Covers Sports

By JERRY COVINGTON
Coaches of the Class A Group 5 tournament met Wednesday of last week and set up the action that will begin March 2.

The location was disappointing to all towns around this area. Ft. Pierce was chosen as the site and the 125-mile drive will keep a lot of local supporters at home, but they do have excellent facilities for a tournament of this size.

Since Sanford went into the meeting with a 10-1 record they were seeded third. Seeded in the one and two spots were Seabreeze and Cocoa. Coach Laver drew a bye for the first round and his Seminoles will face the winner of the Stuart-DeLand game.

The first game will get underway March 2 with Titusville and New Smyrna meeting at 4:30 p. m. and the winner of this game will face Vero Beach in the second round.

Ft. Pierce and Florida Military School will meet at 5 p. m. in the first round and the winner of this game will face rugged Cocoa in the second round.

Kissimmee and Seabreeze both drew

byes in the first round of the tourney, so they will meet each other in the first game of the second round at 4 p. m.

The winners of the four games in the second round will meet the night of March 4, with the first game getting underway at 7 p. m. It things go as they have been shaping up, it should be Sanford facing Cocoa in this one. The winners of these two games will meet March 5 at 5 p. m. for the championship and a trip to the state tournaments.

Although it is a long way to travel, this will be the finest tournament in the state, with 11 of the best clubs to watch. With Cocoa, Vero Beach, Seabreeze and Sanford in there battling it out there is no doubt that there will be a lot of points made.

Speaking of tournaments, I made a statement a couple of weeks ago that I would like to correct. I said that the winner of the OBC tourney is entitled to a trip to the state tournaments in Gainesville, but the only route is through the district meets. So we will just have to take that route I suppose.

Voting For Baseball's Hall Of Fame Draws Big Blank Again

United Press International

The voting for baseball's Hall of Fame drew a big blank again today—meaning no one was elected for the second straight time—and Commissioner Ford Frick says it may be high time to change the system of balloting.

President Joe Cronin of the American League agreed with Frick that "some new procedure should be adopted," although National League President Warren Giles said the latest failure to

elect anyone to the shrine at Cooperstown, N. Y., "doesn't necessarily indict the whole system."

Not only wasn't anyone elected this time, but no one even came close despite the fact a record number of 200 members of the Baseball Writers' Assn. of America took part in the balloting.

Ed Roush, former Cincinnati outfielder, polled the best among the 120 players receiving votes. He got 146 votes, still far short of the necessary 200 minimum needed for election. Sam Rice, one-time Washington and Cleveland outfielder, was runner-up with 153 votes, followed by former Philadelphia and Cincinnati pitcher Eppa Rixey with 162 votes.

Unless the rules are changed, the balloting marked Roush's last chance at the Hall of Fame in 9 years by the writers although he still may be enshrined by a special old-timers committee. Only those players active for at least 10 seasons between 1930 and 1954 were eligible in the latest voting. Roush completed his 17-season National League career in 1951 and the last active player date in the next election will be 1952.

Under the present system, in which votes are cast every two years, a player must be named on 75 per cent of the ballots. Some feel the system is too stringent, other feel it keeps out the undeserving.

"I was disappointed that no one was elected," Frick declared. "I don't want to criticize the writers but we may have to re-survey the method and come up with something else."

The latest voting results were announced in Boston by Secretary Hy Hurwitz of the writers' association. After 11 1/2 hours, Baseball Writers' Association of America with 9 votes and Jim Bottomley fifth with 88 votes. Rounding out the top were Charley Ruffing, with 88; Urban Faber, with 83, and Hack Wilson, Kiki Cuyler and Luke Appling, with 78 votes apiece.

Pagna Gets Post
EVANSTON, Ill. (UPI)—Tom Pagna, coach of North High School in Akron, Ohio, has been named freshman football coach at Northwestern University. Pagna, who played at Miami University, also completed with the Cleveland Browns and Green Bay Packers in pro ranks.

Silver Lake Golf Play Slated Soon

The 16th Annual Silver Lake Golf Club tournament will be held Feb. 11, 12, 13, and 14, in Leesburg at beautiful Silver Lake.

The largest field in the history of the tournament is assured. Top amateur golfers from all over the country will be in the city to participate. A new champion is assured this year as the 1959 champion, Bob Davis Jr., a student and former member of the Florida State University Golf Team has turned professional.

Frank Baird, outstanding amateur golfer from the State of Kentucky will be on hand along with Claude Wild, former Maryland State Amateur Champion, and Dexter Daniele, Senior Champion from Winter Haven, Florida.

2 Tie For First In Biddy League

Roumlatta and Robson Sporting Woods are tied for first place in the City Biddy Basketball League as a result of last week's thrilling game.

Robson defeated Roumlatta 24-20 to hand the druggists their second straight setback. Both teams have identical 5-3 records.

In other league action, Stenger defeated Higenbothams, 38-4 and Standard Electric slipped past Seminoles Sporting Goods, 32-31.

Roumlatta and Robson Sporting Woods will play an exhibition game during the halt of the Seminoles High School game Friday night.

2 Championship Bouts To Be Staged In Same California Arena Tonight

LOS ANGELES (UPI)—Southern California, land of superlative, tonight stages the biggest fight program in California history—two 15 round world championship fights—in the biggest stadium in the west, the 106,000-seat Coliseum.

The principals are bantam-weight champion Jose Becerra of Mexico, who gives Alphonse Halimi of France a chance to regain his crown, and junior welter-weight champion Carlos Ortiz of New York meeting undefeated Raymond Batting Torres of Mexico.

The four bouts meet at noon today for the weight in two miles from the Coliseum at the home arena of the upcoming Olympic Boxing Club. None of the fighters anticipated any problem meeting the weights.

The first fight has broken the Coliseum for the record in advance sales since the 1952 Olympic Games. Interest of Mexican fans, some 15,000 of whom will be in attendance, gives the fight a big edge. The fight will be a real test of the fighters' endurance and early today did not dampen the enthusiasm.

By the time the box office

closed Wednesday night, an estimated \$250,000 was in the till. The old gate record for a California fight was \$234,321 drawn by the Carmen Basile-Art Aragon fight.

Becerra probably was the major attraction to the Mexican fans. The quiet-spoken boxer from Guadalajara became the idol of his nation when he knocked out Halimi in the eighth round of their title fight last July.

But Torres is a rising star who is undefeated in 21 straight fights and boasts of 24 knockouts. Torres, however, is the underdog against the rugged Ortiz, a vice veteran whose boxing skill was expected to overcome his 35-year-old opponent's punching ability.

Becerra was favored much the time the fight was announced, the odds installing him a 10-5 choice. The odds increased to 10-4 when the possibility the Mexican champion may be hit by the time the first round.

Ortiz did not become the favorite until this week. Previously the man who wager had tabbed the second bout as 6-5 and took your choice. But Ortiz was so confident of victory he finally became a 10-5 choice.

Upset Marks Sandspur Play

United Press International

Tuesday night's bowling saw an upset in The Sandspur Bowling League, as Foodmart pushed Irving Pryor's State Farm Insurance team out of the top spot, after that team had held it the most of the season.

This puts Foodmart on top with 36 wins, followed by Pryor's with 37 1/2 wins, Robson Sporting Goods 36, The Pig N' Whistle 31 1/2, Wilson-Maler Furniture 31, and Roumlatta and Anderson Drug with 28 wins.

Wilson-Maler deserves a bouquet from the grocers, for they work all three leagues for knocking Pryor's out of contention, as the furniture team took two wins from the underwriters.

Margie Woods rolled high for the league and her team to lead Wilson-Maler a little closer towards the first division. Lillian Ogden, making the 5-7 split, was top for the State Farm team, with Erna Anderson and Naomi Jackson, both making the 5-10.

