

McLucas Training Program Calls For Two Practice Sessions Daily

Fifty Candidates Endure An Extensive Drill Yesterday On Field And In Big Gym

About Fifty Youths Reported For First Morning Session This Morning And Equipment Was Issued To Many

The Seminole High School Celery Feds starting today, according to an announcement made this morning by Head Coach Leonard McLucas, will hold practice sessions twice daily in the rear of the high school with the drills set at 9:00 o'clock in the morning and at 3:00 o'clock in the afternoon.

The twice daily drills started this morning and uniforms were issued to the best looking candidates and the usual practice sessions continued at a fast pace due to the fact that there are only 15 days left for practice before meeting the Landon Lions of the Big Ten in Jacksonville on Sept. 24.

Yesterday afternoon Head Coach McLucas and assistant Coaches Woody Riser and Russ McCracken put about 50 youths through their paces which included passing and kicking, exercises, shifting, stance of linemen, and the running of several plays.

The youths underwent a portion of the session inside of the large gym while part of the time they were out on the practice field due to the rain which fell in intervals yesterday afternoon.

The Celery Fed mentor, McLucas, took the backs and put them through an extensive drill during the latter part of the session of shifting and spinning and also the faking of the ball carriers.

About 50 of the youths reported for the morning session this morning and both the linemen and the backfield men went through the same paces in their hard training program as yesterday and it is expected that some time during the early part of the next week the mentor will start his men in scrimmages.

McLucas, who has coached the Celery Feds for many years, is one of the best coaches in the state and his teams have won many championships.

The Celery Feds are one of the most popular teams in the state and their fans are known for their loyalty and enthusiasm.

The Celery Feds are expected to be a strong contender for the state championship this year and their fans are looking forward to a successful season.

The Celery Feds are one of the most successful teams in the state and their fans are proud to support them.

Housholder Expresses Views In Sanford-Gray Case

Attorney Favors Opposition From Local Officials

Writes In Defense Of Cullum And His State-Wide Story

E. F. Housholder, county attorney and fervent baseball fan, today made a lengthy statement in defense of E. H. Cullum, official scorer here, who was highly criticized on his article regarding the recent ruling of the State League President relative to the Sanford-Leesburg game in which Davis of Leesburg and Catcher Holbrook of Sanford engaged in a static dual.

Mr. Housholder's statement relative to the matter is as follows: "I have read with interest the various views expressed relative to the difficulty between Sanford and Leesburg baseball teams that occurred some weeks ago, and the President's action relative thereto.

"I must say, that as a fan of more than twenty-five years in Sanford and one who has paid to see the games played here this season, that it is rather startling to have the President of the State League is so Exalted and Supreme than an official of a league club dare not quote correct facts for fear of having the President forever obliterate Sanford from the map of baseball.

"I could not imagine why our league officials would sit by and say and do nothing in defense of the Sanford Baseball Team and the Sanford fans, when the President of the League stated that it was because of the Sanford fans and the lack of police protection that caused him to render his famous decision, until I read the article of the Vice-President, concerning Mr. Cullum for having written his article because he was an employee of the Sanford Baseball Association as official scorer.

"Mr. Cullum is an official, then I gladly assume the article written by Mr. Cullum is fair and complete and stated facts as could be established by the many hundreds of us who attended this game. Mr. Cullum should be commended for giving to the people of this State the true facts rather than being censored.

"I feel sure that I express the views of many of those who pay their way to the game the same as I do, that we desire clean sport. I feel that Sanford baseball boys should not be condemned for what has happened, and regardless of what might be the result, I for one, am glad that they have shown some spirit of manhood.

"It is true that we have received 'raw deals' from the Umpires' decisions and the decisions of the President of the league, and the central threats of the Umpires and the league-President towards the Sanford team and players, without effective opposition from our official, has resulted in a severe handicap to our boys on the field. They should not have to fight for their rights. We should fight for them!

"It is hard to understand how the baseball fans of Sanford and the public officials of Sanford should receive the public accusation of the State President, that we in Sanford, have an unlawful bunch of citizens attending baseball games and that our city fails to furnish competent police protection, and not able to open our mouths or say a word in defense of our boys.

