Roosevelt To Ask For More Millions For Jobless Relief

\$300,000,000 May Be Necessary As Additional Relief During Next 5 Months

Relief Message Is Expected Soon

20 Percent Cut In Relief Is Seen As Only Alternative

WASHINGTON, Feb. 9.—(AP)—President Roosevelt, it was learned today, will ask Congress within a day or two to appropriate between \$200,000,000 and \$300,000,000 for relief during the next five months.

Informed sources said the President would send a letter to Speaker Bankhead, probably tomorrow, asking the additional funds primarily because of expected relief demands during February, March and April.

The Works Progress Administration, these sources said, has told the President it needed a deficiency appropriation largely because of unemployment in certain automobile cities.

Earlier Senate Majority Leader Barkley said after a White House conference that the President would send the relief message to Congress "probably today or tomorrow."

Barkley who attended the conference with the President and other congressional and administrative officials, said the message might cover a deficiency appropriation not only for the rest of this fiscal year, but also for the next fiscal year, beginning July 1.

Cochran, Democrat, Missouri, said he had official information the WPA would have to reduce its rolls 20 percent on March 1 unless it obtained more money, and that further reductions would follow every 15 days.

Five Negroes Are Given Sentences By Judge M. B. Smith

After Jim Thomas was found guilty of charges of breaking and entering with intent to commit a misdemeanor in a prosecution this morning, led by Assistant State Attorney Lloyd P. Boyce, Circuit Judge Millard B. Smith sentenced five negroes, found guilty of the same offense, to serve sentences of from one to five years.

Since 1921 Thomas has been sentenced to serve a total of 19 years chiefly on charges of breaking and entering and the Circuit Judge sentenced the negro to serve 5 years at hard labor at the State Penitentiary at Raiford.

George Monroe and George Henry pleaded guilty to charges of breaking and entering with the intent to commit a felony and aided in the conviction of the remaining two negroes. Taking this into consideration, the Judge gave the former 18 months in the County Jail and the latter 12 months.

Shrimp Breakfast To Be Given In Cocoa

John Marshall, president of the Central Florida Council of Chapters of Okechobee, with T. H. Simpson, president of the Seminole County Chapter of Okechobee, will sponsor the annual shrimp breakfast to be given in Cocoa, Fla., on Saturday, Feb. 13, at the Cocoa Hotel. The breakfast will be held from 10:30 to 12:30 p. m. and will feature a special menu of shrimp, oysters, and other delicacies. The net proceeds from the breakfast will be used for the benefit of the Okechobee Chapter of the Florida Fish and Game Commission.

Improvements To Roads Get Okey Of Commissioners

Acquisition Of Right Of Way Is Hold Up On Paola Thorofare

Several Road Improvement Projects Were Given The Approval Of The Board Of Commissioners At Their Regular Monthly Meeting In The Court House Yesterday, Presided Over By Chairman W. R. Williams of Orleto.

Fred T. Williams, engineer, presented a project for resurfacing the County Club Road and providing drainage of Hardy and Geneva Avenues. The City is a co-sponsor of the project and it was approved by the City Commissioners at their last regular meeting. After the motion of D. L. Thrasher to approve the project which was seconded by Commissioner W. B. Ballard, the project was ordered submitted to WPA officials for government approval and allocation of funds.

Engineer Williams also presented a project for the improvement of the Altamonte Springs and the Palm Springs roads. The Board also unanimously approved this project.

The Commissioners previously approved a WPA project for the reconstruction of the Paola Road but E. T. Tiller of Paola appeared before the Board yesterday and advised that there were three persons who have refused to sign a right-of-way agreement for the road.

After a motion adopted by W. G. Kilbee and seconded by E. A. Dymon, the Board adopted a resolution presented by City Attorney Fred J. Wilson for the cancellation of County taxes on the Bel Air property.

The Wight grocery Company was awarded the contract for furnishing the necessary supplies to the County Home and the County Convict Camp for the ensuing month, his being the lowest and best bid.

The Board also approved the Deputy Sheriff bonds of Sam Burkholder, W. R. Williams and O. H. Flint, after the approval of County Sheriff C. M. Head.

Transfer of a liquor license from Perk's Place to Harry and Wilbur Bradham was also given the approval of the Board after Attorney E. F. Housholder advised that such action was provided by a recent act of the Florida legislature.

TVA Official Buys Acreage In Clermont

CLERMONT, Fla., Feb. 9.—(AP)—Dr. Arthur E. Morgan of Knoxville, Tenn., chairman of the Tennessee Valley Authority, has bought an additional 100 acres of land here for the project. The land will be used for the construction of a dam and a power plant. The TVA has been buying land in the area since 1933. The land is being bought for the purpose of creating a reservoir and a power plant. The TVA has been buying land in the area since 1933. The land is being bought for the purpose of creating a reservoir and a power plant.

