CONVENTION OF BANKERS MEET IN WINDY CITY

Fiftieth Annual Session of American Bankers Association Addressed by Head

CHICAGO, Oct. 1.—The American Bankers Association in convention here Tuesday heard speeches by the president of the organization, Walter H. Head, E. T. McRedith, secretary of agriculture under President Wilson, and John D. Phillips, president of the State Bank Division.

This, the fiftieth annual meeting of bankers, differs from the last convention of the association in that the emphasis there was economic while now it is political, F. H. Sisson, newly appointed chairman of the committee on relations, said in a statement Tuesday.

The keynote of the convention in the opinion of delegates, was given in the address of President Head.

"We find ourselves," he said, "constantly waging a defensive battle against plans and programs which would transfer still greater duties to government and which would hamper individual initiative still further."

Mr. McRedith urged the delegates to take a greater interest in agriculture and to dismiss unessential in consideration of this problem.

President Coolidge in a letter to the Bankers Association Tuesday said there is multiplying evidences of improving conditions throughout business structures of the world.

President Coolidge also wrote of appreciation of the federal reserve system and said that banking once was a mystery but no longer is so regarded.

"Our financial establishment," said the president, "assumes from year to year a constantly larger part and significance in the realm of international business and financing. This is an inevitable result of conditions which have placed in our hands so great a control over the world's reserves of credit and monetary capacity."

Help Other Countries As Well

"Wielded with the same wisdom and care in the future as heretofore these forces will continue powerful; to the rehabilitation of money systems, of credit, and of business, throughout the world. They will do this, moreover, to the advantage both of our country and of other."

"I feel, therefore, that in extending my good wishes and confidence to the great banking interests of America, I am so expressing a generous and helpful purpose toward the concerns of sound business, everywhere."

Mother Who Deserted Baby on Train Has Not Been Located

The young woman who left a two-weeks old baby on Atlantic Coast Line train No. 85 from Jacksonville at Deland Monday night, is believed to be a woman who recently was released from a maternity hospital on Riverside Avenue, according to word received from Jacksonville last night.

Dr. Clarence D. Rollins, head of the hospital, said he drove the young woman and her child to the train Monday night. The woman gave her home address as Daytona.

Mrs. Laura King, a nurse at the hospital, who was said to have been mentioned in a letter written by the mother to the Salvation Army as a person who would be interested in the baby's welfare, said she was concerned about the baby only as one of her patients.

Dr. Rollins said the woman paid most of her bills in cash, and that the remainder was telegraphed, he believed from her husband in Daytona.

Dr. R. E. Stevens with whom the conductor of the train left the baby in charge of, said this morning that the mother has not been found as yet. Meanwhile the baby is being cared for at the Bernall-Laughton hospital where it will remain pending further developments.

Local Real Estate Dealers Organize Tuesday Afternoon

The Sanford Real Estate Board composed of local realtors, was organized at a meeting held in the offices of H. B. Lewis on Park Avenue Tuesday afternoon, it was announced today by E. F. Lane, secretary of the newly formed organization.

H. C. DuBoise has been elected president of the real estate men and other officers elected besides he and Mr. Lane were George W. Knight as vice-president and R. C. Maxwell as treasurer. A. P. Connelly was chosen as a delegate to the national convention to be held at Dallas, Tex., in February.

Present at the first meeting was Walter W. Rose of Orlando, president of the Florida Real Estate Board, who spoke of the advantages of such an organization and told of the work of the state body with which he urged the local organization to affiliate at once.

Mr. Rose also urged the new organization to join the National Association of Real Estate Boards. In pointing out the need in this city of such a body of realtors, Mr. Rose said that realtors in forming themselves together are more able to maintain and improve the standards of his calling and shares with his fellow realtors a common responsibility for its integrity and honor.

Following Mr. Rose's talk a round table discussion was held during which it was decided to become affiliated with the state and national bodies of real estate men. The latter association according to Mr. Rose now has approximately 22,000 members.

Those present at Tuesday's meeting were: George W. Knight, R. C. Maxwell, Joe Chittenden, N. H. Garzer, A. P. Connelly, H. C. DuBoise, H. W. Wright, Edward F. Lane and H. B. Lewis. The next meeting of the organization will be held next Friday.

JAMES VALLEY AGAIN WARNED OF HIGH WATER

Latest Forecast Says River Will Continue to Rise Until Late Tonight or Tomorrow; Situation Regarded Serious

High Water Record Of May Is Broken

New York Is Hard Hit by Gale Sweeping State Tuesday; Other storms Reported

RICHMOND, Va., Oct. 1.—Additional flood warnings to all points along the James river east of Lynchburg was issued this morning by the local weather bureau. It was forecasted that the river would continue to rise until late tonight or tomorrow.

Generally heavier precipitation during the 24 hours ending at noon was more than during May, last, when all records for high water in the streams of the section were broken, was responsible for the bureau issuing a flood warning to all cities, towns and hamlets in the district.

The James river, most uncontrollable of all the streams in the Piedmont district, had reached a stage of 26.4 feet at Columbia, 56 miles from Richmond, at 4:30 o'clock Tuesday afternoon. That mark was four-tenths of a foot higher than the high levels recorded there during May, when a five inch rainfall on the watershed sent the waters of the James up into the downtown business district of Richmond and forced a complete suspension of manufacture and retail industrial activities over a large area for several days.

The precipitation on the watershed above Columbia during the 24 hours ending at noon Tuesday was 5.2 inches, the weather bureau here reported.

At Lynchburg, still higher in the mountains than Columbia, the James had reached the 17.9 foot level late Tuesday. It was rising slowly, however, at that time and the crest of twenty feet was expected to be reached before dawn. The danger mark at Lynchburg is 22 feet. The crest of the freshet at Richmond was expected by the weather bureau late today. The Rappahannock, Rivanna, Staunton and other rivers were rising steadily at last reports last night.

LOWEST PRICE IN GASOLINE IN YEAR IN EFFECT TODAY

Over Production of Gasoline and Surplus Stocks Sends Prices Downward in East and South; Drops 3 Cents

NEW YORK, Oct. 1.—Over production of gasoline and resultant surplus stocks have precipitated a price cutting conflict that promises to set a new level for gasoline in this territory.

The Gulf Refining Company jumps into the lead today with the year's lowest prices. In New York the tank wagon price for its product will be 14 cents and the retail price 17c. In New Jersey Good Gulf gasoline will sell for 13 1/2 cents wholesale and 16 1/2 cents retail, while in New England its price will be 13 cents wholesale and 16 cents retail.

The Standard Oil Company of New York today reduced its price one cent bringing the cost of Socony down to 10 cents wholesale and 18 cents retail in New York and New England. At the offices of the Standard Oil Company, it was said the question of a further reduction would be considered by the board of directors tomorrow.

To Stabilize Market.

The Gulf Refining Company emphasized they do not consider they are in a price war and announced that the cut, which brings the price of gasoline about as low as it has been in ten years, was merely an effort to "stabilize the market."

The Texas Co. officials declared they knew nothing about the latest reduction of the Gulf Refining company, and were not in a position to say whether they will meet it. One officer, however, remarked that they "generally had."

The Tidewater Oil Company announced it had cut prices to 15 1/2 cents a gallon in New Jersey and 16 cents in New York, wholesale.

The Standard Oil Company has healthy competition from the Gulf Refining Company here, in New England and in New Jersey, and it was the consensus today that Standard Oil will be practically forced to meet the new low level.

International Bridge Closed By Order Mexico Because Quarantine Was Enforced

Spread of Foot and Mouth Disease Causes Orders to be Issued That Pedestrians Only Be Allowed to Pass

Governor Neff Asks Aid of Government

Believed That Spread Disease Checked and Under Control of the Authorities

LAREDO, Texas, Oct. 1.—The international bridge was closed here Tuesday afternoon by orders of the Mexican government due to establishment of a quarantine owing to the foot and mouth disease. Pedestrians only are allowed to cross. Trains, automobiles and all vehicles must be disinfected before permitted to pass into Mexico.

AUSTIN, TEXAS, Oct. 1.—Gov. Neff of Texas has asked the federal government to take over complete charge of the work of controlling the mouth and foot disease near Houston.

Federal Government in Charge.

WASHINGTON, Oct. 1.—The federal government will take complete charge of the work of eradicating the foot and mouth disease among cattle in Texas in accordance with the request made by Gov. Neff of Texas.

HOUSTON, TEXAS, Oct. 1.—No spread of the foot and mouth disease was reported to the sanitary livestock commission in the quarantined areas here Tuesday.

Feed Placed.

