Negroes' Attorneys Say Can't Get Fair Trial In Lake Co.

Appeal Is Made To Supreme Court For Charge Of Venue In Famous Rape Case

TALLAHASSEE, Apr. 13.—(AP)—Attorneys for two Negroes sentenced to die for raping a young white woman said the Negroes could not expect to "obtain a fair and impartial trial" in Lake county.

Alex Akerman, Jr., of Orlando told the Florida Supreme Court that because of the race issue, charge of rape, mob violence and newspaper hostility, the trial of the Negroes should have been transferred to another county.

Assistant State Attorney Reeves Bowen, representing the state, declared there was no threat of mob violence at the trial, an impartial jury was selected and defense attorneys had sufficient time to prepare their case.

About 50 Negroes sat quietly in the courtroom to hear presentation of the rape case appeal and during earlier arguments on a petition of five Negroes to compel their admission to the all-white University of Florida.

Three white youths, who identified themselves as University of Florida students and with white operators during presentation of the college case, had moved over and sat with the Negroes during the rape case arguments.

Walter Irvin and Samuel Shepherd were sentenced to die in the electric chair and Charles Greenlee was sentenced to life imprisonment for raping a white married woman in rural Lake county last July 10. Greenlee is not appealing.

Akerman also told the court of the mob violence which preceded the alleged rape and of "great newspaper publicity."

He cited in evidence in the Orlando Sentinel, which shortly before the trial, had demanded the death penalty for the Negroes.

Akerman also told the court he (Continued on Page Two)

Both Smathers and Pepper Blasted by Mississippi Group

JACKSON, Miss., Apr. 13.—(AP)—The Mississippi Senate bloc with several members, including Senator Claude Pepper of Florida and his rival senatorial candidate, Rep. George Smathers.

The Senate of States Rights Democrats unanimously adopted a resolution blasting Smathers, a Missian, for his reported remarks about "those two demagogues from Mississippi, the late Theodore G. Bilbo and Congressman Rankin."

The late U. S. Senator Bilbo (D-Miss) was a former governor of the state. Rankin is a U. S. representative from northeast Mississippi.

LA Governor John L. Humphreys, who agreed with the resolution, but that he "hated to see this in any way attack Senator Pepper's campaign for reelection."

"I think Senator Pepper is the worst enemy the people of the South have," he declared to the chamber.

"I like to see you and say I think he's a traitor to the South," said Senator Oscar Wells, Jr., a Mississippi congressional candidate.

The resolution was introduced by Senator L. O. Smith, who opposed it but did not mention (Continued on Page Two)

TEXAS CITY CLAIMS HOUSTON, Tex., Apr. 13.—(AP)—Federal District Judge T. M. Kemper entered an order today deciding the \$500,000 Texas City disaster claims suits in favor of the plaintiffs.

Trial of the suits, growing out of the disaster which devastated Texas City just two years ago this week, had started when Judge Kemper in Houston, Apr. 25, ruled that the suits should be marked the Houston, which the claims of all the plaintiffs for death injuries, and personal damages were combined.

SUNCOG DEBATES Glen Campbell of Sunco, summer operator of the American Sun Station at Sanford, Fla., and Sanford Avenue, has proposed a Sunco Station at Third Street and Park Avenue.

Mr. Campbell had more than 20 years of experience in service with the Sunco system and was the first to start a station in Sanford. The station was purchased by Sunco in 1949.

Michigan State Trooper Killed In Cabin Siege

Tear Gas And Gunfire Used To Quiet Berserk Bridegroom

LANSING, Mich., Apr. 13.—(AP)—Blazing guns at a rural cabin yesterday took the lives of a Michigan state policeman and the man who killed him.

In the brief interval between the two deaths a cordon of 50 state troopers, Lansing city police and Sheriff's officers had laid siege to the cabin near here with tear gas and gunfire.

Inside was an evidently crazed man.

The slain trooper was George R. Branny, 26, a bridegroom of four months. Branny was shot as he knocked at the cabin door in answer to a trouble call.

