BIG PATRIOTIC CELEBRATION SUNDAY NIGHT

BROTHERHOOD CLASS WELCOMED THE BOYS OF ARMY AND NAVY BACK HOME—METHODIST CHURCH FILLED

The patriotic celebration at the Methodist church under the auspices of the Brotherhood class on Sunday evening was the first of the union services to be held this summer and the church was crowded from gallery to the front doors, it being estimated that fully one thousand people were present. The meeting was a union welcome by the churches and Sunday schools of Sanford and it was a welcome indeed breathing all the spirit of welcome and cheerfulness and true patriotism.

The following program was carried out with a few changes:

Singing of America

Invocation by L. R. Phillips

Ring Out, Sweet Bells of Peace—Roma

Scripture—Lesson by Rev. E. D. Brownlee

A Soldier's Talisman—Oberthur

Welcoming Home Coming by Supt. Haynes

The Marseillaise and Star Spangled Banner

Introduction of Hon. E. A. Douglass, Vice President of the Wesley Brotherhood Class by Supt. Haynes

True-Hearted, Whole-Hearted, Hymn 420.

Address by Rev. C. DeW. Brower, Subject, Patriotism

The Sword of Bunker Hill—Covett

Short Addresses by the boys who have been on the other side:

Prof. J. C. Hutchison, Jr.

Herman Steele

Hon. R. J. Holly

Worthington Blackman

Battle Hymn of the Republic

Benediction by Pastor, Rev. C. W. White.

The musical program was arranged under the leadership of E. T. Stewart, assisted by the members of the choir of the Methodist church and other churches who were greatly enjoyed by the audience. The short addresses by the boys who had been overseas were most interesting and interspersed with the boys' talks were those made by Dr. Phillips and E. P. White.

The Welcome Home address of W. M. Haynes, superintendent of the Sunday school was a gem of thought, warm welcome, patriotic in spirit and bright with wit.

Mr. Haynes gave a brief resume of the war, of the work accomplished at home giving as it did the strong backing for the boys in the army and of the boys who had fallen and were not present but were remembered and their names written on the marble shaft in the park opposite the church. Mr. Haynes then introduced Hon. E. A. Douglass, vice president of the Wesley Brotherhood class who presided at the meeting and introduced the first speaker, Dr. C. DeW. Brower, pastor of the Congregational church. Mr. Brower is an excellent speaker and is a true American and he gave the audience an address on Patriotism that should be read by those who could not be present to hear it. Dr. Brower read several paragraphs from the Congressional Record describing Bolshevism and urged all true Americans to stand behind their government in these hours of stress. He also advocated in no uncertain terms the League of Nations calling attention to the fact that several of the Senators are preparing to oppose President Wilson on the adoption of the league terms and at the close of his remarks read a resolution to be wired to the Florida Senators urging their standing by our President in the League of Nations. That we had already protected France and saved the country and unless we continued to stand by her at some future time the rapacious Hun would again attempt to invade France and there would be none to stop this invasion unless England and America stood shoulder to shoulder in the League. Dr. Brower moved the adoption of the resolution and they were adopted by the assembly unanimously.

Prof. Hutchison told of his going over and being made an instructor

and going through the various stages of getting near the front just when the armistice was signed probably on account of the Germans finding out that he was there and scaring them into giving up the fight.

Herman Steele joined the regulars and served in the artillery and gave a most interesting account of his life at the front where he served at times as an operator and held the wires for the American army during the heavy bombardment.

Lieut. Worthington Blackman was also right in the thick of the fray and told his story of narrow escapes and going over the top in No Man's Land time after time and was thankful that he had escaped death and lived to tell the story.

R. J. Holly told of his service as Y. M. C. A. Transport Secretary and how the boys were treated on the ships and what he had seen in England and France while on the ships that carried the boys home from overseas.

There were some forty soldiers and sailors in uniform present and there were more of them who did not wear their uniforms and all of them felt that the celebration demonstrated that the hearts of the people of Seminole county were in the work of winning the war and that their services were appreciated.

The Brotherhood class of the Methodist church deserves credit for this celebration, one of the first to be given for the boys and all of those who were present hope that it will not be the last in the years to follow. It is these efforts that make the boys feel that their work in the army and navy has not been in vain and that a grateful people stood behind them during those dark days of war and will stand behind them in the bright days of peace.

BIG MEETING OF CATTLEMEN AT ORLANDO

LARGE DELEGATION FROM SEMINOLE ATTEND MEETING WILL GET TOGETHER ON TRICK QUESTION

A large delegation of cattlemen from Seminole county attended the meeting in Orlando last Monday where consideration of a policy for carrying on the systematic tick eradication campaign in Central Florida was the main subject for discussion.

Owing to the fact that some of the counties which had expected to take up the systematic work this season could not get their dipping vats completed in time there has been some desire on the part of cattlemen along the county borders to suspend work in working counties until next spring and then include a large number of counties in a working unit.

R. W. Starks of DeFuniak Springs, a member of the State Live Stock Sanitary Board was asked to serve as chairman and in accepting said that it is the policy of the board to meet the cattlemen and exchange views on handling this work.

Some 150 cattlemen and county officials from 8 counties were present and after several had stated their views, Seth Woodruff moved that each county delegation select one of their number for member of a resolutions committee to present a working plan to the convention.

Following were the members of that committee: Joe Cameron, Seminole; F. N. Burt, Volusia; C. G. Smith, Orange; S. Summerlin, Brevard; Pat Johnston, Osceola; J. M. Keen, Polk; W. O. Sloan, Lake; and T. W. Brown, Sumter.

During the time that the committee were considering a report, the convention took a recess and cattlemen from various sections got acquainted.

After the committee had brought in some resolutions, Pat Johnston, chairman of the committee moved that the convention adjourn until July 21 and an effort be made to get cattlemen from all of the 16 counties in south Florida where elections have been held, and try to line up the entire territory on a definite policy and work in cooperation in the future, which was adopted.

This action does not alter the situation in Seminole county where systematic work is going forward as

ANOTHER BUSINESS BLOCK SOLD

FRANK L. WOODRUFF BUYS HOTCHKISS BLOCK CORNER FIRST AND PARK AVENUE. FINE LOCATION.

Sanford business property is changing hands every week now and home people are buying non-resident property which bespeaks a healthy building boom for our rapidly growing city.

Sanford for many years presented an aspect of a city on the principal street of which the property or the greater part of the property was owned by non-residents who did not have the interests of the city at heart, who were not compelled to assist in advertising the city, who took no part in building and improving the city and who took all the money for rentals out of the city to be spent elsewhere.

Therefore it is pleasing to the people of Sanford to know that so much business property is changing hands and in the majority of the cases the property is being purchased from residents by Sanford people.

Among the sales noted this week is that of the Hotchkiss block at the corner of First street and Park avenue to Hon. Frank L. Woodruff of this city who is already the largest property owner in Sanford and who invests his money at home and in home property.

The Hotchkiss block is among the first brick blocks to be built here and has been owned by the Hotchkiss heirs who reside in New York.

The block is of brick well constructed and consists of five store rooms on the first floor and some twelve rooms on the second floor and is one of the best locations in the main business streets on the city the new hotel making this property valuable aside from the business location.

Mr. Woodruff expects to make some changes and repairs in the new possession and will keep it for rental purposes. His many friends are congratulating him on his new acquisition and are glad to know more non-resident property is becoming resident property.

BALL GAMES FOR THE WEEK

BOX SCORES OF ALL GAMES PLAYED BY SANFORD TEAM

With old Sol sending down his bright rays on some games and plenty of sky juice on other games, the Florida League continues to hold first place in the hearts of local fans. We are holstering up weak spots and our boys are winning new laurels farther down the line this week and showing that the Celery City lads are full of pep and ready to go after the pennant.

We had a late start in the league but our boys are coming on in true style and none of the local fans are worried about the out come for we have a real ball team and if any of them fall down on the job there are others to take their place although the bushes have been pretty well combed by the other teams who are always on the lookout for new material.

The Herald will not attempt to give all the games in detail for the story is an old one by the time this paper gets to the city readers. However, our out of town subscribers like to keep up with the teams and the box scores of all the games will be given in this paper every week with such other comments as will be necessary. Following is the week's summary of the games played with all the scores as they were played since last issue:

usual and every cattle owner is expected to continue regularly to dip their cattle until an order to the contrary has been issued by the State Live Stock Sanitary Board.

STATEMENT VEGETABLE SHIPMENTS

UNDER REFRIGERATION PLACES SANFORD SECTION A HEAD OF ANY OTHER PART OF WORLD.

From time to time there appear articles in Florida newspapers about some section shipping a few cars of lettuce and celery and peppers, but the Sanford section long boasted as the greatest vegetable section in the world can sustain that title by the actual figures.

