

Owen Wright To Hurl For Locals Against G-Men.

Game Yesterday Washed Out; Both Teams Tied Up As One All As They Resume Playoff

Wright Will Probably Be Faced By Andy Sierra Or Red Sweeney In Third Crucial Contest Of Series

Bill "Raw Meat" Rodgers and his Sanford Lookouts, will make another trip to Gainesville today where they will meet "Foot" Williams and his Gainesville G-Men in the third game of the "little world series" in which Rodgers will send Big Owen Wright up against Andy Sierra or Red Sweeney.

The game scheduled for Harrison Field in Gainesville yesterday was completely washed out due to heavy rains in that city. The entire park was at least two or more inches under water and it was impossible to play and more rain fell later.

In several street crossings in Gainesville yesterday, the rain water was up over the sidewalks, also over the running boards of the automobiles and had blocked traffic.

The Lookouts and the G-Men are tied up at one all after the initial pair of tilts have been played and a large attendance is expected to see the game there tonight.

The probable lineups for the tilt are as follows:

Wally McMullen at first base, George Bray in center field, Roy Pittman on third base, Joe Beach on left field, the Livingstone on second base, Russ Bevel on right field, Don Regino on shortstop, Ray Staub catching and Andy Sierra pitching.

For Sanford, Broches Clary at shortstop, Mays Langston in right field, Steve Martin in left field, Sammie Holbrook catching, George Phillips on second base, The Rupperto on third base, Bobby Richardson on first base, Kasso in center field and Owen Wright will do the hurling.

West Kingston, second baseman for the Sanford Lookouts, may be out of the baseball world for the remainder of the 1937 season. He suffered a severe charity horse during the second game of the DeLand Series.

George Phillips is replacing the former major-leaguer at second base.

Gator Gridders Have Two Weeks To End Workouts

Cody Hopes To Make Good Showing With Squad In 1st Tilt

GAINESVILLE, Sept. 12.—Just a week from next Saturday night, the Gators will trot out under the lights at Baton Rouge, La. to face in their opening game of 1937, one of the nation's great football squads, L. S. U. There never was a Floridian who didn't like to boast, but somehow you don't hear the home folks bragging about these Bayou Tigers. There are a few teams that Florida might open the season with, and reasonably expect to beat, but for several years now some of the best grid outfits that have come along, found out that old L. S. U. Couldn't be whipped.

Not that the Florida boys wouldn't like to win, nor that they won't battle it doggedly, but the boys who know their football material, are aware that out at L. S. U. Bernie Moore has another array of exceptional talent, and that the Gator game will be almost a question of just how many touchdowns they want to pile up on Florida.

There is no shying away from the big game which Florida faces on this coming September 25. It's the greatest ball club the Gators have been asked to play in an opening game. Back in 1923 Florida trekked up to West Point to open with the Army, but Army did not occupy the place in the national football sun that year which L. S. U. now holds.

And because L. S. U. has become America's fastest growing university, has produced champions in football, track, golf and other sports: there will be quite a galaxy of Floridians going out to L. S. U. for that curtain-raiser ball game. Fortunately the shock won't be too great, when the old game is over, for there isn't a man who knows his football heron-hunts who conder the two teams ob anything resembling parity.

What Coach Josh Cody and staff hope their team can do is to make a creditable showing. It's a one-year contract, and Boss Cody makes no secret of the fact that he would like to keep on playing L. S. U. The Tigers would be a great drawing card any where on Florida soil, and the authorities of the two institutions might get together on a longer term contract if Captain "Tiger" Mayberry and company can put up a pretty fair exhibition out at Baton Rouge.

Florida Crops Reach New High For 1936, Says Market Bureau

JACKSONVILLE, Sept. 12.—(AP)—The state marketing bureau reported yesterday Florida's crops during the shipping year which ended June 30 were valued at \$107,929,214, the greatest on record.

An additional \$5,833,661 was expended in moving the approximately 122,945 carloads to market, it was said.

The bureau submitted the figures to Nathan Mayo, state commissioner of agriculture, and L. M. Rhodes, state marketing commissioner.

Citrus fruits moved out of the state by rail and boat totaled 66,679 carloads, at \$53,411,577. Trucked out were 10,855 carloads; 7,009 carloads were consumed in the state and canneries used 18,238 carloads, giving a total value of \$15,227,061, it was said.

Non-citrus fruit, mostly strawberries and watermelons, were given a total value of \$1,644,524.

The vegetable crop was valued by the bureau at \$34,445,222, of which truck shipments, consumption within the state and canning accounted for \$7,175,150. Rail and boat shipments to market totaled 34,735 carloads, it was said.

FLORIDA BOY SETS U. S. SWIMMING RECORD

Ralph Planagan, 20, the husky free-styler from Miami, Fla., is shown setting a new American record of 20 minutes, 42.6 seconds in winning his third consecutive Men's National A. A. U. one-mile championship at Chicago. He finished 200 yards ahead of John Patton, Jr., of Fort Lauderdale, Fla.

OUT IN FRONT of the parade of collegiate football stars marching back to gridirons throughout the nation is Minnesota's Andy Uram, a triple threat back whose team has been rated No. 1 by most of the nation's sports authorities for the past three years. The 190-pound senior is co-captain.

DeLand Breaks Even During 1937 Baseball Year

22,000 Saw Reds In Action This Year At Conrad Field

DELAND, Sept. 12.—The DeLand Baseball Association broke even on its 1937 season expenses for the first time in history, Business Manager Bill Page said recently.

Page said admissions for the season's 70 home games, and two home games during the playoff, totaled approximately an even 22,000 he said. 40 cents being charged for adults, 15 cents for children and negroes (except during the playoff when negroes were charged 25 cents each).

