

## RASKOB SEES DRY LAW POLL AS PARTY HOPE

### Committee Chairman Declares He Hopes Thereby To Thwart Convention Strife

NEW YORK, Nov. 25.—(A.P.)—His prohibition poll was described yesterday by John J. Raskob, chairman of the Democratic national committee, as part of an attempt to lift prohibition out of the party's 1932 convention and prevent "conflict."

He said he was seeking to have the storm of controversy break at the January meeting of the Democratic national committee in stead of on the convention floor.

"Unless there is some kind of a compromise reached in advance," he said, "I think the convention will go well and adopt a strong wet plank, which the drys will not want. If we can avoid this, there is no reason why we cannot go along together. If the drys really are sincere they will welcome my suggestion."

He said he was not "using the office of national chairman to help or hurt any candidate and the office shall not be used for that purpose as long as I hold it."

It is his "earnest wish," he said, to bring about a perfect understanding on the prohibition question between "the two great conflicting forces" within the party.

## Sale Of Tags For Benefit Show For Poor Has Success

Members of various Sanford women's organizations who early this morning began a tag sale on downtown streets in the interests of the special motion picture benefit performance for the unemployed at the Milano Theater tonight, said this afternoon that although all committees had not reported the sale of tickets warranted the assumption that a record crowd will attend the theater tonight.

The performance, one of thousands staged in the theaters of the United States and Canada tonight for the benefit of local unemployed relief funds, will begin at 10:45 o'clock. J. L. Marston, manager of the theater, has arranged an interesting special program, headed by Mrs. C. H. Broadway stage star in her latest picture, "Rebound," a comedy-drama of married life. A two-act comedy and a sound cartoon will complete the program. "Rebound" will have no other Sanford showing.

Starting at 10:00 o'clock, the Sanford 28-piece Elks Band will play a special 45-minute concert at Magnolia Avenue and First Street. The entire proceeds of the performance will be turned over to the local employment relief fund, to be distributed by a committee composed of all Sanford relief organizations.

## Local Kiwanis Club Tops In Attendance

Word was received here today that the Sanford Kiwanis topped all clubs in this division in their attendance record for October with a percentage of 97.4. The Sanford Club led such clubs as Orlando, Brooksville, Titusville, Eustis, Leesburg, Tavares, Clermont, Kissimmee, Winter Park, Mt. Dora and Cocoa, and their record speaks well for the consistent enthusiasm of the club members.

The officers of the club this year are A. C. Fort, president; W. R. Zachry, first vice-president; E. D. Highleyman, second vice-president; S. J. Nix, secretary; Arthur Brunas, treasurer; and D. J. Garrett, district trustee. They are now completing plans for the welcome to the Central Division training school delegates who will convene here on Dec. 9.

## Governor Carlton Issues Annual Thanksgiving Day Proclamation For State

### THANKSGIVING TO BE OBSERVED BY BUSINESS HOUSES

### Religious, Amusement And Sporting Events On Program Of Day

TALLAHASSEE, Nov. 25.—(A.P.)—Governor Carlton yesterday issued the annual Thanksgiving Day proclamation in which he urged the people of Florida to give thanks because the state has "shared in a far less degree than the average in other lands" the "untold suffering" of the "world wide depression."

The proclamation follows: "Since the morning of creation it has been man's duty to give thanks. Since God in his infinite wisdom has showered manifold blessings on mankind it is meet that his children should show their gratitude and thankful hearts for their father's watchful care."

"Immediately after the first harvest the Pilgrims set apart a day of thanksgiving at Plymouth in 1621. It was the beginning of a custom which has since become a national festival. The Continental Congress appointed days of Thanksgiving. President Washington appointed Thursday, November 26, 1789 as Thanksgiving Day. President Madison followed the example at the close of the war of 1812. President Lincoln appointed the fourth Thursday in November 1863 as Thanksgiving Day and it was this year that our country has observed it."

"The religious minded will have an opportunity to express their thoughts relating to the observance of Thanksgiving Day by attending the annual Union Thanksgiving Service, sponsored by the combined Protestant churches of the city. This service will be held at the First Christian Church tomorrow morning at 7:30 o'clock, with the Rev. Carroll Vainer, of the First Methodist Church, as the speaker. Special music is being arranged by the choir of that church, and all persons in Sanford are invited to attend.

"The sports minded will have football contests, hunting and fishing expeditions, angling and golf to attract him. Sharing the limelight with the hunting season which opened last week, is the annual Turkey Day football game between Sanford and Leesburg High schools, to be held at Leesburg at 3:00 o'clock. This game will bring together the undefeated Leesburg (Continued from Page Four)

## U. S. READY TO SUPPORT QUIZ OF JAP ISSUE

### Smaller Countries Of League Supporting China To Preserve Aggression Bulwark

(By The Associated Press.)—Tokyo received reports that the Japanese had captured 300,000 tons of iron ore at Mukden, Washington reported that the United States is prepared to support a neutral commission of inquiry in Manchuria without consideration of the question of Japanese evacuation from Paris came a report that smaller powers in the League council are championing China to preserve the league covenant as a bulwark against aggression.

