William Reid's Son Held After Accident

ST. JOHNS, N. F., Sept. 16. Six men were killed, two of them British naval officers and two others world-war heroes, when an automobile crashed into the crowd on the rail road today and Leonard Reid, son of the late Sir William Reid, was arrested on a charge of manslaughter as the driver of the car. The British officers and two others were in the car, while the war veterans were in the crowd which attended the reunion at the country inn.

NAVY SECRETARY IS CALLED BACK TO WASHINGTON

President's Urgent Message Summons Wilbur to Return From California; Coolidge Wants Conference on Navy

SAN DIEGO, Cal., Sept. 16.—In response to an urgent summons to return to Washington, D. C., without delay, Secretary of the Navy Wilbur left the North Island naval air station here by airplane at 3 o'clock Monday afternoon.

Secretary Wilbur, in confirming the receipt of a message ordering his return to Washington, stated the summons came from President Coolidge.

Reason Not Given.

No reason for the return to Washington was given in the message, but at the North Island air station it was stated that in all probability the secretary's presence was desired at an important conference on some naval matters.

WASHINGTON, Sept. 16.—Secretary Wilbur has been requested to return to Washington as soon as possible, it was indicated today at the White House to confer with the president on departmental matters, particularly in regard to the next budget allowance for the navy. It was declared, however, there was no special significance in the call for the secretary.

Secretary Wilbur is expected to reach Washington in time for Friday's cabinet meeting, and, in view of his return, it is assumed that the financial straits of the navy will be considered at that session, preceded possibly by a conference on the subject between the president and the department head.

The navy is already operating under general orders limiting repairs at 70 per cent of recommended programs, and these limitations are being further extended as a result of the curtailment, an expenditure of \$15,000,000 would be required to bring the ships up to a satisfactory rating at this time. It also was announced recently that the battleship Florida would be placed "in reserve," presumably because of the need of repairs and that the navy might have to abandon a proposed winter cruise to Australia.

Despite these conditions, as outlined with concern by navy experts the budget bureau is understood to have made sharp cuts in department estimates in preparing its recommendation for the next fiscal year. According to one report, this cut brings the total the bureau has been willing to recommend for the navy 17 to 20 per cent under minimum estimates submitted to it by Secretary Wilbur and strongly urged by his advisers. The total budget figures are expected to be decided soon so they will be ready for the opening of the December session of congress, and it was thought in some quarters tonight that their preparation had progressed sufficiently to make Mr. Wilbur's presence desirable.

DAVIS ATTACKS PRIVILEGE AND TARIFF RATES

After First Campaign Talk in Missouri Davis Rests at Nelson Farm and Works on Speech for Wednesday

Attends Gigantic Nelson Barbecue

Davis Promises to Furnish, If Elected, a Government Honest From Top to Bottom

EASTWOOD FARM, BUNCE-TON, Mo., Sept. 16.—John W. Davis, Democratic presidential candidate, spent today resting at the farm home of Dr. Arthur Nelson, Democratic nominee for governor of Missouri and working on an address he will deliver at Des Moines Wednesday night. He opened the Missouri campaign yesterday with an address assailing the Republican party "special privilege" and the Fordney-McCumber tariff act and promised to elect, if elected, a government "honest through and through from top to bottom."

Davis carried his fight for the presidency into the heart of agriculture Missouri today attending a gigantic barbecue at the farm home here of Dr. Arthur A. Nelson, Democratic candidate for governor of Missouri and firing the opening gun of the campaign in this state.

Mr. Davis told his thousands of hearers gathered in a natural amphitheater in front of the Nelson home that this was a "fighting campaign" and "we still make war."

The Democratic candidate had for an audience the greatest crowd ever gathered in rural Missouri and he remarked that it was probably the largest assembly that ever met in the open to discuss governmental affairs.

Mr. Davis told his thousands of hearers gathered in a natural amphitheater in front of the Nelson home that this was a "fighting campaign" and "we still make war."

Mr. Davis assailed "special privilege" and "corruption in office," denouncing Albert B. Fall and Harry M. Daugherty. Charles Forbes, Edwin Denby and others formerly connected with the Republican administration.

"And now they tell us the old firm has been reorganized," said Mr. Davis.

Peking Despatches Reinforcements To Shanghai Attackers

SHANGHAI, Sept. 16.—Reinforcements of the Peking government to be thrown into battle against the Chekiang forces defending Shanghai at Wusih, 85 miles west of here at 11:45 Sunday morning, according to a messenger from Peking, 3,000 in number well equipped are moving toward the Shanghai front in two special trains on the Shanghai-Nanking railway, it is said.

SHANGHAI, Sept. 16.—Darkness failed to stop the fighting on the "eastern" battle front in the vicinity of Shanghai tonight. The offensive of the Kiangsu armies continued. Only artillery is being used tonight.

TIENTSIN, Sept. 16.—Travelers from the Urga seat of the Mongolian government today declared that as a result of political upheavals there a dozen foreign residents American, British, and Danish, were not permitted to leave the city. Travelers declared that Premier Danzan Mongolia, was shot by order of Mongol Soviet members which he alleged to be plotting with the central Chinese government to return Mongolia to China.

Charles G. Dawes Decides To March in Annual Parade Of Legion Meet at St. Paul

Would Avoid Appearance of Being Republican Candidate for Vice-President; Attends as Member Home Post Only

WELCOME SPEECHES MADE IMPRESSION

Convention Gets Under Way With Military Precision at Opening Meeting Yesterday

ST. PAUL, Sept. 16.—The decision to march in the annual parade of the American Legion's Convention instead of reviewing the procession as originally intended was announced by Charles G. Dawes upon his arrival here today to be the guest for 12 hours of the Minnesota Department of the Legion. The change in plans was due to his desire to participate in the Legion convention as a member of his home post at Evanston, Ill., and to avoid the appearance as the Republican candidate for vice-president.

