The Farm Front

Co-operative System Urged For Farmers

By DOYLE CONNER, Commissioner of Agriculture TALLAHASSEE — (Special to the Herald) — Florida farmers who find themselves fighting a losing battle against unfair prices and shrinking markets might investigate the co-operative system as a possible means of meeting many of the problems inherent in today's highly specialized world of "bigness."

Unfortunately, many of our farmers have attempted to go it alone for too long a time. Time was, of course, when the grower had only to harvest his crop and there was a ready market for them.

The little farmer now finds himself competing on the open market against large-scale operations and he simply can't meet the challenge. The usually has two alternatives: (1) quit the farm or (2) heed the saying, "In unity there is strength," and join forces with others in a similar situation.

This is a timely subject because Cooperative Month will be observed throughout the nation during October.

A farming cooperative is an agricultural enterprise or organization owned by farmers who use it to market their crops collectively and thus strengthen their bargaining power.

Kenneth T. Nadin, executive vice president of the National Council of Farmer Cooperatives, explains it this way: "The real purpose of the cooperative is to increase the income of its members and patrons by introducing a new element of competition into the markets in which farmers buy and sell."

There are many kinds of co-

operatives, ranging from large regionals to small locals. Business areas include rural electric and telephone systems, dairy, credit unions, housing, insurance, irrigation, fruit and vegetable processing, purchasing, grain elevators, marketing, etc.

The cooperative principle is not a new one. It has been used in England for at least 75 years and Denmark's cooperatives recently celebrated their 100th anniversary.

Although cooperatives are known to have been in existence in this country since the turn of the century, they were not formally recognized by the federal government until four decades ago.

On July 2, 1926, Congress passed the Cooperative Marketing Act which provided the U. S. Department of Agriculture a permanent basis for research, education, and service work with farmer cooperatives. The act created what is now the Farmers Cooperative Service to be the liaison agency.

The research program has given special consideration to cooperative features, such as financing, membership, and management. It also has helped solve practical operating problems.

There is another side to the value of cooperatives, according to Jerry Voorhis, executive director of the Cooperative League of the USA. He believes that "without these cooperatives, the American pattern of agriculture might long have been given way to corporation farming in our country, thus depriving our Nation and the world of the most efficient, single kind of productive enterprise that mankind has yet developed — the American co-operated farm."

Many cooperatives have found it profitable to process their own products and perform other integrated services. They also are improving the quality and variety of their products and developing greater markets for them.

At this point, it may seem that the farmers want to take all and give nothing in return. That's not true, for as Deputy Administrator Martin Abrahamson of the Farmers Cooperative Service points out, farmers spend nearly \$17-billion yearly for farm supplies and equipment, and the rural cooperatives provide employment for about 200,000 people in their home communities.

And then there is the money spent on clothing, vehicles, property improvements, taxes, education, professional services, etc. So, the benefits certainly are not limited to farmers.

But there is one point which needs emphasis. The farmer must not be a loner anymore. He needs to join a team because group action by the producers has more influence on prices and other terms of sale.

Sanford Barbers Increase Haircut Price To \$1.75

Most barber shops in the Sanford area will go up on their prices, effective Oct. 1, spokesmen for the local shops announced today.

"Rising costs in operation, rent, supplies, laundry and salaries have forced us to increase our rates. We hope the public will understand," one local owner declared.

Contrary to action taken by the Central Florida Barber's Association, Sanford barbers will not charge adult prices for children's haircuts on Saturday. New prices will be \$1.75 for men's regular haircut and \$2 for flat-tops. Children's prices will remain the same—\$1.50.

The new rates reflect a 25-cent increase over present rates. Sanford barbers said they understand shops in the South Seminole area are planning to go along with the proposed increases which cover shops in Orange, Ocoee, Lake and Seminole counties.

Mother, 2 Girls Die In Flames

DEPUNIAK SPRINGS (UPI) — A mother trying to rescue her two daughters trapped in a shed fire at nearby Bear Head pond died with them over the weekend.

The victims were Mrs. Woodrow Dean, 29, and her daughters, Mary Elizabeth, 5, and Patricia Faye, 2.

Authorities said Mrs. Dean heard their screams and rushed inside the shed but apparently was overcome by smoke. The children were playing with matches at the time.

McDonnell Sets Massive Tract For Weapons Site

ST. LOUIS, Mo. (UPI) — The McDonnell Aircraft Corp. announced its plans Thursday for a massive tract at Titusville-Cocoa Airport, also will undergo long term development.

McDonnell, builder of the Mercury and Gemini spacecraft, for the manned space flight program, said the area will be used initially to develop and test a medium assault weapon for the Army.

James S. McDonnell, board chairman of the firm, said the Brevard County site, adjacent to the Titusville-Cocoa Airport, also will undergo long term development. McDonnell owns the site.

'The Fountain' Is Open At 2401 French Ave.

"The Fountain" is the name of John Carlton's newly opened bar, cocktail lounge and package store at 2401 French Avenue.

Patrons will find plenty of parking in back of the corner location and two merry bartenders, Maureen Smith and Ruby King, to serve them.

Carlton has redecorated the former location of Meadors Marine with soft, walnut-paneled walls, which are matched by paneling on the bar.

Touches of black on the bar and on the seats and backs of chairs give ebony highlights, while the carpet is burgundy and black.

Luxurious white and gold drapes cover the windows and entrance is through a "gold door."

Hours at the new lounge will be from 10 a.m. until midnight, Monday through Saturday, Carlton said.

All favorite brands of alcoholic beverages will be available in the package store.

AROUND THE CLOCK

By LARRY VERSHEL

I spent two and a half hours trying to start this column off with something nice . . . What I finally came up with was . . . There was a beautiful rainbow behind the Pine Crest shopping center at 8 a.m. today.

Seminole County still does not have a licensed doctor serving as a medical examiner. Isn't it about time our legislative delegation did something about it? Right now Peace Justice Luch Duncan serves as the coroner.

EATING HUMBLE PIE

The hardest thing to do in print is to apologize. . . So here we go . . .

To Al Wilson—We said he wouldn't run. . . and he is. To Andy Bracken—if we informed that there was something not right with the athletic Dept. receipts. . . There isn't. . . we checked them this morning.

For The City Commission—For their action in trying to get an ambulance standby at ball parks.

To John Alexander and the County Commission—That's not a bad road program you guys came up with.

To my mother—For turning out a newspaperman.

A brochure of "facts" on where your tax dollars go will be included in every tax bill envelope this year . . . 50,000 were printed and the cost of the brochures . . . To the taxpayers . . . is about \$50.

FOR THE STATISTICAL MIND—County Agent Cecil Tucker is paid \$4,228 from the county and \$5,260 from the state . . . Home Demonstration Agent Myrtle Wilson gets \$2,880 from the county and \$5,978 from the state.

When the Seminole High Jayvees travel to Winter Park for a football game Thursday there will be no bus available to transport them.

Supt. of Schools R. T. Millwe told us today there's still no word on when these seven new buses from the state will arrive.

FOR THE STATISTICAL MIND—74 percent of our population in Seminole County is under 44 years-of-age and only 8.6 percent is over 65-years-of-age.

Lake Mary Chamber of Commerce is planning a big push for new members. The goal is 1,000 . . . They now have only 150.

Quote of the year and decade, From yesterday's Sanford Herald — "Milwe insisted there is no state law governing the number of children which may ride on a school bus and that as long as there is enough room to hold on, the buses are not overcrowded."

We checked Mr. Milwe's statement with the State Superintendent of schools and he backed him 100 percent . . . There is no state law governing State Supt. Floyd Christian said just the same thing Milwe did — I mean about "as long as the kids can hang on."

One of the lowest paid county officials is also one of the most important — Mrs. Able Boyd gets \$4,500 . . . Some welfare recipients make almost as much.

If you don't think we need a new courthouse ask Clerk Arthur Beckwith Jr. to show you that leaky roof in his office.

The Navy's famous Blue Angels will be in town Oct. 22 . . . Mark it down in your calendar.