Also shot and killed—either by himself or the police—was Clarence Her, 44, one-armed truck driver.

Troopers Branny and John R. Plants went to the cabin after getting a complaint from a neighbor woman that Her was creating a disturbance.

Foller said that later investigation disclosed that Her, married and father of a 20-year-old son, had been drinking heavily.

As Branny knocked at the door, a sudden shotgun blast through a window killed him. Trooper Plants returned the shot, then dashed to a nearby filling station for aid.

Within moments a half-hundred officers had surrounded the two-room cabin. Guns were trained on it and shots rang out.

One last blast sounded within the cabin. When officers entered, they found Her lying dead, one of his two shotgun shells buried in his forehead. Although he also was wounded in the leg by police fire.

Her's wife, Edith, 40, was at work at the time and the son, Kenneth, also was absent. Her neighbor, Mrs. Thelma McCullen, that Her had been drinking.

Some time ago Her's right arm had been amputated below the elbow. He had fired his shotgun with his left hand.

Meanwhile, in Huntington, W. Va., a couple and their 10-year-old daughter were found brutally beaten and stabbed to death in their burning home. Police "firmly" stumbled into the gory setting when they answered an alarm that the house of William A. Banks was on fire.

The couple's son, 18-year-old William Banks, Jr., was picked up by police two hours later and rushed to a hospital, where he was admitted immediately to surgery but died before he could be operated on.

The inside of the box-like house was a shambles.

RADIO RULING WASHINGTON, Apr. 13.—(AP)—The Federal Communications Commission said today a radio station that takes sides in public controversies must seek out opposing views and broadcast them.

FCC expressed itself in taking Station WLIB in New York City to task for a series of January broadcasts in which the station itself advocated a National Fair Employment Practices Commission.

Louis L. Blaine, Secretary of the Senate who signed the report, told a reporter that he abandoned his former plan of listing every Senate employee by name and salary for each month "because it would have been too bulky."

The public's right to know about the public's pay is a principle that should be applied to all government employees. It also should be applied to the salaries of the judges for each three-year term.

During the two years that Republicans controlled the Senate in 1949 and 1950, the Secretary's report covered 100 names and salaries of the employees in each

Negroes Seeking High Court Order To Enter U. Of F.

Scholarships For Negroes Declared Unfair Discrimination

TALLAHASSEE, Apr. 13.—(AP)—The State Supreme Court was asked today to require the all-white University of Florida to admit five Negroes to its courses.

Alex Akerman, Jr., of Orlando, representing the Negroes said out-of-state scholarships do not solve the problem. The State Board of Control has been arranging scholarships in other states for Negroes who want courses not offered at Florida A. and M. College for Negroes.

Akerman declared sending Negroes outside their home state does not provide them with educational facilities equal to those of white students.

The United States Supreme Court has ruled states must give both races equal educational opportunities and must allow Negroes to attend white institutions if they want courses offered at them but not available at a state Negro college.

Assistant Attorney General Frank Helms, representing the state, said most Negroes are "satisfied" with the out-of-state scholarship plan. He declared the Board of Control is not trying to "cheat or evade" the United States Supreme Court ruling. It is, however, bound by the State Constitution which requires racial segregation at educational institutions, he said.

Helms explained the Board of Control's Negro education plan, designed to go into effect if the Supreme Court rules the out-of-state (Continued on Page Two)

LIONS CLUB The Sanford Lions Club will be host to presidents and representatives of 21 clubs of Lions at a supper and song meeting to be held at 6:30 o'clock Tuesday night at the Yacht Club. Jack Morrison, secretary of the local club, announced today. From 60 to 75 delegates are expected.

CONNECTION The Herald regrets a line transposition occurring in the Chamber of Commerce story Wednesday. The paragraph on Mr. Ponder's report on county roads should have read: "Following protests by a number of directors on the condition of roads throughout the county, H. B. Pope, county commissioner, pointed out that 80 per cent of the present gross county income is spent on county roads and that it is impossible to hard surface county roads out of current taxation on account of the cost of \$15,000 a mile."

