

Total And Universal Disarmament Is Plan Proposed By Russia

**Max Litvinoff Sounds
Warning Of Another
World Conflict Un-
less Aim Is Reached**

GENEVA, Feb. 11.—(A.P.)—Maxim Litvinoff, commissar for foreign affairs for Soviet Russia, proposed total and universal disarmament to the world disarmament conference today as the only valid security against war.

Litvinoff forecast the approach of another world war which will be more terrible than the last unless disarmament is achieved. His plan for total disarmament he admitted, probably will have slight chance of acceptance by the great powers, and as an alternative he offered a second project for progressive and proportional disarmament. Then to the surprise of delegates he assured the conference his government is ready to consider any proposal likely to achieve arms reduction. The soviet delegation is credited by delegates with being marked by moderation and likely to increase its possibility of success for the conference.

His plan for proportional disarmament included adjustment of percentages of arms reduction as to give equal security to weaker and more exposed countries.

Success Attending Women's Drive To Raise Party Fund

With an increasing army of Democratic women workers now engaged in soliciting funds from the 4000 registered Democratic voters in this county, there is every indication that the drive to raise \$500 in one week will be a decided success.

That is the message received from Mrs. W. T. Langley, colonel of the Seminole County army, who declared that since an enthusiastic group of women met at the Women's Club yesterday morning, to receive final instructions as to how to approach the voter, nothing but encouraging reports have been coming back to her.

"I trust that all my workers will be received with every consideration by everyone," Mrs. Langley said, "thereby assisting in completing this drive within the appointed time."

Mrs. Langley declared that there are several women volunteering to lead a band in the drive, and that their support is highly appreciated. "If there are any others who would like to assist in this drive, who have not as yet called, please notify me at once," she said. "I will be glad to give your name to the major of your precinct, for there are some sections of the county that could easily use more captains and lieutenants."

All funds collected will be sent to National Democratic headquarters to be used in the coming presidential campaign. Florida is one of three states in the Union which has been asked to mobilize its women Democrats into an army for the purpose of raising funds to insure the success of the drive, and local women, as well as Mrs. James M. Carson, Miami, general of the entire Florida army, are confident that success will meet the efforts to raise \$15,000 in Florida.

**Sanford Quintet
Defeats Daytona
By 41 To 28 Score**

Presenting a new attack, different from the listless type of play shown in the Leesburg game last week, Coach Leonard McLucas' Seminole High basketball team defeated the Daytona Beach quintet 41-28 last night.

An effective passing attack led by Johnny Courrier and Murray Kanner featured the victory for the Colony Feds. Courrier accounted for 14 points while Kanner hit the basket for 12 points.

Mayberry was Daytona's high scorer, piling 18 points during the evening. Hughes, a guard, played a fine floor game.

Seminole High scored first when Lyles sank a free throw. This was quickly followed by a field goal by Courrier. From then on it was Sanford all the way, and with that effective passing attack, pulled away from the visitors so that at the half the score was Sanford 28, Daytona 16.

The local team will meet stiff opposition the remainder of this week. Friday night they meet Orlando, winners of the Big Ten tournament last week, in Orlando at the Coliseum. Saturday Coach McLucas will take the team to Tampa to play Plant High under Coach Lamar Serra.

Line-up and scoring last night:

SANFORD (41)	fg	ft	tp
Courrier, f	12	14	
Smith, f	8	3	0
Knight, f	0	0	0
Kanner, f	12	0	12
Hester, c	0	0	0
Lyles, g	2	2	4
Preston, g	0	0	0
Sellers, g	2	0	2
Total	34	21	14

DAYTONA (28)	fg	ft	tp

Ritchie Calls Upon Nation To Arm Self

BALTIMORE, Feb. 11.—(A.P.)—Governor Albert C. Ritchie today called on the United States to maintain adequate armed forces to protect the nation in the face of the world, giving every indication it is preparing for another war. The Maryland executive said that the presidential campaign during the past year in operation has been a preparation for the Washington conference.

WASHINGTON—New structure being erected in place of old building of Southern Cafe on Noble Avenue.

JAPAN EAGER TO DISARM, STATES PEACE DELEGATE

**However, Envoy's Ad-
dress Is Received In
Lukewarm Fashion**

GENEVA, Feb. 11.—(A.P.)—Japan added her voice yesterday to the call for disarmament. Taneo Matsudaira, Japanese ambassador at London and chief of the Tokyo delegation to the world disarmament conference, asserted in a declaration of policy that "notwithstanding the unfortunate situation in the Far East, Japan is as eager as ever to further the cause of disarmament."

Grandi, the "baby of the conference" by virtue of the fact that he is only 36 years old, advocated widening the London naval agreement by the inclusion of France and Italy and promised his country's support toward that end. He stated Italy's willingness to abolish.