There were 2,000 admissions paid for the playoff games here. "We figured that if we received \$130 on an average for each of the home games we would realize enough to pay both local and out-of-town expenses," Page said, adding that since total receipts have not been figured exactly, and since all the bills haven't been submitted, he doesn't know exactly how near the average came to \$130.

The Reds closed last year's season with a \$2,500 deficit, but that was cleared up early this year by the sale of \$1,800 worth of association stock, and by donations totaling \$700.

"Breaking even" this year means no current expenses, Page explained. It doesn't mean the club has enough to meet an installment due next Fall on a \$3,000 loan the club obtained from Francis Whitehead, through the city, for installation of lights on Conrad Field.

The business manager said the Reds have renewed their working agreement with the Cincinnati Reds, under which the major league club can claim for DeLand club players at the end of every season.

He released a list of players whom Cincinnati through its Peoria, Ill., farm club, are claiming now: Catcher Delfino, Pitcher Alex Swales, Right-fielder Hughes and Third Baseman Alano under the agreement. In addition, Cincinnati bought Pitcher Eddie Harper and Harrel Toomes for \$100 a piece for the Peoria farm.

Page said he has prospects for the sale of Adair and McMullen, left fielder and pitcher, respectively.

Nyon Accord On Piracy Is Signed Today

Pact Among Nine Nations Deals Solely With Sub Warfare In Mediterranean Sea

League Of Nations Plans Other Acts

England's Mediterranean Fleet Raised From 42 To 90 Ships

VATICAN CITY, Sept. 14.—(AP)—The Vatican newspaper, Osservatore Romano, warned in a striking editorial today that the blood of priests may be shed in Germany "as it was in Spain" if Nazi paganism goes on. "This," said Osservatore Romano, "can be the consequence in the Third Reich unless anti-Christianity ceases to sow the seeds of hatred and to vilify every sacred thing."
A column and half warning was spread on the front page of the newspaper.

Geneva, Sept. 14.—(AP)—

Envoy of nine nations signed today at placid Nyon a historic document to suppress submarine "piracy" in the Mediterranean—with war vessels of Great Britain and France already steaming toward what experts called the greatest naval demonstration of its kind ever planned. The accord deals solely with the question of practical submarine attacks on merchant sea, the acts which the government of Spain and Soviet Russia charge Italy, today denies this just as Italy, the League of Nations itself will consider how to deal with other forms of Mediterranean aggression.

Nine torpedo boats from French Atlantic fleet—with fresh cargoes of supplies and munitions—drove quickly toward their Mediterranean patrol posts. They augmented the formidable fleet of British warcraft already at Mediterranean stations. The admiral at London disclosed Britain in the next few days will have 90 ships in the Mediterranean instead of the usual 42.

Halle Tselass, deposed Emperor of Ethiopia, sent a note to the League reasserting his country's right to membership and warning against any attempts to exclude her by "tricky procedure."

He explained that he was not seeking a delegate to the Assembly meeting because the Italo-Ethiopian dispute is not on the agenda.

It appeared that the League would not be able to avoid the Mediterranean issue since Negrin insisted on demanding protection for the loyalist merchant shipping as well as for that of the nine powers collaborating in the Nyon accord on "piracy."

Before adjourning tonight the Assembly elected the Aga Khan, spiritual head of millions of India's Moslems and wealthy sportsman, president for the session.

The Spanish loyalists already have succeeded in placing the "piracy" issue and direct accusations of Italian terrorism on the high seas before the League council, which will meet again tomorrow. League leaders hoped to let these protests die in the council.

Stock Mart Slumps Again This Week

NEW YORK, Sept. 14.—(AP)—Another severe crack in stocks, the third within a week, shook financial markets yesterday in the slump of the treasury note to re-lease part of the "sterilized" gold bonds, widely interpreted in Wall Street as a move to be a reassuring signal for bondholders.

Deflated by heavy selling, the stock market looped the loop in a slim fashion. Many issues showed upward in the last hour and rebounded part of their losses when they broke to the lowest prices in 12 months or longer.

With the late rebound rumors the through-the-market circles big gains were being reported at the top of the day. Some gains since midday were reported in some sectors.

City Lays Plans Power Company For Construction Offers Rate Cut Of \$29,000 Park Of Over \$400,000

WPA Expected To Advance Most Of Money For Lake Park Special Rate Provision On Air Conditioning Also Given

A project for the improvement of the west end of the city, Lake Front Park was submitted to the City Commissioners last night for their tentative approval by City Commissioner Fred T. Williams. The project calls for an expenditure of over \$29,000, a fraction over 20 percent of which will be paid by the City and the remainder by the Works Progress Administration.

The project calls for the drilling of two wells and the installation of a sub-irrigation system to provide the necessary moisture for the grass and numerous shrubs required in the plans for the park. It also provides for water mains to supply the necessary water for sprinkling.

The seven and one-half acres of this park will also be covered with three inches of muck and over a mile of walk through the west end of the grounds will be constructed of shell rock.

The park also entails the construction of two tennis courts, ten shuffle board courts, 20 concrete seats, and the planting of nearly 2000 plants, shrubs, and trees.

Mayor Edward Higgins urged Mr. Williams to complete the plans for the project as quickly as possible so that it might be acted upon by the Commission and forwarded to W. P. A. headquarters for final approval.

A letter received from the Sanford Junior Chamber of Commerce relative to the improvement of the park was read indicating that this organization is prepared to contribute enough money for the construction of two shuffle board courts. A suggestion for the City to solicit other donations for the improvement of the park area was discussed but no plan was formally adopted.

Wallace Beery Shoots Self Accidentally

HOLLYWOOD—Wallace Beery, diamond-in-the-rough film star, accidentally shot himself in the leg yesterday while filming a scene in M-G-M's production "Badman of Brimstone."

Beery's role required that he die upon the set with two guns drawn. On the third "take" Beery tripped and one gun discharged a blank cartridge into his leg above the knee.

