

MACKS DEFEAT CUBS 10 TO 8

Premier MacDonald Has Birthday Today Following Triumph

British Statesman Is 63 Years Old And Is Just Ending Great Peace Efforts

David S. Senter, International News Service Staff Correspondent.
NEW YORK, Oct. 12.—(INS)—Sixty-three years ago a babe was born in a humble cottage at Lossiemouth on the bleak, wind-swept coast of Scotland. But for the grace of indomitable will and the burning desire to aid his fellow men, Ramsay MacDonald might well have turned out a fisherman or farm laborer.

Today, as prime minister of Great Britain, first commoner of his land, leader of the working man and the cause of international peace, the star of Ramsay MacDonald hangs high.

On his sixty-third birthday, the visiting premier has something to celebrate. He came to a foreign land on a delicate diplomatic mission. He leaves with his message of amity enthusiastically received and Great Britain and the United States brought side by side in an invitation for reduction of armament.

So busy has been his average day that the prime minister's official family and his daughter, Isabel, decided to take no chances but serve a birthday cake at breakfast today.

Hundreds of telegrams poured in congratulating the prime minister on his natal day. Isabel said that she had a surprise for her father but would not reveal what it was.

The prime minister had no official speaking engagements after a day of three important addresses in which he told the gatherings of his hopes for world peace as the result of his conference with President Hoover.

He described the new diplomacy as "the spirit of men coming to gether not for the purpose of dividing the world into alliances and groups, but for the purpose of, by their own agreements, helping the world to come to a general agreement that will be universal and not meticulous."

"During the entire course of the conversations between President Hoover and myself there has never been any idea whatever of an exclusive understanding between Great Britain and the United States," he said.

"There has been nothing discussed on the same basis with all the powers in the world. The understanding we have been trying to establish will all ways be incomplete and unsatisfactory until it has become the common possession of all the nations on the face of the earth."

FINAL RITES FOR DWIGHT BABBITT TO BE ON SUNDAY

Fraternal Orders And Postoffice Workers To Be Participants

General services for Dwight Babbitt, 57, long time employee of the Sanford postoffice and prominent in Masonic circles, who died suddenly Thursday night at his home, 1804 Sanford Avenue, will be held Sunday afternoon at 3:30 o'clock from the First Methodist Church.

The Rev. W. P. Burhanon will have charge of the brief rites at the church, assisted by the Rev. Dr. E. D. Brownlee, pastor of the First Presbyterian Church. A Masonic service will be held at the cemetery with members of two Sanford lodges in attendance.

A group of fellow workers in the postoffice will serve as active pallbearers at the church. They will include H. A. Appleby, D. W. Venters, A. C. Madden, M. L. Wright, H. F. Oenshaw, O. M. Harison, Harold Hawkins and C. E. Ruid.

Forming the funeral cortege at the cemetery will be several past masters and other officials of Sanford lodge 62 F. & A. M. They are W. T. Wheelock, John Gove, Ralph H. Clayton, G. J. Bunch, James E. Moughton, G. E. McKay, Frank L. Miller, George W. Huff and I. R. Phillips.

Honorary pallbearers will include C. F. Hawkins, E. E. Turner, C. E. Gormley, J. P. Hall, M. Y. Hedcock, Walter Haynes, Ed. Kadand and Dr. R. M. Mason.

Mr. Babbitt had been active in Masonic circles for a number of years. At the time of his death he was chaplain of Sanford lodge 62 F. & A. M. He was a past master of that lodge and during his incumbency he also served as high priest of Monroe chapter, Royal Arch Masons. He was also a prominent member of the Methodist church.

Death came suddenly to Mr. Babbitt after he had retired Thursday night from his postoffice duties after 10 o'clock with a heart attack and passed away within 30 minutes. He had appeared in the best of spirits all day Thursday and had given no indication of feeling ill earlier in the evening.

He had been suffering from heart trouble for a year but had continued his work.

Mr. Babbitt was one of the two oldest members of the postoffice staff, having been employed for 18 years. Several years ago he had been promoted to the rank of special clerk given in recognition of long and efficient service. Postmaster J. P. Hall today paid tribute to him as one of the most faithful and trustworthy members in the service.

