

Legislature

(Continued From Page One) measure a provision that owners would have to keep their livestock under fence...

In their place, the House in several places prohibiting livestock from roaming at large on public roads...

The resolution bill was passed 72 and 29. It now goes back to the Senate, which passed the Administration bill...

The cattlemen's bloc made one major concession to the total fencing group. It agreed to an amendment by Rep. Luckie of Duval...

The representatives defeated, 57 to 25, an amendment to make the law applicable only in those counties which voted for it in a referendum.

Voting against the bill on final passage were: Heasley, Hollinger, Botta, Bridges, Burness, Butler, Dekle, Dunn, Elliott, Heath, Hodson, Lancaster of LaFayette, Lanier...

The amendment to make the bill do no more than prohibit livestock from running at large on public roads was adopted by a vote of 61 to 29.

A bill which would remove the requirement that county school superintendents have teaching certificates was approved by the House, 53 to 20, and sent to the Senate.

Rep. Writzyk of Charlotte, chairman of the House Education Committee and a member of the Citizens Committee which drew up the 1947 school law, said it was the first alteration in the code.

Candidates now must have teachings certificates as well as four year college degrees to be eligible to run for the office.

Rep. McClure of Pinellas declared that under the present law, neither the President of the United States nor President J. Hill Miller of the University of Florida could be school superintendents in his county.

He said the change would make a "lot of businessmen" eligible to run for office.

Rep. Writzyk called the bill "one of a number of measures designed to strike the foundation out from under a progressive program."

A new bill to outlaw Ku Klux Klan demonstrations in Florida was introduced in the House.

Rep. Stockdale of Duval proposed a new bill which would prohibit anyone over 14 years old from appearing unmasked on the public streets and highways...

The bill provides that a person guilty of withholding support would be not to work by the Superintendent of the State Prison or by the State Road Department...

In an explanation accompanying his bill, Walker said the present law provides for a parent to execute a surety bond in lieu of imprisonment.

However, Walker said "Any man who is so unscrupulous that he will not support his family could not secure securities to sign a bond for him. The courts and the family look the view that to send him to the penitentiary will not help his family."

Walker said "There is a strong belief that this law is a sure remedy to the many family difficulties. A few sentences under this law will have a tremendous curative effect."

Leaves pull the water up from the roots and manufacture the food that nourishes the tree.

Artificial lures or "flies" were used as early as 300 B. C. according to the writings of Aelian a Macedonian.

NEW PAPER

NEW YORK, May 3.—(AP)—I. O. Thackeray has announced plans to publish a new tabloid morning newspaper here, with Mrs. Emma Blaine of Chicago, 3-year-old harvester heiress, a co-owner of the majority of preferred stock.

Thackeray, former editor and publisher of the New York Post Home News, said yesterday that publication will start in two or three weeks. He said he holds 51 per cent of the common stock.

Dewey Conference

WASHINGTON, May 3.—(AP)—The second annual Dewey conference budget and topped \$10,000,000 off the tax bill.

He dismissed his fight with the rebels as a "rather noisy controversy" that failed to get a penny from the "rock bottom" budget. He portrayed himself as a calm reviewer of the 1949 situation of the legislature as an economical, progressive administration.

The Governor, accompanied by Mrs. Dewey and his secretary, Paul L. Lockwood, said Monday from New York City on a six-week tour to England, France, Germany, Italy, Switzerland and the Netherlands.

At the news conference he said it was "strictly a question" in which he was traveling as a private citizen not in an official capacity.

He expects, however, to talk with leaders of the government in the countries he visits. And he indicated he had been in touch with Washington sources to bring him up to date on major international problems.

China War

WASHINGTON, May 3.—(AP)—The spokesman at a news conference, pledged the Navy would keep ships here as long as there was any possibility of an emergency.

He said the present group of ships can accommodate the 1,650 Americans still in Shanghai.

The Navy spokesman disclosed that the transport Chilton had sailed for Shanghai to leave the Shanghai waterfront, had come to Tangsue with all of the Marines, he had been quartered aboard her.

This disclosure recalled Admiral Radford's statement of last week that the Marines were brought down to the protection of American interests in Shanghai. Many business men thought the Admiral would be using the Marines to guard their property here.

The spokesman said his such as the Chinese Communist forces in British warships in the Yangtze River last month.

He said the U. S. Navy will not become embroiled in China's civil war.

He said the Navy had decided whether its remaining ships should steam from the Wusung forts which guard the waterway. He said the ships were steaming in that area so they would not have to pass the forts if the Communists should capture them or if their gunners should desert to the Reds.

The spokesman said also the Navy has three destroyers, Martha Matiners at Lungtiao which could be used into service and landed on the Whangpoo River in Shanghai if needed for emergency evacuation.

When the plot was reported the U. S. Navy moved Admiral Radford's flag ship, the Colorado, and the transport Chilton from the Whangpoo to Wusung. The British moved the damaged Center Line, and a ship at the same time.

The French moved their lone ship, the Franche, on the coast, surrendered on May 1, the radio said.

Meanwhile Kwangtch, important city midway between Wuhu and Hangchow, has been captured by Red troops, the Peiping Communist radio said today.

The radio claimed victory for the Communists in a battle on the borders of Kwang Anhsui and Cheking provinces. The radio said 2,400 Nationalists were captured.

The report has not been confirmed by any other source.

Efforts to telephone Hangchow, 121 miles southwest of here, brought the reply the lines were "out of order."

The Communist radio said also that Tating, 125 miles west of Peiping, had been taken. The city, last Nationalist bastion north of the Yangtze except surrounded Tsinchiao, on the coast, surrendered on May 1, the radio said.

Tsingtao is the base of the U. S. Western Pacific Fleet.

Arkansas Doctor

WASHINGTON, May 3.—(AP)—A charted adventure in political medicine. These figures are obviously untrue and unrealistic, for the American people already are spending about \$4,500,000,000 annually for medical care, without the huge extra expense of a Government health bureaucracy.

Furthermore, the record in Great Britain, Germany, New Zealand, and numerous other countries proves that the cost of political medicine always soars far beyond the original, soft-peddled estimates of the Government plan.

In England, for example, the cost for the very first year of the National Health Service is running 60 per cent over the original estimate.

In Germany, the birthplace of compulsory Health Insurance, there was one non-medical expense for every 100 insured persons. Our own Veterans Administration has one employee for every 100 beneficiaries. At those ratios, a Compulsory Health Insurance scheme in the United States would require between 1,000,000 and 1,500,000 Government payrollers and administrative payrollers at least \$3 billion annually.

Senator McGarth says "no evidence has been produced" to prove that Compulsory Health Insurance would lower medical standards and put a third party between patient and doctor. He said proof of both claims has only to read the study news reports from England and the dismal record of every large country which has adopted such a scheme. He will find a "day of assembly-line medical methods, increased sickness rates, and even all inferiority to American health standards."

