Mrs. Clark, Out On Bond, Hopes Slayer Of Mate Is Hanged

ELIZABETH, N. J., Nov. 7.—(AP)—Mrs. Priscilla Kent Clark, member of the Ku Klux Klan's auxiliary, here, hopes that the person who beat her klanman husband Will Clark to death with a five pound wedge hammer will pay every penny for his crime.

After her release on \$2,000 bail from a night in prison as a material witness in the case, Mrs. Clark's attorney read a statement denying misconduct in her relations with Joseph H. Cowan, fellow Klansman and friend of her husband, who is in jail charged with his murder.

"I have nothing to conceal," said the statement. "Cowan was a friend of the family and spent more time with my husband and mother than myself."

Cowan's attorney and relatives say Cowan has told them of what he regards as a possible clue to the murder. He says a peddler tried to put his arm around Mrs. Clark in her kitchen a few weeks ago and that when she slapped him the peddler swore revenge.

Blood stained shoes have been found in Cowan's home, it was said.

The police say the shoes fit footprints noted around Clark's garage.

Assassians Planned To Form A Republic

ROME, Nov. 7.—(AP)—The overthrow of the Savoy Dynasty and the establishment of a republic in Italy was embraced in the plot to assassinate Premier Mussolini Wednesday on the occasion of the celebration of the anniversary of the signing of the armistice with Austria. The usually well informed newspaper L'Epoca, which is of pro-fascist tendencies, in authority for the statement that the coup was intended.

While the newspaper failed even to give the source of this information, the assurance was given that it related to a statement that the monarchy had been in jeopardy, renewed the excitement throughout the city which was caused when the tale was unfolded of the plot to assassinate the premier as he stood on the balcony of the Chigi Palace, reviewing the troops on Armistice Day.

There have been additional arrests of persons suspected of being connected with the plot and still others are expected.

Pope Pius, when he was informed of the plot, was deeply moved. He expressed great pleasure that the assassians plot had been frustrated and that an "irreparable misfortune for Italy" had been avoided.

Clermont—New potato chip factory opened.

15 Acre Celery Farm

Fully equipped, 5 room house, garage, barn and stock sheds, 4 flowing wells and two mules, wagon, tractor and spray cart, truck, paper and wire for three acres. Other tools.

Booth & Gibbs REALTORS 117 Magnolia Ave.

Day By Day, In Every Way" Coue Is Better

LONDON, Nov. 9.—(AP)—Professor Emile Coue, French auto-suggestion exponent, was feeling better and better in every way today after having suffered a severe nose bleed Saturday, which compelled him to cancel a lecture at Salisbury.

"It is gone, it is gone," he remarked smilingly to inquirers this morning.

When the attack came, friends called in two physicians but their services were spurned by Professor Coue, who treated his case by repeating his famous formula: "It passes, it passes."

He had recovered sufficiently last evening to address an audience in London.

SIX IN PAYROLL ROBBERY

HARRISON, N. J., Nov. 7.—(AP)—Six men armed with revolvers held up the cashiers of the Public Service Production Company at the Jackson Street bridge and escaped with the payroll of \$13,000. Twenty-five men were robbed by the six.

Florida Leads In Largest Number Of Insurance Policies

TALLAHASSEE, Nov. 6.—(AP)—Florida showed the largest percentage of increase in new life insurance policies written in September of any state in the Union, according to the figures gathered by the Life Insurance Sale Research Bureau, of Hartford, as announced at the insurance commissioner's office here.

The new policy figures for September in Florida, according to the periodical, were \$9,905,000. Connecticut was second.

The September ratio in life insurance for Florida, according to the figures, was \$256 in 1925 to every \$100 in 1924. The ratio for the first 9 months of 1925, compared with 1924, was \$168 to every \$100, and for 12 months, ending September, 1924 compared with 1925, was \$155 to every \$100 according to the research bureau.

Oviedo—New street lighting system installed.

STEWART'S WASHINGTON LETTER

By CHARLES P. STEWART

WASHINGTON, Nov. 9.—(AP)—You need maps of northern Africa and southwestern Asia to understand fully why official Washington feels so little disposed to grant debt concessions to the French while they stick to their present imperialistic policy in these two parts of the world.

If ever a country monkeyed with a buzz saw, as government heads here see it, France is doing it now in the Riff and Syria, and, all more unfortunately, not to her own danger alone, but to others' danger, too.

