## U.N. Deadlock Is Denounced By Australia

### Big Five Accused Of Being Unable To Agree On Arms Or Trieste Agreement

Paris, June 13 (AP)—The French National Assembly re-affirmed the treaty of peace with Italy tonight without a dissenting vote.

LAKE SUCCESS, June 13, (AP)—Russia charged today that the American-controlled Japanese government was "closing its eyes to fascist activities" and that the "old Japanese military clique" was in power. The charge was made by Soviet Delegate Vladimir Koretsky at a session of the drafting committee of the U. N. Commission on Human Rights. Koretsky said the Soviet press was particularly interested in how democracy was working in Japan because the Japanese constitution as now drafted was along the lines of the American Constitution. He said the "old Japanese military clique" was arresting political leaders and demonstrators. This military group, he declared, were "wearing sheep's clothing."

LAKE SUCCESS, June 13, (AP)—Col. W. R. Hodgson of Australia led a small nation attack today against a big power failure to break a 60-day deadlock between the United States and Russia on a basic working plan for a world disarmament.

He told the United Nations Commission on Conventional Armaments that the major powers had only delayed the group's work when they were given problems to solve among themselves.

While criticizing the "Big Five" inability to agree on how to tackle arms limitation, Hodgson also open criticism to its failure to agree on a governor for the internationalized city of Trieste.

"We are back where we started from in this commission," the Australian said, in a surprising but true thing that he has a great power submitting a proposal and another major power submitting a counter plan. You (Continued on Page Eight)

## Only 2,922 Tests Made In County By TB Xray Unit

X-ray tests totaling 2,922 have been made in Seminola County by the State Board of Health Mobile Unit 15 in an effort to screen out possible cases of tuberculosis. Dr. Frank Quillman, director of the Seminola County Health Unit, today termed this number as "disappointing and not nearly as many as should have taken tests, out of the County's more than 10,000 persons of 15 years of age or older."

Thursday was the last day for taking x-rays at this time though the Board of Health said the test every two years, he said.

The idea of getting as many persons x-rayed as possible is to detect cases of tuberculosis early and to prevent the spread of the disease, Dr. Quillman declared. The earlier a case is isolated, the easier it can be cured, he said.

"If we were able to put into effect what we know about control of tuberculosis, we could eradicate the disease in 10 years or less."

"All new cases come from open cases, and for every death due to tuberculosis, 8 to 10 new cases develop," he pointed out, and added that with isolation there would be but two or three new cases with every death.

## American Legion Will Meet Monday

Campbell-Losing Post 33 of the American Legion will hold a dinner meeting Monday evening in the White Room, Friday, 7:30 p.m. at 4:00 o'clock. W. C. Chapman will report on returning from the World War II dead from overseas.

ONE UNDER PAR  
ST. LOUIS, June 13 (AP)—Dick Brown of Arkansas, Kan., shot a one-under-par 70 today in the second round of the U. S. Open Golf Tournament, for a 28-hole total of 138, tying a tournament record set by Chick Evans, Jr., in 1916.

## Gen. Chiang Kai-Shek Orders Border Defended To Last Man

### Red Campaign In Europe Develops Along Two Lines

#### Purge In Bulgaria Is Latest Demonstration Of Soviet Will

By HAROLD MILKS  
NANKING, June 13, (AP)—Trouble in Tibet cropped up today as Generalissimo Chiang Kai-Shek ordered his garrison in northwestern China — scene of an Outer Mongolian invasion — to defend China's border "to the last man."

Chinese dispatches from Chungking disclosed that Tibet, China's southwesternmost province, was seriously disturbed by local clashes between monks and non-monastic residents.

The trouble started, Chinese correspondents related, when Chinese military authorities arrested the leader of the Buddhist monks and reportedly put him to death.

Monks of three important monasteries which practically rule the major portion of Tibet then staged an armed rebellion against Chinese authority, and fighting was reported under way near Lhasa, provincial capital. The monks were described as pro-British while the non-monastic groups favored the Chinese.

The government reports said warplanes, bearing the Soviet Red Star continued to bomb and strafe Chinese positions in the Tibetan region of Sinkiang province. They said the Mongolians have rushed into the region by truck to Tefishan, 50 miles inside Chinese territory.

A new slant was given the Sinkiang invasion by the American-owned Shanghai Post-Mercantile which probably was a tribal clash with some Soviet link.

The newspaper said Communist rivals from northwest China told reports that two brothers of the Sherif-Khan family, among (Continued on Page Three)

## Two Coast Shipping Tieup Is Threatened By Maritime Unions

NEW YORK, June 13 (AP)—A two-coast shipping tie-up is threatened by five maritime unions who last night accused the Pacific American Shipowners' Association of "stalling" in negotiating a contract with the Maritime Cooks and Stewards Union.

The present contract expires at midnight Saturday. Joseph Curran, president of the National Maritime Union, presided at a news conference held by the policy committee of the five unions, all former members of the old CIO committee for Maritime Unity which broke up last winter after Curran's withdrawal as chairman. He issued a statement of the five-union stand.

Harry Bridges, leader of the West Coast International Longshoremen and Warehousemen's Union and the other CMLU co-chairman, said his group agreed with the others that "if any lock-out occurs the shipowners will have to fight all of the unions, East and West Coast and vice versa."

Hugh Bryson, president of the cooks and stewards, said a contract between the two sides was broken off last Friday. His union sought continuation of the present contract, for a \$159 monthly minimum wage, he said.

## Marine School At St. Pete Gets Funds

WASHINGTON, June 13 (AP)—The House Appropriations Committee recommended today a \$1,000,000 appropriation for the Marine School at St. Petersburg, Fla., for the year beginning July 1.

Rep. Peterson (D-Fla.) said "this means the St. Petersburg school will be kept open."

The committee said the \$1,000,000 appropriation will permit training 1,000 Marine Cadets over the next year. The St. Petersburg school, for which the Budget Bureau refused to recommend any funds, was scheduled to close June 30, until Peterson and Rep. Hendricks (D-Fla.) convinced the committee that it should write in sufficient funds for 1947-48 operations.

## Papy Bribery Trial Is Set For July 21

TALLAHASSEE, Fla., June 13, (AP)—The trial of former State Rep. Bernie C. Papy on charges of bribery was set today for July 21 after Circuit Judge W. May Walker ordered the State to give defense lawyers more specific information on the alleged bribe attempts.

Defense attorneys, contending the whole charge was a "frame-up" against Papy, won their argument for four of the five points on which they requested specific information in a bill of particulars.

NEWSPRINT OFF  
WASHINGTON, June 13 (AP)—Newsprint imports in April dropped 7,023 tons below March, the Commerce Department reported today. The April total was 155,334 tons.

Newsprint exports, totaling 1,583 tons, were 1,194 tons below March.

## Group Cuts Budget Of 33 Agencies

### Veterans Administration Slashed 1.8 Per Cent. Weapon Research Increased

WASHINGTON, June 13 (AP)—The Senate Appropriations Committee approved today a \$211,530,353 appropriation for the Interior Department, adding \$54,116,840 to the amount voted by the House.

Principal increases are \$36,375,932 for the Reclamation Bureau and \$9,214,600 for the Bonneville Power Administration.

WASHINGTON, June 13, (AP)—The House Appropriations committee whacked \$330,540,732 today from the funds President Truman asked to finance 33 independent government agencies next year.

It approved an \$8,498,409,759 bill to finance the agencies work during the 12 months beginning July 1. The total cut was 3.7 percent below the amount Mr. Truman requested.

Veterans Administration funds were trimmed \$130,884,220 or 1.8 per cent. VA got \$6,944,437,000. The cut for the 33 agencies amounted to \$3,584,000,000 the claimed savings of House Republicans in their drive to chop \$6,000,000,000 from Mr. Truman's 1948 budget of \$37,500,000,000.

The committee proposed a \$43,449,000 fund for research in aerial weapons after hearing that potential foes might "jump at it" if they ever get air superiority.

