Homeowner Sues Altamonte For Fire Loss

City Mgr. Proposed

By DONNA ERTES
City of Altamonte Springs is being sued in excess of \$500 because its fire department was unable to put out a blaze in a Winford Park home early this year in the time its owners believed was sufficient, it was revealed at the meeting of the City Council Wednesday evening.

The fire department answered a call to 124 Jackson Street, which is neither within the city limits nor within the Suburban Fire Control District that the city department serves, on Jan. 28, 1968. Record shows Altamonte has been providing fire protection at no cost to this area for several years.

Complaint served on city officials says Altamonte "did negligently and carelessly maintain and operate and control a water system to provide fire hydrants, found water supply insufficient, inadequate, or non-existent... causing house to continue to burn for a time longer than it should have been sufficient pressure in the hydrant."

Phillip Deason has brought suit against the city for damages in excess of \$500 exclusive of cost and demands a trial by jury. William Whitaker of Orlando is representing Deason.

Soon after the fire at the Deason home took place, the Council set a firm policy for the fire department that only homes within the city and the Suburban district and other areas which contract for fire protection will be served.

At last night's meeting City Attorney Joseph Davis Jr. was instructed to defend the city in the court action.

In other business, Council heard reports that fines levied in traffic court for the month of April totaled \$1,740 compared with \$415 this time last year.

Referred to the Planning and Zoning Commission a request for rezoning on Mallard Avenue to permit construction of a professional building. Public hearing on the request was scheduled for 7:30 p.m. May 22.

Received an opinion from City Attorney Davis that the beauty parlor and dance studio located on Mallard Avenue are non-conforming uses and are not professions. It was agreed to discuss the matter further in executive session later in the month.

Authorized proposals be received on a health insurance plan for city employees with proposals to be turned into the city officers by the first meeting in June.

Protests in each case were based on "haste in compiling results on the lengthy ballot" and "openness of the number of votes reported for the candidates."

The recount, which involves some 200 machines, is expected to take all day long. Mrs. Osham said.

Gaming Suspects Seek Dismissal

Attorney Edward Kirkland filed a total of 14 motions in the Seminole County Circuit Court in cases involving Harlan Blackburn, Jackie Marie Reich, Clyde Lee, Eddy Bright, J. R. Carmichael and Doretha Whitaker, all accused in two indictments of conspiracy and gambling.

Eight of the motions dealt with case number 2834 (conspiracy and gambling) and six were concerned with case number 2818 (conspiracy and gambling).

Motions asking severance for Blackburn and Lee were filed in each case, along with motions seeking dismissal of charges on grounds indictments were too vague and indefinite.

Motions seeking court to have the state attorney produce all documents, papers, books, pads and notes in the case to defense charged and to any defense attorneys, which may be relevant in the case to offense charged and to any defense attorneys, which may be relevant in the case to offense charged.

Kirkland also requested court to order the suppression of all evidence obtained as a result of a search pursuant to a search warrant issued by U.S. Commissioner David Kirbin and obtained in two searches, Nov. 1966 and April 11, 1968.

Another motion would seek to have court force the state attorney to produce affidavits in support of search warrants executed in November, 1966, for copying by defense attorneys.

In case number 2818, Kirkland sought court's help in securing a bill of particulars from the state in which the prosecutor is asked to define what, if any, laws the defendants are accused of violating.

No date has been set for according to court observers, it could be some time before Judge Thomas Waddell has sufficient time out from a heavy court calendar to set hearing dates for these motions and to announce court's decision on other motions involving former Constable George Kelsey, accused of operating a gambling house in Oviedo. Waddell re-

turned to the county supervisor of elections' office, it had to be thrown out.

The importance of a single vote could readily be seen in the results of the primary yesterday. Dan Pelham of Sanford Junior High School made the second primary for the district five County Commission seat by a fraction more than one vote per precinct over Sidney L. Vihlen Jr.

Talk around Longwood is that Sgt. Freddie Marton of the police department will be named acting chief of police when Chief Gerald Pierce's 10-day notice is up. It is said that Pierce will return to a position on the Titusville department which he left to take over the Longwood chief's position.

City Manager Pete Knowles said the Booker report on SNAR is due to be submitted Sunday to Department of Commerce in Washington. Knowles said they would check over the report's recommendations and make it available to city in near future.

Seminole County will join with the State of Florida on May 28 to choose delegations to represent the people in selecting nominees for president in both political parties in convention in August. Those of the delegations are Democratic pledged to Sen. George Smathers, Sen. Eugene McCarthy of Minnesota, as well as an unpledged one headed up by Sen. Scott Kelly of Lakeland.

The lone Republican delegation is unopposed. Remainder of the ballot for November in Seminole exclusive of the office of President, justices of the state supreme court and public service commission will read as follows with (1) Democrat, (2) Republican and (3) incumbent.

Area Catholics In New Diocese

MIAMI (AP) - Pope Paul VI has established the new Roman Catholic Diocese of Miami and created new sees at St. Petersburg and Orlando.

