

X-Ray Unit Here On 'Do It Day'

Thursday has been designated "Do It Day" for Sanford by the Seminole County Unit of the Central Florida TB and RD Association, Mrs. Lorraine Graham, program administrator, announced today.

The mobile chest X-ray unit will be located in front of Garrett's department store, 200 East First Street from 9:30 a.m. to 1 p.m. and from 2 to 4 p.m.

Local citizens are urged to get their free chest X-ray and also to mail their gift to Christmas Seals if they have not already done so, Mrs. Graham said.

The yearly fund drive campaign pays for the TB and RD Association's year-round program of education and for research in these fields, she noted.

All persons over 18 are eligible for the free chest X-ray Thursday.

County Approves Two New Plats

County Commissioners, in a special meeting this morning, approved two plats for a housing development in the southwestern section of the county.

The plats were filed by representatives of Spring Valley Gardens and Spring Valley Farms. The former consists of four lots and the latter 21 lots, commissioners said.

The Commission met in special session so that work on the development could be expedited. The plats were previously approved by the Zoning Board and the county engineer, William Bush.

The two developments are located southwest of the Interstate 4 and Highway 436 interchange.

Six Prisoners Flee Road Camp

Six prisoners from the State Road Camp in Deland fled early today and a widening search is on for them.

Local police said the six, all white, fled at 1:45 a.m. They were identified as Roland J. Faircloth, 26, six-foot tall, weighing 150 pounds, blond hair and blue eyes; Raymond Goodman, 17, six-foot, two inches, 180 pounds; brown hair and blue eyes.

Roger O'Neal, 16, blond brown eyes and ruddy complexion; Billy Joe Kelly, 20, five-foot, six-inches, blond hair and blue eyes; fair complexion; Ed Davis, no description, he was being held for the State of Illinois; John W. White, 18, five-foot, nine-inches, 145 pounds.

Shortly after the escape, police in Orange City reported a pickup truck had stopped there for gas and left without paying the bill. They say the two incidents could be tied together.

Citrus Industry Seeks Pickers

LAKELAND (UPI) — The Florida citrus industry asked the federal government to allow more offshore labor into the Sunshine State to harvest the crop under emergency conditions.

Florida's citrus crop had been maturing faster than normal because of the extended warm weather which the state had been experiencing so far this winter.

And a frigid cold spell the past couple of days has worsened the situation since it is expected to speed up fruit droppage even more.

5 Persons Held In Assassination

BUJUMBURA, Burundi (UPI) — Five persons were arrested during the weekend in connection with the assassination of Burundi Premier Pierre Ngendandumwe. But the actual assassin was apparently still at large. Ngendandumwe, 35, was cut down by at least eight bullets Friday night as he left a hospital where his wife was receiving post-maternity treatment.

Seminole Junior College Leaps First Major Hurdle

By Harry I. Johnson
What was described as "one of the most productive days in Seminole County history" developed Wednesday when the State Junior College Board approved location of a junior college in this county.

Comments heard at yesterday's University of Florida hearing hinted that the state board will sanction the proposal.

Rep. S. J. (Joe) Davis said "I repeat the request of this delegation. We are living in one of the fastest growing counties in the state and in the nation. By 1990 we anticipate a population of 150,000. I fully support the need for a junior college and I have committed my support for it in the Legislature. It will get my topmost attention."

the local delegation's presentation but it lasted just slightly more than 10 minutes.

selves of the opportunity to attend the junior college."

has the full endorsement and co-operation" of his board on such matters as zoning and other conditions which may arise.

Other members in the delegation were County Commissioner Lawrence Swofford, Stewart Gatchel, director of instruction and personnel in the school system and who represented the hospitalized R. T. Milwee, county school superintendent; School Board member James Birkenmeyer and John Krider, executive manager of the Seminole Chamber of Commerce.

\$11 Million Request For University Ready

Altamonte OKs \$4,000 For Audit

By Donna Estes
Altamonte Springs Mayor W. Lawrence Swofford cast a tie-breaking vote at Wednesday night's council meeting to authorize the town's attorney, Joe Davis, to defend the town in a law suit filed against it by Mrs. Anita Weltner.

Committee appointments made by the mayor included Keith Nixon, vice mayor or mayor pro tem, Creas and Chapman, streets and sanitation, Newell and Crews parks and recreation, Nixon and A. C. Brown, utilities, Town Clerk, community house, Chapman and Nixon, public buildings and Newell and Crews, finance.

Motion was made and approved to deposit the required \$4,000 with the state to have the state audit begin as soon as possible and to notify the regular auditing firm that services have been discontinued.

Harold Radcliffe, town engineer, gave a detailed and lengthy final report on the water system and received the board's approval on necessary papers to be filed with Housing and Finance Agency.

The first of a series of work sessions to draw up a new town charter, which council plans to present in the legislative delegation for passage this year, was scheduled for 7 p.m. today at the town hall.

Aide Resigns
Mrs. Marjorie C. Shepard, assistant to retired county tax collector John Galloway for 12 years, has resigned her position, Tax Collector Troy Ray reported today.

'60s 'Ready For Takeoff,' Harper Says

Directors and officers of First Federal Savings and Loan Association were re-elected at a meeting Wednesday at the association office.

In his report, commented on the 1964 operation and said that the outstanding loans that were predicted by economists at the turn of the decade have not set any altitude records, and in this respect, have been disappointing to many.

Harper pointed out that while the lending side of the business was less buoyant nationally than had been expected, First Federal had increased over 1963 both the number of loans made and the dollar volume.

Officers in addition to Harper are Touhy, executive vice president, J. H. Van Hous, first vice president, S. F. Doudney, second vice president, Rosamund Chapman, secretary, Maxine Ekern, assistant secretary - treasurer, and Barbara Flynt, head teller.

GOLDEN anniversary of the Sanford Kiwanis Club was marked Wednesday when Rupert Stockland (left), chairman, presented a cake with 50 candles to Sanford Doudney, oldest continuing member. (Herald Photo)

Bank Prexy Views '65 As Good Year

Two promotions were announced Wednesday afternoon at a stockholders' meeting in the lounge of the Florida State Bank.

M. Raymond Daniel was named vice president and cashier and Wayne E. Albert was elevated to Daniel's former position of assistant cashier.

T. E. Tucker, chairman of the board and bank president, reviewed the conditions of the bank during 1964 and discussed the operating ratios of the Miami Sully Group of Banks. He said 1964 was the best year the group ever had.

news... BRIEFS

Fire Fatal
ST. PETERSBURG (UPI) — Mrs. Zeno Williams, 50, died Wednesday night of burns suffered nine days ago. Mrs. Williams suffered the burns when a cigarette ignited a nylon robe she was wearing.

Premier Shot
TEHRAN (UPI) — Premier Hassan Ali Mansur of Iran was seriously wounded in front of the parliament building early today by a youth who fired five shots at him, the government said.

To Palm Beach
PALM BEACH (UPI) — Sen. Robert F. Kennedy passed up Washington's whirl of inaugural balls to be here alone Wednesday night for a visit with his father, former Ambassador Joseph P. Kennedy.

Burn To Death
MINNEAPOLIS (UPI) — A 4-year-old boy died Wednesday night when a flash fire destroyed their home. Five other children and the father escaped in their nightclothes.

To Testify
MIAMI (UPI) — Edward Crowley, a high AIAA official, will be summoned here to testify on whether the Southern Bell Telephone Company made a 7.7 per cent profit margin in 1964. The state limits such earnings to 6.6.

