

**Hollywood's Latest News And Viewpoints**

**HOLLYWOOD**—What is Hollywood going to do about the short hair craze? The film colony, always first with the latest, is in a quandary.

Perhaps because of the regimented wear of women in war work and the armed forces for the first time, the present period has brought total reversion from masculine style toward the ultra-feminine figure exemplified by the Jane Russell and the Lana Turners. Since the rescinding of wartime restrictions, fashions are showing a still more decided feminine trend with longer, fuller skirts, drapes, drop shoulders, tiny waists and padded hips. Just what, then, is the place of the short bob in this scene?

Studio hair stylists are almost of one mind, Hazel Rogers, RKO

hair stylist says emphatically: "In a practical way Hollywood actresses can't wear short bobs. The short bob does not admit of the variety in styling necessary for an actress's roles. Wigs are hot and uncomfortable and do not film well. We are making many period pictures now and we have to have hair to work with."

Another stylist, Helen Hunt, of Columbia, says: "All women look alike in a short bob; it isn't possible to tell the full beauty of a woman's hair unless it's long."

Sidney Guillardoff at Metro-hairdo for Lana Turner for a recent picture but already Lana is letting it grow because it isn't adaptable.

"It simply isn't practical for picture stars," says Guillardoff, "and as a matter of fact, it is becoming to very few women."

Ray Driscoll, International Pic-

tures clothes designer, declares: "Short hair does nothing for a woman's looks. Hair should make a lovely frame for the face and the short bob does nothing for it."

Most of the individual stars are against short hair. Academy Award winner Joan Crawford, who has set hair and clothes styles for years, says: "The most important influence in clothes today is the Victorian influence, and certainly a short bob doesn't fit into that picture."

Bette Davis and Ann Sheridan both protest that they will not wear a short bob, as that would require wearing wigs under the hot lights. When a photographer attempted to make a layout on short bobs at Warner Brothers recently, a model had to be hired because no Warner star has bobbed hair.

Jeanne Crain was asked recently to do a short-hair role and she refused to cut even one inch.

Maureen O'Hara's long red hair is the color camera's delight. She wouldn't dream of cutting it, she says.

Gene Tierney says she thinks long hair is more womanly and elegant. Recently she consented to a slightly shorter bob for a film role, which she wore fluffed out about her face. Linda Darnell says that hair worn long and down provides a greater display than either a short bob cut or an updo. Rita Hayworth's beautiful long hair is part of her stock in trade and she has no intention of cutting it. Loretta Young says that a woman can't feel beautiful in short hair.

There are three standouts in the film colony who have worn their hair short all through the upsweep and chignon rage. They are Claudette Colbert, Marsha Hunt and Laraine Day. The feather cut and bangs of Claudette and Laraine are particularly be-

coming to these girls. After all, the entertainment business is one in which individuality is at a premium and it's a wise girl who knows her type and sticks with it.

to careful scraping of dishes, pans and containers of fat. A rubber-tipped wash scraper of the type now selling again at kitchen supply counters is a great help in doing up your oil and fat. It is used to scrape out the fat from the dish water and other food. Fat that gets in or on the pan is scraped up and put in a tin.

Remnants of cooking fat in cans should be melted down and poured out for use before the can is thrown away, and the last drops of oil extracted from bottles. Pan drippings left from cooking meat should be scraped out, and the part that has "browned on" loosened by heating with a little water and then saved for gravy, soup, or sauces. Too often these flavorful drippings go into the dish pan rather than the gravy bowl.

Much fat is wasted by careless cooking. Once fat has been

scorched, overheated, or allowed to become rancid, it is good for nothing but soap-making. In frying, heat should always be carefully watched to prevent wasteful scorching. To keep fat from turning rancid or becoming moldy, keep it dry, cold, and covered in a dark place—in the refrigerator, if possible.

Careless measurements, hit-or-miss methods, and unreliable recipes all may contribute to fat waste. A carelessly made cake that turns out an unappetizing failure, for example, is a waste not only of fat but of precious flour and sugar.

Approximately 15,000 lost their lives in "home-made" falls last year.

**Hints To Housewives**

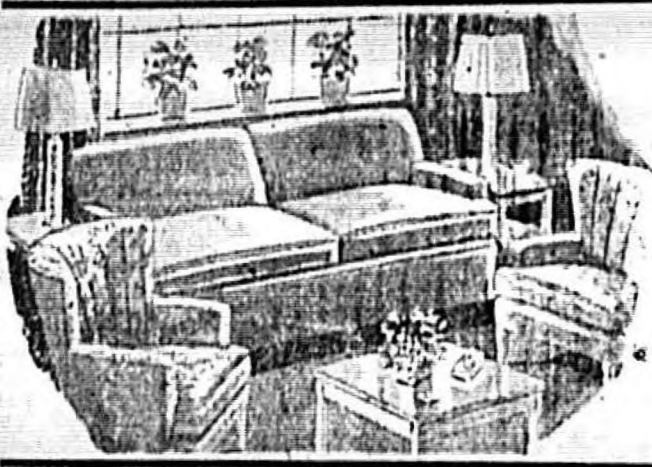

Little drops of oil, little scraps of fat, if saved in every kitchen, can make a mighty total. The housewife can make an important contribution to food conservation by preventing small wastes—the oil that runs over the side of the can or is left in the salad bowl; the cooking fat not scraped out carefully when the container is discarded, left in the frying pan, or spoiled by careless cooking or improper storage.

More attention should be given

BIBLE VERSE FOR TODAY

WISE PHYSICIANS OFTEN ADVISE GOING TO CHURCH AS A HEALING MEASURE...

Sanford seems to be getting off to a good start in the baseball league despite the disastrous opener.

We sometimes wonder what city workmen would do if farmers, now handicapped by shortages due to industrial strikes, went on strike.

Henry McLennan has renounced his ambitions to the Presidency. He simply does not choose to run.

The Republicans are divided over the proposed loan to Great Britain. Some of them want to give them the money and kiss it goodbye.

A visitor in The Herald office last week was Joe Williams of Tampa, candidate for the railroad commission in group 2.

According to the FBI, the United States is now in the midst of its worst crime wave in the past 15 years.

It was probably no mere coincidence that two top Navy men made what appeared to be sharply opposite speeches on the same day last week.

Another who apparently, like Claude Pepper of Florida, aspires to second place on the CIO Wallace Presidential ticket is Governor Ellis Arnall of Georgia.

Orlando, always businesslike even when humanitarian, proposes a \$750,000 addition to the Orange General Hospital.

The Democratic Primary

Although this is an "off election year" and the length of the ballot which voters must mark on May 7 is one of the shortest we have seen in a long time...

For the first time since Reconstruction Days carpetbaggers have made their appearance in Florida again and are seeking to control the results of this state's elections.

