

Mail Order Houses And Big City Stores PAY NO TAXES IN SANFORD

... Local Property Owners
Must Carry The Entire Load!

You are not helping your town when you buy from a mail-order catalogue or when you do your shopping in the large stores of nearby cities.

Keep Your Money Working At Home

You can help make business good here this summer by keeping a resolution to do all your buying in local stores, and to urge others to do so, too. The money spent here will help you, your friends, and all the town.

A Good Citizen

After he had made out his mail-order from a big catalogue, a carpenter took it to a home-town store. "Jim," he said to the storekeeper, "these are things I need. Get them for me please."

The surprised merchant exclaimed, "But you've been dealing directly with this mail-order house for years."

"Ye, and a fool I've been to do it. You can sell the stuff to me at catalogue prices, yet make a little profit. That profit you will spend right here . . . use some of it to help make up the salary you pay my daughter who clerks for you. I've been a big fool, Jim, to send my dollars to a city store to pay the wages of some other guy's girl."

State Department Ordered To Start "Truth" Campaign

Draft Of Plan Being Considered By Senate Subcommittee; Ike Supports Move

WASHINGTON, July 5—(AP)—Secretary Acheson today said the State Department, on orders from President Truman, has drafted a big new information program "to use the great power of truth in working for peace."

The new plan now is being considered by the President, Acheson told a Senate Foreign Relations Subcommittee.

The Secretary said the broader and stronger information and education program is dedicated to carrying out principles and purposes set forth in a resolution by Senator Benton (D-Conn.).

Benton's resolution, now before the subcommittee, calls for a "Marshall Plan of Ideas," including a vast increase in "voice of America" broadcasts overseas.

Central George C. Marshall and Dwight D. Eisenhower, army leaders of World War II, gave strong support to Benton's plan for his proposal aimed at countering Russia's world propaganda campaign against the United States.

Acheson said the U. S. has been a special target of a Communist campaign of "falshood and abuse" which "jeopardizes the security of the United States, and is a threat to the security of the free world."

He said the red efforts to misrepresent and discredit the American way of life and America's foreign policy have "primarily a great strategic value in the furtherance of Communist world objectives."

In reply to a question by Senator Lodge (R-Mass.), Acheson said his department needs no additional authority to carry on the broader program contemplated. But, he said, it will need more money.

The House has approved a \$4,000,000 budget for the voice of America program next year. One Senator has said the Senate Appropriations committee has trimmed this amount to \$2,000,000.

The Secretary said totalitarian regimes cannot flourish where the truth is broadcast.

Congressmen's Pay Raise Is Met With Impassable Block

WASHINGTON, July 5—(AP)—Rep. Murray (D-Tenn.) threw an almost impassable block today in the path of a proposed \$7,500 a year pay raise for members of Congress.

Murray said the House Civil Service Committee which he heads, will conduct no hearings and give no consideration to bills tacking the pay of Congressmen.

The most recent bill referred to Murray's committee was sponsored by Rep. Norton (D-N.J.) and would increase salaries from \$12,500 to \$20,000 a year. It has been introduced by House Democratic Leader McCormack of Massachusetts.

"This is no time to raise the pay of Congressmen," Murray told his colleagues. "With the budget unbalanced and the international situation the way it is, we should be thinking of ways to save money."

Possible Third War Seen By Churchill

LONDON, July 5—(AP)—Winston Churchill declared today a Communist victory in Korea would result in World War III.

The 75-year-old wartime prime minister, now leading the Conservative opposition, joined Laborite Prime Minister Ailes in the House of Commons in stating that aid given South Korea by the United States and Britain is the best means of maintaining world peace.

"Only one thing is essential now," Churchill said, "namely, that the step which the Communists have taken in Korea should not end in their triumph. If that were to happen, a third World War in conditions more deadly than now exists would be forced upon us before we could be ready to meet it."

At the end of his speech, Churchill said the world is indebted to the U. S. for its help to South Korea.

Reds Ready For Far East Move, Observers Say

Spokesman Declares Chinese Communists May Enter Battle

HONG KONG, July 5—(AP)—Diplomatic observers today predicted Soviet Russia is setting the stage for a surprise move against the United States in the Far East.

They said the Russians, probably would rush Chinese Communist troops from Manchuria to aid Soviet-supported North Korea in the Korean civil war.

Such a move "can be expected any time within the next month, and probably within two weeks," they added. All demanded anonymity.

One observer gave these reasons for forecasting a Soviet offensive in the Far East:

1—His country (and he declined use of his nationality as well as his name for diplomatic reasons) has "definite word" that the Chinese Reds have been massing troops in Manchuria since they captured Hainan Island, off the South China coast, a month ago.

For three years, independent Chinese newspapers here have reported intensified Communist troop movements northward from South China. My informant's word today is the first official word that this redeployment of Chinese Red forces actually has been going on for some time, and with a definite pattern.

The diplomat added that the Chinese Red troops in Manchuria can be expected to cross into North Korea as Russia's answer to American support for the South Korean government.

The recent withdrawal from Tokyo of high level members of the Soviet Mission could be considered an "indication that something big is brewing," he declined to elaborate.