\$17 Million
TALLAHASSEE (UPI) — Federal officials will appear before a county school superintendent's meeting in Gainesville Friday and explain how Florida schools can retain \$17 million in federal grants by eliminating discrimination.

Vote Again
NEW YORK (UPI) — Long shermen in the port of New York voted again today on a once-rejected contract which their union leaders hope will be approved and provide a pattern for ending the 10-day Atlantic and Gulf Coast dock strike.

'68 School Term Eyed

A request for \$11.1 million for construction of the new university in Orange County three miles south of Oviedo will be presented to the State Cabinet next week by the State Board of Regents.

Director J. Broward Culpepper said last night in Tallahassee the money will be needed this year if the university is to be ready for enrollments three years hence.

He said the 1965 session of the Legislature will be asked for a \$18.4 million to finance operations of the university for the coming two years. The request is a 60 per cent increase over the previous two years.

Organizational activities for the new Orange County institution are progressing rapidly and approval by the State Legislature of the proposed funds will enable physical work to begin.

In his address, Culpepper said schools will need \$118 million in construction funds, of which \$65 million were essential to the state as to most of the nation.

Included in the construction cost, in addition to that for Orange County, will be \$25 million for the new University of West Florida at Pensacola.

Culpepper said enrollment in the university would be 10,000 last fall. He predicted it will climb to 20,000 in 1970 and 45,000 in 1975.

Pressures of enrollment are so great, said Culpepper, that even if all the expansion now sought was provided, "there is a good chance that by 1970 there would not be room for an estimated 17,000 to 20,000 young people."

County Schools

TALLAHASSEE (UPI) — The state auditor issued a bad report today for the Seminole County School Board's operations for fiscal years ending June 30, 1962-64.

Auditor Ernest Elison said legal requirements were not met, good business practices followed and records were well kept.

Guilty Verdict In Bribe Case

John H. Hickman is in the county jail awaiting a presentence investigation following his conviction this week in Circuit Court on a bribery charge.

Marina 'Idea' Seen As Possible County Project

By Dottie Austin
Possibility of the proposed Sanford Riverport Marina expanding to a Seminole County Riverport Marina 100 m.e.d. Wednesday evening at a meeting of the Lake Mary Chamber of Commerce.

Sanford City Manager W. E. Knowles, at the close of an address to Chamber members, was asked, "Why cannot we have even put it in writing — but it is time we stopped and looked at the dark side of this question," Knowles emphasized.

"This is the question of where we are going to get the money, and it's a dead serious question," he said.

enough to pay the yearly operating expenses.

on the bottom of the lake. This compounds the cost of dredging and filling the proposed land area. Further test borings must be made to find out if there is good material within 3,000 feet of the marina site," the speaker added.

Sauls Accepts March Of Dimes Chairmanship

"Birth defects kill and cripple more American children than any other human disorder. The March of Dimes is leading the fight against birth defects because it believes the people are ready to join an all-out campaign against this tragic waste of life."

John Sauls made this statement today as he accepted a gain the Seminole County chairmanship of the 1965 March of Dimes. The traditional January fund drive concludes in early February.

"As a matter of fact," he declared, "one might call certain birth defects perpetual epidemics since they are relentlessly transmitted from generation to generation. As for emergencies," added Sauls, "is it not an emergency when 250,000 birth defect babies are born each year, thousands of them doomed to a lifetime of mental or physical disability?"

The county leader pointed out that the March of Dimes in the past six years has made important advances in the fight against birth defects.

Through the 50 March of Dimes - financed centers and clinics across the country, trained medical teams are providing the best medical care available for birth defect children and working to develop new techniques which will enable many more of them to live a useful life.

Scientists supported by March of Dimes grants are also at work in a great number of university laboratories in this country and abroad, seeking the causes of these fearful conditions and ways of preventing them.

Costly Bet

WOODFORD BRIDGE, England (UPI) — Peter Tunbridge, 28, won his bet but lost his life in the process. Tunbridge minutes before a pub closed, he bet a friend he could drink another six strong ales. He accomplished the feat but started coughing and choked to death.

SIXTH GRADERS from South Seminole Elementary School visited the City Hall and Police Headquarters to see how the city government works. Above they pose with Police Chief Roy G. Williams and Sgt. Don Brunley as the latter

explains the use of police equipment. The 24 pupils also were briefed by Mrs. Mary Harkey, City Manager Warren E. Knowles' secretary. They were accompanied by their Civic Class teacher, Mary Wiggins. (Herald Photo)

Polish Attache Expelled By U. S.

WASHINGTON (UPI) — The United States is expelling a civilian employee of the Polish military attache in Washington for "activities incompatible with accepted norms of official conduct."

The employee, Kazimierz Mizior, has been given two weeks to leave the country.

The announcement came from the State Department about a week after the Polish government asked the United States to recall its air attache in Warsaw, Col. George F. Carey Jr., on the ground that he photographed a Polish jet fighter base.

Road Hearings Set For March

TALLAHASSEE (UPI) — The Road Board has scheduled public hearings in all six road districts in March on the new highway construction budget which will be submitted to the Legislature.

The hearings will be held at Chapley, March 1; Tallahassee, March 2; Lake City, March 3-4; Deland, March 9; Bartow, March 10-11; and in Fort Lauderdale, March 16.

RECEIVING DIPLOMA testifying to his graduation from the Orlando Police Academy is Howard Butcher, head of the Seminole Sheriff's Auxiliary. He received it at a Pinecrest Restaurant this week from Sheriff J. L. Hobby. Butcher headed a long list of local men who have completed the police course. (Herald Photo)

Texas Steak For Luncheon

WASHINGTON (UPI) — Following was the menu for the lunch given by congressional leaders for President Johnson and Vice President Hubert H. Humphries following the inaugural ceremonies at the Capitol today.

Pink grapefruit supreme, relish tray, Texas heart of fillet mignon, tomato surprise, blue lake string beans in butter, avocado and romaine

Legal Notice

In the Court of the County Judge, Seminole County, Florida, in and for the State of Florida: I, Elsie Hunter, do hereby certify that the following is a true and correct copy of the will of the late JAMES H. HILL, deceased, as the same appears from the records of said County: ...

Virgin Islands Bill Amended

WASHINGTON (UPI) — Rep. Charles E. Bennett (D-Fla.), introduced a bill in Congress which would allow the Virgin Islands to join any state in the Union.

Any incorporation would require approval of the islanders in an election.

Bennett offered the measure as a substitute to one he introduced last week which would have made the Virgin Islands a Florida county.

He said the substitute resulted from the suggestion by Virgin Islands Gov. Ralph Paley, who said that some islanders might prefer joining another state.

Another possibility, said Bennett, is that the Virgin Islands and other territories—such as Guam and American Samoa—could join the District of Columbia in a 51st state.

Health Grant

GAINESVILLE (UPI) — The University of Florida has received a \$107,897 grant from the U. S. Public Health Service for general research support in the college of medicine, officials announced Friday.

Legal Notice

PLIFFERS NAME: ... You are hereby notified that a suit has been filed against you in the above entitled cause, and that you are required to file your answer with the Clerk of this Court, and to serve a copy thereof upon the plaintiff and plaintiff's attorneys, whose name and address is filed herewith, on or before the 15th day of January, 1965. ...

Cut Your Own Taxes - 14

By Ray De Crane
Newspaper Enterprise Assn.