The CIO Political Action Committee, operating out of New York and composed largely of communists, has set up headquarters in this state and has announced that it proposes to spend a million dollars here in order to win the election.

Their interest probably centers chiefly in the senatorial race, although they are not unmindful of the importance of the House of Representatives, and even such state offices as the Supreme Court, the Railroad commission, and the State Legislature.

In the senatorial race they must choose among Polly Roe Balfie, Henry M. Burch, Lex Green and Spessard Holland. For representative from the Fifth District, the incumbent Joe Hendricks is opposed by Tom Voss.

For representative from the Sixth District, the incumbent Paul D. Barnes is opposed by Jerry W. Carter. For representative from the Seventh District, the incumbent James Henry Taylor is opposed by Paul D. Barnes.

Cooperation

The birds and animals seem to have worked out satisfactorily their ideas of appropriate offense and defense, but man is still experimenting.

General Eisenhower thinks we should adopt one plan and follow it "determinedly and with our full strength." By that procedure he thinks we might attain a goal of permanent peace.

Our present operations seem to be a combination of scientific experimentation and wishful thinking, trusting largely to luck to pull through somehow.

A disinterested bystander from another planet, however, might suggest that our best chance for now lies in cooperation.

State Holidays

When New Hampshire celebrates Fast Day on April 25, she is making her own contribution to the large list of special days observed by only one state or perhaps only a few.

Many states commemorate some occasion important in their history, like San Jacinto Day (April 21) in Texas, Patriots' Day (April 19) in Massachusetts and Maine, and Admission Day (February 14) in Arizona.

STATE NEWS BRIEFS

Tampa, rated 7th in the nation as being the safest in the nation from a traffic standpoint for cities of the 100,000-250,000 population, need not be too sure they deserve this credit.

Major General James Van Fleet, commander of the Fourth Infantry and later the Third Corps in Europe during World War II, returned to the University of Florida Friday where he once taught military science.

The Good News About Cancer

By W. V. Blittgen, Touchton Drug Co.

There are innumerable people today who by all the books are living on borrowed time. They are the true refugees from that most dreaded of all criminals—Cancer.

Memphis Men Are Ready To Defend Handball Crown

By WILL GRIMSLEY

MEMPHIS, Tenn., Apr. 19. (AP)—Handball conceder is a young man's game but there are a couple of fellows in Memphis who haven't yet been told.

They are Sam Acheson, 11-year-old paper executive, and Ed Dettwiler, 37-year-old brewery official, who will defend their National A.A.U. Handball doubles championship at San Francisco, May 6.

Acheson is essaying a comeback on the four-wall courts after winning 14 major national championships and encompassing a handball "grand slam" equivalent to Bobby Jones' feat in golf.

"I haven't played competitive singles in a long while because I'm getting a little too old," says Sam, a slight, dark-haired gentle-

man who looks most unathletic. "But Ed wanted to go to the National A.A.U. last year and so we did. We surprised even ourselves by coming through."

Nevertheless, Acheson figures the "old man" tandem has an excellent chance of repeating. Acheson, the only handballer to win every major championship, captured the National A.A.U. singles twice. He holds 11 National Y.M.C.A. crowns, doubles and singles.

Dettwiler played in his first national tournament last year and engaged only in doubles.

The Mason and Dixon Line was surveyed by two Englishmen—Charles Mason and Jeremiah Dixon—to settle discussions between Lord Baltimore and the Penn family, respective heads of Maryland and Pennsylvania.

The hemp leaf is used as an intoxicant in India, and is known as bang.

## Mrs. Williams and Mrs. Cooper Entertain

Mrs. R. F. Cooper and Mrs. Volie Williams entertained for friends and visitors with a lovely luncheon at the Mayfair Inn Thursday. Beautiful gladioluses decorated the luncheon table.

Those invited were: Mrs. Lloyd Coolege former resident of Sanford but who now resides in Atlanta, Ga. and her daughter, Miss Carolyn Coolege, Mrs. W. H. Chandler, Mrs. A. L. Matthews, Mrs. J. U. Hutchinson, Mrs. Robert Williams, Mrs. W. C. Fleming, Mrs. Nell of Deland, Mrs. Cooper and Mrs. Williams.

## Clarence Clause Is Honored On Birthday

Mrs. W. C. Clause honored her son, Clarence, on his thirteenth birthday with a party Friday evening at their home, 1108 Myrtle Avenue. Miss Augusta Clause assisted the hostess with serving cake and punch to the guests. Calendula, nasturtium, and anamyllis decorated the party rooms.

Those enjoying the occasion were: Caroline Patrick, Donna Jean Dunn, Penny Wallace, Sue Cullum, Marjorie Sheppard, Dial Boyle, Kat Holtzclaw, Donna Lou Harper, Margaret Hunt and Nora-bell Clause.

Also Robby Axt, Denny Stafford, Garnett White, David Hester, Tommy McCrone, I. L. Harris, Jr., Alan Hietzel, Walter Graham, John Fite, Kenneth Robbins and Billy Tison.

## Mrs. L. F. Garner Entertains Sister

Mrs. L. F. Garner entertained for her sister, Mrs. Harry Hansen of Hollywood, Fla. Saturday evening at her home on West Seventh Street. The Easter buffet was attractively carried out in decorations with a nest of colored eggs with large bunnies centering the dining room table.

Bridge and other card games were enjoyed with refreshments of sandwiches and Coca Cola being served by the hostess. Those enjoying the party were: Mrs. Hansen, Mr. and Mrs. Broughton Watkins, Mr. and Mrs. Roy Reel, Mr. and Mrs. Herman Echols, Mrs. Louise Reel, Mrs. Jack McCollum, Roy Echols, John Lingerfelt and Mr. and Mrs. L. F. Garner.

## Gay Fingertips and Lips Spring Vogue

By BETTY CLARKE, AP Newfeatures Beauty Editor

For some reason or other fingernails always look prettier in the spring. This may be due in part to the fact that they don't seem to be as brittle as they are in the winter. Then again a new spring outfit and a few sunny warm days can change a girl's perspective.

As Miss and Mrs. America have grown more aware of color harmony in the home and in clothes, they have become just as conscious of harmony in makeup. The smart girl today doesn't buy a lipstick and then shop around for a nail polish. She matches her polish and her lip rouge and usually she finds a powder that will blend with both of them.

Today it is common knowledge that orange in lipstick and nail polishes is meant for the russet tones of the powder, the fairer skinned

## Personals

Lieut. Herbert Moreland, Jr. of Jacksonville is visiting his parents, Mr. and Mrs. H. Moreland.

Mr. and Mrs. Earl Dossey and children spent the week-end with Mrs. J. D. Dossey in Sebring.

Jack Warren of Orlando was a guest of Mr. and Mrs. F. A. Dyson and Elizabeth Dyson over the Easter holidays.

Douglas McKnight and Billy Beck of Orlando spent Saturday as the guests of Jacqueline Crawford, daughter of Mrs. Virginia Jenkins Crawford.

