Commit the Deed

AGO, May 31.—Robert Franks, state's attorney, early today that E. Leopold, Jr., and Loeb, youthful members of the Chicago family, had confessed to the kidnapping and murder of 14-year-old Robert son of Jacob Franks, manufacturer.

Franks admitted the deed was committed in an automobile, and Loeb each accused the other of striking the chisel. Crowe admitted that he had not been present at the kidnapping and ransom as early as last week, as he had been before the kidnapping had not been definitely announced.

It was the spirit of adventure that prompted him to plan the kidnapping and ransom as early as last week, as he had been before the kidnapping had not been definitely announced.

ANTI-AMERICAN FEELING STIRS ISLE OF JAPAN

Animosity Caused by Recent Passage of Exclusion Act By Congress—Official Japan However Absolutely Opposed To Any Form of Retaliatory Measures; Citizens Boycott U. S. Goods

TOKIO, May 31.—Anti-American feeling engendered by enactment of the United States immigration law with its Japanese exclusion provision threatens to become more widespread and intense, backed as it is by the jingo press and a small group of nationalist publicists, politicians, former service men and retired officers of the army and navy.

Official Japan, represented by the Kiyora government, absolutely opposes any retaliatory measures and although Viscount Kato remains silent upon that point, it is generally believed in high quarters that the new ministry he is expected to form within the fortnight will continue the same policy.

With this contradiction of public and certain private opinion so in evidence, Japanese officials express regret that they are unable entirely to control the anti-American expressions which are outcropping so freely in public meetings, published editorials and newspaper advertisements.

Propaganda is clearly under way to persuade the public to refuse to purchase American goods and demand instead Japanese or European substitutes.

The group of nationalist publicists, headed by Shinkichi Ueyasuji, professor of political science at the imperial Tokyo university, is promoting a series of what they call "national spirit meetings" with the avowed purpose of arousing the national Japanese spirit against the exclusion measure.

One of these meetings has been called for June 8, in the great wrestling hall here, one of the largest meeting places in the city. The date was selected, Ueyasuji explained Friday, because it is that date upon which Ambassador Woods (the retiring American ambassador) will leave.

The nationalists, he explained, do not wish to embarrass the ambassador, "whose sympathy for the Japanese makes it quite impossible for the Japanese to take retaliatory measures while he is here."

Ueyasuji and his followers are planning ten similar meetings to be held in the other principal cities of the empire during the month of June.

Reservists of the Japanese army also are reported to be active in the anti-exclusion campaign. According to the vernacular newspapers, the Kiyota reservists association has voted to use for fight exclusion the funds it had raised for celebration next month of the wedding of the prince regent.

The Yoroua Choho, a Japanese newspaper, editorially urged a Japanese boycott of American culture Friday. It suggests that a movement be launched throughout Japan to exclude not necessarily individuals, but American civilization and American products.

"We've been sping the American civilization and buying American goods believing that 'the way to progress' is by that way," it says. "We've been now, however, to the fact that Japan can advance only by turning from American ways."

Delegates to the national convention of Shinto priests, the heads of the ancient religion of Japan, now meet in Tokyo, assembled early this morning at the Meiji shrine, dedicated to the father of the emperor, protesting against the passage of the Japanese exclusion provision of the immigration bill by the American congress.

The office of the Seminole Laundry on First Street was broken into during the night of Friday and Saturday morning and approximately \$25.00 was stolen from the money drawer located in a small desk. It was announced this morning by A. S. Christenberry, manager of the office, who discovered the loss when he came down to open his place of business.

The thief or thieves entered the office by the front door, forcing it open by means of a "Jimmy" or pry bar. Leaving two or three drawers of the desk on the counter with their contents undisturbed, the robbers took the desk from the place to a place at the rear of the building on Oak Avenue where the drawer containing the money was forced open.

The desk was found this morning by employees of Chase & Co., who notified Mr. Christenberry. A peculiar slant on the robbery is the fact that the thieves left a number of watches which were on a table in another part of the office. These watches are the property of C. W. Smith, who conducts a watch repair shop in another part of the office.

Belief was expressed by Mr. Christenberry that the robbery was committed by someone familiar with the office, who knew exactly where the money was kept. The police department has been notified.

Herald Will Give Election Returns On Tuesday Night

By special arrangements made with the Associated Press, the Sanford Herald has secured the use of a leased wire and will receive the election returns from all over the state beginning at 8 o'clock Tuesday night and continuing until 4 o'clock Wednesday morning.

For the benefit of its friends and patrons, the Herald will flash the results as they come in upon a screen located at the Seminole County Bank Annex building, Magnolia Avenue. Through the courtesy of Rev. Paul C. Burkham, pastor of the Congregational Church, the paper has secured the use of a stereopticon machine and screen. The machine together with the wire will be placed on a second story porch of the Herald building.

Not only will the returns from over the state be given from time to time, but also those from the 12 precincts of Seminole county. Arrangements have been completed whereby the information will be telephoned to the office from time to time giving the count in the several county precincts. In turn these will be flashed on the screen and sent to the Associated Press to assist that organization in tabulating the state returns. Fifteen other papers in the state besides the Herald are getting this feature service and it is these sixteen papers which will cover the entire state, this paper being responsible for compiling the returns from Seminole county.

