

### State Department Official Admits Knowing Red Spy

#### Visit To Communist Magazine Is Noted In Diary For 1932

WASHINGTON, Aug. 20—(AP)—Oliver Edmund Clubb, suspend of State Department official, today told the House Un-American Activities Committee his personal diary shows he met Whittaker Chambers at the New Masses office in 1932.

He turned over to the committee several volumes of his personal diary, made during his 23 years as a foreign service officer.

Chambers, confessed former courier for a Communist spy ring, testified to the Senate Internal Security Subcommittee last week that Clubb had called at the New Masses office only in 1932.

Chambers was one of the editors of the magazine at that time.

Clubb, after his testimony of last March, obtained his old diary from Peiping. He said that on finding it he found a reference to the Chambers meeting.

The Clubb diary entry, made in July 1932, read:

"The most interesting meeting this year was that with the New Masses. This so-called revolutionary organ is a horrible rag."

"But Agnes had given me a letter of introduction to 'Wait' Carson so I went to see him."

Chambers' story was that Clubb came to the magazine office, looking for Carson, and had a letter from Agnes Bredley. Miss Bredley, a Communist spy by witnesses before the Senate subcommittee, Carson had been on the staff of New Masses but Chambers said Carson was not there when Clubb visited.

Clubb, 60, has been head of the State Department's China section but was suspended from duty last year pending a hearing on charges lodged with the Department's loyalty and security board.

The Department announced his suspension July 12 in response to inquiries from news reporters but did not say what were the specific charges.

Clubb received a hearing before the loyalty board on July 31, but it has not yet announced any decision in his case.

The diary Clubb gave the House Committee described the building housing new masses as "a shabby place" and reached by "back stairs."

The entry noted that he was introduced to a secretary who introduced him to Michael Gold, Communist Clubb. He spoke of revolutions but in the hearing of it for the United States at present, bemoaning the lack of organization when the field is prepared and the crop so ripe for harvest."

The diary entry that Gold asked him about conditions in China and then continued:

"And then there was a success to Carson, one Whittaker Chambers, a shifty-eyed unkempt creature who showed considerable brains in asking about conditions in China."

"We didn't talk smoothly," the entry went on, "was, after all, out of my bellwether, masquerading under false pretenses."

Taverner read the entry. After finished, Clubb suggested that Taverner had neglected to indicate that quotation marks had been placed around the words "revolutionary," "Communist Clubb" and "hopes."

Taverner agreed.

Clubb identified "Agnes" as Agnes Bredley. She was described as a Soviet spy by Maj. General Charles A. Willoughby, former East Army Intelligence Officer, in testimony to the Senate Internal Security Committee.

Clubb testified he first met Bredley in 1931 at either Shanghai or Shanghai and subsequently obtained from her letters of introduction to some interesting people in New York.

Chambers appeared before the House Committee without a lawyer. When asked by Taverner if he was satisfied to proceed without counsel, he responded "I am satisfied."

Clubb accompanied him to the hearing and sat among a small group of spectators.

### Grand Jury

(Continued From Page One)

The liquor dealers made a statement through their attorney that they were not asking for the reopening of the case. That is recorded in the minutes of the Grand Jury.

Clubb said the whole case was a farce and that the Grand Jury was an organization of men who were not qualified to judge the case.

Clubb said he was a member of the Grand Jury and that he was not qualified to judge the case.

Clubb said he was a member of the Grand Jury and that he was not qualified to judge the case.

### COLORED FUNERAL

Funeral services will be held for Mamie Robinson of 1006 Pine Avenue, who died on Friday, Aug. 17, Tuesday at 3:30 P. M. at the St. Johns Baptist Church. The deceased was formerly of Fort Reed.

The Brooklyn Dodgers were once nicknamed the Superbas, the Infants and the Robins.

Tom Tatum, ex-Brooklyn Dodger outfielder, is now managing Oklahoma City in the Texas League.

## Cease-Fire Talks Hover On Brink Of Complete Failure

### Communists Step Up Propaganda Fight As Red Delegates Continue Adamant

By SAM HUMMERLIN  
MUNSAN, Korea, Aug. 21—(AP)—Communists protests and anti-American propaganda were stepped up today as a joint Allied-Communist subcommittee held its fifth session trying to break the deadlock in Korean truce talks. Red China's Peiping radio said tonight that the killing of a Chinese soldier in the Kaesong neutral zone "will focus still greater hatred of American imperialism among Korean and Chinese peoples."

## McCloy Reports Failure Of Red Propaganda Drive

### West Germans Resist Blandishments Of Communist Chiefs

FRANKFURT, Germany, Aug. 21—(AP)—Communists' big propaganda drive has flopped in West Germany, U. S. High Commissioner John J. McCloy said today. The Reds opened their full-scale assault last spring, McCloy said in his quarterly report to the State Department. They tried to scare West Germans away from joining western defense and into a sell-out compromise with the east. Instead, McCloy reported, German support for western defense has increased, and the Communist chief propaganda agencies have been thoroughly discredited, "refuted and even outlawed by an aroused West German."

## Dawson Selected To Line Up Hams For Disaster Job

Charles R. Dawson, operator of Amateur Radio Station W4GGO, has been selected by the American Radio Relay League to line up other local radio amateurs for emergency communication in time of disaster. This was announced today by F. E. Handy, communications manager of the League, a national association of radio amateurs. The job carries the title, emergency co-ordinator, and Mr. Dawson's assignment will be to band together local radio amateurs to perfect arrangements for emergency radio communication in case of hurricanes or other emergencies. Mr. Dawson has already been co-operating with the Miami Hurricane Warning Service, Miami, by radiating its local weather reports. The need of self-powered radio transmitting and receiving equipment for use during storms, was pointed out by Mr. Handy. As ARRL Emergency Co-ordinator, Mr. Dawson will call local meetings of amateurs, establish common operating procedures, and arrange regular drill periods when the hams' personal stations may be substituted under simulated emergency conditions. His duties will also include liaison planning with the local chapters of the American Red Cross and other relief agencies. In addition, liaison will be established with local protective services such as fire and police departments and civil defense communication.

## A. R. Pinkerton's Father Died Saturday

Friends here of A. R. Pinkerton will regret to learn of the death of his father, Dr. A. E. Pinkerton, which occurred Saturday morning at Camden, Ark. Dr. Pinkerton's home was in Amity, Ark. He is survived by his wife; two daughters, Mrs. Guy Harrington of Little Rock, Ark., and Mrs. Wynne Green of Houston, Texas; two sons, Dr. R. E. Pinkerton of New York and Roderick Pinkerton of New York City; also seven grandchildren.