With military precision the annual convention of the American Legion got under way here Monday, perfected organization, speakers and launched into the real business of the five-day gathering.

Addresses of welcome on behalf of the city and state, greetings from the U. S. A. R. and United Confederate Veterans, a message from President Coolidge and a solemn tribute to Woodrow Wilson were included in the activities of the opening session.

Within the realm of convention business fell the addresses by National Commander John R. Quinn, who pointed to Legion achievements of the past year; reports of several committees and an address by General Frank T. Hines, Director of the Veterans' Bureau who told the veterans the Bureau had "been cleaned up."

One tableau on the speaker's platform brought ringing cheers from the Legionnaires.

Advertisement Real Estate Results In 26 Inquiries Regarding It

In six days we received 26 inquiries in answer to our ad on certain lots for sale and have sold three of the houses advertised," writes A. P. Connelly and Sons in a formal communication to The Herald.

This was written in regard to an advertisement in The Herald last week. Those doing this kind of advertising point out that in practically every case, Herald ads bring results.

Petition Is Signed To Save Murderer's Life

CHICAGO, Sept. 16. Shortly before Bernard Grant, sentenced to hang October 17 for murder, signed the petition to Governor Small pleading clemency, his attorney, Thomas E. Swanson, received a telegram from St. Cloud, Minn., stating that citizens there would petition the Illinois Governor to spare Grant's life. The movement to save Grant's life started after Judge Caverly spared the lives of Nathan Leopold, Jr., and Richard Loeb for the murder of Robert Franks.

Receipts From Monday and Tuesday Sessions of Municipal Court \$1,042

Receipts from fines, costs and treated bonds at Monday's regular session of municipal court and today's special session of the court amounted to \$1,042, according to figures supplied at the office of the city clerk this morning. At yesterday's session receipts amounted to \$631 when 15 cases were arraigned and today \$411 when only three cases were arraigned.

Monday morning two defendants were convicted on charges of driving cars while drunk and the case of another for the same offense was continued to Monday. The \$200 bond of one defendant, charged with possession of intoxicants, was forfeited and one was fined \$200 and costs for having in his possession intoxicating liquor. At today's session J. P. King and G. W. Gauss (Goss) were found guilty of having in their possession intoxicating liquor and each was fined \$200 and costs.

The cases as arraigned were: Monday—Nick Babvis, driving car while drunk, \$100 and costs or 60 days in jail; James McLeod, driving car while drunk, \$50 bond estraited; Grace Coleman, selling intoxicating liquor, \$200 and costs or 60 days in jail; L. W. Green, reckless driving, dismissed; Earl Dorsey, reckless driving, dismissed; J. W. McQuillan, vagrancy, dismissed; Ed Betts, reckless driving while drunk, continued to Wednesday; Eugene Johnson, reckless driving while drunk, \$100 and costs or 60 days in jail; Christ Lomas, possession of intoxicating liquor, \$200 bond estraited; Robert Holly, Jr., speeding, continued to Wednesday; C. Sisco, speeding, \$10 bond estraited; William Bennett, speeding, \$10 bond estraited; J. E. Carroll, Jr., reckless driving, continued to Wednesday; C. H. Cowan, speeding, continued to Wednesday.

Tuesday—J. P. King, possession of intoxicating liquor, \$200 and costs or 60 days in jail; G. W. Gauss (Goss), possession of intoxicating liquor, \$200 and costs or 60 days in jail; J. P. King, speeding, \$5 and costs or 10 days in jail.

WOULD HASTEN ACCEPTING OF DRAFT REPORT

Resolution is Submitted To Ask All Governments Meet in Conference May, 1925, for Last Action Convention

Pact Will Control Traffic In Arms

Boycott Principle Has Been Accepted But Support of Blockade Still Uncertain

GENEVA, Sept. 16.—With the object of hastening the adoption of the draft convention for international control of traffic in arms which the American representatives helped to frame, the League of Nations subcommittee on disarmament has recommended the passage of the new resolution in this session assembly. The resolution asks the council to distribute the draft to all governments both inside and outside the league with the request that before the council's meeting in December they notify the secretariat general whether they would be prepared to attend the conference to be held in April or May, 1925, to take the final action on the convention.

How many teeth there will be to the pact is undecided. The boycott principle has been accepted, but support of a blockade is still troublesome because it raises the point of active military assistance in a possible war after three months of the stipulated peace. By the French formula this article is smothered, leaving nothing in the pact of a covenant which presupposes war—the pact then in every question obliging arbitration.

Article 36 of the statute creating international courts, which France, MacDonald considered vague, is simultaneously getting judicial definition. This will be, the British insist, a clear definition of the right to seize on the high seas, if in support of a blockade, which would be held before other than a British admiralty court.

French Advance Formula to remove every possible cause of war at present existing in the covenant of the league with a view to leaving no possible loopholes for war in any case or form. To this end it was suggested the clause in article 12 of the covenant, making it possible for nations to go to war after three months of arbitration should have failed, to be stricken out.

Judicial questions which will go shortly before the international court will be defined, and all other possible disputes will expressly be declared causes for obligatory arbitration.

Rotary Luncheon Is Held Early On Account Boat Trip

Because of several members of the Rotary Club who were going on the boat trip to Jacksonville in the interest of the proposed canal from a point in the upper St. Johns River to the Indian River, the club luncheon was held at 11 a. m. today so that all members would have a chance to attend.

When it was decided to hold the luncheon at 11 o'clock, it was thought that the boat would leave here at noon, but it has since been learned that the boat will not arrive here until about 3 o'clock this afternoon.

