

Presenting . . . . .  
Lynn Diane Voskan

Lynn was vice president of the CBE club, a member of the journalism staff and the GAA. She plans to be a dental hygienist. Lynn is the daughter of Mr. and Mrs. Leo Voskan of Longwood.

Presenting . . . . .  
Charles Edward Wagner

Charles was captain of the football team and won the Outstanding Lineman Award. He lettered in baseball, basketball and track and was a member of the Lettermen's Club. He was president of the Sophomore Class and also the Junior Class and vice president of Student Council. Chuck was a member of the annual staff, Prom committee, Student Council and Spanish Club. He will enroll at the University of South Florida to study engineering. Chuck is the son of Mr. and Mrs. John C. Wagner of Casselberry and his hobbies include waterskiing and fishing.

Presenting . . . . .  
James Robert Wakefield

Jim took honors at the school and regional science fairs and had his exhibit entered in the State Science Fair. He has moved around quite a bit and was a member of the track team and Science Club at Seminole High School; member of the track team and TEC Club at Winter Haven High School and of the TEC Club at Lyman High School. He is undecided whether to enter the Air Force or go to college and study electronics. Jim is the son of Mr. and Mrs. Robert Wakefield and his hobbies include flying, fishing, skiing and electronic experiments.

Presenting . . . . .  
Gary Michael Watn

Gary probably attend a vocational school but his plans are definite now. He is the son of Mr. and Mrs. H. E. Woon of North Orlando and his hobbies are swimming and surfing.

Presenting . . . . .  
Janice Marie Westberry

Janice plans to attend either Brevard Junior College or Valdosta State College to take a business course. She was a member of the Para-Medical Club, Student Council, Pep Club, Drama Club and Spanish Club. She is the daughter of Mr. and Mrs. W. C. Westberry and in her spare time enjoys swimming, dancing, reading and drawing.

## Best of Luck, Graduates

Presenting . . . . .  
Opal Maie Westmorand

Opal is secretary of the DECA and plans to attend a beauty school after graduation. In her spare time she enjoys swimming, skiing and roller skating.

Presenting . . . . .  
William Watts Wharton, III

Bill was voted "Most Talented Boy" among Senior Superlatives. He was drum major, student director of the band and All State Stage Band drummer. He was also a member of the Drama Club. At college, Bill will study music and education. He is the son of Mr. and Mrs. W. W. Wharton, Jr. and his hobby is playing folk music. He was well-known as a member of the "Tradewinds" folk singing group.

Presenting . . . . .  
Andrea Carol White

Andrea plans to study to be a beautician after graduation from Lyman High School. She is the daughter of Mr. and Mrs. Robert C. White of Casselberry and her favorite pastimes are sewing and reading.

Presenting . . . . .  
Kathaleen Marie Wiese

Kathy was secretary of the Library Club, a member of the Spanish Club, GAA, Para-Medical Club, Drama Club, basketball team, Chorus and Pep Club. She is the daughter of Mr. and Mrs. Harold E. Wiese and after graduation she will enroll at Daytona Beach Junior College. Her hobbies include swimming, water skiing, bowling and dancing.

Presenting . . . . .  
Hannah Marie Willms

Hannah was a member of the National Honor Society, Beta Club, Para-Medical Club, Bid, and Student Council. She plans to study nursing at the University of Buffalo, New York. She is the daughter of Mr. and Mrs. William C. Williams of Longwood and her favorite pastimes include swimming and skin diving. She seeks work in a business office.

Presenting . . . . .  
Linda Joyce Wills

Linda was a member of the FHA and DECA. She will study to be a dental assistant at the Career Academy in Atlanta, Ga. Linda is the daughter of Mr. and Mrs. J. C. Valentine of Casselberry and her hobbies are cooking, sewing and sports.

Presenting . . . . .  
Wanda Joyce Wilson

Wanda will attend the Baptist Bible Seminary in Arlington, Texas to study religion. She was member of the Future Nurses at Lyman High School and enjoys all kinds of sports. She is the daughter of Mr. and Mrs. Howard Wilson of Altamonte Springs.

Presenting . . . . .  
Eugene Myrick Winkelman

Eugene played four years of football and was co-captain of the team in his senior year. He also was all-conference in the OBC. He played four years of basketball and two years of track. Eugene was a member of the Lettermen's Club, Student Council, Spanish Club and Chorus. Plans for the future include enrolling in Daytona Beach Junior College to begin pre-med or physical education studies. Eugene is the son of Mr. and Mrs. Richard Winkelman and his hobbies are surfing and swimming.

Presenting . . . . .  
Suzanne Ellen Wood

Sue was a member of the Lyman High School band and the Pep Club. She plans to seek work in a business office after graduation. She is the daughter of Mr. and Mrs. Richard Wood of Altamonte Springs and sports are her hobby.

Presenting . . . . .  
Ruth Helen Wright

Ruth was named "Most Likely to Succeed" among the Senior Superlatives at Lyman High School. She was secretary of the Student Council on which she served four years, treasurer and later vice president of the Pep Club; member of the Future Teachers, Spanish Club, GAA and was a Girl's State alternate. Ruth is the daughter of Mr. and Mrs. Helen Wright and she plans to attend Orlando Junior College to study math. She enjoys all kinds of water sports and likes to read in her spare time.

Presenting . . . . .  
Marcia Paulette Wynne

Marcia expects to work at Orange Memorial Hospital after graduation. She is the daughter of Mr. and Mrs. K. D. Wynne of Forest City and her favorite pastime is horseback riding.

Presenting . . . . .  
Sandra Lee Yates

Sandra will seek secretarial work after graduation. Her parents are Mr. and Mrs. Delbert Yates and her favorite pastimes include swimming, dancing, skiing and cooking.

Presenting . . . . .  
Richard Terry Young

Richard's plans for the future are indefinite at this time. His parents are Mr. and Mrs. Charles Young of Altamonte Springs and his hobbies are fishing, swimming and sumo-matics.

Presenting . . . . .  
Robert J. Cartwright, II

Robert plans to seek a job with a newspaper after graduation. He is the son of Mr. and Mrs. Robert Cartwright of Casselberry.

Presenting . . . . .  
Sandra Tiffner

Sandra will seek employment in the commercial field after graduation. She is the daughter of Mr. and Mrs. James F. Tiffner.

Presenting . . . . .  
Susan Elizabeth Rucks

Susan was a member of the GAA, the Latin Club and the Pep Club. She is planning to attend Bauder College. Her parents are Mr. and Mrs. J. E. Rucks, Jr. and her hobby is boating.

Presenting . . . . .  
Charles Lee Worley

Charles was a recent transfer to Lyman High School from Hammond High School in Hammond, Indiana. He plans to enlist in the Air Force after graduation. Charles is the son of Mrs. Alice Worley of Fern Park and his hobby is "cars."

# Super Space Stars Splashdown Safely

VALEDICTORIAN of Seminole High School commencement exercises will be Helen Mann (left), daughter of Mr. and Mrs. Roy Mann. Salutatorian will be Bonnie Caolo, daughter of Mr. and Mrs. Michael Caolo. Ceremonies will be held at 8 p.m. tonight at all four county high schools with 680 seniors receiving their diplomas.

## Storm, 3-Inch Rain Batters Osteen Area

Sanford Naval Air Station is seeking to employ two Sanford area students for the summer in connection with the President's youth opportunity program. There are openings for two typists. Students interested in the jobs should contact the State Employment Office in Sanford prior to June 11.

A freak storm with tornado force winds ripped through the Lake Butler-Lake Hutchinson area at Osteen early Friday afternoon leaving a wide path of damage and destruction and dumping 3.2 inches of rain in less than an hour. In addition to trees and limbs, a cabin at Lake Butler owned by Forrest Engelbrecht, of Sanford, was blown from its foundation and a plywood boat was whipped some 60 feet before being smashed against a tree. At the home of Nick Pfeiff, a heavy row boat was blown 30 feet out of the lake and overturned, seven trees

were downed, and children's play equipment was whipped back against the house before coming to rest. Across Lake Hutchinson in the mobile homes area, one large home was blown from its foundation and an adjacent room completely separated from its base and toppled. Army Corps of Engineers measured the St. Johns River Friday at Crow's Camp and found the water level at "0," which is mean sea level. However, this morning there was noticed a "back-up" of water from the rainfall in the Osteen area.

Our advice to the 665 seniors graduating from Seminole County high schools tonight: "There are things never to be done. Hate never. Destroy never. Oppress never. And most of all, despair never."

## County Employee Ends Own Life

Leo Kenneth Turner, 301 Fairway Road, had the nation's No. 1 speaker at his graduation. Turner received a degree from Baylor University last week. President Johnson was the speaker at the ceremonies at Waco, Texas.

Robert Washington Bowden, 55, of 524 East Church Street, Longwood, died Friday from what Coroner Al Davis ruled a self-inflicted gun wound. A native of Alabama, he moved to Longwood three years ago from Orlando. He was a heavy equipment operator with the Seminole County road department and was a Baptist.

A new church to be built on Sanford Avenue proclaims that it is not a member of the National Council of Churches.

Survivors are his wife, Betty W.; son, Marvin J. Backus, Brunswick, Me.; daughter, Mrs. Martha Jean Kirk, Lakeland; stepson, Royce Pitshaw, Orlando; brothers, Charlie and Mann, Samson, Ala.; Guy, Bellwood, Ala.; and Forest, Elba, Ala.; and sister, Mrs. Clara Brockston, Geneva, Ala.

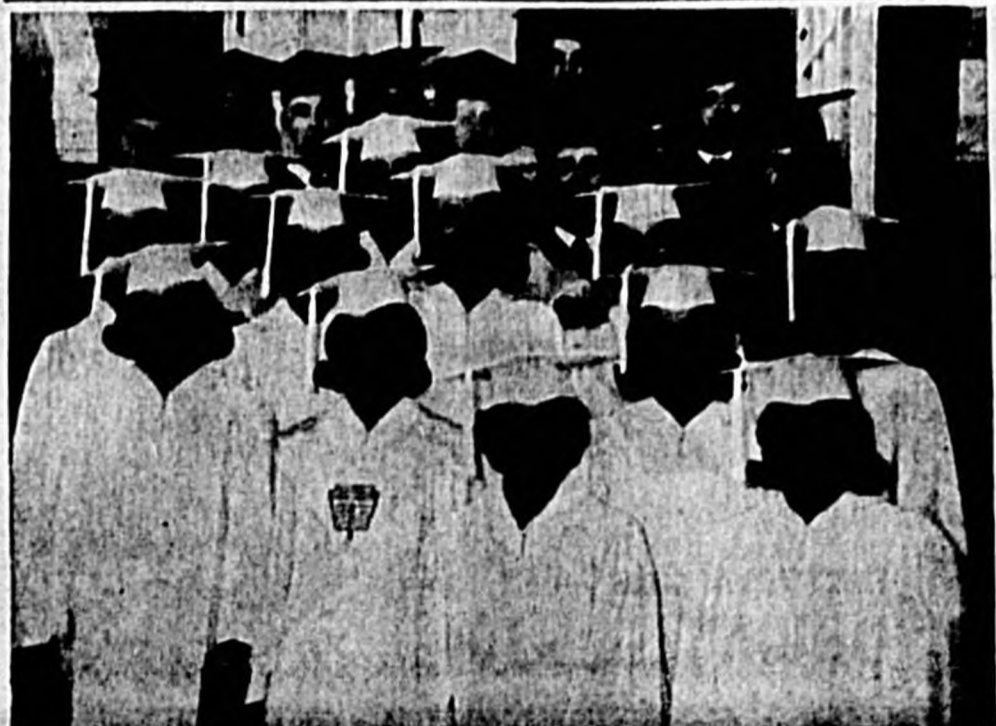

Seminole residents can test their aptitudes for Peace Corps service June 12 at 9 a.m. at the Orlando Post Office.

## Churchman's Wife

Phillip R. Toppen of Altamonte Springs will be among 50 high school teachers of mathematics chosen to participate in a summer institute June 22-Aug. 6 at Knox College in Illinois.

Funeral services were scheduled today for Mrs. James G. Patton, of Atlanta, the wife of the executive secretary of the General Council, Presbyterian Church in the U. S., Dr. J. G. Patton.

Bids for the paving of West 13th Street will be awarded June 14 at City Hall. The area to be paved is a little over a mile.

NEW TESTAMENTS were presented to high school graduates-members at Sunday worship services at First Presbyterian Church: Norma Adams, Lynn Bauman, Susan Burgess, Herman A. (Buddy) Burton, Patsy Sue Chambers, Gary Ganas, James R. Hall, Robert W. Henderson, Charles Hunter, Jeanne Klinefelter, David Lanier, Andrew Lyon, Helen Mann, Sherry Marazita, Thomas Milwee, Marion Nichols, Frances Odham, Suzanne Orsano, Linda Parnell, Linda Powell, Robert Rumbley, Kristie Schilke, William Stemper Jr. and April Whittington. ## Econ Flood Study 37% Complete

### Seminole Co. Worried Over Water Control

Army Engineer field crews are working in Seminole and Orange Counties compiling data and taking core borings as a part of the \$165,000 study of the Econlockhatchee River basin. Army Engineer spokesmen in Jacksonville today reported that the Econlockhatchee study is about 37 per cent completed as of June 1 and completion of the entire study is scheduled in 1967. Study of the flood problems of the Little Econ and Big Econ was started by the Army Corps of Engineers in response to a congressional resolution requested by local interests. The area under consideration covers about 1,300 square miles in Seminole, Orange, Ocala and Volusia Counties. It includes that portion of the St. Johns River from near DeLand to Lake Harney, and the Econlockhatchee River, which is the largest tributary in that reach of the drainage basin. The Econlockhatchee River drains an area of 280 square miles and enters the St. Johns River a few miles south of Lake Harney. Lakes Monroe, Jessup and Harney are the three largest lakes in the area with a combined surface area of 38 square miles.