## Stokes Withdraws Offer To Settle Iran Oil Crisis

By ROBERT R. HEWETT  
TEHRAN, Iran, Aug. 21—(AP)—Britain's delegate today withdrew a proposal to settle the grave British-Iranian oil dispute and gave the Iranians until noon tomorrow to take it or leave it. The new British proposal followed the abrupt withdrawal of British delegate Richard H. Stokes of the previous British proposal involving about a 50-50 split of Iranian oil profits. (In London, the Foreign Office, confirming the new offer, announced that Prime Minister Ailes has summoned his cabinet to discuss the oil negotiations.)

## Services Held For Mrs. Lee Sunday P.M.

Funeral services were held Sunday at Brison Funeral Home at 2:00 P. M. for Mrs. Waldo Lee Lee, wife of H. B. Lee, who died last week after a long illness. The funeral was held in Lake View Cemetery. Surviving in addition to the husband are four children, J. Lee, Helen Taylor, Billy and Joyce Lee, all of Sanford; the father, Andy Gordon of Highlands, Ala.; two brothers, Grady of California, and Cameron and Clayton Gordon of Miami; three sisters, Mrs. W. Lee, Mrs. M. Lee, and Mrs. Frances Guy of Daytona Beach.

## Huge Defense Housing Bill Is Approved By House Vote; Loan Restrictions Lowered

### Two Electrical Circuits Knocked Out By Lightning

Municipal Ball Park Switch Is Damaged In Heavy Rainstorm  
Two of the four electrical circuits in the Sanford area were knocked out by lightning during the sudden rainstorm that swept the city shortly after 3:30 o'clock yesterday afternoon. Service was interrupted in the downtown, east and south sides, and in portions of the west side of the Municipal Ball Park. This equipment is mounted on a pole near the grand stand. All electric service was interrupted on the east side, downtown section, and a small portion of the west side, and was not resumed until the circuit at the Ball Park had been cut out. Current to the entire south side of the city was cut off when another bolt of lightning hit a line between the city and an alley between Elliott Avenue and Melborne Avenue near Seventh Street. This lightning, said Mr. Coleman, smashed a lightning arrester and the building where the wires went into the transformer was completely destroyed.

### Halfway Point Is Reached In Flood Relief Donations

Seminole County's contribution for the relief of stricken families in the flood devastated areas of the mid-west have reached the halfway mark to the goal of \$1,000, Raymond Lundquist, vice chairman of the Seminole County Chapter of the American Red Cross, announced this morning. "But," he said, "Seminole County citizens have generously and without being solicited, donated \$502, and with many outstanding contributions yet to be heard from, it is hoped to reach the goal soon. He praised the public spirit and interest of Geneva, which has raised \$61, and Casselberry which has raised \$40. Through the courtesy of the Sanford (Ga.) and Florida League President John Krider, \$121 was raised at two ball games. Donation boxes have been placed by the Red Cross throughout the county, and contributions are being received. All funds donated, said Mr. Lundquist, go directly to the aid of stricken families in the flood-stricken areas."

### Seminole County Schools Are Due To Open Sept. 4

All schools in Seminole County and Sanford are scheduled to open at 9 A. M. on Sept. 4. County School Superintendent F. W. Lawton announced today. Principals and teachers will begin preparations for the opening of the fall semester of all schools on Aug. 29. Classroom schedules will be set up and all money will be received in the next weeks before the opening. On Aug. 21, a county-wide meeting of teachers and principals will be held at Seminole High School, about 1000 teachers and principals from state universities and the Department of Education will advise on the problem facing the school system. Teachers and principals will meet Aug. 21 at the Court House with Auditor P. E. Harris. The lunch room speaker and most instructors will also be present at this meeting. Another meeting of principals will be given on Aug. 27 in a meeting of the county teachers at Seminole High School. On Wednesday, Aug. 29, all school bus drivers will meet at the Court House at 10 A. M. for instructions from H. E. Morris, principal of Seminole High School, and Mr. Lawton. Registration of all pupils will begin at 9 A. M. on Aug. 30 with buses arriving at 9 A. M. and departing at 1 P. M.

### Measure To Provide For Expansion In Areas Crowded By Defense Workers

WASHINGTON, Aug. 21—(AP)—The House today passed and sent to President Truman a \$1,635,000,000 defense housing bill promoting lower down payments on low and moderately priced dwellings. The general purpose of the bill is to encourage private builders to erect housing for the thousands who have turned into defense centers and areas around military installations. The bill was originally sought by the Administration, but the amount for various housing programs was trimmed. Also, it carries a provision which would permit the present tough credit restrictions on low and medium priced houses to be relaxed. This is separate from a provision permitting the President to relax the anti-inflation area. The bill would authorize a \$1,635,000,000 expansion of the government's authority to insure home mortgages. This and other features are designed to encourage private industry to build what housing is necessary. However, the bill also provides \$250,000,000 for public housing to be built by the government if necessary, and \$20,000,000 for such community services as waterworks and sewers in communities unable to finance them locally. (Associated Press Staff File)

## Amazing Advance In Weapons Made, Joint Chiefs Say

WASHINGTON, Aug. 21—(AP)—The Joint Chiefs of Staff have testified that an "amazing advance" in the science of weapons has been made within the last year. Senator O'Mahoney (D., Wyo.) said today. "But on the other side of the Atlantic, the Russian side, the Russian atom bombs, bigger and better atom bombs than previously believed. Price, a member of the Senate Atomic Energy Committee, was urging fully that part of a deep slash made by the House Appropriations Committee in Civil Defense funds be restored. Price said "there is no question that Russia has more and bigger bombs than the U. S. equipped, and an atomic attack could cause 1,000,000 casualties to a dozen cities."

## Couple Is Injured In Auto Collision In Midst Of Storm

Mr. and Mrs. Newton Edward Lindsay of Deland received head injuries in an automobile collision at Thirteenth and Fremont Avenue at 1:44 o'clock yesterday afternoon. Police reported that the accident occurred during the period following the severe electrical storm when current had been cut off by lightning bolts and traffic lights were not functioning. Driving a 1938 Chevrolet, Mr. Lindsay was going north on French Avenue when his car became involved in a collision with a 1948 Cadillac sedan driven east on Thirteenth Street by Willie Lee Mike, 46, Negro. Mr. and Mrs. Lindsay were taken to a Harrison ambulance to the Fernald-Laughton Memorial Hospital where they were given emergency treatment by Dr. Harry Bishop, and were then sent to the Florida Sanitarium in Orlando for further treatment. Damage to the Chevrolet was estimated at \$200, and to the Cadillac, which was towed to Cadillac's, at \$350.