Foodmart had easy sailing with Pryor's out of the way, as they took all three games from the druggists with ease. Grace Mello was high bowler for the grocers, and MaryLou Danyuk was tops for the druggists. Frances Cross picked up the 5-7, and Barbara Harrison topped the 5-3-10 on this pair of lanes.

Robson Sporting Goods and The Pig N' Whistle called it a draw, as they met on the five and six alleys. Each team won one, lost one, and split one evenly, to make it 1 1/2 each.

FSL Club Names New Manager

Managerial roles for the Florida State League's eight clubs were all but completed yesterday when the Philadelphia Phillies named Wilbur Johnson as pilot of their Tampa farm club.

Johnson, in the Philly farm chain for the past eight years, was the Eastern League's all-star team shortstop last year for Williamsport in the New York-Pennsylvania league. He reached Triple A play in 1956 when he was with Miami of the International League.

Koufax OK's '60 Dodger Contract

By United Press International

The world champion Los Angeles Dodgers gave Sandy Koufax a \$50,000 raise today—for his pitching, not his hitting.

Rivals laugh whenever Koufax steps into the batter's box and his .111 average last season indicates why, but the smile disappears from their faces when the 24-year-old southpaw moves onto the pitching mound.

Koufax averaged better than 10 strikeouts per game last season, fanning 173 batters in 183 innings, and for that the Dodgers boosted his salary from an estimated \$14,000 to \$17,000 this year.

The Cardinals announced the signing of four players, chief of whom was Ken Boyer. The 26-year-old third baseman, who batted .309 last season, was given a "substantial increase" and is believed to be making \$25,000.

New infielders Dick Gray and Joe Wooten and outfielder Duke Carmel were the other St. Louis signings.

Outfielder Roman Mejias and first baseman R. C. Stevens agreed to terms with the Pirates, while the Braves announced the signing of outfielder Lee Maye, who batted .309 in 51 games for them last year.

Shortstop Joe DeMaestri, obtained in a multi-player deal with Athletics during the winter, became the 10th member of the Yankees to okay terms, and Kansas City announced the signing of rookie shortstop Ken Hamlin.

The Reds pulled the signing coup of the day, however, satisfying two brothers at the same time. Catcher Dutch Dotterer and his brother, Tom, a third baseman, both okayed Cincinnati contracts.

5 Sailors Die Falling From Ship

NORFOLK, Va. (UPI) — Hope was abandoned today for five sailors thrown into the icy waters of the Atlantic when a World War II destroyer sank. The final run made an unexplained 30-degree roll.

The accident severed the arm of one sailor aboard the USS Daly, fatally injuring him.

Ten crewmen were thrown overboard about 150 miles east of the Virginia Capes. The Daly pulled three sailors to safety shortly after the accident Thursday and the merchant ship Alabama picked up two more, one of them seriously injured with a cut seven to eight inches long and two inches deep.

The Daly, four other destroyers and Coast Guard and Navy aircraft from Elizabeth City, N. C., and Oceana, Va., searched the night, casting searchlight beams over the dark waters which intermittently glared with flames dropped by the airplanes.

The search continued today and a spokesman said it would go on until after dark. But he admitted there was little hope.

"If they haven't found them by now I don't think they will," the spokesman said.

The Alabama rendezvoused today with the Coast Guard cutter Marion which rushed the two sailors into Little Creek, Va., near here. They were taken to the Portsmouth naval hospital.

The Navy identified the missing men as Nicholas A. Calabrese of Beacon, N. Y.; Robert A. Carlson of West Haven, Conn.; Charles E. Ellis of Madison, Ind.; Paul J. Harvey of Lodi, N. J. and Jerald J. Nobers of Crystal Lake, Ill.

Schriever Says Missile Force Poses Grave Threat

WASHINGTON (UPI) — Lt. Gen. Bernard A. Schriever, Air Force research chief, said today that Russia will pose the gravest threat ever faced by the United States once ballistic missiles are in full production.

Schriever made the statement before the House Space Committee as it opened hearings in hopes of learning when the United States might catch up with Russia in both military and space rockets.

One production is big enough to herald the "military ballistic missile age," Schriever said, "it is my belief that the Soviet threat will be the greatest in our history."

60 Feared Dead

LA PAZ, Bolivia (UPI) — Reports reaching here said that a Bolivian commercial airliner crashed at Cochabamba early today, killing an estimated 60 passengers and crew members.

Confirmation of the death toll would make the crash the worst air disaster in the history of Bolivian commercial aviation.

Cochabamba is approximately 160 miles southeast of La Paz, the Bolivian capital. It is the second largest city 80,000 pop. in Bolivia.

There was no immediate information as to the type of airliner involved. It was identified, however, as a Bolivian National Airline craft.

Street Damage Caused By Rains

Heavy rains covered Seminole County and Sanford last night and this morning causing damage to low-lying streets in the city.

City Public Works Director S. M. Richard said Summerlin Ave. has been barricaded and several others are under "close observation" to prevent water from rising to home levels in the area.

Richard also said that all city work crews were pressed into emergency service to keep catch basins open on low level streets in the city to prevent any threat to sewer and drainage disposal units.

As of 11 a. m. over three and a half inches of rain fell in the area since 8 p. m. yesterday. Official records disclosed that more rain has fallen during the last 12 hours than in the last four months period.

County Engineer Bob Davis said his crews are out today surveying rain damage over the county and that the heavy downpour has halted work on the Lake Mary Road paving project.

Just how much damage was done due to the rain, Davis said, could not be determined until he gets the report from his work crews.

"It was one heck of a rain and damage might be high," Davis added.

On the good side, County Agent Cecil Tucker said the rain has helped the agricultural situation. "We really needed it," he said.

The whole South was lashed by high winds reaching 70 miles an hour in gusts Thursday and the weatherman predicted more rain was in store for most of the area today.

Porter Lansing, critically injured in an auto accident Tuesday, remains in poor condition in Orange Memorial Hospital today.

Guns Are Quiet

On Israel Border

By United Press International

Israel and Syrian forces remained at a standoff today along the tense demilitarized zone border that has been the scene of sporadic fighting in both the north and south for the past 11 days.

There were no new reports of gunfire exchanges.

Thursday night the Israelis renewed their demand to the United Nations Mixed Armistice Commission that Syrian military forces be made to quit the demilitarized zone near the Arab village of Tawafik, where most of the border incidents have taken place.

In Damascus, a spokesman for the northern Syrian region of the United Arab Republic charged the Israelis with intruding into the demilitarized zone at Shear Yashuv with two armored cars and opening fire on Syrian posts.

Longwood Sells \$70,000 Bond Issue

BY JACK PHILLIPS

Longwood's \$70,000 bond issue is sold.

The town council last night passed a resolution to sell the street and water improvement bonds to Arthur S. Dewing of Cambridge, Mass. Sanford's Florida State Bank will be the depository for the \$70,000 and will handle the bond account. The bonds bear five per cent interest per year.

Councilman R. C. Carlson asked the council if it would be all right to use part of the \$70,000 to gain some interest instead of having it lie in the bank. The town won't use all the money at once for the improvements, Carlson suggested, that the money be used to gain some interest to defray the five per cent interest cost Longwood must pay on the bonds. No action was taken on this suggestion.

Later in the meeting Councilman E. E. Williamson made a motion

that Building Inspector William F. Litke be asked to resign. Williamson charged there had been several complaints about Litke's work.

Litke denied this and the motion was defeated as it ended in a 3-3 vote.

Earlier the council decided that Town Clerk Onnie Rockett should issue building permits instead of Litke. Two contractors requested this so they would have a central place to come for permits. The council also decided to have Longwood building permit rates conform to county rates. Litke's job will be to inspect the buildings after they are built.

Builders should call the clerk's office when they are ready to have a building inspected.

Lormann said that Florida Power Corp. was ready to offer the town a new franchise even though the old one hadn't expired. Lormann said he told Attorney Webber Haines to go ahead with the new franchise to get some more revenue for Longwood. The mayor has been seeking a tax return franchise agreement with Florida Power.