Last season this section shipped a total of winter vegetables under refrigeration of 3,195 cars. This does not take into account the fruits for the potatoes or the water-melons or the shipments of vegetables by express but only those cars that were shipped in refrigeration cars to make the long journey north. This season while one of the greatest seasons from a monetary standpoint that Sanford ever experienced does not show as many cars shipped, the total being 2,819 cars under refrigeration.

Following is the number of cars shipped by refrigeration according to H. J. Flack of the Armour Car Lines:

Vegetables under Refrigeration loaded and Billed from Sanford, Season 1918-1919.	Total from Sanford	State
Lettuce	669	1,855
Cabbage	198	1,539
Celery	1,509	1,904
Pepper	534	
Total	2,819	

Total cars last season 3,195.

As comparison of the amount shipped from Sanford with the amount shipped from the balance of the state will give a good idea of the great amount of vegetables shipped from this point.

And taking a conservative estimate of prices obtained this year the vegetables under refrigeration shipped from the Sanford section will amount to about TWO AND ONE QUARTER MILLION DOLLARS.

Is there any other section of the country that can show such returns as the Sanford section?

BUSINESS PROPERTY IS SELLING

CLARK BLOCK ON FIRST STREET IS SOLD TO O. P. SWOPE OF OVIEDO WHO WILL IMPROVE SAME.

Another business block has changed hands this time the Clark block on First street consisting of a half city block with five store rooms on the first floor and some twenty five rooms in the second floor. O. P. Swope was the lucky purchaser and it is a good gauge of the city's growth to note that in about ten years this property with no repairs and no effort on the part of the owner to improve has advanced about fifty per cent in price.

Again has Sanford proven its "right to the oft repeated title 'Lucky Sanford', by attracting to its fold one of the finest business men that has ever come to South Florida. Mr. O. P. Swope, Nothing that has happened in the past few years could add more to the strength and general upbuilding of our little city than to have Mr. Swope become actively interested in its business life. He is known far and wide as a far seeing, live progressive and successful business man, one who has made good in every business enterprise or venture, hence when he beheld the bright outlook here and realized that all we needed was initiative and push he decided to take a hand and help produce these necessary qualifications, that day has settled our future growth and prosperity provided we are willing to travel in his company.

Mr. Swope has and is making great development of valuable farming lands in the eastern section of the county and will be the means of adding greatly to the material wealth of the county and that is but proof of what we may reasonably expect since he has become owner of valuable city property and in one of the largest mercantile establishments of South Florida also in our midst.

Mr. H. C. DuBose was the lucky man in engineering this deal and we may well hope that he may be the means of bringing others of like business qualifications into our now rapidly growing city.

Mrs. C. H. Dingee has returned home after spending a few days here the guest of Mrs. R. J. Holly, Verde, Lake County, Fla.

F. M. CAMERON IS DROWNED AT LAKE MARY

DISAPPEARED FROM HOME AT LAKE MARY AND BODY IS FOUND IN LAKE—ACCIDENTAL DROWNING

The Lake Mary community was stirred last Thursday by the announcement that Frank Cameron had disappeared from his home and no one on the place seemed to know just where he had gone. In a search about the premises an empty boat was discovered on Silver Lake which touches the Cameron grove and it was surmised at once that Mr. Cameron must have been in the boat and was drowned.

Searching parties under the leadership of Paul Keely, his nearest neighbor immediately started dragging the lake and at a late hour found his body near the middle of the lake.

The remains were brought to this city and a coroner's jury empanelled brought in a verdict of drowning, as the lungs of the deceased were filled with water, showing that he had met his death in this manner. A slight bruise over the nose at first started a rumor that he might have met with foul play but this abrasion could have been caused by the grappling hooks or the oars used in making soundings while dragging for his body in the lake.

The funeral was held Saturday, Rev. Peck of the Episcopal church officiating, interment being made at the home of the deceased until the remains can be shipped to his old home in Ohio.

Frank Cameron was 47 years old at the time of his death and was a native of Athens, Ohio. He came to the Lake Mary section about eighteen years ago and resided there until the time of his death, being engaged in the orange industry. He had a nice grove and home on Crystal Lake and also owned some grove property in the James City section. He was a retired disposition. Mr. Cameron was known to only a few intimate friends but was well liked by those who held his friendship and acquaintance.

He is survived by two sisters and one brother in Athens, Ohio; one sister, Mrs. McCracken is well known here where she spent some time in the winter seasons.

There is no explanation as to the drowning of Mr. Cameron other than that he was fishing or had gone for a row on the lake and fell out of the boat and there was no evidence of foul play or that he had been killed and then thrown into the lake and the real cause of the accident will never be known.

The sympathy of the many friends of the family is extended to them in the loss of their brother.

Supt. Lawton on Sub-Commission

Hon. T. W. Lawton, Seminole's Superintendent of Schools has been away at Tallahassee for some days, where he has been in attendance on a meeting of the Florida State Sub-Commission on Text Books. Mr. Lawton received this appointment by wire and hastened to Tallahassee where he with others of the commission had been hard at work for some time.

The recognition thus given to Seminole county, by picking its Superintendent of Schools to sit on the commission to recommend to the State Board of Education certain texts for use in the schools, merely emphasizes the fact that truly Seminole has a superintendent that is in keeping with the best of them.

FLOODS IN JACKSONVILLE

All June records for rainfall were broken during the twenty-four hour period ending at 8 o'clock Monday night when 7.30 inches fell on Jacksonville and environs. The records of the weather bureau date back forty-seven years.

The record rainfall for all months occurred in September, 1894, when 9.86 inches fell in a twenty-four hour period. In May, 1903, a total of 9.06 inches fell during a similar period.

As a result of the heavy rains since Sunday afternoon, many portions of Jacksonville, particularly in the vicinity of the creeks were inundated. In these sections street cars as well as automobile traffic has been hampered, pedestrians being compelled to wade or stay at home.

Springfield park, from First to Fifth streets, and extending in some places fully 100 yards north, is under water. The lake in the park and Hogans creek which skirts the belt driveway, have overflowed their banks, and traffic through the park is impossible.

Superintendent of Parks Sidney Smith, who also has charge of the city zoo, stated last night that all of the animals are safe, precautionary measures having been taken for their welfare. Some game chickens, however, were drowned. The banks of the creek, where the zoo is located, was twenty four inches under water last night.

Several automobiles attempting to negotiate the belt road, skirting the creek during Sunday night and yesterday morning lost the road and landed in the creek. Fortunately no one was injured, the cars, however being badly stuck, and considerable work necessary to pull them to terra firma.

D. A. R. Meeting

A called meeting of the D. A. R. was held on the 24th inst. at the home of Miss Alice Caldwell, presided over by the Regent, Mrs. B. J. Starling. There were present Mesdames A. Rosseter and W. E. Watson, Misses Brenda deV. Morrison, Mell Whitner, Zoe Munson and Alice Caldwell.

The following report from the committee on the selection of an appropriate memorial to our soldiers and sailors was read:
Madam Regent:

Your committee beg leave to re-

port that, after due consideration of various suggestions they respectfully recommend that the memorial to the soldiers and sailors of Seminole county, both white and colored, take the form of an arch, of the beautiful yellow coquina rock found in abundance on our sea coast.

For the purpose of lessening the cost and insuring strength and durability they recommend a filling of concrete, reinforced by steel bars. They have carefully examined plans and obtained estimates as to approximate cost. They are of the opinion that a handsome, appropriate structure can be erected for \$1600.00 and that there will be no difficulty in collecting that amount, or even more if it should be necessary, from the patriotic citizens of Seminole county.

Respectfully submitted,
Brenda deV. Morrison,
Chairman-Committee.

An amendment proposed by Mrs. Watson, to the effect that if the Chapter failed to obtain sufficient funds to erect the arch, the amount raised should be devoted to some other form of memorial, was adopted.

A pleasant incident of the occasion was the presentation to the Chapter by Major A. B. Peterson, A. C. S., 3rd Division, of a handsome gavel which he brought from Flanders, mounted with his identification tag. Major Peterson is a son-in-law of the Regent and the gift was acknowledged by a rising vote of thanks.

While the committee thought it wise to base their recommendation on the estimate of the architect consulted, they are personally of the opinion that the memorial should be of such size and beauty to reflect credit on the town and county, and one which would be regarded with pride by future generations and in particular by the descendants of the heroes they wish to honor. They hope to be able to raise a much larger amount than the one specified in their report.

 Good weather for corn and oranges we suppose but just a bit trying on the animal kingdom.
 Never a week but we see or hear airplanes overhead.
 Mrs. Paul Keely returned home last week from a visit with friends in Nebraska.
 Mr. and Mrs. Reed of Orlando were dinner guests at the home of Mr. and Mrs. Volie Williams Monday.
 Mrs. Barney Beck and childred

and Mrs. Westerick spent the day with Mrs. Leroy Hodgins in Sanford Monday.
 Mrs. Wildenham, the mother of Mrs. Ferne Lundquist, who has been visiting with her at the J. E. Lundquist home and with other friends here returned home the first of the week.
 Mrs. Ballinger spent a day or so with Mrs. Collier and other friends in town this week.