MAP outlines the boundary of the Army Engineers' Econ Basin study.

During recent years population growth and urban expansion of the area, as a result of Cape Kennedy, have caused rapid development within the watershed. Orange County has developed a rather extensive flood control plan which would solve the flood problems of the Little Econlockhatchee River near Orlando and a bond issue to finance construction has been passed in Orange County. Solution to that problem, however, is likely to create some adverse effects by increasing water runoff on Little Econlockhatchee River, the lower portion of Big Econlockhatchee River and farther down the St. Johns River to Lake Monroe and Sanford. Those areas already are subject to frequent and severe flooding.

## Solons Look To Remap Plans

TALLHASSEE (UPI)—The Legislature, in special session to reapportion itself, took today off, but its members were busy gathering support for several reapportionment plans. When the Legislature went into special session to reapportion Saturday the small county bloc was immediately given a setback. The Senate adopted a rule that would, in some cases, bypass the small county controlled reapportionment committee. The House had operated under this rule for years, but the Senate always has followed "rule by committee" meaning if a committee killed a bill it took a two-thirds vote in the Senate to revive it. Under the rule change adopted Saturday any plan favored by the majority of

the Senate will get consideration of the whole Senate membership. Among the reapportionment plans is one from Sen. E. W. Gautier of New Smyrna Beach. He says he will ask for a one-house Legislature with 100 members. Only one state in the United States has an unicameral legislature (Nebraska). Gautier said that with both houses composed on the population basis, there is no need for two houses in the state government. Sen. Tom Whitaker of Tampa has developed a plan for 24 senators on a basis of two from each congressional district. Sen. Doyle Carlton of Wauchula and Veris Pope of St. Augustine have a 48-senator plan. Four senators would come from each congressional district.

The relationship between the 1964 session of the Florida Legislature and Gov. Hayden Burns was a smashing success, according to Burns. The Legislature closed its regular meeting Friday. It adopted seven amendments for the people to vote on next November, including Burns' ambitious \$300 million road bond program. Burns, although lame duck because of his two-year term, said his relationship with the Legislature was an "unqualified success." In addition to the highway program the Legislature adopted the amendments which will require statewide balloting. One of these was creation of a fourth district court of appeals to serve the eastern part of what is now the Central Florida Appeals District.

HAROLD SLAMA, president of Southern Fiber Glass Products, uses gold-plated shovel to break ground on new Cobia boat building in Sanford Industrial Park. The boat company recently announced plans to expand its plant in Sanford. Looking on, at extreme left, is Harold Smith, vice president of Southern Fiber Glass. At right of Slama is Scott Burns, chairman of the Chamber of Commerce's industrial committee, and Clifford McKibbin, president of the Sanford-Seminole Development Company. (Herald Photo)

## McDivitt, White Drop In Atlantic

SPACE CENTER, Houston (UPI)—Space ace James McDivitt and Edward White, "feeling great," splashed down in the Atlantic from their four-day space ride today 40 to 50 miles short of their assigned target, but well within the swift reach of recovery forces. At least two helicopters were hovering protectively over the spot when the capsule, now weighing about 4,700 pounds, hit the water. The official time given for the splashdown was 1:13 p.m. (EDT) mission control said. There was radio contact between the capsule and the aircraft carrier Wasp's recovery forces in the splash area between Florida and Bermuda. McDivitt and White requested a helicopter pickup. The Wasp made quick calculations and reported the capsule bobbing in three to four-foot swells. The carrier was 48 miles away.

"Don't forget, I want to be recovered in a hurry," McDivitt quipped to mission control. Mission control bet they would hit within five miles of the recovery force led by the aircraft carrier Wasp. McDivitt agreed. "Both of you are in real good shape," the flight surgeon radioed.

McDivitt said he and White "are a little tired." But when flight surgeon Charles Berry suggested they take "item bravo"—pep pills, the reply was: "Negative." They would not take them.

They were told to spend no more than one hour inside the capsule on splashdown, while ships and planes went for them. Then they were to get outside it. They had individual life rafts aboard.

McDivitt, ignoring a faulty computer that forced him reluctantly to switch landing system, laughed that he was unharmed and referred to their unwashed state.

"You ought to be up here now," he told Virgil L. (Gus) Grissom at mission control in reference to "fumes." Grissom asked if there was anything he needed. "Yeah, my computer," McDivitt cracked.

The aircraft carrier Wasp, 14 aircraft, destroyers and other vessel circled in the Atlantic recovery area between Bermuda and Florida for a landing.

Plans to have McDivitt and White fly the bird, controlling its descent from orbit toward the splash site, were scrapped by the failure of the computer. "I just think it's old-fashioned," he radioed while discussing the re-entry.

## news...

### BRIEFS

#### Announcer Dies

OCALA (UPI)—Funeral services for James B. Smith, assistant news director and chief photographer for Station WESH-TV in Orlando, were held here.

#### Gas Stolen

ST. PETERSBURG (UPI)—Retired Air Force Gen. Edward H. White, father of astronaut Ed White, called police Sunday to complain someone had stolen eight gallons of gasoline from his car.

#### Star Succumbs

NEW YORK (UPI)—Judith Holliday, the intellectually brilliant actress who won an Academy Award playing dumb blondes, died early today in her sleep at Mt. Sinai Hospital after a five-year battle against cancer. She would have been 44 on June 21.

#### Tot Drowns

JACKSONVILLE (UPI)—A four-year-old girl, Dawn Andar, drowned in a swimming pool Sunday afternoon while her parents were visiting friends. Police said the girl's parents were visiting friends when the child apparently wandered into the pool.

#### 'Boxcar' Lost

MIAMI (UPI)—The search for a missing Air Force flying boxcar with 10 men aboard, missing near the Bahamas since early Sunday, was intensified today. Twenty-two Coast Guard, Air Force and Navy air-sea rescue planes from seven military installations were deployed over 84,000 square miles of the Atlantic Ocean southeast of here.

#### Mother Freed

JACKSONVILLE (UPI)—A state mental hospital has released a woman who was charged with drowning her two daughters in a bathtub last February. Officials at Northeast Florida Hospital, at MacClenny, said Mrs. Pauline Rex, 32, had improved so much during confinement she probably would not have to return to the institution.

## U. S. Marines Returning To Camp Lejeune

MOREHEAD CITY, N. C. (UPI)—The last of nearly 8,000 Marines ordered to the Dominican Republic are expected back at 2nd Marine Division headquarters at Camp Lejeune by mid-week.

The first 800 of the Leathernecks sent to Santo Domingo departed here Sunday and were praised by the commanding general of the Marine expeditionary force for their "performance and general attitude."

Brig. Gen. John T. Houker said the presence of the Leathernecks saved a "lot of lives," including Americans, foreign nationals and Dominican citizens.

Noting that the Marines did not use heavy artillery and flame throwers, and small arms ammunition only sparingly, Houker said he was "prouder of the ammunition not used than that used."

Houker, who was awarded the Legion of Merit for his action in the crisis, said the quick dispatch of Marines saved the Dominican Republic from falling into the hands of "hard-core Communists . . . when power was in the streets."

**MEDIATORS PROBE POLITICAL REPRISALS SANTO DOMINGO (UPI)**—A triumvirate of inter-American peace mediators goes to the interior Tuesday to investigate charges that junta forces are carrying out political reprisals against supporters of the Dominican rebels.

The mediators met Sunday night at the Embajador Hotel with members of the diplomatic community in what was termed an "exchange of ideas" on how to bring the rival factions together.

Two previous OAS teams have failed in similar missions and there was no indication today that the latest OAS moves were faring any better.

The OAS mediators had planned a visit to the interior today but the trip was rescheduled until Tuesday without explanation.

Informed sources said rebel leader Col. Francisco Caamaño Deno and Gen. Antonio Imbert Barrera, who heads the junta, remained obstinate in their positions despite the new OAS attempt to bring them together.

The last of the U. S. Marines sent here seven weeks ago left Sunday for Camp Lejeune, N. C.

This left 10 Leathernecks still on the island. They are part of a permanent detachment at the U. S. Embassy, a unit here before the crisis erupted April 24.

More than 13,000 U. S. Army paratroops and airmen remained on duty, however. They are attached to the inter-American peacekeeping force which was established late last month.

The date palm is perhaps the oldest cultivated tree known to history.

**ANNULMENT** — An Omaha, Neb., court granted Nancy Johnson an annulment of her marriage to John (Fritz) Johnson, television sportscaster identified as missing Lawrence Bader. Bader disappeared in 1957 leaving a wife and children in Akron, Ohio. (NEA Telephoto)

## Finns Present Gospel Music At Camp Meet

By Maryann Miles

Two special daily features of the annual Seventh-Day Adventist camp meeting at Forest Lake Academy get underway today—a program of gospel folk music and evangelistic experiences by Misses Aino Lehtoluoto and Elsa Luukanen of Helsinki, Finland, and a Red Cross home nursing class to be taught under direction of Mrs. K. A. Wright, of Forest City, president of the Adventists' State Dorcas Welfare Federation.

The Finnish women will appear daily, through Friday, at 3:15 p.m. and also at 7:30 p.m. today. They served as regular church pastors during the Russo-Finnish war when all men were drafted into military service. Since that time they have been evangelists and for the past year have been touring the United States conducting revival programs.

They wear gala native costumes and, playing their own guitars, sing well-known gospel songs in Finnish as well as religious folk songs from their homeland. Miss Elsa Luukanen preaches in Finnish and Miss Aino translates to English.

The home nursing class is a concentrated 12-hour course to be given in six sessions at camp. Classes will meet at 4 p.m. daily and instructors will include Mrs. H. L. Yates of St. Augustine, Mrs. Genery Gray of Sanford (Seminole County public health nurse), Miss Darlene Bowen of Orlando, Mrs. William A. Iles of Forest City, and Mrs. Jack Welsberg of Orlando, all registered nurses.

**Elizabeth Debose Succumbs Here**

Mrs. Elizabeth J. Debose, of 408 Cypress Avenue, died Wednesday night at Seminole Memorial Hospital.

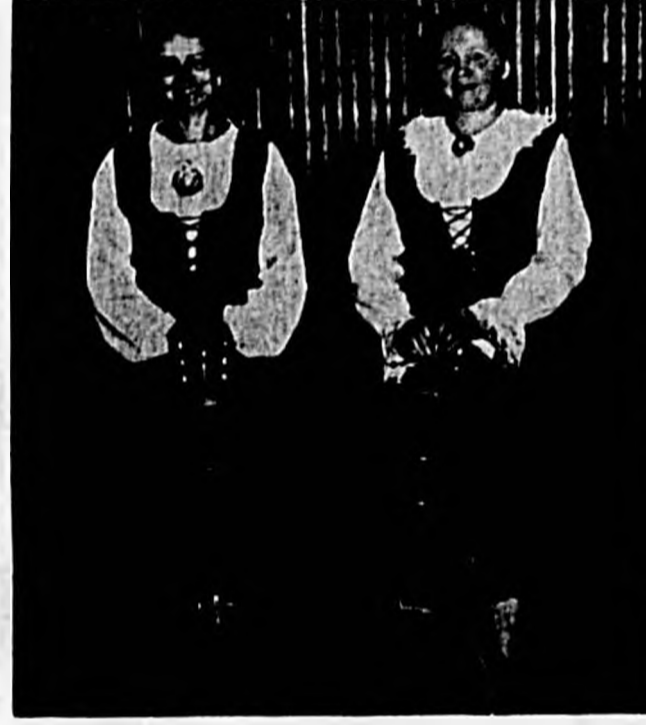

A resident of Sanford for 68 years, she was a member of Saint James AME Church. The body may be viewed at her home from Saturday, June 12, until approximately one hour before funeral time Sunday.

Survivors are her daughter, Mrs. Ruth J. Allen; one son, Theodore Johnson, and one granddaughter, Elizabeth Allen.

Wilson-Eichelberger Mortuary is in charge.

**Chips In**

EXETER, England (UPI)—An Automobile Association patrolman helped local workmen chop through a massive tree which blocked a main vacation road for two hours here Sunday. The AA man's name—Chippy Carpenter.

**TWO FINNISH** women, Miss Aino Lehtoluoto (left) and Miss Elsa Luukanen will present programs of gospel folk music and evangelism at 3:15 p.m. daily through Friday for the Seventh-day Adventist annual camp meeting now in progress at Forest Lake Academy in Forest City.

## Scouts Receive Merit Badges

Boy Scout Troop 507, sponsored by Grace Methodist Church, held a Court of Honor and awarded merit badges to troop members.

Presentations were made by Russell Kitzer, Scoutmaster, and W. A. Pullinger, institutional representative, to the following Scouts:

**Louise P. Judt Succumbs At 83**

Mrs. Louise P. Judt, 83, died at Seminole Memorial Hospital at 3:30 a.m. Saturday.