Lyman School asked for repairs on the Longwood baseball diamond, including a 50-foot wire fence along the first base line. The council referred the matter to the building and grounds committee with authority to put up the fence.

The council deferred appointment of a Longwood zoning committee since Council Chairman J. R. Reller was absent. The group scheduled appointment of the committee for an adjourned meeting Monday.

Chimp Has To Go Back, Collins Says

TALLAHASSEE, Fla. (UPI) — Mr. Moke the chimp and his human friend will have to go back to Missouri to face angry officials of the St. Louis zoo.

Gov. LeRoy Collins said Thursday that unless State Atty. Gen. Richard Ervin finds some legal reason to refuse extradition, he will order Robert Tomarchin, 27, and his pet chimpanzee returned to St. Louis.

Collins said the fact that Tomarchin raised Mr. Moke "like a son" does not constitute grounds for letting him use the state of Florida as a refuge from criminal charges.

Collins said he would not sign a bill to allow Tomarchin to remain in Florida as a refuge from criminal charges.

Circusland Construction Start Expected By May

Construction of Circusland will start by May, Marshall said.

Marshall, president of Entertainment Enterprises, said construction could start in April or May and still make the opening scheduled for December 1960. Building Circusland will be an eight and a half month job, he said. The

whole project will open at approximately the same time as the opening of the new stadium. The

Rev. Carnefix To Conduct Final Service Here

The Rev. David S. Carnefix will conclude his pulpit ministry at The Alliance Church on Sunday. In the morning worship service he will speak on the same subject, using the same text as he did the first time he preached here.

The Church will hold its Annual Missionary Convention beginning Monday evening at 7:45 with services each night through the week, except Saturday. Speakers for the special missionary meetings will be the Rev. George Klein and Mrs. W. C. Newbern. Both of these are missionaries of long experience in foreign fields. They will be showing pictures of the work in their respective areas of service. Mr. Klein has labored in Africa in the region known as Gabon. Mrs. Newbern has spent her years of missionary work in South China and Hong Kong.

At the close of the Convention on Sunday, Feb. 14, the annual pledge for missions to support the work of the Christian and Missionary Alliance during the coming year will be received. Pastor Carnefix will be in charge of these services, finally completing his pastoral ministry with the last missionary service Sunday evening.

Ministers Offered Youth Assistance

Ministers of the Sanford Area Ministerial Association met Thursday morning at The Methodist Church. Rev. Ernest Bolick, vice president was chairman for the meeting in the absence of Rev. Don Gravenmier, president.

Tom Albert was introduced to the Association as the representative of the local school for the Boy Scouts of America. He came to offer his assistance to the churches in their youth programs. Albert requested the cooperation of the ministers in arranging for a camp chairman for the summer camping period. Rev. Tom O'Brien was appointed to work with the Boy Scouts for this purpose.

Another interesting guest at the meeting was Archer Moore, psychologist with the Florida State Board of Health. He spoke briefly of the work of the local school for Mental Health of which he is the director. Plans were made for a more complete explanation of this work in a special program later in the spring.

The program for the day was a presentation by the Rev. James Barnett of the characteristics of the Disciples of Christ. As the pastor of the First Christian Church he presented authentic information of the history, doctrine, and organization of his denomination.

The High Places

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a schoolhouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	John	3	16-20
Monday	Revelation	3	7
Tuesday	Psalm	66	20-28
Wednesday	John	1	1-5
Thursday	Romans	1	1-17
Friday	John	1	1-5
Saturday	John	1	1-5

Does the goal you're seeking seem as remote—as unattainable—as this snow-frosted mountain top? Does it seem, sometimes, as if you'll never get there? Are you on the verge of giving up?

Don't! Though your objective may seem light-years beyond your reach, it's the right thing for you, God will help you to attain it, if you'll let Him. The teachings of His Church will help you find the patience and endurance you need to accept setbacks . . . and still keep trying.

Don't try to climb to the top all by yourself. It's a lonely ascent. Let the Church help you, as it helped those who were here before you . . . and as it will help those who come after you.

BY JEANNE WARNEK

HARRIETT (MRS. ERNEST) COWLEY—president of the Sanford Humane Society, is full of enthusiasm for the organization that already boasts 40 members in its one month of existence.

It was over a year ago that Harriett and some others saw the great need for a Humane Society here and the idea that formed then took root on January 5 of this year when she met with eight people to organize. A short time later, at the first public meeting, a large crowd was in attendance. She is hoping that many more will join this month.

Harriett said the society will have an educational program that will reach into the schools where members will show films, conduct field trips and in general teach students to be humane to animals. She added that one of the principal reasons for organizing is to educate. The society will present various programs such as the one in the planning stage now—it will be a "Mutt Show" where children will have the opportunity to "show off" their favorite pet. There also will be an

MRS. COWLEY

exhibition booth at the County Fair.

Harriett came to Sanford with her parents, Mr. and Mrs. E. W. Smart, from Boston about seven years ago. She married here, and is now the mother of a six-month-old daughter, Elizabeth Anne.

"There has never been a time that I haven't had a pet," she said. And although the Cowleys have only a cat, dog and an aquarium of fish now, they, at one time, had seven puppies, five kittens and a cockatiel in their menagerie.

THE "WINTER CARNIVAL"—Seventh annual festival to be held by All Souls Catholic Church, will be a gala event tomorrow beginning at 1 p. m. on the church grounds. There will be something for everyone from big luscious cakes, fancy handwork and such to pony rides for the children. And a ham dinner will be served at 5 p. m. with Mrs. Betty Cullen in charge. Mrs. Helen Constantine is carnival chairman and proceeds will supply the new auditorium with kitchen equipment.

Local Events

FRIDAY

First meeting of Junior High girls 4-H club will be at 5:30 p. m. in the Home Demonstration Center at 25th St. and Sanford Ave. All girls of Junior High School age are invited to attend.

MONDAY

Sanford Drive 100 E. P. O. Does will meet at 6 p. m. at the Elk's Club for a social Box Supper for members and their husbands. Regular business meetings of both organizations will follow at 8 p. m.

FAYE (MRS. STUART) STETSON, chairman of the Jaycee Wives membership committee, tells me that a drive is on for new members and the only requirement is to be a wife of a Jaycee member. Those joining will be guests of honor at a luncheon at the Mayfair Inn next month. For more information call Faye.

HAVE YOU EVER HEARD of a Touring Florida card party such as the one in DeBary Tuesday night? It was sponsored by the Seminole-DeBary Heart Council and Mrs. Tom Armas, DeBary chairman, reported that over \$250 was raised for the Heart Fund—which makes it sound like a marvelous money-making idea. Games were played in the Community Center with many, many donated prizes awarded.

Lake Mary Club Meets Tuesday At New Firehouse

The Lake Mary Home Demonstration Club will meet Tuesday at 10:30 a. m. at the firehouse for the February business and program session.

Mrs. Roland DeJong of the Seminole Evening Club, will speak on the care and cleaning of furniture. She will also demonstrate how to prepare two types of solutions to clean and polish all kinds of wood.

Another feature will be instruction on the care and cleaning of jewelry, given by James P. Avery. A covered dish luncheon will be served at noon. All interested women in the area are invited to bring a dish and attend the entire meeting.

MR. AND MRS. HAROLD R. HIERS

Enterprise Couple Hold Open House

Mr. and Mrs. Harold R. Hiers of Enterprise, celebrated their 25th wedding anniversary Jan. 31st. Their daughter, Audrey and Susan, held open house for them at the home on Court St. from 2 to 5 p. m.

About 80 friends called during the afternoon to wish them many more years of happiness together.

The refreshment table in the dining area was overlaid with a lace cloth and centered with a low arrangement of floating pansies. Mrs. W. L. Tyler presided at the punch bowl, Mrs. John Tatum served the three-tiered wedding cake and Mrs. Warren Wise kept the guest book.

