## Mountain Memorial Plans Of Lukeman Are Approved; Lee Statue To Be 153 Feet

ATLANTA, Aug. 28.—(AP)—Official approval of Augustus Lukeman's design for the Central group of the Stone Mountain Confederate memorial was given Thursday by the board of directors at a special meeting here. The design was submitted in the form of a sketch model in plaster which will be enlarged immediately to the dimensions desired.

Several principal figures of the higher command of the Confederate Army with two subsidiary figures representing flag bearers are included.

Jefferson Davis, President of the Confederacy, and commander in chief of the Southern forces is to be seen on the left of the group. He is in civilian garb with a flowing cape. Next is General Robert E. Lee, commander of the armies in the field, astride his famous mount Traveler. Stonewall Jackson is next to Lee, mounted on "Old Sorrel."

General Jackson wears the uniform of a lieutenant general and a riding cape which flutters over his shoulder. Next in line, from left to right are the two flag bearers and to the right of them are four Confederate generals, who are to be selected by a historical commission composed of state historians of the 13 confederate states.

Figures of these generals are sketched in the position they will occupy but are not modeled in likeness as are Davis, Lee and Jackson.

All figures in the central group are in motion so that there is a great deal of life given to the carving and when the monument is carved in the side of the mountain they will appear to be riding across it. Mr. Lukeman explained that the group was devised so as to fit the previous work done and will necessitate no carving away of granite to make the mountain ready to receive it.

The group conforms to the contour of the mountain. The complete topographical maps of which were furnished by the association's engineer, Dr. L. W. Robert, Jr., Dr. Lukeman said in his statement to the directors. There were some delays in making the physical models. Plans will utilize practically all of the old work with some modification.

Plans are ready for a resumption of work on the mountain in a few days. The working models are almost complete. The statue of General Lee will measure 153 feet from the crown of his hat to the tip of his horse's feet.

## STATE PAPERS WILL BE USED IN ADVERTISING

Trade Body Decides That More Results Can Be Obtained By Confining Campaign Exclusively To Florida Papers

Increased Telephone Service Is Promised

Read Discussion Brings Out Declaration That City Gets Only Tenth of Travelers

At its weekly luncheon meeting today at the Seminole Cafe, the Chamber of Commerce recommended to its publicity committee that for the time being, all of the money appropriated for advertising in newspapers, should be spent in papers of this state.

This three-year-old Van Noy (Calif., Thomp. Dudley Ark.) is heir to \$200,000, more money than many men ever earn, yet he is homeless. A Kentucky court awarded the boy to his father, then a California court awarded him to his grandmother, and another court awarded the boy to his father until the case is finally settled.

## Homeless

This three-year-old Van Noy (Calif., Thomp. Dudley Ark.) is heir to \$200,000, more money than many men ever earn, yet he is homeless.

## SOUTH CAROLINA MEN BUY STORE FROM R. C. BOWER

Local Business Men Leaves Drug Store Line After A Career of 20 Years; Bower to Enter Real Estate Field

Sale of his drug store at 204 First Street with all of its fixtures and a lease on the store room to J. H. Powe and Dr. J. H. Teague of Laurens, S. C., was announced today by R. C. Bower, who retires from the drug business after 20 years of activity in that line.

Among those who spoke favoring concentration of the money in a state campaign were: Mayor Forrest Lake, George A. DeCottis and Frank P. Forster. Each of the three stressed the importance of advertising in this state, giving the fact that so many cities in the state have already been filled up and that the surplus population must be appealed to. They also brought out the fact that more advertising space, bringing the same or greater results, could be secured by using state papers instead of northern papers.

## SANFORD GETS FINE PUBLICITY FROM THE A.C.L.

Atlantic Coast Line Official Sends Out Special Communication Setting Fort Advantages Offered By City

Trade Body's Efforts Have Been Rewarded

Sanford As a Winter Resort Town Is Pictured in Letter Addressed to Ticket Agent

Chamber of Commerce officials today expressed the highest gratification at the recognition accorded Sanford as a tourist city in a special communication issued by the passenger traffic department of the Atlantic Coast Line Railroad and addressed to all ticket agents and connections of the company's system.

The local Chamber of Commerce has been carrying on a vigorous agitation to bring about this recognition for some time. Secretary Pearson stated, but the lack of adequate hotel accommodations here has prevented the railroad from cooperating.

Since the commencement of work on the new Hotel Forrest Lake this difficulty has been removed and now Sanford has been placed on the lists of towns recommended by ticket agents in all sections of the district served by the Atlantic Coast Line railroad.

The text of the bulletin follows: "The Atlantic Coast Line announces that the Forrest Lake Hotel, Sanford, Fla., is nearing completion and will be open for guests Jan. 1, 1926."

"The Forrest Lake" is a modern, fireproof hotel and has 165 guest rooms each with bath. It is located on the east side of Sanford overlooking Lake Monroe. The lake front is now being bulkheaded and an eighty-foot boulevard is being built around it before will pass immediately in front of the hotel.

## General Mine Strike Called September 1; 158,000 Men To Quit

AMERICAN PARTY BROKE CONTRACT SAYS MONGOLIA

Country Gives This Reason For Expelling Expedition of Andrews; Asserts Andrews Went Beyond His Agreement

MOSCOW, Aug. 28.—(AP)—The Mongolian mission in Moscow issued a statement Thursday asserting that the third Asiatic expedition of the American Museum of Natural History, under the leadership of Roy Chapman Andrews, has been ordered expelled from Mongolian territory by the Urga government on the ground that the expedition violated agreements made by its leader with the Mongolian authorities.

The statement alleges that the expedition entered Mongolia in May "fully armed in military fashion," and that it included lieutenants of the British army, an English consular officer, and other persons whose names Mr. Andrews did not register with the Mongolian authorities. The statement continues:

"Andrews was cautioned several times to limit his investigations to scientific work but he disregarded all warnings."

The Mongolian government, the statement added, had no other recourse but to order the expedition's expulsion.

Claim Agreement Violated. The Mongolian mission denied the statement attributed recently to Mr. Andrews that friction between the Russian soviet government and the Urga government has created conditions which made a continuation of the expedition scientifically impossible.

The mission repudiates what it calls "Andrews' slanderous statement," that the Mongolian government was in any way or another subordinate to the Moscow government. The mission states that friendly relations between Mongolia and Russia are developing satisfactorily and that no frictions exist.

## OFFICERS IN NEW ORLEANS HELD IN RUM CONSPIRACY

Negro Customs Collector and 33 Other Arrested Wednesday Charged With Having a Part in Liquor Smuggling

NEW ORLEANS, Aug. 28.—(AP)—Walter L. Cohen, negro collector of the customs for the New Orleans district; Dr. L. A. Meroux, sheriff of St. Bernard Parish; Captain Joseph Johnson, of the New Orleans police department; and others, were arrested Wednesday and charged with having a part in liquor smuggling.

The indictments also name Alonzo Patterson and Arthur Battelle, alleged heads of a gigantic rum ring, both of whom were arrested at New Orleans during the recent campaign conducted on the gulf coast by more than 200 dry raiders, who were directed by E. C. Yellowley, chief of general prohibition agents, and Assistant Attorney General A. N. Siger.

