

### 98 Students

(Continued From Page 1)  
award of \$25 to the senior whose grades "have improved the most." Robert Armstrong was receiver.

Capt. and Mrs. Earl Leuchs presented an award of \$100 to John Chisholm explaining that the award was for having the highest grades in the four years of school and for starting each football game each year. John is also receiver of the Bausch-Lombe science medal and four year competitive scholarship to Oberlin College in Ohio.

The Senior Glee Club members rendered the song "You'll Never Walk Alone" after which Miss Betty Ann Munson gave a "most memorable" Valedictorian message.

Retiring principal, Herman E. Morris then presented the 98 boys and girls with their high school diplomas and several, including John Bowen, Helen Hampton, Wesley Dees, Faye Ashley, Nancy White, Mary Esther Powell with honor letters for being on the honor roll six times without an absence mark.

The last diploma given was to Bernie Morris, the principal's son. The Alma Mater was sung after which Robert Armstrong gave the benediction.

Signators for the class included Miss Rebecca Stevens, Miss Helen Brier, Roger Harris and George Dabbs, Marshalls for the event were Al Collins and Sidney Wilson while ushers included Dione-Fleischer, Joyce A. Benton, Klara Mims, June Jennings, Peggy Lundquist, Delores Jones, Jackie Filby, Susan Kendrick, Linda Smith, Janice Luxen, Susan Smith and Jeannette Price.

Graduating seniors were: Betty Johnson, James Kinlaw, Pat Sanders Peterson, Connie Helen Hampton, Joyce Faye Holloway, Norwood Phyllis Brewer, Ann Deana Pearson, Ethel Sin Grace Smith, Elizabeth Betty Ann Munson, Barbara Calvin, Claudette Hawthorn, Sara Jacobson, Faye Ashley, Pat Dunn, Geraldine Spivey, Lavonia Sweeten, Mary Ann Wright, Dorothy Lee.

Also, Verns Ann MacGillis, Mary Virginia Robinson, Denise Hamilton, O'Telle Hamilton, Rose Mary Paris, Pat Roseman, Emily Roseman, Marian Roseman, Irma Jean Eubanks, Barbara Matala, Harriet Redding, Larry Anderson, Marty Cameron, Yvonne Cullen, Margaret Moore, Gary Robinson, Rachel Rush, Glenda Silkwood, Barbara Smith, Nancy Travasa, Nancy White, Paul White.

Also, Mary Grace Dugger, Marjorie Johnson, Mary Esther Powell, Mary Rose Spear, Elizabeth Woodruff, Sue Hayes, Virginia Langstitt, Joyce Miam, Joyce Brock, Shirley Brady, Joan Weismann, Earl Pouch, George Anderson, John Bowen, Wayne McCoy, Buell Cohen, Robert Samuel, Wesley Dees, Wallace McCallie, Wanda Lavender, George Jacobs, Richard Tison, William Bezzamer, George Cross.

Also, Robert Armstrong, Gene Bass, Jim Hawkins, Robert Mann, Dick Worrell, Larry Payton, Bob Reely, Homer Alexander, Roger Maxwell, Virgil Picklesimer, Howard Allred, John Shaw, Robert Carter, Joe Davis, Joe Fisher, Ernie Morris, David Galloway, Edwin Madden, Kenneth Ramsey, Barton Stone, Larry Burney, John Clarke, Bob Mitchell, Tommy Wyatt, Gene Nichols, and Jimmy Owen.

Weight watching? You can have your cake and eat it, too, if you'll counterbalance that piece of dessert with an hour's brisk walk.

### A. Duda Jr. Will Receive Honorary Membership In FFA

Andrew Duda, Jr., of Slavia, will receive honorary membership in the Future Farmers of America when more than 500 schoolboys attend the 28th annual State FFA Convention in Daytona Beach, June 11-15.

State School Supt. Thomas D. Bailey said representatives from 144 chapters are expected. There are 8500 members in 144 chapters in 60 Florida counties.

