Marines Reveal Streamlining Plan

WASHINGTON — The Marine Corps has disclosed it soon will start an atomic-age streamlining of its divisions to give them greater mobility and a bigger punch.

The streamlining plan is similar to one recently ordered by the Army. The size of most Army divisions will be cut by about one-fourth under this plan.

The Marine Corps said that its landing force of the future "will be somewhat smaller" in manpower, "much lighter" in equipment, "much faster on its feet and more powerful in terms of infantry weapons."

The Marine Corps was unable to disclose immediately how much the size of its three divisions will be cut. Details of the reorganization are not yet complete and some features of the plan are still classified.

A Marine division presently totals 20,798 men—a much heavier force than an Army division. This divisional organization sprang from World War II experiences in frontal beachhead assaults. But like the Army, the Marines are finding that in the atomic era the emphasis is no longer on sheer numbers but on dispersal and mobility, with the punch supplied by atomic weapons.

In one hour your heart puts out enough energy to carry a 150-pound man from the street to the roof of a 3-story building.

Mount McKinley in Alaska is solid granite beneath an overlying of black slate.

Nuclear Reactor To Generate Power Put Into Operation

CHICAGO — The first nuclear reactor specifically designed to generate power has been put into operation by the Argonne National Laboratory.

The laboratory announced that its experimental atomic "boiling water reactor" had achieved a peak production of 5,000 kilowatts of electricity.

The experiment marks a major step in the ultimate production of electricity for everyday use through nuclear power.

The achievement occurred at the laboratory's experimental plant in suburban Lemont. The laboratory is operated by the Atomic Energy Commission. It climaxed extensive experiments which began in 1954.

A spokesman said although electricity has been produced by nuclear reactors before, this marked the first time it has been generated by a reactor specifically designed for the purpose.

The laboratory said it will use the reactor to generate part of its own electrical power requirements.

The reactor operates by generating live steam directly at its uranium core. The steam is piped to a turbine, eliminating the need for intermediate heat exchangers.

The Smithsonian Institute in Washington D. C. has a fabulous collection of early American bicycles.

Dyson Named County Commission Chairman

Officials Start Work On 17-92

County Commissioner Fred Dyson was elected as chairman of the Board of Seminole County Commissioners following the seating of three new members.

John Krider, Lawrence Swafford, and Homer Little became members of the Board when the five members met at 9:30 this morning to take over the handling of the county's business.

Commissioner Dyson was unanimously chosen for the top county office after his nomination by Commissioner Swafford. Commissioner John Krider was named vice chairman of the group.

The Board went immediately to work on Highway 17-92 following the reading of a letter from Fifth District Road Board Member William A. Dial in which he stated that funds would be advanced from secondary road monies for the purchase of rights of

Collins Says Florida's First Need Is New State Constitution

Top News In Brief

LONDON — Chinese Communist Premier Chou En-lai met Soviet leaders today in Moscow for talks believed aimed at halting the discontent sweeping the Communist empire. The strategy being mapped behind the Kremlin walls by leaders of the world's two largest Communist parties may determine the path of world Communism, observers said in London.

CHICAGO — President George Meany of the AFL-CIO Monday night urged freedom for Cyprus and Algeria and said the United States must take the lead in "denouncing colonialism."

VIENNA — Hundreds of Hungarian patriots facing arrest and possibly death under the new Red reign of terror are fleeing into the trackless forests, swamps and mountains to join die-hard freedom-fighter bands of refugees said today.

WASHINGTON — Sentiment mounted in Congress today for putting some time limit on President Eisenhower's requested authority to use U. S. troops to resist any Communist aggression in the Middle East.

SNAS Presents Check To March Of Dimes Drive

The Sanford Naval Air Station's contribution to the 1957 March of Dimes campaign, in the form of a check for \$1,221.80, was presented to John L. Sauls, Chairman of the Seminole County Chapter of the National Foundation for Infantile Paralysis by Captain R. W. Jackson, USN, Commanding Officer of the Station, and Captain J. T. Blackburn, USN, Commander, Heavy Attack Wing One, in ceremonies held aboard the NAS.

Included in the ceremonies was the presentation of a plaque by Sauls to Capt. Jackson and Capt. Blackburn, commanding military and civilian personnel of the Sanford NAS, for their participation in the 1956 March of Dimes campaign.

The award commends the Officers, enlisted personnel, and civilian members of the NAS for their "deep and sincere interest in the work of the National Foundation for Infantile Paralysis through the unselfish and generous support of the 1956 March of Dimes." It will be hung in the Administration Bldg. of the NAS.

The presentation of the check to the 1957 March of Dimes campaign, resulted from the 1956 NAS-HATWING ONE Combined Charities Drive, in which each person participating, donated a day's pay.

LeRoy Jr. Comes Home For Father's Inauguration Today

TALLAHASSEE — Gov. LeRoy Collins' grin was a bit broader at his inauguration today because of an unexpected factor among the dozens of celebrities on the scene.

Ens. LeRoy Collins, Jr., the governor's only son, arrived Monday night to give his parents the surprise. He had hardly landed when he came all the way from Japan.

Young Collins called his parents from the Jacksonville naval air station to tell them he was on the way. He said that his ship tied up at Yokosuka, Japan, for several weeks and he decided to take part of his leave in order to be here for the inauguration.

Attorney Explains Cost Of Working For County In Condemnation Acts

The Seminole County Board of Commissioners at its final meeting yesterday before new commissioners took office today, closed out old business, approved minutes, and transacted all items before them.

County Attorney Mack N. Cleveland Jr., appointed by the board as their right of way attorney requested time to explain his bill for "services rendered" in representing the county during condemnation proceedings for rights of ways on 17-92 from Five Points south to the Orange County line.

"My bill was submitted at a time when a majority of the Board is going out of office," said Cleveland. "Any time I have business with the Board it is following the completion of all other business."

He said, "I submitted a bill which represents a lot of money and a lot of time... and if any of you have any questions about it I will be glad to answer them."

"There is no intention on my part to conceal facts... I don't want to embarrass this Board, or the Board taking office tomorrow, or myself," he said.

Cleveland explained that monies involved in the condemnation suit exceeded \$400,000 and I have spent a minimum of a year on it... worked nights and Sundays... proof-read legal... and provided the use of my secretary. I feel that I have submitted a bill that is just, fair, and legal.

"In my contract with the Legal Department of the Road Board I was told that my bill for services rendered was more than reasonable," the County Attorney explained.

Document Missing Containing Guided Missile Information

WASHINGTON — The Army is trying to recover copies of a secret document containing guided missile information which fell into unauthorized hands in an apparent "violation of security regulations."

Army Secretary Wilbur M. Brucker announced an investigation of the leak Monday night and said a senior officer is being questioned "among others" concerning the matter.

He identified the officer as Colonel John C. Nickerson Jr., 41, chief of the field coordination branch, Army Ballistic Missile Agency, Redstone Arsenal, Huntsville, Ala.

Brucker did not identify the leaked document other than to say it "apparently contained Secretary Charles E. Wilson's Nov. 28 directive setting forth which guided missiles are to be under Air Force control and which under Army control."

Weather Generally fair through Wednesday except considerable early morning fog.

Town's 1st Sunday School Building Dedicated Sunday

ALTAMONTE SPRINGS — The Altamonte Chapel educational building was filled to near capacity Sunday afternoon at dedication ceremonies for the \$17,000 building which took place at 3 p.m.

The masonry six room building has a huge auditorium, a kitchen and four class rooms. Much credit and appreciation goes to Trustees Richard J. Bundy and Ell L. Day, co-chairmen of the Building Fund Drive, both of whom were instrumental in making the much needed building a reality, as were their fellow workers, who spent many hours making personal calls to get pledges to finance the construction of such a building, a building for which this community is very proud. It is the first Sunday School building for the town and now has an enrollment of 60 children of all ages.

Furnishing the building now is also underway. Kitchen equipment, Kristian A. Juthe, a piano by Mr. and Mrs. N. B. Choice, Mrs. Juthe and Mr. Choice are both trustees of The Altamonte Chapel. Chairs have been donated by Dr. and Mrs. J. W. Cloudy, Mr. and Mrs. D. J. Scott and the ladies of the Altamonte Chapel Service Circle.

Funeral Tomorrow For J. A. Howard

Funeral services will be held at 2 p.m. tomorrow at the Brison Funeral Home for J. A. Howard, who died yesterday morning.

The Rev. J. E. McKinley will officiate and burial will be in Oak Lawn Memorial Park.

Palbearers are: Robert Ellorby, T. V. Brown, Roy G. Williams, Joe L. Corley, George Maffett and C. C. Welch.

Woman's Driving Ability Saves Bike Rider's Life

"Because of the driving ability of a Sanford housewife an 8-year-old boy narrowly escaped death Saturday morning when he catapulted his bicycle into the path of an oncoming car out of a blind intersection." Constable J. Q. "Slim" Galloway said this morning.

Mrs. Ruth Lee of Sanford was traveling south on SR 46-A shortly before 11 o'clock Sunday morning when Marion James, 8-year-old son of Mr. and Mrs. Richard James suddenly darted out from a side road in Paola.

Constable Galloway, following his investigation and talking with eye witnesses to the incident, said that Mrs. Lee was traveling only 25 miles per hour and was able to control her car and stop in

Mayfair Inn Playing Pro Finishes Second In Los Angeles Open

LOS ANGELES — It took Doug Ford eight years to do it, but the former national PGA champion finally has his first winter golfing crown.

The husky 33-year-old fighter from Mahopac, N. Y., who is noted as one of the finest match-play golfers who ever lived, fought back the challenge of the pack in the Los Angeles Open Monday to win first prize of \$7,000.

Ford's victory boiled down to a match play contest on the final nine holes in one of the greatest scrambles in history.

When the gang teed off on the 64th hole of the 72-hole contest, four men were tied for the leadership; six others were one stroke behind and six more were only two strokes off the pace—the distance of one out-of-bounds ball.