By your map, you'll see that extreme northwest Africa, except the internationalized zone of Tangier, belongs to Spain. This is the Riff country, where the tribesmen are in arms against the Spanish and French. The fighting slops over into French Morocco.

To the eastward are Algeria and Tunis, French territory. They're quiet now but it's a precarious quietness. The natives resent the French rule.

To the eastward again is Tripoli, chronically in rebellion against the Italians.

Holy War Against French In Syria Is Started By Natives

PARIS, Nov. 7.—(AP)—A holy war against the French in Syria threatens. The Arabs are reported to have joined the Djebel Druze fight to death in a crusade against the mandatory power.

Unofficial advices relate that the rebellion movement is increasing in strength and that provisional governments are being established by the insurgents in various sections of the country where they control. At Damascus, it is said, a provisional government had been set up with Ramadan Pasha Ibn Shellash as military governor and Measid Bey Bakry, civil governor.

Meanwhile Damascus is sorely beset. The Djebel Druze still surround the already battered city, with which communication is reported to have been completely severed by the cutting of the railway, telephone and telegraph lines. The Druzes at intervals fire into the city, and those of the populace able to do are fleeing toward Jerusalem, Alexandria, Day and Aleppo. All street traffic has ceased and shops are closed.

RACIAL CHARGES DROPPED

WASHINGTON, Nov. 7.—(AP)—A recommendation that the railroads of the south and the Pullman Company be acquitted of charges of racial discrimination which were laid before the Interstate Commerce Commission today by one of its examiners who investigated the subject.

Tampa—Work on proposed new aviation field to get under way soon.

The Bright Lexicon of Youth

The word "fail" is not included in the dictionary of youth.

But it is repeated many times in the middle age where the fruits of the youth have been wasted.

Regular saving in youth is the protection against failure in later life.

Begin now to cultivate this habit and count in the First National Bank.

THE BUSINESS OF RUNNING A BUSINESS IS EASIER BY THE ADVERTISEMENTS.

"And Yesterday---"

You could have bought this piece of property—or that lot—yesterday—and today you could reap a golden harvest. Look at the opportunities that have been neglected. Look at what your friends have done. "Yesterday" is often injected into a real estate conversation. Recall some of the places in Sanford where you could have made big profits, had you bought at the right time. Now analyze the fact that in—

MARVANIA

You are given another wonderful opportunity to profit as others did yesterday. Marvania offers a sound investment. Its location next to Sanford's prettiest subdivision, Mayfair, and north of Fort Mellon, that subdivision which has such a historical setting, and its proximity to the new Hotel Forrest Lake, where hundreds of tourists will spend this winter, gives you your choice between an unequalled homesite or profit—or both.

Marvania merits investigation. Lots will be placed on sale this week. Make your reservation now so as to get the lot you would like to have.

Fully Appreciating the remarkable developments being made elsewhere in Florida, we propose to make **DAYTONA SHORES** the most sought after property in the entire state

DAYTONA SHORES

Ever since the wonderful increases in land values have come not alone from its climatic and geographical superiority. The climate, the scenic beauty—these were always here. It was not until MAN began such great developments as exist at Miami Shores, Coral Gables, Hollywood and elsewhere that land values went up and fortunes were made.

And so you may expect it to be at Daytona Shores.

Here nature has done her uttermost. The spot knows no equal in all of Florida. For years tourists on the Dixie Highway have marveled at the unbroken stretch of miles of Florida verdure running riot in tropical profusion in this favored locality. For years northern millionaires have chosen the vicinity of Daytona Shores as their winter playground.

For years the world has known that the all-year-round climate in the Daytona region is unrivaled in all Florida. For years the beach which fronts Daytona Shores has won an international reputation for being so smooth that on it automobile racers can make their fastest time. For years the junction of the Tomoka River and Halifax River has formed the great Tomoka Basin, right at the tip of Daytona Shores—the finest natural yacht basin in Florida, land-locked and secure. And all this time the land at Daytona Shores has been high land, dry land, shaded by innumerable trees, blessed with variable winds, kissed by Florida sunshine.

Yet, valuable as this property has ALWAYS been, for INCREASE IN VALUE it must look to MAN.

And here is what man proposes to do to make this the most valuable tract of land in all Florida:

First, we propose to grace this tract with wide streets and boulevards, to dot it with a system of parks

to line its main thoroughfares with electric lights to turn them into one blaze of glory.