We were all much shocked at the death of Frank Camdron of Lake Mary last week but relieved to hear that it was due to natural causes and not a case of murder as was at first believed.
 Please don't anybody shunt off our prospects of good roads and we'll be good and share them even with West Geneva Ave., let alone Lake Mary who often now use our present makeshift.

Mr. and Mrs. Fred Kroll returned on the Fourth from a visit with relatives in Tampa, Bradentown, etc. and are spending a few days with the home folks.

A few cars went down to Orlando to enjoy the ball game the afternoon of the Fourth, among them Mr. Williams and Mr. Beck's families with their parents, the latter also took a trip to the beach last Sunday.
 Most of the folks out here gathered at the lake for a bountiful picnic dinner.

Mr. and Mrs. Kergeth Robbins and Miss Olga Vihlen were among those out from Sanford while Miss Weeks and Mr. and Mrs. Swanson and Carl Pierson were afternoon visitors. Sorry we could not go.
 Mr. and Mrs. E. W. Lundquist and little son and their mother Mrs. J. E. Lundquist, returned Monday afternoon from an auto trip to Ft. Myade and other near points, where they visited with the Bergquist family and at the home of Halmor Lundquist and wife.
 Miss Olga Vihlen spent a couple of days with friends in Winter garden the first of the week.
 We understand that Clarence Bergquist of Sanford also spent the Fourth with his parents.

SEMINOLE BANK ANNEX ON MAGNOLIA AVENUE

Upsala, Fla., July 11
 Editor of Sanford Herald,
 Dear Editor:

In your issue of July 4, someone had the nerve to put in a short article in regard to good roads to Upsala, stating Jesse Lee is the only one that had the nerve to buy a car.

There were four car owners before Jesse Lee ever thought of moving to Upsala. Now there are ten cars to make use of a good road. There are also five other parties speak of buying a car as soon as we get a brick road, and this is not saying anything about the outside travellers with cars and teams.

Evidently this party does not know anything about Upsala or they do not wish to see Upsala prosper. I say let us all have good roads and more of them. Upsala can make good use of one.

Yours truly for good roads
 An Upsala citizen and Herald reader.

GENEVA

This news came in too late for last week's issue.

Mr. and Mrs. Harry Lewis of Sanford recently visited Mr. and Mrs. C. A. Raulerson.

Miss Leda Peters of Jacksonville is spending her vacation with her father, T. D. Peters and other relatives here.

Miss Ethel Rose of Lockhart is visiting Miss Helen Moran.

The many friends of Mrs. Endor Curlett will be glad to know that her brother, Geo. E. Lutz who was

so seriously wounded by an explosion not long ago is improving.

Mr. and Mrs. Frank Raulerson of Ft. Pierce were the guests of Mr. and Mrs. C. A. Raulerson one day last week.

Mrs. Carol Culpepper was quite ill last week but is improving.

Mr. and Mrs. C. A. Raulerson spent the week end in Orlando.

Sumner Wilsey of Lockhart is visiting Aubrey Moran, Jr.

A very pretty wedding was solemnized at the home of Misses, Clara Coffee last Wednesday, June 25th, when her daughter, Miss Alice was united in marriage to Mr. Avery Guyton of Miami. Miss Coffee was charmingly gowned in a dress of white crepe de chine, while the groom wore the conventional black. Mrs. Dr. Marshall of Sanford played the wedding march and Rev. C. W. White pronounced the words that made them man and wife. Mr. and Mrs. Guyton will be at home to their friends after July 5th at Miami, Fla. Mrs. Guyton was one of Geneva's most popular young ladies, and has a host of friends who wish them a long and happy life.

OVIDO

(This news came in too late for publication last week.)

Mrs. Nannie Averett of Chuluota passed through Ovido Friday afternoon on her return from Jacksonville where she went to see her son, S. G. Averett. Mr. Averett is now with the Pullman Co. with headquarters in New York.

Mrs. Lillian B. Fulton of St. Augustine spoke at Ovido and Geneva Sunday in the interest of the W. C. T. U. work in Florida. She spoke in Geneva Sunday morning and at Ovido Sunday evening. Both of Mrs. Fulton's talks were very interesting and those who failed to hear her missed a rare treat. Besides a thorough knowledge of her subject Mrs. Fulton has a pleasing manner on the platform which delights her audiences.

The Methodist Sunday school had its annual Children's Day program Sunday morning. The numbers were well rendered and the exercises greatly enjoyed.

Mrs. Mary Jacobs and son, Edwin are located in the Swope cottage, formerly occupied by C. T. McCulley and family.

Mrs. J. M. Jones is in the Orange General Hospital in Orlando for a week.

L. E. Wright, Jr., returned to Washington, D. C., Saturday after a short visit to his parents.

Mrs. C. A. Brannon and Miss Mary Leinhardt spent Saturday shopping in Sanford.

At 12 o'clock Saturday Miss Divina Murphy and Vernon Shy were united in marriage at the home of the bride's parents, Mr. and Mrs. S. Murphy at Lake Charm. The immediate family and a few intimate friends of the bride were present. Rev. L. E. Wright, pastor of the Methodist church performed the ceremony.

Mrs. W. N. Blackwood and children returned home Tuesday after a pleasant visit to Palatka.

Among the Ovido people who expect to go to Daytona Beach this week for a vacation are Mrs. W. J.

PRIMBLE POCKET KNIVES

What's more used (or abused) than a pocket knife? And we don't know of a pocket knife that's used more than the PRIMBLE—nor one that will stand more abuse. We don't know of a knife—the world over—that has better blade-quality, edge-retaining-quality than the PRIMBLE. It's the knife of good service and long service.

The handles are secure. Blades are perfectly fitted. The spring action is dependable and the blades do not work loose and wobble after constant use, nor will they project and catch in your pocket.

The PRIMBLE blade is forged from best English steel, and your protection lies in the PRIMBLE shield (etched on blade) which marks it as genuine.

Don't you think it would be well to provide yourself with a really good pocket knife—in fact, the best to be had? Our line of "PRIMBLE" includes the pattern and size you prefer.

COUNTY HAPPENINGS

(Continued from page 2)

Lawton and family, Mr. and Mrs. E. A. Farnell and Miss Ruth Young, Mrs. S. W. Swope, Mabel Swope, Frances Swope, Rev. L. E. Wright and Virginia Wright spent Monday in Orlando.

T. R. Frost left Monday for Tampa.

Reuben Dumas spent the week end in Oviedo last week.

Mrs. Walter Carter of Monticello returned to Oviedo Monday and is visiting her mother, Mrs. J. H. Lee. Mr. and Mrs. Carter and son, Walter are moving back to Oviedo after several years' residence in other places. They will occupy the house just next to the Lee place at Lake Charm after the arrival of Mr. Carter and Walter who are now visiting relatives in Georgia.

Mrs. J. H. Lee, Jr. and Mrs. J. H. Dumas of Sanford spent Wednesday in Oviedo.

The friends of little Ben Jones will be glad to know that he is rapidly recovering from a very severe case of bronchial pneumonia.

J. H. Lee, Jr. and Andrew Aulin have returned from the army.

Miss Ruth Young returned Tuesday from Ocoee.

The Woman's Club of Oviedo held its last meeting of the season Friday afternoon. It was a social meeting, being in charge of Mrs. Robert Lawton. There were only nine members present but the program was greatly enjoyed. Miss Gayle Marshall and Mrs. T. L. Lingo entertained the guests with piano solos and Mrs. Lawton had several interesting contests. The club is planning to enclose the lot with a fence and to make it the most attractive place in Oviedo. Mrs. T. G. Simmons was accepted as a new member of the club Friday afternoon and two other applicants' names were presented. Though the club will have no more meetings until fall, the meetings will be open every Saturday as usual.

In future services will be held in the Baptist church on the fourth and second Sundays of each month. Since the death of their much beloved pastor, Rev. Wm. Stones there have been no regular services held at the Baptist church.

Mr. and Mrs. B. G. Smith and J. H. Lee, Jr. spent Tuesday in Sanford.

Miss Gladys Lizette returned from Jacksonville Saturday for a visit to her parents, Mr. and Mrs. N. F. Lizette.

Miss Ella Belle Jones and J. M. Jones spent Wednesday in Orlando.

Mrs. T. G. Simmons visited Orlando, Tuesday.

R. W. Lawton, W. J. Lawton, Hayle Marshall and Miss Mary Brannon spent Wednesday afternoon in Orlando shopping.

Merle Marshall, Edward Argo and little Miss Palmer Argo spent Tuesday in Orlando.