But when they resumed mounted, Ford shrugged it off. While the others were having their troubles, Doug was as steady as a rock, picking up two birdies on the final 18, taking no bogies and firing a two-under-par and a 72 hole score of 280.

Right on his heels came unlucky Jay Hebert, who had a 281 and collected \$3,750 after firing a four under par 77 on his last round. Hebert has been one of the top money-winners for years—but never has won a tournament.

Gardner Dickason of Panama City Beach, Fla., had started the day in front, but he quickly ran into trouble and wound up with a 77—and a 285 total good for only \$1,000.

Behind Ford, who will leave here to compete in Panama later this week, came Hebert and then a six-way tie at 283 between Jim

Weekend Warriors Here To Qualify In Refueling Mode

The "Weekend Warriors" of Organized Reserve Fighter Squadron 961 visited Sanford and Heavy Attack Squadron Five this week to qualify their pilots in the "probe and drogue" method of in-flight refueling.

Squadron skipper, Cmdr. William L. Alford, led the group of 23 pilots, five ground officers and 53 maintenance personnel from the Naval Air Station at Norfolk, Va., accompanied by Capt. W. E. Fowler, commanding officer of the Naval Air Reserve Training Unit under whom VF (J)-991 operates.

A full day was spent operating with the "Savage Sons" in perfecting the "Baashee" pilots in-flight refueling technique. In this aspect the entire squadron would now be considered combat ready

(Continued On Page 3)

Boys Shine Shoes So Friend Will Have Two Legs

NEW YORK — Six pairs of Buddy Stoddard have made \$32 in six weeks shining shoes so that Buddy will have two legs to walk and run on.

When they shout "Shoe shine, Mister" and get a customer it means another quarter towards their goal of \$100 for an artificial leg for Buddy.

Buddy, whose full moniker is Blaine Stoddard Jr., is 13. His left leg was amputated above the knee last May due to cancer, and his father has faced \$2,700 in medical bills.

So his pals, Ronald Krebs, 13, Benny Opliz, 12, George Forey, 11, Eddie Ruzsak, 9 and Buddy's two brothers Joel, 11, and Lee, 8, hit the sidewalks with their polishing kits.

They hope to have Buddy off crutches and walking when he starts high school next fall.

Senator: Development Of SR-46 Through County Is Major Project

The importance of the development of an east-west thoroughfare through Sanford and Seminole County was discussed today by Senator Douglas Stenstrom.

Senator Stenstrom noted that the State Road Department has not completed the resurfacing of State Road 46 from the Seminole Volusia line eastward to the Lake Jesup Bridge.

"This is a major step forward in providing a good east-west thoroughfare through Seminole County," said the Senator.

"I consider the development of State Road 46 through Seminole County one of the major projects in our road development program," he said, and then explained that "We now have four major phases remaining to complete SR 46."

Step by Step, Senator Stenstrom described the four phases left to be undertaken. "The first," he said, "is the widening and reconstruction of 46 from the Lake Jesup Bridge to Mellonville Ave. This is a distance of 4.2 miles and we now have in the primary funds \$200,000 to do this job. We are hopeful that the State Road Department will let this particular phase to contract before the road budget year ends on July 1, 1957."

"The second phase," Senator Stenstrom explained, "is the widening of 46 (Geneva Ave.) from Mellonville across town to French Ave. This is not in the budget for this year, but it is my hope that we can include this in the budget year for 1957-58 which begins July 1, 1957. Geneva Ave. is now, and will become even more so as our county develops, a major thoroughfare across Sanford."

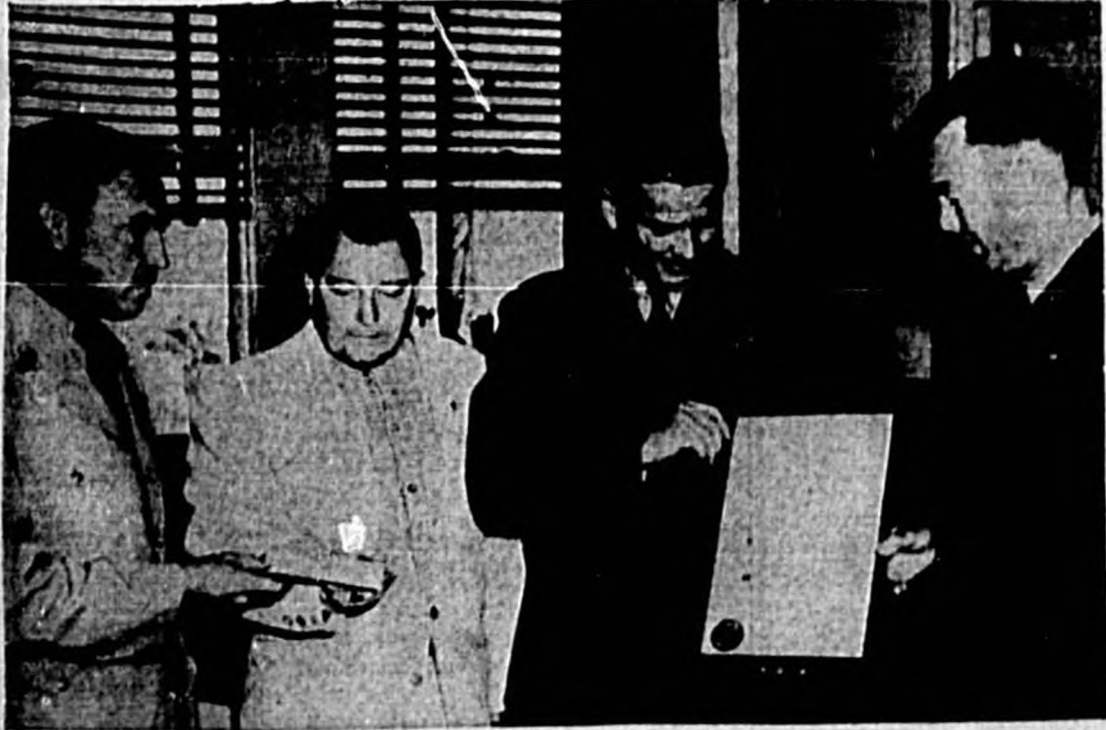

"The third phase is, of course, a tremendous project," the Senator stated, "but I feel it is urgent that we begin our plans now to make this phase a reality. And he described this phase as the development of a new right of way from the corner of French Ave. and Geneva Ave. westward to the Lake County line."

"The fourth phase of the east-west thoroughfare development Senator Stenstrom said is a "new bridge at the St. John's River at the end of Celery Ave. We should bring the traffic across this bridge in a direct course, tying in with SR 46 rather than bringing the traffic in on Celery Ave."

"With the new million dollar New Smyrna Ocean road (415) under construction, the traffic count on SR 415 from New Smyrna to Sanford will increase greatly in the next few years," he said and then emphasized "the new bridge, at the base of Celery Ave. on SR 415 is needed now. We had one death on this bridge in 1956 and many others in past years."

By the development of these four phases which I have outlined, Senator Stenstrom commented, "Seminole County will have a first class east-west thoroughfare which will bring greater traffic both from the east coast going to Orlando and Tampa and from inland Florida going to the east coast."

"It is our belief that much of the traffic which now crosses Florida on State Road 30 in Orlando will cross Florida on State Road 46 if we can develop this highway through the county," said Senator Stenstrom.

JOINT PRESENTATION: Captain R. W. Jackson, USN, Commanding Officer of Sanford Naval Air Station, (right) and Captain J. T. Blackburn, USN, Commander, Heavy Attack Wing One, read the 1956 March of Dimes Award Plaque, presented them in behalf of the personnel of Sanford NAS during ceremonies at the NAS. Chaplain C. L. Arnold, CHC, USN (left) and John L. Sauls, Seminole County Representative of the National Foundation for Infantile Paralysis, hold the check for \$1,221.80 which was presented to Sauls as Sanford Naval Air Station's contribution to the 1957 March of Dimes Fund. (Official U. S. Navy Photo)

AS THEY HELP PROTECT HOMES AGAINST FIRE... the Sanford Fire Department headed by Chief Mack N. Cleveland Jr. also feels a responsibility toward their community's health. They were in line early this morning to have their TB X-rays. (Staff Photo)

Social Security Is Return To Workers On Basis Of Contributions Over Years

Everyone covered by social security began paying more for the privilege at the first of the year, but the chances are that there will be few complaints. This government program of paying benefits to citizens in their sunset years, in return for contributions made during their earning life, has gained thoroughgoing acceptance as a part of the American system.

The philosophy underlying the social security program is scarcely questioned anymore these days. Questions are still raised, however, and will continue to be raised, as to the extent of coverage and the amount of payments into and out of the fund. Changes made by Congress last year provide an example.

The present increases in social security payments are to go into a special fund to pay for a new disability program under which benefits will be paid beginning at age 50 to workers who are or become totally disabled. Congress also established a provision under which women workers may start getting benefits at 62 instead of 65.

Neither of these changes in the social security law was favored by the administration. It is a fair bet that other suggested changes will engender debate in the future. As each proposal comes before Congress, it must be studied carefully as to its merits.

There is no longer any doubt that the American people favor the principle of social security. That principle would be violated, however, if the program were ever to degenerate into a mere government handout. Social security is not a handout; it is a return to the workers on the basis of their contributions over the years.

frequently innocent of recklessness. They are the victims of someone's impatience, someone's self centered belief that it is important to save a few minutes, someone's egotistical insistence that he can drive just as well drunk as sober.

Words will not solve this problem. Attempts at educating the public do not seem to help. But surely a country which has built a civilization out of a wilderness, which has ushered in an age of atomic power, can find a way to control the senseless slaughter along our highways.

Shameful as the past record is, we cannot accept the pessimistic view that nothing can be done.

Something must be done!