Born March 7, 1882, in New Berlin, Ill., she had lived for the past two years at 25 Bougainville Drive in DeBary. Prior to that time she lived for a number of years at 1407 South Park Avenue in Sanford. She was a member of Lutheran Church of the Redeemer.

Survivors are a sister, Mrs. Robert White, of New Berlin, and a niece, Mrs. A. M. Ser verston, of Orlando.

Funeral and burial services will be held Tuesday in New Berlin.

Brisson Funeral Home is in charge locally.

Egypt's Great Pyramid and sphinx have stood guard over the Nile River for 45 centuries.

# LBJ Drives For 'A Walk Toward Peace'

WASHINGTON (UPI)—President Johnson is engaged in a personal and very serious campaign to persuade the peoples and leaders of the Communist world to join the United States in "a walk toward peace."

Twice in the past five days the Chief Executive has made major speeches centering on the theme that now is the time "when the opportunity is open and beckoning for men of all nations to

come and to take a walk together toward peace." Johnson's latest plea came Sunday during a commencement address at the Catholic University of America here. In Sunday's speech he included the Red leaders in his plea. "On this Sunday morning . . . I would say to the people—and to the leaders—of the Communist countries, to the Soviet Union, to nations of Eastern Europe and

Southeast Asia, we extend to you our invitation: 'Come, now, let us reason together. . . . ' "The need of man—the need of these times—is not for arms races or moon races, not for races into space or races to the bottom of the sea. "If competition there must be, we are ready and we are willing always to take up the challenges and commit our country to its tasks."

**Bible School  
Opens Tuesday  
In Forest City**

By Maryann Miles

Vacation Bible School at Forest City Baptist Church will open Tuesday at the church and will be continued through June 19 at which time there will be an open house.

Classes will be from 7 until 9 p.m., Monday through Friday, under the direction of Mrs. Martin Dunn, with Mrs. E. M. Whilden as assistant.

Mrs. David Whilden will have charge of a baby nursery for children of the workers and Mrs. Arthur Gann will have the three-year-old nursery.

Other departments and their teachers will be: beginners, Mrs. Ralph McCroskey; primary, Mrs. Don Westmoreland; juniors, Sterling Copeland; intermediates, Martin Dunn; crafts, E. M. Whilden, and refreshments, Mrs. A. L. Arnold.

Woman's Missionary circle meetings have been called off this month due to activities of the Bible School.

**Gray-Y Boys  
Enjoy Outings**

The Bear Lake School Gray boys, along with Coach Don Hasley and Don Rose, had a nice weekend at Camp WeWa, Plymouth, where they went canoeing and on a nature hike, played softball and basketball, had bon fire activities and played capture the flag.

Going from the third and fourth grades were Bobby Goree, Hobby Keane, Doug Dane, Larry Benjamin, Steve Maruion, Rodney Newman, Gary Harrett, Danny Blanchard, Eddie Sayyah, Charles Overton, Thomas Vanlorn and Larry Shell.

Going the following weekend were the fifth and sixth grade boys: Clint Goree, Mike Weirick, Ken Patrick, Kyle Bocco, Mark Rigaby, Paul Benjamin, Clint Crawley, Bruce Rose, Bruce Anderson, Jack Sayyah, Tom Gurr, David Vanlorn, Curt McGee, John Donahue, Larry Byrd, Hicky Farmer, Gary Shell, Roy Gotty, Greg Bradford, Hance Borderick, Jerry Fountain, Richard Dunn and Randy Bishop.

Capitalism has been the western world's dominant economic system since the break-up of feudalism, according to the Encyclopaedia Britannica.

At close of the meeting Mrs. Harris served refreshments of fruit punch and cake.

It also was voted that the club will contribute candy to children at Camp Challenge and the Florida Sheriff's Boys Ranch.

Plans for the event were completed last week at a meeting of the executive board at the home of Mr. and Mrs. Don Harris on Lake Marion.

Those wishing to attend and not sure of directions should meet at 5 p.m. at the Altamonte Springs Community House with Bradford who will lead the way. Members should bring their own place settings.

On the supper committee are Mr. and Mrs. J. Merck, chairmen; Mr. and Mrs. Bart Peacock, Mr. and Mrs. K. A. Juthe, Mr. and Mrs. Henry Hansen, Mr. and Mrs. Ralph Peter, and Mr. and Mrs. B. E. Ryan.

Altamonte Springs Garden Club will have its annual picnic supper at 6 p.m. Thursday at the summer cottage of Mr. and Mrs. Robert Bradford on Sandy Lake which is located 18 miles south on I-4, west on SR 528 (last exit at Martin Plant).

Those wishing to attend and not sure of directions should meet at 5 p.m. at the Altamonte Springs Community House with Bradford who will lead the way. Members should bring their own place settings.

On the supper committee are Mr. and Mrs. J. Merck, chairmen; Mr. and Mrs. Bart Peacock, Mr. and Mrs. K. A. Juthe, Mr. and Mrs. Henry Hansen, Mr. and Mrs. Ralph Peter, and Mr. and Mrs. B. E. Ryan.

Plans for the event were completed last week at a meeting of the executive board at the home of Mr. and Mrs. Don Harris on Lake Marion.

It also was voted that the club will contribute candy to children at Camp Challenge and the Florida Sheriff's Boys Ranch.

At close of the meeting Mrs. Harris served refreshments of fruit punch and cake.

**Garden Club  
To Have Annual  
Picnic Supper**

By Julia Santos

Altamonte Springs Garden Club will have its annual picnic supper at 6 p.m. Thursday at the summer cottage of Mr. and Mrs. Robert Bradford on Sandy Lake which is located 18 miles south on I-4, west on SR 528 (last exit at Martin Plant).

Those wishing to attend and not sure of directions should meet at 5 p.m. at the Altamonte Springs Community House with Bradford who will lead the way. Members should bring their own place settings.

On the supper committee are Mr. and Mrs. J. Merck, chairmen; Mr. and Mrs. Bart Peacock, Mr. and Mrs. K. A. Juthe, Mr. and Mrs. Henry Hansen, Mr. and Mrs. Ralph Peter, and Mr. and Mrs. B. E. Ryan.

# Don Drysdale's Hurling Is Big Meal Ticket For Dodgers

## AFL Owners Open Closed Door Meeting

OCEANPORT, N. J. (UPI) — American Football League (AFL) owners opened a closed door meeting today with expansion and participation by rookies in all-star games the chief topics for discussion.

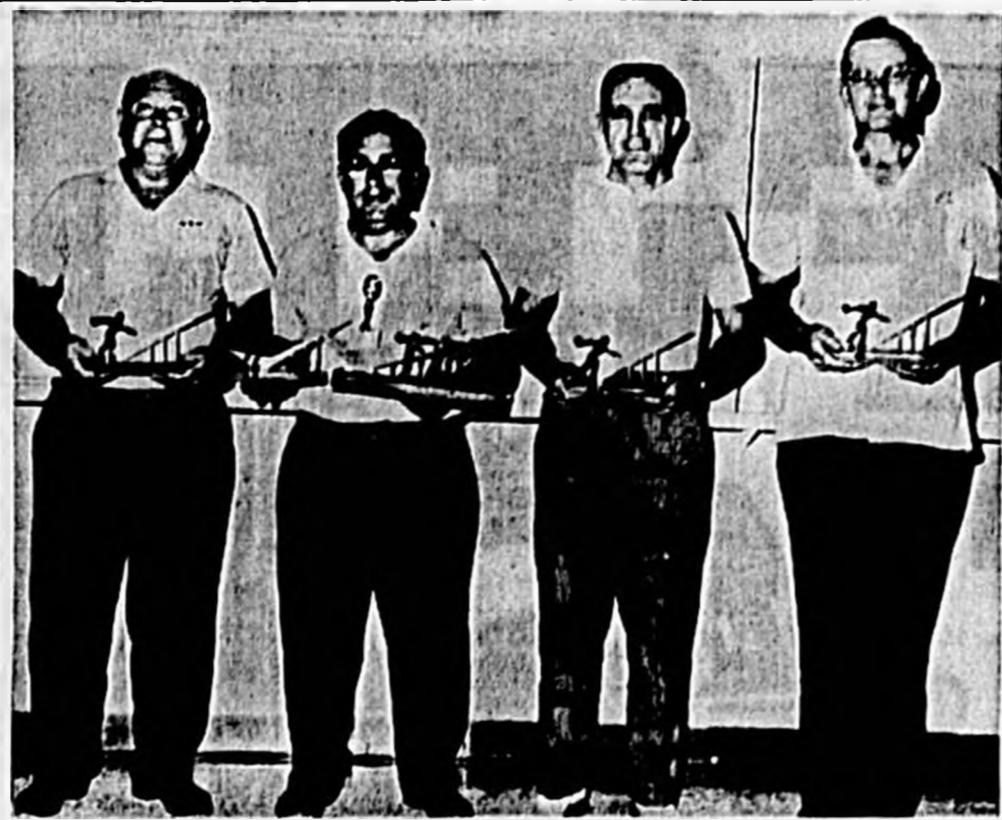

The AFL plans to expand to 10 teams by the 1968 season, and Atlanta and Philadelphia were the two cities most prominently mentioned for new franchises. Atlanta five years ago was considered a shoe-in for the eighth league franchise but lost out at the last minute when the owners decided to bring in Oakland as a rival for San Diego.

The executive committee composed of the eight club owners met with Commissioner Joe Foss in a building on the grounds of Monmouth Race Park.

The first order of business was the discussion of whether AFL college draft choices should participate in pre-season all-star games.

Benny Werblin, owner of the New York Jets, has said he would not allow his two rookie quarterbacks, Joe Namath and John Huerter, to play in either the American Football Coaches Association All-Star game at Buffalo June 26 or the College All-Star game against the Cleveland Browns in Chicago Aug. 6.

The Jets paid bonuses of \$400,000 to Namath and \$200,000 to Huerter, and Werblin would rather pay a fine than run the risk of injury to either of his highly-priced rookies.

DEBARY SOCIAL BOWLERS League recently presented trophy for outstanding scores to, left to right, Ellsworth Ogden, Lenny Blondi, C. E. Redman and Al Faron. The presentation was made at the Fire Department recreation hall.

## Georges Tops Little American

A three-run last inning rally enabled Georges to win 9-8 over Navy in their battle for the first place lead in the Little American League race. Danny Conway received credit for the victory but Gordon Bradley took the starring role for winners, netting three hits and coming through with the game winning hit in the final stanza.

The Locomotive Engineers, keeping alive their pennant hopes, ran wild with a 19-4 victory over Quality Mobile Homes Friday. Paul Watson was the winning hurler. Watson and Doug Mallescowki were the top hitters with two

hits each. Mallescowki had the only home run of the game. The Engineers won three out of four games in the latest round of little league play and now are four games out of first place with four weeks and eight games remaining.

Ozell Simpson was the player of the day for Elks as they shutout Rotary to win, 7-0. Simpson looked brilliant in pitching two hit ball, striking out nine and walking one. It was the seventh shutout win for Elks in fourteen games this season. Bill Miller was top batter with two

hits for the winners. Civitan found themselves tied with Elks for the Junior League lead after downing Kiwanis 7-4. Glenn Burns was the winning pitcher. Wally Jamigan of Kiwanis was top hitter with three safeties. Civitan was behind 3-0 but bounced back with four runs in the fourth and three in the fifth to take the victory.

The only softball game Friday featured the Knights of Columbus in a winning performance over the Church of God, 11-4. Red Jensen had a perfect night at the plate with four hits in as many times at bat. Dan Simon homered for the Knights and Fred Osborn had a homer for the Church of God. Osborn and Randy Scott were top hitters for the losers with two hits each. Nick Constantine was the winning pitcher. The Pee Wee League, operating with six teams (Chiefs, Panthers, Yanks, Cubs, Tigers and Rebels) will get its 1965 season underway this afternoon. Games will be played each Monday, Wednesday and Friday with two games each day at Ft. Mellon Park. Games will start at 4:30 p.m. Each team will play a 10-game schedule. A post season tournament will also be held.

## Kathy Whitworth Captures Bluegrass Invitational Golf

LOUISVILLE, Ky. (UPI) — Bluegrass Invitational winner Kathy Whitworth may be acting like Mickey Wright's heir apparent, but the long ball hitter from Dallas has her doubts.

Miss Wright, who retires in August, said Sunday she can't see anyone dominating the Ladies Professional Golf Association tour as she has — at least not for the next couple of years.

She tied for third, six strokes behind Miss Whitworth who racked up her third win of the 1965 circuit with a 64-hole total of 213. The leading money winner on the ladies PGA tour this year, Miss Whitworth ignored a driving rainstorm on her second nine to post a two-over par 74 and pocket a first place check of \$1,350.

Leading the tournament since opening day, Miss Whitworth became the circuit's first player to register three victories on the year. Her earlier ones were at the St. Petersburg, Fla., Open and the Shreveport, La., Invitational.

But Miss Wright feels three wins don't necessarily add up to domination of the circuit.

"There are several good girls in the field now, and Kathy is one of them," she said. "But to get where you win ten tournaments a year regularly—that takes time, and I don't think any one girl on the tour can do this right after I retire."