He also might read his own proposed legislation, which would place at least eight National, State, and local administrative agencies between the patient and doctor, and which would put local administration of the insurance plan in the hands of lay committees in each community. Thus, the way is paved for the invasion of personal privacy and the resulting gossip which are plaguing the British system.

Gov. Folsom

WASHINGTON, May 3.—(AP)—The Budget Amendment which was held unconstitutional by the U. S. Supreme Court. A substitute for the amendment, which was passed at night, is expected to be sought at this session.

Creation of a state deposit insurance corporation to insure state-chartered banks as the FDIC insures federal banks.

Creation of an Alabama re-education board whose aim would be to "complete the public ownership of all generating power in the state."

More money for negro education and better racial relations because "that which is built upon prejudice or ill will cannot survive in a democracy."

A constitutional convention to rewrite Alabama's basic law.

Reappointment of the legislature to give every county a Senator. (Alabama has now divided into 67 counties.)

Some senators represent three counties, some one.

New labor law to liberalize workmen's compensation and employment compensation benefits and provide better working conditions, especially for women.

A full-time state liquor control board instead of the present system where the members meet only one day a week.

In addition, Folsom requested larger appropriations for state parks and other conservation activities, for aid to veterans, the national guard, the prison system, and to raise the pay of state employees.

How much all this would cost the governor did not say. That will come later in his budget message. Reliable sources, however, have estimated it at \$30,000,000 a year or more above present sources of revenue.

Bradley Report

(Continued From Page One) the war back to the aggressor, ultimately subjugating the sources of his military and industrial power.

And he went on: "Plans for the common defense of the existing free world must provide for the security of Western Europe without abandoning these countries to the terror of another enemy occupation. Only upon that premise can nations closest to the frontiers be expected to stake their futures with ours in the common defense."

By inference, those remarks looked up the Administration's plan to follow up the Atlantic Treaty with a program of help to other members to arm themselves.

Along that same line, Bradley stressed that in case of another European war, a bridgehead on the continent must be held.

"In World War II," he said "we had the costly experience of making, on the Normandy beaches, the greatest amphibious assault in history. The operation had never arisen when I might again be called upon to participate in such a hazardous and costly operation."

Meanwhile Speaker Rayburn (D-Tex.) predicted the House will accept the new compromise Democratic labor bill with its Taft-Hartley features.

Shortly before the House convened for its fifth day of labor debate, the veteran Texan told reporters he expected the measure to draw strong Democratic support from both the North and South.

The compromise is far different from the simple T. H. reopener unions want. For one thing it would continue the present law's 80-day limitations for dealing with national emergency disputes, but some of the procedure in this section would be changed.

In two respects, the bill would impose new restrictions on employers. It would require them to file detailed financial statements, similar to those required of labor unions. Also, it would extend the loyalty oath requirement not only to principal officers of unions and firms but to policy-making groups as well.

And Secretary of State Acheson said the start of the European Recovery program marked the beginning of a new era. He said the Western world should not rest upon the success achieved thus far.

"We must press forward vigorously to the realization of our immediate objectives," Acheson told a meeting of the United States Chamber of Commerce here.

"We must go further and devise means for consolidating the gains now being made and for extending them into the future."

In New York Housing Expediter T. H. Woods said both landlords and tenants would be happier under the new rent regulations.

But even as Woods spoke at a businessmen's meeting here, a city-wide rent strike against any increase was urged. And New York realty interests were highly critical of the new policy.

The strike threat came from the American Labor Party. The new law, Woods said, "goes right down the middle, protecting landlords against rent rises that would deprive them a fair profit, and protecting tenants against any being charged a higher rent than the fair new operating income adjustment allows."

First reactions of New York landlords and tenants to details of the new "fair rent" formula, announced last night by Woods, were confusion and anger.

In 1953, Izak Walton described 12 fishermen's flies used to imitate insects which fish were thought to like.

BEST SELLER

WASHINGTON, May 3.—(AP)—The Bible is still the best seller that book publishers produce. It recorded almost two and one-half times as many sales in 1947 as in pre-war 1939.

Sales in that year totaled 9,248,000 copies having a "factory value" of \$9,285,000, the Census Bureau said today.

Durocher Case

WASHINGTON, May 3.—(AP)—A hearing before the Commission was set for today.

"No statement has been made to the press by the Commissioner nor by this office since the original announcement.

Durocher's suspension by the commissioner was a preventive, rather than a punitive action. Prominent representatives of the colored race and others had made representations to the commissioner, which indicated the possibility of further incidents.

The Commissioner's representatives have interviewed alleged eye witnesses in New York. The hearing in this office of all interested parties in baseball, and has considered numerous affidavits submitted.

The evidence is contradictory. Manager Durocher was involved in an incident with Fred Boyson, a Porto Rican, and apparently in physical contact with Boyson. The evidence, however, is not sufficient to warrant the belief that Durocher deliberately assaulted Boyson.

Under the circumstances, the suspension against Durocher is lifted immediately and Durocher will retain his team on Wednesday, May 4.

There is ample evidence that

Citrus Bill

(Continued From Page One) King said he would introduce amendments on the Senate floor striking from the Governor's bill proposals that canners and concentrate producers be brought under control of the Citrus Commission through compulsory grade labeling.

He also said he would offer amendments changing the maturity standards. He indicated such amendments might follow provisions of the "sweet orange" bill which provides lower solids and a higher ratio between sugar and acids.

King had several amendments prepared for submission to the committee, but he and the committee decided he might as well wait to present them because they would be argued on the floor anyway.

King did succeed in having the committee adopt one amendment which strengthens the maturity standards. The amendment provides for permit sales and shipments of fresh and processed fruit in interstate commerce. King's change would

more chance there is to work out an agreement.

## Bill Denying Phone, Telegraph Wires To Bookies Made Law

### Warren Signs Measure Ratifying Participation In 14-State School Plan

TALLAHASSEE, May 4.—(AP)—The Senate passed today a House-approved bill ratifying the monthly maximum benefits to the blind from \$40 to \$50. The bill now goes to the Governor.

TALLAHASSEE, May 4.—(AP)—The bill to deny private telephone and telegraph wires to Florida bookies became law today after six years of scandal-laden legislative fights.

Governor Warren signed the measure as State Attorney William D. Hopkins continued his investigation into charges that a \$2,000 bribe was given to a state senator for a vote against it last Friday.

The Governor also signed into law the bill ratifying Florida's participation in the 14-state compact for regional education of the South's youth in highly specialized technical and professional fields.

Both House and Senate worked mainly on non-controversial bills. The Senate voted to give the Administration bill to revise Florida citrus laws top priority consideration beginning at 11:45 A. M. next Tuesday. It has been approved by citrus committees of both House and Senate.

Florida's two U. S. senators, Claude Pepper and Spessard L. Holland, were invited to address the Legislature tomorrow, but one House member served notice that he will take a walk during Pepper's address.