Mrs. Hiers was the former Grace Oviatt, of Sanford. She and Mr. Hiers were married in 1935 in a ceremony at the home of her parents with the Rev. Browne of the First Presbyterian Church officiating.

Out of town guests for the anniversary included Mr. and Mrs. Gene Harrison, daughter, Candy, and Mrs. W. E. Weber of Orlando; Mrs. Irene Jackson, Mrs. Darwin Bennet and daughter, Lori of Deland; Mr. and Mrs. B. K. Hardison, Longwood.

Mrs. Allan Dobson, Mr. and Mrs. Clifford Johnson, Mr. and Mrs. Ralph Peters, Mr. and Mrs. Paul Campbell, Mr. and Mrs. Julian Wilson, all of Sanford, and Mr. and Mrs. Ashby Nelson of Tampa.

Catholic Club Completes Plans For Festival

Members of the Catholic Women's Club of All Souls Church made final plans for the Winter Festival to be held Saturday, at their monthly meeting this week.

The group met at the church and various booth chairmen reported that plans were proceeding smoothly and about the only thing needed now is more women to work in the booths Saturday.

Mrs. Jo Von Herbulis is in charge of the layette, which is made each year by the members of the club, to be entered in competition at the deanery meeting, scheduled for March. The colors this year are blue and white. The club is trying very hard to win first place with their entry.

The meeting was followed by games and entertainment with prizes awarded to the winners of the games. Tasty sandwiches and coffee was served under the direction of Mrs. A. Durand.

Florida Firm Stock Looks Attractive

By GORDON J. TOLL
Manager, Security Associates, Inc.

In the hustle and bustle of last year's Floridian land boom, electronic fervor, and speculative air that dominated the entire state, one company has emerged that is worth while discussing. That is Wometco Enterprises.

Wometco has been publicly-held for less than a year and within that time its common stock offers a yield of approximately 5 1/2 per cent at current prices of about \$12-\$13 a share. The firm operates the largest motion picture chain and the most successful TV station in the Miami area. It's the second largest automatic vendor in Florida.

In a ten-year period, total income of this firm has gone from \$4.9 million in 1949 to a peak of \$9.4 million in 1955. One of the main reasons for this surge in income is due to the acquisition of TV station WTVJ of Miami. This was the first TV station in Florida and was organized in 1949. The station serves 12 counties, is a CBS affiliate and, according to the Nielsen surveys, ranks as the most popular TV station in South Florida. Income from this source was only \$134,000 in 1949 and just seven years later soared to over \$4.3 million, despite competition which entered the picture in 1953 and 1954.

The most rapidly-growing unit of Wometco is its vending operations, organized in 1957. Wometco, with its large motion picture chain, has placed these machines in its theaters. In addition to this, and far more important, it has about 600 multiple-flavored soft drink machines in public locations. In 1957 revenues from this operation were \$187,000 and over \$400,000 the following year.

Dividends are paid at a rate of 70 cents per year on the Class A stock that is publicly-held.

As a stake in the growing Florida market, Wometco offers some interesting long-term possibilities.

Look for some important and significant facts to appear on Circuland in the next 60-to-90-day period.

57 Honor Students On Junior High Roll

The Sanford Junior High School honor roll was announced yesterday by Hugh Carlton, principal. There are two honor rolls for the school: one for the regular students and one for the students maintaining a B average. The students on either list have a satisfactory grade in effort and behavior and the B students must not have made below a C.

Those on the A honor roll for seventh grade are Sharon Smith, and Helen Mann. Those on the B honor roll are David Lanier, Eddie Griffith, Jeff Williams, Larry Singleton, Bonnie Richer, Charles Hunter, Catherine Connors, Colleen Camell, Connie Constantine, Virginia Norris, Linda Spencer, Norma Van Pelt, Elizabeth Evans, Susan Pierce, Pat Altman, Derrill Benge, Billy Kuykendall, Sandy Urquhart, Peggy Brown, Gene Harrington, and Mike Gentry and Sherry Harris.

Ann Mann is the only one on the eighth grade A honor roll for the eighth grade. The B honor roll students for the eighth grade are Barbara Buckler, Linda Ley,

WE THOUGHT ONLY ELEPHANTS NEVER FORGET

ASSIGNMENT WASHINGTON

by Ed Koterba

WASHINGTON—When the Congressman's wife was down in Texas to christen the missile ship USS Galveston in 1956, they asked her to give a little speech.

Mrs. Clark Thompson was a caught unprepared, but she managed to say a few casual words. It was natural that she should bring in the subject of parties, inasmuch as she was fast becoming one of the nation's leading hostesses.

She told the ship's crew: "Now, sometimes when you gentlemen get to port, I want to have you over for a party."

Mrs. Thompson probably didn't

dream they'd ever take her up on it, in view of the fact that the crew numbers 1,300 officers and men.

Well, they did.

The ship's coming to the Galveston home port Feb. 15. The captain graciously accepted the standing offer.

Result is that the Moody Center in Galveston will rock with the greatest "private" party for U. S. sailors in all history.

Mrs. Thompson is handling the details herself from her Washington mansion, a place known as "The Texas Embassy." She's even hand-addressing all the in-

WORRY CLINIC by Dr. G. W. Crane

Karen's fear about starting school was changed by a "preview party" which the kindergarten teachers held for most of the morning. This is a plan that all progressive schools have adopted, for this period can be one of the greatest emotional shocks in a person's entire life time if it isn't handled deftly.

CASE D — 639: Karen B., aged 5, is due to enter kindergarten next term.

"Dr. Crane, Karen is very shy," her mother began, "and I am afraid she will not be content away from me."

So what can I do in advance to help her become better adjusted to the school situation?

Karen's mother deserves a compliment for thus looking ahead. Smart parents should anticipate such future problems that will confront their children and thus try to avoid them.

The first great shock in the emotional life of a child is when it finds itself separated from its parents.

So "cushion" that shock. Vaccinate your toddler by slow stages to help her become better adjusted to the school situation.

To begin with, let him get well acquainted with some affectionate neighbor, who can then serve as baby sitter for an hour while Mamma goes shopping.

Later, this baby-sitting period can lengthen to an entire evening.

As the child grows older, deftly encourage it to spend the afternoons at the home of a play-mate.

Ultimately, one if it will spend a night with Grandma or a favorite cousin.

Meanwhile, let it get accustomed to a classroom atmosphere by taking it to Sunday school from early infancy.

Finally, school into the child learn to cooperate with other youngsters and also be away

from Mamma for half an hour or longer.

One of the most advanced schools also offer next term's incoming kindergarten children a "preview party."

"During the last day or so of the semester, the kindergarten teacher invites the mothers of next term's class to bring their youngsters to school."

At this happy social event, ice cream is served and the newcomers are given a chance to see what a jolly, happy place the kindergarten room really is.

Thus, the child learns to place a pleasant "halo" on its being old enough to attend school.

You parents, too, should always remind the youngster that BIG children have the privilege of going to school. Keep the emphasis on this idea that school means a child is BIG or ALMOST.

Prior to the opening day, too, Mamma should let her child get well acquainted with others of its age in the same city block or general farm neighborhood.

For children feel less afraid if they get out to school with play-mates and familiar faces.

Remember, it is an "unknown" place or person that usually scares children. The "known" holds less fearful aspects.

For many neurotic ailments that persist even into adulthood can be traced to the emotional shock that kindergarten children receive when they aren't tactfully prepared for leaving Mamma.

"Cushion" this major event.

And send for my "Test for Good Teachers," enclosing a stamped, return envelope, plus 50 cents (non-profit).

Discuss them in PTA meetings, for the best teachers in the entire school system should be in the kindergarten room.

A child's first teacher can make or ruin his future educational career.