Chilean President Visits M. Vernon

WASHINGTON, Apr. 13.—(AP)—President Gabriel Gonzalez Videla of Chile, chairman of "Friendship and Solidarity with the United States," returned today to the United States after a two-day visit to the tomb of the Unknown Soldier and a dinner in honor of Secretary of State Acheson.

Last night he attended a dinner given by President Truman at the White House. The president included visits to a State guest included visits to Mount Vernon, the tomb of the Unknown Soldier and a dinner in honor of Secretary of State Acheson.

Note Of Pessimism Is Injected In To Search For Plane

COPENHAGEN, Denmark, Apr. 13.—(AP)—The first note of pessimism in the five-day search for the missing U. S. Navy plane came from Capt. Dick Klingner, Franklin, Pa., director of the search.

"Our hopes aren't too high," he told headquarters at Washington. "I don't see how we can find the plane unless we search over the sea at night, with some new device, where the Russians say an American plane exchanged fire with Russian fighters."

But Klingner and his crew are searching strictly over land, at least 20 miles away from Soviet-controlled territory.

In order to make sure no part of the sea is missed, searchers have divided the Baltic into 10 blocks. Each search crew is assigned specific blocks to cover. They sweep in low, 300 feet, straining for a glimpse of a life raft or lifebuoy markers. The missing plane had plunged into the sea.

But Klingner: "This has gone on now for five days and this is the third time we have covered the area."

His planes have swept 60,000 square miles of the Baltic from the Danish to the Swedish coasts and east almost as far as Latvia.

If the men aboard the plane were able to launch rubber life boats after crashing into the sea there would be a chance of survival.

One Air Force spokesman said survivors of sea crashes have been known to live for weeks in emergency equipment (carried by the plane).

The missing four-engine plane, he explained, carried enough rubber life rafts for all 10 crewmen. Each raft had provisions for 10 to 12 days and rubber exposure suits to protect survivors from freezing.

With as much rain as has fallen in the Baltic this week, drinking water would be no problem, the spokesman declared.

French Workers Unload Initial Arms Shipment

Furious Red Leaflet Campaign Fails To Halt Dock Workers

CHERBOURG, France, Apr. 13.—(AP)—A Communist protest demonstration failed today as French workers began unloading the first American arms and under the Atlantic Defense Pact. Strong police and military detachments watched the docks.

Pepper said it made no difference to him when the bill came out. He said he would vote against it anyway, just as I have twice before.

Pepper planned to address a meeting at the Chamber of Commerce in New York City tonight at 8 o'clock. He will continue to fight for a peace plan to keep the United States out of the Korean war.

With the report that another Communist submarine had been spotted off the West Coast in recent weeks, the Key West Naval Base must always be prepared to meet any emergency, Smith said.

"I will continue to fight for a peace plan to keep the United States out of the Korean war," he declared.

With the front of things today, the United States must be in a position to defend itself against any possible attack.

Turning to the proposed peace plan, Smith said he would support it if it would lead to a firm basis with adequate national defense, through the Marshall Plan and the defeat of communism and the other philosophies he declared.

Pepper Charges Russians Are Smathers Evades Campaign Issues

Senator Accuses His Opponent Of Trying To Distort Record

WASHINGTON, Apr. 13.—(AP)—Senator Claude Pepper today accused his opponent of "trying to talk about every subject under the sun except the real issues in this campaign."

"The times he voted one way and I voted the other," Pepper said. "He won't tell you why he voted that way, but I will tell you why I voted that way. All he does is to try to make you believe I have a Communist record."

Pepper said it made no difference to him when the bill came out. He said he would vote against it anyway, just as I have twice before.

88 Foreigners From China Say 5,000 Reds In Shanghai

HONG KONG, Apr. 13.—(AP)—Eighty-eight foreigners in Shanghai said today that about 5,000 Communists were in the city.

"You don't see them, but you feel them," they said. "They were the Communist Party of China, the first to come to Shanghai since the Reds came there last year from their base in the mountains."