Emergency treatment was given at the studio hospital and the actor was removed to Cedars of Lebanon Hospital, where Dr. Clarence Moore said Beery would be incapacitated for several weeks.

Dr. Moore said the wound was very painful but not serious and that complications set in.

Commissioners Power Official Discuss Lines

City May Lease Power Lines Of Florida Power And Light To New Water Pumps

The leasing of the present power lines connecting with city pumps and owned by the Florida Power and Light Company to the City in place of the construction of a new line by the City, was the proposition offered last night by C. C. Coleman, local manager of the Florida Power and Light Company.

Mayor Edward Higgins indicated that the offer would be given careful consideration by the Board, since the construction of 3.2 miles of new line and its maintenance for the transmission of power to be generated at the City's pumping station to the pumps at the City's wells, is considered a costly undertaking. It was indicated at the meeting a rental agreement with the Florida Power and Light Company might afford a great savings to the City.

In making his proposition, Mr. Coleman read the following letter to the Board:

"We are informed that you have under consideration at the present time the construction of 3.2 miles of power line for your well pumps on the Orlando Highway, which is to cost you approximately \$2,300.00.

"For a number of years we have provided and maintained a power and control line for your exclusive use in supplying power to your wells and we would be glad to work out a mutually agreeable lease arrangement for your future use of this same line.

"We will be very happy to be of assistance to you in financing this project and, of course, regret exceedingly that our power will not traverse the line, but, if we can save the City and taxpayer the cost of new circuit, it should work out to our mutual advantage."

At their bi-monthly meeting last night the Commissioners also entered into a lengthy discussion relative to the diversion of truck traffic from Park Avenue to French Avenue, which it was pointed out was the logical thoroughfare for the heavily loaded freighters of the road.

The commissioners discussed the ruinous effect of this traffic on Park Avenue and pointed to the condition of certain parts of the street as evidence.

Mayor Higgins indicated that the State Road Department might maintain French Avenue under a special act of the Florida State Legislature and instructed City Clerk Frank Lamson to write the State Department relative to this matter and also to get estimates on the price of large signs to place on the highway south of Sanford to denote the truck route.

Capt. Fred Fern, head of the Salvation Army Unit here, appeared before the Board and requested that the City's monthly allocation for the feeding of transients be increased. Mayor Higgins advised him that the matter would be given consideration.

The Commissioners also approved five applications for licenses to sell beer and the fact (Continued on Page Three)

Anarchists Take Control Of Gijon Ousting Loyalists

Entire General Staff Of Madrid's Northern Army Jailed

BIENAYE, Sept. 14.—(AP)—Anarchists have made coup d'etat at Gijon, lone Spanish government stronghold in the northwest and have set up an Asturian dictatorship. Insurgent officers announced at instant today.

Secret military advisers said Belarmino Tomas, an anarchist, headed the movement. He issued a decree breaking off relations with the Spanish government and setting up a separate, anarchist state in Asturias, with himself as dictator.

One of Tomas' first acts was to order the imprisonment of the whole general staff of the Spanish government's retreating northern army. Moreover, insurgent headquarters at Irún stated, he imprisoned the foreign military experts who were with the government forces.

Several high Spanish officers were ordered executed. Two boats were loaded with rightist prisoners. The insurgent announced said, and the captives were warned they would be sunk if the insurgents made any more bombing raids on Gijon, their present objective in the north.

Fourteen Persons Hailed Before City Judge F. L. Miller

Fourteen persons were arraigned before City Judge Frank L. Miller in a session of the Municipal Court yesterday afternoon to charges ranging from wrecking of a sewer line to theft of a government check.

However, the greater number of charges were for only minor offenses and only small sentences were given the violators.

Ten persons appeared before Judge Miller charged with disorderly conduct. Six were negro girls who pleaded not guilty to the charges but were fined \$2 or four days in the City Jail. Also T. C. Phillips and Violet Phillips, negroes, were fined \$10 or 30 days when they were found charges. W. J. Hall and Jake Johnson were also held on disorderly conduct counts but were released when they pleaded not guilty.

Lola Lattimer, negro, was dismissed of charges of wrecking a sewer and Mose Bryant was also dismissed of doing business without a license.

Willie Mae Orso, negro, was transferred to the U. S. Government on suspicion of stealing a government check.

Amos Davis, negro, pleaded not guilty to reckless driving charges but was fined \$5 or 10 days when found guilty by the Court and John Thomas charged with blocking traffic was given a suspended sentence of \$5 or 10 days.

Shadows that the casual observer thinks of as just gray or black in a painting will be revealed, on close examination, to be full of color, sometimes quite bright.

Joseph Russi Is Arrested Here On Bigamy Charges

Italian Deserts His Wife; Then Elopes With Wife's Sister

County Judge R. W. Ware today told a story stranger than fiction. It was the story of two children of Italian descent who were torn between a desire to remain with their father who was arrested last Saturday on charges of bigamy and the promises of their mother, a stranger to them, of more food and better clothes at their old home town in Negamuc, Mich.

This story was revealed with the arrest of Joseph Russi last Saturday when his wife swore out a warrant for his arrest after locating him in this City.

According to the story revealed today by the County Judge, Russi married Philomena Benofre in the small Michigan city in 1921 and three children were born to this union. In 1929 Russi deserted his wife and took two of his children and his wife's sister Albertina Benofre to California and then wandered to Sanford where they have lived for the past seven years.

During these years the mother has been frantically searching for her children and not until recently did she learn of the whereabouts of her husband and her sister.

Mrs. Russi arrived here last Saturday to claim custody of long sought children who at first would not consent to accompany her back to their former home in Michigan. Finally, however, the children agreed to go with their mother whom they had not seen since infancy. There still remains an almost insurmountable problem, the County Judge stated, namely the disposition of the expectant mother and the three children which have been born to Russi and his wife's sister.