The committee recommended the appropriation for use by the National Advisory Committee for Aeronautics during the fiscal year starting July 1. It would be a \$12,736,000 increase over the amount granted last year.

The committee report said research in such weapons as guided missiles and planes of unprecedented speed is essential to national security.

Previously a government report (Continued on Page Six)

## Williams Succeeds Dr. H. W. Rucker

Dr. H. W. Rucker, president of the Central District Dental Society of Florida, was succeeded in this office by Dr. Clyde Williams of Orlando, at the recent executive committee meeting of the society at Daytona Beach.

## Group Told U. S. Duty To Take In Refugees

WASHINGTON, June 13, (AP)—Queen J. Roberts, retired Supreme Court Justice, said today that America has a moral duty to lead the world by taking in 400,000 European refugees.

"We won't be able to hold up our heads if we turn our backs on these people," who already are America's "wards," Roberts told a House Judiciary Subcommittee. The committee is considering a bill to allow 100,000 displaced persons to enter the United States annually the next four years.

## Mayor J. M. Curley Stricken Ill In Boston

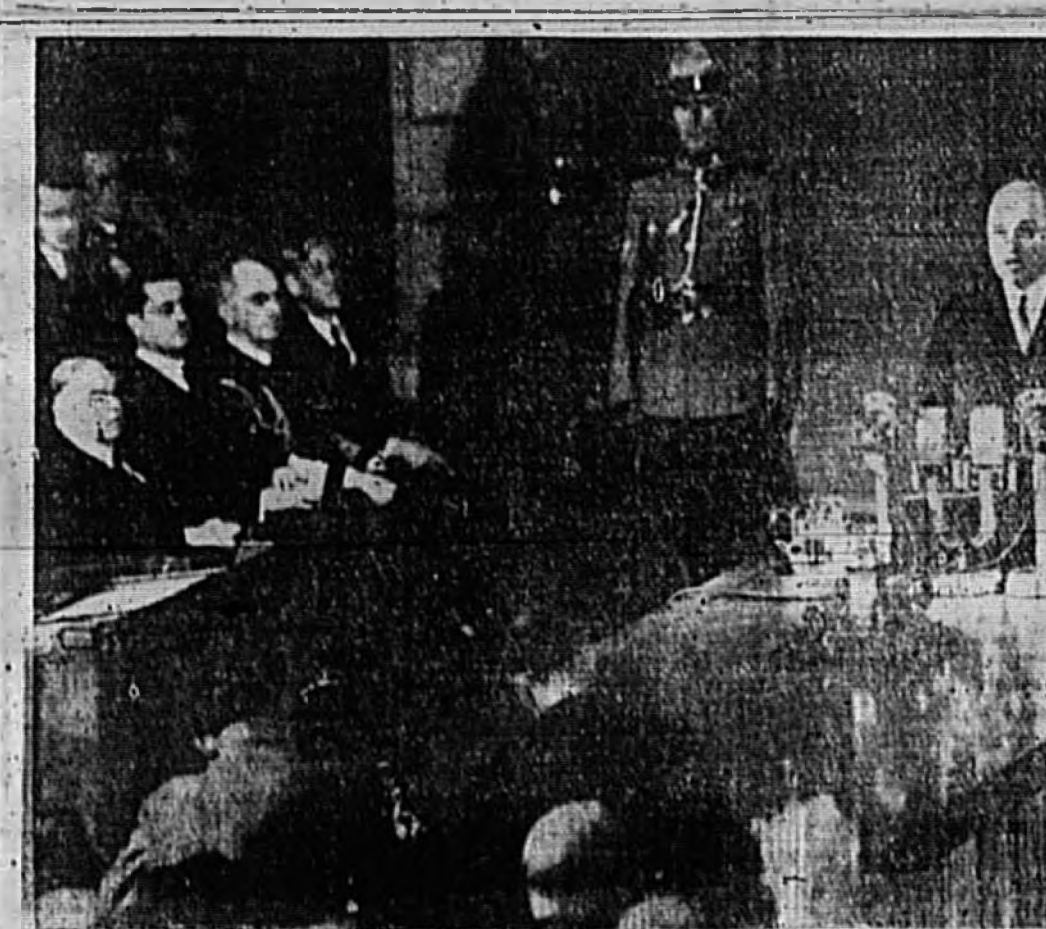

BOSTON, June 13 (AP)—Mayor James M. Curley of Boston was stricken ill today even as his attorneys prepared a last-ditch fight in an attempt to save the 72-year-old Massachusetts political leader from going to jail for mail fraud.

Curley, who boasts that he is one of the last of the political chieftains still in power among a group that included Fendergast of Kansas City and Balducci of Chicago, was taken to a hospital reportedly suffering from hypertension caused by arteriosclerosis.

KLAN KILLED  
ATLANTA, June 13, (AP)—The Ku Klux Klan surrendered its charter as a national corporation in Superior Court today and the attorney for the hooded order said the action "works a final end, I hope, conclusive interment of the Klan."

LAKE MARY C. OF C.  
An amateur night program will take place at the Lake Mary Chamber of Commerce Building Saturday evening at 8:30 o'clock under the sponsorship of the Chamber group. Flenty of local talent is lined up for the show and prizes will be given to winners.

## As President Truman Addressed Canadian Parliament

President Truman is shown standing behind a battery of microphones as he delivered an address to the Canadian House of Commons at Ottawa. He said that America's goal is a free and prosperous "good neighbor world" with nations living as "Canada and the United States have lived for generations." Seated at left are (l. to r.) Canadian Prime Minister William Mackenzie King; U. S. Ambassador Ray Atherton; Admiral William D. Leahy and Presidential Secretary Charles G. Ross. (International Soundphoto)

## Negro Released Without Bond At Murder Hearing

Arthur C. Siehn, Jr., young Colored negro, who for the past week has been held in County Jail on a charge of murder in connection with the death from bullet wounds of his father who died in a local hospital, was released without bond after a hearing conducted this morning by County Judge R. W. Wate.

After a number of colored witnesses had been questioned by Judge Wate, by Assistant State Attorney George A. DeGates and by G. W. Speckers who represented the defendant, Judge Wate pronounced that in the opinion of the court it was a justifiable homicide.

The young negro was released pending re-arrest on the charge of carrying a concealed weapon on May 31 when the shooting took place in the yard of the Siplin home at Thirtieth Street and Lincoln Court. Two pistols were produced by Sheriff Meier for the investigation; one of pearl handle, Smith and Wesson .32 caliber, from which the fatal bullet was allegedly fired; the other a black handled Lee Johnson pistol, purportedly the property of the deceased man.

## Governor Caldwell Vetoes TB Measure

TALLAHASSEE, June 13 (AP)—The act of shifting to the State part of the counties' expense of hospitalizing indigent tuberculosis patients was vetoed today by Governor Caldwell because the Legislature failed to provide revenue necessary to meet the extra state cost.

He also vetoed an act establishing a new budget system for commissioners and transferring authority to approve county budgets from the State Comptroller to the State Budget Commission.

The Governor said the tuberculosis act "eliminated the present formula under which the several counties are required to pay \$1.25 per diem or one-third of the charge for indigent and semi-indigent patients in the sanatoria of the State Tuberculosis Board. This act reduces the county contribution to 75 cents per patient per day and shifts the difference between that figure and the presently charged \$1.25 per day payment from the counties to the State."

On the state basis of the anticipated cost, this would result in an additional cost to the State of \$12,500 a year.

## NO. 1 REOPENED TALLAHASSEE, June 13, (AP)—U. S. Highway No. 1 between New Smyrna Beach and Mims, which was closed Wednesday by a collapsed new surface, was reopened to traffic last night, Chairman Elgin Bayless of the State Road Department announced.

## St. Louis Strike Disrupts Public Transportation

ST. LOUIS, June 13 (AP)—Virtually everything on wheels that would run was pressed into service today as thousands of St. Louisans sought a way to get to their jobs after an early morning strike of street car and bus operators tied up public transportation in the St. Louis area of more than 1,000,000 population.