The members of the club who will take the trip to Jacksonville, including their president, R. J. Holly, states that they are anxious to be the help of that city in obtaining the inland waterway. George W. Knight, who is a Sanford Rotarian will be one of the speakers at the meeting in Jacksonville with the Board of Governors of the Chamber of Commerce of that city and the Rivers and Harbors Committee of the same organization.

Beginning next Tuesday, the meetings of the Rotary Club will be held in a special room for the purpose above the Seminole Cafe. A room on the second floor of the building has been provided with equipment which will enable the management of the Seminole Cafe to serve this and other civic organizations with more privacy than they have known in this city heretofore.

Forecast Is Made of Year's Orange Crop

WASHINGTON, Sept. 16.—Florida's commercial orange crop for shipment during the season of 1924-25 was forecast by the Department of Agriculture at 13,400,000 boxes, for 1,000,000 boxes more than the shipments received for the crop of 1923-24. Commercial grapefruit of 8,600,000 boxes is also a record and exceeds the shipment of 1923-24 by 600,000 boxes.

ALL STATEROOMS OF BOAT FILLED, STATES PEARMAN

Will Accommodate Sixty-Two of Which Fifty Will Be Sanford Men; Start of Trip Delayed Because of Boat

More than a capacity load of passengers will be aboard of the Clyde Line boat, the Cit of Jacksonville, when it leaves here this afternoon to carry members of the Sanford and Orlando Chambers of Commerce to Jacksonville on "The Exploration of the St. Johns River" trip in the interest of the proposed inland canal, declared Secretary R. W. Pearman, of the local chamber in a representative of The Herald shortly after noon today.

There are only 62 stateroom accommodations, Mr. Pearman said, and all these are already taken, provided all of the Orlando men who have made reservations show up. It is expected that several additional men will make the trip but they will have to find other accommodations other than staterooms, he said.

There will be no representatives from Sanford if all those who have made reservations go, stated Mr. Pearman. Forty men will leave here and Earl E. Jones, representative of the credit will be picked up at Palatka to complete the trip with the party.

It was originally planned to leave here at noon today but because of delay caused in the late arrival of the boat, the party will not leave until about 4 o'clock, it is said, however, that the boat will get to Jacksonville in plenty of time for the full program, as planned, to be carried out.

A large banner has been prepared by the local trade body and this will be placed in a conspicuous place on the boat. Silk ribbon badges have been secured and will be worn by every member of the exploration party.

George W. Brookshof of this city and Paul Whitehurst of the Orlando Symphony Orchestra, who also has a studio in the First National Bank Building here, will take the trip and will furnish music for the party. Mr. Pearman announced today he declared that both of these men are well known for their talent and will be a source of entertainment during the trip.

After having examined the St. Johns River from Sanford, head waters of navigation of the stream, to its mouth at the jetty on the other side of Jacksonville, the explorers will return to Jacksonville for the main part or feature of the trip, stated Mr. Pearman.

Upon arrival at Jacksonville, the party will be greeted by Governor-elect John W. Martin, Mayor Alsop and other prominent officials of that city, according to telegrams received here by the Chamber of Commerce this morning.

At noon Wednesday those taking the trip will meet with the Board of Governors of the Jacksonville Chamber of Commerce and the Rivers and Harbor Committee, also of that organization. The meeting is for the purpose of interesting Jacksonville through the trade body of that city to support wholeheartedly the canal project, declared Mr. Pearman. It is desirable, he said, to have Jacksonville work for the canal from the upper St. Johns River to a point in the Indian River as are the cities of Central Florida.

Driver Faints and His Truck Runs Into Tree

BRADENTOWN, Fla., Sept. 16. A truck ran wild and crashed into a tree here when its driver, Cecil Courtney, fainted at the wheel. Courtney was recovering from an attack of fever. He was not severely injured in the collision and is recovering from his illness, beginning of the summer term.

PROSPECTS OF WINTER CROPS GOOD, REPORT

Hutchison Says Crops in North Will Not Affect Florida Lettuce and Celery

California Only Real Competitor

Urges Quality and Not Quantity Products Grown This Section

After returning from an extended trip to the larger eastern and mid-western markets, J. C. Hutchison, manager of the Sanford-Oviedo Truck Growers, states that prospects for the marketing of local crops during the coming winter are extremely bright.

Mr. Hutchison went direct from Sanford to St. Louis where he attended the convention of the International Apple Growers Shipping Association. From there he went to Chicago and gradually worked toward New York, visiting the markets at Cincinnati, Pittsburg, Buffalo and other large marketing centers.

The lettuce market in the north, it was learned, is as good as it has ever been. This means, Mr. Hutchison said, that practically all of the northern lettuce crop will be sold because of the good market prices prevailing and none of it will be stored to compete with the Florida lettuce. The ice berg variety, the west is bringing as high as \$6 while the Boston lettuce is ranging from \$2.50 to \$2.75. The "Big Boston," such as is raised around Sanford, is bringing as high as \$3.25, he stated.

This Mr. Hutchison thinks, will leave the Imperial Valley in California the only real competitor of Florida. This valley generally grows about the same crops as Florida and the season starts and ends about the same time.

The acreage of celery in New York and Michigan this year is considerably heavier than last year, Mr. Hutchison revealed, but the crop in northern California is smaller and will not offset the increase in the two other states. Practically all of the New York and Michigan celery will be out of the way before Sanford celery begins to move, he further stated, leaving the northern California section the only real competitor of local growers.

Even though the California crop is much smaller this year than last, stated Mr. Hutchison, the Sanford and Oviedo county farmers are worked out to plant two large acreage because last year practically all of the California crop was frozen and that is not apt to occur again this year.

As conditions stand now, the outlook for this section during the coming season is very bright, he said. As in the case of the northern lettuce, all the celery will probably be sold because of stable prices and none will be stored to be used to compete with the Florida crop.