A drive against 1,000 handbills southwest of Mukden, started by Japanese airplanes and troops yesterday morning, cleared out the area, Tokyo was informed.

Japanese dispatches said the handbills were driven west of the Liao River.

Military authorities in Tokyo denied the offensive was aimed in any way at China, where 500,000 Chinese are reported to have been massacred.

The Tokyo government decided to ask the League of Nations to persuade China to withdraw, depositing a threat of future conflict by withdrawing his forces from China.

Col. J. G. Mellors, the first American army observer to reach the scene of the Manchurian conflict, arrived at Mukden with other Tokyo military attaches.

## RAILROADS TELL WORKERS WAGES MUST BE PARED

### Virtual Ultimatum Is Presented To All Employees In Union

NEW YORK, Nov. 25.—(A.P.)—Prominent railroads of the nation, as represented in the eastern presidents' conference which met in New York yesterday, virtually presented an ultimatum to all union workers that wages must be voluntarily reduced within the next few weeks or formal action would be taken to forcibly bring about such reduction.

Meaning of the announced action was made clear by the Florida railroad, who members of the "Big Four" brotherhoods had accepted a 10 percent wage reduction effective Dec. 1.

Thirty-one rail officials under the chairmanship of J. F. Lacey, president of the Delaware & Hudson, decided to give the brotherhoods a "last chance" to cut their own pay checks.

The railroad heads agreed to take no further action in the wage matter until the meeting in Chicago, Dec. 8, of 1,000 representatives of union organizations.

It was stressed, however, that wage cuts averaging at least 10 percent all along the line were absolutely necessary.

## Show With Alleged Indecency Is Closed

WASHINGTON, Nov. 25.—(A.P.)—Mae West's play "The Constant Sinner" closed today as the result of a threat by District Attorney Rover to arrest the company if another performance was given.

Rover said charges of obscenity and indecency would be made if the performance again was presented. Maximum penalties would be one year imprisonment and a fine of \$500.00.

Through the courtesy of Scott and Varn, developers of Elder Springs and owners of the Elder Springs Water Co., the Seminole County Chamber of Commerce is being furnished with a supply of Elder Springs Water daily.

This voluntary gesture on the part of the Sanford concern has met with the approval of trade body officials who today extended their thanks to the owners of the firm.

## 3 Killed, 5 Hurt In Crossing Accident

HOMER CITY, Pa., Nov. 25.—(A.P.)—Three persons were killed and five others were seriously injured near here today when their automobile was demolished by a Pennsylvania Railroad passenger train. The dead are Jasper Kunkle, 40, Mrs. Al Mulhollen, 36, and her son, 12. Mrs. Kunkle and four children, two boys, and two Mrs. Mulhollen's were taken to a hospital where physician held little hope for recovery of any of them. The Kunkles and Mulhollens were neighbors en route to Homer City for Thanksgiving shopping.

## Big Grapefruit Bunch Is Brought To Herald

Alfred King, general Sanford resident of the West, today visited the Sanford Herald office this morning and presented the editorial staff with a cluster of 11 large grapefruit of his own tree, from one of two grapefruit trees in his front yard.

Mr. King tendered the fruit as a Thanksgiving gift. He declared that during his long residence in this state he had never seen so many grapefruit on one cluster, and added that the tree has also produced another cluster of ten grapefruit and another of nine.

The fruit is on display at the Herald office.

## Get-Together Meeting At Longwood Attended By Enthusiastic Throng

An audience of more than 300 persons which crowded the Longwood Civic Club building to overflowing and caused at least 100 persons to peer through windows and doors, last night attested the whole-hearted manner in which residents of that community expect to lend support to the Seminole County Chamber of Commerce, according to Karl Lehmann, secretary of that organization, who, together with other leaders of the trade body, was an honored guest of the Longwood Chamber of Commerce.

The affair, similar to one held at Altamonte Springs last week, was in the nature of a get-together meeting, and was attended by persons from every section of the county, including Altamonte Springs, Fern Park, Lake Mary, Gabriella, Forest City, and Oviedo. It brought out again, trade body officials said, the new spirit of co-operation which is being manifested throughout the county, and is termed a worthy companion to the recent Altamonte Springs get-together meeting, and the

## GRANDI IS HUMAN DYNAMO ON VISIT TO METROPOLIS

### Italian Envoy Wears Down Escort In His Round Of Activities

NEW YORK, Nov. 25.—(A.P.)—Dino Grandi, Italy's 36-year-old foreign minister, passed his second day in New York yesterday proving to everyone about him, including the police escort, that a diplomat is by no means a lazy man.