Public automobiles, ancient taxicabs which have been prohibited by the death of new cars and all available taxicabs jammed main thoroughfares, snarling traffic at most of the principal intersections.

Absenteeism ran high in the heavily industrialized city during the first hours of the strike which became 100 per cent effective with such suddenness that most individuals were totally unprepared.

Most workers faced the situation in good spirits and many drivers went out of their way to pick up hitch-hikers along the most heavily travelled streets. Hardly a single vehicle reached its destination without picking up a maximum load and many had passengers riding the running boards.

No attempt was made by the St. Louis Public Service Company to man street cars and buses which were cleared from their routes as soon as operations completed their scheduled runs.

## Lions Plan Barbecue At Country Club

Lions Club members today made plans for a barbecue supper and dance at the Seminola Country Club on June 26, 7:30 P. M. Members have been requested to bring their wives or guests.

Hoke Johnson, district Lion governor elect, will conduct new plans for the coming year at the meeting, it was announced by King Lion Henry Witte.

King Lion Witte read a request from Hoke Johnson that a zone chairman be named by the club to assist him. Witte named and approved for this office, Al Lyon was appointed by Witte to head the entertainment committee for the Country Club meeting.

## Locomotive, 2 Cars Plunge Through Draw

CLARKSVILLE, Tenn., June 13 (AP)—The locomotive and two cars of a Louisville and Nashville freight train plunged through an open drawbridge into the Cumberland River 30 feet below shortly before noon here today. The engineer and fireman were trapped in the locomotive and given up for dead.

With a roar of hissing steam, the locomotive and cars disappeared quickly beneath the surface in from 20 to 30 feet of water.

AMA PRESIDENT ELECT  
ATLANTIC CITY, N. J., June 13 (AP)—Dr. Roscoe L. Senechak of South Bend, Ind., is the new president-elect of the American Medical Association for 1947-48. Senechak, chairman of the board of trustees, was named future president by the House of Delegates yesterday.

## Ex-Premier Of Hungary Is On Way To U. S.

### Effort To Be Made To Draw Attention Of U. S. Public To Recent Events

By The Associated Press  
Tospan Nagy, deposed by the Communists as premier of Hungary, was en route to the United States today in what diplomats said apparently was an effort to draw attention of the U. S. Public to events in that central European public.

The United States accused Russia earlier this week of "a most flagrant interference in Hungarian affairs" in the alignment which placed the Communists, who polled 17 per cent of the last free vote, in charge.

Deputy Nagy, who denounced the communists yesterday in the Hungarian Parliament, said today his Freedom Party would refuse to take part in national elections scheduled for September, unless they were supervised by an international board.

President Truman, who denounced the Communist coup in Hungary as an outrage, said on leaving Canada that U. S. Foreign Policy had but one objective, peace in the world and friendship with every nation. His words were interpreted as an effort to all troubled international waters. Earlier, Mr. Truman told the Canadian Parliament the United States intended to help nations (Continued on Page Two)

## Bevin Lauds Plan Of Marshall As East-West Link

LONDON, June 13, (AP)—Foreign Secretary Ernest Bevin described Secretary Marshall's aid-for-Europe plan today as "a bridge to link the East and West" and said it would be "disastrous for ideological or other reasons to frustrate that great endeavor."

"We are glad to know that misunderstanding has been removed by including Russia in the American proposal," the Foreign Secretary told a luncheon of the Foreign Press Association.

Bevin, describing Marshall's Harvard address as one that "may well rank as one of the greatest speeches in world history," declared:

"As was the case when the U. S. proposed a four-power treaty for Europe, it seems to me that that great, new and wonderful country has acted in the most unselfish manner in its endeavor to use its great capacity to save Europe from another ruin and to rehabilitate it as urgently as possible."

Bevin said Britain was "exploring actively and urgently how best to respond" to Marshall's lead.

Government sources said earlier (Continued on Page Six)

## Truman Sees Niagara On Return To U. S.

HEPFAO, N. Y., June 13 (AP)—President Truman, happy to be home again, returned to the United States today from what he described as "a grand visit" in Canada.

The President was fresh from an automobile tour of Niagara Falls, where he remarked: "I'm glad I don't have to go over them in a barrel."

He was greeted by the New York State Democratic chairman, Paul F. Fitzpatrick, upon arrival in Buffalo for a 30 minute stop. His decision apparently made on what he plans to do about legislation to cut federal taxes by \$4,000,000,000, the President declined to tell reporters whether he would veto it Monday, the deadline for action.

Johnely, he told them he would act "about 30 minutes before the deadline" when they pressed him for comment last night as he pulled out of Ottawa after a three day good will visit.

ELKS NOTICE  
All members of Sanford Lodge No. 1241 B. P. O. Elks are requested to attend a Joint Flag Day program with the DeLand Lodge Saturday at DeLand. The program will start at 4:30 P. M. and will be held at the DeLand Band Shell. Judge Sidney Hartung of Leesburg will be the speaker.

**Ernest C. Hogan, Jr.** has been selected as the new Scout Executive of the Central Florida Council and will report for duty on Monday, June 16. Mr. Hogan was born in Atlanta, Georgia, and moved to Florida in 1922 and since that time he has lived in Miami, St. Petersburg, Clearwater, Gainesville and Jacksonville. He joined the Boy Scouts in 1925. He became Scoutmaster in April 1934 and Sea Scout Skipper in 1938 where he held for two years Council Flagship and Regional Flagship ratings.

### Ex-Premier's Visit

(Continued from Page One)  
Who want to live in peace without intimidation or coercion.  
A subcommittee of the United Nations Balkan Investigating Commission was drafting a report in the Greek port of Salonika, telling why it could not go into Bulgaria, recently an Axis satellite but now in the Russian sphere. The U. S. representative accused Bulgaria of failing to fulfill its obligation to provide the U. N. with full facilities to investigate Greek charges that Yugoslavia, Bulgaria and Albania were assisting Greek Lefist rebels. The Russian representative defended the Bulgarian action.  
Two Romanian ministers prepared to leave for Moscow in an effort to obtain shipments of Russian grain pending the new Romanian harvest. That country, also in the Russian sphere, received relief goods earlier this year from the U. S. Army and the American Red Cross.

### Boys State

(Continued from Page One)  
prohibiting any city from running more than two nominees for state office at future Boys State meetings. Nominees selected this year all were from the Miami or Tampa with three exceptions.  
Speaker Ted Martin of St. Petersburg presided over the Legislature.  
Members heard a brief address by Rep. Thomas Donnelly of De Funiak Springs, speaker of the 1947 House of Representatives, who told them he had favored enactment of a tax measure during the legislative session just past but other House members differed with him.  
He added that if Governor Caldwell felt it necessary to call an extraordinary money raising session he did not "imagine it would take the Legislature more than a couple of days to raise the money needed."

### A Non-Striking Ford Foremen Assaulted

DETROIT, June 13 (AP)—Four non-striking Ford Motor Co. foremen were beaten on their way to work and a new walkout hit the Cadillac Motor Corp. Today to mar an otherwise bright-er auto industry labor scene.  
Both developments came on the heels of a settlement involving 16,000 workers and a new wage agreement.  
Dearborn police said the foremen were dragged from their car and assaulted by three cohorts of men about 8:30 A. M. while en route to the Ford Rouge

### WHY CARRY INSURANCE?

If you drive an automobile and carry insurance you should remember that the company taking your risk makes a profit on the premium you pay, or at least expects to make a profit, so why not carry your own insurance and save the premium? Suppose you do meet with an accident (hundreds do every day) involving liability and property damage, possibly serious injury or death to one or more persons, all that is necessary for you to do is to employ a good lawyer, take the case to court and enjoy a good verbal fight and if you lose pay your lawyer, court costs and the judgment (often over \$25,000). Is that way you will save the premium?  
The insurance company is willing to make on your policy. BUT, if you do not like this idea of saving money and the right to operate your car, phone 124 and find out about our life-saving policies for careful drivers.