Small farmers and garden truck farmers as well as cattle men and others with larger interests are beginning to feel the pinch of the quarantine against the foot and mouth disease in this vicinity. The livestock sanitary commission, which has enforcement of the quarantine in charge, is daily deluged with requests for relief from scores of persons who are held on their premises with no markets for their products.

No person or product which may have had an opportunity to become contaminated is allowed with certain sharply defined exceptions to move either within or from Harris, Galveston and those parts of Brazoria and Fort Bend counties east of the Brazos river. About 8,000 acres and approximately 16,000 head of cattle are under guard of 150 men who work in three shifts.

Preparations to shoot the cattle continued Tuesday with the probability that it would not begin until today when it is hoped that three trenches, each four hundred feet long, sixteen feet wide and eight feet deep will have been completed.

Tuesday inspectors continued their work of methodically examining additional herds. It will be continued, a commission announcement said, until all cattle in the quarantined counties have been scanned for signs of the foot and mouth disease. Range riders also continue their search for a few range cattle which had been separated from the herds just previous to discovery of the disease. When located they will be shot.

Gasoline Selling In Sanford at 20 Cents

As a result of a general reduction in gasoline prices throughout the southeast, which was announced Tuesday, local filling stations and garages announced today a similar reduction effective at once.

Gasoline which has been selling in this city for 23 cents per gallon is now retailing at 20 cents, it was declared. It was further stated that this is the biggest single reduction in prices in this state during the past nine months and the present cost is lower than it has been for several years past.

LOWEST PRICE IN GASOLINE IN YEAR IN EFFECT TODAY

Over Production of Gasoline and Surplus Stocks Sends Prices Downward in East and South; Drops 3 Cents

NEW YORK, Oct. 1.—Over production of gasoline and resultant surplus stocks have precipitated a price cutting conflict that promises to set a new level for gasoline in this territory.

The Gulf Refining Company jumps into the lead today with the year's lowest prices. In New York the tank wagon price for its product will be 14 cents and the retail price 17c. QUAKE IS FELT BY CITIZENS OF NEW ENGLAND

Scientists Declare Earthquake Originated in Maritime Provinces of Canada and Is Part of Old Disturbances

Windows Rattle In Ottawa, is Reported

Slight But Noticeable Shock Recorded in Maine Especially Near Canadian Borders

CAMBRIDGE, Mass., Oct. 1.—The quake that shook northern New England early Tuesday originated in the maritime provinces of Canada, probably, and was the latest of a series of ancient disturbances, in the opinion of Harvard university scientists.

Their observations indicated that the shock was a mild one. This fact, together with the theory as to distance and direction that was based on seismograph records, led one geologist to say that the rumbling probably grew out of disturbances in the St. Lawrence valley that began with the formations of the Paleozoic age, millions of years ago.

The Harvard seismograph showed that the quake occurred at 3:52:02, lasting several seconds and centering at a point 437 miles from Cambridge, Prof. J. H. Woodworth said. Direction was in doubt but indications pointed to northeast, which would bring the possible location in the Northumberland straits country. This is a region well known to geologists as the source of great disturbances.

W. W. Davis, Sturges Hooper professor emeritus of geology, said these disturbances go back to very ancient days and that slight movements of the earth along that fault are not unusual.

The scientists were at a loss to account for the reports of an electrical disturbance in the skies simultaneously with the shock.

Rattles Windows.

OTTAWA, Ont., Oct. 1.—An earthquake of sufficient violence to rattle windows was felt here at 3:54 a. m. Tuesday, and continued for five minutes. The center of the earthquake is thought to have been in the Ottawa valley.

Felt in Maine.

PORTLAND, Maine, Oct. 1.—An earthquake of slight intensity, registered on seismographs at Georgetown and Harvard universities early Tuesday was felt in many parts of Maine. It was the most severe experience in this state in nearly a score of years. The shocks were particularly noticeable in Aroostook county towns along the Canadian border, along the coast to the city, and through the inland sections of the state at Bangor, Lewiston and Auburn, and as far west as Biddeford. At St. Johnsbury, Vt., there was reported a tremor of such violence that many people were aroused from sleep.

At Van Buren, one of the points nearest the St. Lawrence region where the earthquake was thought to have occurred two men reported they nearly were thrown from their beds. At Limestone, a mile south, fruit jars were shaken from shelves and broken.

EXECUTIVES OF LEGION POST TO HOLD BANQUET

Will Discuss Plans for Armistice Day Celebration and The World Series Returns

Members of the executive committee of the Campbell-Lossing Post of the American Legion will hold a joint business session and banquet at the Seminole Cafe tonight, according to an announcement made this morning by P. A. Mero, commander of the local unit.

Post Commander P. A. Mero will preside at the meeting and will act as toastmaster. He states that no definite program has been mapped out but that he will call on several of those present for short talks on the subjects to be discussed.

One of the main topics of discussion will be that of decorating the streets of this city for the celebration in a systematic way, said Mr. Mero. It is probable, it was learned, that the "Red, White and Blue" system, such as is being used in the larger and more progressive cities of Florida for such occasions, will be adopted and a committee appointed to see that it is carried out properly. According to this plan, American flags will be placed regularly at 25-foot intervals along all of the principal streets of this city.

Mr. Mero stated that final arrangements for the handling of the world series returns by the local post will be discussed and decided upon. As in past years, he said, an electrical diamond had been made and will be placed in the armory on Commercial Street, where a special wire is being installed so that the news may be received direct.

It was stated further that the American Legion is planning to put on a big celebration here for Armistice Day which will be featured by a high school football game in the afternoon. Mr. Mero announced that the executive members of the Sanford post will tonight discuss the various phases of the celebration and begin making arrangements for the day's program.

It is said that there will probably be a parade and other functions appropriate to the occasion in which the members of the local post of the legion, the Sanford National Guard units and the people in general will take part. It is understood that this part of the celebration will be in the morning so that the people will be free to attend the football game in the afternoon.

It was learned recently that the high school has arranged to play the Kissimmee team here on that date. Local coaches state they are rounding their team into shape for the first game which comes Saturday of this week and that they expect to have a real grid machine before the Armistice Day game.

Plans for the day will probably include some phase of entertainment for the night of Nov. 11 also, in the nature of a dance or party of some sort.

Sanford Departments May Be Represented In Jacksonville Meet

The Sanford Fire and Police Departments will probably be represented at the second annual Fire and Police Field Day Meet in Jacksonville on Jan. 1, it was announced Tuesday following a visit to the local department by George P. Allen, superintendent of Jacksonville police and fire telegraph system and J. L. Hoover of the police department, who are traveling over the state in the interest of the big celebration.

Over 15,000 people were present to view the events last year according to Mr. Allen and this year it is expected to have twice that number. Thus far, he said, the celebration is meeting with hearty co-operation by the several departments throughout the state. Already the departments of Gainesville, Ocala, Lake City and Sanford have signified their willingness to take part, it is said. Besides several Georgia cities will be represented as well as Havana, Cuba.

Proceeds from the celebration will go to a pension fund which provides money to supply the needs of retired policemen and firemen of the Jacksonville departments. Every kind of an athletic event will be held in connection with the celebration besides carnival attractions and other forms of amusements, it was further announced.

21 Cases Arraigned In Municipal Court At Today's Session

At this morning's session of municipal court Leeper Walker, arraigned before Judge J. G. Sharon on a charge of driving an automobile while drunk, was found guilty and fined \$100 and costs or in default of the payment of the fine to serve 60 days on the streets for the city. H. L. Dregger, also charged with driving a car while intoxicated, failed to appear in court and his \$100 bond was forfeited.

A total of 21 cases were arraigned of which two were turned over to the county. Fines, costs and estrated bonds amounted to \$341.

The cases arraigned were:

Link Kennedy, reckless driving, \$10 and costs or 10 days in jail; B. L. Dregger, reckless driving while intoxicated, \$100 bond estrated; Chester Broome, speeding, \$5 bond estrated; Charlie Lawson, drunkenness, \$10 bond estrated; May Belle Smith, larceny, transferred to county; Mack Dilworth, reckless driving, dismissed; Leeper Walker, reckless driving while intoxicated, \$100 and costs or 60 days in jail; Ernest Clayton, gambling, \$5 and costs or 60 days in jail; Benny Gent, gambling, \$5 and costs or 10 days in jail; Jim Jones, gambling, \$10 bond estrated; John Arrett, gambling, \$10 bond estrated; Clarence Prophet, gambling, \$10 bond estrated; Walter McKnight, gambling, continued to Wednesday week; Tom Bennett, gambling, \$5 and costs or 10 days in jail; Frank Williams, gambling, continued to Wednesday week; Arnett Blair, gambling, \$10 bond estrated; F. B. Redd, gambling, \$10 bond estrated; George Patterson, gambling, \$25 and costs or 30 days in jail; Charles Wasy, disorderly conduct, dismissed; Major Long, disorderly conduct, \$10 bond estrated; Katie Jones, disorderly conduct, \$10 bond estrated.