## Jacqueline Crawford Has Birthday Party

Seven-year-old Jacqueline Crawford of this city who is the grand-daughter of John D. Jenkins and niece of Mr. and Mrs. Frank Brock was a birthday honoree Saturday afternoon when her mother, Mrs. Virginia Jenkins Crawford, entertained with a party at the Womans Club. The club room was decorated attractively with spring flowers and large Easter bunnies. In the center of the main room a table, overlaid with a lace cloth, held the birthday cake with an arrangement of seven tall pastel candles placed behind the cake and flanked by beautiful arrangements of pastel spring flowers.

The honoree wore a light blue net dress trimmed with pink velvet bows and also wore a pink velvet ribbon in her hair. Her tiny corsage was of sweet-heart roses. She and her mother received the guests at the door. Mrs. Berry St. John, Mrs. Earl Warren, Mrs. John Clark, Mrs. Justin Lynch and Miss Nancy Williams who wore corsages of spring flowers assisted in entertaining the children with musical games and Easter contests. The winners of the games were presented soap rabbits after which the honoree opened her many lovely gifts.

For the "refreshment" hour individual tables were arranged with Easter eggs, as centerpieces and the girls gathered around them to be served. Guests who celebrated birthdays the week of April 15 were requested to sit at the honoree's table. The refreshment plates bore favors of tiny wax Easter bunnies, candy eggs, party cakes with pastel icing and a lighted candle, and a blue cup of ice cream.

Those invited from Sanford were: Marianne Strickland, Patsy Ann Davis, Lynn Cantwell, Nollie Dunn, Catherine and Louise Clark, Jean Wheeler, Jean Lane Miller, Betty St. John, Freddie Ashdown, Maxine Adams, Jack and Miles, Frances Middleton, Joan Mines, Earl Benton, Henry Cason, John Droney, Dickie Kinlaw, Murray Nance Ann Thurston, Bill, Kirkland, Susan Shavers, Beaudette Schward, Edna Lee, Virginia Lee Tracy, Annie Carpenter, Dede Sharon, Mary Virginia Hall, Tommy Russell, Carolyn Hall, Sallie Miller, Laura Anderson, Glenn Jones, Tony McDaniel, Kenneth Moore, Eddy McKee, Denny Roubill, Billy Stinson, George Sauer and Wallace Van Ness.

Also Rudine Melroe, Gail Smith, Catherine King, Marianne Ludwig, Alice Lee, Bobbie Vinton, Robert Yates, John Bridges, Tyrone Harrell, Verita Spivey, Virgil Spivey, Betty Almon, Edna Cavan, Edward Lowan, Alma Brown, Betty Hollings, Sarah Dunn, Donna Drayton, Virginia, Eugene Goodson, Virginia Langgott, Harrison Smith, Betty Munson, Jack Bunney, Edwin Varn, Clark Tillis, Marilyn Calhoun, Randall Robinson, Jane Brown, Marjorie Johnson, J. T. Towner, Mollie Jo Morrison, Kenneth Wilkins, Larry Reel, Raymond Hardee and Ole Belle Yates.

## Hints To Housewives

Weekly from Home Demonstration Specialist, Tallahassee

Current supplies of oats available for food in this country are larger than they have been in several years. So eating a little more oatmeal and a little less bread is one way Americans can save wheat needed to assist starvation abroad.

A serving of oatmeal equal two slices of bread in food value, says the Bureau of Human Nutrition and Home Economics. If every man, woman, and school child will replace two slices of bread with a serving of oatmeal each week, this will mean 15,000 tons of wheat for the hungry in four months' time.

Oatmeal ranks even above whole wheat in some respects as a highly nourishing grain food. In making oats, only the fibrous hull and adhering portions are removed, leaving the entire kernel with its germ and other vitamin- and mineral-rich portions as human food.

Coarsely ground, the kernel is true oatmeal. The more familiar form called rolled oats is prepared by steaming and then flattening the kernel, between steel rolls. To produce "quick-cooking" rolled oats, the rolls are cut into flattened thinner than for the "regular" type of rolled oats. In everyday use, all these are often called oatmeal.

Oatmeal contains calcium and iron; the B vitamin thiamine; about 60 calories to a half-cup serving; for bodily energy and protein for body tissue building and repair. When a bowl of oatmeal is served with milk, or oatmeal is used in cookies containing egg, or when oatmeal is blended in a meat loaf, the proteins of the plant—and animal—foods—supplement one another as to essential body requires. Even a little protein from an animal source blended with the grain forms a highly nourishing combination.

Natural oat bran is used also in place of some of the wheat flour to make highly nutritious yeast bread, muffins, and biscuits.

Just a hint: After preparing rolled oats, wash with salt and lemon juice before applying any soap. Removes any lardlike coating.

A lunch box warmer—ground cooked liver, grated raw carrots, finely chopped bacon, mayonnaise.

## Miss Meriwether and Miss Smith Honored

TALLAHASSEE, April 22. — Scholastic Honors Day, when Florida State College for Women will honor 292 students who have distinguished themselves in scholarship, scheduled for next Wednesday at the college. The feature of the day will be a formal convocation at which Judge Florence E. Allen of Cleveland, Ohio, will deliver an address entitled A Bridge to the Future.

Students who qualify by having maintained at least a B average in establishing at least 45 semester hours of credit at the college have been invited to sit together as honor guests at the convocation. Also honored in this way are transfer students who have established at least 30 hours at the college with that average. The two groups total 262.

The program will begin with a formal academic procession at 2:30 Wednesday afternoon in Westcott auditorium. Invited to be platform guests, in addition to the executive council of the college and those who will participate on the program, are members of the Supreme Court of Florida, Governor Millard F. Caldwell and his cabinet, and the entire members of the FSCW faculty.

The 262 honor students include 105 seniors, 71 juniors and 86 sophomores. Miss Lois Ann Meriwether and Miss Shirley Clayton Smith of Sanford are among the honor students.

Nail and lip makeup that contain blue are better to wear with dark blues, blacks and pastels.

This season the girls are finding even gayer and more sparkling polishes than before to brighten up their spring outlook. One bright carmine one plucks its color from the bachelor carnation worn in gentlemen's lapels.

FOUR-YEAR-OLD Betty Lou Hall has a date with President Truman, Betty, whose father was killed in action in Europe, will travel from Eaton Rapids, Mich., to Washington to sell the first poppy to the Chief Executive to inaugurate the annual Buddy Poppy sale of the V. P. W. (International)

## Miss Hall Honored At Mayfair Inn

Miss Doris Hall, popular bride-elect whose marriage to Charles Evans Spencer will be an event of May 1, was honored Saturday at the Mayfair Inn at 1:00 p. m. with a luncheon in the main dining room given by Mrs. Frank Ray and Miss Cecelia Truluck. The table was attractively decorated with pink and red hibiscus and pink gladioluses.