They will arrive at Key West at 9:10 a. m. the following morning where they will board a P. & O. steamer, leaving for Havana at 10 a. m. The steamship is due in Havana at 5 p. m. that same day.

Those taking the trip will spend several days in Havana and other places of interest close by after which they will again board the boat and start homeward. There will be a meeting of the Sanford Shrine Club in a few days to discuss the exact date on which the trip will start, Mr. Lane added.

LIMITATION OF ARMS FAVORED BY PRESIDENT

Speaking at Arlington Memorial Exercises Coolidge declared Himself in Favor of Further Limitation of Armaments and of American Adherence With Reservations to World Court.

WASHINGTON, May 31.—Further limitation of armaments and American adherence with reservations to the world court created under the league of nations were set up by President Coolidge as his goals in the field of foreign affairs.

Speaking at the memorial day exercises at Arlington, the president renewed his advocacy of the Harding-Hughes plan for American membership in the Permanent Court of International Justice, and declared the ideal of mutual covenants by the nations limiting their military establishments "should be made practical as fast as possible."

Oppose Reservations. The president gave notice that he would not oppose other reservations to the court protocol than those proposed by President Harding and Secretary Hughes but would not support "any material changes which would not probably receive the consent of the many other signatory nations."

His declaration was interpreted generally as opposition to the plan to the Republican majority of the senate foreign relations committee for American adherence provided the nations now members of the court agree to separate the tribunal from the league.

The two goals outlined by Mr. Coolidge today were declared by persons close to him to be the major foreign policies upon which he will stand in the coming campaign. Combined with these the president, it is said, will place emphasis upon extension of a loan to Germany by private American interests with governmental encouragement with a view to carrying out the Dawes plan for European rehabilitation.

An attempt to make American entrance in the world court contingent on separation of the court from the league of nations would be impracticable and unworthy of American principles and traditions, the president said after showing the the union of the states had been based on renunciation of certain liberties and assumption of new duties and obligations in order to obtain greater benefits.

"Must Face Question." "We may as well face this question candidly," he said, referring to the issue of governmental court membership, "and if we are willing to assume these new duties in exchange for the benefits which accrue to us, let us say so. If we are not willing, let us say that. We can accomplish nothing by taking a doubtful or ambiguous position."

The president delivered his address to an audience of several thousand people, including cabinet officers, members of congress and diplomats, gathered in the Memorial Amphitheater to honor the dead of the nation's war. The exercises which also included an address by Senator Fess, of Ohio, were broadcast over the eastern part of the country by radio and at their close Mr. Coolidge, accompanied by the secretaries of war and navy, placed a wreath in the name of the nation on the tomb of the Unknown Soldier, thereby establishing a custom to be followed on future Memorial days.

Local Chamber of Commerce To Hold Election Officers

At the weekly luncheon of the Sanford Chamber of Commerce Friday at the Valdes Hotel there were no principal speakers, so those present engaged in informal discussions of the salient needs of Sanford, said Secretary R. W. Pearson, Jr., this morning.

The body first discussed "county road bonding," pointing out the need of extending the present system and of improving those that the county has already constructed.

There was also an informal discussion of the "extension and improvement of sewers built several years ago, and however adequate it may have been at that time, it is now many years behind the growth of Sanford."

Mr. Pearson said that he wanted the people of Sanford to see that if the city is going to continue to grow substantially in the future, they must by all means work together with the chamber of commerce in securing these civic improvements for Sanford.

He further announced that the regular annual election of officers will be held next Friday. He also requested that as many members as possible be present so that officers may be chosen who will be representative of the whole of the entire body.

Committee Is Told Wheeler Got Booze For Roxie Stinson

WASHINGTON, May 31.—Turbulent scenes featured today's session of the Senate Daugherty committee when A. L. Fink of Rochester, N. Y., associated in the previous testimony with Roxie Stinson, volunteered as a witness and shouted he was the "man Frank Vanderlip tried to give \$1000 for perjured testimony against Coolidge" and cried that he wanted to tell how Senator Wheeler, the committee prosecutor "got booze for Roxie Stinson."

"We don't want your lies," Chairman Brookhart thundered back at him and Senator Ashurst, the only other committee member present told Fink he was a crook and promised to "put him out if the chairman will allow." The disturbance had to be quieted by the police.

POLITICAL MEET TONIGHT CLOSING LOCAL CAMPAIGN

Big Rally Tonight at Magnolia Avenue and First Street Is Expected Best Of All Pre-Election Gatherings.

The final shot in the present campaign before the primary election to be held on Tuesday will be tonight when it is expected that every candidate for county office will avail himself of the opportunity to speak to the voters at a big political meeting to be held at First Street and Magnolia Avenue.

Robert J. Holly, secretary of the county Democratic Executive Committee, who has been serving as the chairman for most of the meetings that have been held under the auspices of that body, will again be seen in that role tonight. Speaking, he announced, will begin promptly at 7:30 o'clock. Each candidate will be given 10 minutes in which to present his claims for office.

Tonight's meeting is expected to be the most interesting of all the pre-election gatherings that have been held for some time. Last minute efforts of some of the candidates to turn the tide of election in their favor, will bring out many charges and counter charges.