## Coroner's Inquest Says Mrs. Garten Died By Drowning

The coroner's jury, continuing its inquest into the death of Mrs. C. D. Garten, whose body was found floating in Pearl Lake just inside Seminole County Monday evening, reported this morning that the Orlando housewife had died by drowning. County Judge Douglas Stenstrom said today.

The decision followed a report given by Judge Stenstrom of the findings of the autopsy performed yesterday by Dr. George Kerr, Orlando pathologist, who also performed the autopsy on the body of the Garten's three months old baby, who was found dead of suffocation in the Garten home.

Dr. Kerr's reports showed that there was no evidence of foul play and no evidence of disease in the body, said Judge Stenstrom.

The autopsy was recommended yesterday by Dr. Orville Barkis, local physician, who after preliminary examination of the body of Mrs. Garten, stated that determination of the cause of the death could not be made without further post mortem examination.

## Farm Bureau To Hear Expert On Citrus

Dr. A. F. Camp, director of the Citrus Experiment Station in Lakeland, will speak at 8:00 o'clock Friday night to members of the Seminole County Farm Bureau at the Futura Farmers Building. His topic will be "Recent developments in citrus production." The meeting will be called at 7:30 o'clock.

George O. Bueck, president of the Farm Bureau, stated this morning that Dr. Camp's talk should prove not only of interest to citrus growers, but to growers of other crops as well. The public is invited to attend the meeting.

## U. S. Shops Love Mother This Week As She Has Never Been Loved Before

NEW YORK, May 4.—(AP)—Mother is being loved this week, in all the nation's shops, as she never has been loved before. Not only the florists, telegraph companies, public carriers, candy makers, and a host of manufacturers, all hope you won't forget mother next Sunday. They need the business.

There's no doubt of your love for mother, who deserves every bit of it. But businessmen, who need some sales volume right now, think that she also deserves some gifts.

This year the stores are trying to interest the nation's sons and daughters in buying a number of things they hadn't particularly associated with Mother's Day before. Major home appliances, for example. Stores are particularly anxious to stimulate lagging sales in this department.

Many stores are calling attention to prepared meals and in some cases lower prices on this class of merchandise. The Federal Reserve Board has come to their aid, by relaxing the terms on which you can buy mother the electrical gadget that will make housework a pleasure. You can delight her this Sunday and be reminded of your loving deed the first of each month for a long time to come.

Or, you can give mother a gift certificate good in the beauty shops for anything from a mud pack to a "month of manicures." Some stores are making it hard

## Acheson Raps Human Rights Abuse By Reds

### Secretary Says U. S. Has No Political Objection To Making Loan To Spain

WASHINGTON, May 4.—(AP)—The United States is consulting with other nations on steps to compel these Russian satellites to abide by human rights pledges.

Secretary of State Acheson told a news conference that Bulgaria, Hungary and Romania have accepted American charges that they are violating their peace treaty guarantees "concerning human rights and fundamental freedom."

The charges were based chiefly on the persecution of religious workers, including the trial of Joseph Cardinal Mindszenty in Hungary.

As a result of the charges, Acheson said, the United States is now discussing with other countries the next steps to be taken.

In response to a question, Acheson added that he believes action by the Western Powers under the peace treaties is imminent.

And Acheson said the United States has no political objection to an American government loan to Spain.

But he emphasized that the United States must not be seen to qualify for American credits until it takes fundamental economic reforms.

Permission to open accounts directly with the Export-Import Bank for a credit was announced by the State Department yesterday.

The country is reported to be seeking \$200,000,000 for reconstruction and rehabilitation.

Acheson also today said that the Spanish government is a potential risk until it takes the economic steps suggested by the United States.

The Secretary made the comments when asked to elaborate on a charge by Page Eight.

## Thunderstorms Break Over Western Area

CHICAGO, May 4.—(AP)—Thunderstorms broke out over Midwest areas today following yesterday's mid-spring temperatures. Somewhat cooler air moved over the North and West, but warm, humid weather was forecast for most of the North Central region.

New temperature marks for the date were set in many Midwest cities yesterday. The mercury soared to 97 at Wilmar, Minn.; 95 at Duluth, Minn.; 94 at Duluth, S. D.; and 93 at Rapid City, S. D.

Chicago's 91 was a record for the date, as was the 92 at Louisville and Omaha and the 93 at Minneapolis and St. Paul.

The showers activity today was over the Missouri Valley and the upper Great Lakes region. The weather was cloudy over the Southern Plains and Texas but skies generally were clear in other parts of the country. Temperatures were slightly below normal in the Pacific northwest.

### Senate Votes Down Proposal To Strip Educational Funds From Many States

WASHINGTON, May 4.—(AP)—Human Democrats today won a fight to send the Wood Labor Bill back to a House committee. Their margin on the motion to recommend its passage was 212 to 209.

This outcome left the House with no labor bill before it in effect ending the great labor battle with a stalemate. The Administration was unable to put through its bill to repeal the Labor-Management and Labor-Relations Act.

On the other hand, it succeeded in preventing passage of the Wood bill, which would repeal the Labor-Management and Labor-Relations Act.

House leaders indicated that in event of such an outcome, they would let the matter rest in the House for a while. Their strategy is to start over and see what kind of bill the Senate may be willing to pass.

The outcome of the recomittal vote was an upset for Republican leaders who put the Wood bill over in the House yesterday with strong support from Southern Democrats.

Yesterday's voting turned up a margin of 217 to 203 for the Wood bill. That meant the Administration forces needed 10 swing votes to overcome the opposition.

The bill would strip funds from the states from \$100 million to \$200 million. It would also strip funds from the states from \$100 million to \$200 million.

The bill would strip funds from the states from \$100 million to \$200 million. It would also strip funds from the states from \$100 million to \$200 million.

## Navy Probes Death Of Petty Officer At Key West Base

KEY WEST, May 4.—(AP)—A Navy board of inquiry today was investigating the fatal shooting of a petty officer aboard a patrol boat.

Comdr. Joseph Alexander, U. S. Navy public relations officer, said the board had to determine what charges to place and whether the incident came under the jurisdiction of a court martial or the federal court.

Pending the board's decision, Apprentice Seaman John R. Hollingsworth, 18, of Asheville, N. C., remained in the Navy brig here. He was arrested early yesterday.

Several hours after Ensignman Third Class Robert William Long, 23, of Berkeley, Ariz., was found shot to death by deck hands aboard the 174-foot Navy patrol craft 1230.

Board patrolman captured Hollingsworth at Goude, south of Miami, after he reportedly forced a taxi driver to head north at gunpoint.

Hollingsworth was held for investigation and no formal charge placed against him. Naval authorities said representatives of the Monroe county sheriff's office brought him back to Key West aboard a Navy plane.

Alexander said Hollingsworth probably would be given a "captain's mast" hearing prior to appearing before the investigating board.

