Reagan's Austerity Budget Spares Military

WASHINGTON (UPI) — President Reagan's 1986 budget of \$973.7 billion proposes the smallest increase in government spending in 22 years and almost exactly balances a sizeable increase for the Pentagon with cuts in other spending.

The budget is formally presented to Capitol Hill at 1:30 p.m. today, but Sunday, congressional leaders were predicting a cut in the Pentagon's hefty slice of the pie — \$13.7 billion, a 5.9 percent increase over 1985, the largest peacetime military budget ever.

In the budget, decades-old farm support programs would be drastically curtailed with price supports phased out over several years and large farming corporations excluded from most aid.

The pay of federal workers would be cut 5 percent and direct lending by the Small Business Administration would be eliminated.

● Millions of Americans will get a Social Security cost-of-living increase under the new budget but dozens of other social programs would be frozen or cut. Details on page 2A

● The Soviets say Reagan's call for a record military budget will sour arms control talks planned for next month. Reaction on page 2A.

Senate Republican leader Robert Dole of Kansas said Sunday Congress is likely to halve Reagan's proposed increase in military spending.

"Yes, we'd like to see maybe a 3 percent growth (in defense spending) instead of 5.9 percent," Dole said on ABC's "This Week With David Brinkley." That would be about \$10 billion less

than Reagan's proposal.

But Dole also predicted the Senate would agree to Reagan's proposed cuts in farm programs, housing, and student loans although "maybe not as much as the president wants."

Appearing with Dole, House Democratic leader Jim Wright of Texas said the House "surely can" go along with a 3 percent hike for the military.

But Sen. Lawton Chiles of Florida, ranking Democrat on the Senate Budget Committee, said it would be very hard to freeze spending for other programs if defense is allowed even a 3 percent increase.

Reagan, who spent the weekend at Camp David, Md., planned two morning meetings today with congressional leaders on the budget and hoped to drum up support from business and trade association leaders in the afternoon.

The budget adds some other new targets to a now-familiar list of programs the White House

considers particularly inappropriate for a federal government — from subsidized train rides on Amtrak to mass transit aid for local governments and rural development.

Recreational boating would become more expensive as would international travel, thanks to new fees for the use of harbors, waterways, Coast Guard services and Customs Bureau checkpoints.

A record \$142.5 billion — 14.6 percent — of the spending would go to pay the interest on the national debt, now \$1.6 trillion but projected in the budget to top \$2 trillion in 1986.

The national debt climbed above \$1 trillion only four years ago, during Reagan's first year in office.

Despite the recommended austerity, the government would continue its deficit spending, adding another \$180 billion in red ink.

Fallen Trestle, Noisy Falls

Two canoeists caulkously paddle under a burned-out railroad trestle across the Wekiwa River west of Sanford, above, while nearby a boy tests the cool waters at Wekiwa Falls. The trestle, not used by Seaboard trains for several years, burned twice recently, Dec. 29 and again on Jan. 27. The latest fire burned the entire bridge which connects Seminole and Lake counties. The

fires are not under investigation because Seminole investigators were not called to the scene, Lake County officials said. They thought the state was investigating and a spokesman for the state Fire Marshal's office said he thought Seminole County was investigating. Seaboard officials were scheduled to meet with a contractor today to discuss removal of the trestle. Unconcerned with such

problems, 5-year-old Alfred M. Jones, right, from Brooksville, said the water temperature at Wekiwa Falls Sunday was tolerable — 74 degrees — but it was noisy. Alfred, who lives in upstate New York, is spending the winter with his father, Alfred T. Jones.

Knowles Could Benefit From Change In Law

City Manager Wants To Operate Consulting Business From Home

By Donna Estes
Herald Staff Writer

Sanford City Manager W.E. "Pete" Knowles is pushing a change in city law which would, as part of its effect, allow him to act as a consultant on city affairs via telephone from his home in a residentially-zoned area after his retirement.

Knowles, who plans to retire April 30, is recommending to the city commission an amendment to a municipal ordinance "to make legal" the at least 150 home businesses he estimates are being conducted now in "technical violation" of city law.

The amendment Knowles is suggesting would permit physicians, surgeons, dentists, lawyers, clergymen or other professional persons or consultants to use their homes "for communication contact only by written or verbal (via telephone) contact."

The city's prohibition would remain against obvious business operations where signs are displayed, products advertised, and the coming and going of customers is necessary, such as nursery schools, real estate and insurance offices, barber and beauty shops.

In a memo to commissioners, scheduled to meet at 4 p.m. today, Knowles urges adoption of the amendment, and also recommends that the requirement that these telephone and mail operations obtain city occupational licenses be continued.

At last week's city commission meeting, Knowles called the existing law, which forbids home occupations in certain of the city's residential areas, "unfair" and impossible to enforce. He also pointed out that former City Engineer Mack LaZenby is already carrying out a consulting business via telephone at his home with city permission.

"How would we be able to tell if a telephone was being used for a business if we stood and looked at it?" he asked.

He said the law was probably enacted to keep people from operating obvious businesses, requiring business vehicles and materials in residential areas.

His comments came after the commission voted 4-1 to turn down a request for a home occupational license for the smoking of muller and turkey.

Robert A. "Bobby" Newman of 2001 Lily Court asked for a variance to permit him to operate the smoking operation at his home, something he said he has done at no charge for friends for years.

Newman said he planned to earn spending money in this way after his September retirement when he turns 65.

When Newman applied for a home occupation permit, City Building Official Gary Winn refused, saying that Newman's home is in an SR 1AA (single family) zone which does not allow home occupations.

Newman appealed to the city commission. He said that none of his neighbors objects. And Knowles, who lives in the same neighborhood, said the aroma from Newman's smoking of fish is rather pleasant, and not an annoyance.

While commissioners were sympathetic to Newman's request, Commissioner John Mercer said if one variance were granted it would set a precedent for other home businesses in the city's most restrictive residential zoning. Commissioner Milton Smith said the city can't be granting variances every time one is requested. He reminded his colleagues that when the commission turned down a request several years ago for construction of a tavern on French Avenue, the city was taken to court. The city lost because too many variances to city law had been granted. The court reasoned the city was being arbitrary in denying one variance while granting others.

Undergoing Psychiatric Observation

Bandit Wanted To Take President's Job

By Deane Jordan
Herald Staff Writer

A Sanford man serving two years of in-house and drug treatment for smashing his way into the Sanford Police Department and threatening people with a steel bar. Mental health officials would not release any information about the man, and probation officials said that as far as they know he is still participating in a drug therapy program as an outpatient.

According to a Volusia County sheriff's department report, a man entered the Lil General store at 1335 N. Woodland Blvd. about 9:41 p.m. Saturday, picked out some food and went to the checkout counter where he displayed a .22-caliber handgun.

The clerk, who was not threatened, notified the sheriff's department. After deputies and the DeLand Special Weapons and Tactics (SWAT) team arrived at the scene, the man allowed the clerk and her husband to leave

the store but refused to come out himself. At one point, he fired two shots in the store and turned over some equipment. No one was injured. The man finally threw out his

Police Hunt For Suspect In Bar Bombing

ATHENS, Greece (UPI) — Police were searching today for a man suspected of bombing a suburban Athens bar frequented by U.S. servicemen, wounding 78 people, including 59 Americans.

Police said Sunday they were looking for a 25-year-old man with short, dark hair who spoke Greek with an accent.

A witness to the Saturday evening bombing at Bobby's Bar in the seaside suburb of Olyfada said he saw a "dark-skinned" man leave a parcel under a counter in the center of the bar 45 minutes before the blast.

Police said as many as 200 people were in the bar when the bomb exploded, wounding 78 people in the latest incident in a rising wave of attacks across Western Europe aimed at NATO and U.S. military targets.

U.S. military officials said 30 of the 59 injured Americans were hospitalized and two were in serious condition today. They said 19 other people, whose nationalities were not disclosed, were wounded but not hospitalized.

Another 17 Americans were still being treated in the base hospital and a Greek hospital, she said.

Sanford, Lake Mary Extend Olive Branches

The feud which raged between the city governments of Sanford and Lake Mary for more than a year ended last week when the mayors of both communities signed a new agreement whereby Sanford will continue supplying Lake Mary with water until Lake Mary's proposed \$1.4 million water plant is built.

That was the first step in a "new era of understanding" between the elected officials of the two municipalities, Sanford Mayor Bettye Smith and Lake Mary Mayor Dick Fessagre.

And to cement this new relationship, the city commissioners of both cities and their spouses are planning a get-together Feb. 17 at the home of Lake Mary Commissioner Russ Megonegal.

At this point, Megonegal and Mrs. Smith are sharing the cost for the catered event, but Megonegal says he believes each of the elected officials will "chip in their share."

"No public funds or tax money is involved," he said.

None of the staff from either city is being invited.

The Sanford-Lake Mary feud began after it became obvious that a building boom was underway in Lake Mary and Sanford

officials felt they would be expected to continue supplying water to the city and its host of new customers.

The situation worsened when the cancer-causing pesticide EDB was found to be contaminating seven of Sanford's 11 city wells, creating a water supply crisis. With a potential shortage and a building boom of its own, Sanford felt it could no longer provide water service to Lake Mary.

Last spring, the Sanford City Commission canceled its water agreement with Lake Mary, demanding that Lake Mary begin paying Sanford impact fees on new water connections just as Sanford developers were required to do. And Sanford Mayor Lee P. Moore threatened to flip the switch, disconnecting Lake Mary from the Sanford water supply.

At the time, Moore said he knew that no court would allow him to shut off the water, but that the issue should be decided in court since talks to solve the dispute were getting nowhere.

The situation, as Moore predicted, wound up with Lake Mary going to court. Seminole Circuit Judge Dominick Salfi ordered Sanford to continue serving Lake Mary and ordered Lake Mary not to add new custom-

ers to the water system.

About the same time, Lake Mary found funding to build its own water system and the impasse appeared resolved.

The new contract signed Thursday was one more step in that direction and calls for Sanford to continue providing Lake Mary with water until Dec. 1, 1986. And it requires Lake Mary pay Sanford impact fees for each new customer. Those fees are to be placed in a special account and the fund returned to Lake Mary if it has a water supply in operation by Dec. 31, 1986.

And thus came about the idea for the dinner.

While Mrs. Smith says the planned event is purely social and is intended to promote "good will among ourselves," she also says she hopes the better the elected officials get to know each other, the better they can all work together.

And working together is very important, Fessagre said.

"Rumor has it that through the years, some of the elected officials in each city believed those in the other had horns and breathed fire," Fessagre said with a chuckle.

For Robber Drive

SANTA MONICA, Calif. (UPI) — A 24-year-old man was shot and killed in a robbery drive-by shooting in Santa Monica, Calif., Friday night after seeing Santa Monica, 24, near the highway.

After a three-hour chase, police stopped the car and took it to a local hospital. The driver was killed and the car was destroyed.

Police are looking for anyone who saw the car or anyone who was in the area at the time of the shooting.

Students Crack USC's Computer; Change Grades, Sell Degrees

LOS ANGELES (UPI) — A group of students apparently infiltrated computerized files at the University of Southern California to change grades and create phony degrees, which they sold for as much as \$25,000 each, the Los Angeles Times reported Sunday.

The paper reported that the USC computerized transcript system apparently was compromised by students working with someone in the records office — buying degrees or grade changes with cash or cocaine.

The allegations represent the second time that accusations of illegal tampering with the prestigious university's computer have surfaced since October. Twenty-one USC students were already under investigation for allegedly paying to have unauthorized grade changes made on their computerized transcripts. Another nine have now been notified they are under investigation, the university said.

