LEAGUE IS READY TO START DRIVE ON NEXT MONDAY

Plans Being Completed For Opening Of Membership Campaign Which Is To Be General Throughout State

Erection of a large signboard at the southern corner of Park Avenue and First Street was begun today for the American Legion and is to be used in the Legion's drive for new members, which is to get under way Monday.

Many unique methods of attracting ex-service men to the Legion are to be used during the campaign, Harry C. Chittenden, commander of Campbell-Loring Post announced today. Among them is the use of the signboard in the downtown business district.

An each old member, or as each new member takes out a 1927 card, his name is to be painted upon the board. Appropriate wording of the card will encourage the member to bring the Legion up to date.

Several meetings are to be held during the course of the drive and various postings for the attention of the members of the various posts are to be made daily, according to those who are to have charge.

Perry Farmer Held For The Slaying Of Pair Of Dry Agents

PERRY, Fla., Dec. 11.—(AP)—A coroner's jury that heard an eye-witness describe the slaying of two federal prohibition agents by J. W. Buchanan, a farmer, deliberated 15 minutes and then ordered Buchanan held for murder.

Details of a raid on Buchanan's farm which Thursday cost the lives of W. C. Mobray of Ford, Md., and J. P. Brandt of Jacksonville, were reported today by the jury.

Mobray and Brandt worked out of the Jacksonville office and their activities were being investigated today by James H. Lee, of Tampa, federal administrator for the state.

At the time Buchanan was at liberty under bond to appear at a preliminary hearing on a charge of manslaughter for the killing of a man several months ago.

Goldfish and certain varieties of stickleback if introduced into the pond or stream, will be sufficient to exterminate mosquitoes.

United States Is Invited To Attend International Conference In Summer Of 1927

GENEVA, Dec. 11.—(AP)—Foreign Minister Streseman, of Germany, caused spectators at today's session of the council of the league of nations to sit up and take notice when he championed courtesy and diplomatic correction in league relations with Moscow.

He said the Moscow government objected to the use of the word "Russia," and that in deference to Moscow's wishes, the country should be designated as the Union of Socialist Soviet Republics.

His remarks were made in the course of a discussion of the convention of an international conference July 1, 1927, to frame a treaty for a permanent league of nations.

When The Lake Fleet Was Locked In Ice King's Grip

These two views show a few of the 140 steamships that were locked in the ice in the St. Mary's river, between Lake Huron and Sault Ste. Marie, Mich., when a sudden cold wave struck the Great Lakes in the midst of the last rush of the navigation season. At the time this picture was taken it was feared the boats would be held in the ice until spring. Then the weather moderated over night and tugs opened clear lanes to the imprisoned vessels.

SALM WANTS JOB DOING ANYTHING BUT HARD LABOR

He Had Of Former Millwright Ringers Offered By Report That He Has Agreed To Big Settlement With Oil King

NEW YORK, Dec. 11.—(AP)—Louis Wald, a Hungarian-born man who has a reputation for being a jobbing busybody, was today reported to have agreed to a \$500,000 settlement with the oil king.

Wald, who is a well-known figure in the underworld, is reported to have agreed to a settlement with the oil king, which would allow him to do anything but hard labor.

One Dead In Feud Between Gangsters

NEW YORK, Dec. 11.—(AP)—An underworld feud that resulted in murder was revealed today when the bullet-riddled body of a man which was thrown from an automobile in Park Avenue was identified by fingerprints as that of Dominick Alvino, who had been arrested 11 times.

Police are working on the theory that he was shot to death in a war among gangsters or bootleggers.

Alvino was a well-known figure in the underworld, and his death is believed to have been the result of a long-standing feud.

DEWEY HONORED AT LIBRARY MEET HELD IN ORLANDO

Author Of Dewey Classification System Chief Speaker At Dinner Given Friday; Fifty Delegates Present

The Florida Library Association has instituted another important department in its work by holding for the first time in its history a series of district meetings, on lines which have been successfully carried out in other states.

Mrs. Anne Van Ness Brown, city librarian and president of the association, appointed Miss Frances Elgates of Tampa general chairman of these meetings.

The first one was held at the Tampa library last Saturday, with a splendid attendance of both local and out-of-town people.

At that time a comprehensive program was given on problems relating to library administration, according to Mrs. Brown who presided.

The second in these series of meetings was held Friday at the Albertson Library in Orlando, with Miss Olive Brumbaugh as hostess.

The attendance of over 50 guests included librarians from Sanford, Winter Park, DeLand, Maitland, Zellwood, Malbourne and Orange City, also members of the faculty of Rollins College and trustees and patrons from Orlando.

Some of Florida's most representative club women were present at both of these meetings.

Dr. and Mrs. Melvil Dewey of New York were the guests of honor at the meeting, this being the occasion of Dr. Dewey's seventy-fifth birthday.

Dr. Dewey is the author of the Dewey Decimal Classification, so generally used by the public libraries, and is one of the foremost librarians of the country.

He with R. B. Bowker, editor of the Library Journal, were the two speakers on the occasion of the American Library Association held in Philadelphia last October, as they were the only two living representatives of the first meeting of the association 80 years ago.

The Albertson Library entertained the visitors yesterday with a four-course luncheon at the Yellowstone Tea Rooms, during which Mrs. Brown presided. Dr. Dewey a beautiful bouquet of roses from the association with an address of congratulations. Dr. Dewey followed this with a talk on important library developments, after which a very interesting program was given at the library.

Those attending from Sanford were Mrs. Anne Van Ness Brown, Mrs. Maud E. Clark, Mrs. D. F. Alma and Mrs. A. K. Powers. Similar meetings are now to be held in Tallahassee, Jacksonville, and West Palm Beach, following a plan mapped out, dividing the state into five districts. It is expected that later a meeting will be held in Sanford.

Foreign Ministers were hesitating to take the responsibility of substituting for long-Allied control of armaments in Germany direct jurisdiction over them by the League of Nations, as has been requested by Germany.

It is suspected by the Allies that Germany was material in reaching China through Russia and aiding the Bolsheviks of China and virtually forming a German-Russian-Chinese collaboration.

PRESENTING EVIDENCE IN DOHENY CASE

Defense Closes Case Suddenly, The Prosecution Coming As Surprise To The Prosecution

Defense Fails To Call Albert Fall's Lawyers Character Witness

Fall's Lawyers Character Witness

WASHINGTON, D. C., Dec. 11.—(AP)—Presentation of evidence was completed today in the case of Albert Fall on the charge of criminal conspiracy.

The defense had previously rested its case earlier in the day.

The attorneys for Edward L. Doheny and Albert Fall announced their readiness to send the case to the jury within a few minutes after the opening of today's session of court.

They abandoned the proposal to have Fall himself take the stand as Doheny had done and explained the story of the \$100,000 that passed between the oil magnate and the Interior secretary in 1922.

On the stand Doheny himself was called yesterday and two character witnesses were called for Fall. One of them was Postmaster General Nease. Today the Fall attorneys said they were content to rest without putting another word of evidence into the record, but the Doheny counsel secured permission to reopen their case in order to hear John McCormick, the singer, as a character witness for Doheny.

The prosecution's rebuttal was indicated that the case would go to the jury early next week.

Sudden termination of the defense case apparently surprised the prosecution. It had been decided on overnight conference among the council, who assessed the possibility of several important developments during yesterday's session.