Little Henry Walcott entertained a few of his friends at a birthday party last Friday afternoon in honor of his fourth birthday.

The friends of Miss Mabel Swope gave her a surprise party Tuesday evening to bid her bon voyage on a trip she is going to take to Wichita, Kansas. There was no doubt of the genuineness of the surprise. The young people entered into the gaieties of the evening with much spirit and twelve o'clock came much too soon.

OVIEDO
Mrs. L. O. Wight and little son

Elton spent several days in Jacksonville this week with Mrs. White's mother.

Mrs. W. E. Argo and children spent Monday in Orlando.

T. L. Lingo and Steen Nelson spent Friday the Fourth at Daytona Beach.

C. L. West, O. P. Swope, Steen Nelson, B. F. Wheeler and E. A. Farnell were in Sanford Monday on business.

J. B. Jones and family, Miss Ella Belle Jones and Jim Jones were called to Orlando Tuesday on account of the serious illness of their mother, Mrs. J. M. Jones. The mother of Mrs. Jones will be glad to know that she was reported somewhat better Tuesday night.

Mrs. N. F. Lizette spent Tuesday in Sanford.

Mrs. J. M. King, Mrs. A. K. Crawford, Mrs. I. E. Wright, Rev. L. E. Wright and little George Crawford motored to Orlando Tuesday afternoon.

B. G. Smith was a business visitor in Sanford Monday.

A chicken pieau was given Tuesday night at Lake Charm for the following young people:

Misses Mary Lienhart, Gladys Lizette, Olive Lizette, Mary Brannon, Alice Brannon and Messrs. C. L. Mott, Revedy Wright, Merle Marshall, Joe Lienhart and Alton Farnell with Mr. and Mrs. R. W. Lawton as chaperones.

Mr. and Mrs. B. F. Wheeler visited Orlando Monday afternoon.

S. W. Swope and daughter Mabel left Tuesday for Wichita, Kansas.

The music committee of the Christian Endeavor Society will give a sacred concert at the Methodist Church Sunday evening.

E. O. Clifton has just been discharged from the 81st division and is visiting his mother Mrs. Reed near Oviedo.

Mrs. S. W. Swope and son Francis were in Sanford Tuesday.

J. M. Jones and Miss Ella Belle Jones went to Orlando Wednesday.

The ladies Aid Society of the Methodist Church met at the home of Mrs. R. L. White Monday afternoon. There were fourteen members present and after the business of the Society had been disposed of the Woman's Missionary Society was reorganized with eighteen members.

Miss Ethel Rose of Lockhart, Fla. returned Tuesday to her home after spending a week with her aunt Mrs. S. McBride.

Mrs. O. A. Marshall returned Saturday afternoon from Sanford where she had spent several days with her son Dr. C. J. Marshall.

WEEKLY ITEMS
Mr. and Mrs. W. A. Neal of Lakeland were visiting friends and relatives here the Fourth. Mr. Neal has recently returned from overseas.

Mrs. Francis Lightay of Lakeland is spending some time with her daughter Mrs. W. D. Tillman.

Mr. and Mrs. W. H. Boyd entertained the evening of the Fourth in honor of their son Raymond and the other returned soldiers of our little city. A most enjoyable time was reported by all.

Rev. Allen spent several days here last week calling on the people and announcing quarterly meeting of the M. E. Church to be held next Saturday and Sunday.

C. S. Flowers spent Sunday in Sorrento.

Misses Mary and Sarah Allen of Enterprise, Nelson Paul and Earl Holiday of Mossdale and Henry Dees of Lakeland spent the Fourth visiting at the Holiday home.

Little Wesley Fillman was bitten

by a ground ratter last week. No serious illness resulted and at the present date Wesley seems to be all right.

Allen Boyd was visiting his children and brothers here for a few last week.

Miss Flora Brockway is staying with Mrs. F. B. Click for company while Mr. Click is at work in Sanford.

West Geneva Avenue
We are having awful warm weather. Rain is needed bad to cool the air. People can hardly rest at night; it is so warm.

The people in our little settlement were shocked last Thursday when the news came of the death of Mr. Frank Cameron's death. We miss him passing by.

Mr. Will Robinson is still in the wood business delivering in town.

Mr. and Mrs. Henry Lee were calling at Mrs. Vaughn Sunday afternoon.

The orange crop seems to be good every where this year.

It seems to be a hard job to get vegetables now. They are so scarce. Can't get green peas. There are none to get and can't raise them this year.

There are a great improvement in cattle since the dipping has been started with them. I think it is a fine thing with cattle. They have no ticks on them and every one looks good. So many are kicking about it but they ought to look at the good it is doing the cattle. They get the benefit of what they eat instead of the ticks getting it. I

think it a fine thing for them.

East Sanford
Mrs. Margaret Marshall of Cameron City is leaving Wednesday morning for a stay in Michigan of several months. Will visit in Lapeer, Flint and other points.

Mr. and Mrs. R. L. Grier, Ruth and Robert of Cameron City are leaving in their car Monday next for a trip. Will visit in Brunswick, Ga. and at their old home in Charlotte, N. C.

Mr. and Mrs. Charles Dunn and three little sons of Geneva ave are spending several weeks at Daytona Beach.

Mrs. Joe Cameron and Henry were at home from Daytona beach a portion of last week. Mr. C. and A. B. Cameron accompanied them to the beach Monday for a short stay.

Miss Helen Chorpene returned Tuesday from several weeks visit with her sister Mrs. Byron T. Squire and family of Jacksonville.

G. W. Spencer is having his farm tenant houses in Cameron City painted.

Considerable improvements of different kinds are being done out here, tiling and retiling, clearing land and a general round up of summer work.

Several celery beds seed are planted seed coming up well so we have seed bed encampment time again.

Mr. and Mrs. G. C. Chamberlain are about to build a summer home at Daytona beach and have recently bought a launch.

justify point to the fact that there is no other tire made that can equal a DIAMOND for performance. When you get a tire that you can put on your car and forget about for many months, a tire that will step out and do its 6,000 guaranteed miles, and then keep on running, a tire bought at a moderate price, you have a product that is the result of an incessant struggle for the achievement of ideals of quality.

There's a reason why DIAMONDS do this—it's because they are made in one of the largest tire factories in the world and it's also because the people who make them make every tire they sell, whether fabric or cord, the very best of its class and the best obtainable at its price.

When you let us equip your car with a set of DIAMONDS you immediately step into the class of the tire-wise motorist. The car owner of long experience never speculates in unknown brands of tires, neither does he believe in dealing in merchandise where quality is questionable.

In the present day of high powered cars and good roads, the average driver travels faster than he did a few years ago. Many road accidents are caused by a blowout, the result of using inferior tire equipment.

The autoist who pays out his money for a tire not only wants the word of the dealer as to what the tire will do but he wants to be sure of absolute protection in case the tire does not hold up. If you purchase a tire from us and it proves defective we make it good right on the spot, and bear this in mind—in the case of an adjustment we adjust the customer rather than the tire—we see that you are satisfied in every respect.

When it is possible to purchase tires under such conditions as these, where you take no risk whatever, it's nothing more or less than the poorest business in the world to try and use some off make tire that neither you nor the man that sells it knows anything about. And last but by no means least, to try to get additional mileage out of a tire by having it re-treaded. A few poor, unsuspecting motorists listen to some tire repairman tell them how cheap he can make their old tires as good as new. Perhaps they have done it once, but they go deaf when you try to talk them into it a second time. Then they are wise. It's worth thinking over, get wise before you put out your cash for nothing.

The cost of a re-tread is more than one-third the cost of a new tire of standard make, from which you get from five to ten thousand miles, and the re-tread that will give you a thousand miles has yet to be found.

When a casing has turned off its thousands of guaranteed miles, the chances are it's pretty well worn out, and a re-tread, which is nothing but a strip of rubber a quarter of an inch thick, can't possibly give sufficient mileage to pay for the job. Such practice increases your cost per mile just about six times over the cost of using standard tires.

cut, suck and otherwise eat the same, or give the same away with or without the rind, skin, juice, pulp or pits, anything heretofore or hereinafter or in any other deed, or deeds, instrument or instruments of whatever nature or kind soever to the contrary in any wise notwithstanding." So what's the use?

My suggestion about a club house on the lake front is bearing fruit and I hear many rumors of buildings that will be erected in the fall or winter that will do much toward making the lake front what it should be—the playground of Sanford. It is almost certain that the city will eventually own all the land on the water front and there should be a movement on foot to establish the city buildings down there, the woman's club, the public library, a place for the boys, a place for the tourists and a place for everybody to go in the evenings and on Sunday afternoon and enjoy the lake. We have never taken advantage of our lakes as other cities do and it is high time that we woke up to the fact that Lake Monroe is our most valuable asset.