"I, therefore, for one, desire to approve the statement of Mr. Cullum and add that the accusations made against the baseball fans of Sanford and the Police Department of Sanford, are without foundation and are a direct insult to our citizenship.

"Now, if this be treason to our Baseball Association or to the State President, then I am ready to assume this responsibility and pay any penalty that the law requires for this privilege of free speech."

THE FOLLY OF IT is that the ball is not put to use in the Follies, but in the hands of the Kerecheval, best boomer of the Brooklyn team, which has already opened its season.

Stan Charkut Achieves An 8 To 1 Victory Over Sanford As Daytona Out Of Loop Running

Longtime Go To Daytona Beach Today For Their Final Tilt Of The Season At The City Island Grounds

Figuring perhaps that it is better late than never, the players of Daytona Beach last night whipped Sanford by 8-1.

The victory was achieved behind longhitter Stan Charkut's eight-run pitching. The win did not buoy the hope for a first division position before the season closes Saturday.

Patty Wynn and Owen Wright divided the mound duty for the Longhorns, giving 10 hits.

In the first inning Wynn and Wright mixed with a walk to Grant and an error by Longston accounted for two tallies.

In the fifth inning Wynn's sacrifice and Wynn's double drove home one run.

Daytona scored five times in the seventh, as the battery team hitting against Kerecheval was hit by Wynn's sacrifice, Wynn's double, Wynn's sacrifice, Wynn's double and Wynn's sacrifice.

The American Geographical Society, which has been in existence since 1852, is a non-profit organization that promotes the study of geography and the world.

China Starts Hot Offensive Near Shanghai

Japanese Surprised By Vigor Of Chinese Attack And Changes Strategy

Shells Land In Foreign Section

Marine Barracks Are Hit But Shell Falls To Do Any Damage

SHANGHAI, Sept. 3.—(AP)—A new onslaught of shell-fire and shrapnel engulfed international Shanghai early today leading French authorities to give blunt notice they expected both sides to curb hostilities during the evacuation of 650 French and American refugees.

SHANGHAI, Sept. 3.—(AP)—China's armies surprised the Japanese tonight with a smashing counter-offensive which shifted the Shanghai warfare back to the city proper and placed in new jeopardy the lives of Americans and other foreigners. The Chinese attack stalled Japan's long-promised "big push" and forced a revision of Japanese strategy.

The Chinese big guns and machine gun nests sprayed shells and bullets on Japanese warships and troop transports. Eight Japanese transports fled downstream. Shells crashed into the International Settlement and French Concession. Shrapnel burst over the foreign communities.

One projectile struck the roof of the second United States marine national barracks but failed to explode. Marine officers said it was a one-pound anti-aircraft projectile. A heavy artillery shell burst at the junction of the Peking Road and Shanghai's Bund in the International Settlement.

Post Office Will Observe Labor Day

The Sanford Post Office will observe Labor Day, Monday, Sept. 6, as a holiday and no services will be required either of city or rural carriers on that day, local Postmaster R. J. Holly announced today.

Clothing Is Needed For School Children

Contributions of baby clothing and for school children are greatly needed for distribution by the Salvation Army, according to Captain F. S. Pagan, commanding officer of the local corps.

Search Continues By Coast Guard For Missing Seamen

PANAMA CITY, Sept. 3.—(AP)—Coast guard vessels pushed a virtually hopeless search today for at least 15 persons missing since the Gulf freighter Tarpon sank in rough seas near here Wednesday morning.

Fifteen persons have been accounted for. Three are known dead, nine are in a Pensacola hospital and three who gained shore unaided here. All of the missing are negroes.

Report Deadline Tentative Budget For Job Insurance For Seminole Is Moved To Sept. 15 Being Prepared

TALLAHASSEE, Sept. 3.—(AP)—The deadline for employer liability reports under the employment compensation law has been moved up to Sept. 15, Harold C. Wall, director of the unemployment compensation division of the Florida industrial commission announced today.

This deadline was moved up because of the fact that many people over the State are on vacations and because many employers did not receive the reports in the first mailing. Also many have not sent in this report due to misunderstanding. Wall explained.

