb. 10. In a week 200,000,000 francs have been sent to America. Much more is expected to be sent soon. Confidence was expressed at the Bank of France that the institution could withstand any drain on gold, but the French finance minister, Francois Piétri, watched the situation closely. ## Saito Sees Peace As Sure For Japan-U.S.

LONDON, Feb. 3.—(A.P.)—Hiroshi Saito, who at 47 has been rewarded with one of the two most important assignments in the Japanese diplomatic service, ambassadorship at Washington, left for his new post today firmly convinced that nothing stands in the way of bringing about the most friendly basis of understanding between the two countries. "There is no real outstanding difficulty between the United States and Japan. It is absurd to say that Japan and America now or ever will be at loggerheads," he said.

## DISCHARGED CWA WORKERS GIVEN RIGHT OF APPEAL

### Fagg Also Orders Foremen To Quit Toting Guns While On Job

TALLAHASSEE, Feb. 3.—(A.P.)—Civil Works Administration workers who are discharged have the right to appeal their cases to the county CWA boards. Marcus C. Fagg, state executive officer, notified county administrators of the ruling yesterday in a letter quoting two points set up by John M. Conway, chief engineer of the CWA in Washington. "I should be generally known to workers and local administrators that any man who is discharged from any reason may have the right of appeal before the local Civil Works Administration and the right to be represented before that board by a representative of his own choosing. "Local Civil Works Administrations are to furnish the state Civil Works Administration office with a copy of the request for appeal, the decision of the board and any pertinent material used in connection with the case. Fagg instructed county boards to designate at least three members to act as an appeal board. Information on appeals and decisions must be forwarded to the state headquarters weekly. In another ruling made public yesterday, Fagg announced that the Federal Emergency Relief Administration had established 12 months residence in a county as the requirement for legal residence. Persons who have not lived in a county for 12 months are regarded as transients. There will be no gun-toting foremen employed on Civil Works Administration jobs, the state executive committee also ruled yesterday. CWA workers, the committee pointed out, are free, American citizens and not conscripts, "and they will be treated as such." Any foreman, the committee announced, "who displays the arms while engaged in work, will be discharged immediately."

## Southern College Hits Lynching As Vile Act

SOUTHERN COLLEGE, LAKE LAND, Feb. 3.—(A.P.)—Condemnation of the slaying in Tampa this week of Robert Johnson, negro, was expressed yesterday by faculty and students of Southern college in a resolution which was sent to Governor Sholtz and Major Chaney of Tampa. The resolution was adopted after Dr. Spivey, in an address, denounced the men who took part in the killing as "a gang of unscrupulous, ignorant, vile men." He described the crime as one of the worst committed in Florida in the last 150 years. "The American flag is lynched when such a dastardly crime is committed," Dr. Spivey said. "The women of Florida ought to be ashamed that an organization of women in Georgia was first to protest that Tampa lynching. If such brutality and lawlessness are the final consequences of civilization, then I don't care for it."

## TAMPA WOMAN INJURED

LAKE LAND, Feb. 3.—Mrs. Ruby Pitts, Tampa, was injured here Thursday night when she was struck by an automobile driven by Russell Cobb. She was taken to Morrell memorial hospital, where it was said her injuries probably were not serious.

## GRAFT CHARGE IN ORANGE CWA TO BE PROBED

### Investigator Sent To Orlando By Fagg In Answer To Request Made By O.P. Swope

TALLAHASSEE, Feb. 3.—(A.P.)—The Civil Works Administration yesterday dispatched an investigator to Orange county to look into charges of mismanagement, favoritism and graft in the CWA and Federal Emergency Relief program in that county. The action was taken at the specific request of O. P. Swope, administrator in Orange county, who said he requested the investigation because "certain local groups and individuals" had made charges. In announcing the investigation, Swope was being sent to Orlando, Fla., by Marcus C. Fagg, state executive officer. "I want to say, however, that the executive committee of the Civil Works Administration has the utmost confidence in Mr. Swope and his council, and I am certain the investigation will show that there is no foundation whatever for the charges that have been suggested," Fagg did not name the investigator. Telephonic request that a state investigator be sent at once to Orange county, to investigate charges of graft and mismanagement in administration of local CWA affairs was sent yesterday by O. P. Swope, county administrator. The request was sent to Marcus Fagg, state director of the CWA. The telegram follows: "Marcus Fagg, District CWA, Tallahassee, Fla. "Certain individuals and groups in Orange county are making charges that mismanagement, favoritism, graft and waste are going on in various departments of local CWA. I am sure you will investigate and report to me immediately. "O. P. SWOPE, "CWA Administrator, Orange County, Fla."

