Local Case Is Unique For Courts

(Continued From Page 1)
The Supreme Court decision invalidates the Florida statutes outlining the conditions under which the death penalty may be imposed. In fact, he said, the decision strikes down the law governing capital punishment in 39 states. Alluding to the dissenters in the Supreme Court decision, Ervin noted that they indicated new laws must be passed in the states before the death penalty could be imposed.

Ervin contended the U. S. Supreme Court ruling abolishing the death penalty makes the state law void, and that with the ruling that there are no longer capital offenses, the effect is there is no death penalty.

Relating to Whalen's situation, Ervin told the court that the imposition of a life sentence, which he is requesting, should be concurrent with his present life sentence on the robbery charges.

Perkins, Ervin declared, is the real savior in the crime, and "because the state can't get to him, why take it out on Whalen?" Ervin disclosed Perkins "lied in his deposition" and could be tried for perjury and given, if convicted, another consecutive life sentence. Ervin said that Whalen, who did not take the stand in his trial, now wants to make a statement.

'Psycho-drama' Usage Outlined

As the Myers Act makes treatment of the alcoholic a task for social and community workers throughout the State, new areas of treatment are being explored. One such method of treatment, psycho-drama, was explained and demonstrated to delegates attending the 10th annual Florida School of Alcohol Studies currently being held on the campus of Florida Technological University.

Mrs. Jean Mosier, director of psycho-drama for the Bureau of Alcohol Studies, said psycho-drama is invaluable in achieving a deep emotional base quickly. Psycho-drama is composed of three parts. Mrs. Mosier explained first, the members of a group are led through a "warm-up" consisting of a series of questions which often touch deep emotional bases. From that, a protagonist is chosen who then acts out a

Development Planned Variance Is Denied

County Commissioner John Kimbrough successfully led a fight yesterday to make all builders comply with the 30-day waiting period before hearings can be held on the zoning board on proposed planned unit developments. And planner Harlan Hanson, formerly head of the Orange-Seminole-Osceola Planning Council, "got tried" by the commissioner for attempting to cut corners on the issue. County Planner David Farr also "got sinned" somewhat for trying to cooperate with his fellow planner.

The planned unit development projects involved were those of former State Rep. E. Pope (Sandy Bassett) and Allan Dayton to be built on tracts east of the Wekiva River and west of Longwood-Markham Road involving some 2,300 acres of land on which 7,600 units of single family homes and multiple family dwellings are to be constructed. It was estimated by Kimbrough that 23,000 people eventually will occupy the housing at the two sites.

Sanford Growth Reflected In Bid

The rapid Sanford growth that is threatening to overburden the city water and sewage treatment facilities was evident at the Sanford City Commission meeting when A. A. McClanahan warned a petitioner for annexation that he might have to wait while before these services are available to him. S. Joseph Davis Jr., representing Bushar Holding Company, owner of a 14-acre tract south of Airport Boulevard adjacent to the Farmers Market property, appeared before the commission to ask the property be annexed and given an R-3 (multiple family) zoning classification.

Concrete Pilings Due Through Sanford Port

Approximately seven barge loads of 1,000 tons each of pre-stressed concrete pilings bound for the Lake Underhill Expressway in Orlando will begin arriving at the Port of Sanford in late September or early October. This was disclosed today by an official with the firm under contract to build the facility. Robert Bayless, vice president of Mitsner Marine Construction Company, St. Petersburg, advised the pilings, some as long as 125 feet and in diameter of 36 feet, will begin their long journey to Central Florida from Cape Charles, Va., by barge to Sanford, then be loaded onto trucks for removal to Orlando.

Altamonte Okays A Record Budget

By MARRION BETHA
City Council yesterday adopted the \$5,764,362 budget for the fiscal year 1972-73, and authorized the city attorney to prepare the budget ordinance. Mayor Lawrence Swofford told a capacity crowd at a public hearing preceding the adoption of the budget that "this is the biggest budget we've ever had." Continuing, the mayor said he remembered when the council was elated over a \$1 million budget. In answer to a query by a resident as to a breakdown of the budget, Mayor Swofford disclosed the general fund totals \$1,869,672 and the utility budget \$3,311,640. The total for the utility budget, \$3,385,650 is allocated to the west Altamonte facility.

Also, the mayor declared there is a \$4 million earmarked for capital outlay, which includes the elevated storage tank and expansion of the west Altamonte sewage treatment plant. Mayor Swofford remarked this will be the 11th year the city millage has remained at five. The budget must be adopted by council by Sept. 27. City Attorney S. J. Davis Jr. was also authorized to prepare an ordinance for redistricting of the city, which Mayor Swofford stated probably will necessitate review in one year due to the population growth in the city. Councilman Daniel Dorfman maintained that the redistricting the population is equitably distributed. The city retains its four present districts, Mayor Swofford, as the fifth councilman, runs at large.

Under the proposal, the city's four districts, encompassing a population of almost 100,000, would have 2,150 residents in District one (Keith Nixon); 2,162 District 2 (Helen Keyser); 2,239 District 3 (Donald Myers); and 2,218 District 4 (Daniel Dorfman). Council, in other action, designated three streets for participation with the county sharing the cost of developing these streets with the present needs of the area.

The county has recently initiated a program for joint participation with the area municipalities for road repairs. Councilman Daniel Dorfman, in recommending acceptance of the county's offer, termed the gesture "commendable" and Davis alluded to the program as a "gesture of cooperation by the county."

Renovate, Raze Owners Advised

By BILL SCOTT
Owners of three houses said to be in a dilapidated condition and located in the area of the assessment roll, and Swofford said the city has no authority over this operation. Owners of properties located at 214, 112, and 211 Laurel Avenue were requested to appear at a condemnation hearing after the city received complaints from nearby property owners of the unsafe conditions presently existing.

Charles Gormley, owner of 112 Laurel Avenue, advised the commission he had just purchased the property and was in the process of erecting the tenants to the house could be cleaned and repaired. "I have looked at the pictures of this house and it will take a lot to bring it up to code," opined Mayor Lee P. Moore. W. E. Knowles, city manager, advised he had looked at the structure and "it's a shame it's still standing."