A grand jury's report, containing a clause which said, "it has been decided by this body that it is time to awaken to the menaces which are growing up from indifference to violations of the Volstead act," was the subject of a court pronouncement by United States Judge H. D. Clayton of Alabama, temporarily assigned to fill the vacancy caused by the recent death of Judge Charlton R. Beattie.

Judge Clayton, after commending the jurors for faithfulness and courage in doing their duty, said, "The example of defiance represented by the continued presence of a 'rum row' at our door steps in the Gulf of Mexico is the greatest insult ever given the United States."

The indictments alleged that Cohen, Sheriff Meroux and others conspired to transport 3,250 cases of liquor from Havana, Cuba, to New Orleans between June and August 10, that Police Captain Johnson, with two members of the New Orleans force, assisted in the landing of liquor from the speed boat Champion, said to belong to Witterson, and that \$10,000 in "protection" money was paid over to Patrick Neelan, an prohibition agent, in connection with the deal.

## M'MILLAN RACING SOUTH RUNS INTO SEVERE WEATHER

Conditions Even Worse Than Those Encountered on Trip Going to North Land; High Seas, Blizzard Beat Boats

WASHINGTON, Aug. 28.—(AP)—Weather conditions even worse than those encountered on its northward journey are being met by the MacMillan Arctic expedition on its retreat southward, said a message received Thursday by the National Geographic Society.

The message, dated yesterday and transmitted through the short wave station of the Zenith Radio Corporation of Chicago, said:

"The Peary, which anchored last night in the lee of Conical Rock, off Parker Snow Point, had to go within 100 yards of a rocky coast for more than 24 hours, and being unable to find good holding ground, was forced to lay under full power all night. In the early morning better visibility made approach to the mainland practicable.

"This morning the airplane carrier changed her position to the tiny but good harbor at Akpahnai. Blizzard and High Seas.

"There has been a big blizzard for more than 24 hours with a heavy wind and high seas. The sea movement is somewhat moderated by icebergs.

## Darrow 'Unethical' In Evolution Trial, Asserts Ohio Judge

CLEVELAND, O., Aug. 28.—(AP)—The conduct of Clarence Darrow in the Scopes trial in Dayton, Penn., was pointed to Thursday by C. T. Marshall, chief justice of the Ohio supreme court, as "an example of the unethical practitioner" which "should bring upon him the condemnation of all self-respecting members of the bench and bar."

The chief justice's criticism was made in an address to 200 law students sworn in as attorneys here.

"The law in that case was plain and simple," he said. "Neither the indictment nor the statute under which the indictment was framed contained any mention of evolution neither did they in the remotest degree involve or necessarily provoke any discussion of the theory of evolution.

## Suffering From Tuberculosis, Fake War Hero Is Given Prison Release

ATLANTA, Ga., Aug. 28.—(AP)—Robert E. St. Clair, who as a prisoner in the Atlanta federal penitentiary last year was the principal in a case of mistaken identity when he was held as Urban Johnson Gergeron, Menasha, Wis., war hero slain in France, and was hailed as the son of his Bergeron's parents, has gained his freedom.

This fact was made known here today when it was learned that St. Clair gained his freedom by a special order of Attorney General J. G. Sargent after recommendation of a parole board which met here several weeks ago. He is said to be suffering from the last stages of tuberculosis and is not expected to live more than a few months.

## Capital Hastening Debt Settlement of Smaller Countries

WASHINGTON, Aug. 28.—(AP)—While awaiting clarification of the foreign debt situation as regards the French obligations, the Washington government has moved to hasten action by the smaller powers whose debts to the United States remain unfunded.

With the Italian negotiations scheduled to be resumed as soon as that government can assemble data requested by the American Debt Commission, and the French mission expected to arrive here for conferences about September 15, officials feel that the time has arrived for the nations owing small amounts to talk business.

Some of them have been told, and others soon will be informed, that this government sees no reason for further delay in receiving funding proposals from them.

## Revenue Boat Engages In Fight With Runners

WEST PALM BEACH, Aug. 28.—(AP)—Firing one pound shells as fast as its single gun could be loaded and discharged, a revenue cutter last night engaged in combat with smugglers and liquor runners inside the Lake Worth inlet and forced two smuggling craft out to sea where the battle continued. Six negro aliens were captured as the government boat came upon the ships unexpectedly, a searchlight revealing an attempt to land liquor and aliens. No report was made as to capture of the boats.

## Tampa Is Quiet After Strike Demonstration

TAMPA, Aug. 28.—(AP)—Ybor City, the center of Tampa's cigar industries, today was reported quiet following the demonstration yesterday of more than 1000 sympathizers of striking cigar makers. Extra policemen have been detailed to the section to keep order although officials say they expect no serious trouble. Early today three factories, employing about 200 men and women were reported idle. Demands for better working conditions are said to be origin of the strike.

## Markets

CHICAGO, Aug. 28.—(AP)—Wheat, September, 1.50 to 1.51; December, 1.55 to 1.56; Corn, September, 94 to 94 1/2; Oats, September 38 to 38 1/2.

**STEWART'S WASHINGTON LETTER**  
By CHARLES P. STEWART

WASHINGTON, Aug. 27.—Is the world in danger of working up to a larger population than it can support?—or, rather, more than it can support comfortably?  
Of course, those it absolutely can't support will die. But a great many more than it can support decently may be able to eke out a bare existence, which is just the condition prevailing on some parts of the globe now.  
For some reason or other this has been a red hot topic of discussion in certain Washington circles—biologists, farm experts, census workers, geographers, historians and military men—ever since the war. What's more, the historians say it crops up after every great war.

Why is this?—right after a war?—when one would suppose the world would be thinking about replenishment of its human loss?  
One group of scientists, which pooh-poohs the Malthusian theory, calls such worrying pure foolishness—an aftermath of war-bred hysteria.  
The other main group, to which most of the military men belong, replies that all big wars are caused, primarily, by local overcrowding, which reminds people of the awful situation which will prevail when it's worldwide.  
With the scientists in such complete disagreement, any layman is at liberty to solve the problem for himself.

**Spitzbergen Enjoys Many Pleasures In Its Lengthy Winter**

BARTENSBURG, Green Harbor, Spitzbergen, Aug. 26.—(AP)—Wintering in Spitzbergen is anything but the dreadful ordeal that people in other parts of the world might imagine it to be. A correspondent of the Associated Press, discussing the subject with the wife of an official here was told:  
"We have the jolliest time imaginable in winter. People who don't know Spitzbergen think of it as a land shrouded in gloom, lashed by incessant blizzards and wholly unfit for civilized people. That is quite a mistake. After the ice closes in, say in October, we know we are thrown upon our own resources, and we make the best of them.  
"It is never really pitch dark. For several months there is always a faint glow in the sky, and of course the whiteness of the snow helps. Then we have the radio; in winter we can hear London and Paris; we have music parties, social evenings, billiard tournaments, and, my goodness, think of the glorious snow sports and skiing competitions, and the lovely sledding trips! We often visit our neighbors at Advent Bay with our dog sledges. It takes 18 hours across the mountains. The Advent Bay people visit the Swedes at Braganza Bay, and we have no end of fun—we are just one happy family. But it would be lovely to see Paris and London again," she added with a far-away look in her eyes.  
Freezing temperature of salt water is four degrees lower than that of fresh water.  
Cork legs are named in honor of their inventor, a Dr. Cork, and not for the material used.