TREE PLANTING CEREMONY

Mrs. J. N. Whitner, pioneer resident of this city, was honored yesterday afternoon when a magnolia tree was planted in the new Fort Mellon Park in her honor. The picture shows E. F. Housholder, local attorney, delivering the address dedicating the park, and Mrs. Whitner and Rev. E. D. Brownlee, of the First Presbyterian Church, standing by the tree planted in her honor.

Over \$50,000 Is Stolen In Holdup Of Miami Resort

Three Bandits Crack Deposit Boxes Of Popular Arena Bar

MIAMI, Feb. 9.—(AP)—Three bandits held up the Artex Bar on the Biscayne Boulevard last night, rifling the bank of private safe deposit boxes and escaping with cash and jewelry unofficially estimated at \$50,000 to \$100,000.

The robbers, unmasked and brandishing pistols, walked in shifts were changing in the all night resort, herded the eight employees and one customer to the second floor and made them lie flat on the floor where they covered them with coats and tablecloths.

With crowbars the men pried open some 29 safe deposit boxes where the owners and a number of friends and customers kept their valuables.

Henry Palmer, proprietor, said he could not estimate the loss but an approximate figure was arrived at from the conversation of the victims.

AFL Asks Congress To Repeal Tax On Undivided Profits

MIAMI, Feb. 9.—(AP)—The American Federation of Labor called upon Congress last night to repeal or modify the undivided profits and capital gains taxes.

"Some representatives of industry as well as expert economic advisers believe that the present business situation is largely psychological and is due to a lack of confidence," said a statement by the AFL executive council at the conclusion of its midwinter meeting.

"Whether this be true or false, no mistake would be made if those in authority, including the members of Congress, would take steps to restore confidence and create cooperation and understanding between those who own and manage industry, labor and the government."

"As a step toward the restoration of public confidence the AFL suggests that Congress repeal or modify the undivided profits and capital gains taxes."

The executive council makes this suggestion in the interests of labor. It firmly believes that all must pull together—labor, industry and the government—in order to break down and overcome the most serious and threatening unemployment situation.

U. S. Steel And CIO Reported To Have Signed Agreement

NEW YORK, Feb. 9.—(AP)—A new working agreement between the United States Steel Corporation and the Committee for Industrial Organization was said today by sources close to the negotiating committees to be virtually completed.

Word that "big steel" was on the point of renewing its contracts with the steel workers organizing committee, second largest CIO affiliate, came almost simultaneously with news that an independent producer had started a price-cutting movement in the industry and that the Carnegie-Illinois Steel Corp., largest "big steel" unit had followed suit with a four dollar per ton reduction in the price of cold, reduced and oiled sheets.

Approximately half a million men would be affected by the United States Steel negotiations with CIO.

Seminole Is Represented In Next Week's Orlando Fair

ORLANDO, Feb. 9.—(AP)—Prized for the greatest attendance in its history the Central Florida Exposition will open here Monday for the 29th consecutive presentation. An attendance goal of 100,000 has been set by Crawford T. Blackford, general manager of the fair, and indications are that this figure will be reached during the six-day show.

Monday will be children's day with schools in two counties, Seminole and Orange, closing so their students may attend the fair. Buses will be used (bringing the children to the fairgrounds and will be parked inside the grounds so parents need have no fear of automobile accidents.)

As usual most interest among exhibitors will be centered on the six county displays. Ocochee, Seminole, Bayard Alachua, Marion and Pasco counties have been busy during the last ten days preparing what they believed will be their ribbon showings. The Mayor will be the guest of honor at 11:30 A. M. Monday and a group of judges will begin making exhibits by mid-week it is expected winners of the coveted citrus and vegetable awards will be announced.

Orange, the host county, will not enter competition with visiting counties but will confine its display to twelve community exhibits: Apopka, Conway, Fair Villa, Gotha, Lochloosa, Ocochee, Pinellas, Union Park, Winter Garden, Taft and Christmas will be in this competition, with the President's cup as their goal.

Last year, the exposition had 79,522 patrons. This year, with several outstanding attractions to give it impetus, Mr. Blackford believes the 100,000 figure will be reached.

On the midway will be the Royal American Show. This year, the carnival will arrive from Tampa during the weekend and begin erecting its part of the exposition. Featured this year will be several new rides which will get their initial tryouts in Orlando before a tour of this nation and parts of Canada next summer.

Eight Are Killed In Crash Of Huge French Airliner

MARSEILLE, France, Feb. 9.—(AP)—Eight persons were killed and six injured today in a crash of an Air France flying boat against the Marseille breakwater at the moment of takeoff.

The trans-Mediterranean airliner was starting a scheduled flight to Corsica on the Marseille-Tunis run. She bursted against the breakwater at a 60 mile an hour speed and burst into flames.