Meyer voted "no" on the 30-day extensions given to Gormley and Moore. A question voted to get a Sept. 25 public hearing to condemn the old Good Samaritan Home and the old Elks Lodge at 500 East Seventh Street, so the city can demolish the buildings. The condemnations were at the request of the owners.

Turner Arrested Here For Pinellas

SANFORD, Fla. (AP)—Pinellas County felony warrants here to be served on Glenn W. Turner, 37-year-old millionaire and founder of a giant corporate empire, was arrested at 3:30 a.m. EDT today as he stepped from his private jet at Sanford Airport. Turner, headquartered in Seminole County deputies said. The Orlando businessman, who built Florida W. Turner Enterprises into one of the nation's most controversial conglomerates, was served with two warrants issued in Pinellas County, deputies said.

The warrants charged that Turner violated the Uniform Sales and Securities Law, said Seminole County Deputy Sheriff Corley. A lawyer representing the 79-firm conglomerate, Theodore Koskoff, charged that hundreds posted \$20,000 bond and was "released, Corley reported. Deputies made the pre-dawn arrest when Turner climbed into his Lear-Jet at private airport, deputies guarded doors and according to Corley.

Turner had challenged the County authorities' arrest of a state attorney's office.

Speed Limits Questioned SR 436 Studies Asked

By KATHY NIBLACK

CASSELBERRY — City Council agreed to request two traffic studies by the state Department of Transportation in an effort to resolve two hazards on SR 436.

City Manager Ronald Bergman reported that DOT had finished speed studies on SR 436 and Highway 17-92, and pointed out the startling results of those studies. The DOT has agreed to decrease the speed limit on SR 436 from 55 to 50 miles per hour but in doing this another problem is created. According to regulations, if the limit is lowered five miles per hour, there may not be dual speeds on the road for cars and trucks.

This would mean that if the limit for cars was lowered to 50, the limit for trucks would have to be 50 also. This, of course, is no answer to the traffic problem.

Bergman also reported that the DOT had seen no cause to reduce speeds on Highway 17-92 and had recommended, if anything, a raising of speed. Bergman recommended that the council request that these studies be redone, since he feels the roads were not studied during peak traffic periods.

Council also decided to request that a study be made of the traffic light on SR 436 at Oxford Road. Hazardous traffic situations occur at this point daily due to the two green arrow lanes on SR 436. The situation was pointed out by Councilman Thomas Napier.

Police Chief George Karber agreed that a regular traffic signal would be better at this intersection.

In work session action, council authorized city attorney Kenneth McIntosh and Bergman to "put out feelers" in order to begin negotiations for the city to purchase the Indian Hills Utilities System. Maitland's recent attempt to acquire the system was blocked by the county.

Key questions at this point in Casselberry's acquisition of the system valued at \$600,000 are whether Casselberry will be offered the price Maitland will continue to process sewerage from the system. Council Chairman Edith Duerr, considering the possibility that Maitland may appeal his case, said, "Let's ignore the possibility of any suits, and assume that the city has the right to this system."

'Lifer' Will Continue Fight

MIAMI (AP) — The man who has spent more time on Florida's Death Row than any other living inmate was sentenced Tuesday to spend the rest of his life in prison but Dennis Whitney vowed to continue to fight for his freedom.

Whitney was sentenced to death after police said he left seven bodies behind him on a cross-country killing spree. He was returned to Miami from Florida State Prison at Raiford Tuesday to hear Circuit Court Judge Rhea Grossman's sentence and her recommendation that he never be paroled.

"My whole trial was a sham and I am going to continue to fight for my freedom," Whitney declared following Judge Grossman's pronouncement.

Whitney was sentenced to the Feb. 25, 1960, in the slaying of Arthur L. Keeler. Less than a month later he was convicted in Palm Beach County of murdering a Hialeah woman in Jupiter and also sentenced to life in prison.

Nixon Abandons Jews, Claims Sen. McGovern

By GREGG HERRINGTON Associated Press Writer

NEW YORK (AP) — Democratic presidential candidate George McGovern charged today that Nixon was abandoning Jews in Russia and Israel and are overlooking their needs in the United States.

Taking the offensive on an issue that has been something of a plague to McGovern for several months, the South Dakota senator said Nixon "has been silent in the face of the continued persecution of Soviet Jews."

As for Israel, McGovern said, "The administration's objective is not to insure the security of Israel but to expel the Russians from the Middle East."

"Once that objective is achieved," McGovern said in a speech to the New York Board of Rabbis, "Mr. Nixon will again pressure Israel to withdraw without the basic guarantees of safety that only direct negotiation can insure."

McGovern repeated his intention of standing by Israel if he becomes president. He attempted to dispel, as he has in past appearances before Jewish groups, a belief among some Jews that his plans to cut the U.S. defense budget by over \$30 billion per year would jeopardize Israel's security.

But for the first time in any recent McGovern speech to a Jewish group, the senator dwelled heavily on domestic issues, including crime in the streets, poverty and old age security.

"It does no good to have a decent job if you do not feel safe in your own hallway or your own elevator," McGovern said. "In New York City this year there will be 2,000 murders. And these will be just part of the steady increase in crime in America since my opponent promised to return the nation to law and order."

McGovern also called attention to the 250,000 Jews in New York City who he said live below the poverty line. "They have not benefited from

anti-poverty programs as much as others in New York, either because they are ineligible or because they are discouraged from applying," he said.

In another speech for a noon rally for Soviet Jews, McGovern said their plight "cannot be buried under our efforts to expand world trade and cultural contacts. It cannot be an afterthought to our efforts for world peace."

At stake in 1972 are the party allegiances of 5.9 million American Jews of all ages — nearly 2.5 million of them living in the New York area. For the first time in recent American history they are widely expected to give the Democratic candidate less than overwhelming support.

McGovern's defense plan includes a reduction of the U.S. Navy's aircraft carrier strength from 14 to 6 vessels. That move alone, some McGovern critics say, would weaken U.S. strength in the Mediterranean and jeopardize Israeli security.

Jewish support of Democratic presidential candidates has been so strong in recent history that one popular benchmark is 70 per cent. If Jewish support for the Democratic candidate falls below that mark, it is said to be a Republican victory.

The Jewish voter turnout on election day is traditionally much higher than the public at large, thus adding to the importance of Jews, especially in New York State. In 1968, New York gave Hubert Humphrey only a 371,000-vote margin of victory in his unsuccessful drive to defeat Nixon.