During the convention, the school-boy farmers will compete in various contests, for cash prizes totaling over \$4700, eleven cost-free trips to the National FFA Convention, in Kansas City, Missouri, in October, and six scholarships to the University of Florida.

New officers will be elected at the meet and 163 Future Farmers will receive the State Farmer Degree, highest FFA Award. Ninety prominent citizens from Florida will receive honorary membership in the FFA for their contribution toward the development of agriculture and the FFA. Six school girls, representing FFA Chapters will compete for the title of FFA Sweetheart and \$200 in prizes.

Bailey, Terrell Benton, Jefferson, Ga., National Student FFA Secretary, and John F. Dineke, Public Relations Department, General Motors Corporation, Detroit, Michigan, will address the conference.

Others receiving Honorary membership in the FFA at the Daytona meet are: Sam Means,

Miami; E. H. Smith Poplar Springs; W. J. Clapp, St. Petersburg; Jack Shoemaker, Forrest Kelly, and Gene Morse Tallahassee; Peter Niles and Tippen Davidson, Daytona Beach; Ted Pennington and R. A. Mission, Jacksonville; Marvin Brooker, Gainesville; Jeff Davis, Homestead; Francis P. Whitehair, DeLand; and John F. Dancke, Detroit, Michigan.

Competing in the Sweetheart contest are: Rebecca Simpson, Milton; Joy Boland, Monticello; Laria Sutton, Lake City; Rose Marie Galante, Ocala; Jeannette Bloodworth, Ft. Meade; and Sue Marcum, Ft. Myers.

State FFA President William Aplin of Lakewood will preside over the convention.

### Board To Choose New County Agent

Three prospects for the vacancy to occur in Seminole County as County Agent were introduced to the Board of Seminole County Commissioners this morning by District Agent Frank Perry.

Perry outlined the qualifications of each man as he was introduced to the Board.

The vacancy will exist in the County Agent's office on the retirement, July 31st, of County Agent C. R. Dawson.

The District Agent did not make any recommendation to the Board other than all three men would be acceptable and are qualified to fill the position in Seminole County.

The Board of County Commissioners will choose one of the three at this afternoon's session.

### Demo Club Asks Use Of Building For Activities

The president of the Home Demonstration Clubs, Mrs. J. M. Dingman, asked the Seminole County Board of Commissioners for exclusive use of the building on Geneva Ave. for Home Demonstration Club activities.

Many groups are now using the building, Mrs. Dingman told the commissioners, with new groups being organized. One group, she said, of high school girls and young married women will be taught sewing there beginning next Monday.

"Our women have expressed hope that the building can be tied up for their use," Mrs. Dingman said.

She said, "It is hoped that our Home Demonstration Agent, Miss Myrtle Wilson can move her office to the building where an office, conference room, and work space can be provided.

Clerk of Court O. P. Herndon, serving as secretary of the Board of County Commissioners, said "The building can be set aside for that sort of work."

Mrs. Dingman told the commissioners, "It seems that as long as there is Home Demonstration work being done in the county there should be a place to do it."

However, Commissioner Fred Dyson pointed out to the commissioners and to Mrs. Dingman that the cost of putting the present building into shape, which would include a new roof, ceiling, walls, painting,

### Citizens To Voice Opinion In Revision Of Constitution

"You'll have a chance in September to voice your opinion on what should or should not be included in a proposed revision of Florida's 71-year-old Constitution.

The Constitution Advisory Commission has voted to hold public hearings that month in Miami, Tampa, Orlando, Jacksonville and Panama City. Dates will be announced later.

Between now and then subcommittees will draft their recommendations for presentation to the full committee. Each of the subcommittees also will hold at least one public hearing.

After the full committee holds its five hearings, a draft of the proposed constitutional revision will be prepared, given a final going over and then submitted to the 1957 Legislature. If it meets legislative approval, it will be submitted to the voters for ratification or rejection.

The present much amended Constitution has over 300 errors in grammar, punctuation and capitalization besides any other fundamental shortcomings which may be uncovered by the commission.

cooling and heating, would be prohibitive.