## President To Open Drive For Tougher Price Freeze Bill

WASHINGTON, Aug. 21—(AP)—President Truman indicated today he is about to open a new fight to get from Congress the price and other control powers he says are needed to combat inflation. At a White House meeting, the President asked his National Advisory Board on mobilization policy for advice on a message to Congress asking stronger control authority. When Mr. Truman signed the present law on July 21, he announced it as inadequate and served notice he would ask Congress later for changes. He said in a statement at that time: "We will not be able to hold down rising prices under this act, and I am going to ask the Congress to amend it to give us adequate controls." The advisory board on mobilization policy is headed by Charles E. Wilson, the defense (Continued on Page 8)

## Parents Blamed For Fundamental Breakdown In Youthful Morals

(EDITORIAL) This is the first of a series of five articles for afternoon papers. The series will analyze major aspects of young Americans which have made news recently. It will report the reaction of educators, law-enforcement officers and others who are dealing with the problem. By REXMAN MORIN  
NEW YORK, Aug. 21—(P)—Three times within the past few months a startled nation suddenly has been confronted with some painful facts of life. The facts were doubly painful because they all involved young people. First, a series of reports showed that teen-agers and young adults in increasing numbers are regular users of dope. Many of them are now confirmed addicts, possibly beyond cure. To get the money for it, they resort to shop-lifting, burglary, robbery and prostitution. Narcotics officers say the medical crisis in some towns as well as big cities, and that it is spreading. At about the same time detectives began surveilling a class of crowded operations on college campuses. These activities were carried out with complete secrecy by high school students who had a high school

## Longwood Church Opposes Action On Sale Of Liquor

The First Baptist Church in Longwood opposed the action of the County Commission in restoring after midnight and Sunday sale of liquor in Seminole County. Opposing a membership of 200 of the Longwood Church adopted the following resolution at their regular Sunday service, 31. It had an earlier reported today. "We, the First Baptist Church of Longwood, Florida, wish to go on record as opposing the action of the County Commission in restoring the sale of alcoholic beverages after 2:00 A. M. and allowing the sale of beer and wines on Sunday. "We further deplore the attitude of the County Sheriff in regard to the same matter. "We wish to commend the action of Commissioner W. L. Shep in taking his stand against the action of the commissioners."

## Twelve Are Killed In Plane Crash

FORT DIX, N. J., Aug. 21—(AP)—A plane crashed today, killing twelve men, including two brothers, were killed. Twenty-one other soldiers were injured or killed as the T-32 Air Force trainer plane crashed moments after taking off from nearby McGuire Air Base. The plane's two-man crew perished in the wreckage. Among the dead soldiers were Pvt. George W. and Robert W. Pools, 22-year-old twins from Camden, N. J., who were inducted into the Army about four months ago. George was killed instantly. The surviving four soldiers were taken to a hospital nearby.

## Fish Agency Seines For Predatory Fish

The State Game and Fresh Water Fish Commission has begun seine operations in Lake Monroe in an effort to reduce the population of predatory gar, shad and catfish which prey on game fish. Fish Management Technician Harold L. Moody announced today. More than 500 pounds of rough fish have been taken from the lake in one day's operation, Mr. Moody reported. The crew now operating in Lake Jessup when the water remains clear from the current. Young Ellsworth's injuries were not visible.

## Hurricane Aims For Mexican Oil Fields On Coast

MEXICO CITY, Aug. 21—(AP)—A tropical hurricane with winds up to 140 miles an hour steamed toward the southern Gulf of Mexico today toward Mexico's oil fields on the Yucatan coast and some of her richest oil fields. Overcast had originated east of the force with which it struck Yucatan last Friday and took 185 miles. The U. S. Weather Bureau on its 11:30 A. M. advisory, said present indications are the hurricane will sweep inland tomorrow afternoon. Yucatan, a modern town of about 100,000 population lies on a low, marshy plain some fifty miles from the Gulf. It is approximately 750 miles south of the border between Mexico and Texas. At least five major oil fields are within 100 miles of Tampico. Earlier today the Weather Bureau had reported the hurricane heading toward the Yucatan. A Gulf stream between Tampico and Vera Cruz. But at 11:30 A. M. the Bureau said the location appeared to be too far south and revised its advisory. The Bureau said strongest winds are about 130 miles an hour within 100 miles of the center, hurricane winds extend out about 75 miles in the northern semi-circle and gale winds 250 miles to the north. At 11:30 A. M. the Bureau was about 240 miles east of Tampico and moving about 15 miles per hour in a direction between west and northwest. It swept across Yucatan Friday, then hit the Yucatan peninsula of Mexico yesterday. It lost force over the sparsely settled land, but the Mexican Weather Bureau said it picked up new force last night.

## MISSISSIPPI

105 ANGELES, Aug. 21—(AP)—Holiday man are still about to Adella Glushing, cashier at a downtown Westover Union office. When a gunman pointed a gun at her and took \$20.00 from the till last night, police recorded it was the second time she had been robbed in five days. The third time in three weeks, the fourth time in two months, the sixth time in two years. "I've had more guns pointed at me than I'd ever had," officers quoted Miss Glushing, 28.

TUESDAY, AUG. 21, 1951

TODAY'S BIBLE VERSE

The prophet paints a picture of power and prosperity for Israel in the distant future, the rebuilding of Jerusalem as a great power, though the immediate prospect was ruin and destruction.

Floridians can sympathize with the people of Jamaica in their hour of need because we better than anyone else know what it is like to be in a hurricane.

You're heard about the policeman who had his pocket picked? Well, something like that happened to J. Edgar Hoover, famed FBI chief, in California last week.

Hearing the sound of growing things should not be too surprising. For centuries Japanese poets have seated themselves beside lotus trees during the appropriate season to receive inspiration from the sound of the buds bursting into blossoms.

We live in a strange period when knowledge of foreign languages is almost essential for anyone who wishes to understand what is going on in the world but when no two people seem to agree upon the simplest interpretations of our own English language.

The meanest man in the world is proverbially the fellow who took the coins out of the blind man's cup, but actually we never heard of anyone who did that. However, the other day in Boston his counterpart had his innings.

Sandy Anderson who returned last week from a trip to Georgia and South Carolina saw many interesting people and visited many fascinating places, but the thing that thrilled him most was hearing his son, the Rev. Sandy Anderson, preach in Trinity Episcopal Church at Columbia, S. C.

The First Baptist Church joins the others who have denounced the action of the sheriff's office in asking for sale of after-midnight and Sunday liquor, and goes even further in requesting a complete investigation of the whole affair.

Swords And Plowshares

The Russians have renewed their proposals for partial world disarmament, and the move has led a group of ten senators to introduce a resolution in which the American Congress would propose total world disarmament.

It is too bad that the resolution can be little more than a token gesture. When one thinks of the suffering that could be relieved if hospitals could be built instead of guns, planes and ships, the waste of war and preparation for war seems insane.