Air France announced that the four were, five passengers and three of the crew. Four passengers and two of the crew were injured. All of the dead were French, including chief pilot Pierre Burello, veteran flier who was at the controls.

Six of the injured were taken from the water by rescue craft after the plane sank. Three bodies were recovered. Others were being sought.

Band And Orchestra To Present Concert

The Seminole County School band and the Seminole High school orchestra will present a joint concert in Orleto on Thursday of this week, according to an announcement today by Prof. E. F. Kipp.

"This is the first of three programs," the announcement read, "planned by the musical unit of the Seminole County public schools. Additional concerts are to be given in the Longwood school and in the band shell of the municipal pier in Sanford. All of the concerts are free and open to those who will enjoy an evening of music."

Sanford Celebrates 101st Anniversary

New Park Is Dedicated On Lakefront And Officially Named Fort Mellon Park

Tree Is Planted For Mrs. Whitner

Higgins, Housholder And Brownlee Are Principal Speakers

To the old fort which stood but a short distance away and marked the founding of one of Central Florida's most thriving cities, E. F. Housholder, dedicated Sanford's newest park yesterday afternoon. The dedication was followed by the planting of a tree in honor of Mrs. J. N. Whitner, who as a small girl, sailed with her parents down the winding St. Johns River and landed near the site where she was honored over 70 years later.

T. E. Simpson, president of the Seminole County Chamber of Commerce acted as master of ceremonies, at the annual celebration commemorating the founding of the City 101 years ago, introducing the speakers for the day.

Following the National Anthem which was played by the Seminole High school band in the direction of T. M. Dollegan, Mayor Edward Higgins was introduced as the first speaker and told of the "Sanford that is to be."

"Sanford now has all the essentials for a prosperous City," Mayor Higgins stated. "Good streets, good churches and good schools. The City has also removed the greatest obstacle to its advancement, the municipal debt, which it is now able to pay under the refunding program and we are now ready to turn to beautification in order to make Sanford more desirable for ourselves and others."

Declaring that "I consider the construction of this park a turning point in the affairs of Sanford," the Mayor said, "I hope that I may inspire in each citizen the feeling that Sanford is ready to go forward."

In the dedication of the area which was once a low marsh on the shores of Lake Monroe, Mr. Housholder pointed to the fact that the park plot in its present state was an advancement but outlined anticipated improvements and declared it fitting and proper to dedicate this achievement to the 100th anniversary of the founding of the City of Sanford.

The attorney further visualized the plot with vistas winding through thousands of semi-tropical shrubs and trees, with the playing courts and the swimming pool as one of the beauty spots of the State. "A benefit to the people of our City and an attraction for outsiders," Mr. Housholder said.

He commended the City Commissioners for their extensive efforts in the efforts in the acquisition of the land and its dedication for park purposes and also commended the County Commissioners for their cooperation with the City fathers.

"This park," Mr. Housholder said, "is the result of the united spirit of the citizens of Sanford on which the Commissioners have acted."

"At is how is, and we expect it to be in the near future we now dedicate this tract of land as Fort Mellon Park," Mr. Housholder stated in concluding his dedicatory address.

An outstanding part of the ceremonies was the planting of a magnolia tree in honor of Mrs. J. N. Whitner who was present with her four daughters, Mrs. J. C. Heston, Mrs. E. J. Moushon, Miss Nellie Whitner and Mrs. H. H. McCalla. Mrs. E. H. Digham, chairman of the Tree Planting Committee for the Sanle Harrison Chapter of the D. A. B. was in charge of arrangements for the program.

Proposed Citrus Pact Is Rejected By AAA Officials

"Conflicting Views" Is Given As Reason For Refusal

WASHINGTON, Feb. 9.—(AP)—The Agricultural Adjustment Administration today rejected the proposed marketing agreement to regulate out-of-state shipments of Florida citrus fruits because of "wide differences of opinion" within the industry as to its provisions.

The AAA said these conflicting views were disclosed at a public hearing on proposed pact at Lakeland, Fla., Jan. 17 and 18. "This situation exists," the AAA statement said, "despite the fact that the hearing on the proposed to regulate out-of-state shipments was requested by handlers who represented approximately 70 percent of the fruit moved out of the state last season."

This development was considered the end of any possibility that an agreement would be placed in effect for this season's crop, but AAA officials emphasized that it did not close the door to new negotiations next season.

The statement said assistance to Florida growers in improving marketing conditions this season would be extended through purchases of surplus oranges by the Federal Surplus Commodities Corporation. AAA officials said the agency was buying about all the oranges offered for sale.