"A new building could be provided for the money that it would take to put the old one in shape," he said.

Mrs. Dingman was asked to submit a sketch of a new building, which would include the minimum of space necessary to operate the Home Demonstration Clubs, to the Board of Commissioners at their next meeting for consideration.

### Cdr. W. R. Hazlett Assumes Command Of VAH-9 Today

In a colorful dress-white inspection and change-of-command ceremony at NAS Sanford today, Cdr. William E. Lemos, Commanding Officer of Heavy Attack Squadron Nine, relinquished command of the recently returned squadron to Cdr. William R. Hazlett, USN, Commander Hazlett, who has been Executive Officer of VAH-9, will serve as acting commanding officer until the arrival of Cdr. Lemos' designated relief.

This morning's ceremony was also the occasion for the presentation of a letter of commendation to Stanley Pochordo, Aviation Machinist's Mate, First Class, of VAH-9. While deployed in the Mediterranean area, Pochordo was instrumental in saving the life of a shipmate whose clothing had caught fire when a defueling truck became ignited. Pochordo seized the man, who was running with clothes ablaze, threw him to the ground and extinguished the flames, then proceeded to help extinguish the truck fire after medical help arrived.

Prior to the change of command, Cdr. Lemos awarded Aircrewman designations and wings to the third-crewmen of VAH-9. Cdr. Lemos is slated for duty on the staff of Commander, Heavy Attack Wing One at NAS Sanford. Squadron officers and their ladies will honor Cdr. and Mrs.

by their Farm System for administrative offices and dormitory during Spring Training.

Architect John Burton III revealed plans for the proposed building of approximately 35,000 square feet at a cost of approximately \$200,000. He told City Commissioners that there are approximately 135 rooms in the new plans which are considerably larger than the original proposal.

It is expected that plans and specifications will be ready for the advertising for bids in approximately three weeks.

The proposed building, expected to be completed by January 1, 1957, will center the entire New York Giants' sprawling farm-ten training activities in Sanford beginning with the 1957 season. The building will be erected at the corner of Mallonville and Celery Avenues.

Lemos tonight at a buffet dinner party in the Hotel Langford, Winter Park.

### Navy Gets Another Fizzle In Attempt To Shoot Rocket

WHITE SANDS PROVING GROUND, N. M. (AP)—The Navy got another fizzle yesterday when it attempted to shoot a research rocket up 120 miles.

Its Aerobee-11 reached only 37 miles into the sky. It attained not quite half the 6,100-foot-a-second velocity hoped for.

John Townsend and other scientists working on the project indicated it might be abandoned or at least delayed for a long time until they can find out what the trouble is.

SANFORD, FLORIDA WEDNESDAY, JUNE 6, 1956

Associated Press Lensed Wire

No. 112

THIS MORNING'S DROWNING victim, 31-year-old Charles Johnson, is given artificial respiration by Deputy Sheriff Cotton Brown. The group of law enforcement officers and City employees rescued the body and brought it ashore at the new concrete ramp shortly after 10 o'clock. (Staff Photo)

## Man Drowns Trying To Get Cracker Pole

A 31-year-old Negro man apparently drowned this morning as he attempted to swim out from the Sanford pier to retrieve a floating cracker pole.

Charles Johnson, of a Seventh Street address, was fishing from the pier along with his mother, Ella Brown, and a young sister when he tried to swim out for the cracker pole.

The Negro was seen as he went under, shortly after 9 o'clock, and his body was brought out of the water 10 minutes past 10 o'clock.

The Sanford Police Department rescue boat was brought into use and manned by Sanford Police Department Patrolman Ben Butler, Deputy Sheriff Cotton Brown, and City employees Eddie Griffith and Bob Kelly.

The body was recovered at about the exact spot eye witnesses said the Negro went under to stay.

The drowning occurred to the north of the Sanford pier about 60 feet from the seawall. The body was brought to shore at the new concrete ramp under construction just off Seminola Boulevard.

Artificial respiration was administered by Patrolman Butler, Deputy Brown, and City employees Griffith and Kelly. However, there was no spark of life as the ambulance took the Negro to Seminola Memorial Hospital in an attempt to revive him.