Clifford Ann Creed of Alexandria, La., was second with a 217. Byrd Griffin of Boynton Beach, Fla., shot a one under par 71 to tie Miss Wright for third place.

## Vaughn Sparks Kegling League

Vergil Vaughn had his big ball working in the Businessmen's League at Jet Lane and it propelled his HLI Products team into a tie for first place with the Wart Hog team.

Vaughn started with a 204 game, followed it with games of 194 and 191 for a tremendous 599 series that helped the HLIH boys to a four-game sweep of series against the WTHR team. It was a grand occasion for Ray Bennett, all-star of the HLIH team, as he came through with his first plus 500 series, a 187/528 series. Dependable Jack Welbie kept the WTHR boys in the ball game for awhile with his 201/484 series.

John Jernigan was the spearhead of the Wart Hog attack in a three-game romp over the Sentinels as he tallied a 202/541 series. George Mason with a 204/493 and Fred Ioch with 178/510 set the scoring tempo for the Sentinels. Jim Brewer rolling a 188 game and Ray Robinson hitting a 187/483 series were the sparkplugs for the Rex Liquor team in a four-point victory over the Unouchables.

The high scoring effort by newcomer Buddy Walsh with a 187/548 series for the Unouchables kept them close to the pace for awhile.

## SLTA Tourney Underway Today

JACKSON, Miss. (UPI) — Defending champions in both the men's and women's singles will compete in the 1965 Southern Lawn Tennis Championships starting here today.

Heading the field of players, which includes a number of foreign net stars, will be Andy Lloyd of Shreveport, La., and Roberta Allison of Tuscaloosa, Ala. They captured the 1964 SLTA titles.

Action today will consist of preliminary men's singles, with regular competition in the men's women's singles scheduled to start Tuesday morning.

About 150 top Southern players will see action in the seven-day event which winds up with finals Sunday.

Foreign talent will include Robert Brian and Graham Priemore of Sydney, Australia, highly rated Mississippi State University players. Brian won the Southeastern Conference singles title this year, and Priemore captured the crown in 1964.

Don and Ham Magill of Athens, Ga., last year's father-son doubles champions, will be on hand to defend their title.

By Fred Dova  
UPI Sports Writer

Look no further than the towering figure of Don Drysdale to explain why the Los Angeles Dodgers lead the National League by three games.

The co-ace and workhorse of the Dodgers staff, 29-year-old Drysdale is well on his way to the most brilliant season of his career — even more brilliant than his 25-9 campaign in 1962 and perhaps the best in the NL since Dixie Dean posted a 30-7 record in 1934.

No major league pitcher has won 30 games in a season since Dean did it in 1934, but Drysdale has reached the one-third mark of this season with a 10-3 mark and a 2.39 earned run average. At that pace he would be zeroing in on a 30-victory season in September.

What's even more important to the Dodgers, however, is that Drysdale has been carrying the team virtually single-handedly since May 22. The Dodgers have won only seven games and lost eight since that date and Don has been responsible for four victories without a loss.

Drysdale proved to be the Los Angeles meal ticket again Sunday when he posted his 10th victory of the season with a 4-0 six-hitter against the Milwaukee Braves. Drysdale's win prevented a Dodger debacle in Milwaukee, inasmuch as the Braves won the second game of the doubleheader 6-4 to take the series, three games to one.

The Philadelphia Phillies whipped the Chicago Cubs 2-1 and 10-9, the Cincinnati Reds defeated the San Francisco Giants 6-0, the Pittsburgh Pirates swept the New York Mets 5-3 and 3-0, and the Houston Astros routed the St. Louis Cardinals 10-1 in other NL games.

In the American League, New York downed Chicago 6-1 and 12-0, Cleveland routed Detroit 10-1, Minnesota romped over Washington 11-2, Los Angeles defeated Baltimore 3-0 and Kansas City edged Boston 4-3 after the Red Sox won the first game, 9-4.

## Altamonte Rec Program Slated

Registration for the summer recreation program in Altamonte Springs will be held on June 14 at the Altamonte city hall.

The program will be directed by David Miller, athletic coach and physical education instructor at South Seminole Junior High School.

Included in this summer's activities will be softball, volleyball, table tennis, skating, swimming and much more.

## Orlando Wins Dixie Road Race

HAINBRIDGE, Ga. (UPI) — Charles Slade of Orlando, Fla., captured the modified class title in the Dixie Region Sports Car Club of America Road races here Sunday.

Slade pushed his Porsche RS 3000 to the victory as he turned the 2.8 mile course in times as low as 2:14.

## Take A Hike

SAN FRANCISCO (UPI) — San Francisco Giants Manager Herman Franks strolled out to the mound during a recent game to give his new Japanese kiltwearer some advice.

Pitcher Masanori Murakami listened politely, and then told the bewildered Franks to "take a hike."

Now Franks is looking for the clubhouse comedian who advised Murakami that the term meant "okay."

## 'Maybe Next Year'

## Millionaire Bowler Just Can't Retire

AKRON, Ohio — (NEA) — He looks almost awkward — stooped shoulders supporting a head that angles forward on no neck at all, his right arm crooked at an exaggerated tuck against the side.

And they all fell down. "Maybe," he whistled upon return. "I'll wait until next year to slow down."

But when Don Carter bowls they all fall down.

Except, lately, they haven't been falling.

At 37 years of age, is one of the great figures in a decade of sport passing from the picture?

He thinks not.

"I weigh 190, same as I've been since 1950," he said the other day during a practice session. "My average is pretty good (208) and I've got two or three years left."

He was sweating. Hard. From the opposite lane a giggly gal introduced herself as from something called the Krispy Krunch Donut League. She wanted an autograph.

He complied. He always does. Each month he answers hundreds of fan letters, makes dozens of personal appearances—even sends out articles of old clothing to churches and schools who want to auction them off for charity.

"Who would ever buy one of my sweaty old shirts?"

Many. They know him as Mr. Bowling. Six times Bowler of the Year, 14 Times Bowling All-American, Hickok Bowler of the Decade, highest ABC average (234) in history, the only man ever to win every major bowling championship. Since 1951 the most brilliant knagler in the world.

Last year he signed a \$1,000,000, ten-year contract with Ebonite balls, possibly the largest ever given to any athlete. He manufactures his own glove and sells half a million annually. He turns down more money through endorsements in a month than most people make in a year.

He is, it's suspected, a millionaire.

Then why not quit now? Before the whippersnaw and the nostalgic begin talking of him in the past tense as if deceased.

"It's the idea of winning," he says. "I don't need the money (nor does he refuse it) but I do need to win. I've an ego like everyone else."

"Besides, I like to bowl."

Fifteen years. Twenty-eight major championships. Twenty-three perfect games. More victories on television than the U. S. Cavalry.

"But I'm not kidding myself," said Carter. "I won't last forever. I suppose I'll start slowing down some this year."

Then he was up tugging at his glove, shirt plastered to his perspiring back. Elongated fingers slipped into his ball . . . the paralyzed, breathless aim . . . the faultless delivery with the curiously

## Prairie Lake Wins In Softball

Prairie Lake Baptist Church, managed by Fred Conway, won their fifth game of the season in the Winter Park Softball League last Friday night, defeating Fairview Shera Baptist by a score of 16-4.

Prairie Lake scored 11 runs in the third and then coasted to the victory behind the pitching of Floyd Bailey. Bailey was the leading hitter at the plate for Prairie Lake with three singles and a home run.

Jack Nicklaus

**Tony Lema  
Cops Buick  
Golf Classic**

GRAND BLANC, Mich. (UPI)—One desperate swipe of Jack Nicklaus's driver took all the pressure off front-running Tony Lema and made it possible for him to win the \$100,000 Buick Open for the second consecutive year.

Sunday's victory, with an eight-under-par 280 for 72 holes on the longest course of the pro tour, 7,280-yard Warwick Hills, was Lema's first this year and the \$20,000 paycheck moved him from 21st place in earnings to 4th with \$37,164.12.

But until Nicklaus bobbed, Lema confessed, "things were a little tight."

The turning point came on the tee of the last hole when Nicklaus, trailing by only one stroke and coming on, clubbed the ball with the toe of his driver. It soared high, wide and—for Lema—hand-somely out of bounds to the left in a looping hook.

Nicklaus, informed the ball was out of bounds, took his third stroke from the tee and Lema said, "I was stunned. . . . 'I walked up to the green to see the scoreboard," he said, "You don't wish any opponent had luck, and I felt confident this week. But Jack was playing well, and it was getting pretty tight."

Lema said he played it cozy after Nicklaus' bog into trouble. The Masters' champion from Columbus, Ohio, whacked his fourth shot of the hole into a trap at the left of the green, and finally took a triple-bogey seven. Lema canned his par for a two-under 70 for the clincher.

The single swing knocked Nicklaus from the runner-up spot into fourth place, reducing his paycheck from the \$12,000 earned by second finisher Johnny Pott, to \$5,000. Pott tallied 282, two strokes behind Lema, and Julius Boros earned \$6,800 with 283 for third.

Only other players to break par for the distance were Bert Weaver with 286 for \$4,500 and Doug Sanders with 287 for \$4,000. Rookie Bob Zimmerman matched par at 288 to finish seventh and earn \$3,500.

**Deltona Keglers  
Set Lively Pace**

The Deltona Pin Busters League at Jet Lanes is getting livelier every week as the scores being turned in are soaring as the weeks go by.

This past week was no exception as Jim Schilling set the pace again with a 214/553 series although Sisto Fontana was a close second high honors with 190/545. Also bowling for team number one, Lillian Douglas hit a 124 game, Joie Schilling a 176/409 series and Al Polner shot a 151 game for team number four.

Fred Yarger rolled a 155 game for team number three against team number five who showed Faye Packman with a 143/421 series as high. Fred Glasier had his ball working good as he bowled 174/503 against team number two. Other high scores turned in included a 155/423 by Clarence Ellison, a 159/435 by Herman Price and a 158/460 by Harry Kemp.

The large ring around Saturn looks like a halo. It is the only planet known to man with such a ring.

# Sorority Chapter Conducts Rituals

The last meeting of the year for Theta Epsilon Chapter of Beta Sigma Phi was held recently at the home of Mona Walker.

Jan Cahill, incoming president, presided and a program on "Love" was presented by Betty Erickson.

Rituals were the big business of the evening when Joan Moore took her pledge, and Betty Erickson received her Exemplar degree.

Farewells were bid to Mona Walker and Fran Rivero who are leaving Theta Epsilon Chapter.

It was decided to donate \$50 to The Little Red Schoolhouse. Members planning to go to the annual Beta Sigma Phi convention were excited about the coming trip to Tampa. The convention itinerary includes a costume party with a circus theme, breakfast parties, business meetings, luncheons and a semi-formal dance to climax the weekend.

Girls planning the trip include: president, Jan Cahill; vice-president, Sherri Boite, and Betty McKee, Betty Erickson and Betty Lewis.

Plans for a swimming party pot-luck supper to be held at the pool home of Joyce and Charles Sammett were com-

pleted. The meeting ended with the discovery of the identity of last year's secret "Beta Buddy," a girl was presented a gift and New Beta Buddies were discovered by each one for the coming year.

MRS. JACK ERICKSON, standing left, joined other members of Theta Epsilon Chapter of Beta Sigma Phi holding Exemplar degrees following rituals at the last meeting. Exemplar members with Mrs. Erickson from the left are Mrs. Thomas Largen, Mrs. Robert McKee and Mrs. Faye Stetson. Seated are Mrs. Bill Rivero, left, and Mrs. Rick Walker.

# Real Daughters Honored At UDC Tea

Members of the Norman de Vere Howard Chapter of the United Daughters of the Confederacy held the final meeting of the year at the home of Mrs. T. J. Taylor on Melroseville Avenue with Mrs. R. B. Moore serving as co-hostess.

Following a brief business meeting conducted by Mrs. David Caldwell, vice president, in the absence of the president, Mrs. W. B. Kirby, a tea was held in honor of the real daughters. The honor members are those whose fathers were confederate soldiers.

Real daughters present were Mrs. A. B. Wallace, Mrs. D. L. Perkins Sr., Mrs. M. S. Wiggins and Mrs. A. K. Rossetter. Others unable to attend the tea are Mrs. W. P. Carter, Mrs. W. P. Fields, Mrs. J. M. McCaskill, Mrs. J. St. Clair White and Mrs. Roy Wright Sr.

A gold and bronze arrangement of day lilies adorned the coffee table and the tea table was centered with a beautiful arrangement of gerber daisies, baby's breath and green-

ery. All silver appointments were used and raspberry sherries were also served. Pound cake and coconut dainties were served. Other members attending included Meses. W. L. Merritt, W. A. Perry, F. B. Adams, R. F. Robison, G. E. McCall, F. E. Roumillat, Martin J. Dram and H. B. McCall.

MRS. A. K. ROSSETTER, seated, with real daughters, who were honored by the UDC at a tea at the home of Mrs. T. J. Taylor. Standing from left are Mrs. A. B. Wallace, Mrs. B. L. Perkins Sr. and Mrs. M. S. Wiggins.

After Summer fun pick up your hair sheen with color shading and conditioning!