Russi has been transferred to the Circuit Court and his case M. 10:58 P. M.; high, 3:40 A. M.; 4:23 P. M.

A Japanese spokesman reported that strong fortifications at the Chinese civic center of Kiangwan had been occupied and Japanese troops were pushing deep into the delta.

Muddy roads were jammed with Japanese reinforcements moving up to bolster the assault against the new Chinese line.

New horror was added to the tragic story of the undeclared war at Shanghai when the Chinese Central News Agency reported 400 civilian war refugees had been killed or wounded by Japanese bombs rained on flimsy sailing boats in which they were fleeing the city. Three of the boats were said to have been sunk and six damaged.

Officers Elected By Missionary Society

At a meeting held recently by the First Gospel Missionary Society at the home of Mrs. A. Wieboldt, officers for the coming year were elected.

The meeting was opened by the devotional which was conducted by Mrs. J. E. Spurling using "Prayer" as her subject. Monthly reports were given and routine business conducted by Mrs. C. H. Baker, president.

The new officers are as follows: Mrs. J. E. Spurling, president; Mrs. H. Touchton, vice president; Mrs. K. H. McIntyre, secretary; Mrs. W. F. McTeer, treasurer; Mrs. T. S. Wright, Mission Study superintendent; Miss Wilhelmine Wieboldt, Junior superintendent; Mrs. Helen Calhoun, Primary superintendent; Mrs. W. J. Hall, Primary assistant; Mrs. D. P. Welborn, publicity superintendent.

Plans were made to send a special Christmas offering to the native Bible women in Persia, who is supported by this society. It was announced that the all day meeting this month is to be held at the home of Mrs. J. E. Spurling, 1104 Myrtle Avenue, at which time a quilt will be made. The meeting was closed by a prayer led by Mrs. H. Touchton.

Those present at the meeting were: Mrs. C. H. Baker, Mrs. J. E. Spurling, Mrs. A. Wieboldt, Mrs. W. F. McTeer, Mrs. K. H. McIntyre, Mrs. T. S. Wright, Mrs. James Chestnut, Mrs. Lilla Parker, Mrs. Mattilda Nelson, Mrs. H. Touchton, Mrs. J. T. Stringer, Miss Wilhelmine Wieboldt and Mrs. Helen Calhoun.

Mrs. Luke Walker Honors Miss Gamble

Honoring Miss Willie Mae Gamble on her 14th birthday was a party given Friday by her grandmother, Mrs. Luke Walker, at her home on West First Street.

A profusion of garden flowers were used to decorate the house, carrying out a color scheme of pink and white. Throughout the evening various games and contests were enjoyed. Music was furnished by Lee Roy Poffard.

Those present were: the Misses Willie Mae Gamble, honor guest, Sara Barnett, Faye Anderson, Virginia Whitmore, Audria Anderson, Virginia Hoxby, Rose Merchant, Eunice Tatum and Nancy Whitmore.

Also Byron Foster, Glenn Cochran, Duane Tillis, Pete Tillis, Dalton Culberhouse, and Lee Roy Poffard.

Mary Lambuth Circle Has Regular Meeting

Mrs. A. F. Collum and Mrs. Clark Leonard were joint hostesses to the Mary Lambuth Circle which met yesterday afternoon at the home of Mrs. Collum.

Mrs. H. B. McCall, Jr., chairman, led the devotional and presided over the business session. Mrs. Rupert Strickland gave a chapter of "Radiant Heart" after which routine matters were disposed of. Refreshments were served by the hostesses to the following: Mrs. W. C. Hill, Mrs. O. K. Goff, Mrs. O. P. Davey, Mrs. Arthur Phillips, Mrs. Paul Redfern, Mrs. Paul Johnson, Mrs. E. O. Smith, Jr., Mrs. E. H. Lane, Mrs. J. O. Laney, Mrs. Rupert Strickland, Mrs. H. B. McCall, Jr., Mrs. A. P. Collum, Mrs. Clark Leonard, and Mrs. C. E. Gormley.

Commissioners, Power Official Discuss Lines

Commissioners from the City were brought out that the City under the new set-up would receive double the amount received per lamp before the act was enacted at the last session of the Florida Legislature.

The question of adjustment of delinquent tax was brought up and the Mayor advised that the matter would probably be discussed at the special session Wednesday night when the Board meets to continue work on the budget for the coming year.

Walsh Calls On Black To Rebuke Klan Principles

Democratic Senator Says Justice Ought To Be Investigated

CLINTON, Mass., Sept. 11.—(AP) Senator David I. Walsh, Massachusetts Democrat, today disclosed that Justice Hugo Black of the United States Supreme Court "owes it to the President, the Senate and the country to publicly declare whether or not he is a member of the Ku Klux Klan and to indicate in unmistakable language his repudiation of the Klan and its principles."

Any action in the Black appointment now made by the President, declared Mr. Walsh, suggested that President Roosevelt could ask an impartial agency to investigate "the alleged new evidence that he (Black) is a Klansman" and if it were found to be true he could "ask for his resignation."

At third Democrat, Senator Prentiss M. Brown of Michigan, said he would not have voted for Black's confirmation to the court had he believed the Alabama was a Klansman.

"I certainly think a man who is a member of such an organization is too bigoted to serve on the bench," said Brown.

Justice Black himself was in Europe and was not reached for comment.

At the Summer White House in Hyde Park, N. Y., President Roosevelt was silent on this new attack upon his appointee—an attack which followed the publication in The New York Times of quotations from an article originating with The Pittsburgh Post-Gazette and distributed by the North American Newspaper Alliance, asserting Black had been a member of the Klan, had resigned and subsequently had become a life member.

But, while the President himself had no comment, the Administration itself went at once to the defense of the Justice.