Market Directors Are Re-Appointed For '38

John Melochi, chairman of the Supervisory Committee of the Florida State Market, here, was advised by the Directors of the State Markets recently that all members who served on the committee last year had been reappointed to serve for the coming year.

7 Prisoners Escape From Georgia Camp

HOMER, Ga., Sept. 3.—(AP)—Seven convicts escaped from the county bank chain gang yesterday and carried two guards away in a stolen truck later found abandoned near Holly.

Loyalists And Rebels Claim Win At Aragon

HENDAYE, Sept. 3.—(AP)—Both the Spanish government and its insurgent foes laid claim to victory today in a major battle as they struggled for domination of the Aragon front.

Together the contradictory reports filled a graphic picture of a combat centered on a huge circular battlefield in the region of Dried Lakes about 12 miles south of Zaragoza or midway between that insurgent stronghold and government-beleaguered Belchite.

Japanese Cabinet Votes Huge Sum For War Budget

TOKYO, Sept. 3.—(AP)—The Japanese cabinet today approved an emergency war budget of more than \$600,000,000 to push the undeclared war between China and Japan.

The huge appropriation is more than Japan spent on the last Sino-Japanese war and the Russo-Japanese war combined. It raised the war total so far to \$722,000,000.

Boy Scouts In Troop 14 Are Enjoying Various Activities At Camp Wikiwiki

Several days of swimming, hiking, and other activities have been enjoyed by a large group of Boy Scouts of Troop 14 at Camp Wikiwiki, according to Scoutmaster W. E. Kader.

Come To Speak At Miami Labor Day

TALLAHASSEE, Fla., Sept. 3.—(AP)—Secretary of State Robert A. Gray will be the speaker at Seminole's Labor Day celebration Sept. 5.

HUNDREDS PERISH IN TYPHOON AT HONGKONG

Hundreds of lives were lost, a wide area was devastated and many ships were hurled ashore in a terrifying typhoon that swept Hongkong, China, raging fires broke out in the wake of the wind which blew at the rate of 125 miles an hour. The death toll was believed to have passed the 600 mark and officials feared it will mount into the thousands. The British Crown colony (above) along the Hongkong waterfront was in the path of the storm and much of it was laid waste.

The Fight Is On

News comes from Tampa that Phil Barney, column conductor for the Tribune, and a crowd of motorists who have all had the experience of dusting off a cow on the highway, have just organized a club with which to drive cattle off the highways. To be known as The Ancient and Honorable Order of Motoreadors of America, the new organization is expected to serve "as the spearhead of a state-wide movement to seek legislation to clear the highways of livestock."

There are no initiation fees, we are informed, and membership lasts until some collision with a cow ends your life. To qualify one must have survived at least one such experience. He must have hit a cow, mule, horse, or at least a hog on the highway, and it makes no difference whether the collision occurred yesterday or ten years ago. Secretary Barney of the AHOMA, the only officer the organization boasts, explains his election to office and plan of campaign as follows:

"We had to have someone to receive applications, watch the newspapers for notices of the qualification of candidates, send out membership cards and maintain a membership roster and the Motoreadors picked me. The Motoreador has been rendered eligible, qualified and duly initiated with all due ceremony and no dues or fees," says the membership card, "in that while motoring on U. S. (or Florida) Cow Path No. (Camino de Toros) his (her) automobile had a collision with a bull (cow) (mule) (hog) thereupon grazing (running) (standing) (lying)."

The organization is taking on like wildfire in the Tampa area, it is said, and membership applications are beginning to show up from points as far west as Tallahassee. A casual paragraph in Barney's column in the Tribune prompted demands that victims of mauling livestock on the highways be organized and the Motoreadors is the result.

"From the number of applications being received," said Barney, "it is apparent that hundreds of Floridians already have qualified for membership and reports in the newspapers of additional auto-cattle crashes almost hourly lead us to believe the membership will be of huge proportions."

Barney says applicants for membership should state when they qualified, where, the kind of animal, and the number of the highway in which the incident occurred. "This information will be held in strict confidence," he explains, "because in many instances motorists have struck cattle and managed, to escape without having to pay for a highly pedigreed animal being groomed for exhibition in the National Livestock Show at Chicago. In other words, we are giving out no information that will make a motorist the target for a bill for a cow of the woods variety which always turns out to be an extremely valuable animal once she is crossed with an automobile."

