THE WEATHER
Light clouds and a steady local breeze for the afternoon; fair tonight; Thursday clearing and somewhat colder.

Rex Beach, Noted Author, Takes His Life

72-Year Old Rollins Grad And Sebring Celery Grower Suffered From Cancer

SEBRING, Dec. 7 (AP)—Rex Beach, 72, nationally known novelist, was found dead of a pistol wound in the head at his home near here this morning.

The death was pronounced suicide by county judge J. Howard Livingston and Sheriff Howard Coker.

Beach had been suffering from a throat ailment for three years; his body was found by a nurse who brought him breakfast, the sheriff said.

His wife, Mrs. Tania Simonson, found the water in his pajamas on the floor of his second story bedroom. The body lay by the bed in which he had slept through the night.

Robert Fox, his secretary for 13 years, said funeral arrangements would be made later.

Beach was in the midst of a psychological novel, "Woman in Amber," in which he had completed 27 chapters. He had not worked on it for several months. This summer Beach's life was described in a while at Miami where he had gone for treatment for his throat.

Medical authorities in Miami said the noted novelist suffered from cancer of the throat. No treatment was given because Beach wanted it that way.

The writer arrived in Miami in an ambulance but returned to his treatment and walked out to return to his ranch.

Beach's Miami doctor, who asked that his name not be mentioned, said the cancer which afflicted Beach for two years.

He is survived by a brother, E. H. Beach of this city, and a nephew, E. H. Beach of Los Angeles. Beach spent last winter with his wife in Sebring.

The author came to Sebring in 1917 and started development of the city on page 31.

Nov. 27 Frost Did Heavy Damage To Everglades Crops

ORLANDO, Dec. 7 (AP)—The heavy frost of Nov. 27 did tremendous damage to the Everglades crops, the Federal Bureau of Agricultural Economics said today.

The greatest loss was in the fall bean crop, which from a national production standpoint, was less than half harvested at this time.

Early estimates place the loss at 10 to 15 percent of the potential fall production remaining for harvest from this section.

The young winter potato crop in the Everglades was also severely damaged, and is expected to be a complete loss and yields on the remaining acreage reduced by half and probably more. A few sweet corn were also lost.

Other crops in central and south Florida suffered only minor damage. However, the prolonged period of below normal temperatures has retarded the growth and progress of the remaining winter crops such as beans, cucumbers, eggplant, squash, and tomatoes.

Where temperatures were not too severe, the cooler weather has been beneficial to cabbage, celery, lettuce, and other hardy vegetables.

STORE ROBBERY

B. McCall's store at Monroe Center was entered Sunday night, and about \$12 in cash and some cigarettes were stolen, Sheriff P. A. Mero reported today. The cash, he said, was taken from a safe organ which had been broken into.

RRRINE MEETING

The Sanford RRRine Club will hold its annual Christmas dinner meeting at the Yacht Club Friday Dec. 9, at 7:30 P. M. Reservations should be made by Thursday noon with Dr. Henry McLendon.

Sink Trafagar Warship That Opposed Nelson

LAST SHIP FROM THE FRENCH fleet defeated at Trafalgar. The wooden hulled warship Oregon is seen in the bottom off Portsmouth, Eng. Hierarchy mounted the last post, and there was a number of ships throughout an assembled fleet as the ship disappeared. Built 152 years ago originally for the United States Navy, she was captured by the British in 1813 and remained in their possession until 1842. Recently, the Admiralty decided to sell her for scrap.

Herlong Scores U. S. Spending In Speech To Lions

Senator Herlong, in an address to members of the Lions Club yesterday at the Yacht Club, expressed opposition to the "government's continued spending program."

Congressman Herlong stood at the exact spot where Senator Claude Pepper defended the government's spending policies in a post meeting talk to the Lions Club on Wednesday. Rep. Herlong was introduced by John Levy as "a man loved and admired by everyone in Central Florida."

Emphasizing that the government should operate on a sound financial basis, Mr. Herlong counseled against a policy of "manufacturing unemployment" as an excuse to borrow money from the government and pay out that each one of the 435 congressmen get requests for appropriations.

"Before asking Congress to give anything for your district, multiply the amount asked by 435, representing requests made of all the congressmen, and then determine if the country can afford it," he advised.

Getting back to the government's spending policy he said, "Pump priming may have helped in 1933 when we owed only 12 billion dollars, but at the national debt now is 43 billion dollars, and the national debt is now 43 billion dollars." (Continued on page 31)

Ten Billion More Is Urged For Schools

BILOXI MISS., Dec. 7 (AP)—A Federal education official says America needs \$10,000,000,000 for physical plant facilities for elementary and secondary schools during the next 10 years.

Ray Hinson, chief of the School Housing Section of the Office of Education, made that estimate before the national council of chief state school officers here yesterday.

He said the need has arisen because school enrollments have been increasing and educational programs have been expanded while construction of new schools and repair of old buildings has been deferred.

The estimated school children in 1950 will number 21,000,000 in 1950 and 26,000,000 in 1960.

THREE DAY WEEK

NEW YORK, Dec. 7 (AP)—The United Mine Workers said after a two-hour conference with operators today that it still plans to keep the three-day work week in effect in the hard coal industry.

Thus the nation's 80,000 anthracite miners, barring a last-minute change, will fall to 40 percent of normal on Friday after working the first three days of this week.

John L. Lewis, who led a short-lived work stoppage for all his miners in calling off a full-scale soft coal strike last week.