## U. S. To Send 100,000 Youngsters To School

WASHINGTON, Feb. 3.—(A.P.)—The Federal Bureau of Investigation is going to send 100,000 young men and women to college during the next four and one-half months. Harry L. Hopkins, administrator of federal relief, and the civil works administrator, J. Edgar Hoover, today announced a program which would send 100,000 young men and women to college during the next four and one-half months. Hopkins said the program would be financed by the federal government and the civil works administration. Hoover said the program would be financed by the federal government and the civil works administration. ## Texas Gets Gangsters Taken At Tallahassee

TALLAHASSEE, Feb. 3.—(A.P.)—Whitely Walker and Ray A. Zett, who were arrested and captured by officers here a few days ago, and Walker's wife, Dolores, were turned over yesterday to Sheriff J. L. Boyd of Palestine, Tex., where they are wanted on charges of armed bank robbery. The men, with Irvin (Blackie) Thompson, recently captured at Miami, escaped from the Oklahoma penitentiary after obtaining permission to go fishing in the prison lake. They are accused of robbing a bank in Dallas, Tex., and a crime punishable by death in that state. Oklahoma authorities decided to allow the Texas courts to try the men first.

## Touhy Jury Deadlocked On Case Is Discharged

CHICAGO, Feb. 3.—(A.P.)—The jury which heard Roger Touhy and two associates tried for the kidnaping of John "Jack" the Barber Factor was discharged yesterday by Judge Feinberg when it reported it could not agree on a verdict. After deliberating 23 1/2 hours the 12 men were called before the court and reported they were hopelessly divided. An hour later they said they stood "eight to four" leading courtroom observers to suppose that the majority favored conviction in support of earlier rumors.

## WILCOX GIVEN LAST WORD ON DEBT MEASURE

### Bankruptcy Bill Now Awaits Action Of Senate Committee Which Ends Study

WASHINGTON, Feb. 3.—Last word on the Wilcox municipal reforming bill, one it reaches the floor of the Senate, went to Representative J. Mark Wilcox, the measure's author, here yesterday when his rebuttal of opposing testimony was made the final act of the record. Though the report of the subcommittee of the Senate Judiciary committee is not expected to be prepared for several days, it became apparent here yesterday that the bill will be reported to the floor of the Senate. ## MCCRACKEN PUT UNDER ARREST IN AIR-MAIL PROBE

### Hoover Aide Now Must Answer To Part He Played In Awards

WASHINGTON, Feb. 3.—(A.P.)—William P. McCracken, a former state auditor, was arrested yesterday under orders of J. Edgar Hoover, director of the Federal Bureau of Investigation, in connection with a probe into the awarding of federal medals and decorations. Hoover's assistant director of criminal investigations, J. Edgar Hoover, said that McCracken was arrested because he was believed to have played a part in the awarding of federal medals and decorations. ## Growers May Benefit, Balmes States, As Result Of Dorner Trip To Washington

Belief that growers of the state will benefit as a result of a series of conferences staged in Washington this week by government officials and J. Balmes, president of the Florida Growers' Association, was expressed here yesterday by George E. Balmes, president of the Florida Growers' Association. Balmes stated that while he was not generally known, Mr. Dorner and Mr. Witter were in Washington to secure a better understanding of the local situation and to reach an agreement between the growers and the government. ## Devaluation Profit Wipes Out Deficit

WASHINGTON, Feb. 3.—(A.P.)—The dollar profit to the government on President Roosevelt's devaluation order was a net today by the treasury as \$2,805,512.60. The tremendous sum, paid into "The general fund," wiped out the federal deficit which stood yesterday at nearly \$2,000,000 and leave a surplus on the year's expenditure to date of \$377,110,000. Finance secretary Johnathan should decide to use some of the profit to meet current expenditures which he said the treasury does not plan to do, the year end deficit will be near \$7,000,000, as estimated by President Roosevelt. The treasury announced the dollar value of its gold stock at \$7,919,264,925.

