Former New York Star gets three hits including 1 home run

TOKYO, Apr. 24.—John McGraw, who bought Edouard and Heinie Grob twice, was convinced that they stars today was wondering had erred again in assessing value of Lefty O'Doul as a player.

He was shanghaied from the Phillies in exchange for Leach because he was more interested in the average price of stocks than in his own batting. Leach has yet to earn a New York regularity while O'Doul, leading the league in hitting and purchased three home runs, all the Giants.

Latest indication that McGraw has been hornsawing came yesterday when he collected three hits, including a homer, at the expense of Larry Benton, New York and seen. The Phils won 3 to 1, technically running the Giants' score opening before 40,000 fans.

Willinghough walked 10 men but bore down hard in the ninth when 20 Giants were stranded on the paths. Barney Pfeifer, behind war horse, when subbing for Tommy Nevin, broke up the game with a triple in the

other under dogs also had their day. The Red Sox, opening at home, did themselves proud by trouncing the Yankees, 4 to 2.

Morgan outshined Pingree and himself.

The magic spell of the Cubs' pitchers was broken after 29 innnings. The Cardinals nicked Sherill late for three runs in the third inning and tallied five more in the eighth, winning 9 to 6. The Cards now have only one catcher, a rookie, and Gehrig, injured yesterday and Gabby Hartnett is out with a lame arm.

The home opening of the Athletics was ruined when they lost out to Washington in the eleventh 6 to 5.

The reorganized Cleveland outfit took the lead in the American League scramble by nosing out the White Sox in the ninth, 5 to 4. The Timpans have uncovered a brilliant mound prospect in Wes Ferrell, who did another nice job of relief pitching yesterday.

Left Blue of the Browns tie Charlie Johnson of Cleveland for the batting leadership of the league by walloping two home runs as St. Louis swamped Detroit, 11 to 5.

It took two old-timers, Dazzy Vance and Dave Bancroft, to give the Brooklyn Robins their first win of the season. Dazzy did some sweet pitching and Banny knew well in the run that enabled Brooklyn to win in the eleventh, 3 to 2.

Seminole's Defeat
Pirate Clan, 11 To 4

Bob Cobb's Seminoles defeated Max Stewart's Pirate clan, 11 to 4, Monday afternoon in a game that was featured by good fielding and timely hitting. Cameron led the batters, getting a single, two doubles and a triple in four trips. Max Rumbler, on the mound for the winners, was invincible. In the fifth inning with three men on base and no outs he retired the side without a score.

Seminole: Deas ss, Perkins 2b, Cameron 1b, Bowers 3b, Herndon c, Daiger lf, Brandy rf, Thompson cf. Pirates: Locke ss, Whitten lb, B. Odham cf, R. Odham c, Quinton p, Doker 3b, Dyson 2b, Britt M. Chancy rf.

Mrs. Gann Fails To Attend Club Meeting

WASHINGTON, Apr. 24.—

(INS)—Mrs. "Dollie" Gann, half-sister and official hostess to Vice President Curtis, was among the absent yesterday at the first luncheon of the Senate ladies club since her social victory over the state department.

Mrs. Gann appears to be the president of the club some weeks ago, it being a tradition that the wife of the vice president always heads the club, the Senate ladies turned her down and elected Mrs. George H. Moses, wife of the New Hampshire senator, instead. Mrs. Gann was made merely an honorary member. Her absence from the luncheon today caused a revival of Washington's social buzzing. Mrs. Herbert Hoover was presented today as the guest of honor.

Quarantine Order Limits Shipment Of Celery Within State

(Continued From Page One)
told storage plants, warehouses and other agencies, located in the infected area, are to make such disposition of all fruit and vegetables as may be required by the inspectors. All of the operations of such packing houses must conform to certain regulations laid down by the Board. Officers of military units patrolling the several counties have received extensive instructions for the conduct of the men duty on the highways. Briefly the instructions are as follows:

1. Be courteous at all times.
2. All roads must be guarded 24 hours each day.
3. Flares or red lights must be placed on the road from sunset to sunrise.
4. All cars must be stopped when entering or leaving the quarantined area. The only persons permitted to transport certain fruits and vegetables to points outside the quarantined area are those supplied with a valid permit signed by a Plant Board Inspector.
5. No dirt or soil is to leave the area.
6. None of the articles men-

tioned in the quarantine bulletin are to be permitted to pass out of the infested areas, regardless of amounts. A single fruit fly may be as dangerous as a truck load.