Many circumstances may arise in a family which compel either a father or mother to hire someone to take care of his or her children so that the breadwinner is free to earn a living.

These situations could arise in the case of a widow or widower with children under 13 years of age, a wife who has been deserted by her husband, a husband whose wife is incapacitated or institutionalized. Expenses for caring for dependents 13 and older may also be considered if they are

physically or mentally incapable of caring for themselves.

The maximum child care expense which may be deducted may not exceed \$600 if only one dependent is involved, a top of \$900 for two or more dependents. The maximum credit in past years was \$600.

To qualify for the deduction, married women who are working and husbands with dependent wives must file a joint return and the credit is reduced dollar for dollar by any excess of their combined income beyond \$6,000. Thus, if combined income is as much as \$6,000 there can be no such deduction.

This limitation does not apply, however, if the husband is incapable of self-support or mentally defective or, if the wife is institutionalized for at least 90 consecutive days or dies within that period.

Whereas child care expenses are claimed as a deduction on Form 2441 (available through your district Internal Revenue office) or a statement setting forth all the information must be attached to the return.

Several million taxpayers throughout the country are only half through their income tax obligations when they file their 1964 tax return. For them there remains the necessity of filing a declaration of estimated tax as well by the April 15 deadline.

An estimated tax return is required from any taxpayer whose estimated tax for 1965 will be at least \$40 more than his withholding tax AND he can reasonably expect income in 1965 to exceed:

— If a head of the household, widow or widower, \$10,000.

— If an unmarried person filing a separate return, \$15,000.

— If a married person filing a separate return, \$5,000.

— If a married person filing a joint return, combined income of \$10,000.

— If anyone else whose anticipated tax at the end of 1965 will be at least \$40 more than his withholding tax and who can reasonably expect to receive more than \$200 in sources other than wages subject to withholding.

Where an estimated return is required to be filed the taxpayer must estimate his total income for the year and then compute the tax on it, using the 1965 tax rates. After deducting his estimated withholding tax for the year from

his estimated total tax he must pay the balance in quarterly payments during the year.

Most employees, whose income is subject to the withholding tax can eliminate the necessity of filing an estimated return and the credit is reduced dollar for dollar by any excess of their combined income beyond \$6,000. Thus, if combined income is as much as \$6,000 there can be no such deduction.

The prime purpose of estimated returns is to place all taxpayers on a relatively equal pay-as-you-go basis throughout the year.

(End Series.)
You can get additional, valuable tax help from a new 64-page book "Cut Your Own Taxes," available only through this newspaper.
The book contains all of the information included in the series appearing in this newspaper PLUS much more. To order a copy send your name, address and 50 cents to "Cut Your Own Taxes," c/o (The Sanford Herald), P. O. Box 489, Dept. A, Radio City Station, New York 19, N.Y.

Best Food Buys Of Week Listed

(The following guide to the nation's best food buys for the weekend has been prepared by the U.S. Department of Agriculture and Interior for United Press International.)

WASHINGTON (UPI) — A limited selection of meat cuts this week is offset by a colorful variety of abundant fruits and vegetables.

Beef and pork roasts, together with broiler-fryers, eggs, canned pink and chum salmon, are the best buys in protein foods for the weekend.

Celery, lettuce, onions both green and dry, potatoes, spinach, and tomatoes are good vegetable buys this week. Cabbage and carrots are especially plentiful.

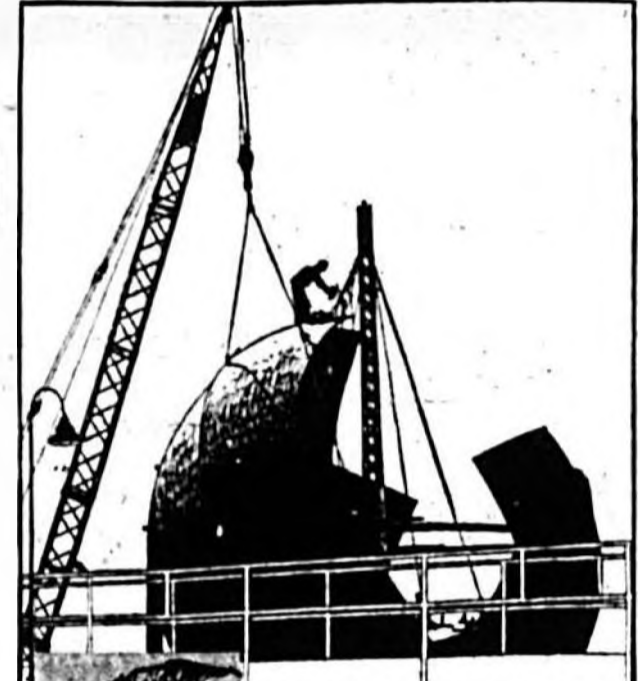

Abundant supplies of apples, grapefruit, and oranges await this week's shopper.

Christmas 'Gift' Brings Charge

OCALA (UPI) — James L. Purcell, of Douglasville, Ga., was indicted by a grand jury in the murder of his estranged wife.

The woman made Purcell mad, he said, when she bundled up the bones of her dog, "Laddy," and sent them to him to Georgia with a Christmas card bearing the dog's name.

Sheriff's deputies said Purcell had shot the animal three weeks earlier during a visit they arrested him on first degree murder charges.

Exciting things are happening ...
where independent telephone companies are growing. The decentralization of industry, for example—a new industrial revolution, is bringing millions of people to the frontiers of economic growth, where their telephone needs are answered by independently owned and managed telephone companies. Eggs-Actly

The problem of which came first, the chicken or the egg, may still be a burning question with some people, but science has at last solved a related mystery. The feat is all the more impressive because the question has never occurred to most of us in the first place.

Which end of an egg is laid first, the sharp or the blunt end?

This is a matter that has agitated the minds of natural philosophers from Aristotle on up to our own time.

The answer, according to A. L. and A. J. Romanoff of Cornell University is: "Yes and no."

That is, about 90 per cent of the time eggs are formed inside the hen with the sharp end pointed out. But only 70 to 80 per cent of the eggs are laid sharp end first. The reason is that sometimes an egg is rotated end over end in the process of being laid.

This latter phenomenon may also explain any sudden high-pitched squawks from the hen house.

Blueprints, Promises

Fidel Castro has informed the Cuban people that a severe housing shortage exists on the island. This was not news; what was noteworthy was his prediction that it would take 26 years to remedy the situation.

Speaking at a construction congress in Havana, Castro estimated that the problem would be solved if two million houses and apartments could be built by 1950.

But beginning in 1956, he admonished, all construction would have to

be done "strictly according to blueprints."

That could help.

Wasn't there another Marxist-Leninist who once promised the Russian people that they would surpass the United States in everything by 1970 and that then they would enter the long-promised land of genuine communism where no one would want, no one would cry?

Nikita Khrushchev had lots of blueprints, too.

Beauty Loses

Scratch one more romantic illusion:

Those lovely native girls who adorn those sun-swept, pure white beaches of the South Pacific are likely as not, toothless if they are over the age of 10—or at least cavity-ridden.

Reporting on a study conducted by the World Health Organization of 11,500 Polynesian children from 3 to 16, Swiss dental scientist Dr. Louis J. Baume puts it this way:

"It can be stated that dental conditions, particularly in Tahiti, must be termed as catastrophic."

Devastation by caries (decay) was found to be almost 100 per cent. Extraction of all natural teeth was considered by most adolescents as a salvation from a long experience of pain.