Up at 7 A. M. after three hours' sleep it was reported that he worked over his dispatches to home until 4 A. M., after attending a formal dinner, the opera, and a reception Monday night—he maintained all day a pace that left those who tried to keep up with him sighing with fatigue.

Once he got away from his police escort entirely, strolled down Park Avenue accompanied only by a number of the Italian embassy staff, and remarked blithely as they caught up with him:

"I just wanted to see what it felt like to walk again as a free man."

He lunched at the home of Thomas W. Lamont, with J. P. Morgan, John D. Rockefeller, Jr., Owen D. Young, Myron C. Taylor, and a number of other financiers—and, as several Italian laborers at work across the street gave him the fascist salute, smilingly left his escort and walked over to

## CROPS HURT BY COLD WEATHER IN CALIFORNIA

### Vegetables Severely Hit But Extent Of Damage To Citrus Is Not Yet Known

JACKSONVILLE, Nov. 25.—(A.P.)—The Florida state marketing bureau here received a federal report today that a heavy frost in California Sunday and Monday night severely damaged tender vegetables but the extent of the injury, if any, to citrus is undetermined.

The report was received from San Francisco and Los Angeles offices of the federal and state market news.

Vegetables were damaged "such as tomatoes, beans, eggplant, artichokes, etc. Only a few sheltered or close to the coast escaped. Lettuce and peas in the San Joaquin Valley and peas in the Imperial Valley were reported severely damaged. All citrus was smudged heavily and practically no damage is expected in Southern California."

LOS ANGELES, Nov. 25.—(A.P.)—Seventy-two hours of frosty weather that seriously menaced thousands of acres of citrus groves, some in the Imperial valley where summer temperatures range upwards to 120, ended yesterday but growers continued staking smudge pots to ward off any unheralded return of Jack Frost.

Citrus losses are negligible, said F. D. Young, government frost expert at Pomona, citrus belt capital. (Continued from Page Four)

## Herald's Cooking School Session Is Brought To Close

The Sanford Herald's Third Annual Cooking School came to a conclusion this morning when some 200 Seminole County housewives sat in an attentive ear to the interesting lecture and demonstrations which Mrs. Dorothy K. Harris, well-known home economist, gave her audience.

Using the last word in modern gas cooking appliances, furnished by the Sanford Gas Co., which assisted in staging the school, Mrs. Harris outlined many of the interesting short cuts to successful cooking which she has gained in years of experience. She interspersed her demonstration of foods being prepared for cooking, with numerous anecdotes which kept her hearers keenly interested in her every move, and many persons later visited her to seek personal advice or to thank her for her lectures.

Mrs. Harris this morning featured a dish called "City Chicken," prepared with pork andveal, and other ingredients. She also baked a cake, and mixed other delicious foods which were later distributed among the visitors. The recipes used by Mrs. Harris during her two-day stay here will be found in another section of The Herald.

The following women won prizes offered by various Sanford merchants: Mrs. H. M. Papworth, Mrs. E. F. Lane, Miss Charlotte Tiffany, Mrs. Fred Holt, Miss Mary Kinlaw, Mrs. H. J. Gut, and Mrs. R. H. Wallhour. Prizes were donated by the following: Bessette the Florist; Powder Puff Beauty Salon; Calhoun's Department Store; Briggs the Jeweler; Stewart the Florist; Gatebel's Cash Grocery, and the Red Star Grocery and Feed Co.

Assisting in making the past two-day session a success were the Sanford Gas Co., which furnished stoves used in cooking; the Sanford Furniture Co., which lent the Norge refrigerator and kitchen cabinet seen on the stage, and the Milano Theater management for the use of the theater.

## WDRG OFFERS SERVICES

The Seminole County Chamber of Commerce is today holding in the office of radio station WDRG, Orlando, that the facilities of that station are open at all times for announcements relating to Seminole County Progress Day, Dec. 15, when Governor Doyle E. Carlton comes to this county to congratulate its citizens on its record and substantial progress in the recent months.

# OH YEAH?

By PETER SCHAAL

Remember back in 1928 when Leesburg fans to the number of 850, headed by the Mayor and city council, came over here with the best team in Florida, and gave us an unmerciful licking? Well, the idea Thursday is to form a motecade of as many people as possible and go over there just as enthusiastically as possible.