At the scene of the drowning to direct operations of the boat and drag were Sheriff Denver Cordell, Police Chief Roy Williams, and Constable J. Q. "Slim" Galloway.

## Odham Is Returned To Inter-American Center Authority

Gov. Collins today returned Bralley Odham to the Inter-American Center Authority from which he resigned during the governorship campaign.

Odham, one of Collins' most vigorous supporters, left his unpaid position on the authority to be free to campaign.

Odham, a 35-year-old Assistant County Agent for Marion County since 1954.

He was raised on a farm in Broad County where his experience included both ranch and citrus grove work.

Tucker attended and graduated from an Orlando High School, had the year at the Orlando Junior College, and then attended the University of Florida from which he graduated in 1933.

The young County Agent is married and has three children.

His appointment as County Agent in Seminola County will be presented to the Board of Control for approval.

CECIL A. TUCKER JR. (Staff Photo)

## Cecil A. Tucker Jr. Appointed By Board As County Agent

A County Agent was appointed yesterday by the Seminola County Board of Commissioners following the instruction of these prospective applicants for the position by District Agent Frank Perry.

Cecil A. Tucker Jr., 25-year-old Assistant County Agent for Marion County was named to take over the County Agent's position on the retirement of C. L. Dawson on July 31.

Tucker has served as Assistant County Agent for Marion County since 1954.

He was raised on a farm in Broad County where his experience included both ranch and citrus grove work.

Tucker attended and graduated from an Orlando High School, had the year at the Orlando Junior College, and then attended the University of Florida from which he graduated in 1933.

The young County Agent is married and has three children.

His appointment as County Agent in Seminola County will be presented to the Board of Control for approval.

Tucker attended and graduated from an Orlando High School, had the year at the Orlando Junior College, and then attended the University of Florida from which he graduated in 1933.

The young County Agent is married and has three children.

His appointment as County Agent in Seminola County will be presented to the Board of Control for approval.

## Sales Tax Collections Increase

Sales tax collections in Seminola County for the month of April increased approximately 7 1/2 per cent over the same month a year ago according to a release today from the office of State Comptroller Ray E. Green.

However, retail sales in Florida were down during the month of April. Retail sales, upon which Sales Tax collections are based, totaled \$712,836,871 during April. This was a decrease of \$142,744,201 from the high of \$855,581,073 in retail sales during March.

Sales Tax collections during May, based on April sales, totaled \$747,171, a decrease of \$1,745,080 from the all-time high of \$9,214,251 collected the previous month.

However, this year's Sales Tax collections during May were \$872,209 over the \$6,898,691 collected during the same month a year ago, an increase of 8.39 per cent.

Total Sales Tax collections to date this fiscal year amount to \$79,134,957, an increase of \$10,910,051 over the \$68,224,06 collected at this time last year. This is an increase of 16 per cent. Present indications are that Sales Tax collections will total \$85,000,000 for this fiscal year.

The drop in sales and Sales Tax collections is apparently seasonal. Collections during May always reflect a leveling off of retail sales in Florida during the spring and early summer months. Another decrease is expected in June collections. If this year's sales and collections follow past trends, there will be little variation for the next few months, with another rise in the early winter months.

## Krider To Discuss New Facilities At Jaycee Meet

A word view of the new facilities the New York Giants will bring to Sanford will be given the members of the Seminola County Junior Chamber of Commerce at their noon luncheon meeting tomorrow.

John Krider, City Commissioner and County Commissioner-elect, will speak at the Jaycee luncheon. Krider will discuss the facilities to be brought to Sanford from Melbourne, the various baseball clubs that will be in training in Sanford, along with the facts and figures on the new administrative office and dormitory building to be constructed here, and a brief resume on the new addition to the Mayfair Inn.

City Commissioner Krider is expected to point out to the Jaycees the many ways in which Sanford will benefit from the New York Giants' permanent Farm System arrangements here for their Spring training.