How Chiropractic Gets You Well

Chiropractic gets you well by removing short circuits and interferences with your nervous system—the great controlling electrical system of the body.

Such upsets of the wiring system occur most frequently at the spine where the spinal cord serves as the central switchboard of the nervous system.

The practice of Chiropractic, therefore, considers the mechanical integrity of the body of great importance in getting you well; particularly

where a disturbance of the mechanics of the human framework affects the nervous system.

Chiropractic deals primarily with the locating and correction, by hand, of displacements of the spinal column, where these mechanical disorders are most apt to occur.

One of a series of articles published in the public interest to explain and illustrate the practice of chiropractic. Chiropractic, written by Dr. F. Leo Kerwin, whose office is located at 215 W. 24th Ave. and his telephone number is FA 2-7445.

Health Secretary Sticks Strictly To His Own Business

By DICK WEST
WASHINGTON (UPI)—Seldom have I seen so much tobacco consumed under a "no smoking" sign during a discussion about cancer.

People were firing up cigarettes, cigars and pipes all over the House Commerce Committee room.

No one paid the slightest heed to the "no smoking" sign that hung on one wall. Neither did the fact that Arthur S. Flemming, secretary of health, education and welfare, was the witness.

One of Flemming's agencies, the Public Health Service, has on occasion called attention to statistical links between smoking and lung cancer.

On this occasion, however, he was talking about cancer in relation to cranberries, chickens, oranges and lipstick. Worrying about things like that may be one of the reasons people are smoking more.

The secretary was before the committee seeking a stronger law to protect us against cancer-causing chemicals in foods, drugs and cosmetics. The bill would give him more power to ban the use of artificial coloring agents that might be harmful.

Flemming first gave a long discourse on the things that science knows about the cause of cancer. Then he gave a longer discourse on the things it doesn't know. There seems to be no doubt

now that we can eat cranberries, chickens and oranges with impunity. But I am not so sure that kissing is safe.

Flemming, you may recall, put 17 lipstick colors on the blacklist last year. This made the lipstick makers see red.

The order banning the sale of the lipstick has been set aside until Feb. 1 to give the lipstick makers time to raise objections. Pending the outcome, the ladies are free to use it at their own discretion.

Flemming said it was not a question of developing a cancer-proof lipstick, since none of the colors showed signs of causing cancer. But he said they might be harmful in other ways if used in large quantities.

In view of all the smoking in the room, I wondered why Flemming didn't repeat the warning about lung cancer. Somebody said this was because tobacco is neither a food, drug nor cosmetic.

Cubmaster Gary Bulger presented the awards.

Some Tax Rules To Keep In Mind

WASHINGTON (UPI)—Besides knowing the technicalities of income tax calculations, it's good to keep in mind a few practical rules, too:

—Double check your arithmetic, reading of tax tables, copying of figures. These are common places for errors. The best way to catch them is to not add your return for a few days before you review it.

—Of course you can't do that if you wait until the last minute to make out your return. The deadline for filing is midnight April 15. If you have a refund coming you will get it a lot sooner if you file early.

The United States Trademark Association reports that 26,464 applications for trademarks were filed with the U. S. Patent Office in 1959 and that 12,220 registrations were issued. The number of applications was up 1,000 over 1958 and the number of registrations was 2,500 higher.

State Tourism Sets Mark In '59

TALLAHASSEE (UPI)—More tourists visited Florida in 1959 than in any other previous year, the Development Commission said Wednesday.

The commission said 11,303,990 people came last year. The previous high was 6,000,000 in 1957.

The commission said 30 per cent came by car, 14 per cent by plane and 3 per cent each by train and bus.

Most — 1,322,130 — came in August. And 1,229,770 came in July.

Seminoles Host Leesburg

The Sanford Seminoles host the Leesburg Yellow Jackets tonight in the high school gym in an Orange Belt Conference game. Junior varsity action will get underway at 7 p. m. and the varsity teams will clash immediately following.

In the first meeting of these two teams, the Seminoles found little opposition and rolled past the Jackets by a 58-44 score. At one point in the game the locals led by 25 points.

In the first meeting of the two JV squads the locals battled it out all the way only to falter

in the last minute and come up one point shy, 40-39. Coach Bud Layer is looking for a tough ball game as the Jackets have good size and have shown a steady improvement since the beginning of the season.

The starting lineup for tonight's game will probably be the same with Terry Christensen and Jim Gracey at the forwards, George Perides and Ray Lundquist at the guards, and big Cowboy Oraveit at center. In last Tuesday's thriller against Winter Park, Oraveit was the only member that failed to hit in double figures.

SPINNAKERS BALLOON out as some of the 41 contenders sail from Miami Beach to Nassau in the Bahamas on an annual 184-mile yacht race.

Tigress II Declared Official Winner Of Miami-Nassau Race

NASSAU (UPI)—Tigress II, a 45-foot sloop owned by James Rider of Chesapeake, Md., bucked strong head winds for 14 hours to win the 22nd annual Miami-Nassau yacht race.

Tigress II, racing in Class A, crossed the finish line at 3:06 a. m. second in the fleet to finish.

Pacific, owned by Lockwood Pike of Miami, finished first but corrected time gave the win to Tigress II.

The Tigress II sailed the 184 miles in 36 hours, 5 minutes and 29 seconds.

First in Class B was Babe, Arnold C. Gay's 40-foot cutter from the Annapolis Yacht Club. He was followed by Robin, Fred E. Hood's 40-foot sloop from the Eastern Yacht Club.

West in Class C appeared to be Mubaba VI, a 32-foot sloop owned by LeRoy W. Ross of Miami. Second in Class C appeared to be Mogu, a 32-foot yawl owned by Fred Guggenheimer, St. Petersburg.

World Famous Weight Lifter Now Turning To Boxing

NEW YORK (UPI)—Paul Anderson, the one-time boy derick of weight lifting, headed toward a boxing career today and while he may not be the heaviest heavyweight of them all he seems much to be the strongest.

Anderson, who won the 1958 Olympic championship by lifting more freight car wheels than Casey Jones had ever seen, will make his pro debut in a four-round bout at Madison Square Garden on Feb. 19. His go with one Ray Bates of Jamaica, (W.I.), probably will draw more attention than the main bout in which Eddie Machoo meets Sweet Billy Hunter.

Anderson, who has been able to lift as much as 1,000 pounds, is an uncontested fact that he could lift all three of them collectively.

Since turning professional strong man in 1957, Ponderous Paul has been a rascal. But before that he was the only marvel extant which the Russians couldn't claim to have invented.

The Seminoles open a home stand here tonight against Leesburg and will be here for two games next week. On Tuesday they face Lakeview of Winter Garden and on Friday, neighboring Lyman.

Coach Bud Layer and his squad come home with the finest mid-season record in the history of the school with 10 wins and two losses. The fan support has been more than gratifying all season long and they have enjoyed every bit of the action.

People who have never even come to the home games have been following the team in and out of town and it has had a tremendous effect on the team.

A brand new recreational facility has recently opened here which is making Sanford a bigger sports center than ever. The Jet-Lanes Bowling Alley is the name and it is one of the most beautiful I have ever seen. There are 20 alleys that operate completely automatic and it is really some-

'Cats' Celebrate NIT Acceptance With Cage Win

By United Press International
Villanova celebrated its acceptance into the National Invitation Tournament with its 15th victory of the season although it wasn't the kind of triumph the Wildcats are likely to boast about.

"We'll have to do a lot better than that to get anywhere in the tournament," commented Coach Alex Severance after the 62-53 win over Manhattan at Madison Square Garden Thursday night. "Maybe we had our heads in the clouds."

Earlier in the day, Villanova had announced its acceptance of the NIT bid along with the universities of Detroit and Dayton.

The seven-ranked Wildcats raised their record to 14-1 with the victory but looked sloppy against a team that has won only seven of 15 games. Jim Maggard, a 5-10 guard, scored 23 points while 6-4 George Raveling had 13 points and 14 rebounds for the winners. Bob Mealy led Manhattan with 26 points.