Local Real Estate Dealers Organize Tuesday Afternoon

The Sanford Real Estate Board composed of local realtors, was organized at a meeting held in the offices of H. B. Lewis on Park Avenue Tuesday afternoon, it was announced today by E. F. Lane, secretary of the newly formed organization.

H. C. DuBoise has been elected president of the real estate men and other officers elected besides he and Mr. Lane were George W. Knight as vice-president and R. C. Maxwell as treasurer. A. P. Connelly was chosen as a delegate to the national convention to be held at Dallas, Tex., in February.

Present at the first meeting was Walter W. Rose of Orlando, president of the Florida Real Estate Board, who spoke of the advantages of such an organization and told of the work of the state body with which he urged the local organization to affiliate at once.

Mr. Rose also urged the new organization to join the National Association of Real Estate Boards. In pointing out the need in this city of such a body of realtors, Mr. Rose said that realtors in forming themselves together are more able to maintain and improve the standards of his calling and shares with his fellow realtors a common responsibility for its integrity and honor.

Following Mr. Rose's talk a round table discussion was held during which it was decided to become affiliated with the state and national bodies of real estate men. The latter association according to Mr. Rose now has approximately 22,000 members.

Those present at Tuesday's meeting were: George W. Knight, R. C. Maxwell, Joe Chittenden, N. H. Garzer, A. P. Connelly, H. C. DuBoise, H. W. Wright, Edward F. Lane and H. B. Lewis. The next meeting of the organization will be held next Friday.

AVERAGING GOOD AND BAD YEARS, 10 TO 12 PER CENT OF ALL WORKERS IN UNITED STATES IDLE ALL THE TIME

Report Comes as Result Five Years Study of Methods, Needs and Agencies by The Russell Sage Foundation

NEW YORK, Oct. 1.—Averaging good and bad years, 10 to 12 per cent of all the workers in the United States, several million of men and women, are out of work all of the time, and widespread unemployment is now a constant phenomenon with far-reaching economic, social and psychological and moral bearings. These are some of the facts brought out in the introduction to the report of a five-year study of unemployment methods, needs, and agencies made public here Monday by the Russell Sage Foundation.

In seeking work through certain types of commercial or fee-charging employment bureau, particularly those dealing with unskilled and casual labor, thousands of men and women are being exploited, and public employment bureaus on exchanges can make a material contribution toward the solution of this and other phases of the ever-recurring problem of unemployment, the report continues.

The investigation, which extended into more than 70 cities in 21 states and Canada, has just been completed. The full report, covering more than 600 printed pages, will be issued shortly. The survey was conducted by a staff of trained field investigators, all of whom had previously been engaged in employment work, under the direction of Sheila M. Harrison, director of the Foundation's Department of Surveys and Exhibits.

Practically every known means of bringing work and the worker together was studied. The "want ad" pages of newspapers, the free-charging labor agencies, the free public employment office, the labor union's method of securing work for its members, the fraternal order's activities in this field, the practice of applying for work at the factory gate or the office door, all were investigated. The report points out the advantages and disadvantages to employ and employ in each of these means and its effect on the general employment situation.

A special study was made of the situation in Ohio, Wisconsin, Massachusetts, and New York, where there has been the greatest development of organized public employment work. Separate studies were made also of the special problems of farm labor, migratory and casual workers, junior workers, handicapped workers, immigrants, negro workers, and professional workers.

After citing the fact that each year from 1,000,000 to 6,000,000 persons are out of work for weeks and sometimes for months at a time, the introduction to the Foundation's forthcoming report says:

"There is something which we are just beginning to recognize, a resentment on the part of the workers against an industrial situation in which such uncertainty and uncertainty of employment are possible. It is not only unemployment but the fear of unemployment, the knowledge that any joy is uncertain and insecure, subject to the fluctuations of economic change, which are responsible for much of our present industrial unrest."

This situation, the report will say, has been aggravated by the fact that the unskilled worker who sought employment through labor agencies in such cases has been subjected to such abuses as: Paying a fee and not being able to get a job; being sent to distant points where no work or where unsatisfactory work exists but whence he could not return because of the expense involved; being employed through collusion between the agent and employer and after a few days' work being discharged to make way for a new workman while the agent and employer divide the fee.

The report itself says: "One conclusion drawn from such findings has been that we must have public bureaus to take the place of the private fee-charging agencies. That is, in so far as people are informed on the question and have expressed their sentiments, most of them appeared convinced that we should have public employment bureaus because of the abuses of some fee-charging agencies, quite regardless of other considerations. In addition, however, the feeling has been growing that this service in the nature of the case should be free, and that the very fact of fee-charging carries with it a dangerous temptation to abuse and fraud.

"It is obvious, of course, that if the public exchanges could by legislation or court action secure exclusive away in the whole field, the fee-charging agencies with the business attributed to them would disappear. And such a plan, aimed to abolish these agencies, particularly those dealing with unskilled, semi-skilled, casual, and other non-professional workers, is what some advocates of the public exchanges would adopt. There is, however, a serious question whether it would be wise. The mere abolition of a thing does not always help the situation. That is only negative. It is more important to build up a good constructive organization. The abolition alone of the private fee-charging agencies would not necessarily bring about a system of public employment bureaus nor an efficient system. With all their abuses the private agencies are performing a function needed in the absence of an adequate public system; they should not be abolished until something is provided to take their place.

"It would seem far more practical to set to work on a positive program of improving the public bureaus, for if we get a good public service, the fee-charging agencies and their abuses will then become a minor question. The private agency will be eliminated because it will be useless; or we shall learn how to improve it through experience gained in the public bureaus."

GRAPE FRUIT READY

BRADENTOWN, Oct. 1.—Mantatee county's first shipments of grapefruit for the new season are ready to move, the earliest movement from the state so far reported this season. Although the shipments are early, it is authoritatively stated that the fruit will meet all requirements of the state law prohibiting the sending out of immature fruit. A state inspector is on the ground making tests and checking against the possibility of any of the unripe product inadvertently getting into the cars.

SCHOOL REPORT IS GIVEN

TAMPA, Oct. 1.—Operation of Hillsborough's county school system cost around \$7,000 a day during the last session, according to the annual report of J. E. Knight, county superintendent. The largest amount in the total of \$1,198,000 was for teachers' salaries which amounted to \$579,570.74. New buildings and additions, together with equipment, cost \$321,837.74.

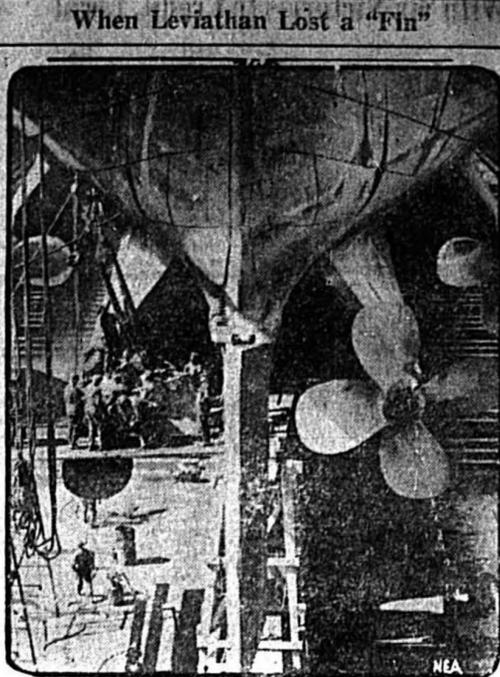

LONDON DREADS POSSIBLE FALL ST. PAUL CHURCH

Despite Heroic Efforts Being Made to Strengthen Fabric, Cathedral is Now Threatened With Disintegration

LONDON, Oct. 1.—Despite heroic efforts being made to strengthen its fabric, evidence accumulates that St. Paul's cathedral, Sir Christopher Wren's masterpiece, is threatened with destruction. This evidence has been obtained from a variety of sources, during the past 25 years.