Coroner: Autopsies Not Falsified

NEW YORK (UPI) — The city's medical examiner says jealous colleagues who want his job launched a malicious slander campaign that resulted in charges that he falsified autopsy reports of people who died in police custody.

At a crowded news conference Sunday, Elliot Gross gave detailed responses for the first time since a series of articles by The New York Times accusing the medical examiner of issuing "misleading and inaccurate" autopsy reports were published a week ago.

The Times reported Gross had doctored the autopsy reports of people who died in police custody to protect police officers.

Last week, Mayor Edward Koch empowered a special counsel and Gov. Mario Cuomo directed the state health commissioner to look into the charges against the embattled medical examiner. A U.S. attorney also announced he was investigating the autoptics.

Frozen Boy Thaws Out

MILWAUKEE (UPI) — Nurses who touched him said they could feel the crunch of ice beneath his skin, but a 2-year-old boy who wandered outside in his pajamas in sub-zero cold while his parents slept is alert, talkative and apparently on his way to complete recovery.

The boy, identified only as Michael, had no vital signs when admitted to Children's Hospital and was described by one doctor as "dead, extremely dead." He spent part of the weekend watching television with his parents at the hospital, surrounded by stuffed animals.

His recovery is being called one for the medical record books.

Found frozen in the snow Jan. 19, Michael suffered no heart or brain damage from the accident, doctors said. He was reported in critical but stable condition Sunday.

WORLD

IN BRIEF

Italy's Largest Mafia Trial Held In Fortified Bunker

NAPLES, Italy (UPI) — The largest trial in the history of organized crime in Italy opened today in a specially built \$1 million fortified bunker with 252 defendants — including a priest and a nun — in the dock.

The defendants are the first of 840 accused members of the New Organized Camorra, the Neapolitan version of the Sicilian Mafia, facing trial in coming months in the specially constructed courtroom complex inside Poggioreale prison.

Security was exceptionally tight to prevent a prison escape. Some 3,000 police were on hand to guard the courtroom.

Most of the suspects have been in jail since their arrest in nationwide sweeps in June 1983 on charges including criminal association, drug trafficking and murder.

Panty Raid Sparks Police Patrol

NEW DELHI, India (UPI) — Police and paramilitary troops today stood guard at a college where feminists were enraged at male students who staged a panty raid and hung the underwear from a crucifix on the school tower.

Authorities said the trouble began last Wednesday night when unidentified male students staged a panty raid at the college, one of the country's leading educational institutions.

The students pried open lockers in a ladies room, nabbed underwear and hung it from the crucifix on the college tower, India's newspapers reported. A note was found later that said, "Jack the Robber Strikes" and vulgar slogans were scrawled on the tower's walls.

Female students the next morning angrily complained that they were fed up with such childish pranks, which have occurred at the college for six years.

WEATHER

NATIONAL REPORT: A weekend of snow and freezing rain encased much of the Southeast in glimmering sheets of ice today, closing highways, stranding travelers and leaving thousands of Tennessee and Alabama residents without power or heat for a fourth day.

AREA READINGS (8 a.m.): temperature: 56; overnight low: 59; Sunday's high: 74; barometric pressure: 30.36; relative humidity: 97 percent; winds: north-northeast at 7 mph; sunrise: 7:12 a.m.; sunset: 6:07 p.m.

TUESDAY TIDES: Daytime tides: high, 7:51 a.m.; 8:08 p.m.; low, 1:01 a.m.; 1:48 p.m.; Full moon: high, 7:43 a.m.; 8:00 p.m.; low, 12:52 a.m.; 1:38 p.m.; Bayports high.

2:10 a.m.; 1:52 p.m.; low, 7:34 a.m.; 7:23 p.m.

AREA FORECAST: Today considerable cloudiness with a 20 percent chance of morning rain. High near 70 to mid 70s. Wind east 10 mph. Tonight and Tuesday partly cloudy and a little warmer. Low in mid 50s to near 60. High in mid 70s to near 80. Wind southeast 10 mph tonight and south 10 mph Tuesday.

BOATING FORECAST: St. Augustine to Jupiter Inlet and out 50 miles: Southeasterly winds at 15-20 knots through tonight, seas 3-5 ft.

EXTENDED FORECAST: Chance of rain then ending Thursday followed by decreasing cloudiness and colder. Lows from middle 30s to low 40s. Highs in the 60s.

Changing Faces, Changing Places

Job Swap Finalized As Regan, Baker Take Office Today

WASHINGTON (UPI) — Trading prestige for power, Donald Regan today took over as White House chief of staff in the most dramatic of several changes that will recast the administration in its second term.

Kicking off a busy week of testing and transition, Regan, secretary of the treasury since Jan. 22, 1981, and James Baker, chief of staff for the last four years, completed a dramatic job swap Sunday in private.

The White House said Baker was sworn in Sunday afternoon by a notary public at Baker's home. His daughter Mary, 5, held the Bible as he took the oath of office and his wife, Susan, stood near.

His first act, the White House said, was to sign the commission making Richard Darman, Baker's well-regarded deputy at the White House, the No. 2 official at the Treasury Department. Baker and Darman were confirmed by the Senate last week without opposition.

A public oath-taking ceremony will be conducted Friday in the Oval Office.

Regan, who has been secretary of the treasury since Jan. 22, 1981, takes over today as White House chief of staff.

Baker, 54, came to Washington as a monied Houston lawyer who had cut his

Donald Regan James Baker

political teeth by working to deny Regan the Republican presidential nomination in 1976 as a top strategist for President Gerald Ford and opposing his nomination a second time in 1980 as George Bush's campaign manager.

As a top aide to Reagan, however, Baker

helped engineer the president's first-term successes on Capitol Hill and overawed his re-election victory.

Regan, 66, who as president of Merrill Lynch won a reputation on Wall Street as a sharp operator, a skilled manager and demanding taskmaster, is slated to emerge as czar of the White House staff once presidential assistants Michael Deaver and Edwin Meese leave their jobs.

Deaver, the aide closest to Reagan, is returning to the public relations business. Meese is awaiting confirmation by the Senate as attorney general.

Until the two make their exits, power in the White House will be shared. But there is no doubt that within a matter of weeks, Regan will reign supreme over a White House staff wracked by infighting under the Baker-Meece-Deaver troika.

As the original crowd has moved out, Regan has brought in his own team of ex-treasury aides.

Still to be seen is how Regan restructures the White House high command.

Deputy press secretary Larry Speakes and legal counsel Fred Fielding are among the few major players who remain intact.

Other Social Programs Chopped

Budget Boosts Social Security

WASHINGTON (UPI) — Thirty-seven million Americans would collect a Social Security cost-of-living increase under the administration's 1986 budget but dozens of other health, education and welfare programs would be frozen or cut.

True to his word, President Reagan asked for the annual inflation increase — projected at 4.1 percent — for Social Security and for 4 million aged, disabled and blind poor Americans on Supplemental Security Income.

Social Security's old-age and disability funds would spend a record \$203 billion in 1986, up \$11.1 billion. Senate Republicans, however, are looking hard at a Social Security freeze.

Regan's budget, to be sent to Congress today, would lighten middle-class social programs — restricting college aid to students from upper-income families, freezing Medicare doctor and hospital payments, and requiring some Medicare patients to pay higher premiums or fees.

The budget freezes or nibbles at spending for other domestic programs from Head Start to

health research. It would wipe out programs from the Legal Services Corp. to the Job Corps.

Under the Reagan budget, spending would rise only \$400 million — to a total of \$476.2 billion — for education, training, employment, social services, health, Social Security, Medicare, income security and veterans programs. That increase is far less than the 1.5 percent overall increase in the Reagan budget.

Food stamp spending for 20 million million Americans would rise \$11.8 million, mainly because of inflation, and the government expects the rolls to shrink as unemployment dwindles.

Cuts of \$5 billion in 1986, and

\$49 billion over five years, would be extracted from Medicare and Medicaid, the health programs that serve 50 million aged, poor and disabled people — one in five Americans.

Most of the \$4.2 billion in 1986 Medicare cuts comes from freezing payments to hospitals, doctors, nursing homes, laboratories and other health service providers. Some must be approved by Congress.

But Regan also wants to hike patient premiums for Medicare Part B — which pays doctor and other outpatient bills — to \$18.80 a month from the current \$15.50, and to link future premiums to inflation.

His budget proposes to require Medicare patients to pay an estimated \$4.80 a visit for home health care after a 20th visit, to delay covering new beneficiaries until the month after they turn 65, and to require employers to offer the same health insurance to over-69 workers that they offer younger ones. Despite the cuts, Medicare still would spend \$73.3 billion in 1986, up \$1.5 billion.

Soviets Blast Budget

MOSCOW (UPI) — The Soviet Union says President Reagan's request today for a record military budget will sour the mood for next month's arms control negotiations between the superpowers.

"The new U.S. draft budget shows that now, as before, Washington's real policy is aimed not at bringing down, but on the contrary, at sharply raising the level of nuclear confrontation," Tass said.

Reagan's proposed \$13.7 billion military budget for fiscal 1986 is 5.9 percent higher than the fiscal 1985 budget.

The Reagan administration wants to triple the amount spent on the "Star Wars" space weapons research from \$1.4 billion to \$3.7 billion.

Woman Left At Rest Stop After Rape Attempt

A 22-year-old Orlando woman reported to Seminole County sheriff's deputies she was abducted in Orange County by two men who drove her in her car to a rest stop on Interstate 4, Longwood, where one of the two tried to rape her.

The woman said she was forced into her car at gunpoint by the pair who approached her in the parking lot of Goodings, 7800 Doctor Phillips Drive, Orlando, early Sunday.

The abductors stopped at the westbound rest area of Interstate 4, Longwood, and forced the woman into the woods, where one suspect tied her up with a shirt, cut off her bra with a knife and tried to rape her. He was unsuccessful in the attempt, a sheriff's report said.

The men left the woman and her car at the rest area and fled in a 1972 Pontiac at about 3:50 a.m. Sunday. The woman drove to a friend's house in Orlando and called the Orange County Sheriff's Department. The case was referred to Seminole County lawmen and the woman returned to the scene with an investigator, the report said.

Her bra was found at the scene. The woman was examined at Central Florida Regional Hospital, Sanford.

had a prescription for, police reported.

The man was questioned by police as he paced nervously in front of the Majik Market on North Central Avenue, Oviedo, at about 1:20 a.m. Friday, a police report said. The man told police he was waiting for a taxi because his girlfriend's car was stuck.

Police reported they asked the man why he appeared to be so nervous and was he "on something," the report said. Police said the man showed them three valium tablets. He said his girlfriend gave them to him. Police asked if his girlfriend was a doctor or if he had a prescription for the medication. The man said no and was arrested, the report said.

Police reported finding a fourth Valium in the man's pocket when he was searched.

Armando Acosta, 33, has been charged in the case. He was being held in lieu of \$5,000 bond.

POT AND COCAINE

Three Oviedo men were arrested for possession of marijuana and cocaine following a traffic stop in Lake Mary.

According to an arrest report, a Lake Mary officer spotted a car

with a broken tail light at about 2 a.m. Saturday.

The officer stopped the car and while talking with the driver and passengers noticed a what appeared to be a marijuana cigarette butt on the car's back seat.

He then asked the men to get out of the vehicle. A plastic bag containing less than 20 grams of what appeared to be marijuana and a small amount of a powdery substance wrapped in tin foil was found in the car.

Arrested and being held on \$5,000 bond each were Bennie James Peterson, 20, of 46 Stephens St.; Freddie J. Robinson, 22, of state Road 426; and Bryon Williams, 25, of 520 Franklin St.

VIOLENT

A Winter Springs man arrested following an accident became so violent, he could not be removed from a holding cell, according to correction authorities.