The Department saying Black's "suitability" was "beyond question" as evidenced by "his record of public service and selection on two occasions by the State of Ala."

opened the campaign against Black which was begun before his confirmation to the court, demanding that Black "quit" and plan to join his critics in a political speech in New York City, Wednesday night.

Senator Royal S. Copeland of New York, engaged in the fight for his life as a Tammany candidate for Mayor of New York City, said the sextant is an instrument for measuring the angular distance of objects by reflection.

Owen Wright Hurls Four Hit Win Over G-Men, 7-2

Lookouts Pound Out 12 Hits Off Sparkman and Sweeney To Take Lead In Final Series

Wes Kingdon Blasts Out Two Hits In Two Trips To Take Honors At Plate

Ruggerio, Kasso Get 2 Hits Each

Mayo Langston's Hit Scores Kasso With First Run Of Game

HARRIS FIELD, GAINESVILLE, Sept. 14.—Big Owen Wright mowed down Don McShane's Gainesville G-Men last evening when he allowed only four hits while the big guns of the "Raw Meat" Rodgers' Sanford Lookouts heavy artillery blasted and roared out 12 hits off the deliveries of Lefty Joe Sparkman and Red Sweeney to take a 7 to 2 score that was watched by 1000 people at Harris Field in Gainesville while 1200 Sanford fans jammed into the roped off downtown street to see the game played on a play by play descriptive score board.

Big Wright was never in trouble all during the 1st, except the fourth inning when the G-Men showed across two runs when McMullen singled to center, Rogino and Bevell. He mastered things in his own style and fashion and he was careful to a great extent.

The entire Sanford club played excellent ball behind the ace moundman who fanned six of the G-Men while giving up three bases on balls. Sparkman delivered a pair of walks and also two strikeouts while Red Sweeney walked two of the Lookouts and fanned one.

Batting orders for the evening were taken by Wes Kingdon who was at the plate two official times and smacked out hits at each appearance. Joe Ruggerio and Al Kasso split second honors with two for four each and Ellis Clary singled twice in five trips.

Scoring highlights started in the Sanford half of the third inning when Al Kasso singled to center field and went to third on a steal to left by Wes Kingdon. Mayo Langston came up and hit to right field to score Kasso.

The G-Men took the lead in their half of the fourth when Whitley McMullen singled to right field to score both Russ Bevell and Lou Rogino.

Sanford came back in its half of the fifth to take a one run lead when they pushed

across two tallies off one hit and an error. Three hits gave them two more runs in the seventh and in the eighth they tallied two more times off four hits.

The two teams will resume their series tonight at the local field.

LOOKOUTS played out just a mere 12 hits off SPARKMAN and SWEENEY and proved that they could hit when they wished and according to how the play-off stage now, well, we don't like to predict things because we are always wrong, but it looks as if we are going to pull out of this thing on the top and then go to GEORGIA.

We wish GEORGE McCLELLAND much success this fall at STETSON and we hope that he will burn up the gridiron again this season as he did last year and the many seasons under COACH LEONARD McLUCAH at SEMINOLE.

Sanford's Big Four is making HENRY WATSON pull his hair these days with their pranks and jokes. How about it HENRY? We understand that the Big Four tricked him into buying their supper one evening at LERSBURG and the next day FRANK WATSON received a four buck bill.

We would like to announce

Dan Brainard To Hurl For Locals Against Sierra

Both Managers To Put Best On Field In Important Contest

Bill Rodgers and his Sanford Lookouts will play hosts tonight to Don "Foot" McShane and his Gainesville G-Men when they resume their play-off series with Sanford leading with two games while Gainesville has only one.

Manager Rodgers of the Sanford club will probably use Big Dan Brainard on the mound for the locals while McShane of the G-Men will send the southpaw slant of Andy Sierra up to the heavy Lookout artillery.

One of the largest crowds of the season is expected to see the tilt tonight that will be played at the Sanford Municipal Athletic Field starting promptly at 8:15 o'clock.

Officials of the Sanford Baseball Club are attempting to get two more 25¢ members from the Deland Ball Club for use during the remainder of the season as the crowd is now over flowing the local stands every night.

The managers will send the following lineup out on the field of play tonight:

While Brainard at first base, Clarence Day in center field, Bob Pimm on third base, Joe Beach on left field, the Livingstons on second base, Russ Bevell in right field, Lou Rogino on shortstop, Ray Planch catching and Andy Sierra pitching.

For Sanford's batters, Clary on shortstop, Mayo Langston in right field, Swede North in left field, Sammy Holbrook catching, George Phillips on second base, Joe Ruggerio on third base, Bobby Pritchard on first base, Al Kasso in center field and big Dan Brainard will do the hurling.

OWEN WRIGHT made hay while the sun shone yesterday, or should we say while the lights burned when he mowed down DON McSHANE and his big bad G-MEN by a score of 7 to 2 and only the small total of four bingles. As far as we could tell by the descriptive score board, Wright had mastered things his own way during the entire tilt. Congratulations Owen.

The newly elected president of the Big Four, SAMMY HOLBROOK. The three other members are as follows, ELLIS CLARY, OWEN WRIGHT and MAYO LANGSTON. We believe this is right although we are still guessing, such as HENRY WATSON.

Bill "RAW MEAT" RODGERS must have been hot last evening when the Lookouts pushed across these winning runs and they took a two to one lead of the G-MEN. SKIPPER must have given them the spirit of old "JOHN MORGAN."

Daddy Lupto received a wire from his father yesterday morning reading like this, "Dear Son: I'm putting another cup of water in the soup so hurry home. I would like very much to see you. (signed) Dad. P. S. Fall plowing starting next week."

George McClelland Shines At Stetson

DELAND, Sept. 14.—(AP)—George McClelland of Sanford, one of four Stetson University riders trying out for placement duties this year, booked thirteen consecutive "extra points" from the 15-yard line in practice yesterday.