"But, alas," says Dr. Baume, "many of the young beauties remained, for years, completely toothless until

they had earned enough money to obtain dentures."

Tahiti's idyllic image was not without foundation in fact, however, for Tahitians of the 18th century were famous for their excellent dental health from birth to old age.

Blame civilization—and bad nutrition habits—too many carbohydrates and too little protein—for this situation, which sounds bad enough to have Fletcher Christian begging Captain Bligh to take him back to England.

Thought For Today

Bless those who persecute you; bless and do not curse them.—Romans 12:14.

Always forgive your enemies; nothing annoys them so much.—Oscar Wilde.

Phil Newsom Says

'... Their Running Dogs'

By K. C. Thaler

LONDON (UPI) — Red China's Mao Tse-tung recently issued a new battle cry for

intensified wars of liberation everywhere. Directed to the people of the whole world, it said:

"Dare to fight, defy difficulties and advance wave upon wave... against the U.S. aggressors and all their running dogs."

"... And I Suppose You Should Learn How to Say Howdy!"

Bruce Bissat -- Ray Cromley

Political Notebook

WASHINGTON (NEA) — The U. S. air strikes in Laos on the Red supply routes to South Viet Nam are a test to prove Red China is a paper tiger.

These air strikes won't destroy many of the Red supplies coming down the Ho Chi Minh "trail" to the Viet Cong in the south or knock out any significant number of the northern Red soldiers on advance moving through Laos into South Viet Nam.

The northern end of the Ho Chi Minh trail is a truck route. There are air bridges, bridges, narrow mountain roads and the points at which goods are transferred from trucks to men's backs. But all of these points are not prime targets to put out of action for long by air bombings.

It would probably take a year or more, in fact, before such air bombings could even cut significantly into North Viet Nam's nine-ton-strong truck fleet.

But White House State Department and Pentagon advisers are looking primarily at Peking and Hanoi.

Some of these men believe Red China's Mao Tse-tung may shout loudly but do little or nothing.

They figure the longer this bombing goes on despite U. S. plane losses and without strong Red Chinese action, the more it will weaken the confidence of the North Vietnamese in their Red Chinese allies and dampen the spirits of the Viet Cong. It may also make the North Vietnamese worry that their factories may be a future target.

American, Viet, Lao and tribal forces have been conducting periodic actions. These have not carried out a well-coordinated plan for strangling the trail.

Actually, a lot of men aren't required. Less than 100 well-trained men, organized into 30 or so three-man sabotage-demolition teams, infiltrating in relays, could keep the Ho Chi Minh road in Laos continuously out of commission. Each team would travel light and fast, stay out only a short time, then be replaced by another team, go out again after rest and recreation, taking a new supply of demolitions and rations.

A team would blow a bridge or two. Then, as fast as one was repaired, some team would hit another bridge. Isolated spots on the road could be trapped with small - but - effective mines. Each night mines would appear on a different stretch of road. Road repair gangs could be booby-trapped. Trucks could be sabotaged. The three-man teams in action would elude away into the night, avoiding fights.

The slowdowns and psychological terror that could be caused by 100 such well-trained sabotage men would multiply by many times the effectiveness of the air strikes.

If there's a skeleton in your closet, it will probably turn out to be a high-fashion model.

Barbs

By Walter C. Parker

Psychiatrists are said to be finding out that no one knows much about thinking. They are probably right, we think.

Letters

The Herald welcomes letters from its readers on public affairs. The editor must use a pen name provided the letterer's name and address. Letters of fewer than 200 words will be given preference. Letters addressed to others are acceptable provided they do not deal in personalities. Poetry is not published by The Herald.

Mrs. Jane Casselberry
Reporter for Sanford Herald

We, the public relations committees of South Seminole Junior High School wish to thank you for your co-operation and courtesy extended to us in relating our school activities to the public.

One of the most effective ways of describing the educational program of our school is through the newspaper. A fast growing community such as ours, needs to keep the people of this area informed about our school.

Dr. Crane's

Worry Clinic

CASE U-488: Milly D., aged 3, is an alert little girl. One day she suddenly blurted out this query:

"Mommie, where did I come from?"

Her mother was totally unprepared for this question so she stalled for time and said: "Run along now, Milly, for Mother is busy. I'll talk to you later."

But Milly didn't ask again and her mother was actually glad, for she didn't know how to reply, anyway.

"Dr. Crane," she later inquired, "just what do you say to a child Milly's age?"

This newspaper offers you readers a practical clinic in psychology and psychiatry, so be grateful.

For in this daily column we discuss the real (not imaginary) problems that beset people from childhood into old age.

Alas, many of the most acute dilemmas of human beings are entirely ignored in public school and even college classrooms.

For example, how many of

you were given a specific, sure-fire reply to a child who bluntly asks the same question which Milly shot at her surprised mother?

Although I majored in psychology, obtaining an A. M. and a Ph. D. therein by graduate work at Northwestern University and Yale, none of my professors ever mentioned such practical dilemmas as the one Milly's mother is in.

Then I took the four years at N. U. Medical School and interned at our famous Wesley Memorial Hospital, but still nobody ever mentioned Milly's problem.

Nor did they suggest the neat manner in which to inform a foster child of its adoption.

Nor diagnose the Ponce de Leon Complex.

Nor the simple "H-E-L-P" formula for interesting conversation.

Nor dozens of other practical prescriptions which you have been reading in this column for many years.

For the usual professor has been lecturing way up in the

educational "stratosphere" and rarely ever gets down to terra firma where we live and work and encounter daily problems.

In modern salesmanship, you are taught to anticipate every conceivable "objection" the prospect may raise.

Then you are given a fool-proof reply which you are to memorize. Thus, a star salesman is not surprised by a sudden question.

But parents are seldom offered such specific training in handling the queries of their children.

So resolve to answer your child when he asks the question. Otherwise, he may shunt you out of his confidences thereafter and consult somebody else, such as an "alley" instructor whose data are often distorted.

"You came out of Mother's tummy," is the standard reply for all you parents to employ on toddlers.

That's not anatomically correct but to a child, the entire abdomen is regarded as "tummy."

Dick West's

The Lighter Side

WASHINGTON (UPI) — It was reported recently that Judge Paul Kilday of the U. S. Court of Military Appeals is lobbying to have a special bill introduced in Congress this year.

Kilday doesn't care what kind of a bill it is as long as it is cosponsored by Rep. J. J. Pickle, D-Tex., and Rep. Claude Pepper, D-Fla.

Then, he pointed out, the measure could be called the "Pickle-Pepper Bill."

What Kilday was doing was playing an old game called "sponsorship" which was invented years ago by newspapermen covering the House and Senate.

During dull periods, of which, believe it or not, there are quite a few, Capitol correspondents often entertain themselves by matching lawmakers into appropriate terms.

Some are easily paired. For example, Sen. Norris Cotton, R-N.H., can be listed as either the sponsor of the "Cotton-Mills Bill" or the "Cotton-Hill Bill."

Pepper is equally adaptable. Along with the "Pickle-Pepper Bill," he has been linked with the "Green-Pepper Bill" and the "Pepper-Byrnes Bill."

Perhaps the two best known combinations are the "Aiken-Hart Bill" in the Senate and the "Dingell-Bell Bill" in the House.

To make the game more challenging, newsmen usually go a step further by listing the type of legislation that should be introduced. Thus the "Pickle-Pepper Bill" might be "an act to provide uniform standards for vinegar."

One famous measure along this line would require motorists to pay for the use of the federal highway system. It obviously was labeled the "Toll-Rhodes Bill."