The arresting Longwood officer said that after he completed an accident investigation, he arrested and handcuffed a man for driving under the influence resulting in an accident.

The incident occurred at 6:30 p.m. Friday on E.E. Williamson Road near Sunset Drive, Longwood.

The officer reported that after the arrest the man became violent and had to be physically restrained by three Longwood officers. After being taken to the Seminole County jail, the man refused to submit to a breathalyzer test or answer any questions. He again became vio-

lent and had to be further restrained with leg irons. He was put in a holding cell where he continued his tirade.

Arrested and then released on \$500 bond Saturday was Craig Allen Sondal, 23, of 203 Bitterwood St.

CLASS RING STOLEN

Sanford man has been arrested following the theft and pawing of a Bishop Moore High School class ring.

According to a sheriff's arrest report, a man took his car to Willett Toyota, south of Sanford on U.S. Highway 17-92, to have it repaired. He left the car Jan. 2 and picked it up Jan. 18.

When the man, not fully identified in the report, got his car back, a 1983 class ring he left in the ashtray was missing.

On Jan. 22, the ring was pawned in Sanford and the seller, an employee of the car dealership, who sold it for \$17.15 used his driver's license for identification.

Being held in lieu of \$5,000 bond on a charge of trafficking in stolen property was Eugene Anderson, of 104 McKay Blvd.

CRIMINAL MISCUES

An Apopka man apparently angry that he was kicked out of a bar, was arrested for criminal mischief after kicking a headlight on a car.

According to an arrested report, the man was bounced out of Slicks, Park Drive, Sanford, at about 2:18 a.m. Saturday. The person who removed the man from the bar said he saw the man kick a headlight in a 1977 Olds.

Arrested and being held on a \$100 bond was Mark John Phillips, of 1832 Frances Drive.

Astronauts In Toyland

HOUSTON (UPI) — Astronauts on the next shuttle mission will launch two satellites, knock off work for a game of jacks and a few yo-yo tricks and — doctors hope — spend a little time being sick.

The astronauts' primary mission on the four days in orbit this month will be to launch two communications satellites, but they will be filmed playing with toys for a documentary aimed at making science more fun for school children.

Dr. Carolyn Sumners, director of astronomy and physics at the Houston Museum of Natural

Science, says 10 toys will be included in the experiments on the four-day mission scheduled for Feb. 20.

Two payload specialists assigned late to the mission, Sen. Jake Garn, R-Utah, and Frenchman Patrick Baudry, are not part of the documentary, but Sumners said she is sure the astronauts will share their toys.

Sumners has been trying to get the \$20 worth of toys into space for two years and praised the crew for volunteering.

"We've had a lot of yo-yo practice," Sumners said.

Red Cross To Distribute More Free Cheese, Butter

By Donna Estes
Herald Staff Writer
U. S. Department of Agriculture surplus food commodities — cheese and butter and perhaps some honey and flour — will be distributed to the disadvantaged of Seminole County by the American Red Cross on Wednesday, Thursday and Friday at three different sites.

The food is now routinely distributed on the first Wednesday, Thursday and Friday of each month to allow recipients to plan ahead, said Jenny

Penny, manager of the Seminole County Service Center of the Central Florida Chapter of the Red Cross.

She said that 3,200 Seminole County families are certified to receive the commodities. Those who believe they are eligible and have not been certified yet are asked to bring the following items to their zip code-designated distribution site — letters of decision from the food stamp program, Medicaid card for SSI or AFDC recipients or declaration of self-need.

The days and sites for the food

distribution are:

•Wednesday, 9 a.m. to 4 p.m., Seminole County Agricultural Center, 4320 S. Orlando Drive, Sanford, for persons residing in Sanford (32771), Lake Mary (32746), Lake Monroe (32747) and the Springs (32779).

•Thursday, 10 a.m. to 3 p.m., Altamonte Community Chapel, 825 state Road 436, Altamonte Springs, for persons residing in Altamonte Springs (32701), Casselberry, (31707), Winter Springs (32708), Forest City (32714), Fern Park (32730), Goldenrod (32733), Longwood (32750), and for those who live

in Seminole County but have a Maitland (32751), Winter Park (32792) or Apopka (32703) mailing address.

PUBLIC NOTICE

The St. Johns River Water Management District has received an application for Consumptive Water Use from:

SOUTHERN STATES UTILITIES INC., 750 W. COLONIAL DRIVE ORLANDO, FL 32804, application #2-117-0125AN, on 12/04/84. The applicant proposes to withdraw .186 MGD of GROUNDWATER FROM AN UNKNOWN AQUIFER VIA 2 EXISTING WELLS FOR PUBLIC SUPPLY AND SHOPPING CENTERS to serve 200 acre(s) in Seminole County located in Section 23, Township 21 South, Range 29 East.

The Governing Board of the District will take action to grant or deny the application on February 12, 1985. Should you be interested in this application, you should contact the St. Johns River Water Management District at P. O. Box 1429, Palatka, Florida 32078-1429, or in person at its office on State Highway 100 West, Palatka, Florida, or by phoning 904/328/8321. Written objections to the application may be made, but should be received no later than February 5, 1985. Written objections should identify the objector by name and address, and fully describe the objection to the application. All timely filed written objections will be presented to the Board for its consideration in its deliberation on the application prior to the Board taking action on the application.

Hooray For The Dodgers

Sports fans everywhere should cheer the Los Angeles Dodgers and jeer the Major League Players Association for their positions on mandatory drug testing.

Players' union officials got in a huff recently when they learned that the Dodgers had included a mandatory drug-testing clause in contracts signed by seven players. None of the athletes objected, but their union leaders certainly did. They were so irate that they canceled a scheduled negotiating session with the owners over a new basic agreement.

Unfortunately, under pressure from both the union and weak-kneed owners of other teams, the Dodgers backed down and took the drug-testing clause out of one-year contracts. But they stood fast on the right to require the tests of players with multiyear agreements. This at least was a step in the right direction and one that is long overdue.

Drug use by athletes poses a threat to the integrity of every professional sport in America. Yet the various players' unions consistently oppose any mandatory drug testing, although their members would benefit from such a rule.

A drug-testing policy would assure owners and fans that athletes are neither impaired nor unfairly aided by drugs. Such a policy also would silence rumors that can damage the careers of non-users who for some reason are suspected of drug use. And the few athletes who use drugs could be easily and positively identified and required to undergo detoxification and treatment or face the loss of their livelihoods.

The Human Mind

It might be an English student's dream — a computer that can detect grammatical errors, correct spelling mistakes and even find synonyms.

A new generation of word processors will soon be on the market. For people who have access to the machines, writing may never be the same. IBM and Wang are working on computer programs that contain entire dictionaries and a thesaurus to help writers over linguistic rough spots.

IBM already has a program called Epistle. It catches simple grammatical errors, such as subject-verb disagreements. Wang is taking the process a step further with a program that is designed to spot archaic expressions, trite phrases and other departures from good writing.

To some people, computers with the grammatical skills of a Miss Grundy may seem like a bad thing, a major step toward a machine-dominated society. Yet research shows not just the amazing potential of computers but the uniqueness of human language.

A computer can be programmed to handle straight facts, to spell and construct sentences adeptly and to delete phrases it has been told to delete.

But nothing can match the human mind in its ability to use nuances, metaphors and similes. There is no substitute for human creativity in inventing new words and expressions to describe new objects or situations.

Lacking the essential human ability to imagine, a computer could never write a novel or write about religion. Even when it "writes" a business letter, it is merely rearranging information developed by humans.

Computers will never take over the language — or the world. The human mind, with its confusion, its unpredictability and its ability to be creative simply can't be reduced to a floppy disk or duplicated in a computer program.

BERRY'S WORLD

MICHAEL K. EVANS

Fundamental Inflation Problems Still Visible

WASHINGTON (UPI) — The 6.4 percent increase in fourth quarter nominal GNP was not much of a surprise, but the way it was split — 3.9 percent real growth and only 2.4 percent inflation — was.

The bond markets were particularly heartened by these developments, and the old hopes that maybe we could get back to 2 percent inflation — the average rate of increase during the first 20 years of the postwar period — received front-page space again, and not only by Administration sycophants.

For at least the time being, the atmosphere is close to euphoric for bond and stock markets. We think the Dow is going to 1400 by midyear, and encourage everyone to take full advantage of the gains while they last.

However, precisely the same factors that set these gains in motion must lead to lower growth and higher interest rates by the end of the year.

The Fed tightened last spring, sending interest rates up over 2 percent and causing an actual decline in M1 from June through October.

This is the sixth major tightening move by the Fed since 1968, when the modern era of monetary policy began. Every one of these moves has been followed by a decline in the growth rate, a decline in inflation, an easing of

monetary policy, an increase in bond prices, and an increase in stock prices.

But while a strong rebound in the economy and a temporarily lower rate of inflation inevitably occur after a tightening followed by an easing of monetary policy, these recent economic events are being treated almost as if they were the Second Coming. Inflation is licked forever. Above-average growth for the rest of the decade. Full employment is just around the corner. Long-term interest rates are moving back to 3 percent above inflation. And so on.

Maybe some of this blather is just post-inauguration euphoria, and once Congress swings back into action and starts hacking the President's budget into little pieces, the atmosphere will return to normal. But my guess is that the feeling that we have once again conquered the Business Cycle will last until midyear, when inflation starts to rise again.

For we are going to continue to insist that the fundamental problems of inflation are still quite viable. The fact that real GNP increased faster in 1984 than in any year since 1951 has been widely trumpeted. But where are the corresponding statistics on productivity? The 2.7 percent gain in nonfarm business productivity last year ranked nowhere near the top: it was

exceeded by productivity gains in 1955, 1959, 1962, 1963, 1964, 1965, 1968, 1971, 1972, 1976, and even 1983.

The major factors that have kept inflation so well under control are the 70 percent gain in the dollar over the past four years, and the decline in crude oil prices from \$34 a barrel to about \$25 a barrel over the past two years. In spite of these developments, inflation still averaged 4 percent in 1983 and 1984, and will rise about that much in 1985 as well.

Furthermore, where foreign competition does not exist, service sector prices continue to outpace increases in unit labor costs. We didn't expect it to be headline news, but while everyone was cheering the demise of inflation, the implicit deflator for services still managed to rise 5.6 percent last year.

The optimists compare the current situation with the start of the long sustained prosperity in the 1980's, conveniently neglecting to mention that (a) the budget was balanced instead of a \$200 billion deficit; (b) productivity gains were averaging 3 1/4 percent instead of 1 1/2 percent; and (c) the real wage had been increasing steadily over the past decade so that the average employee did not feel the need to press for catch-up increases.

EDWARD J. WALSH

Unlock Price Of Gas

American consumers and producers received a late Christmas present in the form of lower prices for crude oil and oil products, including gasoline. The price of leaded fuel has now bobbed below \$1 per gallon in most parts of the country, and it could go as low as 80 cents by spring.

In explaining the collapse of oil prices, greater weight is typically given to geopolitical accidents, like the Iran-Iraq war, or the ingenuity of average Americans who bought smaller cars. Hardly anyone outside the oil industry credits the political courage of Ronald Reagan in junking the federal controls of the price of domestically produced crude oil, one week after his 1980 inauguration. Almost from that day, OPEC's oil revenues began to plummet. Today nearly two-thirds of the crude oil produced in the world is sold on the free market at \$2-83 below OPEC's base price per barrel.

That being accomplished, total decontrol of natural gas prices awaits. But there will be no bold stroke to free the price of the 40 percent of gas prices that remain controlled by Congressional fiat, coating producers, shippers, and consumers dearly. The first of January saw about half the nation's gas price controls lifted. That appears a salutary development, until one remembers that the Natural Gas Policy Act, which was supposed to authorize decontrol, was passed in 1978. The political wheels grind — slowly.