"This is routine naval procedure," the officer explained. "But it is up to the board to determine the charges." Alexander said the board also had to decide whether

Contest officials, noting the postmark, thought Legyel's letters were delayed in transit. So they paid him the prize.

Conclusion on the mail fraud charge carries a maximum penalty of \$1,000 fine and five years imprisonment.

SERVICE OFFICER  
Tom B. Down, assistant state service officer, will be in Sanford Tuesday to assist veterans and dependents, and will be contacted at 2:30 P. M. at the office of L. F. Boyle, county service officer. Prior to that, at 1:30 o'clock, he will be at the Ouseen Post Office.

SEEKS PORT PAY  
WASHINGTON, May 4.—(AP)—The Port Pierce port authority has asked a Senate judiciary subcommittee to approve payment of \$482,404 for use of the port by the Navy during the war.

Col. M. A. Ramsay of Port Pierce said practically all of the port's business was transferred to Palm Beach as a result of the Navy occupation and that the shipping loss could be considered permanent.

# Big 4 Agree To Lift Blockade Of Berlin And Hold Meet On Germany; House Rejects Wood Labor Bill

## Landlords Rush Rent Offices To Seek Increases

Requests For Boosts Exhausts Supplies Of Printed Forms

WASHINGTON, May 4.—(AP)—Flouring Expedients, Inc., Wood reported today that landlords are swamping many local control of rent with rent increase requests under the government's new "fair rent" ceiling regulations.

By week's end, authorities in the housing agency predicted a backlog of about 200,000 petitions will be on file in cities across the country.

The surge of landlord applications for rent boosts, Wood said, has caused in many places the supplies of printed forms necessary to obtain increases.

Supplies were completely exhausted in many places, Wood said. The backlog of petitions is estimated to be in the millions.

When Wood made public last week the new ceiling, he had estimated that 200,000 petitions would be filed with the government Printing Office. That already have been filed, he said.

The backlog of petitions is estimated to be in the millions. The backlog of petitions is estimated to be in the millions.

Monday evening when the formula was unveiled, he was unable to estimate how widespread would be increases under the revised ceiling.

## Miss Bergman To Join Husband In U. S. Or Sweden

ROME, May 4.—(AP)—Ingrid Bergman said today she would finish work on the film she is making in Italy and then join her husband in the U. S. or Sweden.

Bergman said she was making the announcement "for the protection of my family."

Lindstrom flew from Hollywood, where he practices surgery, to Rome last week, after instructing Bergman to return to Sweden.

The statement was aimed at putting an end to the speculation about a romance. There had been reports that Miss Bergman sought divorce Dr. Lindstrom to marry Rosellini, the new Italian director of such films as "Patton" and "Open City."

The statement came in the form of a cable from Miss Bergman to Messing, Sviby, after instructing here. In it she said she had met at Messing with Rosellini and her husband.

The actress said she would return to Stromboli Wednesday to continue work on the film she is making with Rosellini, to be called "Dad's Paradise."

A face-to-face meeting of the actress, her husband and her director was described by the Rome newspaper Il Momento.

The text of Miss Bergman's statement: "In view of the news published by the press regarding the film

SHOES OFF RATION  
FRANKFURT, May 4.—(AP)—Shoes and textiles were taken off the ration in Western Germany today.

The action, effective immediately, was taken by the Anglo-American zone's economic parliament following a previous approval of the British and American military governors.

KENNEDY HONORED  
ORLANDO, May 4.—(AP)—Sgt. Robert E. Kennedy of West Palm Beach has been awarded a fourth oak leaf cluster to his Air Medal for completing 100 missions in the Berlin airlift. Kennedy first won the Air Medal in 1944 with the 43rd Bomb Group, first to strike Corregidor after its capture by Japanese. Col. John G. Williams made the presentation yesterday at Orlando Air Force Base.

## Glasgow Fire Kills 10 And Injures 19

GLASGOW, Scotland, May 4.—(AP)—A fire in a shop on a busy Glasgow street today killed 10 people and injured 19 others.

The fire broke out in a shop on a busy Glasgow street today killed 10 people and injured 19 others.

## All Restrictions Imposed In Germany To Be Lifted Mutually, U. S. Says

NEW YORK, May 4.—(AP)—The United States today said it would lift the Berlin blockade and to hold a European summit conference in Geneva. The blockade states on May 12 and May 13, respectively.

The United States announced the agreement after a meeting of the United States delegation from the European Council. The agreement gives no date, but they were reported by London news.

The agreement, which is called "the Geneva agreement," will lift all restrictions imposed on Germany which have been the subject of conversations since the outbreak of the war.

The agreement will lift all restrictions imposed on Germany which have been the subject of conversations since the outbreak of the war.

THIS aquamaid, Helen Hatfield, doesn't have to look before she leaps because she knows she'll come down on the soft bank of a Florida beach. But you'd better look over these questions carefully before you leap to any conclusions. That is, be sure you understand all their implications. If you're smart as you probably think you are, you'll get at least 7 correctly. Getting 10 or more right is exceptional.

- 1. If Miss Hatfield had a new dress for every day of the month of February, what is the least number of dresses she could have?
2. You'll probably think there's something wrong about a man's marriage to his widow's niece, but are you sure you're right?
3. Maybe, too, you'll think a married man couldn't marry another woman without committing bigamy?
4. There was a man with no eyes who went to the woods to see the skies. He saw a tree with apples on it. He took no apples off it, yet left no apples on it. How could that be?
5. A little wooden man stands on top of a hand-curved Swiss clock-case. Every time he hears the clock strike one he jumps twice. The clock strikes every hour, striking the number of the hour. How many times does the little man jump in 24 hours?
6. At what time in history did America begin with an A and end with an E?
7. A man with a kind heart puts out food for the birds and wild animals in winter. He placed nine ears of pop corn in a box near a tree inhabited by a squirrel and watched the result. Each day the squirrel visited the box and carried off three ears. Yet it took him nine days to carry out all of the corn. Why?
8. Find the misspelled words among the following: Prerequisite, separate, meteorology, extinguish, perquisite, favorable, ignorant, separate, favorable, recipient.

TRIOGRAMS

HERE'S hoping you won't find this too 'ard! To solve it, fill in the missing letters as shown by the dots. Each dot represents a separate letter. You're given a clue with each word by means of the three letters ARD and the definition. For example, the first word is 'arduous', which answers the definition, 'difficult'.

- RD . . . Difficult
ARD . . . Steels
. . . Watched
. . . Honors
ARD Throw away
. . . Shell
ARD Hold back
ARD . . . Saved
ARD . . . American humorist
RD . . . Eagerness

PUZZLES AND PASTES

There's Lying In This

J. C. FURNAS, one of the best article-writers. (You'll probably remember his famous "And Sudden Death" and other stories in leading magazines) is also one of the cleverest concoctors of puzzles. Here is one of his creations which, we warn you, can make any person without access to the answer sleepless until he figures it out, as you may know if you have encountered this or other versions of Mr. Furnas' poser.