Diplomatic observers agree generally that Chinese Communist participation in Korea is virtually certain. Nevertheless, they also are inclined to believe that Soviet Russia has not yet made up her mind as to how far she is ready to go in the Far East at this time.

One observer, pointing out that the Korean conflict has not yet appeared as the lead story in Communist Chinese dailies, said: "We know for a fact that the newspapers in South China have explicit orders not to comment on policy matters pertaining to the situation in Korea. This most probably means that the Russians themselves have not yet reached a policy decision on this matter."

Independence Day Death Toll Rockets Toward All-Time High

By ASSOCIATED PRESS. Accidental death struck down at least 739 Americans during their four day Independence Day week end. The toll was much higher than expected, and rocketed toward the all-time high set in 1936-761 deaths.

Citizens died in traffic crashes, by drowning, and by miscellaneous accidents at a little better than one every 10 minutes during the 102 hour period between 6 P. M. local time Friday and last night at midnight.

Highway smashups claimed 468 lives in what was predicted as the biggest U. S. traffic jam in history.

Water deaths totaled 165. Miscellaneous kinds of mishaps killed 112.

No one was reported killed in Fourth of July fireworks tragedies, but the other deaths were added to with Independence Day celebrations.

The National Safety Council had predicted that 285 would die in traffic crashes. But the toll mounted and mounted as the holiday drivers moved along the highways.

Midway through yesterday, as death figures kept piling up, Ned E. Dearborn, council president, issued a new driving appeal to "try not to be one of those 270 who die in traffic mishaps, 75 percent of which can be avoided."

NEW HOMES

Mr. and Mrs. Harry Lee recently secured a City permit to erect a new home facing Lake Meade and on the east side of Sumner Avenue. The cost is estimated at \$19,000.

Another recent permit was that secured by Mr. and Mrs. E. W. Mann to erect a concrete swimming pool at 181 West 27th Street. It is estimated at \$10,000.

Left Behind By Refugee Train

THROWN BACK into the path of war, these refugees could not get aboard the last train to depart Suwon, jammed with Korean evacuees. Unable to leave the area, residents of towns near the 38th Parallel were trapped between invading Communists from the north and southern troops fighting bitterly for control of Suwon's airstrip. Bandit Leader Killed After 7-Year Chase

PALERMO, Sicily, July 5—(AP)—Salvatore Giuliano, will-o'-the-wisp bandit king who proclaimed his own Sicilian government and taunted Rome for its desperate seven-year attempt to run him down, was shot and killed in his mountain hideout just before dawn today.

The Italian government said the death of the colorful 28-year-old Robin Hood of the hills meant the end of banditry in Sicily.

Commando police were hot on the heels of Giuliano for the past two weeks. In the last few days his last in the hills of Castelvetro, he closed in, surrounding him in 50 miles from Palermo.

Giuliano tried to shoot his way out of the house in which he was hiding. Police opened fire with sub-machineguns and cut him down, ending in a blaze of fire the career of a man whose band was accused of killing nearly 100 policemen. Some of Giuliano's comrades escaped.

The special detachment of 3,000 police which had been trailing the outlaw trapped him with a radio car camouflaged as a newspaper truck. When Giuliano left his hideaway house to go to another building, the police sprang the trap. The battle was brief. The bandit king fell with police bullets in his chest.

Meanwhile, in London Romania announced the expulsion of Roman Catholic Bishop Gerald Patrick O'Neil, last diplomatic representative of the Vatican in Rome.

Two other members of the Apostolic Nunciature—in which Bishop O'Neil was included—were also expelled.

Monroney Leads In Oklahoman Primary Race

OKLAHOMA CITY, July 5—(AP)—Incumbent Elmer Thomas trailed Rep. Mike Monroney by more than 5,000 votes today as tabulation of yesterday's Democratic Senatorial primary election neared completion.

A run-off election July 25 was assured by the other five Democratic candidates who had more than 100,000 votes.

It issued a new formal statement yesterday after being hit with a fresh flood of rumors that such action might be impending.

However, the first—and strictly limited—move toward building up more military manpower did come in the Air Force. It announced that a number of reservists, both officers and men, who are experts in electronics (radar is a major branch) would be put on active duty "on a voluntary basis."

This was not mandatory orders in report for duty. Nor did it appear to involve any large numbers of men. The call to active duty was for the Continental Air Command, the operations of which are within the United States. Radar warning for aircraft is part of the duty of the Air Defense Command.

The Army said: (A) "It is not contemplating asking for authority to have any reservists and reserve units called in the foreseeable future; (B) That "neither does the army plan to ask for application of the Selective Service law as long as its authorized strength can be maintained by voluntary enlistments."

ZONING BOARD

The Zoning Board of Adjustment will meet Thursday night at the City Hall to consider a request to use a former church building at Holly Avenue and Fifth Street as a lumber store house for the Superior Lumber Co.

Members of the board are J. L. Ingle, Edward Higgins, Frank Ashdown, H. James Gut and Edward P. Lane.

PLANT PATHOLOGIST

Dr. R. W. Runzsch, director of the Central Florida Experiment Station, announced today the addition of a new member to his staff, Dr. George Swank, Jr.

Dr. Swank is a native of Ohio and received his doctor's degree in plant pathology from Ohio State University in June. He and Mrs. Swank live at the Rose Court Apartments.