WATSON MAY RUN

TAMPA, Dec. 7 (AP)—Tom Watson, former attorney general, is the latest to be added to the ranks of possible candidates for Rep. J. Hardin Peterson's seat, according to local sources.

The late Watson, a veteran and able campaigner, was reported by the Tampa Tribune to have told friends he would enter the race.

Watson told the Associated Press he was "not averse to re-entering the political arena" but would enter only if he could raise \$25,000.

Senator Holland Talks To Oviedo Lions On Capital

The human side of life in Washington, D. C. was stressed by Senator Spearman Holland in a talk last night to members of the Oviedo Lions Club, then dinner and music. About 60 persons were present to hear the talk which was given at the Oviedo Club. Holland's introduction was by Mr. J. H. Taylor, Oviedo Club president.

The meeting followed a supper given by the Oviedo Club in honor of the Senator at an Oviedo restaurant.

Senator Holland told of the important economies and of the debt present at the signing of the Atlantic Pact. The Senator said that the Oviedo Club is one of the few clubs in the country that are not only members but also contributors.

Every day in Washington a vacation day is declared, and told of the many groups of children who visit the Nation's capital where they gain a sense of appreciation of our country, its constitution and its principles.

Every day in Washington a vacation day is declared, and told of the many groups of children who visit the Nation's capital where they gain a sense of appreciation of our country, its constitution and its principles.

Democrats Made Peach Grower Rich

SACRAMENTO, Calif., Dec. 7 (AP)—A California peach grower who got rich during the Democratic administration has written a story for the National Geographic magazine about the specific reasons that he became Democratic.

The story of Harvey B. Whitten is published in the November issue of the National Geographic magazine. Whitten, a Democrat, explained the reasons for his political conversion.

Whitten said that he was a Republican until 1932, when he was elected to the State Assembly. He said that he was a Republican until 1932, when he was elected to the State Assembly. He said that he was a Republican until 1932, when he was elected to the State Assembly.

FLIGHT RECORD

NEW YORK, Dec. 7 (AP)—Tom Lougher, Jr., today finished his winging his way around the world by scheduled airline flights in 13 minutes less than five days. He established a new passenger speed record for commercial planes.

Lougher made the last lap of his trip on an American Airlines plane. His landing at LaGuardia Field came four days, 23 hours and 47 minutes after his take-off last Friday.

FAKE QUINTUPLETS

BOGOTA, Columbia, Dec. 7 (AP)—Bogota newspapers reported today the story of the birth of quintuplets in a remote Colombian village was a hoax.

Medellin dispatches had detailed at length the story of the birth of five sons to the wife of an illiterate mulatto farm laborer in the village of San Alejandro.

Today Medellin correspondents reported the couple have five children, all boys, but their ages range from five to 15.

PRACE TREATY

LONDON, Dec. 7 (AP)—Official British sources said today that the big three western powers have agreed to consult early next year on ending the state of war with Germany.

The agreement was made at the recent Paris conference of foreign ministers of the United States, Britain and France.

Major Round-Up Of Smugglers Is Started By FBI

MIAMI, Dec. 7 (AP)—A major roundup of smugglers is under way in the United States, according to a report from the Miami office of the Federal Bureau of Investigation.

Two men are under arrest at Miami, and their wives are being held in custody. They are charged with the operation of a smuggling ring.

The men are charged with the operation of a smuggling ring. They are charged with the operation of a smuggling ring.

American Legion Plans Yule Dinner; Votes On Memorial

The Christmas dinner of the American Legion will be held Monday evening, Dec. 8, at the Yacht Club. The dinner will be held at 7:30 P. M.

The American Legion will be held Monday evening, Dec. 8, at the Yacht Club. The dinner will be held at 7:30 P. M.

Civil Air Patrol To Meet In Orlando

Sanford's Civil Air Patrol will meet tonight at the Orlando Air Force Base as guests of the Orlando CAP, commanded by Capt. Howard B. Switzer, Jr.

The meeting will be held at 7:30 P. M. at the Orlando Air Force Base.

MAYOR DEFEATED

ST. AUGUSTINE, Dec. 7 (AP)—Mayor Commissioner Leonard DeLoach, who has served as the city's chief executive for the past year, was decisively defeated in yesterday's election.

DeLoach received 1,480 votes, while his opponent, J. H. Brown, received 2,318 votes.

HIGH MAN

PITTSBURGH, Dec. 7 (AP)—The chief spokesman for the soft coal industry today lashed out at John L. Lewis' "union monopoly" which he said is a threat to the nation's economic well-being.

The spokesman said that the union monopoly is a threat to the nation's economic well-being.

Barkley Says U.S. Can Save Chaotic World

American Sacrifices Can Prevent World Slavery, And War, Says Vice President

WASHINGTON, Dec. 7 (AP)—Vice President Alben W. Barkley said today that the United States "may lead the nations of the world out of chaos, but it will require sacrifices never before made by any government of the world."

Addressing the opening session of the 9th annual National Civil Liberties Convention, the Vice President urged that "nationalism can not have its free all the rest of the world in slavery."

"We have entered the leadership in order that we ourselves will not be succumbed by an armed mob."

"We are speaking a lot of money in order to do this. It is one of the reasons why taxes have not been reduced."

Barkley emphatically explained to the 20 delegates that he had been "so occupied with non-political matters recently that he had been unable to keep up with the conventional political activities of the high school press."