What would someone want with 14 baby alligators? I don't know but one pup was arrested at Mobile Manor by Wildlife officers the other day. We'll check further and let you know.

'I Just Reacted...' The Tale Of A Modest Hero

By DOTTIE AUSTIN

Walter Barrett was hanging upside down in his burning car, held in by his seatbelt.

He was dazed and stunned—it all happened so fast. The speeding car, the crash, the next instant, the crash spinning crazily.

He heard the voice of a woman asking urgently, "Are you hurt?" "I don't think so," he answered weakly.

Moving quickly, Mrs. Florence Korgan tugged frantically at Barrett's inert form to get at the straining seatbelt, unfasten it and drag him hurriedly from the burning vehicle.

Together they staggered out of reach of the fire.

It was November 4, 1965, a day Walter Barrett will never forget.

Mrs. Korgan, a waitress who had been on her way to work that fateful day, won't forget it either.

Monday, she received the Andrew Carnegie Hero Medal for her quick and unselfish action.

On the back of the burnished gold disc is inscribed, "To Florence Korgan, who saved Walter Barrett from a burning car."

Interviewed in her home at 2408 Orange Avenue, Mrs. Korgan modestly disclaimed making a "hero."

"I only did what anyone else would have done. I didn't even think about it—I just reacted, instinctively," she insisted.

She didn't even stop to consider the gasoline tank of the burning truck might explode.

She only thought she had to get that poor man out of there, quickly, before the flames reached him.

"I have three sons," said Mrs. Korgan.

"I guess mothers just automatically rescue quickly, without really thinking about it, to snatch children out of danger," she surmised.

Besides the impressive and treasured medal, Mrs. Korgan also received a cash award of \$750 from the Andrew Carnegie Hero Fund Commission.

With it, she has enclosed a screened porch at her home to make a much-needed dining room.

SAN FRANCISCO (AP)—In an effort to explain "where the tax dollars go" has compiled a brochure of facts which will be sent to all the taxpayers in the county along with their tax bills Oct. 10.

Fifty thousand of the brochures have been printed.

Facts included values of land, wholly exempt, homestead exempt and non-exempt, personal property and railroad and telegraph.

In addition, how the tax dollar pie is sliced to provide funds for the board of public instruction, port authority, hospital, health department, capital outlay, road and bridge, fire and forfeiture and general fund is illustrated.

A summary of the budget for the year is given as well as the local property tax expenditures.

The board is distributing the brochure following inquiries when the millage was raised 4.08 mills from last year's 15.82 to 20.90 for this year.

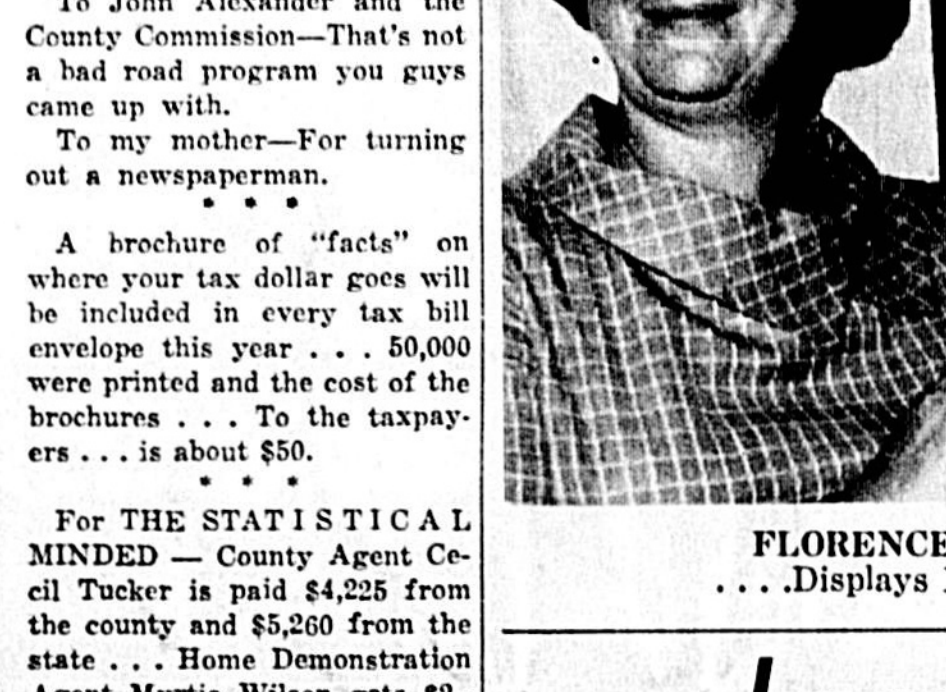

WASHINGTON (AP) — Sen. Eugene McCarthy has temporarily blocked the Senate Foreign Relations Committee's approval of Atty. Gen. Nicholas Katzenbach's nomination as attorney general.

The committee approved the nomination Tuesday. But the Minnesota Democrat, a committee member, objected later that a quorum was not present when the action was taken.

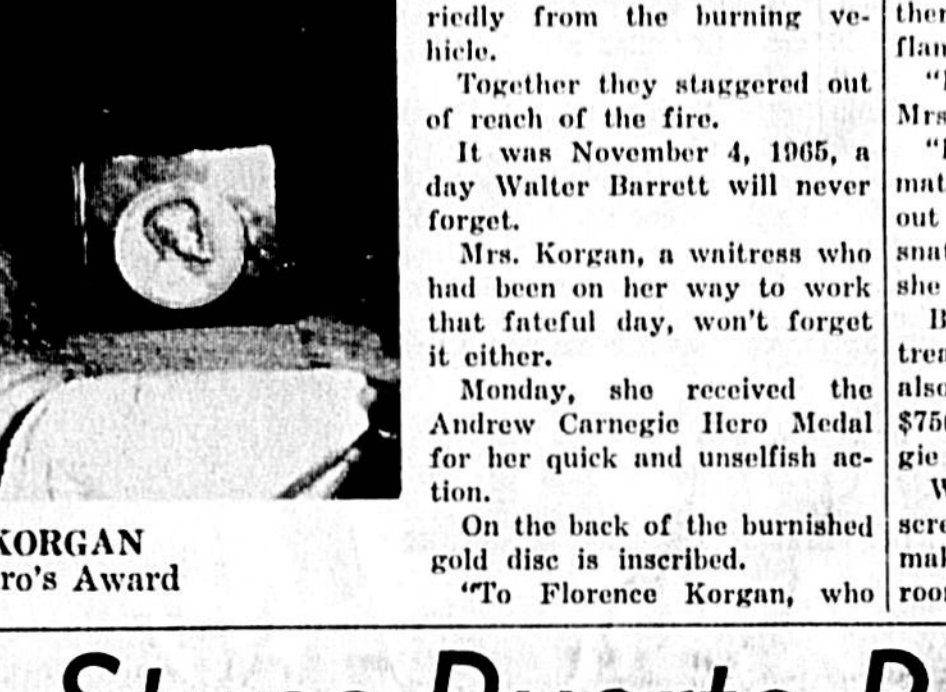

HAYNEVILLE, Ala. (AP) — A Negro-dominated jury has found a 43-year-old steelworker innocent of the murder of a white man Eugene Thomas for murder in the slaying of a white civil rights worker.

A Circuit Court jury of eight Negroes and four white men took 85 minutes Tuesday night to reach its verdict of acquittal in the trial of the Klan man Eugene Thomas for murder in the slaying of Viola Gregg Luizzo, a white civil rights worker who died in a hail of gunfire from a passing auto on March 25, 1965, a few hours after the Selma-to-Montgomery march ended.

UNITED NATIONS, N. Y. (AP) — France today called for a U.S. comment to withdraw American troops from South Viet Nam, and declared the United States alone "is in a position to make the new move that will render everything possible, and first of all, peace."

How Rains Are Helping The Crops

Better crime detection and constant upgrading of local law enforcement agencies with modern equipment and well trained personnel are keeping crime in Seminole County below the national average according to police officials.