In other words all office seekers are expected to appear at their best tonight. Those that have been told at other meetings will be seen and it is said that everyone may stand up and say that he or she will not feel bored by having to listen to worn-out speeches.

The present campaign has become more heated as election day draws nearer, and especially is this true of the race for sheriff and county judge. Unusual interest centers in the sheriff's race. Four other candidates besides the present sheriff are seeking that office.

All but one of them have been officers and have had previous experience, which fact serves to act as an inducement for further consideration.

Speaking tonight for the last time in open meeting, the candidates are expected to make urgent appeals for the suffrage of their constituents. Oratory will soar to heights hitherto unknown, it is believed.

For the convenience of the speaker as well as the big crowd that is expected to be in attendance, the chairman has requested that those who have cars parked on the street not to move them until the meeting is concluded. The police will be asked to keep cars from passing down Magnolia Avenue while the speaking is in progress.

Decorate Graves Several Soldiers On Memorial Day

Friday morning the graves of the soldier dead in Lakeview cemetery were decorated by committees from the Grand Army of the Republic and United Spanish War Veterans with flags and flowers.

At the grave of Comrade Tschach the impressive memorial service of the United Spanish War Veterans was held with Past Department Commander R. A. Terhoun officiating, assisted by a committee from the Col. Theodore Roosevelt Auxiliary No. 3. On this committee were Mrs. J. R. Lyles, Mrs. R. C. Shaefer, Mrs. A. J. Lasing and Mrs. Roy Schmidt. Others decorating were Mrs. Mary Leonard and Mrs. C. R. Lord. As yet, only three graves of the soldiers of the Spanish-American war have been located in Lakeview, although there is said to be seven. In addition to these graves, those of many of the G. A. R. and Confederate Veterans were also decorated by the U. S. W. A. committee.

For the G. A. R. were Comrades M. F. Robinson, C. F. Haslina and A. Robbins. Those last named have been faithful and loyal to their dead comrades for many years.

Following the ceremony at the cemetery, a simple ceremony in memory of the sailor dead was held at the lake, where flowers were scattered upon the water in memory of the sailors and marines of all wars. With the U. S. W. V. there is no line of demarcation, there is neither north, south, east or west—just citizens and sailors who fought for their country.

W. G. MADDOO TO WIN IN FLORIDA SAYS MCKENZIE

Chairman McKenzie Expecting McAdoo To Carry Florida By at Least 20,000

Mayor Lake Sends Wires to Chairman

Urges County Officers To Support Progressive

That William Gibbs McAdoo will carry the state of Florida by a majority of between 20,000 and 30,000 was predicted by Dr. A. W. McKenzie in a message to The Herald from Leesburg this morning. The message continues: "All indications point to sweeping practically every county in the state. His victory in south, central and west Florida will be overwhelmingly while North Florida will give him a comfortable majority."

The message given virtually on the eve of the election indicates that the McAdoo forces have been working hard during the short time since the Sanford convention, it was stated today by a staunch supporter of Mr. McAdoo and who further declared that evidence is at hand to bear out the state chairman's prediction.

Mayor Forrest Lake, state chairman of the finance committee, who has been handling the affairs of the organization for the past few days during the absence of Dr. McKenzie, who has been on a canvassing and speech making tour, today sent the following wire to the chairman of each county McAdoo organization:

"The primary election is close at hand. McAdoo leads over the state. It is our opportunity to elect the standard of their choice for the Democratic nomination. Every effort should be made to give that great progressive an overwhelming vote on Tuesday. Friends and supporters should marshal their forces and march to the polls on election day with a slogan 'No One Will Do But McAdoo.'"

"Florida should not lose this wonderful opportunity to join with many other states to select McAdoo as the leader of progressive Democracy. The man who was born in Georgia, made good in Tennessee, solved some of New York's greatest problems and later made himself famous as a member of the Wilson cabinet, will be nominated by the Democrats. Let Florida have a voice in that nomination."

"The cry is for a honest, efficient, faithful and four-square man as our standard bearer. Such a man is William Gibbs McAdoo. Your state chairman predicts his selection in Florida by a majority of between twenty and thirty thousand."

In a further statement given to The Herald, Mayor Lake said: "I am very optimistic over the outlook. Florida will not fail in this election made upon her by the rank and file of progressive Democrats throughout the country who are demanding the nomination of William Gibbs McAdoo. This state has the opportunity to maintain its stand for progressive principles. It will not be found wanting."

"It is my opinion that if McAdoo is selected as the standard bearer of his party, and it is the most certain that he will, that he will be elected to be our next chief executive. That he is the man for the office is assured by the principles for which he stands."

"A man who believes and sponsors the policies which Mr. McAdoo outlined in his message to the recent convention held here, is the man who should be elected. McAdoo's public service record has been one of big achievements. His courage and fearlessness in fighting for the things which he favored have been outstanding in the man's career."

"I merely wish to add to previous appeals made by the state chairman, that the citizens consider carefully the situation and vote for McAdoo on Tuesday."

