The tragic death of two Dole strants-Lieuts. George Covell nd Richard Waggener-whose reak monoplane crashed into a off side at Point Lonn, near Sanhego, was the first casualities of perilous flight. Only a mirae, however, can thwart further stalities, it was believed, as the hances of all 12 planes crossing accessfully the vast expanse of cean and landing safely on the iny mid-Pacific isles are extre-acly hazardous.

Maj. Livingston Irving, the first lyer to enter the Dole flight and he first airman to have his airsne on the starting lie, was toby the first pilot to be passed oficially by government inspectors. Searching tests of all navigating and radio equipment and of the y Department of Commerce Ex and anyigators are required to qualify in individual tests.

Goebel, one of the two Oklahoma flyers, today made it appear likely that Irving will be the only man o fly alone in the long trans- Pacilic hop. Goebel picked Lieut. Wiliam Davis stationed at the San Diego mayal base, to be his flight ompanion. Davis has asked Washington for leave of absence.

Foster As Receiver For Seminole Bank

At an adjourned session Wednesday afternoon the City Commission passed a resolution asking the tate comptroller to appoint Alfred Foster of Sanford as receiver of the defunct Seminole County Bank, Adoption of this measure was the main business consummated by the Commission.

The resolution was prepared by City Attorney George A. DeCottes and it expressed many Sanford of whom are not naturalized citibusiness men's confidence in Mr. zens of this country. He said that Foster's ability to handle the af-Tairs of the bank, and urged that trial. the comptroller give preference of the opinion that the pair are to him because he is a Sanford guilty and not entittled to another

The Commission continued its study of recommendations of City Manager W. B. Williams for recent bank failing will not impede further slashes in city expenses, the progress of Sanford although It went into details with the city it may cause temporary halt. Mr. manager and took each department Evans asserted that Sanford is too separately in an effort to deal rich in natural advantages and posfairly with the situation. The Com. mission adjourned with its task unfinished and plans were made for another session today when the reduction program would be

ONLY HALF A CHANCE?

You might as well bind up one arm of Hercules and expect him to do a real job worthy of his strength, as to expect electricity to do a complete job when your house is inadequately wired.

If your house has as few outlets as shown in the above plan, you are not getting the full benefit of your electric servant.

A proper electric wiring system that provides adequately for light, heat and power, coupled with standard made appliances, will enable your electric servant to function