But estimates of these foreigners vary. Some say there are about 5,000 Communists in Shanghai, mostly in the industrial and public buildings. No one saw any Communist military uniforms.

The war in contrast to many reports that have blamed the Communists for the recent events in Hong Kong. The Communists have had Russian soldiers patrolling the streets, burning and looting, and other active military duties.

The arrival of the Communists in Shanghai, and the Russians being given the best housing, and the Communists' activities in the city, are being reported by the press. This confirmed reports presented here for some time.

The 88 were among 124 foreigners who were evacuated from the city in the last few days. They were taken to Hong Kong by the British and other forces.

Republicans Charge President Playing Politics With Racial Legislation

WASHINGTON, Apr. 13.—(AP)—President Truman said today that Fair Employment Practices legislation will be pushed even though it has been put behind a foreign aid bill in the Senate.

Mr. Truman told his news conference that foreign aid was given priority because funds for the foreign program should be included in a catch-all appropriation bill in the House.

Republicans have accused the Administration of stalling on a Fair Employment Practices Commission (FEPC) bill.

The President had no comment on the disappearance of a Navy patrol plane in the Baltic and Soviet protests that an American aircraft violated Soviet territory and fired on Russian planes.

An investigation has been ordered by the Navy, the President said. He will hold a news conference he will hold in a few days and the facts will be made known.

The President also said the Department of Justice is prosecuting the case, and he intends to take action if necessary.

He said, too, there has been a gradual improvement in the world wide situation since 1946 which he described as the worst period since the last war.

In his first White House news conference in more than a month, Mr. Truman also said a "stagnant" economy is being revived.

He questioned whether it is possible to have a "stagnant" economy. He said the Department of Commerce is conducting an investigation into the "stagnant" economy.

Osteen News
By MARTHA DUNNING
Last week was a week of parties on Osteen. On Thursday, the seventh in the series, had an Easter egg hunt at Blue Springs. They were accompanied by Principal William Watt. Mrs. Snyder took a land over in their kitchen room. Fishing was a pastime too.

Also on Thursday, Mrs. Tust's room had an Easter egg hunt at the home of Mrs. J. S. Peterson. On Thursday, Mrs. Ann Finckle's room had an egg hunt at the Methodist Church grounds.

As there was no school on Friday, J. B. Peterson took his junior boys with him on his work-truck. Six of them had fun fishing and canoeing at Highland Park. They came home tired and happy with enough fish for a fry at Mr. Peterson's home.

On Friday the Sunday School classes of Mrs. Williams, Mrs. Brewer, Mrs. Wilson and Mrs. Hevring had an egg hunt at the home of Mrs. Peterson. Mrs. E. N. George entertained their cousins, Mr. and Mrs. Harland Perkins and son Peter of Long Island, N. Y. for the weekend.

Robert McDermott of Seville was calling on friends in Osteen Monday. He was principal of our school last year.
Mr. and Mrs. Edward Pail and son were weekend guests of his parents, Mr. and Mrs. Joe Masters.

The W. U. of the Baptist Church was instructed in making bandages for over seas. Mrs. Betty Traynor R. M. was the instructor.
Mr. and Mrs. Percy Howard of Kustle were recent guests at the P. T. Plety home.

Mrs. Myrtle Perry of Winter Garden spent Tuesday with her mother, Matina Dunning and sister, Mrs. Soock.
The P. T. A. monthly meeting will be held at the school house next Tuesday night, April 18.

1st Lieut. Hollis Snyder of Camp Gordon, Ga. is visiting his parents, Mr. and Mrs. Clarence Snyder for a time.
The revival is starting with large audiences each night.

Mrs. Eleanor H. Bovee left Wednesday for Charleston, S. C. where she was called due to the death of her only aunt, Mrs. George Ingraham Hulsebosch. Mrs. Hulsebosch has visited Sanford many times and is expected to return to Sanford Monday.

Hollywood
By BOB THOMAS
HOLLYWOOD, Apr. 13. (AP)—Movie lovers today are waiting to determine whether the new film "Bond Street" will catch a pass from Hollywood.