The most Rev. Charles McLaughlin, auxiliary bishop of Raleigh, N.C., was named bishop of the St. Petersburg diocese and the Rt. Rev. Mgr. William Borders of Baton Rouge, La., was elevated to bishop to head the Orlando diocese.

The Orlando, St. Petersburg and St. Augustine dioceses will be responsible to the Miami archdiocese. The move by the Pope created the separate province of Florida. Previously, most of Florida's Catholic churches were subordinate to the Atlanta archdiocese.

Churches in the new dioceses were included in the diocese of Mobile-Birmingham, Ala.

The Orlando Diocese will include Orange, Seminole, Volusia, Brevard, Osceola, Lake, Marion, Polk and Sumter Counties from the old St. Augustine Diocese, plus Highlands, Indian River, Okechobee, and St. Lucie Counties from the Miami Diocese.

There are five Catholic churches in the Seminole County area. They are All Souls of Sanford, Nativity of Lake Wales, St. Peter and Paul of Goldenrod, St. Mary Magdalen of Altamonte Springs and St. Ann's in DeBary, serving DeBary and Deltona areas.

Protests in each case were based on "haste in compiling results on the lengthy ballot" and "openness of the number of votes reported for the candidates."

The recount, which involves some 200 machines, is expected to take all day long. Mrs. Osham said.

Mother's Day Party Set in DeLtona

By MELBIRD HANEY
 The New England Club of DeLtona will hold a Mother's Day celebration Saturday at 6:30 p.m. at the Community Center. The club's "Mother of the Year" will be honored at this time. Mrs. Al Poirier, entertainment chairman, has promised some excellent entertainment which will follow the dinner. This will include a performance by the Sanford Square Dancers and a "Sing-a-long." The club president will also present a check to the DeLtona Volunteer Fire Department during the program. Tickets for the celebration may be purchased from any member of the New England Club or from Mike Goodman of Perley Wallace. No tickets will be available at the door - reservation only.

Girl Scouts

Members of Girl Scout Troop 823 were busy this week in the home of their leader, Mrs. Wayne Moore, 1803 Willow Lane, Tanglewood. Under direction of Mrs. Robert Moore, the girls made Decoupage's for Mother's Day gifts. There are 25 girls in the troop.

Swim Class

Red Cross will conduct a Junior and senior life saving and water safety instruction course for the public at 7:30 p.m. Monday at the Sanford Naval Academy pool on Melbourne Avenue.

Graduation Tea Fetes Senior Girls

The Orange Avenue home of Mrs. Robert Shelden, hostess of the 1958 graduation tea, was the setting for the event, May 2, for a delightful tea honoring seven high school seniors.

The honored guests, members of the 1958 graduating class and their mothers were Shelly Corbett and Mrs. C. W. Corbett; Brenda Carter and Mrs. E. W. Carter; Linda Hughes and Mrs. L. F. Hughes; Charlene Hillis and Mrs. C. V. Hillis; Kay Tyson, Kerry Winkley and Mrs. E. E. Winkley; Marlene Wyke and Mrs. E. C. Wyke; and Gail Gatchel and Mrs. Stewart Gatchel.

The guests of honor received corsages from the hostess to complement their dresses. The dining table was overlaid with a white organza cloth over yellow and the eye-catching centerpiece was composed of gladioli, baby's breath and white lilies. The centerpiece was accented with white paper flowers.

A large crystal punch bowl filled with fruit punch and aqua and white daisies standing in an ice cream cone and the table. An attractive array of past fours, decorated finger sandwiches, nuts and minis, all in the chosen class colors, also were served.

Following the punch was Mrs. Betty Hillis assisted by flanking hostesses, Sandy Bartholomew, Joan Hove, Curtis Stewart and Ellen Sloan.

Invited to call from 4 to 6 p.m. were approximately 85 senior friends of the girls who received invitations in the form of little scrolls tied with aqua and white ribbons. Many SES faculty members also called during the appointed hours.

Glanda Albert Honored By SJC Service Club

The SES Service Club of Seminole Junior College honored its president, Miss Glanda Albert, recently with a magnificent bridal shower. Miss Albert, bride-elect of George W. Holloman III, of Orlando, received many lovely and useful gifts.

The shower came as a surprise to the president as the club met for its regularly scheduled meeting. This was the last meeting of the year to close out old business and begin work for the changes that will take place over the summer break, as the club will reorganize as college students for the fall. Miss Albert, as president, had even furnished some of the refreshments for the meeting.

Special guests were the bride, groom-to-be who was invited by the group to help with the opening of the gifts.

Others enjoying the evening were Bob Wilton, Frances Jerrill, Bonnie Todd, Adrienne Epstein, Fay Reynolds, Susan Stone and Gail Roberts, all of Sanford.

Also Jaqui Hira, Jeanie Brown, Danna Bohn, Charlene Robertson and Irene Car-

Party Honors Chrissy Shedden, Donna Hogan

Chrissy Shedden and Donna Hogan were complimented by a recent graduation party at the home of Mrs. Leon Wilson.

The refreshment table was covered with a lace cloth and decorated with an arrangement of blue and white mums and greenery, flanked by two black graduation ovals.

