Allies Find Arms Cache

SAIGON (UPI) — American and allied forces sweeping a Viet Cong area 40 miles north of Saigon killed 20 Communist guerrillas and uncovered the largest cache of enemy arms and ammunition to date, a military spokesman said today.

Polish Man Guilty Of Manslaughter

TAMPA (UPI) — A former Tampa police detective was sentenced to 10 years imprisonment after he was found guilty of manslaughter in the beating death of his wife, a court official said today. The man, Fred O. Bender, 43, has 15 days to file for a new trial and 90 days to appeal the conviction. Bender's wife, Frances Louise, was found badly beaten in a hotel last June 3 and died two days later on June 13.

NEW ORLEANS (UPI) — Tropical storm Debbie, steadily growing in intensity, today sent gale winds lashing the coast and the Weather Bureau ordered a hurricane watch from Louisiana to Florida.

The Weather Bureau urged coastal residents to flee in the face of approaching high tides.

The storm that suddenly built from a tropical depression in the Gulf of Mexico was moving at 10 miles an hour up "hurricane alley," packing winds up to 50 miles per hour.

Winds were extending 200 miles from the center of the storm, which was now a Category 1 hurricane.

Injuries Hit Georgia, Bird Rejoins Kentucky

ATLANTA (UPI) — Jack Thornton was an end before they made him a defensive tackle at Auburn as it is only second honors for him to reach for a pass now and then.

Spurrer Sets Passing Marks in State Loss

GAINESVILLE — Overwhelmed by the final score, the most important statistic from Saturday's Florida-Mississippi State football game, was a record set by Spurrer.

Spurrer set a school one-game record for total offense, passing for 223 yards and 13 touchdowns in the fourth quarter when he made an interception of the Tennessee 35 and the Tigers took advantage of this play of ill-omen to take a 28-0 lead.

Spurrer responded in championship fashion — gaining 138 yards running and scoring two touchdowns, one on a 70-yard run and the other on a pass reception.

That touchdown run was a real surprise. Kentucky, trailing 8-7, had a fourth-down situation at its own 30 when he took back apparently to punt. Instead, he took off for the Ole Miss goal, catching the Rebel defenders by surprise, and went for the distance.

Other backs nominated this week were Alabama's Steve Blass, Mississippi State's Albin Cook, Tennessee sophomore Charlie Fulton and Kentucky's Dick Kester.

Other nominees cited were Ole Miss' Dickie Jordan and Kentucky's Dick Kester.

Seniors gained 120 yards and three touchdowns in Alabama's 27-0 win over Georgia.

Dooley said junior defensive guard Jimmy Conley has a heavy load on the line against Vanderbilt.

Georgia worked out in shorts Monday.

In other Southeastern Conference practice sessions, there was good news at Kentucky where quarterback Roger Bird, out of action for the past two Saturdays, returned to the regular. Coach Charlie Bradshaw said the Corbin speedster should be ready to go against Auburn this Saturday. The Wildcats, coached by the legendary Coach R. H. Work, practiced Saturday at the University of Florida.

Purdue Noses Out Texas And Nebraska For No. 1 Ranking

sports sittings

By Sam Stanley

It wasn't a good weekend. At least as far as Florida football fans are concerned.

The Gators fell before Mississippi State and the Seminoles of FSU did the same against Texas Christian. Although both Mississippi State and TCU were considered strong ball clubs, the real tests for the state schools were supposed to come next week when power-packed LSU and Baylor visited the Gainesville and Tallahassee campuses respectively.

But the exams came early and both Florida and FSU flunked, even though both were knocking on Mr. Touchdown's door in the waning moments. But the door never opened.

It was a triple loss for Florida, ranked No. 8 in the nation last week, and a double loss for a flight contender for the Southeastern Conference crown.

A victory over Texas Saturday is a must if the Gators are to win the SEC. You just don't win that conference with two losses.

It's my own opinion that if the Gators are going to go anywhere this year, Coach Ray Graves is going to have to change his offensive philosophy.

When you're relying on your offense rather than your defense to win games, there will be more games like this," Graves was quoted as saying. "Maybe next time I'll win one the way."

Which way, Coach Graves? By punting on third down with three yards to go?

The drive did against the Bulldogs Saturday. There were just six minutes left and Florida was nursing a 13-12 lead. The Gators had just gained control of the ball on the 10 after a Mississippi State field goal.

