BRITISH WILL NOT ABANDON MOSUL OIL VILAYET FIELD AS REQUESTED BY TURKS

NO PROLONGATION NEAR EAST CONFERENCE WILL HAVE INFLUENCE

ON THE DECISION

Turks Have Insisted All Along That Field Belonged to Turkey

(By The Associated Press) LAUSANNE, Dec. 27.—Through Foreign Secretary Curzon, Great Britain today informed Turkey that the British will never abandon Mosul Oil Vilayet as requested by the Turkish delegation and that no prolongation of the Near East conference can influence the British government to recede from this position. The Turks had insisted that Mosul belong to Turkey.

LONDON, Dec. 27.—Reuter's Dispatch from Lausanne says "There is no serious danger in the Near East conference becoming abortive if the Turks persist in their present methods."

LAUSANNE, Dec. 27.—Armenia was the storm center of the Near East conference today. The Turks refused to attend a meeting of the sub-commission which had arranged to hear the plea of the Armenians for the establishment of a national home in Turkey, and both Ismet Pasha and Riza Nur flew sent strongly worded communications protesting against a decision to allow the Armenians to state their case.

They declared that if Armenians, who had no official standing and represented no independent government, were heard by the conference, there was no reason why the Egyptians or the Irish should not be allowed to present their demands.

The so-called irregular Egyptian delegation has been waiting in Lausanne for more than a month for permission to be heard by the conference and since a demand for the independence of Egypt and complete withdrawal of the British army.

In consequence of the Turkish protest the official meeting of the sub-commission was postponed and the representatives of the inviting powers, Great Britain, France and Italy sitting alone, listened to the Armenian spokesman, who suggested that a home be established in the northeast vilayet of Turkey, which should include historic Mount Ararat, or a section in Cecilia. It was impossible, he declared, for the proposed Armenian home to amalgamate with the Moscow Soviets. The Armenians would willingly accept the same relationship with Turkey as the dominions with England. In conclusion he asked for the exemption from military service for the Armenians, and urged maintenance of the orthodox patriarch in Constantinople.

WENDLER INDICTED BY FEDERAL GRAND JURY, VIOLATION POSTAL LAWS

(By The Associated Press) JACKSONVILLE, Dec. 27.—J. H. Wendler, publisher of the Florida Post at Winter Park, the Republican daily newspaper which suspended several months ago, has been indicted by the federal grand jury on a charge of having violated the postal laws according to Assistant United States Attorney Reinstein. Wendler was arrested in Orlando September 2nd on a federal warrant charging use of mails to defraud in connection with circulation campaign and released temporarily on bail.

HUNDREDS OF TEACHERS AT ST. PETERSBURG

(By The Associated Press) ST. PETERSBURG, Dec. 27.—Hundreds of Florida teachers and several prominent educators from outside the state arrived here for the annual convention of the Florida Education Association. First session will be held tonight at high school auditorium at which time Governor Hardee will make an address.

Hello, Bill!

Theodore Roosevelt, assistant secretary of the navy, waves his hat at the cheering crowd as he marches with the Elks at Atlantic City.

Knights Templar Held Christmas Observance

It is a time honored custom among all Knights Templar throughout the United States to meet on Christmas day and offer a series of banquets. In unison with the remaining 100,000 Templars in our country, the Knights of Taylor Commandery No. 28, met Christmas day in their assembly and indulged in this beautiful ceremony.

Toasts were offered throughout the occasion to the Most Eminent Grand Master Leonidas P. Newby, Right Eminent Samuel A. Johnson, Grand Commander of Florida and a number of other distinguished Knights Templar. One toast of particular note was that offered in memory of Sir Knight Oscar Lee Taylor, for whom this Commandery is named. The concluding toast "To the Spirit of Taylor Commandery," was responded to by a pledge on the part of all Knights present to perform some act of kindness to some child during the day. Needless to say this was carried out and somebody was made happy by reason of this observance.

"The Spirit of Taylor Commandery" might well be likened to the ideal pictured in Hudson's poem: "Let me leave my house by the side of the road, And help men to win life's fight; Let me lead them to know the Master Man, Who will guide their steps aright; Let me mingle with them in their journey of life, As a Christian citizen;— Let me leave my house by the side of the road, And live as a man among men."

MIAMI, Dec. 27.—Edgar G. Frady, awaiting trial here for the murder of his wife last January, was somewhat stronger today as a result of the second transfusion of blood, the doctors said.

THREE DAYS PRE-INVENTORY SALE

Twenty-five percent off on all goods in this big store filled with choice gifts of all kinds in the jewelry line. Diamonds, watches, silverware, china and ivory sets. See the advertisement. The sale is for Thursday, Friday and Saturday.