Crime Wave Brings Newspaper Protests

LISBON, May 30.—The increase of crime of every kind in Portugal has inspired the important Lisbon newspaper Diario de Noticias to a denunciation of the conditions that make it possible. "Bombs and pistols," it says, "are the supreme arguments and means adopted to settle conflicts. We live in a society of criminals destined to eliminate itself by violence, and giving to the world the spectacle of a nation in which laws are non-existent and authority is impotent. There is no protection given the police who naturally find it safer to shut their eyes to crimes than to prevent, and a demoralizing fact is found in the constant escape of dangerous criminals from the prisons and fortresses of the country." Three successive bumper harvests in the tea industry of India have made the laborers so independent that a labor shortage is reported there.

Potato Season About Closed at Hastings

HASTINGS, May 30.—The potato season in this section has come practically to a close, with a yield estimated at around 27 barrels to the acre. Approximately 2,800 carloads have been shipped so far and it is estimated that around 200 more cars will be the yield for the rest of the crop. This represents a gain of nearly 500 cars above last year's crop, due to increased acreage planted. It is said that the prices have not been quite as satisfactory this season as for last year.

Tampa Will Extend Bayshore Seawall

TAMPA, May 30.—Twenty-nine contractors from various states have applied for plans and specifications for construction of the Bayshore seawall and relative improvements, bids for which will be opened June 6 by the county commissioners. Others are expected to apply before the date for opening the bids. Cost of the seawall, double driveway, parkway and sidewalk will be approximately half a million dollars. When the proposed seawall is connected with that already built the combined length will be about two and a half miles, giving Tampa a boulevard along historic Tampa Bay close to five miles in length.

Lake Okechobee To Become A Reservoir

WEST PALM BEACH, May 30. It is not improbable that Lake Okechobee will become the water reservoir for southeastern Florida cities, according to belief expressed by W. A. Dutch, head of the city water commission of West Palm Beach. He said he expected the state board of health would render an exhaustive report of its findings as to suitability of the lake water for purposes required in the cities in this section, and that this would be invaluable data in putting the project through. Gas street lights still are popular in Rio de Janeiro, there being 11,500 in the city now, and the number will be increased to 27,000 very soon.

5 YEAR PRISON TERM IS GIVEN TO JESSE COLE

(Continued from page 1.) entered a plea of guilty and was sentenced to serve 12 months on the county roads.

Court recessed for the afternoon. The case of the state versus Essie Whittle, charged with embezzlement, will be tried this afternoon, besides several civil actions. Court will probably finish its session tomorrow.

Following is the grand jury presentment delivered to the court Thursday morning:

"We, the grand jury, duly empanelled and sworn at the spring term of the Circuit Court in and for Seminole county, Florida, to examine in and for the body of the County of Seminole and State of Florida, and true presentment make of such matters coming before us for our attention, respectfully beg to report that we have carefully and conscientiously investigated all matters brought before us for our consideration, and in those cases where the evidence warranted we have returned true bills and in all other cases where the evidence proved insufficient, we have found no bills."

"During the course of our labors we have made an investigation of the present condition of the court house, county jail, county home and convict camp.

"In our investigation of the court house we found the building to be in a fairly good condition, some minor repairs being necessary, and we recommend that the county commissioners direct the clerk of the circuit court to see that such minor repairs are made to the court house as may be required.

"In our investigation of the county home, we found at the present time there are fifteen (15) inmates in the county home. In conversation with said inmates we learned that they are well treated and are satisfied with their lot. The county home is in fairly good condition, sanitary and well kept. However, in our inspection, we noticed that part of the screening to the main building needs repair, and we recommend that said screen be promptly repaired. Also the front porch and back porch of the main building of the county home needs some minor repairs, which should be attended to promptly. We also found that there is no waste supply in the main building of the county home and that water has to be carried to said main building; we would recommend that a pipe leading from the tank located on the property of the county poor farm, be laid from the tank to the main building of the county home, in order to furnish a supply of water to the main building.

"We made an inspection of the county convict camp and found conditions there to be generally

Can She Pick Her Child

Fannie Lockwood, 17, St. Louis, Mo., must answer this question: Can a mother pick out her own 4-months-old baby if she has not seen it since it was a week old? Her baby was taken from her when it was a week old and, abandoned, it is alleged by a man now under arrest, the baby wound up in an orphanage. There are three babies at the orphanage. One of them is Fannie Lockwood's. But can she pick it out after four months? The court has given her the chance.

satisfactory. The camp is maintained in a most sanitary manner and is in first class shape. "We also inspected the county jail and found said structure to be entirely inadequate to take care of the present needs of this county. Our county is so rapidly developing that it has entirely outgrown the present county jail, and we feel that there is no way in which the present jail could be remodeled. Therefore, we respectfully request that the county commissioners of this county, as soon as it possibly can be done, take such steps as may be required to erect and construct a modern, up-to-date jail, amply sufficient to take care of the needs of the county. "It has come to our attention that two railroad crossings on the main highway between Sanford and Orlando are in very bad condition, and we would respectfully request the county commissioners of this county to require the A. C. L. company to repair and place in first class condition the railroad crossings in the town of Lone-wood and also the railroad crossing immediately north of Altamonte Springs.

Prosecution Rests Case In The Trial Of Bishop Brown

(Continued from page 1.) "This court is a canonical court, charged with the duty of ascertaining whether a bishop charged with holding and teaching publicly or privately and advisedly doctrine contrary to that held by the church, is guilty or not guilty."

"What the doctrine of the church in any particular is and whether the utterances of the defendant contravene it are to be determined by the opinions of witnesses.