High Grades Best Seller.

Mr. Hutchison declared that one fact that impressed him in the Sanford and Oviedo county markets was that the buyers want the best grades of celery. The washers, he said, told him that in taking the stalks from the crates to wash it, bunches of green and immature celery are frequently found. They say that when a buyer purchases a shipment of celery, he necessarily wants the best obtainable because it is practically impossible to get rid of the poorer grades. The merchant buys a crate which has several green stalks and three or four others of an inferior variety in it, his profit is practically gone because he generally has to sell at a certain grade of celery at a set price.

Mr. Hutchison further learned that good celery can be sold at profitable prices when the poorer grades can not be sold at all. This fact, he believes, makes it necessary for local growers to put up a good pack in order that they may receive the best prices for their goods.

"Some of the washers even named some of the Sanford growers whose celery they preferred," declared Mr. Hutchison, "and have instructed me to let them know during the coming season when these men have celery to be shipped. Some even said that they will pay 25 cents a crate more for the celery put up by these men."

This belief, Mr. Hutchison gives the farmers a chance to grow and pack a superior quality of celery which they can sell at much higher prices than the ordinary grades can be sold for. "Quality and not quantity" should be the motto of the growers of this section, he said.

Markets.

Wheat, 123 1/2 to 124 1/2; Corn, December, 113 1/2 to 114 1/2; Flour, December, 52 1/2 to 53 1/2.

Ulster Cabinet Will Adhere To Decision

LONDON, Sept. 16.—The Ulster cabinet at a meeting here today decided to adhere to its former decision not to appoint a representative on the Irish boundary commission provided for in the Anglo-Irish treaty. This decision was communicated to Premier MacDon-

Altogether for a Greater Sanford!

LEND YOUR SUPPORT AND YOUR INFLUENCE TO KEEP SANFORD IN THE FRONT RANKS OF PROGRESSIVE FLORIDA CITIES.

THERE ARE FOUR DISTINCT PROVISIONS IN THE BOND ISSUE OF \$325,000 TO BE VOTED UPON SEPTEMBER 22--WHICH THE CITIZENS OF SANFORD ARE URGED TO APPROVE BY AS LARGE A MAJORITY AS THEY HAVE OTHER ISSUES WHICH HAVE CAUSED THE REMARKABLE DEVELOPMENT NOTED HERE DURING THE PAST FOUR YEARS.

Nothing is More Important than Good Health Conditions

THE SUM OF \$165,000 HAS BEEN PROVIDED FOR SEWERAGE EXTENSIONS, WHICH WHEN CONSTRUCTED WILL REMOVE THE MENACE OF EPIDEMICS IN SO FAR AS THE COLORED SECTIONS OF THE CITY ARE CONCERNED. IT WILL ALSO ELIMINATE THE PRESENT OBJECTIONABLE METHOD OF SEWAGE DISPOSAL FROM THOSE SECTIONS. NOTHING SHOULD BE NEGLECTED TO SAFEGUARD TO THE LIMIT EVERYTHING WHICH WILL PROTECT THE HEALTH OF OUR CITIZENS AND VISITORS.

Paving around City Property Must be Paid for

NO PROVISION HAS HERETOFORE BEEN MADE TO PAY FOR PAVING THE STREETS SURROUNDING CITY PROPERTY. THE PAVING OF STREETS IN FRONT OF CITY PROPERTY, PUBLIC PARKS, SCHOOL GROUNDS AND OPENING OF NEW STREETS WILL REQUIRE THE SUM OF \$100,000. A GREAT PORTION OF THESE IMPROVEMENTS WERE MADE WITHOUT PREVIOUSLY PROVIDING FINANCIAL MEANS.

The Present Jail is a Disgrace to Sanford

A NEW JAIL IS NECESSARY AND THE IMMEDIATE CONSTRUCTION OF A MODERN BUILDING IS IMPERATIVE. THE PRESENT FACILITIES FOR CONFINING MUNICIPAL OFFENDERS ARE PRIMITIVE AND A DISCREDIT TO SANFORD. A JAIL COSTING \$50,000, THE AMOUNT PROVIDED IN THE ISSUE, WILL SOLVE THIS PROBLEM FOR MANY YEARS TO COME.

A Cemetery a Good Business Investment

A municipal cemetery has been agitated for a considerable period. The City has purchased for \$300 a site of ten acres to be used for cemetery purposes, and with the balance of the money will construct roads, waterworks systems, pavilion, etc. It has been determined that the sale of plots in the cemetery will eventually reimburse the city for the cost of the site and the improvements made, so in the long run this money will come back to the city many times and the establishment of an up-to-date city cemetery will prove a good business investment.

**On Next Monday This Bond Issue will be Voted Upon
Will You be Found in the Ranks of Progressive Citizens?**

Miss Naomi Fellows Leads as Third Week Begins

Several New Entries Expected During Second Period of Campaign

Second Period Begins

Miss Naomi Fellows holds first place as the second period in The Herald's big Salesmanship Campaign begins. A close second is Miss Versa Woodcock.

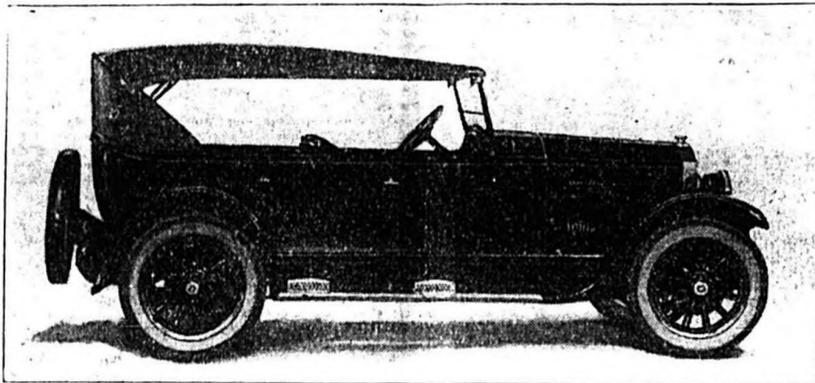

Other contestants are fighting for supremacy in the campaign and all are predicting success in reaching the top by the end of the third week of the contest.