Two Men Convicted For Torch Slaying

RIPLEY, Tenn., Feb. 11.—(A.P.)—Albert Moore and Harrison Yon, both 30, today were convicted of the torch murder of Mrs. Mary Moore, 42, the former's stepmother and the punishment was fixed at 21 years imprisonment. The bodies of Mrs. Moore and her two children were found in the ruins of her burning home Jan. 5.

CUBAN POSTOFFICE BOMBED

HAVANA, Feb. 11.—(A.P.)—The postoffice and telegraph center in Mariano, near Havana, was bombed yesterday morning. Considerable damage was done to the building.

MILLS APPROVED AS SUCCESSOR OF ANDREW MELLON

**Norris Ridicules Ap-
pointment Of Mel-
lon As Ambassador**

WASHINGTON, Feb. 11.—(A.P.)—Oscar L. Mills of New York was approved by the Senate yesterday as secretary of the Treasury, but he will not be able to assume the post formally for several days.

While there was no debate on the appointment and approval was given without a record vote, Senator Norris, Republican, Nebraska, objected to President Hoover's appointment of Mills as secretary of the Treasury. He said that the position technically is vacant.

Norris' objection delayed passage in the White House for three days under Senate rules.

Mills had not decided last night whether he would remain at the Treasury until Mills' confirmation reaches the President.

Mills yesterday was asked by the House Ways and Means Committee to submit detailed figures on the possible revenue yields of proposed taxes on electricity, oil imports, gasoline, automobiles, etc.

Summerall Gets Angered At Hint Of Grant And Resigns

COLUMBIA, S. C., Feb. 11.—(A.P.)—Angered by what he termed a reflection upon his honor of purpose by a state senator, Gen. Charles P. Summerall, United States Army, retired, walked out of a Senate committee hearing yesterday, announcing he would resign "within six hours" as president of the Citadel, the state military college.

The Senate Finance Committee, in executive session, was hearing the former chief of staff upon the annual appropriation for the Citadel, of which he has been president since last September.

A deficit of \$10,000 in operating expenses of the school was mentioned. Members of the committee said General Summerall was asked by Senator W. C. Hamrick of Cherokee county: "By what authority did you increase the deficit? What is the good of the legislature fixing a definite appropriation if a department may spend more than is appropriated?"

Committee men said General Summerall showed anger, and declared:

"I resign. My resignation will be in the hands of the board of visitors within six hours."

Man In Hospital Following Bite By Rattlesnake

Another 24 hours' time is required before physicians will be able to declare A. P. Strawder, young Sanford man who was bitten by a rattlesnake late yesterday afternoon, will be out of all danger. This morning he was reported as resting fairly well, although his left leg is badly swollen and he is restless. His physician declares that from 18 to 48 hours' time is needed to determine the seriousness of a snake poisoning case. In Strawder's case his symptoms this morning indicated that he may recover, physicians state.

Mr. Strawder, who resides in the old C. E. Ward home on Geneva Avenue with his wife and three small children, was hunting rabbits in a nearby thicket at about 5:00 o'clock yesterday afternoon. Suddenly he felt a sharp pain in his left leg below the knee, and, looking down, saw a large rattlesnake, coiled and all rattles in motion.

He made an attempt to shoot the reptile, but in his excitement raised the gun to "break," with the result that the single shell fell from the chamber of the gun. He ran to Geneva Avenue and signalled a passing motorist who brought him to the Fernald-Laughlin Memorial Hospital where he was treated, about 25 minutes after having been bitten.

Mussolini And Pope Confer For 1st Time

VATICAN CITY, Feb. 11.—(A.P.)—Premier Benito Mussolini, Pope Pius XI, Holy Father of the Catholic world, met today in the Pope's library at the Vatican for the first time and were closeted for a full hour sealing the peace of the church and state which was begun by the Lateran treaty three years ago.

The Premier's first visit, looked for several months since the settlement of the controversy over the Catholic Action Society, was expected to last only a few moments but continued for an hour to the surprise of waiting attendants. Judging by the Premier's smile as he emerged, the meeting was most pleasant. It was not learned whether they discussed state relations.

HOLD-UP MAN SOUGHT

THOMASVILLE, Ga., Feb. 11.—(A.P.)—Officers of South Georgia and North Florida today were searching for a white man reported by N. J. Mahesh to have robbed him of \$700 in a hold-up between Thomasville and Monticello, Fla.

Mr. DORA—M. O. Peacock, attorney, opened office here.

TAMMANY HALL SPLIT 3 WAYS ON FIGHT EVE

**Usual Solid Front Of
Organization Is Di-
vided By Series Of
Internal Ructions**

NEW YORK, Feb. 11.—(A.P.)—Tammany Hall, which traditionally goes into political battles with a united front, is at present split three ways as the Democratic national convention approaches.

New York state will cast 91 votes when the balloting for a presidential nominee begins in Chicago and 48 of these delegates will be from New York City.

Normally, Tammany controls most of these 48, but the political observers believe as things now stand, that no one candidate can count on even a majority of this bloc on the first ballot.