Three plays later the Bulldogs scored and, as it ended up, that was the ball game.

Coch Graves has had a tremendous record at Florida, winning nearly two-thirds of the games before FSU's season. The six UF victories previous to Graves were not as successful and you have to go back to the 1923-24 season when Gen. Van Fleet's team won 12, lost three and tied four, to find a better coaching record at the Gainesville school.

So we're not trying to initiate a "Bury Graves" campaign. In a sense, we're just stating a fact. It's not fair to say that Graves had gotten off a good kick, it still would have been a questionable play.

Put yourself in Mississippi State's shoes at this stage. Trailing by one point would you rather be on defense, try to contain a potent offensive team or your 287? Or would you rather have possession of the ball on your own 30?

LSU Is 6th, Kentucky 8th And Irish 9th

NEW YORK (UPI) — Purdue, a perennial also-ran in the tough Big Ten Conference, made its initial appearance in the United Press International's top-ranked college football teams today by going all the way to the top of the strength of its 23-21 upset of Notre Dame.

The Bulldogs, who have won only one Big Ten title outright in history and last shared conference honors in 1952, drew 15 first place votes from the UPI Board of Coaches for a total of 290 points.

Texas and Nebraska, favorites in the Southwest and Big Eight Conference, respectively, received considerable support to Oregon, Purdue's position. The Longhorns received nine first-place votes, 51 points for second while the Cornhuskers drew eight votes for the top spot and 279 points for third.

Notre Dame dropped Notre Dame to ninth place in the ratings with 50 points. The Irish team will win one the way."

Which way, Coach Graves? By punting on third down with three yards to go?

The drive did against the Bulldogs Saturday. There were just six minutes left and Florida was nursing a 13-12 lead. The Gators had just gained control of the ball on the 10 after a Mississippi State field goal.

Put yourself in Mississippi State's shoes at this stage. Trailing by one point would you rather be on defense, try to contain a potent offensive team or your 287? Or would you rather have possession of the ball on your own 30?

Graves explained his choice this way. "What we were trying to do was keep Mississippi State out of field goal range. We were leading by only a point with less than 10 minutes to play. You don't get as much of a rush on third down as you do on fourth, and I think most coaches will agree that field position called for a kick in that situation."

Maybe he's right, but if he looks a little lighter in the standings he'll see a couple of things. One is that he'll see a Kentucky ball club that ran from a fourth and 41 situation with a two-point lead.

We know that central Florida is a tradition in the SEC, but almost every successful conservative team relied on its defense.

So, as Coach Graves says, if Florida is relying on their offense, why doesn't he let them use it?

Cincinnati Now Four Games Out

Davis, Haller Keep LA, SF Tied

By Leonard A. Grasso
UPI Sports Writer

It's easy to tell the National League pennant is at stake: the Dodgers all of a sudden display power and the Giants get five runs batted in from a 2-0 lead.

With six games to go in the regular season Los Angeles and San Francisco are tied for the lead. From this point on each team that wins will have a hero of the day.

Today they are Tom Haller of the Giants and Willie Davis of the Dodgers. Haller, whose meek 234 batting average belies his toughness in the clutch, had five RBIs Monday on two home runs and a sacrifice fly to pace San Francisco to an 8-4 victory over St. Louis. Davis also smashed two home runs to lead the Dodgers past the Cincinnati Reds 6-1.

The loss dropped the Reds four games off the pace. They are still in contention mathematically, though, because they play two more games against Los Angeles and then move to San Francisco for the final three games of the regular season.

In other National League action the Cubs beat the Phillies 1-0 and the Astros outlasted the Braves 4-3 in 10 innings. In the only American League game the Baltimore Orioles defeated the Kansas City Athletics 4-1.

Haller connected in the second inning with two men on base off Tracy Haller and hit his 15th homer of the season with no one on in the seventh off Earl Francis. His other run batted in was on a fielder's choice in the third inning.

Warren Spahn started for the Giants and went four and one-third innings, giving up five hits and two runs. He struck out two batters to take over third place among all-time strikeout artists. He now has 2,882 to rank behind Walter Johnson's 2,897 and Cy Young's 2,856.

Willie McCovey drove in two Giants runs with a double in the fourth inning. Frank Linsky 9-3 was the winner and up two Dodger runs. The Stallard 11-3 was charged with the defeat.