The latest warning comes from the recently constituted Fine Arts Commission which argues against the erection of a new bridge over the Thames opposite St. Paul's on the ground that the great cathedral already is threatened by heavy motor traffic, which is constantly increasing, and that any further shaking may lead to a catastrophe. The defenders of the cathedral argue two ways. Either the new bridge would carry little traffic and so would be unnecessary, or it would carry a great deal in which case the constant vibration would endanger Wren's masterpiece, everywhere recognized as one of the finest buildings in the world.

Fears for the safety of St. Paul's first were entertained when the subways were run through the earth in close proximity to the foundations. The vibration was recognized as a menace. This menace has been steadily augmented by the constant increase in motor traffic which rolls past the church, and in very close proximity to it. Finally the arguments of the Fine Arts Commission against a new bridge and increased traffic are supplemented by a warning from Mervyn Macartney, surveyor of the cathedral. He argues that underground work for the structures of the proposed bridge would threaten the foundations of St. Paul's by tending to drain off the water under the "pot earth" on which the cathedral stands.

When Leviathan Lost a "Fin"

The queen of the seas, the giant American liner Leviathan, lost a blade off one of her propellers out in mid-ocean on her last trip. But that didn't keep her from completing her trip. Her workmen in the South Boston dry-dock are seen repairing the damage.

"Scenic Highlands" William Comstock Pledges Support To Founder Of Winter Re-Apportionment Park Died Monday

FROSTPROOF, Oct. 1.—The people of this section of Florida pledged themselves to a determined fight for the success at the polls in the November general election of constitutional amendment on re-apportionment. At a meeting held here a resolution was adopted by representatives of Lake Wales, Babson Park Lake of the Hills, Sebring, Avon Park, DeSoto City and Frostproof, calling on all civic organizations in Florida to use all influence possible in getting a favorable vote for the proposed amendment.

"Though the Constitution of the state provides for re-apportionment, none has been made since 1887," speakers stated. "When this apportionment in 1887 was made North and West Florida had the largest population and therefore got the larger number of representatives in the legislature, but now South and Peninsula Florida has the largest population. Under the old apportionment, the only vote ever made, North and West Florida control the affairs of the state taking the choice of every thing, especially in the matter of money and bonding, jobs, etc. The only thing that has been presented to South Florida is the death of its baby with its head in a bucket."

Messages received here late Monday afternoon told of the death in Chicago of William C. Comstock, founder of Winter Park and one of its greatest benefactors, a ally of its progressive enterprise. Death came to Mr. Comstock at his home in the early hours Sunday morning. No other details concerning his passing were revealed in the message.

The passing of Mr. Comstock who was well known here, comes as a bit of surprise to his many friends here and elsewhere in the part of the state. He came to Florida over 25 years ago, settling at what is now Winter Park. With L. A. Chase, he chose and lay out the town of Winter Park. Later he was one of the men who founded Rollins College. Mr. Comstock was a member of all the principal clubs and has helped the cause of that institution in a generous manner. A still other worthy cause, philanthropic, his attention was drawn to in his twenty-seventh year, and since coming to Winter Park has been a regular winter state taking the choice of every thing, especially in the matter of money and bonding, jobs, etc. The only thing that has been presented to South Florida is the death of its baby with its head in a bucket. Mr. Comstock was president of

a Chicago bank and at one time president of the Chicago Board of Trade. He has several books to his credit and has recently been a regular contributor to the Alumni Record of Rollins College. He was a graduate of Northwestern University.

Don't ship green fruit!

Help Florida's Greatest Industry To Pay Real Dividends EVERY Year

The Florida Citrus Exchange guarantees all fruit shipped as Sealdsweet to conform to the spirit of the law against green fruit. Make certain that your fruit is properly marketed—have it shipped under the Sealdsweet brand.

Anybody can ship green fruit these first weeks and get a few high dollars. That may not be difficult.

But the far-sighted shipper—he who works for future as well as present profits—will not.

He knows that green fruit kills the interest of the consumer and trade north in Florida fruit.

He realizes that green fruit helps drop the bottom out of the market for the balance of the Florida crop.

He has EXPERIENCED the result. He, together with all shippers, has figured in red instead of counting profits.

And he will do all in his power to stop a practice that tends to bring about another poor season.

Don't ship green fruit. Play fair with the industry. It pays.

Wide Campaign To "Get Out The Vote"

HOW THEY VOTED IN 1920 ELECTION

For every 100 voters who went to the polls to vote for a president in 1920, there were 98 voters who remained away.

Here is a statistical table which shows the state, the number of citizens years of age and over, the 1920 presidential vote, the number of citizens and the number of absent voters per one hundred voters in each state. The table affords the basis of serious study for those interested in civic affairs and the perpetuity of American institutions.

State	Population 21 years and over (1920 census)	1920 Presidential vote	Unnaturalized citizens and others disqualified	Stay-at-home voters	100 up
Alabama	2,086,320	26,713,832	8,467,025	25,705,063	98
Arizona	1,143,295	241,050	236,157	666,153	278

The Herald Joins in Movement to Awaken Voters to Their Duty

In the 1920 presidential election over 25 million American citizens who were eligible to vote failed to cast their ballots.

The people who did vote totaled 26,713,832. Their votes were divided among the various presidential candidates.

This was the situation. For every 100 votes cast there were 98 stay-at-homes or absentees—the total stay-at-home vote reaching the vast aggregate of 20,705,063.

That brought the nation very close to government by minority. Unless the people awaken to their duty of citizenship, less than half of our citizens will vote this fall.

Then we will have government by minority.

In an effort to awaken the public to its duty, The Herald, working in cooperation with the Newspaper Enterprise Association, of which this paper is a member, will join in a nation-wide "Get-Out-the-Vote" campaign.

This campaign, which will be strictly nonpartisan, has been endorsed by the three presidential candidates, scores of prominent citizens and patriotic organizations.

The vast tanny of non-voters can elect or defeat any candidate—if the vote can be polled. If ten per cent of the stay-at-homes in "rook ribbed" states were colonized in "doubtful states" they would decide any close national contest.

The stay-at-home total of over twenty-five million is arrived at after deducting 8,467,025, disqualified citizens of 21 years and over, including about 6,200,000 alien or unnaturalized foreign borns and over two million illiterate citizens, disfranchised under election laws of 12 southern states.

Kentucky has the least stay-at-home voters. There were only 24 absentees for each 100 votes registered at the polls at the last general election. The second best record was in Delaware, where 33 remained away for every 100 who voted. Indiana was third with only 35 stay-at-homes.

Twelve states of the upper Mississippi Valley, known as the middle west, make by all odds the best showing for any geographic section. Ohio, Indiana, Illinois, Michigan and Wisconsin show 35 stay-at-home for 100 votes, while three middle Atlantic states—New York, New Jersey and Pennsylvania—had 94 absentees for the same number of voters.

But the best showing is made by Minnesota, Iowa, Missouri, North and South Dakota, Nebraska and Kansas—39 stay-at-homes compared with 82 per 100 votes in New England.

Delaware is the worst showing of any large state with 33 stay-at-home for every 100 who voted in 1920 while 2,479,100 failed to reach the polls. For every 100 persons who

NOTED SINGER OF BIRMINGHAM TO BE HERE 2 WEEKS

First Baptist Church Secures J. Fred Schofield to Conduct Song Services During Series Meetings Beginning Sunday

The First Baptist Church of this city has secured J. Fred Schofield of Birmingham, Ala., to take charge of its singing during the revival services which it will conduct for two weeks beginning next Sunday morning. It was announced this morning by Rev. F. D. King, pastor of the church, who will occupy the pulpit during the meetings.

Mr. Schofield possesses a bass voice which has won for him the commendation and praise of thousands who have heard him sing throughout the country and especially in the South. Several people of this city, who have heard Mr. Schofield sing upon various occasions, declare that he "sings his way right into the hearts of those who compose his congregations."

During the past 10 years Mr. Schofield has been in great demand and his popularity, it is declared, has surpassed that of any other singer in this part of the country. This will not be his first visit to Florida as he has taken part in meetings in this state upon several occasions, the last of which was at DeLand a year ago.

Mr. Schofield has charge of the singing of the First Baptist Church of Birmingham, a position which he has held for many years. It was announced today that he will be unable to be here for the opening day because of his engagement with his church in Birmingham. He is expected to arrive here on Monday or Tuesday.

The evangelistic meeting will continue, it was announced. A special invitation to the public will be extended by the committee.

JAMES VALLEY AGAIN WARNED OF HIGH WATER

At Three Cents in South ATLANTA, Ga., Oct. 1.—Nine Southern States, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Arkansas, Louisiana and Tennessee, are affected by a reduction of three cents a gallon in the retail of filling station prices of gasoline through an announcement tonight by the Gulf Refining Company's representatives in New Orleans and Atlanta.