Bradley, the nation's third-ranked team and virtually a certain tournament selection, journeyed to Spokane to beat Gonzaga, 80-68, for its 10th victory against a lone loss to Cincinnati.

Once again, Bradley's balanced scoring paid off in the face of a fine individual performance—a 28-point showing by Gonzaga's Frank Burgess.

Sophomore Walter led Bradley with 20 points. Al Saunders had 19 and Dan Smith tallied 17. Fifteenth-ranked St. Louis, still another strong tournament hopeful, defeated Wichita, 75-67.

Northwestern, St. Louis' 6-foot, 10-inch, 270-pound center, was the individual star with 25 points. St. John's of New York, defending National Invitation Tournament champion, downed Syracuse, 85-68. Colgate shared its victory, 64-53. Houston walked down Houston State, 65-53, and Drake whipped Tulsa, 62-54, in other games.

Washington signed five players at one clip—second baseman Billy Conzolo, outfielders Faye Throneberry, Lennie Green and Lamar Jacobs, and pitcher Tom McAvoy, while infielder Pete Runnels, pitcher Nels Chillum and rookie outfielder Lou Clinton okayed terms with the Red Sox.

Other signees were: Baltimore's Catcher Joe Ginsberg and rookies Fred Valentine and Bob Saverio. San Francisco's Rookies Rob Perry, John Weekly and Vern Tiefenthaler.

Cri-Tears Noted For Homestretch Power Favored In Featured Race

One of the best "closers" in the nation, Cri Tears, is rated the heavy favorite in tonight's feature at Sanford-Orlando Kennel Club.

The little mite, who has a widespread reputation for her ability to explode with a surge of speed in the homestretch, is given 8-to-5 morning line odds from the fifth post position in the Grade-

McMillan Inks '60 Contract

By United Press International
Shortstop Roy McMillan, who will be working with a new second base partner this year for the first time in eight seasons, has signed his 1960 contract with the Cincinnati Reds.

McMillan and second baseman Johnny Temple formed the Reds' double play combination ever since 1952, but this year the beleaguered shortstop will team up with Billy Martin, obtained from Cleveland in a deal for Temple.

The Los Angeles Dodgers signed utility men Norm Larker and Don Zimmer and now have 19 players under contract. Larker was given a raise for hitting .289 last season.

Outfielder Jim Rivera became the 13th player with the White Sox to agree to terms and right-handed pitcher Ken Johnson was the 16th player to sign with Kansas City.

Washington signed five players at one clip—second baseman Billy Conzolo, outfielders Faye Throneberry, Lennie Green and Lamar Jacobs, and pitcher Tom McAvoy, while infielder Pete Runnels, pitcher Nels Chillum and rookie outfielder Lou Clinton okayed terms with the Red Sox.

Calhoun Favored In Bout Tonight

NEW YORK (UPI)—Middleweight Rory Calhoun of White Plains, N. Y., is a 1-3 favorite to whip "Irish Billy" Ryan of Lowell, Mass., tonight in their scheduled 10-round TV bout at Madison Square Garden.

Ryan, billed as a protégé of former heavyweight champion Rocky Marciano, is expected to carry a four-to-six pound weight advantage into the ring, but Calhoun is favored because of his greater experience. Rory also has previous experience against rough light heavyweights.

Calhoun will be running for his 63rd victory in 43 pro fights while Ryan will be out for his 24th triumph in 27 bouts.

Titleholders Retain Crowns In Championship Bouts

LOS ANGELES (UPI)—The old ring adage, stick with the champion until he's beaten, took on new meaning today to fight fans who Thursday night saw titleholders Jose Becerra and Carlos Ortiz retain their crowns.

Appearing on a double championship program in the Coliseum

banamweight king Becerra knocked out former champion Alphonse Halimi of France in 44 seconds of the ninth round. And junior welterweight champion Ortiz knocked out Raymundo (Balling) Torres of Mexico in 2:36 of the 10th round.

Television Proves It Can Handle Shakespeare's 'The Tempest'

By FRED DANZIG
NEW YORK (UPI) — To all those schoolchildren who had to watch "The Tempest" on TV Wednesday night as a homework assignment:
Now, that wasn't hard to take, was it?
I believe William Shakespeare himself, a pre-TV playwright who worked off Broadway, would have been entranced by this Hallmark production on NBC-TV.
Produced and directed by George Schaefer, a beautifully mounted, pre-TV play that would have been a triumph on the stage, the 90-minute production on NBC-TV is a masterpiece of television art.
The tale of wizardry, love and benevolent vengeance on a small storm-tossed island also benefited from electronic techniques that gave it new vitality. The production was a triumph, without violating the Shakespeare spirit.

'On The Go' To Hit Central Florida

Jack Linkletter's "On The Go" show (CBS-10:30 to 11 a. m.) next week will feature video-taped programs from throughout Central Florida. The first of the shows, the Florida Citrus Exposition parade, will be aired Monday, Feb. 8.
Here is the run-down on the week's programs:
Monday—Feb. 8: Florida Citrus Exposition parade, interviews with Winter Haven Police Chief Murray Smith, Patrolman Don Marrett, Orange Bowl Queen Nancy Wakefield and camera taken to the James Stratus Shows and the home for retired people at Lake Alfred. Filmed at Winter Haven.
Tuesday—Feb. 9: Linkletter covers the National Orange Pickers contest, talks to 117-year-old picker Charlie Smith of Polk City. The show also features the 1959 Florida Citrus Queen, Sandra Freeman, and Champion Fruit Picker Louie Matthews and his future bride.
Wednesday—Feb. 10: Snively Groves, Inc. is the background for the third show. Linkletter tries his hand at peeling and cutting grapefruit while talking to the Davis family, introduced to the public in Dr. Ronald McKinnis of Winter Haven, one of the three men who discovered Vitamin C.
Thursday—Feb. 11: Love at first sight is the theme of this program filmed at Waverly Growers Co-operative at Waverly. The program deals with the plight of a lovely girl whose co-workers are all women. Linkletter lets lovely Becky Martin select one of three men she meets after observing them through a one-way mirror.
Friday—Feb. 12: Florida Citrus Queen finale, including backstage shots and then the actual crowning of Miss Florence Cloud of Bradenton as the 1960 Citrus Queen. Linkletter also presents a refrigerator filled with \$5,000 bills to Airman Eugene Kester of Stewart Air Force Base. The money was the grand prize in a \$4,500,000 promotional program by Florida concentrators.
The number of meals served daily in public eating places in the U.S. has reached a record of 6 million, according to a recent survey by the Gas Appliances Manufacturers Association.

New Regulations Planned To Stop Officers Using GIs As Servants

WASHINGTON (UPI) — The armed forces, which insist that officers never use GIs as servants, are about to write new regulations to stamp out the practice.

This non-existence practice has been so widespread, it developed Wednesday, that the Air Force put out a special manual telling enlisted men how to mix drinks, bathe dogs, shine shoes and make beds for officers.

A policy statement declaring that officers really shouldn't assign enlisted men to servants' chores is now on the desk of Defense Secretary Thomas S. Gates Jr.

When Gates signs the statement, each branch of the service will have 90 days to devise individual regulations explaining how they will enforce the policy.

Exactly what this all means wasn't too clear. For one thing, the military has claimed all along that GIs don't do work like baby-sitting and housework for officers, after all, the law specifically bans it.

The Defense Department does admit that 2,100 men are assigned as "aides" to senior officers, a figure viewed by critics as conservative at best. But these aren't "servants" — they're "orderlies" relieving their bosses of routine tasks so the officers can better carry out their responsibilities.

Word of the new policy statement was relayed to a House subcommittee which has been striving to find out if there's any truth to all these complaints.