These included the testimony of Doheny himself to the jury, a cross-examination conducted by Roberts, and the production of Secretary Wilbur's refusal of confidential Navy records on which other witnesses have testified.

In the Pacific in 1921, when Doheny took the first of his oil leases, a contract to build a naval fuel oil base at Pearl Harbor, Hawaii.

The defense attorneys did not protest Wilbur's stand, apparently believing that nothing would be gained by seeking to better the naval secrets which now are a mystery before the jury.

It is in the defense contention that Doheny, after being told of the threat of a national danger to the Pacific, entered upon the arrangement as a patriotic act, and not as the result of a bribe or conspiracy of Fall.

McCormick, the only character witness called today before the jury, would be asked to attest to the full tone of his trial testimony in defense of the good reputation of Doheny with whom he said he was well acquainted.

Roberts began the rebuttal reading a letter from Rear Admiral J. K. Robison, who was secretary of the Navy in the leading testimony.

The letter was dated March 1923, and was addressed to Representative H. E. Sawyer, chairman of the House committee on investigation.

Yelly's request for information on the Navy's oil leasing in the Pacific and only where the lease was made "effect" operations.

BASEBALL MEET CLOSES SESSION IN ASHEVILLE, N.C.

Affairs Of National Body Are Left In Hands Of Sexton And Farrell Arbitration Board Makes Few Decisions

ASHEVILLE, N. C., Dec. 1.—(AP)—Affairs of the National Association of Professional Baseball Leagues were turned over to President Mike H. Sexton and Secretary John H. Farrell, when the annual meeting adjourned last night to meet next, the first Tuesday in December, 1937, at Dallas, Texas.

Following the meeting of the National Association, the board of arbitration met to dispose of a number of cases including former club owners and club presidents as well as players.

W. H. Klapper, one-time president of the Portland Coast League, suspended four years ago "for life," was ordered restored to good standing Jan. 1, 1937. A. M. Jackson, president of the Salisbury club, of the Eastern Shore League, was suspended "from all connection with organized baseball" for one year for making "side agreements" not included in the official contracts of players on his club.

The twenty-fifth annual convention of the minor leagues was the most largely attended in the history of the National Association officials said, and much business was transacted.

Commissioner Kenesaw M. Landis was endorsed for re-election, without curtailment of authority, and his administration praised. Commissioner Landis in accepting a campaign for re-election said if re-elected he would continue to deal impartially with club owners and players with an eye single to welfare of the public to which baseball owes its existence.

Ball players who spend all the money they make in the summer, will be more economical next summer as they will not be permitted to work at their profession during the winter months to recoup after a summer's spending. Minor league players will not be allowed to play baseball after Oct. 31 each year.

The minor league will join in a movement to erect a memorial to Christy Mathewson at Saranac Lake, New York, where the great giant pitcher spent several years after his retirement from active play. A percentage of all gate receipts from games in all leagues will be set aside for the Mathewson memorial fund.

An effort by several leagues who wish to escape the provisions of the draft resulted in appointment of a committee to appear

for the advisory council to seek to place among the major league officials, minor leagues wishing to be exempt from the draft.

No action was taken at this convention to set aside funds to assist a movement by the Association of Professional Ball Players of America for the establishment of a home for sick or indigent players. There was a disposition among the club owners, it was said, to wait for more enthusiastic participation by the active baseball players in the cause.

Many trades of players were made as the club presidents and managers gathered. A growing demand among baseball fans for new facts prompted some of the deals in the opinion of close followers of the game. After a player has worn one uniform for several seasons if he is not an outstanding star, they say, the spectators in the stands grow tired looking at him and he is traded, sometimes for a performer of less ability.

Suzanne Lenglen Is Visited By Helen Wills

OAKLAND, Calif., Dec. 10.—(AP)—Helen Wills made an informal call yesterday on Suzanne Lenglen. It was the first time they had met since the French tennis star arrived in America to start her professional tour. They exchanged conventional courtesies and each reiterated that she would be "delighted" to meet the other in a tennis match if such could be arranged.

Each expressed extreme doubt that the amateur standing of the one and the professional standing of the other could be reconciled.

Pitt Star Is Denied Right To Play In West

PITTSBURGH, Pa., Dec. 10.—(AP)—Gibby Welch, University of Pittsburgh halfback, has been denied permission to play with the eastern collegiate team against an all-star western combination at San Francisco, New Year's Day.

The Pitt athletic council said its refusal was based on fear that Welch's amateur status might be affected. He still has another year of school.

Lloyd Yoder, captain and tackle of Carnegie Tech, has accepted an invitation to play.

VERBAL WAR MAY BE WAGED DURING S. I. A. A. MEETING

Proposal For Division May Cause Heated Debate When Annual Convention Opens Today At Birmingham, Ala.

BIRMINGHAM, Ala., Dec. 10.—(AP)—If Oilly Laval, Furman University coach, branches the subject of a division in the ranks of the member colleges of the Southern Intercollegiate Athletic Association when representatives gather here for the annual conference today, a verbal war seems the result, in the opinion of association leaders who arrived last night and early today. The first meeting of the conference was expected to find other subjects offered for discussion.

Representatives from the 30 colleges holding membership in the association were arriving early today with the opening session scheduled for this afternoon at the Birmingham Athletic Club with Howard College and Birmingham Southern in the role of hosts.

Dr. John C. Dawson, president of Howard College, today declared that Coach Laval seems determined to bring about a division in the association, as Furman the center of one branch. Furman is now on the extreme corner of the map covering the association, according to Dr. Dawson. Dr. Guy Snively, president of Birmingham Southern, another of the colleges which might be seriously affected by the division, declined to remark on the expected move.

A banquet at Birmingham Southern with Dr. Hamilton Holt, president of Rollins College, as principal speaker, will feature tonight's session.

Saturday a luncheon for the coaches, directors and officials of the association will be given at Howard College with Dr. Dawson expected to preside.

Eligibility of players in the association and the awarding of the winter basketball tournament and the spring track meet will be other matters to come before the body. Officers will be elected Saturday.

MAY PLAY IN FRANCE

NEW YORK, Dec. 1.—(AP)—"Big Bill" Tilden, starting his drive back to tennis heights at the national indoor championships at New York, probably will be able to sharpen his game at the Riveira tournaments in France, as he planned. On Saturday U. S. Lawn Tennis Association is expected to choose Feb. 13 and the week following as dates for the indoor event, won last year by Rene La Coste of France.

Something to Kick About

These three members of the S. S. Majestic's crew, 'tis said, were unable to find anything to kick a foul on shipboard. So on shore leave at New York, they went to Central Park and took it out on a poor, unsuspecting soccer ball. Sea legs can sock, too!

Loyola Team Loses One Of Star Backs

NEW ORLEANS, Dec. 10.—(AP)—Louis Resney Cremillion, galloping back of the Loyola undefeated gridiron team, has been ruled ineligible to play after this season, under the three year rule of the Southern conference.

Cremillion, rated by many on a par with Buck Moore, was ruled ineligible by President S. V. Sanford, of the Southern Conference, after the problem had been submitted to the eligibility committee of the conference by Loyola authorities. Cremillion has been mentioned as a likely candidate for the team.

HELD FOR MURDER

FT. LAUDERDALE, Dec. 10.—(AP)—John H. Green of Miami was held by a corner's jury at Hollywood Thursday afternoon for the murder of Harry Welsh, alias Harry Burns, and his wife in Hollywood Tuesday night. Edith Gaskell, sister of Mrs. Burns, who was held here in the county jail as a material witness, was exonerated of any blame in the shooting and released.

