CHURCH OF CHRIST

To Be Thankful

It used to be that a picture like this could only mean harvest time - big orange pumpkins, shiny red apples, colorful stalks of Indian corn. And, of course, But what about today? You can buy apples almost any time. Pumpkins are available in a can twelve months of the year. And you can buy a frozen turkey

as easily in July as in November. We Americans take for granted what was a real treat in our parent's time. But in the midst of this material plenty, there is a danger of spiritual famine. To keep the proper perspective, to appreciate the gifts of life to the fullest we need the Church and the story it has to tell us.

Maybe you can't be a pioneer - a Pilgrim. But you can follow your forefathers' example at Plymouth that first November. You can utter genuine thanks

Methodist GRACE METHODIST CHURCH

The Church is the greatest factor an earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sales. (2) For his children's sale. (3) For the sake of his community and nation. (4) For the sale of the Church itself, which needs his woral and material support. Plan to go to church regularly and read your Bible daily.

could have a job with state or -it is rumored, might be in line to succeed the Orange County superintendent, if a "change" occurs in Orange educational circles.

Don't underestimate the power of a woman! Seems like the one who was cleaning the floors at the Lake Mary Post Office on Sunday morning didn't like the interruptions of box holders, who were in trying to check their mail after church services. A big sign on the front door told 'em to come back later - after the floor had dried!

It just couldn't be one and the same, now could it? Following a car into work this morning, we noticed the sign on the back of the car, "Rental from Dean Martin's of Daytona." Nah, this just couldn't be 'The 'Dean-oh!

Hats Off To Florida Agriculture This Week

that Benevity of over our nation are out about the few for translational Translations day few within the problem that our authorisation are will be the problem that our authorisation are will be the problem to the many death the bank. It the game rape to the many death the bank and even given some as uneary feeling that the bank and even given some as uneary feeling that the banks and even given some or about of our own effect, take

Or, rether, take your knife and fork and spoon and all down to a quality of produce and a vertety and a cent which puts us at least 35 years ahead of the Communist guided Rupsians in the market-backet

All this is true of our national agricultural scane.

When it comes to Firrida, however, your clients can expand a little further with pride in what is hippering in agriculture in the Sunshine State.

In fact Sanfordites can properly ourgage in a little local boarting if they drive east along Coory Ave-

Agricultural Experimental Station where Dr. John
Darby, and his associates are keeping up the research which is saving consumer dollars when food is "In fact," states ISAF,"

In bringing the importance of this week to the attention of the public, the Institute of Food and Agricultural Sciences, University of Florida — has produced a pamphlet with the intriguing title: "Your Steak' In Florida Agriculture."

In an up-dating paragraph or two IFAS points out that Florida is the greatest citrus producer in the world, second in the United States in vegetable and sugar production and fifth in the production of all This, nevertheless, is only the beginning. Florida agriculture has grown faster than any other state's during the past two decades. "We've learned how to make our infertile soils productive."

In this process and through the wise investment

of government funds in research every encourse on joys a dollar that is worth more comparatively, when foodstuffs are bought, then any other is the world.

"In fact," states ISAF, "wortings from one hear of labor will buy twice as much steak as 80 years ago. . . . If it had cost as high a percentage our income for food last year as 80 years ago, Floridians would have spent \$500 million more!"

Not only the fiscal side of agriculture and the great strides being taken to keep costs down and quality up needs to be recalled during this week.

The entire concept of agriculture needs refurbishing. In our city and county the traditional and happy concept of this industry (agriculture is No. 1 in Florids) with its leading characters representing grove, farmlands and cattle ranches need not be at all down-graded.

But it is assential that when agriculture is named it be realized that "farm and fibre" are the stars; that without agricultural products your house stars; that without agricultural products your house.

The Lakeview Red Devils did the Lyman Greyhounds a favor early last week, and the Hounds generously repayed the the token Friday night as they romped over a hard pressed Winter Garden eleven, 39-7.

The favor, was a letter that was received at the beginning of last week from Lakeview High at the Lyman School. The crux of the letter disclosed that a 9-0 record (the Hounds mark for the season) was commendable for a team that didn't play anyone, and the letter closed by saying that the Red Devils ville High School remained No. would show the Hounds how to play football Friday evening.

Lyman Coach Dick Copeland posted the Lakeview tidbit in the Hounds dressing room, and the Red Devil team then learned the Purple Hurricanes apparthe game of football, on a chilly Friday evening before the ently have lost the District 3AA the Hounds dressing room, and the Hounds have evening before the largest crowd the Hounds have ever drawn in their long his-largest crowd the Hounds have ever drawn in the Hounds have

The Lakeview squad could have used a few Pation tanks to stop hard running Junior fullback Rick Browne and his colleagues in power Charile Mathews and Greg Stults. Beef a la

By CRCILY BROWNSTONS The French have a wonderful way of braising beef with red wine, brandy, vegetables, herbs and other seasonings. Recently we tried an American adaptation of this dish with delightful results. We used heavy-duty foil and cooked all . the ingredients in a tightly closed foil package in the even. And you don't even have to! get out a skillet or saucepot for browning the beef. You do the der the broiler. Then the package is tightly closed and goes in the oven. By the time the meat is cooked, you collect a let of y good juices right in the for

strain the liquid and thicken I When we tried this recipe, we had a couple of cups of liquidjust the right amount for the meat. If by some chance there isn't enough liquid you can in crease it by adding heef Broth and also if you like, a little wine and brandy.

PRENCE-STYLE OVEN-BRAISED SEEP to Spound beneless chuck d round beef roast medium onion, peeled and thinly sliced carrot, pered and thinly sliced I rib celery, out into this cree

4 teaspoon pepper cup dry red wine 's cup brandy tablespoon tomato paste springs paraley I clove gartie, peeled an teaspoon dried crushed thyme 2 bay leaves

2 whole cloves

brown slightly.

Cornstarch Tear off a piece of heavy-duty foil large enough to completely wrap meet and other ingradients. Place the fell in a shall low reasting pan and arrange meat in the center; feld up edges of foil leaving space to add onion, carrot and colory. Place the pan under the broiler and brown the mest fairly well, turning several times from side to side. When meat is about half-browned, add onion, carrot and celery so that they wil

Remove pan from oven. (Set over themostat at 300 de-Sprinkle meat with salt and pepper. Stir together the wine. brandy and tomate peste; add pareley. garlic. thyme, bay

Seal foil with a drugstore fold: bring the two lengest ends of foil up over beef and vegetables so edges meet; feld these edges together twice. Seel ends of foil by turning up and felding over twice.

Return scaled package in the reasting pan to the 200-degree even. Bake until as tender as you like—3% to 4 hours.

Open foil and remove beef a warm platter: keep warm t low even. Place a fine-mesh strains

over a quart measure and strein force vegetables through. Skim off fat. For each 1% cups of lieuid, mix 1 tablespeen corn-starch with 1 tablespeen cold water until smooth. Pour liquid and cornstarch mixture inte a saucepan. Over moderate heat, stirring constantly, cook u a til slightly thickened, clear and boiling. Taste and add sait and pepper if needed. Makes 8 to 19

If you want to prepare this dish in advance, refrigerate the cooked meat and the strained tiquid separately. When ready to use, remeve hardened fat (or most of it) from top of liquid. Measure liquid and make souce us directed above: slice meat fairly thin and reheat in the