But we can dare to dream of the days when armies may be mere ceremonial units and wars an obsolete method of settling differences. Perhaps in that time the Biblical words about converting swords to plowshares will be fulfilled, and men everywhere can reap a harvest of good things from the earth.

The Sound Of Corn

Seven Wisconsin men with highly developed senses of hearing and curiosity maintain that they heard the sound of corn. If Wisconsin were in the region in which the word corn traditionally does not mean something to eat, one might surmise that the sound they heard was gurgle, or liquid into a glass.

Giving the benefit of the doubt to the agriculturists who went out in the fields to listen to the corn grow, the idea has possibilities. One might suggest that television equipment be moved out to the fields and perhaps a large audience could be enabled to watch as well as hear the process of growing. It might be hard to interest producers in any show in which they would have to admit frankly that their program was corn, however.

The experience and opinions of persons who are in daily contact with young people all adds up to the same conclusion: Youth, as always, is reacting to conditions, and conditions now are not so good.

Cure For Poison Ivy

The victim of poison ivy has unfortunately come in for more teasing than sympathy. Persons who would ordinarily shed tears to learn that a friend is suffering pain and discomfort have a hard time repressing a smile when they learn that the cause of his ailment is poison ivy.

The two doctors believe they have discovered a new and speedy remedy for the discomfort that comes to many people who come in contact with poison ivy. It consists of an ointment made from, among other things, zirconium, a metal used to build atomic-bomb furnaces.

In their experiments the doctors discovered that the ointment not only clears up the rash and blisters associated with ivy poisoning within twenty-four hours, but also may act as a preventive. This would indeed be cheering news to those who are highly susceptible to poison ivy and who lose much of the pleasure in woodland tramps or picnics because of the affliction.

Electrical Damage

(Continued From Page One) west and south of the city reported no rain at all.

E. J. Moughton, Jr., weatherman, reported rainfall of 1.20 inches in the city proper. At the Central Florida Experiment Station on Celery Avenue 1.43 inches of rain was recorded.

This, said Mr. Moughton, is by far the heaviest rain during the present relatively dry month. Up

to yesterday, only 1.54 inches of rain had fallen. Normal rainfall for August is 7.10 inches.

The rain and wind brought relief from sweltering temperatures which reached a high of 95 yesterday. The lowest recording was 72 degrees.

Eddie Basinski, former second baseman for the Brooklyn Dodgers is now playing for Portland in the Pacific Coast League.

Morals Review

(Continued From Page One) kid pulling stickups to get the money for a bottle of gin," the officer says. "He didn't crave it that much."

A long generation ago, the "Black Box" scandal saddened the baseball fans of that day. But the participants were older, men and professional athletes in the official sense of the word.

Every generation worries about its children. But today the professionals are worried, too. Those men and women who deal with youngsters in the mass—teachers, clergymen, law enforcement officers, etc.—usually remain fairly detached and serene about recurring crisis in deeply concerned now.

Their concern focuses on the conditions in which young people have to live today. They cite four main sources of danger:

1. The parents themselves, and lack of discipline.

2. The fear of another great war, which will mean sudden death for many young people, and a totally uncertain future for all of them.

3. The examples of conduct set forth by persons of prestige in the eyes of youngsters.

4. The impact of more powerful channels of information, driving home these aspects of life more vividly and in greater volume than ever before.

Whether any of these conditions is subject to any remedy, or control is a matter of debate. One of them, the possibility of war, apparently cannot be removed, and will haunt young people everywhere for years to come.

An expert probation officer, Miss Dorris Clarke of the magistrate's court of New York, says: "I am less disturbed about the youngsters than I am about their parents. Too often, the origin of the trouble is right at home."

Private talks with the premier apparently were a last-ditch effort to get him to relax Iran's opposition to British proposals for a settlement of the bitter dispute.

Stokes issued a statement designed mainly for Iranian newspapers, declaring the proposed British organization for managing the huge Anglo-Iranian Oil Company refineries at Abadan, and the south Iranian oil fields "will be the servant of the National Iranian Oil Company."

The British proposal for a 50-50 split in profits as a good business deal, Iran rejected the proposals last week on the grounds that they were not in the spirit of

McCloy Vs. Reds

(Continued From Page One) and the Allies suspended most of the Communist newspapers. Then the Red propagandists tried to use persons and groups not formally connected with Communism, McCloy reported.

Even these voices, however, soon became lost as the West German population rallied to the anti-Communist call," he said. "The Communists even infiltrated groups of German war veterans and tried to get them to oppose German participation in western military defense, McCloy's report said."

"However, several veterans' organizations have already indicated their refusal of the Communist line by expressing their willingness to support a West German defense contribution on the basis of equal partnership," he added.

In spite of all the Communist propaganda, McCloy concluded, West German sentiment for defense has grown until the question now is "not primarily whether or not West Germany should actively participate in its own defense. Rather, much of the debate centers on the manner

in which this country took over ownership of the industry.

"The Persian people must make up their minds whether they want to play politics and ruin themselves or to conduct their affairs on the sound, accepted commercial principles embodied in the (British) proposals," Stokes declared.

Jerry Witte, former St. Louis Browns' first baseman, is leading the Texas League in home runs and runs batted in.

Food Prices Drop, State Institutions Purchaser Asserts

(Continued From Page One) Meanwhile, the Communist Party has lost ground steadily in every succeeding election. McCloy contended that the recent election successes of the Nazi-like Socialist Empire Party discloses a "certain potential danger from the extreme right."

But he discounted the likelihood of "any general advance of the ultra-nationalist cause in the foreseeable future."

On the whole, he said, West Germany is making "steady progress in most fields."

He noted a "remarkable improvement" economically, with production one-third above 1938 levels and exports increasing rapidly.

"Germany achieved a positive overall trade balance in April and May for the first time since the war," he reported.

McCloy expressed regret at the cloud which Saar region disputes have cast over French-German relations and the negotiations on the Schuman Plan to pool West Europe's coal and steel resources.

"But the statesmanship demonstrated by the government leaders of both countries succeeded in reducing the danger of alienation," he said. "Thus the Schuman Plan still stood a good chance of early ratification by the parliaments of the participating nations."

Jerry Witte, former St. Louis Browns' first baseman, is leading the Texas League in home runs and runs batted in.

Food Prices Drop, State Institutions Purchaser Asserts

(Continued From Page One) Dan D'Alemberte, institutions purchasing agent, said competitive bids presented to the cabinet today for bulk purchases of supplies showed prices of nearly all staple groceries were five percent below what they were in May.

Beef was down a fraction of a cent a pound, but other meats were up a little. Gause hand-ages and other surgical dressings have dropped about five per-

cent in the past few weeks. Sugar was up about one percent.