7. No garbage or other refuse will be permitted to pass the quarantine line.

8. All cars entering the quarantined areas must be stopped and the situation explained to the driver.

Regarding the guardmen's halting of machines, the order has this to say:

"It is suggested that the driver of the car be approached in a courteous manner, and the situation explained to him. If he has

any prohibited material, inform him that it will be impossible for him to pass the post with the material. If he cares to give the fruits or vegetables to the guard for destruction, take them and thank him. If he does not care to give up the material, inform him that it will be impossible for him to pass out of the quarantined area with it. If he gets angry, keep your temper, for you are master of the situation and cannot afford to get into arguments with the traveling public."

If a car or truck runs through the lines, get the license number, and if possible the make of the machine, and report it to the inspector in charge, in order that a warrant may be sworn out for the arrest of the driver."

The body is longer than other Ford passenger cars, thus affording an unusually roomy interior. In appearance the new Ford Town Sedan is quite impressive. It is of the three-window, four-door type. The lines are low, long and straight. And this suggestion is emphasized by the smooth French roof; quarters and the belted middle, which runs sharply back from the radiator and circles the entire body. The Town Sedan is offered in a number of attractive color harmonies. Nickel headlamps, radiators and door handles provide attractive touches of brightness. There are nickelized coal lamps, inc. and the smartest sort of shade strip at the junction of hood and oval. The plan of the body affords the utmost room and comfort. Wide doors give easy access to both front and rear compartments. There is exceptional head room. The drivers seat is wide and deep and completely cushioned. It is adjustable to the convenience of the driver—an irrepressible feature on sustained trips. It is instantly and easily moved by means of a pair of convenient handles in the front center of the seat just above the floor. The rear seat is partitioned into two. The partitions may be completely accommodated in the new Ford Town Sedan. The seats are deeply cushioned in soft, pliable cloth and the interior is trimmed throughout in harmonizing materials of rich texture. The flexible transverse springs of the chassis assure ride comfort. Headlight shield absorbs front and rear sunlight equally well, as they come, with the utmost facility and ease. The comfort of the new Ford Town Sedan is appreciated more than ever when the trip is of considerable distance.

In addition to the showing of the new Ford Town Sedan, a complete line of Ford cars will be on display.

Sey's Batting Success Since Getting Spectacles May Start Fad In Leagues

NEW YORK, Apr. 25.—Stale a player to a slovenly season or four years ago, and with he wasn't satisfied until had somebody in a hutch again fly-casting for a while. Today, the enlightened men at the ball field seem to be turned toward the occult.

The baseballized Chick Hafey has more or less good pitching seems to affect him adversely as it does anybody else, glasses or no glasses. Donoghue didn't give him a hit the day he worked against the Cards in Cincinnati—nor did Bush and Malone on successive afternoons in Chicago.

Meanwhile, Mr. Hornsby and Mr. Gehrig, who wouldn't even wear glasses as a disguise, seem to be bearing up very bravely in the face of their implied affliction. The former was hitting .374 this morning and the latter .417, while Mr. Justice, who has been known to the players but not on his nose, is abiding with a snappy .216 proving that it all proves nothing.

Army-Navy Football May Be Reconciled

WASHINGTON, Apr. 25.—(INS)—Army and Navy officials professed to be wholly in the dark yesterday concerning rumored negotiations for the resumption of Army-Navy football relations, with a game scheduled for Chicago in 1931.

E. J. Kelly, president of the Booth Park Board of Chicago, is now in Washington, and before returning west will have conferences with Army and Navy officials seeking to bring about a resumption of the annual classic. Report said a contract had recently been signed brought quickly and authoritatively denied.

The young man, according to the Giants, said in the South, he never realized how big baseball was until he had a few hours measured for the windows. He told Bob Farrell that his last felt like a lead pencil in his hand, and the first four days of the opening series with the Cincinnati Reds, he wore more than looks that part. He drove in four runs in the first game, scored either on a home run and drew himself to a single. Lucas was a victim of that campaign two days later, he hit the more hours off home, became a Zamboni and one of them joined the outfield wall at Fenway Field for the first time in history.