Al Capone Cracks Under Strain Of Life In Prison

SAN FRANCISCO, Feb. 9.—(AP)—Al Capone, rated in prohibition days as United States gangster No. 1, has cracked under the strain of prison life at Alcatraz and reports yesterday indicated he probably would be moved to an institution for the insane.

There was only a bare announcement from the justice department at Washington that Capone had been under observation since Saturday and that he had been visited by Dr. Edward Twitcheil, consulting psychiatrist for the federal prison at San Francisco.

Not much news comes out of the bleak prison in San Francisco Bay. Of late, however, many rumors have spread about Capone's life there, and in the midst of new rumors today the San Francisco News said he went berserk Saturday, had to be subdued by guards and finally slumped to the floor in a coma. Since then he has been in the prison hospital.

According to the News, Capone is a victim of paresis, known commonly as softening of the brain. Word obtained in recent months from men released from Alcatraz pictured the gangster as a model prisoner, eager to cut down his term by good conduct, and that it was an uphill fight on his part due to efforts by other prisoners to get him into trouble.

The News said he probably would be transferred for treatment to a federal institution in the east, where facilities for the artificial fever cure of paresis would be available. The department of justice said this would be done, if necessary.

Roosevelt Nominates Berle For New Post

WASHINGTON, Feb. 9.—(AP)—President Roosevelt today nominated Adolf A. Berle, Jr., of New York, long an administration advisor, to be an assistant secretary of state. He will replace Hugh Wilson who has been assigned to a post abroad.

Firing-boat passenger service is to be established between Australia and New Zealand.

Rollins Professor Describes Erection Of Fort And Emergence Into Mellonville

Scotch Influence In Florida Told

Early History Of Florida And Sanford Heard By Guests

Speaking last night at the Founder's Day dinner program held at the Women's club, Watt Marchman, secretary of the Florida Historical Society, reading from an original paper told 117 assembled guests the founding of Fort Mellon and its subsequent emergence into Mellonville.

William A. Taylor, historian of St. Andrews Society of New York, also delivered a brief address in which he traced the Scottish influence on Florida during its territorial days.

In opening the program, T. E. Simpson, toastmaster, asked all the guests to stand and sing Swannee River. Father Kellanahan delivered the invocation.

Adding a note of color to a night dedicated to historical interest was a medley of old-time songs sung by Mrs. Herbert Bush, Mrs. J. H. Colclough and Mrs. Roby Laine, in original costumes, accompanied by Mrs. Evans McCoy, Mrs. W. G. Fleming gave a musical reading.

In closing, the entire assembly sang "Florida, My Florida," composed by Miss Melton.

Mr. Marchman's paper was based largely on letters from the archives of the War Department, to which he was granted access in Washington. He related the difficulties attendant upon the establishment of Fort Mellon at the head of Lake Monroe because of frequent sorties and forays by the Seminole Indians, who resented the intrusion of white settlers.

Fort Mellon was established in 1836 by a detachment of soldiers sent into Central Florida for that purpose, he said. Shortly after, the post was attacked by a group of Seminoles estimated at between 200 to 400. They were driven off but Capt. Charles Melton was killed.

Finally a truce was arranged and by Mar. 16, 1837, the articles of capitulation were signed whereby the Seminoles agreed to be removed from Florida to a reservation in Oklahoma. However, the Seminoles had no intention of leaving Florida, according to Mr. Marchman, and by 1838 army officers had begun to despair of getting them to leave.

But with the further encroachment of white settlers moving farther and farther into their territory every year, the Seminoles were finally forced to retreat into the Everglades where they reside in a primitive state to this day, Mr. Marchman concluded.

Mr. Taylor's paper on Florida was part of a book he is working on which describes the Scottish influence on the making of America. "The history of Florida," he said, "is inseparably connected with the name of Andrew Jackson, who did more than any other man to help Florida get into the union. Jackson was the outstanding man of Florida's early history."

Another great man in Florida's early history, Mr. Taylor stated, was William P. Duval, "called by many as Florida's greatest governor."

The toastmaster introduced distinguished guests Mrs. M. M. McKay of Tampa, president of the state organization of Sons and Daughters of Florida; Mrs. T. Brown, Orlando, president of state U. D. C., and Miss Branham, secretary of the U. D. C.

Also presented were Mrs. E. Ballard, regent of the D. A. B. Harrison chapter of the D. A. B. Mrs. H. J. Lehman, general woman in charge of arrangements.

(Continued on Page Three)

LOCAL WEATHER

Partly cloudy with light showers tonight and Wednesday. Light showers and drizzle possible Thursday and Friday.

Social And Personal Activities

HELEN B. BRIGHAM JORDAN, Society Editor

Telephone 148

Social Calendar

WEDNESDAY

The Teachers Training Class and Worship will be held at 7:30 o'clock at the First Methodist Church. Mrs. Percy Chapman will be leader. All interested are cordially invited to attend.