"The duty to make that determination has been imposed upon this court for this trial and they cannot avoid it.

"The doctrine of the church in fixed by the whole church acting in its corporate capacity and not by the individual opinions or interrelations placed upon any document, supposed to contain the church's doctrine, by any bishop, priest or deacon, speaking individually."

"The decision went on to announce the court's determination to take judicial notice of what it considered church doctrine, said wide latitude would be allowed counsel in suggesting what such a decision might be and added:

"The question has been asked by counsel as to where this doctrine may be found. The court expressed its opinion that such doctrine is to be found in the 'Book of Common Prayer' as adopted and established by the constitution of the Protestant Episcopal Church in the United States of America. "It is perhaps superfluous to state that the most important formulas of doctrine of the church is not formulated in the holy scriptures as interpreted by the church in its corporate capacity."

SARASOTA, Fla., May 30.—A \$150,000 golf course and club house will be erected on Long Boat Key, just west of Sarasota, on property valued at \$100,000, a gift from John Ringling. Mr. Ringling also has agreed to build a causeway from the mainland to the key, a distance of one and three-quarters miles, to solve the transportation question of getting to and from the course. The contract has been let and the work will begin as soon as a permit can be obtained from the federal government. A golf course architect will be employed to lay out the course, which will be the second 18-hole course for Sarasota.

"And, now, having completed all our duties and labors, we respectfully ask that we may be discharged. "Dated this 28th day of May, A. D. 1924. E. F. LANE Foreman. "JAMES O. HUFF, Clerk."

London Will Open Its Doors To Advertising Convention In July

LONDON, May 30.—All delegates to the International Advertising Convention in London in July will be given passes for all the London Underground Railways and for the bus services. Lord Ashfield, chairman of the directors of the Underground railways, has also extended an invitation to entertain the overseas delegates at Hampton Court during the week of the convention.

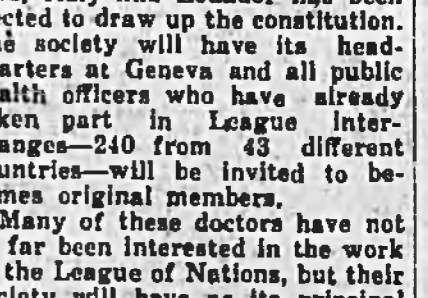

Several other British companies have sent invitations to the convention committee for various trips and entertainments, but the committee has had to decline many of them as the time has already been filled by the extensive trips to be made to Belfast, Glasgow, Edinburgh, Leeds, York, Manchester and other large cities. These excursions will be made during the week following the convention, and the railroad companies are arranging special trains for them. The convention delegates will be allowed to choose the trip they desire to make, and select the particular industries they wish to investigate. All the advertising clubs in the cities to be visited are arranging programs of entertainment for the delegates, in addition to tours of the cities and the surrounding country. The Lord Mayor of York, the aldermen, will receive the delegates on the arrival of the party at York and entertain them at dinner in the historic York Mansion House. At Edinburgh the party will be taken to the Robert Burns country, and a trip into the Highlands will be made from Glasgow.

Wise Investors are Heading East at the Dawn of a New Day in Greater Orange

NOW, that the all-important ORLANDO-EAST COAST HIGHWAY is completed as far as BITHLO, THOUSANDS of home seekers and investors who anticipated the event—and purchased property in the community—may be expected to launch one of the biggest development booms ever initiated in the county. The lands in East Orange have been tried. They show remarkable fertility. Many of these who look upon this locality as containing some of the most suitable soil on the "ridge" for citrus culture and truck farming, are on the ground already, prepared for the approaching new days.

BITHLO is the Midway Station—the only railroad station touched by the great Orlando-Ocean Boulevard between Orlando and the East Coast. Bithlo is suburban to no other city. It is distinct. Consequently, by all the laws and lessons of economy, it must grow and keep on growing. BITHLO, by reason of its geographical position—situated in the heart of East Orange—must serve that vast area of fertile trucking, farming and citrus lands NOW thrown open to investors and developers who knew, and who have been waiting only the advent of the new highways now penetrating the locality to let them into the fortunes securely vested there. When the East Coast Highway is completed on over the St. Johns River to the Atlantic, about July, Bithlo will mark the traffic lines from either end. Aside from the bright future assured for the town through agriculture developments, it holds a master key of comfort and attraction for the tourist—being likewise in the heart of almost virgin hunting and fishing grounds. It is only a few miles from the St. Johns River, the tributaries of which in that community abound with fish and game. A new era of the development is on in Bithlo, and TODAY is the time to investigate the commanding possibilities evident on every hand. For a short time only, we will continue to sell lots in Bithlo at prices which prevailed before the Ocean Highway opened the town. The Main Street in Bithlo is 117 ft. wide—Others as wide as 100 ft. Lots 50 foot frontage, with suitable depths. Prices \$50 to \$2000 a lot—Reasonable Terms. Lands adjoining Bithlo—\$50 to \$125 per acre. COME IN AND SEE US TODAY.

Hunt's Washington Letter

BY HARRY B. HUNT
NEA Service Staff Writer.