The Dodgers also got stellar performances from Maury Wills and Johnny Podres. Wills stole two bases to set up two Dodger runs. The Stallard 11-3 was charged with the defeat.

Miss Patricia Sue Taylor Engaged To C.E. Schrum, Jr.

Mr. and Mrs. Cecil A. Tuck, of Miss Patricia Sue Taylor, and Mrs. Charles E. Schrum, Jr., son of Mrs. and Mrs. Charles E. Schrum, are announcing her engagement to Charles Edwin Schrum Jr., son of Mrs. and Mrs. Charles E. Schrum, also of Sanford.

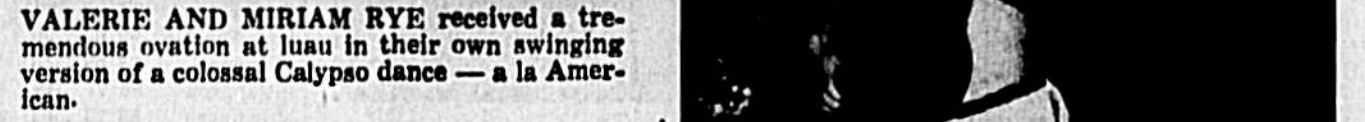

The bride-elect was born in Orlando, attended schools in Longwood and was graduated from Seminole High School with the 1953 class, where she was a member of the Diversified Co-operative Training Club during her senior year. She is presently employed at General Battery and Ceramic Corp., Sanford.

Her fiancé was born in Gastonia, N. C., and is a 1953 graduate of Seminole High School. He attended Orlando Junior College and is presently affiliated with Randall Electric Company.

The marriage will be solemnized on Saturday, Nov. 30, at 4 p.m. at the First Baptist Church of Sanford.

Garden Club Luau Attracts Over 300

FABULOUS FOODS, colorful costumes, exotic entertainment and a profusion of tropical plants and blossoms created a romantic Oriental atmosphere at the Sanford Garden Club Center Saturday night at a lavish luau the club sponsored which attracted more than 300 persons from the area. Genial John Spolnik served as the capable M.C. with Bill Heimer providing a medley of musical numbers on his ukulele. Miriam and Valerie Rye, Debbie Dalton and Jeri Wheatland entertained the guests with a variety of versatile and interpretive dance routines.

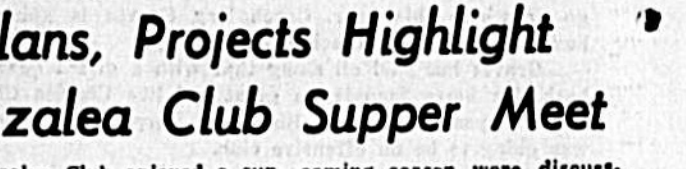

VALERIE AND MIRIAM RYE received a tremendous ovation at luau in their own swinging version of a colossal Calypso dance - a la American.

Plans, Projects Highlight Azalea Club Supper Meet

Azalea Club enjoyed a supper meeting last Thursday evening at the Henry Russell home, Marina Isle.

The supper table on the spacious sun porch was brightly lit with candles. Mrs. Thomas Russell assisted the hostess in serving the delicious supper. Guests lingered at the table enjoying the view of the garden and the sea.

The meeting was called to order in the adjoining living room by Mrs. J. M. Moya, club president. Flower arrangements made by members were placed at vantage points about the room. Programs and projects for the coming season were discussed. Members were asked to paint more cans for the children at the Little Red School House.

NAVY MUSIC LOVERS are going for the 1955-56 Concert Series in a big way and the Naval Officers' Wives Club is doing their part to help others enjoy the shows as well as themselves.

The board has donated \$100 to the concert treasury to be used to buy tickets for students which will be rotated among various students during the concert series. This is a fine and generous gesture on the part of the Naval Officers' wives and adds more to the spirit of goodwill enjoyed by Navy and civilian members of the community.

"The club feels that as an integral part of the community and the county, making these tickets available will offer a rare opportunity to any deserving youngsters," said Mrs. Lita Pohllman, president of the club.

Plans were made for the November supper meeting at the guest house of the Dempsey Carnes Lemon Bluff. Program for this meeting will be a work shop expected to produce a block of 25 tickets to be distributed among students.

Said Dr. Parker, "Our thanks go to all of you from the association. As many of you know, the club has a long history of community projects. We like to believe that your motivation and interest in this project will have stimulated you in the past endeavors - those that have provided a better spiritual and cultural atmosphere for our families."