94 Airmen Lost In Stepped-Up War

By GEORGE ESPER Associated Press Writer SAIGON (AP) — The U.S. Command reported today that 94 American airmen have been lost in North Vietnam since the start of the Communist offensive last March 30 that was met by sharp escalation of the U.S. air war against the North.

The toll increased to 94 with the delayed announcement that three fliers and two F4 Phantoms were lost last Saturday and Sunday. One man, Marine Lt. L. Darrel Borders, 33, of Herrin, Ill., was rescued.

A total of 84 American jets have been downed in North Vietnam since March 30, the U.S. Command said.

Hanoi Radio has announced the names of more than 20 of the fliers who it said were captured. Borders' F4 was shot down by a North Vietnamese MiG Saturday near the Laotian border 92 miles southwest of Hanoi. He was picked up despite a hail of fire that damaged two rescue helicopters.

The other Phantom, a Navy plane, was downed Sunday by a surface-to-air missile 24 miles northwest of Thanh Hoa.

The U.S. Command also announced that three American aviators were among those wounded Tuesday when North Vietnamese gunners fired a total of 1,200 artillery and mortar shells into government positions in and around Quang Tri.

Government militiamen reported heavy fighting 35 miles northeast of Saigon, with the South Vietnamese reporting 42 enemy and 11 militiamen killed and 22 militiamen wounded.

More than 100 miles to the south of Quang Tri, fighting appeared to have tapered off in the battle for the Son Valley, but there was no indication.

Crossing Warning Approved

Action to alleviate the hazard at non-signalized railroad crossings through the installation of raised reflectors was unanimously approved today by the Board of County Commissioners on recommendation of Chairman Greg Drummond.

The chairman said the reflectors will be placed in the pavement approaching crossings in patterns close enough so that vehicles will have to be driven over them. They will be visible day or night and will warn motorists by a "slight thump" as they are crossing.

The chairman said unfortunately the reflectors, which will be attached to pavements, cannot be placed on dirt roads or on certain porous paved ones. The chairman said the county is making every effort to signalize hazardous crossings by including several installation recommendations in its annual road program.

The federal government also is involving itself in alleviating similar hazards on roads other than federal ones and it is based on the municipalities to serve both cities or the expansion of the Altamonte plant to 75 million gallons to make it capable of serving Altamonte, Longwood and the surrounding areas.

Palm completed a feasibility study for a sewer system for Longwood about 18 months ago.

Giant Rookie Barr Sets Putout Mark

By HERSCHEL NISSENON

National League batter Barry Barr had his ups and downs lately with San Francisco's Jim Barr — up they come and down they go.

The 24-year-old right-hander, who pitched a two-hitter against Pittsburgh last week for his first major league shutout and retired the last 21 batters, mowed down the first 20 St. Louis hitters Tuesday night before Bernie Carbo broke the spell with a clean double and finished with a three-hit 3-0 victory over the Cardinals.

The string of 41 consecutive outs broke the major league baseball mark of 38 set by Pittsburgh's Harvey Haddix in 1959, 36 of those coming in his memorable 12 perfect innings against the Milwaukee Braves.

Other National League scores: New York Mets 5, Cincinnati 0; Houston 2, Philadelphia 1; Chicago Cubs 2, San Diego 3; Montreal 4, Atlanta 3.

In the American League, California downed Detroit 3-1, Baltimore whopped Minnesota 5-4, Oakland edged Cleveland 1-0, Boston tripped the Chicago White Sox 3-4, the New York Yankees nipped Texas 7-4 in their 11-inning opener but dropped the nightcap 7-4 and Kansas City snatched Milwaukee 6-4.

When this season begins, you will see their last pennant in 1967. Jose Santiago was the pitcher who brought them through an exciting stretch run.

Meet — Luis Tiant. "I think that he's as good as any right-hander in the American League right now," said Chicago Manager Chuck Tanner after Tiant pitched a 3-0 beauty against his White Sox Tuesday night.

The Yankees won their first game in the winning run with an 11th-inning single. Ted Ford's tie-breaking homer touched off a four-run uprising in the seventh inning to give Texas the second game.

'Nice Guy' Svare Suspends Thomas

By TOM EMORY
Associated Press Sports Writer

Coach Harold Svare of the San Diego Chargers is finished playing the role of "Mr. Nice Guy."

Svare announced Tuesday that Duane Thomas, the talented but mysterious running back the Chargers acquired from Dallas, was suspended until the end of the season.

San Diego gave up sophomore running back Mike Montgomery and second-year wide receiver Billy Parks to get Thomas. Both players had outstanding rookie seasons for the Chargers but Svare, who has said Thomas is the best running back in the NFL since Cleveland's Jimmy Brown, gave up permanent rights to them. Now, after a full month of training camp, Thomas has not practiced.

"I said at the time of the trade for Duane that it was a gamble, a roll of the dice," said the Chargers' coach. "Whatever the outcome, I'm not going to look back. We have a good football team to get ready for the season."

Tuesday was outdoor day for the NFL teams. Each squad was to be reduced to 49 players plus rookies who played in the College All-Star Game. Another five players must be pared from each team by next Tuesday and, of course, the teams must reduce to a 46-player roster for their regular season opener.

Among the veterans put on waivers were running backs Woody Campbell and Mike Richardson by the Houston Oilers; tight end Ray Ogden and

Hal McRae on a fly to shal-low left with the bases loaded. Pittsburgh's Willie Stargell boosted his major league-leading RBI total to 101 with his first home run and a sacrifice fly, which drove in the go-ahead run in the third inning.

Billy Williams accounted for both Chicago runs with a sixth-inning double and Mike Pappas scattered eight hits, including Willie Davis' third-inning homer, as the Cubs edged the Dodgers.

Ken Singleton hit two solo homers in Montreal's triumph over Atlanta. Hank Aaron hit his 688th career homer and Earl Williams also connected for the Braves.

"I'm afraid of everybody," said a smiling Mark Spitz.

The handsome Californian has nothing to fear tonight. It's not until Thursday night that he goes after the fourth of what he hopes will be an incredible seven gold medals.

But starting next week, the United States may have plenty to fear—mainly the thought of an Olympic swimmer team without Mark Spitz.