THURSDAY

The T. B. L. class of the First Baptist Church will hold its regular monthly business and social meeting at the annex at 7:30 o'clock with Mrs. J. A. Cunningham's group in charge.

The Althea Class of the First Baptist Church will meet at the home of Mrs. A. B. Lovejoy, 211 Maple Avenue at 8:30 o'clock. A covered dish supper will be served.

The regular meeting of the Semholo Rebekah Lodge will be held at the Odd Fellows Hall at 8:00 o'clock.

FRIDAY

The annual business meeting and the election of officers of the Garden Club will be held at the Mayfair Hotel. The business meeting will be held at 11:00 o'clock, followed by luncheon at 1:00 o'clock.

"Black Eyed Susan" a three act musical comedy, sponsored by the South Side P. T. A. will be presented at the Junior High School Auditorium at 8:00 o'clock.

SATURDAY

The Cecilia Music Club will meet at 8:15 o'clock in the Parson's B. Munson Studio, 603 Myrtle Avenue.

MONDAY

The regular business and program meeting of the Women's Missionary Society of the First Methodist Church will be held at the Church at 8:00 o'clock.

TUESDAY

There will be a free lecture on Christian Science by Miss Mary Christen Murney Glenn at 8:15 o'clock at the Princess Theatre. Miss Glenn is a member of the Board of Lectureship of the Mother Church, the First Church of Christ, Scientist, in Boston, Mass. The public is cordially invited to attend.

ANNOUNCEMENT

The First Christian Church, invited all members and friends of the Christian Church to a social meeting at the Church Friday evening at 7:30 o'clock.

This meeting is to honor all who have come into the church during Mr. Elmore's ministry and also those who made a creditable record in the Loyally Campaign during the last three months of 1934.

A short program will be given and Clyde Smith, Christian minister of DeLand will give a short address. Refreshments will be served.

AN INDEPENDENT DAILY NEWSPAPER

SANFORD, FLORIDA, THURSDAY, FEBRUARY 10, 1938

Established in 1908

NUMBER 10

Sanford Is The Only Central Florida City Affording Rail, Highway And Water Transportation

Benicia County Products More Fruit And Vegetables Than Any Similar Area In America

Relief Note Sent Solons By Roosevelt

\$250,000,000 Needed to Meet a \$497,000,000 On Hand For This Fiscal Year

WPA Rolls Are Up 68,479 In 1 Week

Most Of Money Will Be Spent In Main Industrial Centers

WASHINGTON, Feb. 10.—(AP)—President Roosevelt asked Congress today for an immediate appropriation of \$250,000,000 to meet relief needs during the next four and half months.

"Funds available at this time," he wrote Speaker Bankhead, "will not only not take care of the additional burden caused by the recent increase in unemployment but will require a sharp reduction in the near future of the number on the Works Progress Administration rolls."

"WPA officials, anticipating the President's request, said most of the money would be used in the industrial centers, especially in the automobile manufacturing cities.

This money would be in addition to approximately \$497,000,000 which the WPA now has remaining from the original allotment for this fiscal year.

"Funds available on Jan. 1, 1938," said the President, "would permit the employment of an average of only 1,700,000 persons for the six months ending June 30, 1938. The number of persons on the Works Progress Administration rolls today is 1,950,000."

WPA officials have reported that if additional funds are not forthcoming, they planned to prune the rolls down to 1,500,000 by the end of this fiscal year.

Solons Endanger New Program For National Defense

WASHINGTON, Feb. 10.—(AP)—The Administration's national defense program appeared definitely threatened last night due to mounting congressional opposition and continued onslaughts by President Roosevelt's foreign policy, despite renewed assurances by Secretary of State Cordell Hull that the United States has no alliances or agreements with foreign powers for joint armed action.

Hull vigorously denied a statement in London by Prof. Gilbert Murray, chairman of the League of Nations Council, that Great Britain had assumed the United States of support in event of direct action in the Far East. Hull added that such statements are giving the world the "impression" because people everywhere are talking too much without knowing what they are talking about.

Congressional isolationists, including Democrats and Republicans, formulated a "Final Right" against the President's \$200,000,000 naval expansion program under the Administration further to the light of "active international action to stabilize peace."

The Charles A. Beard noted legislation, introduced before the House Naval Affairs Committee on the larger Navy bill, said Mr. Roosevelt's "policy on 'expansion' is a direct violation of the spirit of the Chicago peace conference."

TESTIMONY ENDS

LOS ANGELES.—(AP)—Three weeks of testimony in the trial of Paul A. Walker, accused of murdering Dr. King and his brother, ended yesterday with testimony that Walker had been in the city at the time of the slaying.