—to connect the ocean frontage with the land which lies between the Tomoka and Halifax Rivers by means of a great free causeway, crowned by towers of interesting Spanish architecture

—to improve every foot of its fifteen miles of natural water front

—to erect great hotels, yacht club, swimming club, and fishing club, and to construct an Ocean Plaza and Ocean Playground dedicated entirely to residents and their guests.

—to build a splendid golf course practically adjacent to that on which northern millionaires play for several months each year.

—to erect a railroad station where the Florida East Coast Railway borders Daytona Shores.

—and to give your investment in Daytona Shores the natural increase in value which can not fail to come from such improvements as these.

The first unit is now offered to the public. It is the great CAUSEWAY SECTION with frontage on BOTH sides of the DIXIE HIGHWAY, on BOTH sides of ATLANTIC AVENUE, the road which gives access to Ormond and Daytona Beach, on BOTH sides of the HALIFAX RIVER and on the ATLANTIC OCEAN.

Here is an opportunity to invest in the choicest lots in Daytona Shores, at the very time when appreciation of value, by every law of expectation, should be greatest.

For full information, communicate with the representative whose name appears herein.

Daytona Shores

A PROGRAM FOR PEACE

BY JOHN R. McQUIGG
National Commander, the American Legion

At 11 o'clock in the morning seven years ago today the guns on the western front suddenly became silent. The greatest conflict of the ages was at an end. It seemed that the forces of death, destruction and desolation were exhausted.

The cost in blood and treasure was staggering. The black clouds of war, receding, left behind a torn, dazed and bleeding world, but liberty and justice had triumphed, popular government was rendered more secure and modern civilization was preserved. The victory was worth the price.

America helped to bring about that victory and helped to pay that price. From Flanders to the Vosges thousands of Americans died with no other requiem than the crash of artillery, the chatter of machine guns. Other thousands began a period of pain and suffering that has not yet run its course.

Insofar as in us lies we owe it to those who fell on Flanders Field and elsewhere, fell in a belief that they were fighting a war to end wars, to see to it that their desires and dreams for peace come true.

The American Legion, in the name of the untold suffering and to be accomplished by:

The maintenance of adequate forces for internal and external national defense;

The prompt enactment into law of the principle of the universal draft, thereby taking the profit out of war; and

The immediate adherence by the United States to a permanent court of international justice.

The American Legion, in the name of the untold suffering and sacrifice of comrades, offers this program for peace in the hope that through it the men and women who fought for peace may give some further service to America and to the world.

Severe Winter Is Predicted For U. S. By Noted Observer

WASHINGTON, Nov. 11.—(AP)—A severe winter for the United States with probably snow fall and long continuing cold waves, broken by warm periods of brief duration, is predicted by Herbert J. Brown, widely known ocean meteorologist.

An abnormal condition, he holds, is pointed to by many factors, including the record breaking cold in many sections of the country this fall, beginning with the first snows in the northwest on Sept. 18, four days before the official close of summer. The winter, he believes will be followed by a late Spring.

Primarily the predictions are based on a study of surface temperatures declined by the amount of sun's heat radiation to earth. The solar radiation for more than three years has been below normal. A serious situation developing in the southern hemisphere in the crop year of 1926 to 1927 and in the northern hemisphere in 1927 is predicted.

Another scientist predicts the return in Scandinavia, and at least some section of northern Europe of the "fimbul winters," that is, three winters without intervening summers.

The views of this scientist, Mr. Brown says, are supported by two other botanists of high standing, Dr. Helmut Gans of Switzerland and Dr. Rolf Nordhagen of Norway.

BIG LUMBER ORDER PLACED
SEATTLE, Nov. 11.—(AP)—The Florida building boom is responsible for the chartering of the Seattle-built motorship Donnell Lane for 2,000,000 feet of lumber direct from here to Key West, Fla., officers of the Nettleton Lumber Company, declared today.

CAPITAL PAUSES WHILE TRIBUTE IS PAID TO DEAD
(Continued from Page 1.)
when we who came out of that conflict unscathed should give an accounting of our efforts to keep faith with the dead and bring into reality the ideal for which they died—world peace.