Fewer Clothes

Men's clothes have hardly changed in a century, according to Hal G. Vermes in the Rotarian magazine. The only radical change—though it is a gross exaggeration to define it thus—in men's clothing in the 20th Century, he says, has been the switch from oversized coat and oversized trousers to undersized coats and oversized trousers. "In consideration of the extreme sensitivity of the conservative males of my acquaintance, and having no malicious desire to shock my own sex," Mr. Vermes writes, "I shall first make a very gentle suggestion: we men should shear at least a foot from the length of our top-coats. And right here we must accept the incontrovertible fact that men wear entirely too much clothing. They can keep warm in winter with half the bulk. Scientists tell us that two thin garments are warmer than one thick one. Thus we men can comfortably wear lighter clothing without undue exposure to the elements."

"Let us also shear off that useless appendage, the shirt-tail," he urges. "And snip off the buttons on our coat-sleeves. And the cuffs from our trousers, which are simply collectors of dust, dirt, grass, and bits of paper. And away with the double-breasted coat! Away with the stiff-bosomed dress shirt; away with stiff straw hats, stiff top hats, stiff, heavy brogues. Let us remove ones and for all the stiffness which results in stiffness."

"With another clip of the shears, let us do away with long trousers; after an hour's wear—unless a stiff-kneed and refuse to sit down—they make us look as if we had suddenly succumbed to a severe case of mumps in the lower extremities. I propose that we should wear knickerbockers. To my mind there is nothing more comfortable."

"On the beach, we men are showing signs of sanity. There we are adopting comfortable attire. But elsewhere, we seem to think that when we show our Adam's apples, we are debauched. And to disclose the male ankle is considered the height of daring. While it is undeniably true that not many people really care to look at a man's Adam's apple nor even his ankle, yet I insist that no sacrifice is too great to make, in the name of comfort."

SANFORD TWENTY YEARS AGO

A celebration next Monday on Labor Day has been arranged by Organized Labor in the form of a basket picnic and fish fry. It has been stated that "innocent amusement, romping, swimming, and bathing, has been arranged for the little ones."

Mr. and Mrs. Roy C. Bower announce the birth of a baby girl. Reginald Holly left today for Marion, Ala., where he will enter the Army and Navy College. In February, he expects to enter the Naval Academy in Annapolis to become an aviator.

President Dutton of the Sanford Board of Trade has returned from his vacation. He states that he is again ready to advocate and push anything progressive for Sanford and Seminole County.

Among the Sanford people who are now in Daytona Beach are Mrs. and Mrs. T. J. Beard, and Miss Arveta Tabak.

Circle No. 1 of the Ladies Auxiliary of the Presbyterian Church will have its next meeting on Friday, Sept. 3, 8:30 p.m. at First Baptist Church.

U. S. Will Finance Seven Overpasses During Coming Year

TALLAHASSEE, Fla., Sept. 2. (AP)—The state road department will plan today for seven projects during this year to eliminate railroad grade crossings on main highways.

Finances for the work will come from Federal government. Officials estimated the cost at \$750,000.

The projects have not been approved. Engineers will conduct preliminary investigations and submit recommendations to the Federal government.

Twenty-four bridge crossings elimination projects were completed in the past year, four others now under construction, and another, included in the 1937-38 program, is to be started soon across the Atlantic Coast Line tracks on road 33 at Beulah.

The 1937-38 grade crossing program represents the largest ever undertaken by the Federal government.

The Federal government recently completed all the studies of the state road department.

Bill Permits Sale Of Helium Abroad

WASHINGTON, Sept. 2. (AP)—President Roosevelt yesterday signed the Senate bill authorizing Federal government monopoly in the production of Helium gas and changing export rules to permit its sale to foreign nations in restricted quantities for commercial or medical purposes.

Agitation for loosening existing restrictions on export of this non-inflammable gas began soon after the German dirigible Hindenburg crashed in flames after an explosion at Lakehurst, N. J.