**Henry Speeds**

Even Henry Ford speeds a bit once in a while. Deputy Sheriff Harold Hamilton, above, of Melvindale, Mich., arrested the flivver king when the Ford can—not a Ford car—hit 46 miles an hour. The sheriff threatened to fire Hamilton when the Ford car—not a Ford and the police chief of the village said he would oust him if he did. There was no apology, and Hamilton was notified he could have a job in the Ford plant if he were fired.

"Where the child doth well, let the master praise him, and say, here ye do well. For I assure you, there is no such whetstone to sharpen a good wit and encourage a will to learning, as is praise."  
—Roger Ascham, 1515-1568.

**TO ALL PROPERTY OWNERS OWNING PROPERTY ON CENTRAL STREET BETWEEN PARK AVENUE AND FRENCH AVENUE**

The following is the final estimate of the cost of widening the paving on Central Street from Park Ave., west to French Ave., from 16 feet to 24 feet in width with sheet asphalt on a 6 inch rock base.  
665 cu yds grading at 40c..... 266.00  
3139 lin ft curb and gutter at 76c..... 2,386.64  
149 lin ft flush curb at 35c..... 52.15  
1196 sq yds rock base 6 inches thick at 80c..... 956.80  
1377 sq yds 2 inch sheet asphalt top at \$1.02..... 1,404.54  
456 sq ft concrete alley returns at 30c..... 136.80  
1 type A inlets..... 35.00  
2 type B inlets at \$30.00..... 60.00  
303 lin ft 15 inch storm sewer 8-10 ft deep..... 1,060.50  
332 lin ft 12 inch storm sewer at \$1.05..... 348.60  
1 Manhole 4-6 ft..... 85.00  
1 Manhole 8-10 ft..... 85.00  
Extra work..... 288.34  
Laboratory inspection of materials..... 41.80  
Legal expense adv. etc 2%..... 143.42  
Engineering 5%..... 358.56

The total cost exceeds the preliminary estimated cost which cannot be exceeded in assessment against the adjacent property.

BANCROFT LAID TO REST WITH PLAIN SERVICE

Simple Rites Mark Funeral Of Late Minister to Japan; Vice-President Is Present

CHICAGO, Aug. 28.—(AP)—The simple funeral service of the Presbyterian church was held Thursday for Edgar A. Bancroft, whose recent death in Tokio ended a long career, crowded by his appointment as ambassador to Japan. In the brief rite for the departed ambassador, however, law all the honor that the nation and Chicago, scene of his earlier struggle, could add to that of the "Flowery Kingdom." Charles G. Dawes, vice-president, Tsuno Matsudaira, Japanese ambassador to the United States and J. Butler Wright, assistant secretary of state, representing President Coolidge, Chief Justice Taft and Secretary Kellogg were among the dignitaries who attended the brief ceremony. Ambassador Matsudaira and Vice-President Dawes walked together down the aisle of the church after a final tribute to the flag-draped coffin of the man described earlier in the day by the Japanese representative as having done much to heal the hurts of Japan after passage of the American immigration law.

Announcement!

We wish to announce to our many friends in Sanford and Seminole County, that we have entered the Real Estate business, and that we are in a position to give

"Service that is Reliable"

We handle homes, city lots, business property, orange groves, truck farms, and acreages.

Nothing too large—nothing too small to warrant our best efforts.

We will appreciate your patronage, and if you want "reliable service" would ask you to list your property with us.

STEWART'S WASHINGTON LETTER

WASHINGTON, Aug. 28.—(AP)—Washington has an idea that Vice President Dawes will come back for the next session of Congress considerably chastened. His demand for a change of the Senate rules has been sized up here, all along, as a bid for the reputation of a regular "feller"—a chap who jumped right into the midst of a bad situation, which others had deplored for years with out being able to do anything about it, and straightened it out in a jiffy time. Very few politicians believe Dawes cared much about the Senate rules, in and for themselves, one way or the other. They think he simply wanted to create a sensation by doing something strenuous, and the Senate rules were handy. The trouble is, the vice president's performance requires a climax, in order to be impressive, and there isn't going to be any. That's generally agreed. Now, up to date, has it proved a particularly popular attraction. The public hasn't "enthused" over it, it certainly makes no hit among the senators, and President Coolidge, and his advisors regard it with cold indifference. They don't like Dawes very well anyway. Senator Moses' estimate that 20 is the maximum number of votes the Dawes scheme will get, is considered here to be high, if anything.

Plans For Erection Of Orlando Y.M.C.A. Take Definite Form

ORLANDO, Fla., Aug. 28.—(AP)—Plans for the erection of a modern Y. M. C. A. building in this city, had taken more definite form with the arrival here of D. O. Hibbard, newly elected general secretary of the Orange County Young Men's Christian Association. Mr. Hibbard has just returned from Athens, Greece, where for five years he has been engaged in the organization of an association there. "The Greeks" said Mr. Hibbard, "are not familiar with play lifts as we Americans are, but it did not take them long to get the idea, and to enter with whole hearted enthusiasm into the physical department work of the institution. The educational department also

made a great hit with them, and when I left Athens, the various classes had a total enrollment of more than 600."

Mr. Hibbard has been in the Y. M. C. A. work eighteen years. He started in the boys department and has worked through all the varied "Y" activities, including the state work in Virginia, with headquarters in Richmond, which was his last station before going to Europe.

In the National Museum is a fossil of a dwarfed camel, believed to be 1,800,000 years old.

The story of William Tell, hero of a Swiss legend, is in its main features common to all Aryan peoples.

One idea of the size of the Long-Bell lumber operation at Longview, Wash., may be gained from the company's recent order for 400 General Electric motors for individual machines, ranging from 3 to 300 horsepower.

**SOUTH CAROLINA MEN BUY STORE FROM MR. C. BROWNE**

(Continued from Page One)

Bower has been identified with many civic enterprises. He helped to form the Sanford Chamber of Commerce and was a member of its first board of governors. For several years he served as head of the finance committee and at the present time is a member of the publicity committee.

With Edward Higgins and Dr. Samuel Puleston, Mr. Bower opened the first subdivision in Sanford, Rose Court. Several years ago when the Valdez Hotel was erected as a community enterprise Mr. Bower aided materially in getting the project under way and was a member of the building committee of the corporation that had it constructed.

In connection with the announcement of the disposal of his store, Mr. Bower expressed appreciation to friends and patrons for their patronage and many courtesies given him while engaged in the drug business. Sanford, he declared, is home to him and expects to live here for the remainder of his life.

**OFFICERS IN NEW ORLEANS HELD IN RUM CONSPIRACY**

(Continued from Page One)

supply the liquor with no danger of interference or capture and that he was consulted on July 27, in one instance by Patterson, on the whereabouts of the customs launch

Rita after which, it is alleged, a boat load of liquor was brought to New Orleans by the Champlior and guarded by Captain Johnson on the way to the Patterson home.

Captain Johnson, Police Corporal Joseph Conrad and a patrolman were suspended and placed under charges soon after the incident, and Conrad and the patrolman were tried and dismissed from the force. Charges against Captain Johnson are pending.

Battistella made the purchase of liquor from a firm in Havana, the indictments charges, and conveyed it to "rum row" aboard the schooner Phyllis P. Mosher, during which the payment of \$10,000 to Neeshom was made, federal officials said, with the day agent acting under instructions to accept such money, in an effort to learn the identity of the heads of the alleged ring.