TUNNEY TO GO TO MAINE

POLAND SPRINGS, Me., Dec. 10.—(AP)—Gene Tunney, heavyweight champion, will spend Christmas here. In a lettermaking reservation he said he wished to get away from New York for a time.

Plays Of Stanford Given To Freshmen Team Of Alabama

TUSCALOOSA, Ala., Dec. 10.—(AP)—University of Alabama coaches have virtually completed their task of teaching Stanford formations to the freshmen squad so that the first year grid men may offer opposition to the varsity team which confronts the Pacific Coast champions at Pasadena on New Year's day.

The varsity has been drilling regularly, running signals, passing kicking and otherwise getting "in trim" for the biggest game of the year. Coach Wallace Wade will take over direction of practice activities within the next few days.

Fight Results

By The Associated Press

MIAMI—Felix Saxon, Birmingham, beat Johnny Moore, Holyoke, Mass., 10.

DALLAS—Leonard Pate, Mobile, beat Jack Melrose, New Orleans, 10.

Three stops are on the team's schedule between Tuscaloosa and Pasadena, according to the tentative plans announced here last night. San Antonio, El Paso and Tucson will get a glimpse of the Southern champions, who will leave here on Dec. 21. Eight days will be spent in California.

A large number of Alabama football fans are planning to accompany the team.

Plan to get top prices for your celery this year

CELERY that is tender, crisp and earliest to market commands the top prices. For this kind of celery the crop must be grown quickly.

Bradley's Fertilizers assure rapid and continuous growth. Carefully aged, mixed and re-mixed by exact formula, these fertilizers supply the necessary plant foods for each stage in the growth of the crop. They give every row a uniform, even stand of tender, fresh-grown sprouts.

And don't forget that Bradley's Fertilizers are excellent for all other truck crops as well. Backed by sixty years of sound fertilizer manufacturing experience, they are absolutely the best you can buy.

Scientific research on our experimental farms has shown us how to constantly improve their usefulness in growing particular crops. Ask your dealer to tell you the exact Bradley Fertilizer that is best suited to the needs of your next crop.

EPISCOPAL CHURCH ORGANIZATION GUESTS OF GUILD AT SUPPER

One of the largest meetings of the Parish of the Holy Cross Church was held Friday evening at the Woman's Club, when the members of the Vestry and the Men's Club were hosts at a supper, which was prepared by the members of the Women's Guild, and served by the St. Agnes Guild members.

report of what had been accomplished by that organization. In the absence of the secretary of the St. Agnes Guild, a short report was given by Mrs. Fred Daiger, showing that the St. Agnes Guild had been quite active during the past year.

Seminole Welfare Board in the packing and distribution of Christmas baskets for the less fortunate ones of the county. The place and date for this work will be announced immediately after the conference with Mrs. E. P. Morse, County Welfare worker, and Mrs. Hagan earnestly requests that she have the full cooperation of Welfare Department members, when she telephoned to them their hours of service. If everybody helps, it will not require a long while from any one.

The Garden Circle of the Woman's Club held its usual delightful hour of exchange of ideas at the attractive home of Mrs. Sam Dighton, where a new garden, just in process of instruction provided illustration for ideas. The main topic of discussion was the coming Flower Show, and tentative plans were made and committees appointed to report at the meeting on Jan. 7 which will be held at the home of Mrs. Einar Curlett in Geneva.

A rose sale is being planned for Jan. 5, the next general business meeting, and those interested may get prices from Mrs. Curlett by mailing a postal card to her. After the conclusion of the business, the circle drove out to see the lovely garden of Mr. and Mrs. Roy Simes, a spot so beautiful, and made in a year's time, that it is an incentive and an encouragement to garden lovers to go on with their good work. The grounds are notable in the first place, because of the clever utilization of every natural advantage of slope, trees, and lake view.

Picture Story Of Dry Agent's Wild Ride On French Rum Runner

November 29—Coast Guard cutter 302 cut loose from the captive rum runner Arsene J. at midnight, leaving Matthews and Guardsman Hadley in charge.

The next day, as a gale blew the schooner away from the Louisiana coast, Matthews faced a surly, resentful crew.

Water and food ran low aboard the Arsene J. as the schooner wallowed in high seas kicked up by the raging gale.

Fearing treachery, Matthews stood guard at the entrance to the ship's cabin, Puerto Mexico, December 1.

Activities of the Women's Club

The outstanding event of the coming week at the Woman's Club is the delightful play "His Japanese Wife," to be given by the literature department under the direction of Mrs. J. B. Cogburn.

This play was first presented in the Orpheum Theater in Brooklyn in 1904, and has that enduring charm which makes it an interesting play at the present time as it was on the day that it was written.

Mrs. J. B. Cogburn, who presents it at the Woman's Club at 8 o'clock Tuesday evening, will play the part of Henry Joseph Halberstam, a young American Senator, a light comedy part, while Mrs. Maud Clark will take the role of his wife, Chieka San.

Mrs. E. A. Weston will delineate the character of Mrs. Gordon, a conventional society woman, while Miss Love Turner will play the part of Eliza, the nervous, and Miss Nonie will depict the butler of the household.

The drama is one act only. Mrs. Cogburn has arranged a most delightful musical program to precede it. Mrs. Victor Robinson will sing "One Fine Day," from Madam Butterfly, as in keeping with the Japanese note of the play, and Mrs. A. M. Phillips will be heard in "The Kiss" by Ardit, and "Where My Caravan Has Rested," by Lehr. The many friends and admirers of Miss Eleanor Herring will welcome the opportunity of hearing her for the first time since her season of study and practice at the Fontainebleau School of Music in Paris. Her numbers are "Kiss to the Sea" by Rimsky Korsakoff, and "Tambourin Chinois" by Kreisler.

Mrs. Maud Clark has charge of the tickets, which are merely nominal in price.

At the bridge party on Tuesday of next week, gifts of money, toys and good clothing will be accepted by the Social department to be divided and forwarded at once to the Children's Home Society in Jacksonville.

This annual donation has become a settled feature of the work of the Social department, and it amounts to something very nice for these little ones waiting in the waiting home, for their adoption into permanent homes.

Mrs. Raymond Key and Mrs. L. P. McCuller will be the hostesses for the party Tuesday, and reservations may be made with either of them.

The Christmas ball on Dec. 28 (in the hands of Mrs. Forrest Lutz) and Mrs. J. G. Sharon. Both are sending in their lists for the department members would do well to study the department rules as printed in the year book.

It is of interest many to know that on Sept. 1 Miss Horzonia Hammond, known in private life as Mrs. John L. Harizer, made her debut in the grand opera "Il Trovatore" in Milan, Italy. Mrs. Harizer has visited in Sanford as the guest of Mrs. and Mrs. D. P. Drummond, and her lovely contralto voice is well remembered here.

After several years of European study, she has definitely entered the field of Grand Opera, and has in her first season a repertoire of nine at her command. For the winter she is engaged in Milan, and expects to return to America in 1927.

Attractive Window Arranged At Store Of Smith Brothers

The windows of Smith Brothers Furniture Store have been attractively decorated for the Christmas season and are said to be among the best displays in central Florida.

The store is a well-known one in a modern building, and the Christmas decorations throughout the quarters over the fireplace is appropriately dressed and now it stands a large figure of Santa Claus, wishing everyone a Merry Christmas.