LOUISIANA MYSTERY IS GETTING DEEP

AS FEDERAL AGENTS PROBE KIDNAPPING AND KILLING CASE

(By The Associated Press) BASTROP, Dec. 27.—There was an air of expectancy here and around Mer Rouge as the Department of Justice agents renewed activities in the Morehouse kidnaping case and widened efforts to run down persons responsible for dynamiting nearby lake which gave up two bodies. It was declared additional arrests imminent. Secret service men reported to have located where dynamite was sold and some of men suspected being implicated in dynamiting are under surveillance.

BALTIMORE, Dec. 27.—A writ of habeas corpus for Dr. B. M. McKoin, former mayor of Mer Rouge, arrested here yesterday on charge of murder in connection with the kidnaping case in Louisiana was obtained this morning. The writ which was issued by Chief Judge Gorter in the city court was made returnable immediately. Upon request of Attorney Carman, counsel for McKoin, Judge Gorter postponed the hearing until tomorrow.

Reception Tendered Dr. and Mrs. Walker at Williams' Home

Methodist Pastor Will Go to St. Petersburg Today

An occasion that was joyous as well as sad was the reception tendered Dr. and Mrs. S. W. Walker and Mr. and Mrs. P. M. Boyd last night at the home of Mr. and Mrs. T. W. Williams by the ladies of the Methodist church. Dr. and Mrs. Walker leave today for their new home at St. Petersburg, where Dr. Walker has exchanged pulpits with Dr. Carpenter, who will take the Sanford church this week.

The beautiful Williams home was decorated in holiday greens and colors for the occasion and Mrs. Williams, Mrs. L. P. Hazen and Mrs. Kelley met the guests at the door where they were also met at the entrance to the parlor by Dr. and Mrs. Walker and Mr. and Mrs. Boyd. An informal affair in every way created a wonderful feeling of friendship and sociability and the real Methodist hand-shake and good fellowship.

A fine musical program was rendered during the evening in which Mr. Boyd rendered several selections and also sang a duet with Miss Lillie Ruth Spencer, the numbers being warmly applauded and being given in the usual brilliant style of these artists. Miss Rosamond Radford gave several selections, among them one on the "Old Dog Jim" that were most excellent and demonstrating that Miss Radford has rare ability in this line. Delicious refreshments were served during the evening in the dining room consisting of salad, cake, coffee and whipped cream. The departure of these estimable people will leave a void in the hearts of not only the members of the Methodist church but of all the people of this community. Mr. and Mrs. Boyd have entertained large audiences morning and evening on Sunday and other days at the church and at the clubs and other civic organizations. Mrs. Boyd being a musician of superior musical attainments and Mr. Boyd possessed of one of the finest voices that has ever delighted a Sanford audience. The Boyds' will go to Mrs. Boyd's old home at Tarpon Springs and in a few weeks Mr. Boyd will leave for New York where he will take another course in voice culture under a noted teacher of voice.

Dr. and Mrs. Walker left today for St. Petersburg where Dr. Walker will be the pastor of the Methodist church, South, and they are commended to the love and fellowship of the good people of that city.

Dr. Walker and Mr. Boyd were largely responsible for a wonderful growth in the Methodist church in this city and the big Brotherhood class at the Princess Theatre every Sunday morning is a work of their hands and brains assisted by others of the Methodist church and other churches. This Brotherhood class, facetiously called the "Scrap Iron" class, is made up of many folks of all creeds and religion gathered at the theatre because they would not go to church and it is one of the greatest examples of the power and magnetism and personality of Dr. Walker and his assistants.

KIWANIS CLUB ENJOYED GOOD NOON MEETING

KIWANIANS GAVE CHRISTMAS CHEER TO MANY POOR FAMILIES IN SANFORD

Today's luncheon of the local Kiwanis club in the Palm room of the Valdez hotel was not only well attended but was one of the most enjoyable ever held by the club, every seat at the table being occupied and full justice was done to the roast turkey and trimmings that were set before them.

After the blessing was asked by the Rev. Brownlee, and the singing of several rousing Kiwanis songs, the Christmas committee reported several baskets filled with good "cats" and each containing toys for the children had been distributed under the supervision of Rev. Father Peck. The committee was thanked for the work of Father Peck and fired.

Wm. S. Jordan, a visitor from Jacksonville, made a short appropriate talk, telling of his recent extended travels in the North. He stated that the roads leading to Florida were filled with automobiles headed for the land of sunshine and flowers and predicted that within a very few years this state would be the best advertised and wealthiest state in the Union, as Northern people were learning of its advantages from the former visitors here.

He was followed by Mr. Charles E. DeLoe, a Jacksonville Kiwanian who spoke of the good to be accomplished by the club and who stated that he had only one thing to suggest and that was that Seminole county secure a steep 100 feet wide leading to DeLand and build a road to the latter city.

President Connelly spoke of the things accomplished during the past year and expressed his pleasure and appreciation at the work done and predicted bigger and better things for the year to come.

Kiwanian Lake moved that the ladies be invited as guests of the club on installation night, and the motion carried unanimously.

Rev. Brownlee moved that a rising vote be taken to show the appreciation of the club to the retiring officers.