At the offices of Cohen it was said he was out of the city.

**STATE PAPERS WILL BE USED IN ADVERTISING**

(Continued from Page One)

missioners in getting this road completed as soon as possible. Those appointed on the committee were: S. O. Shinholser, Frank P. Forster and Judge E. F. Household.

A general discussion about the road situation in this section of the state was held, during which it was brought out that due to the bad condition of the Sanford-DeLand road at the present time, tourist travel is being diverted by

way of Mount Dora and Orlando and that as a result, Sanford is getting only about one-tenth of the southward travelers.

Mayor Lake stated that it will soon be time for the State Road Department to take up the matter of selecting a new route for the Sanford-Orlando road and urged that the Chamber of Commerce do all in its power to have that routing of the road between this city and Winter Park, lie in Seminole county. A committee for this purpose will be appointed later, it was announced.

M. B. Hutton stated that road work all over this part of the state is being held up because railroads have not furnished the cars necessary to haul the road materials. He declared that car shortages resulting in the shortages of the materials has been delaying road work for some time and predicted that unless something is done soon to meet the situation, the road builders will be compelled to suspend operations within sixty days.

**Displacement of Agriculture** estimates give the total world wheat production as 2,110,000,000 bushels or 45,000,000 bushels above that of last year. This is no great surplus; last year the world supply was short enough to bring high prices. The figures indicate that prices must be good, but not excessive; enough to insure the grower a good return, and still give the ultimate consumer a chance for his life.

Fort Pierce—Bids to be opened soon for \$1,500,000 street improvement project.

Laurel—New speedway formally opened.

**BIRTHS IN JAPAN AVERAGE NEARLY 4 EVERY MINUTE**

Japanese Birth and Death Rates Among The Highest Among Nations of World; Birth Rate Is The Largest

OSAKA, Aug. 28.—(AP)—Illustrations at the recent national statistics exhibition showed that the population of Japan is increasing at the rate of approximately three persons every two minutes. Calculating apparatus of the latest invention was exhibited, as also were charts and drawings illustrating all kinds of statistics.

In the population section it was shown that births in Japan are at the rate of 3.88 a minute while deaths occur at the rate of 2.4 a minute, leaving a net gain of 1.48 a minute. The Japanese birth and death rates, figured in that way, were shown to be the highest among the nations of the world.

As to births, Germany came after Japan with slightly less than three a minute; Britain was next with a little more than two and France showed a rate of one and one-half a minute.

Other statistics which attracted attention showed that in 1913 Osaka consumed luxuries valued at 1,200,000 yen, while the value of luxuries consumed in 1923 had increased to 7,300,000 yen.

**French Challenger Seeks Speed Boat's Trophy In The U. S.**

DETROIT, Aug. 28.—(AP)—With the conclusion of negotiations between T. A. Clarke, French challenger for the British International (Harmsworth) Trophy and the Yachtsmen's Association of America, the Detroit Gold Cup Committee has assurance of an international flavor to the speed boat races here September 5-7, in connection with the annual Detroit Regatta.

The trophy race to be run on the Detroit river under the auspices of the Yachtsmen's Association and the Detroit Yacht Club will be the 13th contest for the treasured symbol of motor supremacy, originally offered by the late Lord Northcliffe, then known as Sir Alfred Harmsworth.

It marks the second race in American waters for the trophy and the second in fresh water. It has been held five times in English waters, once in French waters, and once off Queenstown, Ireland.

Clarke challenged a team to be composed of Gar Wood, who brought the trophy to this country in 1920 and captured it again the following year; his son, Garfield A. Wood, Jr., and H. Alex Johnson of New York City.

The present world's record, held by Wood, is 80.567 miles an hour. During the 18-year period in which the Harmsworth Trophy has been run—twelve times in all—it has been captured by Americans six times.

**Remains of Old Races Are Found In Florida**

WASHINGTON, Aug. 28.—(AP)—Human remains, believed to be of Pleistocene era and of great value to science in studying the theory of prehistoric civilization in America, have been found on the Florida coast by an expedition headed by Dr. James W. Gridley, paleontologist of the Smithsonian Institution.

Dr. Gridley has just returned from the expedition and brought the fossil remains consisting of crushed skull and various other parts of human skeletons back with him for study. They were found near Melbourne and Vero Beach on the East Coast of Florida.

**Two Airmen Killed In Collision of Planes**

CHICAGO, Aug. 28.—(AP)—Two aviators in one plane were killed in a collision with two United States army airplanes 500 feet above Maywood Air Field late yesterday. The pilot of the second machine escaped injury although his plane was partly wrecked.

**MOUNTAINS OF WASTED ENERGY**

SAVED BY PHONING FOR FOOD

Why waste your energy to dress for market, then shop around from store to store and lug home burdensome bundles? It costs you an hour every day and invaluable energy—you never look or feel the same as when you started out.

Why not 'Phone us for Food' in the privacy of your own home? Use this extra hour and the saved energy for some pleasurable recreation.

A trial of our service will make you say "why didn't I 'Phone for Food' before?"

- THE HERALD'S PLATFORM: 1.—Deeper water route to Jacksonville. 2.—Construction of St. Johns-Inland River canal.

BIBLE THOUGHT FOR TODAY SAFETY OF THE PERFECT: Behold, God will not cast away a perfect man, neither will he help the evil doers. Job 8:20.

THE CALL

Out in the night weary voices are calling. Far from the light sorrow's toil is appalling.

Wearied of strife, some in anguish are crying; Weary of life, some have given up trying.

Wake from thy sleep, there's no time for delaying, Rouse ye to work, fill each moment with praying!

"Earth was not meant for thy own selfish pleasure; Seek for thy gain and thou'lt never find the treasure;

Go through the night to those sorrowing voices! Lead to the light those reaping o'er losses!

Give of thy strength and His arm shall uphold thee, Give of thy joy and His grace shall enfold thee;

Lighten their path with a gleam of His love! Live as thou wouldst were He dwelling beside thee!

Sanford is now helping to supply Fort Lauderdale with ice to meet the shortage that has been prevalent for some time.

An advertisement in the Honolulu Advertiser says, "If the person who took two pairs of trousers from Ford coupe on Cleghorne Drive Wednesday will return same, he will save the owner embarrassment."

Dollars that grew in Alabama Are running off To Miami.

And dollar chasers From Montgomery Are making good In Manatee.

But if you like the looks Of the dollar bill Tr—your luck In Jacksonville.

If your dollars From your scanner, Just make some more Down here in Tampa.

Bring your dollars To this good town, Get five for every One you put down.

It Reflects A Prosperous City

America has been termed the land of architectural variety. It has developed architectural styles of its own, but in doing so has taken those of other countries and has adapted them to its own requirements.

The increasing use of different materials is astonishing when it is remembered that not so very many years ago the log cabin represented the ultra-fashionable in homes.

America's advancement in the use of architectural styles and building materials can be accurately gauged by a short trip through the residential districts of any city.

The Seminole County Bank has taken the lead in dressing up for fall by refinishing the exterior of its building.

Tourists this winter will compare Sanford and its buildings with other Florida cities and we must see that the substantial characteristics of the city show itself in the type and finish of its structures.

Save Your Old Newspapers

We were under the impression that newspapers had only one use in the world and that was to give the news of the day.