Governor Roosevelt has aroused the ire of many Tammany leaders by not quenching the Hofstadter legislative committee's investigation of the Tammany municipal government. Nevertheless, he has a sizeable following in the organization. His campaign manager, James A. Farley, chairman of the Democratic state committee, is a Tammany man and has his own supporters within the organization. John F. Curry, Tammany leader, is a personal friend of the governor, but he has not yet indicated whether he will support Roosevelt.

Alfred E. Smith, Tammany's "happy warrior," has his following, too, but it is not an organized bloc. So far not a Tammany chief has publicly commented upon the 1928 standard bearer's announcement he would run again if nominated. Smith three years ago opposed Curry's election as successor to Judge George W. Oliver, Tammany leader.

The third bloc is the one which swears allegiance to Mayor James J. Walker. The mayor looks large on the Tammany horizon. He leads an army of 150,000 city employees and controls extensive Tammany patronage. He will have much to say about which presidential candidate he will support.

BORAH AND FESS HAVE ARGUMENT OVER AID TO IDLE

**Charge Of Dole As Po-
litical Move Made
By Soton From Ohio**

WASHINGTON, Feb. 11.—(A.P.)—In one of the Senate's most spectacular debates, Borah of Idaho yesterday took issue with the Hoover administration over direct federal aid for the unemployed and demanded immediate protection of the "churners."

Amid frequent outbursts of applause from the gallery, Borah challenged Fess of Ohio, who came forward with the administration's answer to the La Follette-Costigan \$375,000,000 bill turning it "the opening wedge to the slide."

"A government which will not protect those who protect it," thundered Borah, "is flying a flag which is a dirty rag, contaminating the air in which it flies."

"If we leave this relief problem in the hands of the politicians," concluded Fess, "God help America."

For more than two hours the scholarly Fess and the powerful Borah duelled on the Republican side of the chamber, flailing their desks and pounding out questions and answers in raised voices. An intense membership filled the floor.

Winter Tourists Are Visitors In Sanford

Four winter tourists from New Jersey, who had heard Karl Lehmann deliver an address before members of the Olympia's Men's Bible Class at Miami recently, in which he stressed this county's agricultural features, spent yesterday in and about Sanford and left for their homes delighted over all they had seen.

The party visited both the east and west side celery areas, went through washhouses, and later visited the Big Tree at Longwood. At each stop, they said they were cordially greeted by farmers and other persons, and they declared that they expect to return to this section next year, to spend a longer time.

TWO CONVICTS ESCAPE

TALLAHASSEE, Feb. 11.—(A.P.)—Charles Smith, negro convict serving five years for grand larceny in Palm Beach county, escaped yesterday from a prison camp near Gainesville, the prison bureau here was advised. Charles Baker, another negro prisoner escaped from the Florida farm colony work crew at Gainesville Tuesday. He was serving 10 years for breaking and entering in Highlands county.

"Looking Up"

**A Little Chat With The Secretary Of The
Seminole County Chamber Of Commerce**

The community that devoted all of its attention to effect the development of its commerce and industry and transportation and neglects the cultural and ethical side of its growth will ultimately perish.

Sanford and Seminole County are blessed with excellent schools and splendid churches. Churches that offer good music, well trained ministers and high standards of church life. The spirit of this community is manifested in the rather interesting and unusual thing done by Dr. E. D. Browning, who has been pastor of the First Presbyterian Church of this city for the past 20 years. During recent years, he has made it a custom to write a personal letter to every newcomer in Sanford whose name he could secure. This is the letter:

"I have just learned that you have moved to Sanford to live. I hope you will prosper materially here and that you and your family may have good health."

"Sanford is a good home town and I believe you will come to love it, and will find friends here that will bind you to the town."

"I am pastor of the First Presbyterian Church here where I have served for 20 years. Sanford is a good church town, and there is a fine spirit of fellowship and co-operation among us. We have here the Baptist, Christian, Congregational, Episcopal, Methodist, Presbyterian, Catholic, Christian Science, and Seventh Day Adventist Churches. I am sure that you will receive a welcome at any one of these to which you might go. I hope you will immediately make yourself known to the church of your choice. They can render a real service to you and your family, in becoming acquainted and feeling at home here."

"I will be glad to meet you, and no matter what may be your religious inclinations, if there is anything that I can do to befriend you, do not hesitate to call upon me."

KARL LEHMANN.

Truce Declared To Make Way For Big Sino-Jap Campaign

**U. S. CONGRESS IS
IN ACCORD WITH
HOOVER'S DRIVE**

**Campaign Will Seek
To Free Billions Of
Sound Securities**

WASHINGTON, Feb. 11.—(A.P.)—Congressional leaders agreed with President Hoover yesterday on a new legislative drive for better times directed at free-flying billions of sound securities for active credit use.

The new emergency measure, which will be introduced tomorrow, is not intended, the Senate and House leaders propose to make it a permanent law, and will not be subject to the annual gold supply act.

Senator Charles McNary, Oregon, Democratic, said the bill will be introduced in the Senate tomorrow. He said the bill will be introduced in the House tomorrow.