# Forest Lake Personals

Mr. and Mrs. David Beane were happy to have their daughter, Eileen, home for a short visit before going back to C. U. C. She brought two friends, Anne and Cheryl Senseman, of Boston, with her to visit. Other visitors at the Beane's home included Mrs. Beane's brother and wife, Mr. and Mrs. Horace Mann, of Lancaster, Pa.; his sister, Mrs. Thelma Bailey, of Takoma Park, Md.; Mr. and Mrs. Leroy Stark and daughter, Shirley, from Ephrata, Pa.; and Mr. and Mrs. Bradley Thurman and son, Walter, from Garden Grove, Calif.

The Snack Bar has been given quite a face lifting as a student project. Improvements inside include a new drink machine. Tables, benches and umbrellas have been installed also.

Mrs. Patricia Silver is organizing a beginning band class for grades four through eight this summer. It will begin June 7. Please contact Mrs. Silver if interested.

On May 12 the church school had its annual picnic at Haines City. The father-son ball game ended with the fathers two runs ahead. The boys were very merciful.

The eighth grade history unit will be visiting Judge Cooper's court on May 27.

This will also include a tour through the Orange County Jail. In past years no one has wanted to stay behind on this tour.

The fifth graders are scheduling an amateur hour in the near future. Perhaps some of these students will be real headlines when they get to the Academy.

# Church Rites

## Unite Miss Duggar And B. F. Bowling

Miss Brenda Joy Duggar, daughter of Mr. and Mrs. Hobbs S. Duggar, of Sanford, and Benjamin F. Bowling, son of Mr. and Mrs. Ben L. Bowling, of Amherst, Va., were united in holy matrimony on Thursday, May 20.

The Rev. Fred B. Chance officiated at the 3 p.m. impressive ceremony at the First Baptist Church of Sanford.

Miss Sandi Slayton attended the bride as maid of honor and Gerald Bowling served his brother as best man.

Immediately following the wedding, a reception was held at the home of the bride's parents.

The newlyweds departed for a mountain wedding trip and a visit with the groom's parents in Virginia en route.

## Madeline Mallem To Present Piano Recital Tuesday

Miss Madeline Mallem will present her music students in their annual recital at the Sanford Woman's Club on Oak Avenue, Tuesday evening, June 8, at 7 p.m.

## DeBary BPW Club Announces New Chairmen

By Mrs. John Leese  
The executive board meeting of the DeBary Business and Professional Women's Club met recently at the home of the president, Margaret Williams, with Marion Roberts giving the invocation.

The following standing committee chairmen were appointed by Mrs. Williams: Helen Snodgrass, program; Betty Pascoe, finance; Theresa Frison, legislation; Mary Ann Lederhaus, membership; Alice Robello, public relations; Alberta Warner, personal development; Beatrice Muller, civic participation, and Marion Roberts, parliamentarian and historian. Special committee chairmen are Evelyn Dick, ways and means; Bert Lederhaus, year book; Sally Ann Neider, projects; Jo Peck, publicity, and Helen Stripp, sunshine. Routine business was discussed with refreshments and a social hour following the meeting.

## Women Golfers Plan New Season At Pool Party

The Executive Board of the Sanford Women's Golf Association met at the lovely DeBary home of Mrs. George Nicely recently for a "pool and planning" meeting.

After a pleasant morning swim and discussion of tournaments and social events for the 1968-69 season, the board members enjoyed a lunch around the shaded pool. Attending were Susy Dickey, Peggy Billups, Blanche Nicely, Vivian Pierce, Marion Cox, Mary Whalchel and Francon McRoberts.

Horseshould should be refrigerated at all times to keep it "hot," according to the U. S. Department of Agriculture.

# Miss Nix, James J. McGuire Engaged

## Miss Nix, James J. McGuire Engaged

Mr. and Mrs. Lowell B. Sapp of Sanford, announce the engagement of their daughter, Miss Jo Anne Nix, to James Joseph McGuire, son of Cdr.

and Mrs. James F. McGuire, also of this city. The bride-elect was graduated from Seminole High School with the class of 1963.

MISS JO ANNE NIX

where she was actively engaged in the Para-Medical Club, Homemakers Club, Latin Club and was also a Candy Stripper. She is presently employed by Alex D. Litchfield Jr., attorney at law, Daytona Beach.

Her fiancé is also a 1963 graduate of Seminole High School, where he was active on the swimming team, a member of the Tumbling Club and was vice-president of T.E.C. Club. He is presently employed with General Electric Corporation, Daytona Beach.

The marriage will be solemnized on Saturday, June 18, at 10:30 a.m. at All Souls Catholic Church. All friends of the couple are invited to attend the wedding.

## Miss Johnson Complimented At Graduation Dinner Party

Mrs. Louis Kosky and daughter, Miss Martha Kosky, were hostesses to a recent steak dinner at the Pinecrest Inn honoring Miss Delaine Johnson, a member of the 1965 graduating class of Seminole High School.

The class colors of blue and white were carried out in the table centerpiece and the individual corsages. Miss Johnson received a charm bracelet with a graduation charm from the hostesses as a gift memento of the memorable occasion.

Other guests were Mrs. Doris Johnson, mother of the honoree, and the Misses Debbie Johnson, Linda Mohr, Rosemary Walton, Linda May, Elaine Headricks and Lynn Boynton.

MRS. LOUIS KOSKY, right, presents hostess gift to Miss Delaine Johnson, a member of the 1965 class of Seminole High School at a recent graduation dinner in her honor. Mrs. Doris Johnson, mother of the honoree is at the left.

## Miss Diane Powell Honored At Graduation Tea

Mrs. C. H. Winship Jr. was hostess for a recent graduation tea at her Park Avenue home honoring Miss Diane Powell. The color theme of decorations was the class colors of blue and white. Blue and white carnation corsages were presented to the honoree and her mother. A beautiful centerpiece of

blue and white mums, baby's breath and greenery in a silver container, flanked by white papers in silver candleholders, adorned the refreshment table. A white linen cloth and all silver and crystal appointments were used. The artistic napkins were white embossed with black diplomas and graduates caps. Refreshments included potato chips, assorted dips, nuts, minis, party cookies, petit fours and Hawaiian sherbet punch served from a large crystal punch bowl. Floating hostesses were Pat Marazita and Beth Morgan and junior hostess was Barbie Winship.

Assisting Mrs. Winship with the serving were Mrs. Edward F. Hayden, Mrs. Evelyn L. Stogner and Mrs. Pat Lemler. Classmates and friends invited to call between the appointed hours of 4:30 to 6:30 p.m. were the Misses Sherry Marazita, Carol Torres, Linda Spencer, Susan Piercy, Bonnie Carol, Helen Mann, Anita Ferguson, Linda Mohr, Pat Irby, Sharon Walker, Pat Chapman, Elaine Echols, Linda Green, Kristie Schilus, Bette Odham, Angela Hurt, Melanie Williams, Judy Cochran, Janie White and Karen Law. Also Donna Collins, Lynne

## Picnic Fetes Miss Haynes

Miss Susan Haynes was honored with a recent graduation swimming and picnic party at the home of Miss Karen Law on Silver Lake. The party area was gaily decorated with pennants on poles and light poles, inscribed with "Class of 1965." Refreshments of hot dogs, potato chips, punch and watermelon was served to the guests and swimming and frolicking enjoyed by more than 50 classmates and friends from 2:30 to 6 p.m.

WATERMELON TIME — for four of the girls at a swimming and picnic party honoring graduate, Susan Haynes at the home of Karen Law. Left to right are Linda Green, Sharon Booth, the hostess, Miss Law and honoree, Miss Haynes.

## Women's Words

**VEGETABLES FUN**  
If you're fed up trying to persuade your youngsters that spinach is tasty, that brussel sprouts are good for them, and that succotash can be fun—take heart. Your children's teachers might soon be helping you with your thankless job.

The teachers of a Phoenix grade school claim, in Nation's School, they have convinced children that it is possible to survive a helping of vegetables, and they may even grow to like all sorts of nutritious foods. Teachers read the cafeteria menu to their classes each morning and lead a short discussion about the essentials of good nutrition. They encourage children to taste food rather than judge it by sight. The third graders tasted no longer scorn the yellow and green leafy things.

## Azalea Gardeners Postpone Meeting

The Azalea Garden Club announces that the regular meeting scheduled for June 10 has been postponed until the following Thursday, June 17, at 7:30 p.m. at the home of Mrs. Esther Lansing on Palmetto Avenue.

## Unanswered Complaints Put On Agenda

By Donna Estes  
John Deaton, who won the council seat in the special election held in Longwood last Tuesday, received the oath of office from Mayor David R. Wentworth at the regular meeting of council.

In his first official actions, Deaton urged that the dog ordinance be more strongly enforced; that water meters be read and not "guesstimated;" and that council hold an open work session meeting at 8 p. m. this Thursday to clear up numerous unanswered complaints.

Council was in full agreement with the third suggestion and turned the second matter over to Councilman Percy White for action.

Council again announced that it will attempt to work on the agenda system. Matters to be brought before councilmen at regular Thursday sessions should be submitted in writing to the clerk by Monday preceding the meeting. However, emergency matters still will be taken under consideration.

Mayor David R. Wentworth recommended that immediate steps be taken to appropriate \$300 per month for a night patrolman in the city. The matter was tabled until this week's meeting.

In other business the city clerk was instructed to file paving liens on all properties facing streets or avenues that the city has paved or shall pave in the future; John Farina, maintenance superintendent, was appointed temporary building inspector while inspector William Little is on vacation; motion was adopted to instruct city engineer A. E. O'Neill and Associates to proceed with plans for aeration and chlorination of the water system, and the purchase of two books to assist the mayor as municipal judge was approved.

Glen Aurbek, appeared to question if any action had been taken on his claim that city water coming through newly installed pipes had discolored and damaged the facade of his home. Chairman Carl Lommler read a letter from the city's insurance agent which stated that such a matter is not covered under present insurance as the claim is considered to be an "accident" and not an "occurrence." The matter was referred to the water department for further study.

The recommendations as requested of Councilmen White and B. L. (Slick) Helms for appointments to the zoning board, were tabled for further study. White recommended appointment of Willard Young and Fred L. Slickles while Helms named Dick Zartman and Rod Baker.

A petition signed by 19 residents requesting that R-1 zoning be protected by forbidding trucks to park on properties was taken under advisement and one requesting that ball playing be discontinued on West Jessup Avenue (in ball park) was referred to Deaton and Helms.

**Request Denied**  
**TALLAHASSEE (UPI)** — The Public Utilities Commission has denied the Atlantic Coast Line railroad request to close its agency at DeLeon Springs in spite of the company's claim it will lose close to \$4,000 a year.

JASPER H. GREEN (center) has been named Florida's "Small Businessman of 1965" by the U. S. Small Business Administration. Pictured from the left: Henry C. Coleman, Daytona Beach banker; Green, of Port Orange, and Kennon Turner, Jacksonville SBA regional director.

CLASSMATES of Mrs. Josephine Bradley's sixth grade at South Seminole Elementary watch with pride as class president Charles Williams presents \$25 check to school principal C. M. Harp for purchase of a microscope, science film strips, and a tree to plant by the new wing. Money was raised through selling the school paper which the class published.

LYMAN LETTERMAN'S CLUB members and their dates enjoyed a ski and swim party at the home of Mr. and Mrs. A. K. Neville on Prairie Lake. Among those attending were (left to right) J. Toole, Pattra Sterling and Jane Bowen (on table) L. Lott, J. Jarrard, C. Porter, and J. Balmer. (Herald Photo)

## Friendship Church Groups Have Meetings

By Julia Bartos  
The Adult Training Union Class of Friendship Baptist Church, Altamonte Springs, met at the home of Mr. and Mrs. James B. Jordan, 323 Turnbull Avenue, recently.

Mrs. C. B. Allen is supervisor of the class. Some 30 members enjoyed home made ice-cream and cake. Four ice-cream churns were in operation.

The Joy Class of the church, newly named at the May meeting, met at the

home of Mrs. T. J. Jordan on Forest Avenue, Mrs. W. E. Battle led the devotions. The group meets once a month and at this meeting they named the Rose as their class flower. They will have a "motto" which will be further discussed at the next meet.

The Adult Union Class of the church meets every Sunday at 8:30 p.m. at the church on SR 436. Everyone is welcome. On June 10th, Dr. Harwood Steele will join

church members and will give his first sermon on Sunday, June 13.

## Cow's Rights

BOSTON (UPI) — Cows will exert their legal right to graze on historic Boston Common during the June Dairy Festival June 5-12. According to the right of commonage, enacted in 1040, some 70 "milk kins" may be kept downtown to graze.

## Beautification Plans Win OK

By Donna Estes  
Approval was received from the State Road Department and announced at regular meeting of Altamonte Springs Town Council for beautification plans for the five medians on SR 436 to Maitland Avenue.

Mrs. Robert Hennis, chairman of the beautification committee, submitted plans for the project to council at a recent meeting and the board approved an expenditure of \$2,000.

## Church Of God To Have School

Vacation Bible School at the Church of God, Sanford, will open Tuesday with sessions 7-9 p.m. to continue through Saturday.

The school is open to all interested young people and there will be classes for three year olds through 15 year olds. Superintendents are Miss Betty Yates and Mrs. Daisy Herman.

Closing program for the school is scheduled for 9 a.m. Sunday.

Mrs. Hennis and her committee are being aided in the effort by Mrs. Helen Green, local nurseryman. The State Road Department will assist with the project by providing prison labor.