There was a wild scramble Saturday night when contestants took advantage of the last opportunity to check in during the first voting period and by so doing receive more credit for their subscriptions. Until ten o'clock contestants kept turning in subscriptions at a lively rate.

Friends of various contestants came to The Herald office and subscribed for the paper with the request that the votes be given to their favorite. Others brought votes which had been clipped from the paper.

The contest is divided into six periods of two weeks each. The first period has passed. Five remain. But they will pass quickly. As the periods pass the voting schedule decreases and the next change will take place on the night of September 27.

WILL THIS HANDSOME CAR BE YOURS?

First Prize--- Buick Standard Six

A most graceful 1925 model, fully equipped, with Balloon Tires, four wheel brakes; a wonderful Car "The Standard Six." Special Duco finish. The latest thing. Is on display in the show rooms of the Sanford Buick Company on Magnolia Avenue.

Value \$1350

New Entries Expected

From reports reaching The Herald office it is expected that the second period will see many additional contestants enrolled in the campaign.

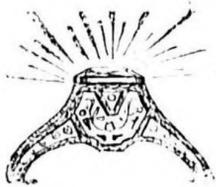

Saturday night the telephone brought the name of a contestant who began work early this morning. She is determined to make a rush for votes this week and take her place near the top by the end of the second period.

There is plenty of talk about others who contemplate making a big fight for the Buick. Rumor has it that there will be several dark horses who will enroll as the campaign gets well under way.

A few subscriptions will soon put a new entrant in a commanding position in the campaign. While those who got an early start have an advantage over late entrants, still in the ten weeks remaining new contestants can easily secure enough votes to put them in a place to win.

Contestants holding leading positions in the campaign will be making a serious mistake if they get over-confident.

Second Prize

Diamond Solitaire Ring

Value \$235

A perfect gem, set in a slanting hexagon basket woven platinum mounting. A beautiful ring which will please any owner. On display in the show windows of The Diamond Palace on First Street.

NEW VOTING SCHEDULE

The second period in the campaign has started. The new schedule has gone into effect.

Published on this page today is the new schedule of votes allowed on subscriptions to The Herald. Note the reduction in votes over those given for the first period of the campaign. And figure, if you can, what the reduction will be at the end of the second period when another cut will take place.

Every two weeks during the campaign the votes will be reduced. Don't get the wrong impression and think they will be increased. They positively will not. And as the campaign proceeds they will be steadily cut down.

The voting schedule for the second period is still a liberal one. Contestants are urged to study it carefully and then get busy and continue piling up a big score.

25 GOOD FOR 25 FREE VOTES

This Coupon, when neatly cut from the paper, is good for 25 votes in The Sanford Herald's Salesmanship Campaign for the following contestant:

Rules of Campaign

Any young lady residing in Sanford or Seminole county, over 16 years of age, is eligible to enter this automobile and salesmanship campaign and compete for one of the valuable prizes offered.

The territory is wide open. Contestants can enter from any point in Seminole county and lie on an equal basis and have the same opportunity to win.

Subscriptions to The Sanford Herald may be secured anywhere in the United States at the regular rates. All orders turned in at The Herald office must be accompanied by the cash in payment.

A contestant will not be permitted to pool her votes in favor of some other contestant. Votes can not be transferred from one contestant to another.

No employee of The Sanford Herald, or member of his or her family will be allowed to enter this campaign.

A nomination blank, when properly filled out with the name and address of the contestant nominated, will give that person so nominated ten thousand votes. Only one nomination will be credited to any one contestant.

Only one prize will be awarded any one contestant. The winner of the first will not be eligible for any other prize or commission.

Contestants who remain active in the campaign until the close and who fail to win one of the prizes will be paid a commission of ten per cent on the amount they have secured in subscriptions. The Herald wants no contestant to work without remuneration and will pay all those who fail to win one of the valuable prizes a commission of ten per cent provided the contestant remains active until the end of the campaign.

All votes to be counted to the credit of contestants in this campaign should be mailed to The Sanford Herald or delivered personally to the Campaign Manager at The Herald office.

The Salesmanship Campaign began Friday morning, August 29, and will end at ten o'clock p. m. Saturday, November 22, 1924.

This campaign is to be conducted on a fair, square and impartial basis and the prizes will be awarded to the contestants securing the largest number of votes. In order that there shall be no question in the minds of any person relative to the fairness of the campaign, The Herald will select three judges who will at the end of the campaign, count the votes that have been cast and will award the prizes to the winners.

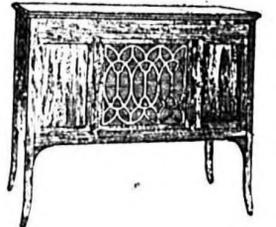

Those contestants who fail to live up to the rules of the campaign will be subject to suspension, thereby forfeiting all rights they may have had. Said forfeited votes can not be applied to any other candidate.

The decision of the Campaign Manager will be final in all controversies arising between candidates.

Third Prize

Edison Phonograph

Value \$185

The latest Console model in a handsome mahogany cabinet. Will give you a home. Can be seen at the Department Store Company on Magnolia Avenue.

MAKE EVERY DAY COUNT

So often in campaigns of this kind leading contestants get the idea that they cannot be beaten and frequently relax for a time—just long enough to allow some other wide-awake worker to win.

Every day should be an active day for contestants. It may be that just one subscription will win. The failure to see one friend may mean the loss of that Buick.