Hopeful Occasion

The convening of each session of Congress is usually a hopeful occasion. Citizens expect an intelligent approach to the important problems that confront us. Often that expectation is realized. But it is a safe bet that the end of this session of Congress will find much worthwhile legislation still pending, simply because the lawmakers did not find sufficient time to consider it.

When the warm weather comes to Washington and the thoughts of legislators turn to adjournment, there is always a lot of unfinished business that must be postponed for another year. Bad as that is, it is still worse that some legislation is rushed through at the last moment without the amount of study and debate it deserves.

Most of the people who serve in our Senate and House are able and conscientious. Yet a great amount of time is wasted in Congress. Legislators who might spend their life profitably studying national problems must devote precious hours to entertaining constituents from back home, or to seeking jobs for faithful party supporters who want reward. Long speeches consume still more time.

Imperfect as it is, our Congress is nevertheless still a remarkably institution of government. It is a vital cornerstone of the people's system of governing themselves. But its virtues must not excuse its faults. Surely the men and women elected to the great legislative body in the world can find ways to conduct their business more efficiently. We cannot expect to pass every law we need at a single session of Congress. But there must be some way of assuring that really important matters are given first consideration.

It's getting so dangerous on the highways that it might be a good idea for the greeting card companies to put out new cards reading, "Congratulations on Surviving Your Trip."

In the weeks before Christmas we heard a great deal of "Jingle Bells." In these days that follow it's "jungle bills."

A fellow we know has a foolproof way of making at least one revolution that remains unbroken at the end of the year. He doesn't make it until 10 minutes of 12 on New Year's Eve.

Highway Death Record Set

This year 1957 set a record for deaths on the highways. Over the Christmas holidays more than 700 persons died as the result of auto accidents. It may be wondered where this will all end. Surely we cannot permit this slaughter indefinitely.

Some cities and states have found that a harsher attitude toward drunken and reckless driving has helped. Offenders are not only deprived of their drivers licenses and fined; they actually are given jail sentences. That is fair enough, for anyone who drives recklessly, drunk or not, is guilty of criminal behavior.

The worst thing about reckless driving is the fact that those who suffer from it are

Around World Look At News

By CHARLES M. McCANN
United Press Staff Correspondent

United Press correspondents around the world look ahead at the news that will make the headlines.

"Dama Yankos"
United States diplomats are seriously concerned over the "hate America" feeling in Britain. They hope it would end when the Suez Canal situation quieted down. It did abate—briefly. But now it's at a boiling point. Veteran foreign correspondents in London say they've never seen so much "coloring" of British news reports to make Americans look silly or stupid, or so many snide remarks about anything American. The latest development is that they are picking on Texas. The newspapers are dragging out all the old jokes about Texas and Texans. The reasons: They see a dark Texan plot to "milk Britain dry" by upping gasoline prices because of the shortage caused by the blocking of the canal.

Birth of an Heir
Latest inside word from the royal palace in Monte Carlo is that Princess Grace of Monaco probably will bear her first-born child between Jan. 12 and Jan. 20. The vanguard of an army of newsmen from all over the world is starting to move in to cover the big event. And money is being flashed about in an attempt to sew up informed palace contacts. Prince Rainier is reported to have warned members of his household staff sternly to shy away from all reporters.

Policy
European diplomats believe the huddle of Communist leaders in Budapest means that Moscow finally has worked a detailed policy line on the satellite countries.

They figured the Russians are determined to keep tough "Stalinist" leaders in control in all satellite countries except Poland, despite growing unrest. This would mean that puppet Premier Janos Kadar will not be sacrificed, as had been predicted, to the demands of rebellious Hungarians. They believe the fact that Nikita S. Khrushchev and Georgi M. Malenkov represented Russia in Budapest means that Khrushchev has successfully ridden out the failure of his "de-Stalinization" policy and that Malenkov, dismissed as Premier because of his liberal policies, has been fully restored to favor.

Time Out
Prime Minister Jawaharlal Nehru will lay aside his self-determination policies briefly when the United Nations Security Council debates the Kashmir problem Jan. 18. The state of Kashmir has been in dispute between India and Pakistan since those countries won their independence in 1947. Kashmir is ruled by Hindus, like India. But its people are predomi-

nantly Moslems, like Pakistanis. Nehru refuses to hold a free plebiscite on Kashmir's future. Pakistan calls his attitude imperialist and colonialist.

Let's Fight
Look for President Syngman Rhee of the Republic of Korea to open a big campaign soon for denunciation of the Korean armistice. Rhee is determined to march into North Korea sooner or later. Reputation of the armistice is his major goal for 1957. The first sign that his campaign is opening will be the staging of "spontaneous" street demonstrations—all carefully organized by the government.

Sports Outlook
It looks as if Floyd Patterson will keep the heavyweight boxing championship in cold storage for at least another six months. With only mediocre financial prospects for a title defense against the likes of Hurricane Jackson, Bob Baker or Harold Carter, Patterson's manager Gus D'Amato is lining up a six-nation European tour for late spring or early summer. By the time that tour is over and Patterson has earned some extra money, he hopes an outstanding challenger will emerge for a big-money fight in an outdoor New York ball park.

Malenkov's Power Emerges Again

By K. C. TRALER
United Press Staff Correspondent
LONDON — Former Soviet Premier Georgi M. Malenkov appears to be emerging once again as a "middle of the road" power in the Kremlin.

His recent public appearances in the midst of ideological quarrels has set off diplomatic speculation of a new shift in power. The fact that he is politically between the old-guard Stalinists and the First Deputy Premier V. M. Molotov and the de-Stalinization group led by party chief Nikita S. Khrushchev is believed to weigh heavily in his favor.

Malenkov, who now holds a deputy premier's rank and is minister of electrical power, has been removed for several weeks as a likely candidate for a top post in the Kremlin's leadership. As the Kremlin split deepened, his name was mentioned more frequently.

His sudden appearance at the side of Khrushchev in Budapest New Year's Day for a conference of satellite party leaders lent support to the rumors. Neither of

his current assignments would account for the visit.

Since his removal from the premiership in 1956 on grounds of "inexperience," the sixty-year-old Malenkov has stayed in the background. His first big reappearance was his trip to Britain early last year. Then nothing more was heard of him for a while.

But since the Polish and Hungarian upheavals, his name has been mentioned more and more frequently. Experts on Russian policy say Malenkov has made a definite political comeback.

Significantly, he began to return to prominence just as the quarrel was deepening between the Stalinists and the non-Stalinists.

Khrushchev has had to recant some of his anti-Stalinist views, as witnessed by his New Year's Eve statement that "We are all Stalinists" when it comes to fighting imperialism.

Now, Stalinist-style control is returning to the satellites.

It apparently was a defeat for Khrushchev. But he still retains his powerful position as party chief, in opposition to the old-guard faction.

Letters To The Editor

The Editor
Sanford Herald
Sanford, Florida

Dear Sir:

I would like to take this opportunity of thanking you for your past cooperation in publishing in your very fine newspaper the almost monthly visits to your area of Mr. Tom Doer, Asst. State Service Officer who had in the past several years assisted veterans, their dependents and survivors in your area, as a representative of the Florida Department of Veterans Affairs out of our Jacksonville office. It is with a great deal of reluctance, but due to a heart condition I must relieve Mr. Doer of his field service work and retain his excellent services only in our Jacksonville office.

A qualified Assistant of mine from our Pass-a-Grille headquarters, St. Petersburg, Florida will start in January covering your area; and I would greatly appreciate and forever be thankful if you will show him some courtesy and cooperation that you have shown Mr. Doer in the past.

Sincerely yours,
MELVIN T. DIXON
State Service Officer.

Group To Issue Legislative Plan

WASHINGTON — A group of Northern House members plans to issue its own "Democratic legislative program" before President Eisenhower presents his program to Congress.

Their strategy is to go on record first with a program more liberal than the one they expect the President to propose.

Leaders of the group are secretly circulating a statement which, for one thing, calls for a strong civil rights program. The Northerners are by passing Southern

Democrats in their attempt to get enough endorsements to make issuing the document worthwhile. And so far, they have not cleared the proposed program with Speaker Sam Rayburn (D-Tex.).

Informants said the program also proposes a big school construction program, revision of the Taft-Hartley Act, extending coverage to additional workers under the minimum wage law and permanent liberalization of immigration laws.

It also calls for a U.S. plan to try to end colonialism by extending foreign aid to countries which give up their overseas possessions.

Other congressional news: The Senate and House were called into joint session at noon EST to formally tally the votes cast by presidential electors in selecting President Eisenhower and Vice President Richard M. Nixon. The count has long been known by everyone: Eisenhower and Nixon, 457; Stevenson and Kefauver, 73; Walter B. Jones and Herman E. Tammadge, 1.

Fillibuster: A group of Northern and Western senators plans a new attempt to curb fillibusters in the Senate. It is understood the move will come late this week or early next week. The group is encouraged by a parliamentary opinion of Vice President Richard M. Nixon, that each Senate has the constitutional right to draft its own rules. Specifically, they want a new rule to make it easier to shut off Senate debate.