Large trays of open-faced sandwiches, olives, potato chips and dips were served with cake and cold drinks. The cake was laid in white and decorated with aqua including the inscription "Best Wishes to Class of '58."

Assisting Mrs. Wilson with the serving and entertaining was her daughter, Diane Wilson. The honorees were pre-

Long-Time Resident Moves From Geneva
By ESTHER SMITH
One of our most beloved neighbors, Mrs. W. Ray McGill, moved from this community last week after residing here for the past 27 years. The mother of nine children, she moved here in 1941 with her husband and seven children as two were in the service.

Helen has been past president of the Homemakers Club, Geneva Garden Club and was active in the Genealogical Society until poor health wouldn't permit.

Her husband was the first person to originate the fire department at the Sanford Air Base. Mr. McGill died three years ago of a heart attack. He had willed his body to the Gainesville University and his eyes to the eye bank.

Mrs. McGill and daughter, June, have bought a duplex at 818 Fairfax Ave., Winter Park. The other children are scattered all over the United States.

Seminoles Place All Hopes On Line At Dunedin Today

By TOM ALEXANDER
Herald Sports Staff

The top seed Seminole baseball team will be on the line today at Dunedin in the opening round of the Florida State Baseball Championship at Dunedin.

The Seminoles are picked as the dark horse in the championship and if the boy-players hit work the Seminoles will be bringing the championship cup home to Sanford. The boy hit and play are the major reason the Seminoles have to accomplish but a lot of their success may lie in the pitching ability of small left-hander Steve Shumaker (11-4).

The top seed Seminole has proved to be the favorite of the Seminoles in both the hitting and pitching departments as he carries a .361 batting average and has pitched one of the toughest curves balls in the state. Coach Owen McCarron feels that if anyone can stop Shumaker it would be Shumaker.

One of the setbacks thus far for the talented SHS line has been the loss during the post season of one of the most powerful right-handers, Ron Barry who has a 6-3 record. The average Seminole has been pitching staff in strikeouts

and was known to be tough in pressure situations. The question is — Will Harry be able to pitch in any of the State Title sites? As of this morning things look very doubtful, and Harry may have to be satisfied in playing the left-field position that was vacated by Mark Cole. Cole took over third for starting third baseman Joe Pauline, who was hospitalized last week. But this afternoon's contest may tell the story for the ambitious Harry.

Looking over the Seminoles, Mike Morgan will be on the receiving end of Shumaker's pitches. The talented catcher has been one of the key men in the SHS drive for state honors.

Bill Miller will hold down the sack at first, and his hitting also has been a valuable asset to the Sanford team all season long.

Tom Tatham will go into this afternoon's key contest with a .296 batting average. Tatham also has been one of the Seminoles' standouts in the long pennant drive and could be one of the decisive hitters in the game against powerful Shumaker.

Bob Ferrell is a player whom McCarron feels has been a key hitter all season. The young slugger has been one of the essential players in most of the Seminoles' scoring opportunities, even though his batting average does not show the trend.

Skipper Semarick leads a fine .276 batting average and has proved to be one of the Seminoles' better fielders in the shortstop position. The big Junior has also provided plenty of power at the bat and has had two long home runs to prove his worth to the Seminoles.

Mike Ferrell will be the other Seminole key. Ferrell has displayed a tremendous desire this season and is another of the essential play men.

Greyhounds Prep For Coming Grid Season: Look Good

By WALTER BESTLINE
Herald Sports Staff

The sports spotlight focuses on football this week at Lyman High School as spring practice gets underway for the Greyhounds. Fifty-four boys including 12 returning letterman and a host of upcoming sophomores, are running through drills under the capable eye of head coach and offensive master, Richard "Cap" Dowell, defensive coach, Tom Payne, and assistant coaches, Dale Brewer and Vance Ambrose.

Coach Jim Clark will help out after his track counterpart travels to the state meeting this week. Two Lyman graduates, Jackie Blanton and Dave Haynes, are also helping fill the coaching responsibilities.

The Greyhounds are the defending Orange Belt champions.

less this year after running through the drills last fall with a 5-1 record and posting a 6-3 overall mark. The 13 boys back from last year should provide a good nucleus for the Greyhounds. Raiders Fall To Manatee, 6-3

By TOM ALEXANDER
Herald Sports Staff

Palatka — Seminoles Junior College put a bad scare in the minds of the Manatee Raiders in the opening State Junior College tournament, but could not pull the hard fought contest out of the fire as the Raiders fell, 6-3.

Steve Simpkins went the route for the Raiders as he struck out three and walked four while giving up nine hits to the tough Bradenton team. The little left-hander only had three runs respectively. Simpkins scattered the rest of the Manatee hits well but the Raiders could not overcome the early inning Manatee bulge.

The Raiders picked up their first run in the second inning when Jim Gruber led off with a powerful double. Ron Keith followed Gruber with a single, which allowed Gruber to come racing across home with the Raiders' first run.