Secretary Lloyd presented the following resolution, which was unanimously adopted:

Whereas: The Kiwanis Club has been enlivened each week by the musical and song programs rendered by Mr. and Mrs. P. M. Boyd, and

Whereas: Through no fault or effort of the Kiwanis club, the Boyds are leaving Sanford for other fields;

Therefore: It Resolved that the Kiwanis Club express its appreciation to the "Boyds" for their never tiring efforts in making the Kiwanis luncheons bright spots in the lives of Sanford Kiwanians and that this club extend to the Boyds its sincere wish for a happy and prosperous new year.

Mr. S. M. Lloyd Secy.

WOULD CHANGE NAME OF EVERGLADES TO "TROPICAL GLADES"

MIAMI, Dec. 27.—"Tropical Glades" was the name selected last night by directors of the Miami Chamber of Commerce as the most suitable of thousands submitted in a contest conducted under the chamber's auspices to find a suitable name to apply to that section of Florida called the Everglades. Agitation for a name to supplant "Everglades" which it was contended worked vast damage to Florida because of the prevailing impression over the country that "Everglades" conveyed a picture of a huge swamp and alive with wild animals.

FOUR PEOPLE ARE HELD BY NEW ORLEANS POLICE IN CONNECTION WITH BANK ROBBERY

Of Drover's National Bank at Kansas City, Mo., on December 12th

NEW ORLEANS, Dec. 27.—Four persons, two men and two women, are being held by police here in connection with the robbery of five messengers of the Drover's National Bank, of Kansas City, Mo., December 12th, in which highwaymen are reported to have obtained \$97,000. The arrest was made last night at a hotel where they are said to have been registered for several days. A handbag containing \$8,300 believed by the police to be part of the loot of the holdup was found in the room occupied by one of the couples.

CAPITAL CITY BUSY PLACE MAKING LAWS

BORAH NAVAL APPROPRIATION BILL HOLDS THE BOARDS

(By The Associated Press) WASHINGTON, Dec. 27.—Senator Lodge, who is leading opposition to the Borah move on the floor of the senate opened the attack as soon as the senate began work on the proposal. Lodge, who is said by colleagues to have ascertained views of President Harding declared it would be "useless" to attempt further disarmament now.

WASHINGTON, Dec. 27.—More than a score of Republican senators in informal conference before the senate reconvened decided to oppose the amendment offered by Senator Borah to naval appropriation bill which would request the president to call an international economic and disarmament conference.

WASHINGTON, Dec. 27.—Further increases in America's foreign trade reflected in figures compiled by the Department of Commerce showing exports of cotton and lint for November valued at \$109,387,719 which is about \$15,000,000 above the October total.

WASHINGTON, Dec. 27.—Investigation to determine whether adequate stocks of locomotives and cars are in possession of American railroads and whether railroad customs practices controlling use of interchange equipment are sufficient ordered by Interstate commerce commission which said acting without complaint on own initiative.

Rotary Club Met Yesterday At The Valdez

Decided to Take Up Question of Highway Beautification and Assist C. of C. to Start the Good Work

The Rotary Club held a fine meeting yesterday at the Hotel Valdez where a good turkey dinner was served and the Rotarians and their visitors enjoyed an hour of social intercourse and put over some good things in civic improvement.

J. P. Holbrook, of Orlando, Frank Logan, of Ocala, and Major Peterson, of Jamestown, New York, were the visiting Rotarians and all of them were called upon to say something and like real Rotarians they said it.

Judge Housholder wanted the Rotarians to start something toward the organization of a County Highways Association for the beautification of the highways in the county and several other members made good talks on the subject ending with the appointment of a committee that will ask the Kiwanis Club, the Woman's Club and other organizations to bring it to the attention of the Chamber of Commerce and also to the county commissioners for action.

Dr. S. W. Walker being called upon to tell why he was leaving Sanford and going to St. Petersburg just after he had been made a Rotarian, made a witty speech and then in sober vein expressed his appreciation of the Rotary Club and the great benefit he had received from being a member.

Col. Knight was to have made a talk but was excused from the regular routine and talked on the Boy Scout movement instead and the idea of adopting a Boy Scout troop was adopted.

Several other good ideas were advanced for the upbuilding of the community and the meeting was a good one from every standpoint.

STORMS AND ROUGH SEAS ON GREAT LAKES AND OCEAN CAUSE LOSS AND DESTRUCTION

Antelope Bones

Miss Fern Brewster, first white child born in Hanft, in the heart of the Canadian Rockies, is wearing a necklace of antelope bones. 49 years ago an Indian chief killed 29 antelope and used the bones of their forelegs to make the necklace as a wedding present for his daughter.

Santa Claus Treated To Warmest Christmas in Country's History

(By The Associated Press) CHICAGO, Dec. 27.—Throughout the United States all previous authentic records for warm temperatures for Christmas day were broken, according to reports available yesterday.

Santa Claus returned to his mythical home in the cold north without experiencing zero weather in any part of the country.