This company is only one of the large distributors of gasoline to make the reduction announcement although it was reported in Atlanta that gasoline price war throughout the South is impending. In Memphis, the Standard Oil Co. of Louisiana announced local reduction of two cents a gallon. The Gulf Company made only a two cent reduction in Memphis.

The announcement of the Gulf Company in Atlanta was followed quickly by two of the largest independent companies—the Reed Oil Company of Georgia and the Wofford Oil Company which operates in Alabama and Georgia.

The retail price of the fuel varies in different parts of the South. The price in Atlanta under the reduction which goes into effect tomorrow is 20 cents a gallon. In Chattanooga it will be 16 cents. Memphis reports its price is 16 cents.

Colored Billboards Invade Remotest of Chinese Highways

TECHOW, Shantung, Oct. 1.—The bill-board has invaded China, along with other western innovations, and is gradually making its appearance far in the interior and off the beaten tracks. Not only is it devoted to the recognized purpose of crying the merits of some article of merchandise, but occasionally it is employed in furthering moral uplift. For instance, in certain districts in the province of Shantung heretofore policemen are portrayed on bill-boards in the act of seizing on-line traffickers, apparently in the hope of bringing the law within the scope of the dulled intellect, while others show guardians of the law with enormous halberds lopping off the heads of offenders.

Only words of praise can be said for bill-boards which herald forth to the Orient the fact that flies are carriers of disease, even though the motive be recommendation of a certain preparation for their extermination. As for the others, colossal rosters of kingfishers, peacocks, and other birds of paradise, and giant bunches of rainier mushrooms and potent medicines. An endless variety of electrical appliances are also advertised, roasting

With Six Victories to Credit, Local Kiwanians to Play for Championship

With six victories, five of them successive, and only one defeat, the Sanford Kiwanis baseball team will leave here around noon Thursday for Leesburg where it will clash with the team representing the Brooksville Kiwanis Club and which claims to have won at least five games and lost none.

The contest, it is stated, will be a championship affair, as both teams are planning the state Kiwanis championship. The Sanford outfit has won two games from the Orlando Kiwanians, two from Leesburg, one from Plant City, one from Titusville and lost a return game to Plant City. All the information received here by Manager E. F. Lane of the local team regarding the play of the Brooksville team was that it beat Plant City and won several other games.

Local players declare that after what they did to the Titusville outfit last Thursday, the Brooksville aggregation had better watch its step. As very little is known of the opposing team again as was the case with Titusville, they further state that they intend to be on the lookout for "anything that Brooksville bunch may have to offer."

It is said that a number of Sanford people have expressed intention of journeying to Leesburg tomorrow afternoon to witness the tennis and the Brooksville manager has announced that he expects to bring a large number of rooters with him. This, states Manager Lane, coupled with the fact that the Leesburg people will probably support the game with a good attendance, assures the players of a large crowd to witness the championship contest.

Mr. Lane urges and cordially invites the people of Sanford to attend the game at Leesburg Thursday afternoon and assures them

that the game will be snappy and interesting. Brooksville, he said, is boasting a good team and when it stacks up against the "unbeatable," there is sure to be some real baseball playing.

The Brooksville lineup is not known, but the local players will probably start as follows: Overlin, catcher; McCall, pitcher; Meriwether, first base; Hutchison, second base; Bebout, short stop; Steele, third base; Byrd, left field; Matthews, center field; Floyd, right field.

Commercial Congress Is Well Represented

ATLANTA, Oct. 1.—Half of States of Union and 21 Latin American Republics were represented here this morning when the Pan-American Commercial Congress was called to order.

DeMolay Meeting Tonight. Semipole Chapter, Order of DeMolay will hold its regular meeting tonight at the Masonic Hall. Installation of officers, DeMolay Degree and Majority Service will be the work of the evening. A good program has been arranged.

DeMolay are urged to attend and Master Masons are cordially invited.

Meeting Iowa G. O. P. Committee Is Called

DES MOINES, Oct. 1.—A meeting of the Iowa Republican Central Committee has been called for noon Thursday, at which time the situation brought about by Senator Brookhart's demand for Charles Dawes' resignation as vice-presidential candidate will be discussed. It is announced.

September Building Records

ORLANDO, Oct. 1.—Permits calling for \$251,150, in new building construction in Orlando were filed with the city building inspector during the month of September. This total exceeds that of the previous month by \$500 and is \$1,000 more than in September of last year.

With the total reached for September it is estimated that total new building construction for the year will approximate \$2,900,000.

Jax Permits \$403,361

JACKSONVILLE, Oct. 1.—Building operations for the month of September fell considerably under those of August but were almost \$200,000 in excess of operations during September, 1923.

The total value of permits issued this month was \$403,361. For the first nine months of the year the total value of building permits issued was \$3,187,440.

Lakeland Building Good

LAKE LAND, Oct. 1.—Lakeland's building permits this month totalled \$403,025, the largest amount for the month in the history of the city, according to records at the office of the city building superintendent. The total for the first nine months of the year is \$1,325,865.

\$175,025 At West Palm Beach. WEST PALM BEACH, Oct. 1.—Building permits issued here for the month of September total \$475,025, the largest volume of September building in the history of the city and twice as much as for the same period of 1923. The total for the present year of building permits issued was \$3,512,850.

Sanford Destined To Be Distributing Point, Says Willis

Having become identified with the Sanford Buick Company, Duwood Willis, who comes here from Orlando, announced that he and his associate, Henry T. Hodgekison, are anxious to give the people of this city the best service possible and to give them what they want.

Mr. Willis was for some time connected with sales department of the Maxwell and Chrysler automobile dealers in Orlando, but he is originally from Atlanta. He has been in the automobile business for nearly seven years, it was learned.

"Realizing the great opportunities that exist in Sanford," Mr. Willis said, "I saw fit to become identified with the Sanford Buick Company in the interest of sales promotion, and hope to help broaden and extend the service now being offered in this city."

"There are certain difficulties to overcome in this territory," Mr. Willis revealed, "but even the worst of these are to be overcome in time. Sanford represents virgin automobile territory and is waiting to be developed."

Mr. Willis declared that it is his belief that Sanford is destined to become the distributing point for every commodity used in the central part of the state. Due to its location in central peninsula Florida and the fact that it is situated at the headwaters of navigation of the St. Johns River, he said further, there is no doubt but what Sanford will become the commercial center of central Florida when its natural resources are properly developed.

Local Progressives Hold Meeting Tuesday Night at Court House

A number of the members of the local La Follette-Wheeler Progressive Club met in the court house Tuesday night at 8 o'clock and discussed plans for the coming presidential election. In November, Chairman F. L. Crosby called the meeting to order, and after a business session, those present listened to a talk by H. Schallern of Jacksonville, chairman of the State Executive Committee for the La Follette-Wheeler campaign.

Mr. Schallern spoke at length on the possibilities of the progressive in this state. The recent state convention at Orlando, he said, proved a success and did a great deal to further the interests of the party.

City Water and Light Bills Are Payable At Southern Utilities

Both water and gas bills, it is stated by City Manager W. B. Williams, for the month of September are payable between Oct. 1 and 10, to the City of Sanford, at the office of Southern Utilities Company, 218 East First Street, to the City Utilities Department, that all water and gas customers who have not already done so, bring their receipts for water and gas to the office and have them exchanged for City receipts.

Water and gas bills should reach customers not later than the first delivery of Oct. 2, and are payable before the 10. Should a customer not receive bill by Oct. 4, it is requested that he telephone the office, No. 27, and the amount of bill will be given.

It is learned that the demand for water and gas service is daily increasing, and to take care of the winter's business a considerable number of new meters have been ordered.

Round Trip Fare To Atlanta For Florida Tech Game is \$20.80

It was announced this morning by G. W. Spencer, Jr., that he is in receipt of a letter from W. E. Starke, general passenger agent of the Atlantic Coast Line Railroad at Jacksonville, stating that the round trip fare from Sanford to Atlanta for the Florida-Georgia Tech football game on Oct. 11 will be \$20.80. This sum does not include Pullman fare.

It was further stated that tickets will be on sale at the local Union office on Friday, Oct. 10, which will enable fans to leave here as late as 3:55 o'clock Friday afternoon, on train No. 59, and make connection with the special train out of Jacksonville to Atlanta. The special, it is said, will arrive in Atlanta at 8 o'clock Saturday morning.

The tickets, it was learned, will be good for return passage until Sunday night, getting the passengers back to their homes not later than Monday, Oct. 13. The special train, it is understood, will leave Atlanta on Saturday night as it did last year.