The bill will provide for the creation of a new fund, the Emergency Relief Fund, which will be used to purchase sound securities for active credit use.

The bill will also provide for the creation of a new fund, the Emergency Relief Fund, which will be used to purchase sound securities for active credit use.

**Non-Combatants Are
Given Chance To Get
Out As Plans Are
Made For Battle**

SHANGHAI, Feb. 11.—(A.P.)—A four-hour truce from 8 A. M. to noon tomorrow to permit foreigners to take non-combatants out of China was arranged by a French priest today as both Chinese and Japanese continued to dig in for a major engagement along the Shanghai-Wanning railway.

Hostilities broke out again today, but the truce was observed. The Japanese and Chinese continued to dig in for a major engagement along the Shanghai-Wanning railway.

The truce was observed. The Japanese and Chinese continued to dig in for a major engagement along the Shanghai-Wanning railway.

Important Meets Of Trade Body Are Slated For Friday

Three important committee meetings are scheduled to be held at the Seminole County Chamber of Commerce offices tomorrow.

The first is a meeting of the Highway Committee at 3:00 o'clock. Plans for Seminole County's representation at the State Road Department meeting in Lakeland next week.

The following are members of the committee: E. F. Housholder, chairman; H. M. Papworth, vice-chairman; C. A. Byrd, Randall Chase, John E. Fox, W. B. Haines, J. A. Logan, S. E. Long, J. L. Marcotte, George W. Melroy, John Mosch, L. P. Mills, Fred T. Wilburn, Fred Zentner, and R. J. Holly.

The Road State Division will meet at 5:00 o'clock with a full attendance desired. The officers of this division are W. L. Cooper, chairman; Hal Wright, vice-chairman and John E. Fox, Paula, secretary.

The Commercial Activities committee will meet at 5:00 o'clock for the purpose of discussing and completing plans for Blue Ribbon Month in March.

This committee consists of George Weinstein, chairman; Walter Coleman, vice-chairman; J. O. Adams, Linton Allen, L. H. Connelly, Roland Dean, Ray Fox, Ed Higgins, E. F. Housholder, R. A. Newman, H. L. Perkins, E. E. Roumillat, V. A. Speer, Peter Thurston, P. N. Whitcomb, Arthur Yowell, P. H. Smith, and Forrest Gatchell.

Capital Awaiting Report On Japan's Peace Proposals

WASHINGTON, Feb. 11.—(A.P.)—The state department has asked Consul General Cunningham, at Shanghai, for a full report on peace overtures made by the Japanese, and is anxiously waiting a reply.

The American government and powers cooperating with it, are eager to see the fighting at Shanghai halted and would offer no objection to the Japanese suggestion that the Chinese retire to a point 20 miles beyond Chapel, leaving a zone to be patrolled by neutrals, if it be made clear that this zone is merely a temporary expedient.

As the Japanese peace proposal provided only for Japan's withdrawal into the Hongkew section of the International Settlement, which it polices normally, Washington military and naval elements are convinced the Chinese will not agree unless the plan undergoes considerable modification.

Ford Announces New "Four" And "Eight"

DETROIT, Feb. 11.—(A.P.)—Henry Ford said today that he is planning to bring out an improved four and a new eight cylinder car in the near future. He also said the chassis of the new models will be so constructed as to permit the installation of either the four or eight-cylinder engines. Production will start sometime this month, he said. The first public showing will be in March.

15 PLAYERS WILL TRAIN FOR MACK AT FORT MYERS

Jimmy Foxx, Star 1st Baseman, Is Already On Lot For Session

FORT MYERS, Feb. 10.—Thirty-five baseball players, including 15 rookies, will train with Connie Mack's Philadelphia Athletics this spring in Fort Myers. It was revealed yesterday in an official letter of the A's received here from the club headquarters in Philadelphia.

Jimmy Foxx, star first baseman, and Lew B. Krausse, 19-year-old recruit hurler just out of high school at Media, Pa., already are in Fort Myers awaiting the remainder of the players. Mack will arrive Feb. 21 and the players are due the following day although a number are expected before that time to get in a little golf and fishing before the grind of the baseball season starts.

Fifteen pitchers are on the training roster this spring. All are right-handers except Lefty Grove and Rube Walberg, who with George Earnshaw compose Mack's "big three" of the mound.

There are two rookie catchers who will try out, in addition to Gordon Cochrane, the A's ignition system, and John Heving, who was with the club last year. The regular receivers are Burton H. Hamer, of Rockland, Mass., 21 years old, who is an independent, and Edward William Madjeski, of Elizabeth, N. J., who played with Harrisburg, Pa., last season.

Of 10 infielders who will train this spring, only four are rookies. The recruits include Edward J. Clonch, of Wilmington, Del., 22 years old, who bats and throws right-handed, a free agent; Frank Higgins, of Dallas, Tex., 22, who played with San Antonio last year; Donald Earl Robertshaw, of Columbia, Pa., 21-year-old right-hander and independent; Oscar Rootiger, of St. Louis, purchased from St. Paul last year.