Huge Development For Poultry Raising Center Is Planned
(Continued from Page 1.)
Longwood Men Interested.
The other officers and directors of the Orlando Development Corporation were announced as J. N. Morehead, vice-president and general manager; Wm. H. Burner, treasurer; B. L. Laubenheim, secretary; Chas. R. Wood, director and sales manager. Directors of the organization include Lewis Pierce, Edward Boerner, R. S. Entzminger,

C. W. Entzminger, and W. H. Popo. Each of these men have been carefully chosen, Mr. Petty declared, because of their wide and successful experience in all phases of real estate activity. Mr. Moorehead, who has been elected vice-president by Mr. Petty because of his acquaintance with the intensive real estate development which Mr. Moorehead carried on in California. In Los Angeles he is recognized as a prominent sales director and expert.

Development of the tract will begin at once, according to the announcement, when a force of workmen will be set to clearing the land in the initial section to be developed.

Construction work on the buildings of the first section will follow rapidly and it is planned to have several of the ranches ready within three months.

Marketing Center Contemplated.
As soon as the development has progressed to an extent justifying the move, the corporation will commence construction of a complete marketing center for the industry. A co-operative producing and distributing association will be formed, which will handle all business transactions for the poultry growers, finding and arranging for the marketing of the products of the industry.

This work will be in charge of a recognized poultry expert who

is announced is thoroughly acquainted with all of the conditions now existing throughout the state, with reference to intensive poultry farming. When the expansion of the new venture warrants, it is explained, the entire administration of the marketing affairs will be turned over to the stockholders in the association.

In connection with the initial financing of the development, it was stated that a \$400,000 real estate syndicate will be formed at once. This syndicate has been underwritten by an Orlando bank, the developers state, and trust certificates will be issued as a measure of protection to the stockholders. This fund will be used for the purpose of preparing the first sections of the development for sale as complete units in the scheme which will include when completed, over 1,500 farms.

Announcement Meets Approval.
The effect of the announcement in Sanford was instant and approving, according to those in close touch with the development plans. While various rumors concerning the nature of the project have been circulated about this city, no definite information could be gathered until the official statement was made Tuesday.

Local business men point to the announcement as being furthering significant of the many advantages enjoyed by this community, declaring that the recognized fertility

of the Seminole county soil, together with the superior shipping facilities offered in this section were the most influential factors in bringing the project here.

By reason of the fact that the fundamental idea embodied in the

scheme is a distinct innovation for Florida, although a proven success in other sections of the country, and because of the magnitude of the plan, local authorities have unhesitatingly endorsed the movement.

He's caught the secret of the dawn. Sun, wind and summer rain. To better happy things that pass Or build them up again...

It may be too early to do the Christmas shopping but it's about time to take that fruit cake.

A city employee of Clearwater recently became insane while at work. Now we know what will be our end.

The debtor in India is so honest that he pays not only his own obligations but also those of his father, brother and other relatives.

"A brown-house home in West Sixty-Ninth Street, opposite the Spencer Arms Hotel, was raided by the police and 141 men arrested."

Sanford voters defeated Leeburg Sunday by one point, making a score of fifteen to thirteen for the victors.

Campbell-Loring Post of the American Legion is to be congratulated upon the Armistice Day program which it has arranged.

Unless the Atlantic Coast Line Railroad grants the right-of-way for the extension of Commercial Street and Seminole Boulevard, the City Commission plans to condemn the railroad's property.

Sanford is taking steps to see that Standard's progress is not impeded.

Stealing Knowledge

He had been playing poor golf, unusually poor for him. He was decidedly off his game. The bets were high and he was losing.

He played his shots carefully, so did his opponent. But a missed putt gave his opponent a five and he immediately cried, "Congratulations, you win the hole. That was a nice four."

Back there in the rough as it was taking my stance, my ball moved a little and I had to call a stroke on myself.

That was the height of sportsmanship. He was entitled to a four as far as his game was concerned. The ball moving a little didn't help him. It was just hard luck that it moved at all.

Two weeks later he was thrown out of college for cheating in an examination.

As Brisbane Sees It

New Comic Ray. No Perfect Press. Over the Salt Tub. Cotton and Railroad.

AT A meeting of the National Academy of Sciences at Madison, Wis., last night, Mr. Millikan, California scientist, was expected to announce the discovery of a new cosmic ray.

Dr. Millikan was first to measure an election, thus winning the Nobel prize. He says the earth is bombarded by these "new" cosmic rays day and night.

NO MAN can estimate the importance of the new ray, which as George Young, of Los Angeles, suggests, should be called the "Millikan Ray."

ANNOUNCING his law of gravitation, dealing with cosmic movements, throughout space, was puzzled to find the cause of the first impulse.