It will be the contestant who keeps consistently plugging away who will win. It will not be the one who works spasmodically.

There are still hundreds of persons—yes, thousands of persons in this section of Florida, who will want to subscribe to The Herald and who will want to give that subscription to you if they know you are working for one of the valuable prizes offered.

NOMINATE YOURSELF OR FRIEND

JIMMY MURPHY KILLED IN RACE AT SYRACUSE

Breast Pierced by Post From Race Track Fence When Famous Driver Makes His Final Effort to Win; Tears Up Over Seventy Feet of Railing at End of Whirl

SYRACUSE, N. Y., Sept. 16.—Jimmy Murphy, driver in the 150-mile automobile race at the state fair grounds here Monday, received fatal injuries in the 138th lap of the race, and died a few minutes after being taken to a hospital. Phil Shafer won the race.

While Murphy, who was in second place, was making a desperate effort to make up the three laps between himself and "Red" Shafer, who won the race, his machine skidded, whirled around twice and struck the fence, rear end foremost.

A post from the fence pierced Murphy's breast over the heart, and another splinter struck him under the chin. Nearly 70 feet of the railing was ripped out in the crash.

Jimmy Murphy was regarded by thousands of fans as one of the greatest pilots who ever sat in a racing car, began his speedway career as a mechanic for the late Eddie O'Donnell. After riding with Eddie Rickenbacker, who later became a famous ace in the World War, the late Hughes Hughes, Tommy Milton and other noted drivers in a similar capacity, Murphy began racing for himself and won his first big race at Uniontown, Pa., in 1919. Later in the same year, another victory on the same track and one at Elgin, Ill., firmly established him as a favorite with the public.

Murphy began in the 1920 season by winning the inaugural 250-mile sweepstakes at the Los Angeles Speedway, driving the two hundred laps on the mile and a quarter track without a stop. In the same year he placed fourth in the Indianapolis sweepstakes on Dec. 23; third at Uniontown, three weeks later; fourth in the Elgin, Ill., road race August 8, second in the Uniontown event on Labor Day and fourth at Los Angeles Thanksgiving Day.

Probably Murphy's greatest victory and certainly that which brought him fame, was achieved on July 5, 1921, at LeMans, a suburb of Paris, when he captured the first prize in the Grand Prix of the American Automobile Club of France.

Competing against a field of Europe's best drivers and some of America's stars, he made the 232 1/2 miles in an hour and established a new circuit record.

Prior to his trip abroad, Murphy had a good start on the 1921 season. On February 27 at Los Angeles, he placed fourth in a series of sprint races; on April 10, on the same course, he established a record for fifty miles by negotiating the distance at an average speed of 103.9 miles an hour. Repeating his fourth place, following his victory in France, he returned to America and took fourth money in the 250 mile race held at the Los Angeles Speedway Thanksgiving Day.

Murphy was second in the 250-mile opening of the 1922 season contest on the Los Angeles oval March 5. On April 5, he took second money in a series of sprint races on the same course, a few days later placing second in the Easter Sunday race at San Francisco. Later in the same year he came out victorious in the 150-mile Rain Day classic at Fresno, the 100-mile race at Cotati, winning the 1922 championship at Los Angeles.

ENGLAND WINS RACE OYSTERS BAY, N. Y., Sept. 16.—England won the international six mile yacht racing cup from America Monday by taking the seventh and final event in the series. The Britons scored four victories to three for the United States.

Second Polo Match To Be Held Today

NEW YORK, Sept. 16.—Battling against heavy odds Great Britain poloists with a shifted lineup, will enter the second match of the international challenge cup series today at the Meadowbrook club, Westbury, in a determined attempt to check the Americans who galloped to an overwhelming victory in the first game Saturday.

35 CANDIDATES FOOTBALL TEAM ARE OUT MONDAY

Head Coach Makes His First Appearance at Practice On New Municipal Athletic Field; Expect Good Team

By BILL CANN
Like a bunch of bull yearlings fresh from the prairies, candidates for Sanford High's football team for the season of 1924-25 flocked Monday afternoon to the municipal athletic field, which will be their playing ground this year, both to view and be viewed by the new coach and his corps of assistants.

Coch Hat and his assistants Wheelchel and Stines were upon the field for the first time and were very enthusiastic over Sanford High's chances for a first rate team during the approaching season.

The Team.
Thirty-five young huskies answered the coach's call, and among them many old and new faces appeared, all eager to display their prowess and ability in handling the pigskin.

Rumors were circulated recently to the effect that Sanford High's football prospects for the near season were rather poor, but even a casual observer, who knew anything at all about the game, after seeing yesterday's practice would give a very different opinion. The beef of the team is not so much of the "bull nature," but just the same it will make any of the black and gold opponents think that they have struck a stone wall.

About a half dozen of last year's are back and with many more who were on the second team last year, the horizon seems much brighter for the Colerys.

As uniforms have not been sorted out and unpacked yet, it will be several days before the grid operators will appear in their proper togs. Old clothes, however, dug from dirty closets, served another hand yesterday, and suffered much hard wear probably than ever before.

Yesterday was Coach Hat's first time with the men, and though training began last week, an entirely new routine was established and began the morning of the grid team gave to any who might have their doubts, that he was boss and not they.

Following a short talk on training properly while away from practice and school, the men were put through stiff work out consisting of falling on the ball, demonstrating as to how to tackle, charging, and the various forms used in the game. The form of carrying the ball, hitting line and blocking were thoroughly explained and worked out.

The coaches were exceedingly well pleased at the manner in which both new and old men caught on to the exercises and predicted wonderful things for the team if it works every day like it did yesterday.