## Field Observes 12th Year As Postmaster

Sanford's Postmaster, Joel Field, said today that it was exactly 12 years ago, on Wednesday, at 9 o'clock in the afternoon that he received word that he had been appointed Postmaster for the Sanford Post Office.

Joel Field said "It was on D-Day when I received word that I had been appointed."

However, he pointed out that it was about 10 o'clock on the same night that the actual appointment was made.

## Friends, Students Gather To Wish Morris 'Good Luck'

"THIS IS THE WAY to have fun" exclaimed Herman Morris as he and Mrs. Morris tried out their new boat and kicker last night. Standing along side are the two Morris sons, Ernle and Bob, and the builder of the boat, Arthur Russell of Stafford Boat Works. (Staff Photo)

## Commission Views Budget Possibility Of Tax Increase

The Board of County Commissioners begins to view the budget for the next fiscal year with the possibility of increasing taxes.

County Commissioner John Meloch contended the Board with the fact the \$20,000 of the dog taxes had been appropriated to the schools and must be replaced in some way.

Another problem confronting the commissioners is the widespread demand for roads in practically every section of the county.

Commissioner B. C. Dodd said, "We will have to increase our budget for materials if we are going to provide the roads."

Kaiser in the day the Board had approved the purchase of a "mixed in place" machine for road building at a cost of more than \$15,000.

O. F. Herndon fairly surprised the commissioners yesterday when he announced "I am beginning to work on the budget for next year and would like to have some expression from the commissioners as to what they would like to have placed in it."

One other item to come before the commissioners that might have bearing on the new budget was the bill for hospital care for indigent patients at Seminola Memorial Hospital. A bill for more than \$9,700 for the month of May which was an accrued statement was approved.

Millage for the tax to be assessed in the coming year will be based on the budget prepared for the 1956-57 12-month period.

## Caldwell Reported To Have Served 2 Years In Prison

Word has been received in Sanford that Jesse Caldwell, the Negro who was allegedly shot by a Sanford Police Department Patrolman as he apparently came out of a Sanford Ave. beer parlor, had served two terms in Georgia prisons for burglary.

Sanford Police Department Chief, Roy G. Williams, said this morning that the State Board of Corrections in Atlanta, Ga., had advised that Caldwell served a two-year term in 1930 and another in 1934, both for the same charge, burglary.

The Negro was fingerprinted here and the file sent to the Federal Bureau of Investigation for identification. From this report the advice came from the Georgia State Board of Corrections.

## BLOOD RECORD

BUTTE, Mont. (AP) - A Butte mother of five has been credited with saving the lives of 15 babies afflicted with a blood disorder in five years. Mrs. Pauline Cain, assistant to the laboratory technicians at a Butte hospital, has Type O negative blood, found in about 6 per cent of the nation's inhabitants. A physician said Mrs. Cain's blood enabled 15 babies with Rh incompatibility to live and grow, healthy and happy.

## Kelsey Sends \$1,800 Bill To Commission

The Board of County Commissioners received a bill yesterday from Constable George Kelsey of Oviedo asking for more than \$1800.

The bill, accompanied by a letter from Kelsey, was for loss of time during his suspension on Feb. 19 due to two indictments handed down by a Seminola County Grand Jury.

Kelsey, in his letter wrote, "These were unjust indictments. And he stated, 'after talking it over with many friends I feel that I should be reimbursed for the time lost, for bonds and for attorneys fees.'"

The bill was in detail and listed loss of time from Feb. 10 to May 14, \$216.20, an additional item for \$281.98, cash for a five-thousand dollar bond \$502, and attorneys fees \$500.

The bill totaled \$1,800.15. Commissioners expressed themselves in "We did not suspend Constable Kelsey."

However, they withheld any action on the bill pending the return of County Attorney Mack N. Cleveland Jr. from the special session of the legislature now in progress.

Kelsey was suspended by Governor LeRoy Collins when he was indicted on two accounts of "liquor conspiracy."

One of the charges was dropped and the other was dismissed in Circuit Court when witnesses for the State refused to testify.