Mrs. Gladys Morris Williams, Beninole High School's combination of Dorothy Dix, Knute Rockne, and Charles A. Lindbergh, has agreed to do what she can to induce students to help out on this motecade idea to a high degree of perfection. She said that at least two of the cars will be decorated, to lead the parade, and that all the cars will be wearing Sanford colors somewhere. The motecade will form at the City Hall at 1:00 o'clock, and will leave not later than 1:15 o'clock, so that the 40 mile drive to Leesburg can be made in plenty of time to have there an hour before the game starts at 3:00 o'clock. Every automobile owner in this city who plans to go to Leesburg that day is appealed to make this parade a success. Be there before 1:00 o'clock if you can.

Would you be interested in knowing how six Pick-The-Winner contestants have picked the outcome of the Sanford-Leesburg game? Early this morning, six fans had sent their lists in. One forgot to mention what he thought the score would be. Two

picked Leesburg to win, 18-12, and 13-12. Three picked Sanford to win, 6-4, 12-7 and 12-7. Oh Yeah believes it will be 18-7 or 24-12, and that years of tough defeats will have been wiped out in one great sweep. Incidentally Colgate and V. M. I. are the only two teams which the six contestants unanimously say will win. They are of different opinions about the remaining 17 games.

Here's some more news from Donald Jackson, that brilliant Sanford halfback of last year who is now starting as first string quarterback for the University of North Carolina's freshman eleven. Don played a great game two weeks ago against N. C. State, and was on the receiving end of the pass which gave his team its only score. Last Friday Don pitched his club to its first victory of the year. (It has only played two games), when, in the last of the third quarter of a thrilling game with Virginia Rats, he threw a 20 yard pass to Farrell, his roommate, who scampered across the line for the winning touchdown. The final score was 12-7. Don's team came from behind to win, for they were one point down at the end of the half. He saw action all the way too, and his work again leads me to say that Florida lost one of the outstanding college football players of 1932, 1933, and 1934. Barring injuries, he's going to be a sensation. Oh Yeah wishes him every possible bit of good fortune.

"Sure we're going to beat Leesburg," said Leslie Kanner, Sanford's elongated center yesterday afternoon. "You don't need to worry about how or why we're going to beat them, 'cause we are. And don't worry about my being hemmed in by three or four players either, 'cause I think I can handle them without a bit of trouble." That's straight from-the-shoulder dope, fans, and Hendrix Lyles, big blonde halfback, and Johnnie Courier, little blonde quarterback, joined

## SANFORD BEATS DELAND 19 TO 8 AT DIAMOND BALL

### Three Home Runs In Succession Scored By Local Players

By E. H. CULLUM.

The Sanford diamond ball team made it two out of three when they defeated the St. Johns River All Stars of Deland Monday night 19 to 8 in one of the most enjoyable games ever played on the local lot.

Johnny Hodge was in the box for Sanford and, backed by the best support ever received by a local pitcher, was absolutely invincible. In the first inning after K. Carter and B. Martin had grounded out, he walked Johnson and Stanley in a row, then struck out Vilsak to end the inning. In the second inning Deland managed to push over one run on a

hit with Kanner and said "This is our year." Well, if those three players, comprising a great portion of the offensive and defensive strength of our team think we'll win, there needn't be much worry. Kanner claims he's going to have his best day this season; Lyles says nothing in that regard except that he's bent on satisfying a season-old wish of running a punt or kick-off back for a touchdown, while Courier calmly and quietly equates his gray eyes in a sort of determined manner, indicating that he knows that his end of the game will be well held up.

Remember that the Leesburg game will be played at 3:00 o'clock instead of 3:30 o'clock as earlier announced. This change is announced this morning, and makes it necessary that all cars to be entered in the motecade are at the City Hall by at least 1:00 o'clock

walk and a double. In the third inning Deland added two more, K. Carter in this inning getting a single and B. Martin poing a long drive to left center for a home run, bringing in Carter ahead of him. This ended Deland's scoring until the 7th inning. In this inning, C. Martin got a free passage to first base; Conrag attempted to go home on the hit, but was thrown out at the plate by Harrison. Sanderson walked; K. Carter flew out. With two out and three men on bases, B. Martin doubled, sending Vilsak struck out to end the inning, total in this inning 11. In the 8th inning Sanford, first up, singled; Robinson hit to short center to Cordell, who, by fast fielding, threw Sanford out at home plate; C. Martin hit to Miles at left short, who tagged Robinson and relayed the ball to first base in time to retire C. Martin. Deland added two more in the 9th to bring their total up to 8 for the evening.