THE EARTH rolls around the sun, but how did it start rolling? Newton accepted the hypothesis that it received its initial impulse "from the hand of God."

Force necessary, as the late Albert Einstein said more than half a century ago, to explain the working of cosmic machinery.

IF GRAVITATION had worked through eternity to balance it, without some power of counter gravitation, all the matter of the universe would have collapsed into one solid lump.

Force necessary, as the late Albert Einstein said more than half a century ago, to explain the working of cosmic machinery.

THE PRESIDENT COULD praise the press of America as "a safeguard against bigotry and oppression."

A nice compliment, but the press isn't so much of a safeguard against either. When bigotry is sufficiently powerful, the press of the whole is extremely polite.

PROVIDENCE MAKES no mistakes, however, and press servility is a thing to be avoided. Let bigotry and oppression be far from us.

T. T. Welch of Jacksonville is in Sanford for a few days while attending to business in Sanford.

Special Showing Of Film Is Announced

The library is pleased to announce that through the cooperation of Mr. Marquette, manager of the Milne Theater, a special matinee showing Peter Pan will be given at the Milne Friday afternoon, at 4 o'clock.

This program is being presented by Mr. Marquette especially for Children's Book Week, and it is hoped that many of the children will view the film.

This is a lovely presentation of Barrie's delightful play, which grows up as well as children love, and all will enjoy seeing Betty Bronson as the fascinating Peter.

The special Book Week program will be given at the library Saturday afternoon at 3:30 o'clock. All are invited to attend.

Azarian Class Holds Business Meet

The Azarian Class held its regular business meeting at the home of Mrs. B. A. Austin Tuesday afternoon. A social hour was enjoyed after the business was taken care of.

Those present were: Mrs. C. A. Anderson, Jr., Mrs. Charles Echols, Mrs. R. E. Pippin, Mrs. A. M. Farr, Mrs. A. B. George, Mrs. G. A. Brotherton, Mrs. W. C. DeCoursey, Mrs. Howard Parker, Mrs. Marie Austin, Mrs. Burke Steels, Mrs. Boston Steels, and Mrs. Harold H. Kratzer.

P. Stedman and E. P. Stedman of Winchendon, Mass., are spending a few days in the city on business. They are stopping at the Montezuma.

Mr. and Mrs. Rex Munnell of Sebring are visiting in the city.

Harold A. Stockbridge of Belmont, Mass., and W. B. McGowan of Natick, Mass., are in Sanford for a few days looking over the investment field. They are registered at the Montezuma.

Mr. and Mrs. J. Jones of Tampa are spending several days in Sanford.

R. O. O. Gunn of Jacksonville is a business visitor in the city today.

O. C. Wellborn of Miami has returned to Sanford for a few days on business. He is here for several days a short time ago.

J. R. Watts of St. Petersburg was a caller in Sanford yesterday.

Rev. E. D. Brownlee has returned from a motor trip to Lakeland and Winter Haven.

T. T. Welch of Jacksonville is in Sanford for a few days while attending to business in Sanford.

The very name reveals its charm

LOCH-ARBOR

Symbolizing Lakes and Woodlands

Higgins, Smith, Wight, Inc.,
Sanford, Florida.

November 10, 1925.

Gentlemen:

I wish to suggest LOCH-ARBOR as a suitable name for your new subdivision.

Of Scotch origin, LOCH-ARBOR signifies lakes and woodlands. It seems to me LOCH-ARBOR would be an ideal name, for as far as I know, there is no place in Florida that can boast of more beautiful, rolling, woodland or more picturesque lakes than the property you are about to name.

Thirty years ago a suburban community in the north was given this name. Fifteen years ago, after searching for a suitable name for our new hotel at Allenhurst, N. J., we could find nothing more appropriate to the location than Loch-Arbor.

In my opinion it is a typical name for Sanford's newest development project, and I take great pleasure in submitting it for your consideration.

Very truly yours,

HOWARD HULICK.

Selecting a suitable name for a development of the character of this one, is not an easy task. With 120 suggestions from which to pick the right name, many hours of work was spent in deciding just which one of the names would be the best. There was a great variety from which to pick. Only a few were alike. The elimination process was a slow one, the merits of all the proposed names being carefully considered. At last it simmered down to four, then three. At this point assistance was called in and the name of Loch-Arbor was decided upon.