The highest reading was at Fort Worth, where the thermometer registered 78 degrees, Kansas City, Mo., reported only 10 degrees lower, the warmest Christmas ever officially recorded there.

Residents of Chicago were given the hottest Christmas in years with the mercury reaching 45 at 5 o'clock in the afternoon.

Exceptional high temperatures prevailed over the entire state of Illinois, Kansas and Missouri. In the northwest, above zero temperatures maintained. Towns in Montana and North Dakota that reported temperatures 20 to 30 below during the cold waves, Monday recorded readings above freezing.

Birmingham weather officials said all previous records for warmth on Christmas day were broken.

Highest temperature readings Monday in the eastern states ranged from 40 degrees at Boston to 66 at Atlantic City.

TO ATTEMPT RETURN FLIGHT TO DAYTON FROM MAGIC CITY

MIAMI, Dec. 27.—The return journey of an aerial pathfinding trip which began ten days ago will start this morning when Lieut. Irwin S. Amberg of the 88th squadron, stationed at Dayton, O., hops off for the Ohio field. Lieut. Amberg alighted in Miami last week after a six day flight he said was to establish a route from Dayton to Miami for use in the event of the necessity for a mobilization of army airplanes arising. On the trip here only fourteen flying hours were consumed. Lieut. Amberg will attempt to make the return flight in two days.

TUG CORNELL BELIEVED LOST WITH ALL HANDS ON BOARD

ATLANTIC ROUGH

And Many Big Ships Have Difficult Passage Across Yesterday

(By The Associated Press) NEW YORK, Dec. 27.—The French liner Savoie arrived here today after the roughest voyage of her history and reported the possible loss at sea of the steamship Tudor Star bound from Seattle for Glasgow. Tudor Star is operated by the Blue Star Line of the Union Cold Storage Co.

CLEVELAND, Dec. 27.—Although practically no hope is held out for the safety of the Tug Cornell a search of Lake Erie in an effort to solve the mystery surrounding disappearance of vessel continued. Finding of life boat containing the frozen body of Michael Puytash, one of the eight members of the crew dispelled any belief that the Cornell is safe. The yawl and contents was picked up yesterday by the Q. A. Gillmore, one of the tugs assisting in the search. Ten miles west of the point where the life boat was found the Gillmore previously sighted several oil cans floating on the waves. A slight film of oil covered the water.

NEW YORK, Dec. 27.—Battered and scarred by heavy weather, fourteen ships plowed slowly into quarantine from early morning until late afternoon yesterday, the skippers of them all reporting a vicious, never-ending battle with a series of lashing hurricanes which seemed to shake the Atlantic to the bottom.

One ship—the gigantic new liner Carolina—put in at Halifax, because she was steadily losing her fight with the storm. Another liner reported to her owners that she would be two days late. A third finished in a report that she couldn't reach New York until today, though she has apparently gone safely through most of the storm.

The center of the storms which have been ruling the waves for the last three weeks, appeared to be about 1,000 miles off the European coast. Skippers of the liners said they crashed into them at this point and fought steadily through terrific gales until within 500 miles of the United States.

All of the ships which came into quarantine yesterday were freighters. Some of them had parts of the bridge gone. Small boats on their decks were crushed and torn. In one or two instances hatches were pounded, and all of them reported their crews had been in dinkies almost steadily from five to fourteen days.

Even with fourteen ships reporting in, quarantine did not have as many as were expected. Five ships, including the I. A. Savoie, were overdue. Savoie reported she would be in Thursday, but the owners heard nothing from the Lord Byron, the Eastern City, and the York Castle, all of which were expected at their docks yesterday. The President Monroe will arrive today.

Cable and wireless messages told of the ravages on the European side.

Falmouth, England, reported three ships had put in there with broken machinery, and another went to St. Vincent, Cape Verde Islands, her engines also damaged. The Belgian steamship Londoner, going to Norfolk, Va., had to stop in Queenstown for repairs. Halifax reported that the Norwegian freighter Lorentz W. Hansen, which sailed from Swansea, Wales, December 14, with a load of coal, had been forced to put back to Liverpool, leaking and with her bridge swept away.

Building Record For Orland Now Over 3 Millions

(By The Associated Press) ORLANDO, Dec. 27.—The building record for Orlando for the year passed the three million dollar mark. It was announced by the city building inspector's office this morning. With many buildings in contemplation for the early part of the coming year prospects for a strong start in the near year are in sight.

Don't Jump to Conclusions

But come here and investigate for yourself, that is the only way to convince yourself that our Suits and Furnishings are all we claim.

LOCALS

Great weather for holidays and for the crops.

New Year's day is the next big day on the list and then it will all be over.

Frank Logan, of Ocala, was in the city today and attended a meeting of the Rotary Club.

Mr. and Mrs. Blake from New Smyrna, are here for a few days with Mr. and Mrs. C. A. Reed. They are always welcome comers.