U. S. Official Visits Mrs. Ruth Rubens

MOSCOW, Feb. 10.—(AP)—Mrs. Ruth Marie Rubens of New York, pale from two months of imprisonment, talked for an hour and 15 minutes with Loy W. Henderson, United States charge d'affaires, but apparently was able to impart little of her account of her narrow escape from execution. Soviet judicial authorities were present to censor the interview. Mrs. Rubens was permitted to answer only questions approved by the military judge. Henderson declined to tell what took place during the visit to the prison but made a report to the State Department at Washington.

Bank Nights And Screens Are Held To Be Illegal

Pettway Grants Injunction Stopping Weekly Drawings

LAKELAND, Feb. 10.—(AP)—Circuit Judge H. C. Pettway today held that "bank nights," "cash nights," "screen" and similar plans are illegal. He granted an injunction to restrain the State from conducting weekly drawings.

In a 50-page decision, the judge declared that drawings and award constituted lottery within the meaning of our constitution.

He said the decision affects only the theaters here but added that defense attorneys indicated they would appeal to the State Supreme Court. The ultimate decision, he said, might affect all theaters in Florida.

Retired Newspaper Publisher Is Dead

Daniel L. Long, 55, retired newspaper publisher and editor, died at his home east of Sanford at 8:00 o'clock last night following an illness of about four months.

Mr. Long was born May 12, 1885 in Shephardstown, Md. For a number of years he was engaged in the newspaper work in West Virginia. During that time he was publisher and editor of several newspapers. He has been a resident of Seminole County for nearly 25 years and on last Mar. 14, celebrated his 53rd wedding anniversary.

He is survived by his widow, five daughters, Mrs. L. O. Hunt, Mrs. Sanford, Mrs. E. C. O'Leary, West Palm Beach; Miss Bayless Long, Pittsburg, Pa.; Mrs. George Briggman, New Martinsville, W. Va.; and Mrs. J. I. Hask, of McMechen, W. Va. Also one son, Daniel L. Long, Jr., of Sanford, 21 grandchildren and two great grandchildren.

Funeral services will be conducted in the Erickson Funeral Home Friday afternoon at 2:00 o'clock with Dr. E. D. Ringwood, pastor of the Presbyterian Church, officiating. Interment will be made in the Evergreen Cemetery.

The following will serve as pallbearers: H. H. First, J. C. Pearson, W. B. Lynch, J. C. Blaworth, Joe Cameron, and Joe Corley.

Catholics To Make Annual Pilgrimage

LAKE WALKER, Fla., Feb. 10.—(AP)—Catholics from many parts of Florida are expected here Sunday for the tenth annual pilgrimage to the shrine of St. Anne.

Monseigneur D. A. Lyons, pastor of St. Paul's Church in Jacksonville, will celebrate high mass at the shrine of the Virgin Mary, the Rev. A. J. Salata is director of the shrine.

GARDNER NAMED

NEW YORK, Feb. 10.—(AP)—The state of O. Max Gardner for the proposed federal judiciary of the New York State Court was named today as the candidate for the position of judge in the 11th judicial district.

Passage Seen Of Farm Bill By Nightfall

Administration Crop Control Measure Wins House Vote By 2 To 1 Majority

WASHINGTON, Feb. 10.—(AP)—The Senate picked up the House-approved Administration farm bill today amid predictions of passage before nightfall. It laid aside temporarily the anti-trust measure against which southern senators have been filibustering since the session started in January. The House yesterday approved a joint conference committee report on the disputed farm act.

The Administration's new crop control program won House approval by a two to one majority yesterday and went to the Senate, where it is being considered today.

The legislation which a 263 to 125 bipartisan vote was a revised draft which a Senate-House conference committee wrote from provisions of bills both chambers passed last December.

The new program, one of the problems the President called Congress into special session last November to consider, is designed to level off the peaks and valleys in supplies of the Nation's major crops—cotton, tobacco, rice, wheat and corn.

It proposes to do this through production controls, induced by loans and benefits to farmers complying with acreage limitations, and marketing controls, whenever voted by two thirds of farmers participating in referenda.

The measure also would create a \$100,000,000 corporation to manage a vast crop insurance scheme. Senate leaders, some of whom went to the House during the vote, said they would seek quick action on that chamber to the measure to be sent to the White House in time for spring planting.

There was little prospect, however, that the Senate would act with anything like the speed of the House. In the latter chamber where the measure came up yesterday administration forces put over a rule limiting debate to four hours.

Under Senate rules, debate can be limited only by a two-thirds vote and a limitation seldom is approved. There were indications, too, that many senators wished to debate the measure, particularly those from livestock and dairying sections.

These members have objected to the Conference Committee's modification. (Continued on Page 11)

Holy Land Has First Snow In Over Decade

JERUSALEM, Feb. 10.—(AP)—Holy Land's first snow in 12 years and its worst storm in a decade has demoralized inland travel and led up shipping on Mediterranean coast.