He had been accumulating old papers for a long time and when he started using them in the construction of his home he had about twenty-five thousand of them lying around.

The walls of the house were covered with diamond-shaped shingles, made from twenty thicknesses of the paper, glued, folded and pressed in the same way as the other boards.

Plenty of rain has fallen on the house, the builder says, but it is standing up in good shape.

So don't throw away your old newspapers. They may come in a bit handy one of these days.

MY FAVORITE STORIES

A colored man was idling along the sidewalk on the opposite side of the street from where the county jail stood.

"What you want?" he demanded. "I want to ask you a question," said the invisible prisoner.

"Well, ax it. I's listenin'." "Is you got a watch on you?" "Suttinly I's got a watch on me."

HOW WE MISJUDGE MEN

The beautiful tributes paid to the memory of William Jennings Bryan, even by his erstwhile calumniators, tell in a wonderful manner how he was misjudged and the effort that was employed to have him misjudged.

For more than forty years before his death Henry Watterson's name was always mentioned in connection with the mint beds of Kentucky.

Who is it that has not heard the self-same stories about Henry Clay Daniel Webster and other of our great statesmen.

Even "off-color" stories were whispered against our war president who was so immaculate in his conduct.

As Brisbane Sees It

America's Enemy—FAT. Mr. Heyburn Sees France. 10-Pound Baby? Wrong. 45-Year-Old Umbrella? Wrong.

WHAT IS more dangerous than ocean travel riding on railroads, or flying in an airplane?

FAT KILLS Americans more rapidly than anything else. Fatty degeneration of the heart kills many.

THE SAFEST place in the world as regards accidents is the cabin of a big steamship on the ocean.

THE man in greatest danger is the fat man past middle age, eating heartily and hurriedly when he is tired.

LEARN, PROUD parents, that the much praised "ten-pound baby" isn't the thing at all.

CONGRESSMAN ACKERMAN, of Plainfield, N. J., has owned the same umbrella forty-five years.

IF HE had put the umbrella down, forgotten it, and left it while looking at a piece of good real estate, and hurrying off to buy it, he might easily have made enough to buy a thousand good umbrellas, or a million.

LET THIS picture sink into your minds. Then cut it out and mail it to your Senator or to your Congressman, whichever you prefer.

Three Russian fighting planes flew out to meet them, the three Russians and two Japanese pilots flying into Moscow "in wedge-shaped battle formation."

JAPANESE, CHINESE and Russians would make a great combination, if they ever get together in the air.

A SHORT-HORN bull was sold in the Argentine Republic yesterday for \$60,000, record price for that breed.

THESE PRICES show what can be done by breeding among animals. You can get a perfectly good bull for \$40.

GOOD NEWS for little automobile owners. Gasoline prices are slashed all over the country.

STUDENTS of eugenics think careful breeding will produce equal improvement in human beings. They are mistaken.

AN ABLE German chemist has produced half a ton of fine oil from one ton of coal in twelve minutes.

After years of fighting to break down the archaic code of ethics that has stood in the way of legitimate medical advertising.

A BREAK IN THE LINE

After years of fighting to break down the archaic code of ethics that has stood in the way of legitimate medical advertising.

Also it is proposed to submit to the newspapers "for the public for which they pay in taxes to the government."

THE Christian Monitor, of Boston, with unaccustomed graciousness, upsets a tradition of editorial dignity to felicitate Great Britain and the United States on the latest achievement in trans-Atlantic radio.

LEaving aside all international felicities, what is behind these recent attempts to exalt and canonize jazz music?

HIS BEST ORIENTAL SHIRT

QUERY AS TO JAZZ MUSIC

MIAMI TRIBUNE

The Christian Monitor, of Boston, with unaccustomed graciousness, upsets a tradition of editorial dignity to felicitate Great Britain and the United States on the latest achievement in trans-Atlantic radio.

To the average unbiased observer, no doubt, this will seem a rather flimsy excuse for exhuming the old "hands across the sea" propaganda, but that it is the veriest propaganda will not be questioned by those individuals who are privy to the acknowledged purposes of the British Institute of International Affairs.

Thus, the Tribune learns, the "Savoy Orpheans," a comparatively high class hotel jazz band which plays for the delectation of dancers and listeners in all over the British Isles, will broadcast its efforts to America by means of a relay from London to the new high-power station of the British Broadcasting Company at Daventry in Northamptonshire.

Why this sudden advocacy of barbaric rhythms, anathema to the ears of persons of "civilized" tastes in music? Have countless "Tin Pan Alley" raised the production of "Sweetie," "Mammy," and "Banana" songs to the proportions of a huge industry, that it thus suddenly achieves political, economic and ecclesiastic importance in the eyes of such pre-eminently respectable and conservative journals as the Christian Science Monitor?

THE STORMY MAGEE

By losing his head and killing one man and wounding another, Carl Magee, the firebrand editor of Albuquerque, N. M., has delivered himself into the hands of his proverbial enemies for punishment.

All his troubles have been due to his consistent fight upon corruption in the courts of New Mexico, extending he charged, to the office of the chief justice in the State.

His troubles with the courts grew out of his conviction that there was no justice in them, that as courts of justice they were farcical and that their decisions were political, not legal.

His troubles with the courts grew out of his conviction that there was no justice in them, that as courts of justice they were farcical and that their decisions were political, not legal.

Friday  
Number Five will meet at 8:30 P. M. at the home of Mrs. D. Parker at 112 Myrtle Street.

Saturday  
The class will entertain a party at Silverside.

### Personals

Mr. and Mrs. E. H. Ryd and children left from Arcadia where they have been visiting Mr. and Mrs. W. H. Ryd.

Mr. and Mrs. W. H. Ryd and children left from Arcadia where they have been visiting Mr. and Mrs. W. H. Ryd.

### Central Florida Body Honors The Memory Of Eastern Star Founder

The Robert Morris Memorial Association of Central Florida including the Chapters at Mt. Dora, Seminole, Umatilla, Eustis, Winter Park and Orlando, met with the Seminole Chapter, Number Two, Thursday in the Masonic Temple to commemorate the founder of the order of the Eastern Star.

At noon a most sumptuous luncheon was served by the ladies of the Sanford Chapter in the banquet hall.

The Association was called to order by the President, Mrs. J. D. Parker and after the business was transacted a most interesting program was enjoyed. A sketch of Robert Morris was given and several of his poems were read by G. E. McKay, patron of the Seminole Chapter gave a very enthusiastic talk in the interest of the Masonic Home in St. Petersburg. Mrs. Willa Davis rendered several piano selections which were greatly enjoyed.

### Birthday Party Is Given On Wednesday By Mrs. McClelland

Mrs. Morgan McClelland entertained most delightfully at her home on Magnolia Avenue Wednesday night, honoring her husband's birthday. The house was artistically decorated with varied colored zinnias, carrying out the color scheme.

Music and dancing was enjoyed by all and at a late hour the hostess served a most delicious ice course.

Those enjoying this affair were: Mr. and Mrs. J. F. McClelland and Misses Christian, Julian, and Leonard McClelland, George McClelland, Bill McClelland, Mr. and Mrs. Howard Flynt and little son Fryson, Mrs. G. W. McClelland, Betty McClelland, Mrs. Mickey and Miss Dorothea Mickey.