John Carlos Has Miserable Life

By IRA BERKOW

MUNICH — (NEA) — "What's it been like the last four years? Miserable. I beg here, borrow there, steal here, Hustlin' when you grow up in a ghetto like Harlem you learn how to hustle," said John Carlos. "No body'll hire me. I'm an unemployable. All because I took my fist and stuck it in the air."

"I tried to do something for mankind," he said. "I wanted to make some kind of statement about the injustices all over the world, not just America. I wanted people to wake up to what's happening in the world. One half the world is rich, the other half is starving. It should be balanced."

"I'm involved in any kind of Olympic boycott action here."

"No, and I don't think there will be any from an individual standpoint. The athletes seem younger now, and not so socially conscious. I'm not talking about the nation-tonation thing. That's something else."

"But that's part of the whole political thing about the Olympics. Don't Schlegel and the other countries are more political than the president. It means nothing, it's not a speech. It's something else."

"In what has been variously described as a heroic, dumb, humanitarian, evil act, John Carlos and Tommie Smith each gave black-gloved Black Power salutes when they received their bronze and gold medals respectively, after the 200-meter race in the 1968 Olympics. They were immediately expelled from the Olympic village there. Carlos said Tommie Smith has had to "hustle," too, until he recently became assistant athletic director at Oberlin College.

Why did Carlos give the salute? "I tried to do something for mankind," he said. "I wanted to make some kind of statement about the injustices all over the world, not just America. Explanation Needed

Canadian Pros Play It Differently

It's too bad Canadian pro football was taken off U.S. television because of millions of American football fans had a chance to see the vast differences between the Canadian and American versions of the sport.

The American football fan would have had an easier time of it trying to explain the difference in his wife with examples right before him on the boob tube.

Copley News Service writer Frank Macomber gives a rundown on some of the major differences to acquaint American families.

To begin with, you already have figured out for yourselves that the Canadian gridiron is 110 yards long, plus two 25-yard end zones, and 65 yards wide, compared with the National Football League's 100-yard field, 16-yard end zones and 30 and a third yards wide.

You know, too, that an MVP in a Canadian team, instead of the American version of 11 players.

And you likely have agreed that the extra acreage on the Canadian field allows for a more wide-open game. So do some of the Canadian playing rules. This is where you must begin studying so you can answer your spouse's questions with alacrity.

American and Canadian pro football provide four quarters of 15 minutes each, but Canadian offensive teams have only 20 seconds in which to get the play, compared to 30 seconds in this country.

The NFL allows each team three time-outs, up to 90 seconds each, in each half, but there are no time-outs in Canadian football. The referee stops the clock for out-of-bounds, substitutions, penalties, etc., or whenever he feels justified in halting it.

At the snap, only one American offensive back may be in motion — backward or laterally. The entire Canadian backfield may be in motion in any direction even before the ball is in play.

In the NFL, offensive and defensive lines are at each end of the football. In Canada, the offensive line is at the forward point of the ball and the defensive line is a yard further back. U.S. football fans are familiar with NFL penalties and variations of each. For example, illegal use of hands on offense is 5 yards, but the same foul on defense is a 15-yard penalty.

Over the years Canadian football has attracted hundreds of "greats" from the U.S. college ranks, many of them All-Americans. Some have gone on to coach and manage Canadian Football League teams.

Last year, 70 per cent or 106 of the 141 players on the four teams in the Canadian Eastern Canada conference were U.S. college stars. In the five-team Western Conference, 72 per cent or 124 were U.S. college stars.

In their place brought in Leon Brown and Danny Anderson from Green Bay to man the running back posts, acquired Randy Walker Gillette as a receiver and obtained veteran quarterback Gary Cozzio from Minnesota.

Cozzio, who Holloway obtained for his experience and play selections, will bottle Jim Hart for the starting role. The team may have three quarterbacks such as 20-year-old rookie Tim Van Galder as veteran preseason promise.

Hookie Bobby Moore of Oregon as wide receiver and second-year guard Dan Dierdorf of the new faces likely to appear in the offense.

The Cards also have one of the NFL's speediest receivers in Mel Gray, and increased depth in the backfield with the acquisition of Craig Bryham and return of John Roland and Roy Strain.

Bob Reynolds and Ernie McMillan, who combine 22 years of experience on offensive tackle, will form some of the NFL's best protection and Jackie Smith returns for a 10th season as a respected and punishing tight end.

Imhof, linebackers Mark Arneson and Buck Wallace, defensive ends Tom Beckman and Council Rudolph and running back Bill Taylor, acquired from the Atlanta Falcons, are among the squad's more promising newcomers.

"I suppose our biggest objective on offense is to cut down on mistakes," said Holloway, whose team lost 10 of 25 fumbles and had 26 passes intercepted a year ago. "Teams that don't make mistakes are usually teams that are going to win."

Cards Must Improve 'Overall Defense'

By PAUL LeBAR

ASSOCIATED PRESS Sports Writer

ST. LOUIS (AP) — The St. Louis Cardinals prided themselves in allowing National Football League opponents to run their quarterbacks for losses only 15 times during the 1971 season.

The only problem was that the Cardinals, a title challenger in 1970, were able to nullify their defense by dropping passes and a running attack that failed to produce an outside threat in 1971. Holloway traded away power running backs MacArthur Lane and Sid Edwards and wide receivers John Gilliam and Dave Williams.

Chemical Linked With Cancer In Test

By BERNARD GANZER
Associated Press Writer
CHICAGO (AP)—A synthetic female hormone — recently associated with cancer — was given to 840 pregnant women in 1958-62 as part of a clinical experiment of which they were unaware.

The hormone is diethylstilbestrol, also called DES or stilbestrol.

In wholly unconnected tests two decades later, three Boston researchers found "a highly significant association" between DES and vaginal cancer among seven young girls whose mothers took the drug during their pregnancies. One girl died.

On Aug. 2, the Food and Drug Administration banned all production of DES for use in animal feeds because it turned up in the tissue of animals slaughtered for food. Researchers had also reported that DES caused cancer in some experimental animals.

At the time of the Chicago experiment, physicians had no reason to suspect DES of cancer-causing potential in the patients' children.