In other business, Councilman Robert Newell, chairman of the recreation committee, reported that registration for the eight-week recreation program in the community will be held this Friday and Saturday at the town hall. Registration will be open for children six years old through the 12th grade with a fee of \$1 charged to Altamonte youngsters, \$3 for other children, to defray cost of insurance.

Supervised activities will take place daily, 8 a.m. until noon, with swimming scheduled at Land O'Lakes Country Club one day and skating another day each week.

Maintenance Supervisor A. C. Brown was authorized to accept the bid of a local paint and body shop to paint city vehicles at a cost of \$250 and to install 10 "children at play" signs and posts.

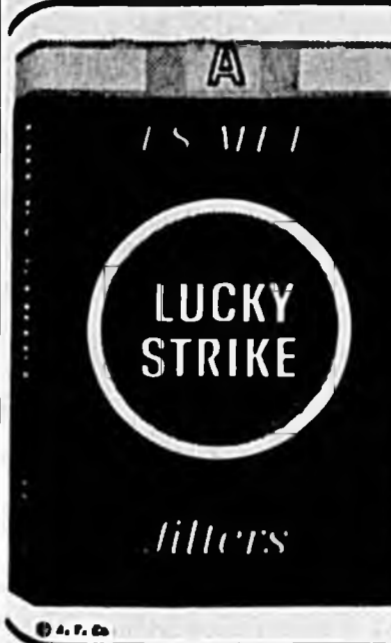

It was agreed to authorize that expense money be given to two officials to make a trip to Atlanta if necessary to meet with HHFA in connection with transferring ownership of the waterworks to the town.

The request from Spring Valley for fire protection was tabled.

## Girl Scouts, Brownies Have Fly-Up, Court Of Awards

Junior Girl Scout Troop 557 and its sister troop, Brownie Troop 192, joined forces recently with a combination Fly-up Ceremony and Court of Awards.

Following the flag ceremony, six Brownie Girl Scouts, Laura Nielson, Sherry Rasmussen, Roberta Sexton, Priscilla Pickering, Kim Valentine, and Barbara Best, were given their wings by Mrs. John A. Williams, their leader. They lighted a candle to light their way and "flew-up" over the bridge, through a flowery bowler, to be challenged by their sister scout from the Junior Troop. The sister scout took them to a table where they lighted candles arranged in trefoil fashion. Three candles represented the parts of the Girl Scout Promise and the other ten candles represented the laws by which Girl Scouts pattern their lives. When each had lighted her candle, Mrs. Richard Martin pinned her with her Girl Scout pin and welcomed her into Junior Troop 557 which she will lead next year. Members of the Daisy Patrol served as big sisters and included Laura Wells, Patrol Leader, Susan Wade, Assistant Patrol Leader, Karen Gregory, Becky Pilcher, Debbie Danklefs, Paula Clifton, Debbie Cannon, and Christi Williams.

This was followed by a skit created by the girls of the Lily Patrol which showed how Girl Scouting started in the U.S.A. Members of this patrol are Cindy Martin, Patrol Leader; Ruth Freeman, Assistant Patrol Leader; Calverna Baird, Laura Botts, Cathy Makela, Debra Jordan, Mary Lynn Sorokowsky and Kimberly Wilber.

Barbara Tamm read a paper on Our Cabana, a World Association Home near Cuernavaca, Mexico, where Girl Scouts and Girl Guides from all over the free world meet to share ideas and cultures. The whole troop sang "Our Cabana Song" which was written during the first session Our Cabana was established in 1957.

Anne Weber read a paper telling the new Girl Scouts something of the activities of Junior Scouts.

After this, the sixth grade Juniors were presented with the Sign of the Star by Mrs. H. W. Danklefs who also presented a Midget Girl Scout Pin to Mrs. Martin in appreciation for her work as co-leader during the year and also to Miss Donna Danklefs who has served for the last two years as Sector Program Aide and who now becomes a Young Adult Girl Scout.

The girls completely surprised Mrs. Danklefs with a floral tribute done in rhyme using the word "Appreciation" as its theme. Next year Mrs. Danklefs will take the sixth grade girls into the Cadette Scout program and this was

her farewell from the troop. After the colors were retired, the girls broke two pinatas filled with candy, a custom observed by Mexican children on special occasions.

Refreshments were served. These were prepared by the Daisy Patrol and served by members of the Hullahaloo Patrol, Anne Weber, Patrol Leader; Mary McWhorter, Assistant Patrol Leader; Linda Botts, Cathy Jackson, Sandy Morgan, Chrissy Parkinson, Barbara Tamm and Lynda McWhorter. The decorations, name tags and invitations were designed and executed by the Clover Patrol, Lynne Gilbo, Patrol Leader; Mary Best, Susan Davidson, Karen Jordan, Buff Keeth, Teri Schneider and Bonnie Unger.

# Help, Please, Mother Nature

The social oddities into which we capricious mortals are drifting are emphasized by a couple of recent news items. To wit:

The head of the world's largest manufacturer of men's and boys' clothing has found it necessary to publicly state his concern over creeping femininity in men's fashions.

Sponsors of the "Early Bird" commercial communications satellite are wondering if the public will tolerate a delay of six-tenths of a second in receiving replies during their transatlantic telephone conversations.

These are sobering and significant commentaries on the trend and pace of space-age living.

It is getting harder by the hour to tell boys from girls. Skin-tight pants, fancy boots, pinched-in waists, elaborate hairdos and even plunging necklines are no longer exclusive with girls. Mercy no!

And as for hustle and bustle, we eager beaver breadwinners are carrying our eager beaver to fantastic extremes. If a busy, busy businessman misses one section of a revolving door on the way to his office these days, his schedule is fouled up for the next two weeks.

Maybe these social quirks are mere passing follies and will go away in the cold, gray dawn of common sense. If they don't, heaven help us. Mother Nature, can't you please pass a law?

## Thought For Today

"And I tell you, you are Peter, and on this rock I will build my church, and the powers of death shall not prevail against it."—Matthew 16:18.

There is a little plant called reverence in the corner of my soul's garden, which I love to have watered once a week.—Oliver Wendell Holmes.

Dr. Crane's

## Worry Clinic

Wayne offers a very encouraging report about his 17-year marriage. But young couples who marry nowadays have only a 50-50 chance of happy wedlock, so scrapbook this case. And by all means send for the sex booklet mentioned below. Forwarded in forermost to learn how to AVOID divorce.

W-413: Wayne D. works on a newspaper.

"Indeed, I was thankful for her innocence and shortly after our marriage she responded sexually like a professional paramour.

"In these 17 years I have never considered becoming involved with another woman. "Why should I when I have an intelligent, attractive and sexually alive wife?"

"Why should I settle for hash when I have a caring right in my own bedroom?"

"My wife has said that maybe the frigid wives of those male patients you mentioned in your column, just had not received the proper instruction in their own boudoir.

"Since most of your columns on this subject deal with the cold wife, I thought it might be refreshing to include one that typifies the "reverse situation."

It is a pleasure to have anyone give such an encouraging report about his own happy marriage.

Also, when a young couple vow matrimony, they have only a 50-50 chance of happiness.

For over 25 per cent of such weddings end in divorce.

And another 25 per cent are potential prospects for the Divorce Court, but stay together either because of young children in the home or religious scruples that forbid divorce.

When I present these true office cases of real patients who come for advice and help, I do so to help "vaccinate" millions of readers AGAINST divorce, delinquency and other types of failure in the realm of psychology.

Divorce usually starts in the bedroom!

And you wives are at least 50 per cent to blame in the usual case, despite the fact you claim to be 100 per cent innocent of any wrong doing.

Most of you err without knowing that you are at fault, for you have seldom been taught the sex differences that produce divorce.

Men and women are radically different in their sexual outlook.

But many new brides either fail to understand that fact, or they tactfully forget it after the first baby arrives.

Many of you brides think the big problem is over after you have won a husband and obtained his signature on the marital "dotted line."

Don't be so naive! Your real difficulty has just then begun. For there are far more women than men in this country!

So you are in a potential love triangle every day of your life! Get help!

Send for the booklet "Sex Differences That Endanger Marriage," enclosing a long stamped, return envelope, plus 20 cents.

Use it to become as happy as Wayne and his wife.

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

Phil Newsom Says . . .

## New Type Of Ruler

By Henry Shapiro  
MOSCOW (UPI) — A new type of ruler has taken over the administration of Soviet affairs from the professional Bolsheviks who established the Communist state.

He is an engineer or economist, an industrial executive or professional party official whose principal task is to produce goods rather than propagandize and foment revolution.

By contrast, Lenin's first government and Communist party Central Committee consisted mostly of intellectuals and ideologists whose main interest was world revolution.

This was also true but to a lesser degree in the early years of Stalin's rule.

Many of top rulers then came from the middle-class intelligentsia. Today's leaders are mostly of working class or peasant origin.

Lenin's Central Committee boasted such writers and ideologists as Nikolai Bukharin, Leon Trotsky, Grigori Zinoviev, Vyacheslav Molotov, Alexandra Kollontai and Stalin himself.

Today there is only one professional ideologist in the 12-man Presidium, the ruling body of the Central Committee. He is Mikhail A. Suslov, the 63-year-old peasant-born graduate of the economics institute.

Lenin's present-day successor as party chief, Leonid I. Brezhnev, is a metallurgical engineer from the Ukraine.

The Soviet Union's founding father was both party leader and prime minister, as Stalin and Khrushchev were to be later.

Under the current collective leadership the premier-ship is held by Alexei N. Kosygin, a textile engineer and industrial manager.

The 10-man secretariat of the Central Committee is similarly weighted heavily on the side of engineers and economists.

Probably no other government in the world is run as much by trained engineers and economists as Russia's. They are the equivalent of the lawyers who dominate politics in many nations of the West.

They are not just engineers. They are Communists as well and their outlook is naturally to a large extent determined by Marxist ideology.

But unlike their more visionary predecessors they are practical men whose job is to make the ship of state run smoothly and efficiently.

## Political Notebook

By Henry Shapiro  
MOSCOW (UPI) — Former Premier Nikita S. Khrushchev is suffering the strangest fate of any fallen Soviet leader.

The one-time ruler of "all the Russians" has become the man that never was.

He is the first complete "unperson" of that stature since the Russian Revolution.

Khrushchev's name has been assiduously omitted from the press, and erased from new editions of history books in which it figured prominently in earlier editions published before his ouster last Oct. 15.

Khrushchev has been criticized obliquely by reference to some of his policies and style of government, but never by name.

The authorities have gone to the length of requesting owners of desk calendars to remove the page dated April 17 which carried a notation of Khrushchev's birthday.

Stalin's birthday, Dec. 21, is, by contrast, still noted on desk calendars.

Other Soviet leaders from Leon Trotsky to former Premier Vyacheslav M. Molotov and Defense Minister Marshal

Georgi Zhukov have been disgraced and discredited. Some of them have been branded as "criminals." But their names still occur in Soviet print occasionally even if only negatively.

The young generation of Russians studying their national history may never learn that Trotsky was once founding father Lenin's right-hand man, that he was the first Soviet foreign minister and defense commissar.

But they know that he existed, that he was not a "good Bolshevik" and are told that he opposed the Communist party on many issues.

Stalin may have become a fighting word in the Russian vocabulary. He is to some extent a forgotten though not a forgiven man but he has not been entirely eliminated from public print.

Not so with Khrushchev. Mum is the word on him.

To the Soviet citizen just beginning to read newspapers it must appear that Khrushchev has never existed.

This strange silence on Khrushchev may be only temporary. It is possible that his successors will maintain this blackout until a policy decision is made on exactly what role to ascribe to him in official Soviet history.

Until then he is an "unperson."

## Letters

### To The Editor

Editor, Herald:

The Florida Times-Union gives The Sanford Herald a big plug in an editorial Sunday, May 30. Such as this is what would make editorials like "Eyeball to Eyeball" comical if it were not tragic, that it cannot be recognized locally that Sanford is the Shad Capital of the World.

I am very happy to see that the U. S. Fish and Wildlife Service has recommended a means whereby we can have our cake and eat it, too. That is, a means of preserving the shad fishery and having the Sanford-Indian River Canal, also. This should be a big boost to the lakefront development.

Now, if our legislators will quit endorsing every board or authority with the right of eminent domain and permit a referendum where the people are to be taxed, such as the Port Authority bill, some of the dreams for Seminole County's advancement might come to fruition.

This right of eminent domain is being granted too widely. All well and good for the state, counties and cities.

But for every board and authority, no. For this power is almost the power of life and death. At least, it is the only one besides murder that requires a 12-man jury to pass on its powers of taking.

S. B. (Jim) Crowe  
Editor's Note: The article referred to from the Florida Times-Union was carried in Wednesday's Herald.)

This family enjoys perfect indoor comfort every day in the year thanks to safer, cleaner, cheaper, flameless reverse-cycle electric air-conditioning.

COOLS in summer . . . WARMS in winter.  
So YEAR-ROUND-RIGHT for Florida homes.

## What about your family?

Why "simmer" in the summer (or shiver in the winter)? Prices of flameless electric air-conditioning are 'way down. And reverse-cycle costs so little that the winter heating feature is practically a free bonus. One compact unit saves space and the extra cost of separate cooling and heating systems. Beat the heat now! Now, with Sunshine Service electricity a bigger bargain than ever, it's so easy to enjoy the comfort and convenience of year-round air-conditioning. See your air-conditioning contractor or electric appliance dealer today.