WASHINGTON, D. C.—The window dresser had done a good job, and the one perfect peach of a hat in the center stood out like a diamond in a platinum setting. It was but natural, then, that the man who was passing hesitated, wavered a moment and then went inside. She hadn't intended buying but when a woman sees a hat she likes there's only one answer. The clerk's only one answer, that the hat from the window. It was tried on. Then half a dozen others were returned, but always the customer returned to the first.

"I'll take this one," she said finally, holding out the perfect peach that had first caught her eye. "Do you accept, charge accounts?" "Not unless we know the purchaser," said the saleswoman. The customer hesitated a second, a bit non-plused. "Then perhaps you'll lend it to C. O. D.," she suggested. "Certainly. What is the name and address?" "Mrs. Calvin Coolidge, the White House," was the answer.

Which proves that, when it comes to hats, the First Lady is just as susceptible to the lure of millinery as the lowliest of her sisters, whether she has the cash, or not. WASHINGTON has received a journalistic jolt. It's still a bit dizzy from the blow, but is settling up in a daze waiting for the "news" to start.

All of which is the result of the announcement that George Harvey of Peacham, Vt., picker of presidents and ex-ambassador to the Court of St. James's, will take charge on June 1, as "Editorial Director" of the Washington Post. The Post is owned by E. B. McLean, whose private wires and telegrams were the subject of considerable interest during one stage of the Fall-Sinclair oil lease in-

igation. It was McLean who was first named by Fall as the source of the \$100,000 which Dolney attorney testified he had supplied the former secretary.

THE question that is puzzling official Washington, and which politicians would give a lot to know, is: "What will Harvey do with McLean's newspaper?" The attitude of both McLean and Harvey toward the Coolidge candidacy is a topic for endless speculation. McLean was one of the closest friends of President Harding, but it has been intimated there is little love lost on either side between Coolidge and McLean.

Harding made Harvey ambassador to Great Britain, but Harvey resigned the post shortly after Coolidge entered the White House. ALL of which may or may not be significant. Harvey, as a Democrat, played an active part in putting over Grover Cleveland and Woodrow Wilson for president. Switching to the Republican side, he helped roll up a 7,000,000 majority for Harding in 1920.

The McLean papers originally were Democratic. Later they were "independent." During the Harding campaign they took their place as active supporters of the Republican program. "What'll they do in 1924?" is the present question. The answer, however, is awaited with curiosity rather than trepidation by both sides.

THE probable answer is that George Harvey of Peacham, Vt., will support Calvin Coolidge of Plymouth, Vt. Green Mountain boys must stick together. But from his past record, first with the Springfield Republican and Chicago Daily News, later with the New York World and still later as editor of Harpers Weekly, and the North American Review and Harvey's Weekly, the only thing certain is that his position is uncertain.

Put Your Dollars Where They Will Grow and Bring Back More Dollars With Them

The Opportunity is Now Before You at BITHLO In the Heart of East Orange

"The City with a Vision"

Study the big men of your own home town, wherever it may be. Undoubtedly you will find, on the whole, that seven out of ten of them made their money in real estate—not buying however after others had forced prices to high levels, but by taking hold ahead of great development projects, such as are being initiated in Eastern Orange County by reason of the new systems of hard-surfaced highways gashed into that virgin community.

THE DOUBTING THOMASES—NO MORE

The day of doubt for its future has passed in Orange County. Its fertile soils, its superb climate, its relative and accessible position to the markets of the world, from a transportation standpoint—all of these have established lasting values wherever hard-surfaced highways have been built.

BITHLO is destined to be the metropolis of East Orange, the last extensive portion of the county to be opened up by standard roads. Come in and let us tell you of the many other advantages the homesaker and investor will have in Bithlo—IF he goes before the developments that naturally must follow have materialized.

YOU ARE INVITED—if interested—to join us on a round trip to the town, without expense to yourself. Our lots and lands are now selling at prices where the smallest wage-earner or investor is enabled to buy.

Office of R. C. HUNTER & BRO. Architects. — AN ECONOMICAL BUNGALOW — (House A-95)

Here is a plan showing an economical arrangement of five rooms and bath, all of good size, convenient and comfortable to live in.

A good plan arrangement is the first step in the right direction, in any building and especially under the present cost of construction. Each cubic-foot of contained space costs so much money, whether it be in waste corners, halls, etc., or in the rooms where the greatest good is realized.

The large bay window in the dining room, with its long window seat, affords a mighty cozy feature, particularly so when the bay has an eastern exposure admitting the morning sun. There is no doubt that an eastern exposure is preferable to any other as this room should be cheerful and bright for the morning meal.

A kitchen as found here, would be welcomed by any housewife. Plenty of cupboard and closet space, a sink with double drainboards, good windows, affording plenty of light and air and the ice box out of the kitchen yet located conveniently near by, all these things so much in demand are embodied in this plan.

The bath room is located between the two bed rooms, each having access to same.

There is a stairway leading to the attic space where two additional rooms could be finished off if desired.

The exterior walls are clapboards painted white and the roof is stained shingles in shade of green. The shutters may be either blue or orange.

This house will fit comfortably on a fifty foot lot allowing good space for a driveway on one side and ample space between houses on the other side.

The laundry and heating apparatus are located in the cellar, there being a cellar under the entire house.

Cost about \$9700.