"The Vice President said much about the situation of the world."

He said that the recent armistice in Europe has been a great relief to the world, but it is not the end of the world's troubles. He said that the world is still in a state of chaos and that the United States must lead the world out of this chaos.

Federal Agent Names Ernest Duhaime As Man Most Wanted

MIAMI, Dec. 7 (AP)—A major roundup of smugglers is under way in the United States, according to a report from the Miami office of the Federal Bureau of Investigation.

Ernest Duhaime is named as the man most wanted in the roundup.

The FBI is looking for Duhaime in connection with the smuggling of goods across the border.

Re-Registration Of Seminole County Voters Planned

The Seminole County Board of Supervisors has planned the re-registration of voters in the county.

The re-registration will be held on December 15th at the County Administration Center.

The Board of Supervisors has also planned a Yule dinner for the community.

Commission To Meet With Zoning Board

The City Commission will meet with the Zoning Board at a public hearing at 8:00 o'clock Thursday evening at the City Hall to make adjustments on zoning building requirements in District R-1.

The Commission will also hear from the Zoning Board regarding the proposed construction of homes in the district.

SCHOOL BOARD

The County School Board will meet tomorrow morning at 10:00 o'clock in regular monthly session. The meeting will be held at the County Administration Center.

The Board will discuss the school budget and other matters.

WARD CASE

The United States Attorney today announced it will comply with terms of a parole agreement for the release of two Communists held captive since September.

The two Communists are John J. H. Brown and J. H. Brown.

Gen. Groves Denies Hopkins Aided Reds; Acheson Joins Denial

State Secretary Admits Some Uranium Was Sent To Russians During War

WASHINGTON, Dec. 7 (AP)—Secretary of State Acheson today said that the Army's wartime atomic bomb project approved government loans for the shipment of uranium compounds to Russia in 1945.

Acheson said that the uranium was sent to Russia in 1945, but that it was not used for atomic bombs.

The uranium was sent to Russia in 1945, but that it was not used for atomic bombs.

Three Children Shot And Killed By Their Father

ALEXANDRIA, Va., Dec. 7 (AP)—A Fort Belvoir construction engineer today told his wife that he had shot and killed his three children because they were preparing to leave their home for school.

The father, John J. H. Brown, shot and killed his three children in a fit of rage.

Construction Engineer In Housing Project Is Held

ALEXANDRIA, Va., Dec. 7 (AP)—A Fort Belvoir construction engineer today told his wife that he had shot and killed his three children because they were preparing to leave their home for school.

The father, John J. H. Brown, shot and killed his three children in a fit of rage.

Orlandoan Kills Spouse With Iron, Leaves Death Note

ORLANDO, Fla., Dec. 7 (AP)—Mr. Henry H. Brown today told police he had shot and killed his wife with an iron.

Mr. Brown left a death note for his wife, stating that he had shot and killed her because she was preparing to leave him.

Federal Borrowing Is Hit By Senator

WASHINGTON, Dec. 7 (AP)—Senator Walter D. Byrd today said a Federal Government borrowing program is "a very bad idea."

Senator Byrd said that the Federal Government should not borrow money from the public.

Census Of Income Rapped By Hinshaw

WASHINGTON, Dec. 7 (AP)—Rep. Hinshaw (R-Calif.) said today that the Federal Government should not conduct a census of income.

Rep. Hinshaw said that a census of income would be a violation of the Constitution.

Nation's City Managers Have No Solution For Parking Problem

By MALCOLM JOHNSON
 PALM BEACH, Dec. 8. — (AP) — The nation's city managers put their heads together on the traffic and parking problems today, but nobody seemed to have a happy solution.

One after another reported what his city had done with parking meters, off-street parking, construction of big buildings to hold cars, promotion of greater use of buses, to get down town and shuttle service for patrons of parking lots outside the business area.

When they were through, Gen. Frank of Meridian, Miss., summed it up by declaring "it's like trying to furnish a bag with the same clothes from the age of two to

NAM Speaks

(Continued From Page One)
 Business will have no difficulty in obtaining venture capital, he said, if the middle-income group decides to put even a small portion of their savings into common stocks.

He said the wealthy are too burdened with taxes "to be interested in taking chances." He added, a sound common stock paying about 6 per cent is "less attractive than a tax-free bond paying 2 percent."

"Since 1932," Gray said, "the economic trend has been such that the investor is truly the 'forgotten man'."

"The bond buyer has taken almost a 50 per cent cut in wages. The present interest rate on top grade corporate bonds is around 2 1/2 per cent. Twenty years ago such bonds yielded almost 5 per cent."

He said that until very recently the shortsightedness of the investor toward a loss of incentive and the use of the federal budget "as an instrument of bountiful generosity, whatever the actual cost."

But, he added, there are indications the turn is at hand and that it only requires courageous leadership to challenge old notions.

An example of courageous leadership, he said, was the action of Canada in reforming its individual and corporate tax structure and removing a large number of nuisance taxes.

And, he added, the defeat of the Labor Party in New Zealand shows that trends are man-made and can be unmade.

Government restrictions and refusal to lower taxes seem to have been responsible for the upset in New Zealand," he said.

"Nationalization, New Zealanders learned, is not the answer to all of our economic problems."

Dr. Adams S. Bennion, vice president of the Utah Power and Light Company, urged a vigorous battle against complete socialization in this country.

"We are rapidly becoming economic slaves pulling an oar in the galley of state," Dr. Bennion declared.