Dr. Charles McCartney, who

participated in the experiment, said its purpose was to determine whether DES was really helpful in preventing complications of pregnancy, as was widely believed then. The answer from the experiment was negative, he said.

Record-keeping on the women involved now makes it possible to locate many of the children, and any daughters who might be at risk. The daughters

could have frequent checkups to detect any early symptoms of trouble. Or the follow-up could help determine whether such use of DES actually does create a cancer risk, the physician said.

The study was conducted at the University of Chicago's Department of Obstetrics and Gynecology among patients at Chicago's Lying-in Hospital from Sept. 28, 1956, through

Nov. 20, 1962.

As each woman registered at the hospital's prenatal clinic during that period, she was automatically entered into the experiment.

There were 2,162 in all, but the group was subsequently reduced to 1,846. Of these, 840 were given DES. The others received placebos, or tablets containing no drugs.

Not even clinicians who at-

tended the women knew which tablets had DES because they were concealed in a code.

Describing the experiment at the time, the researchers said it was designed so "that patients and staff should have no knowledge of the medication on trial; (2) that a similar group of patients should receive placebo medication which is not discernible from the medication on trial; and (3)

that the two groups of patients must be treated simultaneously and as nearly alike as possible."

The chief author of the report was the late Dr. William J. Dickmann, chairman of the Department of Obstetrics and Gynecology as well as chief of staff of the hospital. He died in 1967.

Building Planned By Bank

By LIZ MATHEUX

OVIEDO — L. H. Webb, executive vice president of Citizens Bank of Oviedo, appeared before the City Council to discuss the problems of drainage for the proposed site of the new bank building and to show council the architect's plans. Webb indicated that proper drainage at the site of the development is a major factor.

After some deliberation Gary Duffy, from the firm of Driver and Spooner, consulting engineers for the city, suggested that three 60-inch culverts could be used to reroute the waters of the Sweetwater Branch, which is causing the problem, thus by passing the proposed site which is located in a northeastern direction from the present bank facility.

The site is bordered by Geneva Drive, Division Street and Broadway, the main thoroughfare and SR 419.

The two-story building will be of a precast concrete slab construction, involving an area of 5400 square feet on each floor. It is being considered at an approximate cost of \$500,000 for the building and site improvements, with \$50,000 allotted for the furnishings.

Robert I. Webb, AIA, of Maitland (no relation to L.H. Webb), is the consulting architect.

AMERICAN HERITAGE MENUS

America, the melting pot, has evolved a rich food heritage. In a search of the nation, you can find a wealth of regional foods, prepared in a uniquely American style. Foreign influences still prevail in some areas of the country where ethnic groups cling to their food customs and celebration menus to the enrichment and enjoyment of all.

Throughout our country, food ideas from other lands have been adapted to our native bounty and modern eating patterns. Wherever you begin your search of American heritage menus — in the East, West, North, South — the results will add to the dining pleasure of your family.

The Kraft Kitchens have searched for you and offer these heritage menus from three distinct regions. For today's modern cook, the traditional flavor of the dishes has been updated with a generous dash of convenience food flair. From the Plantation Dinner and a Midwestern Picnic, to a West Coast Luncheon, the traditional flavors of the recipes have been enhanced by the use of a truly American culinary treasure — bottled salad dressings. Good flavor is the secret of the success of any dish, and uniquely American products such as Miracle Whip Salad Dressing, Kraft Mayonnaise and pourable dressings add their intrigue to the salad bowl as well as other specialties. The modern plantation menu pairs traditional fried chicken, prepared with a today flair, and a citrus salad from the bounty of the sunshine state. The picnic menu has overtones of the early German and Scandinavian settlers in the heartland of America, yet is 20th century in ease of preparation. On the West Coast, the luncheon fare features a main dish salad of native ingredients, enhanced by Spanish and Island menu accents.

PLANTATION DINNER
Plantation Chicken
Candied Sweet Potatoes
Charleston Salad with French Dressing
Corn Bread Sticks
Hot Biscuits

1 cup cucumber slices
1 cup celery slices
1/2 cup green onion slices
1/2 cup chopped green pepper
1/4 cup chopped onions
1/2 cup Catalina Brand French Dressing
Combine ingredients, chill several hours.
Makes 5-1/2 cups.

COUNTRY CORN RELISH
1 1/2 lb. can cut green beans, drained
1 1/2 lb. can kidney beans, drained
1 1/2 oz. can whole kernel corn, drained
1 cup celery slices
1/2 cup Catalina Brand French Dressing
Combine ingredients, chill several hours.
Makes 5-1/2 cups.

FAMILY REUNION POTATO SALAD
4 quarts chopped cooked potatoes
3 cups celery slices
8 hard-cooked eggs, chopped
1 1/2 cups radish slices
1 cup green onion slices
1/2 teaspoon salt
1/4 teaspoon pepper
2 cups Miracle Whip Salad Dressing
1 tablespoon Kraft Prepared Mustard
Combine potatoes, celery, eggs, radishes, onions and seasonings. Add combined salad dressing and mustard, mix lightly. Chill. Garnish with parsley and radish roses, if desired.
Makes 24 (3/4 cup) servings.
*NOTE: 2 lbs. potatoes will yield approximately 1 quart cooked chopped potatoes.

IOWA DEVILED EGGS
12 hard-cooked eggs
3/4 cup Miracle Whip Salad Dressing
8 slices crispy-cooked bacon, crumbled
1/4 cup chopped green pepper
1/8 teaspoon paprika
1/8 teaspoon pepper
Cut eggs in half. Mash yolks; blend in salad dressing, bacon, green pepper, salt and pepper. Refill egg whites.

Fruits Have Low Fat

Emphasis on fruit and fruit-made desserts in today's column does not mean that richer desserts must be entirely forsaken. It merely means that the low-calorie dieter should take advantage of the great abundance of fresh fruits, when in season, and cut down on those desserts whose ingredients are high in egg yolks and saturated fats.

With so many delicious fruits to choose from, you really shouldn't have any trouble at all lapping off every meal with a virtually unlimited variety of desserts. Here are just a few examples:

CANTALOUPE FRUIT CUP (two servings)
Cut cantaloupe in half. Remove seeds. Fill centers with 1/4 cup orange sections and 1/4 cup berries. Sprinkle lightly with 1 teaspoon lemon juice and 1 tablespoon sugar, if desired. Chill thoroughly.