Kelsey was reinstated to the office of Constable in the Oviedo District on May 14.

YOUNG AND OLD ALIKE enjoyed watermelon at the Herman Morris Appreciation night festivities at Sanford Memorial Stadium last night. (Staff Photo)

## Weather

Fair today, tonight and Thursday; low tonight 62 to 64.

HERMAN MORRIS JOINS in with the crowd eating watermelon at last night's celebration and observance of Herman Morris Appreciation Night. (Staff Photo)

## Gifts Are Presented Principal

Upward of two thousand friends and former students gathered at the Sanford Memorial Stadium last night to wish "good luck, God speed, and a happy future," to Herman Morris who has retired from the principal's office at Seminola High School following a brilliant career of teaching in Seminola County.

Ice cold watermelon was served to those who attended the Herman Morris Appreciation Night with the City Commissioners, headed by Mayor F. D. Scott, allying the melons for the huge crowd.

Glowing tributes were paid to Morris as he sat on the speakers stand along with his wife and two sons. "She's gone through the hardships and the joys — the tribulations — in his 30 years in Seminola County," J. Bralley Odham said of Mrs. Morris as he introduced her to the huge crowd.

"And there are no two finer boys in the county," Odham said of Herman Morris' two sons, Bob and Ernle as he introduced them.

Bralley Odham emceed the brief ceremony which paid tribute to the 30 years devoted to the youth of Seminola County by Herman Morris.

Invocation, to begin the ceremonies, was given by the Rev. W. P. Brooks Jr., pastor of the First Baptist Church of Sanford.

Assistant State's Attorney Volle A. Williams Jr., before presenting Herman Morris with a silver tray engraved with "Presented to Herman Morris for 30 years of service devoted to the youth of Seminola County," paid tribute to Morris and cited his long career in Sanford.

"A honoring him," Williams said, "we would also do honor to all in the teaching profession who serve with sacrifice and more often without thanks."

Volle Williams related the coming to Sanford of Herman Morris in 1926 from Danville, Tex. "Made famous as the birthplace of two great men — President Eisenhower and Herman Morris."

Assistant State's Attorney Williams reviewed Herman Morris' entire career in Sanford and Seminola County Schools and then added to the list all of the positions of honor and trust he had filled in his community as a civic leader.

"For the people assembled here and the many thousands of others, we wish you God speed and good luck," Williams said as he presented the silver tray to Herman Morris.

Morris, unable to speak momentarily said "I appreciate this tribute. I don't see how anyone could deserve such a tribute for anything he could do. It's typical of the people of Sanford and Seminola County, Sanford and the people of Sanford have been good to me and I'm going to continue to live here."

Morris concluded, "I'm not retiring, I'm just changing jobs."

Following Morris' statement of appreciation before the audience, estimated at more than two thousand, Odham presented Morris with a 16-foot boat and outboard motor.

The big crowd participated in a square dance in the American Legion Fair Building to the music of Tony Russel and his orchestra.

## President Thanks Persons Taking Part In School Safety

Mrs. J. B. St. John, Parent Teachers Association's County Council president, along with the Safety Chairman of the School P.T.A.s expressed their appreciation today for the "job well done" by the Mothers who took part in the school safety patrol and the boys and girls who were members of the safety patrol.

Mrs. St. John also expressed the appreciation of her organization of the part the Sanford Police Department, the newspapers and radio played in an overall safety program for the city and county and for their invaluable cooperation.

She said, "Had it not been for this close cooperation of all those concerned with the safety of our school children, our wonderful safety record would not have been possible."

SWING YOUR PARTNER AND PROMENADE! The caller said as hundreds of Sanford and Seminola County folks joined in for the square dance fun last night at the "Herman Morris Appreciation Night" festivities. (Staff Photo)

## Americans Face Prospect Of Higher Prices For Milk

BY OVID A. MARTIN  
WASHINGTON — Americans face the prospect of higher year-around prices for milk. But if the increases come, it will not be without a fight within the dairy industry itself.