TUESDAY, JUNE 8, 1955
GENERAL TENDENCIES: The sinister influence of the daytime that requires one be very particular in his dealings with others lifts in the latter part of the day and the evening and you find that it's a very good time for improving your health, asking favors from those in powerful position and also for having a pleasant romantic evening!

Dear Abby:

By Abigail Van Buren

DEAR ABBY: I have always been able to handle my own problems fairly well, but now I don't know which way to turn. I guess I could be described as a moderately attractive middle-aged wife and mother who is married to an attractive, hard-working man who has worked his way up in the business world. He has an executive sales position with a large, well-known firm which has hundreds of men on the road. My husband also is on the road much of the time, but lately it seems that he is always gone. He sets up his own travel schedule, so he can't blame anyone. He calls me often, but I am hardly ever able to reach him. He used to bring his soiled laundry home, but now he has it done up by the hotel laundry. He hates starch in his collars, but when they starch his collars as stiff as boards he doesn't complain. (Isn't this rather odd?)

Jacoby On Bridge

This week's articles will be devoted to the American Bridge Teachers Association and some typical teachers' lesson plans. The ideal hand for a bridge teacher should show logical bidding and logical play so we see that South has a very normal one-no trump opening and that North with 13 high card points and no four card major has even more normal raise to three no-trump. Sixteen points opposite 13 should produce nine tricks without any trouble but after South wins the heart opening with his jack he can see a good chance for 12 or even 13 tricks if he can attack clubs successfully. Then South should note that he has contracted for nine tricks. He must look around for a sure way to make nine. He can see that if East holds the king of clubs and gets in the lead with it he can return a heart and give his partner four for a sure way to make nine.

We The Women:

By Ruth Millett

Just because you have been married a few years is no reason why you should start being stingy with your compliments. A judge who is alarmed over the rising number of divorces in his county and has given a lot of thought to what causes so many couples to be unhappy together claims that a few words of appreciation, spoken often by husbands would go a long way toward keeping their wives contented. The judge figures that the wife whose husband tells her how pretty she is, how good the dinner was, or pays her any other little compliment that makes her feel admired and appreciated isn't as likely to turn into a discontented woman as the wife whose husband never gives her a compliment. The judge also feels that any man whose wife works outside the home ought to lend her a hand with the housework instead of reclining in an easy chair while his wife, who has put in as many hours of working for pay as he has, struggles to do all the household chores without help. The judge is right, of course. The stay-at-home wife years to be appreciated and to be made to feel that her full-time job of homemaking is really worth-while—and a man can give her that feeling, just by being generous with his praise. And the working wife needs to feel that her husband appreciates her willingness to help him earn a living for the family. He can prove he does, not by words of praise alone, but by helping with the housework, which makes his words of praise carry real weight.

Teeth Straightening Efforts

It and these kids do! Leaning habits: resting chin on fist. Sleeping habits: resting fist under chin. Sucking habits: thumbs, fingers, feet and elbows. Tongue habits: forward thrust, side thrusts, and bizarre swallowing pressures. Lip habits: pressing lips against teeth, biting lower lip, biting upper lip, biting both lips. Shewing knickknacks habit: biting pencils, pens, pins and paper clips. That these habits are a significant cause of malocclusion and facial deformity is an accepted fact. Gentle mild habits are of little consequence. But those accompanied by pressure cause all the trouble. The extent of facial distortions seems to be directly related to how vigorously a habit is practiced. Dr. G. went on, "... did you ever see a thumb that has been constantly bitten, chewed, champed, clamped, and sucked? It looks as though it was caught in a meat grinder. When you see a thumb like that, you can imagine what happens to teeth and soft, pliable, bony, supporting structures. They just can't resist that kind of pressure." If habits are stopped at an early age, orthodontists have an easier time making corrections. Appliances are simpler and normal occlusion can be restored in a shorter period of time. But these habits are difficult to stop. One letter writer asked how she could stop her daughter from thumb sucking. The daughter is 28. But don't give your little fellow too hard a time if he has any of these bad habits. They are part of our life. You had them, too. Just give him some tender loving care and maybe he'll stop.

FOR THE  
*Grads*

### *Commencement Activities Planned*

One hundred-thirteen seniors have the distinction of donning caps and gowns for 1965 graduation exercises at Crooms High School.

Commencement activities opened on April 12, with the Senior Class Play, "The Great Big Doorstep," a comedy in three acts by Goodrich and Hackett.

The Junior-Senior Promenade, employing the theme, "Hawaiian Cruise," was a gala affair held on May 21. Class Night activities were held on May 28.

June 4, seniors receive awards for outstanding achievement for this school term.

Baccalaureate Services were held at the R. A. Allen Gymnasium, Sunday morning, June 6, at 9 a.m. Rev. H. V. Palmer, pastor of the First Shiloh Missionary Baptist Church, will deliver the sermon.

Commencement exercises will be held at the R. A. Allen Gymnasium, Monday evening, June 7, at 8 p.m. The Valedictorian, Salutatorian, and honor students will be the principal speakers.

# Crooms High School Has Record Of Rapid Growth

By Mrs. Doris Thomas  
Senior Class Sponsor

Before the year 1926 Seminole County had no high school above the tenth grade for Negro boys and girls and even the existing school was overcrowded.

Hopper Academy was the only school for Negro pupils at that time. Taking into consideration that the Negro population of Sanford was thought to be moving toward the west side of the city, the Seminole County Board of Public Instruction established Crooms Academy on its present site in 1926.

Crooms was originally staffed by the faculty and principal of Hopper Academy, so that the present school actually "grew out" of Hopper. The old Hopper building is now the site of the Elk's Society at the corner of Seventh Street and Cypress Avenue.

Crooms Academy opened under the administration of J. N. Crooms, with accommodations for pupils from the fourth through the tenth grades. The staff included the assistant principal, Mrs. W. R. Crooms, Grace Hankerson, Eva Handy, Maude Collins, Mattie Bolden, Ceda Mason Neal, Katherine Holly, Viola Cave and others.

The first senior high school class to graduate from Crooms Academy was in 1931. It's members were Willie Fields Freacher, Joseph White and Susie Davis.

Later increasing demands for skilled laborers in the community caused the school board to add to the curriculum subjects which the demand warranted. These included vocational agriculture, taught by a former graduate, John A. Lawson, Jr. In 1938 industrial arts was added and later home economics and commercial education.

As the school's responsibilities in the community became bigger and more numerous, the Crooms Academy plant had to expand from a single building which housed the administrative offices, classrooms and auditorium. Added on were a vocational agriculture and industrial arts building, a home economics building, lunchroom, library and in 1952, five new classrooms and a biology laboratory.

Earl Minott  
Music Director

Mrs. Inez Smith  
Color Bearer

In 1953 Crooms retired as principal and Roy A. Allen became principal. During Allen's administration, the school received its first evaluation by the Southern Association of Secondary Schools and Colleges. Other classrooms were added along with a new cafeteria.

Upon the death of Allen in 1961, H. L. Douglas became principal and the school has seen many changes under his administration. These included the gymnasium with physical education classrooms and offices. The new gym was named in honor of the late principal, Roy A. Allen Memorial Gymnasium.

Other additions included two classrooms and home economics suites; air-conditioned band and chorus building; agriculture and industrial arts classrooms and workshop building; paving of the driveway in from the main building.

During these years the enrollment increased to the present 1,309 thus necessitating the addition of many new instructional personnel.

The class of 1965 will be the last to graduate under the leadership of Douglas as the principal moves up into a supervisory position.

Moving into the position of principal will be the former assistant principal, E. L. Blacksheare with W. A. Ashley as assistant.

Douglas received his BS degree from Clark College in Atlanta, Ga. and his Master's degree from Florida A. and M. University. Besides being principal he has taught science classes, served as athletic director and coach and as principal of Goldsboro Elementary School. He was also president of the Seminole County Teachers Association.

Blacksheare received his BS degree from Morehouse College and his Master's degree from Atlanta University. He has taught science classes at Jackson Heights Elementary School in Oviedo and biology at Crooms. He has served as president, treasurer and business manager of the local teachers association.

Ashley received his BS degree and his Master's degree from Florida A. and M. University and has taught chemistry, physics and math at Crooms.

# Altamonte Financially Sound, Audit Reveals

A state audit on the accounts of the Town of Altamonte Springs, despite criticisms of some bookkeeping methods, shows the town apparently is sound financially and missed only by a few dollars of liv-

## St. Johns Has Dedication Of New Carillon

Dedication ceremonies were held Sunday for the Magna-Bell Carillon which was recently installed at the St. John Chrysostom Eastern Orthodox Church in Fern Park.

This MagnaBell instrument is an exclusive development of Schulmerich Carillons, the world's largest producer of carillons and bells. The Eastern Orthodox Carillons are set to pay at 9 a.m., noon, 3 p.m., and 5, 6 and 7 p.m.

Also a part of this instrument is one of the famous miniature Schulmerich bells. This bell will be used as a Call-to-Service bell to summon the people to worship and during the Divine Liturgy to signify the times of the Institution and the Consecration. It also will be used in conjunction with the new Three Hierarchs Seminary that is presently being prepared for opening this fall. It is the only Eastern Orthodox Seminary for the training of Priests in the English language in North America.

One may hear all of the favorite hymns played over this Eastern Orthodox Carillon. Presently the famous Orthodox Hymns are being featured. Visitors to such places as Bok Tower in Lake Wales can hear these same beautiful hymns and the music of the Schulmerich bells.

## Church School Dates Set By Messiah Church

By Jane Casselberry  
The Messiah Lutheran Church of Casselberry will conduct its Vacation Church School June 14-25, Monday through Friday, 9-11:30 a. m., at the American Legion Home in Fern Park, temporary meeting place.

Mrs. Raymond Richar will be superintendent of the school which will include classes for ages four through sixth grade. Teachers include Mrs. Robert Jones, nursery; Mrs. Karl Eriksson, kindergarten; Mrs. Hollis Tucker and Mrs. Dock Beatty, first and second grades; Mrs. Jack Kell, third and fourth grades; Mrs. Richar, fifth and sixth grades, and Mrs. Harold Card, refreshments.

General Douglas MacArthur served as president of the Olympic Games Committee in 1928.

ing within its budget during 1964.

Actual revenues of the fiscal year 1964, the period on which the audit was made, reveals that the amount of money coming in exceeded estimated revenue by more than \$7,000.

On the general fund budget, of 1964, a total of \$80,174 was budgeted but actually \$80,411.70 was spent.

The audit shows that only

\$30 in real estate taxes was uncollectible.

The city collected \$33,728 in real estate taxes — exceeding the expected collection by \$5,351.

The balance sheet of the general fund revealed total assets of \$55,598. Assets of the previous year were listed as \$48,871.

The audit, made by James W. Jones by executive order

of the governor, said:

"Our examination disclosed nothing that would cause us to question in any material respect the data presented herein."

"The financial condition of the general fund was good at Dec. 31, 1963, and Dec. 31, 1964, as shown in exhibits."

The waterworks system fund balance sheet revealed total cash of \$69,444 on Dec. 31,

1964, and total assets of \$413,058. Total liabilities were listed as \$380,875.

The auditor called the town's system of internal control weak but said his examination did not and could not within reasonable economic limits, provide an adequate substitute for such control.

The auditor contended the "tax rolls were poorly prepared." It did not review the

assessed valuations but the

town has entered into a contract with a firm to complete revaluation of all taxable property in Altamonte Springs.

The audit said minutes of proceedings did not appear to include all official actions of the Town council.

The audit also criticized the city for not purchasing any investments during the audit period and commented that all

bank accounts of the Water-

works System Fund were maintained with the Commercial Bank of Winter Park. It noted that one of the Town's councilmen is an officer in the same bank.

However, the audit could find no misuse of funds and leveled its criticism mainly at book-keeping methods. All funds were accounted for, according to the audit.

# Governor To Appoint Port Authority Board

# Spacemen Physically Fine

# Legislature OKs Body

Waterway Guide for 1965 (Southern Edition) includes a picture-story of a Jacksonville-to-Sanford cruise on the St. Johns River.

"I really believe it was the most beautiful trip I ever made," writes Elgin White of the Florida News Bureau. White also refers to the trip as a "magnificent boating adventure" and one of the most enjoyable he had ever made.

The U.S. Army Corps of Engineers says it knows of no plans to enlarge bridge clearances under I-4 or U.S. 17-92 near Sanford. There has been some talk the clearances would be widened.

A movie you will want to miss: "Examination of the Esophagus with a Fibroptic Esophagoscope." To be shown at the American Medical Association's convention in New York June 20-24.

Baby turtles, favored as house pets, can be dangerous, the Minnesota Department of Health has discovered. It seems turtles can be the source of a serious intestinal disease, salmonellosis. Be sure to wash your hands carefully after handling the creatures or their bowls, turtle fanciers. Also do not dump water in which turtles live in the kitchen sink. It could contaminate food.

Jaycees kicked off their membership drive Monday with the "American" and "National" League teams coached by Garnett White and Glenn McCall. Contest runs to July 3, with winners eating steak and the losers the usual beans. To add insult to injury, the losers have to pay for the steaks.

Watch for the "Danda-balloo" coming June 25. It promises an exciting evening, especially for teenagers. Also watch The Sanford Herald for further information.