### Longwood

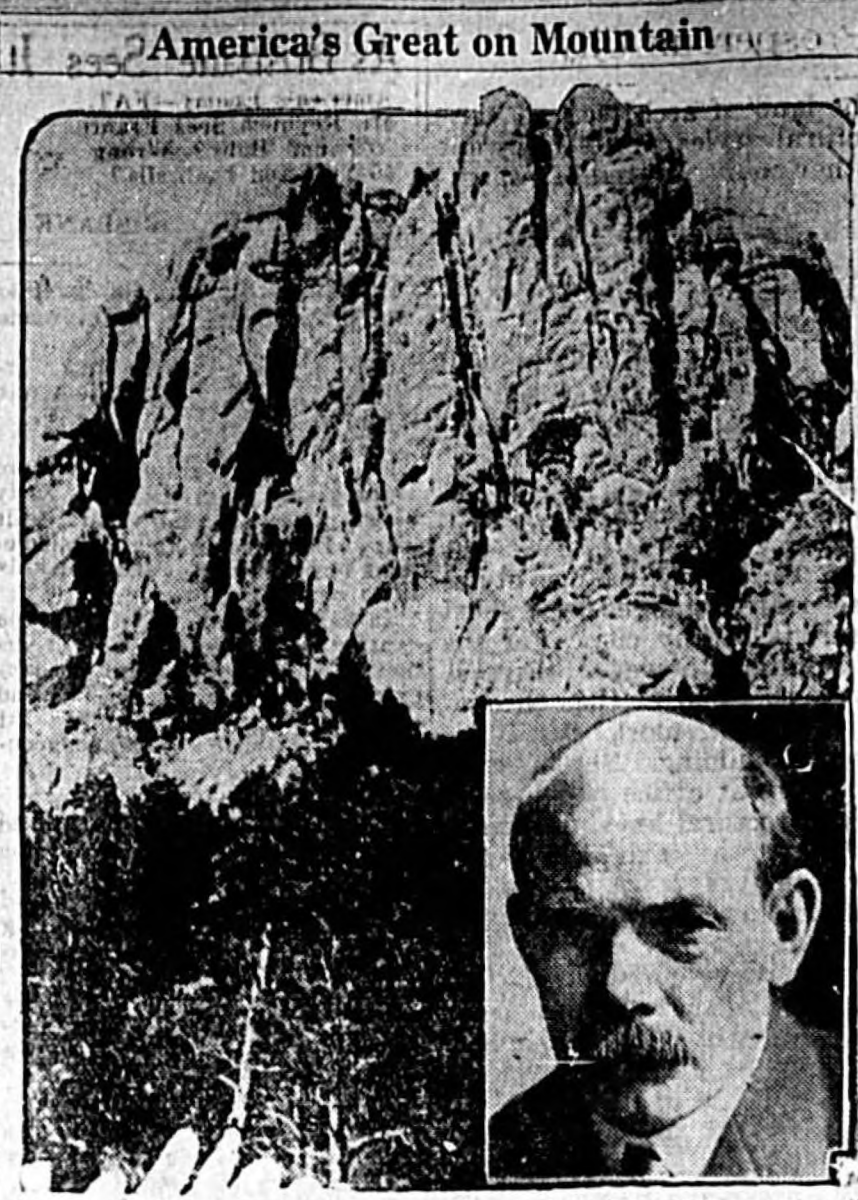

The generosity of Mr. Henck is greatly appreciated by his fellow citizens.

Mr. Matthews is having a residence of seven rooms erected on his property on East Church Street.

In the same neighborhood, Mrs. F. H. Niemeyer is having alterations and additions made to her home place and the cottage.

E. G. Hightower of Hattiesburg, Miss., is stopping at the Orange and Black looking over various tracts of property for capitalists from his home state.

Charles I. Matthews has received his commission as postmaster and his daughter, Miss Margaret Matthews is acting as his assistant during the summer.

Gigantic images of Washington, Jefferson, Lincoln and Roosevelt will be carved on the side of Rushmore Mountain, in the Black Hills, near Rapid City, S. D., by Gutzon Borglum, noted sculptor. The undertaking is sponsored by the Mount Harney Memorial Association, authorized by the South Dakota state legislature. The cost is estimated at \$1,000,000. Rushmore Mountain is 6000 feet high, with a flat granite face 300 feet in height.

### Scholarships Being Given By Gotham Man To English Teachers

LONDON, Aug. 28.—(P)—Scholarships which each year will permit three British elementary school teachers to travel about the United States for six months or more have been established by Irving T. Bush, New York business man. Each scholarship has a value of \$1,500. The recipients will be selected by the authorities in charge of the City of London vacation course.

The first three holders of these new scholarships probably will leave for America early in 1926. They will tour as much of the country as possible, visiting schools, delivering lectures and keeping their eyes and ears open for American methods and manners that might recommend themselves for transplanting into British educational soil.

### Presidential Palace At Times Was Like a Prison to Late Chief

BERLIN, Aug. 28.—(P)—The late Friedrich Ebert did not always feel exalted in his position as president of the German Republic. An incident illustrating how the president felt at times is related in the diaries and memoirs of the late Minna Cauer, woman leader.

While visiting the President, Mr. Ebert complained that he never was able, in his position, to follow his own inclination, that he never could get away from himself.

"Circumspection, calmness and moderation in all things are the obligations my position entails," he said.

"How do you feel, Mr. President, when you look back into the past from your splendid executive mansion and this beautiful park?" Minna Cauer asked.

"As in a prison," the first German president replied, in a voice charged with emotion.

### Plans For Big Tomb For Ebert Submitted

HEIDELBERG, Aug. 28.—(P)—Designs for a sarcophagus for the grave of the late Friedrich Ebert, first president of the German republic, have been submitted to Mayor Ernst Walz by Professor Behrens, an Austrian sculptor. It is planned when the sarcophagus is completed to bring from Berlin the bodies of Ebert's two sons who fell in the war and place them in graves at right angles to that of their father.

Joseph Nepple, City Councillor, said Heidelberg expects at a later date to acquire the modest home in which Germany's first president was born and convert it into an Ebert Museum.

### Ribbon Hat

Some of the smartest new hats are made entirely of gross grain ribbon, and trimmed with the ribbon made into conventional motifs such as these. Paris is very enthusiastic about these hats.

### Princess Alice 20 Years Ago

When Alice Roosevelt came to Cincinnati nearly 20 years ago, just after her engagement to Nick Longworth, now speaker of the house, "Horeless no palatial limousine rolled up to the station to meet her. 'Horeless' were a real novelty those days. Nick was there with a carriage, but Alice, who always had a mind of her own, climbed in a mud-spattered old buggy. It's easy to see those were not the days of short skirts, bobbed hair and small hats.

Advertisements bring the wares of the world to your doorstep for your inspection.

Some Mississippi bankers bought 34 lots in West Wildmere where developments are soon to be started. The town council has voted electric lights for the Wildmere section and the land company is co-operating with the Florida Public Service Company for the installation of electricity in this new subdivision.

Mrs. Florence Bunker Clark from Farmington, Me., accompanied by her son-in-law H. A. Thompson, director of physical training in the public schools of Rochester, N. Y., is in town looking after her various real estate holdings in this vicinity. On Monday Mrs. Clark leaves Jacksonville on the steamer Cherokee, accompanied by daughter Mrs. Orrin Smith, and Mr. Thompson.