Dried prunes were down from \$18.48 per hundredweight in May to \$16.50. Evaporated apples were down from \$26.74 to \$26.99, flour from \$6.36 to \$5.81, corn meal from \$4.72 to \$4.69 and rice from \$10.70 to \$9.39.

Discover its amazing magic in the heaviest traffic. We know you'll go for Mercury. For it's a value-packed performer that makes driving a pleasure—mile after mile, year after year. and Proof Again! Make the 2-Way Test ... prove MERCURY best! 2 Budget Test a Mercury for proof of value! Mercury Co., Inc.

Don't miss this wonderful, lovable story of the person who had one foot in heaven and a heart that was down to earth! MARY MCCOTT A WARRIOR'S DAUGHTER

Sandy Anderson who returned last week from a trip to Georgia and South Carolina saw many interesting people and visited many fascinating places, but the thing that thrilled him most was hearing his son, the Rev. Sandy Anderson, preach in Trinity Episcopal Church at Columbia, S. C. It is a great thing for a father to see his son survive the temptations of youth and become a leader in the struggle against evil. We congratulate Sandy on having this dream come true.

The First Baptist Church joins the others who have denounced the action of the sheriff's office in asking for sale of after-midnight and Sunday liquor, and goes even further in requesting a complete investigation of the whole affair. The grand jury would have the power to do this, and well it might. In the meantime it might be well for all those connected with this affair to consider whether they have made a mistake and if it would not be better to risk the charge of inconsistency than to risk offending so large a part of our total population. No one should be so foolish as to underestimate either the power or the importance of the rank people in a county like ours.

At the 1950-51 season the state's total production of oranges was 100,000 tons. This is a record for the state. The reason for this is that the orange growers have been successful in their fight against the citrus canker disease. This disease has been a major problem for the orange growers for many years. The state's total production of oranges is now 100,000 tons, which is a record for the state.

Six members of the 1951 graduating class of Seminole High School who were outstanding in their participation in school and social activities during their four years in high school are among those planning to leave soon for the college of their choice. Left to right: Sue Collum, Arlene Jacobson, Donna Lou Harper, Carolyn Patrick, Penelope Wallace and Dial Boyle. Sue is the daughter of Mr. and Mrs. A. F. Collum and during her senior year served as a cheerleader, vice president of the Theatrical Club, Key Club sweetheart, and serving on the Salmagundi staff. Also selected as a homecoming sponsor and to serve in the May Day court, she plans to leave soon for the University of Florida.

In Gainesville, Arlene was an active member of the Theatrical Club, was president of the Latin Club, treasurer of the Central Florida Speech League, president of the Debate Squad and was also on the Salmagundi staff. She is the daughter of Mr. and Mrs. Manuel Jacobson of 1810 Sanford Avenue, and logically following her activities in the Debate Squad and dramatic group she is well fitted to major in dramatics at Duke University this fall. The daughter of Mr. and Mrs. D. L. Harper, Donna Lou will go the way of so many of Sanford's girls, to Florida State University in Tallahassee where she will major in elementary education. She was a member of the Triple Trio and Glee Club which

has given so much entertainment for the civic clubs during the past several years. She was also an attendant at the May court, served on the Salmagundi staff, won the D. V. R. story medal her junior year, and acted as secretary of the Tri-Hi-Y her senior year. Duke University is the choice of Carolyn Patrick who has selected elementary education as her major. She is the daughter of Mr. and Mrs. W. A. Patrick of Loch Arbor, and during her last two years at high school she served as a cheerleader and was a member on the Triple Trio. She was a member of the Tri-Hi-Y and during the past year she served as business manager of the Glee Club and on the Salmagundi staff. "Penny" Wallace, daughter of Mr.

and Mrs. W. H. Wallace, has decided that the life of a nurse is what she wants and so will enter Crawford Long School of Nursing. She was also a cheerleader, attended Girl's State, representing the Business and Professional Women's Club, was a member of the Tri-Hi-Y for two years and a member of the Glee Club for four years. Class salutatorian Dial Boyle is the daughter of Senator and Mrs. Lloyd F. Boyle. She will attend Duke University this fall. Dial was the editor of the Salmagundi, served as a cheerleader for three years, was vice president of the Glee Club and appeared in the feature section of the school yearbook.

### Social Calendar

**TUESDAY**  
The Pilot Club will hold a picnic at "Time and Tide" beginning at 5:30 P. M. Mrs. J. C. Mitchell and Mrs. V. C. Messner are in charge of transportation.

The United Class will meet at the Valdez Hotel at 7:30 P. M. The Public is invited.

Chapel Choir meets for rehearsal at the First Baptist Church at 6:45 P. M.

**WEDNESDAY**  
Prayer meeting at the First Baptist Church at 8:00 P. M.

The R. W. Ware Bible Class will hold a party at New Smyrna Beach after which they will meet at Norwood's Restaurant for supper at 7:00 P. M.

**THURSDAY**  
Youth Choir meets for rehearsal at the First Baptist Church at 6:45 P. M.

**FRIDAY**  
Sanford Townsend Club No. 1 will hold its regular meeting at the City Hall at 7:30 P. M. Games and refreshments will be enjoyed. Everyone is welcome.

**SUNDAY**  
The Junior Department of the First Baptist Church will have a breakfast at 7:15 A. M. in the Educational Building.

Alpha Gamma Delta members were entertained last Wednesday night with a picnic supper. Those seated from left to right are Carolyn Patrick, Dial Boyle, Barbara Saunders, active, Mrs. Charles Lane, alumna, Mary Anne Chittenden, Sue Collum, Penny Wallace, and Donna Lou Harper.

### Mr. Mrs. Dale Scott Entertain Friends

Mr. and Mrs. Dale Scott, Jr. entertained on Thursday night for a group of their friends with a party at the Bath and Tennis Club swimming pool at the Mayfair Inn. The guests gathered at 7:00 o'clock beside the pool and throughout the evening dancing and swimming were enjoyed. A picnic supper was also served.

Those invited to enjoy the evening were Mr. and Mrs. Edward Higgins, Jr., Mr. and Mrs. H. L. Perkins, Jr., Mr. and Mrs. McKay Truluck, Mr. and Mrs. Jack Rutledge, Mr. and Mrs. A. E. Shiholzer, Dr. and Mrs. John Morgan, Mr. and Mrs. William Bush, Jr. and Mrs. William Leffler, Jr.

Also Mr. and Mrs. Roy Green, Mr. and Mrs. James Crayton, Mr. and Mrs. W. M. Phillips, Mr. and Mrs. G. D. Bishop, Jr., Comdr. and Mrs. Charles Lee, Miss Ruth Sutherland, Miss Martha Wright, Miss Jeanette Harris, Harry Lee, Jr. and Woody Analey.