Aliens Are Urged To Fill Out Report

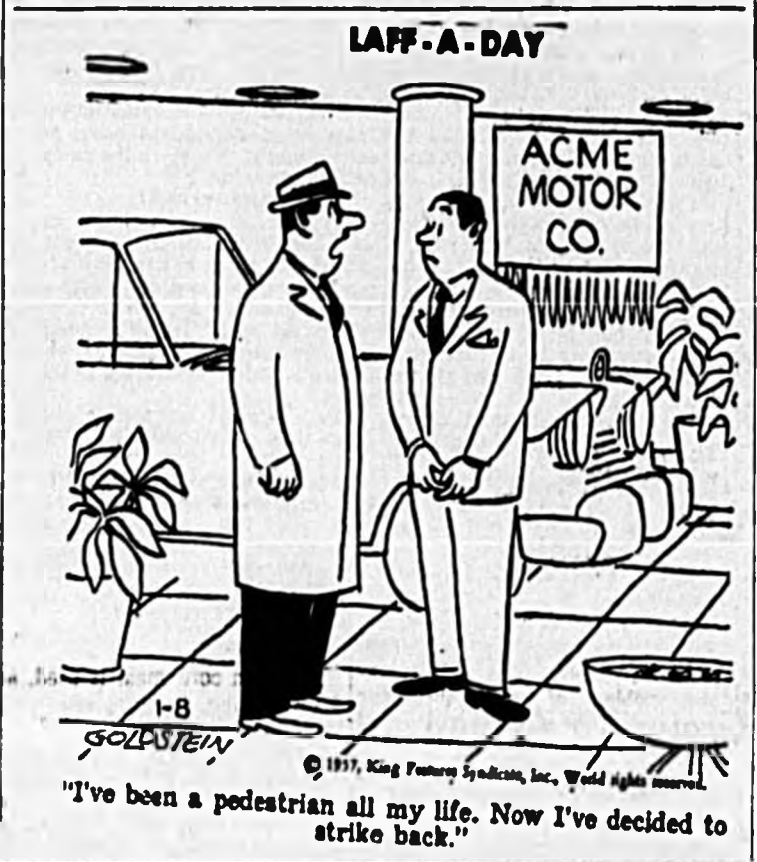

Joseph Savoretti, District Director of the Immigration and Naturalization Service, today urged all aliens in Florida who have not filled out alien address report forms, to do so before Jan. 31, at the nearest Immigration Service office or local post office.

The Immigration official pointed out that the law requires all noncitizens except persons in diplomatic status, foreign representatives to the United Nations and Mexican national contract laborers to report their address to the Government each January.

Savoretti added: "The parent or legal guardian of alien children under 14 years of age must fill out the address report form for such children, in order to comply with the law."

He declared: "We have tried to make it as convenient as possible for noncitizens to meet the address report requirement, and willful violation, all persons subject to the address report law are urged to fulfill this obligation before the end of January."

Savoretti advised: "It is easy for an alien to meet this requirement. He just goes to the nearest Immigration Service office or post office, fills out the address report form, and returns it to the clerk. Any noncitizen who is ill may send a friend or relative to obtain the card for him, and return it to the clerk after it has been completed by the alien."

The T. E. L. Class of the First Baptist Church will meet at 7:30 p. m.

Art Of Shellcraft Will Be Subject At Club Meeting

The Lake Mary Home Demonstration Club is planning a special workshop on the art of shellcraft at the Lake Mary Chamber of Commerce Building Wednesday the 9th of January at 12:30 p. m.

Don Rice of Orlando, an expert in this field, will demonstrate the technique involved in constructing pictures from coral and shells.

The Lake Mary Club extends an invitation to members of the other clubs and any interested parties to attend this meeting.

NEW - 1937 "WEE WILLIE" SWIMS
Actually swims like a fish. Great for fishing.

WEE WILLIE—The worlds greatest fishing sensation. The Artificial minnow that swims. Replaces live bait.

IT SWIMS—Uses no springs or fuel. Swims by unique process of balance. Any fish that will strike live bait will strike WEE WILLIE. Looks and acts like a live minnow. It's Beautiful.

This is the lure buy of the century. For spinning, casting or still fishing. Buy one for your friends also. Satisfaction guaranteed. Send only \$1.00 for each lure. Or you can get 3 lures for only \$4.00. Send cash or check—we pay postage. Sold by mail only. STAR BAIT CO., LARGO, FLA.

Baptist Church will meet at the Chapel at 3 p. m., with Group 4 as hostesses.

Scorch-Resistant Cover Cuts Ironing Time, Eases Strain

(Sponsored by Miss Myrtle Wilson Home Demonstration Agent)

Believe it or not, you can now let the ironing board cover do your work, thanks to a new-almost-magic cover that irons the bottom of a garment while you press the top. Out of a test tube, science brings you a cover with a magic-cized surface that reflects back from the board and through the garment about two-thirds of the heat given off by the iron so that the under side is automatically ironed as the top is pressed. Ironing time is thus almost halved in that many types of garments need to be turned over, as is necessary with conventional ironing board covers.

Because this patented "magic-cized" process makes use of magnalium and other wonder chemicals, this revolutionary cover not only helps iron the clothes, but also lessens fatigue and strain. It is scorch-resistant, stain resistant, and color-fast, needs no laundering, leaves no lint, fits all standard size boards, and has three times the life of an ordinary cotton cover. Best of all, this modern ironing miracle is modestly priced.

Taking the various features in turn, this distinctive silver gray cover provides effortless ironing by means of a wrinkle-free smooth gliding surface that sends the iron skimming quickly and easily over the work.

Very important, too, is the fact that the cover is scorch-resistant and can withstand twice as much heat as an ordinary cotton cover. Actually, laboratory tests prove 650° with 100° greater than the heat generated by the average household iron. Therefore a clean ironing surface is assured as this cover won't turn yellow with normal use. Furthermore, because of its "magic-cized" coating, this attractive cover resists tears, rips, and all signs of wear even after thousands of ironing hours.

The cover needs no laundering. Stains may be wiped off with a damp cloth. This eliminates the problem of cover shrinkage which has been the plague of old-fashioned covers. And, unlike ordinary covers which trap moisture and cause the iron to slow down and drag, the magic cover offers a porous surface with thousands of tiny air-vents to permit steam to penetrate. Thus the accumulation of steam is avoided on the surface of the cover, and since the cover itself will not absorb water... no matter how damp the clothes being ironed... it will always have a dry ironing surface without having to be continually ironed dry.

This paragon of covers takes to dry or steam irons, adjusts to fit securely all standard size boards. It is also available in a size to fit over-size metal boards.

It seems that with the magic board cover, science has at last discovered a way to eliminate "laundry day blues" in offering the laundry-wear housewife a multitude of never-before-possible blessings.

Your Home Agent has one of these new ironing board covers and she would like to say that every thing this article says is true. You can hardly detect that the cover has been used and used. The secretary, Miss Hatfield, has been using one of these covers more than a year and it is as fresh and clean as when first put on the ironing board.

WHAT COULD BE EASIER TO MAKE than a date nut pudding pie that make its own crust. All you do is mix all the ingredients and pour into a pie plate, then bake for 45 minutes. The result is a dessert fit for a king, especially if each wedge is topped with a scoop of icecream.

between you 'n me

By PAT WOOD

Here's a recipe I ran across that is very similar to one I have in my recipe file at home, and if this one is even half as good, it will melt in your mouth and have the family screaming for more. It's very simple to make, as it makes its own crust, and for something really yummy, substitute icecream for the whipped cream. Just one warning before you start. This particular pie is better if started in a cold oven.

DATE NUT PUDDING-PIE
2 eggs
1/2 c. white sugar
1/2 c. brown sugar, firmly packed

1 T. evaporated milk
1 T. melted margarine
1/2 c. self-rising corn meal
1/2 c. (1 6-oz. pkg) dates, chopped

1/2 c. coarsely chopped nuts
1/2 c. nut halves
1/2 t. vanilla
1/2 c. corn meal is used, add 1 t. baking powder and 1/2 t. salt

Beat eggs, add sugar, brown sugar, milk, margarine, corn meal, dates, nuts and vanilla. Mix well. Pour into a 9-inch pie plate which has been generously greased with margarine and dusted with corn meal. Top with the nut halves. Bake at 350° for 45 minutes. Cool on a cake rack. Garnish with a circle of whipped cream flavored with sherry or almond flavoring. Sprinkle lightly with finely chopped nuts, if you wish.

While I'm handing out tips, here's one that should be a real boon to you homemakers. To remove a dark film from an aluminum pan, fill with hot water to one inch above the ring, add 1 or 2 tablespoons of cream of tartar, and boil 10 minutes. Then scour with soap and detergent suds, wash in hot sudsy water, and finish off with a hot rinse. Of course, if your water has as much mineral content as mine does, you'll be wasting your time trying to keep your aluminum pans shiny. Every time I boil water for tea, my pot is as black as soot all over again.

Well, it's back to normal now that the holiday rush is over and I, for one, couldn't be more pleased: I love Christmas, but I'm always so glad to see it over. Now we can all relax awhile, with no more big holidays coming up until Easter, which is still a long way off.

Say, don't forget, this is Chest X-Ray month, so be sure to drop by and take a stroll through the mobile unit. Actually that's just about all the time it takes.

New Arrivals... Mr. and Mrs. D. H. Fleischman and their two children are new residents at 1324 Forest Drive, having moved to Sanford from Lakeland, N. Y. Mr. Fleischman is in the navy.

Mr. and Mrs. R. U. Hutchison had as guests over the New Year weekend Mr. and Mrs. R. R. Shackelford, of Hickory, Va., who stopped off in Sanford enroute home from the Panama Canal Zone, where they had been visiting relatives.

Joe Hutchison left New Year's Day for Atlanta, Ga., to resume his studies at Georgia Tech.

Mr. and Mrs. Carl F. Lind, Elder Springs, returned Monday morning from a trip up to the north country. They spent the Christmas holidays with Mr. Lind's parents, who live near Niagara Falls, N. Y. It was their first Christmas together in eleven years, and the first sight and feel of snow in that length of time. On their return to Florida, they stopped off to see friends and relatives of Mrs. Lind's living in Sojus, Wolcott and Williamson, N. Y.

Conning The News

BY VIRGINIA CONN

Marge and Bill Hill entertained the Staff of HAWING Saturday night in honor of Geneva and Marvin Quicker, who are leaving for California. Marge had numerous bouquets of snapdragons, calendulas, and panicles throughout the house. Dusty Rhodes officiated at the punch bowl, an art at which he is extremely successful. Attending were Bill and Betty Lemos, Louise and Jim Parker, Pat and Dave Todd, Don Zeibel, Bill and Betty Lemos, and Jim and Betty Guy. There were several other guests, but I do not have their names. Sorry.