Today, Energy Secretary Donald Hodel says, first, "Only comprehensive deregulation will prevent the nation from continuing to swing back and forth between costly shortages of gas and inefficient surpluses." Then, in mid-January, "We do not think a gas deregulation bill should go up early unless something dramatic happens in the marketplace," and that a decontrol bill will be put off until later in the spring.

Phone Problems Continue To Mount

WASHINGTON — Few Americans need to be told that the Justice Department's breakup of the Bell System was a blunder that is costing average consumers both money and inconvenience. Rates have gone up; monthly bills are almost indecipherable.

For the pure sport of attacking a monopoly, the department's antitrust division disrupted the best telephone system in the world simply because it was big, efficient and profitable. President Reagan, with his unerring feel for the pulse of America, expressed the consumer's bewilderment succinctly when he was briefed on the divestiture order. He asked: "If it isn't broken, why are we fixing it?"

The situation now, unfortunately, is beyond repair. Like Humpty Dumpty's sad case, there's no way the Bell System can be put back together again. It's now the formidable chore of individual telephone customers to decide which service or combination of services is best for them.

Buy a phone? Lease it from the telephone company? Pay Ma Bell a monthly fee for maintenance or take

ROBERT WALTERS

Birding, California Style

LOS ANGELES (NEA) — A group of conservative politicians in suburban Orange County recently formed the California Bird Watchers Society — but they have no interest whatever in searching for white-winged crossbills or yellow-throated warblers.

The only ornithological species in their aviary is Chief Justice Rose Elizabeth Bird of the California Supreme Court, whose continued tenure on the state's highest tribunal rapidly is emerging as an emotional political issue here.

Indeed, she is well on her way to replacing State Rep. Tom Hayden, a radical political organizer in earlier years, as the public figure arch-conservatives love to hate.

Although California, like a number of other states, has a provision in its constitution requiring that judges secure the electorate's approval, no justice of the Supreme Court here has ever been voted out of office.

If Chief Justice Bird is removed from her judicial post by popular vote next year, that action could have the same impact throughout the nation as have California's precedent-setting plebiscites in earlier years.

After being appointed to fill a vacancy in 1977, Chief Justice Bird

first faced the state's voters in 1978. At that time, she was confirmed by the smallest majority in the state's history — 51.7 percent.

In the ensuing years, she has been the target of no fewer than five separate recall campaigns, although none succeeded in obtaining the minimum number of petition signatures required to gain a place on the statewide ballot.

Next year, however, her name will automatically be on that ballot to give voters an opportunity to decide whether to retain her for a new 12-year term. Almost two years before that November 1986 election, the bitter political struggle over her tenure is well underway.

Bill Roberts, a veteran California campaign strategist who has served as a senior political adviser to both Gov. George Deukmejian and President Reagan, is director of a dump-Bird organization which has launched its campaign with a statewide mailing of "Bye, Bye Birdie" postcards.

The Orange County Bird Watchers are led by Rep. William E. Dannemeyer, R-Calif., who is seeking visibility for his Senate campaign. Howard Jarvis and Paul Gann, authors of the 1979 tax-cutting Proposition 13, have dispatched their own anti-Bird fundraising letter.

ANTHONY HARRIGAN

Quest For Peace

So-called "peace" education is being pushed very hard by the anti-defense lobby in the United States. Some very ingenious ways of affecting student and public opinion are being utilized.

The other day, I had occasion to review the 1985 catalogue of films and videotapes published by the American Association for Counseling and Development. Most of the videotapes offered were straightforward counseling materials, dealing with family and personal problems. On page 29, however, was an account of a new videotape entitled "Quest For Peace." It is a series of interviews with persons who are described as having "thought carefully about the nature of the human condition and what must be done differently in the years ahead to reduce the risks of nuclear war." The series also allegedly focuses on "America's national security and foreign policies."

Sponsored by the Association For Counselor Education and Supervision, a division of AACD, the videotape gives viewers an opportunity to watch and listen to pitches by an array of prominent anti-defense figures, including State Sen. Julian Bond, well-known protest leader; Helen Caldwell, leading anti-nuclear activist; Daniel Ellsberg, who purloined the Pentagon papers and is deeply involved in leftwing protest organizations; and the Rev. William Sloane Coffin, Jr., a radical former chaplain at Yale University.

Clearly, the videotape series is a tool for propaganda, not counseling. If the designers of this videotape program wanted to offer a balanced presentation of peace issues, they would not exclude experts who believe in peace through strength. Rev. Coffin, Daniel Ellsberg and Company believe in peace through unilateral disarmament, which is another term for surrender.

It's disturbing to find that the Association For Counselor Education and Supervision is party to such an unbalanced presentation of "peace" and national security issues. Disarmers don't have a monopoly on an interest in peace.

elderly phone customers to give up the quest for an alternative and stick with AT&T's long-distance service.

The chaos in the marketplace is being exacerbated by the Reagan administration's anti-regulatory philosophy. According to sources, the competing companies are banking on lax or non-existent enforcement of the law by the Federal Communications Commission.

This confidence is not misplaced. When 17 senators signed a letter to the FCC asking it to develop a standard disclosure form for long-distance companies, commission Chairman Mark Fowler replied with a lecture on "the concept of a competitive, unregulated marketplace."

The attitude at the Justice Department — the original source of all the trouble — is equally laissez-faire. "We want to make this as non-regulatory as possible," said Rick Rule, a top antitrust official. Spitting action to words, the staff that handles complaints about the divestiture has been cut from about 12 to three in recent months.

Long-distance service is hopelessly confusing. Pity the poor consumer who tries to check out the various possibilities. In three calls to Western Union, for example, TRAC was given three different answers to a fairly simple and important question: "What is the number of cities from which your service can be used?" The answers TRAC got were "20," "200" and "128." If the providers of a service don't know what they're offering, how can the poor consumer make a sensible decision?

The confusion over long-distance options is probably hardest on the elderly. Not only do they generally have less money to throw around, but they grew up in an era when the English language was more straightforward than the obfuscatory, pseudo-scientific jargon favored by the phone companies' hucksters today.

Ironically, the confusion has been to the advantage of the Big Bad Wolf the Justice Department set out to defang. According to the American Association of Retired Persons, the perplexing options have helped convince more than nine out of 10

Mona: JC Is For Me

Patrick Steers Benton To Florida Junior

**By Chris Fister
Herald Sports Writer**
There are a lot of Division I colleges that would like to have Mona Benton join their program. But those colleges will have to wait two years because Benton said Sunday night that junior college was her best bet and has made Jacksonville's Florida Junior College her choice.
Benton, who hasn't yet signed with FJC but said it is definite, said she made up her mind after a visit to the school last weekend.
"They have a nice school, good facilities and an excellent coach (Linda Worth)," Benton said. "At first I was thinking about a major college but some people said junior college would be best for me at first."
Benton's future team will be in

Basketball

Sanford Tuesday as FJC takes on Seminole Community College's Lady Raiders at 7 p.m. With Mona going to FJC that will rekindle an old rivalry with former Lake Howell High star Tammy Johnson who is a freshman at SCC this season.
"I can't wait to play against Tammy (Johnson) again," Benton said.
"It's a real coup," Ken Patrick said of Benton's choice of FJC. "I consider her one of the top 20 players in the state." Patrick, who lives in Sanford, has been the driving force behind the development of girls basketball in Central Florida.
Patrick, who helps Worth with

Mona Benton said Sunday she will attend Florida Junior College next year.

the recruiting, said the addition of Benton will make FJC a national contender next season.
"She (Benton) will complement the All-American we just signed," Patrick said. "We

Healthy Nelson, Hauck Lift Seminole's District Chances

District 3 Soccer Tournament
Tonight's games:
Lake Howell at Lyman, 7 p.m.
Luther at Lake Brantley, 7 p.m.
Trinity Prep at Lake Mary, 8 p.m.
Oviedo at Seminole, 7 p.m.

**By Chris Fister
Herald Sports Writer**
Seminole High's Beth Nelson and Janet Hauck have worked well together as teammates on the school's volleyball team the past three years. This year, the two talented seniors played on the soccer team for the first time together.
But a broken collarbone kept Nelson out for the first 14 games of the season. And, just when Nelson was ready to return, Hauck was out with an ankle injury. The two got together on

Soccer

the soccer field for the first time this past Thursday and led the Lady Tribe to a 5-1 victory over Oviedo's Lady Lions.
Nelson and Hauck hope to team up again tonight at 7 as Seminole takes on Oviedo in the opening round of the District 3 Tournament at Seminole High. In other games, top-seeded Lyman hosts Lake Howell at 7, second-seeded Lake Brantley hosts Orlando Luther at 7 and third-seeded Lake Mary hosts Trinity Prep at 8.
In Thursday's win over Oviedo, Nelson scored two goals (one on an assist by Hauck) and

two assists while Hauck had one goal and one assist. Nelson has scored 14 goals in 11 games while Hauck has scored six in 13 games.
"It's nice to have them (Nelson and Hauck) both healthy for the district tournament," Seminole coach Suzy Reno said. "We'll be ready for Oviedo tonight."
Seminole has beaten the Lady Lions three times this season, twice by a 3-1 score along with Thursday's 5-1 outcome. The Lady Seminoles drew Oviedo because the Lions earned the fifth seed by defeating Trinity Prep.
"I'd rather play Oviedo than Trinity," added Reno. "We've beaten Oviedo three times but

Best Lundquist Move: Get Rid Of Left Fielder

If Seminole's baseball season is anything like Saturday's alumni-variety game, Sanford fans are in for a season of thrills. The variety gave the old men a run for their money at Chase Park, taking a 6-3 lead into the ninth inning, but a key move by alumni manager Bobby Lundquist paid off for a 9-8 victory.
"We accomplished everything we wanted," said first-year skipper Mike Ferrell. "We needed a game for our opener Saturday (against Titusville Astronaut) and we got to look at all our players."
And almost beat the alumni to boot. Seminole's alumni, if one needs be reminded, isn't like most school alumni. It usually has several former minor league baseball players dotting its roster.
It was no different Saturday as Robert Smith, former New York Mets' property, and Ned Raines, ex-San Francisco Giant farmhand, provided several key plays. Smith pitched a solid three-plus innings to pick up the victory and rapped out a homer and a single while catcher Ned contributed a double and picked a runner off first base.
The big blow of the game, however, was courtesy of a former pro football player. Big Rod Turner, who had a fling with the Orlando Americans, rified a two-run homer to center field to tie the game in the top of the ninth.
Donny Williams followed with a double and Ferrell intentionally walked dangerous (I didn't say that) Tom Robare. A wild pitch by Dee Johnson moved up the runners and Jim "Have It Your Way" Brody singled home the game-winning run.
But the drama was far from over. The variety mounted a rally of its own in the ninth against a tiring Smith. Gary Derr walked to lead off the inning but Alonzo Gaine popped out and Brian Sheffield skied to center field. Newcomer Jeff Greising singled and David Rape drew a walk.
This brought up Tony Cox and the stocky senior ripped a single to left field to score Derr. When the ball eluded Lundquist (known for his arm, not his glove), Greising raced home to bring the variety within one.

Lundquist, who was managing the alumni, then made a smart move. He got rid of the left fielder and put him on the mound where he belonged. Still a little rusty, the crafty left hander uncorked a wild pitch which moved the tying run to third and the winning run to second.
The came the drama. Larry Thomas worked the count to 3-2. Lundquist reared back and fired — strike three swinging — the alumni had escaped, again. Smith was the winner and Lundquist earned a save. The oldtimers, as the story goes, have only lost one game of this series and they blamed that one on Dean Smith's pitching.
Dean, however, refused it and blamed it on lack of support from his fielders.
Anyway, the alumni won again but not without a struggle.