Breaking and entering and burglary are the major problems facing the groups with the agencies using different methods in each municipality to combat the problem.

Juvenile delinquency rates have not increased in the county in proportion to the national average.

Isolated instances of vandalism have been found but in many cases the vandalism has not been committed by juveniles.

Countywide individual police departments and the sheriff's department are taking various means to halt the burglaries.

The newest method used by the sheriff's department is use of zoning whereby certain deputies are assigned to patrol one of the four zones in the county. By this method a deputy can be in any given area in his zone in minutes.

Problems in the municipalities are handled by the local forces with full cooperation from the sheriff's department, when needed.

In Casselberry, an officer has been assigned to a motorcycle patrol in an effort to cut down expenses and give better coverage of the roads. Chief Kenneth E. Taylor said that "all business houses in the city are checked routinely many times each day and three times during the recent rash of breaking and entering in the county none were successfully accomplished" in his city.

Chief C. B. Allen of Atamonte Springs reports largescale business houses in his town and that his department is doing the best it can with only "two full-time officers and one part-time one." For the most part, Atamonte is a "quiet, residential community," Allen remarked.

28 Friendly Viets Killed By Mistake

SAIGON, South Viet Nam (AP) — Two U.S. Marine bombers missed their target and dropped 500-pound bombs by error Tuesday on a friendly village occupied by Vietnamese forces and their families.

A U.S. military spokesman said the mistake bombing killed 28 soldiers and civilians and wounded 17. The bombs also wrecked about 150 huts in the village in the northern province of Quang Ngai, 350 miles north of Saigon.

Stowaway Flies 2,000 Miles In Jet Wheel Well

MEXICO CITY (AP) — A 17-year-old Mexican stowaway was home safe in Queretaro today after a 2,000-mile flight from Colombia in the wheel compartment of a jet airliner.

"I was really scared part of the time," said Francisco Garcia, "but I made it, and that's what I wanted to do — get home as quickly as possible."

Francisco said he got home sick after six months in Colombia but didn't have the money to take a plane back to Mexico. It would have taken too long to work his way home on a freighter — the way he was taken to Colombia.

"It's incredible, but he apparently did ride in the wheel well all the way from Bogota," said Ramon Watkins, the Mexico City manager for Colombia's Avianca Airline.

The four-engine jet flew as high as 34,000 feet through air temperatures as low as 45 degrees below zero, Watkins said.

The jet was cramped into the wheel well so tightly that after the plane landed in Mexico City early Tuesday he could not get down. He had to call for help to mechanics servicing the plane.

Doctors looked him over, found nothing wrong and turned him over to Mexican immigration authorities. They established his Mexican citizenship.

"He's free now and left for Queretaro as soon as we let him go," an immigration official said Tuesday night.

Watkins said the plane's flight time from Bogota to Mexico City was more than four hours. The plane spent about an hour on the ground in Panama, its only stop.

Francisco said he sneaked into the wheel well about 30 minutes before the plane took off from Bogota Monday night. He squeezed to one side of the compartment and hoped then he would not create any trouble when they were retraced.

"The plane took off and the wheels started coming up and I thought I was going to be crushed," he said. "The wheels came in and I squeezed to one side as far as I could and then they wouldn't mesh me. Then the doors closed in the floor and everything was dark."

Mechanics serviced the plane in Panama but in the darkness didn't see Francisco huddled in the wheel well.

Boy Survives With Bullet In Heart Muscle

MINNEAPOLIS, Minn. (AP) — Surgeons hoped to remove an air rifle pellet from the heart muscle of a 12-year-old boy in an operation at St. Mary's Hospital today.

Doctors said open heart surgery was indicated for Alexander Ameralav, of suburban Fridley, although "we won't know for sure until we get there."

Nude Photo Bid Brings Slaying

NEW YORK (AP) — A 42-year-old photographer was held on charges of homicide today after a scullpless said he shot and killed her boyfriend for not allowing him to take a picture at his family's lakeshore home near Inaska State Park in Northern Minnesota. Doctors warned that a movement of the pellet to a major blood vessel would be fatal, stopping circulation to a vital part of the body.

Tennesseans Wed 70 Years

CHATTANOOGA, Tenn. (AP) — On Sept. 27, 1896, Mr. and Mrs. J. A. Schild stood before the altar and said their wedding vows in Winchester, Tenn. If that doesn't hit you right off, let it be noted that the couple have been married 70 years.

Command Performance Camaro

By Chevrolet

You've been waiting for a Chevrolet like this. Now it's here.

It's Camaro, the new driving machine by Chevrolet. Look! Long, low hood. Short rear deck. Forceful profile. Come on. Buckle yourself into that slither Strato-bucket seat. Fire up a 140-hp Six or the 210-hp V8 (depending on model). Check the four-way power windows. Camaro gives you a car full of comforts from carpeting on the floor to vinyl upholstery all around.

There's a lot of security, too: dual master cylinder brake system with warning light; GM-developed energy-absorbing steering column; four-way hazard warning flasher; and folding front seat back latches among other things.

Camaro—your idea of a car! Sport coupe or convertible. The Rally Sport, with hideaway headlights and more. SS 350: Camaro's biggest V8, bulging hood, bold striping, red stripe tires. Ask for the custom interior. Strato-back front seat for three. Stereo tape system, air conditioning or whatever. Camaro: the Chevrolet you've waited for. See your Chevrolet dealer now!

Memo To 2,000

You 2,000 residents in the Lake Mary Fire District have a big job ahead. "We're talking about the needed support for the volunteer fire department's proposed new addition to its fire hall. Without this addition, two valuable pieces of fire fighting equipment must remain unutilized. Unofficial estimates reveal that \$2,000 is sorely needed to complete the 40 by 60 foot addition.

The addition is being built entirely by volunteer labor and donated materials. We all know the Lake Mary volunteers are among the best in the county. YOU 2,000 voted for the district and now YOU must support the men who give their free time to protect you, your homes and property. You have no other alternative. That is if you want the very best in fire protection.

Looking Out For Our Youth

This is 4-H Week around the nation as well as in Seminole County. It would be a good idea if we took time out this week to pay tribute to our many clubs in the area and for what they are doing for our youths in the county. What are the 4-H Clubs? They are groups of young people in rural, urban, and suburban areas who carry on a variety of farming, home-making, personal improvement and community service projects. These youngsters raise livestock and poultry, grow gardens and field crops, conserve the soil, sew, cook, preserve food and improve their homes and communities. Any boy or girl between 10 and 19 years-of-age may join by agreeing to follow the 4-H ideas and standards. The main requirement is a willingness to follow 4-H ideas to "learn by doing," which is the club slogan and to "make the best better," which is the club motto. Character development and good citizenship are long-range goals. The 4-H

stands for "HEADS" "HEART" "HANDS" and "HEALTH" which are emphasized in its program. In the county there are some 200 boys and girls in more than 15 clubs— However the girls far outnumber the boys and there is a serious shortage of interested men to serve as adult teachers. 4-H clubs very rarely ask for our help. Let's help them not only this special week but in the future weeks, months and years. As the 4-H Clubs go... so go our youth.

Thought For Today

SKY WRITERS

Lyle C. Wilson Says:

A Political Bombshell

The Bobby watchers report from the campaign circuit that the jumpers have returned to the curbside. The jumpers are accompanied by the leapers, the whippers, the coehrs, the saashers and the touchers. What galvanizes them is a mon-haired, blue-eyed, brassy man waving from the lead car of Sen. Robert F. Kennedy's campaign safari. Women, young and old alike break police lines to touch his hand. "Ain't he a doll, huh? Ain't he?" coos a pretty dove from some finishing school back of the yards. It is agreed. This ambitious young man is not only a doll. He is in person a political bombshell. He is the belle-to-be-not-flesh and blood here. It is not of things, all politically valuable. The episode served to underline what a large degree "brutality" cry has become the self-serving cry of lawbreakers and their sympathizers. The white liberals who have taken up this call have a genuine dilemma. They have never been able to reconcile their adherence of force with the enforcement activities which lie at the heart of a policeman's duty. They see all force as brutality. Yet in an American society increasingly defiant of the police, this is a vanguard of becoming crucial. A midwestern law professor once said that one way to define law is to recognize it as the state's monopoly on violence. Critic of the police may soon be asked either to accept that monopoly or take major responsibility for under-writing steadily mounting public disorder.