In a certain country the whole population consisted of either noblemen or huntamen. The huntamen were all incapable of telling the truth and the noblemen all equally incapable of telling a lie.

Three men, all natives, were walking down the road in this country. The man on the left said something to the man in the middle, identifying himself. The man in the middle turned to the man on the right and repeated: "He says he's a nobleman." The man on the right says to the man in the middle: "He's not a nobleman, he's a huntaman."

At that point you should be able to make out how many huntamen and how many noblemen there were in the trio.

In trying this brain-tenser on friends, be sure to follow the phraseology above. If you should switch the dialogue to: "He says he's a huntaman," and "He's not a huntaman—he's a nobleman," you'll ruin it.

Answers: 1. Prerequisite; 2. separate; 3. meteorology; 4. extinguish; 5. perquisite; 6. favorable; 7. ignorant; 8. separate; 9. favorable; 10. recipient.

Take the Proper Steps

A ROAD upon which traffic is heavy is 2 1/2 feet wide. Your stride, either forwards or backwards, is always exactly two feet long.

If you take three strides forward and two strides backward continuously, in dodging traffic to get across, and take a stride every second, how long does it take you to get across?

Answers: 1. Prerequisite; 2. separate; 3. meteorology; 4. extinguish; 5. perquisite; 6. favorable; 7. ignorant; 8. separate; 9. favorable; 10. recipient.

Word Play

4x4 grid for word play puzzle.

By Phyllis Fraser and Edith Young

YOU can have some fun with this crossword:

1-across: pigtails. 2-across: employ. 3-across: scrutinize. 4-across: vegetable (plural).

1-down: gibe. 2-down: sarcastic remark. 3-down: wily. 4-down: an odd, fantastic action.

Here is a perfect square with two keywords inserted in their proper places. You must find eight additional common words to fill all the spaces. When all are filled, the letters must spell words both vertically and horizontally.

S T A F F
C . . . .
H . . . .
I . . . .
M . . . .

BOXING BOUT

FARMER Adams has maple syrup to sell from his farm. A city store gave him an order for gallon cans. To pack them he has boxes that will hold either seven cans or nine cans. If he packs the order seven cans to the box, there will be only five cans for one of the boxes. If he packs them nine cans to the box, there'll be eight cans left for one box. For how many cans is the order?

Answers: 1. Prerequisite; 2. separate; 3. meteorology; 4. extinguish; 5. perquisite; 6. favorable; 7. ignorant; 8. separate; 9. favorable; 10. recipient.

### Four Miners Are Trapped In 800 Foot Deep Shaft

#### Company Spokesman Has Faint Hopes For Men's Lives

GIRARDVILLE, Pa., May 4.—(AP)—Four men are trapped 800 feet underground today in a burning anthracite mine.

The miners are entombed in the No. 5 colliery of the Gilchrist Coal Company near this eastern Pennsylvania town.

"We hope the men are still alive," a company spokesman said.

Rescue workers pumped compressed air down the smoke-filled shaft in an effort to provide ventilation for the trapped men.

Water pumps, however, broke down. Company officials expressed fear that the trapped men may drown before they are reached.

"We have no idea where the men are or what their condition is," a company spokesman said.

He identified the trapped men as:

William O'Brien, 53, Girardville; William Kelly, 49, Schenandoah; Joseph Woyak, 31, Schenandoah; and Raymond Egan, 35, Girardville.

Mr. Egan's supervisor, Elmer Christ, said he believed the blaze was caused by a short-circuit in electric wiring which ignited mine timbers.

Michael Castfield, Girardville miner, who escaped from the mine with three other workmen, told a reporter that Kelly, Woyak and Egan were working at the third level, 800 feet underground.

O'Brien, Castfield said, probably is at the fourth level, 1,100 feet down.

Only eight men were in the mine when the fire was discovered last night (10:30 P. M. EDT).

Several rescue workers, wearing asbestos suits and gas masks, were lowered into the smoking shaft today. They reached the second level, 400 feet down, but were forced back to the surface because of the heavy smoke.

All other operations were suspended at the mine. The day shift of 400 men reported for work as usual but the men were sent home except for those needed in rescue and firefighting operations.

The shaft was described as "full of smoke."

"We haven't been able to get anyone in there since the fire was discovered at 11:00 o'clock last night," the spokesman said.

Rescue efforts were concentrated on changing the mine ventilation to provide a flow of good air for rescue workers without fanning the blaze.

Ventilators and additional power driven fans were brought to the mine in the work to change the air flow. About 50 to 75 men were reported engaged in the rescue operation with many others standing by if additional help is sought.

### Legislature

(Continued From Page One) speech.

Rep. Power of Jackson objected to a resolution invoking Pepper to talk. "I don't want to hear Claude Pepper say anything," he declared. A few minutes later he withdrew his objection, but told the House he would "go away" while the Senator speaks.

The anti-bookie bill gives the State Health Commission authority to cancel any private who that is used for transmission of gambling information. The telephone or telegraph company would be subject to a fine of up to \$5,000 for violation of the law. Individuals violating the law also would be subject to 12 months imprisonment.

A bill which would prohibit liquor vendors from displaying signs advertising alcoholic beverages outside their places of business was introduced by Rep. MacWilliam of Indian River, who owns a bar himself.

The measure also would bar beverage manufacturers from giving, lending, renting or selling outside signs to vendors. However, advertising signs could be used in the windows of establishments and inside the premises. Manufacturers could provide signs for inside use.

The Senate declined to go along with the House in its amendments weakening the Administration's cattle bill. The vote was 27-10 not to agree with the House.

The House yesterday put in amendments which would have the effect of keeping cattle off the highways rather than requiring them to be kept behind fences as Warren has asked.