That walk, however, 117 feet, started all weather dreams rattling idle about the phonograph and they haven't stopped since. Callahan Wins

LOS ANGELES, Apr. 25.—(INS)—Mickey Colohan, junior welter-weight champion was given a decision over Syng Meyer of Idaho after 10 slow rounds here last night. The verdict was unpopular. Meyer apparently was coming up to the eighth round when he slowed up. The bout was an unconvincing Callahan winning 115 to Meyer's 114. (Adv.)

Miss Wethered Scores

LONDON, Apr. 25.—(INS)—An American woman golfer has begun to win the British ladies' tournament at St. Andrews on May 13, with her "Miss Davis" Wethered best of Britain's golfers at the top of her game. She leads the women's record top the Wethered won yesterday with a score of 73.

Jury Fails To Give Verdict In Slaying

NEW YORK, Apr. 25.—(INS)

The grand jury declined yesterday to return any indictment in the death of Arthur W. Smith, for which Samuel E. Holt, wealthy Baltimore oil operator, is at liberty under \$10,000 bail on a charge of suspicion of homicide.

The grand jury heard evidence in the case for two hours and among witnesses appearing before it were four women who attended the bridge party which preceded Smith's death. Mrs. Toliver L. Brown of Lexington, Ky., over whom Holt and Smith quarelled, did not testify.

Leaders Of Washington's Disarmament Forces Wait For Answers From Europe

By George H. Holmes
International News Service
Staff Correspondent

WASHINGTON, Apr. 24.—(INS)—Having placed America's disarmament cards on the table at Geneva, face up, Washington is sitting back waiting for the world's great naval powers to match them. Stripped of diplomatic words and niceties of diplomatic expression, the American offer amounts to this:

"Reduce your armament, and we will match you—ship-for-ship, gun for gun. The sky's the limit."

But one condition is thrown about the American offer. That is that the reduction to be accomplished must affect all classes of ships, from dreadnaughts to submarines, from battle cruisers to destroyers.

Only once before in the world's history has such a bold challenge been flung out to the world powers. That was nearly nine years ago in Washington when Charles E. Hughes, as secretary of state, almost gave the statement of the world assembly by dramatically proposing to them, "Wrap you capitol ships, and limit the battleships."

Thus, it is something more than mere limitation that the American government has proposed through Hugh S. Gibson, speaking for President Hoover at Geneva. What is being proposed is actual reduction of naval fighting craft, affecting every class of vessel afloat.

Admittedly, the American offer applies the acid test to the sincerity of the great powers. Britain, France, Japan, and Italy in their frequency and piously expressed desire for naval disarmament. For more than five years now, the powers have met in Geneva under the Utopia of

disarmament of national policy. And if they are sincere in this, he emphasized there appears now no plausible reason why they should not refrain from building and maintaining naval establishments beyond those needed for ordinary defense and police purposes.

The last naval reduction conference between the United States, Great Britain and Japan broke down because Britain insisted upon severely limiting 10,000-ton cruisers, while she does not need, and establishing virtually a no limitation upon smaller cruisers. With her sealing stations and naval bases all over the world, Britain has no particular need of the larger-type cruisers.

JURY WILL HOLD PROBE IN ATTACK AT TEXTILE MILL

Solicitor Says He Will Investigate Mob Violence To The Limit

GASTONIA, N. C., Apr. 24—(INS)—A grand jury probe into the demolition of the National Textile Workers' Union headquarters here last week by a masked mob loomed today when Solicitor John G. Carpenter declared he would "investigate the affair to the fullest extent."

Previously the solicitor received a note from Governor O. Max Gardner requesting an investigation into the mob violence which followed the strike of employees at the Loray Textile Mills here.

Meanwhile, no settlement of strikes through the Piedmont sections of the Carolinas appeared in prospect. Throughout the area there are more than 5,000 employees on a strike. The latest mill to be added to the list is in which the National Textile Union has ordered a strike is the Calvine unit of the Chadwick Hoskins chain at Charlotte.

Ellen Dawson, youthful communist, arrested yesterday following a second attempt to hold a parade of textile mill strikers, was released on bond. She was charged with inciting the demonstration which was broken up by sheriff's deputies.

Straton Criticizes Senate For Lack Of Serious Discussion

ELIZABETHTON, Tenn., Apr. 24—(INS)—White plant officials hoped for a settlement of the Rayon mill strike following the organization of the "Loyal Order ofenberg Workers", a group opposed to the union, news was received today of a strike of approximately 200 employees of the American Cigar Box Company at Johnson City, near here.