Miss Hall wore a chateauise linen dress with white lace insert down the front and white accessories. Mrs. Ray wore a melon color slitting which featured a high neckline with rolled collar with brown and white accessories and Miss Truluck wore a white wool suit with chateauise blouse and navy blue and chateauise accessories.

The hostesses presented the honoree a duobonnet cut glass decanter and white glass set as a remembrance of the party. The guests included Miss Hall's intimate friends and members of her bridal party. After the luncheon the guests enjoyed the piano music of Mrs. Robley Bruce.

Here's one for the fall. Remove a slice from blossom end of tomatoes. Scoop out part of pulp. Fill with cooked peas and broil ten minutes, three inches from flame.

Old nail polish brushes make excellent paint brushes for children. They are light and easy for tiny fingers to handle.

# Feds Split With DeLand, Drop 9 To 2 Decision To Saints

## Goose Kettles Will Go On Hill Tonight Against Daytona Beach

### Bride Still Out After Injuring Ankle During Sanford-DeLand Tilt Last Friday Night; Lake Stops Red Hats With 10-4 Win

Manager Ed Levy-Whitner announced this afternoon that Goose Kettles will be assigned the huffing duties tonight when the Celery Feds meet the Daytona Beach Islanders at the Municipal Park. The Fed skipper also revealed that second baseman Dave Bride is still out after suffering an ankle injury last Friday night in DeLand during an attempted double play. Kettles won his first start of

the season last Wednesday night when he stopped the St. Augustine Saints in a 10 to 3 battle.

By JULIAN STENSTROM  
Manager Ed Levy-Whitner's Sanford Celery Feds split two affairs with the DeLand Red Hats over the weekend and dropped a 9 to 2 decision to the St. Augustine Saints in the ancient city Saturday night for a 333 percentage and a week hold on fourth position in the loop standings.

Last Friday night Huddy Lake had no trouble with the Red Hats during the DeLand tilt, and the Feds left the field with a 10 to 4 victory. Lake was touched for nine hits during the contest but they were well scattered, except when the Red Hats bunched four singles to push over two runs in the seventh.

The Feds took the lead with a single run in the third and then added two more in the fourth. Four hits in the sixth, combined with an error, two walks and a wild pitch, paved the way for four Fed runs to be recorded. Three more in the seventh stored the tilt away on ice.

However, Saturday night's tilt with the Saints found an erratic infield backing up the twirling of Carroll Blane. Most of the Saint hits were fluke infield blows. Jim Payne went to the hill for the first time this season and during one inning he was nicked for five hits.

Yesterday afternoon, the Red Hats came to town and rapped Jim Schantel for 13 blows while Bill Koval, lanky DeLand moundsman, limited the Feds to only five hits during the contest.

In no single inning did Koval permit the Feds to record more than one hit. Koval mastered Ed Levy-Whitner's segregation all the way and three costly errors, two by Bryant and one by Justice, aided the DeLand cause in critical spots.

Both clubs battled on even terms during the first three innings before slightly less than 650 patrons. The Red Hats counted twice in the fourth on a pair of solid singles and two fluke hits in the infield. They added another in the sixth when Fuchs

## Senators Down Packers 3 To 1 For Sixth Win

### Saints Drop Azaleas; G-Men, 1's Battle To 11 Inning Tilt

LEESBURG, Apr. 22. (Special)—Freddie Swindle of the Orlando Senators and Red Willingham of the Leesburg Packers tangled in a ten inning mound duel here yesterday afternoon and Swindle emerged the victor by a 3 to 1 count.

The victory was the sixth consecutive win for Ted Madjeski's Senators. Tonight the Senators' Myril Hoag's Palatka Azaleas, 000 000 100 2-3 8 4.

Leesburg 001 000 000 0-1 8 2.

Swindle and Hester; Willingham and Rodriguez.

ST. AUGUSTINE, April 22. (Special)—Although the Azaleas collected a total of 12 hits while Myril Hoag held the Saints to six singles, Hill Steinecke's ancient city nine recorded a 3 to 2 victory over Palatka.

The Azaleas went into the ninth frame and scored one run but the threat was eliminated before the Azaleas could knot the count.

St. Augustine 100 011 000-3 4 0

Palatka 000 000 101-2 12 0

Cook, Hutson and Cox, Hoag and Johnson.

DAYTONA BEACH, April 22. (Special)—The Daytona Beach Islanders and the Gainesville G-Men paraded 11 men each around the sacks yesterday and the game was called at the end of 11 innings with the score knotted at 1-1.

The Islanders collected 17 safeties during the afternoon while the G-Men pounded two islet hurlers for an even dozen blows.

Gainesville 002 042 030 00-11 17 6

Daytona 200 092 232 00-11 12 6

Hogan, Bass and Hill; Maloot, Teeter and Sosh.

single and was sacrificed to second. He found no one covering third on the play and Justice, who had covered first, threw to third but Sharpe, who had covered the sacrifice bunt, had not repaired to third in time to make a catch and Fuchs scored.

Koval assisted his own battle with a double to the right wall in the seventh, took third when Bryant miscued Rosa's grounder and scored on a fluke infield tap by Fuchs. Rosa walked in the ninth; was safe at second when Bryant bobbled Fuchs' grounder, and scored when Shaballa singled neatly to right.

The only Fed tally came in the sixth when Sharpe walked and advanced to second when Bryant fouled out to Pavlich. Justice singled sharply to left to score the Fed third sucker.

Fuchs captured the hitting honors with three singles in five trips while Justice led the Feds with two safeties in four appearances at the plate.

Post Position No. 5 Has Won 9 Derbies

LOUISVILLE, Ky., Apr. 22. (AP)—The No. 5 post position seems to be the luckiest for entries in the Kentucky Derby, to be run here this year on May 4.

The horse running from that position has won nine derbies since 1900. The one coming out of the starting gate from No. 4 position has won seven times during the same period and No. 1 came in winner seven times.

The horse to win with greatest starting distance from the rail was Clyde Van Dusen, who started from No. 20 position in 1928 and went on to outrun the field.

Incidentally, No. 13 never has won the Derby during this period.

New Zealand started women's suffrage in 1893.

## Renovation Of Major Parks To Cost \$2,000,000

### Only Three Organizations Are Without Night Ball Plants

By FRANK ECK  
NEW YORK, Apr. 22. (AP)—Major league club owners, confident that this will be their best season at the turntable, have plunked \$2,000,000 on the line in renovating their parks.

Two clubs, the New York Yankees and Boston Braves, have installed lighting systems, leaving only three parks without night baseball. These are Detroit's Briggs Stadium, the Chicago Cubs' Wrigley Field and Fenway Park, home of the Boston Red Sox.

The Cubs, however, intend to install lights eventually.