Mike and Trista Michel bade farewell to the Spitz's with a cocktail party Saturday night. Their guests were the officer's and their wives of Detachment 26, which was stationed on the Randolph during the last deployment. Also invited were Louise and Jim Parker, and Bill and Betty Lemos.

More goodbyes were said when Faron gave a cocktail party at the B.O.Q. Saturday, for Mac and Doty McDonald, who are leaving for the West coast Thursday. Silver and crystal cigarette lighters and ashtrays were presented to the McDonalds, as well as to Jim Mills and his fiancée, who are to be married the thirtieth of this month. The flowers were a magnificent arrangement of roses, glads, and snap. Attending were Jack and Carly Strubling, and their weekend guests from Jacksonville, Tommy and Mary Lord Coppage, Pete Petre, Peggy and Don Tagwell, Bobby and John Borton, Jean and Bill Stetson, E. J. and Virginia Bill, Ens. Jones and his date, the Days and the Gramms, and Bertha and Charlie Rose.

Welcome to Sanford is Ernie and Fritzi, who will be attached to VAI-9. At present they are staying at the Marielle, while they look for a place to live. They have two children, Kathy and Mike, and Ernie is a member of the Class of '47, and I only put that in because so many people seem to know him, and may want to contact them.

Grechen Hall has moved into her house in Loch Arbor, and it is wonderful to drive by and see Pale (her dog), peering out of the front door again.

Harriet and John Williams went to Palm Beach for the weekend, and had the pleasure of meeting again with Buffalo Bob of Howdy Doody. To many who have seen said show, this may not seem a privilege, but I understand, Buffalo in person is very nice.

Today launches the fight against tuberculosis in Seminole County. Perhaps tomorrow or the next day (or before), some one will knock at your door to give you literature about the free chest X-Ray you may be given at one of the mobile unit stations. Listen to the canvasser. He or she is probably a neighbor of yours, donating time for an excellent cause, solely in the interest of a pamphlet. You will be given a good health about T.B., and the canvasser will show you how to fill out the registration card, which you will take with you when you are X-Rayed. If more are needed, they may be obtained at the mobile unit.

The services will be provided from January 8 through the 16th, and the locations of the units will be well publicized. The goal is for at least 10,000 to be X-rayed, and the Association hopes that many more will take advantage of this opportunity. Do you realize that 9 percent of the patients in the state hospitals today were sent there because they were X-rayed by the mobile unit. This, I think, is reason enough to take advantage of this free service. In addition to TB, lung cancer, heart disease and other chest conditions may be detected by chest X-rays. There seems to be a stigma connected with going to the mobile unit. It is either fear or lethargy. If it is fear, don't be afraid. You will be notified if you show any signs, and immediate action will be taken to cure the ailment. Reports from our friend in the Orlando hospital reveal that she is gaining weight, and feels better than she has for years. Health means happiness, no matter how you look at it, and knowing that you have proven yourself free of TB will certainly add to a feeling of confidence in your happiness. And to attack the lethargy—the volunteers who will help the technicians will be doing every thing in their power to make your visit to the mobile unit as fast and pleasant as possible. They are giving their time, so why not give just a little of yours, and reward them for their efforts. To prove that as few as possible have the disease, is in reality their reward and no one can help those who do have it if they will not be X-rayed. Bring your friends, and show the state and county workers how much you appreciate their efforts.

Miss Sandra and Miss Sonja Monforton left Sunday for Bristol Va., where they will resume their studies at Virginia Intermont College, after having spent their Christmas vacation with their parents, Mr. and Mrs. E. A. Monforton, 1820 Sanford Ave.

Bruce Anderson, who has been spending the Christmas holidays with his parents, Mr. and Mrs. B. W. Anderson, of Route 2, has returned to the Haylor School for Boys, Chattanooga, Tenn.

Jim Wright, who has been spending the Christmas holidays with his parents, Mr. and Mrs. J. A. Wright Sr., of 508 Elliott Ave., has returned to the Haylor School for Boys, Chattanooga, Tenn.

Mr. and Mrs. R. U. Hutchison had as guests over the New Year weekend Mr. and Mrs. R. R. Shackelford, of Hickory, Va., who stopped off in Sanford enroute home from the Panama Canal Zone, where they had been visiting relatives.

Joe Hutchison left New Year's Day for Atlanta, Ga., to resume his studies at Georgia Tech.

Offensive Fundamentals, Fast

The fast break and down-to-earth offensive fundamentals are expected to turn the tide and lead the Sanford Seminoles to a quiet losing streak tonight when the win-hungry Seminoles take on Pearson on the home courts of the high school auditorium over the newly resurfaced gym floors.

"We're saving all our razzle-dazzle for the defensive phase of the game," Bud Leyer, fireballing coach mentor for the Seminoles, said this morning. "We want to give Pearson's offensive patterns a lot of trouble and keep the score down so that we can keep in the game. And on offense we just want a good, clean, spirited game of simple basketball with the featured fast break. We're out to win this one."

The new switch to fundamentals came during the Christmas vacations when the mentoring staff got their heads together and figured that "we can't stop the flood by draining the water, we'll have to plug up the hole."

The hole is the crying lack of basketball fundamentals on the part of the young and inexperienced Seminoles, who filed only one senior, Phil Byrd, and had been out for basketball only a few days.

"We knew that we were virtually throwing the Leesburg game out the window," Leyer said. "But we also knew that our chances of winning against such a seasoned team were fantastically slim. So we threw the game up the wickets and pointed for a game where we would have enough time to work on the fundamentals until the boys were sick of them."

"Pearson is the game. We want it badly, and we're aiming to take it. The boys have heard fundamentals until it's about to rust them ragged, but I honestly believe that we gave Leesburg a harder time by sticking to the fundamentals than we would have if we had pointed for a game and not gone all out on fundamentals. For the first half we actually had Leesburg worried."

Dick Silvers, assistant mentor, said that the offensive plays the Seminoles are now using "are very simple but very effective and well suited for the strength of our team."

The team strength rests mainly in speed. "We hope to pour on the speed all the way tonight," Leyer remarked. "That's where we're strongest, and that's where the fast break comes in."

The fast break features good rebounding and speed as a prerequisite. The rebounder goes after the ball at the same time that the speed merchant breaks for the far goal. Instead of working the ball all the way down the court to attempt to shoot, the rebounder passes the ball the length of the court to the break man. The sooner the pass, while the rebounder is still in the air after the recovery if possible, the more successful the fast break.

One of the great points in favor of the Seminoles tonight is the

spirit of the team. The big boys, like Claude Elliott, usually have trouble with their physical conditioning, but by far the majority of the cagers tried to stay in top physical condition during the Christmas holidays and only a short season had to be devoted to getting the boys back in shape.

They Cecil Dandridge, the sharp-shooting speed merchant, and the number one break man for the fast break in the Seminoles camp made an impressive showing over the tall boys from Leesburg.

All indication is that the Seminoles will taste the thrill of victory tonight if they play a top flight game. Toss up time is 8 p. m. in the high school gym.

56 College Football Season One Of Best

MOBILE, Ala. (AP) — The 1956 college football season is now officially at an end. And, from what the professional coaches have to say, it was one of the best ever.

The two men who perhaps were most closely allied with this past season's output were Coach Paul Brown of the Cleveland Browns and Joe Kuharich of the Washington Redskins, heads of the South and North teams, respectively, in Saturday's senior bowl game here. The South won, 17-7.

"That season looked very good," Kuharich admitted. "He certainly has a wonderful potential in professional football. I hardly need say I'm glad we have him next year."

Browner, a 200-pound fullback, carried the ball 20 times. He averaged almost seven yards per carry in racking up a total gain of 120 yards, more than half the South's total. And this despite some other yeamen work by such as George Volkert of Georgia Tech, Del Eshofar of Baylor and Ed Sutton of North Carolina.

The 56 seniors participating in the game turned professional with this appearance. Each of the winners received \$500, while the losers were paid \$400 apiece. Browner was voted the outstanding player.

R. Pobjacky High School Weight Lifting Champ

Saint Leo — The present Florida State High School weight lifting title holder is a Senior at St. Leo College Preparatory School where he is in training for the 1957 heavyweight competition. He is sixteen year old, 200 pound Richard Pobjacky, son of Mr. and Mrs. Arthur R. Pobjacky of Winter Haven, Florida.

To attain the championship in the 150 lb. class, Pobjacky lifted a total of 535 lbs. in the three Olympic lifts of press, snatch, and clean-and-jerk, when he weighed in at 152 lbs. His best lifts today at his present weight of 200 lbs. are: press, 225 lbs.; snatch, 220 lbs.; clean-and-jerk, 230 lbs. for an unofficial total of 750 lbs.

In the press, the most difficult of the lifts, the weight is first lifted to the chest, then after a two-second count, is lifted overhead solely by the use of the arms and shoulders. The weight is lifted from the floor to overhead in one motion in the snatch. The weight is first lifted to the chest in split or squat style in the clean-and-jerk, then overhead by a knee-dip and split.

Pobjacky first started lifting a year and a half ago when he weighed 150 lbs. At that time he was able to lift 120 lbs. overhead. The 6' 1" teenager now lifts over 300 lbs. overhead in the style known as the "continental jerk."

A member of the Amateur Athletic Union of the United States, Pobjacky has his future goal set at the world's amateur title. Present plans are for college enrollment upon graduation from Saint Leo.

Saturday

NEW YORK: Jackie Robinson, conceding that a baseball holds no "future or security" for him has decided to retire and assume an executive position with a restaurant firm.

SOUTH BEND, Ind.: Terry Brennan, whose 1956 football team had the worst season in Notre Dame history was "re-engaged" at least for next year.

ARCADIA, Calif.: The state of Washington sent off two winners in both stakes at Santa Anita. Battle Dance won the \$27,700 San Pascual Handicap and Sir William captured the Los Felix Stakes.