And there will be no more big noises until the Dollar Day and other big occasions are put on by the merchants.

The Sanford Country Club was the scene of activity all day yesterday and this fine amusement place gave the Sanford people a wonderful day of relaxation and sport.

Bertram Sheppard is home for the holidays from Atlanta where he is attending dental college. Bert has many friends here who are glad to know he is making good.

See T. Meade Fox, authorized Ford salesman, about trading in your old car on a new one or buying a new car outright. Phone 331 and make appointment for interview. 233-3tp

J. E. Laing and family have just returned from Tennessee where they spent a delightful visit. They motored through and had a very pleasant trip.

I. Stanley Verney, jr., who has been at McCallie School, in Chattanooga, has arrived to spend the holidays with his parents, Mr. and Mrs. S. Verney, at their home on Crystal Lake.

Newton Lovell, is in the city from Newberry where he is in the railroad yards as clerk for the Atlantic Coast Line. Newton is making good and his Sanford friends are glad to see him again.

B. A. Howard, of Okeechobee City, spent the holidays with home folks leaving today for the big lake. Mr. Howard reports the people of Pahokee as busy planting beans and tomatoes for a big spring crop.

According to an Austrian scientist smokers are less susceptible to throat diseases than non-smokers in a ratio of about one to 28.

An inventor has designed a reinforced concrete step that can be joined together to form stairways of any desired length.

H. T. Roller, of the Southern Clay Manufacturing Co., with headquarters in Orlando was in the city today calling on his many friends. Mr. Roller formerly resided here and has a host of friends who are always glad to see him.

W. M. Catharine, of Eustis, is in the city today on a flying trip and was around shaking hands with his many friends. Mr. Catharine is an expert accountant and makes a specialty of income tax reports.

Capt. M. W. Lovell, of Orange Bend is in the city spending the holidays with home folks. Capt. Lovell has a fine orange grove at Orange Bend in Lake county and has already sold his fruit on the trees getting a good price for the same.

J. P. Holbrook, a well known citizen of Orlando, was in the city today calling on his many friends and attending the meeting of the Rotary Club. Mr. Holbrook has just returned from Chicago and said it was below zero when he left there and not much like Florida.

Mr. and Mrs. G. D. McKay, of Lima, Ohio, are in the city the guests of Mr. McKay's brother, Prof. McKay, principal of the Sanford schools. Mr. McKay is a prominent real estate man of the Buckeye state and is enamored with Florida in general and Sanford in particular and may come here to reside some time in the future.

Students to Aid Dry Law Enforcement

NEW HAVEN, Conn., Dec. 26.—Two undergraduate commissions, one made up of academic students and the other representing the Sheffield Scientific school, have been chosen at Yale to work toward co-operation in the student body to bring about a greater respect for the prohibition laws.

The appointment of the committees, it was said today, was the result of a meeting held Tuesday at the request of President James B. Angell, of Yale. Fifty students, representing the various schools of the university, attended the meeting and heard a discussion of the subject by Mr. Angell. The development of student opinion against drinking was said to be the object of the meeting.

It was the understanding that the two student commissions will have authority to act in specific cases.

Chief of Police Phillip Smith, in a statement to the Yale Daily News, remarked about the decrease in student arrests. He said arrests of students 20 years ago averaged about 200 a year, while now a student is rarely arrested.

For quick results, try a want ad.

STRENGTH AND ENDURANCE FOR OLD AGE HERE

New Product Makes Usual Infirmities of Old Age Things of the Past

Every man and woman would like to avoid the usual infirmities as they pass into old age. But until now it has been hardly possible, without the help of the wonderful new treatment known as RE-CU-MA.

You have a right to be just as healthy, full of vitality and energy at seventy as you were at forty. And you can be now with the aid of RE-CU-MA.

The weakened condition in which dissipation of earlier life leaves you makes it almost impossible for the stomach to properly digest the food you eat, and eliminate the waste matter quickly. That's what really causes the "infirmities" of old age. RE-CU-MA will completely revitalize your worn out stomach, make it like new and the result is you will be able to assimilate the iron and vitamins in your food to the blood. And the rich, red, healthy blood thus produced will build sound, healthy tissue, nourish weakened nerves and give your muscles strength.

The fact that hundreds of "old folks" are praising RE-CU-MA for the health, strength and endurance it gives them proves its value.

RE-CU-MA is sold in Sanford by the Union Pharmacy and the leading druggists in every city.—Adv.

NOTICE TO THE PUBLIC!

This is to notify the public that I will not be responsible for any debts contracted by the former proprietors of the Palmetto Cafe, which place I purchased December 16, 1922. 233-4tp C. E. MCKEE.

WOULD LIKE to get in touch with some one to share crop, have myself and three boys to work, have Ford 1-ton truck, 2 work horses and wagon. Would do truck hauling or any kind of work. Address J. H. Thompson, Deersford, Fla. 232-3tp

If you have any friends visiting you and you are going anywhere or coming home, or if you are entertaining, will a special card to this department, giving details, or telephone the firm. It will be greatly appreciated.