While the trend of the national pastime definitely favors the night game—there will be 75 in the American League and 64 in the National—the magnates continue to make improvements that would lure the feminine fan.

The Yankees, Braves, Brooklyn Dodgers and Detroit Tigers have spent a collective \$100,000 for the latest in powder rooms and women's lounges.

The American League, headed by the Yankee expenditure of \$50,000, is spending approximately \$1,100,000 while National League projects run close to \$900,000.

Improvements in Yankee Stadium are featured by a \$250,000 lighting system reported to be the finest in the majors. Six towers of floodlights totaling 2,111,500-watt illumination will be equivalent to the combined light of 5,000 full moons, says J. A. F. Dickerson, General Electric executive. The light would adequately light a main highway from here to Washington, D. C., or provide illumination for 5,000 homes, he adds.

Other new features are the Stadium Club for 400 box seat holders, 15,000 box and grandstand seats, many of which have been made to fit the body and are four inches wider than the former seats, new rest rooms, new quarters for the players, trainers and umpires and an elevator serving five levels.

The world champion Tiger's outfit totals approximately \$100,000 for the corridors beneath the stands, a passenger elevator for upper deck box seat holders, completion of a point job started in 1944 and a new \$30,000 ladies' powder room.

The Chicago White Sox have improved Comiskey Park to the extent of a \$100,000 food concession.

The Cleveland Indians have painted Municipal Stadium, where they play their big attractions, and League Park. Improvements in Griffith Stadium, Washington, include dressing rooms and press box alterations.

National League  
The Brooklyn Dodgers have spent \$425,000, half of which went for 780 additional box seats. Other items include eight new rest rooms, infield resodding, new drainage system, a new roof and repainting of all Ebbets Field.

The Boston Braves have improved Braves Field to the extent of \$275,500. The new lighting plant of eight towers cost \$150,000. Other changes include a curved fence, shortening the centerfield distance by about 30 feet, a cinder strip as a warning to players who heap up near the fence on fly balls, painting, new powder rooms, new concession stands, ticket booths and landscaping.

The Pele Grounds, home of the New York Giants, has been upgraded at a cost of \$100,000. Treasurer Edgar P. Feeley says "there are more improvements to come."

## Raising Bait Is Science Now At Alabama Station

### Experimental Work Develops Simple, Economic Methods

By HENRY LEHERNE  
AUBURN, Ala., April 22. (AP)—The raising of fishing bait has become a science at the fish laboratory of the Alabama agricultural experiment station here.

Years of experimental work have developed the simplest and most economical methods of growing your own bait the year round.

The first requirement in the raising of the common earthworm or the much-prized English, red, worm, is, of course, clay loam or clay soil.

A simple, productive type of worm bed is formed by the application of dishwater to the soil, which furnishes both food and moisture, says H. S. Swingle, fish culturist here.

However, this type of bed, which requires virtually no attention, has obvious bad features which makes it unsuitable for use in congested city districts.

Experimentation has developed a method whereby fishermen may raise their own worms in the garage, basement or even a vacuum room.

Use Water-tight Containers  
This, Swingle explains, is done in ordinary galvanized wash tubs metal drums cut lengthwise, oil tubs or similar water-tight containers.

A tub two feet in diameter and ten inches deep should produce about 3,500 to 5,000 worms a fishing size a year. As soon as should be left to breed, the fisherman would expect to use only about 3,500 worms from one tub a season.

"It is recommended," says Swingle, "that a minimum of two tubs be kept, using the worms from one for several months and then using them from the other. In this way each tub remains un-

## Recent Golden Gloves Tournament One Of Boxing's Biggest Bargains

By FRANK ECK  
NEW YORK—The Golden Gloves tournament of champions turned out to be boxing's biggest bargain since Mike Jacobs held those three dollar fight cards in the old Hippodrome. The final night of a three-day tournament drew 18,752 fans to Madison Square Garden.

Net proceeds of the show, sponsored by the Daily News World Association of New York, will be annually be equally distributed between the Red Cross and three charities—Catholic, Protestant and Jewish.

The Puerto Ricans, only team to be sponsored by a newspaper, took off three of the eight championships but it was Gabby Marek, a 20-year-old Marine from Harvey, Ill., who drew the plaudits of the packed house in winning the heavyweight division.

Marek, representing the Jacksonville, Fla. Journal, may have looked fat and fortyish but when he uncoiled that right of his, he must have made his opponents feel like they had been kicked by a mule—Marine version.

Around town they talked of Marek as the "25-day wonder." Twenty-five days before the big fight, Marek was new to leather swinging. Stationed at Jacksonville Naval Air Station, he was knocked out in his first bout but scored four knockouts in his next five triumphs.

Wigs of blonde hair imported from Germany once were in style in ancient Rome.

Six-Year-Old Twins Serious As Boxers

HEDLEY, Tex., Apr. 22 (AP)—The two boys, six-year-old twins, claim the world's boxing championship for their weight and age. They meet each other at every opportunity but thus far it's always been a draw. They are 46 inches tall and weigh 55 pounds.

Their manager, Bill Platt, boxing coach at Hedley High School, says it's hard to tell them apart although one has blue eyes and the other brown.

The boys have appeared in many exhibitions in the Texas Panhandle. They are putting part of the receipts in a bank jacket to further their budding careers in the ring.

Charles Wesley wrote about 8,500 hymns.

### Produce Shipments From South Florida Centers Are Heavy

Shipments of produce from South Florida centers are heavy, according to reports from Sanford. The largest single item was pepper, 21,573 packages being shipped at prices ranging from \$3 to \$6.25. This pepper supplied \$125,154.40 of the market's \$239,180 total sales for the week. Snap beans also moved in heavy volume, Plant City's market handling 11,351 packages during the weekly report period for a total of \$39,371.30. During the week pole beans sold at \$3.50; baby limas at \$5; Fordhook beans at \$7; corn at \$3.50 (in five dozen crate packages); cucumbers, \$3.20 to

king of potatoes has just started and quality is reported good. "Manager R. E. Johnson, in advising us of the Plant City market's business total for the week reported 62,268 packages of vegetables handled in 15 classifications. Of this grand total the largest single item was pepper, 21,573 packages being shipped at prices ranging from \$3 to \$6.25. This pepper supplied \$125,154.40 of the market's \$239,180 total sales for the week. Snap beans also moved in heavy volume, Plant City's market handling 11,351 packages during the weekly report period for a total of \$39,371.30. During the week pole beans sold at \$3.50; baby limas at \$5; Fordhook beans at \$7; corn at \$3.50 (in five dozen crate packages); cucumbers, \$3.20 to

### Six Auto Wrecks Occur In County During Weekend

Continued From Page One  
The automobile completely turned around toward the South. Ballard, who was arrested by Bender on a charge of drunken driving, was not reported as injured.