Under the new act, no helium purchased abroad could be used for military purposes and all foreign sales would have to be approved first by six government agencies including the War and Navy Departments.

State Chamber Heads Will Meet In Ocala

OCALA, Sept. 2. —Directors of the Florida State Chamber of Commerce will meet here Tuesday, September 21, for their third quarterly business meeting of 1937. It was announced today by Stephen McCready, a member of the board and president of the Florida Association of Real Estate Boards.

The session will be held in the Shiloh Hotel and will get underway at 11:00 A. M. Harold Ochs, president of the State Chamber, will preside.

Special directors' attention are fixed upon for the annual statewide business conference and meeting of the State Chamber in Orlando December 9-1 and 1938 membership matters.

Roosevelt Signs Sugar Quota Bill

HYDE PARK, N. Y., Sept. 2. (AP)—President Roosevelt last night approved the last Congress' sugar bill with the pronounced "hope that the next session of the Congress will consider repealing or shortening the clause which continues the refining monopoly to Mar. 1, 1940."

He had vetoed the bill—as also observers believed he would—officials indicated the action would mean that he was planning a special session of Congress this November or December.

CITY NEWS BRIEFS

(Continued from Page One) Wilson returned last night from Timonville where they went on official business for the City.

The Sanford Community Singing Class will hold a meeting Sunday afternoon at 2:30 o'clock in the Underdominational Tabernacle at Ninth Street and Laurel Avenue. The public is invited to attend.

Members of the local chapter of the Eastern Star will journey to DeLand tonight for the official visit of the Worthy Grand Matron Mrs. Charlotte B. Perry, of Jacksonville. She will visit Volusia Chapter-186 O. E. S.

Cupid has found his way into the local Court House the City Clerk learned today. Olive ... deputy clerk of the Circuit Court and Al Hunt, prominent railroad employee, plan to rush off to Georgia to get the nuptial ceremonies performed soon.

Loretta's Place, located on the Orlando Highway just out of Sanford, has again changed management. It was learned today Daniel Desmond of Lake Mary and former operator of the Owl Inn has taken over the management.

A baseball tilt between the Sanford All-Stars and the Daytona Beach Junior nine has been scheduled for this afternoon at the Ninth Street Ball Park, through the co-operation of Miss Eugenia Warren, local recreational supervisor of the W.P.A., and Sam Luce, acting physical instructor of the Daytona Beach YMCA.

Justice of Peace J. T. Roberts today moved his office which for some time has been on the third floor of the Court House to the vacant room in the southwest corner of the building. The County Commissioners recently approved this change and have removed the files of the Coun-

Report Deadline For Job Insurance Moved To Sept. 15

(Continued from page one) lawyer, retailer, wholesaler, hotel or any other type of business. The only requirement is that the individual or firm must have hired one person during either 1936 or 1937.

"In filing the reports many firms are not including the officers of the firm, either through misunderstanding or through an attempt to evade the law. Many firms also do not understand that they have to include in their report workers on a commission basis as well as workmen who are hired by the employees of the company to do work for the company. It is also necessary to complete both sides of the report."

Mr. Wall warned, "Many companies have started a movement to evade the law without understanding the fact that if they had eight or more workers for 26 or more weeks in 1936 this company is liable for taxes in 1937 or their 1937 pay roll. If they have the required number of workers in 1937 they will be liable in 1938. The law works in two year cycles in this respect."

"There will be no further extension at the end of this 15 days," Mr. Wall stated. "Contributions become due and payable on or before Oct. 25 and it is imperative that our liability file be completed at once."

ty engineer to the clerks of office and renovated the room for the Justice.

The new chairs which were authorized purchased for the Grand Jury room recently have been placed in the room and remodeling of the court room has been completed. The alterations made to the court room provide more space for the attorneys through rearrangement of the seats in the room and the large double doors provide greater safety.

China Starts Hot Offensive Near Shanghai

(Continued from page one) killed or wounded.

WASHINGTON, Sept. 4.—(AP)—Six peace organizations acting in concert renewed their demand tonight that the Neutrality Act be applied immediately to the Sino-Japanese conflict.