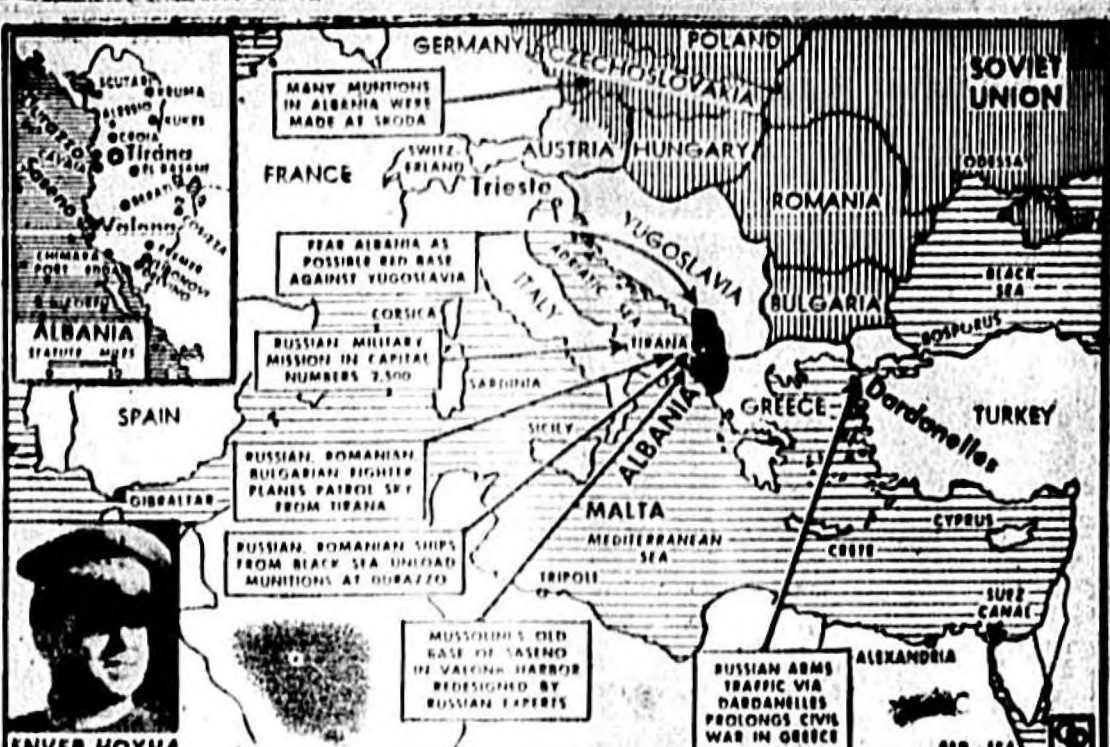

The House also put in provision that only peace officers can impose a curfew. The Governor's bill said any citizen or officer could impose such curfewing.

House and Senate differences will be worked out in a conference of special committees named to seek a compromise.

Senator Bernard of St. Petersburg, who led the move to reject the House's action, said it would be better to pass no cattle bill at all rather than go along with the House version of the measure.

The House Constitutional amendment Committee approved the measure proposing abolition of the State Game and Fresh Water Fish Commission.

The House also passed a measure to amend the State Constitution to provide for a public hearing of the question of whether the State should be a party to the proposed measure.

WHILE CHALLENGING AMERICAN naval activities in the Mediterranean, the Soviet is quietly building Albania into a "Gibraltar" replacing Marshal Tito's Yugoslavia as the main Mediterranean base and outlet. Recently, Albania's youthful dictator, Enver Hoxha, visited Moscow and received highest military honors, presumably in reward for use of his little country as a base for rebel troops in Greece. The Red naval base at Saseno, rebuilt by Russians, is in the sea pathway to Trieste, a cauldron of unrest. (Central Press)

### U. S. Shops

To forget Mother's Day, to the children, they point out by advertisement in store displays, what they can buy their mother for a dollar. Knock in the middle of the men's department, in some cases, you'll find a gift counter full of women's necessities.

And, mother, there's a hat for you. You might leave the ad being around for father to see.

The florists, who have been having a hard time of it the last few months, are counting heavily on your urge to give mother presents. And they're trying some new gimmicks. They're teaming up with the department stores to offer combination sales.

Flowers are being given in a half dozen ways these days. Flowers are being planned for Mother's Day, from more scientific conditions, than ever, of rare and exotic flowers, by air.

A great attitude change in the Los Angeles area, however, is being connected into a flower stand to test the effect of changes in air pressure and temperature on soil, garden and other plants.

The florists also are to see what happens to them during a take-off at sea level and a rapid climb to 50,000 feet and then to present its happening.

Flowers are being flown now, of course, and with success. The idea is designed to see if the job can be done better.

However, if your mother is like some we know, you can't get off with just sending flowers, air-ride or man-of-war-picked. She is apt to want an airplane trip herself to Bermuda. Or two seats down front at the latest airport Broadway musical hit. Whatever happened to that little old lady in the grey poke bonnet, anyway?

They all like greeting cards and telegrams, though. And the card people are peddling "a new sell-out" this week. Tomorrow and Friday will be the peak sales days. It seems people are more likely to remember they love mother at the end of the week.

The Hallmark Greeting Card Co. reports a sharp upturn in sales this year. It's also getting good sales results with a card to be sent to father on Mother's Day.

That's right—cards for father. Seems an increasing number of persons think that while mother is opening all that loot Sunday, the old gentleman should get a card wishing him whatever comfort he can get on Mother's Day.

### Commission Meet

(Continued From Page One) The horse even kicked at the car radiator, said Mr. Bolton, and he termed the situation as "unbearable." He pointed out that it is unlawful for stock to run at large in Seminole County.

The Commissioner told Mr. Bolton that it was not up to them to keep stock off the highways and suggested that he refer the matter to Sheriff Mero.

### Navy Probe

(Continued From Page One) Intelligence would be given a Navy court martial or tried in federal district court.

The court martial would be automatic if the patrol craft had been at sea, he said, but since it was at the naval base the case may come under the jurisdiction of the federal court.

If canned fruit is to be used for dessert be sure to chill the cans well in the refrigerator before opening and serving.

### Landlords

(Continued From Page One) It looks like we'll answer this question sooner than expected.

He also indicated that based on the number of applications, the bonds will be widespread in scope. No information was immediately available concerning complete distribution of the increase forms.

However, authorities said supplies were exhausted before noon yesterday in Chicago, Boston, New York, and Baltimore. Additional copies are being rushed to all cities where stocks of petitions have been depleted.

Unanswered was another question how much will rent be benefited in instances where increases are approved?

The "fair net income" regulations provide that landlords receive returns of 25 to 30 per cent on gross income from the 14,000,000 rental dwellings under federal control. Each increase approved, however, must be based on a determination of what a landlord is now getting and the boost, if any, beyond the difference between his current percentage of income and the 25 to 30 per cent allowable under regulations.

### China War

(Continued From Page One) rest of the continent.

A Shanghai garrison communiqué said Hangchow's defenders, a provincial peace preservation corps, withdrew at noon yesterday. Chinese press dispatches said a force of 4,000 Communists took over Hangchow's population is about 400,000.

The new Red advance trapped Nationalist forces remaining in the big triangle bounded by Hangchow, Shanghai and Nanking, 160 miles inland. One Red radio broadcast, elaborating on earlier claims, said 50,000 Nationalists were captured in this triangle. (This was not confirmed Shanghai news.)

Only sea lanes remained open to the government defenders, and they were using them. Evacuation of troops by ship was continuing on a fairly large scale today.

Reports that Generalissimo Chiang Kai-Shek was still in Shanghai persisted. It has been suggested he is here to see that no "deal" is made (falling out to the Red enemy).

The Red radio reported deepening thrusts into south China, but there was no indication of any impending attack on Shanghai.

Trains were reported running southwest at least 20 miles and eastward at least 50 miles today.

The Red broadcast said the Communist troops had driven more than 200 miles southwest of Shanghai and an equal distance south of Nanking. It claimed 12 more towns in the continuing Red push.