At 1:00 p. m., Saturday, on the Orlando highway just south of the County Home, a 1933 Ford sedan, driven by Bennie Mullins of Lake Mary, side swiped a Pontiac sedan driven by Joseph Patrick of Rollins College, Winter Park. Both cars were badly damaged and occupants were shaken up. Mullins, who had earlier been reported by police to have damaged a car in Sanford by backing into it, was arrested by Patrolman Bender on a charge of reckless driving.

The first of the week-end wrecks occurred Friday evening at 9:00 o'clock about a mile and a half east of the Ball Park on Celery Avenue when a Ford sedan driven by Ira West, Negro, collided with a Plymouth sedan driven by Willie Tobler, Negro. Both cars were badly damaged and Tobler was arrested for driving drunk. West's wife had a bruised leg, but this was the only injury reported.

Another collision occurred at 1:00 a. m., Sunday when a Model A Ford sedan being driven by David St. Clair, colored, and according to Patrolman Bender on the wrong side of State Road 57 to Osteen, collided with an automobile driven by L. C. Beavers, Sanford photographer who lives in Casteen. St. Clair who was treated by Dr. G. H. Starke for cuts and bruises, was arrested for reckless driving. Both cars were badly damaged.

George Handley, driver of the car that hit the train at Monroe, was treated by Dr. Starke for cuts and bruises and there is a possible fracture of the leg. Other colored passengers were: Daisy Wilson of Orlando, who had a badly lacerated ankle; Rison Gray, Levi Wilson and Dan Green of DeLand and Lily Mae Franklin of Altamonte Springs. The car was a complete wreck and some damage was done to the box cars hit, according to railroad officials. On Friday afternoon five persons were arrested by highway patrolmen for not having driver's licenses. Friday evening there was a check up on lights during a 45 minute period and 32 drivers were directed to get tail or head lights fixed. On Saturday Patrolman Bender got only one hour of sleep, and Sunday night was also up late investigating accidents, he reported.

### Voss Is Confident He Will Win Over Rep. Joe Hendricks

ORLANDO, April 22. (Special) — With definite assurances of victory flooding his headquarters from throughout Central Florida, Tom Voss, candidate for Congress, expressed confidence here yesterday that he would be swept into office by an overwhelming vote on May 7.

"I am convinced," he said, "that the people want a change in Washington."

"Two years ago," he continued, "a young Orlandoan, Reynolds Duncan, announced against the present Congressman. Three days after his announcement he reported to Camp Blanding as a draftee."

"Despite the fact that Mr. Duncan was unable to make a single speech or conduct any campaign whatsoever he received 37 per cent of the vote on election day. This was largely a protest vote against the Washington way of doing things."

"The opposition vote will be considerably greater this year. I find so many of our people are sick and tired of Washington bungling. In addition to this protest vote, thousands of returned war veterans have become new qualified voters. They too, are disgusted with the Washington muddling of housing, surplus government property, and the ridiculous red tape in connection with the GI Bill of Rights. They definitely favor a change."

Voss added that sentiment for a thorough Washington housecleaning was sweeping the district and he refused to concede his opponent a single county on May 7.

th day of May 1946, to the effect that you are hereby notified that you are ordered to file your written appearance (personally or by attorney) to the Bill of Complaint in said cause on Monday, the 4th day of May, 1946 and to thereafter file your defense, if any you have, to the Bill of Complaint as required by law.

## Florida Increases Production of TUNG OIL!

Tung oil, because it possesses distinctive chemical characteristics which cannot be found in other agents, is in enormous demand by American industry. Now, with business booming, the present domestic output of tung oil is equal to only 6% of our country's needs. To meet this demand, Florida has upped its output until it now ranks among the highest producers in the United States. All factors point to a greater production of tung oil in Florida.

## FLORIDA POWER & LIGHT COMPANY

FACTS about Florida Tung Oil!

1. Florida has 3 of the 12 tung oil plants in the United States.
2. Florida's soil and climate are ideally suited to the growth of tung oil trees.
3. Florida has developed tung oil trees of higher productivity.
4. Florida tung oil has proved to be of superior quality.

## LaGuardia Appeals To Coal Miners To Resume Operations

### Key Men In Railroad Operating Brotherhoods To Make Last Decision Tomorrow

WASHINGTON, April 23 (AP)—Director General E. H. LaGuardia of the UNRRA has appealed to both miners and operators involved in the current coal strike to resume operations. LaGuardia told the disputants that at least a partial resumption of bituminous mining is needed so coal will be available to move inland and desperately needed famine relief supplies in starving areas of the world. However, the editor of the United Mineworkers Journal, K. C. Adams, declared today that the soft coal miners have no authority to reopen the UNRRA program. Comment by other officials.

The United Mine Workers chairman, John L. Lewis, plans to leave Washington today for Hazleton, Pa., for a conference with anthracite mine union leaders on new contract demands in the hard coal industry. The present contract Lewis has with the anthracite operators can be terminated on May 31.

CLEVELAND — Key men of the railroad operating brotherhoods — the trainmen and engineers — meet behind closed doors tomorrow to make a final decision on a fact-finding board's recommendation for a 10-cent an hour wage boost and working rule changes. The key men — some 175 general chairmen of the brotherhoods — are expected to decide whether the nation's railroads will continue operation after May 18 or be tied up by a strike by 243,000 workers.

Discussion tomorrow will center on reports of the brotherhood wage committee. Railroad labor observers point out that President Truman's fact-finding panel has recommended very little that the brotherhoods asked for. Besides a \$2.50 daily raise, the unions had asked for 45 rule changes. Observers say working rules recommended by the fact-finders do not include the brotherhoods principal demands. These observers list principal rule changes sought by the union as a night work pay differential, which allows overtime pay, train language limitations and benefits for dining car stewards.

## Secretary Asserts Frank Unaware Of Maidanek Activity

MUENBERG, Germany, Apr. 23, (AP)—The former Nazi general officer, Hans Frank, was depicted today as an official who was under the impression that the notorious Maidanek concentration camp in Poland was merely a work camp. A defense witness, Josef Buehler, testified before the Nuremberg War Criminal Tribunal that Frank believed the camp was altered at Maidanek for the use of German troops at the Russian front. Buehler served as Frank's secretary during the German occupation of Poland.

Buehler contended that the German U.S. deluded Frank concerning the true facts about Maidanek. It has been estimated that 1,000,000 Poles and others died at Maidanek in German torture chambers and as a result of calculated Nazi cruelty.

## DeLand Resident Is Injured In Wreck

Miss Virginia Culbreth of DeLand had her right knee injured last night following a collision between the Chevrolet sedan which her mother, Mrs. Leila Culbreth, one of DeLand, was driving north on French Avenue and another Chevrolet sedan being driven west on First Street by Mrs. Jess B. Knowles, which car was damaged in front when it hit the other car in the rear wheel and fender.