The pitching combination of Wayne Perry and Mark Scarce held the SJC nine at bay for the next six innings, but the Raiders found the light in the final frame as Keith led off with a single. John Reen, SJCA freshman catcher then singled to put men on first and third. Brent Helms, the SC shortstop, walked to lead the bases and Manatee had the shortest of its life. A wild

Shrine Rolls To 10-7 Win.

SANFORD JUNIOR BASEBALL LEAGUE

Six big runs in the third inning put Shrine ahead as they went on to defeat Civitan 10 to 7. Lucky Johnson got credit for the win. For the winners, the leading batters were Alfred Green with three hits and Charles Choyce with two hits. Willie Wald had a triple for the losers.

Shrine 10 — Charles 7
Civitan 7 — Charles 7

Kiwanis and Cremona Chevrolet locked horns in an extra inning game last night. Kiwanis came out on the long end of the 4 to 3 score, but Cremona Chevrolet team gave them a real battle. Tolly Frank got credit for the win as he came on in relief. Larry Crimmins, Tolly Frank and Robert Simpson led the winners at the plate. Jim McCoy was the spark for Cremona Chevrolet at the bat.

Unrealistic Wish

ST. PAUL — MINNEAPOLIS (AP) — Demands being made by the National Football League Players Association on NFL owners labeled by General Manager Jim Finks of the Minnesota Vikings "unrealistic and out of the question."

Finks, a member of the NFL owners committee now in negotiations with the player association, said the two sides have made "absolutely no progress yet."

Finks listed as the three major economic issues a demand for a \$15,000 minimum salary, \$5 million a year for the players' pension fund and \$500 per player for each exhibition game played in Dan Stulman, Chicago attorney representing the NFL Players Association, said when he was here last week that he figures the players' demands would cost each NFL team about \$100,000, after taxes.

Hockey Pros. NEW YORK (AP) — Tom Lockhart of New York was re-elected president of the Eastern Hockey League Wednesday.

It'll Get Tougher On NHL Canadians

MONTEAL (AP) — If the Montreal Canadiens think they've seen tight checking on their Stanley Cup final series, Scotty Bowman is planning to make things even tougher for them tonight.

The St. Louis Blues' coach, who learned most of his hockey in the Montreal organization, is convinced that the only way to handle the high-flying East Division champions of the National Hockey League is to check them to death.

One way he hopes to accomplish this in tonight's third game of the best-of-7 series is to get veteran defenseman Doug Harvey back into the line-up. Harvey was injured in the first game of the series and moved Jim Roberts from defense to forward. The Canadiens won the first two games in St. Louis.

Harvey was injured in the semifinals against Minnesota and played only briefly in one of the last four St. Louis games. But both Bowman and Coach Toe Blake of Montreal agree that breaks have been the deciding factor in both of Montreal's victories in the series — 3-1 in overtime Sunday and 1-0 Tuesday.

Seminoles Swim At Lauderdale

By JOHN A. SPOLAKI

The splashing Seminoles take to the road early tomorrow as they head to Ft. Lauderdale to compete in the State Class A Swim Meet, scheduled for all day Saturday.

Coach Grey Boyles said, "This is the largest group we've ever taken to a state meet." The Seminoles will be taking 18 students to the event, who will be accompanied also by a large contingent of parents and local fans.

The current log for the two teams has the girls with nine wins and five defeats while the boys have posted an impressive 12 and 2 log.

"Although they've set the sights for the top rung, we've got to be realistic that we'll be competing against some of the very best swimmers in the state, many of whom are in a higher category," added Boyles.

Twins Take Catfish's 'Sucker' Pitch

By THE ASSOCIATED PRESS

It has been an adventuresome 12 years for Jim "Catfish" Hunter who pitched his way out of Hartford, N.C., and into the record book with the ninth perfect game in modern baseball history Wednesday night.

Hunter drove in three runs with a pair of singles and moved down 27 straight Minnesota hitters for the second anniversary of the young baseball season, beating the Twins 4-0.

It was the first regular season perfect game in 46 years in the American League, and it's a clutch it was the first masterpiece hurled by a pitcher with only nine toes.

Hunter, who pocketed \$75,000 of Charlie Finley bonus money in 1964, lost the big toe on his right foot in a stunning accident in November, 1963. Shortly after signing with the A's, who still were in Kansas City then, Hunter was hospitalized to have 180-gauge pellets removed from his foot.

The operation slowing his progress and at one point the A's considered dropping the young right-hander but the big bonus investment convinced them to stick with him and he came through handsomely.

We'd a steady masterpiece against the Twins might have shaken most young pitchers. But not Catfish. He'd been this route before.

In 1963, Hunter threw another perfect game for Perquimans County High School back in Hertford, N.C. Wednesday's gem came in the Oakland Coliseum in the Oakland Coliseum in California's Contra Costa County. It's understandable why Catfish had to spell the name of the school five times in November. After all, they must have been nervous. Few had seen any perfect games before.

In other American League games Wednesday, Detroit dropped Baltimore 3-1, Boston took Washington 4-0, California edged Chicago 3-2 and New York edged Cleveland 2-1.

In the National League, Chicago topped Los Angeles 14-3.