### Mrs. Stine Honors Her Grand Daughter

Mrs. W. D. Stine entertained on Saturday honoring her grand daughter, Miss Audrey Cox, who will be married on Sept. 5 at the Ovelo Baptist Church. The Stine home at 1111 Palmetto Avenue was the scene of the party.

Lovely decorations for the party were arrangements of pink and white aster, and roses. Games were enjoyed by the guests and a prize awarded to Mrs. Myron South. Refreshments included ice cream and decorated party cakes. Approximately 30 guests were invited to be with Miss Cox.

### Party Compliments Miss Audrey Cox

Miss Audrey Cox of Ovelo, formerly of Ovelo and her fiancé, Wally Hahn were honored on Saturday evening with a dinner for them by her aunt Mrs. Bertha McKinney of 514 Palmetto Avenue. Their marriage will be an event of next month in Ovelo.

An imported her cloth covered the dining table and in the center was a low arrangement of red and white roses in a crystal box. The guest list was made up of close friends and relatives of the couple.

### Sanford Younger Set Makes Plans To Return To College This Fall

Vacationers are not the only ones who are in the post-leave business this time of year.

Many members of Sanford's younger set are going to college and are preparing for either returning to or entering the college or university of their choice.

When vacation automobiles, planes and buses leaving here in the next two weeks begin filling with young travelers, many of those from Sanford will be headed for the University of Florida at Gainesville, Duke University in Durham, N. C., Crawford Long in Atlanta, Ga., Florida State University in Tallahassee, Emory University, Atlanta, Ga., Southern University, Lakeland, Fla., Piedmont College, South Carolina, North Texas State Normal in Denton, University of Alabama, Tuscaloosa; William and Mary, Williamsburg, Va., Emory of Oxford, Davidson near Charlotte, N. C., Swannan in Tennessee; University of North Carolina at Chapel Hill; and Mary Washington College, Fredericksburg, Va.

It will be a more serious mind of group of college entrants than usual with religious education being the list of major subjects. The girls leaving Sanford this year seem to be entering into this new phase of their lives with a stepping stone to marriage. Most of them have a definite goal in mind.

Eighteen-year-old Carolyn Patrick, for instance, will major in elementary education at Duke University. "I've always been interested in small children, and of course, there is always a need for more and better teachers. I hope to be a good teacher," she said.

"You know, few people realize the many possibilities and fields open in religious education," she said. "I'm an 18-year-old freshman at Piedmont College, explained about her major. She became interested in the subject in high school and began to prepare by taking an art course to tie in with her chosen field. She intends to minor in art in college. "There's everything from TV to missionary work offered to those interested in religious education," she said.

And speaking of TV and radio, Arlene Jacobson, another 18-year-old registrant, has her eye on that lucrative field and will major in dramatics. She, like Joyce Star, has a high school background on the subject. Arlene will attend Duke University.

Donna Lou Harper is thinking in terms of education also and hopes to become a teacher. Elementary education will be her major at Florida State University although she also plans to participate in the many other curricular and extra-curricular activities.

Duke University appeals to Dial Boyle who gave as the reason for her choice the fact that she had seen the school and thought it beautiful. Her sister Lyllian also attended Duke and must have passed along loads of interesting and helpful information.

Miss Sanford of 1950, Betty Lou Partin, is following in the footsteps of her sister, Margaret, in choosing Stetson University, having a dramatic flair which was manifest in several of the high school productions, it logically follows that Betty Lou will major in dramatics with the emphasis on speech. Another registrant at Stetson this year will be Margaret Hunt who is planning to major in religion, as are so many of this year's entrants. Margaret, who is almost equally interested in music has chosen this as her minor.

Sue Collum decided upon the University of Florida because she likes the campus, but it wasn't only the campus she liked. "The dormitories are about the prettiest I've seen and the football team is one of the best. She is going to major in speech, Preedy and attractive Postage

### Sanford Younger Set Makes Plans To Return To College This Fall

Junior College rolls are Luther David and David Hester. Clarence Clark has chosen the University of North Carolina and joining the ranks of Crawford Long Hospital are Louisa Casady and Penelope Wallace. Mary Washington College has claimed Mary Ann Chittenden, daughter of Capt. and Mrs. T. L. Chittenden.

Arlene, Truluck and Dorothy Hester expect to attend Tennessee State College, while Buddy Hahn will give his allegiance to North Texas State Normal. John Partin will join Davidson and Ransom Taylor will be seen on the campus of the University of Alabama. Soanew has captured the eye of Alon Hartzel while Bill Hester is a member of the University of Wisconsin with a scholarship in the law, but of course, made the well known university his choice.

After much debating, Kay Hester has chosen to remain here in Sanford and take a secretarial course at the Vocational School. Penelope Wallace is attending the University of New York, continuing to hold the interest of Fred Reuter who is majoring in geology and Robo Dean will return to Yale University in New Haven, Conn. Bobby Hester is a student at the University of Florida as are E. C. Harper, D. and Kay Shomaker.

Wally Hahn, to be well known in the near future to take up his studies in the University of Maryland, continuing to hold the interest of Fred Reuter who is majoring in geology and Robo Dean will return to Yale University in New Haven, Conn. Bobby Hester is a student at the University of Florida as are E. C. Harper, D. and Kay Shomaker.

The list of the University of Florida has also called Alex Postage who will enter his freshman year this year and Frank Meach and Edward Senkark both plan to resume their studies at the university. Carl Williams, Jr. and Steve Houghton will attend Murray State Teachers' College in Kentucky and Huntington College at Montgomery, Ala. will again see Barbara Chapman and Joanne Williams. Bill Kilpatrick plans to return to the University of Florida.

**HAPPY BIRTHDAY**  
Mrs. A. T. Hall

Jimmie Kirby returned over the weekend to his home in Shreveport, La. after visiting his parents, Mr. and Mrs. W. B. Kirby. The Kirbys had as their guests over the weekend Mrs. Rebecca Bodenberry of Cairo, Ga.

**Personals**

Solus, N. Y. visiting friends and relatives.

Emmett Hunt has left for Atlanta, Ga. to spend some time.

Mr. and Mrs. R. A. Newman have left for their home at New Smyrna Beach to spend some time.

Mr. and Mrs. George Algeron Speer and daughter are spending some time at New Smyrna Beach.

Mr. and Mrs. A. B. Wallace and son have left for New Smyrna Beach to spend their vacation.

Mr. and Mrs. Joe Adams are now making their home on South Cameron Avenue.

Miss Betty Hunter has left for Hartford, Conn. to resume her work.