JOAN COLLINS and Rod Stieger in a scene from "Seven Thieves" coming to the Ritz Theatre Sunday.

'Seven Thieves' Coming To Ritz

"Seven Thieves," an exciting melodrama of the attempt to pull off a giant burglary will be shown at the Ritz Theater Sunday.

Featured players in the film are Edward G. Robinson, Rod Stieger, Joan Collins and Eli Wallach.

The thieves in the title aren't out to break the bank of Monte Carlo—merely to rob its vault of four million dollars. The plan is clever and believable. Robinson, as the master criminal, is quietly effective at managing the details and recruiting the perpetrators. The movie was shot on location on the French Riviera.

High School Honor Roll Announced

The Seminole High School honor roll has been announced. Those on the honor roll for the first semester of the 1959-60 school year for receiving all A's are Nancy Butler, Johnny Alred, Buddy Fulper, Cordeil Jeffrey, Henry Morgan and Steve Powell for the 12th grade; Doug Tammy, Penny Anderson and Joy Wester for the 11th grade; Frankie Jones and John Boniface for the 10th grade; Johnny Phillips and Jane Howard for the ninth. There were none for the eighth grade.

Those on the honor roll for receiving more A's than B's are Dian Alken, Janet Glenn, Marilyn McDaniel, Jean McMurrugh, Fay Noel, Peggy Price, David Goerss, and Norbert Peters for the 12th grade; Robert Bullard, Alex McKibbin, Niki Ashby, Pat Lavender, Phyllis McDaniel, Deanna Nichols, and Genevieve Taylor for the 11th.

Jean Dalecki, Dena Horner, JoAnn Ziegler, John Goerss, William Ott, and Bob Williams for the 10th; Frank Chance, Charles Hare, Tommy Hinson, Lawrence Pives, Leo Watson, John Westgate, Theresa Baker, Judi Taylor, Ruth Taylor, Carolyn Turner, Linda Williams, and Donna Young for the ninth. The honor roll students for the eighth grade are Susan Halback, Carol Oxford, April Ramey and Linda Smith.

Barrymore's Death Due to Alcohol, Pills

NEW YORK (UPI) — Actress Diana Barrymore died of the combined effects of alcohol and sleeping pills, a medical examiner's report said Thursday.

Miss Barrymore, who was found dead in her apartment Jan. 23, had "a large amount" of alcohol and "small amounts" of barbiturates in her system, Dr. Milton Helsen reported.

Rossini Coaches East

NEW YORK (UPI) — Lou Rossini, coach of the New York University basketball team, has been named to coach the East team in the 15th annual East-West College All-Star game at Madison Square Garden, March 26.

Pregnant lobsters must be returned to the water immediately on being caught under Connecticut law.

HERE is a scene from "Battle Flame" coming to the Movieland Drive-In Sunday.

War Films Come To Drive-In Sunday

Two of the year's most spectacular war films, "Battle Flame," and "Surrender—Hell!" will open as a combination attraction at the Movieland Drive-In Sunday.

Church To Hear Guest Minister

The Rev. Howard D. Gross, executive secretary of St. Johns Presbyterian Church, will be conducting the morning worship services Sunday. His sermon topic for the 8:45 service is "For Churchgoers" and the Senior High Choir will sing "Jesus, Joy of Man's Desiring."

At the 11 a. m. morning worship service, Gross will give "God Hath Given You All of Them." The Chancel Choir will sing the anthems, "Come, Thou Holy Spirit" and "I Will Lift Up My Eyes."

The evening worship hour will be in charge of the young people of the church that are observing Assembly's Youth Sunday. The public is cordially invited to attend these services.

12 Cub Scouts Get Awards

Cub Scout pack 345 honored members of their group as 12 scouts were presented with awards at a meeting recently.

Receiving awards were Robert Goldstein, Bill Higginbotham, Bruce McKibbin, Don Ethel, Robert Repp, Jeff Cox, Martin Rhodes, Mike Pope, Kirk Riley, Chuck Gorin, Bobby Roeder and Paul Coleman.

Forty per cent of all wives in the U. S. also have jobs outside the home.

More than 3,000,000 Southerners owe their living to our woodlands. Millions more enjoy their wildlife and scenic beauty.

Yet forest fires today are robbing Southerners of jobs and much outdoor enjoyment.

Join Smokey Bear in the crusade to put a halt to this waste! Be careful with matches and lighted cigarettes... and NEVER set a fire unless you have proper control measures before-hand... never leave a fire unless you know that it's dead out!

THE SANDS OF TIME ARE RUNNING OUT
 There are only three homes left in exclusive SAN SEM KNOLLS. This means that only three more happy families will be able to say:

"In looking for a home we saw many with MANY of the features of SAN SEM KNOLLS, but none with ALL of them. For instance there were many with 3 bedrooms, 3 or 1 1/2 baths, electric kitchens, terrazzo floors and etc., like SAN SEM KNOLLS, and some even had the same FHA financing with low down payment and low monthly payments. But there was always SOMETHING wrong - like not having city water, or not having the large, covered patio you see in SAN SEM KNOLLS, or being located in a noisy neighborhood.

That is one thing we love about SAN SEM KNOLLS - it is QUIET. Another thing, we can let our children play in front because our home is on a dead end street and we don't live in constant fear that a speeding car will run them down. IT IS LIKE A NEAT, CLEAN LITTLE VILLAGE WITHIN A CITY! And, last but not least, the construction is guaranteed to be the very best because every bit of it was personally supervised by the builder, Philip Zeuli."

SAN SEM KNOLLS is four blocks west of French Ave. on Twentieth Street. A Stemp Agency is on the premises daily.

Harold H. Kastner was elected to the United Fruit and Vegetable Association advisory board Thursday.

The advisory board governs the association. Kastner was elected at the association's 20th annual convention in Chicago. United is the largest trade association in the fruit and vegetable industry. Kastner is head of Harold H. Kastner Co., Shippers.

The Jaycees have 19 new members, Jaycee membership drive chairman John Alexander reported. At their luncheon, Alexander urged the Jaycees to get members in a hurry so the organization can have 10 new members before the drive ends Feb. 15.

The County's March of Dimes fund will get a boost Sunday when a benefit hockey game on roller skates at Skate City will be held with all proceeds going to the fund drive.

The game is scheduled to start at 4:30 p. m. at the Skate City, just off Hwy. 17-02 on the dog track road.

The rain brought an alligator out of hiding early this morning. An employee of the Herald said she spotted one "clomping" across the road on Hwy. 17-02 in front of the high school.

"Guess it was trying to get out of the rain," she said.

Don Coleman was elected president of the Lake Mary Chamber

Some Chaos Urged In Supermarkets

CHICAGO (UPI) — Supermarkets are getting too efficient for women, in the opinion of Mrs. Marie Kiefer, executive director of the National Association of Retail Grocers of the United States.

Mrs. Kiefer, writing in the association's National Bulletin, blamed it all on men.

"The male architect, engineer and owner of grocery stores has created logical, orderly and efficient," she said, "while women are accustomed to the chaos of child-rearing, shopping and cooking."

"Where did there come to be a store where there's a little happy confusion?" Mrs. Kiefer said.

Humphrey May Challenge Kennedy

WASHINGTON (UPI) — Sen. Hubert H. Humphrey (D-Minn.) said today he might accept the challenge of Sen. John F. Kennedy (D-Mass.) for a presidential primary contest in Nebraska but has made no final decision.

In announcing Thursday that he would enter the Indiana and West Virginia primaries, Kennedy noted he had accepted Humphrey challenges in Wisconsin and West Virginia. He said he regretted that Humphrey had not accepted his invitations to enter other states.

In both Wisconsin and West Virginia, Humphrey commented, he was just answering Kennedy's challenge for presidential aspirants to get into the primaries. He said he also would like a contest in South

Male In Dress Design Class Has Final Problem

TALLAHASSEE (UPI) — The lone man in Florida State University's dress design class is as handy with a dress pattern as his feminine classmates.