Letters To Editor

Second Rate?

Editor, Herald: I wish to take exception with your editorial "Are We Second Rate?" which concerned parental disinterest in our schools. It appears to me that you too have fallen prey to accepting the overused excuse of blaming parents for everything that is wrong with our schools today. I'd like to give you a few of my own opinions concerning the major items in your article. First of all you complained about the lack of parental chapters for a school dance and indicated that a teacher had to fill in. If this dance was sponsored by a school organization it is then a school responsibility and teachers should be there to supervise it. I feel sure that enough parents would have been available to assist if they had been contacted early enough. Regardless, the responsibility belongs to the school. The Pincrest school bus situation is no problem. Either pick them all up or make them all walk. It can't be over 2 1/2 miles at the most. We authorize that daily in Pennsylvania regardless of the weather. It's good for your health. Now I ask you, what's wrong with 12 or 15 year olds manning a school zone? This is done all over the U.S.A. It gives these young people authority and responsibility. If the young people can do the job, why assign it to a law enforcement officer? You mentioned Sanford Junior High was overcrowded and that it was unsafe. You also mentioned leaking roofs and lockers that were out in the rain at Seminole High. Most

Own subconsciousness hoped to shift the burden of making her moral decision. This is a clever ruse often used by patients so their conscience will not bother them later on. But I passed the buck right back to Gwen. For everybody must make his own moral choices. See tomorrow's follow-up for the aftermath. CASE A-538: Gwen G., aged 18, is a college sophomore in Iowa. "Dr. Crane," she said when she sat down in my office. "I have come to you for advice on a serious problem. "This year I have begun dating one of the most popular men on the campus. "And I am crazy about him. He also says he loves me. "But he insists that we engage in premarital affairs, though I have been brought up in a good church home where such things are taboo. "He argues that this is a merely prudish heirloom of the older generation. "He thinks my parents are old-fashioned so he demands that I sit with me on my throne, as I myself conquered and sat down with my Father on his throne."—Rev. 3:21.

How America's red-white-and-blue collar workers help keep America strong.

In May 1941, top representatives of America's labor unions met with Henry Morgenthau, Jr., Secretary of the Treasury, and pledged their support of the Payroll Savings Plan for U.S. Savings Bonds. Today, organized labor still endorses and actively supports the program. And the Payroll Savings Plan, just an experiment in 1941, now proudly boasts 8 million members, mostly union people, sharing a personal interest in their future and their country's. With the Payroll Savings Plan, saving for the future is downright easy—and painless. How can you spend money you don't even see? When you sign up, a small part of your money is tucked away every payday. Automatically. And starts earning you the new, higher interest of 4.15% on every Bond you buy and hold to maturity. Bonds grow quickly. So when you need the money for important, personal things, the money is right there—ready to help pay for them. Important things like a new home, education, that dream vacation—or your retirement. Most important, Bonds are helping support our men in Vietnam. Buy Bonds on the Payroll Savings Plan where you work and you'll find yourself in pretty good company. And dollars ahead.

South Seminole Future Seen

By RUTH DAVISSON
A sketch plan for future development of South Seminole County was presented for the September meeting of the South Seminole Civic Council by Harlan Hanson of the Orange-Seminole Joint Planning Commission, which is part of the East Central Florida Regional Planning Council. The council comprises seven counties in Central Florida.

In the presentation, Hanson stated a population of approximately 170,000 is expected in this part of Central Florida by 1999 and "costs are going to be high." The commission prefers a compact way of growth and this compact way which is the most efficient, will take some rights away in terms of when it can be used, he explained. In reference to use of septic tanks, he stated they slowly are polluting the lakes of Central Florida and the only way to solve this problem is through proper planning. An area-wide plan for water and sewers is to be made within the next year and the kind of fire protection you want... don't wait until you are in a bind. Hanson strongly urged against planning for a single community, stressing area cooperation. He said people should attend council meetings, city commission meetings, city commission meetings, and school board meetings to learn what progress is being made in preparation, reminding that the only way officials can know what the people want is for them to be advised by the people. "You should think now of how many parks you want, the kind of police protection you want and the kind of fire protection you want... don't wait until you are in a bind." Rummage Sale
Set Oct. 7-8
By WW 1 Vets

By JULIA BARTOS
A rummage sale to be sponsored by World War I Veterans Barracks 2886 of Altamonte Springs was planned at the organization's September meeting at the Altamonte Community House with Commander Otto Baumgartner presiding.
The event will take place at Super Valu Store on SR 436 and will be open from 7 a.m. until 6 p.m. Friday, Oct. 7, and from 7 a.m. until 1 p.m. Saturday, Oct. 8. Articles still are needed for the sale and all donations of usable items will be accepted by Baumgartner, or any member of the barracks.
Reports were heard from Legislative Chairman Ben Evans, Membership Chairman Earl Rice, and Service Officer Joe Keller. It was noted members are returning from summer vacations and attendance at meetings is showing an increase.

Honored guest at the meeting was Porter Hamblen, of Nashville, Tenn., who has worked for many years in the Veterans Administration. Hamblen and his wife will be moving to the Altamonte area and he is planning to join the barracks.
Meeting of the auxiliary also was well attended and special guests included Mrs. Marie Elsetch, of DelRay, and Mrs. Hamblen and her friend, Mrs. Moss.

Mrs. Ethel Shuett read a letter from a Marine in a Viet Nam who expressed a desire for apple pie. The barracks and auxiliary will send him a box for Christmas and treat him to the pie when he returns home.
The auxiliary secretary, Mrs. Gertrude Fitzpatrick, has returned from a visit with relatives in the north and her enthusiastic effort in auxiliary promotion is reflected and welcomed at the meetings.

Hospital and Welfare Chairman Grace Lash has commended Mrs. Charlotte Miller for the many articles she has completed for the group's sewing project.
Fun games at the October meeting will be under direction of Chaplain Marian Engel.

A combined social hour was enjoyed following the meetings and refreshments were served by the auxiliary.

Morbid Question
SOLIHULL, England (UPI)—Parents have called for the dismissal of a member school teacher here who asked his science class the following question: "A man is hanging on a rope in a prison death chamber. The man weighs 168 pounds. What is the tension of the rope?"

Well Read
SALINA, Kans. (UPI)—Charles Francis and his bride don't know it yet, but their "friends" have re-decorated their apartment as a welcome home surprise. While the couple was honeymooning, friends filled the bedroom with 12,000 pounds of newspapers.

Swofford Tells Opposition To New Hospital

Definite opposition to creation or support of a second tax district to build a hospital in South Seminole County was expressed by County Commissioner Lawrence Swofford in a "question-answer" appearance before the Forest City Community Association.
Asked how the people could get a hospital in the area, Swofford advised one could be established through the present hospital board, through the special legislation to create a district, through federal grants, or through a possible fund-raising drive on their own.
"I definitely am opposed to, and see no reason for, creating another tax district, however, when the people already are paying in one to support a hospital," he responded.
He stated Altamonte Springs also is desirous of having a hospital in the area but emphasized the town is not pushing for it to be located within its municipal limits.

In other areas discussed, Swofford explained the millage rate hike in the county budget, pointing out he had voted against it.
He mentioned area roads being considered for the current program and informed the meeting of a flasher signal on SR 436, where SR 434 and SR 431 cross, is not up to the County Commission but must be approved by the State Road Department.

Numerous efforts have been made by the association but each time the request has been turned down.
The commissioner advised that although moves of the county court house has been discussed, he felt it would remain in Sanford and would be built adjacent to the county jail as planned years ago.
He also told the group the county would not, at this time, take over maintenance of the 10-foot road in the association's property in Lake Heritage Estates but that he would again bring the matter before the board.