Three of the seven outfielders to train here are newcomers, the center shows. They are Ed Coleman, of Los Angeles, purchased from Portland, Ore., last year; Louis Finney, of Buffalo, Ala., who was purchased from Carrollton two years ago but played with York, Pa., last season; Robert L. Johnson, of Willow Brook, Calif., purchased from Portland in 1930 and who played with that team last year.

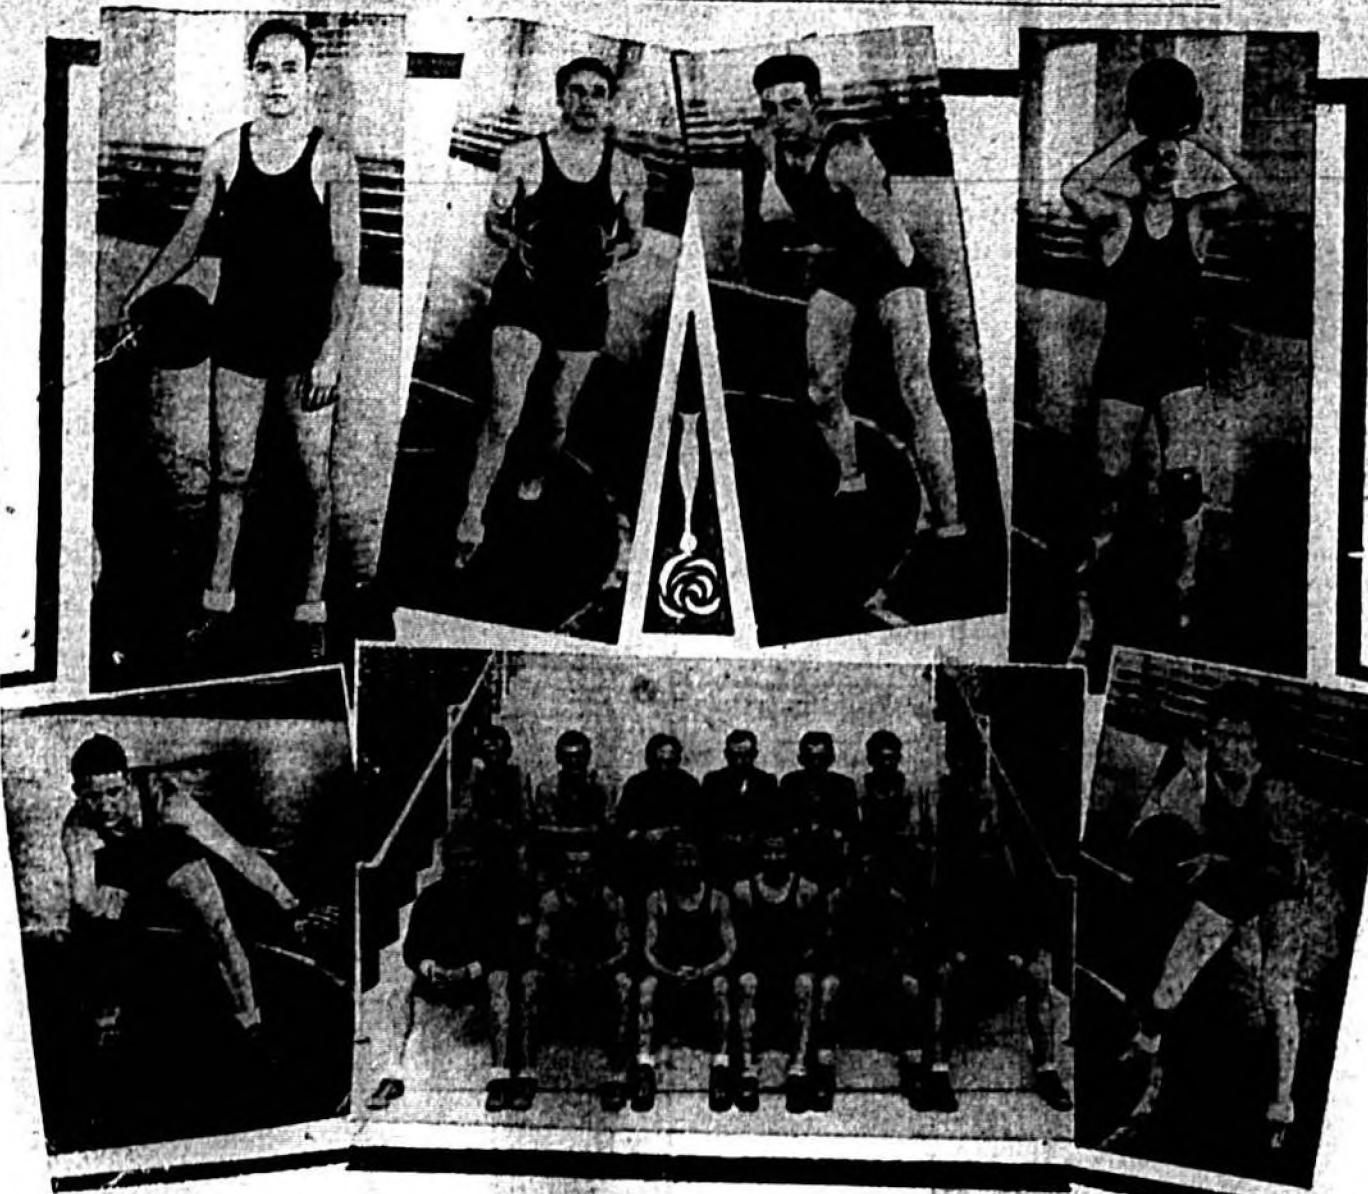

Among the rookie hurlers who will do their stuff for Connie this spring are Joseph Bowman, of Kansas City, Mo., 21-year-old youngster purchased from Portland last year. Bowman is a right-hander and measures six feet two inches and weighs 190 pounds. Merritt Cain, of Thomason, Ga., is another aspiring young hurler who was purchased from Carrollton, Ga., two years ago but sent to Harrisburg, Pa., last season for conditional seasonings. Solie M. Carter, of Williamsport, Pa., will be back again this spring to show what an additional year in the minors has done for him. He was bought from Huntsville in 1930.

James DeShong, of Harrisburg, Pa., bought in 1930, will be back again this year after a season with Jersey City. Wilbur C. Dumford, 20-year-old hopeful from Blaine, Ga., will have his initial season this year. He was bought from Beckley, W. Va., last season. Eddie Wright Trask, of Centerville, Miss., will be here as a free agent for his first work-out.

The regular pitchers who will return for spring training include Earnshaw, Grove, Hank McDonnell, LeRoy Mahaffey, Ed Rommel and Walberg. James N. Peterson of Druxel Hill, Pa., listed as a free agent in 1931 and a member of the A's last year, also will be here. The regular infielders returning are Max Bishop, Jimmy Foxx, Eric McNair and Rube Walberg. The old outfielders are Beager Cramer, George Haas, Al Miller and Al Simmons.

All of these mentioned in the paper will train in Fort Myers except Simmons and Earnshaw, who have obtained permission to do their spring work at Hot Springs.

COACH McQUILLAN'S HIGH-FLYING STETSON BASKETEERS

Here is the crack Stetson University basketball squad which, after having won 14 straight games over powerful opposition in Florida, Georgia, South Carolina, and Alabama, will tackle the fast University of Georgia quintet at the Stetson gymnasium Thursday night, at 7:45 o'clock.