See COLE, Page 6A

Above, Seminole's Rod Alexander reaches for a loose ball as Lake Mary's Darryl Merthie, left, and Matt Newby converge. At the right, Lake Mary's Donald Grayson get the hugs and kisses of the crowd after combining with Merthie for 42 points to spark the Rams' victory. In the background, Seminole Principal Wayne Epps doesn't have anybody to hug and kiss after the tough loss.

Foyt, Teammates Go For Broke, Take SunBank Despite Problems

DAYTONA BEACH (UPI) — A.J. Foyt and his teammates, who trailed for more than 2,000 miles in the 24-hour race at Daytona International Speedway, decided to "go for broke" — either break the car or win," Foyt said.
The Henn's Swap Shop Porsche 962 driven by Foyt, Al Unser Sr., Bob Wollek and Thierry Boutsen didn't break Sunday and neither did its drivers' resolve.
They won the grueling race by 17 laps.
The Foyt-Unser-Wollek-Boutsen Porsche 962 wound up coasting to victory after the Al Holbert's Porsche 962, which had lead most of the race, lost a replacement voltage regulator and stalled with less than 80 miles to go.
Foyt said his team decided late in the race to stretch for the win even if their car wasn't worth taking home afterwards.
"I think we all agreed to go for broke," Foyt said. "You either make it or you break it. We all discussed it and came up with the same answer."
The winning Porsche averaged 104.163 mph in 702 laps around the 3.56-mile course to win \$30,000.
Disappointment is the rule in endurance racing, but the Porsche 962 driven by Holbert, Derek Bell and Al Unser Jr. had more than its share of frustration in finishing second.
The car led the field for 2,043 miles before a

Auto Racing

hastily-installed voltage regulator box tore loose and left the car dead on the track.
Bell, who was driving at the time, was helpless as the Swap Shop Porsche 962 lapped him.
"It (our lead) didn't slip away, it dropped away with a great fall," Bell said. "It felt awful."
"I really can't put it into words," Holbert said afterwards. "We replaced our voltage box, but didn't replace it thoroughly."
Al Unser Sr. had mixed feelings about the win, which came at the expense of his son's team.
"I felt for him when he was losing, yet we are competitors and we run against one another," he said.
Jochen Mass, whose Porsche 962 team finished third, said the Holbert car's last-minute problem was extreme even for endurance racing.
"The only trouble we had was when an exhaust pipe came apart," Mass said. "That's 24-hour racing. That's not frustrating at all. Frustrating is what happened to Derek Bell."
A Porsche Turbo driven by Jim Mullen, Ray McIntyre and Kees Nierop was fifth.

SCC Returns To 1st Place

**By Sam Cook
Herald Sports Editor**

There was nothing but good news from the junior college scoreboard for SCC this past weekend. The Raiders posted an easy victory over Valencia and Daytona Beach trimmed Florida Junior in two overtimes.

Which means, Seminole, a 97-76 winner, and Florida Junior, a 62-59 two-overtime loser, are once again tied for first place in the Mid-Florida Conference with 8-2 records. Just one game back at 7-3 are Daytona Beach and Lake City.

With four games to play, all four teams will desperately be fighting for the conference championship and the automatic berth which goes with it to the state tournament at DeLand's Stetson University. The seven leftovers have a tournament for the other state berth at the site of the second-place team.

Although SCC coach Bill Payne was happy with FJC losing, he was still bemoaning the tough schedule the Raiders face — and the easy one for FJC — the rest of the way.

"We still have the toughest route to go (for the conference title)," said Payne who neared the 20-victory mark for the third time in as many years as SCC coach with Saturday's 19th win against eight losses.

The 97-76 win wasn't a thing of beauty, marred by what Payne characterized as some unnecessary cheap shots by the Matadors. "I'm glad it's on TV (Cablevision on Wednesday). You can see what kind of kids they got over there," said Payne. "It was an awful rough game. A couple of times, I think they bumped into the referees on purpose."

Assistant coach Dean Smith agreed with the assessment. "We had to call a timeout with eight seconds left just to cool everybody down," said Smith. "We told the kids, 'we're representing Seminole, don't make yourself look bad. It's on TV, just shake hands and let's get out of here.'"

The bumps didn't disrupt the Raiders too much, however, as they blew out the Matadors with a mid-second half explosion. "Everybody played pretty well and contributed," said Payne. "(Greg) Bates had another good game and (Linny) Grace had a pretty good game."

Bates and Grace each poured in 23 points to lead SCC. Bates carried the load during the early going as he hit 8 of 11 shots in the first half as the Raiders moved to a 43-36 lead. Grace fired one in at the buzzer for the seven-point lead.

The closest Valencia could get was one point when Moses Gordon, who totaled 16 first-half points, came off the bench to close the gap to 35-34 with three minutes left in the first half.
There were no close gaps in the second, though, as the Raiders turned on the offensive firepower halfway through the final 20 minutes and took a 20-point lead. Payne then unlocked the turnstiles as everyone contributed in the final 10 minutes.
Grace and Brent Baird were especially devastating underneath, said Smith. Baird hit 5 of 7 shot and two free throws for 12 points. Greg "Slim" Johnson hit 3 of 4 and three free throws for nine points. Artis Johnson

Basketball

Team	MFC Overall
Seminole	8-2 19-8
Florida Junior	8-2 17-7
Lake City	7-3 21-6
Daytona Beach	7-3 22-5
Santa Fe	4-6 13-13
St. Johns River	3-7 7-12
Central Florida	2-8 12-15
Valencia	1-9 5-20

and Hob Brantley turned in stellar efforts from the bench with seven points each.

Next up for the Raiders is Santa Fe on Wednesday and Lake City on Saturday. Both games are on the road and Payne expects two toughies. Florida Junior, meanwhile, takes on undermanned St. Johns River at home and hapless Valencia at Orlando.

A week later, SCC hosts hard-luck Central Florida and travels to Daytona Beach. FJC finishes with Santa Fe and Lake City at home. "I think Florida Junior will get beat again," said Payne. "I just hope we don't."
"But like I said earlier this year, Lake City is still in the drivers' seat. They haven't lost in awhile, since we beat them (on Jan. 19). We're not looking forward to going up there. Neither Lake City or Daytona has lost a conference game at home."

SEMINOLE (97) — Edwards 38 61 4, Landolt 6 1 0 0 6, Hughes 1 1 2 1 4, Grace 9 13 7 10 23, Brantley 3 4 3 4 7, A. Johnson 2 3 3 7 7, Greer 6 1 1 1 3, Bryant 6 1 1 1 1, Bates 11 19 1 1 23, G. Johnson 3 4 3 6 9, Baird 5 7 2 8 12, Day 1 3 0 1 3, Strupfer 0 1 1 1 1, Totals: 96-64 (1st 51 25 27 (48%) 97.
VALENCIA (76) — Wright 7 20 4 16, Walker 1 2 0 0 1, Gordon 9 10 2 2 20, Gonzalez 3 6 1 3 7, Garcia 2 14 2 8 12, Bearnath 3 4 0 0 4, Grant 2 3 1 3 5, Brown 2 7 0 4 4, Totals: 58 60 (19%) 16 13 (77%) 76.
Halftime — Seminole 42, Valencia 26. Fouls — Seminole 14, Valencia 22. Fouled out — Walker, Gordon, Bearnath, Grant, Technical — Gonzalez (hanging on rim). A — 67.

Artis Johnson squares up to shoot a jump shot. SCC's sophomore forward came off the bench Saturday night to spark the Raiders past Valencia. SCC, 19-8, moved back into a first-place tie with Florida Junior in the Mid-Florida Conference.

Georgetown Rumbles By Hogs, 56-39

United Press International
While the men of Georgetown were once again rumbering, the women of Iowa were making their whole state shake.

After 29 consecutive victories, Georgetown had lost two straight games and its No. 1 ranking. However, the Hoyas began anew Sunday with their typically tenacious defense, holding Arkansas to its lowest point total this season, in registering a 56-39 triumph.

Meanwhile, in Iowa City, Iowa, an NCAA attendance record for women's basketball was set when an overflow crowd of 22,157 packed Carver-Hawkeye Arena to watch Ohio State beat Iowa 56-47.

"I felt like I was at a men's game," Anderson said.

The crowd shattered the single-game mark of 10,822 set by Kentucky and Old Dominion on Feb. 5, 1983. It also topped the NCAA women's record of 12,336, set March 6, 1977 at a double-header in New York.

Sunday's crowd was initially announced at 18,500 but the number was later revised. One official said the university may be in trouble with the state fire marshal because the arena has a listed capacity of 16,450. He said the original figure was deliberately understated to avoid problems while the game was in progress.

The game capped a two-week promotional campaign to break the attendance mark. Hawkeye coach C. Vivian Stringer had been on radio telling Iowans the state deserves the record because of its rich women's basketball tradition.

"I couldn't believe it," Stringer said. "There were just about tears in my eyes when I walked out onto the court. I told you before; if it could be done, it would be done at Iowa."

Iowa finished second in the nation in women's attendance last year, averaging 3,000 a game.

Ohio State rallied from a 10-point second-half deficit to improve to 17-2 overall and 9-0 in the Big Ten. Iowa dropped to 13-8 and 7-2.

Ohio State's Tracy Hall scored 13 points while Michelle Edwards and Robin Anderson had 10 each for Iowa.

Arkansas, meanwhile, was caught in Georgetown's octopus-like defense. The Hoyas' zone caused more congestion than blocked sinuses for Arkansas center Joe Kleine. He was held to 3 points by the swarming defense led by fellow Olympian Patrick Ewing.

"They really sagged in," Kleine said. "I was pretty congested in there."

With the score 14-14, the Hoyas held Arkansas to 2 field goals during an 8 1/2-minute stretch in which Georgetown went on a 16-4 run.

Patrick Ewing had 18 points and 8 rebounds for Georgetown, 19-2. Charles Balentine led Arkansas, 15-6, with 22 points.

The victory extended Georgetown's winning streak over non-Big East opponents to 24 games, dating to a loss to DePaul in December 1983.

For Georgetown, the victory came on the heels of losses to St. John's and Syracuse.

"I had mixed emotions about losing," Hoyas coach John Thompson said. "A lot of my real close personal friends said it would be the best thing that could happen to us."

"I found it very difficult to see the good part about losing."

In other games involving the top 20 clubs, No. 7 Illinois (18-5) nipped Houston 77-76. No. 9 Syracuse (15-3) bombed Marquette 71-63 and No. 4 Southern Methodist (18-2) thrashed Rice 68-52.

At Houston, Scott Meents scored 18 of his 22 points in the second half, including two free throws with 9 seconds left, to lift Illinois.

At Dallas, Jon Koncak scored 22 points, pulled down 9 rebounds and blocked 5 shots to help SMU drop Rice to its seventh straight loss. SMU kept its two-game lead in the Southwestern Conference race over Texas A&M and Arkansas by improving to 8-1.

Elsewhere Sunday, Idaho crushed Idaho State 95-69 and Notre Dame edged UCLA 83-82.

In Saturday's action involving top 20 clubs, No. 1 St. John's (17-1) demolished Connecticut 97-64. No. 3 Memphis State (17-1) defeated Virginia Tech 91-82. No. 6 Oklahoma (17-4) eclipsed Oklahoma State 83-61. No. 9 Georgia Tech (18-4) dumped No. 17 Maryland (17-8) 72-60 and Indiana State shocked No. 10 Tulsa (17-3) 100-96.

Also, No. 11 Michigan (16-3) downed Wisconsin 94-81. No. 12 Oregon State (16-3) topped Stanford 83-73.