Confessed Killer Freed By Judge

NEW YORK (AP)—All the state had against Joan Pows was her own admission that she had killed her 4-year-old son because he soiled his bed. That confession was not enough.
Mrs. Pows, 26, was free today after a Brooklyn judge ruled police had failed to inform her of her rights before she confessed a violation of the Supreme Court's recent ruling on defendants' rights.
A prison term of up to 2 years faced Mrs. Pows after she pleaded guilty to manslaughter April 13. She had told police she beat her son Anthony to death with a rubber hose and a broomstick Nov. 2, 1963.
But the plea was withdrawn after the intervention of a Legal Aid Society lawyer. The grounds were that Mrs. Pows had not been advised of her alternate times.

Dodgers' Magic Flag Number Is Now '3'

By THE ASSOCIATED PRESS
"Things are a little bit better than they were this morning," Manager Walter Alton said Monday night after his Los Angeles Dodgers increased their lead to three games with five to go.

"I'd say we're in slightly better shape than we were before the game," one might expect Alton to say tonight if the Dodgers increase their lead to 4 1/2 games with four to go.

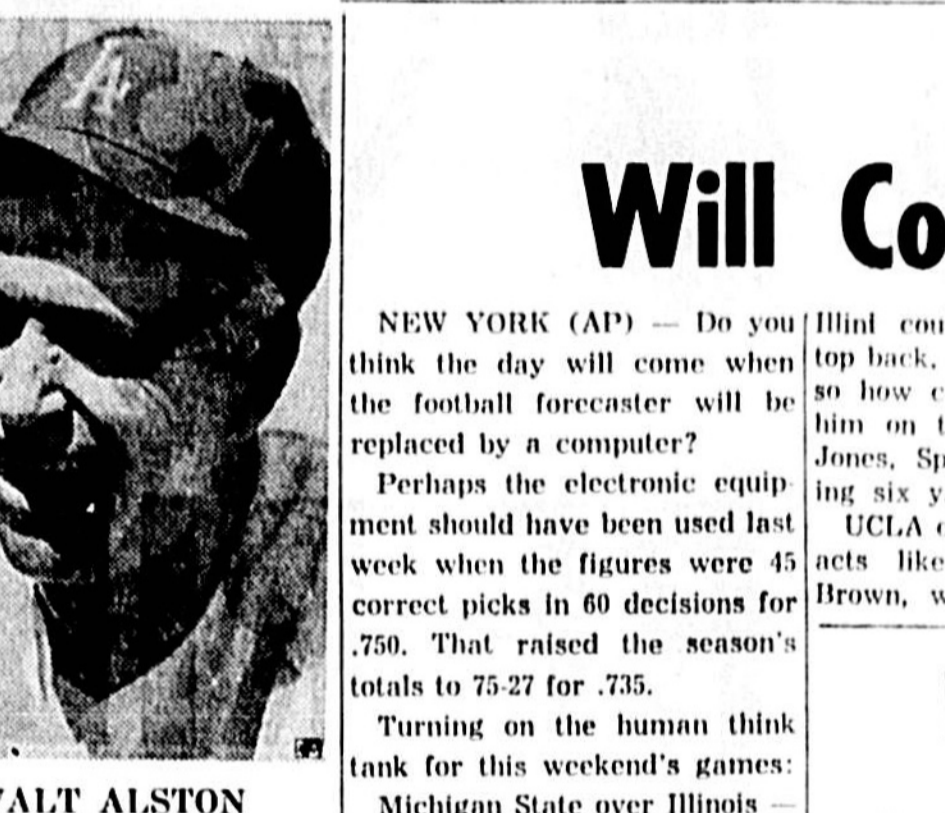

Chances are Alton would be more positive than he usually is if the Dodgers clinch their second straight pennant tonight.

The Dodgers' triumph Tuesday night reduced their magic number to three, meaning any combination of Los Angeles victories and Pittsburgh losses totaling three would give the Dodgers the pennant.

Rock Springs, Wekiva Tract Cash Is Short

TALLAHASSEE (AP) — State officials say some \$11.1 million in recreation money expected to be available soon probably won't reach beyond acquisition and development of three projects.

New Landrum director of the Out of Door Recreation Planning Committee, said the priority projects are Cape Florida Park near Miami, the Caladesi Island area near Clearwater and the Rock Springs-Wekiva tract near Sanford.

Landrum said the state has some \$11 million in the land acquisition fund and a \$10 million bond issue is being prepared. "All of our existing financial resources will be committed to retirement of the \$10 million bond issue," said Landrum.

The bonds probably will be for 20 to 25 years, he said. First priority on the money is for the \$6 million needed to exercise the state's option for the remainder of the Cape Florida tract near Miami.

The other two top priority projects would take up the rest of the money. Although no firm figures have been announced, the Rock Springs-Wekiva tract is expected to cost some \$2 million and a total of about \$3 million is estimated for the Caladesi Island area.

The three projects are the only ones on the current priority list for which final negotiations have been authorized. Landrum said assignment to the priority list only constitutes tentative approval, allowing the committee staff to spend the time and money needed for preliminary investigation.

The committee has a priority list of 10 projects. Landrum said there are 452 projects in committee files, with only one-third of these having a price tag. The total of these adds up to \$218 million.

Landrum made his remarks before the committee as it tentatively placed a portion of the controversial Keen Tract in Polk County on the priority list. The subcommittee which investigated the tract said a limit of 4,000 acres should be placed on the north half, which is bounded on three sides by water. Landrum said the asking price of \$187.50 per acre "seemed very reasonable."

Dealing The Ace In S. Viet Nam

By TOM TIEDE
NEW YORK (NEA) — The general rule for success in counterinsurgency warfare is that it takes a sneak to catch a sneak. And, fortunately for the United States' efforts in Viet Nam, combat GIs are getting to be as sneaky as anybody in Southeast Asia.

Take the men of the 25th Infantry as example. Some time ago they determined that the ace of spades, an ominous symbol in the poker-playing nations of the world, is even more so among some of the enemy. The Viet Cong, they conceived have a thing about the card and avoid it like a mortar shell.

So the men wrote to the U.S. Playing Card Co. in Cincinnati for "approximately 1,000 aces of spades" in order to use them as a "psychological weapon" in areas where they wanted to put the whammy on the infiltrating Communists. Then more men wrote. Then more.

The result has been that the company now sends out many thousands of such spades "free of charge" for any warfront GI requesting. And so many have been distributed that the indication is whole units of card-carrying soldiers are shuffling through rice paddies like riverboat gamblers in jungle boots.

Does it work? The 25th Infantry says it does. The VC, of course, aren't commenting.

But one thing is certain. Cagoy American troops not only thought up the card trick, they indirectly thought up the game that goes with it. Until Yanks brought them into the country, there was no recorded proof of any native fear of the ace of spades.

"We are a superstitious people," said a Vietnamese official, "but not of playing cards. At least not before the Americans came."

And now? "Perhaps some VC do fear the symbol now. They tend to fear all U.S. innovations because so many of them explode. So it could be that the enemy has become afraid of the ace of spades . . . simply because other State Department nominations — Eugene V. Rostow, former dean of the Yale Law School, as undersecretary for political affairs, and Foy D. Kohler, ambassador to Moscow, as deputy undersecretary.

Fulbright has been less than enthusiastic about the appointments and was surprised at the President's decision to nominate the attorney general to be Secretary of State Dean Rusk's second in command.

There was little doubt, however, that all three nominations would be approved by the Senate.

Manfield voiced concern in an interview about some of the State Department's swift rejections of proposals. He cited by countries such as the Soviet Union and France.

"It seems they can't wait to say no, instead of saying let's consider it," Manfield said.

Katzenbach is considered generally sympathetic to the administration's Viet Nam policies, and there is a question as to how much of a policy critic or challenger he will be.