Perhaps, he said, America needs a five-year plan "a plan designed to regenerate a true spirit of liberty and self-reliance."

He said an active program by all industries is needed to make

United Nations

(Continued From Page One)
 The five-power resolution was approved first by a vote of 22 to 4, with 3 abstaining, and many of the 59 national delegations absent. Chile challenged the vote on the ground that no quorum was present. On the second ballot the proposal was approved by a vote of 45 to 5 with no abstentions.

The negative votes were cast by the Soviet bloc.

The five-power resolution applies to the world:

1. To respect the political independence of China.
2. To respect the right of the people of China now and in the future to choose freely their political institutions and to maintain a government independent of foreign control.
3. To respect existing treaties relating to China.
4. To refrain from (a) seeking to acquire a sphere of influence or to create foreign controlled regimes within the territory of China, and (b) seeking to obtain special rights or privileges within China.

The Assembly then adopted a proposal by Cuba, Ecuador and Peru to refer the whole Chinese problem to the year-round Little Assembly with instructions that it report back with recommendations at the 1950 assembly next September.

This kept before the U. N. China's demand for a worldwide condemnation of Russia and for general non-recognition of the Chinese Red regime. The Latin American resolution was approved by a vote of 32 to 5, with 17 abstaining. The Soviet bloc again cast the only opposing votes.

The United States finally voted for a resolution after it was amended to provide that the Little Assembly consider any future violations of the principles laid down in the five-power plan.

Cotton Crop Estimated At 16,034,000 Bales

WASHINGTON, Dec. 8. — (AP) — The Agriculture Department, in its final report of the year, today estimated the 1949 cotton crop at 16,034,000 bales of 500 pounds gross weight.

This estimate is 510,000 bales more than the 15,524,000 bales forecast a month ago. It compares also with 14,877,000 produced last year and with a ten-year (1938-47) average of 11,300,000.

This year's crop has produced a surplus supply above market needs and a reserve deemed by law to be ample. As a consequence, Secretary Brannan has set planting allotments calling for a 20 per cent reduction in 1950 production.

Brannan also has proposed rigid marketing quotas on the 1949 crop. Quotas will be submitted to growers at a referendum Dec. 15. They must be approved by at least two-thirds of the growers voting before they can be put into effect.

The new marketing program, excess sales would be subjected to a stiff penalty tax.

Cold Wave Blows Icy Chill Into Midwest

By Associated Press
 A cold wave from Canada threw an icy chill into parts of the Midwest today. Little relief is likely until Friday or later.

The center of the frigid air mass was in North Dakota this morning. Minot reported 16 below zero. The center was expected to move near Des Moines, Ia., by nightfall.

South central states also felt the chill. The outer edges of the cold air front dipped into Texas and Mississippi.

Atomic Materials

(Continued From Page One)
 today he hopes the committee will have every angle.

Groves said in Norfolk, Conn., continue its digging. He was interviewed by telephone by an Associated Press reporter in New York.

Groves also said he believes the Russians obtained secret information. He said: "How much they obtained, nobody knows."

The retired general also repeated that when he headed the A-bomb project he withheld from then Vice President Henry A. Wallace some secret reports on atomic developments which normally would have gone to Wallace.

Asked whether there was any special reason why he didn't show

them to Wallace, Groves replied: "I preferred not to." In testimony to the committee yesterday, Groves said that neither Wallace nor the late Harry Hopkins ever "pressured" him to release atomic materials or secrets to the Russians.

Friends of Hopkins took the view that Groves' testimony had completely exploded reports linking Hopkins' name with wartime atomic shipments to the Russians. Hopkins' name came in from a story told by former Air Force Major G. Racey Jordan. Jordan claimed Hopkins telephoned him in the spring of 1944 to expedite an atomic shipment to Russia. Jordan was then stationed at Great Falls, Mont., a main stop on the lend-lease air route to Russia. Investigators are now doing spadework for further hearings by the House committee in about 10 days.

Among other things, they are going into the question of just what former Lend-Lease officials William C. Moore and James P. Hoopes had to do with what they called atomic shipment No. 2 in the spring of 1943.

They want to know why Groves was reported to have approved the shipment although Groves says he did not.

The first window that could be moved up or down was invented in Holland in the 17th century. Windows, window cords and pulleys were invented by the Dutch about 1650.

China Reds Want Totalitarian State, Says Methodist Secretary

BUCK HILL, FALLS, Pa., Dec. 7.—(AP)—If Communist leaders in China have their way they will build a completely totalitarian state, a prominent churchman said today.

Quoting private information from missionaries "behind the Bamboo Curtain," Dr. Frank T. Cartwright, Methodist's associate secretary for China, said the Communists seek absolute control of education, the press, industry, police and all other forms of power.

Dr. Cartwright spoke to the Board of Missions and Church Extension of the Methodist Church, which is holding its annual meeting here.

He told the conference in a prepared address that "in general the attitude of Communists, both soldiers and civilian officials, toward Christian Chinese and missionaries has proved more tolerant than had been expected."

"Americans in a position to know the facts and who have recently returned from China, he said, 'have stated that there have been no verifiable instances of persecution of Christians.'

"It is not known, however, to what degree this is a permanent policy of the new government and to what degree a temporary expedient."

He said "all evidence and all letters received this year from Communist-controlled areas confirm the policy of this board to encourage and support any Methodist missionaries who want to remain in their stations." And that, notwithstanding "life is far from easy."