## NERA COUNCIL HEADS GIVEN FULL POWERS

### Roosevelt Orders All Politics Kept From Recovery Plans In Hard-Boiled Lecture

WASHINGTON, Feb. 3.—(A.P.)—President Roosevelt armed the state directors of the national emergency council yesterday with "hard-boiled" authority to keep politics and special favor out of the recovery program. Speaking in his office to the men who will take charge of the recovery campaign in the 48 separate states, the President in enthusiastic tones asserted: "We want you to be absolutely hard-boiled if you find any local person within your own state who is trying to get political advantage out of the relief of human misery, and you will have the back of the Administration 100 percent even if you hit the biggest political boss in the United States on the head in carrying out the general program. "I have a great share of the responsibility in the hands of the state directors. Roosevelt spoke emphatically of the future and the recovery program. The Good Old American Dollar!

American dollars are in demand. Not only in this country but also abroad. Foreigners require them to pay debts. They owe huge sums on war loans.

Many foreigners are now apparently anxious to get hold of American dollars with which to buy American securities. And many Americans with funds in foreign accounts are eager to convert these holdings back into dollars for American investment.

The dollar gains strength. The weak and sickly sixty-cent dollar threatens of its own accord to become a hundred-cent dollar. The British pound which showed great strength when the United States first left the gold standard and soared from \$3.15 to \$5.30 has dropped below \$5.00, since America returned to gold.

Of course, America has a hope "stabilization fund" of \$2,000,000,000 derived from the "profit" made by devaluation. It is the purpose of this fund to prevent the dollar from coming too high, or perhaps from depreciating too low.

But what happens when the stabilization fund buys British pounds in its efforts to depreciate the dollar? Good American gold is exchanged for British paper pounds.

Of course, British pounds are a promise to pay. England would owe us something for them. They would owe us anything we might want to buy with them.

But it won't hurt anything if we do give up our gold in the process of receiving international trade and credit. We have got more gold now than we know what to do with.

A Wingless Rooster

The two-headed calf, the three-legged chicken, the one-eyed hog and all the other monstrosities of nature have their places in the world. Even a wingless rooster has its place.

"This bird, now about six months old," explains the United States News, "is a normal specimen in every respect, except that it has no wings. Wingless specimens of normally winged birds reported hitherto have died shortly after birth.

The bird was obtained by Dr. Herbert Friedmann, curator of birds of the Smithsonian Institution, from Mrs. Olla Deering of Rose Hill, Ky. Dr. Friedmann hopes to find out from him what happened to inhibit the growth of wings—provided dissection shows that he had no rudimentary wing bones inside his body.

If the joint of failure in the development of this bird can be established, it may throw some light in the opinion of the News, on the general problem of the physical mechanism of bird flight itself, and of its loss in some species, not yet understandable from normal embryological material.

"The flightless young rooster, serenely unconscious that he is being watched so enviously as the possible custodian of a secret which has defied science so long," concludes the News, "acts like any other bird of his age, sex, and species, except that he has no flying instinct. When he is placed reverently hungry, on a table and corn strewn on the floor, he hesitates a long time before taking the risk of jumping down to obtain it."

SANFORD, TWENTY YEARS AGO

Tram No. 24, leaving Sanford at 11:00 A. M., suffered a serious accident yesterday afternoon at Lundy, a station just south of Palatka. The engine turned over and seriously injured the engineer, R. E. Toland of this city.

Miss Francis Perkins is advertising a universal 50-hour week at the convention of the United Mine Workers, said "Every man and woman in this country who is willing to work needs to be paid adequately and securely employed. Every man and woman who is willing to agree with this statement of Miss Perkins, but involving payment of costs for little business men before business itself improves will not provide the security for which Miss Perkins is fighting."

SLOT MACHINE SUCKERS

In view of the prevalence here and there of the slot machine as an instrument of pleasure and potential profit, it justly comes some slot machine players of being poor business men when it is shown what odds they are being even if machines that have not been "doctored."

The Philadelphia Record has had some close study made of slot machines. Mayor Listerhead has them out of New York City, you may remember. So they were taken by the thousands to Philadelphia, and rigged to circumvent the present law regarding gambling devices.

Most of us know how a slot machine works. From the outside. You place your coin in a slot, pull a handle, three wheels whirl to a stop, and various combinations of symbols, oranges, lemons, plums, and other fruit appear before you in a glass window.

"Combinations indicate" winnings. Following are your chances of reward from a slot machine that has not been fixed to reduce the odds still more: One chance in 8 1-3 of getting two coins or slugs. One chance in 12 1-2 of getting four.

NERA COUNCIL HEADS GIVEN FULL POWERS

(Continued From Page One) to the directors the necessity for keeping the campaign free from the selfish and those who would use it for political purposes.