### China Defense

(Continued from Page One)  
the leading clans in Chinese Kazakhstan had split and were heading rival factions.  
Both were leaders in the rebellion movement against China, it was said, until the elder brother went to Russia for training under the Soviets. The other brother chose to side with the Chinese. A number of clashes followed. The present incident is believed to be one of these battles.  
The newspaper Hsin Min-Pao reported from Mukden that the Chinese inspection group to Soviet-controlled Dairen had cancelled a planned trip to that Manchurian seaport. The party, sent to prepare for agreed Chinese administration of Dairen and Port Arthur, returned to Mukden from Port Arthur where it had been "stranded" almost a week awaiting Soviet permission to enter Dairen, the newspaper said.

### Development of New Super Weapon Hinted

LONDON, June 13 (AP)—British government ministries declined comment today on New Zealand reports concerning the purported development of a super-secret super-weapon, approaching the atomic bomb in importance.  
The Defense Ministry, the Air Ministry, the War Office, the Admiralty and the Ministry of Supply all refused to discuss stories out of Auckland, which quoted "most reliable" sources as saying research on such an offensive weapon was started in 1944 and still was being pursued in the strictest secrecy by scientists in New Zealand, Great Britain and the United States.  
"Had the project been completed in the time it might have played a role as effective as the atom bomb in the subjugation of Japan," the New Zealand Herald, of Auckland, reported.  
"Without discounting the effectiveness of the project as an offensive weapon," the paper continues, "it does not offer such a threat to world peace as the atom bomb. This may not be amplified further than saying that things pertaining to it are under control."

### Sentences Confirmed For 7 Convicted Japs

SINGAPORE, June 13 (AP)—Gen. Sir Neil Ritchie, British commander in southeast Asia, confirmed today the sentences of seven Japanese convicted of the Chinese massacre in Singapore.  
Lieut. Gen. Sakuro Kawamura and Lieut. Col. Masamichi Oishi were sentenced to be hanged. Lieut. Gen. Takuma Nishimura and four others received life sentences.  
The Japanese were accused of responsibility for the mass slaying of 5,000 Chinese soon after the fall of Singapore in 1942.

Gen. Leonard Sikorski said there were at least 12 men in the three vehicles. They fled a few minutes before police arrived, he said, and none of them have been identified.

### Police Make Arrest In Circus Shooting

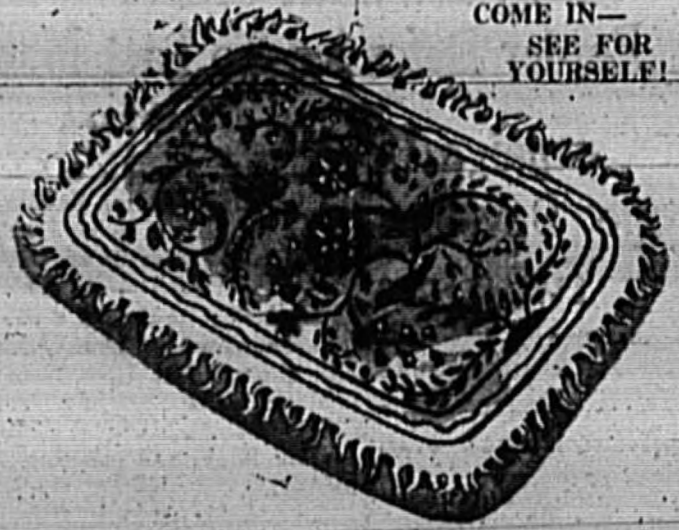

BALTIMORE, June 13 (AP)—Police today swore out a warrant charging Hubert (the Sheriff) Thompson, 40-year-old circus roustabout, with the shooting death of another big top worker on the Ringling Brothers Barnum and Bailey tentground yesterday morning.  
Police Captain Oscar Kocer said he thought Thompson was hiding around the circus grounds and hoped to pick him up before the show pulled stakes tomorrow night and moves to Wilmington, Del.  
Captain Kocer said he swore out a warrant for "The Sheriff" after learning he and Richard Sheehan, 41-year-old sub-contractor in charge of the circus sanitary crew, had trouble several months ago at Sarasota, Fla., the show's winter headquarters.  
Sheehan died of five bullet wounds. Two patrolmen on duty at the circus grounds heard the shots and found his body under the flap of the rest tent where a dozen truck drivers were washing up for breakfast.  
Sheehan's identity was established after Sheriff B. D. Pearson reported from Sarasota that the man had a blue star tattooed on his forehead. The Florida Sheriff said Sheehan escaped from a county stockade after being sentenced on a larceny charge in 1928 and later was sentenced to two years in prison in connection with a robbery in Sarasota.

### Britain Lets 8,500 Jews Enter Palestine

JERUSALEM, June 13 (AP)—The government said today that 8,500 Jews came to Palestine as immigrants during the past six months. The figures indicated that only 534 of these, acceded in entering the Holy Land illegally.  
The government said 4,125 Jews were readmitted from detention camps in Cyprus to which they had been sent after their initial arrival as uncertified immigrants. More than 15,000 are said to remain in Cyprus awaiting entry under the 1,500 monthly quota.  
Relatives of Jews who served in the British Army accounted for 250 of the immigration certificates in the period. The remainder of the 9,000 were allocated to Jews in the British occupation zone of Germany or European relatives of Palestine residents.

## A PENNEY Bargain is Always Price + Quality

A bargain is a good piece of merchandise at a price that's LOW for its QUALITY. It's what you GET for what you PAY that makes a Penney bargain.  
Cheap, shoddy stuff is never a bargain, no matter how little it costs you. We wouldn't give it house room here at Penney's.  
Through thick and thin we've stuck to this: It must be GOOD and LOW PRICED to be a bargain!  
That's why our customers believe in us. Like us, they're hard-working Americans who won't stand for lazy dollars.

### PENNEY'S LUGGAGE AT DOLLARS LESS THAN A FEW WEEKS AGO!

It's hard to believe that fine quality, handsome luggage could cost so little! Where else would you find week-end and pullman cases with so many quality details at such low prices! Water-repellent pyroxylin coating (protection in all weather!) on sturdy canvas coverings—with sturdy top-grain cowhide bindings! But see for yourself—see if you don't agree that they're unbeatable values at this new low price!

## Magazine Features Sanford Glider Meet

A full page story of the Sanford glider meet on March 1, and 2, including five photographs of gliders and pilots, is featured in the July issue of Air Trails and Science Frontiers, a Street and Smith publication.

Pictured in the top photograph are three lady glider pilots, Mikey Browning, Virginia Benita and Margaret Daugherty. Also shown are Kim Scribner of Miami with his white sailplane in which he won the aerobatic contest, John Robinson who won the speed race, and the contest as well as the Barwell trophy donated by State Aviation Director William Lazarus and Francis B. Compton who described his flights by radio to a mobile unit which put it over the public address system.

A wide photograph at the bottom bears the caption, "Sailplanes lined up at the Sanford Municipal Airport, Florida, in 1947. The contest as well as the Barwell trophy donated by State Aviation Director William Lazarus and Francis B. Compton who described his flights by radio to a mobile unit which put it over the public address system."

The article mentions that the gliding event was sponsored by the Junior and Senior Chapters of Commerce which raised \$2,000 in prize money and to which a number of manufacturers and individuals donated valuable merchandise prizes and trophies.

It also mentions the bad weather that plagued the meet which was nevertheless very successful, due to excellent management, advanced planning, and cooperation of everybody concerned. Mentioned also are the spot landings and acrobatics by Kim Scribner, J. Shelley, Charles and Gebry, Tabery. Biggest purse went to navy.

## Doctor's Discovery FOR FLUSHING KIDNEYS

Backache, loss of pep, getting up nights, and headache are often caused by nothing more than improper kidney action due to excess acid in the urine. Kidneys are one of Nature's ways of removing impurities from the blood. And when these impurities back up, trouble may start.

If you have these troubles, give your kidneys and bladder a good flushing out by taking Dr. Ribner's Swamp-Root. It works on the kidneys to flush them out, get excess acidity and ease that burning when you pass water; helps that bladder irritation that gets you up nights.