Associate secretary Raymond L. Archer reported "encouraging progress" in European countries considered "behind the Iron Curtain," especially Poland, Czechoslovakia, those areas for public worship and Yugoslavia, Austria and Hungary.

"There seems to be freedom in those areas for public worship and the conducting of the usual religious programs which belong to our churches," he said.

"The ministers find it necessary to be rather careful in their sermons not to bring in political subjects, but so long as they adhere strictly to their priestly functions there is no interference with their work."

In Yugoslavia, he said, "there appears to be a real door open for the work of the Evangelical churches."

The new Commonwealth of India was described by associate secretary James K. Matthews as "politically a great work of democracy—a force to be reckoned with in the world."

"From every standpoint," he

said, "India must be regarded as a first-rate member of the family of nations. She is aware of a special role on the international scene. She is desirous of avoiding alignment with either Western or Russian blocs."

"The Communists are eagerly watching developments in India and Pakistan. The rapidly and effectiveness with which these nations meet their economic and social problems will doubtless determine whether the Marxists can gain ground."

Another associate secretary, Dr. F. T. Hranough, said Japan, "stuck and tired of war and seeking the surest possible way to avoid its recurrence in their part of the world," is "most receptive field in the world of Christian missionary endeavor."

But it may not remain so, he emphasized, adding: "Indeed, there are many evidences of a shifting of public favor from open-mindedness toward Christianity and democracy to something like nostalgia for the former days of Japan's nationalistic ascendancy or to more revolutionary social, economic and political concepts."

"If and as the Christian and Democratic way holds out the greatest assurance" to the ends of peace, Dr. Hranough said, "we can be certain of Japan's vital interest in learning 'what must I do to be saved.'"

"This need (of war weariness) and the fact that deep in their hearts they have a long and undimmed American bias and ways largely explain Japan's unusual postwar receptiveness to Christianity."

Plans For Surplus Food Shipments To Needy Are Killed

WASHINGTON, Dec. 8.—(AP)—Norris E. Dodd, director general of the Food and Agriculture Organization, told delegates to the agency's fifth annual conference shortly before it adjourned early today, that they had failed to answer "the world's two most pressing problems."

Dodd expressed disappointment, and said the problems of (1) How to feed millions of starving people and (2) How to distribute commodity food surpluses to those people "will not solve themselves."

"I don't think," he said, "that any of us can feel in our conscience that we have given those starving people any help."

The director general added that maybe the "FAO committee on commodity problems" which was formed here as an advisory body will be able to help some people.

"But," he said, "it certainly can't help the millions."

Dodd told delegates to the 14th annual meeting that they have failed to help the world's farmers down "How do you think they feel?" he asked, "when they are now receiving instructions from their governments to cut down production of food products?"

The conference finally wound up business in the hall hours of the morning after 11 hours of near-continuous sessions. The final session was interrupted only twice—and then only so the delegates could eat.

Dodd had originally forwarded the proposal for an international commodity clearing house to help member nations dispose of food surpluses by sending them to food-short nations. His proposal was rejected by the United States, Canada, Australia and Britain, and was killed by the conference.

But conference chairman Oscar Gans of Cuba said he felt the meeting had accomplished many things and added "if our hopes are realized then our time will not have been wasted."

Formosa Seen As Vital U.S. Military Base In Pacific

HONOLULU, Dec. 8.—(AP)—Senator Ferguson (R-Mich.) said today the time for a showdown on Formosa is near.

He said he was going to Washington "to see Louis Johnson (defense director) and lay the cards on the table."

Ferguson and a party of Senators are passing here on a round the world trip. Ferguson visited Formosa, Chinese Nationalist stronghold at the American defense line in the western Pacific.

The Michigan Senator said the United States must "secure Formosa from Communist occupation."

"Every possible military commander feels that we had probably what will happen is this: The State Department will have us recognize the Chinese Communist, and they will move into Formosa," Ferguson said.

"With Formosa in Communist hands our whole scheme and system of Pacific defense will fall apart—in the middle," he said.

"The State Department will have us recognize the Chinese Communist, and they will move into Formosa," Ferguson said.

"The new way of making X-rays produce nothing but heat. All have the same wave length. The ordinary rays are made by shooting a stream of electrons against a piece of tungsten metal. The new rays are made by targets of molybdenum, copper, iron, nickel, chromium and cobalt. Each kind of metal produces a different X-ray."

Both for seeing the invisible, and for killing powers, these new X-rays appear anything else of their kind. Each class of rays select some substances as preferred targets, and bypasses the others.

In practical use one of these

Improved X-Ray Reveals Details Unseen Before

monochromatic (single-color) rays will reveal certain details in a solid object, which may be anything from a metal casting, to the flesh and bone of your injured hand. After you get a view of these details, you switch to another X-ray, which shows you other details, but additional details. And so on with one ray after another.

For the X-ray man, this is like having a dozen eyes instead of one. In killing powers, the new rays may be made thousands of times stronger than the ordinary rays. This some germs and microorganisms that usually take hours for X-ray killing will die in a few seconds.

It is hoped to use these rays to do selective killing, which is real atomic sharpshooting. An example is making vaccines. Each germ of virus that causes disease also carries the antibody, in the form of a mysterious substance called antibody. The vaccine is something that will produce plenty of the antibody but at the same time kill off the germs or viruses.

A difficulty is frequently that whatever kills the microbe, also destroys the antibody. With the selective X-rays it should be possible to find an X-ray beam to kill or inactivate the microbes, without destroying the antibody.