## RUNAWAY RETURNED BY 'MAIL'

RECOGNIZED BY THE MAILMAN while far from his Boston, Mass., home, 28-month-old Johnny Moore came to nothing about it when he was scooped up, dumped into the mail sack and carried home to the arms of his mother, Mrs. Jacqueline Moore. A young neighbor watches as postman Gene Sullivan makes the special delivery. (International)

## Robbery Of Mussolini's Grave And Prison Riot Stirs Milan

### Band Invades Maggiore Cemetery and Robs Mouldering Remains of Fascist Leader; Captives Threaten to Hang Guards

MILAN, Italy, April 23, (AP)—The Italian city of Milan is still today over a sensational grave-robbery and a prison riot. Some time during the night, a band of ghouls invaded the Maggiore Cemetery in Milan and removed the mouldering remains of Benito Mussolini from the unmarked pauper's grave in which the disgraced Duce was buried. The excited local authorities are investigating to find out who, as they say it, were the unknown persons who robbed the grave.

Yesterday, two Associated Press photographers and a correspondent went to the cemetery, which is called the German camp by the Milanese because Nazi soldiers were buried there. They found everything in order. A cemetery watchman pointed to what he supposed was the Duce's grave. Only three or four persons knew the real place. While a photographer was taking a picture of the grave pointed out by the watchman, a woman kicked some flowers that had been placed there.

"This," she said, "is the only bad thing I have done against him. He has done a lot of evil to me."

Two days ago, Giovanni Cavazza, municipal official, told the story of Mussolini's burial, after he was shot and hung up for exhibition in the public square last April. Late in the afternoon of April 30, 1945—a military truck brought three coffins to the cemetery. They contained the bodies of Mussolini, his sweetheart—Claretta Petacci—and Achille Starace, the secretary of the Fascist Party. The coffins were not marked. Only a commune official knew which coffin contained Mussolini's body.

After a military priest gave the benediction, they were buried near the German graves. Attending the ceremony were an official of the Red Cross and the military personnel on the truck. Claretta was not buried near Mussolini, because, the Milan official said, he gave orders not to place the two sinners against God's law together.

Not very far from the cemetery, 2,000 prisoners in the San Vittore jail have been engaging in a gun battle with police since Sunday. The Milan radio says the trouble started when officials refused demands for the release of certain prisoners.

## Civil Strife In Manchuria Is Continued

### Marshall Is Awaiting Red's Proof That American Aircraft Attacked Troops

CHUNGKING, April 23, (AP)—The mystery of whom planes strafed Chinese Communists in the Szechwan area of Manchuria appears to have been solved. General Marshall in Washington has been informed that Chinese pilots were over the area in American-made P-51's. One Chinese pilot is missing. A message from an American officer in Mukden asked General Marshall to make sure that the Chinese put their own insignia on the planes, which had been obtained from the United States. The officer said the planes still carry the American white star emblem, covered with cold water paint.

CHUNGKING, April 23, (AP)—The fighting between Chinese Communists and Nationalist troops continues unabated in Manchuria with small signs that General Marshall's new truce efforts have yet had any effect. A Peiping dispatch to the People's Daily at Chungking says a vanguard of the Government's First Army has reached Kung-ching, 10 miles south of Chang-chun. Because Kung-ching is some 30 miles north of Szechwan, where Communists and Communist armies are fighting, observers presume a part of the First Army has passed Szechwan to reach Kung-ching. Hitter fighting is predicted in this area, where 80,000 Communist troops are said to be concentrated.

While Chungking peace parleys continue, the armed thrusts of Communists in Manchuria are said to be moving ahead. Already small groups are said to have moved into Harbin where the Russians are scheduled to get out Thursday. However, Russian officials in control of the Chinese Eastern Railway were said to have granted Communist flyers permission to transport troops to Harbin. Government sources previously had conceded that Chinese Communists could carry out their threat to occupy Harbin in force. "The Government has denied this demand that Chinese Communists move or retract their charge that American planes had attacked their camp in the Szechwan area last week. Maj. Gen. Keller Rockey of the Third Marine Amphibious Force at Tinian has denied the Communist charge and says no Marine plane had flown as far north as Mukden.

## Civil Damage Action Comes Before Court

A civil damage action in which A. D. Rosier, plumber, sought to obtain payment of a bill which he had presented to Dr. Milton Hural for the installation of a hot water heating unit in the latter's office in the Brunley-Pulston Building, which installation Dr. Hural contended was not satisfactory, took place in County Court this morning.

G. A. Speer, county attorney, handled the prosecution, and James G. Sharon, the defense. Judge R. W. Ware presided.

Another civil damage case set for trial today is that of Mr. Rosier versus Clayton E. Brown. The latter is represented by Judge Sharon.

WASHINGTON, Apr. 23, (AP)—Americans have shown excellent cooperation in tackling the not-too-difficult job of cutting down on their consumption of bread, rolls and other grain products. They can hardly be blamed for being a little confused by all the names of people and organizations mixed up in the world food famine. This is an attempt to make the whole situation a bit clearer.

First of all, there's the United Nations Relief and Rehabilitation Administration, better known as UNRRA, of which former New York Mayor, Fiorello LaGuardia is director general. UNRRA's job is to supply food free to certain nations which need it but can't pay for it. There are 45 member nations in UNRRA, but there are only 13 nations classified as needing food but unable to pay for it. In other words, it is UNRRA's job to feed 13 nations, but to keep the records straight, there are 45 nations—Austria, Austria, the two Soviet republics of White Russia and the Russian

## Unofficial Returns Give Roxas Lead Over Osmena In Philippines Election

### Lex Green Says Bureaucracy Is America's Curse

#### Former Congressman Speaks Here In Behalf Of Candidacy

Lex Green, former congressman, speaking today in Sanford in the interest of his candidacy for the United States Senate, told the people that "bureaucracy is destroying the American form of government and the American system of free enterprise."

"Bureaucracy," he added, "is America's greatest curse. Our people are being regimented as the Nazi and Fascist regimes regimented the people of Germany and Italy," he said, "and unless we get a stop to it the United States will fall as Germany and Italy fell."

Having governmental control, Green promised to offer Senate bills to strike these "bureaucratic shackles" from the people and return the self government to the state which it rightfully belongs.

"A planned economy," he added, "which denies the people freedom of action is not in accordance with the American way of life. It is un-American and I promise you that Lex Green will do his utmost to smash federal bureaucracy and give government back to the people."

Declaring that taxation which takes food from the mouths of the people is "confiscatory" and unjust, Green said when he gets to the Senate he will introduce legislation exempting from taxation incomes of \$2,500 for single and \$3,000 for married men and \$500 exemption for each dependent.

Green said problems of service men and women "stand first and foremost in importance in my program."

"When I go to Washington," he asserted, "my first official act will be the introduction of measures to amend the GI Bill of Rights, stripping of its red tape that service men and women may participate in its benefits and without delay. We owe these veterans a debt of gratitude we will never be able to pay," he said, "and I for one will see that they are given every benefit provided for in the GI Bill of Rights."