Made of 16 herbs, roots, vegetables, and balsams, Swamp-Root is absolutely non-habit-forming. Carefully take as directed. For free trial supply, send to Dept. 2, Kilmer & Co., Inc., Box 4233, Stamford, Conn. Or get full-sized bottle of Swamp-Root today at your druggist.

## The Answer Is In the Gallons

WHY feed your cows Tuxedo Dairy? The answer is in the extra gallons of milk you want. The protein in Tuxedo is derived from the blending of numerous specially selected protein sources. Quickly assimilated for top production. Start your calves with Tuxedo Milk Food from start to finish for maximum results.

## Philippines To Lead Rice To East Indies

SINGAPORE, June 13, (AP)—Philippine glider champion John Robinson and Francis Compton won a sensitive rate of climb indicator donated by Air Trails and Science Frontiers.

The conference of Southeast Asian liaison officers announced today that the Philippines Republic would lend its July allocation of rice from the International Emergency Food Council to the Netherlands East Indies, where a critical shortage prevails.

The conference said the Java rice ration for Asiatic world would be also severely reduced from four reduced to four ounces daily July 1.

and that similar measures would be taken for Sumatra and the Western Islands.

"Still further reductions in rations may be expected during the second half of 1947," the announcement said. "Four rations for the whole archipelago were rice ration for Asiatic world be also severely reduced from four reduced to four ounces daily July 1."

# Sanford To Play Single Tilt In DeLand This Evening

### Bill Stanton Slated To Get Mound Call; Daytona Beach Here Tomorrow For Game

By ARTHUR BECKWITH, JR., Herald Sports Editor.

The Sanford Celery Feds will invade Conrad Park in DeLand tonight to tangle with the Red Hats in a single contest that is slated to get under way at 8:15 o'clock.

It is likely that Big Bill Stanton will get the call from Manager Don Murray for mound duties and Gene Garrett will be in reserve if the elongated righthander finds the going too rough.

Officials of the Sanford Baseball Association contacted the DeLand club yesterday to inquire about the scheduled twin bill with the Red Hats, and Bill Page, DeLand business manager, stated that DeLand was not in a position to play the two games and would appreciate playing a single tilt. The local official agreed to play the contest at a later date.

Sanford will entertain the rejuvenated Daytona Beach Islanders at the Municipal Park tomorrow night, and will motor to Daytona for a contest Sunday afternoon. Monday the Gainesville G-Men appear in Sanford.

With the threatening skies and a field on which it was impossible to play, the contest between the DeLand Hats and the Feds was called off last night. This was the second tilt in two nights to be postponed at the Municipal Park.

### Exhibition To Be Held At SanLando Sunday

Newton A. Perry, the man who made Wakulla Springs famous, will present an exhibition of under-water swimming at SanLando Springs Sunday afternoon. Mr. Perry will also demonstrate his devices which have made him internationally famous by making possible the under-water movies seen on the theatre screen.

There will also be a half-hour of unusual entertainment by the graduating class of Orlando's Tropical Charm School, directed by Mrs. Charlene Rodheuck, with 20 beautiful young ladies participating. Included will be tap and toe dancing, Chinese ballet, American rumba, fox trot and waltz and also songs. Climaxing the part of the program, diplomas will be presented to the graduates by their dancing master, Professor Eben, father of "Buddy" Eben.

### Speed King Reports Difficulty With Jet Propelled Race Boat

By ERNEST AGNEW

LAKE CONISTON, England, June 12. (AP)—Sir Malcolm Campbell, 62-year-old speed king and a self-styled fatalist, broke down and confessed today that it's "unpleasant" to ride 100 miles an hour in a jet-propelled speed boat when it starts to "snake".

Sir Malcolm's Bluebird II snaked all over the place at dusk yesterday when the speedster took her out for a trial run in preparation for an attack on his own world water record of 147.7 miles an hour.

"I wasn't scared," he said, "but it wasn't very pleasant."

The racing knight told reporters his record try would be delayed for another day or two while designers and engineers tried to correct the snaking.

The Bluebird is believed to be the first jet-propelled speedboat ever built—was in a ramshackle little boat-house today and there were indications that Peter Du Cane would adjust a tail fin in the hope of straightening her out.

The little craft, zig-zagging like crazy, threw up a huge cloud of spray and gave a weird, unearthly shriek as she streaked over this northern England lake yesterday.

With the kind of English understatement that people write about, Sir Malcolm observed: "The Bluebird isn't quite right."

"We know only that she snaked badly at relatively low speed—we didn't reach more than 110 miles an hour last night—and she wouldn't be safe at a really high speed," he added.

"It's probably something very small which is causing the trouble. You see, of course, that jet is operating on air and the rudder in the water and there's a conflict which we have got to overcome."

"Don't forget we're trying something absolutely new and we've got a lot to learn."

Sir Malcolm said he had "one very violent snake" on his run last night—a snake which terrified him. Then he added: "Then when I resumed power there was another: there were four altogether on that very short run."

## THE OLD HOME TOWN

### Boudreau Increases Lead In Balloting

CHICAGO, June 13 (AP)—Lou Boudreau, shortstop and manager of the Cleveland Indians, has increased his lead over the veteran Luke Appling of the Chicago Sox to 4,181 votes as balloting continued for the 14th annual Major League all-star game at Chicago July 8.

Boudreau has 17,153 to Appling's 12,972 in the race for shortstop in the American League. The fans' voting for the inter-league classic starts will end at midnight June 26. The poll is being conducted by 193 newspapers, magazines and radio stations with the Chicago Tribune serving as voting headquarters.

In the National League race, Buddy Kerr of the New York Giants, who recently committed an error after accepting 384 chances without a miscue for a new record, passed Marty Marion of the St. Louis Cardinals, and shot into second place behind Cincinnati's Eddie Miller among the National League's shortstops. The Red's home run hitting star leads with 16,093 votes. Kerr follows with 11,768, and Marion has 10,672.

The total vote today is 47,572.

### Boudreau Increases Lead In Balloting

CHICAGO, June 13 (AP)—Lou Boudreau, shortstop and manager of the Cleveland Indians, has increased his lead over the veteran Luke Appling of the Chicago Sox to 4,181 votes as balloting continued for the 14th annual Major League all-star game at Chicago July 8.

Boudreau has 17,153 to Appling's 12,972 in the race for shortstop in the American League. The fans' voting for the inter-league classic starts will end at midnight June 26. The poll is being conducted by 193 newspapers, magazines and radio stations with the Chicago Tribune serving as voting headquarters.

In the National League race, Buddy Kerr of the New York Giants, who recently committed an error after accepting 384 chances without a miscue for a new record, passed Marty Marion of the St. Louis Cardinals, and shot into second place behind Cincinnati's Eddie Miller among the National League's shortstops. The Red's home run hitting star leads with 16,093 votes. Kerr follows with 11,768, and Marion has 10,672.

The total vote today is 47,572.

### Ted Williams Tops All-Star Balloting

CHICAGO, June 13 (AP)—Ted Williams, Boston Red Sox left fielder, still topped all vote-getters of both Major Leagues in the all-star baseball poll today with 13,082 as balloting continued for starting lineups for the 14th annual game July 8 at Chicago's Wrigley Field.

In the balloting by fans through-out the nation, Bobby Doerr, Red Sox second baseman, took over first place from Joe Gordon, of Cleveland.

Doerr polled 9,476 votes to Gordon's 9,083. Billy Johnson of the New York Yankees, became another new leader today, topping Detroit's George Kell 8,202 to 3,054 in the race for the American league third base job.

Red Schoendienst of the St. Louis Cardinals passed Eddie Stanky of the Brooklyn Dodgers to go into second place behind Emil Verban of Philadelphia in the National League's second base contest.

### Big Difference In Pay Forced Galento To Start Wrestling

CHICAGO, June 13 (AP)—Tony Galento says he turned to wrestling two months ago when he received only \$750 for refereeing some hard hitting bouts while Primo Carnera, one of the contestants, pocketed \$3,700.