CORAL GABLES — Gray Phantom won the \$29,750 Robert E. Lee Handicap at Tropical Park before a crowd of 13,083.

MOBILE, Ala.: Big Don Boseler put on a one-man power show in leading the South to a 21-7 victory over the North in the eighth annual Senior Bowl football game.

NEW YORK: Dennis Gale, an "obscure" New York University senior, overhauled Olympic champ Tom Courtney to win the AAU 600 at the 102nd Engineers Armory. Sunday

LOS ANGELES: Gardner Dickinson, with a five under par total of 208 for 74 holes took the lead in the \$30,000 Los Angeles Golf Open.

MIAMI: Bob Feller, who spent some of his most memorable baseball afternoons pitching against the New York Yankees, named six of them to his "all-opponent club."

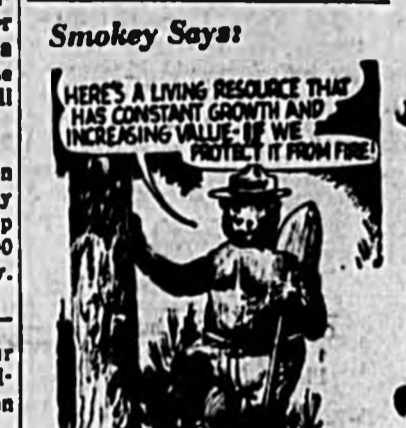

TAMPA — Mervyn Rose swatted out an eas four-set victory over his Australian countryman, Don Candy to win the 30th annual Dixie International Tennis Tournament.

DALLAS TEX.: Bill Meek, the man who built the University of Houston into a football power in two short years was signed to coach SMU for ten.

Powells Takes Top Honors In 1st Half Of Bowling Season

Powells Office Supply took top honors last week in the first half of the 50 week bowling season of the Mixed League as Celery City finished and gave them three games on a silver platter. The office, however, kept the Powell bowlers from another honor as they rolled a team single game of 300, which was 57 points higher than had been scored all season, but the official prize money was awarded to Harvey's Plumbing Co. for their 245.

In the last bowling night of the last decade, which saw Celery City and Seminoles Dry Cleaners split and drop from the ranks of teams in the Mixed League, Powells Office Supply copped first place, most games won, and team high three games prize moneys, while Harvey's Plumbing made a last night stand and broke the tie for second place by dumping Sanford Bowling Alley for two games, allowing only one loss, and taking second place, winning 20 games, and team high single moneys.

Sanford Bowling Alley took third place, winning 20 games in the first bracket, with Clydes Cafe close behind with 27 wins for fourth place. Seminoles Dry Cleaners and Celery City Grill trailed in the cellar.

W. Whiddon was awarded the individual high single money with his yet unled 531 and J. Cook had the trouble taking the individual high three games with his 561.

E. Teague Named Citadel's Coach

CHARLESTON, S. C. (AP) — Eddie Teague, assistant to Jim Tatum at the University of North Carolina, has been named head football coach and athletic director at the Citadel succeeding John E. Sauer who resigned Dec. 10.

Gen. Mark W. Clark, the Citadel's president, announced Teague's appointment to the Citadel's Corp of Cadets during the noon meal.

Teague, a 26-year-old native of Washington, D. C., was in Charleston for the announcement. Details of his contract were not immediately known.

The new head coach of the Bulldogs was a brilliant three-sport athlete at North Carolina State College and the University of North Carolina during his undergraduate days, lettering in football, basketball and baseball. He was a single wing tailback in football.

Teague played three years for N. C. State, 1941-43, then transferred to North Carolina, via the Marine reserve unit during World War II. He received an AB degree and reserve commission in the Marine Corps.

Following World War II service, he returned to North Carolina and earned a master's degree in 1947. He then went to Guilford College in North Carolina as backfield coach and athletic director in 1948.

In 1951, he was recalled to active duty with the Marines and served 18 months in Korea. After leaving the service for the second time, Teague joined Jim Tatum's staff at the University of Maryland for four years, moving to Chapel Hill with Tatum last year, when Tatum returned to North Carolina.

Teague is considered an expert of football scouting and has authored a textbook on scouting techniques. Sauer resigned suddenly Dec. 10 giving only "personal reasons" for his action, although he still had three years to go on a five-year contract at \$14,000 a year.

Jr. High Quintet, Daytona Play Today

Sanford Junior High moved into their home courts for the first time this afternoon at 3:30 on the courts of the high school gym, playing host to the cagers from Volusia Junior High of Daytona.

Coached by Howard Gordie, the young basketballers opened the season with flying colors just before the Christmas vacations by dropping the Enterprise quintet 25-12 in their only court appearance to date.

This afternoon is the first home appearance of the 10 game schedule for the Junior High team.

THE SANFORD HERALD

Nautilus About To Be Refueled

WASHINGTON 07 - America's first atomic-powered submarine, the Nautilus, is about to be refueled for the first time now that it has traveled a record-breaking 50,000-plus miles over a two-year period.

The Navy has decided to refuel the Nautilus to keep it up to peak performance. It presumably could go even further on its original load of enriched uranium, but it would be operating at reduced efficiency.

The refueling process will consist of replacing the present uranium slugs in the ship's atomic power plant. The old slugs probably will be sent to the Arco, Idaho, atomic test center to determine exactly how much farther the Nautilus could have traveled on the original fuel.

It was just about two years ago that the Nautilus set forth on the first atomic-powered voyage in history by going down the Thames River from Connecticut into the Long Island Sound.

Since that date, Jan. 17, 1955, the Navy has built or has in the planning stages 18 more atomic-powered craft, including a giant carrier and a missile cruiser.

The Nautilus has surpassed the hopes of its most ardent backers in performance and endurance. Just how far she has traveled is a closely kept secret, but the Navy has said it has cruised more than 50,000 miles, much of that distance submerged.

One Commission Head Will Not Return To Office TALLAHASSEE. (FNS) Reliable sources report that only some of the heads of the state government's "major" commissions will fail to return to office following the inauguration of Gov. Leroy Collins. J. Saxton Lloyd, Daytona Beach automobile dealer, has already submitted his resignation as Motor Vehicle Commissioner in ill health.

New four-year terms are likely to Road Board Chairman Wilbur E. Jones; Industrial Commission Chairman James T. Vocelle, Motor Vehicle Commissioner Ina S

FOUR OF THE YOUNGEST DEMOCRATIC SENATORS are shown as they met at the Capitol in Washington after the opening of the 85th Congress. In the group (l. to r.) are: Senators George Smathers (Fla.), 42; John F. Kennedy (Mass.), 39; Frank Church (Idaho), 32; and Russell B. Long (La.), 38.

40,700 Persons Die In Traffic Accidents In '56

CHICAGO (AP)—The National Safety Council has reported a record 40,700 persons were killed in traffic accidents in 1956, the greatest slaughter on the nation's highways in 15 years.

And the council added a grim warning that there is no indication the reckless traffic toll will slacken in the near future.

The council, which tabulates traffic deaths and accidents across the nation, said last year's toll broke the previous record of 39,900 deaths, set in 1941.

It said figures also show the ratio of traffic deaths per mile still is climbing, indicating more disastrous records will be set in the future.

The council's announcement came on the heels of the worst holiday traffic carnage in history. An all-time holiday record of 718 deaths was recorded in the nation during the Christmas weekend and this was followed by a New Year's weekend record of 412 fatalities. The total of 1,134 deaths also was a record for the combined weekends.

An indication of the increasing death rate on the highways was in the fact the 1955 traffic toll was 39,428, or about 1,700 under last year.

The fatality rate showed an increase in every month of 1956 except October, the council said. The October decline broke a string of 19 straight months in which the toll showed a steady increase.

November Deaths Jump
Council officials hoped the October slump would help prevent a new record for the year, but November traffic deaths killed 8,700 persons for a 4 per cent increase over November, 1955.

The council said all hopes of keeping 1956 off the record books as the bloodiest in history disappeared with the November toll.

A United Press survey showed at least 11 states set traffic death records in 1956. They were North Dakota, Wisconsin, Montana, Georgia, Florida, Missouri, Arizona, Louisiana, Iowa and California.

2 Companies To Go Ahead With Gas Pipeline In State

WASHINGTON, (AP)—Officials of two pipe line companies have stated they will go ahead with the \$150 million gas pipeline in Florida despite conditions imposed by the Federal Power Commission.

In a three to two decision the FPC has authorized the Houston Texas Gas and Oil Corp. and the Coastal Transmission Corp. to construct and operate a natural gas pipeline from the Gulf Coast to Florida. But the commission said that within 30 days the companies must "eliminate a number of objectionable features relating to traffic and methods of financing the project."

Officials of the two companies said the conditions imposed can and will be met. Under the plan submitted to the

FPC, the two companies will lay about 2600 miles of main line and lateral pipelines from Texas and Louisiana gas fields to points in Florida.

Tumbleweed, a prairie pest, was introduced to the United States from Russia in flax seed imported about 1875.

LEADERS OF THE 85th CONGRESS chat outside the White House in Washington, where they met with President Eisenhower and Secretary of State Dulles concerning Middle East foreign policy. The President asked Republican and Democratic support of a declaration "serving notice that the United States will resist any Communist aggression" in the area. Shown (l. to r.) are: Sen. William F. Knowland (R-Calif.), Senate minority leader; Speaker of the House Sam Rayburn (D-Tex.); Sen. Lyndon Johnson (D-Tex.), Senate majority leader; and Rep. Joseph W. Martin, Jr., House minority leader.

Emotion May Produce Spots Before The Eyes

BY HERMAN H. BUNDESEN, M.D.

YOU may not actually "see red" when you are angry, but you may see spots.

Those floating specks or little half-like curlicues which most of us see before our eyes at some spots usually come from broken blood vessels.

Other Causes: If you are nearsighted, or have astigmatism, you are much more likely to see these spots, and they are more likely to remain with you. But if you are still young or middle-aged, and are in pretty good health, they probably won't cause any great annoyance.