In looking over the House

and Senate rosters for the 86th Congress, I can foresee the need for a number of vital pieces of legislation for which ready-made sponsors are available.

There could be measures to encourage religious studies (the "Read-Bible Bill"); to promote swamp drainage (the "Muskie-Marsh Bill"); and to regulate the operation of billiard parlors (the "Pool-Hall Bill").

The new congresswoman from Hawaii can team up with a veteran Missouri Republican in sponsoring legislation to install fur draperies in the plush new Rayburn House Office Building. This would be called the "Mink-Curtin Bill."

But the proposal that I regard as the most meritorious

is an amendment to the "Toll-Rhodes Bill" exempting two-wheeled vehicles. With proper sponsorship, it could be known as the "Blayh-Sickles Amendment."

There's a lot to be in SANFORD

Annual Talent Show Set In Lake Mary

By Frances Wester

Date for the annual Lake Mary Talent Show was announced today by officials of the sponsoring organization, the Lake Mary Chamber of Commerce.

The show is scheduled for Saturday, March 13, at 8 p. m. in the auditorium of Lake Mary Elementary School and a search now is on for contestants. Prizes this year will be \$25 for the winner and \$15 for second place.

Those interested in taking part in the program are asked to contact Jim Daughtrey, "Cracker" Donaldson, Otis Sjoblom or Donald Jackson.

JUNIOR GIRL SCOUT Dixie Lynn Burks of Altamonte Springs visits town hall where she finds Clerk Dorothy Bardine and Councilman Berl Chapman ready customers for a box of Girl Scout Cookies which are available only when the girls sponsor their annual sale.

Immigration Bill In Hands Of Six

WASHINGTON (UPI) — The fate of President Johnson's immigration bill in the House of Representatives rests on the views of six congressmen to be assigned to the Judiciary committee.

Johnson's proposal, sent to Congress Wednesday, calls for gradual elimination of the 40-year-old system of national origins quotas without major increases in total immigration.

The bill, similar to legislation sought by the late President John F. Kennedy, must clear the House Judiciary Committee. Up to now there has not been a majority of the 35-member panel in favor of repeal of the quota system.

Florida And Hurricanes Meet Tonight

Kissnell Gets Third Chance In Featured Race

Kissnell, the pup who looked like a world-beater in pre-season schooling races, gets his third chance to win his first official event in tonight's featured 100 race at the Sanford-Orlando Kennel Club.

The Joe Gerard pup was unbeatable in pre-season trials, but hasn't been able to run out a victory in two starts. She ran a poor fifth in her first start, but missed victory only by the length of her head in her second start. She was closing the gap fast on leader Gator Band who barely held on for the win.

Kissnell will be a prohibitive favorite to notch her first official win of the season tonight. Results Wednesday evening's races:

MID-FLORIDA Country Club's Women's Golf Association plays at 9 a.m. every Thursday. Mrs. Betty Mobley (left) is vice president and Mrs. Minoka Midkiff is secretary. Mrs. Nancy Summers is president.

State League Adopts 'Economy' Schedule

TAMPA (UPI) — "Economy" will be the watchword when the Florida State League's expanded 10-team roster starts its baseball season April 19.

The league board of directors met here Wednesday and adopted a 140-game "unbalanced" schedule under which teams in the northern half of the circuit will play each other more often than they will play teams to the south and vice-versa.

Seminole Gun Club Accepting New Members

The reorganized Seminole Gun Club will accept new members at a meeting at 8 p. m. Jan. 29 at the Sanford Police Benevolent Association club on Seminole Boulevard.

Pitcher-Comic Altrock Expires

WASHINGTON (UPI) — Al Schacht led the baseball world today in tribute to Nick Altrock—the rubber-faced pitcher with whom he rose to fame as a comedian despite personal differences which prevented them from talking to each other for 20 years.

Gators Host 'Cats Next

ATLANTA (UPI) — Adolph Rupp has been grumbling all season about his Kentucky Wildcats' lack of height and he'll really have reason to moan Saturday.

That's when the Wildcats will be in Gainesville, Fla., for a regionally televised game with the Florida Gators who feature the tallest front line in the Southeast.

Florida is 9-8 going into tonight's game against the top-seeded Miami Hurricanes and tied for third in the conference with a 4-1 league mark.

There is no major action in the Southeast Friday night. Saturday, in addition to the Florida-Kentucky afternoon contest, Georgia will be at Auburn, Mississippi at Mississippi State, Georgia Tech at...

Mrs. R. W. Williams Hosts Pre-Nuptial Party

Mrs. R. W. Williams was hostess recently at her Park Avenue home to a miscellaneous bridal shower for Miss Barbara Bradley, bride-elect of Frank Bowden. Assisting their mother were the Misses Frances and Deborah Williams.

Yellow and white floral arrangements adorned the Williams home with the guests served yummy butter-brickle topped with whipped cream, mixed nuts, coffee and tea.

The honoree received a gift of silver and a yellow rose corsage from the hostess and many lovely and useful gifts from the guests.

During the evening games were enjoyed with Mrs. Greg Walker awarded a prize. The guests wrote a favorite recipe or words of advice on file cards for the bride-elect's future use.

The guest list included the Meses. Gordon Bradley, L. E. Leeper, J. F. Riser, Alfred Stanley, W. H. Stewart, Lauren Johnson, W. A. Teague, Elmer Wontenay, A. O. Roberts, H. E. Taffer, H. H. Fortner and Edward M. Smith.

Also the Meses. C. E. Carlton, John Kader, James A. Stewart, Richard Wright, Jerry Cooper, Martha Ashby,

James A. Riser, Gregory Fox, James C. Jones, Morton W. H. Meriwether and Also Miss Ethel Riser and Miss Susan Hausch.

MRS. R. W. WILLIAMS, left, was hostess recently to a pre-nuptial party for Miss Barbara Bradley, bride-elect of Frank Bowden. Seated next to Miss Bradley is her mother, Mrs. Gordon Bradley, and her fiance's mother, Mrs. L. E. Leeper.

Musical Program Entertains Women Of DeBary Area

By Mrs. John Leone

The Music Department of the DeBary Woman's Club recently enjoyed an afternoon of music at the home of Laura Platt Brown with Mrs. Price Goodson in charge of the program on the history of popular music in the United States.

Throughout the afternoon hits from Tin Pan Alley, songs of the sea, humorous songs and human interest songs were recalled with great enthusiasm.

The works of famous composers, Stephen Foster, Gilbert and Sullivan, James Bland, Johann Strauss, John Philip Sousa, Irving Berlin, Jerome Kern, Rudolph Friml, Sigmund Romberg, George Gershwin and Rogers and Hart held the audience captive during the interesting presentation.

Gertrude MacNaughton, soprano, accompanied by Theresa Kueper, sang Steven Foster's "Beautiful Dreamer" followed by the DeBary Choristers, under the direction of Laura Platt Brown, presenting a musical medley.

Following the musicale, refreshments were served from a buffet table overlaid with a hand embroidered cloth and centered with an arrangement of pink camellias. Punch was poured from a crystal bowl, flanked by tall red tapers in crystal holders. Trays of cookies, petit fours, nuts and mints were served with china and crystal appointments.

Mrs. Albert Salisbury assisted Mrs. Brown as co-hostess.