On Monday, the Notre Dame athletic team arrived in Hollywood to determine whether they could star as well on the screen as on the gridiron. Today his fate is in the hands of the gods, meaning a half-dozen executives of Universal-International.

Hart couldn't wait to hear the result. Here with his bride on his Easter vacation, he had to fly back to his clothes.

"If I missed a day, I might not graduate," he said. "I'm just a student now."

White Hart might never be Hollywood's greatest actor, he could certainly qualify as the biggest. Among most male stars, he could seem like a great thing beside pools.

As he lunched with him before his departure, he appeared equal to at least two Alan Ladd's and perhaps three Mickey Rooney's.

Size, flesh's six feet five, 270 pounds, mostly muscle is not his only asset. The large lad from Turtle Creek, Pa., has a handsome face and an easy-going manner.

"He's very relaxed and direct," said studio coach Sophie Rosenblum, who prepared him for the test. "Along the lines of Gary Cooper, John Wayne or Jimmy Stewart."

Hart seemed a trifle embarrassed about the test, and I found out why.

"They have me doing a love scene," he said as he strolled at a Hollywood salad parlour. "I have to watch their weight, too. I have to say those four famous words: 'Will you marry me?'"

The scene is from "Lady in the Dark." He played the movie star role done by Victor Mature in the play and Don Hall in the picture. Not bad casting at that.

The All-American film career started budding when agent Tony Owen, husband of actress Donna Reed, signed him to a contract. Whether it will burst into bloom depends on this week's test. He was scheduled to appear in "Quo Vadis" but had to forego that to enter the company was scheduled to leave for Rome before Hart finished his Notre Dame studies.

Charity Truly Is Started At Home

By CYNTHIA LOWRY

Charity begins at home, the sayings go, and truer words were never spoken. The neighborhood collectors daily bent a path to my door, the mailman is being double with attractively printed appeals for my assistance.

Maybe it isn't true all over the country, but I think it is. Organized charities, legitimate ones, are so high pressure, and there are so many of them, that it's getting to be a major headache for a person on a modest income to cope with all the appeals.

No matter what the "contribution" box of the income tax declares, most of us middle-income people haven't limitless funds to hand out to all worthy causes. Most of us are peculiarly interested in one, maybe two, organizations and would like to give our small dollar where it will give us some personal satisfaction. Actually, the way things are set up, every organization is running its own intensive campaign, and it's only a hernia or misanthrope who dares refuse a personal appeal.

It's apparent that the Community Chest idea, before and during the war, was a sensible solution to the average problem of giving. Even then, some of the Red Crosses seemed outside the chest in most communities, and it was easy to slice one's charity dollar in a couple of even three places.

Today those of us who give charity aren't in an any charity chest idea are bombarded on all sides for contributions. A single mail recently brought me an appeal from our volunteer fire department, which wants new uniforms and some recreational supplies; a couple of sheets of stickers to help crippled children; an appeal from a veterans' organization that same day; the Red Cross collector for our street dropped in for a piece of change; a neighborhood high school student asked for a contribution to start a youth center; and a uniformed Boy Scout requested that we buy a few tickets to a country fair his troop was sponsoring.

I'd complied with all requests, as I felt I should, but wouldn't have had enough folding money left in the house to buy food for the next day. As it is, I don't have a cent left during the year to charity than the modest sum I would have contributed if I were permitted — and use the word consciously — to make my donations where my interests lay.

Naturally, I'm going to send a check to the volunteer firemen — just suppose I have a fire. Of course, I'll kick into the youth community project. Naturally, I'll contribute to the Red Cross, because I don't dare be the only person in the collector's neighborhood who refused a lot from a church youth counselor and a philanthropist come around, they'll get just a little money from me and I can possibly afford to give and still not shake up as the neighborhood miser. Of course, when I get mailed appeals, wonderful impersonal pleas with an out-of-town postmark, I'll thankfully toss them into the fire.

But I still would like very much to be able to pick my charity and give it what money I can afford. I'd like to give on a long-term and leave my door bell free for the housewife, the brush salesman and even some people who just drop in for a cup of tea.