Those patriotic meetings that we are holding are all to the good and will keep alive in the breasts of the people the principles of good government and good citizenship. We should hold an annual affair of some kind commemorating the great world war and make the boys feel that we appreciate and will always appreciate to the fullest their efforts in our behalf and defense.

I am a baseball fan myself and expect to attend every game of the season. I wanted to organize the league and wanted to see good ball played but I do not like altogether the spirit shown in the last game at Orlando among some people. They seemed to think that any kind of deal handed the Sanford team should go whether it is a right decision or a wrong decision. The majority of the Orlando people think we did not get what was coming to us from the umpires and if we cannot get a square deal down there then we had better quit right now and 'tis kiel is coming after talking with Orlando people and not the Sanford people. All we want is the square deal and clean ball playing regardless of who wins or loses.

There are so many real nice places near Sanford where one can go for a day or a week's outing that really there is no need for our people to go away unless they have been here so long that they need a change of climate. Sanford is richer in resorts than any other part of the south and we should improve and make them popular. There is Wood Lake Park and Palm Springs, and Crystal Lake, Silver Lake, Brower's place, Lake Harney and many other resorts that are great camping places and have fine bathing. Woodland Park is great and has been improved and has many amusements for the young people. We should pay more attention to our home amusement places and not go away from home to find something that is not so good and much more expensive.

Certain congressmen have been advertising cutting some of the red tape that clogs the governmental work at Washington, but as most congressmen are lawyers, there is little hope that any superfluous may be eliminated. For instance, if a man were to give another an orange, he would simply say "I give you this orange," but when the transaction is entrusted to a lawyer to put in writing he adopts this form: "I hereby give and convey to you, all and singular, my estate and interest, right, title, claim and advantage of and in said orange, together with all its rind, juice, pulp and pits, and all rights and advantages therein, with full power to bite,

in the first round his winnings would have totaled \$126,822, while if Willard had answered the call of the gong for the fourth they would have been reduced to \$25,000.

Willard and Dempsey were paid in full Saturday according to Rickard, the new champion receiving \$27,500 in cash and the defeated champion \$80,000 in Liberty bonds and \$20,000 in cash. Willard was disturbed by rumors that he was dying, that he had been removed to a hospital and that he was dead. It was learned yesterday that he was entirely recovered from the effects of his punishment in the ring and that he will motor with Mrs. Willard and a few personal friends to his home in Lawrence, Kan., as soon as his eye is healed.

A Choir's Outing

Last Tuesday morning the choir, of the Congregational Church consisting of eight young ladies and girls, left with Mrs. Robinson as house-mother and a few others for Daytona Beach. A fund had been raised sufficient to rent a cottage for a month and meet expenses, and the four weeks outing for a month comes as a reward for the faithful and efficient service rendered by the choir.

Mrs. Takach, the chorister, and Mrs. Frye the organist will spend a while with the girls at the beach.

Camping Party

A merry camping party spent last week at Brown's place on Banana Lake. The chaperones used the house while the younger ones camped out under the pine trees in true outdoor style. All the pleasure of bathing in the limpid waters of this beautiful lake, in fishing and boating and other amusements were indulged in by the party and a most enjoyable week was spent on the open air and the party returned home de home Tuesday morning greatly refreshed and with tanned faces.

Mr. and Mrs. A. P. Connelly, Mr. and Mrs. Forest Lake and Mr. and Mrs. B. W. Herndon chaperoned the party composed of the Misses Serita and Maud Lake, Norma Herndon, Dorothy Rumph, Lois Martin, Victoria Nesbitt and Lucy Byrd Smythe and Messrs. Tom Martin, Harry Lewis, Walter Hawkins and Albert Connelly, Ned Chittenden, Karl Schultz and Reg Holly.

Please print these items for me, a reply to "West Geneva Mixing."
Dear Madam:
I notice in your items last week that Upsala was not entitled to good roads. I beg your humble pardon, we have several cars out our way, and wish to add we pay taxes for good roads—and we must have it. Upsala is a neat country village and our people living here are entitled to good roads.

KNOCKED OUT IN THIRD
Dempsey Won Championship in Short Order

Toledo, O., July 7.—Jess Willard was knocked out in the third round of his scheduled 12 round go with Jack Dempsey here July 4, according to a ruling of Referee Ollie Peercord. Although the towel was not tossed into the ring until Willard failed to respond to the gong for the fourth round, Peercord ruled the fight ended at the close of the third.

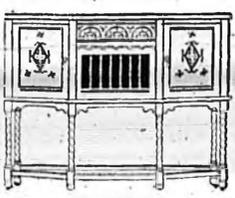

The ruling of Peercord came as a result of a request from Promoter Tex Rickard, who received hundreds of telegrams asking if Dempsey should be credited with a knockout and when the bout was officially ended. Many wagers on the fight were settled by the ruling, as there were many disputes as to when the fight actually ended.

C. B. Shyster of Chicago, who operated pari-mutual machines and a book on the contest said he cleared \$82,700. If the contest had ended

The efforts of the ladies of the
Daughters of the American Revolution
to erect a suitable arch or some

soldiers and sailors who served in
the world war should meet with
the approval of every one in Semi-
nole County. We cannot do too
much for our brave boys who served
in this great conflict.

CATTLE DIPPING

The Herald has always been an
advocate of tick eradication and we
still believe that tick eradication
is the thing, but the cattlemen and
the government experts should adopt
some plan for Florida that will al-
low dipping during the early spring
and the fall months, thus cutting
out the dipping in the hot weather.

The majority of the cattlemen are
now in favor of dipping but they
find that dipping every 14 days and
dipping in the kind of weather is
killing the cattle on account of the
fast driving in hot weather and driv-
ing them up to the vats every 14
days. To dip once a month for 3
months in the spring and once every
month for 3 months in the fall
would eradicate the ticks and would
also save the cattle. If this will
eradicate the ticks then the govern-
ment agents should meet the cattlemen
half way and adopt this plan.

The Herald is not an authority
on cattle or cattle dipping but we
believe in the greatest good for the
greatest number and if all the cattlemen
of Florida will adhere to a sens-
ible plan for dipping and make it
state wide and let the state pay the
expense instead of the individual
counties the burden would not fall
on the taxpayers as it does now for
the building of dipping vats in the
few counties that are trying to erad-
icate ticks only to have the cattle
from other counties come in on the
tick free range.

Let us all get together on this
question and solve it in the right
way.

PREVENT HOG CHOLERA
The B. A. Thomas Hog Powder has a record of 95 per cent cures of Hog Cholera. If you feed your hogs as directed you never need fear hog cholera or any other hog disease. And the directions are very simple, just about what you are going, plus a few cents' worth of B. A. Thomas' Hog Powder in the feed twice a week.

Usually though, cholera gets in before we know it. Then it requires close attention to each hog—each hog must be dosed and if you will dose them as directed you will save better than 90 per cent. If you don't the B. A. Thomas medicine costs you nothing. We not some distant manufacturer pay your money back. Merchants Grocery Co. 60-41c

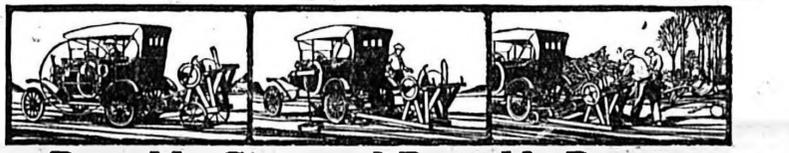

NOTICE
Prior to July 15th payment of paving and sidewalk liens will be accepted at face of lien plus attorney's fee and costs. Payments under this order must be cash. After July 15th all paving liens will be enforced by foreclosure. By order of city council. J. J. Dickinson, City Attorney. 57-11

Giving Good Service
The Orlando Reporter-Star is giving fine service to Sanford readers during the ball season and the papers are placed here in the hands of the readers in a short time after they leave the press giving the score for the same day. This is newspaper enterprise and the Brossiere brothers are to be congratulated upon their good work. The Reporter-Star is also running a beach paper each Wednesday and printing pictures of Orange and Seminole ladies who have been at the beach. Mrs. Ralph Wight and Mrs. B. W. Herndon of this city have appeared in the special issue.
Death and Cruelty.
Death is no cruelty or hardship, or our Creator would not have made us suffer it; but cruelty to animals is a heinous sin.—Walter Williams.

YOUR DUTY AND OUR DUTY ENCOURAGE THEM AS THEY RETURN
IT was our opportunity to support and back up our boys while they were at the front.
Just as great an opportunity exists today in their support, encouragement and help as they return.
We gladly, proudly offer our advice, help and support in every particular in which we may be of service.