"The Pullman fare each way," said Mr. Spencer, that is from Jacksonville to Atlanta and from Atlanta back to Jacksonville, will be \$4.20 for a lower berth and \$3.75 for an upper berth each way. Pullman reservations, he said, may be secured by writing to Mr. Starke as mentioned above. Any additional information concerning the trip may also be had by writing to Mr. Starke, he added.

Dawes Ignores The Attack Made Upon Him By Brookhart

probably gets less than 25 cents, but whatever the exact figures may be every farm organizer in the United States and every cooperative organizer in the United States is teaching the doctrine that this enormous expense of distribution is unjust and is taken from both the producer and the consumer in excess profits. These same organizations teach that cooperation in credit, in processing and in distribution of farm products will increase the share of the farmer in this dollar to something like 50 cents and at the same time decrease the cost to the laboring man something like 10 cents or 15 cents if each dollar. They back up these conclusions by citing instances all over the world where cooperation has actually accomplished these results. In the face of all this Dawes insults them and stammers himself as the emphatic representative of the profiteering class that prey upon both farmer and labor.

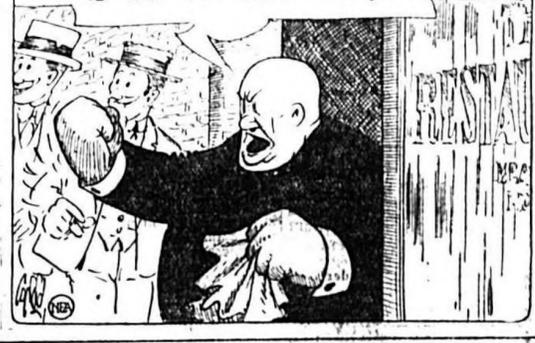

"For these reasons I desire to request that the national Republican committee take steps to secure the resignation of Mr. Dawes as Republican candidate for vice-president."

Wine Makers Arouse Ire Argentina

BUENOS AIRES, Oct. 1.—In a campaign against manufacturers of liquor, the Buenos Aires Board of Health has closed down five large plants producing alleged wine, and other beverages. They are said to have used methylated spirits, or other combined with water, and coloring matter. One of the concerns was a heavy advertiser of a brand of wine that never was produced from grapes, but was widely consumed, much to the detriment of the drinkers, according to the authorities.

PERBYTERIANS BEGIN OBSERVANCE OF RALLY WEEK WITH VISITATIONS

Starting on Monday night, the Presbyterians of this city began the observance of a Rally Week program with social visitations to the homes of all members of this particular denomination by the men of the church, stated Rev. E. D. Brownlee, pastor of the church, to a representative of The Herald this morning. The men assembled, split up into pairs and in such divisions called upon the members of the church.

On Tuesday, said Rev. Brownlee, the Executive Committee of the Christian Endeavor met and planned the work of the organization for the coming winter. This body is composed of the officers and the chairman of the Christian Endeavor organizations of this city.

The chairman of evangelistic work for the men of the church has invited all of the men interested to discuss the "church's task in America" at a meeting to be held in the church tonight. The same invitation as extended the men to attend this meeting is also extended to the women's auxiliary and the young people's groups.

Each Wednesday night at 8 o'clock during October, said Rev. Brownlee, will be the subject of the visitations will be the same as tonight. A large attendance is expected at tonight's meeting.

It was learned that on Thursday night the deacons of the church will meet to lay plans for the winter's work.

On Friday afternoon and night the Senior Christian Endeavor will entertain the young people of the church at a picnic and swimming party at Palm Springs. All are expected to meet at the church from where they will leave at 4:30 P. M.

It was further stated that next Sunday will be Rally Day at the Presbyterian Sunday school. All of the members of the church and their friends who do not attend other churches are expected to attend this service. Those interested in the young people and the children are especially urged to attend.

Mrs. Raymond Philips Entertains Friloha Bridge Club

Mrs. Raymond Philips was the charming hostess for the Friloha Bridge Club Tuesday afternoon at her home on Elm Avenue.

Zinnias in baskets and cut glass vases were used artistically in the living room where the interesting games of bridge were played. High score was won by Miss Florence Henry. She was presented with a pair of handsome hand painted candles.

Delicious refreshments consisting of cream chicken in patties, nut bread sandwiches, with cake and coffee, were served.

Those present were Mrs. D. C. Stafford, Mrs. Ed Betts, Mrs. Hawkins Connelly, Mrs. W. C. Hill, Mrs. B. F. Whitmer, Jr., Mrs. Emmett Hunt, Mrs. Jimmy Ridge and Miss Florence Henry.

Truth Seekers Class Has Business Session and Election Officers

The Truth Seekers Class of the M. E. Church was entertained Monday afternoon at the home of the teacher, Mrs. C. H. Smith on Palmetto Avenue.

After the regular routine of business the annual election of officers was held. The following officers were elected: President, Mrs. B. W. Turner; vice-president, Mrs. H. A. McCallie; secretary, Mrs. J. A. Vaughn; treasurer, Mrs. T. E. Wilson; teacher, Mrs. C. H. Smith.

After the election a most enjoyable social hour was spent. Delicious fruit salad with saltines and ice tea were served by the hostess, assisted by Mrs. Walker, Mrs. J. M. Moye, Mrs. T. E. Wilson, Mrs. Dolan and Miss June Waddell.

The meeting was attended by 30 members.

Call Mrs. B. L. Perkins at 280-W for reservation for the St. Agnes Bridge Party Friday at 3 P. M.

Call Mrs. Geo. McRory at 530-W to make reservations for Friday afternoon. St. Agnes Guild Subscription Bridge.

PERSONALS

H. A. C. Smith, of Lakeland was the guest of friends Tuesday.

R. E. Dell of Lake Butler spent Tuesday in the city on business, the guest of the Montezuma Hotel.

E. B. Randall, Jr., is spending several days in Jacksonville on business.

H. H. Clarke of Mcon, Ga., is spending several days in Sanford, the guest of the Montezuma Hotel, en route to Miami.

Mr. and Mrs. S. G. Porter and children returned Tuesday from Palatka, where they spent a week with relatives.

Mr. and Mrs. S. K. Doerner announce the marriage on September 28, 1924 of their daughter, Mary Ann to Harold H. Hargon.

Mr. Hargon is a conductor on the Southern Railroad and the young couple will make their future home in Meridian, Miss.

The friends of Mrs. Cole will be glad to know she is able to return to her home after a serious illness at the Robson's Sanitarium.

Mrs. Sara Easterby and Miss Sara Warren Easterby left Monday for Blacksburg, N. C., where they expect to spend a month with relatives.

Miss Katherine Byral who has been the guest of Mrs. B. F. Whitmer, Jr. left the first of the week for Tampa, where she will spend the winter.

Mrs. H. B. Rabun, of Lake Worth underwent a very serious operation at the Robson Sanitarium Tuesday. Mrs. Rabun has many friends who will be glad to know that she is doing nicely.

Peter Schaal returned Tuesday from Los Angeles, and San Francisco, Cal., Chicago, Ill., and other eastern points of interest, where he reports spending a wonderful vacation.

Miss Margaret Erickson was operated on for appendicitis in West Palm Beach Tuesday. Her friends will be pleased to know that she is doing as well as can be expected and will be removed to Sanford as soon as possible.

Dr. E. D. Brownlee spent Tuesday in Jacksonville where he attended the Presbyterian Synodical meeting. At this meeting plans were discussed for a financial and educational campaign for the Presbyterian College in the State of Florida.

Mr. and Mrs. Laramore spent Tuesday in Sanford with Mrs. Laramore's mother, Mrs. Phelps, enroute to Miami, from points in the north where they spent the summer. They were accompanied to Miami by Mrs. Phelps. Mr. Laramore is with the firm Palmer and Laramore, real estate dealers.

Four Million Dollar Fortune Left By Lotta Crabtree to Disabled Veterans

BOSTON, Mass., Sept. 30.—The 4,000,000 estate which Miss Lotta Crabtree acquired in a colorful career of song and dance, real estate investment and theater operation goes to charity under the terms of her will which was filed Monday—and half of the sum goes to form a trust fund for world-war disabled or their dependents.

Setting aside many millions for relatives, the actress left hundreds of thousands for dumb animals, needy actors and actresses, hospitals and discharged convicts, and the residue to graduates of Massachusetts Agricultural College.