Stanley started the game for Deland and although Sanford got only three hits off his delivery during the five innings he was in the box, they made good for six runs. Filling the bases in the first inning with no outs, on an error, a fielder's choice and a walk, Miles popped out, Hodge coming home after the ball was caught, Cordell hit to short center who relayed the ball to home to get Raveland, but there wild and both Raveland and Lake scored. Result, three runs. Sanford added three more in the third, and one in the fifth. Sanford relieved Stanley in the sixth, holding Sanford scoreless in the last half of the seventh, with the score standing Sanford 7, Deland 5. Cecil Brown, first up, doubled to center, Johnny Hodge hit to deep center for four bases, scoring Rimes ahead of him; Haveland safe on an error; Lake walked; Miles, who had struck out his two previous times at bat, connected with one of Bat-ford's fast ones, lifting the ball high over the house in left field or a home run, bringing in Raveland and Lake ahead of him; Cordell singled; Tillis and

Britt, both grounded out; Steele singled, scoring Cordell; Harrison got a single, Steele crossing the plate on the hit; Rimes, his second time up in this inning popped out, result 7. Sanford added five more in the 8th on a single by Raveland, a triple by Lake, and three home runs in succession by Miles, Cordell and Tillis, bringing Sanford's grand total up to 19.

As stated above the Sanford players put up the best exhibition that has ever been staged, and every player on the team deserves great credit for the manner in which they handled their respective positions.

While Deland played a much better game than the score would indicate they were no match for the Sanford boys, for the Sanford team outplayed and outfielded Deland at every stage of the game. Tonight Company D and the Sanford Herald will look up, in what should be another very interesting game.

On Thursday afternoon the E. E. C. Shop team of New Smyrna will cross bats with Company D on the home lot. On Thursday evening there will be a double header, the first game between Orlando and Sanford Piggly Wiggly girls; the second between the Cudaly Packing Company team of Orlando and the Seminole Dry Cleaners.

## Football Flashes

CHAPEL HILL, N. C., Nov. 24.—(A.P.)—Slashing his way through opponents, Johnny Branch staged a brilliant punt-running demonstration here yesterday to celebrate his return to the North Carolina varsity fold after six weeks of suspension for breaking training. The star quarter replaced Chandler in the backfield. The latter, along with Hip Sluaser, driving half, was injured Saturday. The squad is expected to be back in shape for the Virginia game, Thursday, however.

BERHAM, N. C., Nov. 21.—(A.P.)—The Blue Devils, of Duke, this afternoon started a week of hard practice to prepare them for their clash with Washington and Lee at Lexington, Va., Saturday.

Little could be done toward finding a man to replace Captain Kid Brewer, since several of the players had afternoon classes and missed the workout. Horace Hendrickson, sophomore back, was running at fullback on the first signal. Brewer was hurt Saturday and will not be able to play against the Generals.

CLEMSON COLLEGE, S. C., Nov. 24.—(A.P.)—The Clemson Tigers all primed yesterday to give the Furman Hurricane a fierce battle in the Thanksgiving day game at Greenville. Coach Jesse Scully's charges held their last scrimmage of the week.

ATLANTA, Nov. 21.—(A.P.)—Greatly encouraged by its fine victory over Florida, Georgia yesterday in preparation for its first conference game of the year—the annual battle with Georgia at

Athens Saturday. Coach Bill Alexander ordered only a light workout yesterday and after the usual exercises the Jackets tried a slow motion defense against Georgia plays. Jere Goldsmith who suffered a broken jaw in the Florida contest, will play against Georgia. Goldsmith's jaw has been wired together.

ATHENS, Ga., Nov. 24.—(A.P.)—With the entire squad in fine shape for the last conference game of the year here Saturday against Georgia Tech, Coach Harry Mehre ordered a light practice yesterday for his Georgia eleven. Jack Roberts, the ailing fullback is fast rounding into form. Georgia coaches have a whole some respect for the rejuvenated Tech team which tied North Carolina, outplayed Pennsylvania and beat Florida.

UNIVERSITY, Va., Nov. 21.—(A.P.)—An imitation of North Carolina's passing attack continued to give the Cavaliers trouble yesterday as the Virginia team prepared for the Thanksgiving game with a long dummy scrimmage.

LEXINGTON, Va., Nov. 24.—(A.P.)—V. M. I. varsity engaged in a long dummy scrimmage yesterday with the time divided between attack and defense against V. P. I. plays. Coaches Battery and Hess made frequent shifts of players in order to give the second string men a chance to perfect the timing of the plays.

BLACKSBURG, Va., Nov. 24.—(A.P.)—With every crumple save one tack in uniform, the V. P. I. football squad yesterday got down to the final grid for the clash with V. M. I. at Roanoke Thursday. The Tech eleven is expected to be at full strength for the season climax.

Umpires: Hood, Rucker, Herndon.

# SHOPPING

"How good is it?"  
That's it!

ABOUT anything and everything they buy, smart shoppers like to ask one question—"How good is it?"

Chesterfield welcomes smokers who buy their cigarettes that way.