In the upper tier of photographs is pictured, from left to right, Mosely, forward; Urlick, forward; Gorseman, center; Check, guard.

In the lower group, left to right is Strauss, forward; the entire team, and Morris, guard. In the lower center group is pictured, from left to right: Sandels, Check, Mosely, Coach McQuillan, Tomyl in Scotch, and Morris; bottom row, Joyner, Haldeman, Strauss, Urlick, Shebel, and Gorseman.

FOUR WINDY CITY POLITICIANS GET JAIL SENTENCES

Men Were Convicted Of Taking Funds Of Sanitary District

CHICAGO, Feb. 10.—Four Chicago politicians were sentenced to prison recently after three judges had found them guilty of wasting \$5,000,000 in sanitary district funds on such items as:

A blonde stenographer who said her principal job was "hostessing."

The "Beardstown Buccaneers," fifty men, who were paid some \$300 a month each for river inspections they did not make.

A boulevard paralleling the sanitary district canal, which meanders through dump heaps and prairies.

A \$1,000,000 bridge path between the boulevard and the canal, on which horses seldom trot because their riders cannot find it.

A string of magnificent lamp posts lighting the canal, the mo-

York State Federation of Women's Clubs, looking to the revision of the sentences for fourth term offenders under the Baumes law and also toward the training of prisoners, and the Roerich plan for making works of art neutral in time of war.

Dr. Gertrude Duncan, supporting a resolution asking for licensing beauty parlor workers, said that the 40,000 women in this industry were the "worst exploited women" in the state, often working sixty to sixty-four hours a week. The resolution also pointed out that the workers were often inadequately trained. This resolution was adopted, as were others looking toward the abatement of the smoke nuisance, protection of workers in wage claim cases and in Civil Service positions.

New directors for the five boroughs were elected as follows: Manhattan, Mrs. Edward T. Herbert and Mrs. Sturges S. Durham; Brooklyn, Mrs. William A. Phillips and Mrs. Robert D. Allyn; Bronx, Mrs. Thomas A. Martin; Queens, Mrs. George P. Martin; and Richmond, Mrs. George P. Vaughan.

business boulevard, and the horseless bridge path, at a cost of \$1,500 a foot.