Bombers Fly Sixteen Sorties Against Railway Targets; British In Battle

TOKYO, July 5 (AP)—The Air Force hammered Northern Korean targets today from Pyongyang, the capital, down toward the front in the south.

Heavy damage was inflicted at Pyongyang, its port of Chongnamp, and at Hamju just above the border, the communiqué issued at midnight (9 A. M. EST).

As the army moved more supplies and munitions from Japan to Korea by air and sea, bombers flew 15 sorties against rail targets north of Muanan, a town just above Seoul in the southern zone. Good results were reported. Fighters flew 158 sorties, seeking out trucks, buses, locomotives, and a rail trestle, the communiqué announced.

A 12-car train was set on fire, a locomotive damaged, and tracks and a bridge were hit with rockets and strafing fire.

The land-based lanes struck after American and British carrier planes slashed at the northward-bound trains in the Korean civil war.

The planes were from the American carrier Valley Forge and the British Triumph.

They halted their forward attacks on Pyongyang, capital of the North Korean Communists.

Two Russian-supplied Yak fighters were shot down by the communiqué said, and six Yaks and two Il-2s were strafed on the ground.

"There were no personnel casualties during the two day strike," the communiqué added.

Vice Admiral Charles T. Jukes, commander of naval forces in the Far East, called the raids "highly successful."

The strike was directed by Vice Admiral Arthur D. Stubble, commander of the U. S. Seventh Fleet, to which the Valley Forge is attached.

The naval fighter planes heavily damaged the building and hangar.

Services Tomorrow For C. L. Sutherland

Funeral services will be held at Erickson Funeral Home (Clare) tomorrow at 3:00 P. M. for Clarence L. Sutherland, 70, who died Monday night at his home on 2804 South Sanford Avenue.

The Rev. J. R. Farris will conduct the services and burial will be made in Evergreen Cemetery.

Mr. Sutherland was born in Rockville, Ind. Sept. 9, 1879 and lived in Sanford for the past two years. He was a retired warehouse foreman of Decatur, Ill., where he was a member of the First Christian Church.

Survivors include the widow of Sanford; one brother, O. E. Sutherland of Omsley, Ill. and one sister, Mrs. Doyle Henderson, also of Omsley; and several nieces and nephews.

No Mishaps Mar Seminole County Weekend Record

Not a single traffic accident occurred during the holiday yesterday in Seminole County as reported by Sheriff J. W. Starnes, who is in charge of the Sheriff's office and the Seminole Police Department.

State Highway Patrolman R. D. Harrison reported five arrests for traffic violation, however, as he patrolled the automobiles that streamed along the highways bound for the beaches.

Local policemen did a lot of patrol work, and Police Chief Roy G. Williams, and many law-enforcement men were alerted. He stated that he did not hear a single tire crackle go off during the day.

Many local citizens went to the beaches, and others to the American Legion picnic at Sweetwater Park, Oviedo, where more than 1,000 adults and children enjoyed a barbecue, and a program of dancing, swimming and games.

Lee G. Gony, mayor of Oviedo, served as master of ceremonies and introduced County Judge Douglas Stenstrom, and Ed Levy Whitner, manager of the Sanford Golf and Country Club.

Fifteen Coast Guard auxiliary boats and a Coast Guard plane from St. Petersburg are conducting the search.

W. R. Schley, Jr., of Panama, Coast Guard auxiliary commander, said a small skiff which was washed toward Lewis after he fell overboard from the disabled fishing craft was found empty yesterday.

The skiff was found several miles from where Lewis went overboard.

Lewis was fishing with Robert Culpeper, Camille and a group of friends. Lewis, a Navy lieutenant in the recent war, was said to be a good swimmer and searchers believe he may have reached one of the numerous small islands in the bay area.

Meanwhile, in Tampa a tugboat workman returning from a Fourth of July celebration drowned in Your Channel here after falling overboard.

U. S. Troops Fight For Freedom On National Independence Day

United States troops moved forward in a foreign land yesterday in the name of freedom. And here at home they felt the anniversary of this nation's Independence, war won 174 years ago.

As in past years, the homelink thronged the beaches, ball parks and vacation spots. The weather was close to ideal most places. Hot dog and soda pop stands did a booming business. Fireworks, bands and barbecues got their usual

share. Monument grounds, At Valley Forge, Pa., General of the Army Dwight D. Eisenhower told Boy Scouts of 21 countries that the U. S. decision to aid the South Koreans was "inescapable" with the only alternative "another kind of Munich."

In Washington, President Truman passed the day quietly at home, reportedly keeping in close touch with developments in Korea. Echoes of the Far Eastern struggle reached into the Pentagon and other key federal agencies where many gave up the holiday to work.

John Foster Dulles warned the nation that it faces a heavy task in its struggle with Communism and "before it is finished we shall all have to pay a price."

Armored Column Seen Aimed For Taejon; Setback Has U. S. Officers Worried

TAEJON, South Korea, Thursday, July 6—(AP)—A sizable part of South Korea's army appeared last night to be in full retreat from the area where U. S. forces made their first contact with North Korean Communist invaders.

By ASSOCIATED PRESS. Communist troops and tanks trapped an American infantry post today and pushed a mass of apparently aimed at looting of the whole Suwon-Ichon sector.