While the storm lashed the coast from Alexandria to Jaffa, causing at least one death, hundreds of travelers were marooned at Beirut, Lebanon, by the snow blocked roads. Highway leading into Palestine from Syria and Egypt were cut off. Snow covered camels were a strange sight.

Anti-Semites In Rumania Resign

BUCHAREST, Feb. 10.—(AP)—The anti-semitic government of Premier Octavian Goga resigned today after six turbulent weeks in office.

Former Premier George Mironeanu was commissioned by King Carol to form a new cabinet. Dr. Mironeanu, patriarch of the Rumanian Orthodox Church, declined the commission by the King that he take over the reins.

Payments To Be Made On Delinquent Bills

TALLAHASSEE, Feb. 10.—(AP)—Comptroller J. M. Lee said today he hoped to make a substantial payment on the State's bills by March 15. The Comptroller said the State is now behind about \$1,750,000 in paying its bills but has sufficient in sight to make such a payment. Accounts have been accumulated since last October. Lee said the bills would be paid in the next few weeks.

GIVEN ADMINISTRATION'S BLESSING

Senator Claude Pepper of Florida, candidate for re-election in the Democratic primary in May, was given the blessing of the Administration when the President's son, James Roosevelt, from his retreat in Palm Beach, issued a statement urging his re-election.

California Hit By Big Storm Injuring Many

Property Damage Is Estimated At Millions As Hurricane Winds Lash Coast

SAN FRANCISCO, Feb. 10.—(AP)—A hurricane struck northern California, killed five persons, injured scores of others and caused property damage estimated at millions of dollars. The wind, which at several places along 300 miles front reached almost tornado force late yesterday, came as a shocking climax to 14 days of storms.

If left in its wake broken communications lines, blocked highways and railroad and a massed of floods from additional rains.

Extending northward from San Luis Obispo, midway between San Francisco and Los Angeles, to the Oregon State line, the hurricane brewed mountainous waves, tore through cities and towns and rampaged inland for 200 miles causing damage even in the inland valleys of Sierra Nevada.

Three men and one woman were killed by falling trees and buildings. One coast guardman was drowned when his boat overturned. The \$35,000,000 Golden Gate Bridge, largest single suspension span in the world, "bent" 12 1/2 feet out of the under the force of the wind, which reached 75 miles an hour in some places. The bridge, built to sway 18 feet, was not damaged.

Enormous waves swamped a Coast Guard lifeboat off the San Francisco shore and Guardsmen Fritz Flukiger, 47, drowned as he and six others were buried into the boiling seas. Fishing boats went to the rescue.

A building collapsed at Stockton and killed G. Erik Bellquist, 65. Eight other persons were injured there in the 60-mile-an-hour wind.

A 55-mile wind snipped power lines from the High Sierra serving towns between San Luis Obispo and Gaviota Pass.

City Manager James S. Dean of Sacramento estimated the capital lost 100,000 of its famous trees in the wind. Hospitals there reported a dozen storm injuries.

CITY NEWS BRIEFS

The regular meeting of the Public Relations Chapter of I. O. O. F. will be held at 320 Oak Avenue Friday afternoon at 3:00 o'clock with Mrs. F. L. Woodruff, Mrs. Hensley as hostesses. Mrs. Hensley will act as Professor Quia on American History.

Three Guilty Pleas Heard By Ware

Three guilty pleas were heard by County Judge R. W. Ware during the past few days, records at the Court House revealed today.

Odel Kennedy, charged with intoxication, was sentenced to pay a fine of \$5 and costs or 30 days in jail. J. T. Greene, charged with reckless driving was sentenced to pay a fine of \$25 and costs or serve 30 days in jail.

George Williams, charged with aggravated assault, was sentenced to pay a fine of \$50 or serve four months in the County Jail after pleading guilty to the charge. P. Daniels, charged with assault and battery, pleaded a bond of \$5.

Noted Horticulturist To Speak Here Friday

The public has been invited to attend a meeting of the Garden Club Friday afternoon at 2:00 o'clock in the Mayfair Hotel at which time Dr. Harold Hume, assistant director of the research department of the College of Agriculture at the University of Florida is scheduled to address the Club.

Celery Interests Talk Advertising To Increase Sales

Kiwanis Clubs Taken On Tour Of Eckerson Plant

Members Surprised At Capacity Of Local Canning Factory

Following their weekly luncheon yesterday, members of the Kiwanis Club visited the Eckerson Fruit Cannery here and were conducted through the plant by C. H. Eckerson, president of the Canning Company.

The various operations in the production of the canned citrus products were explained to the visitors over a loud speaker system installed in the plant.

The Kiwanians followed the processing of the citrus from the time the fruit was brought to the plant in trucks until the product was canned ready for shipment. Many expressed surprise at the size of the plant, declaring it one of the largest in the state.