CALIFORNIA AMBROSIA (six servings)
Peel and slice six oranges. Arrange slices in serving dish; sprinkle with 1/2 cup powdered sugar, and 1/4 cup chopped walnuts. Do not use coconut which is high in saturated fat.

PEACHES AU BILIEE (six servings)
Select three large fresh, free-stone peaches. Dip for 30 seconds in boiling water to blanch. Cut in half, discard pit and slip the skins carefully. Put 1/2 cup sugar in one cup water. Boil to make a light syrup, or use canned peach-halves for this delectable dessert. Drain syrup from one 2 1/2 size canned peach halves. Lightly thicken syrup with 1 tablespoon cornstarch. Blend and boil until clear, stirring to prevent lumping. Add peach halves and peach until thoroughly heated. Arrange peach halves in charming dish or platter, cut side up. Cover with syrup, and add 1 jugger heated brandy, light, and serve flaming.

BLACKBERRY VELVA (six servings)
This recipe, adapted from a U.S. Department of Agriculture bulletin, may be frozen in a crank or electric freezer, or packed in one into a moisture-vapor-resistant container, sealed and placed in the home freezer.

1 quart blackberries
1/2 cup (or more) sugar
1/4 cup cold water
1 tablespoon lemon juice

Sort, wash and drain blackberries. Press through sieve to make 1 1/2 cups puree. Add sugar and lemon juice to puree and stir thoroughly. Soften gelatin in cold water five minutes, then soften over hot water. Add to fruit, being sure that puree is strained from temperature when added. If puree is too cold, the gelatin will coagulate before it has a chance to bind the fruit. Stir to completely blend. Pour into ice cream freezer tray or prepare for quick-freezing. Serve soft-frozen over fruit salads or fruit cups, or reduce freezer temperature to normal when mixture is soft-frozen and let ripen for at least an hour.

Variations:
Any fresh or water-pack fruit may be used. Allow about 1 1/2 cups fruit, such as fresh peaches or apricots, for the puree.

BANANA LOW FAT ICE CREAM
One-third cup cold water
2 tablespoons lemon juice

Put water into bowl, add the lemon juice, vanilla and sugar. Stir and add non-fat dry milk powder. Beat vigorously until of a thick foamy consistency. Add bananas and blend. Pour into a refrigerator tray; freeze for 1/2 hour. Remove mixture to chilled bowl and beat well. Return to freezing until ready to use. Allow three to four hours for freezing. Turn refrigerator to normal for 1 hour of "ripening."

Pretty Smocks
Sweater smocks with embroidery on the borders look great over slacks or skirts. These pretty smocks are also perfect for the mother-to-be.

Sandwiches And Desserts Appeal To The Young

By OPAL CRANDALL
Copley News Service

The food tastes of most young people are simple and uncomplicated. They look with just as much favor on sandwiches as they do on foods in the gourmet category. Their primary requirement is plenty.

A sandwich assembling party is an easy way to feed young people. The ingredients for sandwiches can be partially prepared and placed together on a table. Popular choices are heroes and sloppy joes. And don't forget the dessert, for most young people have sweet teeth.

The sandwich and dessert recipes featured today are substantial enough to appeal to appetites of both the young and the young at heart.

HEROES IN THE ROUND
(Makes 2 large heroes, about 12 servings)
4 cups well-drained sauerkraut
1 bottle (8 ounces) creamy Russian dressing
1/4 cup chopped parsley
1 medium cucumber, pared and thinly sliced (1 cup)
Salt and pepper
1 round loaf of Italian bread, 7 to 8 inches in diameter
Butter or margarine, softened
Lettuce
1/2 pound sliced churinger
4 rectangular slices Swiss cheese, halved
1/2 pound sliced chicken roll
1 jar (4 ounces) pimiento, drained and split
Sweet gherkins

Toss and chill, kraut, dressing and parsley. Season cucumber with salt and pepper. Cut bread horizontally into 6 slices. Lightly butter each slice. For each hero, use 3 slices bread and assemble simultaneously on 2 separate plates. Layer first with lettuce, 1/4 of the kraut mixture, 1/2 the churinger and cheese. Add second slice of bread and layers of lettuce, remaining kraut mixture, chicken roll, cucumber and pimiento. Top with third slice. Wrap and chill heroes 2 to 3 hours before serving. Cut into wedges. Serve with gherkins.

MIDNITE JOES
1 lb. ground beef
1/4 cup chopped onion
1 1/2 lb. can kidney beans, drained
1/4 cup Kraft Barbecue Sauce
1 tablespoon chili powder
1/2 teaspoon salt
3 cups shredded lettuce
12 frankfurter buns, split, toasted
Pasturized process cheese slices, cut in half diagonally
Brown meat; drain. Add onion; cook until tender. Stir in beans, barbecue sauce, chili powder and salt. Cover; simmer 15 minutes. For each sandwich, melt cheese slices on bottom half of bun. Top with lettuce and meat mixture. Serve with top half of bun. Makes 12 sandwiches.

SWISS CHOCOLATE SQUARES
1 cup water
1/2 cup margarine
1 1/2 squares (1 1/2 oz.) unsweetened chocolate
2 cups flour
2 cups sugar
2 eggs
1/2 cup dairy sour cream
1 teaspoon baking

LADIES' LUNCH
Cold Sliced Baked Ham
Fruit Salad with Orange Mayonnaise
Cauliflower
Beverage
ORANGE MAYONNAISE
1 cup mayonnaise
3 tablespoons frozen orange juice concentrate, thawed and undiluted
1 teaspoon minced fresh tarragon or mint
Gradually whisk orange juice concentrate into mayonnaise. Stir in tarragon. Makes about 1 cup. Serve with fruit salad; may also be used with cabbage or chicken salad.

soda
1/2 teaspoon salt
Combine water, margarine and chocolate in saucepan; bring to boil. Remove from heat. Stir in combined flour and sugar. Add eggs, sour cream, soda and salt; mix well. Pour into greased 15-1/2 x 10-1/2-inch jelly roll pan. Bake at 375 degrees, 20 to 25 minutes. Frost while warm with Milk Chocolate Frosting. Cool; cut into squares.