To do so they said, in a joint letter to President Roosevelt, would "effectively deny the statement by Secretary Roper as published in the press, implying that fear of interference with our trade is a major reason for delaying the application of the law."

Making no comment, the State Department continued its policy of quietly studying all developments in the Orient, and Secretary Hull repeated that the department was operating on a 24 hour basis.

The six peace societies—World Peaceways, the Women's International League for Peace and Freedom, the National Council for the Prevention of War, the Fellowship of Reconciliation, the Emergency Peace Campaign and the Committee on Militarism in Education—asked that the steamship Wichita and many other American vessels carrying war

sargoes to China be stopped. "We earnestly believe the United States cannot afford to permit such a conflict as is going on in the Far East to proceed without stamping it as war," they said. "Application of neutrality would clarify the world situation in this respect by labelling by their right name armed attacks by one nation on another."

Do something about Periodic Pains

(Take) Cardui for functional pains of Menstruation. Thousands of women testify it has helped them. If Cardui doesn't relieve your monthly discomfort, consult a physician. Don't just go on suffering and put off treatment to prevent the trouble.

Besides easing certain pains Cardui aids in building up the whole system by helping women to get more strength from their food.

Cardui is a purely vegetable medicine which you can buy at the drug store and take at home. Pronounced "Card-u-i."

Thus far, the administration has declined to impose the Neutrality Act, with its embargo on war supplies and credits to belligerents.

The head of the Statue of Liberty was shown at the Paris Exposition in 1878, before the statue had been assembled.

Sanford Clinches Second Place With 4-3 Win Over Daytona Beach

Ruggiero's Single In Ninth Scores Martin With Winning Run To Aid Big Dan Brainard

Brainard Beats Moose Fralick In Five-Hit Mound Duel; Sam Holbrook Hits For Three Bases In Seventh

Bill Rodgers and his Sanford squad yesterday afternoon clinched second place in the 1937 edition of the Florida State League when they came from behind and scored Johnny Sanders' Daytona Beach Islanders by a score of 4 to 3 before a crowd of 400 half-holiday fans at that city.

Finishing his fifth straight victory over the 'Is at City Island park, the Dan Brainard won his second over the great Moose Fralick who gave only five hits along with the big boy of the pitchers who also donated two and one extra to the Daytona team.

During the tilt Brainard was very effective in allowing the five but five bingles while he sent down the lalets down swinging that allowed the same number to walk to the initial sack. Fralick was a bit wild during the tilt although he allowed but five hits who he sent four of the Lookouts down with the strongest route while handing only a pair of tickets to get him.

Leading the hitting for the team was Wes Klumpson of the Lookouts and Manager Sanders the Islanders when both each led out a pair of hits each in two times at the dish.

The Islanders took an early lead when in the initial stanza they looked across their first run of the 'Is. In the third they sent one over across and also in fifth after the Lookouts had talked once in their half of the same inning. With a score 2 to 1 in the seventh, the Lookouts needed the score when Ruggiero and All Kame were sent from passes to first base with one out and then "Sam" Holbrook pasted the pitcher right out with "deep right" field for three bases and to knot the score.

The Lookouts won the game in their half of the ninth when Swede Martin was hit by a pitched ball and advanced to second on an infield on by Prichard. Ruggiero then singled into center field to score Martin with the winning tally of the effort.

Today the Lookouts will go to Daytona for a double header with the Islanders. The first game will start at 2:30 o'clock while the second will be played under the floodlights on Amelia Road starting at 8:15 o'clock.

GETS A NEW DEAL

IT'S THE NEW DEAL that employs this typical workman in the construction of Grand Coulee dam in Washington. Like the frontier towns of gold rush days, the boom cities near the dam are cluttered with entertainment spots. Hard-working men need relaxation and the nearest city of any size is 100 miles distant. The recreation halls run 24 hours a day. No hard liquor is served.

TODAY'S SPORTING WORLD

By JULIAN STENSTROM
Herald Sports Editor

Those Sanford Lookouts returned to form yesterday afternoon in Daytona Beach as Sam Holbrook's triple to deep right field that made Cy Grant, former speed king on the gridiron, do some real truckin' to even keep old Smilin' Sam on third.