The Government Central News said many points near Hangchow, to the north and northwest, were under Red attack. It also reported 20,000 Reds had "infiltrated" into points just west of Kiating, halfway between Shanghai and Hangchow.

In Shanghai, more Nationalist troops—evidently a division—boarded waiting ships this morning. The men were fully equipped, but there was no word of their destination.

Last big American liner due in Shanghai before May 21 also was getting up steam at its pier here today. The ship, the American, President Lines' General Gordon, took aboard 1200 passengers, including some 800 Chinese going to Hong Kong. Only 50 Americans went aboard.

A U. S. Navy spokesman said it has ships available to evacuate the 1500 Americans still here. If necessary, the Navy will evacuate and as needed.

The U. S. Consulate in Canton meanwhile urged that all American women and children leave the interior cities of south China. Flares may not be available to bring them out later, it stated.

Many foreign residents of Shanghai were moving out of hotels and apartments where police and troops were stationed, because of unpleasant conditions. (The dispatch did not amplify.)

Many of the Americans here were crowding into the American Club, in mid-town, which has not been occupied by troops thus far.

The garrison command said that troops and gendarmes have been placed in buildings to protect them. Building managers say the result has been to drive out all tenants who can find other places to live.

### Congress Roundup

(Continued From Page One) should go only to poorer states which spending for education is below the average.

Tydings had estimated his amendment would save nearly \$100,000,000 in the cost of the program by eliminating aid "for states that don't want it and don't need it."

The proposal would have given aid only to 25 states which he said need it. The other 23 states and the District of Columbia would have received no help.

Meanwhile Speaker Sam Rayburn said he knew that President Truman has no plans for a "billable stop" appeal to the people for his legislative program so long as Congress is in session.

Reporters asked the Democratic House chief about that idea just before the House voted to send the bill to committee the good substitute for the Administration's labor bill.

### Berlin Blockade

(Continued From Page One) all the main questions of principle. "There are certain details which are still under consideration but it can be said specifically that agreement has been reached that all of the restrictions imposed in Germany which have been the subject of these conversations will be mutually lifted. After an interval a meeting of the Council of Foreign Ministers will be held.

The Council of Foreign Ministers will consider questions relating to Germany and the problems arising out of the situation in Berlin, including also the question of currency in Berlin.

"The four representatives are hopeful that the remaining matters of detail can be adjusted in a very short period of time."

"If those details are speedily arranged it is the intention that a communique embodying the agreement reached will be issued simultaneously in the four countries at 10:00 A. M., EDT, tomorrow. If it proves necessary to have a further discussion of the remaining details such a discussion will be held in the near future, probably tomorrow."

The Foreign Ministers Conference to be held in Paris will be the first in a year and a half and the seventh session of the foreign ministers body. Its main purpose will be to compose differences over Germany, the issue that broke up the last Council of Foreign Ministers session in London.

### WEDNESDAY SUPPER

Tomato Bouillon, Crisp Crackers, Tuna Fish Cakes, Thin Cream Sauce with Mushrooms, Mixed Beans, Bread and Butter, Baked Apple, Almonds, Sevange.

(Recipe for Starred Dish Follows)

### TUNA FISH CUPS

Ingredients: 2 cups hot milk, 1 cup fine soft bread crumbs, 1 teaspoon salt, 1 tablespoon prepared mustard, 1 tablespoon finely grated onion, 1 tablespoon finely grated onion, 1 egg, 4 eggs.

Method: Add the hot milk, salt, mustard and onion to the hot milk. Add tuna fish and mix well so fish is evenly distributed. Beat eggs thoroughly with electric mixer or rotary beater and add gradually to first mixture, blending them in with a spoon as you do so. Turn into greased custard cups or small cups in a pan of hot water so water comes well up on cups; bake in a moderate (350F.) oven for about 15 minutes or until a small knife inserted in center comes out clean; insert small spatula around rim of each cup to loosen fish mold and invert to remove. Makes 8 small cups.

### AFTER-SCHOOL SNACK

Red Apple Bowl  
Cocoa Peanut Butter Cookies  
(Recipe for Starred Dish Follows)

PEANUT BUTTER COOKIES  
Ingredients: 1 1/2 cups sifted all-purpose flour, 1 teaspoon baking powder, 1 teaspoon baking soda, 1/2 cup shortening, 1/2 cup peanut butter, 1/2 cup finely grated orange rind, 1/2 cup finely grated brown sugar, 1/2 cup melted butter, 1 egg, 1/2 cup raisins (finely cut).

Method: Sift together flour, baking powder, baking soda and salt. Put shortening, peanut butter and grated orange rind in a mixing bowl and cream well. Add brown and granulated sugar gradually, continuing to cream thoroughly. Add well-beaten egg and raisins and mix well. Add dry ingredients and mix well. Dough ingredients and mix well. NEW YORK—Alben W. Barkley brands Communism a "wicked, creeping, crawling economic disease" threatening America, as he speaks at the Legality Day rally sponsored by the Roman Catholic Archdiocese of New York. More than 25,000 New Yorkers were on hand to hear him. Barkley is Cardinal Spellman and Mayor O'Dwyer. (International)

NEW YORK—Ingred Bergman, Roberto Rossellini (left) and the actress' husband, Dr. Fritz Lindstrom, was made when the three went to Hollywood. Dr. Lindstrom recently flew to Rome to direct the "triangle" which reportedly began when Ingred went to Italy to star in a picture Rossellini was directing. (International)

IN A CHICAGO HOSPITAL, nurse Mildred Martin assists Tommy Lawson, 11, Waukegan, Ill., as he takes his first steps since August 22, 1947, when he fell into a blazing cotton gin while playing on the Great Lakes Training Center grounds. The youth has been kept alive by hundreds of blood transfusions donated by a number of "Help Tommy" clubs. Tommy is gradually winning his way back to health. (International)

DOMINION OF CANADA

An obvious first step in the campaign to control the fruit crop with a ban on their sale or use. However, many oranges, of necessity are all sold in bulk to the market. It's not hard to see how the sale of a single unit of fruit or other small quantities of food.

In Unity There Is Strength—  
To Protect the Peace of the World;  
To Promote the Progress of America;  
To Produce Prosperity for Sanford

## House Clears New Accident Law For Cars

### Bill To Hike Taxes On Jukes, Pin Ball Machines Is Intro- duced By Simpson

MIAMI, May 5.—(AP)—First step toward cutting off wire service to bookies in compliance with the new state law was taken today by the Western Union. Manager Julian W. Martin of the Miami Western Union office said all holders of contracts for wire service have been notified the service may be ended without further notice.

TALLAHASSEE, May 5.—(AP)—The bill to make you show ability to pay damages for your first auto accident cleared the Legislature today with a 62-24 House vote.

It now goes to Governor Warren for approval or veto. Attempts to amend the measure were defeated and it passed exactly as approved by the Senate.