"Where we have fallen down in these past months I would say in about 90 per cent of the cases," he observed, "the falling down has been caused quite frankly by individuals who tried to get either personal or political credit out of something that ought not to have either of those factors in the work in any shape, manner or form."

"This work has nothing to do with partisan politics—nothing at all," he added. "A great many of you are Republicans, a good many are Democrats—quite a number do not belong regularly to one party or the other. We are not said that is the 'best illustration' of this picture."

The talk was made by the President shortly after Administration leaders in the House had decided to withhold action on his request for \$50,000,000 for relief and civil works until Monday and then proceed under rigid rules to prevent too great an increase in the fund.

2 Small Boys Killed By Hit-Run Tracker

MIAMI, Feb. 5 (AP)—Two small boys, Harry Noyes, 7, and his brother, Marshall D. Jr., 7, were fatally injured yesterday when struck by a truck, the driver of which failed to stop until overtaken by a motorist.

Another brother, William, 8, and their father, narrowly escaped being struck, but were saved, by the parent, setting the child, leaped into a roadside ditch. Harry was almost instantly killed and his brother died two hours later in a hospital from internal injuries.

Witnesses told police the truck driver was overtaken three blocks from the scene of the fatality by another motorist, A. R. Ward. The truck driver was booked at police station at Raymond R. Powell, 28, a roofer. He was held on an open charge.

British Official Says Cavell Deserved Death

LONDON, Feb. 5 (AP)—The execution of Nurse Edith Cavell by the German army during World War was justified in the opinion of A. Huff Langner, financial secretary to the British war office.

"Miss Cavell," Cooper told a audience of army officers, "was a noble and courageous woman when the Germans were allowed to execute according to the laws of warfare. But any politician could have told them the execution was going to stir 100,000 men against Germany."

\$30,000 Fire Damage In Town Of Cross City

CROSS CITY, Feb. 5—Three business buildings were destroyed by fire Thursday night, with a loss estimated at approximately \$30,000. The lower floors of the structures were occupied by the local postoffice, W. W. Coffey Grocery and Check Drug Company. The upper floors were occupied by officers.

DALADIER TAKES COAST LINE IS IN REAL JOB IN COMMENDED FOR ROLE OF PREMIER

With Success, He May Be Termed Saviour Of French Republic

By JOHN EVANS (Associated Press Staff) PARIS, Feb. 5.—(AP)—Fighting, square-jawed Edouard Daladier faces, as premier-elect, the huge task of pulling France out of one of the worst moral, political and economic crises in the history of the third republic.

If he succeeds he may go down in history as the "Saviour of the Republic"—just as Raymond Poincaré in 1926 was hailed as the "Ravisseur of the frame."

Today his coalition cabinet of new men and new methods formed to "restore the authority of the state," has been completed except for three posts.

Working without a break since early Tuesday when he agreed to attempt to form a strong new government, Daladier broke off consultations at 1 o'clock Wednesday morning and expected to present a full cabinet to President LeHeron by noon.

As premier he will have three big jobs: 1. Clean up the Bayonne bank scandal; 2. Get the budget for 1934 balanced and approved; 3. Keep French alliances strong and hold off what he considers a more and more threatening Germany.

France has been "spurred" to new efforts to fortify herself as a result of Chancellor Hitler's demands for more guns and a standing German army of 500,000 men—three times the allotment under the treaty of Versailles—coupled with Germany's withdrawal from the League of Nations and the disarmament conference.

While continuing to maintain that any change in Germany's armed status must come through the League, France is strengthening her alliance with the U. S. and improving fortifications.

For the last month Paris has seethed with anger as a result of the Stavisky bank scandal which brought the downfall of the ministry of Camille Chautemps.

A roar of popular indignation was raised with charges that high government officials were involved in operations through which Serge Stavisky, founder of the failed Bayonne municipal pawnshop, allegedly robbed the investors of \$20,000,000.

Stavisky fled, killing himself when surrounded by police in his getaway. Then followed charges that he had been slain because officials feared he might talk.

Chautemps vigorously denied that any of the members of his cabinet were implicated. He blamed France's notorious red tap, said Stavisky was slain in a struggle from one shady deal to another because the out-of-date administrative system was never able to catch up with him.

Nevertheless, anger flared in a series of the hottest riots in years. Police battled wild throngs of many parts of Paris. Hundreds of strikers were arrested. Blood flowed freely.