Portable Saw and Portable Power

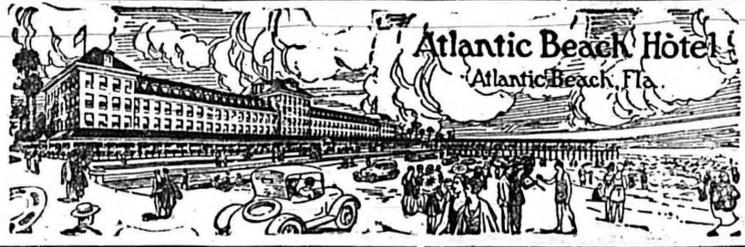

Look at those pictures. They show how thousands of farmers throughout the country are doubling the usefulness of their automobiles—how they are providing themselves at a small cost with a wonderful portable power plant which furnishes the most economical belt power on earth.
With LAY Porta Power, your automobile can be instantly converted into a portable power plant that will give from 8 to 15 horse power. Note from the pictures how simple and practical LAY Porta Power is. You carry it on your running board, anywhere there is work to be done. In a moment's time, it is placed beneath the rear wheels of the car (any make) and is ready to run. Anyone can operate it, for all you have to do is to run your own automobile engine with which you are thoroughly familiar. We handle the complete LAY Line of Portable Farm Implements, including LAY Porta Power, LAY Farm Light, LAY Porta Saw, LAY Saw Rig, LAY Milking Machine, LAY Porta Mill, LAY Porta Pump, LAY Pole Saw, etc.

Glad to demonstrate this machine at any time
We have these saws in stock now but you had better get yours early.

OLD AGE STARTS WITH YOUR KIDNEYS
 Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.
 For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is enclosed in colorless, tasteless capsules containing about 3 drops each. Take them as you would a pill, with a small swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.
 Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand, in sealed packages.

AN ORDINANCE
 An Ordinance entitled an Ordinance relating to the grading of Ninth street from the east line of Park avenue extending east to the east line of alley in Tier Two, H. Trafford's map, excepting the street from the intersection of said Ninth street with Magnolia avenue.
 Be it ordained by the mayor and city council of the city of Sanford, Florida:
 Section 1. That Ninth street beginning at intersection on east line of Park avenue and extending east to the alley in Tier Two, H. Trafford's map, excepting the street from the intersection of said Ninth street with Magnolia avenue, shall be paved with vitrified brick, said brick pavement to be of a width of twenty feet 3 inches, with cement curbing on each side 12 inches high and four inches in thickness.
 Section 2. That said paving of said street shall be graded and paved in accordance with the plans and specifications therefor submitted by the city engineer of Sanford, Florida, and now on file in the office of the city clerk of Sanford, Florida. The paving of said street shall be begun within sixty days from and after the date of this ordinance shall become effective, but in the event that part of said street herein required to be paved, shall fall within the time herein provided, to grade and pave said street in the manner and in accordance with the ordinance and with the plans and specifications therefor, heretofore received by the city engineer, all of said grading and paving, shall be done by and under the direction of the city of Sanford, and the proportionate costs thereof shall be assessed against the land upon which said paving shall abut and the city of Sanford shall have a lien therefor against the said land enforceable in like manner as other liens.
 Section 3. That upon failure of any property owner to do the grading, paving herein provided for, the same shall be done by the city of Sanford, or shall be let by a contract by the city of Sanford to the lowest and best bidder according to the approved plans and specifications submitted by the city engineer and two thirds of the costs of such grading and paving and curbing on each side to abutting owners on each side from the property fronting or abutting upon the streets herebefore described and so graded and paved, the remaining one third of such costs shall be paid by the city of Sanford.
 Section 4. That the estimated costs of grading and paving per square yard for the paving of said street with curbing is \$2.25 per square yard, and the estimated total costs of paving the same as described is \$25,000, and the estimated cost to be assessed against the land upon the frontage of said abutting property is \$2,611.
 Section 5. That the city engineer is hereby authorized to prepare and file a map and plat of this ordinance to prepare and file an estimate of the amount to be assessed against the lots fronting or abutting upon each of the lots fronting or abutting upon the streets herebefore described and so graded and paved, which estimate shall be based upon the estimated costs of the work, and upon the frontage of lots abutting the streets herebefore described.
 Section 6. That any person owning an interest in and to said property abutting upon the streets herebefore described, who after the filing of said estimate, shall fail to present to the said city clerk a sworn petition to be presented to the city council, setting forth the name of the owner of the property, the estimated amount of such costs and the interest in and to the property, and why it will be assessed against the property, shall be deemed to have assented to the assessment of the estimated amount of such costs against the property, and the city of Sanford shall have a lien therefor against the property.
 Section 7. That any person who fails to pay the amount of such costs assessed against the property, shall be deemed to have assented to the assessment of the estimated amount of such costs against the property, and the city of Sanford shall have a lien therefor against the property.

hat, and an arm bouquet of pink roses. The bridesmaid wore yellow crepe de chine, with a black picture hat, and carried a shower bouquet of yellow roses. The small flower girl's frock was white tulle.
 The bride wore a diamond bar pin, set in platinum, the gift of the bridegroom, and the gifts to attendants were silver calling card cases to maid of honor and bridesmaid, and a gold ring to the flower girl. Mr. Key presented his best man and ushers purses.
 Rose petals were scattered in the path of the bride and wedding party as they descended the stairs at the homestead and roses and greenery wreathed the staircase. At the reception after the wedding, Mr. and Mrs. Rice and Mr. and Mrs. Walter Twichell, formerly of Lagrange street, Worcester, aunt and uncle of the bridegroom, received with the newly married couple.
 Guests from New York, Providence, Florida, Oak Bluffs and Worcester witnessed the ceremony and remained for the reception.
 Mr. and Mrs. Key left last night for an extended wedding journey thru Nova Scotia, down the St. Lawrence river, thru the great lakes down the Mississippi river to New Orleans and Florida, where they will be at home at 107 Park avenue, Sanford, Fla.
 For traveling Mrs. Key wore an oxford gray silver-tone traveling suit with a plain model black hat. She is a graduate of Classical High and attended Southern seminary Va., where she was a member of the Kappa Alpha Opera sorority of that school. She has passed the past seven winter in Florida with her parents.
 Mr. Key is vice-president and cashier of the Seminoles county bank, Sanford, Fla., and a nephew of Mr. and Mrs. Walter Twichell, formerly of Worcester, Worcester, Mass. Telegram
Ryan Bros.
 The following from the Palatka News will be interesting to Sanford people:
 Patrons of the Ryan Bros. Furniture business has grown so rapidly that the general proprietors have been compelled to increase the size of their premises. The new building was used in the summer months in the new room remodelled and fitted up for a show room; a small piece of land at the back of the store has been purchased from F. D. Wattle and this will be built on. Those who know Messrs. Ryan and their Ryan's energy and push will not be surprised at the progress they are making and will wish them continued success.

COUNTY HAPPENINGS

(Continued from page 3)

are building a home on their celery farm.

Ed Cameron is at home from Palatka after a stay there of several weeks at the Cameron Castle Ranch.

R. L. Grier has bought the J. C. Rich place at Cameron City, 10 acres improved land and two houses.

Louis Kinard has bought 10 acres of improved farm land in Cameron City of F. F. Dutton. Mr. Morello has brought on Beardall ave 10 acres of land known as the Repp place. Mr. Morello is one of Joe Cameron's tenants. L. Royce has bought 10 acres on Beardall ave.

of Joe Cameron, known as the Harper place. Mr. Glydell has sold his Geneva ave place formally Castle Garden farm to G. F. Smith. Mr. Glydell has bought a place on West First street 3 miles.

Little Miss Aletia Currie of New Smyrna is here for several weeks with her sister Mrs. W. E. Prevatt. Dock Hasty was in Jacksonville this week again on business.

Lake Mary Items
The Fourth was rather a sad day here. Abbie and Charlie Sjoblom left Tuesday for Kansas.

Mrs. Barney Ingersol left some two weeks ago to spend the remainder of the summer in Buffalo New York.

Mr. and Mrs. Hicks of Paola visited the Dunn family Sunday. A good many of the folks here spent the Fourth at Cornado Beach making the trip in their cars.

Mrs. A. P. Handy and children of Sanford was the guest of Mrs. H. D. Durant a couple of days last week.

The death of Mr. F. M. Cameron here on the afternoon of July 2nd was a sad affair. He was about forty nine years of age and had lived here close twenty years, being in charge of his sister's property here and at Auburndale. If it had not been for the hired help on the place no telling when it would have been found out he was missing for a part of the time he spent looking after affairs at Auburndale. One sad feature in the case is the illness of his sister Mrs. McCracken, having been ill for more than a year at her home in the north, she being chief owner of the property at both places.

Elder Springs
A large crowd from this vicinity enjoyed a picnic at Palm Springs where they met other picnickers and had a fine day.