Altamonte Springs Personals

By Julia Hartov

Mrs. Shirley Watts of London, England is houseguest of Mr. and Mrs. Ted Dudek of Dolores Drive in Dol Ray Manor. Mrs. Watts is Mrs. Dudek's sister and the wife of Charles Watts, a member of the Rolling Stones. Mr. Watts will also visit here in about 3 weeks.

Mr. and Mrs. Richard McCanna Jr. the former Dallas resident, announce the birth of a six pound, 12 ounce son born January 17, at the Winter Park Hospital. The new arrival, who has been named Richard III, is the couple's first born. Maternal grandparents are Mr. and Mrs. Ted Dudek and paternal grandparents are Mr. and Mrs. Richard McCanna Sr. of Altamonte Springs.

Use the lid from another box to cover and protect the box on a fancy gift package.

Personals

Mrs. B. J. Alexander of Gastonia, N. C. is currently visiting her son and family, Mr. and Mrs. Bob Alexander and children at their home on Jenkins Circle.

Luncheon Fetes Bridesmaids

The bridal attendants of Miss Barbara Bradley were recently honored with a bridesmaids luncheon at the Barbizon in Winter Park. Hostesses for the charming luncheon were Mrs. Walter Teague of Oviedo and Miss Ethel Riser, aunts of the bride-elect.

MISS BARBARA BRADLEY is shown with her mother, Mrs. Gordon Bradley, at a recent bridesmaids' luncheon complimenting her bridal attendants. The luncheon was at the Barbizon in Winter Park with her aunts, Mrs. Walter Teague and Miss Ethel Riser serving as co-hostesses. (Herald Photo)

Miss Bradley presented her attendants with the headpieces they will wear in her wedding and she received gifts of china and silver from the hostesses.

A delicious chicken salad luncheon course was served to the guests who included Mrs. Alex McKibbin and Mrs. Greg Walker, bridesmaids; Mrs. Gordon Bradley, mother of the bride-elect; Mrs. L. E. Leeper, her fiance's mother; Mrs. J. F. Riser, her grandmother and Mrs. L. W. Bedenbaugh, her aunt from Newberry, S. C. Unable to attend the luncheon was Mrs. Glynis Hodges (Judy Ludwig) of Tallahassee, who will attend Miss Bradley as matron of honor.

Groggy
Cognac grog is a traditional cold weather drink in the French Alps. Ski buffs put a slice of lemon stuck with a clove, a small lump of sugar, and 2 ounces of cognac into an old-fashioned or wide-bottomed glass. Add boiling water and stir, and serve.

Festive
For a festive looking hors d'oeuvre, chop drained herring into small pieces, mix it with cream cheese and use this to stuff celery stalks. Sprinkle with paprika and garnish with slices of stuffed olive.

Uninvited Guests Invade The Wells' Retreat

On a recent Sunday afternoon approximately 75 audacious characters (Herald employees and families) invaded the private domain and disturbed the domestic tranquility of Judy and Fred Wells at their country retreat on isolated Lake Ashby. Judy and Fred chose this remote site for their new home precisely to avoid intrusions of this nature.

The surprise housewarming and buffet dinner was under the cunning and crafty coordination of Mrs. Jamie Shoemaker, Herald office manager.

Frank Voltoline, Herald circulation and general manager, and his staff of well equipped civil engineers (fellows in the back shop) carefully surveyed the best accessible route to the area, which they cleverly marked with the dear old Sanford Herald draped artistically around the cactus, sage and underbrush.

Herald Angel Frances Willis and her tribe was the only party lost in the wilds, for the simple reason they did not venture far enough into the country to find the first landmark, not realizing the possibility of another continent being involved.

Judy received the guests in comfortable "at home" capris

stylishly silt at intervals to produce daring dramatic effects.

Fred was attired in a bleeding madras shirt, which was at the weeping stage (honest old sweat) where the blood had been drained due to physical dexterity. To make room for the guests he cautiously goaded the oxen back to their stalls and the crocodiles, alligators and hippopotami back to Lake Ashby.

The afternoon was spent with the guests all exploring the vast terrain and trampling down Judy's priceless shrubs, all two of them.

A healthy discussion followed on methods to trap or manhandle the vicious varmints which tore at the guests' torsos - namely red bugs.

The fellow employees of the Wells' dug deep into their earnings from outer Siberia and came up with some very appropriate gifts, which naturally delighted Judy and Fred. The guests were all consoling enough to bring chow (conglomerations equivalent to a barbarian feast).

A chow line formed under

the lowering pipes around the buffet table which was devised from handsome two by fours and covered with the

dear old Sanford Herald. Large ink drums (from the dear old Sanford Herald) formed the pedestal for the rustic table, creating a distinctive Duncan Phyfe effect. Treasured antique wash tubs contained a variety of drinks (soft only).

The guests had finished making gluttons of themselves around dusk just as the usual nocturnal flight invasion occurred - commonly known as mosquitoes.

After examining their autos for dents, scratches, broken axles, etc. the braves gathered up their garbage, squaws, papooses, compasses and lanterns to head back to civilization before dark, departing entirely on the visibility of the landmarks, the dear old Sanford Herald.

Sox Ed's note: This is "just" in fun. Since Judy and Fred are such good scouts, thought I'd jazz this one up. The outing was most stimulating and delightful and the Wells were gracious hosts.

Sorority Chapter Outlines Social Events Forthcoming

The Gamma Omega chapter of Epsilon Sigma Alpha met for a regular business meeting at the home of Mrs. Linda (Jim) McKee. The president, Mrs. Kathy (Henry) Tucker, called the meeting to order.

Evaluation reports of the Christmas season charity projects were given as the first order of business. It was announced that ten per cent of the proceeds received from wrapping Christmas gifts at the Naval Air Station will be reserved for the Navy Relief Fund. The remaining portion will be designated for purchasing shoes for needy children.

Long-term plans were made for the 1965 Christmas Charity Ball. Gene Frenette and his orchestra have again been contracted to play for the dance. Present plans are to hold the annual formal event on Saturday, December 25, 1965, at the Mayfair Inn.

Mrs. Claire (Kirby) Fite, chairman of this year's educational program, "Wake Up and Participate," outlined future speakers for the spring meetings. Speakers and topics scheduled are Mr. Donald Farrens (Parliamentary Procedure), Sheriff J. L. Hobby (Crime) and County Superintendent of School, R. E. Milwee (Education). Spring social activities were outlined by Mrs. Pat (Terry)

Smith, social chairman. Immediate plans were made to hold a covered dish dinner at the home of Mrs. Hope (Jack) Schiraldi. Members and guests will attend.

Tentative plans were made for an April social meeting for members only, a week's relaxation at New Smyrna Beach in June for members and families, and a summer steak fry for members and escorts.

Mrs. Kathy (Pete) Baker, Mrs. Claire (Kirby) Fite, Margaret Quales, Mrs. Mary Ann (Edgar) Bruce, Mrs. Kathy (Henry) Tucker, Mrs. Pat (Terry) Smith, Betty Mann, Mrs. Hope (Jack) Schiraldi, Mrs. Ginger (Aubrey) Moran, Mrs. Linda (Jim) McKee, and Mrs. JoAnn (Jim) Rowe attended the meeting.

Cdr. D. E. Webster Commands VAH-13

Cdr. Dean E. Webster, executive officer, has succeeded Cdr. C. V. Nolta Jr., killed in an aircraft accident Dec. 23 in DeBary, as commanding officer of Reconnaissance Attack Squadron 13 at Sanford Naval Air Station.

CDR. D. E. WEBSTER

Commander Webster, 38, a native of Bedford, Ohio, has been flying since 1944. He received his Navy wings and commission in 1958.