Mr. Babbitt had lived in Sanford 25 years, came to this town where he had spent his early manhood. He was born in Racine, Wis.

FALL'S ILLNESS FAILS TO HALT BRIBERY TRIAL

Accused Ex-Secretary Insists On Resumption Despite Danger From His Sickness

WASHINGTON, Oct. 12.—(INS)—Bronchial pneumonia again failed today to stay former Secretary of Interior Albert B. Fall in his determination that his bribery trial shall be carried to an immediate conclusion.

Once more in defiance of doctors' orders he had himself pushed into court in a wheel chair, and the government continued its efforts to prove he had accepted a \$100,000 bribe from E. L. Doheny, California oil magnate, in connection with the oil scandals of the Harding administration.

Yesterday, he demanded a resumption of the trial in the face of a report from four doctors it might prove fatal to him and a motion by the prosecution for declaration of a mistrial.

E. C. Finney, former first assistant secretary of interior and present solicitor, underwent a cross-examination as the first witness of the day. On direct examination Finney had signed the Elk Hills and Teapot Dome oil leases against the "trust" union, of Fred Erwin Beal, communist organizer of the Gastonia strike and six of his aid, now on trial here for the murder of Police Chief O. F. Adolph.

Union leaders declared they expect about 100 delegates from all the textile districts of the South. Meanwhile there was an influx of communists into Charlotte for the first time in its history.

Chief Defense Attorney Frank J. Hogan produced a mass of letters and telegrams that had passed between Finney and the Navy Department and the Pan American Oil Company during the preliminary negotiations leading up to the Elk Hills lease. He was undertaking to establish that Finney and the Navy Department and not Fall had drawn it up.

Wild Party Ends In Death To Participant

WASHINGTON, Oct. 12.—(INS)—A wild party and gun caused the killing of one of four merry-makers early today. William Douglas, 40, boilermaker at the navy yard, was shot three times by a firebrand named Adolph.

The officers said he intruded upon the party because of the noise and was attacked by Douglas and Thomas E. Smoot, Halston, Va., his male companion. Howze said he fired three shots when Douglas had him on the floor, killing him with his own nightstick.

The two hostesses who cringed in a backroom during the brawl were held as witnesses. They are Mrs. May V. Campbell, 23, and Miss Margaret E. Rye, 23, both telephone operators.

Five Murder Charges Are Found By Jury

JACKSONVILLE, Fla., Oct. 12.—(INS)—Five persons were in jail today charged with first degree murder following the returning of indictments yesterday by the Duval county grand jury. Mrs. Curtis S. Smith and Roy H. Wynn, her brother, are charged with the killing of the woman's husband several weeks ago.

Startling Revelation Is Made To Officials Making Probe Of Capital Murder

LABOR LEADERS CONGREGATE TO ATTEND MEETING

WASHINGTON, Oct. 12.—(INS)—Startling revelations have been made to the federal agents investigating the strangling to death of Mrs. Virginia Hurley McPherson, Sept. 14 last, for whose alleged murder her husband is under indictment in the district jail.

From Dr. Ballard, who was previously examined by local detectives in New York, the entire police department here with the exception of a lone patrolman, Robert Allen, had sought to prove the death a suicide, the name of a woman was brought into the case as a motive for murder.

The Thomas G. Ballard of New York, one-time suitor of Mrs. McPherson while she was in training at Galinger Hospital here, voluntarily came to the Department of Justice, and is understood to have given the information concerning a motive for the crime.

Following examination of Dr. Ballard many witnesses hitherto not called are being rounded up. "I am sure," said the result of another autopsy on the body of the nurse is being awaited.

Permission for the examination was granted by A. A. Hurley, Mrs. McPherson's father, following information given by a physician believed to have been Dr. Edward A. Gorman, house physician at the Park Lane Apartments. He was called when the wife was found dead with a Panama card around her neck in her apartment. The autopsy is expected to show Mrs. McPherson had a fractured skull. There were rumors even that a broken neck might have caused death and the Panama belt had been tied around the neck after death.

Eight Mexicans Die In Election Frauds

MARION, N. C., Oct. 12.—(INS)—Eight deputy sheriffs were held under \$2,000 bond today for action by the grand jury following an inquiry into the bloody election frauds at a local textile mill Oct. 2. The death toll from the slash grew to six late yesterday when T. L. Carver, a striker, died from wounds.