Herald Photo by Gregory Gohms

Raging Renegades

The Renegades were raging Saturday. Halfback Larry Key follows a block by Ed Fulton on Baltimore's Bernard West in the Renegades' 16-10 victory over the Stars Saturday at DeLand in a USFL exhibition game. Key, a former Florida State standout, rushed for 25 yards as Orlando surprised last year's USFL champions, who played without All-USFL running back Kelvin Bryant. Highlights for the 'Gades included a 12 of 15 passing performance by Jerry Golsbeyn and a 21-yard touchdown pass from Reggie Collier to Jeff Smith. Orlando trailed, 3-0, early in the game but Collier's TD pass and a Jeff Brockhaus 52-yard field goal sent the Renegades into halftime with a 10-3 lead. Brockhaus (20 yards) and Jeff Davis (23 yards) added field goals in the second half to preserve the victory before 3,000 fans at Spec Marlin Stadium. Orlando faces Jacksonville next Saturday.

Brooks Makes It Look Easy, Hawks Drop Oviedo

John Nelson
Herald Sports Writer

OVIDO — Lake Howell's Efrem Brooks made it look easy again Saturday night. The Silver Hawk guard put on another show to the tune of 32 points, giving the Lake Howell its third straight win at Oviedo High.

Brooks hit 14 field goals and 4 of 5 free throws in his third game over 30 points this season. Along with his complement, Scott Anderson with 14 points, the duo accounted for 46 points in the 54-44 victory over the Oviedo Lions.

"I thought we did as good a job as we could, but we just couldn't stop Brooks and Anderson," said Lion coach Dale Phillips.

Oviedo opened with the first four points which was its only lead of the

Basketball

game because soon after, Brooks started his act by scoring the only points for Lake Howell in the first quarter for an 8-6 lead.

The Hawks worked down the Lion's 2-1-2 defense until Brooks could fire in a jump shot, all happening within the final four minutes of the period. With less than a minute left Terry Campbell scored the Lions' sixth point.

Fast breaking in the latter portion of the half created many scoring opportunities for Anderson and Brooks even though most of the shots were from the outside. The Lion's transition game was no match for the quickness of

Brooks and the awareness of his strong rebounding teammates, 6-1 Hayward Beasley (eight boards) and 6-4 Kevin Lienard (five boards), as he released early for the bucket after the ball was shot on each attempt.

Despite the easy baskets the Lions were giving up, they remained within two throughout most of the game until Anderson bombed in a 30-footer and then a layup to widen the score to 22-18.

The Hawks then went into a spread offense after James Stewart, who led both teams with 13 rebounds, cut the deficit to 22-18 with a basket from close range. Brooks, with three defenders on him, fired from the corner ripping nothing but net with just three seconds left to give Lake Howell a 24-18 halftime lead.

Brooks made the Lions' defense seem hopeless as he continued to shoot the eyes out of the net despite double — and sometimes triple — coverage. Brooks, who is known to his teammates as "E-Zee," sank 5 of 9 third-quarter field goals while Anderson controlled Oviedo's offense by stealing the ball three times.

"Scott and I were teaming pretty good. We had some pretty breaks," said a slightly flu-stricken Brooks. "And I shoot better under pressure. It makes me think about the shot."

LAKE HOWELL (24) — Anderson 14, Brooks 32, Beasley 8, Woodridge 3, Lienard 3, Hicks 8, Schmitzer 4. Total: 54-44.
OVIDO (44) — Campbell 16, M. Stewart 6, Ferguson 6, Hughes 4, Smith 4, J. Stewart 12, Unruh 12. Total: 44-54.

Misuraca, Broennle Kick Uninspired Rams To Win

Soccer

Tom Misuraca scored off a rebound and Ernie Broennle fired in a penalty kick as Lake Mary's Rams upended Edgewater's Eagles, 2-0, Saturday in prep soccer action at Lake Mary High.

Lake Mary, 17-8, hosts West Orange (13-4) tonight at 8 p.m. prior to the girls district game against Trinity Prep at 8. The Ram Junior varsity hosts West Orange today at 4:15.

Misuraca and Broennle provided the only goals in what coach Larry McCorkle said was not the most exciting game. "I don't know what it was, but it was the most ho-hum game all season long," McCorkle said.

"Both teams just went through the motions. It was disappointing after the way we played against Bishop Moore (1-0 loss)."

Misuraca's goal came 18 minutes into the game when he rebounded a missed shot by Jerry Meyers and slipped it past Edgewater's keeper.

The score remained 1-0 until Broennle scored with 11 minutes

left in the game. Durrand Richards was taken down in the penalty area to set up the penalty kick for Broennle.

Lake Mary dominated play Saturday as it took 28 shots on goal compared to eight for Edgewater and 10 corner kicks while the Eagles took none.

McCorkle said the defensive leaders were Vinay Jotwani, Scott Schmitt, Broennle and Eric Zimmerman.

Goalkeeper Greg Griffing, who injured his wrist against Bishop Moore, came back to shutout the Eagles Saturday. "The defense did a good job," McCorkle said.

"Griffing had to handle the ball very few times."

McCorkle said Griffing's injury was a ligament stretch. "I wanted to find out if he could play or not. I had some doubts, but he handled the ball well. It was a windy day, and he has a nice, long punt so I wanted him

Tom Misuraca kicked in a rebound to help Lake Mary blank Edgewater, 2-0, Saturday in prep soccer.

in there for that, too."

Lake Mary junior varsity came back from a 1-0 deficit with three minutes remaining to pull out a 2-1 victory over Edgewater.

The JV Rams, who improved to 13-1-2, took 37 shots before they could score a goal Saturday. Edgewater took a 1-0 lead into the final three minutes but Lee Alexander's goal tied it and Broennle's goal provided the winning margin. — Chris Pieter

Lindquist, Beauchamp Boost Rams

By Sam Cook
Herald Sports Editor

The month of January wasn't one of the best in the wrestling career of Lake Mary's Mark Lindquist. He lost to a couple of guys who never should have beat him and coach Frank Schwartz said it was so embarrassing, the Ram senior didn't show up for the Five Star Conference championship picture.

That was January, though, and this is February. Lindquist, a four-year wrestler, has vowed to make it his month and Schwartz said it couldn't have come at a better time.

"Lindquist is really coming up," said Schwartz after his 149-pounder had pinned Winter Park's Mike Case Saturday night to help the Rams to an easy 50-8 victory over Winter Park. The win was Lake Mary's 11th in 12 duals meets. The Rams host Lyman Wednesday before finishing the regular season at Lake Howell Friday.

Schwartz was also impressed with senior Todd Beauchamp in Saturday's rout. "I believe he's

Wrestling

really going to give (Seminole's Tony) Brown a run in the district," said Schwartz about his 142-pounder who pinned Winter Park's Lowell Centurion in 4:34. "Beauchamp has only lost two or three times and one was to (Bishop Moore's Richard) McKenna and to Brown. Todd just ripped that Centurion kid apart Saturday."

Beauchamp built a 13-0 lead and then stuck Centurion 34 seconds into the third period. Along with Beauchamp and Lindquist, senior Ivan Cariba, who dropped to 116 for the match, pinned his opponent in a nifty 1:33.

180 — S. Cariba (LAM) vs. Long 19-4, 189 — C. Johnson (LAM) vs. Long 15-0, 174 — I. Cariba (LAM) vs. Reed 1:33, 159 — Rosenkuber (LAM) vs. Maltby, 9-4, 139 — Todd Kincaid (WPT) vs. J. Johnson 2:24, 126 — Olson (LAM) vs. Gibbs, 14-1, 141 — Beauchamp (LAM) vs. Centurion, 4:34, 149 — Lindquist (LAM) vs. Case, 3:31, 139 — Reed (LAM) vs. Gargley, 16-4, 171 — Kingsbury (LAM) vs. Higgins, 12-7, 169 — White (LAM) vs. Aymard, 17-4, 201 — Coughlin (LAM) and Hughes tied, 1-1, 141 — Jackson (LAM) vs. Deisingers, 4-6.

...Cook

Continued from 5A
Earlier in the game, Teddy Miller rapped a two-run homer off James Hersey. The hard-throwing right hander's only mistake in two frames.

Ferrell's ace, knuckleballer Brian Sheffield, flashed mid-season form as he blanked the alumni for five innings, striking out six. Hersey struck out five.

Cox had two singles for the varsity while Hersey chipped in a bases-loaded double for two ribbies. Joey Corsi and Derr

each had singles.

TRIBE TALK — Ferrell said the Baseball Boosters will meet Wednesday at the Grace United Methodist Church on Airport Boulevard at 7 p.m. "We'd like anybody interested in Seminole baseball to attend," said Ferrell. "It's an extension of the boosters club."

...District

Continued from 5A

Trinity has given us some problems."

Along with Hauck and Nelson, another scoring whiz for the Lady Seminoles is Vicky "Spuffy" Pakovic. The sophomore standout leads the Tribe with 19 goals this season.

One of the most important players on the team is sophomore Sherri Rumlir who usually bides her time between goalkeeper and forward. Rumlir has 17 goals as a forward and five shutouts in goal.

Leading midfielders for Seminole are Rachelle Denmark, Alicia Huaman and Tracey Farrelly. The top defenders for the Tribe are Angela Freeman, Kim Machnik and Kim Walsh who also trades off with Rumlir in goal.

Seminole will be without one of its top defenders in fullback Cindy Bengé who injured an ankle in a loss to Trinity Prep Saturday. But Seminole will have the services of Christy Gonzales who missed most of the season with a hand injury that required surgery.

Reno said Gonzales will play fullback tonight in Bengé's absence. A victory tonight would advance the Lady Tribe to the semifinals Thursday against the Lyman-Lake Howell winner.

"We've got a surprise for Lyman if we play them again," Reno said. "They haven't seen Janet (Hauck) or Christy (Gonzales) play."

First, however, Seminole will look to keep its unbeaten record against Oviedo intact. Oviedo will try to break its scoring leader, Chris Geitz, loose against Seminole tonight. Another offensive leader for the Lady Lions is Tiffany King.

Lake Howell at Lyman — Unbeaten Lyman (17-0) is looking to get back into the state finals after finishing second a year ago. Nobody has stood in the Lady Greyhounds' way thus far and Lake Howell doesn't figure to tonight.

Lyman coach Tom Barnes has talent from the top to the bottom of its roster. Offensive leaders include Sheila Mandy, Dawn Boyesen, Kim Mitchell and Alyson Barnes. Top midfielders include Diana Boyesen, Stacy Roy, Allison Wright, Bonni Steeves and Nancy VanVoorhis.

Leading the way defensively for the Lady Greyhounds are Sarah Cobb, Karen Abernethy

and Kellie Straw. Goalkeeper Lisa Chatman is one of the best in the state.

Luther at Lake Brantley — Lake Brantley, which lost to Lyman in the district finals last year, is looking for a rematch with the Lady Greyhounds in this year's final.

Lake Brantley's (14-4 record) first opponent is Orlando Luther's Lady Crusaders. Luther has a good goalkeeper in Dawn Pastorius and its top offensive player is Erica DeSilva. But the Lady Crusaders don't have the depth or the overall talent of the Lady Patriots.

Brantley's offensive leaders include high-scoring Kristin Paine, Katherine Hawkins and Colleen Liewerts. Top midfielders are Michelle Herbat, Ginny Sutherland and Susan Toepfer.

Defensively, the Lady Patriots are one of the toughest teams in the state. Leading the way is junior standout Pam Anderson, one of the top defenders in the state. Also tough on defense for coach Debbie Shave are Rennie Deaver, Karen Brown and Lisa Bellino. Goalkeeper Leah Hobek has had an excellent season for the Lady Patriots.