Tuesday—Open house for Dr. and Mrs. S. W. Walker and Mr. and Mrs. P. M. Boyd at the home of Mr. and Mrs. T. M. Williams on Oak avenue from 8 to 11 p. m.

Thursday—Mrs. J. G. Sharon will entertain the members of the Every Week Bridge Club at her home on Tenth Street, at 3 o'clock.

Friday—Mrs. D. P. Drummond will entertain the members of the Merrie Matrons Bridge Club at 3 p. m. Friday—Annual ball of the Social Department of the Woman's Club.

MUSICAL NOTES

The chairman of the Music department of the Woman's Club, and her committees, are busy with the plans for the "Madame Butterfly" attraction to be given in the club house the evening of Jan. 5, 1923.

The music department stands for all that is highest in the realm of music. Its departments of work are history, instrumental and choral. It is interested in community singing and it will be remembered, has attempted to have "sings" several times. Last by the city band and club chorus, held a community sing of Christmas carols in Central park, which was well attended. The music department is interested in music memory contests, and in any movement that leads to the furtherance of real music in the community.

Four years ago the club chorus sang the beautiful oratorio "The Crucifixion" (by Stainer) and repeated it. Besides gave a fine choral concert. A chorus of fifty voices, and a fine choral concert, are among this season's aspirations, but the department needs new music, new musical literature and must have funds to carry on its work if it is to be the live department that it aims to be.

The members, with but one or two exceptions, have pledged their support to the coming attraction and agreed to buy at least one ticket each, which bids well for the financial side of "Madame Butterfly."

The department is "Trading at Home," remember

OPEN HOUSE FOR WALKERS AND BOYDS TONIGHT

The Methodist church, through its Missionary Society, will keep open house Tuesday, December 26th, from 8 to 11 p. m., at the home of Mr. and Mrs. T. M. Williams on Oak avenue, in honor of Dr. and Mrs. S. W. Walker and Mr. and Mrs. P. M. Boyd.

All members of the church and all friends of Dr. and Mrs. Walker and Mr. and Mrs. Boyd are most cordially invited to attend.

Mr. and Mrs. Martin McDaniel, of Bunnell, are spending the holidays here as the guests of their parents.

- Xmas Turkey
- Cranberries
- New Irish Potatoes
- Sanford Celery
- Sanford Cauliflower
- Stone's Fruit Cake
- National Biscuit Co.'s Plum Pudding.

High Medical Authorities Endorse New Medicine

A medicine, a recent discovery, made from the chemicals of nature and not from drugs, is causing considerable comment on account of its unusual character.

FERRALINE, for so the new medicine is called, is derived from a peculiar mineral earth, that so far as known exists only on the banks of the Tombigbee River in Alabama and only in one deposit.

FERRALINE has been tested and endorsed by the very highest medical authorities as the following certificate from Dr. W. B. Brewton, distinguished physician shows:

"This is to certify that I have visited the location of the mineral deposit known as FERRALINE, situated at the Hatchittigbee Bluff, Ala., and owned by the Ferraline Medicine Company. I also wish to certify that I have examined the analysis made by Dr. Vanaller, who is Professor of Chemistry for the University of Alabama. Medical Department. I find from this medical properties that are used in treating diseases that come up every day for treatment by the medical profession.

(Signed) "W. B. BREWTON, M. D."

An endorsement from another high source is that of Dr. W. W. Shumaker, a prominent Texas physician, who writes:

"FERRALINE is a good tonic, one that may be assimilated by the most delicate stomach. It is a re-constitutive, will build up the system in a natural manner and will do it easily and quickly. For a run down condition such as usually follows influenza I do not believe it has an equal. I am using it daily in my practice with good results. Ferraline in a natural manner regulates and acts upon the kidneys and gives strength to the body. It does not contain habit forming drugs and can only be beneficial in its use.

The ingredients of FERRALINE are plainly printed upon each bottle and FERRALINE does not fear imitation because of the peculiar nature of the mineral earth from which it is derived, successful imitation is impossible. Remarkable reports of its efficacy have been received, especially in cases of acid stomach, indigestion, both acute and chronic, kidney and liver disorders and impurities of the blood.

If your local druggist does not handle Ferraline, send \$1.00 to Ferraline Distributing Company, Tampa, Fla.—Adv.

their Christmas things and the "trade at home" campaign brought results.

The old North Atlantic is a hard-fought and big ship in a hard time making port. How well we remember the month of January and February on shipboard in the North Atlantic and how grateful we are to be in Sanford in a nice little office with the weather perfect and no storms in the offing.

All the weather records for a warm Christmas were broken this year. Reports from all over the country state. This is one good reason why the tourists have not come to Florida in any number as yet. The weather has been fine in many of the northern states all this winter.