At the present Coach Hat is handling the line men. Men will be shifted to and from the line and backfield until each man has shown what he is best fitted for. In a week or so the men will be divided into first and second teams, and shortly after scrimmage will commence. This is always the convening point for scholastic football teams and the fellows are looking forward to that day, each expectant as to whether he will be a first or second string man.

From now on practices will be held every afternoon at the municipal athletic field, commencing immediately after school closes for the day.

YANKEES IN TIE WITH SENATORS PENNANT RACE

Although Outhit By Chicago Team, New York Wins the Game 2 to 0; Timely Hitting Big Factor in Win; Detroit Shuts Out Senators 2-0; Browns Trim Red Sox

CHICAGO, Sept. 16.—New York led Washington for first place in the American League pennant race, by shutting out Chicago 2 to 0, Monday, while the Senators were defeated by Detroit.

The world's champions cleaned only four hits off "Red" Faber, but two of Faber's passes developed into runs. Witt's walk, a sacrifice and Ruth's single scored the first run and the second came in the fourth on a walk to Pipp. Meusel's single and a double play which retired Meusel and Hoffman Pipp scored. The White Sox collected seven hits off Sam Jones, but the Yankees fielding bordered on the spectacular. With men on third and first and one out, Kamo lined to Dugan on the fourth inning. Dugan caught the ball off his shoestring and doubled Sheely off third, retiring the side.

The score: R. H. E.
New York 100 100 000 2 4 0
Chicago 000 000 000 0 0 0
Jones and Hoffman, Faber, Connelly and Crouse.

DETROIT, Sept. 16.—"Rip" Collins, sometimes called the unluckiest pitcher in the American League, pitched brilliant ball for Detroit to shut out Washington 2 to 0 Monday, dropping the Senators to a tie with New York for the league lead.

Morabidge's southpaw offerings were hit safely nine times while Collins was holding Washington to four singles, only two of which were made in the same inning. Collins' double and a single by Manush, and Rigney's two base hit ahead of a single by O'Rourke accounted for the second runs.

The score: R. H. E.
Washington 000 000 000 0 0 1
Detroit 000 000 000 2 0 1
Morabidge and Reed, Collins and Woodall.

ST. LOUIS, Sept. 16.—Vangelder allowed only seven hits and the Browns won from the Boston Red Sox Monday, 4 to 3, in their last game of the season, giving the club an even break in 22 games. Elmore, Robertson and McManus led the Brown batting attack.

The score: R. H. E.
Boston 000 100 002 3 7 3
St. Louis 210 010 00X 4 3 1
Vangelder and Heving, Vangelder and Rigney.

BOSTON, Sept. 16.—Pittburg defeated Boston, 4 to 3, in 12 innings Monday, when the Giants were idle and the Pirates thereby clinched to a place two and one half games behind the New York club in the National League. It was the third straight win for the Pirates here. The game was decided when Grimm and Schmidt doubled and Morris sent out a sacrifice fly scoring two runs in the first of the 12th, a pass and Stengetz's double worked in a Boston run in the last half of the same inning. It was Shriners' Day at the field. Gifts were presented to Bancroft, McKechnie and Mann.

The score: R. H. E.
Pittsburg 000 000 200 002 4 8 1
Boston 410 001 000 001 3 10 1
Adams, Morrison and Schmidt; Cooney and R. Smith, O'Neill, Gibbons.

IT DRIVES OUT WORMS.
The surest sign of worms in children is pallor, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 35c. Sold by Union Pharmacy.

RHEUMATISM ENDED
Don't suffer any longer from rheumatism. Why endure such intense pains in the muscles, nerves and joints?

THE POISONS OF RHEUMATISM are carried in the blood. LEONARD'S ELIXIR FOR THE BLOOD combats these poisons, drives them out of the system. The rheumatism vanishes. You can go about your daily tasks freely, happily.

WASHINGTON IS FINALLY CAUGHT BY YANKEE CLAN

Two Teams Tie for First Place With 82 Games Won and 59 Lost; Only One Game Is Played in National League

NEW YORK, Sept. 16.—The world's champion Yankees finally caught Washington in the American League Monday by winning from Chicago as the Senators lost their second straight game to Detroit. The two teams are tied for first place with 82 games won and 59 lost, with the Tigers four contests behind.

In the only game played in the National League, Pittsburg won an uphill fight from Boston in 12 innings and is now only one and one half games behind Brooklyn which trails the Giants by one contest. The three important battles were hard fought. The Yankees won from the White Sox 2 to 0 on four hits off Faber and Connelly as Sam Jones held Chicago to seven. The Tigers beat Mordridge and Russell by the same score as Collins held the Senators to four singles. The veteran Babe Adams started the Pirates off on another inning game before he retired for Morrison.

Standing of the contestants follows:
AMERICAN

FOR WORKING MEN

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lazy. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of McCoys' Cod Liver Oil Tablets to purify the system and restore the vim and animation of health. Price 60c. Sold by Union Pharmacy.

SPEED UP YOUR LAZY LIVER

Clem Jones Liver and Kidney Tonic Will Do It
As a tonic when there is weakness and lack of appetite, when little exertion makes you feel tired, your liver drive your blood, sleep is broken, your eyes are heavy, and kidneys tingle, is the one medicine that will restore your strength and health. It is the only medicine that will give you a new lease on life. It is the only medicine that will give you a new lease on life. It is the only medicine that will give you a new lease on life.

Try Smith's Barber Shop for good barber work. Ladies welcome. Next to Valdez.

SECOND GAME OF SERIES WILL BE PLAYED SANFORD

Will Be Called at 3 o'Clock Thursday Afternoon at the Municipal Ball Park; People Are Urged to Attend

The second game of the season between the Sanford and Orlando independent teams will be played Thursday afternoon, Sept. 18, on the local municipal athletic field. Several positions on the Sanford team will have been strengthened, it is said, and the game is expected by many fans to be a victory for the locals.