The Lake Jessup Land Company report sales amounting to nearly \$100,000 through their office during the past week. These sales include the beautiful Rand Grove property west of Orange and Black Hotel in the Town of Longwood for \$75,000 to Birmingham, Ala., capitalists. When this property is sub-divided it will meet with ready sale as it is close in, high and dry, and a most beautiful location for homes.

Former Mayor E. W. Henck has presented the town of Longwood a large and well constructed building of land 100 by 100 feet on Wilma Street. The location is ideal as the building is situated among large oaks and spacious grounds which have been cleared up in fine style.

The Hall is now being used by R. E. Cobb and the Longwood band for its weekly rehearsals and will be adaptable for many affairs during the coming season.

A most attractive estate, named the "Garth" (English for garden) has been laid out by Miss Emma Howard, formerly of Orlando, near the new school house just off the highway, facing on Lake Hooker.

By careful designing, a typical southern dwelling has been adapted to present day needs and the spaciousness of the grounds from a fitting setting for the hospitable looking home.

The owner's designs in landscape gardening have utilized the various varieties of fruit trees already there and with the addition of many more shrubs and flowers have carried the whole to artistic completion.

## Highlanders Defeat Celerymen In First Game Of Local Series

George Cusack Holds Local to Five Scattered Bases While Team Mates Hit Mason For a Total of Eleven Hits

Game Is Delayed Half Hour Because of Rain

Visitors Score in The Second, Third, Fifth and Seventh; Brazier Hits 1,000 for Game

The Celerymen dropped the first game of the series with Lakeland Thursday afternoon by a score of 5 to 0, George Cusack, ex-Sanford pitcher, holding his former team mates to five mealy hits while the Highlanders were clouting the offerings of Mason for 11 bingles, including two doubles and a triple.

After the game had been delayed 35 minutes because of a hard shower, old Sol came out in all of his splendor and Empire War pronounced the grounds in good enough condition to play ball. Although the rain made the infield muddy and caused the playing to be uncertain, it didn't have the effect of slowing up the game for it was one of the fastest played this year, taking but an hour and a half.

Sanford got two hits in the second inning but this was the nearest the Celerymen came to scoring, Cusack being content with letting the locals have a hit in each of the three last innings at times when they amounted to naught. On the other hand, the visitors by bunching hits, scored in the second, third, fifth and seventh innings, getting two in the latter for good measure. Both sides played errorless ball.

Manager Brazier led his team in stick work, the Lakeland centerfielder having a perfect day at bat, getting three hits in as many times up and drawing two passes to first. Doyle also got three hits in five trips to the plate, one of these being for two bases.

After threatening to score in the opening inning, the visitors came back in the second and made one run. Doyle doubled, but was out at third on a fielder's choice when Surface hit to short. Surface advanced to third on Francis' grounder to first and scored a minute later when Cusack singled. Buckley grounded out second to first.

The Highlanders scored again in the fifth when, after Kowalski had grounded out to first, Welch lifted left field for three bases. Brazier followed with a single to right field and Welch scored. Brazier was caught napping at first and Edwards grounded out to first base.

In the seventh Lakeland countered twice after two men were out. Buckley grounded out pitcher to first and Kowalski followed suit. Welch then singled to right field and scored when Brazier potted a double to right field. Edwards walked and Doyle singled, scoring Brazier. Edwards going to second. Surface hit one over shortstop, filling the bases. Francis grounded out to short, ending the scoring.

## LEAGUE LEADERS AND SAINTS SPLIT DOUBLE HEADER

Foley and Peterson on Mound For Tampa Hurl Fine Ball But Mispay Gives Sunshine Lads the 1st Contest

TAMPA, Aug. 28.—(P)—The league leading Smokers broke even with the Saints here Thursday afternoon, losing the first game by a 3 to 1 score and putting out the opposition in the second, 4 to 0. The first one was a tough one for Roy Foley to lose, as he deserved a 1 to 0 shut-out. The Smokers put over their only run in the first inning on a base on balls and two singles after two were out.

Neither side could score until the ninth when the Saints tied it up. Doyle the first man up, missed the third strike but Nance, catching for Tampa, let the ball go by and then threw wildly to first. Mitchell sacrificed and Cox came up with a two-bagger to score Doyle. In the 11th inning a single, a double, and another single sent two runs over for the Saints.

## ROLLINS TARS FACE HARD GRID CARD THIS YEAR

Citadel Clash Regarded as the Big Clash of Season; Season Is First As S.I.A.A. Member

WINTER PARK, Fla., Aug. 28.—(P)—Rollins College of this city, enters the ranks of the Southern Interscholastic Athletic Association for the first time this fall, when it opens its 1925 gridiron schedule, Sept. 25, with the freshmen of Rollins on the home grounds.

The real test will begin Oct. 3, when it meets Citadel Military College at Charleston, S. C. Howard Tallman, All-American star for three seasons and former captain of the Rutgers eleven, is the new director of athletics at Rollins, it is announced.

In making the schedule public, Leon D. Lewis, who is a member of the Alumni Committee of Athletics at Rollins, said the gridiron program was one of the best possessed by any small college in the south, and has come to Rollins as the result of her 18 years experience on the football field and the fact that she is a member of the S. I. A. A.

## His New Nose Wins a Bride

Remodeled noses are the latest fashion for fighters, since Estelle Taylor persuaded Jack Dempsey to change his. Marian Nixon, movie actress, didn't seem to like the nose of Joe Benjamin, Pacific Coast lightweight champion, so just before their recent marriage Joe had a "major operation" on his nose and here's the happy couple.

## CHAMPIONS' LEAD REDUCED TO HALF GAME BY BROWNS

Washington Loses Again to St. Louis White Athletics Remain Idle; White Sox Beat Yanks By 6-5 Score

ST. LOUIS, Aug. 28.—(P)—"Bellet" Joe Bush allowed only one hit and the St. Louis Browns blanked the Washington Senators yesterday, 5 to 0, in the final game of the series of three straight victories. Philadelphia had an even date today and climbed within one game of Washington.

Walter Johnson, veteran Washington hurler, arrived here shortly before the game from his home at Coffeyville, Kansas, in response to a hurry-up summons from Manager Harris, and too the mound. He was visiting relatives there.

Score by innings: Washington . . . 000 000 000—0-1-1 St. Louis . . . 000 010 04x—5-9-1 Batteries: Johnson and Severid; Bush and Hargrave.

TIGERS NOSE OUT BOSTON DETROIT, Aug. 28.—(P)—Tavener's triple into center field in the tenth inning and Rothrock's wild throw to home in an attempt to nip Tavener at the plate gave Detroit a 5 to 4 victory over Boston today.

It also won Detroit a clean sweep of the three-game series. Boston tied the count in the ninth by means of passes to Pedro and Wamby, Haney's error of Bischoff's grounder and a single by Vache.

Score by innings: Boston . . . 000 000 202 0—4-8-2 Detroit . . . 011 101 001—5-8-1 Batteries: Ebnike, Laffing and Bischoff; Daus and Brazier.

CHICAGO BEAT YANKS CHICAGO, Aug. 28.—(P)—Chicago made it two out of three by defeating the Yankees, 4 to 5, in the final game of the series. The local bunching hits off Shawkey behind errors by Waininger and the aid of a wild pitch, scored six runs. Lyons was hit hard in the first inning but settled down and the two runs scored after the first inning were helped along by errors by Crouse and Barrett. The victory was Lyons' eighteenth of the season. He has lost eight games.