"We'd like your opinion, ideas and support on future projects and other entertainment that will be planned," said President Laurel Chockley.

"Getting to know you is the first and most rewarding step in accomplishing our goal," she added.

LITA POHLLMAN, club president, presided over the meeting.

INTO THE VAULT goes \$100 donated by the Naval Officers' Wives Club to help foster an interest in fine music and arts. At left is Mrs. Lorraine Williams, club president. Mrs. Irene Brown, Concert treasurer, prepares to deposit the money at Dr. Vann Parker, president's locker.

Phi Mu Entertains Rushees

A bevy of beautiful girls, attired in formal ball gowns, led by Jeanne Mazur, president of Phi Mu Sorority of Stetson University, gave a cheery welcome to the chapter rushees at an elegant "rush party" Sept. 24 at the Count DeBarry Mansion in DeBarry.

The lovely rushees, all ex-collegiate graduates, arrived in a motorcade from DeLand and were escorted from their cars on the spacious grounds, lighted with torches to the soft glowing candlelight interior of the historical old mansion, with the pomp and grandeur of a royal pageant.

Highlighting the gala entertainment was a clever skit complimented with soft background music coming from the main parlors.

Personality Is Reflected In Preference Of Colors

Your personality is reflected in the colors you choose for your kitchen and bathroom decor and accessories.

Like in any home, yours probably accent your kitchen and bath with paper products. Your choice of colors in paper products has a significance.

While the most popular color for paper products, linens and soap, connotes freshness, cleanliness and purity. It also has a traditional, interesting and charming quality.

Those who prefer white recognize it as a symbol of freshness and cleanliness. People who like white are bright and lively. Just as white is the unity of all colors, so people who prefer white lead exciting lives because they have a wide interest. They sometimes appear impetuous, but usually their actions are based on sound considerations and judgment.

Pink, usually considered a feminine color, actually is a gentle form of red. People who like pink appreciate love and affection; they themselves are charming and warm. Despite an active interest in the world around them, they tend toward moderation. Personally likeable, with a desire for a full life, they want to live every moment, but never to excess.

Yellow is a more active color than pink. Closely related to imagination and search for self-fulfillment, yellow is attractive to intellectuals and idealists. If you like yellow, you may like modern, challenging ideas and things. Your philosophy is sound because you think things through and develop genuine conviction and consistency. You may want to do things for the world and the people in it.

If you like aqua, you are a popular color for bathroom tissue, facial tissue and other paper products, is a very sophisticated color. An appreciation of this subtle shade of blue and green like aqua may be charming individuals with a highly developed sense of color.

Mr. Chandler Swanson, wife of the commanding officer of the station has her recipe for chocolate ice cream. No-Roach. This recipe is made the list. Mary Durant said how to make coffee house and Mrs. B. H. Brown said how to make coffee.

RVAH-5 has a recipe for chocolate fudge. Mrs. June Mayo, Donnie DeCabal and Mrs. E. W. Jones have their favorite recipes included, although these popular delectable recipes have been adapted to the tastes of the club.

But put them all together and that makes ten from Sanford, which shows what good cooks these gals are!

Dear Abby:

DEAR ABBY: My daughter, who has just entered the eighth grade in public school, has brought home an assignment which her teacher described as a "fun project." Each child must make a "family tree." Starting with the parents, grandparents and great-grandparents, they are supposed to go back as far as they can and give the name, place of birth, occupation, religion, and any interesting facts they can find out about each ancestor.

Now, I can't see where this information is any of the teacher's business, can you? And it has nothing whatever to do with the subject the teacher is supposed to be teaching. How would you handle this situation?

IRATE MOTHER

DEAR MOTHER: Shaking the family tree can be a fun project, but it's not the teacher's business to assign it. It's clearly an invasion of privacy, and I would tell the teacher just that.

DEAR ABBY: My husband and I visit my parents about three times a year. They live on a farm not too far from the city in which we live. I always take Mom and Dad a few gifts to compensate for staying the week-end with them. Last time we were there, Mom

The world's championship is always played with International Match Point or IMP scoring. In this system the net profit made by a team on each hand is awarded a certain number of IMPs starting with one IMP for a 20 to 40-point win and working up to a maximum of 14 IMPs for a 100 to 120-point win.