Present law requires a driver to show financial responsibility for future accidents only at the time of his second wreck. The new provision would make the driver produce a showing of responsibility at the time of his first wreck or loss of his driver's license for a year.

The responsibility can be shown by a \$10,000 liability insurance policy, a bond or personal worth. The original law was passed two years ago. The State Junior Chamber of Commerce sponsored the tightening amendment.

Committee action continued at a fast pace. Approved for the second time in two days was a proposal to abolish the Game and Fresh Water Fish Commission by constitutional amendment.

Other constitutional changes to flow 18-year-old voting, 25-year-old legislative sessions and require all voters to be able to read any paragraph of the Constitution were rejected in a Senate committee.

The bill to authorize state participation in the big \$200,000,000 drainage project was approved by a 62-24 House vote.

## Musical Program Is Presented At Kiwanis Meeting

Kiwanians were today entertained at the Tourist Center by the 11th School Glee Club directed by Miss Ollie Hess White, and the chorists were rounded up after each number and at the conclusion of the program. They were introduced by Helen Moore, principal, and by Arnold Harrington, president of the Glee Club.

The program included "Good News," sung by a small mixed ensemble, "The Boys Glee Club," accompanied by John Eide, singing "Ride the Carousel," "The Girls Glee Club," attired becomingly in green skirts and white blouses, sang, "The Robin in the Lilac Tree," "Lift Thine Eyes," and "The Day is Over" with solo by Roxanne Thompson on the latter number.

Final numbers by the whole ensemble of boys and girls were "Religion is a Fortune," "You'll Never Walk Alone" and "Swing with Me." The program was accompanied by Mary Ann Galloway that brought added applause following the latter number.

John Leonard beamed happily after being applauded as "The Father of the John Leonard, Jr., whose winning of the state essay contest on Democracy was announced by Joel Field.

Secretary Martin Stinesinger read a letter from Brig. Ernest Pickering of the Salvation Army, congratulating Sanford Kiwanis in putting over the local Salvation Army drive.

Howard Montleh reported that 10 local Kiwanians recently attended the inter-club meeting in Orlando and enjoyed the program.

## BATH AND TENNIS

Members of the Sanford Bath and Tennis Club will meet at the Tourist Center tonight at 7:30 o'clock for the purpose of electing officers, adopting by-laws, and making plans for the summer season. George A. Speer announced this morning.

## GAMBLING DRIVE

SAVANNAH, Ga., May 5.—(AP)—A drive to rid Savannah of controlled gambling machines is underway.

Mayor Olin F. Palmer gave the police committee of the city council a list of places which have obtained federal permits for such machines. He said the grand jury had returned the list.

The mayor said officials will take such action as you think we should in view of the law.

## 'Happy' Day For Leo Durocher

ARRIVING IN CINCINNATI, Ohio, for a meeting with baseball players, Leo Durocher (center) is greeted by a crowd of fans. He is wearing a dark suit and a light-colored shirt. The crowd consists of many people, some of whom are reaching out to touch him or take pictures. The scene is outdoors and appears to be at a train station or a similar public gathering place.

WASHINGTON, May 5.—(AP)—The Russian blockade of Berlin will be lifted May 12, under a big Four agreement announced today. The Western Powers counter blockade of the Soviet zone of Germany will be ended at the same time.

The Council of Foreign Ministers will meet in Paris May 21 to consider a question relating to Germany, and problems arising out of the situation in Berlin, including also the question of currency in Berlin.

The Four Power communique, changing more than two months of intense negotiation, was issued simultaneously in Moscow, London, Paris and Washington as well as in New York where the big deal was worked out at the headquarters of the United Nations.

The agreement was an extraordinary document. It terminated after more than a year of tension and conflict, sometimes marked by threats of actual war.

At the same time the text of the agreement was made public. A copy was handed to Foreign Secretary Ernest Bevin in London.

The deal was given a letter from the Western powers asking him to advise the U. S. Security Council that agreement has been reached among the four powers regarding the blockade.

The official statement itself marks the beginning of the end of one of the most critical situations in the post-war struggle between Russia and the Western Powers.

It will require the full work from now to May 12 to make a complicated arrangement for restoring normal rail, highway and air traffic between Germany's first city and the Western occupation zones.

In Berlin, the retiring American military governor, General Lucius D. Clay, said he expects the negotiations to continue until the western zone has a stockpile of at least 60 days' supply.

Even then the planers said in all probability will be a steadily growing order.

Washington officials regard the continued operation of the city as a major step.

The plan was rejected after what one diplomat called a full discussion of the whole matter. However, there were indications it might be revised later.

Rainy weather in Shanghai was reflected in lack of military activity. All was quiet around there.

The Communist radio in Peking announced six Nationalist bombers struck Nanyang airfield near Peiping killing or wounding 20 persons.

Shanghai's land and water routes inland have been cut by the Reds. For the first time in years the Yangtze, sown with landmines, has been closed.

The city's markets were in a chaotic condition. Chinese and foreigners grumbled over the situation. Concentrate south and west of the city's industry.

The military observer in Shanghai expressed the opinion the Reds would leave Shanghai alone and concentrate south and west of the metropolis.

Present Communist attention to that area indicated the Reds wanted to flank or fight the forces of Nationalist General Pan Chung.

## Big 4 Agrees To Lift Berlin Block May 12

### West Allies' Counter Blockade Of Soviet Zone Will Be Ended At Same Time

WASHINGTON, May 5.—(AP)—The Russian blockade of Berlin will be lifted May 12, under a big Four agreement announced today. The Western Powers counter blockade of the Soviet zone of Germany will be ended at the same time.

The Council of Foreign Ministers will meet in Paris May 21 to consider a question relating to Germany, and problems arising out of the situation in Berlin, including also the question of currency in Berlin.

## Wallace Charges U.S. Kept Soviet Off To End Blockade Secret

### John Senkarik Elected Head Of Seminole Jaycees

Shepard and Max Neill  
Are Nominated To Be  
Vice Presidents

### Produce Sales At Farm Mart Top \$4,000,000

\$1,110,000 In Produce  
Over 1948 In  
Reported By Manager

### Former Vice Presi- dent Says State Department Feared Atomic Pact Row

MIAMI, May 5.—(AP)—The State Department today said that it had deliberately kept the public unaware of the fact that the Russian "courtship" was based and was the result of a "policy" which it is "America's people" who are to be benefited.

John Senkarik, a member of the Seminole Jaycees, was elected head of the organization today. Shepard and Max Neill were nominated to be vice presidents.

The produce sales at the Farm Mart in Sanford today topped \$4,000,000, according to a report by the manager. The sales over 1948 in total were \$1,110,000.

Former Vice President Wallace today charged that the State Department had kept the public unaware of the fact that the Russian "courtship" was based and was the result of a "policy" which it is "America's people" who are to be benefited.

Wallace said that the State Department had deliberately kept the public unaware of the fact that the Russian "courtship" was based and was the result of a "policy" which it is "America's people" who are to be benefited.