Still, if these spots appear suddenly, and remain for any length of time, it's a good idea to see an eye doctor.

QUESTION AND ANSWER: A. R.: What causes a person to be a dwarf? Answer: There are many causes for a person not growing to proper size.

One type may suffer from chondrodystrophy, a condition affecting the cartilages in the body in which they do not grow properly. Other types evidently are hereditary.

Dwarfs are not premature babies. Certain types of individuals may be abnormally short because their vision actually are floating clouds of disturbances of the inside the eye in the jelly-like

glands of internal secretion.

Hunter Shows Up After 3 Months

AYNOR, S. C. (AP)—A 54-year old cotton gin and trucking firm operator who started out on a squirrel hunt three months ago and ended up "wandering and wondering" with a mnesia, returned home Sunday for a belated Christmas dinner with his family.

Francis M. Altman went into the Santee swamp Oct. 21 to hunt squirrels. He turned up in Montgomery, Ala., nearly 300 miles away, Saturday, penniless and seeking help. Police said he went to the state employment office there.

Altman told authorities he didn't know who he was, but consented to have his fingerprints taken. The FBI matched them with a set Altman had taken while he was a merchant seaman.

After the FBI identified him, a call was put through to Altman's home here. Police said he "broke down and started remembering things" when he talked to his small daughter on the telephone.

Altman was flown to Charleston for a tearful reunion with his family, and the family celebrated Christmas 12 days late.

"Remembering my family and seeing them again was the greatest thing that ever happened to me," Altman said. "There are still a few things I don't remember completely, but as I am associated with things, I start to remember."

He said the last thing he could remember was that a copperhead snake bit him on the ankle while he was hunting and "I remember cutting the wound open and sucking out the poison."

UNPREPARED FOR FISH ALDEN, Mich. (AP)—Peter Smith, 15, was caught unprepared when he snared a muskellunge while ice-fishing. He had to cut a bigger hole in the ice in order to pull the 50-inch, 35-pound fish through.

NAPLES: Beauty, beauty everywhere. Adding additional charm to beautiful Caribbean Gardens with its colorfully plumed birds, and exotic tropical plants and flowers, this famed attraction now provides beautiful girls who act as guides to those touring the gardens. They are (left to right): Jacque Sloan, Judy Taylor, Maxine Christian, Janice Campo and Geri Pearl. They made their debut recently when Caribbean Gardens owner, Julius Hirschmann entertained at open house. Now the question is, what shall these guides be called? Charm Guides, Caribbean Queens. What do you suggest?

'56 Year Of Rising Incomes, Low Work Weeks In South

ATLANTA (AP)—The U. S. Department of Labor has reported that 1956 was a year of rising incomes and lower work weeks throughout the growing industrial South.

Brunswick A. Bagdon, regional director of the Bureau of Labor Statistics, said average weekly earnings of manufacturing production workers in the South rose from \$61 to \$64.96 from October 1955 to October 1956.

Over the same period, the average work week was cut by almost one hour while average hourly earnings increased by 13 cents.

Bagdon said the past year was one of "high level economic activity throughout the South," with the troubled textile industry one of the few dark spots in the economic picture.

Trade and service industries led the expansion of non-farm workers in the South, reflecting a rise in consumer purchasing power.

Bagdon said the growth of suburban shopping centers produced steady expansion in the number of retail trade and service establishments.

Some other year—and review facts reported: 1. Metal working industries led the advance in the South's factory employment.

2. The textile industry had a poor year, with employment declining over most of the year.

3. The trend in the growth of finance, insurance and real estate businesses continued.

4. Non-farm employment in the South was due to show an all-

MOVIE SHOWN MINUS CLIMAX: CHICAGO (AP)—A local television station was swamped with complaints Saturday night when it failed to show the climax of the movie "Thirty Seconds Over Tokyo."

The station said the final reel accidently was not placed in the projector. The entire film was re-shown Sunday night.

The earliest known calendar in history was the Egyptian calendar established in 4241 B.C.

time record in December 1936.

5. Lumbering employment showed a downward trend in 1956.

"MAGNIFICENT PROMISES ARE ALWAYS TO BE SUSPECTED"

(Author's name below)

There appeared to be a growing tendency toward advertising seemingly low bargain prices by certain radio, television, and door-to-door salesmen. The products they sell are usually made by a manufacturer unknown to you, or newcomers to drug manufacturing.

Before buying such medicines or vitamins, make certain these magnificent promises are true. Only a pharmacy is licensed, and regularly state inspected, to protect you. Usually the prices we charge for comparable quality are less.

The 9-passenger Country Sedan

The Del Rio Ranch Wagon

The Ranch Wagon

FIVE NEW FORD glamour wagons long, low and loaded with Go!

Leave it to the station wagon leader to make the big station wagon news for '57! And what news! Wagons so big, so full of fine-car prestige that you'll wonder how it can be done at low Ford prices.

Under the front-hinged hood you'll find new power—Six power!—V-8 power!—power-in-action power.

Inside you'll find more usable loadspace. And the wrap-around liftgate gives you greater loading ease.

If your choice is the 9 passenger Country Squire, you'll be proud to pull up at the finest places in this new glamour wagon with its smartly distinctive wood-like trim.

If your needs call for a 6-passenger station wagon with four doors, you'll love the new Country Sedan. When you fold the rear seat into the floor, you'll find there's almost nine feet of loadspace—nearly a foot more than ever before.

There's still another 4-door Country Sedan. It has the extra third seat for 9 passenger room. And, as in all Ford wagons for '57, you have the new single-control handle which opens both the wrap-around liftgate and tailgate with one motion. And they can't be opened from inside!

There's good news, too, for fans of Ford's celebrated Ranch Wagon.

This 6 passenger, 2 door model features Ford's new subdued tones, the latest work in modern decor. And when it comes to quiet, there's no wagon like Ford wagon!

In the wonderful way that Ford can take a fine thing and make it even finer, the Del Rio Ranch Wagon goes a step beyond the Ranch Wagon in style, fabrics and trim. It brings you 2 door, 6 passenger wagon life at its best.

Better see for yourself—and soon. Take a Ford wagon for a spin. You'll agree that for styling it's a sweetheart... for work and power, it's a nimble, obedient slave!

Ask for Your FORD STATION WAGON Action Test Today

New '57 Fords have toughest underhood crumple in history! The '57 Ford broke 458 national and international records from 1/4 mile to 50,000 miles at Bonneville, Utah, in the most savage test in automotive history. For 50,000 miles, two '57 Fords averaged over 107 and 108 mph respectively. This time included all pit stops... the greatest endurance feat of all time!

Top News In Brief

PARIS — Premier Guy Mollet warned Algeria rebels and the United Nations today that France "will never abandon Algeria."

VIENNA — Hungarian hopes of breaking the shackles of the Stalin-type dictatorship of the Soviet puppet regime may depend on India and Communist China Western observers said today.

WASHINGTON — A group of Northern senators seized on part of an advisory opinion by Vice President Richard M. Nixon today for a new and probably doomed attempt to curb filibusters.

HOLLYWOOD — Famed Criminal attorney Jerry Giesler served notice today that he and his client, Mario McDonald, are dissatisfied with the way authorities are investigating the case of her kidnaping.

BUDAPEST — Dictator Premier Janos Kadar opened a new campaign of terror against indicting 11 patriots for publishing and distributing free newspapers after the Nov. 4 attack by the Soviet army.

WASHINGTON — House Democratic leaders gave priority today to a substitute for the Eisenhower Doctrine written by an unidentified prominent former government official. The substitute, only 34 words long, would declare only that the United States stands ready to fight, if necessary, to protect the Middle East from Communist aggression.

8 Refugees Sent Back For Giving False Information

WASHINGTON — The United States has sent eight Hungarian refugees back to Austria for giving false information to immigration officials.

The Justice Department announced the action late Tuesday as Rep. Francis E. Walter (D-Pa.) charged that many Hungarian refugees admitted to the United States did not receive the thorough screening which the law he helped write requires.

The refugees were the first to be returned to Austria since thousands began arriving by plane during the Christmas season.

Former Turncoats Seeking Back Pay

WASHINGTON — Three former turncoat soldiers have filed suit against the government to recover about \$14,000 in back pay and allowances while they were prisoners of war in Korea.

The suits were filed by Lewis G. Bell of Jacksonville, Fla., Otto G. Bell of Hillsboro, Fla., and William A. Cowart of Dalton, Ga.

The former prisoners of war refused to return to the United States after the Korean armistice but later renounced Red China and came home in July, 1955.

The Army charged all three with collaborating with the enemy when they returned to this country. They have denied the charges.

In their suits before the U. S. Court of Claims Bell asked for \$4,500; Cowart \$3,037; and Griggs \$4,071.

After the Army filed its charges against the three men the Supreme Court ruled that since they had been given dishonorable discharges when they refused to return home they could not be tried by court-martial.

The Army has turned down their pay claims.

State Leaders Discuss Time For Lawmakers To Take Up New Charter

TALLAHASSEE — Gov. LeRoy Collins, the banner-flapping and hoopla of inauguration behind him, today sank his teeth into the gritty question of when the Legislature should take up a new constitution, major goal of his administration.

Collins sat down with legislative leaders to discuss whether the proposed new state charter should be presented to the Legislature at the first of next spring's regular session, before the session or after it.

Meeting with the governor were Senate President-designate W. A. Shands of Gainesville; House Speaker-designate Boyd S. Starnes; Sen. Merrill Barber, Vero Beach, and U. C. Pearce, Palatka; Rep. Mallory Horne, Tallahassee, and Circuit Judge Wallace Sargis, Ocala, chairman of the Constitutional Advisory Commission which is drawing up the document.

A special session of the Legislature after the regular session, which starts in April, was recommended by Pearce and Conner. The advisory commission also suggested this.