Catfish Hunter

Northrup's diving catch of Brooks Robinson's liner ended a bases-loaded threat in the Orioles' eighth. Jon Warder pitched out of a ninth inning jam to nail down the victory for Earl Wilson.

Don Mincher's sixth inning homer carried California past Chicago as Clyde Wright was his second game. Luis Aparicio had a two-run homer for the White Sox.

Newy Kosko doubled and Jake Gibbs singled his home with New York's winning run against Cleveland. The game was marked by a near free-for-all fight when Indiana's first base

White Sox Moving To Milwaukee

LOS ANGELES (AP) — Owners of the Chicago White Sox have been given permission to move their American League baseball franchise to Milwaukee next year, the Los Angeles Times said Wednesday.

Quoting a "reliable source," the Times said an April 25 meeting of American League owners and executives will decide if a White Sox official denied it.

The White Sox are playing nine regular-season games this year in Milwaukee, former home of the National League. The franchise was sold to White Sox in the Wisconsin city is next Wednesday against California Angels.

The White Sox for some time have been planning to build a stadium in Chicago. Arthur A. Lynn, club owner, reportedly is on the verge of getting approval for a \$45-million sports complex near downtown Chicago.

Attendance at White Sox games has dwindled in recent years.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: I have been receiving financial help from a married man who happens to be my boss. He is also my Number One friend, and I love him, and he is the only difference between our relationship and marriage is that he has to get up and go home.

I love him in a way, but a girl gets awfully tired hiding all the time. I would like to be able to get dressed up and go out with my man where I can see people and they can see me. And I would eventually like to be married.

Other men have asked me out, but I don't dare accept because it might get back to my boss. What can I do? Am I destined to be stuck with this man behind closed doors for the rest of my life because I have accepted financial help from him? How does a woman get off this kind of merry-go-round?

DEAR ABBY: I am a junior in college and my parents have been divorced for over a year. I am an only child and I live with my father. We get along fairly well with one minor exception.

My father used to come home from work at 5:30 p.m. Now he doesn't get home until 10 p.m. or even later. I am glad he is going out socially, but I think he should tell me how late he intends to be and where I can locate him in case he gets a business call.

Dad says he is a big boy now and can take care of himself. I realize that, but I still think he should let me know where I can reach him at all times. Dad says it isn't necessary, and I want to know his whereabouts more out of modesty than anything else. This is not true, Abby. Don't you think I'm right?

DEAR ABBY: I have a problem. What's yours? For a personal reply write to Abby, Box 99700, Los Angeles, Cal. 90069 and enclose a stamped, self-addressed envelope.

DEAR ABBY: My husband and I are planning a wedding. I am a junior in college and my father is a doctor. We are getting married in a few months. I am a bit nervous about the wedding. I have never had a wedding before. I am a bit nervous about the wedding. I have never had a wedding before. I am a bit nervous about the wedding. I have never had a wedding before.

FRIDAY, MAY 10, 1968

GENERAL TENDENCIES: One of your best days to come to a better understanding with everyone with whom you have any sort of contact. However, so make sure you do not wear it to work. Even if that were the reason, shouldn't he afford you the courtesy of wearing it on week-ends when you are with friends, and not on work days? I've reminded him several times, but it hasn't done any good.

ARIES (March 21 to April 19) Ideal day to get in touch with associates and coordinate ideas, as well as have arrangements made to reconcile with others important in your life. Have a little celebration in P.M. Go to some charming spot.

TAURUS (April 20 to May 20) You are able now to work the projects that make daily work more pleasant and easy, especially around the house. A co-worker, who has been acting unusually lately, will now do his utmost to assist. Be kind.

GEMINI (May 21 to June 21) Focus your attention on important duties during the day and then give yourself over to leisure you like. If close ties have special talents, show appreciation instead of criticism. Be kind and generous.

MOON CHILDREN (June 22 to July 21) Talk over with him and when to make the improvements and back others that are important, necessary. Put through that plan that can give you more success as well. Do so in a positive fashion.

LEO (July 22 to Aug. 21) Contacting those individuals with whom you wish to be allied in the days ahead brings just the right results now. Be sure to improve your current mood operandi. Show that you are a person of real talent.

VIRGO (Aug. 22 to Sept. 22) Come out with true feelings and exact facts and you can do much to have a greater abundance, and back others in ideal and practical fashion. Get that budget improved, also. Let it be more in tune with what is current.

LIBRA (Sept. 23 to Oct. 23) Getting busy at duties that please you most is wise since you get much done and then can be with complete care for happy time. Be precise in stating your aims. Then you get the backing you need for them.

SCORPIO (Oct. 24 to Nov. 21) If you do not confide in others what advisors have to suggest, you become more successful. Don't take any chances losing the good will of others. Take time for the recreation that you need.

SAGITTARIUS (Nov. 22 to Dec. 21) Doing whatever will mean getting together with good pals is wise today since you can have a good time and improve conditions for the future. You find the social life is best way to get ahead now. Be smart.

CAPRICORN (Dec. 22 to Jan. 20) You find that you are in the good grace of higher-ups now, so state your aims and they help you to get them. Act in such a way that public in general will respect your approach.