It was originally planned to play the second game of the series in Orlando, but owing to the fact that the Sanford and Plant City Kiwanis will play off a tie for the state championship of the Kiwanis Clubs on Thursday week, it was decided to play here this week and arrange for a double header in Orlando for the following week. This, it is stated, will keep Sanford teams from playing in two cities on the same day and thus splitting the crowds that might attend either game. It will give the Sanford people a chance to see both games.

Manager Floyd Palmer stated to a representative of The Herald Monday afternoon that unless the people of Sanford show more interest in the baseball that is now being played, it will be practically impossible to get a major league team here during next spring. It is true, he said, that Sanford has one of the best baseball diamonds in the country but that is not all that will be necessary to get a major league team to train here.

Whether or not the people of this city are ripe for baseball will be shown in the interest they show in the games now being played, he said. It is natural that a large number would attend a big league demonstration but at the same time the attendance at the local games is a good barometer of Sanford baseball spirit.

The Sanford people, Mr. Palmer further stated, talk of getting a berth in the Florida State League for next year. If they want that, he said, they will have to show that they are interested enough in baseball to warrant securing membership in the league. With interest at a minimum as it was last Thursday afternoon, he declared, it would be impossible for this city to support a team.

Clyde Chapman, veteran pitcher of the Florida State League, stated that the men composing the Sanford team are trying to make of themselves a winning team but that without the support of the public, a winning team is practically an impossibility. These men are practicing daily so that they will be prepared to give the fans a run for their money, he said, but their work will be to a considerable extent, he added, if they are not supported in this city.

The Sanford people are reminded that this is their team and they are called on to support it. What the people do now will largely determine the outcome of securing a major league team to adopt Sanford as its training grounds. The united efforts of the whole city are needed to put the thing across, it is said.

Joe Tinker, veteran ball player and a resident of Orlando, recently stated to Mr. Palmer that there are two essential elements in getting a major league club to any city. First, what may be offered in the line of a baseball field and equipment; second, a guaranteed gate receipts. It will be necessary, he said, to guarantee a cash equivalent of an average attendance of 600 at all of the exhibition games. The game will be called off at 3 o'clock Thursday afternoon at the Municipal Ball Park.

Beekeeper Must Consider Several Points Carefully

TALLAHASSEE, Fla., Sept. 16.—When a beekeeper desires to establish an apiary there are several points that he must consider seriously, according to specialists of the Florida state plant board, if he hopes to get a maximum of honey from his bees.

Among the points stressed that have a bearing on yield are proximity to water, shade, weeds and grass. Bees require fresh water at all times of the year, and especially during brood rearing. If water is not available from a lake or creek, the bees will be a constant source of annoyance around the pump or watering trough, if the yard is located near the residence.

During the heat of the noontime sun, the hives should have some protection in order that the combs will not be melted down and ruined. Dense shades are to be avoided. Thin pieces of boards placed across the hive will answer as a sun break. If boards are not available, brush will suffice. Palmetto fans are good for this purpose.

If weeds and grass are permitted to grow around the entrance to the hive the bees will be handicapped in their efforts to work in and out. Also ventilation will be cut down. The bees are able to maintain a temperature only when fresh air is being circulated freely through the hive.

Dade Schools Show Increase of 5,705 in Past Four Years

TALLAHASSEE, Sept. 16. A growth of 5,705 in four years is shown in the school enrollment of Dade county, according to the annual report for 1923-24 of Charles M. Fisher, county superintendent of public instruction, now being checked by the state superintendent's office. The total enrollment for the last session which ended in June was 148,848 as compared with a total of 143,143 in 1922-23. The figures for 1921-22 were 143,143.

For the year in 1923-24 12,112 white pupils and 2,416 negroes were enrolled in the Dade schools. This showed an increase attend-ance of 9,001 and 1,615 respectively. The average length of term last session was 181 days against 179 for the preceding year and there were 557 teachers employed against 491 in the session of 1922-23.

A large enhancement was shown in the value of the school property which jumped from \$1,200,000 in 1922-23 to \$2,200,000, although the expenditures were practically the same. Outlay for new buildings last year totaled only \$269,000 while for the preceding year the total was \$356,000.

Superintendent Fisher's report indicates that the Dade school authorities have an extensive building program on foot for the next year, with an expected outlay of several hundred thousand dollars ready to be put into new buildings and equipment for the betterment of the facilities for educating the children of the county.

Fete For Variety Artists Brings Out Many Old Timers

SUTTON, Surrey, Eng., Sept. 15. "Sweet" Jenny Russell, aged 79, was the sobriquet in a recent benefit given here in the garden of Mrs. Fats' summer home for the benefit of the Variety Artists' Benevolent Fund. Miss Russell sang a son, a girl, and sweet hours which made her famous in English music halls half a century ago and danced the Highland fling with great vigor, wearing the tartan which has been identified with her preparations for man de-cescent.

Fourteen old time music hall artists, who aggregate are back only a few years of one thousand, were on the program. Pat Langton, aged 89, was the pattern, and the youngest artist was 18.

J. W. Rowley, of "Over Rowley" fame, demonstrated that his 77 years have not impeded him and sang a song called "To the old cry of 'Over Rowley' just as he has done for half a century. He also sang "Starry Night" and "Down in a Coal Mine" which have always been identified with his name.

Frank Foley, 69, sang "Stop Your Dorking Jock," which he wrote for Sir Harry Lauder long before the Scotchman's name was known outside of the British Isles.

Six Escaped Convicts Held in Clump Woods

SUMNER, S. C., Sept. 16. Six escaped convicts, reported provided with arms and ammunition, are supposed to be in a clump of woods a few miles from Sumner by rural policemen. The officers have asked for reinforcements from Sumner.