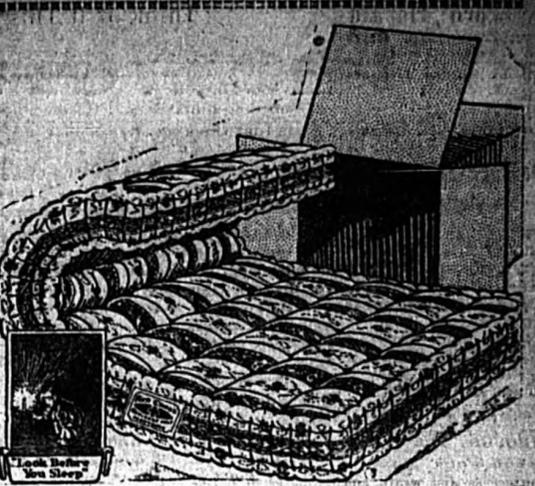

The will establishes a trust fund of \$2,000,000 for those men and women in the service of the United States during the World War, who were disabled, maimed, wounded or sick and extends assistance also to their dependents.

"I thoroughly believe that in the making of this particular trust, I have selected the noblest and most deserving philanthropy to which my estate can be put," the testatrix said in the will.

"I have a great pride and admiration for the heroic and patriotic service rendered by our soldiers, sailors and women who were in the service of the United States during the late World War, and I am fully aware that they can never receive adequate compensation and reward for what they have helped to accomplish for the honor and well being of their country and mankind.

The trustees are empowered to aid also any hospitals or other organizations performing a similar service to veterans and are directed to use the income from the fund semi-annually.

Inasmuch as the present and in the immediate years to follow there will be greater occasion and demand for aid and assistance than there will be as the years go on. They will direct the trustees further to use the principal of the fund if necessary to accomplish the purposes of the trust.

FROCKS FOR SLIM FIGURES

The correct move on the check-board of fashion is toward slenderness and simplicity. The first frock pictured takes its stand in a tan voile dotted with powder-blue silk. The lower edge of the skirt is scalloped and bound with ribbon to harmonize with the dots. The short sleeves and round neck are finished in the same way, while a rosette of blue ribbon appears at the side. Medium size requires 4 yards 36-inch material and 8 yards of ribbon.

Check silk broadcloth—gingham's hated rival—is used for the second model, which has a tucked skirt and a blouse with cape of self-material. The cape is attached to a standing collar, and the sleeves are tucked to correspond with the skirt trimming. Medium size requires 5 1/2 yards 36-inch material, with 1 yard of plain silk if the cape is lined.

First Model: Pictorial Review Dress No. 2197. Sizes, 16 to 20 years and 34 to 42 inches bust. Price, 35 cents.

Second Model: Dress No. 2214. Sizes, 34 to 42 inches bust and 16 to 20 years. Price, 35 cents.

SENATORS AND GIANTS TO OPEN WORLD SERIES NEXT SATURDAY; FIRST GAME IS IN WASHINGTON

Sensational Victory of Senators Stirs Enthusiasm in Series to Very High Pitch

Wall Street Has Become Interested

Nation's Capital Agog With Excitement as Team on Way Home

NEW YORK, Oct. 1.—Washington's sensational victory in the American League has stirred baseball fandom to unprecedented enthusiasm in the fight which the Senators will start for the world's championship with the New York Giants next Saturday in the national capital.

Officials of each club, after a long conference Tuesday with Commissioner Kennesaw Mountain Landis, disclosed that they are being flooded with requests for reservations from all parts of the country. The Commissioner, who conferred with President Charles A. Stoneham, of the Giants and Secretary E. B. Lyons, Jr., of the Senators to perfect arrangements for the series also voiced his opinion that "unparalleled interest is being shown."

Only the fact that Washington's American League park is unable to match the capacity of the Yankee Stadium will prevent the shattering of the records for attendance and receipts established in the million-dollar series of 1923, officials declared. Commissioner Landis displayed characteristic enthusiasm over the prospect for the series which for the first time since he became diamond dictator will involve a club outside of New York.

He left Washington Tuesday afternoon to take part in the homecoming celebration planned in the capital for the Senators today.

Wall Street's interest in the forthcoming baseball classic was shown Tuesday in reports of wagering on the outcome, with even money generally prevailing. Several wagers were reported, however, with the Senators as slight favorites in one instance, \$1,800 to \$1,600 being offered and quickly covered on the basis they would win. With Walter Johnson slated to twirl the first game for Washington, several bets were made at three to two that he would lead the American League to victory.

Meanwhile, the boards of strategy of both teams are mapping out their campaigns. While the Senators generally are credited with possessing the more formidable hurling corps, built around the veteran Johnson, Giant supporters believe McGraw will have unexpected strength in the box. They point out that the Senators' mound staff showed unmistakable signs of strain in the closing weeks of the American League race when the club's batting strength pulled it through, whereas the Giant hurlers—chiefly Nehf, Bentley, McQuillan and Barnes—finished with impressive exhibitions when everything was at stake.

Part of McGraw's plans, it was indicated Tuesday, involve use of a reversible lineup against the Senators, depending on the type of pitching he faces. Although he has not announced his final decision, it is believed the Giant chief plans to use Terry on first base and George Kelly, regular first sacker, in center field against right handed twirling, with the sensational youngster, Hank Wilson, in left field. When the Senators send their showpiece ace, Knickerbocker, and Zachary to the mound, McGraw probably will use Wilson in center, Meusel in left, and Kelly on first.

Frankie Frisch, captain and second baseman on the Giants, expects to be at his regular position. With the probability that Heinie Groh's twisted knee will not be in shape, McGraw is grooming Lindstrom, 48 year old Chicago school boy, to start the series at third.

JIMMY MURRAY GETS DECISION OVER HERRING

JACKSONVILLE, Oct. 1.—Jimmy Murray of Atlantic City was given a referee's decision over "Red" Herring of Louisville at the conclusion of a 10 round bout here last night. Frankie Moran of New Orleans was an easy winner over Kid Cost of Savannah in an 8 round semi final bout.

'MASTER MIND' TO MATCH WITS WITH YOUTH IN SERIES

John McGraw, the "Little Napoleon," Will Match Skill With Strategy and Fight of Ambitious "Bucky" Harris

NEW YORK, Oct. 1.—The world's series between New York and Washington promises many spectacular features, and not the least of these will be the battle of strategy between John J. McGraw, veteran leader of the Giants, and Stanley Harris, youthful playing manager of the American League Champions.

McGraw, known as the "Master Mind" and the "Little Napoleon," will match the experience that has carried him to 10 pennants in the past 20 years, four of them in a row, against the fiery leadership of "Bucky" Harris, youngest of all pennant winning pilots, inspired by triumph in his first year at the helm.

Harris "Ambitious Youth." Last year McGraw was beaten in a struggle heralded as a test between his "master mind" and "brute force," as typified by Babe Ruth and the slugging Yankees. This year "ambitious youth" will try to outwit the "master mind."

Harris, who will not be 28 until November 8, has but five years' major league experience. McGraw has led the Giants into the fray since 1920. He was a playing star on the famous Baltimore Orioles in the 90s before Harris was born at Port Jervis, N. Y., in 1896.

McGraw directs his athletes from the bench. He is credited with deciding every pitch his twirlers throw, and directing all moves on the attack. Harris leads his men from a post in the thick of the fray.

Both inspire aggressiveness. Ability to inspire aggressiveness is a characteristic shared by both managers. McGraw's clubs always have been known for their fighting qualities, particularly under fire, while Harris has had his men battling with unquestionable spirit throughout one of the hottest campaigns in history.

Harris, who was bought from the Buffalo club in 1919, at a reported price of only \$4,000, is a reliable fielder and dependable batter. His chief assets, however, have not been his playing ability, but the manner in which he has worked wonders with supposedly mediocre team, one of the darkest horses that ever drew first under the American League wire.

Harris Replaced Bush. He succeeded Donnie Bush at the start of the season, his selection being made at the eleventh hour by Clark Griffith, and turned a pennant winner out of virtually the same material that just managed to get out of the second division in the closing of last season.

Harris shares the fruits of victory with his great pitcher, Walter Johnson, who played a major part in the triumph with one of the best seasons of his long career, but the fighting spirit of the younger manager instilled into his club probably was the most decisive factor.

Deepest Point In Ocean Found Near East Coast Japan

TOKYO, Sept. 30.—The lowest point known on the earth's crust, the deepest known trench in the ocean, lies about 145 miles southeast of Tokio. This discovery, made recently by the Japanese naval survey ship Manshu, has been announced by the naval authorities.

The new "deep" measures 32,636 feet, or more than six miles. It exceeds by 548 feet the hitherto greatest ocean depth, the famous Marianne trench in which the United States naval ship Nero in 1899 found 32,085 feet off the east coast of the island of Mindanao in the Philippines.