AQUARIUS (Jan. 21 to Feb. 19) Contact persons far away and state what your aims are for the days ahead. The telephone where possible. Get your trips arranged, ideally for whatever is really necessary. You need a change of environment.

PISCES (Feb. 20 to March 20) Others want you to come through with promises made more quickly and it behooves you to do just that now. Add to prestige. Making sure to see that mate is pleased is wise before dashing out to new interest.

IF YOUR CHILD IS BORN TODAY... he, or she, will be one of those delightful youngsters that others feel low to the nth degree, so teach early to use such qualities for constructive purposes and not merely for pleasure. The chart for the entertainer, the dancer, anything connected with clothing, the cultural, the artistic. Elegance is the key here.

Why didn't South use Blackwood on today's hand to check for aces? For the same reason that you never see a hero of a Western movie jump into his modern car and ride off into the sunset. Today's hand was played before Zaslav Blackwood had invented his convention.

Hands like this one made some quantitative measure of successful bidding.

This hand is not shown for this reason but because South had no trouble making his slam in spite of missing two aces.

East played his deuce of hearts and West studied what to lead at trick two. He shifted to a club, whereupon South club lead, South had jumped to the slam without any top spade diamonds on dummy's king of hearts.

We don't think much of West's

Today we would not find South in that slam contract, but, if he did get there, an ace in the modern invention called the suit preference signal would enable East to tell West what to lead.

East would play his queen of hearts on West's ace. West would see that East could not possibly want a heart contract. Therefore, that high card, the queen of diamonds, would be calling for the lead of the higher off-suit. The queen is higher than clubs. West would lead a diamond.

A word of warning is necessary here. The suit preference signal is fine but don't carry it to absurd extremes. Most of the time, you play a high card to ask a partner to continue his suit or a low card to ask him to shift to another one and the other one is not necessarily the lower of the suits you must choose between.

Polly's Pointers

By Polly Cramer

DEAR POLLY: Perhaps many of you, like me, have elderly relatives or friends who live alone or in rest homes and would like to hear from them more often. Sometimes it is not easy for these senior citizens to write as they are getting to be a little bit stiff in getting to a store for stamps and paper. To make it easier, we always to make it stamped, self-addressed envelope in any letter we write to them. Some are embarrassed if their handwriting has become shaky and they would not want to tell you they did not have a stamp. Make it a habit to include this bit of thoughtfulness—MRS. L.G.B.

Beauty after Forty

By Edyth Thornton McLeod

The Official Hair Fashion Committee of the National Hairdressers and Cosmetologists Association has announced that the curly look will dominate the summer hair fashion picture. This authority is never wrong. It studies both style trends and the moods of women.

The name "Tender Curl Fashions" will give you an idea of what styles to select for yourself. The mature woman will look well with face and jacket. The curls must be carefully about too much curl — it must not be overdone. The Committee says that hair must be more cared for than ever before. It must be soft and pretty. This calls for care and hair conditioning to guard your hair from sun, wind and water. And professional soft permanent waves are a must.

Candidates Turn To Nebraska

OMAHA, Neb. (AP) — Nebraska's presidential primary Tuesday could give New York Gov. Nelson A. Rockefeller and Vice President Hubert H. Humphrey a clearer idea of their appeal in the farm belt.

Neither entered the presidential race in time to be listed on the ballot, but both have backers working to get impressive write-in totals.

Nebraska voters long have viewed their prerogative of writing in candidates in their presidential primary. Cross-over voting from one party to another, a factor in the Indiana primary, is not permitted in Nebraska.

Listed on the Democratic ballot are Sen. Robert F. Kennedy, winner of the Indiana primary; Sen. Eugene J. McCarthy and President Johnson.

An Associated Press survey of delegate sentiment taken after President Johnson announced he would not run showed Humphrey stands to pick up at least as many delegates as Kennedy from the scramble. McCarthy, however, has more delegates candidates pledged or leaning toward him than either rivals.

Most Republican observers predict an easy victory for late Vice President Richard M. Nixon, who out-pollled the late President John F. Kennedy in this state by 148,000 votes in 1960.

There is organized support for Rockefeller and Gov. Ronald Reagan of California. Neither is on the ballot and neither has campaigned in this state. Nixon predicted this week that his vote will equal that of Rockefeller and Reagan combined.

On the GOP ballot with Nixon are former Minnesota Gov. Harold Stassen, who won the Nebraska primary 20 years ago, and American Libertarian, an ex-cowboy from Valentine, Neb.

U. S. Set Guides To Follow

By BILL SCOTT
School Supt. William J. Phillips told The Sanford Herald today that there was little for facts regarding a persistent rumor circulating during the past few days that three white high school teachers had been asked to retire at Seminole High School so that the Board of Public Instruction could hire three Negro teachers to bring the local education unit within the guidelines required by recent civil rights laws from U. S. Department of Health, Education and Welfare.

Phillips, replying to a question from The Herald after a regular board meeting, said the three teachers (unnamed) already had indicated it was their wish to retire at the end of the present term, but had changed their minds after the School Board adopted new teacher pay schedules. Phillips said the school principal, Andrew Bracken, had just asked the teachers to reconsider their first-in-line status. Phillips said he was not sure if the teachers had decided to retire at the end of 1967-68 term.