In selecting the name we have for Sanford's finest development, we believe we have chosen a name uncommon, beautiful, and entirely suitable to the wonder section that is under improvement. We wish to thank all those who assisted us by suggesting various names, and regret that some may be disappointed in not being declared winner of the prize offered.

Nuts Down When Names Legal Holiday

A legal holiday to be known and designated as Liberty Day, and do call upon the people of Florida to suspend their business activities insofar as is possible on said day and to unite with the people of every other state of this nation and with the people of all the other nations engaged in that war in giving thanks for the signing of the Armistice which ended the World War, and in commemorating that day in 1918 when the battle-torn armies of the world made peace. Those who gave their lives in that way should especially be remembered, as well as those who suffered from sickness or wounds, and I would ask you to join with the American Legion or with other organizations of patriotic purpose in service appropriate to the occasion.

CONVICTS RECAPTURED

TALLAHASSEE, Fla., Nov. 10. —(P)—Will and James Brown, negroes, who escaped from a road camp while serving sentences from Duval county, have been returned to the state prison. Will Brown was found serving time in the state prison of Kansas. He was brought back to Florida on expiration of his Kansas sentence. He was sent up from Duval county in April, 1916 for 50 years for breaking and entering. He escaped June 4, 1918. James Brown, sent up from Duval county in July, 1922, for 3 years for robbery, and who escaped in December, 1923, recently arrived in Akron, Ohio, where he was recaptured.

FLORIDA FACTS

Florida produces a wide variety of mangoes. Some of them bring a good price on the markets of the country and at times have sold for as much as two dollars each on Chinese market in San Francisco.

The tree in Florida requires five to seven years to bear. It requires less pruning than do citrus trees.

Dado county is apparently the leading place in the state where this fruit is grown.

The cocoonut palm, according to a bulletin by the state department of agriculture, is well adapted to the section along the coast from Saint Lucie Inlet on the east to Caloosahatchee river on the west coast.

For a number of years the nuts from the cocoa nut trees of Florida were used only for food, planting or souvenirs. The department of agriculture announces now, that the nut is being used in the preparation of oil soap.

The cherimoya ranks among the eight possible tropical fruits that may become of commercial value in Florida. It ranks with the choicest of fruits in the world. The production of this fruit, however, is only in its embryonic experimental stages in Florida.

There are large forests of custard pie apples around Lake Okechobee. The custard pie apple is as closely related to the Cherimoya as the orange is to the grapefruit. This is also true of the sugar apple which thrives along the sandy rocky lands of the coast.

East and West Florida were ceded

ed to Great Britain by Spain in 1763. This was in exchange for Havana and the western part of Cuba.

Pensacola was first laid out as a city with streets planned at right angles in the year 1763.

The Kings Road from Barington to St. Augustine was built by the British in 1765.

During the early years of the advance of the citrus industry in Florida packing houses were located about fifty miles apart and some times more. Today there are packing houses located at intervals of about five miles throughout the citrus belt.

IN THE CIRCUIT COURT OF THE SEVENTH JUDICIAL CIRCUIT OF FLORIDA, IN AND FOR SEMINOLE COUNTY, IN CHANCERY.

A. V. McGuin, Complainant, vs. Moses J. Taylor, Jr., et al., Defendants. SUIT TO QUIET TITLE CITATION To Moses J. Taylor, Jr. and wife, ———— Taylor, whose Christian name is unknown; Martha Williams; Lovick P. Williams and wife, ———— Williams, whose Christian name is unknown; William A. Williams, whose Christian name is unknown; and each and every of

the above named defendants, if living, and if either, any or all of said defendants be dead, to all parties claiming interests under the following described defendants, to-wit: Moses J. Taylor, Jr. and wife, ———— Taylor, whose Christian name is unknown; Martha Williams; Lovick P. Williams and wife, ———— Williams, whose Christian name is unknown; William A. Williams and wife, ———— Williams, whose Christian name is unknown; or otherwise, in and to the following described land, situate, lying and being in the County of Seminole and State of Florida, more particularly described as follows, to-wit: The West One-Half (W1/2) of the Southeast Quarter (SE1/4) of the Southeast Quarter (SE1/4) of Section 21, Township 13 South, Range 29 East,

to all persons or parties claiming an interest under William Williams, deceased, as heirs, devisees, grantees, or other claimants, or otherwise, in and to the lands hereinabove described, and to any and all other persons whose names are unknown, claiming any right, title or interest in and to the lands hereinabove described or any part or parcel thereof. It is hereby ordered that you and each of you be and appear before our said Circuit Court at the Court House at Sanford, Florida on the 14th day of November, A. D. 1925, and then and there make answer to the bill of complaint exhibited against you in this cause. It is further ordered that this order be published in The Sanford Herald, a newspaper published in Sanford, Seminole County, Florida, once each week for four consecutive weeks. Witness my hand and the seal of the Circuit Court of the Seventh Judicial Circuit of the State of