"Dat difference in cash convinced me," says the 5 foot 9 inch, 268-pound ex-fighter, "I decided right then and there to become one of dem wrestlers. Dat Carnera got his big wage by just standing in da ring while I done all de work."

Galento, who collected \$50,020 after being stopped by Joe Louis in their heavyweight boxing championship clash, says he has made between \$1,000 and \$3,000 a week since opening his tour and a unbeaten in 21 bouts.

"I'm not supposed to be beaten," the 37-year-old Orange, N. J., tavern owner laughs. "Whenever a guy starts making me look bad, I wawe my trusty left and say: 'Make me look good or I'll bust ya like I did dat bum, Louis. So far they've all seen it my way.'"

### Florida Man Claims Towing Championship

BATAVIA, June 13 (AP)—Capt. W. H. Smith of Jacksonville, Fla., claimed the world's distance towing record today. Last Sunday Smith's 1,117-ton tug completed a 16,000-mile trip from Tampa, Fla., to Banks Island, towing the 4,000 ton Dutch Biliton Company tin dredge, Stuyvesant. They left the United States March 11.

"The crossing was as smooth as could have made it in a rowboat," said Chief Officer A. R. Littlefield, of Miami, Fla.

### YESTERDAY'S STARS

Don Johnson, Cubs, led Chicago's attack against the Pirates with three hits, including a triple with the bases loaded in the eighth inning of 7 to 3 win.

Kent Peterson, Reds, shut out World Champion St. Louis Cardinals with five hits, 1-0, for first full-game Major League victory.

### Babe Zaharias Takes Things Easy After British Triumph

GULLANE, Scotland, June 13 (AP)—Babe Didrikson Zaharias, first American to win the British Women's Amateur Golf Tournament, recognized herself today as the feminine counterpart of Bobby Jones for her "grand slam" victory.

The grand slam idea erupted into her head the night before the championship battle began. "If I win," she said, "that will be the woman's grand slam," explaining to British sportswriters that she also had won the American Women's Amateur Championships last year.

After her 5 and 4 triumph yesterday over London's Jacqueline Gordon, she made her plans for an easy day. "Boy, I am going to have to sleep late in the morning," she said, "and I am going to have breakfast in bed."

After that she planned to go to St. Andrew's to play the famed "old" course where Jones won one of his Grand Slams in 1930, two years before the Babe hit the "double" in an Olympic athlete.

Through the rest of the week she intended to "look around Scotland a little and play still more golf."

Pigra and Johnny Allen vitching. Recently the Yanks won three straight shutouts behind Frank Shea, Allie Reynolds and Soud Chandler.

## 700 Ships Are Tied Up After Seamen Strike

### Curran Says Over 11 Hundred Ships Will Be Affected Within Two Or Three Days

NEW YORK, June 16, (AP)—Secretary of Labor Schwelmbach dispatched Assistant Secretary John W. Gibson here today to attempt to end a work stoppage of CIO seamen which the union estimated tied up 700 ships in United States ports in its first day.

Gibson, former head of the Michigan CIO, arranged to leave by plane for New York and said he expected to confer with both management and labor representatives tonight.

Federal Conciliators Fred Livingston and William N. Margolis, meanwhile, announced indefinite postponement of sessions with shipowners and representatives of the National Maritime Union, the American Communications Association and the East Coast Division of the Maritime Engineers Beneficial Association.

Joseph Curran, N.M.U. president, predicted that if union demands were not met by owners, 1,150 ships would be affected in a few days by the "no contract, no work" dispute in which four other CIO unions are involved.

Although Curran did not detail the ports and number of ships in each, he said 500 of the nearly 700 ships were in east coast ports. More than 2,000 ships would be affected, Curran claimed, if current negotiations between the union and tanker companies failed. Tankers are not affected by the present stoppage.

Although no pickets showed up at the work stoppage, Curran said that after the expiration of contracts at midnight yesterday.

A West Coast CIO maritime committee spokesman, however, said that similar to the East Coast pattern as announced, the West Coast unions which are locked out will have their members remain on the jobs.

Pledges of mutual support by five CIO Maritime Unions indicated that a solid front of 200,000 CIO maritime workers would be involved in the stoppage.

The unions and their claimed (Continued on Page Four)

## Tribunal Again Refuses Review Of Curley Case

WASHINGTON, June 16, (AP)—The Supreme Court today refused for the second time to review the mail fraud conviction of Mayor James M. Curley of Boston.

The refusal apparently cleared the way for a renewal of Justice Department efforts to put the 72-year old mayor in jail to begin serving his sentence of six to eight months.

Curley, however, was reported ill in a Belmont, Mass. hospital. He was taken there last Friday suffering from what his physician described as hypertension induced by arterio-sclerosis.

The Boston executive has been a Democratic leader in Massachusetts for half a century. He is serving his fourth term as mayor. Previously he was governor of Massachusetts and served four terms as a U. S. representative.

The mail fraud charges resulted from war-time operations of Engineering Group, Inc., of this city. The government charged the firm realized about \$60,000 by falsely representing that it was able to obtain war contracts. In addition to the sentence Curley was fined \$1,000.

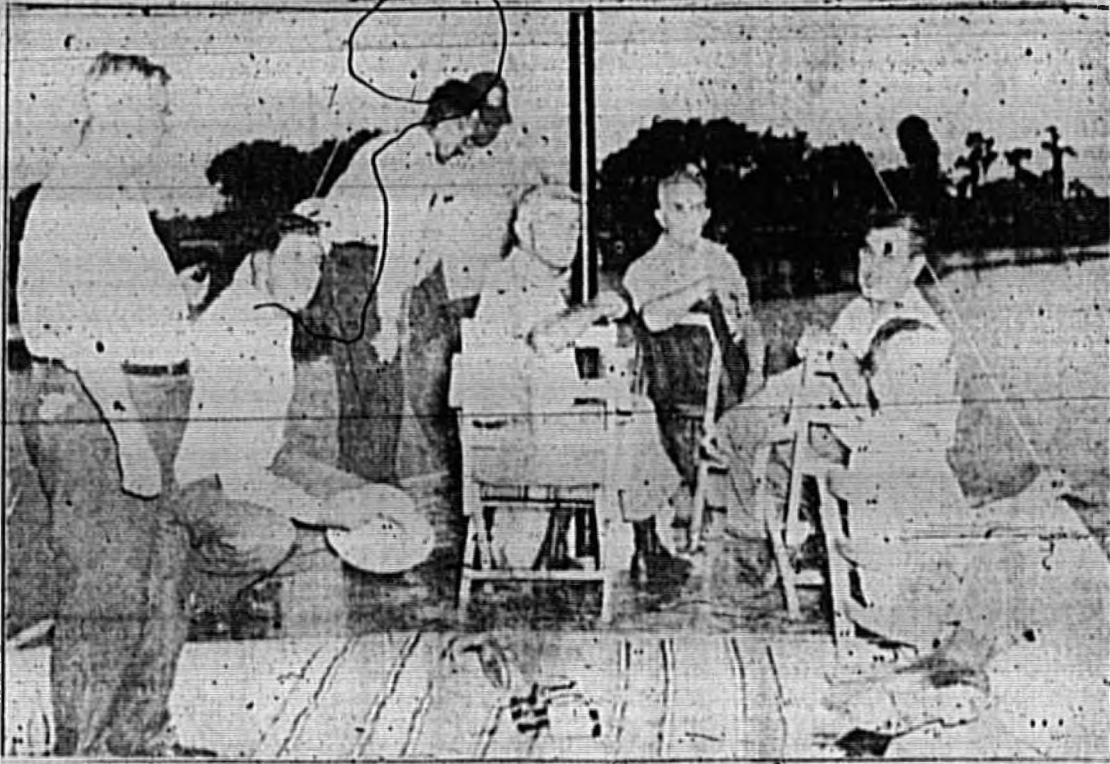

## Landis Reports On Plane Crash Inquiry

WASHINGTON, June 16, (AP)—Chairman Landis of the Civil Aeronautics Board said today that the Capital Airlines plane which crashed Friday night was descending through overcast in an effort to come into Washington "under the weather," an opinion given the pilot by always traffic control.