Others seeking the vacancy left by the graduation of Minshart and Cudmore are Lank Smith, Willard Anderson and Troy Hall.

The hitters drilled in separate squads of backfield men and linemen yesterday and plan a scrimmage late this week.

Orlando Paper Says Sanford Gone Nuts "Over Baseball"

Here is what the Orlando Morning Sentinel has to say about Sanford and his baseball fans:

"In the vernacular of the street, Sanford has gone 'nuts' because of the ball club this season. Out of a population of about 8,000 white citizens there was an attendance at Saturday night's game of upwards of 1,400—and Saturday night is the merchants' big money night of the week!

Staid business men turned their shops over to clerks and watched Sanford lambast Gainesville in the score of four to seven; and now comes the Seminole County Chamber of Commerce postponing its election of officers tonight until a week hence just because there's a game scheduled here this evening. Only a few days ago the City Commissioners adjourned early to be themselves to the baseball park.

And Sanford was practically deserted Sunday afternoon when many of the fans went to Gainesville expecting to see a thriller between the two best teams in the league.

What's done it? One of Sanford's best teams and night baseball.

And then, nobody has to dig down into his jeans for cash to support the club—it's self-supporting for the first time in the history of baseball for Sanford.

Yes, Sanford has gone "nut" over baseball.

Rollins Makes Ready For 1937 Football Season

Coach McDowall Is Planning On Large Outfit This Fall

WINTER PARK, Sept. 14. Although the first official practice session for the 1937 edition of Coach Jack McDowall's Rollins football machine is not scheduled to be held until next Monday, already last year's gridgers are beginning to make appearances upon this scene of action, anxious to renew operations with the pigskin sport.

Yesterday Rick Gillespie, Ollie Daugherty and Bob Hayes, veterans of last season's successful warfare, dropped in for last-minute, pre-season instructions from their mentor, before hurrying for home ports where they will practice their local high school teams in preparation for the opening session next week.

Gillespie and Daugherty were members of the backfield unit that carried the Tars to seven triumphs out of eight last year, while Hayes alternated at the standing guard position. This trio of veterans seemed fit after a Summer of hard work.

Daugherty reported weighing 185 as tough as the beef that he had been toting all Summer in a meat packing plant in Ashcroft, N. C. Gillespie, star short stop for the nine last Spring, played several ball around Asheville and his weight ranges around the 180 mark. Hayes, a 200-pounder last year, dropped 20 pounds after his hard work and also appears in good trim. Daugherty lives in Wildwood, Fla., and Gillespie in Asheville. Hayes hails from Webster, Fla.

Marble wine may be used for cooking light meats such as chicken and veal. It does not blend as well, however, with beef.

1500 See Play By Play Description Of Lookout Win

Nearly 1500 Sanford fans jammed into the roped off area on First Street last night between Park and Oak Avenues to see and hear a play by play description of the Sanford Lookout-Gainesville G-Men game in which Sanford emerged the winner by a 7 to 2 score.

The Sanford Atlantic National Bank Building was completely filled with fans looking out of the windows and the street was completely jammed.

The board was operated last night by J. L. Hurt and Mr. Thorpe of the Western Union with Julian Stenstrom, Brian Hurt and Joe Cannon assisting.

The board will be used when the Sanford Ball Club will present another play by play description of the Sanford-Gainesville game that is to take place at Harris Field in that city tomorrow night.

TAKE Tobacco, and Amusements for Instance!

THE pleasures we enjoy, whether it's smoking a cigarette or going to a movie, all cost money—but we don't mind the cost because each separate item is so small.

And it's surprising how little we pay for the pleasures of modern, safe and convenient electric service, when their cost is compared to other items of expenditure.

Take tobacco, for instance. Total expenditures for cigars, cigarettes and tobacco in this country last year totaled just twice as much as the household electric bill. Even the amusement bill, right here in Florida was larger than the Florida household electric bill.

Wake up to the opportunities for pleasure and happiness in your home, made possible through abundant and efficient electric service. Household drudgery is now a thing of the past and modern conveniences and comfort—provided by electric service—are available at the lowest cost in history throughout the territory we serve.

FLORIDA AMUSEMENTS \$12,000,000
HOUSEHOLD ELECTRIC SERVICE \$17,000,000

Anglo-French Sub Campaign Is Under Way

No Delay Seen As Result Of Italian Refusal To Abide By Nyon Agreement

200 Warships Are Ready For Search

Italy Demands Share In Plan Equal To England And France

LONDON, Sept. 15.—(AP)—Britain and France refused today to delay their patrol of the Mediterranean against submarine piracy because of Italian objections to the Nyon Accord and announced that the nine-power agreement would go into effect at once.

British and French warships, already in the Mediterranean, were reported authoritatively to have begun scouring the Mediterranean sea lanes for undersea marauders without waiting for reinforcements.

Informed sources said the door was not closed to Italian participation in the patrol if Italy wishes to offer constructive suggestions, although she has declined to join the Nyon arrangement.

France and Great Britain have mobilized nearly 200 warships in the Mediterranean in their hunt for the marine marauders. Organized on a full wartime footing, the combined fleet is to reach its maximum strength within a month when all additional orders for patrol duty arrive.

Italy refused last night to join the anti-piracy patrol in a secondary role, demanding full parity with Britain and France. The latter two nations were designated by seven cooperating nations—Turkey, Greece, Russia, Egypt, Bulgaria, Yugoslavia and Rumania—to bear the brunt of the patrol.

Italy was offered jurisdiction of sea lanes just off her coasts in the patrol plan drafted Saturday at Nyon, at a conference boycotted by Premier Mussolini and Chancellor Hitler of Germany.