The spearhead of the Communist push reached the area of Oan, 11 miles south of Suwon, it seemed designed to open the way for a drive on Taejon, military center 73 miles south of Suwon.

The Communist tank thrust, coming after an engagement with American artillery units which cost the Red two tanks, blocked off the escape route for an undisclosed number of GIs in the advance infantry position. The North Korean Reds, meanwhile, poured reinforcements into the blazing battle area while U. S. arms and men flowed in a steady stream from Japan by sea and air.

The setback on the fighting front had the Americans anxious. The situation of the Americans was reported "desperate", but some hope was held out. An undisclosed number of South Koreans were also caught.

An advanced American headquarters spokesman said there was a chance the Americans could punch their way out of the Communist pocket and make a safe withdrawal. The Americans, following on a possible south of Suwon, had met a red spearhead of eight tanks with artillery fire.

Front dispatches and the Red tanks wheeled suddenly and continued maneuvers between the lines.

County Clerk Is Asked To Set-Up Defense Council

County Clerk O. P. Herndon was ordered today to organize a defense council. Local Citizens in order that citizens may be prepared for any emergency resulting from the present world crisis.

The order was received today from Col. R. G. Hosen, director of State Civilian Defense, whose office is in Jacksonville.

"It is deemed urgent that plans be started at once," wrote Col. Hosen, "and that an executive committee for each county or city should be formed as early as practicable."

"Every county and city in Florida, regardless of size or population, should prepare for its defense and the mutual support of its neighbors," he stated.

Mr. Herndon announced this morning that he is in the process of appointing an executive committee which will meet immediately, and which will select a chairman. The positions in the council will then be filled.

LIMITED APPROVAL

WASHINGTON, July 5—(AP)—Secretary of the Treasury Snyder today gave a limited endorsement to the House-approved bill cutting excise taxes by \$1,010,000,000 and raising levies on big corporations.

With words of mild criticism, Snyder implied, too, that he feels the House went too far with excise taxes.

Daytona Beach Islanders Thump All-Stars, 9 To 1

Winners Gather Thirteen Hits Off Of Four Star Pitchers; Ed Saez Is Loser

DAYTONA BEACH—The Daytona Beach Islanders slammed 13 hits off four pitchers last night to defeat the Florida State League All-Stars, 9 to 1, with 2,200 fans crowding the stands.

The Isles scored two runs in the first inning on singles by Jack Healey and Dick Steilera, and a double to left by Lee Hipp. From then on the game was never in doubt.

Clyde Stevens in the three innings he worked allowed six hits, four walks, and scored three runs. Stevens was charged with a wild pitch. The Sanford hurler gave the Isles six of their nine runs.

Star Ed Saez of Deland was charged with the loss as he gave up six hits and three runs in his Brooklyn of Orlando and Red Roberts of Deland, who also took a three-inning job. He was followed by Clyde Stevens of Sanford, Ed turn at first base.

It marks the first time the Daytona Beach Islanders club has beaten an all-star team. Only one previous all-star game was ever played here that in 1938 when the Isles lost by the score of 25 to 2.

HAWAIIAN CHAMP

LOUISVILLE, Ky., July 5—(AP)—Many members of the National Public Links Golf Tourney gallery viewed the championship clincher of an unemployed paper goods salesman from Hawaii today.

Others stood by a San Francisco sewer-car policeman and a woman named to watch out for a Phoenix lumberman.

Of course there was always the chance that some upstart from another branch of the working-man country might move in and steal the title show. That's what the public likes to see. It can be won by anybody who is a millionaire, or otherwise a member of the Country Club set.

His play is closed to all except bona fide public, green-fee-paying boys who do most of their playing on days away from the office.

The unemployed paper salesman whose play has carried him to top spot among the still-unconfirmed favorites is Frank Kiehlwick of Honolulu, long-hair and "Sam Sneed of the Islands."

ENOS SLAUGHTER
ST. LOUIS CARDS' VETERAN OUTFIELDER WHOSE 1934 SEASON COULD BE HIS BEST IF HE EVEN STAYS CLOSE TO HIS EARLY JUNE PACE!

THOMASVILLE, Ga., July 5—(AP)—The title in the Piny Woods Golf Tourney belongs to an old tournament hand, Jimmy Lee of Tallahassee, but he had to down a novice to get it.

Lee defeated Don Bisplinghoff, the 15-year old golfer from Orlando, 5-4 to win the 32 annual Piny Woods tourney over the par 72 Glen Arvee course.

Bisplinghoff, almost a beginner at tournament play, consistently outdistanced Lee on wood shots and it was only choppy play on the green that cost him the match.

Lee shot consistent golf and went over par only twice in the final day's play. It was the first time Lee has managed to win a Piny Woods meet although he has entered several times before. The victory was also the fifth straight tournament win for Lee this year.

Lee held only a two-up lead after the first 18 holes yesterday and the young Orlando golfer trimmed that to one up before Lee's consistency paid off and he pulled away first nine of the final 18.

Meanwhile, in Detroit, chain-smoker Lloyd Mangrum won \$2,600 top prize money in the Motor City Open Golf Tournament but may have touched off a minor feud with Sammy Sneed while doing it.