The Sentinel states that President Harding will visit Orange county and Florida this winter. We hope he decides to come. He can get several fine golf courses in Orange county and Seminole county and in these two counties a variety of sport that will give him and Mrs. Harding a delightful outing. And then he can see some of the best newspaper plants and some real newspaper men—that is in Orange county. Just think of the Brosier Twins, Glen and Essington, and R. R. Doble and Ed. Mendison. And if these gentlemen are too young he can see Josiah Ferris and C. E. Howard.

PAPER ROBBERY SEE THEIR FINISH

The discovery that wood pulp is no longer necessary in the manufacture of paper carries a ray of sunshine into every home.

The prices that merchants have been compelled to pay for newspaper paper have reached a proportion that has actually affected prices in some commodities.

The paper robbery has not been solely a newspaper problem, though hundreds of publishers have been driven into bankruptcy by the unconscionable gouging of paper manufacturers. Prices have been lifted under every pretext under the sun. Not more than a month ago publishers were warned of still further advances. Relief, however, is in sight. Florida areas is being used in newspaper paper manufacture. A great mill at Leeburg is turning out substantial quantities of a paper up to the highest standard. The importance of the discovery lies in the fact that paper can now be made from an annual crop, which takes fifty years to grow pulp wood.

Up-to-date newspaper publishers have regarded the paper situation with dread. They knew they were in the grip of the manufacturers and exporters who might expect money. Their only hope was governmental interference with further exploitation and with Attorney General Daugherty in the middle they had little hope of any relief from that quarter.

However, the paper now is beginning to take the place of the lumber jack and old dame nuts put an end to further public robbery which the state government has failed to stop—Jacksonville Journal.

Near the End of the Year

As the old year nears its end, but before its close, the Peoples Bank of Sanford wishes to express appreciation to its customers and friends for the helpful co-operation received from them during the past twelve months.

And, in so doing, it desires to voice the hope that the year about to dawn may be, for one and all, rich in joys that are worth the while and filled with possibilities that abound in success.

BUSINESS CONDITIONS SHOW STEADY IMPROVEMENT.

Some people on Wall Street hate to admit that business conditions are steadily improving. They insist that the keynote has been that of pessimism and it has been with much pain and sorrow the money barons have been forced to concede that the time has come to loosen up a bit. New York money centers admit that a cancer search is on for foreign investments. The bars are still up because of continued unsettled conditions in Europe nor is there much prospect of the letting down of the bars with Turkey strutting around, threatening regions trouble at any hour of any day. So American capital is forced to play all in its own back yard. The play seems to be entirely satisfactory in some circles, judging from the fat dividends being declared by railroads and other corporations. Better days are here. This last week of the old year offers a thousand times more ca-

OUR LIBRARY BUILDING

The architect's drawing of the new library building is in the window of the First National Bank and it is a beautiful structure and one of which every citizen can well feel proud. All this talk about it marred the appearance of the parks in a bank. The property sitting on the park, such a structure, at the center of the park. This library building is larger like the other improvements in the city and should be settled at once by the City Commissioners. If they want to build this library building in one of the park, go ahead and build it there. The majority of the tax payers are in favor of the park and why should one or two people hold the ma-

TRIOUBLED WITH WEAK KIDNEYS

"I have been troubled with weak kidneys since childhood," writes Mrs. G. Hyde, Benzonia, Michigan. "Now past forty and have had terrible backache and that tired out feeling, badly affected by having to do my work. By using Foley Kidney Pills accompanied with Cathartic Tablets I soon felt like a new person." Backache, rheumatic pains, dizziness and blurred vision are symptoms of kidney trouble. Foley Kidney Pills give quick relief. Sold everywhere.—Adv.

AWFUL TOLL OF ACCIDENTS

By Moses Palsom

Few persons, other than statisticians, realize the number of deaths and sufferings and expense in the United States in a single year by reason of accidents.

The United States lost 77,000 men during the two years we took part in the world war by being killed on duty.

There were approximately 75,000 fatal accidents in the United States in the continental area during 1919, of which number 55,420 were males and 20,580 females. This total cannot be disputed because it was made up for the 80 per cent of the population of the entire country. This appalling list of 75,000 persons whose lives were snuffed out, was supplemented by several hundred thousand who were injured, some inured and some to various degrees, not to include personal sufferings, loss of time and income. Our annual loss by accidents is nearly a

AWFUL TOLL OF ACCIDENTS

By Moses Palsom

The United States from 1915 to 1919 showed a regular increase in the number of deaths from 14 to 18 years, while in the remaining states there is no minimum age requirements. Some states examine all applicants for driving licenses but other states do not even require motorists to obtain licenses. Nearly all state laws make provision for the suspension and revocation of licenses for just causes but most states are lax in enforcing that portion of the law. In contrast to the excellent work of the Massachusetts re-education department, which during 1919 suspended 1,012 licenses and revoked 856. There must be closer cooperation between police departments and motor vehicle commissions, so that traffic laws may be better enforced and the violators thereof adequately punished.