OUR tobacco buyers are smart shoppers, too. They "shop" for the ripest, mildest, sweetest-tasting leaf that grows. And they won't take anything else.

"How good" are Chesterfields? Well, consider their blending.

Blended and cross-blended... not merely mixed together. Blended first by crops and countries... then cross-blended again and again... to produce a flavor and aroma that are Chesterfield's alone.

That's how we get that better taste... that's why Chesterfields are milder. Even the paper they're rolled in is the whitest, cleanest and purest that money can buy.

And the package... clean, bright, fresh-looking... see how easily it opens, yet how tightly it's sealed.

OPEN a package. Note the aroma... delicious foretaste of pleasure ahead.

Now—pull out a Chesterfield... round, firm, well-filled.

"How good is it?" Light up... then you'll tell us!

Milder? Right! Taste better? You bet they do! They're pure, too—and they certainly do satisfy!

Good... they've got to be good! There's reason here. We know, because we put it in... and you'll smoke it out with every one you light.

"Sure I shop for cigarettes—Chesterfields satisfy me!"

After a minute examination of Mayor Alton's platform, we are amazed to find that it contains no reference to the enforcement of prohibition at future Jacksonville football games.

Floyd Gibbons and that other well known leg man, Will Rogers, have gone to Manchuria to cover the Sino-Japanese difficulty.

Fellow came to yesterday and said he had heard a rumor that John Martin was going to run for governor again.

In an announcement for central human-labor Mayor Alton said, "I would like mighty well to have the opportunity to join one delegation in Congress in getting still more appropriations for good roads, deeper waterways, public buildings, and the advancement of agriculture."

The first case of green peppers was all of here the week before last.

Charitableness

As another Thanksgiving Day comes around, one is moved to consider the things he has to be thankful for during the past year, but in so doing is impressed not so much by his own affluence, importance, or blessings as by the degree of comparison existing between his own misfortunes and those of many others.

In realizing this comparatively fortunate position which we occupy, it is well to consider what we may do to help those who have not fared so well as we.

It seems to us that this widely discussed depression, if it has done nothing else, has awakened in the people at this earth a higher degree of consideration for their fellow man.

As long as this feeling continues and as long as this bond of sympathy unites the people of this world, economic depressions may come and go without interfering greatly with the progress of humanity.

As The Editors See It

Though there are now some thirteen candidates announced for Democratic gubernatorial honors in Florida, two of them ex-governors, one a former chairman of the state road department, one a former president of the state chamber of commerce, a number of senators, ex-senators, and other odds and ends, there is so far little political excitement or enthusiasm among the people.

With the exception of the two Miami papers, one of them a traditional Martin supporter, the other a traditional Martin opponent, and the Ocala Star, outstanding follower of Carlton, political enemy of the Martin administration, very few of the newspapers have indicated much interest in the campaign one way or the other, or thus far, seem to care much who may be nominated.

The Miami News ridicules Martin's announcement and his assertion that he wishes to return to office "to take the state out of the slough of depression."

The Miami Herald is more charitable of the Martin candidacy. From its long editorial we judge that it will be the leading mouthpiece of the Martin campaign.

The Ocala Star says that "Hardes is looked upon by heavily burdened taxpayers who have watched approvingly and lent support to Governor Carlton's economic policies, as the logical man, in the gubernatorial field, to carry on the Carlton policies."

Thus the lines are slowly being drawn.

LISTEN TO THE Sanford Herald throw the lie in the teeth of that Liberty magazine writer:

"Mary Noble to the contrary notwithstanding, the soil of Florida is so fertile that the other day, when a fellow dropped his corn cob pipe in the dirt, before he could pick it up the thing had begun to sprout and by the time he got it in his mouth the crop was ready to harvest and had been sold at a profit."

THEATRICAL FOLKS GENEROUS GIVERS FLORIDA TIMES-UNION

Theatrical people, actors and actresses, particularly, are noted for their generosity in every time of need, for giving of their money and of their time and histrionic ability for relief of human distress whenever and wherever it occurs.

In this time of such extensive unemployment, and the distress incident thereto, the theatrical profession again comes forward with proffered help for those needing to be relieved, promptly and effectively, as from sickness and starvation, and to be supplied with clothing and shelter.

### OH, YEAH?

PETER SCHAAL

Coach Leonard McLucas... planning to display before the eyes of his team in an effort to spur them on to greater heights in an impending game...

The records reveal that the Sanford-Leesburg series began on a sunny Leesburg field way back in 1925. That first game ended in a 6-4 tie. The next year, on a Sanford field, Sanford went into the lead for the first and only time by winning 6 to 0.