Katzenbach Seen As A Possible Devil's Advocate

WASHINGTON (AP) — Senate Democratic Leader Mike Mansfield expressed hope today the State Department would make policy decisions, especially on Viet Nam, rather than just support — U.S. foreign policy decisions.

Mansfield suggested that the only way President Johnson can be assured what he's getting is not all one-sided.

Atty. Gen. Katzenbach has been nominated by Johnson to replace Undersecretary of State George W. Ball, who in the role of devil's advocate was often the questioning skeptic about policy decisions, especially on Viet Nam, and became known as the "dove of the State Department."

Ball also became something of a favorite with Chairman J.W. Fulbright of the Senate Foreign Relations Committee and some other critics of U.S. Viet Nam policy.

Katzenbach goes before Fulbright and his committee today for a close examination of his credentials and views on war and peace.

Presumably anticipating a lengthy examination of Katzenbach, the committee delayed until later its hearings on the other State Department nominations.

Venese and Antoinette Johnson, daughters of AMHA and Mrs. William Johnson, of 127 Academy Avenue, celebrated their sixth and fifth birthdays, respectively, Sunday, with a party given by their mother while dually is away on the Carrier Quail.

The guests participating in a variety of games. They were served popcorn, bubble gum, nuts, ice cream and cake.

Those attending were Billy, Frederick, Antoinette, Virgil Lee, and Jacquelyn Davis, Grace and Pier Stone, Earlean Medlock, Conithian Spencer, Cynthia and Coey Jones, Valerie White, Florence Wade, Mrs. Lucille Stone, Pamela, Melissa and Andrea Johnson.

Ronald Nathan, son of Mrs. Ruthie Nathan, is a member of the famed "Marching 100" at Florida A and M University. He is a 1966 graduate of Groves High School where he was a member of the Panthers Marching Band. Congratulations, Ronald.

Willis Holt of Pasco, N.Y., is visiting relative. Holt is a native of Sanford where he attended the public schools. He was a member of Groves' first marching band which was under the direction of George Hill.

A report from Theodore L. Johnson and his clan at Arizona State is: He has gained 10 pounds, and feels better than he has in quite some time.

Where are the parents of these youngsters? Why are they given so much freedom at such an early age? Why not attend the next game with your child or children and witness the spectacle for yourself.

How would you describe the spectators at our football game? The spectators I have reference to are the children who are granted permission to leave home alone, who romp and play at will, who never sit so that adults can really enjoy the game and who have no regard for the rights of other others.

Candy, Soap On The Way To Viet Nam War Orphans

By DOTTIE AUSTIN
NEARLY 200 POUNDS of soap and candy, collected in the Sanford area, has been shipped to Viet Nam by the Driftwood Garden Club Circle, which is made up of Navy wife members.

As one of their many plans and activities, members of the circle collected 196 pounds of candy and soap, which Marines in Viet Nam have requested via The Sanford Herald, for distribution to orphaned Viet Nam children to help cut down on disease and infection, as well as provide some sweet treats for the children.

Assistance was given by the Sanford Marine Barracks and the Navy shipping department which packed the donation to be forwarded to Norfolk, Va. where it will be placed aboard a ship bound for Viet Nam.

Mrs. Darrell Killebrew, who has directed reactivation of the Driftwood Circle has indicated the purpose of the club is to promote such knowledge and love of gardening as will result in a more beautiful community.

The club hopes to have a speaker each month and a judge for flower arrangements. Meetings are held on the last Thursday of each month, at 10 a.m. at the Garden Club Center in Sunland Estates.

OFFICERS WIVES OF IV AB12 are making plans to welcome their men home with a month-month deployment next month.

Members met in a work and planning session last week at the home of Pat Hunted, where they set about making banners to be used at Mayport and at the Naval Air Station.

On Oct. 1, another work session, combined with a swim party, will be held at the home of Mary Schlemmer.

Helping with the production plans for the big celebration were Peggy Wood, Kitty O'Garra, Rita's mother-in-law, Mrs. Camille O'Garra, Rita Cavannah, Alice Parquang and her sister, Gitta, from Austria.

CDR. PHILIP RYAN and Mrs. Ryan were honored guests of the IVAB-7 ZMW Club recently.

In the absence of President Paulette Vidman, Joyce Zerfos, vice president conducted the meeting.

Joyce announced that Dottie Welch has donated a crib to the base nursery and requested that members donate some crib sheets.

Farrells were said to Carole Johnson, whose husband is being transferred to Patuxent River, Md. Carole received a charm bracelet with a disc depicting the squadron insignia.

wives of IVAB-7 are cordially invited to attend. For further information, call Paulette or Joyce.

Hostesses for the last meeting were Billie Johnson and Pat McGuffin. Fifteen members and three guests attended. Guests included Betty Phillips, Gladys Henning and John Linn.

BAKE SALE is slated for Thursday, the main hangar above the main hangar. Starting at 8 a.m., an exciting array of homemade baked goods will be displayed with Genera coffee to go with each purchase.

Proceeds will go to help with the refurbishing and redecoration of the base nursery.

RVAB-8 Enlisted Wives Club, which is sponsoring the bake sale is expecting a "sell-out".

Birthday greetings are extended to Pat Moylean, who will be a year younger on October 3.

CHRISTMAS IN SEPTEMBER for the wives of IVAB-7 was held Friday at the home of Chief and Mrs. Gordon Pierce.

The Pierce home was decorated throughout in the Yule spirit, with colorful lights all along the front of the house.

A large Christmas tree under which gifts for the husbands were piled high, was the center of all attention.

All kinds of good things to eat were provided buffet style on a table, overlaid with a Christmas style cloth and center piece with colorful decorations.

Carols were sung and appropriate games were played. Among the guests were the parents of Chief Pierce and Chief and Mrs. Arthur Moore, who joined the squadron wives in celebrating the about-to-be-deployed husbands with "Christmas in September."

EXCITEMENT is building in the CVO Wives Club with many new members being recruited on kinds of "fun plans" for social events in the future.

At the last meeting Captains Bea Jarrell and Mary Hay had eight guests present. As a result, five of the guests joined the club, resulting in a boost for Bea's team.

Other guests were Janet Painter, Lucille Stone and Janet Walker. Hostesses were Julia Girler, Fran Morton and Flo McNulty.

Many exciting plans for the future were discussed and the first event on the social calendar is a luncheon at the Town House Restaurant in Orlando.

Sarah Skinner and Thelma Conkle volunteered to make this a memorable occasion.

INS AND OUTS of squadron life, operational routines and procedures, were described to

VIET NAM ORPHANS will be the beneficiaries of the contents of these packages which are being shipped to Marines through the Driftwood Garden Club, with the assistance of Sanford Marine Barracks.

BY JOHN CUNNINGHAM (AP) Business News Analyst NEW YORK (AP) — A study about to be distributed shows more than 23 million American workers are covered by pension funds. But that very security for the 23 million brings a nightmare to others.

Many companies today make their hiring decision on whether a worker fits into the pension plan, or sometimes the insurance plan. If he is over 45, even younger, he generally does not fit.

One unprofessional man caught in the situation said: "What I can do for them is unimportant. What they're concerned about is this: Do I fit into their plan?"

In order to accommodate a worker aged 45, a company has to make a big investment in him. If a worker joins a pension plan as a young man he underwrites his own retirement.

Sometimes it is as simple as that. The alternative for the individual on the outside looking for a job is to leave his craft, lower his standards of living and work, and perhaps move to another city in search of a job.

Unemployment compensation is not a consideration for such people, who sometimes are putting children through college, or paying on a home mortgage. Most still wish to look forward. At age 45 a worker now has a life expectancy of 27 more years.

The study of pension funds, by the National Bureau of Economic Research, a private organization, estimates that pension funds of corporations and unions will rise from \$2 billion in 1945 to \$180 billion in 1971.

By 1981, the study indicates, about 55 million workers will be protected. At that time about 10 million retired workers will be collecting benefits.