Trinity Prep at Lake Mary — When at their best, coach Bill Elascie's Lake Mary's Lady Rams can play with anyone. But the Lady Rams have been inconsistent at times and have also been hampered by injuries.

Lake Mary, 14-9-3, will try to put it all together tonight at 8 when they host Trinity Prep's Lady Saints. One Lady Ram who had it together this past Thursday was Kelley Broen. The talented sophomore fired in four goals in a 4-1 win over Vero Beach SC Edwards.

Offensive leaders for the Rams along with Broen are Fran "Flash" Gordon, Jodi Gail and Kristen Jones. Top midfielders are Amy Flust and Marjon Stonerock and leading defenders include Debbie Winnie and Marianne DiTucci. Junior goalkeeper Laura Hellegard has had an exceptional year in her first season with the team.

Trinity Prep is probably the darlings of the tournament as the Lady Saints have surprised some of the stronger teams in the area. They have tied and beaten Seminole and tied Lake Mary.

Sophomore standout "Crazy" Katie Bane is one of the top players in the area and other leaders for the Lady Saints include Robyn McGorrick, Brooks McGorrick and senior goalkeeper Leah Ferris.

SPORTS

IN BRIEF

Campbell, Peterson Set Records At Florida Invitational Indoor

GAINESVILLE — Cliff Campbell and Leo Peterson both set meet records Saturday in the Florida Invitational Indoor Meet in pre-season prep track action at the University of Florida.

Campbell, a senior, set a new mark in the 440 yard dash with a first place time of 48.4 and Peterson, a junior, shattered the old mark in the triple jump with a leap of 48-9/16. Peterson's winning jump is also a school record.

Peterson also took second place in the long jump at 22-7/8 and the Seminole mile relay team of Louts Brown, Deron Thompson, Eric Martin and Campbell took second at 3:25.4.

Frank Barnett, a senior, placed third in the 55 meter hurdles with a time of 7.50. Other places for the Seminoles included Anthony Hall's fourth in the shot put (48-6), Billy Penick's fifth in the 3,000 meters (8:56), Larry Cosby's sixth in the 880 (2:08) and Pat Davis' eighth in the 55 meters (6:35).

"We were very pleased with our results considering the level we're at right now in our training," Seminole coach Ken Brauman said. "We still have a long way to go, however."

Edberg Easily Rolls Over Noah

MEMPHIS, Tenn. (UPI) — Stefan Edberg of Sweden took advantage of Yannick Noah's weak backhand and tender ankle to roll to an easy 6-1, 8-0 victory over the French star and capture the U.S. National Indoor Tennis title.

"It was quite easy because I could not miss the ball today," Edberg said Sunday after his 54-minute championship match over the third-seeded Noah.

"I tried to move around and come in on his backhand because he has problems with that."

Edberg, who defeated John Lloyd, Marty Davis, Brad Gilbert, top-seeded Jimmy Connors and Noah in straight sets during the tournament, earned \$45,000 for the victory.

The closest Edberg came to losing a series all week was against Davis, when he had to go to a tiebreaker in the first set, which he ultimately won 7-4.

Davis' Return Sparks Phoenix

United Press International
Even if he wasn't operating at full speed, the Road Runner proved he can still run rings around people.

Making his first appearance this season, Walter Davis scored 11 points Sunday night in the Suns' 120-109 victory over the Seattle SuperSonics.

The All-Star guard missed the first 47 games with torn ligaments in his left knee as a result of falling on a slippery Forum floor in an exhibition game against the Los Angeles Lakers.

Davis, a seven-year pro out of North Carolina, didn't take long getting back into the swing of things, hitting his first shot of the night.

"I got right into the flow of the game and didn't waste any time," Davis said. "I felt pretty good but I've got to get into better shape. I've got to take it easy and get familiar with the guys."

It's going to take some time before Davis, one of the finest all-around guards in the NBA, to get acclimated, but Phoenix coach John MacLeod said just having him on the floor is an inspiration to the team.

Elsewhere, Dallas defeated Denver 114-106 and the Lakers ripped Indiana 122-100.

TV Stations: Tessler Is Out

United Press International
After St. Louis' weekend sweep of the Chicago Black Hawks, the Blues saw no reason to pop open the champagne — despite their newly-padded, eight-point Norris Division lead over second-place Chicago.

But if St. Louis coach Jacques Demers doesn't yet see corba flying after Sunday's 6-4 victory, then bet your Bobby Hull memories that neither does Chicago coach Orval Tessier.

What Tessier is seeing, according to unconfirmed reports from three Chicago television stations, is walking papers. WBBM-TV, WMAQ-TV and WLS-TV Sunday night reported Tessier was dismissed after Chicago's loss. The stations said announcement of Tessier's ouster would be made at today's news conference.

Conservative O'Meara Wins Crosby

PEBBLE BEACH, Calif. (UPI) — When it comes to golf courses, a little local knowledge never hurts.

That's what Mark O'Meara used Sunday at Pebble Beach to win the \$500,000 Bing Crosby National Pro-Am for his second career victory.

It was at Pebble, the venerable seaside course with trouble everywhere for the unsuspecting, that O'Meara won the 1979 California State Amateur title that launched him into the pro ranks.

O'Meara learned a long time ago that rather than trying to beat the course, the

Golf

smartest approach is to play it as it lies.

Sunday, he did exactly that, riding a conservative game to victory when Curtis Strange and Kikuo Arai, who had the best chance to beat him, couldn't solve the sometimes soft and sometimes bumpy greens.

It was Jack Nicklaus who once said of Pebble Beach, "that you can't play the course the same way more than once. It will

reward good shots but it will grab you if you make a mistake."

CARNER GETS PAINFUL WIN

MIAMI (UPI) — After a back injury last year, shin splints last week, and a pulled shoulder this week, veteran JoAnne Carner ground out a healthy victory Sunday for her 41st LPGA victory.

Carner, playing in obvious pain, shot a 2-under-par 70 Sunday for a 280 total and a six-stroke win over Jane Blalock and Patty Sheehan in the \$200,000 Elizabeth Arden Golf Classic.

"I'm glad it's over," said Carner.

...Girls

Continued from 5A
signed Val Avante (from Boston) last Saturday. She was on scholarship to Old Dominion (Division I national power) but didn't like it and dropped out after three weeks. But Old Dominion wouldn't release her (Avante) to another Division I school.

Another of Central Florida's top players, Titusville Astronaut's Betty Fishmon, may also sign with FJC, said Patrick.

It was quite a week for the Benton as Tuesday, the Seminole High senior set a national high school record for assists in one game with 24 against Lyman. The old record was 17 shared by Kellie Cordona of Alhambra, Calif., and Nina Greteman of San Gabriel, Calif. The most assists by a boy in one game is 24 by Bobby Sallis of Bra Olinda, Calif.

Benton also had 20 steals in that game which is probably another national record but steals aren't listed in the record book.

The 24 assists and 20 steals in one game enabled Benton to take over first place in both categories among the Seminole County leaders. Benton also leads in scoring with a 19.6 average.

Benton's assist average soared to 6.0 in 22 games while Lake Mary's Kim Averill is also at 6.0 for 20 games. Benton now averages 4.6 steals per game and overtook Lake Brantley's Michelle Brown (3.9).

Catherine 'Kitty' Anderson pulled down over 20 rebounds in each of the Seminole's three wins last week.

Catherine "Kitty" Anderson gives the Tribe a clean sweep of the county leaders with her 13.7 rebounding average. The 5-9 junior has had 20 or more rebounds the past three games including 21 against Seabreeze, 21 against Lyman and 20 against Lake Mary.

In Five Star Conference games tonight, fifth-ranked (4A) Lake Brantley looks to maintain its one-game lead over Seminole as it travels to Daytona Beach to take on Mainland's Lady Bucs. The Lady Patriots are on to of the Five Star at 11-1 with six conference games remaining and they stand at 19-3 overall. Seminole, which plays at Spruce Creek Tuesday, and Lake Brantley will meet Friday night at Seminole in a key conference clash. Lake Brantley also hosts Apopka on Thursday.

FLORIDA

IN BRIEF

Witness: Hunt Was In Dallas When JFK Was Shot

MIAMI (UPI) — As Watergate conspirator and former CIA agent E. Howard Hunt's libel suit against a right-wing organization enters the final stages, defense attorneys are planning to enter testimony from their main witness.

The witness, whose testimony will be read from a deposition, is Marita Lorenz. She claims to be a former mistress of Cuban President Fidel Castro and says she saw Hunt in Dallas the day President John F. Kennedy was assassinated.

Hunt, 66, sued *The Spotlight*, an ultra-right weekly tabloid operated by the Washington-based Liberty Lobby for an Aug. 14, 1978 article that linked him to Kennedy's assassination.

Hunt was awarded \$650,000 when the case first went to a jury, but that verdict was overturned on appeal and a new trial was ordered because the presiding judge's instructions to the jury were flawed.

Killer Gets Indefinite Stay

STARKE (UPI) — One of two men scheduled to die Tuesday for murder has been removed from the death watch while lawyers for the other man were trying to stop his scheduled execution.

Circuit Judge James Foxman of Daytona Beach issued an indefinite stay to convicted murderer Theodore Augustus Bassett so his attorneys could file additional appeals.

Bassett, 25, and Carl Ray Songer, 35, were scheduled to be executed in Florida's electric chair at Florida State Prison Tuesday morning.

Lawyers for condemned cop killer Songer were before the 11th U.S. Circuit Court of Appeals Sunday trying to stop his scheduled execution.

U.S. District Judge Howell Melton in Jacksonville refused Saturday to block Songer's execution.

Eastern Wants More Pay Cuts

MIAMI (UPI) — Eastern Airlines wants its biggest union to accept another pay cut and reduced fringe benefits as part of a plan to convince lender banks that the carrier can earn its first profit in six years.

Representatives of Eastern and District 100 of the International Association of Machinists were scheduled to meet again today to hammer out an agreement on the cost-cutting measures.

Eastern's failure to reach agreement with the machinists by a midnight Thursday deadline put the airline in technical default on some of its \$2.5 billion in loans.

Weekend Weather Douses Wildfires

FORT LAUDERDALE (UPI) — A 400-acre blaze near Miami's airport has been contained and weary firefighters have doused or controlled all of the wildfires that have charred 122,000 acres of Florida grass and woodlands.

Larry Amison of Florida's Division of Forestry said a grass and woods fire that erupted Sunday afternoon just five miles from Miami's International Airport was contained by nightfall, although firefighters were still doing some "mopping up."

"It never did pose problems to the airport as it turned out," Amison said. "The smoke went in the opposite direction."

By Sunday, forestry officials said all the wildfires that have blackened more than 122,000 acres in the state since Jan. 1 had been contained or doused.

Officials said diminishing winds and a heavy weekend cloud cover over much of Florida reduced reports of new fires and helped firefighters control blazes that had broken out earlier.

Forestry spokesman Paul Willis said only 61 new fires were reported Saturday.

"That's fewer new fires than we had the day before," Willis said. "We're seeing the number of new fires go down each day — that's a good sign."

A blaze that swept across 88 square miles of Everglades grasslands burned itself out during the weekend. At one point, the fire came within three miles of the Alligator Alley highway that crosses the sprawling south Florida wilderness.

Officials say the Everglades fire, which a fisherman started accidentally last Tuesday,

only burned the sawgrass and may ultimately save the fragile Everglades ecology from more serious fire damage.

"These things sometimes are a blessing in disguise," Willis said.

Bob Ellis, the state's chief wildlife biologist in the Everglades region, explained that the grass fire reduced the risk of more serious blazes damaging the life-giving muck in the Everglades.

"This fire will just reduce the available fuel," Ellis said. "If we get fires from a lightning strike or whatever later on, it will help reduce the risk."