The three teachers—reportedly age 69—having changed their minds regarding retiring, refused to reconsider and indicated it was their desire to continue to teach next year.

Phillips confirmed that all three had continued to teach during the recent "teacher crisis" and had given faithful service to the school system. He indicated the trio would be allowed to continue to teach next year, but the problem of getting out Negro teachers every 10 white teachers in the school system remains, and, according to Phillips, these Negro teachers will have to be placed at Seminole High School next year or the school will not be within the federal requirements.

There are at present three positions at the high school which need to be filled — a chemistry teacher and two coaches.

In another action Thursday concerning integration, the School Board formally adopted the 1968-69 county desegregation plan for the school system. Main provision is believed to be the section requiring a majority white teacher faculty at Crown, Hopper and Jackson Heights schools. School Board has indicated at previous meetings that few, if any, white teachers had volunteered to teach at the predominantly Negro schools.

A substantial white faculty will have to be assigned to Rosenwald, Midway and Goldenburg schools, and there must be substantial integration of faculty at all other schools.

Assignment of administrators within the system will be based on reasonable criteria, without regard to race, creed or color. Personnel will be assigned at all levels and to all Lake View and Oviedo Junior High schools. (Children to bring lunch from home.)

Canvass Upholds School Bonds OK

After a canvassing of the Tuesday school bond election, the Seminole County Board of Public Instruction Thursday officially accepted final figures indicating passage of \$10.3 million school construction bonds.

Final figures released after canvass disclosed there were 7,092 voting for the bonds and 2,833 casting no ballots, with a total 10,225 persons voting.

Final figures also included some 242 absentee ballots, four of which were thrown out because of improper marking. Final official figures gave the bond election a 561 majority over what was needed to make it official. Absentee votes added 188 for and 84 against bonds.

The school bond issue was approved in all 33 precincts with closest votes being two-to-one favoring bonds.

Fiscal Agent D. Kirk Gunn appeared at the board meeting and reported that he would move quickly in getting bond issue sold and hoped to have the funds ready for bond's use by Sept. 1. Gunn indicated he would seek to sell the bonds at best possible interest rate.

School Board Attorney S. J. Davis asked board members to approve a resolution on bond issue, which would make every thing legal.

Another problem to come before school board at Thursday's session was policy adoption on forbidding pregnant high school girls to continue in school.

Supervisor William J. Phillips said the board had a policy of prohibiting married students from continuing in school after it was known they were married. Non-compliance with the policy in advance of the recent move to Albany was able to find satisfactory homes. However, those who are just now making the move are having a difficult job of it.

One man said that he looked at as many as 15 homes, only a two-day stop before he found "anything I'd move my wife and four children into."

"There seems to be a definite class distinction in what is available. You either find a \$30,000 home or one in what we'd call slums," he said.

His major concern, now that he has found a place for his family (and it is a duplex) is for the dependents who are waiting for end of the school term to make the move.

Vote Is Official!

By DONNA ESTES
Decision is expected Monday from Sidney L. Vihlen Jr. as to whom of the two candidates for the District Five County Commission race runoff on May 28 he will endorse.

Vihlen, who lost a berth in the runoff election by only 34 votes, told The Herald today that he was contacted by both John Fitzpatrick and Dan Pelham for support and plans to have a decision ready by Monday.

Account requested by Vihlen yesterday in the "squeaker" showed no errors and left no change in the totals.

Official results which have been certified to the Secretary of State's office by the canvassing board which consisted of Mrs. Camilla Bruce, supervisor of elections, County Judge Wallace Hall and County Commissioner John Alexander showed Fitzpatrick with 2,207; Vihlen, 2,599 and Vihlen 2,585.

Vihlen, a worker in many civic organizations over the 18 years, said today he will return to his activity in the community.

At the same time, campaigns being waged by other local runoff candidates were beginning to pick up steam again.

Navy Finds It Rough In Albany

Word is returning to Sanford from the Albany area that the Navy is having a difficult job of it.

One man said that he looked at as many as 15 homes, only a two-day stop before he found "anything I'd move my wife and four children into."

"There seems to be a definite class distinction in what is available. You either find a \$30,000 home or one in what we'd call slums," he said.

Bandit Beaten

WINTER HAVEN (AP) — Instead of money, a shotgun blasted bank robber got on the ground and killed by a bank guard and killed by a bank guard.

The Federal Bureau of Investigation said Golden Baggott, 47, a carpenter whose last address was in the Tampa suburb of Hudson, was held on federal bank robbery charges and a state armed robbery charge. A hearing was scheduled tentatively for today in Tampa before U. S. Commissioner Paul Gamewell.

The FBI said Baggott fired two shots from a 12-gauge shotgun, sending the buckshot over the heads of bank personnel and demanding money.

Loan officer Stanley Cox threw a desk drawer at the gunman, crashing it against his forehead. Guard S. O. Wood followed up with a quick shot that grazed the man's shoulder. Nobody gave him any money.