"Let's put it this way," he smiled. "I understand the game involved in such work is very small indeed." He added that California "seems like a nice place to live."

But he emphasized that he would not give up football for Hollywood or anything else. He is signed with the Detroit Lions professional team.

Football, he declared, "is the thing I love."
Caption Review: "Wabash Avenue" (PTC) is quite Grable, from the first Jimmy Stone to the last production number. The plot is a rush of an old musical and does not matter. What does matter is Betty, and she never was in better form. Victor Mature and Don Harris battle lustily over her. The result cannot be called something new, nor is it ever dull.

Teen Talk

By SYLVIA BROWN

We look around at our schoolmates and most of them seem to have everything we lack. Fate might have saddled us with a nose of protruding teeth or a nose made up as just plain-skinny-Jane of a just-too-fat-Nancy. We never have any money in our purses, never seem to have any dates, and our clothes look as if we'd purchased them at a rummage sale.

To make matters worse, thoughtless students tag us with nicknames in vulgar vernacular and such greetings as "Hi Skinny" or "Hi Fatty" just add to our miseries.

Are you going to take it sitting down or do you plan to do something about it? You can weather these thrusts while you go on to yourself.

A skin doctor can prescribe for you acne. Sometimes all that is necessary to chase these blemishes is a new diet and a change of tooth and muscle toward your face, use clean cotton squares that can be thrown away after each powdering.

If your legs are a little bowed, but content that hugged oval work skirts at a length that will force pressing your inner calf against a chub when you sit down. That was your fault, not the fault of the manufacturer.

All you need is will power to lose weight. A good diet can help you gain.

Get an after-school job to help pay the expenses of your outfit. The most of us possess "Patience" and perseverance will see you through your problems.

Don't cry in your school paper at the time of your school matters. It can be pleasant in spite of adversity. This does not mean that we're to get the delighted about and never do anything about our shortcomings or misadventures. Make the most of your body and mind and you will secure a more healthful attitude toward life.

There is, for instance, the story of John, a high school senior who just couldn't understand life on the other side of the tracks. Teaching Pamphlets Issued By State

Few people realize how important and demanding are teaching jobs. Yet few other jobs short of parenthood itself, are capable of influencing the lives of children so profoundly and lastingly.

An unusual and appealing pamphlet to help teachers understand and cope with troublesome children, and soundly benefit the children themselves, has been published by the State

boy who lives on the other side of the tracks who is trying to improve conditions there.

She knows that a whole community is responsible for every other part of its community, that bad conditions cannot be ignored, and that young people "success" the tracks can be just as new as for own group when put to the test.

"Birthday Party" is another engaging film about Evelyn, who goes to school with Janie who is having a birthday party. Evelyn saves to buy a birthday present for Janie and prevails upon her mother to make a party dress. The dress she doesn't get an invitation to the party.

Evelyn's mother visiting some neighbors, unaware that her daughter hasn't been invited, telephone. Janie to see how Evelyn is enjoying the party, Janie awakes to the Golden Rule and learns what it means to be aware of the feelings of others.

In "A Job for Bob" a young man who desires to get married is turned down when he seeks work with an atomic laboratory. His big ambition. He tries job after job but slip and miss. Finally, out of a friend because he is angered and hurt. Unenthusiastically he takes a job in a food factory and finally through a kindly employer begins to appreciate his work and manage to figure out a method to improve the product manufactured by his company.

Control Voted For Potatoes By Senators

Brannan Farm Plan Is Turned Down By Senate's Agriculture Subcommittee

WASHINGTON, Apr. 14.—(AP)—A rigid system of federal controls over planting and marketing of high potatoes was approved today by a Senate Agriculture Subcommittee.

The senators rejected a proposal of the so-called Brannan farm plan, backed by President Truman as a means for ending the costly and troublesome potato surpluses piled up under government price props.

Instead it approved a proposal for nationwide controls both by the bushel and acre. Excess planting or production would result in stiff penalties.