Landis told a news conference that procedure pending the accident which carried 10 persons to sudden death near the Virginia-West Virginia line was standard. It is "in the books" Landis added, through a recording device in the Washington airport control tower.

It is simply a hypothesis, the chief chairman said, that the pilot miscalculated his position, during a letdown from 7,000 feet.

## Enjoying The Scenic St. Johns

A group of Sanford Rotarians and their guests enjoying the recent trip up the St. Johns River on Gene Houtall's "Skyhawk" were Ed Higgins, Roy Williams, P. A. Mero, Gordon Hirsman, J. A. Young, B. L. Perkins, Sr., Lea Lesher, and Leonard R. Toy.

## Britain Seeks Red Participation In Marshall Aid To Europe Plan

LONDON, June 16, (AP)—Britain announced today she was seeking to enlist Russian participation in the Aid-to-Europe project advanced by secretary of State Marshall, but Moscow already appeared reluctant to cooperate in any continental-wide pump-priming effort financed in large part by U. S. dollars. The British overtures, a foreign office spokesman said, will be made through Sir Maurice Peterson, British ambassador in Moscow.

## Caldwell Vetoes Nine More Acts Of Legislature

TALLAHASSEE, Fla., June 16, (AP)—Governor Caldwell today vetoed nine more acts of the 1947 legislature, including one which would have created a state board of watchmaker examiners. The acts would have become law without the governor's approval today, if he had not vetoed them.

The other measures vetoed would have:

- Established new regulations and requirements for registration of birth certificates; granted home-land rights to war veterans in Escambia and Palm Beach counties; exempted nine counties from certain provisions of the cattle fever tick eradication law; created the occupation of public bookkeepers; reduced the mileage tax of commercial trucks; excluded Okeechobee county from the Everglades drainage district and cancelled all oil and mineral reservations held by trustees of the Internal Improvement Fund on lands within the city of Okeechobee.

Vetoing the watchmaker board bill, the governor said "it is not believed the regulation would be advantageous to the public or to the profession, from the governmental standpoint, the act would merely add another regulatory board to the long list of boards and would give the citizenry another opportunity to proclaim that democratic principles are being frittered away by further regimentation."

The tick eradication measure would have allowed owners of horses and mules in nine counties to wash, sponge and spray their animals instead of dipping them. The governor said he was advised that dipping is more effective. (Continued on Page Three)

## 4 Witnesses Will Be Called At Papy Trial

TALLAHASSEE, Fla., June 16, (AP)—State Attorney Orlan C. Parker, Jr., said today he plans to call only four witnesses at the bribery trial of former Rep. Bernie G. Papy of Key West on July 31.

Acting on orders of Circuit Judge W. May Walker, Parker furnished Papy's attorneys with the names of his witnesses and a bill of particulars setting forth the date, time and place in which Papy is charged with offering Bape Bralley Odiam of Sanford and Clarence H. Camp of Ocala cash bribes to vote against an anti-book bill.

Parker said he plans to call Odiam, Camp, Speaker Thomas D. Bessley and Mrs. Lamar Hodson, chief clerk of the House. He said, however, an investigation is continuing for additional witnesses.

ST. LOUIS, June 16, (AP)—Automobile traffic jams described by police as the worst in this city's history developed today as public service company and union chieftains met again in an attempt to end a streetcar and bus strike now in its fourth day. All days off for police were cancelled for the duration of the transportation emergency.

CHICAGO, June 16, (AP)—Backward seating of airplane passengers for increased safety and better views was advocated today by John B. Schwab, accommodation engineer of Trans-Canada Airlines.

In a prepared discussion of "passenger service requirements for North Atlantic operations" at the semi-annual meeting of the American Society of Mechanical Engineers, Schwab anticipated backward seating in future aircraft and declared:

"This was the double advantage of affording passengers a better view and an added protection in the event of forced landing."

"With the spine and head supported throughout its length, the body can withstand terrific forces of deceleration," he said. "It is possible to bring a body from 200 miles per hour to a full stop in less than without injury when so seated."

## Rotarians Told Good And Bad Points Of City

Four Sanford young men who have recently returned to Sanford from tours of duty in the armed services and studies at various educational centers today told Rotarians at their regular weekly luncheon at the Tourist Center some of the good and bad things about Sanford and made suggestions for the improvement of their home town. The program was arranged by Dr. C. W. Baker.

## Young Men Recently Returned Suggest Civic Improvement

Billy Hutchison, who left Sanford four years ago and spent several years in New York, Philadelphia and Baltimore, and is now a student at the University of Florida, suggested that local business men get together and try to work out some plan of providing employment to college students during the summer months.

Earl Bunting, president of the National Association of Manufacturers, today termed President Truman's veto of the tax bill "a political gamble with the jobs and pocketbooks of the American people at stake."

In a statement, Bunting, here to address two conventions, asserted that "everybody" stake in tax reduction fairly and squarely across the board has been whittled away, knocked to bits, and stacked up as kindling wood for next year's political bonfires.

## Slight Pepper Damage Caused By Heavy Rains

Some damage to peppers is believed to have resulted from heavy rainfall, especially in the Samsula section, according to local shippers. Rainfall since June 5 has been 6.79 inches, according to H. F. Whitner, weatherman.

Normal rainfall for June is 7.48, and last year during June the total rainfall was 12.58 inches, an excess of 6.05 inches. In July, 1946, the rainfall was even heavier, 14.07 inches and the result was flooding in farm areas. Clearing of the Smith Canal by joint action of the Seminole County Farm Bureau and the County Commission, has proved a big help in this direction.

## Judge Refuses To Bar Wallace From Amphitheater Talk

WASHINGTON, June 16, (AP)—Federal Justice James M. Proctor refused today to bar Henry A. Wallace from speaking at the government-owned Watergate Amphitheater here tonight.

The judge rejected a petition from the American Anti-Communist Association, headed by Rep. O'Connell (R-Wis.), that he order Secretary of the Interior J. A. Krug to deny Wallace use of the Watergate. Krug's department has jurisdiction over the Watergate, an outdoor theater in park lands near the Lincoln Memorial.

"These matters do not fall within the judicial realm," Justice Proctor commented in dismissing the petition.

O'Connell left the court building with a declaration to report that he would take the matter up in Congress.

"I am going to tell the membership of Congress that until our government takes a truly anti-Communist stand here at home, that we in Congress should refuse to appropriate any money to fight Communism abroad," he said.

Wallace, who is crusading against the Truman foreign policy, is expected to discuss his anti-peace and perhaps also clarify his position in the 1948 presidential campaign.

# Tax Reduction Legislation Vetoed By Pres. Truman; G.O.P. Criticism Is Severe

## Knutson Thinks Veto Is Part Of Discredited Spending Policy Of New Deal

WASHINGTON, June 16, (AP)—Republican bigwig in Congress and out hit back at President Truman's tax bill veto today with words leaving little doubt they expect it to be a 1948 presidential campaign issue. Reaction from the bill's backers was immediate and, for the most part, caustic.

Rep. Knutson (R-Minn), author of the measure and chairman of the House Ways and Means Committee, issued a statement saying "the President's suggestion that we wait for tax reduction until next year is nothing but cold-blooded politics." Knutson's obvious reference was to the fact that 1948 is a presidential election year.

He declared that by the veto the President demonstrated "a sad lack of understanding of the needs of our economy."

Carroll Reece, Republican national chairman, said in a statement that "Mr. Truman has committed his administration to continued support of the tax and spend and spend, and elect and elect philosophy of the now discredited New Deal."

"That philosophy was repudiated by the American people last November, and I am confident it will be repudiated again and even more emphatically in 1948."

House Republican Leader Hallett (Ind) issued a statement declaring that Mr. Truman "has thwarted the will of the people, as expressed through their recently elected representatives in Congress."