A Tulane University graduate, he has varied experience in Naval aviation including service in both fighter and heavy attack aircraft.

One of the highlights of his career was when he served on the headquarters staff of the commander of the Pacific Missile Range in 1958-59.

He reported to Reconnaissance Attack Squadron Three last July for RA-6C Vigilante aircraft training following tour at Naval Station, Whidbey Island, Wash., with Heavy Attack Squadron Two and the fleet air staff.

Commander Webster, his wife, the former Miss Mary Lois Allnoch, of Corpus Christi, Tex., resides with their five children, Jeffrey, 8; Joel, 6; David, 4; Scott, 2; and Susan, 1, at 2352 Derbyshire Road, Maitland.

Post Appoints Chairmen For Boys State

By Donna Esteg, Linton Cox and Frank Steudle were reappointed chairman and co-chairman, respectively, of the Boys State Committee by Commander Jack Beauchamp at the regular meeting of American Legion Old Glory Post 183 of Altamonte Springs held Monday evening at the Post Home on Prairie Lake.

Beauchamp also named Tom Logran as chairman of the ways and means committee to be assisted by Steudle, Bill Burkhardt and Ralph Drebbin.

In other business, plans were made to promote more social activity for the welfare of the post and it was announced that notices of meetings will no longer be sent to the members.

The men were urged to note on their calendars the regular meeting dates, third Monday of each month, and to plan to attend the post meetings to help "Carry on the Legion's work for God and Country."

Next meeting will be Feb. 15, 8 p.m., at the Post Home. A combined social with members of the Auxiliary Unit will be held following the meeting.

Legal Notice

NOTICE IS hereby given that we are engaged in business at 114 N. Park Ave., Sanford, Seminole County, Florida, under the business name of LeMac, a McKinnon, and that we intend to transfer said name with the clerk of the Circuit Court, Seminole County, Florida in accordance with the provisions of the Statutes Name Statutes, Section 685.09 Florida Statutes 1957.

Alex McKinnon, Jr. and LeMac, Inc. Sanford, Florida.

Silhouette Artist Shows At Mall

Winter Park Mall Merchants Association has engaged the services of LeMac, a world famous silhouette artist who has appeared in every state in the Union and many foreign countries numbering many great and near-great in his list of subjects.

Perhaps the most famous is that of Sir Winston Churchill who posed for LeMac while he was at the University of Missouri where he gave his now famous Iron Curtain Speech.

LeMac's collection of life-size portraits silhouettes of the Washington to L. B. Johnson has been acclaimed as an outstanding historical exhibition.

The collection will be on view at all hours while the Mall is open and is free to the public.

LeMac, himself, will be in the Mall daily and will cut and give away free a limited number of silhouettes of children at each appearance Thursday, Friday and Saturday at 1 P.M., 3 P.M., 5 P.M., 6:30 P.M. and 8 p.m.

Children must be over four years old and accompanied by an adult. One to a family.

New Satellite Quadruples Weather Watch Orbits Earth In 2 Hours

Sir Winston Continues To Amaze World

LONDON (UPI) — Everybody agreed today that Sir Winston Churchill was in his last illness, but the question on all lips was how long he managed to survive so long.

A week ago today he suffered a massive stroke. For a 90-year-old man that usually is fatal, and fairly quickly.

But the bulletin issued Thursday night by Churchill's physician, Lord Moran, reported: "Sir Winston's condition is unchanged."

Churchill still is the No. 1 topic of conversation in London, and physicians are being constantly interviewed by persons who are not ill.

The public is trying to understand how and why their hero is able to survive.

Resisting Death

One doctor, a specialist in ailments of the aged, put it this way: "Sir Winston is not so much fighting for life as he is resisting death. He would not have lived this long if his body gave up easily."

All physicians agree that the clue to Churchill's stout fight is his amazing medical history. He has survived things that would have killed a normal man twice over.

He had double pneumonia at the age of seven. In 1893 he fell out of a tree and was unconscious for three days.

In his early years he suffered from tonsillitis, skin infection and eye trouble. He fell off a camel at age 47 and off a polo pony at 48.

He had attacks of gastroenteritis and paratyphoid. He was operated on for appendicitis at 48 and for hernia at 72.

He was in a plane crash in Paris in 1919 and was knocked down and badly battered by a taxi cab in New York in 1931.

He suffered a serious attack of pneumonia in North Africa during World War II.

He smashed his hand in an elevator in 1938 and broke a bone in his back in a fall at his home in 1961.

Most of his life he drank considerable brandy, smoked strong cigars and stayed up until 3 a. m.

This is the inevitable answer of doctors is that a body that has been repairing itself so frequently over the years keeps on automatically trying to do it, even though Churchill is sleeping or in a coma most of the time.

Awards Banquet Of Jaycees Set Saturday Eve

Sanford Jaycee members will hold their annual awards banquet Saturday at 7:30 p. m. at the Paces Hotel, 1001 N. Seminole Boulevard.

The annual event is the occasion of the presentation of five public awards to outstanding citizens of the county. Top award is the Distinguished Service award to the most outstanding young man in the community, who has done the most for his home.

He must be between 21 and 35 years of age and he need not be a member of the Jaycees. He is chosen by public nomination," said Jaycee President Clyde Long.

Some public officials will win the annual Good Government award, which is given for the person who has contributed the most to public service in the past year.

Other awards are those presented to the Outstanding Young Teacher, Outstanding Young Sailor and Outstanding Young Farmer. Jaycee Wendell Springfield is chairman of the awards committee. The teacher and the sailor are chosen by their fellow workers and the farmer by public nomination.

Featured speaker at the banquet will be Jim Jewell, housing editor of the *Enterprise-News*, who will describe the economic advantages that have accrued to his city because of the marina and housing industry there. Jewell is a Jaycee.

Sarepta Home To Close Doors About Feb. 1

After a long and bitter struggle with financial difficulties and stringent state regulations, operators of the Sarepta Home for the Aged at Silver Lake have given up the fight.

The announcement that the doors would finally close for the last time came today from Mrs. Tammara Braden, assistant administrator of the home who has led the long struggle for more than three years.

"Because of the continuing and increased demands of facilities related to the care of the aged, we are unable to continue in our present facility. We, therefore, have not and do not intend to apply for relicensing," Mrs. Braden told *The Herald* today.

The temporary license granted the home last May following pleas from the county commission and local citizens to the State Board of Health expired last Dec. 31. An earlier directive ordered the home closed on Dec. 31, 1963.

"It is hoped that with the full cooperation of the State and County Welfare agencies, nine of our residents will be moved on or about Feb. 1. Announcements of further moves and future plans will be made at a later date," Mrs. Braden added.

Civic organizations, private citizens and Navy personnel all joined together to help the home with money, labor and service to keep the home open.

Freezing Drizzle Slicks Highways

Thunderstorms swept up the center of the nation from the Gulf of Mexico today while freezing drizzle slicked roads from the Dakotas to northern Michigan.

Only the East Coast was expected to have sunny weather. Bengtson Air Force Base, Austin, Tex., got more than three inches of rain during the night.

Big plagues Salt Lake City, Utah, received three inches of snow yesterday.

Interstate 70, from the Gulf of Mexico to the Florida Panhandle, is closed to traffic. The 110-mile stretch from Jacksonville to the state line near Tallahassee, where the federal government and the state have a joint jurisdiction, has been closed since 10 a. m.