The new rays produce more mutation, than ordinary X-rays, and produce them faster.

Very unexpectedly, preliminary experiments indicate that the new rays have 200 times greater biological effect than ordinary rays of the same energy. This discovery, a generally accepted belief that biological effects are independent of wave length.

Monochromatic Rays Give Equal Views Of Bone, Steel Bar

By HOWARD W. HAKESLEE, Associated Press Science Editor URBANA, Ill., Dec. 8.—(AP)—You can pick off atoms with some new sharpshooting X-rays at the University of Illinois.

This is a new kind of marksmanship, with many promising uses. The X-ray sharpshooting was developed by Dr. George I. Clark, of the department of chemistry.

Ordinary X-rays are like decks of playing cards, except that instead of 52 there are thousands. Each ray differs from the others in wave lengths.

The new way of making X-rays produce nothing but heat. All have the same wave length. The ordinary rays are made by shooting a stream of electrons against a piece of tungsten metal. The new rays are made by targets of molybdenum, copper, iron, nickel, chromium and cobalt. Each kind of metal produces a different X-ray.

Both for seeing the invisible, and for killing powers, these new X-rays appear anything else of their kind. Each class of rays select some substances as preferred targets, and bypasses the others.

Censoring Of Slogans On Private Mail Meters Called 'Justified'

WASHINGTON, Dec. 8.—(AP)—The Post Office Department said today it plans to formalize to a recent public criticism that it "censors" the slogans on privately-owned mail meters.

The post office and the proposed privately-owned mail meters, but they left no doubt that it never would have been approved, had it been.

Clark Paine, Washington representative for the Paine Howe Company, which supplies Rheebart style mail meter machines, and made up of printed and plates, and the proposed Rheebart slogan meter, said today that the slogan meter is being up with the Department.

"We try to be a liberal as possible, but if the meter is not approved, we have to keep it in mind always that a big segment of the public still doesn't realize that the slogan on metered mail are not government slogans."

Philip Ewald advertising manager for Rheebart and Co., New York, publisher, complained last week that his company had been unable to get the printed slogan "For Better Government, Support the Hoover Report," on its mail meters.

Ewald said that the "support" to be a subtle new form of censorship exercised by the Post Office from Washington, especially since the Hoover report was quite critical of it (the Post Office operated

King George Reviews Berlin Airlift Vets

LONDON, Dec. 8.—(AP)—King George VI reviewed today a token force of British American and Commonwealth airmen who helped win the battle of the Berlin airlift.

Headed by a Royal Air Force band, 250 men and women marched through the gates of Buckingham Palace for an inspection by the King.

They then paraded through the streets of London in the ancient, war-scarred Guildhall in the heart of the city for lunch with the Lord Mayor of London, Sir Frederick Rowlands.

Maj. General W. M. Turner, who commanded the U. S. Air Force part of the lift, flew into town to lead the American contingent in the parade.

Harvard Club Invites Sharman Douglas

NEW YORK, Dec. 8.—(AP)—If Harvard's Hasty Pudding club wants blonde Sharman Douglas to attend its annual show, it will have to be sure she gets the invitation.

The daughter of U. S. Ambassador to England Louis Douglas said today "I really don't know whether I'm going or not because I haven't been invited." I understand the invitation was sent to England.

The club named Miss Douglas its New York.

Woman of the Year Not Announced

The Columbia River, forming the boundary between Washington and Oregon, is believed to carry more water than all other American Pacific Coast streams combined.

"Woman of the Year" not announced it was a king her to attend its 102nd annual theatricals, "Heart of Gold," opening next week.

The Hasty Pudding members also wrote Miss Douglas a letter saying they were "more pen and paper" than "more pen and paper" than the British bluebloods she's been dating.

P. S. About that invitation, fellows. She's at the Hotel Barclay.

Lake Mary
By VIRGINIA PALMER

Mrs. Ted Brooklyn was hostess Friday night at a Stanley Brush party. Some 20 ladies attended with Mrs. Cecil Nixon winning the door prize. Games and contests were played and at a late hour cake and hot tea were served. In recognition of her hospitality, Mrs. Brooklyn was presented with a set of silver by the brush company.

The F. C. Hunkins have moved into the recently completed Ball cottage. They expect to be here for the winter.

The Women's Association of the Community Church sponsored a covered dish supper at the Chamber of Commerce Thursday. Following the meal various articles of fancywork, as well as bread, cake and candy were sold. As Lake Mary women are famous for

their cooking, a large number of townpeople took advantage of this supper, which was served cafeteria style. Mrs. George R. Patterson was chair, in charge of arrangements.

On Friday night the Miller Bishop Co. of Sanford sponsored an exhibition of electrical equipment for farm use at the Armory. Supper was served prior to the evening's program which included several appropriate short movies. A number of Lake Mary residents attended, primarily those of the West Section, who desired information regarding proposed electrification of that area. Seen at the Armory were: Mr. and Mrs. Paul L. Bissell, Mr. and Mrs. W. Weiderhold, Mr. and Mrs. George Armbruster, Mrs. A. Teslo and children, Mrs. Vermer Nelson, Mrs. S. E. Wester and son, Harry Wester, Miss Virginia R. Palmer and P. D. Anderson.

Mrs. C. N. Gardner left Monday for her home in Carbondale, Pa. after an extended stay with her uncle, Mr. Joe Kinsky.