Of the 11,000 deaths from falls in the United States in 1919, 6,500 or 54.6 per cent were males and 4,500 or 45.4 per cent females. An analysis of the statistics made by the Oregon state industrial commission for the period 1916-1919 shows the following causes to be: Slipping, scrambling and tripping, 33.4 per cent; scaffolds and staging, 15.8 per cent; poles and trees, 6.5 per cent; runways and platforms, 5.6 per cent; ladders, 5.2 per cent and floor openings, 5.1 per cent.

According to the accident bulletin of the Interstate Commerce Commission, 310 passengers, 2,454 employes, and 4,716 others were killed by steam railroads in 1919, of which only 4 per cent were passengers.

Drawings vary with the seasons, but from 1915 to 1920 the average per year was 7,500, in which males largely predominate.

DOUBLE BASKET BALL BILL AT PARISH HOUSE FRIDAY

BOTH GIRLS AND BOYS TEAMS HERE FROM SEABREEZE TO TAKE THEIR MEDICINE

The basketball fans are promised a real treat this coming Friday night at the Parish house court. The boys' team as well as the girls' team will be here from Seabreeze to do battle with our local girls' teams.

Coach Tills of the girls outfit is making all the necessary preparations to uphold their end and inasmuch as Seabreeze has a real scrappy girls' team this game promises to be well worth the attention alone.

Coach Wilkinson and Capt. Billy Moyer only smile when asked what they think the outcome of the boys' game will be as they have hit their stride, and although they expect to have to hustle for every thing they get, they will go to the game with that feeling of confidence that will result in a victory for them.

The coaches and the ardent supporters of the game are very anxious to see a full house for this double bill, not so much especially for the money which is of vital importance, but they want the moral support.

Keep Friday night in mind and turn out if you are not a regular basketball fan, a game or two will make one of you. The first game starts at 7:30 sharp.

FARMERS GIVE MEN'S CLUB GENTLE SHOVE BACK INTO THIRD PLACE

RESULTS WERE CLOSE WITH NO BIG SCORES MADE—OVERALL IS HIGH MAN WITH 463

The promised battle for blood between the Farmers and Men's Club occurred last night and the Farmers gave their rivals a third place, perhaps to stay.

The game was close, even though no high scores were made. Some of the leaders, from whom much was expected, took a tumble while some of the others picked up enough to make the game interesting. Howard Overlin took the honors for the evening with a score of 465. Paul Pezel, who bowled with two games had the best average.

Congregationalists and Chase Co. men tonight had the Counter Jugglers will look after the Rotes tomorrow night.

The box score for last night follows:

Standings of the Clubs	Congregationalists	8	0	1000
	Farmers	7	2	777
	Men's Club	6	3	566
	Merchants	2	6	250
	Rotary	1	6	250
	Chase & Co.	0	8	000

Orlando Folks Like Our Country Club and Golf Links

Editor, Broward, of the Orlando Reporter-Star, says the Lakes Have Strange Fascination for Him

R. B. Brosier, of the Orlando Reporter-Star, has always been a Sanford booster and he has done much for our new country club and golf links in the way of advertising. He has consistently boost the Sanford Country Club because he likes it and he says "the lakes have a strange fascination for him" and he would rather knock the ball across the big lake than well, than to take a drink of Elder Springs Water.

Yesterday Mr. and Mrs. Brosier and Mrs. Harry Dickson and the editor of the Herald enjoyed an hour on the links and while no exceptional scores were made the party thoroughly enjoyed the time while Mrs. Brosier and Mrs. Ralph Wright looked after the youngsters on the porch of the club house.

There are Islands in the Indian ocean on which are grown coconuts weighing 30 pounds or more that require seven years to ripen.

The Daily Herald, 15c per week.

FLORIDA'S GAMES

GAINESVILLE, Dec. 27—University of Florida's "Chickadee" football game in Auld field with the University of Alabama at Birmingham, according to an announcement yesterday by the Athletic authorities at the university here. Two other games have been scheduled by Florida, one with the army, at West Point, on October 6, and the other with Georgia Tech.

KILLED IN SELF DEFENSE

NEW ORLEANS, Dec. 27—As an aftermath to a Christmas party in the line of the suburban cabarets, Fred J. Hanceman, 30, was shot and instantly killed this morning by his 22-year-old wife, who it is said by the authorities, said that she killed him in self defense after they had both struggled to get possession of the revolver which the husband had placed under the pillow. After hearing her story the district attorney released her. No charges would be placed against her, he said. According to her story her husband became infuriated because she danced with a certain man. After they returned home he struck her and the struggle for the gun ensued.

KITTEN CAUSES DEATHS

NEW YORK, Dec. 27—A small gray kitten playfully sprang at a rubber horse that connected up the gas stove in a Brooklyn home of Mrs. Katherine Carey yesterday. A few hours later Mrs. Carey and more than 100 neighbors were found asphyxiated. Three neighbors were saved by the use of pulmonary.