A Christmas tree is very beautifully decorated and stands in the sweet side of the room. Through an arched window at the rear of the store a view of the city is visible.

Many attractive gift suggestions are being prominently displayed in the store and those connected with the business say that this Christmas will be the greatest the store has ever enjoyed.

There will be a brief business session of the Welfare Department on Wednesday afternoon, when Mrs. L. P. Hagan, the newly elected chairman will review with her members the plans of work for the coming months, and she urges a full attendance.

For the month of December the special activity of the Welfare Department is in assistance to the

AL OUTPUT DATE SHOWS RISE IN YEAR

Published By State Show Output Four Million Dollars More For Last Year

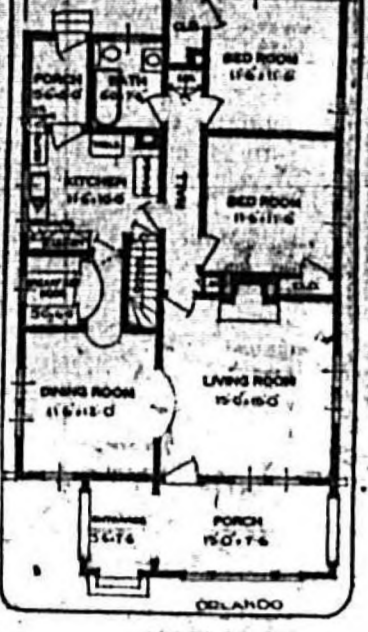

ORLANDO, Fla., Dec. 11.—The total value of the mineral products of Florida in 1925 was \$9,000 more than in 1924, according to a report issued by Herman Gunter, geologist.

For 1925 was \$17,522, of 1924 was \$13,522, showing that the mineral resources have shown progress.

In a small way with the geologist said, development of the state's mineral resources proceeded steadily. At present time, the statistics furnished by the geologists, and by the United States Bureau of Mines, are as follows:

Land pebble and hard limestone, 3,813,213 at \$4,534, 884. Limestone, 231,370 tons, valued at \$1,743,921. Limestone, 1,515,529 tons, valued at \$1,151,367. Limestone, 1,515,529 tons, valued at \$1,151,367. Limestone, 1,515,529 tons, valued at \$1,151,367.

HERE'S MOST POPULAR OF SPANISH TYPE BUNGALOWS

The Orlando is efficiently and compactly built, but offers a real home for the small family. There are five large rooms, a separate breakfast nook, and a hallway connecting all the rooms, yet the house occupies only a 28 foot front and is not the type that requires large surrounding space to set it off to advantage.

The bath is conveniently located and in the rear of the house. Front and back porches are partly enclosed and the refrigerator is fed from the outside. There is a large fireplace and ample closet space for the bedrooms.

The breakfast nook, although adjoining the kitchen, really is a separate room. Notice the wealth of windows through the house. This is the type that is made doubly attractive by the use of awnings.

Construction is of tile and stucco, so arranged as to give extraordinary coolness in summer and warmth in winter. The cost, complete, is \$5,500.

13 COUNTIES ARE FREED OF TICKS LODGED AGAINST SAYS STATE HEAD

ERADICATION WORK TO BEGIN EARLY NEXT YEAR BETWEEN PERDIDO AND CHOCTAWHATCH RIVERS, SAYS DR. KNAPP

TALLAHASSEE, Fla., Dec. 11.—Thirteen and a half counties of Florida are now tick-free; systematic work is proceeding in that section between the Choctawhatchee and Perdido Rivers, and eradication will be begun early in 1927 between the Ocklocknee and Suwannee Rivers, according to a review of the operations of the State Live Stock Sanitary Board, announced by J. V. Knapp, state veterinarian.

Monroe, Dade, Broward, Palm Beach and Martin counties, on the east coast; and Garden, Liberty, Franklin, Washington, Calhoun, Bay, Gulf, Jackson, and the eastern half of Holmes, are free of the tick.

The work now going on between the Choctawhatchee and Perdido is expected to be completed early in 1927.

Over 400 dipping vats, to be used in the operations between the Ocklocknee and Suwannee, have been constructed.

Cattle owners of the new area, the veterinarian said, have lined up with the state forces, and are ready to co-operate 100 per cent.

FRAUD CHARGE IS LODGED AGAINST MANY IN FLORIDA

17 Hydroplanes In San Diego Regatta

JACKSONVILLE, Fla., Dec. 11.—Indictments returned here today by the federal grand jury for the southern district of Florida include names of men prominent in the state, charged with use of the mails in schemes to defraud, in connection with sales of real estate, it was announced from the office of William Gober, United States district attorney.

No names were given out, but it was said that warrants for several arrests would be issued this afternoon and that the men would be in custody "within a few days."

Half a dozen liquor conspiracies of more than usual far-reaching ramifications also were included in the indictments, the district attorney said. Names in these cases

also were withheld until the district clerk has time to check on whether principals are under bond or in jail.

Seven or eight more persons were indicted in connection with the alleged medical license mill in which Dr. George A. Munch of Tampa, former president of the Florida State Board of Eclectic Medical Examiners, and five other men prominent in Florida medical circles have been under bond for some time, the district attorney said.

Names and details in the liquor conspiracy cases may be ready for announcement by tomorrow morning, Mr. Gober said, but it is expected several days will elapse before names will be given out in the land sale fraud cases and in the medical license mill case.

500 CHURCHMEN ARE EXPECTED TO ATTEND MEETING

Presbyterians To Hold Two Day Conference Starting Next Tuesday; Prominent Speakers Are On Program

ORLANDO, Fla., Dec. 11.—(AP)—Upwards of 500 church workers of Florida are expected to gather here Dec. 14 for a two-day statewide conference of Presbyterians.

The conference has been called "to create a synodical consciousness in home missions, and recommend to the synod of Florida the setting up of a unified home mission organization," according to invitations sent out.

The two-day session will be featured by addresses by prominent clergymen and laymen of the Presbyterian church of several sections of the country. The subject of their talks will be along the lines of "our home mission need and opportunity."

Included among those who will speak are Dr. William Crowe, pastor of the Westminster Church, St. Louis; Dr. W. Ray Dabney, Birmingham; Dr. J. Campbell White, vice president, Bible Seminary, New York; Dr. W. E. McIlwain, chairman home mission, Suwannee Presbytery; Dr. L. E. McNair, pastor First Presbyterian

Church, Jacksonville, St. Johns Presbytery; Dr. E. A. Lindsay, superintendent home missions, Tampa University of Florida, Dr. H. Cunningham, Gainesville; Florida State College for Women, Gayle P. McChord; Dr. R. H. McCaslin, pastor Riverside Presbyterian Church, Jacksonville, who will lead the open forum on the subject "The Challenge."

Presbyterian lay workers who will speak are Karl Lehmann, Orlando; John D. Baker, Jacksonville; Duncan B. Curry, Tampa; J. H. Sherrill, Pensacola; Judge A. G. Campbell, DeFuniak Springs; H. C. DuBois, Sanford; W. R. O'Neal, Sanford; C. T. Paxton, Jacksonville; and Marcus Fagg, superintendent, Children's Home Society, Jacksonville, and a number of others.

One of the problems to come before the conference is how the church should proceed about effecting an expansion in Florida to cope with the rapid growth of the state, and particularly with respect to home mission work. Messages of the work carried on in the various fields of Presbyterian activities will be laid before the conference.