Eighty-eight strikers are held on rioting charges growing out of the clash. They had waived preliminary hearings.

These held are: R. L. Robbins, W. A. Fender, Dave Jarrett, Jim O'Neal, Charles Tate, Taylor Green, Bill Twigg and Robert Ward, all of whom are officers. Each admitted during the hearing that they had fired in the battle, but claimed self-defense.

Eight Deputies Are Held For Action In Bloody Strike Riot

MEXICO CITY, Oct. 12.—(INS)—Eight persons are dead and 115 others are suffering varying degrees of wounds today as a result of a shooting affray at a town election at Tecolotlan, Jalisco state. The shooting took place Wednesday, but news of the event has just reached the capital.

WITNESSES OF DEFENSE STICK TO ACCOUNTS

Corroborate Details Of Version Of Slaying Of Aderholt In Raid Upon Strikers

CHARLOTTE, N. C., Oct. 12.—(INS)—Three more defense witnesses today corroborated details of the slaying of Police Chief O. F. Adolph, for which seven radical labor organizers are on trial.

Chief Adolph, according to the charges in the state, was killed by the defendants when he led four other officers on a raid upon the Gastonia headquarters of the national textile workers union the night of June 7 to investigate a reported disturbance.

W. E. Bay, a textile worker, said he saw T. A. Gilbert, one of the raiding officers, cursing and knocking down members of a picket line a few minutes before the raid.

"I'm a full-blooded Irishman; if any of you women believe I would knock you down as soon as I would a man, don't cross my path," Bay quoted the officer as saying at a hearing before the grand jury.

According to the witness, Gilbert, named to the state, ordered the men to go down to the union grounds and kill on the whole bunch. This corroborates the testimony of a half dozen previous defense witnesses.

Lindberghs To Hop Off For New York After Needed Rest

MIAMI, Fla., Oct. 12.—(INS)—Delayed 24 hours by unfavorable weather and the desire to rest after their strenuous tropical journey, Col. and Mrs. Charles A. Lindbergh were to leave here today in their private touring plane for New York.

Now that their work of opening up a new air mail line to South America and exploring the dense jungles of Guatemala and British Honduras is over, the Lindberghs are anxious to return home. Although both are in fine physical condition they confessed that flying more than 5,000 miles in 30 days was tiring, and admitted clouded skies and threats of storms held them here for 24 hours longer than they intended to remain.

Dr. Alfred A. Kidder, of the Carnegie Institute, who accompanied the Lindberghs on the exploratory flight, paid generous tribute to the airman's work in behalf of archeology, stating that five years work had been accomplished in the 24 hours during which Col. Lindbergh piloted his plane over the tropical jungles.

Dr. Kidder said that the flight had resulted in discovery of important Mayan ruins, built and inhabited by a civilization which flourished 1,500 years ago.

SCALPELS THAWRTED

PHILADELPHIA, Oct. 12.—(INS)—Scalpers and other grafters who expected to reap a golden harvest from World Series fans took it on the chin again today when prospective buyers alarmed by the large number of counterfeit tickets in circulation became skeptical of all tickets offered for sale.

Stage Great Rally In 7th To Overcome Lead Of Eight Runs

Score by Innings

Chicago	002 051 000	8 10 2
Philadelphia	000 000 (10)00	10 15 2

Batteries: Root, Nehf, Blake, Malone, Carlson and Taylor; Quinn, Walberg, Rommel, Grove and Cochrane.

By Davis J. Walsh, International News Service Sports Editor.
PHILADELPHIA, Oct. 12.—(INS)—On the greatest surprise ever known to World Series history, the Philadelphia Athletics overcame an eight run lead going into the seventh inning this afternoon scoring a record total of 10 runs, defeating the Chicago Cubs in the fourth game of the World Series by a score of ten to eight.

No such ball game ever before was perpetrated on a World Series field. No club ever sponsored a rally so sensational. No club ever before had blown a lead that was so long.