Pinecrest School summer recreation program will begin Friday for children who attended grades one through six there this year. Hours are 8:30 to 11:30 a.m. with seven weeks of fun and games.

State Jaycee president Donald Asher, of Orlando, will visit the Sanford-Seminole Jaycees at their noon luncheon-meeting Thursday at the Civic Center.

Robert Eugene Park, son of Dr. and Mrs. Charles L. Park Sr., 109 West 17th Street, will receive his master of law degree from Yale University during commencement exercises June 14. Park will not be present, however, for he has just begun as an associate professor at George Washington University in Washington, D. C.

John Krider, Seminole County Chamber of Commerce manager, is in Washington this week to attend the National Rivers and Harbors Conference as a delegate appointed by Gov. Haydon Burns.

The latest teen-age fad while jostling, according to numerous police reports, appears to be tossing eggs at people and objects, particularly parked cars. Several complaints have been registered by citizens who have found the interiors of their autos smeared with broken eggs. The eggs have not replaced the old standby of water-filled balloons, however. Several cases of this type "bombing" also have been reported.

**Vacation Ends**  
WASHINGTON (UPI) — Mrs. Lyndon B. Johnson was back in the White House today after a five-day rest in the Virgin Islands. The President's wife said the "most fun" of her vacation was swimming underwater and discovering the mysteries of the Caribbean Sea.

## 'Y' All Come,' President Bids Heroes

**ABOARD USS WASP, At Sea** — (UPI) — Medical tests on American space twins James McDivitt and Edward White today showed less apparent physical effects than astronauts experienced in earlier, far shorter flights.

Dr. Charles Berry, chief astronaut physician aboard the Wasp, said nevertheless he probably would keep the two astronauts on board the Wasp until Thursday morning before sending them home by plane.

The ship circled 60 miles off Jacksonville, Fla., while the happy space explorers rested and the nation prepared a heroes' welcome.

White and McDivitt soared from the heavens and splashed into the Atlantic Ocean aboard the tiny capsule Monday after 97 hours, 36 minutes and 62 orbits in space.

They were picked up by helicopters — bewildered and weary, but otherwise safe, as co-owners of every U. S. space record in the books. They were short only the 118-hour Russian space endurance record.

**FILM "OUT OF THIS WORLD"**  
SPACE CENTER, Houston (UPI) — Color film of astronaut Edward White's space walk showed today a fantastic glimpse of man maneuvering with so much ease in space that he saluted his Gemini-4 spaceship as he floated freely in the cosmic void.

The 11-minute, 48-second silent film of the spectacle taken by a camera that White, himself, mounted on the outside of his spacecraft showed a brilliant spectacle of green, blue, white and black with flashes of gold in slow motion.

The white-clad space pilot zipped over the blues and whites of earth at an altitude of 103 miles, crossing the United States from west to east on the third orbit last Thursday.

As White emerged from the shadow of the bell-shaped Gemini-4 spaceship, the bright sun caught his white spacesuit, illuminating it brilliantly.

A small American flag attached on his shoulder was easily seen as the astronaut climbed from the ship.

His motions rocked the spacecraft as it soared at 17,500 miles per hour.

There was no narration. And without it, there was just the eerie silence of space.

With a strap from the inside of the two-man cabin floating freely in space, White maneuvered with ease away from the spaceship with spurts of oxygen from his twin-jet space gun.

**'Y' ALL COME,' LYNDON BIDS**  
WASHINGTON (UPI) — A jubilant President Johnson has issued a "y'all come" invitation to his Texas ranch to America's newest space heroes, the Gemini-4 astronauts.

The Chief Executive telephoned James McDivitt and Edward White soon after they arrived at the carrier Wasp Monday to extend to them the nation's thanks for their accomplishments.

He invited the two Air Force majors and their families to visit him at the LBJ Ranch this weekend. He said he had been "saving a little something for you."

And, in a conversation that ranged from joshing to serious comment, the President told the two men:

"What you have done will never be forgotten."

**14 Killed**  
ALCANTARILLA AFB, Spain (UPI) — Two Spanish air force jet aircraft collided in flight today, killing 14 crewmen and paratroopers aboard.

## North Orlando Ponders New Village Hall

By Donna Estes  
Plans were discussed for financing of a proposed North Orlando Village Hall at regular meeting of council Monday evening.

The 60-foot by 40-foot facility would be constructed on the 12½ acres acquired recently from the North Orlando Company.

Mayor David G. Tilson reported that two banks and two insurance companies had been contacted about financing the project. Council agreed to instruct village attorney Orville Johnson to write the Community Facilities Administration, of the U. S. Housing and Home Finance Agency, Atlanta, Ga., as suggested in a letter from U. S. Rep. A. S. Herlong Jr., to ascertain if a federal loan is available for the building.

In other business, a resident appeared to complain about refrigeration trucks parked and left running all night on property adjacent to his home. Tilson directed the clerk to contact Johnson to find if the village has an ordinance pertaining to the situation and assured the resident that action would be taken on the matter.

Details of the amended occupational license ordinance were worked out after lengthy discussion and consideration. The amended ordinance will be sent to Johnson for preparation and passed at another meeting.

Problems and dangers involved by "population explosion" among dogs in the village were discussed. Council decided to set up a dog clinic where residents may have their animals inoculated. A \$1 license fee will be charged with revenue resulting to be designated for animal control until definite provisions for catching and holding dogs can be arranged.

Councilman Jay Wetz was authorized to look into the matter of obtaining services of a local veterinarian to conduct the clinic.

SUSAN HAUSCH joined the throngs who were "Singing in the Rain" in Sanford this morning. The entire area has been joyful these last few days since "Jupiter Pluvius" began looking down kindly once again. But Susie, like all the rest of us, is praying that the rain will continue and alleviate the drought conditions. (Herald Photo)

## Walk Slowly On Water Act, County Told

Seminole County Commissioners today were warned to use "great caution" in proceeding with any negotiations with Orange County in the water control program.

"Orange County is not spending money to improve Seminole County. Nothing has been done to assure us that all that water won't be turned loose on us," declared George A. Speer Jr., who said he was speaking for taxpayers and property owners.

Speer also charged that the U. S. Corps of Engineers "has made one mistake after another in the Central and South Florida Flood Control District." Speer pointed to the present drought conditions in the Everglades as an example of "engineering errors."

The spokesman also asked County Commissioners to request the Legislature to release Seminole County from participation in the Central and South Florida Flood Control District taxation.

"For 18 years they have been taking our money and they have not done a thing for Seminole County," Speer charged.

"Now all these dikes and canals planned by Orange County are designed to dump more water on us. When a hurricane comes, where will the water go? People around the lakes will be crying for the water to be released and the people down below will be begging that the water not be released," Speer predicted.

He asked that the people in the area be permitted to express their feelings on the matter. And that consulting, disinterested engineers be called in to review Orange County's plans in the interest of Seminole County's protection.

Commission Chairman John Alexander assured Speer that public hearings would be held and that the board was aware of all these problems.

"We want, and need, to cooperate with Orange County in their water control problems, but we must protect the interests of this county," Alexander said.

He agreed that the county may need to retain a consulting engineer to "analyze the picture."

In previous discussions the board had directed County Engineer William Bush to ask Orange County Commission chairman and engineers to appear here for public hearings on their proposals.

## Land Proposal

Proposal for the purchase of land in the city-owned Lake Monroe Industrial Park as a site for a new Sanford Herald plant was offered by Publisher Walter A. Gielow to the City Commission this morning. The industrial park is located west of French Avenue and north of First Street. Further discussions are scheduled.

## Less Work

WASHINGTON (UPI) — The House passed legislation that would reduce the work week of postmasters from 48 hours in six days to 40 hours in five days. The bill now goes to the Senate. Its estimated cost for hiring extra post office personnel would be \$18.7 million.

## Navy Urges Military Pay Hike

WASHINGTON (UPI) — The Navy today urged Congress to approve President Johnson's \$102 million military pay raise proposal. Top Navy officials said it and a provision for subsequent semi-automatic pay hikes would be a boon to the sea service.

Navy Secretary Paul Nitze and Adm. David L. McDonald, chief of naval operations, testified at a House armed services committee hearing. They said the administration proposals would enable the Navy to retain many crucially needed specialists it is now losing.

The Navy officials echoed Defense Secretary Robert S. McNamara's endorsement of the pay bill, which would cost less than half of the raise proposed by Chairman L. Mendel Rivers (D-S. C.) of the armed services committee.

McNamara testified Monday and had a rather mild time with Rivers' committee, many of whom favor the chairman's bill. Rivers said later that he and McNamara actually were "philosophical" pretty close to agreement on the question in general, although they are far apart on the dollars and cents.

Johnson's proposal, backed by McNamara, would provide all officers and enlisted men with more than two years' service an average raise of 4.8 per cent.

This would be followed by a major overhaul of military and government civilian pay

## Steady Rain Hits Parched 'Glades

MIAMI (UPI) — Nearly three inches of steady rain fell on the parched Everglades National Park today and weathermen and park officials called it a life-giving break for the dwindling animal population.

Black clouds and thunder rolled over most of South Florida and dumped water up to four inches deep in some areas. Miami had its first general rain in two months.

"It's the first big break we've had," said one forecaster, "and it sure did the Everglades some good. It probably fell up to four inches in some scattered areas."

# 12 'Savage Sons' Due Honors

Vice Adm. Paul D. Stroop, commander of Naval Air Forces, U. S. Pacific Fleet, will present the Air Medal to 12 officers of Reconnaissance Attack Squadron Five in formal ceremonies aboard the Sanford Naval Air Station June 14.

Read Adm. Robert Goldthwaite, commander of Fleet Air, Jacksonville, will accompany Admiral Stroop on his visit to NAS Sanford. The ceremonies are scheduled for 9 a.m. on the east side of Hangar 4.

The award ceremonies will begin with a personnel inspection of the RVAH-5. Following the inspection the awards will be presented. The Navy band from COMFAIRJAX will provide appropriate martial music for the impressive ceremonies.

The Air Medal, ninth in precedence among Navy medals is presented upon completion of meritorious flights. These missions were flown by the Savage Sons of RVAH-5 in the Southeast Asian (Viet Nam) area. The squadron returned in May from a 10-month deployment

ADM. STROOP

aboard the aircraft carrier USS Ranger in the Western Pacific.

Upon completion of the awards ceremony, Admiral Stroop and Admiral Goldthwaite will return to Jacksonville.

Admiral Stroop was in Sanford for the 11th annual Reconnaissance Bombing Derby in April.

RVAH-5 was the first RA-5C squadron to deploy to any of the U. S. fleets when it went aboard Ranger in the Seventh Fleet. The Savage Sons are commanded by Cdr. Wallace Russell.

By Paul Brookshire  
Seven-member board which will govern the Seminole County Port Authority is expected to be appointed by Aug. 1. The act creating the Authority, whose purpose will be to operate the "Port of Sanford," passed the Florida Legislature and is expected to be signed into law soon by Gov. Haydon Burns. The act becomes effective July 1.

## news... BRIEFS

**Search Widens**  
MIAMI (UPI) — An air and sea search of the Bahamas widened today in an effort to find 10 men who were aboard an Air Force Flying boxcar that disappeared into the night last weekend.

**Seven Escape**  
OCALA (UPI) — Seven prisoners escaped from Marion County Jail today by alighting down knotted bed sheets from the second story. Authorities broadcast a statewide alert for the escapees described as "hardened criminals."

**Lose Control**  
PENSACOLA (UPI) — Panhandle dairy farmers slipped from the control of the Florida Milk Commission today, leaving that agency with even less power and money. The vote to withdraw was made by the farmers Monday.

**Mine Disaster**  
BELGRADE (UPI) — Rescue workers said today 114 bodies had been recovered from a coal mine in central Yugoslavia swept by a methane gas explosion. Other miners were still trapped 500 feet below the surface, their fate unknown.

**Pay Hike Asked For Legislators**  
A request to supplement the salaries of Seminole County legislators by \$200 a month was received by Seminole County commissioners today.

The request was made by Gordon Frederick, representing the legislative affairs committee of the Seminole County Chamber of Commerce.

Frederick noted that permissive legislation would be required to permit the supplement to be paid out of county moneys. It is doubtful that any such legislation could be introduced in the remaining legislative sessions which have been called for the express purpose of re-appointment. A two-thirds vote would have to be obtained to present such a request.

Seminole County legislators, Sen. Mack N. Cleveland Jr. and Rep. S. J. Davis Jr., now draw \$1,200 a year salary plus \$25 a day per diem while the Legislature is in session.

Frederick, speaking in behalf of the Chamber of Commerce contended that this amount "works a hardship on men who must continue to preserve their personal business interests while serving the county and public interest."

Commissioners took the matter "under advisement."

**Purse Stolen**  
Mrs. William C. Harris, 410 Myrtle Avenue, Monday night reported to police her purse containing about \$15 and a watch valued at \$90 was stolen from her car while she and her husband were sleeping.

**Mystery Girl Enters Slaying**  
BIG SPRINGS, Neb. (UPI) — A nationwide hunt for a college graduate charged with killing three persons in a Nebraska bank holdup continued today while attention centered on a mystery girl in Texas.

Federal authorities declined to say whether they were closing in on Duane Pope, 22, charged with last Friday's \$1,500 robbery in this Nebraska Panhandle ranch town.