In many urban areas consumers already are paying from one-half to two cents a quart more for their milk than they had been scheduled to pay this spring and summer.

Acting under threats of producer strikes in many milk marketing areas, the Agriculture Department recently set aside normal seasonal declines in producer prices which had been scheduled to take place under federal milk marketing orders.

These orders, which generally set the pattern for most fluid milk markets of the country, are designed to stabilize supplies and prices in the regulated areas. The department sets minimum prices which milk distributors must pay dairymen. But it does not set retail prices.

The milk orders have followed the principle that prices should decrease during the spring and summer season of heavy production and should increase during the fall and winter when production falls off.

The lower prices in spring and summer are designed to encourage greater consumption, while the higher prices later in the year are intended to encourage dairymen to produce more.

In suspending the normal spring summer price decline the department departed from its pattern. The question now is whether the department will return to it when fall arrives.

The department's action has brought sharp criticism from a big dairy group, the joint committee of the National Creameries Assn. and the American Butter Institute.

The committee reflects the viewpoint of dairymen who for one reason or another do not have access to the city fluid milk markets. They must depend on manufacturers of butter, cheese, dried milk, ice cream and similar products for an outlet. These markets offer much lower prices than others.

In a letter to Secretary of Agriculture Benson just made public, the committee-through Otto M. Reed, its Washington representative—said the department's action in suspending the seasonal price declines threatened to bring new troubles to the dairy industry.

Reed said that in setting fluid milk prices at "arbitrarily high" levels, the department would stimulate production in the fluid marketing areas beyond consumer needs. Surplus milk produced in these areas would be diverted, he said, into the production of dairy products which would compete with products made from milk supplied by dairymen denied access to the higher priced fluid markets.

In fact, he said, this action would increase supplies of butter and cheese which the government would be obligated to buy under its dairy price support program.

He said the department should not have bowed to the threat of dairy strikes.

"This is not to say," Reed said, "that the department should try to forbid strikes. On the contrary it should have nothing to do with

### Legal Notice

## Canada — Artists' Paradise

Nova Scotia's tide is out and a seahorse left high and dry on the beach is a perfect subject for this painter's canvas.

Photos: Canadian National Railways

NO MATTER your cake and have it, too, is one of mankind's most frustrating problems.

However, the artist, professional and amateur alike, has found a solution to this problem by visiting Canada, which thousands from all parts of the United States do each year.

They register the Canada they see on canvas or their favorite basic stock and thereby capture their Canada for all time and for all to see and admire.

The color of the water in glacial-fed Lac Beauport, "show window" of Jasper Park in the Canadian Rockies, changes with the sky. Here it is a brilliant blue, so calm that the image of surrounding snow-capped peaks are mirrored in its surface. (Below) Mt. and Mrs. Chester Mayer, of Milwaukee, Wis., sketch Poros Rock, off the Gaspé Peninsula of Quebec.

them, either to forbid them or to try to outmaneuver the striking elements by juggling the price structure under its order."

Reed said that in event of a producer strike against government set prices, the department should terminate its order in the affected area. This would leave it up to the producers and distributors to settle their differences, with the government being out of the picture and not subject to pressure from one side or the other.

"The maintenance of an order in the market in our view unquestionably contributes to the success of a strike," he said.

The big question of whether the department will return to the long-established pricing pattern must be answered by its officials in August and September. That is when the spring-summer prices end.

In making its decision, the department may be faced by new threats of producer strikes if it does not allow higher fall and winter prices than presently scheduled under the federal order.

Some British freight cars have 84 wheels and can carry 180 tons.

## GE Plans To Build Electronics Plant Near Gainesville

GAINESVILLE, Fla. — General Electric Co. announced Friday that it would build a four million dollar electronics plant eight miles north of Gainesville.

The plant, to employ 1,700 initially, was hailed by a Florida Development Commission spokesman as "one of the top five plants" to locate in Florida since World War II.

Only Onestrand, sprawling Pensacola plant, and a few other installations have employed more persons initially, said the Tallahassee source.