Last night with German adherence, Mussolini advised the British and French charge d'affaires that the situation which would result from the patrol plan "seems unacceptable."

The immediate reaction here was that the war against the submarine pirates will be real war, nevertheless, but observers were quick to point to the possibility of

WPA To Dismiss 1500 Employees From Rolls Soon

JACKSONVILLE, Sept. 15.—(AP)—State Administrator Frank P. Ingram said yesterday he had received orders from Washington officials to dismiss 1500 WPA employees immediately.

The reduction is in addition to recent cuts in the supervisory and administrative staffs, he said. It does not include 2500 men dropped from relief rolls in the Tampa area.

The opening of the citrus season, general improvement in economic conditions in the state and the necessity of reducing the expense of the work relief program were cited as reasons for the additional reduction.

CRASH! BANG! UP AND OVER!

This breath-taking scene was presented when two automobiles collided during races on the speedway at Hammond, Ind. The terrific impact threw the car of Curly Aschelman into the air and it sailed over the outer wall like a leaf in a windstorm. The other, driven by Charles Van Acker, smashed into the wall as indicated by dotted lines. The arrow points to a wheel torn from Van Acker's car. (Copyright, 1937, by Chicago Tribune)

From Coast To Coast AND BACK AGAIN

By MRS. J. J. BOLLIV
We are now driving due East from Reno, over a long straight highway, a hundred miles or more without a curve, very monotonous, just a vast desert plain, with black rugged snow capped mountains in the far distance.

Since leaving Reno this morning we have covered 450 miles of that same uninteresting scenery. But within 150 miles of Salt Lake City the scenery changes for here we are riding on the Great Salt Lake Desert. Just a straight road one hundred miles long through the very center of the Salt Desert, so white I knew it was snow. So I quote this: "Practically all of western Utah and what is now the Great Salt Lake Desert, was once covered by ancient Lake Bonneville which it is said, had a depth of fully one thousand feet at its greatest site, and was created during a period of unusually heavy precipitation. Salt Lake Desert is the natural result of the evaporation of Lake Bonneville with the dissolved material

It accumulated over vast periods of time."

By this time we had covered 511 miles that day, and nothing looked so good as that nice blue lake, where we could just recline on it, rest and relax. This is true. It was just like lying on an old time feather bed. We could not sink. When we came out our bodies and suits were so thick in salt we could rake it off. We arrived in Salt Lake City at good dark but refreshed from our salt dip.

The next morning we visited the Mormon "Temple Square." We (Continued on Page Three)

Chinese Reported To Have Succeeded In 3 Day Effort At Orderly Retreat

SHANGHAI, Sept. 15.—(AP)—Naval commanders of the United States and four other western powers demanded today that both the Chinese and Japanese sail-aircraft gunners take immediate steps to spare the lives of "innocent non-combatants."

The urgent request of American Admiral Harry H. Yarnall and other neutral naval commanders went forward while the Chinese in the face of wave after wave of Japanese attacks stood fast on their new island line stretching 50 miles from Chapel to Lush north and west of international Shanghai.

It became apparent the Chinese had succeeded in three days of orderly withdrawal in establishing well prepared positions that have halted the Japanese advance just inland from the main city.

Mrs. Joseph Russi Returns To Michigan

Mrs. Joseph Russi, after ending a seven year search for her two children, obtained their custody and returned last night to her home in Negaunee, Michigan. County Judge R. W. Ware, reported this morning.

Mrs. Russi refused to remain in Sanford to prosecute her husband who took two of her children and deserted her in 1929 to live with her sister in California and later in Florida.

Albertina Denefre, with whom Russi has been living in receiving aid for herself and her three children from the County Welfare Board.

Hurricane Halts In West Indies

The tropical hurricane remained almost stationary today in the Atlantic ocean off the west Indies and the Weather Bureau reported the chances of it reaching the United States coast were remote. Very little forward motion was imminent.

Gordon E. Duan, meteorologist at Jacksonville, said the disturbance was likely to turn northward. A 9:30 A. M. advisory said the storm was attended by shifting gales and winds exceeding 75 miles near the center and was located at 7:00 A. M. some 200 to 300 miles northeast of St. Martin, one of the Leeward Islands.

Roofing Paper Needed By Salvation Army

About two weeks ago Captain Fred S. Fern, commanding officer of the Salvation Army Corps here, made a plea to the people of Seminole County for the donation of 15 rolls of roofing paper for the home of a family who are in dire need. Today Captain Fern reported that all but one roll of the necessary roofing had been secured and he asked that any person who was able to make this small donation would communicate with him as soon as possible.

Jews Close Stores For Yom Kippur

As it has been for the past 2,000 years—the closing of the Shofar or Ram's horn of sunset yesterday proclaimed throughout the world the holiest day on the Jewish calendar, Yom Kippur.

JOHN ROOSEVELT TO WED BOSTON SOCIALITE

At last comes confirmation of long rumors concerning John Roosevelt's affections for Anne Lindsay Clark, Boston debutante. They are seen beaming happily at each other at Nahant, Mass., just after her mother announced their engagement. The President's youngest son said plans for the wedding have not been pending completion of his senior year at Harvard.

Robert L. Davis Talks To Kiwanis On Constitution

Orlando Attorney Declares Freedom Of Press Is Essential

Among the greatest guarantees provided in the Constitution of the United States of America are those which insure the freedom of the American press and freedom of speech for the American people. Robert L. Davis, Orlando attorney, told the Kiwanis at their weekly luncheon in the Valdeira Hotel today.

Chairman of the program committee, Dr. D. G. Scott introduced Mr. Davis who spoke on the commemoration of Constitution Week.

"Communism, Bolshevism and dictatorship are starting the United States in the face," the attorney asserted, "even in our own State groups of boys are being taught Communism in an effort to convert them to this doctrine."