Mrs. J. H. Wynn has returned from Ft. White and Jacksonville after a few weeks spent with relatives. Mrs. Wynn attended the wedding of her niece Miss Myrtle Wynn to Mr. Earl Nee Smith of Brunswick Ga. While in Ft. White, Miss Wynn will be remembered here as a visitor to her aunt two summers ago.

Mrs. R. L. Humphrey is spending a few weeks on the beach for the benefit of her children who have a bad case of whooping cough.

We hear through the delegates to the meeting in Orlando Monday that dipping has been killed and the cow boys and ticks are taking off a day for a big laugh.

Mrs. E. C. Bowman was out to visit her mother Saturday. Mrs. Bowman has been quite sick and her friends are glad to see her again.

Picnic at Lake Harney
There is no better picnic or camping ground in the south than Lake Harney at Geneva upon the shores of a lake that looks like a miniature ocean with beautiful shelving beach and clear water. Two large packing houses furnish ample shelter in case of rain and the high ridge between the low lands and the lake makes a fine camping ground that catches all the breezes from the lake and the mainland.

On July Fourth several Geneva and Sanford families decided to have a picnic lunch on the lake shore and as the Geneva folks are famous the world over for their good eats the town folks knew that there would be something doing in that line and brought their real appetites with them. Arriving upon the scene they found Mr. Chambliss who has a nice bungalow on the lake shore very busy with a regular furnace arranged to fry fish and other good things and Mr. Chambliss had fifty pounds of fine fresh fish just caught from the lake all frying nicely.

As soon as the fish were done and all the baskets had been emptied on the long table in the pavilion, dinner was announced and all sat down to a feast that was fit for the gods. There were fried fish heaped up in platters and piping hot and everything imaginable to tickle the palate. There were four or five kinds

of pie even to pineapple pie and then many kinds of cake, among them real Lady Baltimore cake made by Mrs. Dooley who should write a cook book on these delicious cakes and pastries that she makes so well. With plenty of hot coffee and cool water from the flowing well the party ate until they could not eat any more and then just sat around and talked while the young people went bathing in Lake Harney. Late in the afternoon the folks departed after a shower that cooled off the real Fourth of July atmosphere.

on the way home and all of them decided that some time in the near future Lake Harney and the good folks of Geneva would see them again.

The Geneva hosts and hostesses were Mr. and Mrs. Wakefield, Mr. and Mrs. Dooley and children, Mr. and Mrs. Reed and Roland Reed, Mr. and Mrs. Chambliss, Mr. and Mrs. Whitcomb and family, Mr. and Mrs. Logan, Miss Isamson.

From Sanford were Mr. and Mrs. Harry Lewis, Mr. and Mrs. R. J. Holly and Mildred Holly, Mrs. C. H. Dingee, Dr. and Mrs. Brownlee and Mrs. Henry McLaulin.

Florida Leads Them All
Those persons yet afflicted with the opinion that Florida's only assets are snakes, sharks, swamps and "skeeters" are due for a revision of their misconception, for Florida tops the list of old south states in the matter of average wealth as it does in most other respects. Here are cold, cruel, convincing calculations, made by that highly regarded authority, your Uncle Sam, showing the per capita wealth of white people for states named:

Florida	\$2,260
Texas	2,140
South Carolina	1,900
Louisiana	1,890
New Mexico	1,872
Georgia	1,664
Arkansas	1,456
Alabama	1,349
Tennessee	1,209
Mississippi	1,012

Deliberating.
"You say the jury is deliberating?" "Yes, they are," replied the sarcastic lawyer. "The only juror who has a thimbleful of brains is probably telling 11 numskulls that my client is guilty."—Birmingham Age-Herald.

Optimistic Thought.
"To the coward there is no glory or safety."

Flashlight.
Some men seem to be living in hope that a way will be discovered before they die whereby they can take their money with them when it's their time to go.

Labor in Politics.
In 1872 on the 23d of May the first national convention of workmen, as a political party, at New York nominated Gen. U. S. Grant for president. Grant was the regular Republican candidate.

Diamond SQUEEGEE TREAD

Tires
Mark those 3 Continuous Bars on the tread

How quickly a railroad coach would pound to pieces if it had to jump three inches from one rail to the next. Skips or gaps in the rolling surface of tires are equally disastrous.

Those three continuous ribs on the Diamond Squeegie Tread give a smooth rolling surface as though it was a smooth-tread tire. "More-Mileage Ribs" we call them, for they put more rubber right where the wear comes.

Yet that scientifically designed Diamond Squeegie Tread halts forward and side skids. It adds mileage—you'll run a Diamond thousands of miles before you wear down those Squeegie Ribs. Cut your tire upkeep with a Diamond.

President Wilson Home
Washington, July 10.—President Wilson will present the peace treaty and the league of nations covenant to the senate today.

In presenting the document the president will deliver a lengthy address in which he is expected to outline the details of the negotiations recently concluded in Paris and tell why he feels that the United States should endorse the league of nations covenant. His address promises to mark the opening of one of the bitterest fights ever waged in the senate over ratification of a treaty.

Big Balloon Leaves
Mincola, July 9.—The British dirigible R-34 left Roosevelt Field shortly before midnight on her return cruise to Scotland.

The great ship, held in leash by 1000 American balloon men, was released at 11:55 o'clock and floated leisurely up to a height of 200 feet with her motors silent. The motors then began to whirl and the craft nosing upward, headed for New York.

Attention Masons
There will be a special meeting of Sanford Lodge No 62, F. & A. M. held on Wednesday evening July 16th at 8 o'clock for the purpose of conferring the Third degree on candidates.

Every Mason is cordially invited to attend this meeting. Refreshments will be served.

Change in Business

Henry McLaulin is moving his jewelry store to the room next door occupied by the McMullin & Hodges barber shop and Hodges & McMullen are taking the room formerly occupied by Mr. McLaulin. The show windows of the barber shop have just been put in shape to suit the jewelry business.

Big Grocery Sale

In this issue of the Herald is an advertisement for Mrs. Cates' Grocery, and while the plan is new for Sanford it is not new in other places and never fails to get the business. This is the Cash and Carry plan and this store will sell for thirty days all the groceries, hay and grain and feed all nice new and fresh stock on the cash and carry plan.

The goods will be placed on the counters at most attractive prices and you take what you want and carry it home. The price of delivery is saved on this plan and the purchaser will get the benefit of the same. The prices will be published in next week's Herald and will astonish you. Watch for the big ad and hand bills and take in the sale that will give you groceries just at the time when you need them.

Mrs. Cates needs more room and has hit upon this plan for a Thirty Day's sale to dispose of some of the goods and the prices will move them fast enough.

Getting Ball Scores

Perkins & Britt and the Sanford Shoe & Clothing Co. got the returns of the ball games of the Florida League every day and put the scores on their show windows. The large crowds congregating around the stores attest the popularity of this movement on the part of these progressive merchants. Sanford is probably one of the greatest ball towns in the United States considering the size of the place.

ELDER SPRINGS WATER

THOMAS D. BAKER, Ph. D.
Analytical and Consulting Chemist - Professional of Natural Science
Emeritus, Rollins College, Florida
Private Laboratory of Rollins College
Winter Park, Fla., Nov. 25th, 1918

Mr. T. O. Charles
Sanford, Fla.

Dear Sir:
I have completed careful chemical analysis of the sample of water that you brought me early last week, and have obtained the following results:

Color	Clear	Chlorine	1.75 parts per million
Reaction	Neutral	Total solids	8.00 parts per million
Total Ammonia	00 parts per million	Hardness	23.03 parts per million
Albuminoid Ammonia	Trace	Nitrites	Trace

The absence practically of free and albuminoid ammonia in this water and its very small amount of chlorine indicates its excellent quality for household purposes. In addition to the good quality characteristics of superior household water, it possesses special features of much value, especially those of excellent natural aeration and LOW degree of hardness.

The bacteriological analysis, resulting in an average total count, in four samples of the water, of 3 bacteria per cent, and in finding no colon, or other harmful bacteria, fully confirm its good quality indicated by the CHEMICAL analysis.

Of the many waters of this and other regions that I have analyzed, I have found none superior in all good qualities to that of the "Elder Water."

Yours very respectfully,
Signed: THOMAS D. BAKER

On motion of C. W. Entzinger, 2nd by E. H. Kilbee and carried this Board recommends to the State Comptroller that he allow the redemption of the above property on the above basis.