Green opposed to peace time conscription," he said, "and I will vote against continuance of the present draft, or any future draft."

He insisted that a voluntary army be a security purpose and can be raised if the government paid enlisted men — say \$100 a month — with liberal allowances for dependents and retirement benefits.

"And while we are building a peacetime Army, let's knock down some of the 'caste system' and give the soldier in the tank some of the privileges now exclusively enjoyed by officers," he said.

## JAP PRINCE LEAVES TOKYO PRISON

AGED PRINCE Moritsuna Sahimoto, 73, is presented with a bouquet of flowers on leaving Sugamo Prison in Tokyo. The Prince, jailed on war crimes charges, was freed when an inquiry found there was no evidence to substantiate the charges. An inquiry found the prince and his flowers into a waiting jeep. (International Soundphoto)

## Final Rites For Stone Will Be Held Thursday

### Late Chief Justice Was Appointed By FDR to High Office

WASHINGTON, Apr. 23, (AP)—Final rites for the late Chief Justice Harlan Fiske Stone will be held Thursday at 2:00 P. M. Eastern Standard Time in Washington Cathedral. The burial will be in a Washington cemetery not yet chosen.

Stone, a New England republican, was appointed Chief Justice of the United States by the late President Franklin D. Roosevelt, 23 months overseas with the U. S. Marine Third Amphibious Corps.

Pfc. Melvin Dekle in States After 23 Months Overseas

Pfc. Melvin R. Dekle, son of Mr. and Mrs. R. D. Dekle of West First Street, has arrived in the United States after serving for 23 months overseas with the U. S. Marine Third Amphibious Corps.

Pfc. Dekle called his mother from San Diego and told her that he expects to be home in about two weeks. He saw action in the Marianas where he spent one and a half years and for the past six months has been stationed in North China.

Entering the service in February, 1943, Dekle received his diploma from Seminole High School the following June. For a time he was stationed at Parris Island, S. C., and subsequently in New River, S. C., where he expects to return to receive his discharge.

## City To Permit Naval Craft To Tie Up At Pier

### Request To Cut Area Requirements For Homes Is Approved

Permission was given last evening to the city commission to allow a railroad spur to the newly organized Naval Reserve Division of Central Florida now being established with headquarters at Ocala, to dock at the Municipal Pier a 110 foot submarine chaser (SC) and two LCV's, 36 foot landing craft, which are expected to arrive here between May 1 and 15, according to William Tall, Florida commander of the U. S. Coast Guard Auxiliary, to whom Captain W. Wells, USNR, wrote, requesting him to secure this permission.

The first Naval Reserve Division to be organized in central Florida was planned by Lt. Almond J. E. Shafrath, the letter stated.

The commission, according to City Manager H. S. Sayer, adopted the change in zoning limits at the vicinity of Elm Avenue and Thirteenth Street as authorized at a recent public hearing, in order to allow for the construction of a railroad spur to the Niblack and Patrick citrus packing plant at French Avenue and Thirteenth Street. Moving of the barbecue stand to the south-east corner of Elm Avenue and Thirteenth Street to make way for the spur, was also approved.

Approval was given in response to a previous request by R. T. Cowan to reduce minimum area requirements for homes constructed in R-1A zones in the city from 4,200 to 1,000 square feet. Mr. Cowan appeared and was granted a request for a public hearing to discuss changing the zoning area from R-1A to R-1 in Magnolia Heights abutting Cats Hina and Escambia Drive, so that the area of homes constructed for veterans might be reduced from 1,000 to 800 square foot minimum. This request, he said, was in response to a request from the Federal Housing Authority for this space reduction due to the fact that more than 50 percent of the veteran's housing could not exceed \$4,500 in cost. The date of the hearing was set by the Commission for Wednesday, May 8, at 8:00 p. m.

Authorization to repair the City clock on First Street at an estimated cost of \$480 was given to the O. B. McClintock Company of Minneapolis, Minn., the manufacturer of the clock. Most of this outlay will be for new parts. Mr. Sayer said.

Acceptance was made of a (Continued on Page Six)

## Candidate Goes Into Hiding After Hearing He Was To Be Kidnapped By Trio

MANILA, April 23, (AP)—Unofficial and incomplete returns from 43 precincts in and around Manila give presidential candidate Manuel Roxas a lead over incumbent Sergio Osmena in the Philippines election. Meanwhile, Roxas is in hiding because of a rumor that three men planned to kidnap him.

Violence is said to have broken out in a number of places in connection with the Philippines election. The military police command says that Governor Ramon Imperial of a southern Luzon province and two members of his party were wounded seriously when, according to a seven-year-old boy was killed by automatic rifle fire from a house near the scene of the shooting.

Military authorities are worried over the possibility of some central Luzon provinces, such as Ilocos, which is a hot center of the Agrarian movement. That province has been isolated from communication with Manila.

Roxas went into hiding because of a rumor he might be kidnapped on the afternoon of the Philippine general election. The balloting was the first in the islands since the end of the war and will install officers who will be in power when the Philippines achieve their complete independence from the United States this coming fourth of July.

Roxas says he has heard rumors that three men from Ilocos Province plan to kidnap him. As a result, his residence is being guarded by a detachment of the Philippine Army. Roxas is president of the territorial Senate.

Roxas' opponent that incumbent President Sergio Osmena would lose four provinces in the election, but Roxas claims a victory for himself by 300,000 votes.

Counting of ballots in Manila is expected to be completed within a few hours. The tabulation from various districts of the Archipelago may not be tabulated until the end of the week. Three million ballots are expected to have been counted by then.

## E. C. Harper Named Chairman Of County Selective Service

E. C. Harper, during a meeting of the Selective Service board of Seminole County, was elected chairman of the county selective service board. The board is headed by Ralph B. Cragg.

The board is headed by Cragg as follows: Mr. Harper, chairman; Joseph L. K. Harper, secretary; L. A. F. Smith, chairman of the board; Charles L. K. Harper, chairman of the board; and W. A. Laffer, an employment committee member.

During the meeting a letter from the state headquarters of the Selective Service System in St. Augustine was read, expressing the sympathy of the state director and the staff of officials in the loss of Mr. Chapman whose loyal and faithful services were contributed so efficiently during the past five and a half years.

SEARCH DOUBLED  
MIAMI, Apr. 23, (AP)—A young couple was discussing the housing situation in a drug store. A man standing nearby apologized for overhearing, but said he just happened to have a house they might like. The delighted couple turned over a \$20 deposit and rushed gleefully to the address, only to find it was all a trick. Now the couple is still looking for a house, and police are looking for the stranger.

Ex-servicemen who have lost an eye or limb have been taught by Red Cross Volunteer Motor Corps members in California how to drive automobiles.