Subcommittee Chairman Ellender (D-La.) said the new potato control plan will be considered by the full Agriculture Committee next Tuesday. He said the control program was drafted by the national potato council with help from Agriculture Department experts and lawyers.

Congress recently voted to end all potato price props after this year, unless it enacted and growers accepted rigid controls.

The pending measure is intended to provide the controls.

Senator Holland (D-Ill.) refused to sign the subcommittee report but Ellender claimed votes of Senators Lucas (D-Ill.), Thyne (R-Minn.) and Aiken (R-Vt.).

Under the proposal each commercial potato grower would be assigned a quota or share of potatoes for marketing. He would be allowed to plant more acres than his quota, but he would be required to sell the surplus at a price set by the government.

Most of them have carried penalties of 50 per cent of parity. A farmer could avoid penalties on his excess production by turning the excess over to the government. It could divert them from normal market channels, such as giving them away to institutions or charities for needy persons or converting them into fertilizer or other uses.

Gen. Bradley Outlines U.S. Defense Plans

Rit Of Sovereignty May Be Abandoned In Atlantic Pact For Good Of All

CHICAGO, Apr. 14.—(AP) General Omar Bradley said today the United States may have to drop its theory of a balanced Army, Navy and Air Force to meet the defense needs of the North Atlantic area.

The chairman of the U. S. Joint Chiefs of Staff indicated that the Army might come off third best under such an arrangement. He also observed that by placing American defense plans second to those of the whole Western world, "a small bit of sovereignty is relinquished."

In an address prepared for the Executive Club, the former Chief of Staff of the Army reviewed the accomplishments of the recent Atlantic conference of Atlantic Pact defense chiefs.

A spokesman for a small nation, Bradley said, first raised the question of sovereignty, and thus made "the most significant suggestion" of the conference. He didn't identify the nation.

Bradley said the suggestion is about the possibility of a central body within the framework of the Atlantic Treaty, to call demands on the "one pool" system by which the armed forces of each member nation must be expanded. He did not say what action was taken on the proposal, but commented:

"Just as the spokesman for that small nation indicated, as the defensive plans develop tradition will have to give way to reality."

"And even our own balance of United States forces — if we expand beyond the present level."

Unconditional Pardon Is Given To Boston Democratic Political Figure

WASHINGTON, Apr. 14.—(AP) President Truman has given a full and unconditional pardon to 72-year-old James M. Curley, colorful Boston Democratic figure twice convicted of violating federal laws.

The White House announced the pardon was granted yesterday. It did not say so, but from all indications the action was chiefly a gesture to an elderly man long honored by his native city and state. It came as Curley was preparing to leave for Rome on a pilgrimage of the Catholic Holy Year. He sailed before the pardon was announced.

Curley already has served his time and he never lost his citizenship rights. So the pardon has little or no practical effect.

After the White House announcement, the Justice Department disclosed that Mr. Truman also had pardoned Donald Wakefield Smith, one of two men convicted with Curley in 1946 of mail fraud.

For Curley, the pardon covered both the 1936 case and a 1935 case in which an alleged conspiracy of competing to improve another person in taking a Civil Service examination. He served a two-month sentence for the 1935 case. Curley had been governor of Massachusetts, a member of Congress, and was mayor of Boston when the 1946 matter arose.

In that case, the agreement between him, Smith and James G. Fuller of organizing a firm called Engineers Group, Inc. and falsely representing it could obtain war contracts for itself. They were charged to have taken over \$100,000 from clients.

Curley was sentenced to six to 18 months in jail. He served the 18 months in the Federal Reformatory for Women, which was run by the Federal Bureau of Investigation. He was released on parole in 1937.

New York Sisters Drop Off Relief To Tour Europe

NEW YORK, April 14.—(AP) Two old-maid sisters, one city girl and the other country girl, dropped off their relief for the 1949-50 winter to the Red Cross in a trip to Europe. The sisters, Mrs. Emily Vanhook, 74, and her sister, Mrs. Virginia Vanhook, 84, were on their way to Europe for their health. They thought they might find a job there too.