That was some stunt for Brooches Clery to pull the other night... just in case some of you faithful readers of this column did not see or hear about it... here it comes... Clery had been up four times and failed to get a bingle... At the fifth and final trip to the platter he singled to left field off the Daytona hurler, Stan Charlut, and as he reached first base he nonchalantly fell to his hands and knees and kissed the first base sack with a mighty "smack".... some stuff....

If you don't think Boss McCracken one of Coach McClucas' assistant mentors, can kick that pickin, why don't you drive out to the field during the morning and afternoon and just watch him send the gridiron special soaring some

Celery Fed's Roster For 1937

| NAME | POSITION | WEIGHT | CLASS |
|-------------------|--------------|--------|----------|
| Whitley Young | Guard | 158 | Junior |
| Buck Fergusson | Half Back | 158 | Junior |

| Bill Colbert | End | 170 | Senior |

Charles Cameron and Denny Altman, managers.

Squad Aided By The Return Of Bill Colbert, Showing A Big Headway For First Game

Uniforms Issued To Nine Feds Yesterday Afternoon; Backfield Men Undergo Extensive Drill By McClucas

Head Coach Leonard McClucas and his two assistants made double time yesterday with their 1937 edition of the Celery Fed yard as they held the new scheduled double practice session yesterday morning and also in the afternoon with 40 youngsters participating.

As the main object today Bill Colbert's sensation of the 1935 Celery Fed eleven as an end, reported for the morning and afternoon sessions and was one of the first of nine men to receive the first set of uniforms issued by the Celery Fed mentor this season.

Among the others receiving practice equipment were: Leon "Flashy" Lawson, an end, Quarterback Johnny Morgan, Center Fred Ganas, Half back Darrell Fergusson, Full back "Stoney" Stoinoff, Guard N. A. Harkey, End Jim Riser and Billy Ward, Half Back.

During the morning and afternoon sessions, the same objective was studied as the back field men went through extensive exercises and also long drills centering around full spinners, half spinners, laterals, passing and kicking.

The linemen went through stanchion periods as well as their lifts, pulling out and charging drills.

During the afternoon drill Coach McClucas and his assistants, Woody Riser and Russ McCracken, lined up two teams that went through several plays and each eleven had opportunities to be in offensive and defensive positions.

The two workouts yesterday were considered as being excellent and the same program will continue until further notice from the local mentor. Coach McClucas has yet to announce the team to fill the open date, November 11, with the Seminole eleven.

game and so you see the National League pennant race is getting hotter and hotter every day... This is a funny thing but if you will look back in the past five or six years and note that in the American League has not been hardly any hot pennant fights while the senior circuit nearly every year they have a fight that is a fight.

ACCEPTS INVITATION
TAMPA, Fla. (AP)—Senator Claude Pepper accepted an invitation to attend the United States constitutional, sesquicentennial celebration here Sept. 17.

An invitation also went to Governor Fred P. Cone but he may be in Atlantic City for a Governor's conference there.

INNOCENCE ABROAD, youthful faces reflecting fear of war, filled Shanghai's streets as thousands fled from death and fire as bitter warfare raged between China and Japan. Chaos was everywhere as airplanes rained cargoes of death into streets clogged with fleeing humanity. Even the International Settlement provided no haven as bombs exploded in its thoroughfares, killing hundreds, wounding hundreds more.