The dapper Chicagoan noosed out Sneed by one stroke, coming from behind in the final nine holes of the 72-hole play to win with 274 as Sneed ran into rough going.

Sneed, No. 1 money winner among the nation's golf pros this year, blew a three-stroke lead on that final nine, climaxing his day by missing a four-foot putt for a birdie on the 18th hole that would have given him a tie with Mangrum and sent the match into a sudden death playoff. He had to settle for a 3-2.

Mangrum reportedly lashed Sneed when he went to the locker room after the match and jokingly congratulated Sam on missing the putt.

Tall Jim Ferrier of San Francisco wound up in third place with a 276 good for \$1,400 prize money.

A completely new sod will be ready for Penn State's opening football game against Georgetown in September.

Southern League Still Faced With All-Star Problem

By ASSOCIATED PRESS
The Southern Association's big question—"Who will meet the All-Stars?"—still stands.

If Atlanta defeated Birmingham 5-1 last night the Crackers look like the team to play the All-Stars July 18. If Atlanta didn't defeat Birmingham, and Haron Manager Mike Higgins is asking Southern President Charlie Hurth some pertinent questions about the game, then Atlanta is a long way from clinching the All-Star host honors.

The records today say that Atlanta won and increased its lead over second place Birmingham to six games. But Higgins charges Atlanta Manager Dixie Walker with committing a baseball felony by changing his pitching choice after submitting his lineup to the managers.

Hurth will decide if Walker is guilty. If Hurth rules in favor of the Higgins protest then Atlanta leads by only one game and that's a narrow margin with five games to go before the Sunday night deadline to determine who plays the stars.

For about a month the all-star question has been the best in Dixie. The Higgins-Walker controversy added to it last night in the first game of a doubleheader and what happened in the second game made the query better than ever. Birmingham and Atlanta stood each other down for 16 innings and still didn't decide who won. The final score was 4-4.

That tie brought an end to the southern's big series of five games with Birmingham winning bracketed by question marks and three times, Atlanta's victory still one game ending in a tie.

At Henneschek, who Higgins claims has illegally entered in the first game, was a brilliant choice legally or not, it gave the Braves only two hits. One was homered by Fred Hatfield, Atlanta's star rookie Ed Matthews honored and tripled.

Hatfield enered with another homer in the second game which was the big break in helping Birmingham overtake the Crackers. After the fifth inning Atlanta held a 4-1 lead but frittered it away in the seventh, eighth and ninth innings. From then until the game was stopped by curfew it was a pitcher's battle between Birmingham's Earl Caldwell and Atlanta's Art Fowler.

A week ago Chattanooga complained about the pitchers the current Washington Senators took from the Lookouts. Now Chattanooga fans should be celebrating about the pitchers sent down from the Senators—Dick Weatherth and Lloyd Little—shutout mighty Nashville in Sulphur Dell 3-0 in the first game of a doubleheader. The second game was the loser but about every game loses when they're pitching against a no-hitter for nine innings. Pete Modica missed a fourth-inning home run and scored twice.

Mobile and New Orleans split their doubleheader. Mobile's defeat Bears' second game 5-4 kept the opener 4-2. Pete Wojey had four hits to win the opener. Al Grunhitter led in the second game's seventh inning to win for New Orleans.

The Little Rock Travs won their 21st game of the season with a fine shutout pitching job by Art McConnell. The Travs defeated Memphis 3-0. The game was delayed for two hours by rain and the scheduled second game never came off.

Brooklyn Dodgers Dominate League All-Star Squad

NEW YORK, July 5—(AP)—The stumbling Brooklyn Dodgers dominate the National League All-Star squad today. Manager Ben Shotton. They got seven of the 25 jobs.

Shotton included his two new—23-year old Robin Roberts and Jim Konstanty, strictly a reliever with a puzzling sinker. Despite his 11-win record, Boston's Johnny Sain is passed up for his left-handed teammate, Warren Spahn, last year's starter, Ewell Blackwell of Cincinnati is back for the fifth time. Bob Rush of Chicago is the eighth man.

Janen, Roberts, Konstanty and Rush will see their first All-Star service. So will five other Nationals, including the starting third baseman, Willie (Puddin' Head) Jones of the Phils and outfielder Hank Sauer of the Cubs.

The starters, except pitcher, were picked by fan vote with 3,167,326 participating. All must play at least the first three innings. No pitcher is allowed to go into extra innings unless the game goes into extra innings.

So Shotton had no say in his starting lineup, except the pitcher. That he will announce at Chicago Monday.

Stan Musial of St. Louis will be on first base, Jackie Robinson of Brooklyn is the fans' second choice, Marty Marion of St. Louis, selected 26th in seventh place, is the starting shortstop and Jones at third.

Shotton named the Dodgers' Gil Hodges for first base relief and Pee Wee Reese for shortstop. He also chose two extra second basemen—Red Schiefelbusch of St. Louis and Eddie Stanky of New York.

Behind the starting outfield of Enos Slaughter of St. Louis, Ralph Kiner of Pittsburgh and Hank Sauer of Chicago, Shotton called on Duke Snider of Brooklyn, Johnny Wyrostek of Cincinnati, Dick Slater of the Phils and Andy Pafko of the Cubs.