Mr. and Mrs. W. C. Hill left over the weekend for Clayton, Ga. to spend some time.

R. A. Cobb left yesterday for Newark, N. Y. Mr. Cobb will remain in Newark on business for about two months.

Mrs. B. L. Perkins, Jr. and two children have left for Daytona Beach where they are the guests of Mr. and Mrs. B. L. Perkins, Jr.

Mr. and Mrs. Theo Pace returned Sunday from a month's tour through California, Mexico and Nevada.

Mr. and Mrs. J. G. Haderer have returned from a vacation through North and South Carolina, Tennessee, Kentucky and Alabama.

Mr. and Mrs. G. D. Workman of Avon Park spent the past weekend in Sanford with Mr. and Mrs. A. W. Lee.

Miss Elsie Farley and Miss Maude Ramsey left on Sunday to spend some time at Sarasota Beach.

Mr. and Mrs. Charles LeGette and young daughter Caroline plan to leave on Friday to return to their home in Anchorage, Ky.

Mr. and Mrs. H. N. Beyer returned over the past weekend from Clayton and other points in Georgia.

Mrs. John George has returned from Delray Beach where she was the guest of Mr. and Mrs. James George.

Mrs. Mayme Hodgkin and son Steve have returned to their home on Lake Arrowhead after touring Southern Florida.

Mrs. Berne L. Winn is expected to return tomorrow from the Orange Memorial Hospital in Orlando.

# Buddy Lake Wins First Game Of Year In Relief Role

## Giants Defeat Cocoa 5 To 2 As Jackson Hits 1st Home Run; Klaus Is Injured

Sanford Giants Manager Richie Klaus suffered a possible pulled tendon in his right ankle last night and may be lost for the remainder of the season. Business Manager Charlie Morrison announced today.

COCOA, Aug. 21—(AP)—Veteran Florida State League hurler and former batting champion Buddy Lake won his first game of the year last night after relieving Sanford's Jerry Schultz in the seventh frame. The Giants staged a four-run rally in the top of the ninth to defeat the Cocoa Indians 5-2.

Lake, appearing in his first game of the season for the Giants, allowed but three hits in his two and two-thirds long stint. The win gave the Giants an even split in the ten games played here this year. Ed Jackson hit his first home run of the year for Sanford driving in two of the Giants runs. Richie Klaus sprained an ankle in the 8th frame and was forced to leave the game.

## Azalea Second Baseman Lyle Judy Pays In 1,000th Ball Game Tonite

SILVER SPRINGS, Aug. 21—(Special)—Weather permitting, Palatka's veteran second baseman Lyle Judy will on Tuesday night, Aug. 21 reach a goal not often recorded in minor league baseball. It will be Judy's 1,000th regular season game, the first time in Florida State League history that any player has reached that mark.

Giuseppe Bernardelli and Sean O'Conary will step into the squared circle tomorrow night in an attempt to best each other's brains out in a battle for the possession of a coveted bauble—the light-heavyweight championship of the world.

The two warriors—better known as Joey Maxim and Erin's Own Irish Bob Murphy—are neither, strictly speaking, candidates for flatcuff's Hall of Fame but they are both fair-to-middling clouters and the fight promises to be one of the better matches on the summer break busting program.

Although Maxim is the champion, the highly colorful Murphy, darling of the TV fans, is the favorite of the bettors. His claim to this distinction rests principally on the poor showing Maxim made against Ezzard Charles—out on anything he has done himself.

Actually Murphy has about as much logical right to be fighting for the light-heavyweight championship as any one of 72 other boxers beaten by one Harry "Kid" Mathews, a tough-faced, hard-punching westerner who refuses to become the chattel of the International Boxing Club. The Mathews administered Murphy one of the most stylish beatings in boxing history early last winter, leaving the sailor a gasping, groggy wreck when the bell ended the fight.

Concentrating on the ex-sailor's midsection and evading the looping hooks of which Murphy's is so fond, Mathews taught his rock-headed opponent a stinging lesson. But Murphy's style caught on with the TV addicts who generally speaking, can't tell who won a fight and understand little about the fine points of boxing. They thought Murphy had been chivvied out of a win although at the ring-side Mathews was the unanimous choice.

Since absorbing his beating Murphy has handled a series of easy marks and studiously avoided a return bout with the "Kid". Well he might. But for the TV fans and the clicking turntables the cocky Irishman is a natural, so tomorrow night he fights Joey Maxim for the title.

The unranked Italian tiger of Jack Kearns has the distinction of having fought only once in 18 months—and that a most awful licking. Despite this, however, Maxim is a better than average fighter. His left is probably the straightest and fastest in the heavier divisions today and he can throw a fair right hook when the mood descends upon him—which, to be fair, is infrequently.

Maxim is an excellent boxer with a definite allergy for mixing it up. He is fighting a man whose rudimentary knowledge of the science of self defense leaves him no alternative except to come in belting. The result should be interesting.

Maxim has been on the losing end of a few more beatings than he has won. He has been knocked out by the formidable Ezzard Charles, the former world champion, and by the equally formidable Ezzard Charles, the former world champion, and by the equally formidable Ezzard Charles, the former world champion.

Thru last night, Judy had appeared in 997 regular season games during eight years of play, seven of them with St. Augustine. His only rival is Buddy Lake of Sanford who had appeared in 832 games from 1936 thru 1950—11 years of play.

Weather permitting, Judy will be making his 1,000th game appearance at Daytona Beach, for Palatka plays at home today and is in Orlando tomorrow night. Whether the effects of the tropical hurricane now off Cuba may interrupt this schedule and thus give him the opportunity of being applauded on his home field is not known.

Judy, at 37, is one of the youngest "veterans" in the circuit. He broke in with St. Augustine in 1938. He became manager in 1939, and for a time in 1950.

His "life-time" regular season average thru Saturday night is a healthy .285 batting mark with a fielding percentage of .956.

Offensively, his "best" years were in 1939 and 1947 when he batted .304 each season. In 1939 he played in every game for his club, and led the league in stolen bases with 51.

He holds the league record for number of times walked in one season—153, in 1950. He also holds the "Saint club" record of 75 runs-batted-in in 1948.

Thru Saturday night, Judy had faced opposing pitchers, 4,667 times. He walked 799 times; was hit 36 times; was credited with 129 sacrifice hits, poked out 1,049 hits, scored 72 times, batted in 402 runs, stole 233 bases, and fanned 270 times. At the same time, he produced 14 doubles, 16 triples, and 12 homers.

Defensively, he handled 5,901 chances, being credited with only 253 errors, or one every 23 plus times.

Aside from his regular season games, Judy played in seven play-off tilts in 1945, 12 in 1947, and 12 in 1949. He also was honored by managers and sports writers as being selected on the official all-star teams of 1938, 1939, 1946 and 1947.