Italy won the world's championship again this year with the United States team a close second. Italy broke in front when the United States North opened with a club bid and South jumped to three hearts as a pre-emptive measure.

Some of the common IMP differences are six IMPs for a 20 and 200-point gain; 10 IMPs for 450 to 490 and 13 IMPs for 500 to 540.

Italy won the same tricks the American player did and collected a point for three hearts plus the 30-point part score bonus. This was really a real point profit and an IMP gain.

3 Irish Gridders Held In Thefts

LAFAYETTE, Ind. (UPI) - Three University of Notre Dame football players were arrested today on charges in connection with the looting of a women's dormitory and a fraternity house on the Purdue University campus.

The three were arrested Saturday night while driving in a converted hearse which police said was used to transport the loot. Six other members of the Notre Dame student body were charged with liquor violations.

Police identified the players, all sophomores, as tackle James "Big Boy" Williams, halfback Jonathan Butts, and center Tom Swearingen, all Columbus, Ind.

Officers said Butts and Williams were linked in the previous year with a similar case but did not play because of injuries. Swearingen was in the pre-season roster only.

I lunched the other day at a restaurant which is famous for food and for its friendly atmosphere. I became very interested in the place and even though it is only a few blocks from where I live, I had never been there before.

My host introduced me to the famous "Felix" Gullotta, owner and genial host of the "Ladies" restaurant. This is a place where you can have a lunch when you come into New York by the bus - it's so convenient.

"Felix" Gullotta is, he told me, so glad to welcome the ladies. I asked how he came from Italy to a place like this. He said he had been in the restaurant business for many years and he had learned a lot from his father, who was a designer, but he designs women's hats and shoes which quite make up for it.

Handsome, gray-haired Mr. Gullotta and the young Gullotta are at the restaurant in the Vesuvio in a pleasant place where you feel at home. Deltona Sales Up 84 Per Cent In Three Months

Deltona has emerged as the biggest continuing residential construction program in the state of Florida — and one of the biggest in the nation. A dramatic upsurge in Deltona home sales over the past three months is the season. The Deltona Corporation, headed by Miami's Mackle brothers, tallied home sales at the Deltona community of 140 units in June, July and August — a gain of 84 per cent over the 81 units sold in the same three months of 1964.

Dollar volume of home sales during the three-month period, according to Neil E. Bahry, vice president for sales, was \$1,847,158, up more than 50 per cent from 1964's three-month volume of \$1,231,644. Bahry attributed the sharp gain to "constantly increasing public interest in Deltona and widespread awareness of excellent housing values — and even more important, the excellent living values which the community offers, particularly among retirement-age people."

Daylight Time For All State Urged By Solon

WASHINGTON (UPI)—Sen. George A. Smathers said if Florida went on daylight saving time next year tourism would be better, merchants would have more business hours, there would be fewer road accidents and all sports events would benefit. Smathers made his daylight saving time proposal in a letter to Gov. Haydon Burns. "Now that summer is over it occurs to me that the State of Florida might well use the ensuing months to consider the merits of state-wide day light saving time."

6 College Sites Studied

State Survey Team, Board Inspect Land
Six possible sites for the Seminole County junior college were under scrutiny today by four members of a state survey team. The four-man team arrived here early today and studied maps and locations at the school administration office before setting out on an on-site inspection. Two of the possible sites are located in Cassberry, near the South Seminole elementary and South Seminole Junior High School. A third site is a portion of the land originally proposed for the space university, near Lake Jennie, off the Lake Wales Expressway. A fourth is located in the Five Points section, near the Church of the Holy Trinity. The fifth is a portion of the land near the intersection of U.S. 1 and U.S. 90. Two Navy Pilots Killed In Crash Short Of Jax

JACKSONVILLE (UPI)—The Navy today was seeking a missing F-4 Phantom II fighter between two A-4A Skyhawk jet fighters Tuesday night that took the lives of two Navy pilots. The two men died during a flight from Memphis, Tenn., to Cecil Field Naval Air Station. The pilots were identified as Lt. (jg) Calvin C. Mahoke, 26, Manassas, Va., and Lt. (jg) Robert F. Silvestri, 25, Webster, Mass. Both men had wives living in Jacksonville. Navy spokesmen said one of the planes had experienced communications difficulties prior to the crash and was being assisted in its approach by the other craft. Local weather conditions were an instrument landing system, the spokesman said.