Score by innings: New York . . . 300 100 010—5-4-1 Chicago . . . 220 020 00x—6-8-4 Batteries: Jones, Slauskey and Luebe; Lyons and Crouse.

PHILLES SHUT OUT CUBS PHILADELPHIA, Aug. 28.—(P)—Philadelphia made it two out of three by taking the final game from Chicago here Thursday, 4 to 0. Blake's wildness in the first inning and three hits clinched the game for the Phillies. The shut-out was Carlson second in succession.

Score by innings: Philadelphia . . . 000 000 000—0-5-0 Chicago . . . 000 001 00x—1-5-2 Batteries: Blake and Hartnett; Carlson and Wilson.

WOMEN KEEP DOWN ARMY ENLISTMENTS LONDON, Aug. 28.—(P)—The Territorial Army is not being kept up to its establishment strength because of "women trade unions and motorbicycles," said Lord Raglan in the House of Lords recently. He declared that young men were not joining the Territorials in sufficient numbers and the causes mentioned had been "enemies" of the Territorial Army since the war.

"Women, he said, did not want their husbands and sweethearts to join, and while the young men of pre-war days found the Territorial Army one way of getting off into the country, today he uses a motor-bicycle."

An auto jack, operated by a motor, run from the auto's battery, has been invented.

No one has ever heard of a person being killed by lightning while lying in a feather bed.

## KAPLAN RETAINS CROWN IN FIGHT WITH COAST MAN

Referee's Verdict Is a Draw But Ringside Critics Give It to Herman, Who Forced Fight; 20,000 See Battle

WATERBURY, Conn., Aug. 28.—(P)—Louis (Kid) Kaplan, of Medden, Conn., world's featherweight champion, fought a 15-round draw with Babe Herman, Pacific coast featherweight, before 20,000 fans here last night.

The decision did not meet with popular favor, a majority of the visiting newspaper men at the ringside favoring Herman. The fight was untill the latter rounds when the champion frantically endeavored to get inside of Herman's close guard. The fight by rounds:

Round One. The champion took the aggressive at the start and with his usual buzz saw motions carried the fight to his challenger. Kaplan hooked lefts to Herman's face. They clinched. Both missed frequently. Kaplan doubled Herman with a right to the body. Herman landed three lefts to head. Kaplan smashed a wicked left to Herman's head. The bell ended a tame round.

Round Two. Kaplan rocked Herman with a vicious left. They clinched. Kaplan drove Herman to the ropes, punching rapidly with both hands. Herman also knocked Kaplan from his feet with well timed rights to the jaw. Herman danced into a clinch after the champion landed twice to his head. They exchanged blows in Herman's corner. A smashing left caused Herman to back, another left to the body doubled him in a clinch. The bell found them fighting at close quarters.

Round Three. Kaplan rushed to Herman's corner and landed with both hands. The champion rushed him to the neutral corner and poured both gloves at him. They clinched frequently. Kaplan rushed Herman to the ropes and landed three times to the jaw. They exchanged body blows. They were dancing around at the bell.

Round Four. The champion landed a left and right squarely to Herman's head. They fought at close quarters, both pouring punches at the body. Kaplan sprang forward and hounded a wild punch off Herman's forehead. Herman landed weakly to Kaplan's head. They wrestled around the ropes. A straight right square to the face stunned Kaplan. The bell found them in a clinch.

Round Five. Kaplan tore into Herman with rights and lefts and rushed him to the ropes. There was much clinching and fighting at close quarters. Kaplan landed four blows to Herman's head without return. Herman jarred Kaplan with straight right. Herman staggered Kaplan with right cross just as the bell rang.

Round Six. Herman landed a right to Kaplan's chin and another to his body. A left to the face staggered Herman. A right uppercut sent Kaplan's head back. Herman was driving Kaplan into a clinch every time the champion charged. Both landed effectively to the head. Kaplan's right eye started to close just as the bell sounded.

Round Seven. Kaplan missed with his left and Herman landed to the head and body with his right. Kaplan forced Herman to the ropes, but little damage was done in a tame exchange. Herman bounced a left off the champion's bad eye. Herman landed a vicious right to the body. They were in a clinch at the bell.

Round Eight. Herman tried to repeat the champion's feat. There was little open fighting. The crowd shouted for action as clinch followed clinch. Herman jarred Kaplan's ribs. They exchanged lefts to the head. They were in a clinch for half a minute, exchanging body blows as the bell halted the round.

Round Nine. Kaplan landed three times to Herman's head before they clinched. Herman missed a right and the champion clinched. A beautiful right uppercut staggered Kaplan. They danced around and clinched. Kaplan rushed but missed a wild left swing. Herman poked his right to Kaplan's ribs with terrific force. They were mixing it furiously at the bell.

Round Ten. They exchanged blows to the jaw and then locked. Herman blocked a wild left and staggered Kaplan with his right. Herman ripped an uppercut to the jaw and stuck his left to Kaplan's ribs. Both were swinging wildly. Kaplan stung Herman with a swinging left to the jaw. They clinched at the bell.

Round Eleven. Kaplan missed a swinging left but clinched to save himself. He forced Herman to the ropes and landed effectively to the head. Three vicious rights to the head staggered the champion but he tried gamely to counter. They clinched. Herman smacked a left to Kaplan unguarded body. They were dancing at the bell.

Round Twelve. Both landed stinging blows to the head and then clinched. A right jarred the champion. Both missed right hooks. Three times Herman's right found Kaplan's ribs. Herman landed his right to Kaplan's ear and ribs. Again Herman jarred Kaplan's ribs, but the bell prevented a follow.

Round Thirteen. Herman landed his left and right to the body without a return. Every other rush was a clinch. There was little open fighting. They wrestled furiously with-

out landing a blow. Again Herman's right rocked Kaplan. The referee warned Kaplan for holding. Just before the bell Herman landed the one-two punch to Kaplan's jaw.

Round Fourteen. Herman's manager protested they were shortening the rounds; Kaplan landed his left to Herman's right eye. Herman missed a left but landed his right and Kaplan missed a left. A stinging right to the jaw sank Kaplan back on his heels. Herman missed an uppercut. Kaplan almost knocked Herc out. Kaplan almost knocked Herc out. Kaplan almost knocked Herc out.

Round Fifteen. They shook hands. A clinch followed. Herman started a vicious attack, pouring punches at Kaplan's head and body. The champion missed frequently. Herman staggered the champion with right to face. Kaplan landed two beautiful lows to the head. The clinching continued. A wild left to the head sent Herman to the ropes. They fought furiously at the close.

National thrift is beneficial both to the individual and to collective business says Joseph W. McIntoch, controller of the currency, in a luncheon talk at Portland, Oregon. People are saving a larger proportion of their money, buying more economically, spending less on non-essentials, and buying more homes.

## Renew Your Health By Purification

Any physician will tell you that "Perfect Purification of the System is Nature's foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs, —once or twice a week for several weeks—and see how Nature rewards you with health.

Calotabs are the greatest of all system purifiers. Get a family package, containing full directions, price 35 cts.; trial package, 10 cts. At any drug store. (Adv.)