Charles Anderson, of Sanford, who was sidelined most of last season because of injuries, is a "Hatter to Watch" this season. He is being counted on by Head Coach Joe McMullen as one of the backfield squad of Stetson University. Anderson is due to report September 1 for the first 1951 practice session.

Two new members joined the first division of the South Atlantic League last night. Macon shutout Columbia 5-0 to take third place and Charleston won from Augusta 1-0 to take fourth. Columbia fell out of the top half of the league with a 1-0 defeat by Jacksonville. Savannah edged league-leading Montgomery 5-4 in the other game.

Joe Piercey pitched a seven-hitter for Macon to win his 14th game. The defeat was Buzz Bell's 14th.

Big Ed Wolfe gave Augusta eight hits and walked only one in Charleston's timely victory. In the eighth inning Charleston's Dick Smith opened with a single roll's sacrifice. Bill Brown then took second on Chuck Cracker's double to score the only run.

Montgomery got four hits and four runs off Savannah's Harry Byrd in first inning, but the Rebels were shut out the rest of the way. The victory was Byrd's 18th. Savannah couldn't take the lead until the ninth.

Chuck Fowler stopped Columbia with one hit while Jacksonville got only five off Bob Kerer and George Dries.

## Brooklyn Dodgers May Have Won Pennant By Six Wins Over Giants

BROOKLYN, Aug. 21—(AP)—It begins to look as though the Brooklyn Dodgers may have won the 1951 National League Pennant—if they do not blow it—by beating the New York Giants in the friendly confines of Ebbets Field.

The Dodgers are far from clinching the flag just yet—after losing 5 1/2 games of a 13 1/2 game lead within a week—but they still have an eight-game spread and seven games of that margin were piled up by shelling the Giants at Ebbets Field.

The Giants, working on a nine-game winning streak, aren't conceding anything yet, of course. Manager Leo Durocher found a lucky penny in the third game coaching box at Philadelphia Sunday when the Giants were trailing 4-0, and he credits the coin with bringing the Giants a 5-4 victory.

"They (the Dodgers) didn't look so hot to me in our series sweep in the Polo Grounds last week," he said. "They still can be had. And don't forget the guys on my club know it now."

His sentiments were echoed by a Giant official, who commented: "When you're winning and the other guy is losing, those figures switch around pretty quick."

Manager Charley Dressen, whose league-leading hitters have averaged only 18 runs during their 14 games, said he was unworried.

"I'm not planning any moves, we'll go as we are," he commented. "We're in a slump sure, but we'll come out of it."

The Giants, whose pitchers have allowed only 18 runs during their hot streak, try for No. 10 against the Cincinnati Reds today with their ace, Sal Maglie, on the mound. The Dodgers, meanwhile, Ray Boons, Cleveland Indian shortstop, came up to the big leagues as a catcher.

## Maxim Confident Of Knocking Out Irish Bob Murphy

By MURRAY ROSE  
SUMMIT, N. J., Aug. 21—(AP)—Light Heavyweight Champion Joey Maxim says he's not worried over the title jinx that has boxed five boxing kings this year.

"Jinxes aren't going to help anybody in there Wednesday," said Maxim, who defends his crown against Irish Bobby Murphy in Madison Square Garden tomorrow night. "I'm more concerned about some of that rough stuff he likes to pull."

"If he pulls any dirty stuff on me, I'll give him some of my right back," said Joey who started to smoulder as he discussed the matter.

Maxim has been fighting pro close to 12 years and knows all the tricks. "This is all or nothing with me," said Maxim. "I'm on the spot and I'll give it right back to him. Thumbs, if necessary. I don't ever start that kind of stuff but I'll protect myself."

Joey didn't go into the details on his complaint but Manager Jack (Doc) Kearns was more specific. "He gets away with that hitting and holding," said Kearns.

"I'm not planning any moves, we'll go as we are," he commented. "We're in a slump sure, but we'll come out of it."

The Giants, whose pitchers have allowed only 18 runs during their hot streak, try for No. 10 against the Cincinnati Reds today with their ace, Sal Maglie, on the mound. The Dodgers, meanwhile, Ray Boons, Cleveland Indian shortstop, came up to the big leagues as a catcher.

"It's Murphy's best punch. I think the public wants a fight in which they can see all the punches landing. Murphy didn't want to bring up low punches," said Kearns. "But Murphy hits a few low ones. Let's have a fight instead of a wrestling match. If Murphy fights according to the rules, Maxim will beat him easy. He'll beat him anyway. Probably I'll knock him out at that."

Murphy, a fighter who bores in from the start and keeps throwing punches without a let-up, was burned up at the charges from the Maxim camp.

"I don't pull any of that sort of thing in the New York book about not hitting with a free hand. They're supposed to penalize it for holding with both hands."

"They're just getting up an alibi," said Murphy. "Maxim can't take it in the body, and believe me, I'm going to belt him plenty there. As a matter of fact, I'm going to knock him out with a left hook to the body within seven rounds."

A mild-mannered and pleasant guy when not in the ring, the red-topped west coaster was so buzzed up that he took it out on his brother in his last workout. Bobby hadn't floored any of his sparring mates in 48 rounds of sparring-up until yesterday.

**180 Horsepower!**

Until you drive it you'll never know what

**Chrysler FirePower V-8**

does for you!

YOU'VE HEARD THE TALK about Chrysler's revolutionary new V-8 FirePower engine... with its 180 horsepower, its amazing smoothness and acceleration...

NOW COME DRIVE THE REASON for all this excitement. Here is the most revolutionary advance in American motor car engine design in 27 years...

HERE'S THE REASON why... a full 20 horsepower more than that of the next most powerful American passenger car engine!

HERE'S THE SAFETY OF POWER-ASSISTED steering that gives you the most complete control in the most critical of driving situations!

YOU'LL LIKE CHRYSLER'S LOWER SEATING TOO... smoother, softer, better suited to the speed that you've never known. At the touch of your toe, power from the engine helps put on the brakes... reduces foot pressure by as much as two-thirds!

AND STRAPBUCKLES... THE NEW SEAT BELTS! It makes driving a car a brand new experience! At your touch on the steering wheel, power provides four-belts of the finest quality steel. It's a complete job that takes the weight from your back and the strain from your legs!

CHRYSLER'S... ONLY A MAN CAN DRIVE THE WHAT ONLY A CHRYSLER GIVES!

## Best Buys for Back-to-School

**SHOP EARLY!**  
 Local merchants advise par-  
 ents to shop early for school  
 supplies. They say that the  
 demand for school supplies  
 is increasing every year and  
 that parents who wait until  
 the last minute may find  
 themselves unable to buy  
 what they need.