So they sold their furniture and took out of their 2 1/2 month city girl provided travel fund. They said they got \$100 for the furniture, \$100 for a relative abroad and earned \$100 more by making and selling handkerchiefs.

They said their way to Paris up the liner America. There one of the sisters picked up a few francs selling handkerchiefs in front of the U. S. Embassy.

Pepper Carries Defiant Lovers Fighting Drive To St. Petersburg

Smathers Cites Support For Pepper In Commie Newspaper

By ASSOCIATED PRESS
Senators Claude Pepper, fighting to win nomination in the Florida Democratic primary of May 2, carried his campaign to Panama City today and planned to wind up the day with a rally in St. Petersburg.

His opponent, Rep. George Smathers of Miami, flew to Tampa for a round of handshaking and an open air rally tonight.

Pepper made five speeches in north central Florida, thus far, bringing in the name of Franklin D. Roosevelt and the Democratic party on a 120-mile swing.

"You won't find me getting elected as a Democrat, then voting with the Republicans," Pepper told a St. Petersburg audience last night.

He said Republicans in Florida and elsewhere were working to supply an article in the Communist Daily Worker of last Sunday which called for his defeat.

Smathers gave the article full treatment at a rally of 500 of his workers at the Alapattah Club in Miami Thursday night. The speech was carried on a statewide network.

Pepper called the Communist article "treason" and "St. Petersburg" and it was "no trick."

"It was the logical result and the logical consequence of the regard for himself," Smathers said.

U. S. Air Force Officer Accused As Russian Spy

Minnesota Corporal Pleads Innocent In U. S. Court Martial

GARMISCH-PARTENKIRCHEN, Germany, Apr. 14.—(AP) Two U. S. Army agents testified today that a 19-year-old American airman told them he volunteered to supply secret military information to Russia because "I believe in Communism."

They said Capt. Gustav Adolph Mueller of St. Paul, Minn., then gave them secret U. S. intelligence documents while they posed as agents of the Soviet Union.

Mueller is on trial before a U. S. Air Force court martial on charges of attempting to deliver classified information involving U. S. national defense to a foreign nation. He pleaded innocent at the opening of the trial this morning.

Conviction on the charge in time of war could bring the death penalty. Technically the state of war has not yet ended.

One of the agents said Mueller, son of a Swiss father and British mother told them at a meeting they had arranged with him.

"I have been looking for a contact for a long time. My father fought in the Communist revolution on the side of Lenin. From my earliest youth I have been interested in Communist doctrine and I believe in Communism. It is the only right way."

The Soviet Union represents the Communist Party line and I think I could help the Soviet Union and thus the party line by supplying information I believe to be important."

Mueller, member of an Air Force intelligence squadron, was studying at the intelligence school in Tallahassee.

Control Voted For Potatoes By Senators

Brannan Farm Plan Is Turned Down By Senate's Agriculture Subcommittee

WASHINGTON, Apr. 14.—(AP)—A rigid system of federal controls over planting and marketing of high potatoes was approved today by a Senate Agriculture Subcommittee.

The senators rejected a proposal of the so-called Brannan farm plan, backed by President Truman as a means for ending the costly and troublesome potato surpluses piled up under government price props.

Instead it approved a proposal for nationwide controls both by the bushel and acre. Excess planting or production would result in stiff penalties.

Subcommittee Chairman Ellender (D-La.) said the new potato control plan will be considered by the full Agriculture Committee next Tuesday. He said the control program was drafted by the national potato council with help from Agriculture Department experts and lawyers.

Congress recently voted to end all potato price props after this year, unless it enacted and growers accepted rigid controls.

The pending measure is intended to provide the controls.

Senator Holland (D-Ill.) refused to sign the subcommittee report but Ellender claimed votes of Senators Lucas (D-Ill.), Thyne (R-Minn.) and Aiken (R-Vt.).

Under the proposal each commercial potato grower would be assigned a quota or share of potatoes for marketing. He would be allowed to plant more acres than his quota, but he would be required to sell the surplus at a price set by the government.