"These doctrines, however, cannot stand or prevail where there is freedom of the press and speech," Mr. Davis concluded, "and the task of the American people is to fight for the preservation of these inalienable guarantees of our liberty."

Arthur Branam, former cashier of the Sanford Atlantic National Bank here, told the club members that due to his business affiliations which will require his leaving Sanford, it would be necessary for him to sever his connections with the local organization.

Dr. E. D. Brownlee, pastor of the Presbyterian Church here and chairman of the vocational guidance committee and a similar committee from the Sanford Rotary Club had outlined extensive plans for activities during the present school year among the High School Students in Seminole County. The work of this committee, it was pointed out, was to assist boys and girls in determining the vocation they wished to enter.

3 Auto Accidents In Last 24 Hours Mar City's Record

Three traffic accidents in the last 24 hours further barred the perfect record the City of Sanford has maintained during the summer months, according to information received from Chief of Police Roy G. Williams today.

No Casualties Result From Series Of Accidents Yesterday

Yesterdays evening at 7:00 o'clock Jack Hunter was driving west on First Street and stopped in the street. E. C. Walters also driving west on First Street, was unable to stop in time to avoid collision and ran into the rear of the Hunter car. No great amount of damage was done and the drivers agreed to settle the damage among themselves.

At 7:30 P. M. yesterday Clyde Tanner stopped in the street as he was driving south on Melionville Avenue and his car was struck in the rear by a Willys belonging to Lee Kinard.

Reel and Ross who are in charge of repair, estimated the damage to both cars at \$75.

This morning another slight accident occurred on West Ninth Street, but no damage was done to either of the cars. The names of the parties involved in this accident were unavailable.

Patent Is Granted On New Florida Avocado Variety, The Monroe

HOMESTEAD, Sept. 15.—The Monroe, a new variety of avocado with a number of desirable qualities, has been patented, says County Agent Chas. H. Stoffant. The patent first to be obtained by a Florida avocado grower, was issued recently to J. J. L. Phillips of the Redland Avocado Groves, through Joseph R. Bryson, manager.

A seedling tree discovered in 1935, when it was about three years old, is the foundation of the new variety. It is believed to be a cross between Eagle Rock and Waidin varieties of Guatemalan and West Indian types. The tree is unusually vigorous, an upright grower, well branched, and somewhat resistant to scab. It has distinctive foliage, and makes a robust hardy growth.

"It is an 'A' variety from the standpoint of pollination, its flowers opening first as females and later reopening as males. It matures fruit in December, January and February. The fruit is dark green in color, 5 1/2 to 6 inches long and 4 to 4 1/2 inches wide, and generally round. The flesh of the fruit, which fits tightly around the seed, is a clear bright yellow, free of fiber, of a nutty flavor, and with an oil content of 20 to 30 percent."

Mrs. Bryan Conducts Recreation Program

Daily playground programs are being conducted for the students of the Lake Monroe School under the supervision of Mrs. Olive Bryan, who is in charge of the WPA division of recreation in that vicinity. It was learned today, included in these programs is a weekly swimming party and picnic for the children and classes in handicraft for girls.

Mrs. Bryan has also included a sewing circle for the women in that vicinity in her program. The club will meet at her home on West First Street Tuesday afternoon of each week to do different types of handwork.

The fact that all women in the vicinity were invited to attend was emphasized by Mrs. Bryan.

Japan Refuses Mediation By World League

Jap Envoys At Geneva Says His Nation To Brook No Interference By Outsiders

GENEVA, Sept. 15.—(AP)—Japan will refuse and ignore even friendly mediation by the League of Nations in the Sino-Japanese conflict, the Japanese minister to Switzerland disclosed today. The Japanese envoy, Eiji Amsu, told the Associated Press that Japan would brook no interference in the Far Eastern crisis.

Dr. Wellington Koo one of China's most illustrious statesmen, warned the United States and Europe today that Japanese guns may menace them some day if they do not support China now.

He made the statement before the League Assembly in a blistering indictment of what he called Japanese "aggression."

Roosevelt Acts To Curb Shipping

Ships Will Carry Munitions To Orient At Own Risk Only

WASHINGTON, Sept. 15.—(AP)—President Roosevelt yesterday prohibited Government-owned merchant ships from transporting arms or ammunition to Japan.

Members of the Sanford Junior Chamber of Commerce will appear soon before the City Commissioners and advise the Board that they will be glad to take over a section of the proposed Lake Front Park and spend their time and money on its development. It was decided at the meeting of the Jaycees at Park's Place Monday night.

Jaycees Plan Aid To City Group In Furthering Park

The organization also planned to donate sufficient funds to construct two shuffle board courts in the proposed park. However, no definite action was taken on this matter. E. E. Laney, vice-president of the organization stated.

Mr. Laney also stated that the meeting date of the organization will be changed from the evening to 12:15 o'clock each Tuesday. The meeting place has not been decided as yet but will be announced to all members of the organization later in the week, he said.

The reason for the change, Mr. Laney asserted, was that only a small number of the members were able to attend the evening meetings and it is hoped that the change will increase considerably the number of members attending the meetings.

James G. Sharon was the principal speaker at the meeting. He spoke to the group on the "Worth of a Civic Group ally to a Community."

Pigeon Farmer Says Missing Wife Is Dead

NEW YORK, Sept. 15.—(AP)—William H. Parsons, the Stony Brook, Long Island pigeon farmer, whose socially prominent wife, Alice McDonnell Parsons disappeared mysteriously 14 weeks ago said today he believes she is dead but doubts the authenticity of letters reporting her death from prison.

Federal agents who have been investigating the case since June 0 declined to say whether they believe Mrs. Parsons is dead.

"I don't know whether those letters now in the hands of federal agents are authentic or not," Parsons said, "they may be the work of a crank. I feel however that if Alice were alive she would have communicated with me."