Florida, in and for Seminole County, on this 13th day of October, A. D. 1925. V. E. DOUGLASS, Clerk of the Circuit Court of the Seventh Judicial Circuit of Florida, in and for Seminole County. By A. M. WEBER, Deputy Clerk.

---WATER--- WATER --- WATER --- WATER --- WATER ---

INTENSIFIED VALUES

That is literally true of MIAMI SHORES ISLAND, and for this reason:

Biscayne Bay has always been the dominant arbiter of values

PROPERTY immediately overlooking the bay attains the highest price. Values scale downward as you move away from the bay. But on Miami Shores Island, 600 acres in extent, all lots are either on, or very near, the water's edge. Here then you have a property which you will naturally expect to reflect to the maximum degree the influence on values of matchless Biscayne Bay. If all property in the Greater Miami area continues to advance in value—and it unquestionably will—will you not naturally expect the greatest increases in property so wonderfully situated as this—entirely surrounded by the waters of Biscayne Bay—the principle dominating influence on values?

Do you appreciate what it will mean to you to live upon MIAMI SHORES ISLAND, either right on the water or on one of the interior lots just a few steps to the shore of Biscayne Bay? Think what a satisfaction it will be to you to know, that by virtue of the delightful arrangement of lake, recreation park and golf course, this beautiful island, large enough to establish a community of its own, can never—though every lot were built upon—become congested or crowded.

THE WHITE REALTY COMPANY

One of the Highest Points in or near Sanford

FIGURES furnished by County Engineer Williams prove that Sanford Grove's elevation is almost as great as that found at any other point in this section. No land between Lake Monroe and Sanford Grove lies as high as does this property.

WHILE it is true there is some low property that must be passed in reaching our development, and while this fact might give one the impression that all of the land in the southeastern section of the city is low, such is not the fact. Highly elevated so that it catches a continuous breeze from the east, Sanford Grove offers more delightful surroundings than the average subdivision. It has an elevation of 40.50 feet above Lake Monroe.

SANFORD GROVE is comprised of 148 acres of heavily wooded land, richly endowed with luxuriant vegetation, and with thousands of beautiful pine trees. It lies in a section that is making a rapid growth, and many are predicting that due to the fact that it is so well located, values there will increase enormously during the coming months.

Attractive Homesites at Low Prices Will be offered the People of Sanford

WHEN this tract of property was purchased several years ago by E. C. Miller, its present owner, there were few developments in this section, and consequently the land was acquired at an amazingly low price. Now it is the intention of Mr. Miller to give the people Sanford the benefit of the low price at which the land was purchased by placing greatly reduced value on a few homesites that are to be offered for sale.

HISTORY has shown that it is the purchasers of property in the first units of developments, that make the greatest amount of profit, and history will repeat itself when those who are fortunate enough to own lots in the first section of Sanford Grove, make substantial profits on their investments.

SANFORD GROVE is in a class by itself. It is admirably located for the home-seekers, and in addition offers a great opportunity for profit.

DODGE BROTHERS SPECIAL TYPE-A SEDAN

If Dodge Brothers had deliberately built the Special Type-A Sedan for women, they could not more perfectly have met feminine requirements.

That women recognize this fact is plentifully evidenced on every hand. The car's striking beauty, its ease of handling and world-famous dependability are features which every motorist values—but which women value the most.

TULANE STAR HAS 20-POINT LEAD IN SCORING HONORS

Flourney Has Amassed Total of 99 Points While Edgar Jones of Florida Clings To 2nd Place With 79 Markers

RICHMOND, Va., Nov. 11.—(AP)—Peggy Flourney, Tulane's star halfback piled up 31 points against Louisiana Tech Saturday to increase his lead as Southern Conference high scorer to 99 points. The Greenie plunger holds an easy lead with only Edgar Jones of Florida, in a threatening position. While Flourney was getting four touchdowns, a field goal and four points after touchdowns, Jones was turning in 15 points to bring his total to 79. Morton's performance of scoring four of the touchdowns registered by Georgia against Auburn enlisted him to gain third place in the standing, while Windy White of V. M. I. collected nine points to stay near the top. Jones has kicked 13 extra points. Windy White V. M. I. gains third place among the extra point getters with a total of 11, while Spears of Vanderbilt kicked 10. Pooley Hubert passed George Mahoney to bring Alabama's colors into fifth place in the standing and Lester Lautenschlager pushed Tulane into seventh place when his touchdown placed him ahead of Rauber and Rogers.