WILL VOTE ON SCHOOL BONDS

CANAL POINT, Oct. 1.—An election will be held here on Oct. 21 when qualified freeholders in school district No. 1 will vote on a \$50,000 bond issue proposed to finance additions and equipment for school buildings and grounds.

Senators' Premier Hurler

Walter Johnson, veteran of 18 campaigns in the major league, was a big help to his club in clinching its first American League pennant this year. He is being doped as the "iron man" of the coming series with McGraw's New York Giants.

CHANGES IN FOOTBALL RULES LAST WINTER INCLUDE ABOLITION TEES, BARRING OF PASSING INTERFERENCE

Alterations Are Designed to Speed Up Game; Try-For-Point Changed from Five to The Three-Yard Line

NEW YORK, Sept. 30.—Several radical changes in football rules, decided upon last winter by gridiron authorities, will be in effect during the coming season which gets into full swing the end of September.

Chief among changes are those abolishing kicking tees, barring "passive interference" on the screen pass, shifting the try-for-point from the five to the three-yard line and other alterations designed to speed up the game.

A summary of changes follows:

In Rule 1, Section 3, the committee has added its approval to the so-called "offset" goal posts so that either straight line posts or offsets are legal.

In Rule 3, Section 3, there is an answer to the generally increasing complaint that certain stiff shoulder guards and protectors were dangerous. The committee has legislated that shoulder guards must be padded outside as well as inside and cleats must not be dangerously sharp, and has urged all officials to relentlessly enforce every phase of the rule relating to equipment.

Under Rule 6 comes the elimination of tees. All tees are swept out of existence, but on place-kick a player may hold the ball on the ground for the kicker. The ball is not kicked off from the middle of the field, instead of from the 40-yard line. Section 9 has been altered so that any part of the play, if the person being out of bounds counts just the same as the foot.

Under Rule 9 the committee has practically placed shift plays in the hands of officials by legislating that players must come to an absolute stop and remain stationary in their new positions sufficiently long to prevent any doubt in the minds of the officials as to the legality of the play.

Rule 10—The 5-yard line has been changed to the 3-yard line on a try-for-point after touchdown.

In Rule 14 is the evidence of the committee's desire to speed up the game and prevent unnecessary and unreasonable delays. The official may arbitrarily call time whenever he thinks a team is unreasonably delaying putting the ball in play and may warn them or penalize them. In the case of calling off time for substitutions or for other reasons which appear to the official to be with the intent of lengthening the game, he may instruct the timekeeper not to stop the watch but let time run on. Captains may now call time but the penalty for a greater number of requests has been increased to five yards.

In Rule 18 the screening of the forward pass has been checked by a ruling that ineligible players must keep out of the way of the players of the side which did not make the pass, else they are liable to a penalty for interfering with the defensive side's opportunity to reach the ball. The field judge and umpire both are to watch violations under Section 3.

Rule 17 puts a stop to the receiver of the forward pass running out of bounds and then coming back into the forward pass running out into the field of play to receive the pass. Under this same rule the last 10 yard penalty remaining in the book has been changed to 15 yards, namely, intentionally throwing a forward pass to the ground. It has been made legal to decline the penalty on a forward pass.

Rule 18 has been amended to eliminate relating to inside kicks. If a kicked ball crosses the scrimmage line, no one of the kicker's side can touch or recover the ball until it has touched an opponent, but any man may recover a kicked ball which has not crossed the line of scrimmage.

Rule 21, Section 8. A foul committed behind the goal line which does not involve change of possession of the ball is penalized one-half distance to the goal line from the spot where the ball was put in play. Section 14 has been expanded by the instruction to the referee that he shall explain alternative penalties to the captain of the offending team.

Rule 24. The referee alone shall have a whistle, but a pistol is recommended to the timekeeper to notify the referee of the expiration of time.

Queen Elena Makes Poor Little Girl Of Italy Very Happy

ROME, Sept. 30.—Queen Elena of Italy, with a mother's heart, and a particularly sharp eye for any one especially a child, who was in need of an trouble, found when the Queen was motoring near San Rossore, the hunting lodge in Tuscany where the royal family spends the summer months, she saw a little girl of eight or ten years of age, barefoot and clothed only in a few rags.

Calling the child Queen Elena spoke kindly to her, asking her name and where she lived. The next day a grand footman brought little Beppina, a parcel containing a pair of stockings, one of which was filled with sweets and cakes, while the other contained a purse with money to buy her a frock. A few days later the Queen received a letter, badly written and worse spelled, which read:

"Your Majesty,—

"Your munificent present has caused me the greatest joy. My father has taken the money; my brother the cakes; and my mother the stockings.

"Your most devoted,

"Beppina."

Word was received here today to the effect that there will be a meeting of the State Democratic Executive Committee of Florida in Jacksonville on Oct. 3. Robert E. Davis of Gainesville is chairman of the committee and Schelle Maines of this city is secretary, it was learned.

The meeting, it is said, is for the purpose of electing officers for the ensuing two years, and for tending to any business that may be necessary in securing votes for the Democratic ticket in the November election.

Ty Cobb Receives Real "Kick" From Putting Yanks Out

RICHMOND, Va., Oct. 1.—"I didn't win the pennant, but I had the consolation of kicking the Yankees out of the race and—I got quite a kick out of that," Manager Ty Cobb, of the Detroit Tigers, said here last evening while discussing baseball in general and the American League season just closed in particular.

"We told the Washington club we were pulling for them," Cobb added, "but that we were going to beat them if we could, and also the Yankees. As you know we won five out of the six from the Senators and the Yankees and finished the season by winning 18 of our last 3 games. At the close of the campaign we were playing the best ball in the American League."

Cobb came here direct from Chicago where the Tigers closed the season in third place. Today he is to go to Sandy Point, King William county, where he will hunt as the guest of Richmond friends. Returning Friday, the great manager and greater player, plans to go to Washington where he says he will root for the Senators to win their first two games of the world series.

"You may quote me as saying that if Walter Johnson pitches on a dark day he will show the Giants something that they haven't seen often," Tyrus remarked: "I won't attempt to pick the winner because so many things can happen in a short series, but I'm pulling for Washington. They are imbued with the competitive spirit and they'll fight hard. Their victory over the Yankees is one of the biggest things in baseball history and will help the game. They will be tough to beat next year."

Speaking of his own club Cobb said: "We will be dangerous next season."

On the hunting trip this week the Detroit manager will use a gun presented to him in Philadelphia nine years ago. On the stock is a silver plate bearing the inscription: "Presented to Ty Cobb, world's greatest baseball player, by his Philadelphia friends, June 15, 1915."

That's one punishment of a gossip. She wears out her teeth clicking them together.

Boston In Seventh Place By Winning Over the Senators

BOSTON, Oct. 1.—Boston finished in seventh place Tuesday by beating the pennant winning Washington Senators, 13 to 1, in a game which showed that the latter harbored no grudge against Boston for having delayed the finish by taking the first of the final series here. Nick Altrock, Washington's clown-coach, delighted the fans by holding the home teams to 1 run while he had possession of the mound for the two final innings and then he capped the day by scoring the lone Washington run after hitting a "remarkable" three bagger.

The score: R. H. E. Washington 000 000 010—1 9 7 Boston 101 406 01x—13 16 0

Altrock, Speece and Hargrave, Tate, Ruel; Ehmke, Ferguson and O'Neill.

Baseball Writers Will Meet in New York City

NEW YORK, Oct. 1.—The annual meeting of the Baseball Writers Association of America will be held next Thursday morning at 10:30 o'clock, in the hotel Commodore. Frederick G. Lieb, president of the organization announced last night.

Press headquarters, Lieb announced will be established at the Commodore during the New York games of the world's series. Press tickets for three games will be distributed there next Monday morning between 9 and 12 o'clock.

Rickard Lost \$5,000 On Firpo-Wills Fight

TRENTON, N. J., Oct. 1.—Tex Rickard lost \$5,000 in promoting the Wills-Firpo fight in Jersey City, according to a statement filed Tuesday with State Comptroller Newton Bugbee, who also is state athletic commissioner. Total expenditures as set forth were \$467,855 and the total income was \$462,859. Firpo received \$156,211 as his share of the receipts and Wills \$150,000.

The federal tax was \$46,285 and the state tax an equal amount.

The Home Beautiful

"For Sale at Less Than Building Cost."

Location

South Magnolia Avenue, in one of Sanford's best residence sections.

Size

Five spacious rooms, and sleeping porch.