In that first game of the series, in 1925, Coach Wheelock took a fast line composed of Russell, Oiler, Yancey, Whitfield, Cunningham, Booth, and a faster backfield, composed of King, Thompson, Barber, and Entzinger to Leesburg...

In 1926, the Leesburg eleven came to Sanford to open the season against a starting team composed of Edensfield, Nordgren, Moughton, Sanda, Yancey, Speer, Stoinoff, on the line, and Thompson, Maxwell, Russell, and Mobley in the backfield.

Then came 1927, and the last year until 1930 when a Sanford team threatened to win or score. Leesburg won it by a 26 to 13 score, running up three touchdowns in the first eight minutes of play before a new Sanford line could get going.

### HERALD NEWSIES DEFEAT SOLDIERS AT DIAMOND BALL

#### Closely Fought Contest Provides Many Thrills For Crowd

By E. H. CULLUM  
Sanford Herald boys team 3, Company D 2 was the result of the game played by these two teams Tuesday night.

The game was a thriller from start to finish. Raymond Shaw pitched for the winners, and held his heavier opponents to five hits, good for two runs. For the first two innings he held Company D scoreless. In the third inning Lloyd first up, grounded out; Kinlaw singled, stole second and third; Cook hit to Knight at left short who threw out Kinlaw at the plate; Rines singled, scoring Cook. The only other run that Company D got was in the sixth inning. After Rines and Pearson had struck out in succession, Weaver parked one in extreme right field for the circuit. This was the extent of the scoring done by Company D team.

Hopelessly outclassed, but fighting to the final whistle, Coach Wheelock's then undefeated Seminoles High machine went down to defeat by the overwhelming score of 51 to 0, to ring down the curtain on the 1928 season. Fully 1800 persons saw the massacre. Fully 1800 persons saw the massacre. Fully 1800 persons saw the massacre.

### KANNER BEING GROOMED FOR MYTHICAL TEAM

#### State Papers Carrying Season Record Of Sensational Star

By PETER SCHAAL  
Florida sports writers who will soon announce their All-State high school teams for 1931 won't need to worry about the mythical team position. Sanford football fans are unanimous in their opinion that Murray "Ukiah" Kanner, veteran center of Coach Leonard "Whitey" McLucas' Seminoles High eleven, is the logical and outstanding contender.

Kanner, standing six foot three, weighing 190 pounds, and playing his last year for Sanford, is a 17-year-old Hebrew lad whose sensational play has been an inspiration to the rest of his mates, and was the feature of every game played this season, including tilts with Gainesville, Orlando, and Andrew Jackson, Big Ten outfits, and Ocala, Daytona, DeLand, North-eastern Conference leaders. He is as unpassable on defense as he is vicious on tackling, and hard-hitting on leading interference, and not one of the eight touchdowns scored against Sanford have been through him.

Naturally, he played his most inspired game against Orlando, traditional Sanford enemy, in that brilliant 12-6 Sanford victory. Kanner blocked five punts, pulled down Orlando backs' bottled line of scrimmage 11 of the 36 times they carried the ball, and with Biggers, tiny left guard, opened wide holes in the staunch Orlando line through which Sanford backs drove for victory.

Press notices have always favored him. Here's a sample, written by Sam Buts, of the Florida Times-Union, after the Andrew Jackson game: "Kanner is one of the best prep centers we have seen in a long time, and the University of Florida will make a great mistake in letting him slip out of the state." Walter Lynch, veteran Jacksonville Journal scribe, said: "Kanner is fast for a big man and knows what to do with his hands. Florida needs this man and Heister, Sanford's line halfback, and unless something is done, they may be lost to us."

Coach McLucas says the youth is unqualifiedly the finest line prospect he has ever seen; Harry Greene, Orlando coach, says Kanner is ideal college material, the answer to a coach's dream; Jack McDowell, brilliant Rollins coach, hopes to induce the boy to attend that institution; while Coaches Mike Mosser of Andrew Jackson, Cecil Beck, of DeLand, Jack Smith Ocala, Horse-Bishop of Gainesville, and Henry Freeman of Daytona, have all indicated that they will cast a vote in his favor if called upon.

The youngest of the high school sport stars against Coach Leonard McLucas' Leesburg Yellow Jackets in that day Thanksgiving Day. Naturally, with so much advance publicity, and having been scouted by the aggressive, Banning

### SANFORD READY FOR GAME WITH LEESBURG CREW

#### Players Are Anxious But Confident Of Obtaining Victory

On the eve of their final football game of the 1931 season, members of Coach Leonard McLucas' Seminoles High football eleven are anxiously but confidently awaiting the whistle which sends them into action against the ever-strong Leesburg Yellow-Jackets in that city tomorrow afternoon.