MILK CHOCOLATE FROSTING
1/2 cup margarine
6 tablespoons milk
1-1/2 squares (1-1/2 oz.) unsweetened chocolate
4-1/2 cups sifted confectioners' sugar
1 teaspoon vanilla
Combine margarine, milk and chocolate in saucepan; bring to boil, stirring constantly. Remove from heat. Add sugar; beat until smooth. Stir in vanilla; spread on cake. Sprinkle with nuts.

and relaxed summer living School is just an alarm-clock ring away. So families and friends get together at this time for backyard cookouts and picnics. A special treat that goes well with almost any meal or poultry main dish are Baked Potatoes Diablo. In fact, those who still cling to thoughts of dieting can make a meal of this baked potato stuffed with canned deviled ham and topped with grated cheese.

BAKED POTATOES DIABLO
1 hot medium baked potatoes
1/2 cup milk
1/2 teaspoon salt
1/2 teaspoon pepper
2 tablespoons parsley
1 1/2 ounce can deviled ham
6 tablespoons grated cheddar cheese
French fried onion rings (optional)

Fill potato shells with mashed potato mixture and top with 1/2 cup cheddar cheese. Bake in preheated oven for 20 minutes until filling is golden. Garnish with onion rings, if desired. Potatoes may be baked in advance and filled. Place in oven when ready to serve. Makes 4 servings.

Remove as much of the skin from the chicken as possible. Combine all ingredients in one large pot. Cover and simmer at low heat for about 45 minutes, stirring occasionally. Uncover and cook for about 15 additional minutes to diminish the amount of liquid or until liquid is almost gone. Stir occasionally.

Melt margarine in small pan. Stir in chives, salt, parsley and oregano. Stir and pour over rice and toss with a fork.

STUFFED SHRIMP
Clams go into the well-seasoned stuffing.
2 pounds (24) large shrimp, shelled and deveined
1 cup 1/8 (1/2 ounce) minced clams
1/4 cup instant minced onion
1/4 cup water
8 tablespoons butter
2 cups salt bread crumbs
2 tablespoons parsley flakes
1 teaspoon dried crushed basil
1 teaspoon salt
1/2 teaspoon dried crushed thyme
1/4 teaspoon garlic powder
Red pepper to taste
1 tablespoon lemon juice
1/2 teaspoon paprika
Cut almost through shrimp to center to "butterfly." Drain clams, reserving clams and 1/4 cup of the liquid. Mix onion with water; let stand 10 minutes to rehydrate. In a small skillet melt 4 tablespoons of the butter; add the rehydrated onion and saute 3 minutes. In a small mixing bowl mix together the onion, bread crumbs, clams and the reserved 1/4 cup liquid, parsley, basil, 3/4 teaspoon of the salt, thyme, garlic powder and red pepper. Place a heaping tablespoon of the mixture on each butterflied shrimp, arrange in a buttered baking pan (13 by 9 by 2 inches). Melt remaining 4 tablespoons butter; stir in lemon juice and remaining 1/4 teaspoon salt; pour over shrimp; sprinkle with paprika. Bake, uncovered, in a preheated 350-degree oven until stuffing is firm and browned and shrimps are tender - 25 to 35 minutes. Makes 8 to 10 portions.

Worry Clinic By George W. Crane, Ph.D., M.D. Rev. Bee may have been killed by his goose-stepping... "I'm not a doctor, but I think you should see a doctor..."

Case U-575: Rev. Bee was listed a decade ago among America's 25 foremost pulp orators. "So he exclaimed, 'If your father lay dying of hopeless terminal cancer, would you give him Caroleon injections?'"

"But, Dr. Crane," a mutual medical friend recently checked me, "did you know that Rev. Bee died of cancer of the liver?" "When I shook my head, this medic continued: 'Rev. Bee was given up as a hopeless case at most not more than 6 weeks to live.'"

"He had been operated on several times. 'And been X-rayed intensively, as well as treated by cobalt.' 'But as Rev. Bee lay dying, I suggested to his son (also an M.D.) that he ask Prof. Andrew C. Ivy, world-famous physiologist, to try some of Dr. Ivy's Caroleon hormone on his dad.'"

"The son almost retched at my even suggesting such a thing! 'He threw up his hands as if in holy horror and told me his local medical colleagues vetoed Caroleon as a method of treatment.'"

Turner Pleads Innocent

CLEARWATER, Fla. (AP)—While tycoon Glenn W. Turner pleads innocent here Wednesday to securities law violations, his attorneys went to Orlando and asked a federal court to name a special "master" to administer Pinellas County law enforcement. Turner's pre-dawn arrest as he climbed from his private jet in Sanford climaxed a four-month investigation by Pinellas County State Atty. James Russell, based, company lawyers filed a plea for relief in U.S. District Court.

The action was an addition to pending litigation that seeks an injunction to return to Turner the files and records seized in a police raid on his corporate headquarters last week. A circuit judge here Tuesday ruled that the search warrant was valid and proper and that materials confiscated did not have to be handed back.

Officials said the warrants were based on the sworn testimony of 40 Pinellas County residents who allegedly invested from \$2,000 to \$5,000 apiece in the motivational program.

Turner also faces trial on charges of deceptive trade practices and fraud. Three county State Atty. Dan Nichols contends that Turner is in violation of the state's consumer protection laws.

Turner, "Consumer Protection Bureau of America," used misleading information to lure prospective customers. "Dare To Be Great" is sold in four levels. One and two entitle the buyer to lifetime membership and motivational materials including tape recordings to help build self-esteem. At levels Three and Four—sold at \$2,000 and \$5,000 respectively—a buyer also earns the right to recruit other buyers. If he sells another level Three course, his commission is 100%. If he sells the top level, he gets a \$2,000 commission.

According to Les O'Neill, a company spokesman, \$9,000 level four courses, have been sold since September 1969 when Dare To Be Great was formed. In another development Wednesday a federal judge in Portland, Ore., granted an injunction requested by the Securities and Exchange Commission prohibiting sales of a series. It takes effect Sept. 8.

System Questioned Longwood Sewers 'Go'

By DONNA ESTES

LONGWOOD — The city's sewer system, in the planning stages for 18 months, is still "on" as far as Council Chairman Eugene Jaques is concerned. The plans for the city's regional sewer system, the six-year veteran on City Council declared.