STOCKS HALLEY WITH REPORTS OF GOLD FLOOD

(Continued From Page One) bashed said Japan will not follow President Roosevelt's monetary example and give the world a new gold content until "leading financial powers stabilize their monetary systems and exchange."

Shanghai—Heavy overvaluing of French francs resulted from a change of attention of Shanghai money speculators from the American dollar to the franc. It is estimated that the United States currency is unlikely to undergo any change and that the franc might leave the gold standard.

Toronto—Canadian financial leaders delayed the new American dollar plan would aid Canada by diverting the flow of Canadian-produced gold from London to the United States, by strengthening export trade, and help Canadian gold producers.

Charles McCrea, Ontario minister of mines, said Roosevelt's action "will bring more wealth into Ontario than can be estimated at this time."

RILLED IN CRASH

RICHWOOD, W. Va., Feb. 5.—(AP)—Dr. George H. Liebel, prominent Cincinnati business man and a former associate, Edward B. Taylor of Chicago, were killed yesterday in an airplane crash near here. The two apparently had become lost in the squawk which has swept this area for 12 hours, and ran out of gasoline.

## Mrs. Arthur Cummer Delivers Address At Sanford Garden Club

Mrs. Arthur G. Cummer of Jacksonville, who has recently returned from a trip abroad, was the main speaker at the annual business meeting and luncheon of the Garden Club of Sanford held yesterday morning and afternoon at the Episcopal parish house with about 40 members and guests in attendance.

Mrs. Cummer's talk, which was given informally, was illustrated with moving pictures showing views of famous gardens and buildings which she saw in France, Germany, and Russia during her trip last summer. As the pictures were shown she gave interesting details about each one.

One reel of colored pictures, showing various views of Mrs. Cummer's own garden in Jacksonville, was shown at the conclusion of the address. Located on the St. Johns River in Jacksonville, the garden contained great expanses of lawns, beds of azaleas in a riot of color, and many perennials and walks.

During the business session which preceded Mrs. Cummer's talk, Mrs. R. J. Holly was elected president for the coming year. Mrs. H. B. Pope was chosen vice president, and Mrs. R. F. Montsalvage was selected to serve as secretary and treasurer. They will assume their duties on June 1.

It was also announced at this time that the annual flower show will take place on March 14 and March 15 at the Episcopal parish house and that Mrs. W. J. Hines, one of the foremost authorities on flowers in the country, will lecture on flower arrangement on Feb. 14 at the Winter Park Woman's Club.

Mrs. Walter S. Coleman, beautification chairman, introduced a resolution to convert the First Street airport into an amusement center and park. Annual reports were then made by the various circle chairmen and the meeting was adjourned.

The program for the luncheon was arranged by Mrs. Endor Curlett who acted as official hostess. Mrs. R. J. Holly was general chairman of arrangements for the affair and was assisted by Mrs. J. C. Benson, Mrs. F. W. Bender, Mrs. R. H. Deas, Mrs. J. Howell Fish, Mrs. R. L. Cornell, Mrs. H. M. Watson, Mrs. A. W. Egan, Mrs. Byron Stephens, Mrs. L. P. Hagan, Mrs. H. B. Pope, and Mrs. Walter S. Coleman. Luncheon was served by the Mary Lambert table with luncheon and world citizenship, Carlyle (household), citizenship and community service, Miss Ann Jones, recreational and personal development, Miss Clifford Shinhohler, Miss Ruth Hand, and the Rev. W. A. Cooper, co-chairman of leadership training.

Plans were discussed for the entertainment of the central Florida Union which is scheduled to meet here on Friday, Feb. 9. It was reported that about 200 persons are expected to attend the meeting.

Following the adjournment of the business session a social period was enjoyed when refreshments were served by Miss Shinhohler, assisted by Miss Ruth Hand. Those present were: Mrs. Clifford Shinhohler, Ruth Hand, Ann Jones, Catherine Tills, Julia Belle McLelland, and John Alden Brown, Jr., Randall Priest, and Edward Mit bell.

Mrs. Henry D. Tills of Hineswick, Ga. and Mrs. Morris Kronen of New York City, the honor guests received linen sports handkerchiefs as mementoes of the occasion.

After several presentations of contract bridge cards were added and high score prizes. Madeline Watkins was awarded to Mrs. J. D. Gradick, Mrs. Homer Little received linen guest towels as high score prize and Mrs. M. Kronen was the recipient of all-haute pictures as cup prize.

A salad course was served at a late hour by the hostess. Those invited were: Mrs. Henry D.