"I hope," he went on, "that democratic President Truman does not continue to disregard the will of the people by resorting to the veto power on major legislation passed by a Republican Congress, and thus try to hamstring Congress by making it necessary to have two-thirds majorities for all measures unwanted by the New Deal masters of the Democratic party."

Rep. Anderson (R-Minn) suggested on the House floor today that the Republicans take the lead now in paying war veterans' terminal leave bonds with the funds resulting from continuance of wartime loans.

Earl Bunting, president of the National Association of Manufacturers, today termed President Truman's veto of the tax bill "a political gamble with the jobs and pocketbooks of the American people at stake."

In a statement, Bunting, here to address two conventions, asserted that "everybody" stake in tax reduction fairly and squarely across the board has been whittled away, knocked to bits, and stacked up as kindling wood for next year's political bonfires.

## Judge Refuses To Bar Wallace From Amphitheater Talk

WASHINGTON, June 16, (AP)—Federal Justice James M. Proctor refused today to bar Henry A. Wallace from speaking at the government-owned Watergate Amphitheater here tonight.

The judge rejected a petition from the American Anti-Communist Association, headed by Rep. O'Connell (R-Wis.), that he order Secretary of the Interior J. A. Krug to deny Wallace use of the Watergate. Krug's department has jurisdiction over the Watergate, an outdoor theater in park lands near the Lincoln Memorial.

"These matters do not fall within the judicial realm," Justice Proctor commented in dismissing the petition.

O'Connell left the court building with a declaration to report that he would take the matter up in Congress.

"I am going to tell the membership of Congress that until our government takes a truly anti-Communist stand here at home, that we in Congress should refuse to appropriate any money to fight Communism abroad," he said.

Wallace, who is crusading against the Truman foreign policy, is expected to discuss his anti-peace and perhaps also clarify his position in the 1948 presidential campaign.

## Income Tax Bill Provisions

WASHINGTON, June 16, (AP)—Here are the provisions of the Republican tax-cutting bill of which President Truman vetoed today:

1. Withholding against wages and salaries for tax purposes would be reduced July 1.
2. The tax cut on a yearly basis would be 30 per cent for persons with taxable income (after exemptions and deductions) of \$1,000 or less. This would mean the 30 per cent cut would apply to single persons with total earnings before exemptions and deductions, up to \$1,356; married persons \$2,222; married couples with one child \$2,777; married couples with two children, \$3,323.
3. Persons with taxable income between \$1,000 and \$1,400 would get a flat 52 to 57 annual tax reduction or a 20 per cent cut of their tax bill, whichever was the larger.
4. The tax reduction would be 20 per cent for taxable incomes above \$1,400 and up to \$137,000; 15 per cent on taxable incomes from \$137,000 to \$302,000, and 10 per cent on any income above \$302,000.
5. The measure would reduce the present ceiling of 85 per cent at which any income can be taxed, to 81 per cent in 1947 and 78.5 in 1948.
6. Persons over 65 years old would be given an extra annual exemption of \$240, bringing their exemption to a total of \$1,000.

## Stassen Urges Rebuilding Of Ruhr By U.S.

SWARTHMORE, Pa., June 16, (AP)—Presidential aspirant Harold G. Stassen called on the United States today to rebuild the Ruhr "as a center of modern peoples' capitalism in Europe."

The former Republican governor from Minnesota, in a clear-cut statement of his economic policy, advocated redevelopment of the Ruhr "without socialization and without monopoly, with the workers sharing in the fruits of high production, with its owners and managers making a profit from high production."

In an address prepared for the Swarthmore College, Stassen also listed as "priority" aid for "the rapidly dwindling dollar credit of England, 'this sturdy old, our friend and our ally.'"

"There is currently more danger from mistakes and errors of American world economic policy than in any other major question in this country," said Stassen, adding that the questions of "peace and plenty and freedom" hang in the balance on our economic policies.

He urged bipartisan support of a program in which the United States, which he said produces more than one-fourth of the world's goods and services, should lead the way towards "economic freedom of man, developed to the high degree through modern capitalism."

Only once did Stassen refer to Russia, where he spoke with Premier Josef Stalin last winter. The reference came when he spoke of the Ruhr development.

"Action in the Ruhr," he said, (Continued on Page Three)

## U. S. Paper Supplies Reach Record Low

NEW YORK, June 16, (AP)—The American Newspaper Association said today reporting daily newspapers had on hand and in transit at the end of May the lowest supply of newsprint on record.

The overall average of 23 days' supply at the end of May compared with 32 days at that 1946 date, 43 at the end of May, 1945, and 38 days in 1944.

Dallas reporting to ANPA used 302,994 tons of newsprint in May, an increase of 18.9 percent over 256,484 in May, 1946, and 16.2 percent over 220,837 in that 1944 month.

Total consumption of newsprint for all types of uses was estimated at 415,990 tons for May and 1,956,127 tons for the first five months of 1947. Reporting newspapers used 1,427,973 tons in the first five 1947 months, representing an increase of 18.9 percent over the 1946 period and 16.6 percent over those 1944 months.

## No Chance Is Seen For Overriding Of Presidential Veto; Bill Said Unsound

WASHINGTON, June 16, (AP)—President Truman told Congress in his tax veto message today that "despite many gloomy predictions, there is no convincing evidence that a recession is imminent." He made the statement in discussing arguments that a tax reduction now would add to consumer purchasing power and help maintain employment.

NEW YORK, June 16, (AP)—Wall Street absorbed the news of the tax bill veto without a noticeable shock today as the stock market resumed its recent recovery move.

WASHINGTON, June 16, (AP)—President Truman vetoed today the \$400,000,000 tax reduction bill, virtually killing any possibility of a cut in income taxes this year.

The republican-dominated Congress will vote on whether to pass the bill over the veto, but backers of the legislation conceded they saw no chance for success. It requires a two-thirds vote to enact a law over the President's disapproval. Leaders said that can be mustered in the House, which will vote tomorrow, but not in the Senate.

In a message to Congress, Mr. Truman said the bill "offers dubious, ill-considered, and risky benefits at the expense of a sound tax policy and is, from the standpoint of government finances, unsound."

"The President declared it offers 'the wrong kind of tax reduction, at the wrong time,' he added: 'Proposals for tax reduction must be examined in the light of sound and carefully related fiscal and economic policies. Unless they are consistent with the demands of such policies, they should not be approved.'"

It was the second time in history that a President has vetoed a tax bill—and the first time one providing a tax cut has been (Continued on Page Three)

## Flood May Reach 40 Year Record Peak In Missouri

KANSAS CITY, June 16, (AP)—The latest flood threat on the Missouri River was centered today at St. Joseph where the "Big Muddy" reached a stage of 20.3 feet the highest water at that point since 1908.

Harry Aldrich, chief forecaster of the U. S. Weather Bureau here, said the river had a long flat crest from St. Joseph to Rulo, Neb., where the river has been almost stationary for the past 36 hours. The Rulo reading at 9 A. M. was 20.6 feet. Aldrich said A. M. was advising St. Joseph to prepare for a crest of 20.5 feet.

The U. S. Army Engineers said they had received no early reports from St. Joseph, except that water was seeping through the levee protecting Rosecrans Air Field and was moving in on the road connecting the field with the city.

KEOSAUQUA, Ia., June 16, (AP)—The flood crest of the Des Moines River reached this little town early today, caused damage in the business district, and moved downstream toward the junction with the rising Mississippi near Keokuk. Throughout Iowa the flood crisis had eased at nearly all points.

At Ottumwa, 30 miles upstream from here, the industrial city's 32,000 residents rode out the brunt of the flood yesterday without panic and with no reported loss of life.

At Cedar Rapids in eastern Iowa, meanwhile, the Cedar River crested at 18.25 feet, highest since 1933, but did no major damage.

## BUILDING PERMIT

James Bryan has obtained a City permit for construction, now under way, of a 41 by 45 foot concrete block building at Park Avenue and Twenty-fifth Street at estimated cost of \$12,000. The building will be used for restaurant purposes.