Jaques insisted the City Council in public meeting has not authorized any negotiations for a possible joint system with neighboring Altamonte Springs, nor was he aware any negotiations were going on. "We are still waiting on release of federal funds for construction to begin," he said, adding that he has discussed nothing concerning the sewer system at any other than a public meeting.

The council chairman continued that the East Central Florida Regional Planning Council, a couple weeks ago, appeared "very receptive" to Longwood's plans. He pointed out Mayor Kenneth Brown told the Council, two weeks ago, that the federal government is leaning toward funding regional systems and it was his understanding this would be one of the items studied by the

CAFCO Council of Local Governments when state funding for that organization is forthcoming. "This is the only time the possibility of a joint regional system was brought to our attention," Jaques declared. Check of Council minutes verifies Jaques statement that no negotiations were authorized.

for a possible joint or regional sewer system with Altamonte Springs. William Palm, consulting engineer for both Altamonte and Longwood, told the City Council of Altamonte Tuesday that planning is in process for a joint or regional sewer system in South Seminole County. Turner also faces trial on charges of deceptive trade practices and fraud. Three county State Atty. Dan Nichols contends that Turner is in violation of the state's consumer protection laws.

Turner filed a federal lawsuit in Portland, Ore., seeking an injunction to return to Turner the files and records seized in a police raid on his corporate headquarters last week. A circuit judge here Tuesday ruled that the search warrant was valid and proper and that materials confiscated did not have to be handed back.

County Requests Dismantle Daytona Space Needle

TALLAHASSEE, Fla. (AP)—In what may become a landmark decision involving the use of Florida's beaches, the 1st District Court of Appeal today ordered the dismantling of a 176-foot observation tower it said interfered with the public's right to use Daytona Beach.

The court said the "space needle," built on the soft sand area of the beach, should never have been constructed and the city of Daytona Beach erred in awarding the owners a building permit.

District Judge Gen. Barry Richard halted the decision as "a major opinion that should have application to other beaches in the state. Its first time a court in the state has ever re-

quired anything of material value to be torn down on a public beach." The unanimous court decision said the city of Daytona Beach was empowered to build or construct—or permit the construction—of any structures such as lifeguard towers and public sanitation facilities on the beach.

The court held that the public, in effect, had acquired an easement to the beach by more than 20 years of using it for "sunbathing, picnicking, frolicking, running of dog leashes, parking and generally as a recreation area and playground."

The court decision upheld a Volusia Circuit Court's order to tear down the tower, built about four years ago.

As an example, one of my favorite subjects... the railroad crossings (unmarked with the flashing lights or automatic gates).

There's one on W. 25th Street in Sanford, where a long period of time, you creep up and see that it's flashing red cause this darn shifter is up the tracks about a hundred yards or so. And you start across. It's against the law, neighbor. And if you get a ticket, don't say you didn't know.

Coming soon... a male telephone operator for the Sanford office. (No wisecracks, please.)

And speaking of operators, "This is long distance calling from Colorado. May I speak to the editor, please?"

"Go ahead," says I. "How would you like a tip about somebody running for office in your county who has a pretty big law suit entered against them? But, there hasn't been anything in the papers about it yet."

Prediction... some rather startling county upsets in the political world now being revealed, if you look a little below the surface, that is. For what it's worth, the mud-slinging really will start in full force in another 8 to 10 days. It'll revolve around the personal lives of these candidates... dealing with extra marital affairs, divorces, and the usual "mud."

Democracy is a process by which the people are free to choose the man who will get the blame.

County Requests Federal Court To Name Administrator Of Pinellas Law Enforcement

year-old Florida businessman appeared briefly before Pinellas Circuit Judge Charles H. Holley for arraignment. Trial was set for Oct. 4. Turner is free on \$20,000 bond. Meanwhile in Orlando, where

Turner filed a federal lawsuit in Portland, Ore., seeking an injunction to return to Turner the files and records seized in a police raid on his corporate headquarters last week. A circuit judge here Tuesday ruled that the search warrant was valid and proper and that materials confiscated did not have to be handed back.

Officials said the warrants were based on the sworn testimony of 40 Pinellas County residents who allegedly invested from \$2,000 to \$5,000 apiece in the motivational program.

As Housing Director Smith Gets Post

Sanford Housing Authority board of commissioners chairman John Smith was named interim director of the city's public housing units in an action Wednesday night by the authority's board.

Smith will assume the duties of authority director Gordon Bradley, who a week ago submitted his resignation to the housing board in the wake of complaints by members of the Tenants Council, organization composed of persons living in public housing, Helping Smith will be Rev. William Ennis, another member of the authority's commission.

Chairman Smith said he would serve in the temporary position without pay pending the hiring of a full time director, expected in about 60 days.

He explained he had sought to have Dorothy Bolton, authority accountant, accept the position of interim director, but she had declined it.

In another action, the board voted to shut off the acceptance of resumes from persons seeking the directorship after a period of his resignation to the Sanford Herald newspaper advertisement asking for job applications ends.

Since the three-day run ended Tuesday, the board will begin deliberations on naming a replacement within 30 days.

Smith advised he had already received four applications from persons wanting the job, one of those applying was Bill Lipthrott, president director of the authority.

Rev. Goldie Eubanks, president of the Tenants Council, Alfred D. LaBattiere and Ruth Higgins, Dixon, council members, were present at the session to advise Smith in the Tenants wanted to have a part in selecting a successor to Bradley.

A small outburst from Rev. Eubanks and Mrs. Dixon resulted over a statement from Smith that there will be no interruptions during the meeting. Rev. Eubanks jumped up shook his finger at Smith and vowed the "tenants will have an input."

Smith replied "if you disagree with something you have a recourse, but don't interrupt the meeting." Smith advised Eubanks the tenants have an input, but it should be limited to the discussion.

Richard Evans, authority member, advised Eubanks he had a name to submit to do it and he added "there is no reason for this bickering." This prompted Mrs. Dixon to rise and advise Chairman Smith that he caused the bickering by his "interruptions" statements.

"You are doing, the same thing Bradley and the old housing board did, but you are going to hear from us or we go to Washington," she added. In other actions, the board named Greene and Dyca accounting firm to do a complete audit of the Sanford Housing Authority at a \$1,000 cost.