The three Presbyterian churches of Orlando have arranged to furnish accommodations for the delegates, relieving the latter of all expenses other than transportation.

Work done by any machine can now be registered by the electrograph, a new device which shows on a ribbon of paper exactly what work the machine does and what it stops.

Truck Market Expected To Rise With Lighter Shipments In Coming Week

The truck market has shown a decline during the past week that has not been favorable to the grower of this section but anticipation of light shipments next week is expected to strengthen the prices in both the northeastern and the markets of the middlewest.

A total of 69 cars were shipped from the Sanford district in the seven days just past. Lettuce shipments headed the list with 33 cars and escarole was a close second at 27 cars. Eight cars of romaine were shipped and one car of peppers. A few mixed cars left, but no accurate estimate on their number is available.

In New York lettuce has been selling at a top of \$2. Escarole has brought practically the same. Romaine brought \$1.50 top while the market on peppers has been about \$3.50 to \$6. A few crates of beans were sold in the Sanford district at \$1.75 per hamper f. o. b., which is considered an excellent price.

caused by the warm growing weather, had their effect on the market from the first of the week to the last. However, only in few instances has the crop been going into used and very few spots are noticeable. Several cars will be shipped next week that will probably bring a price equal to that of two weeks ago.

Several farmers in the district have been setting escarole and while the price the past week has not been high, it will probably show a steady rise until the late crop comes in.

Romaine shipments have been light, and luckily so for the market has been at about \$1.50 top.

Recent reports of the storm in California have told of the reported damage to the lettuce crop and local shippers are expecting better prices in the near future.

Photographs will be taken at the rate of 400 a minute by a new camera, if it lives up to its inventor's claim.

BREAKFAST—Orange juice, cereal, thin cream, creamed dried beef on toast, crisp toast, milk, coffee.

LUNCHEON—Rice and vegetable soup, croquettes, jellied apple salad, brown bread, molasses cookies, milk, tea.

DINNER—Roast veal, baked macaroni and tomatoes, creamed carrots, endive with French dressing, whole wheat bread, date pie, milk, coffee.

light and add to first mixture. Add bread crumbs and salt and mix thoroughly. Dissolve baking powder in milk and stir into mixture. Turn into a buttered mold and steam three hours. Serve with orange sauce or whipped cream.

Suet puddings must be thoroughly cooked, a longer time being allowed than for an ordinary steamed pudding.

Carrot Pudding
One cup grated raw carrot, 1 cup grated raw potato, 1 cup light brown sugar, 1 cup flour, 1 tea-spoon soda, 1-2 teaspoon cloves, 1-2 teaspoon cinnamon, 1-4 teaspoon salt, 4 tablespoons melted shortening, 2 tablespoons milk, 1 cup seeded and chopped raisins, 1-4 cup sliced citron.

Sprinkle 2 tablespoons flour over raisins. Mix grated carrot, potato and sugar. Mix and sift flour, salt, soda and spices. Melt the shortening in the mold in which the pudding is to be steamed. This greases the mold as well as prepares the shortening for the pudding. Combine all the ingredients, mixing thoroughly. Turn into greased mold and steam three and one-half hours. Serve warm with hard sauce.

This pudding can be reheated and used the second day.

A lemon sauce can be used if a less rich sauce is preferred.

Veal Pudding
Three cups milk, 1-2 cup cornmeal, 1-2 teaspoon salt, 1-2 cup minced suet, 1-2 cup molasses, 1-2 cup seeded raisins, 1 teaspoon cinnamon, 1-4 teaspoon ginger, 1 egg.

Sift 1 cup milk and stir in cornmeal, salt and molasses. Stir and cook until mixture thickens and add suet, spices and raisins. Mix thoroughly and stir in egg, well beaten, and remainder of milk, which is cold. Stir well and turn into a well-buttered pudding dish.

Bake in a very moderate oven for two hours. Serve warm with brown sauce.

Keep in the mind that veal requires long, slow cooking to make it at its best. A roast needs 25 to 30 minutes per pound, with an additional half hour to insure perfect and thorough roasting. Extra fat is usually needed, since veal is an immature meat and seldom fat in itself. Thin slices of salt pork can be laid over the roast or strips of clear fat pork may be threaded through the meat with a larding needle.

Rice and Vegetable Soup
One quart can tomatoes, 4 tablespoons rice, 2 medium-sized onions, 1 turnip, 2 small carrots, 2 cups water, 2 tablespoons butter, 1 teaspoon salt, 1-2 teaspoon pepper, 1-2 teaspoon celery pepper.

Melt butter in sauce pan. Add onions peeled and cut in thin slices and cook over a low fire for five minutes. Add rice and stir until thoroughly coated with butter.

Wash and scrape carrots and turnip. Cut in thin slices and add with tomatoes, water, salt, pepper and celery pepper to mixture in sauce pan. Cover and simmer 20 minutes or until vegetables and rice are tender. Rub through colander and reheat before serving.

Fig Pudding
One-fourth pound figs, 1-4 cup chopped suet, 1-2 cup sugar, 1 egg, 1-2 cups bread crumbs, 1-2 teaspoon salt, 4 tablespoons milk, 1 scant teaspoon baking powder.

Put figs through food chopper. Work suet until creamy and add sugar and egg until

There Is a Success

People who know say that Dunedin Isles is Florida's greatest home community.

They point to its location, overlooking Clearwater Bay and the Gulf of Mexico, where hills come to the shore, to its winding rivers, its lakes, springs, trees and to its many other picturesque features.

They recognize its perfect, natural drainage, the health and safety insured by its hills. They know of its all-year climate, delightful at any season.

Dunedin Isles is within the city limits of Dunedin—it has the famous Dunedin city water. Its boulevards are paved with varnished brick on a heavy rock base and beautifully landscaped with trees, palms, shrubs and flowers from the Dunedin Isles horticultural gardens, largest in Florida.

Dunedin Isles has every improvement NOW.

And it has Florida's finest golf course.

As a place to live and enjoy life, Dunedin Isles possesses a remarkable combination of natural advantages completely developed by one of the foremost community builders of the nation—an organization noteworthy for many successes, for big things done speedily and well, for big resources in money and men and for a great leadership.

That is why so many people are already living there and many more are building homes now.

You, too, can have a beautiful home in Dunedin Isles NOW—financed for you on easy terms. This plan will interest you.

Just One Of Florida's Herces

Some one with a gift for vivid writing could weave some heart-touching stories out of the histories that were made by this state's scourge of "binder boys."

There is a gentle old man in one boom part of Florida whose story would reach deep into the sympathy of even a superficial reader.

During the real estate speculation period in 1925, he was offered one tempting price after another for the land but could not make up his mind to give up his home.

The old man acted like a boy. His eyes danced with merry lights. He used that thirty thousand dollars in showery old friends and little children a good time.

Figuring on his interest on the two hundred and seventy thousand coming to him, the old man could count on more than twenty thousand dollars each year for spending money.

Perhaps you think this would make a sorry tale. It would if there didn't happen to be another chapter.

Inside of three years another "boom" will come to Florida, the cheery old fellow maintains, but he insists that it will have no "binder boys" to make it a "cheat."

Some one with a gift for writing could use that old man's case to make a great story. Some one with a gift for preaching could get a marvelous sermon from that fine old fellow's attitude toward life for the theme.

Beware Of Crooks

This is the season of trap for tourists, and we love to have it going. We love to have our hotels and apartment houses filled, we love the crowded streets.