The Ben Young home has been sold and for the present, the Cecil Mixons, who were occupying it are living with Mr. Joe Kinsky.

The A. H. Scharda, of Wellington, Ohio, arrived Thursday to spend the winter in their Lake Mary home. Friends of Mr. Southard will be glad to hear that he is much improved.

Mr. and Mrs. Ralph Gainer, Jr. and son, Dickie left Thursday for their home in Marietta, Ohio, following a brief visit with Mr. H. A. Gainer and son James A. Gainer, father and brother of Mr. Ralph Gainer.

Lake Mary School had two floats in the Sanford Christmas Parade, Nov. 30. The first was pulled by Mary Virginia Robinson and Dorothy Lee, and carried Gayle Burke, the second was pulled by Billy Teslo and Leroy Humphrey and carried Patricia Henderson. Gayle was dressed in white with a long blue cape while Patricia wore a male green.

Friends of Mrs. H. Skewes will be glad to hear that she is improving at her home, following a brief stay at the Florida Sanatorium in Orlando.

Sunday the A. E. Crockers drove Mr. E. A. Douglass and his sister, Mrs. Bertha D. Sorrell to Ireland, where they visited Mr. Douglas. She is in a nursing home following a fall which resulted in a broken pelvic bone. Friends will be sorry to learn that her improvement is so slow.

Mr. and Mrs. F. L. Moore of New Smyrna Beach were dinner guests of her father and brother, Messrs. H. A. Gainer and J. A. Gainer.

Friends of the Paul L. Bissells will be interested to hear that he won the first award for sculpture at the Florida Federation of Art in session in Daytona Beach last week. His prize winning entry was a head which he called "The White Man's Shame."

Mrs. Emma Wing and Mrs. Edythe Venterson have returned to their home in Lake Mary, following a short visit with friends in Eustis.

The Lake Mary Boy Scout Committee met on Nov. 1 with the County Boy Scout Council in Sanford. The primary purpose of the meeting was to acquaint the new committee with methods and types of Scout recreation and related activities. Lake Mary scout president were committeemen C. P. Braxington, P. D. Anderson, Marshall Smith and T. M. Miller, local scoutmaster.

Industrialists Are Happy Over Future Business Outlook

By SAM DAWSON
NEW YORK, Dec. 8.—(AP)—There's an air of cross-fingered optimism at the Waldorf-Astoria today. In its opulent grand ballroom, America's most glittering pageant of industrial might gets underway. And this time, as celebrated as last year, the boys attending the Congress of American Industry aren't scared half to death.

They were last year. Most of the three thousand top men in our manufacturing industries who gather annually for the meeting of the National Association of Manufacturers, were enjoying the very peak of record prosperity when NAM met a year ago. But many of them were on record as warning that a bad slump could be expected in 1949. You could fairly see the hair standing up on their heads.

This time, most of them admit 1949 turned out to be a pretty good year, after a hard start. Add most of them appear to believe that 1950 will be a better one. Some even think a new boom may be starting.

Of course, there'll probably be a good deal of viewing with alarm during the next three days at the Waldorf—its pretty hard for most manufacturers to face in the direction of Washington with composure. And NAM speakers will stress the things they think are wrong, dangerous or threatening in our economy and list the things they'd like to see change—particularly in taxes and govern-

Judge Suspends 90 Days, Gives Man Life

LOS ANGELES, Dec. 8.—(AP)—Traffic Judge Roger A. Pfaff indicated he was going to sentence a speeder to 90 days. But when he learned the offender was to be married, he performed the rite forthwith.

Motorcyclist Blair M. Bernbaum, 19, speeding before the judge on the speeding charge yesterday. It was his 14th citation.

"You should ask a psychiatrist what's wrong with you," said Judge Pfaff.

Bernbaum pleaded that he soon was to be married, pointed to his fiancée, Georgia May Jones of Burbank, in the courtroom and produced a marriage license.

"Marriage," said Judge Pfaff, "is as good, if not better, than any psychiatrist examination." And he performed the ceremony then and there.

As a wedding present, the court fined Bernbaum \$30, placed him on probation a year and ordered him to sell the motorcycle.

Osteen News

By MATINA DUNNING

4-H Club boys had a called meeting Tuesday night at the home of the president David Husack to arrange for the "Bar-B-Q" Saturday at Lemon Bluff.

W. J. Lloyd is ill at his home. Better at this writing.

Little Jackie and Jill Herring, children of our pastor, Mr. and Mrs. W. A. Herring, are ill with measles at their home in Enterprise.

Mr. McLanahan is confined to his bed. He has been in poor health for some time.

Some time during Wednesday night thieves broke into the general store of Lonnie Noel, a quantity of liquor, cigars, candy and what money was in the cash drawer. The guilty ones have not been found at this time.

Mr. and Mrs. J. H. McCullough and Mrs. Edna Chiles visited at the Cecil Miller home in Geneva. Mr. and Mrs. B. L. Crenshaw of Washington, D. C. were last week visitors with Mr. and Mrs. P. T. Hasty. They left Thursday for Key West.

Eighteen of the B. T. U. members attended the Seminole Association meeting in Deland First Church.