But Collins pointed out this would be putting the "cart before the horse," since the regular session will consider dozens of changes in laws based on the present Constitution, which would be superseded by the new document.

Possibly much of the regular session's work would be undone this way, Collins indicated.

Plane Crash Lands Near Kissimmee; Pilot Uninjured

A Douglas Sky Raider plane out of Cecil Field, near Jacksonville, crash landed yesterday afternoon at approximately 3:30 p. m. near Kissimmee.

The pilot was picked up by a Sanford Naval Air Station helicopter and brought back to the local base where he was examined and considered uninjured.

A Board of investigation from Cecil Field convened this morning at the Sanford Naval Air Station to investigate and determine the cause of the crash.

The aircraft is being salvaged today to be returned to Cecil Field by tugboat tomorrow.

Gatchel Is Named City's New Mayor

Musical Program Scheduled Tonight For Hotel Guests

Guests at the Mayfair Inn and friends of the talented young lady will have the opportunity tonight of hearing 12-year-old Allyson Lee in her final local appearance before leaving early Friday morning for Birmingham, Ala. her future home.

The young pianist scored such a tremendous hit on her first appearance at the New York Giant's resort hotel two weeks ago that Manager Frank Mebane Jr. prevailed upon her to return for her farewell concert which will take place in the ball room at 9 o'clock tonight.

Sharing honors with the little pianist will be the Triple Trio of the Seminole High School Girls' Glee Club in a group of vocal selections. Members of the Triple Trio are: First Sopranos, Pat Harrington, Diana Fleischer, Kay Jenkins; Second Sopranos, Carol Scott, Sylvia Price, and Lois Barneau. The three altos are Ann Davis, Shirley Anderson and Iris Causey. Nancy Cash assists as the accompanist for the group.

Manager Mebane extends an invitation to all who desire to hear the musical program.

Egypt's Deportation Of Jews Protested By U. S. Officials

WASHINGTON — The United States has protested at least four times to Premier Gamal Abdel Nasser against Egypt's deportation of Jews, officials disclosed today.

The latest protest was made to Nasser last week in Cairo by U. S. Ambassador Raymond Hare, who has been arduous against anti-Jewish activities in Egypt for more than six weeks.

The State Department believes that more than 4,000 Jews already have "left" Egypt since the attack on Egypt by Israeli, British and French forces. Most of these were deported, but some left Egypt on their own initiative, believing that they would have to do so sooner or later anyway.

During the last 150 weeks or so, officials said, there have been indications that Nasser may be "slowing down" on recent anti-Jewish moves. Orders for some deportations have been reversed following appeals, and some Jews being deported have not had their property sequestered as was the case earlier.

LUCK OF THE IRISH
JEKESBY CITY, N. J. — Five of seven men named Murphy were picked from a panel of veniremen Tuesday to serve on a Hudson county jury. The defendant's name is Johnson.

Firm To Prepare Plant Survey

The firm of consulting engineers Smith and Gillespie of Jacksonville was employed by the Board of Sanford City Commissioners last night to prepare a survey for the construction of a primary treatment plant for the city.

Representing the firm at last night's meeting were W. Austin Smith, senior partner in the consulting engineers firm, and Benjamin F. Borden Jr.

Smith, in making his report to the Board of Commissioners prior to the seating of a new commissioner and the election of a new mayor, said that because of sewers, interceptor system, and other construction there is a considerable change in the criteria set up by the State Board of Health for the construction of the treatment plant.

The senior member of the firm presenting the proposal, stated that the original studies prepared 10 years ago will have to be supplemented.

Borden, speaking for the firm stated that the city will receive credit for data used from the original studies after the material is evaluated for its usefulness.

Borden also agreed to submit the application for federal aid under Public Law 660 which, according to City manager Knowles, must be filed prior to Jan 15.

It will, take us approximately 15 days to complete the study, said Borden. "To give you a fair job

CONGRATULATIONS MR. CHAIRMAN: Fred Dy-on is congratulated on his election as Chairman of the Board of Seminole County Commissioners yesterday. County Attorney Mark N. Cleveland Jr. at right is shown shaking hands with the new chairman, Commissioner B. C. Dodd is on the left. (Staff Photo)

Boat, Ski Club Speaker To Study Racing Feasibility

The Sanford Boat and Ski Club will be host to an out-of-town speaker at its meeting Thursday night at 8 o'clock.

Virgil Elder, of St. Petersburg, Secretary-Treasurer of the Fifth region of the American Power Boat Association will address the organization.

Elder will be in Sanford tomorrow for the purpose of examining the lake front and water facilities that may bring speed boat races back to Sanford.

"If Sanford is chosen for these races it could be a great asset," declared officials of the local club. "This would be an annual affair drawing drivers and racing enthusiasts from all over the state and the south," they said.

According to club officials, several of the city and county officials as well as members of the Seminole County Board of Commissioners, have been invited to attend tomorrow night's meeting.

The club officials said today that this meeting, as well as all of their meetings are open to the public and everyone is invited to hear Elder.

The meeting will be held in the Civic Center building in Fort Mellon Park.

Weather

Fair today and partly cloudy Thursday. Warner tonight with a low of 50 to 55.

New Board Takes Over Last Night

Commissioner David Gatchel was named Mayor of the City of Sanford as a new Board of Sanford City Commissioners took over the reins of the city last night at approximately 9 o'clock.

Nominated by Commissioner F. D. Scott, Gatchel's election to the honorary office was made unanimous when Commissioner Merle Warner asked that the board's action be made unanimous with the changing of his vote.

Warner nominated commissioner A. L. Wilson for the Mayor's position.

Gatchel, 32 has served one year on the Board of Commissioners and has another year to serve following his Mayor's term.

Commissioner Scott, in his nomination of Gatchel stated "I hope the legislative delegation will allow the people to elect the mayor in the future."

Actual voting took place with an open ballot with Commissioner Scott casting his vote for Gatchel Commissioner Warner voting no Commissioner Gatchel abstaining and Commissioner Higginbotham voting for Gatchel.

City Attorney William C. Hutchinson determined that Gatchel was elected.

Gatchel, on his election said "I appreciate the honor and trust that you have bestowed on me tonight. It goes without saying that I will uphold the dignity of the office. All I ask is that the commission as a whole, the five of us, cooperate toward the betterment of Sanford."

Prior to the election of the Mayor, Commissioner John Kridler was presented a resolution for his "outstanding service to Sanford". He was also presented a silver tray in recognition of his service.

Commissioners Merle Warner, newly elected to his office and Commissioner Earl Higginbotham, re-elected to the office, were sworn in by City Clerk H. N. Sayer.

Wreckage Of Navy Plane Is Found After 2-Day Search

NORFOLK, Va. — A two-day search for a missing Navy jet plane ended Tuesday afternoon when Marine pilots spotted the plane's wreckage on North Carolina's Outer Banks and an hour later removed the pilot's body from the cockpit.

A Navy spokesman in Chicago, where the plane originated its final flight, identified the victim as Lt. Cmdr. Joseph I. Neri of Chicago.

The plane failed to land as scheduled at Oceana Naval Air Station near here Sunday, and an air search was launched with more than 10 aircraft, including planes, helicopters and blimps, taking part.

Marine planes from Cherry Point, N. C., spotted the wreckage about 1 1/2 miles north of Atlantic Airport near Cape Lookout. A helicopter landed and removed the body.

U. S. Will Rely On Present Military Power To Back Up Doctrine

WASHINGTON — Defense Department officials said today the United States will rely on its present military forces, rather than creating a special police force, to back up the Eisenhower Doctrine for the Middle East.

An official military official involved in top-level planning put it: "We have adequate military forces now to carry out any decision the political leaders wish to make."

Although there are no plans for any large-scale redeployment of forces into the Middle East to act as a "police force," there may be some strengthening of U. S. units in the vicinity, such as the 6th Fleet in the Mediterranean.

Defense officials said if there were an attack of the Middle East which required only air power to support the local defenders, the United States could call on planes from the 6th Fleet or from Air Force units in North Africa and Europe.

If the threat were posed more to the east at say Iran, it might dispatch carriers now stationed with the 7th Fleet in the Far East into the Indian Ocean.

In event ground forces were needed to bolster the local troops, the United States could call on a reinforced Marine battalion with the 9th Fleet or dispatch Marines now with the 7th Fleet. Or the Army could airlift troops down from Germany.

Minor damage resulted from a fire this morning at 507 South Park Ave. shortly after 10:20.

The Sanford Fire Department answered the alarm when a defective fuse set fire to shelving adjacent to it.

Speer Is Named Bank Director

George A. Speer Jr., Sanford Attorney, was named yesterday as a member of the Board of Directors of the Sanford Atlantic National Bank.

Speer will fill the vacancy caused by the death of the late R. W. Estes.

The stockholders approved an increase in the capital stock of the bank from \$200,000 to \$250,000 by the issuance and sale of new stock.

In the annual meeting of the bank's Board of Directors yesterday afternoon, it was reported that deposits of the bank had increased \$583,706.65 in 1956.

Savings, it was also reported by the bank's president, R. J. Bauman, are increasing due to the increase in interest rates to three per cent.

10-Month-Old Girl Dies Last Night

Penny Faye Howell, 10 months old, passed away at the local hospital at 8 o'clock last night.

She was born April 5, 1956. The infant had lived in Sanford all of her life.

She is survived by her father and mother Mr. and Mrs. J. B. Howell, Sanford; one sister, Peggy Howell; grandparents Mr. and Mrs. W. E. Lee, Sanford; and Mr. and Mrs. Paul Howell of Sanford.

Funeral services will be held at 10 a. m. Thursday at the graveside in Evergreen Cemetery with Dr. W. P. Brooks Jr. officiating. Briston Funeral Home is in charge.

Lines form early and long at the TH X-ray Survey in downtown Sanford. A huge group of enthusiastic people were present when the unit began its extensive survey here. (Staff Photo)