Roy Campanella of Brooklyn, the fans' choice and probably unanimous selection of all baseball men, is the No. 1 center. He'll be helped by Boston's Walker Cooper, named for the eighth time.

Writer Figures Out Average League Gate

NEW YORK, July 5—(AP)—The average major league baseball crowd for July 4, 1950—28,531. The average major league baseball crowd for July 4, 1949—28,531.

That's right. Your figures are okay. It's just another oddity added to the many strange things which baseball has produced this season.

The biggest baseball throng yesterday was the 42,216 at the Polo Grounds where the New York Giants and the Brooklyn Dodgers split. The four National League parks attracted 199,714 fans against 118,436 in 1949.

The total for the three American League parks was 87,028. A

erred three bases on balls and an error put the fourth man on first.

The left-hander's masterpiece was the first in of a doubleheader. Savannah won the nightcap 15-2.

Jaroslav Drobny Is New Favorite To Win Wimbledon

WIMBLEDON, England, July 5—(AP)—Jaroslav Drobny, the left-handed tennis player with the sizzling service, was the new favorite today to win the all-England men's singles championship.

The wise boys were loosening their money on the self-called Czech, who had entered international lawn tennis events as an Egyptian.

Drobny, who figured before today's quarter-final matches, had the greatest incentive of the four survivors. If he wins the tournament, he is expected to turn professional with Bobby Rix's American circuit.

American has not lost a set reaching today's semi-finals against top-seeded Frank Segismund, the 22-year-old Australian champion. Drobny's powerful service and skillful volleying figured to guide him past the young Aussie.

The Drobny-Segismund match shared the spotlight with an all-American clash, which saw Vic Seixas of Philadelphia and Budgie Patty of Los Angeles, both stylish cross racketeers, duke it out.

The winners will meet in the finals Friday.

Patty was favored because of his experience in top class tennis. The players are evenly matched, however, each having two backhand strokes and hard services.

It was a mixed program today, with the four quarter-final matches in the women's singles, plus scattered matches in men's, women's and mixed doubles.

The women's singles lineup included a match between Doris Hart of Jacksonville and Barbara Scofield of Miami.

BRUNSWICK, Ga., July 5—(AP)—A near record breaking back nine was what Hobart Manley, Jr., of Savannah needed to win the Golden Isles Golf Tournament—and that's what he turned in to down Valdosta's dynamite Goodloe.

Manley posted a 12 under par 276 over the 72 hole tournament to down Goodloe by two strokes yesterday. The Savannah golfer—one shot behind with eight holes to go—closed with a 32 for the final back nine, only one stroke off the record he set the previous day.

Goodloe and Manley made the finish a family affair as third place winner Carroll McNeill of Douglas trailed with a total of 285.

year ago, that circuit's full schedule drew 138,363 fans.

For both leagues yesterday, the total was 199,714. In 1949 it was 250,781.

What's in a Name?

SHAKESPEARE has Juliet say in "Romeo and Juliet": "What's in a name? that which we call a rose By any other name would smell as sweet."

Nevertheless, there is something in a name—something the name signifies. This Whiz Quiz is a test of knowledge of the original meanings of some common names, i. e., their meanings in the languages in which they originated.

Originally Patricia, the given name of Miss Vaniver, the New York model posing above, meant 'noble'. Match up these other common names with the definitions at right which, of course, are not given in proper order.

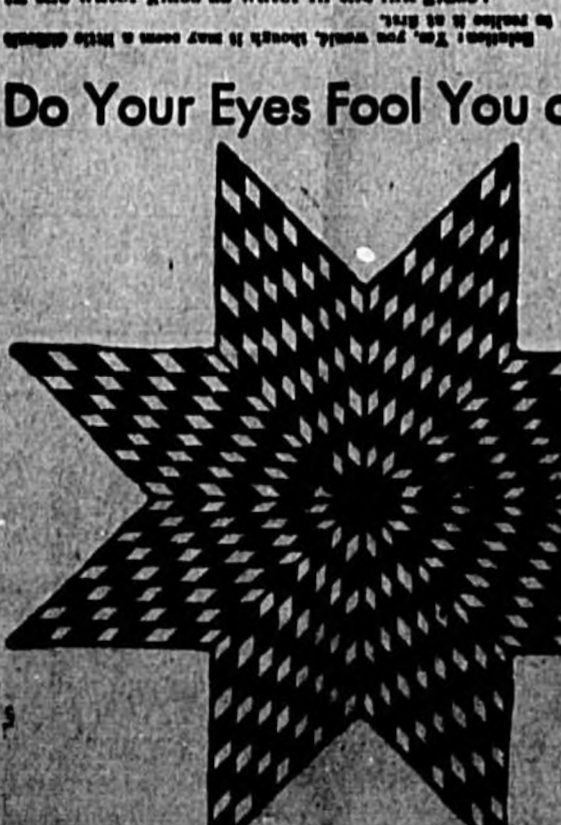

- (1) Evelyn (A) Pure
- (2) Katharine (B) Young shoot
- (3) Eleanor (C) She shall add
- (4) Chloe (D) Happy, rich
- (5) Lucille (E) A lamp or torch
- (6) Edith (F) Hazel nut
- (7) Gertrude (H) Bitter
- (8) Mary (I) A pearl
- (9) Margaret (J) Very faithful
- (10) Frances (K) Free
- (11) Josephine (L) Light
- (12) Elizabeth (M) Oath of my God