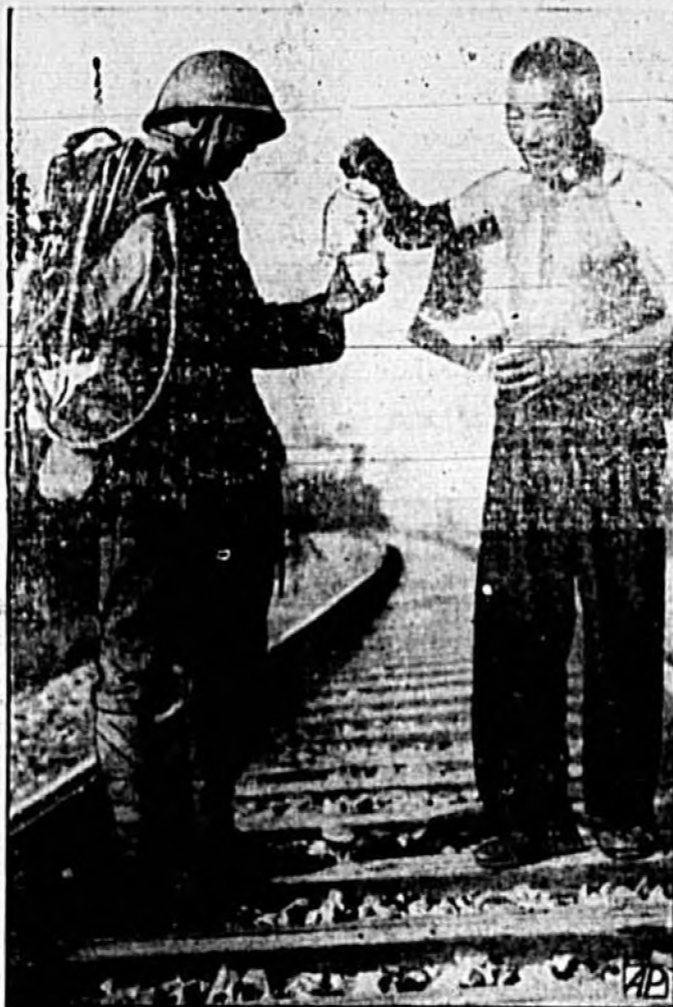

HIGH-CLASS ADVERTISING is this menu on the roof of a French restaurant in New York City, painted in letters two by four feet for the benefit of hundreds of workers, laboring high above the streets in Rockefeller Center's office buildings.

THESE ARE SENATOR'S BIRDS, 450 chickens provided by Senator Harry F. Byrd (D-Va.) at a feast in Winchester, Va., at which 2,000 apple growers from all parts of the country celebrated the 1937 harvest. William Pope of Jamaica, N. Y., carries in a new batch to add to the huge order of fried fowl, prepared by his Aunt Susan (above) who has supervised the cooking annually since 1925.

THE HOUSE THAT JACK BUILT was a far cry from the houses that \$12,000,000 of Resettlement Administration funds have constructed at Greenbelt, just across the Maryland state line from the District of Columbia. Designed to eliminate slums, they are ultra-modern. Counterclockwise around the outer circle are residential blocks A, B, C, D and E. In the center is a school, above it a parking lot, and above that the business district.

TIENTSIN'S TEA TOYER, an elderly Chinese, proved friendly to Japanese warriors along the railroad to Peiping, offering them warm tea. Here he is serving the beverage to a weary Nipponese linesman, but the suspicious Celestial kept a wary eye upon the cameraman.

LEARNING TO BE A BIG SHOT is part of the training of West Point cadets. Here a group of future officers putting class room theory into practice in a favored manner with 155 mm. guns on their annual visit to the range at Fort Belvoir.

THIS LITTLE PIGGY WENT TO MARKET, but before he got there he wished he'd stayed home. For the wandering porker was caught in flood waters in a low-lying section of Washington, D. C. A street car motorman and conductor, marooned in their car, heard the frantic squeals of the animal being swept away in the rush of the flood stream and went to its rescue.

A LOST WORLD, isolated perhaps for thousands of years, will be explored by the Paterson Grand Canyon expedition, seeking any animal life that may be present atop Shiva Temple near the north rim of the vast gorge. In this photograph of a model of the canyon in the American Museum of Natural History, the sky-island goal of the expedition is indicated by A, and the base camp to be established on the north rim by B. The trail will follow a narrow strip of land that leads to the plateau. The canyon is a mile deep.

MOOSIER HOPE for the Democratic presidential nomination in 1940 is Paul V. McNutt (above), high commissioner of the Fallington.

THIS IS THE GLORY OF WAR, but the drums are silenced, the flags are furled forever for those children found lying close together in a Shanghai gutter, struck down by an aerial bomb. For those who survived there lay ahead but for fighting, suffering, starvation, disease, and after that untold years of oppression. But fate spared them from that, giving them instead hardship, death and unmarked graves of forgotten men.