Dope Charge

Roy Brown Clanton Jr., 21, of 48 Overstreet Avenue, Longwood, was booked at Seminole County Jail on a possession of narcotic charge.

Clanton was arrested at a Forest City residence by Constable Grady L. Hall and charged after a prescription-only drug was discovered in his possession. Hall said an investigation was underway.

Civinettes Win Charter

By JACK LIVELY
"Emphasis the American Way of Life, as I am proud to be an American" charged Cecil Carroll, past state governor of Civitas, who was chartered the Collegiate Civinettes of Seminole Junior College at a capacity dinner last night at the Trophic in Sanford.

Carroll was introduced by Florida Civitan Governor Don Howell, of Gainesville who installed the following officers: President Glenda Albert, Sanford; vice president Jennie Brown, Orlando; secretary Charlene Robertson, Orlando; treasurer Ruby Nathan, Sanford; publicity director Bonnie Todd, Sanford; chaplain Judy Harp, Longwood and sergeant-at-arms Adrienne Epstein of Sanford.

The crowded meeting was opened by Clyde Long, Sanford banker, who gave the invocation and after the buffet dinner, president Sid Richard, announced that Dick Smith, of Sanford, would accept the co-sponsoring of Civitan sponsored Little League team.

The Collegiate Civinettes, an auxiliary of Civitan, was organized under the direction of Alex Serrano, Junior Club Chairman, who with Jim Feurbacher, planned the smooth running evening program.

The dinner which was developed for about eighty people was planned in a situation where over 120 persons attended but through the efficiency of the program members and the staff at the Trophic, there was no delay or hesitation.

"The Sanford Collegiate Civinettes is the 122nd club chartered in Florida," Carroll informed the assembly, "and of this 122 clubs, 100 are in high schools and the remainder on college campus sites."

Other charter members of the Seminole Junior College Civinettes are: Dianna Bobb, Orlando; Irene Carpenter, Orlando; Sue Castrino, Orlando; Edie Clark, Sanford; Gladys Hoffman, Sanford; Frances Jarrell, Sanford; Danner Jones, Maitland; Donna Mingo, Altamonte; Anne Meyer, Orlando; Susan Miller, Orlando; Kathy Hook, Oviedo; Gail Roberts, Lake Mary; Faye Reynolds, Sanford; Susan Steln, Sanford and Sarah

Recount Continues

Recanvass of Volusia County voting totals continues today with check of absentee ballots as requested in the district 3 county commission race where there is a possibility of the majority holder being thrown into a runoff in the May 28 primary.

Apparent winner of the seat in Tuesday's voting is Robert Strickland, the incumbent, with a total of 12,762 over his opponent, Grady Williamson with 7,601 and Robert Hannah, 5,120.

In the other three races being contested, Wednesday's recanvass of voting machines totals, still unofficial, according to Supervisor of Elections Mrs. Katherine S. Odham, showed winners to be as announced Tuesday night.

Harris Saxon, incumbent in the District 3 county commission post, received 12,198 over Irving Vento Jr., 10,114.

In the race for tax assessor, Warren Greenwood came out on top with 12,344 to Robert D. Ball's 8,252 and Williams H. Shumons' 2,861.

Oscar Burklin, incumbent district 9 justice if the peace (Port Orange) had 849 votes to 413 for Fred Brisbois.

A check also was made in the balloting for state attorney with the usual one, Stephen Lewis Boyles 10,880; Nicholas S. Masters, 8,016 and Joseph A. Scarlett, 5,059.

GLENDALBERT, president, receives the charter for the Collegiate Civinettes from Cecil Carroll, Jacksonville, Civitan state collegiate chairman.

May Is Recognized Mental Health Month

By DR. FRANK LEONIE
Mental Health Month is the problem of mental illness that applies only to the other fellow? Is it a national problem only and not a local problem? Is it a vague abstraction, rather than a hard-fisted reality?

All three of these questions must be answered in the negative. No individual, no family is immune. A good street address is no protection. The mental illness are no spectators of religion or ethnic background. There are some figures:

—About 10 thousand people are estimated to be suffering from mental illness.

—An estimated 23,000 persons committed suicide in 1967.

—An estimated four million children are in need of some kind of psychiatric help because of emotional difficulties.

These figures, grim as they are, do not tell the whole story. Rather they provide the backdrop for a number of significant trends in the continuing war on mental illness, some of them quite promising. Thanks largely to research undertaken during the past 20 years, often with Mental Health Association support, dramatic gains have been made along many lines, such as the new tranquilizing drugs, significant new treatments have been found for some mental illnesses, aftercare and rehabilitation services designed.

These gains are reflected in

figures showing a decline in sustained annual reduction in state hospital populations. At the end of 1965, there were 538,822 resident patients in state and county public mental hospitals. During that same year, there were 172,000 admissions to and 126,000 releases from these hospitals. At the end of 1965, even though admissions had soared approximately 136,000 to 314,443 there were 52,181 less patients in these hospitals in 1965 as compared to 1955. (Up until 1955, before the general use of the drugs, the mental hospital patient population increased each year.)