It so happened that Harry, the name with which Mr. Truman was christened 59 years before he became Chief Executive, signifies 'chief of the house'. See if you can match up these common masculine names with their original meanings:

- (13) Robert (N) A twin
- (14) Nigel (O) Somewhat black
- (15) Guy (P) Warrior-wolf
- (16) Thomas (Q) Lover of horses
- (17) Ralph (R) Red beard
- (18) Philip (S) Mistletoe
- (19) William (T) Very powerful or rich
- (20) Walter (U) Protector of rest
- (21) Richard (V) Son of old age
- (22) Benjamin (W) Tiller of soil
- (23) Donald (X) Brown stranger
- (24) George (Y) Wood master

Dividing Up the Books

WHEN Doctor White died, his library of 100 valuable medical books was divided among his five sons, all of them doctors also. Ben got many less than Arthur as Edward got less than Dan. Charles got as many more than Dan as Ben got more than Charles.

How many did each son receive?

The first concession that met the kiddies' eyes was the carousel. Bill sought out the owner and made him a proposition.

"You charge ten cents a ride," he explained, "and I have five children with me. Here are twenty dollars. The kids will want to ride on different animals and will change their places after each ride. Let them continue to use the merry-go-round as long as they do not wear themselves in exactly the same order twice."

The owner readily agreed to do this. At fifty cents a ride for the group, he reasoned, the twenty dollars would pay for forty rides. Long before that amount had been taken, the kids would repeat one of their formations. But, he reasoned without Bill.

The latter superintended the changing of the youngsters' mounts and kept track of the order on a sheet of paper. How much money did Bill make or lose on this transaction?

The other children on the carousel, or the number of animals have no bearing on the problem. It is only the order of Sally's little relatives that we are concerned with.

When a freight did come along, it was going in the wrong direction for the traps and he decided not to accompany Mr. Doakes. But he, pleased by their hospitality and friendliness, gave them two dollars and suggested that they divide it in proportion to the amount of rolls each had given him. What was the proportion?

Merry Go Round

It was had enough that Bill's best girl forgot about her date with Tom instead of a dance with Bill. What hurt all dressed up, at Sally's house, that he was induced to take the five younger members of the family to the Fireman's Carnival.

The show grounds were teeming with refreshment booths

and sidehows and Bill saw little prospect of saving any of his salary for his week's lunchea and carfare, unless he did some fast thinking. If he could keep the children occupied with one thing the whole evening, they might overlook the more expensive attractions.

The first concession that met the kiddies' eyes was the carousel. Bill sought out the owner and made him a proposition.

CROSS-NUMBERS MAKE A PROBLEM

THE cross-number puzzle is solved in somewhat the same manner as the popular cross-word puzzle. Numbers, however, are used in each of the numbered horizontal and vertical rows of squares. Instead of words, the figures "cross" just as do the letters of the words. A clue to each number is given in the sum of the digits that compose it.

WHAT REPTILE'S NAME IS HIDDEN?

JUST by looking at these five familiar objects, you can find a snake.

Write down the names of each of the objects. Select two letters from four of the words and then rearrange the resultant eleven letters so that they form the name of a well known reptile. What is it?

SHARE AND SHARE ALIKE

MR. DOAKES, a well-to-do business man, was on a hunting trip alone in an isolated region when his auto broke down. Finding no house near and knowing he was some distance from a village with a garage, he directed himself toward some railroad tracks, hoping to flag a freight and get a ride from the crew. He met two tramps who were waiting for a freight. They invited him to join their meal, which consisted of only a few rolls, one tramp having five and the other three.

When a freight did come along, it was going in the wrong direction for the traps and he decided not to accompany Mr. Doakes. But he, pleased by their hospitality and friendliness, gave them two dollars and suggested that they divide it in proportion to the amount of rolls each had given him. What was the proportion?

Civic Groups To Cooperate On Re-Check

County and City Leaders Want Another Census Count Made Of Immediate Area

Seminole County, the City of Sanford and the Seminole County Chamber of Commerce will cooperate in making an immediate re-check of population to determine if a re-count of the U. S. Census is advisable.

The decision to make the re-check was made at a meeting of the Seminole County Commission this morning when Mayor Andrew Caraway and Chamber of Commerce Manager Edward Higgins appeared to point out the need for a re-count.

The County and City will share the expense of the re-check, with the Chamber of Commerce re-counting precincts 1 and 3 embracing the immediate Sanford area, and the County Commissioners taking the responsibility of re-checks in their own districts.

Friction Between State Game Heads Flares At Meeting

TALLAHASSEE, July 6.—(AP)—The Florida Game Commission today halted an attempt to turn a meeting on hunting and fishing regulations into a discussion of friction between Commissioner M. C. Lewis of Orlando and Chairman Cecil Webb of Tampa.

There were indications controversy would come up for more discussion as soon as game regulations were settled, however. Lewis has charged Webb with high-handedness in using his position as chairman to further an ambition to be governor of Florida. He said Webb "would like nothing better than to have me removed and come on stage appointed that would go along with his desires and wishes."