In the only 30-mile stretch of interstate construction work reported today, the 120-mile stretch from Jacksonville to Tallahassee is closed to traffic. The 120-mile stretch from Jacksonville to Tallahassee is closed to traffic.

The major projects and their current standings:

- Interstate Route 95, 300 miles from the Georgia line north of Jacksonville to the state line of the coast to Miami and the concept of the superhighway only 73.6 miles completed so far, another 119.5 miles under construction. Early work concentrated in urban areas of Jacksonville and Miami, including parts of the Miami Expressway system and the Jacksonville Expressway.
- Interstate 70, from the Gulf of Mexico to the Florida Panhandle, is closed to traffic. The 110-mile stretch from Jacksonville to the state line near Tallahassee, where the federal government and the state have a joint jurisdiction, has been closed since 10 a. m.

The major projects and their current standings:

- Interstate Route 95, 300 miles from the Georgia line north of Jacksonville to the state line of the coast to Miami and the concept of the superhighway only 73.6 miles completed so far, another 119.5 miles under construction. Early work concentrated in urban areas of Jacksonville and Miami, including parts of the Miami Expressway system and the Jacksonville Expressway.
- Interstate 70, from the Gulf of Mexico to the Florida Panhandle, is closed to traffic. The 110-mile stretch from Jacksonville to the state line near Tallahassee, where the federal government and the state have a joint jurisdiction, has been closed since 10 a. m.
- In the only 30-mile stretch of interstate construction work reported today, the 120-mile stretch from Jacksonville to Tallahassee is closed to traffic. The 120-mile stretch from Jacksonville to Tallahassee is closed to traffic.

Dock Strike End Appears Near

NEW ORLEANS (UPI) — The Gulf Coast became the focal point of the 12-day dock strike today as a result of a contract, settlement reached on the East Coast.

Although New York area and Virginia Longshoremen voted more than two-to-one to accept a four-year contract, they were duty bound to stay off the docks until agreements are forged in South Atlantic and Gulf ports.

Alexander stressed the need to begin beautification throughout the county so as to continue the "high degree of interest now being shown by several people."

The committee will convene again at an early date to push the plan, he said.

WASHINGTON (UPI) — President Johnson wants the states to make their roads more beautiful but he has yet to come to grips with a key question—who pays?

John T. Connor, secretary of the Commerce Department, said that the states may be reluctant to divert money from building roads to beautifying them.

SRD Aids Area Move

A spot check survey of Seminole County was made this morning by landscape experts of the State Road Department after they had conferred with the Seminole Chamber of Commerce's beautification committee.

The men, L. K. Thompson, coordinator of state beautification projects, and Paul Pappas, assistant engineer in maintenance, made the tour with Committee Chairman John Alexander and his group.

Earlier, the two had pledged complete cooperation within the limits of SRD regulations for the county project.

Thompson said he will be available on short notice to confer with the group again and offered to lay out sketches of what the committee desires. He then will study the requests, modify, approve or disapprove the local beautification, subject to SRD policies.

He told the group, meeting in the Chamber's conference room, that the SRD is now considering a new policy for beautification and this will serve as guidelines for any future project.

The policy will vary in some areas but will put stress on safety of the driving public, he said. In some areas, trees will be allowed while in other sections they will be limited.

The SRD officials agreed with the committee that planning and maintenance of the plantings should be considered together. As John Kridler, Chamber executive manager, put it, "The beautification is only as good as its maintenance."

Volunteer help in maintenance was discarded as the best method and the committee will study a way of financing professional help to see that the program is perpetuated.

The need for beautification of road projects to be tied in with the construction was stressed by President Landon B. Thompson, who said Johnson has earmarked a certain portion of federal road funds for that purpose.

Pappas said the SRD crews could assist in the planting of the trees but the purchase and maintenance will fall on other shoulders.

He added the County Commission could earmark portions of secondary road funds for beautification and this is being done in several counties.

Orbits Earth In 2 Hours

CAPE KENNEDY (UPI) — The United States today rocketed a glittering new Tiros weather satellite high over south Florida and Cuba into a polar orbit that will give its rolling eyes full view of earth's clouds.

It was the first time a north-south orbit was reached from the East Coast. Missions shunned such shots in the past because of the slight chance that rocket failure could drop debris or populated areas.

Although today's launch was marred by the "too hot" performance of the rocket's second stage that shoved the payload into an egg-shaped rather than circular orbit, scientists said Tiros' mission would be met. It was whirling around earth every 118 minutes on a path that ranged from 500 to 1,812 miles high.

With the polar orbit and a unique cartwheel arrangement for its two television cameras, Tiros 9 will be able to keep a weather watch over the entire world—four times the coverage of each of its predecessors.

The shot, thought yet for the reliable Delta rocket, required precision maneuvering to take the booster around most of Florida's southern border but still keep it on its difficult course.

Ninety seconds after its 2:53 a. m. EST blastoff, the sleek three-stage rocket began a gentle turn that carried it back toward Florida's famed Gold Coast. It streaked over Palm Beach and flew more than 60 miles above Miami Beach 190 seconds after launch.

The rocket, still gathering speed, then sped more than 100 miles above Cuba and headed southwestward over the Caribbean and Panama.

Five minutes after launch, a space agency spokesman said all but noise were out of danger. He reported later that the rocket's speed had increased to 17,000 miles per hour and that it would operate eight months of the year with rates one night a week from 8 until 10:30 and practice sessions once a week from 8 until 9 p. m. The Joyce brothers were invited to go over regulations with council.

Building Inspector William Lake recommended that council amend the zoning ordinance to permit construction of out buildings closer than 25 feet from lot lines. After discussion it was agreed that the city attorney be instructed to write amendments to the zoning ordinance changing the requirement from 25 feet to 10 feet.

It was voted that the paving on Seminole and Land Avenues, which has been inspected, be accepted by the city for maintenance and that the paving of Reider Avenue from Oak Street west be included in an early paving program.

It was decided to give the fire department permission to hold its annual fried chicken dinner March 13 at the city park.

Meeting was adjourned subject to call and it is expected that another session will take place before the regular February session.

Change Asked In Longwood City Charter

By Donna Estes

Longwood City Council Thursday night voted to instruct the city attorney to draw a resolution requesting that the Legislature be petitioned to amend the city charter to make the combined office of city clerk and tax assessor an appointive position rather than an elected one.

Councilman Carl Lommer, who proposed the resolution, stated that he "wanted to assure future councils of having a qualified clerk and good housekeeping systems."

He pointed out that with the office remaining an elected one a person may be elected on the basis of popularity rather than ability.

In answer to a protest from the audience, Lommer said that there is "no question of Mrs. Anne R. Shonate's ability as present clerk and tax assessor and that the proposed change in the charter is not a personal attack on her."

In other business, Council Chairman R. C. Carlson announced that the legal description had been verified on the Hammes property on Sandal Springs Drive in the western part of the city where the Joyce Brothers propose to build a \$100,000 stock car speedway. He further stated that the property is located completely within the city limits and is properly zoned for the venture.

After hearing objections to possible noise from the tracks from a resident, Benjamin Newman, Richard Joyce explained that the area would be enclosed with a solid steel construction fence and that it would operate eight months of the year with rates one night a week from 8 until 10:30 and practice sessions once a week from 8 until 9 p. m. The Joyce brothers were invited to go over regulations with council.

Building Inspector William Lake recommended that council amend the zoning ordinance to permit construction of out buildings closer than 25 feet from lot lines.