The wildest of all innings, coming at a time when Charlie Root had the Athletics subsidized, began when Al Simmons, coasting home in the eighth, hit a terrific home run off Root in the left field stand. "This was the beginning," said a Philadelphia fan.

The end did not come until more than half hour, during which 16 men went to the plate and Simmons, Fox and Dylkes, each, cut two hits before the inning was over.

After Simmons' home, Fox singled, Miller got a hit when Wilson lost his fly in the sun. Dylkes singled and so did Foley. Root still was in there and for a moment he justified his faith by disposing of George Burns, a pinch hitter.

But a minute later Bishop singled over second base and Root, the star of the Cubs' staff, was no more. Nehf was called in and Hana greeted him with a line drive to dead center. Wilson was also called to make the eighth and again the sun got in his eyes. The result was that he didn't even get his hands on the ball, which rolled to the fence for a home run.

2 Witnesses Against Pantages Unshaken

LOS ANGELES, Oct. 12.—(INS)—Stories of two former employees of Alexander Partridge today remained unshaken by a bombardment of cross-examination questions flung by attorneys for the wealthy showman.

These two, Roy Keene, former assistant manager of the Panlures Theatre, and Tillie Russo, formerly an usherette at the showhouse, took the witness stand in the criminal assault trial of the millionaire.

They testified that their employer instructed them shortly after the alleged attack on Eunice Pringle 17-year-old dancer, that they must give District Attorney Byron Fitts false information in connection with the episode in his mezzanine conference room.

BANDITS GET CASH

JERSEY CITY, N. J., Oct. 12.—(INS)—Three armed bandits in an automobile held up the paymaster of a corporation in North Bergen and escaped with \$11,000 payroll today.

Business Men Win Again; Florida Power & Light Is Victor Over Piggly-Wiggly

Despite windy weather a large crowd turned out last night to see the Business Men's team triumph over the Coast Line, and the Florida Power & Light triumphed over the Piggly-Wiggly outfit. The Business Men were victorious to the tune of 55 to 23, while the Florida Power & Light emerged winner by the top-sided score of 41 to 4. It was the second straight victory for the Business Men. They tallied 15 runs in the second frame and the Coast Line never threatened except in the sixth when its sluggers countered 11 runs. Long, hurling for the victors, was forced to retire in the sixth because of injuries, and Palmer replaced him. Klamm pitching for the Piggly-Wiggly outfit, was knocked out of the box in the first inning and Hails took the mound. He finished the game but was hit hard. Hedges allowed only six hits for the victors. The box scores were as follows:

FIRST GAME		BUSINESS MEN		AB R H

000 mark in April of 1927. Twenty-four years were required to establish that record in comparison to the new mark for production showing 50,000,000 or hat as much added to the total in the space of two years and four months.
 "Stepping up production tells a veral stories of interest to industry and the public at large," C. C. Slusarc, Vice-President and Factory Manager stated.
 "First, since the early year radical changes have taken place in production methods.
 "Second, the rubber industry owes its life to the automobile. As automobile-billing grew to the proportions it represents today, the forward-bound was felt by tire-making. Thus Goodyear's record is viewed as an automotive expansion from a different, but equally accurate angle.

KILGORE SEED CO. Sanford, Fla.

One Reason for Bigger Profits

Facts certified by literally hundreds of growers prove that Bradley's Fertilizers ("AA QUALITY") pay a bigger profit for every dollar you invest in fertilizer. One reason is the superb mechanical condition of Bradley's. This is due to the scientific accuracy and painstaking care used in their manufacture. Try Bradley's this season and see the difference.

BRADLEY'S FERTILIZERS
 ("AA QUALITY")
 Look for the "AA QUALITY" seal on the back of every bag of fertilizer you buy. It is your guarantee of quality.

Klim—pure fresh milk—powdered. Children love its flavor—and Klim builds sturdy, well-nourished bodies. Mothers like it for its purity and safety.

Goodyear's Output In Automobile Tires Reaches Big Figure
 AKRON, O., Oct. 10.—Something of the remarkable progress made by the automotive industry and the allied rubber industry in the past few years can be gained from the announcement that the Goodyear Tire and Rubber Company has made its 100,000,000th tire. The record established by Goodyear on August 28 stands out alone in the rubber industry. Goodyear reached the 100,000,000