The Tax Assessor, having presented his books showing the assessed valuation of property for examination by the Board in compliance with the requirements of Section 23 of Chapter 5596 Laws of Florida, and the Board of County Commissioners having given notice for 15 days by publication in the Sanford Herald, a newspaper published at Sanford in the county of Seminole, that the Board would meet on this day as a Board of Equalizers for the purpose of hearing complaints and receiving testimony as to the value of any property, real personal or mixed, as fixed by the County Tax Assessor of Taxes for assessment for the year of A. D. 1918, the owners and agents of property who appeared for that purpose were allowed to make full and complete statements as to the valuation of the property owned or represented by them and the Tax Assessor and the members of the Board having fully discussed the statements and facts as presented decided to increase the valuation upon the following described property, covering items of personal property as follows:

A. F. Tanner, cattle raised from \$240.00 to \$610.00 O. H. Tanner, cattle raised from \$240.00 to \$410.00

It was ordered by the Board that the foregoing names, description of property and valuations be published in the Sanford Herald, a newspaper published at Sanford, in the county of Seminole, for 15 days and that said list be preceded by a notice that the Board of County Commissioners would, at a meeting to be held on the 4th day of August A. D. 1919, at the Court House at 10 o'clock A. M. hear from all such owners or agents as desire to appear and enter complaint as to valuations raised by the Board of County Commissioners on the 7th day of July A. D. 1919, when sitting as a Board of Equalizers, and to hear any reason that may be given why the valuation as fixed by the Board on any real estate or personal property should be changed.

The Clerk of the Circuit Court, having prepared estimated of the revenue and receipts from sources other than from taxes to be levied reasonable to be expected from the first day of October A. D. 1919, to the 30th day of September A. D. 1920, the said estimates having been properly verified under oath were ordered spread upon the minutes of the Board and the originals to be filed as a part of the records of the Board, and is in words and figures as follows:

Notice - Key The following wedding announcement will be interesting to Sanford folks:

Mr. and Mrs. George H. Rice announce the marriage of their daughter, Elsie Eloise, to Mr. Arthur Raymond Key on Thursday, July 3rd at Worcester, Mass. At home after September 1st at 907 Park avenue, Sanford.

The bride is known here as with her parents she formerly resided at their winter home at Tangerine, Florida and it was here that Mr. Key met her while he was living at that place and the wedding is but the culmination of childhood's love after the boy and girl had grown to manhood and womanhood's estate.

years. For many years he was connected with the First National Bank of this city and upon the organization of the Seminole Bank was made cashier and vice president of that institution which positions he still holds. Mr. Key has the confidence and esteem of a large circle of friends in this and adjoining counties who tender Mr. and Mrs. Key congratulations and best wishes for a long and happy life.

RESEMBLES OLD LOG CABIN

Remarkably Pretty Bungalow Fashioned From Concrete, the Modern Building Material.

American pioneers have handed down an affectionate regard for log architecture, and many a city dweller would prefer a plain log cabin to a modern mansion for his country home.

Proper Housing Means Much. In England the principal original investors in a garden city development are not concerned solely with the financial profit obtainable from the venture. The basis of income return is sufficient to remove any suspicion of charity from the transaction, while it is at the same time recognized by all the investors - including in part, of course, those manufacturing concerns which may have certain amount of selfish interest in the matter - that the contented and more efficient workmen thus obtained represent a better return than a few per cent additional on their investment.

Pure Air. On every "note that dances in a semboon" there rides many a disease germ. The dust particles sent flying by motor vehicles or gusts of wind are so many infinitesimal omnibuses carrying loads of passengers who wish to be put off in some warm nose, throat or lung where they may multiply. And the same holds true of every particle of soil that escapes exhalation from a chimney.

Sentiment and Business

By JACK LAWTON

(Copyright, 1919, by Western Newspaper Union.)

Gerald Gordon was a "heart-breaker." That is what his own familiar friends good naturedly dubbed him.

"No use for us to try to step in, Gerry," they would say, "the girls can't see anyone else when you're around."

And silently Gerald accepted the statement; why attempt to deny what was patently true?

"I'll be hanged if I can see what makes you irresistible to the feminine eye," Tom cheerfully remarked.

"It may be the feminine mind to which I appeal," Gerry modestly suggested. "I sure have a way with the wimmin."

"In Cartersville you'll be overwhelming," Tom said mournfully. "I wonder why I brought you out, just when I'm having a budding affair of my own? Heretofore we native males had things pretty much our own way, but after my college acquaintance with you, I can see that things are going to happen to us."

"Lead me on," Gerald heartily invited, and Tom did.

The first pretty girl to whom the visitor was presented was Tom's cousin. In the course of events Tom's own sweetheart followed, and after that several choice charmers of village society. Easily and indifferently Gerald conquered everything. The girls seemed but to await his invitations, refusing attentions of former cavaliers in the fear that they might not be free to accept those of the dashing stranger.

"What the deuce do you talk about to keep a girl entertained for hours at a stretch?" Tom persistently questioned. "It isn't my talk," Gerald pleasantly explained. "They like the way I do it."

But the competitor's own interest appeared to be aroused for the first time, as an auto, driven by a charming girl, rolled past the veranda where the two friends sat.

"Who," asked Gerald eagerly, "is that lovely girl? I have met her several times on the street. She's a winner, and she doesn't seem to mix with any of you?"

"Right, as usual," Tom agreed, "and the answer is that she won't mix. Prefers to tour around the country in her splendid car, stops at the hotel with a severe old maid, and turns down all invites the girls give her. Comes from a fine family in the city, too - they have mutual friends here."

"Judge Baker's wife introduced me to the girl, but I did not seem to make a hit."

"I'm going to meet her right now," Gerald declared.

Tom studied the young man in white flannels before him.

"You'll be the lucky guy, of course," he said ruefully. And so it afterward appeared.

"Like had met like," the girls remarked bitterly, and there was speculation as to the ending of the affair.

Every afternoon Miss Standish, from the city, awaited at the hotel door the appearance of Gerald Gordon. Then together they would whirl away in her soft rolling car.

In the enjoyment of the game Gerald had been conscienceless, and had not realized a serious side. Now Tom could not at his friend's fits of moodily abstraction.

"Why imp?" he asked gaily. "Is not the fair lady already won? Else why these daily trips along the river road, the long rides up steep country hills?"

"The rides," Gerry replied, "are all right. But why won't Ruth Standish let me visit her at the hotel - or come with me to some of your confounded dances, or -"

"The aunt," Tom suggested, "may object."

Gerald's gloomy face brightened. "If you love the girl," Tom burst out, "why don't you tell her so?"

"I will," Gerald suddenly decided, and crossed the street to where his blind sat on the hotel veranda.

Resolutely the conqueror of feminine hearts approached and dropped into a chair at the girl's side.

"I have something to tell you," Gerald began, "and I'm going to say it now while I have the chance. In a minute that old - your aunt - will be here, and while we are driving you deliberately avoid giving me an opportunity."

"I love you, Ruth Standish; no man ever loved woman more; and I want you to be my wife."

GUILD TO SUIT HOUSEWIFE

Designers Appreciate Importance of House Construction From the Standpoint of the Women.

The average citizen, supported by the women of his household, is demanding improved home building and his will, of course, influence all future building operations. From now on consideration of the housing question must be primarily from the point of view of the housewife. Consequently, labor-saving devices will be increasingly stressed. Landlords have learned that it can be just as profitable to own well-kept properties as it is to own dilapidated tenements, or vacant lots lined with rubbish or billboards.

The United States Housing corporation, however, has not adopted any Utopian building scheme. It has simply recognized the efficiency of the workman is seriously depreciated if he and his family must live in unsanitary dwellings. It has been proved that if he is to work to his best capacity he must be not only well housed, but housed adequately and comfortably within reasonable distance from his workshop and at a rental he will be able to pay.

Industrial housing is a comparatively new proposition in America. It is an old one in England, and in many ways it has been adequately solved. The problem there is now largely dealt with from the woman's angle.

On the Losing Side. Don't be afraid of being on the losing side. Defeat in a good cause is infinitely better than helping to win a victory for a cause in which you do not believe. Stand by your convictions. One who surrenders them in order to win is really on the losing side. - Girl's Companion.

Two Ambitions. Some girls who are very anxious to live to be old get surprisingly little out of life and give as little as they get. Instead of setting your heart on being to be eighty or ninety, make it your ambition to get all you can out of every hour that passes. - Girl's Companion.

Personally Conducted Tempest. "I understand that your recent speech aroused a storm of criticism." "Yes," replied Senator Sorghum, complacently; "it sounded like some storm, didn't it? I was holding the scales supervising the sheet from thunder and the artificial lightning impaled."

A Comparison. One of the largest squares in London, the open space called Lincoln's Inn fields, is said to be the same size as the base of the Great Pyramid at Gizeh.

Grateful Enjoyment. Suffering is not necessarily a blessing in disguise. Sometimes it is simply an unadvised evil, an evil that we have no right to be carrying about with us. Self-denial for its own sake is only a foolish refusal of pleasures that we might thankfully enjoy. Courage and faith when trouble comes are no more our duty than is grateful enjoyment of our blessings when the days are bright.