The wildfires that have plagued the state this year reached their peak in south Florida last week, killing a young forest ranger trying to plow a fire line and destroying six homes in a rural subdivision near Naples.

Continued from page 1A

There are numerous projects the two cities must work on together for the good of the residents in both, Fess says, noting specifically:

• A water interconnect between the two communities once Lake Mary's water plant is built so that both communities will be guaranteed an adequate water supply.

"If Sanford ever had another crisis like the EDB contamination of its water supply seen last year, Lake Mary could share its supply," Fess said.

• Compatibility of zoning on property abutting each municipal limits. "We wouldn't want to see a chemical dump site in one city next to a residential area in the other," he said, admitting his example is a little far-fetched, but possible unless the cities cooperate.

• Coordination of transportation. "We must cooperate with each other on major roads such as Lake Mary Boulevard, Old Lake Mary Road, Country Club Road. And 46A has parts in each city and is going to be a key artery," Fess said.

"The signing of the water

agreement and the bouffet are only the beginning," he said. "The era of isolationism, each city thinking only of its own problems, has to end."

The idea of the dinner was Megonegal's. He broached the subject to Mrs. Smith and it spread from there.

"It was obvious when the two city commissions met last April in Lake Mary and again in June in Sanford that the Sanford officials were not aware of where Lake Mary was in terms of developing its water plant," Megonegal said.

"It was evident to me that communication was needed, that we had to get together, sit down and talk, get to know each other and exchange views."

So, having known Mrs. Smith personally for several years, he mentioned the social to her at a Sanford Woman's Club gathering. "I talked to Fess and she talked to Sanford commissioners and we all agreed," Megonegal said.

"I know a lot of barriers will fall at this informal, no politics bouffet. We've got to think in terms of supporting each other. We must work together or each of us will be inundated with problems," Megonegal said.

—Donna Estes

gun and surrendered after two hours of conversation with a sheriff's negotiator. According to the report, the man said he wanted a car, gas and cash so he could travel to Washington and take over for President Reagan. He also asked the sheriff's negotiator to be his vice president, the report said.

Arrested and transported to Halifax Hospital, Daytona Beach, where he was being held today for psychiatric observation was Stacey Dickerson, 27, of Castle Brewer Court. He was charged with armed robbery, aggravated assault, discharging a firearm, reckless display of a firearm and criminal mischief.

On May 11, Dickerson was sentenced by Seminole Circuit Judge C. Vernon Mize Jr. to community control, a form of in-house arrest, and drug therapy following Dickerson's door-smashing spree at the Sanford Police Department on Jan. 7, 1984.

Mize issued the sentence after the state prosecutor and the public defender recommended treatment rather than prison time. According to court records,

Dickerson has been diagnosed as a paranoid schizophrenic with a possible suicidal wish and a fear that the devil is after him.

Mize told Dickerson, who was under medication at the May hearing and shook often, that "if you can't make it with the program, you will be back before this court and you'll go to prison."

Dickerson was ordered to leave his home only to go to the mental health center which he was supposed to visit five days a week.

...Knowles

Continued from page 1A

Knowles also informed the commission that he has been asked by the Florida City and County Management Association to fill the post of "range rider" for the managers of the state after his retirement and he has accepted.

He said the person who holds this post is a "retired, professional type manager who is known and recognized."

His duties would be to respond to call from other managers for help, discussion and advice. He said he would receive no salary but the international association would pay all his expenses.

AREA DEATHS

MARGARET S. BARSH
Mrs. Margaret S. Barsh, 68, of 130 Cloister Cove, Casselberry, died Friday at South Seminole Community Hospital, Longwood. Born July 26, 1916 in Throop, Pa., she moved to Casselberry from Buffalo in 1971. She was a homemaker and a member of St. Augustine Catholic Church.

Finders Keepers And Losers Weepers Not Hotel's Policy

DEAR ABBY: I had brunch on the 12th floor of the Ritz Carlton Hotel in Chicago on Nov. 18, 1984. In the bathroom, on the floor near the commode, my sister found a gorgeous diamond ring. Without a moment's hesitation, she took it to the manager's desk and gave it to the manager. (He did not take her name and address.) After leaving the hotel for the airport, I decided to call the manager and give him my sister's name.

Since then, we have gotten a lot of static from people we've told this to about our "stupidity."

My sister called the hotel manager a week later and was told that nobody had claimed the ring, that the hotel would hold it for a year, and if it was not claimed, it would be turned over to the Chicago police. When my sister asked why wouldn't it be returned to her, since she had found it, the manager replied, "This is our policy; all you will get out of it is the satisfaction of knowing you did the honest thing."

Question: What should one do if one finds a valuable article in a public place? I have always believed that a found article, if not claimed, should be returned to the finder after a reasonable amount of time. I feel very uneasy about this, because I am sure that the person who lost this beautiful ring is heartstuck, and I have the feeling that she will never see it again.

I am signing my name, address and phone number in

Dear Abby

case you need it, but sign me ...

UPSET IN ST. PAUL, MINN.

DEAR UPSET: Write to the American Bar Association and ask what the laws of Illinois say about finding and returning valuables. (Laws vary from state to state.)

The address for the American Bar Association is 1155 E. 60 St., Chicago, Ill. 60637. Include in your letter what you told me, and be sure to enclose a business-sized, self-addressed, stamped envelope for a reply.

DEAR ABBY: To clarify what has become a confusing issue concerning the tomato: If an edible part of a plant comes from the flower (ovary), it is a fruit. If it comes from any other part of the plant, it should be considered a vegetable. Therefore, from a botanical standpoint a tomato is not "both a fruit and a vegetable" as was stated by Mr. Oriesman in your column.

Abby, in regard to your question, "Where do the nuts fit in?" Nuts that come from the flower are fruits. This includes filberts, pecans, chestnuts and walnuts. Others that are not true nuts, but are actually seeds, are Brazilia, cashews, almonds and

peanuts.

MICHAEL DAVIS, BIOLOGIST, KNOXVILLE, TENN.

DEAR BIOLOGIST: You would not believe the number of letters I harvested on the tomato controversy.

A Tucson botanist wrote more about the tomato than I (or you) really want to know, but this sign-off was thought-provoking.

"Abby, I would like to believe this letter has cleared up the confusion, so in closing may I say... nuts to you!"

JOHN WEING, BOTANIST

DEAR ABBY: Here it is, long after Christmas, and I feel like a jerk. The problem? When I was taking down my Christmas decorations, I found a sack of some 20 Christmas cards with my annual newsletter — all addressed, stamped and ready to be mailed before Christmas, of course.

I thought they had been mailed with another batch of cards I had written, but nope, here they are, sitting on the table, bursting with Christmas cheer and last year's holiday news. Some were not very important, but many were to far-away relatives, who by now probably consider me an ol' "Bah-humbbug!"

Should I mail these embarrassingly late Christmas cards with an apology — or just toss them out? Sign me ...

SNAFU

DEAR SNAFU: Mail them with an apology. Better late than never.

GED Grads

Teresa John, left, and Johnny Lee Taylor, both from Sanford, were recent GED graduates at Seminole Community College. Mrs. John received the "Outstanding Student Award" for her high GED score.

ESO Chapter Reviews China Today Through Sanford Mayor's Eyes

China today is a sea of happy, smiling faces, healthy, much loved children, masses of black haired people clad in navy blue or black, and a culture that dates far back into antiquity. This is the China Sanford Mayor Bettey Smith saw on a recent visit.

Introduced by Mabel Petty, program chairman, Mayor Smith, first vice-president of the Woman's Club of Sanford Inc., gave members of the club's Epsilon Sigma Omicron Chapter an account of her recent trip to China at a chapter meeting at her Country Place home. She was a member of the tour group conducted by the Rev. and Mrs. Leo King.

"This is not a travelogue with pictures and slides," Smith said, "but an assessment of the people I met and the conditions I encountered."

The Chinese people seemed genuinely glad to see American visitors. Smith expressed surprise at the candor with which they answered her rather pointed questions. China's problems and past mistakes were readily acknowledged and the remedial steps being taken to change things were discussed. It was generally conceded by the Chinese they talked to that there had been "excesses" on the part of the People's Republic at the beginning of the revolution, but now things were relaxing, would be much better and the country would prosper.

Smith learned first hand what over-population really means. The streets were solidly packed with people, either on foot or riding bicycles, all busily engaged in going somewhere. Private cars are not permitted.

The group's two tour guides, Fong, an international guide, and Michelle (her American name), their local guides were very outspoken. Smith mentioned that Fong was the best, most knowledgeable guide she had ever had on any of her travels.

With Michelle, it was possible for Smith to discuss in depth the one child per family program. This is a very necessary attempt by China to stem a serious over-population problem. It narrows down to a matter of either achieving zero or below population now or facing a devastating famine by the end of the century.

In general, the incentives for a one-child family are great enough to insure the cooperation of most couples. Non cooperation is met with pressure from the government, from peers and by severe economic penalties. The one-child family is assured of preference in housing, schooling for the child, and economic support for the parents including lower taxes. The non compliers lose their economic advantages and must repay the government for favors received while they had only one child. They become social outcasts. Abortions are considered a necessity under this plan.

Smith visited a typical Chinese commune with a highly efficient woman president. The woman leader was well-organized and obviously equal to her responsibilities. She, too, emphasized the importance of one child per family within her commune.

Rev. King had requested a meeting with a

Christian Chinese minister. From this meeting four members learned that religion was once again permitted in China on a regulated basis. Church services were allowed only on Sunday mornings and nights; however, the Chinese minister felt that religion was slowly returning as part of the culture. Many churches were being reoccupied and some degree of religious freedom was possible.

The church in which the group met the Chinese minister had both an organ and a piano. Smith sat down at the piano and began playing "At The Cross." To her surprise the Chinese minister walked to the organ and joined her in finishing the hymn.

It is possible to learn rather quickly how to use chopsticks, Smith noted. The food was delicious but no one inquired too closely into what he was eating. The kitchens and the preparation of the food would probably not meet American health standards.

Melba Cooper, also a member of the tour group, joined with Smith in describing a visit to a boarding school for children ages 4 to 8. She indicated that the facilities were adequate and the children seemed happy and contented. Everyone was surprised and delighted when the children sang "We've Been Workin' on the Railroad" for their visitors.

Early in the tour it became evident the participants were expected to do two things: attend a lecture on "The People's Republic of China" and watch the Oct. 1st parade celebrating the 35th anniversary of the founding of the People's Republic. The lecture was expected to be strictly informative, but the parade was delightful. Not primarily military it was composed of colorful paper dragons, beautifully decorated floats rivaling those at Disney World and lasted almost three hours.

Two highlights of their sightseeing, according to Smith, were: the trip to the Great Wall of China during their stay in Beijing and the visit to the terra cotta tomb figures currently being unearthed at Xiam. These life-sized figures of soldiers and horses could eventually number into the thousands and are remarkable for their detail.

The regular meeting of ESO was called to order by chairman Pat Foster.

Following the reading of the minutes and the treasurer's report, members were reminded that reading for enrichment and growth was the primary purpose of ESO. The chairman noted that Hazel Cash, a recent member, has already received three certificates for the 15 books she has read.

Members present were: Ann Brisson, Corinne Campbell, Hazel Cash, Eloise Cleveland, Melba Cooper, Carolyn Cornelius, Estelle Davis, Pat Foster, Edythe George, Kay Hall, Beanie Harper, Derry Harris, Louise Hayes, Theo Hill, DeLoree Laah, Bonnie Logan, Jean Marcel, Lourine Measenger, Kate Naah, Jane Pain, Esther Penn, Mabel Petty, Vida Smith, Charlotte Smith, Beulah Wells, Elois Ledingham and Florence Monforton.