We read about the robbery of the Sarasota Herald. Thieves entered the building during the night and cracked the safe with a stick of dynamite.

Even in Sanford one or two combinations of late indicate that there are criminals among us.

In order to prevent losses which might be seriously inconvenient, or a possible tragedy, The Herald not only urges the police department to unusual watchfulness, but also advises the residents of the city to "lock up."

Be assured of this, that there are crooks in Florida, just as there are tourists, sunshine, fruits, vegetables, health and happiness, and that the one is just as dangerous as the other is welcome.

"SOME TIME BACK a gentleman wrote in to say that he was going to church on Sunday, as we every Saturday suggest for people to do, because he didn't want to.

WITH THE APPROACH of the biennial session of the Florida Legislature it is well for citizens to consider measures which will improve city and state.

Mrs. Harold C. Viele Is Hostess Friday To Plaisance Bridge Club
Especially delightful was the bridge party given Friday afternoon when Mrs. Harold C. Viele entertained members of the Plaisance Bridge Club and an extra table of players at her home in Rose Court.
Exquisite red roses combined with greenery were arranged with artistic effect in the rooms where the card tables had been spread for play.
Quaint tallies done in pretty girls were used in keeping scores for the card game, and after the usual number of progressions the scores were added and prizes were awarded. For having held top score, Mrs. W. D. Gardner received a framed picture. Second high score prize, a pittery basket, was won by Mrs. Tom Holt. In cutting for the consolation prize, a bridge set, Mrs. L. P. McCuller was the lucky one.
Refreshments consisting of creamed chicken in timbale, sandwiches, hot rolls, olives, stuffed celery and coffee were served by the hostess at the conclusion of the game.
The players were Mrs. W. D. Gardner, Mrs. John W. Sneed, Mrs. A. C. Fort, Mrs. Tom Holt, Mrs. L. P. McCuller, Mrs. Stephen Pierpont, Mrs. Clyde Byrd, Mrs. J. C. Bennett, Mrs. W. B. Zachry, Miss Letty Caldwell, Mrs. Edward Lane, and Mrs. Manely.

Mrs. Chris Matthews Entertains Members Of Her Bridge Club
Members of the Lethaphon Bridge Club were most pleasantly entertained Friday afternoon by Mrs. Chris Matthews at her home on Elm Ave.
Matze and lavender were the colors chosen to decorate for the affair and were most effectively carried out with yellow pom-pom chrysanthemums, lavender, asters and purple violets.
Old-fashioned maidens wearing bobbed skirts in yellow and lavender were used for the card game. At each player's place were nosegays of violet and daisy chrysanthemums.
After an exceptionally interesting game of bridge had been played, the prize for high score among the guests, a lovely shoulder bouquet of pink radiance roses, was awarded Mrs. Mildred McAlexander. The low score prize for the guests, a dainty hand-made handkerchief, was won by Mrs. Clifford Walker. Mrs. Forrest McAllister drew the lucky card and was presented a pretty trapezoid cover. The low score among the club members was made by Mrs. M. Minarik while the high score among the club members was made by Mrs. P. M. King.
Late in the afternoon the hostess served salad, saltines, olives and tea.
Among those playing were: Mrs. M. Minarik, Mrs. P. M. King, Mrs. Forrest MacAllister, Mrs. A. C. Foster, Mrs. J. E. Wathen, Mrs. Clifford Walker, Mrs. Wurt W. Warner, Mrs. Mildred McAlexander, Mrs. Walter Birch, Mrs. James Jackson, Mrs. Clarke Leonard, Mrs. Hayward Walker. Joining the players for tea were Mrs. S. A. Huston and Mrs. J. R. Stewart.
W. C. Hill and small daughter, Carolyn, left Friday evening for Jacksonville where they went to meet Mrs. Hill, who has been spending the past fortnight visiting her brother and wife, Mr. and Mrs. Eugene Le Gette in Atlanta Ga.
Mrs. S. M. Lloyd and small daughter, Jane, returned home Thursday evening from Jacksonville where they spent the past week with Mrs. Lloyd's mother, Mrs. C. M. Hand, who is ill at the St. Luke's Hospital.

DELIGHTFUL COURTESY IS GIVEN BY MRS. DECOTTES FOR MRS. HUTCHISON

One of the loveliest social affairs given in Sanford this season was that of Friday afternoon when Mrs. George A. DeCottes entertained at bridge at her attractive home on Park Avenue, honoring Mrs. Cauthen Hutchison, a recent bride.
The rooms where the guests assembled for play were ablaze with quantities of golden marigolds and yellow African daisies accentuating the colors of gold and green.
Unusual tallies done in hand-painted Florida scenes were used for the "exceptionally enjoyable card game, and after several rounds scores were collected and the prize for high score, a silver slave bracelet studded in jade was awarded Mrs. Franklin Hardway. The cut prize, a silver slave bracelet studded with amethysts, was won by Mrs. William J. Hardy. Mrs. Hutchison was presented a handsome double dorian of antique Russian silver set with turquoise stones.
Following the awarding of the prizes, the tables were laid with exquisite hand-made cloths and refreshments consisting of a delicious salad and ice course were served by the hostess assisted by Mrs. Alexander Vaughan and Mrs. Mortimer Glover.
Mrs. Hutchison was attired for this occasion in a smart frock of Valencia blue georgette combined with panne velvet.
Invited to meet this charming guest of honor were: Miss Mary Graves, Miss Frances Graves, Miss Marcia Patterson, Miss Kitty DuBoise, Miss Le Claire Jones, Miss Eleanor Herring, Miss Pattye Lyles, Mrs. Sanford Doudney, Mrs. Frank MacNeill, Mrs. Benjamin Whitner Jr., Mrs. William J. Many Turf Luminaries Ready For Bugle Call At Longwood Track Saturday

Everything is all set for King Horse to strut his stuff at Seminola Park tomorrow afternoon, when the thoroughbred racing season of Florida will be inaugurated under conditions which promise to be exceedingly auspicious. For 31 or more days the bangtalls are scheduled to monopolize the limelight of sport interest in this vicinity, after which the racing season will shift to other points in the state.

Assembled here for the speed carnival are horses and riders from all sections of the country. Following a checkup made yesterday it was announced that close onto 600 star performers of the turf world are on hand for the season at Seminola, along with nearly 100 jockeys. Outside of Miami, this is the largest group of thoroughbreds ever assembled for a meeting in Florida.

Included in the great equine colony now quartered at Seminola are such stars as Reputation, the four year old son of Hilarious and Paris Queen, which the Harned Brothers refused \$40,000 for during the past season. In the same stable is Glide, winner of the Kentucky Oaks in 1924, defeating among others the great race mare Princess Doreen, Nellie Morse, Befuddle and others in the sensational time of 1:51 4/5 for the nine furlongs. Despite the fact that she was disqualified following the running of the classic this performance stamped the Harned filly as a great racer.

Gliding Fox, sensation of the winter racing season last year, is another turf luminary now quartered at Seminola, worthy of more than ordinary mention. This four year old daughter of Moss Box and Gliding Belle astounded the turf world last winter when she scored seven consecutive victories at Oriental Park.

Another trio of sprinters which figure to play an important part in the racing at Seminola during the coming weeks includes the two shifty mares, Sanela and Anna Marrone II, and the colt Pigeon Wing II. The latter proved to be somewhat of a sensation over the Kentucky tracks the past season, while Anna Marrone II has been a great favorite on the metropolitan tracks during the past two seasons. Sanela met with a considerable measure of success on the Chicago tracks this summer.