Complete working plans and specifications of this house may be obtained for a nominal sum from the Building Editor. Refer to House A-95.

Upsala And Grapeville

Mr. and Mrs. Rivers of Sanford, who recently bought the orange grove of Mr. and Mrs. Alfred Ericson, are now building them a house on the place.

Mr. and Mrs. Lucas are now staying with Mr. and Mrs. Loyd. Mrs. Lucas has been ill with malaria for a few weeks.

Little Charles Williams has had the measles, but is up now.

Mrs. Andrew Bertelson and children left Sunday for a two weeks' visit with her parents, Mr. and Mrs. Reid at Palatka.

Mrs. DeForest is having a new cottage built on her place for her help.

Mr. Hood has had a tenant house built on his place by Mr. Hirsch, who has also put up a new chicken coop for Mrs. Nils Swanson, this spring.

Mr. and Mrs. Fry and Mrs. Bongston were here from Windermere on Sunday at the home of Mr. and Mrs. Tyner.

Mrs. Borell spent Thursday of last week at Grapeville calling at a number of homes. Mr. Borell, Woodard Bertelson, Elmer Lundquist, Sr. and August Swanson took in the Lake Mary barbecue and political meeting, Saturday.

There will be preaching by Brother Clark next Sunday. Sunday school will be held at 2:30, and the preaching service at 3:30. Children are all busy preparing for Children's Day on June 8.

Edgar Sjoblom of Daytona came over Thursday for his parents who are here from Knoxville, Tenn. They have been in South Florida and called twice at the home of her brother, Henry Lundquist.

A good many are having the summer grip and among them are Mrs. J. E. Lundquist and son, Hilmer, and Emil Magnuson. Mrs. Alice Lundquist was ill all last week with the flu. Mrs. Swanson and Mrs. Hansen were with her much of the time.

Yelle Williams is expecting his father soon. He is now visiting relatives in Georgia, having lately returned from John Hopkins Hospital, in Baltimore.

Mrs. Elsie Hansen, who spent the winter in Daytona, is home again with her sister, Mrs. Alma Neese, and their father, Mr. Maho. The latter has not been very well of late.

Aviator Johnson and wife have gone over to the East Coast where he will have charge of an agency for a disinfectant company.

Mrs. Mable Krell and three children, after a short visit with home folks, left to join her husband at Bradenton.

And now will come predictions from candidates as to their fortunes they will have Tuesday.

William Randolph Hearst now owns two or more newspapers in each of ten states.

It begins to look to the Plant City Courier as if McAdoo would get enough delegates to put him across.

Good music, uplifting sermons and fine people can be found in the churches of Sanford tomorrow.

Sanford, Ore., is being rebuilt along lines of rat-proof construction.

Sanford will have to go some to keep up with some of the largest cities which are constructing big hotels.

The Sanford Herald will furnish complete and detailed election returns Tuesday night.

The newspaperman accepted on the spot and immediately made good as a purveyor of desirable publicity.

Florida's Most Important Candidate.

William Jennings Bryan! For the first time in the history of this state, Florida has a chance to have the most important delegate at the National Democratic Convention.

For the first time in the history of this state, Florida's voice will have an opportunity to direct the policies of the great Democratic Party.

Florida must not miss this chance. Florida is already attracting the anxious attention of the entire country.

The Herald has just used the expression "anxious attention" to describe the attitude of the rest of the country toward Florida's probable treatment of The Commoner's candidacy.

Of this second group, Florida has many active members. The special-interest newspapers in Florida, speaking for their Masters, are doing all in their power to prevent Bryan's election.

Money working for good, Money fighting for the happiness and the rights of the "little fellow"—if those newspapers represented that side of the Almighty Dollar, they would be asking for Bryan's election.

But it is the Dirty Dollar that is back of opposition to Bryan—the Dirty Dollar of Wall Street gamblers, the Dirty Dollar of selfish business, the Dirty Dollar of the whiskey interests and their "personal liberty" kindred.

The Herald believes that Seminole county will give a strong support to William Jennings Bryan.

Vote your second choice. That means, use all the power your franchise gives you.

Some voters, not understanding the workings of the first and second choice plan, think they are helping their candidate by the "single shot" process.

Take, for instance, the vote in the governor's race. Suppose your first choice is for Jennings, you cannot help Mr. Jennings by failing to make a second choice.

Putting it another way, the two men receiving the highest number of first choice votes may be regarded as if they were the two highest men of a first primary.

Considering the number of years this first and second choice voting plan has been in use, it would seem that repeated explanations of its workings would be necessary.

A MAN WHO deserves your consideration when you vote for the Democratic delegates-at-large is Gilchrist B. Stockton.

JUST IN-PASSING

An article in state papers about the road from Orange City to the St. Johns river is interesting. It stated that this road might be changed and a new bridge built making a shorter cut from Sanford to DeLand.

I am glad to see that the City Commissioners and the City Planning Board are agreed that the taxes on homes should not be raised and that all encouragement possible be given to the folks who are building new homes and apartments.

The Sanford Herald is talking about a curb market for Sanford. We had a good curb market in Sanford many years ago.

Tonight the candidates will speak for the last time in public for this campaign. I would hate to think that it is the last time they will ever speak for it has been a good campaign, it has so far been a clean campaign and it has been an education both for the voters and for the candidates.