The white collar worker who finds himself at age 45 not a member of a pension plan may be in trouble. Almost every type of worker belongs to groups that protect him — associations, unions, societies. This type often belongs to no group.

Frequently he is alone. He is not organized. He cannot gather enough of his kind to march or picket or cast a blue vote. He is a particular case, an individual rather than a mass. In a nation supposedly made up of individuals he often finds society too rigid to make an exception for him.

Neither was the other "armored car driver" who dressed like the rest of the crowd, first, took charge of the sack and strolled away with \$6,000.

Chinese Arming Anti-Israelis BEIRUT, Lebanon (AP) — The head of the Palestine Liberation Organization confirmed today that his fledgling anti-Israeli army is being armed by Communist China.

"This is no secret," said Ahmed Shukairy. "China is one of our main sources of arms." The U.S. State Department has said it had reports but no documented evidence that Peking was donating weapons to the Arab force.

Shukairy's force is estimated at 4,000 trained Palestinian refugees whose families lost their homes in the Arab-Israeli war. Shukairy refused to give the number or types of arms received from China but said in an ironic voice: "It is the same quantity that the United States has provided to Israel — not as much."

Some Pension Plans Good, Some Not So Good

By JOHN CUNNINGHAM (AP) Business News Analyst NEW YORK (AP) — A study about to be distributed shows more than 23 million American workers are covered by pension funds. But that very security for the 23 million brings a nightmare to others.

Many companies today make their hiring decision on whether a worker fits into the pension plan, or sometimes the insurance plan. If he is over 45, even younger, he generally does not fit.

In order to accommodate a worker aged 45, a company has to make a big investment in him. If a worker joins a pension plan as a young man he underwrites his own retirement.

Sometimes it is as simple as that. The alternative for the individual on the outside looking for a job is to leave his craft, lower his standards of living and work, and perhaps move to another city in search of a job.

Unemployment compensation is not a consideration for such people, who sometimes are putting children through college, or paying on a home mortgage. Most still wish to look forward. At age 45 a worker now has a life expectancy of 27 more years.

The study of pension funds, by the National Bureau of Economic Research, a private organization, estimates that pension funds of corporations and unions will rise from \$2 billion in 1945 to \$180 billion in 1971.

By 1981, the study indicates, about 55 million workers will be protected. At that time about 10 million retired workers will be collecting benefits.

The white collar worker who finds himself at age 45 not a member of a pension plan may be in trouble. Almost every type of worker belongs to groups that protect him — associations, unions, societies. This type often belongs to no group.

Frequently he is alone. He is not organized. He cannot gather enough of his kind to march or picket or cast a blue vote. He is a particular case, an individual rather than a mass. In a nation supposedly made up of individuals he often finds society too rigid to make an exception for him.

Chinese Arming Anti-Israelis BEIRUT, Lebanon (AP) — The head of the Palestine Liberation Organization confirmed today that his fledgling anti-Israeli army is being armed by Communist China.

"This is no secret," said Ahmed Shukairy. "China is one of our main sources of arms." The U.S. State Department has said it had reports but no documented evidence that Peking was donating weapons to the Arab force.

Shukairy's force is estimated at 4,000 trained Palestinian refugees whose families lost their homes in the Arab-Israeli war. Shukairy refused to give the number or types of arms received from China but said in an ironic voice: "It is the same quantity that the United States has provided to Israel — not as much."

New directors are Clayton Benjamin, Omar Ringer, Ernest Southard and Herbert Stenstrom with Mrs. Olivia Fletcher as associate director.

Two Sanford Boy Scouts Patrick O'Neill and James Dunham, were awarded the rank of Life Scout at a Court of Honor held at the Grace Methodist Church.

Scoutmaster Ray Dunham assisted by Committee Chairman Paul Weber and Gene O'Neill presented the awards to the boys.

The rank of Star Scout was awarded to Dale O'Neill. Fenderfoots invited were Nicky Wells and Mark King. Merit badges were presented to Pat O'Neill; swimming, camping, citizenship in the nation, citizenship in the community, home repairs, Jim Dunham; fishing, first aid, swimming, Dale O'Neill; swimming.

Serving will be Mrs. Lois Golder, Mrs. Carol Pickney, Mrs. E. C. Gillespie, Mrs. M. Bunting, Mrs. L. McDonough, Mrs. Sue Yazel, Mrs. Betty Mark, Mrs. Laura Ford, Mrs. Edna Hoskins, Mrs. Olive Creighton, Mrs. Dottie Walsack, and Mrs. Betty Stebbins.

It was announced the PTC will sponsor a Halloween Carnival again this year and date was set for Oct. 28 with Mrs. Helen Paigott, first vice president, as general chairman.

A school patrol program a 4 ceremony was conducted Friday at 10 a.m. and annual tea honoring the teachers was slated for 3 until 5 p.m. today at the home of Mrs. Ethel Partrick in DelBarry.

Attic's Presentation Is Praised

By Jane Casselberry

A competent cast lovingly presented "The World of Carl Sandburg," as the Attic Theatre's first regular presentation of the season in Casselberry.

Honey excerpts from Sandburg's works on such subjects as love, birth, death, war, and Lincoln, were interspersed with American folk songs from the author's "song bag."

Bishop accompanied himself on the guitar as he sang such old favorites as "John Henry," "Poor Wayfaring Stranger," "Sleep John B.," and "I Ain't Gonna Study War No More."

Pat Villegas, the only female member of the cast, sparkled brightly against the background of black velvet and masculinity, giving her role deep feeling.

Neal Robinson, a Eustis doctor, brought to the presentation a lanky, relaxed manner one associates with the author and his hero, Abraham Lincoln.

Manny Pasco rounded out the cast.

Professional lighting techniques added much to the production as did the new stage built on three levels.

Future theater fare will include "The Little Hut" in October, "Antigone" in November, a musical in December, and "The Ginger Man" in January.

Missouri River Pollution Studied

ST. LOUIS, Mo. (AP) — Fluorescent red dye to study water pollution will be injected next week at 10 points along an 800-mile section of the Missouri River.

"This study could give us the reason for a large fish kill in the Missouri River above Kansas City in 1964," said Anthony Homyk, hydrologist-engineer with the U.S. Geological Survey in Rolla, Mo. Homyk is the project coordinator.

Kansas, Iowa, Nebraska and South Dakota, as well as the U.S. Geological Survey, Weather Bureau and Corps of Engineers are taking part in the experiment.

Homyk said the purpose of the red dye will be to determine how long it takes for pollutants to dilute and the time-of-travel of contaminants down the river.

Homyk said that as far as he knew this would be the first time that a red dye river study had ever been attempted "on this large a scale."

Demos Invade GOP Stronghold At Jax.

JACKSONVILLE (AP) — Florida Democrats deliberately chose Jacksonville as the site of their fund raising dinner Saturday night to demonstrate their strength, says Pat Thomas, chairman of the party's State Executive Committee.

Others ask if, as in some states, they need not re-register if they have not voted for two years. In Florida, registration is confirmed every two years by a card mailed in December to those on the registration lists.

ARC Service Classes Now Open

Wide variety of first aid and related health service classes are now in session, or are planned for the near future by Seminole County division of the American Red Cross, according to Dr. Maria Perez, committee chairman.

Other former governors scheduled to attend are Farris Bryant, Leroy Collins, Fuller Warren and Sen. Spessard Holland. Gov. Haydon Burns, who has withheld support from the man who beat him for re-nomination — Mayor Robert King High of Miami — hasn't said whether he will attend.

High will give the main speech at the dinner. Knitting a pair of nylon stockings involves some two million separate operations on about three miles of filament. A human being would need two months to do the job but a machine can do it in three minutes.

Businessmen Warned Of Unsolicited Listings

Seminole County Chamber of Commerce today warned that unsolicited listings were being placed in the area, to include busy, unsuspecting businessmen to pay for listings on directories they didn't order and don't want.

John E. Wright, executive manager of the Chamber, said this directory scheme is aimed particularly at company employees responsible for approving invoices for payment and often creates the impression that the solicitation forms represent a renewal of the company's listing or advertisement in the local telephone directory or other established directory.