To review the merits of all of the stars now collected at Seminola for the meeting would take many columns. Yet there are many there which have played roles of unusual importance in American turf history such as Martingals, which finished second to the great Zev in the Kentucky Derby of 1923, and Care Free, generally accredited to be the most consistent selling plater racing on the turf today. This grand old son of Gallop followed his record breaking consistency of 21 victories in 1925, by annexing 11 purses this season. With still over two weeks to go, he has a chance to add further to this ring of victories.

Gator Coach Defended For Poor Showing Of Team By Sports Writer Of Tampa

UNIVERSITY OF FLORIDA, Dec. 10.—(Special).—Believing that Coach H. L. Sebring of the University of Florida has been unjustly criticized for his failure to turn out a winning football team this fall, Ray Parmely, sports editor of the Tampa Times, has come out in The Times with the statement that the Gator coach has been severely and unfairly "ripped" during the past year with a lack of real football material, and that those who have this year condemned him as a failure must wait until next fall when the 1927 "Baby Gators" come to the varsity squad before they pass final judgment upon him.

The Times' sport critic says in part: "Whenever Sebring had all of his first string men available, his team played wonderful ball. They beat some of the best teams in the country, including Drake

University, one of the Missouri Valley Conference, best that year; they beat Alabama out of a Conference title once; they twice played Georgia Tech to a tie game; and they capped the climax by giving the Military Academy at West Point the scare of their lives.

"Sebring was not head monitor all the time this was going on, but it is known fact that he was the strategist for Coach Van Fleet, he planned most of the attacks, and practically handled the team during the games. Van Fleet was the fundamentalist and disciplinarian. But what about next season? Coach Cobwell is sending along one of the best first year squads that ever walked on a gridiron; there are not 10 or 12, but 25 or 30 good men. Sebring will have the material next year and it's a 10 to 1 shot that he will turn out a corking team."

Sessions Of Stove Loop Scheduled To Be Held Next Week

CHICAGO, Dec. 11.—(AP)—With the season of the stove league called to meet here next week, the baseball officials are enroute here discuss different phases of the game.

First of these is the renewal of the contract of Commissioner Landis, regarded as almost certain.

Membership of the Cleveland Indians is yet to be arranged and announced, and Eddie Collins' decision likewise waits further chances here. Collins says he has two offers and promises to appear in the American League as usual next season, but whether with Cleveland, Philadelphia or some other club he is not ready to say.

If Rogers Hornsby's new contract is not yet changed, it too, to discuss different phases of the league operations can get under way.

The American Association meeting opens the week's program here on Monday, though President Hekey was re-elected with an increase in salary at Asheville.

On Dec. 14 and 15 the American League hold their business sessions and on Dec. 16 the National League come from New York after their own conference for the

joint meeting presided over by the commissioner.

Both Chicago clubs are openly in the tarding market, seeking in fielders. The Jack of important deals at Asheville indicates that the signing point has not been reached by several other major league hunters.

Famous Swede Track Star To Race In U. S.

NEW YORK, Dec. 11.—(AP)—Although the Amateur Athletic Union recently announced its opposition to International track competition until after the 1928 Olympic meet, Edwin Wide, the famous Swedish runner and conqueror of Paavo Nurmi, will be permitted to race here this winter.

An exception to the rule has already been decided here, so the track Secretary F. W. Rablen announced, because the European star is not visiting primarily to exhibit his athletic prowess. His purpose is to make an educational tour at the expense of his own country.

Wide, a schoolmaster, is due to arrive in New York next month.

This isn't the sport that made her famous, but Suzanne Lenglen, famous professional tennis player, likes to play golf to help keep in trim. She's shown on the Missouri Hot Springs at Kansas City.

Mehlhorn Has Lead Over Large Field In Monterey Meet

DEL MONTE, Calif., Dec. 11.—Headed by Bill Mehlhorn, Chicago professional whose smashing 22 yesterday put him in the lead of the first round of play, more than 100 amateurs and professionals took up the trial again today in the second leg of the 72 hole \$5,000 Monterey peninsula open golf championship, initial event of this winter tournament.

Mehlhorn, however, held his lead by the barest of margins, as trailing at his heels were Al Espinosa, Chicago and Hutt Martin, Los Angeles, with several other runner par for this Pebble Beach course.

The field, numbering some of the greatest performers in the country, found an unexpected hazard in a high wind that crossed the course from the northeast. It provided a hindrance to George Von Elm, Los Angeles, national amateur champion and favored contestant, who played his round in 76.

Jennings Was Given Utmost Consideration Says Owner Of Giants

NEW YORK, Dec. 11.—(AP)—Hugh Jennings was treated with "the utmost consideration" by the New York Giants, in the estimation of Charles A. Stoneham, president of the club.

Replying to assertions of his former assistant manager that Jennings had "deserted" him and cut him off the payroll after he had been forced out of the game by ill health, Mr. Stoneham issued a statement indicating that Jennings was offered his old position as late as Oct. 16 of this year.

Mr. Jennings, who represents the club's position with the former coach, has kept in touch with Mr. Stoneham and has endeavored to express his great solicitude as to his welfare, said the club president.

"If he feels he is neglected we will assure him that such neglect was not intentional. We are sorry to hear that he is very sorry."

THREE MORE FAILURES

NEW YORK, Dec. 11.—(AP)—Only three more commercial failures in the United States this week than the week before are reported but the total of 466 was 34 more by R. G. Dunn and Company, than a year ago.

Riders had pushed the total to 294 failures in a series of sensational names. Goossens, Belgian and Linnari, partner of "Iron Man" Macnamara, were injured in suils.

Welterweight Series Gets Official Sanction Of New York Boxing Commission

NEW YORK, Dec. 11.—(AP)—The padded knuckles of more than a score of recognized contenders were rapping out challenge music today at East and Far West training camps in a widespread title drive against the champions of six fistful divisions.

In the wake of a string of de-thronements which marked the passing of several title holders this year, three class leaders found themselves immediately threatened, while the names of at least 18 candidates were lined up for elimination series. Heavyweight, middleweight, featherweight, bantamweight and flyweight titles all gave involved in the scramble.

The general round up for the miss-and-out campaign was extended yesterday when the New York state athletic commission placed its official stamp of approval on a welterweight series. Joe Dundee, of Baltimore, and Willie Harmon, of New York, representing the East, were paired off against Mushy Callahan and Eddie Roberts, of the Far West.

Pete Latzo, incumbent of the 147 pound throne, was more concerned, however, with a challenge from Sergeant Sammy Baker, against whom he has a scheduled ring argument next week in Wilkes-Barre, Pa. The match will provide two other championship fights to be waged here, with Eddie La Barba risking his flyweight crown against Elky Clarke, of England, and Charley (Phil) Rosenberg, bantam title holder, opposing Bushy Graham, of Chicago.

both hands ready for the main bout winner.

Upsets have thrown the featherweight elimination machinery slightly out of gear. Babe Herman, whose title hopes have been revived by victories over Tod Morgan and Benny Bass, gets a new chance to re-establish himself firmly in the front rank when he meets Eddie Anderson, of Wyoming, Monday night. The bout will precede the Kaplan-Rosenbloom clash. Bass, Red Chapman and Honeyboy Finnegan of Boston have been given official places in the elimination parade, with Bass and Chapman scheduled to lock shortly.