We have been sizzling for the past few days and unprecedented hot weather has been with us although the nights as usual have been cool and breezes stirring if you are located where you can get them at night or in the day time.

Summer time is here and instead of thinking of vacations in Sanford we should be thinking of ways and means of keeping up our speed and making all kinds of improvements in the city and county.

The congressional investigations are bearing much fruit. Yesterday they found out something that everybody knew.

The Tampa Times in an editorial says "all men are equal in the Federal penitentiary." Quite so, quite so, but who wants to go to the pen just to be equal with people and many of them not even on speaking terms with us.

This column of stuff and nonsense is in serious vein this week because in traveling over the various sections of Florida I see so much that makes me think Sanford is still asleep on the job in so many ways.

Florida should send Bryan to the convention. If she does she will reflect more honor on the state than the state will give him.

A meeting of unusual interest was that of the Book Lovers' Club in the home of Mrs. Harry Ward on East Seventh Street, with Mrs. Ward as hostess. Mrs. Symes invited the members to meet at her beautiful home on the lake at Winter Park and plans were made for a regular picnic to take place at their next meeting. A lovely spread was served at six o'clock consisting of a salad course, complete, followed by cream and cake. Mrs. Ward's guests included Mrs. D. A. NEW RECORDS MADE IN AUTO RACES FRIDAY

Joe Boyer, Detroit, and L. L. Corum, Indianapolis, Being Winning Car. Average Finishing Line—Average 98.24.

INDIANAPOLIS, Ind., May 31.—The annual 500-mile race at the Indianapolis motor speedway Friday produced record-breaking time for the great gasoline classic and brought honors to two race drivers—Joe Boyer of Detroit and L. L. Corum of Indianapolis. To Boyer goes the credit for bringing the winning car across the finishing line, while to Corum, who was in the driver's seat of the victorious car, as it flashed away at the start will go the rich cash prizes of approximately \$30,000.

Boyer, who retired when his own car developed trouble, piloted the winning car over the last 233 miles but W. D. Edenburn, representative of the contest board of the American Automobile Association declared that under the rules Corum would be credited with victory, and therefore is entitled to the prize money. Boyer and Corum were team-mates, driving Indianapolis made cars.

Setting a terrific pace in the winning machine, Boyer moved up from fourth place and after a speed duel took the lead from Earl Cooper at 445 miles and held it until the finish. Cooper finished second, 1:24 behind the winner, and Jimmy Murphy, winner in 1922, came into third position nearly three minutes later.

The average of 98.24 miles an hour maintained Friday cracked the race record of 94.48 miles an hour when he won in 1922. The elapsed time for the entire route was five hours, five minutes, 23 and 51-100 seconds, this breaking Murphy's record of 5:17:30.79.

The first five finishing Friday afternoon all eclipsed the track record, thus showing the hot pace maintained. Automotive engineers declared it a "victory for the 122 cubic inch piston displacement type of racing motors in their second year of competition."

The police quickly quelled the disturbance and the game was resumed, the umpire suffering no injuries.

Gibbons Is Choice Of Fans In Battle With Carpenter

MICHIGAN CITY, May 31.—This thriving little city set among the dunes of Indiana was packed Friday night with boxing fans here to see the 10-round international contest Saturday between Georges Carpentier, gallant soldier of France, and Tom Gibbons of St. Paul, challenger for the world's heavyweight championship.

Friday night the betting odds were even money that Gibbons wins the popular decision, provided the contest goes the limit. The same price prevails on the chances of either Gibbons or Carpenter to win with a knockout. With cool and clear weather prevailing, a breeze from the north lashing the waters of Lake Michigan, and the weather bureau predicting "clear and cool" Saturday, there is every prospect that the match will draw a record gate of \$250,000 to \$300,000 for a contest in which no title is involved.

Celery Feds Lose Another Game To Titusville Team

The Sanford Celery Feds journeyed to Titusville Thursday afternoon and lost their second game in that city by a 15 to 4 score. The game, as reported by Manager Whidden, was as follows:

"The Sanford Celery Feds lost to Titusville in a fast game there Thursday, 15 to 4. The game was interesting and furnished lots of thrills for the fans. The game was not decided until the eighth inning when Sanford's defense weakened and a fusillade of bases on balls and errors proved her finish. When the smoke cleared away Titusville had scored six runs.

"The hitting of Rive, Sanford's catcher, was the outstanding feature of the game." Manager Whidden further announced that the Celery Feds will play a New Smyrna team in New Smyrna on Thursday, June 6.

A Fretful Child is a Sick Child
—W. L. Hand
It isn't natural for a child to fret—nine times out of ten the mental disturbance is due to the ill effects of fermentation of partly digested food. Of course, a laxative is needed, but the ordinary children's laxative fails in many a case to bring quick relief because it has little or no action on the liver.

Liv-o-lax is a thorough cleanser—it clears out the liver as well as the bowels and so brings the stomach and helps nature bring digestion back to normal. The action of Liv-o-lax really is remarkable. It can be used in place of calomel and castor oil, yet it is pleasant-tasting, vegetable, and it is ready-made. It does its work without causing any kind of distress. Children love to take it and it is just as good for adults. All the drug stores have Liv-o-lax.