Those sentenced were Timothy J. Crowe, president of the district in 1927 and 1928; Frank J. Link, former trustee; Martin Edelstein, former head of the real estate department; and John T. Miller, former superintendent of permanent plants and construction.

Crowe and Link were sentenced to from one to five years each. Miller was sentenced to six months and fined \$2,000. Edelstein got three months and a \$2,000 fine.

Chief Justice Harry Fisher and Justices John Prydzalski and James J. Kelly reached the decision after listening to a parade of witnesses tell how they were surprised each month to get pay checks for labor they had not performed.

Justice Fisher said that they had padded pay rolls, falsified accounts, used the sanitary district for political purposes and offered nothing in mitigation of their offense. They had engaged in a "gigantic conspiracy," he continued, overruling a motion for a new trial.

The prisoners' great era started in 1927, when the commissioners made up an annual budget of \$50,000,000. Evidence indicated that they spent it as fast as they could on improvements, relatives, friends, and parties for themselves.

Instead of attending to the public business of sewage disposal, the prosecution charged, the defendants traded contracts for matched golf clubs and silverware.

bought everything from envelopes to engines at exorbitant prices, discharged workers who were not followers of their political faction, filled their places with friends and finally bankrupted the sanitary district.

The district defaulted last month on a \$7,000,000 bond issue, which could have been paid off had not the horseless bridge path been constructed.

Two Quintet Games Stated For Tonight

Coach Leonard McLucas' Seminole High basketball squad will engage in two games at the high school auditorium tonight, starting at 7:00 o'clock.

The first will be a game between the "B" teams of the local school and Daytona Beach High school, while the second game will be between the "A" teams of both schools.

Coach McLucas, whose season is fast drawing to a close, urges the presence of all true basketball fans in the city to the remaining few games. "Support has been sadly lacking during the entire season," he said, "and I earnestly solicit the attendance of all persons really interested in high class amateur sports."

WEST PALM BEACH—Operations of the Associated Welfare Bureau's cannery plant at Municipal Market building, expected to start within short time.

MARYLAND AND KENTUCKY LEAD DIXIE QUINTETS

Two Teams Are Only Unbeaten Outfits Among 23 In Loop

By DILLON GRAHAM.

Associated Press Sports Writer. ATLANTA, Ga., Feb. 10. (A.P.)—Maryland and Kentucky, last year's champion and runner-up in Southern Conference basketball, stand today as the only unbeaten teams among the 23 which started the Dixie cage campaign six weeks ago.

But both had to show the comeback qualities of champions last week to hold their top positions as two other fast contestants, Alabama and Auburn, were defeated in real upsets.

Kentucky, with seven conference wins, is a step ahead of Maryland, which has six. Trailing Duke at the half, Kentucky opened a winning drive in the second period to edge out the Blue Devils 37-30 at Darby, N.C. and Demolisey, all rang up eight points. Maryland's margin over North Carolina was a single point, 26-25. The Tar Heels almost doubled Maryland's scoring effort in the first half, leading 20-11. Maryland pulled out even terms late in the contest and a field goal by the All-Southern guard, Berger, finally brought victory.

Vanderbilt's defeat of Alabama was the biggest surprise of the season. The Commodores had been beaten several times, including a severe 61-37 lacing by Kentucky and were accorded little chance against the powerful Crimson. Vanderbilt's 39-33 decision broke Alabama's string of eight victories. The Crimson previously had won from Georgia Tech 24-19 and later beat Tennessee 25-21. Vanderbilt also won from Sewanee 32-21.

Auburn apparently took Tulane too lightly. The Greenies piled up an early advantage Friday which earned them a 26-21 verdict. Only a final blast last night enabled Auburn to win the second game 42-37 after the Greenies had led most of the contest.

Virginia added another victory over North Carolina State 29-17 and Mississippi jumped to sixth place with two victories over Mississippi State, 27-21, and 31-25. Georgia won from Clemson 41-34 and averaged an earlier defeat from Georgia Tech 25-18. Clemson dropped two more games to Florida, 25-34, and 25-34.

Duke made a successful invasion of Virginia, winning from Washington and Lee 30-27 and V. M. I. 41-34, while North Carolina State broke even on its Northern trip, losing to Virginia and to W. & L. 26-19 and defeating V. M. I. 31-25 and V. P. I. 32-19.

Hollywood Movie Parties Becoming More And More Difficult To Crash

HOLLYWOOD, Feb. 10. (A.P.)—Movie parties are getting as difficult to crash as social gatherings of the Four Hundred.

Everybody has heard or read about Hollywood parties. Whenever a screen celebrity entertained, the crusty, uninvited guests turned the affair into an open house. Providing food and drink was like feeding an army of white-collared unemployed.

Now the party chiselers are feeling the pinch. There seems to be an economy wave on screen parties. Those which are given are tossed with a minimum of advance publicity.

The crusty clan gathers and talks about the days when a lady chiseler, learning a party was to be given, called the hostess by telephone:

"My dear, Bill and I want you to drop in for dinner—just we four."