But Kirk Templeman, 20-year-old junior from Miami Springs, had one problem in finishing the course.

All his classmates designed and made clothes for themselves. Templeman designed and made one for the teacher, a gray and white cotton model.

"I'm not a designer," he said, "but I can make a dress."

"I'm not a designer," he said, "but I can make a dress."

Finch Must Explain Why He Broke Oath To Jury

LOS ANGELES (UPI) — Dr. R. Bernard Finch today faces his biggest test when he tries to convince a jury that his wife was shot in the back accidentally, when he "threw" the murder weapon away.

The suave socialist physician also must explain why he broke his hippocratic oath by failing to assist his mortally wounded wife and left her to die in the driveway of their West Covina, Calif., home.

The defense has stated that Finch threw the death gun away after a struggle with his wife, Barbara, last July 18 and it accidentally discharged a bullet into her back.

It also has stated that Finch fled the scene in "sheer panic, fright and desperation" after kneeling over his wife in a last-gasped conversation.

The 42-year-old surgeon was

calm Thursday when he described the precarious balancing of his life in West Covina and in various love nests with his mistress and co-defendant, Carole Tregoff, 23.

When his illicit love affair was discovered and threatened to shatter his country-club life and the

financial credit of his hospital, he decided on this course of action: —He would continue to see his mistress and at the same time stall his wife's divorce action until after he had swung a \$500,000 hospital loan.

—He would arrange to try to "get something" on his wife even if he had to hire a "gigolo" to do it.

Under the guidance of his attorney, Grant Cooper, Finch testified he discussed frankly with Miss Tregoff the possibility of getting his wife involved with a gigolo. He said he spoke to his mistress about it by telephone last June when Miss Tregoff was in Las Vegas, Nev.

She said she would be glad to help and on July 1 "she called me on the phone and said, 'Honey, I've got good news for you. We've got a man to do the job,'" Finch testified.

The man turned out to be Jack Cody who already has testified that he was hired to murder Mrs. Finch. The state charges that when Cody failed to follow through, Finch did the job himself.

Finch testified that Cody guaranteed the job would be done within 30 days. "If he had to sleep with her himself and report and go to court and testify to that."

ATLANTA (UPI) — Wealthy lawyer Henry Alexander twice recently erected an 18-foot, \$300 billboard at the edge of his 51-acre estate. Both times the sign that urged southerners to vote Republican was saved in half by vandals.

The exasperated lawyer said today he preferred to keep quiet about any future plans for the billboard.

There's Just No Stopping 'Will'

By United Press International Syracuse can't handcuff Will Chamberlain, but the Nationals can sure padlock the rest of the Philadelphia Warriors.

The Nationals permitted Chamberlain 4 points while whipping the Warriors, 109-110, Thursday night. The Philadelphia Slippers' performance sent him over the 2,000 point mark, only the third player in National Basketball Association history to attain this height in one season.

Chamberlain now has 2,011 points, 94 shy of the record 2,106 held by Bob Pettit of St. Louis for a single season.

Eight per cent of the paint industry's products did not exist in their present form five years ago, according to the National Paint, Varnish and Lacquer Association.

Here's a Switch !!!

Visitor last year; resident this year—a familiar Florida pattern that is repeated 2,000 times a week, 52 weeks a year.

In the beginning, Florida's superb fishing captured his attention. Today, he's aware of the "living" Florida—best place under the sun to work and play, to live and raise a family!

Isn't this switch to "living" Florida what you really want? We'd love to have you!

While you're here, Mr. Visitor, take a good look at the land of sunshine. Look for your opportunity to make Florida your home, too!

Expansion Starts At Dynatronics

Dynatronics will double its size by mid-April. Work has started on a 20,000 square foot Dynatronics plant addition to cost \$148,000. It will be connected to the present 20,000 square foot plant. The expansion means Dynatronics will add another 160 employees to its present crew of 160, Vice President George Anderson said Saturday.

Galloway Estimates Large Increase In Tax Collections

County Tax Collector John Galloway today estimated that approximately \$1,400,000 will be collected in taxes from county residents before the April 1 deadline.

Galloway said that thus far, over \$1 million had been collected.

The tax collector said that an increase of \$400,000 is expected as compared with taxes collected in 1959.

He explained that the county-wide reappraisal and increased industry in the county was the prime reason for the increase in taxes.

Galloway reported also that collection from auto license tags would go over the figure collected last year.

Galloway said he had no figures available this morning but "we are way ahead of last year in issuing tags."

Residents must have their 1960 plates by Feb. 20.

Missile Program Errors Admitted

WASHINGTON (UPI)—Assistant Air Force Secretary Joseph V. Charyk has admitted to House investigators that human errors were behind some failures in the Titan intercontinental ballistic missile program.

Zoning Tuesday

The first in a series of hearings on a new comprehensive zoning plan will be held Tuesday at 7:30 p. m. in the county commission chambers in the courthouse.

The hearings tomorrow night will be for residents of District 6.

Zoning board members will be on hand to explain the new proposed law which will be submitted to the County Commission for approval after hearings are held in all the districts of the county.

Probers Begin Payola Hearing

WASHINGTON (UPI)—House investigators open hearings today on payola. They said they were sure testimony would show a need for new laws to crack down on what they called a "rampant" radio-TV practice.

The House subcommittee on legislative oversight, which investigated TV quiz show rigging last fall, has subpoenaed a number of witnesses for the new hearings.

On the basis of an exploratory inquiry, the subcommittee described as "rampant" the practice of under-the-table payments to broadcasting station employees to push records or conceal commercial.

Sessions this week will be devoted to reported payola incidents in Boston and Cleveland.

Reps. John J. Flynn Jr. (D-Ga.) and John B. Bennett (R-Mich.) said a new proposal by the Federal Communications Commission to curb payola would not deter the House investigation.

Both subcommittee members said new legislation is needed to reinforce the FCC plan.

The FCC, under fire from the congressional investigators, announced Friday it was considering new regulations to curb payola and expose rigging of quiz shows.

The House group, in a weekend report on its quiz show inquiry, recommended one new law that would hit specifically at payola. It would require stations to announce publicly any undercover payments made for advertising plugs.

Judge Denies Chessman Appeal

TUCSON, Ariz. (UPI)—Federal Judge Richard H. Chambers today denied a new appeal hearing for convicted author Caryl Chessman.

Chessman is scheduled to be executed in 11 days. He was denied permission to appear in person before Chambers and his case was presented by attorneys.

Chambers, of the 9th Circuit Court of Appeals, heard arguments last week by Chessman's attorneys and by the California Attorney General's office.

ing errors in personal judgment" in at least two firing failures of the multi-million-dollar ICBM.

Charyk admitted under intensive questioning by Flood that "there have certainly been human errors that have resulted in damage to certain missiles."

The Air Force civilian research and development chief said Flood apparently referred to "cases where difficulties were encountered due to the failure to follow procedures which have been set up."

But Charyk said the incidents "have resulted in an intensive review of the complete operation of the Titan program and some major modifications in procedures have been effected." He also said "personnel changes have been made" and "recent indications are that many of the deficiencies which existed earlier have been removed."

Last week, the Titan was fired twice from the Cape Canaveral, Fla., test center. Once, its second

stage was successfully separated in flight for the first time. On the second firing, the missile exploded 87 seconds after blast-off.

Flood also questioned Charyk and other Air Force officials about the Bomarc program. Flood said the anti-aircraft missile, which was the subject of a major congressional battle last year, would have cost the nation \$2,000,000,000 by next July.

Adm. Arleigh A. Burke, the chief of Naval Operations, today expressed his complete confidence in the ability of this country to deter any attack by the Soviet Union.

Burke told the House Space Committee he "thought the United States is the most powerful nation on earth." He said there was "nothing Russia can do to stop her destruction if she wants to start a war."