Southern conference players who have scored 20 points or more are:

Player and Team	Td	Fg	Td To
Flourney, Tulane	15	1	6 99
Jones, Florida	10	2	13 79
Morton, Georgia	9	4	54

MIXED VEGETABLE SALAD
Use any cold cooked vegetable you have on hand. Chill them thoroughly and combine them care fully and attractively. String beans and cauliflower go well together. Diced beets and peas, lima beans and carrots, carrots and peas, chopped spinach alone—these are but suggestions. The cook with an instructive feeling for what is good in combination will devise a salad out of any leftover vegetables she may have on hand.

COWDRAY TOASTS MEXICO
LONDON, Nov. 11.—(AP)—Toast to Mexico by Viscount Cowdray: "Eldorado of the future, whose wealth has not yet been touched."

Unblemished SKIN

Gives You confidence

HOW conscious we are of our skin! Even one little pimple or blackhead will so embarrass us that we want to hide right away. And eczema, boils, blotches and rashes! Why, these awful things simply destroy all our ambition!

But what confidence we have in ourselves if our skin is clear and unblemished—free from any eruptions or breaking out! A clear skin is one of the greatest possessions in the world—and it is so easy to have it. All that is necessary is to keep our systems full of rich, red, pure blood. S. S. S. helps Nature build this blood. And the impurities that cause these so-called skin disorders are driven right out of the system.

If you want the kind of skin that captivates men and compels the admiration of other women, just remember that you can't have it if your blood is impoverished. But, just build red-blood-cells in your blood with S. S. S. and your dream of a soft, rosy, velvet skin, clear of blemishes, will be realized. Then notice the difference in the way you feel.

S. S. S. has proven for generations that it helps Nature build the rich, red blood that makes beautiful skin and healthy bodies. Let S. S. S. prove it for you.

Get S. S. S. from any drug store. And get the larger bottle. It's more economical.

Little Star

Here's "Shorty" Norman, feather-weight backfield star of Tulane University at New Orleans. Norman weighs only 128, but is a sure enough regular. He is thought to be the lightest backfield player on any major college eleven.

Prosperity Wave Moving Northward, Says Daytona Man

DAYTONA BEACH, Fla., Nov. 11.—(AP)—The prosperity wave of Florida is steadily moving northward from Miami, where it originated, declared John B. DeVoney while on a visit here Tuesday. Mr. DeVoney is one of the leading real estate operators in Florida today. He is president of Daytona Shores and of the Investors Realty Company of Miami. He was not long ago the youngest bank president in Chicago.

"The recent announcements of the organization of such tremendous developments as Davis Shores strongly indicates that the rest of Florida is due for perhaps as great prosperity as Miami has enjoyed in the past two years," the developers said.

"Miami has made astounding strides. Her success and rapid growth have been unprecedented. Yet prices in the Magic City have advanced to such a stage that the average investor cannot participate in the boom. He naturally looks elsewhere. He is coming northward, where prices are more after his liking.

"I see remarkable things in store for Central and Northern Florida. Mother Nature has been very generous to those sections and, with more and more capital pouring into the country, their progress this winter should amaze the world."

It costs 95 cents more per box to ship cabbages from Leesburg, Florida to New York City than it does to produce them, according to F. W. C. Kralmer, manager of the Leesburg Truckers Association.

Games Saturday

NEW YORK, Nov. 11.—(AP)—Following are the more important football games in the East, Middle West, South and Far West for Saturday, Nov. 14:

Christmas Cards

The demand for Engraved Personal Christmas Greeting Cards is always so great toward the end of the season that it is impossible to give the desired service and avoid disappointment.

To eliminate this condition, as far as possible, we advise the early placing of orders for engraved Christmas Greeting Cards and we are now ready to submit samples of our new designs.

These cards represent by far the most exquisite line we have ever shown.

Early selection is advisable as quantities are limited in some of the most desirable numbers.

Special Orders for Engraved Personal Greeting Cards should be placed now.