The game, fast assuming traditional aspects in that it has been played on Thanksgiving Day for the past five years, will begin at 3:00 o'clock before what promises to be another record crowd. Leesburg persons have been ardent football fans ever since Coach Horace Banning gained state-wide recognition for a remarkable team he developed in 1928. They attend each game either at home or away in large numbers, and their ranks include representative business, professional, civic, and religious leaders.

Tomorrow afternoon the usually large Leesburg crowd will be augmented by the appearance of almost 600 Sanford fans. Heading the Sanford delegation is Sheriff J. F. McCalland, County Judge James G. Sharon, and Municipal Judge R. W. Ware, each of whom has a son playing on the eleven, and each an enthusiastic football fan. Numerous other prominent residents of Sanford will accompany the student body, in the big motorcade which leaves the City Hall not later than 1:15 o'clock.

As for the team, since Monday afternoon, Coach McLucas has had the men practicing behind closed doors, with guards stationed at every exit. This action was taken because several out-of-town persons thought to be Leesburg scouts, were early spectators Monday afternoon when Coach McLucas began issuing a new series of plays and formations. Noticing one of the visitors using a pencil and paper, Coach McLucas ordered every spectator on the field to leave, and that rule has been in effect ever since.

Coach McLucas has developed a brand new style of play... nation, to be used especially in the past three weeks he has been drilling the players in the theory and fundamentals of each play, but, until Monday afternoon, the plays had not been run against an opposing team. Monday afternoon's practice session was confined solely to the new plays.

Yesterday afternoon Coach McLucas had the players learning Leesburg plays and how to break them up, and as the afternoon came to an end, and the second team, which was using Leesburg plays, was being thrown for a loss on every play.

Tomorrow's game is the last game of what has been considered a successful season so far. A victory over Leesburg will cap the climax of a fine victory over Orlando, for Leesburg has not been defeated in three years. The game brings the high school gridiron careers of six members of the team to a close, including Kanner, Ware, Lyles, Sharon, Entzinger, and Stanley.

Yellow-Jackets who have enjoyed a string of victories which began in 1928, and the defeated but highly confident Seminoles High eleven, which has established an enviable reputation in this section during the past few years. At least 800 persons have already signified their intention of joining a motorcade which will leave the City Hall at 1:15 o'clock tomorrow, indicating that interest in the affair is wide-spread.

With hunters returning from nearby forests daily, reporting an abundance of deer and birds, the whirr of wild birds seeking to escape the shots of the hunter will no doubt be heard frequently. Several parties are already camping in Seminoles County forests, and many left this afternoon. The streams and lakes will also be the gathering place for many an ardent angler who will take advantage of predicted fair weather to lure the members of the finny tribe.

All will of course gather with friends and relatives to enjoy the annual dinner of the year which makes a rite of turkey carving. With foods at their lowest cost in years and an abundance of Florida fruits and vegetables offering tempting ways of preparing them, the Thanksgiving Day dinner can confidently be called the main event of the day.

Stores, offices, and all city and county buildings will be closed all day. The Sanford Atlantic National Bank will observe the holiday. The Sanford Herald will not publish its daily newspaper. The Sanford Postoffice will observe the day as a holiday, and no service will be required of its carriers. General delivery windows will be open from 8:00 o'clock till 10:00 o'clock in the morning. Money order and registry divisions will be closed all day. The regular holiday collection will be made between 1:00 o'clock and 2:00 o'clock in the afternoon. Special delivery mail will be handled as usual, and mail will be dispatched from the office the same as on other days.

Then he and Signora Grand, who had spent the morning at Columbus Hospital, went to Columbus Uni-

As Signora Grand, on her visit to Columbus Hospital, walked into the day nursery yesterday morning, all the babies started crying. But it didn't bother her. The mother of France Grand, aged 6, and Simonetta, 4, walked smilingly over to the cribs where four baby girls were crying loudly, and cooed to them to silence, and persuaded one of them to pose for a picture with her.

NEW YORK, Nov. 25.—(A.P.)—In the hotel abode of Signora Grand this morning a barber, summoned to shave the diplomat, started the shaver. Before approaching Grand, he was stretched thoroughly for weapons as a safeguard against a possible attack on the foreign minister.

He said killing of the low pressure area over both Colorado eliminated possibilities of lower temperatures.

A 48-mile-an-hour wind that swept the San Pedro harbor damaged Anaheim orange groves slightly. Branches were torn from orange trees in the La Cienega valley where temperatures during the last 79 hours have ranged 30 degrees below, reported 25 degrees, as against an average of 65 yesterday morning.

Wherever the cold wind swept the citrus area, Pasadena, with 23 degrees below Sunday and Monday, experienced the coldest November day in 12 years and this could mean a frost in the city's history. Santa Monica, on the coast, reported 24 degrees with some frost. San Bernardino 25.