Hostess: "We'd just love to, really, but we'd planned a little party ourselves. Couldn't you drop over here?"

Chiselers: "My dear, we feel as if we were intruding."

Hostess: "Not at all. Do come, dear—we'll be expecting you."

Just to vary the technique, next time Mr. and Mrs. Chiseler would drop in on known invited guests the evening of the party and stay and stay until the invited guests would ask them to go along.

Then there are the curious, fan-crazy outsiders. When Richard Dix entertained recently he was surprised to find that while he had engaged four mislabeled, eight came. Four played while the others turned the music and watched the going on.

The door bell rang at Dolores del Rio's party and a young boy and girl, the boy carrying a ukulele, asked if they could entertain.

Mississippi victorious 52-43 and Tulane taking the other 41-29. North Carolina beat V. P. I. 31-20. Virginia lost its intercollegiate clash with Ohio State 28-30.

Green Corn Yields Best If Fertilized And Planted Early

GAINESVILLE, Fla.—Green corn planted early and side-dressed with nitrate of soda has given best results in tests at the Florida Experiment Station.

Of plantings made side by side the fifteenth of February, March, April, May, and June the February plantings have given the highest yields with those of March a close second. Roasting ears were produced on the February plantings about 10 days to two weeks earlier than on the March plantings.

In cooperative tests on a farm near Alachua where 450 pounds of a general fertilizer was applied per acre more than where no fertilizer was applied. However, on a near-by plot where only 200 pounds of nitrate of soda was applied as a side-dressing the yield was as high as the complete fertilized plot in addition to more of the crates being ready for harvest early in the season.

In another test at Gainesville 100 pounds of nitrate of soda per acre as a side-dressing was compared with 200 pounds. At a time when half of the shoots were in silk there were a third more shoots on the 100-pounds plot and 70 percent more on the 200-pound plot than on a plot where no soda was used. Rates of application of nitrate of soda over 200 pounds per acre did not further increase the earliness of the crop.

FLOOD BILL APPROVED

WASHINGTON, Feb. 10. (A.P.)—The Wilson bill to have the United States pay for flowage rights over lands exposed to Mississippi waters by obstructions and changes in levee lines was approved unanimously yesterday by the House Flood Control Committee. The estimated cost is between \$5,000,000 and \$10,000,000.

GOTHAM WOMEN COMMENCE DRIVE UPON HOARDING

Head Of Woman's Club Issues Appeal To Help Wipe Out Evil

NEW YORK, Feb. 10.—Mrs. John F. Sippel, president of the General Federation of Women's Clubs, launched the campaign against hoarding among clubwomen of the city recently in an address to the convention of the New York City Federation of Women's Clubs at the Hotel Astor.

"This is the beginning of our effort to wipe out hoarding," she said. "You women may tell me that you are already spending all you can, but is that really true? Isn't it a fact that you think of your brother-in-law who is out of work, or some other relative who fears maybe he will be the next, and you are afraid to do any more spending? Yet the truth is that by that very hoarding you are making it more likely that trouble will come."

She thanked the women for their co-operation in previous drives initiated by the General Federation for wise spending, and told of the efforts of clubwomen in other parts of the country to combat unemployment distress. The clubwomen of Arkansas had canned 40,000,000 quarts of food this year to feed the poor, she said, and in other states they had opened public kitchens where unemployed women put up fruit and vegetables.

Commenting on the approaching Washington's Birthday celebrations, she said:

"I am glad George Washington has been humanized, so that we know he did something besides cut down the cherry tree. I'm glad he had a bad temper and loved women, so that we can feel he was just like our brothers and husbands, in short that he was just human."

Philip C. Nash, director of the Foreign Policy Association, speaking at the General Disarmament Conference, said:

"It is not enough for the United States to go along with the other nations. We should take the lead. It is disappointing that as yet our delegation has not indicated what steps this country will stand for."

There are five steps on the draft convention which I should like to see them advocate: elimination of gas warfare, prohibition by all nations of a permanent commission to conduct such consultations, budgetary limitation of armaments and the abolition of the balance-of-payments.

Why fifteen million women cook with Gas

Because Gas Cooking is . . .

BETTER Modern gas cooking is fully automatic. Gas is more flexible and is more positively controlled than any other cooking heat. And remember, that more than three-fourths of the cooking is done on the cooking top where speed and flexibility are vital factors. In broiling, the gas flame sears the food instantly. Also bear in mind that gas range ovens are vented so that all vapors and odors go up the chimney where they belong and not into the kitchen.

QUICKER It is a well known fact that gas is the only fuel which will give maximum heat instantly. Just turn on the gas and you have heat at full force—promptly. Every other fuel necessitates waiting.

CHEAPER Gas heat costs less per person per meal than any other modern cooking fuel.

Ask any famous chef—look about you in hotels and restaurants—find out for yourself from professional cooks who know good food as well as they know the cost of cooking—ask those "in the know" what type of heat they use for short order cooking and broiling. There will be one answer and that answer will be