Senator George Says Korean War Will Hit U. S. Tax-Cutting Dream

WASHINGTON, July 6.—(AP)—The American consumer's outlook for a multi-million-dollar excess tax cut—on movie tickets, fur coats, pocketbooks, jewelry and scores of other things—was tied tighter than ever today to the war in Korea.

Chairman George (D-Ga.) of the Senate Finance Committee summed up the tax situation today. The committee, now considering the House-approved measure to slash excises by \$1,010,000,000, "will proceed in a normal, orderly way to bring a tax bill to vote in the Senate and send it promptly to President Truman."

Criminal Lawyer Asks Fast Trial In Forgery Case

George I. Davis, noted criminal lawyer and former northern California campaign manager for President Truman, today asked a speedy trial to absolve himself of charges he was involved in a \$100,000 Chinese birth certificate racket.

He voiced a heated denial immediately after a federal grand jury indicted him and a Chinese on eight counts. The maximum sentences possible in case of conviction are 40 years imprisonment and \$80,000 in fines.

Davis, whose clients have included the late Tom Mooney, convicted in the 1916 preparedness day parade bombing in San Francisco, said he had helped seven Chinese apply for birth certificates but was guilty of no personal wrongdoing.

Earle T. Loucks Has Issued 9 New Cards

Capt. Earle T. Loucks, who this year received a gold medal from the American Legion for his outstanding work in securing 1950 memberships for the Sanford Post No. 55, is on the job again, and has already issued nine 1951 cards.

Members of the Post, who wish to be classified as early members can now obtain cards from Capt. Loucks, or get in touch with him by contacting James Hingle, post adjutant.

Truman Calls On Switchmen To End Strike

HARRY SAYS NATIONAL GUARD AND RESERVISTS WILL NOT BE CALLED TO COLORS

WASHINGTON, July 6.—(AP)—President Truman threatened today to take drastic action unless switchmen abandon their strike on five major railroads.

He called it an unjustified strike and blamed it upon a small minority of the switchmen. He said the switchmen declined to abide by the recommendations of a very able presidential fact-finding board.

Mr. Truman told his news conference he hopes drastic action will not be necessary to force the strikers back to their jobs. But he said he would act if it became necessary. He declined, however, to say what steps might be taken.

Rosalind Russell Wins Acclaim Of US Businesswomen

SAN FRANCISCO, July 6.—(AP)—Movie actress Rosalind Russell won the acclaim of the nation's business women for her portrayal of wise-cracking career woman.

The National Federation of Business and Professional Women's Clubs honored her with a special award at their convention. "Women at the Turn of the Century" program. Five other women were honored for their success in business. They included: Dorothy Wright (Jules), of San Francisco and New York, Commercial Designer and Craftsman; Irene, top designer for motion pictures and for leading U.S. stores; and Miss Diana Bourbon of Hollywood, director of radio for the west coast of a large advertising agency (Ward Wheelock) and a pioneer in radio production.

Santa Fe Trains Collide Killing Eleven Persons

Over Fifty Persons Reported Injured; Cause Of Accident Is Not Determined

GALESBURG, Ill., July 6.—(AP)—Eleven railway passengers were killed today in a freak collision of two Santa Fe railway trains running side by side.

The wreck occurred early this morning at Monica, Ill., 148 miles southwest of Chicago. Monica is 30 miles from Galesburg. A mail coach of the El Captain, extra fare all coach train running between Los Angeles and Chicago, suddenly left the rails and swerved into the Kansas City Chief, a combined pullman and coach express. This train operates between Kansas City and Chicago.

Both trains were running eastbound, toward Chicago, the Kansas City Chief was on the normally westbound track, under automatic train control. Bill Carithers, photographer for the Galesburg Register-Mail and coaches and counted eight dead who went through the wrecked four of them in a washroom. Other checks placed the number of known dead at seven. One was an unidentified woman in a Peoria hospital; four were in the washroom, and Otto Brinkman, Peoria Journal reporter, said he counted bodies of two women in the wreckage. One was badly mangled.

Sanford Man Back From Europe Is Sorry For Foreign Workers

Victor M. Green, west side grower who recently returned from a tour of seven European countries in company with 22 growers from throughout the United States, declared today that he sympathizes with the plight of the average working man both in Britain and on the continent.

Socialism prevails everywhere, he said, and added that men he talked to expressed little hope of getting ahead. "One employee of the War Department in London told me that he had not bought a suit of clothes since the war," he declared and pointed out that the men's pay for a five day week was five pounds and one shilling. A point amounts to \$2.99 American money. The average working man's pay is about \$13.50 a week, he said.

Expert Says Vice Ring Flourishes Throughout U. S.

WASHINGTON, July 6.—(AP)—A Chicago crime expert told today that the old Al Capone syndicate is still flourishing with underworld links reaching many parts of the United States. Director Virgil Peterson of the Chicago Crime Commission testified that the syndicate had formed alliances with powerful gangs and "particularly with members of the so-called Frank Costello gang in New York."

216 Accidents Are Reported To State Highway Officers

TALLAHASSEE, July 6.—(AP)—Two more people died today as a result of fourth of July traffic accidents, bringing Florida's holiday death total to nine. The highway patrol said one or two others injured in the 216 accidents reported over the Fourth may die.