Wright is emergency service chairman, with Mrs. Thelma Nathan serving as Negro division chairman and Mrs. Missouri Belle Swafford as South Seminole Chairman. Vice chairman is Mrs. Dorothy Sullivan. Red Cross is supported by United Fund.

Come to think of it, why should you give them up? Four out of five new car buyers pay Buick-sized prices. Make sure you get the Buick, and all the good things that go with it.

Miss Messer, Wade P. Goodner Exchange Vows

Miss Margaret Wimmel Messer, daughter of Mrs. Iris Messer of Sanford, and Wade Paul Goodner, son of Mrs. Fannie Goodner of Okeechobee, Tenn., were united in Holy Matrimony, Aug. 28, 1966, at 3 p. m. at the Central Baptist Church of Sanford.

Rev. Chet Plank was the officiating clergyman at the candlelight and double ring ceremony, before the altar decorated with potted palms, standard baskets of mums and candelabras.

Mrs. Darrell Grieme, organist, presented a program of nuptial selections and Bill Harrison of Signal Mountain, Tenn., sang "As We Are Today" and "Lord's Prayer."

Given in marriage by her uncle, J. B. Weaver, the bride wore a blue chiffon gown with long sleeves and a corset length train. Her hair was styled in a bouffant and she carried a white Bible topped with a white orchid and rosebuds.

New Millinery Shows That Ears Are "In" Side

By JEAN SPRAIN WILSON AP Fashion Writer

NEW YORK (AP)—There are certain things you ought to keep under your hat, at least during the winter.

These things are ears. Ears can't tolerate exposure to the bristly winds and low temperatures, even though eyes, nose and mouth can. Ears aren't very pretty anyway, especially not red ones.

Mothers who have not in the past necessarily been sensible about their own millinery have nevertheless insisted that their young wear headgear that cover mite-sized sensitive ears. They have put baby caps on their babies and stocking caps on their kiddies.

Now that all young clothes are anybody's fashion game, baby caps and stocking caps are for mothers, too. Indeed, they are for skiers, hunters, walkers—any female averse to frostbitten ears. Of course, there are numerous other sporting styles ranging from the one cap to the scarf hat, all dedicated to the task of keeping those heady appendages under wraps.

Sanford Women Initiated To Sorority

Beta Chapter of Delta Kappa Gamma, an honorary society for women teachers, met Saturday, Sept. 24, at the Civic Center in Leesburg, for the first meeting of the program year.

This chapter composed of members from Seminole, West Volusia and Lake Counties initiated their quota of new members. They were Mrs. Jim Rowe, of Sanford and Mrs. Rosalie Hill of Leesburg, active members and Mrs. Ralph Austin Smith, of Sanford, an honorary member.

Following an impressive initiation ceremony luncheon was served. Miss Cynthia Schumacher, Beta president, presented Miss Sara Ferguson, chapter member and a founder of Beta Chapter; Mrs. D. G. Walton introduced Mrs. June Albert, a Delta Kappa Gamma member from Wisconsin who is now a Sanford resident; and Miss Edna Chittenden introduced her guest, Mrs. Lucy Miller, retired Home Demonstration Agent of Leesburg.

Following the luncheon, program chairman Miss Betty Ford, of DeLand, announced that the two members who attended a workshop in Montreal, Canada this summer would give the program.

Miss Nina Shuman of Leesburg, spoke on the history of Montreal and gave an impressive description of the modern city and hotel where the seminar was held.

Miss Cynthia Schumacher, also of Leesburg, spoke about the workshop with "Purposeful Living" as the theme. She gave excerpts from some of the famous speakers who were representative of communication in many fields and countries. In closing her remarks she challenged other Beta members to attend the next seminar. Miss Schumacher told the group that this was the first such workshop attempted by the society but that it was so successful another is being planned for 1967.

Those attending the meeting from Seminole County were the two initiates, Mrs. Rowe and Mrs. Smith; Mrs. Nancy Brock, area chairman; Miss Isabel Chapman, vice president; Miss Edna Chittenden, Mrs. W. P. Laver, Mrs. C. J. Meriwether, Mrs. J. C. Mitchell, Mrs. R. T. Milwee, Mrs. E. J. Schmitt, Mrs. M. B. Smith, Mrs. D. G. Walton, Mrs. P. J. Westgate and Mrs. Howard Wheeling, all of Sanford.

Mackall - Reid Engagement Told

MISS MACKALL

Mrs. Ruby Hackett of Enterprise, is announcing the engagement of her daughter, Miss Patricia Joan Mackall, to Robert Preston Reid, son of Mrs. Sue Reid and the late Clyde Reid of Apopka.

The bride-elect, also the daughter of Robert V. Mackall, of Lake City, was born in DeLand and is a graduate of Seminole High School where she was a member of the Twirling Seminoles. She is presently employed by Southern Bell Telephone Company.

Her fiancé was born in Knoxville, Tenn., and was graduated from Apopka Memorial High School. He is presently self-employed.

An October wedding is planned with complete details announced at a later date.

MICHELE MARLENE ANDERSON, daughter of Mr. and Mrs. C. F. Anderson of Chuluota, celebrated her fourth birthday Sept. 17, by having an outdoor party. Cake, ice cream, Cokes, and candy were served to Joe and Mark Stoddard, Lorrie Tracy and Pam Elston, Charlene Davy Anderson, Mrs. Mary Ann Elston, Mrs. Josie Stoddard, Mr. and Mrs. Ira Smith and Mr. and Mrs. R. F. Anderson.

Local Jaycees Gala Fall Frolic Slated Saturday

The evening of Saturday, Oct. 1, has been selected as the date for this year's Jaycee Fall Frolic. Festivities will begin at 8 p. m. in the Florida Power & Light Club House adjacent to the Florida Power Utility Plant located on the North shore of Lake Monroe.

Candlelight Fall decor theme, and the soft music of Nick Pfitzner will provide the backdrop for an informal evening of dancing, contests and refreshments.

This year's Fall Frolic will provide an opportunity for old and new members to become acquainted or renew old friendships. It also provides an occasion to celebrate the climax of a highly successful membership drive and the approach of an invigorating Fall season.

All Jaycee members, associate members and prospective members are cordially invited to attend.

Attire for the evening is informal. Reservations can be obtained by writing the Jaycees Building, P.O. Box 1543 or calling 322-5481. All new members paying their dues during the period of Sept. 26 through Oct. 1, 1966, will be admitted free.

Nassau Cruise Highlights Adventure

By MRS. H. L. JOHNSON

Four Sanford matrons, Caroline Piere, June Brown, Carrie Clough and Irene Kelley recently returned home after a four-day cruise to Nassau and despite a couple of misfortunes vowed they would certainly go again.

They motored to Miami where they boarded the ship which they christened the "Nassau." The trip required about 18 hours. The ship served as their hotel while in Nassau. They visited many places on the island which is seven miles wide and 21 miles long. The sea level is 216 feet above sea level. The natives are described as very friendly and the horse-drawn carriages proved a delightful way to ride around the island.

Everything in the shops is shipped in from Hong Kong and other ports. The homes were decorated as beautiful. The main foliage is various colored Crotons. The temperature is a year round low 82 degrees with a high of 82 degrees.

The group climbed the water tower where they could see the whole island. The tower is 126 feet high and is 216 feet above sea level. The natives are described as very friendly and the horse-drawn carriages proved a delightful way to ride around the island.

While touring the island they saw the government house and visited one of the Catholic Churches. New hotels are being constructed and additions being added to the old ones in order to accommodate the many tourists.

June Brown had the misfortune of being injured on the ship and was taken to the Lady Seminole Memorial Hospital, the first thing she noticed was the Pink Ladies and Candy Strippers there.

Since returning home, Carrie Clough has been a patient at Seminole Memorial Hospital. These two misfortunes will not stop them from returning for a much longer visit again, which they hope is real soon.