Dr. J. Harrison Griffin gave the message which was enjoyed by all. Those attending from here were Rev. W. A. Herring of Enterprise, pastor, Mr. and Mrs. G. C. Husack and David, Betty and Kenneth Husack, Mrs. Robert Williams and daughters Alice and Bernice, Mrs. J. H. Hanks, Mrs. Bernice Wilson and children, David, Joanna, Iris, Marvin Riggs, and

Taft Calls For New Labor Laws As Republican Aim

WASHINGTON, Dec. 8.—(AP)—Senator Taft (R-Ohio) called for a "perfected and improved" Taft-Hartley labor law, Wednesday as one of the planks in a Republican platform for the 1950 elections.

He offered the idea in a report to Ohio voters, released here. Taft also said his party is "opposed to excessive taxation and to government interference with business through price-fixing, wage-fixing, rationing or government control."

About Lawrence and Conal Lawrence

Lawrence's two sisters and a niece from Nova Scotia arrived Saturday to spend the winter in Florida. One sister he has not seen for 40 years.

The W. M. U. met Thursday with Mrs. George Hill. Twelve ladies attended.

Friday the ladies of the community gave Mrs. Hannah Trepper a "household shower." Mrs. Trepper moved into the Williams home recently purchased here.

Mrs. Myrtle Perry and daughters, Lu Mac and Shirley, and George Sweet moved to St. Petersburg Thursday.

Mr. and Mrs. Genevieve have visitors from Grove City, O. and Mr. and Mrs. Ed Craft.

Mr. and Mrs. R. McCullough and grandchildren Mrs. Patsy Ann Houghton spent the weekend in Mid-

Russian Way Of Thinking Revealed In Their Books

TALLAHASSEE, Dec. 8.—(SPECIAL)—"If you wish to understand the Russian mind, then study Russian literature." This is the advice of Miss Tamm Loshinsky, instructor in Russian and German at the Florida State University.

"For," she explains, "their writings mirror the people, just like any other literature." Miss Loshinsky came to the United States with her parents ten years ago from Germany. She was born in the Ukraine near Kiev, oldest Russian city, shortly thereafter moving to Germany.

Coming to FSU last September, Miss Loshinsky began teaching 14 students her native language. "The idea that Russian is hard to learn is a myth," she claims. "It is a very phonetic, you write what you hear and read what you see."

The Russian language is very inflectional. She explains this by the fact that the Russians are a temperamental people and their moods vary rapidly.

Miss Loshinsky attended primary and high schools in Berlin and did undergraduate work at the University of Virginia. Teaching in German literature. Later she received her master's degree at Radcliffe College in Cambridge, Mass. The language instructor taught at Syracuse University, Wheaton and Middlebury before coming to FSU.

She plans to return to Middlebury following a sabbatical in June for the next summer as a language teacher. She English is spoken there during the summer course, though such students train themselves to be "foreign" correct in Washington.

"I think you can do what you want to do," Miss Loshinsky advised as the reason for liking America.

The school will hold food in a pocket book of six days. The food is prepared, the juice is swallowed, and the rest is thrown away.

Enterprise Notes

By SARA NELL HARDIN

Mrs. J. H. Glass and Miss Doris Fuller will entertain the members of the Women's Club next Tuesday night at the annual Christmas party. Each member is reminded to bring her gift for a child of the colored school, or in case one is unable to attend the party, to leave the gift with Miss Burns at the Post Office.

Mrs. Charles Thompson entertained at a silver tea this week for the benefit of the building fund of the Barnett Memorial Methodist Church.

Miss Bertha Wright of Jacksonville was the guest of her parents, Mr. and Mrs. L. M. Wright, over the weekend.

The spaghetti supper Friday evening for the benefit of the Methodist Church was a great success as well as the bazaar Saturday morning.

Miss Pat Tyler of Green Cove Springs spent the weekend with her parents, Mr. and Mrs. W. L. Tyler.

Rev. C. L. Crissey and family left for their new home in Trenton, N. J. on Monday where Rev. Crissey has been called as pastor of the Baptist Church. Mr. Neely has purchased the property of Mr. Crissey.

Mr. and Mrs. M. H. Ryan were visitors in Orlando and Winter Park Tuesday.

Mr. and Mrs. Ernest Snodgrass had as their guests Sunday Mr. and Mrs. J. L. Jackson of Sanford and Mr. and Mrs. L. C. Vining and Mr. and Mrs. J. C. Lewis of Orlando.

Mr. and Mrs. J. S. Haselden and children of Tampa were the weekend guests of Mr. Haselden's mother at her home on Stone Island.

Mr. McBride and daughter Beth of Deland were calling on friends here Sunday.

Among the business visitors in Orlando Monday were Mrs. J. H. Glass, Miss Doris Fuller, Miss Katherine Litch, Mrs. Elizabeth Hockmeyer and Mr. and Mrs. Emmett Laver.

H. J. Burns, Jr., HFN, who is stationed at Camp Lejeune, N. C. arrived Tuesday for a visit with his grandmother, Mrs. W. J. Burns. He has just returned to Camp Lejeune with the cold weather operations unit after a two months' trip in Labrador.

In the 17th century, Swiss watchmakers frequently made timepieces in the shapes of dogs, lions, rabbits, pigeons and other animals.

Under regulations of the federal communications commission a single owner can possess no more than five television stations.

Only about one half of one percent of a modern "tin" can is tin.

Like the microphone of radio which has been abbreviated to "mike", the Inconoscope of television has been shortened to "ike".

Glacier National Park, Montana, has more than 1,000 miles of trails.

"Man-made static" is any type of radio interference generated by motors, automobiles or other spark producing electrical devices.

The Romans are credited with introduction of the glass window.