Mr. Eckerson told the Kiwanians that the plant ordinarily consumed 8,000 boxes of fruit per day but that the plant could use as high as 12,000 boxes per day. Under the curtailed operations at present, however, Mr. Eckerson stated that only about 5,000 boxes of grapefruit were being used per day.

When asked of the recent labor difficulties at the plant, Mr. Eckerson asserted that the employees had organized their union and offered a membership of approximately 97 percent of the employees and that the matter was definitely settled.

Before leaving the plant, Mr. Eckerson gave each of the visitors six cans of the different products canned in the plant.

Visitors at the meeting yesterday were: Judge Millard B. Smith of Titusville, Associate Justice Rivers Buford of the State Supreme Court; W. H. Singleton of Tallahassee, J. H. Horsfall of Pennsylvania; and Dr. Wade H. Garner of this City.

During the short business meeting, Kiwanians were reminded of the interclub meeting to be held in Clermont on Feb. 17 and also of arrangements being made for a union religious service to be held in Sanford soon in which Deland, Orlando, Winter Park and the Sanford Clubs will participate.

New Jersey Yacht Is Docked At Pier

The 75-foot yacht, Sakannel, owned by Rt. Rev. Paul Matthews of Princeton, N. J., docked at the Municipal Pier late yesterday afternoon.

The retired bishop and his wife accompanied by Mrs. Van Buren and Francis Van Buren, wife and son of the former ambassador to France, are members of the "trim" craft and there are four other members of the crew.

Chamber of Commerce officials who contacted the boat owner, stated that members of the party expressed intentions of remaining in Sanford for several days and also reported that they were very much impressed with the natural beauty of the river cruise and the attractiveness of the City of Sanford. This is their first cruise on Florida's largest inland waterway.

State Secretary Gets Appointment

TALLAHASSEE, Fla., Feb. 10.—(AP)—Secretary of State R. A. Gray has been appointed to a committee of the National Association of Secretaries of State which will draw up proposed uniform regulations for registering trade marks and trade names.

He was appointed by Dwight H. Brown, president of the national association and secretary of state in Missouri. The committee will try to have all states adopt uniform methods for registering trade marks and trade names.

Gold is to be extracted from the beds of old rivers in the north Urals of Russia.

Committee Is Named To Prepare And Submit Plans For Immediate Campaign

Gottschaldt Tells Of Benefits Seen

Tentative Plan Proposes 3 Cents Per Crate By Farmers

Pointing to the results of advertising campaigns in other industries and to how to put the "sell industry," Allan C. Gottschaldt, president of the Gottschaldt-Humphrey advertising agency in Atlanta, at a meeting of growers and shippers from over the State held in the Court House last night, outlined a tentative program calling for an expenditure of \$60,000 for advertising in the major celery markets of the nation.

The tentative proposal outlined by the president of the advertising firm suggested a levy of three cents per crate to be paid by the growers and an assessment of \$1.00 per car to be paid by the shipper, based on the estimate that 5,000 cars will be shipped during the remainder of the season.

At the close of the meeting, E. J. Lohman, Seminole County representative and celery grower, offered a motion that County Commissioner J. H. Lawson, who presided over the meeting, appoint a committee consisting of a member of each of the firms in the industry and one grower member of that firm to discuss the possibilities of the campaign and to propose a report.

National Affairs Are Discussed At Shrimp Breakfast

National affairs and existing conditions over the nation were discussed by Malcolm Alinworth, manager of the Southeastern Division of the United States Chamber of Commerce at the annual shrimp breakfast of the Central Florida Council of Chamber of Commerce held in Cocoa this morning. Ralph Bagwell, who presides over the meeting stated today.

Members of chambers of commerce throughout Central Florida were welcomed to the meeting by Mayor Malone of Cocoa and Mayor Echemillar of Rockledge. H. A. Carpenter, treasurer of the Orange County Chamber of Commerce gave the response.

The sixth annual shrimp breakfast marked the opening of the Orange Jubilee and following the meeting the visitors were shown the exhibits of the annual exhibit and also witnessed the boat race on the Indian River.

Mr. Bagwell reported that the next regular meeting of the Council will be held in Clermont on Mar. 16.

Delegations from the following Central Florida Chambers of Commerce were represented at the meeting: Seminole County, Volusia County, Daytona Beach, Orange County, Orlando, Orange Springs, Vero Beach, Brevard county, and Clermont.

Eckerson Quintet To Play Colonial Tennis

A strong Eckerson Fresh Orange basketball quintet is scheduled to meet the Colonial Orange basketball team, last year's champions of the Orange County High School Gym League.

The contest is to be held in the school court last night under the direction of Woody Reed, assistant coach at Seminole High School in preparation for the season.