Fight Results

WATERBURY, Conn.—Jack Delaney, Bridgeport, Conn., light heavyweight champion, knocked out Jamfca Kid, New York, 3 Tony Travers, New Haven, and Fred Bretonnel, France, drew, 8 BOSTON—Benny Bass, Philadelphia, beat Johnny Sheppard, Woburn, 10.

TAMPA—Arturo Shocks, Belgium, uprooted George Eagle, Portland, Ore., 10. Enrique Ponce de Leon, Havana, beat Tut Seymour, New Orleans, 10.

NORRISTOWN, Pa.—Benito Villamore, Philippine Island, knocked out George Neilan, Norristown, 5.

OTTUMWA, Ia.—Pinkey George, Des Moines, won on a foul from Harry Goller, Kansas City, 5.

GRAND RAPIDS, Mich.—Mike McTigue, New York, knocked out Soldier King, Grand Rapids, 5.

"Bevo" Le Bourveau Is Sifted By McGraw

NEW YORK, Dec. 11.—(AP)—The demand for youthful recruits by Rickard also has filled in all the blank spaces on his next heavyweight elimination card for a show Dec. 22 which includes a match between Jimmy Maloney of Boston and Harry Ferguson, Swedish challenger. The supporting fights will match Monte Mann, Nebraska, grudge product, against Knott Hansen, Wisconsin Dane, and Otto Van Perta, of Norway, Olympic champion, against Martin Burke, of New Orleans.

Jack Dempsey, Jack Shocks, Paulino and Berlenbach will be waiting around the corners with

America's Favorite Outdoor Sport Now Is Beating The Traffic Lights

By ED FRIEDMAN

It is that of "shooting the yellow" or "beating the traffic lights" that consists of speeding up at the moment the light changes from red to yellow, and crossing before the green light comes on. There are many who do this sport to beat the traffic lights and keep the traffic cops from catching them.

diverted so much traffic that new signal installations are necessary. This sport of avoiding the traffic lights, however, will not only help rather than a hindrance, that they tend to speed up traffic as a whole as well as keep it safe.

Special Traffic

In fact, modern traffic control has gone so far as to introduce a system by which a motorist, going at a regular rate of speed, may continue along a main street for the entire length without being stopped. This is done by means of the cascade, ripple, or wave system of traffic lights.

The signals along an entire street are so arranged that green and red lights are interspersed. The motorist who times his speed properly doesn't have to stop as long as he is going in one direction.

The system has been found effective in New York and is being adopted in other large cities.

York And New Jersey Ambitious Programs Highway Construction

YORK, Dec. 10.—(AP)—\$200,000,000 will have been spent before 1933 by New York and New Jersey for perhaps the most ambitious program of highway construction in the country. The program includes:

The \$40,000,000 twin tunnel for vehicles under the Hudson, already completed and soon in operation.

Two express highways of the variety, costing about \$75,000,000.

Gilpin Appointed To Be Assistant Sales Head Of Chevrolet

In preparation for what promises to be another record year for the Chevrolet Motor Company, R. H. Grant, general sales manager, today announced the appointment of A. W. L. Gilpin as an assistant general sales manager. Under Mr. Grant's leadership, Mr. Gilpin will work with C. E. Dawson and E. J. Klingler, present assistant general sales manager, in directing Chevrolet sales.

Each of the three assistant sales managers will have charge of two of the six regions into which the entire country is divided. Mr. Gilpin assumes charge of the Chicago and Cincinnati regions; Mr. Dawson, the Flint and Tarrytown regions and Mr. Klingler, the St. Louis and Oakland, Cal., regions.

Mr. Gilpin brings to his new position 18 years experience in the automobile business, having served the industry since 1908 successively as dealer, retail sales manager, wholesale sales manager, branch manager and, more recently as an assistant general sales manager for the Ford Motor Company.

Since joining the Chevrolet organization early this year, Mr. Gilpin has been making a survey of the used car situation and the truck and truck body field as well as studying Chevrolet sales methods. He is an alumnus of Toronto University and later graduated from Lake Forest University, Lake Forest, Ill. During the war he served as purchasing agent for the British government in the United States in the tank service.

Dodge Makes Good Record In Delivery During Past Month

Retail deliveries of new passenger cars and trucks by Dodge Brothers dealers in the United States and Canada during the first three weeks of a November record far ahead of that established during the same month last year.

Retail sales during the period from November 1 to November 20, the official report from the factory at Detroit shows, are 24.8 per cent above the figures for the same period in 1925 and 84 per cent ahead of those for the same three weeks of 1923.

Popular approval of the recently announced improvements is clearly indicated by the increases in retail deliveries recorded in many of the larger cities of the country. In the New York City territory, for example, 182.9 per cent more cars were delivered during the first three weeks of November this year than during the corresponding weeks of 1925. The corresponding gain in Detroit and its suburbs was 142.9 per cent and in Minneapolis 126.3.

DAYTONA BEACH.—The old City Hotel, built in 1884, one of the landmarks of this section, is being razed. The wrecking took place when A. Aronovitz, Miami lawyer, who holds a 99-year lease on the property, ordered it torn down. The hotel was condemned last fall by the state hotel and city commissions.

More Value than the Price Suggests

In the year just drawing to a close the price of Dodge Brothers Motor Cars was materially lowered.

Yet during this period more important improvements were incorporated than in any year in Dodge Brothers history. Advances were made in engineering and body designs. The cars possess a greater degree of smoothness, silence and ease. They are more comfortable, more beautiful.

Current prices—made possible, of course, by constantly mounting sales—are therefore not an obvious measure of value. Prices, in fact, have never told the full story of Dodge Brothers dependability and basic worth.

But now, more than ever before, there is far more value than the price suggests.

Vanities' To Be Presented In Their Entirety At Athens Theater In DeLand

The Earl Carroll "Vanities," which for some years has been the sensation of New York, will be presented in its entirety by the Joseph M. Hill, Inc. at the Athens Theater next Wednesday night with a company of 100 people.

The instantaneous success and undiminished popularity that has been enjoyed by the "Vanities" since its first performance is one of the records of the time of its first presentation the field was already crowded with revues, and its success can only be attributed to its originality and the supreme popularity with which it was presented.

The magnificent scenic environment of spectacular extravagance, achieved with absolute disregard for expense, the excellence of the comedians, and the indescribable attractiveness of the large and shapely forms of girls, who appear to great advantage in the series of large pictures, conceptions of the great skillful directors, supplemented by melodies of an alluringly musical character, that delight and intoxicate the senses, lend an atmosphere of oriental splendor to its supreme triumph of stage art.

The performance opens with the "Rites of Spring," a charming number which is followed by various sketches in which the clever featured comedians are Bert Swor, Ben Powers and Dave Chasno, who afford much amusement with their brilliant witticisms and clever absurdities. Notable amongst the numbers of the Revue are Louise Brooks, the Perfect Venus in "Fan, Nail and Pearl." Other spectacular numbers are "The Gate of the North Miami Skies,"

Here's Miss Marie Goode, one of the semi-nude beauties in the Earl Carroll Vanities' to be seen at the Athens Theater in DeLand on next Wednesday night.

"The Kinky Kids on Parade" and the Grand Finale, "Hi Ho." The music of the revue is extremely beautiful and contains numerous catchy airs that are readily caught by the audience and that become very popular.