The announcement by GE was the second in less than two weeks concerning new Florida locations by that firm. Recently, the company said it would build an electronics plant employing 600 to 700 between St. Petersburg and Clearwater.

The plant will be on U. S. 44 three miles south of Alachua. Construction will start this summer and one plant is expected to be in full production within two years.

Harrison VanAken Jr., general manager of the communication equipment section of GE made the announcement at a meeting here. A building with more than 300,000 square feet of floor space, housing headquarters and manufacturing facilities will be constructed.

While some management and engineering personnel will be transferred from the section's present facilities, VanAken said most employees will be hired in the Gainesville area.

Although communication equipment section now has its headquarters and some manufacturing facilities in Electronics Park near Syracuse, N. Y., the majority of the production facilities are located in plants in or near Utica, N. Y.

Construction of the new building near here will enable General Electric to consolidate all of its communication equipment operations in one location, VanAken said.

mission to the Middle East.

The 11-nation council gave him the go-ahead for a further effort after a week of debate on a British proposal which originally left the way open for broad peace negotiations. However, the resolution was drastically watered down to meet Arab and Soviet objections.

## Dag Hammarskjold Begins 2nd Phase Of Special Mission

By MAX WARELSON  
UNITED NATIONS, N. Y. (AP) — Backed by a unanimous Security Council vote, U. N. Secretary General Dag Hammarskjold today began the second phase of his campaign to ease Middle East tension.

He was ready to assist Israel and her Arab neighbors in keeping up the momentum toward peace which he reported last month at the end of his special

mission to the Middle East.

The 11-nation council gave him the go-ahead for a further effort after a week of debate on a British proposal which originally left the way open for broad peace negotiations. However, the resolution was drastically watered down to meet Arab and Soviet objections.

The United States has about 6 per cent of the world's labor force.

# Tuberculosis Is Big Health Problem; Support TB Association

Tuberculosis is one of our biggest health problems. The discovery of new drugs, and the closing of some TB hospitals throughout the country has caused too many people to believe that TB is licked. This misunderstanding can be very dangerous. TB remains very much Florida's No. 1 infectious killer. Actually TB takes the lives of more Floridians than all other infectious and parasitic diseases combined. There were 287 deaths in 1956. 174 cases of TB in 1956. Four of these deaths were from Seminole County.

During the first six weeks of 1956, 237 new cases of TB were reported in Florida as compared with 217 during the first six weeks of 1955. There were 2,252 new TB cases reported in 1955 and 2,461 new cases reported in 1956. The continuing campaign for mass chest X-rays has produced important results in detecting the unknown cases and breaking the chain of infection. New drugs and improved surgery have accounted for more lives saved. But drugs and surgery cannot eliminate TB nor solve the vast problem until some satisfactory immunization is perfected. The laborious process of finding the new unknown cases and giving each the treatment best suited to his condition must go on.

It is better to support the organization, our own Seminole County Tuberculosis and Health Association, than to become involved in an alien, un-American cause. The continuing campaign for mass chest X-rays has produced important results in detecting the unknown cases and breaking the chain of infection. New drugs and improved surgery have accounted for more lives saved. But drugs and surgery cannot eliminate TB nor solve the vast problem until some satisfactory immunization is perfected. The laborious process of finding the new unknown cases and giving each the treatment best suited to his condition must go on.

# Earth Is Potential Beachhead

NEW YORK (AP)—A dozen years after the Normandy landing, the military mind is still preoccupied with the thought of a beachhead. It is the thought of a beachhead that has caused the military mind to plan for the possibility of a beachhead. It is the thought of a beachhead that has caused the military mind to plan for the possibility of a beachhead.

# Vacation Time

This is the time of year in which you should start up your vacation plans. You, your wife and your children must decide if you are going to Old Hicocca Mountain or to Ayalma Beach. Decision is necessary. It's full-time and requires of each member of the family to ride off in all directions. So let us hope there is unanimity in the family group and you decide to go to Ayalma Beach.

# County Inspection Before Fruit Fly Spray Is Planned

A Doctor in the Family

By ELIZABETH SIFFERT

CHAPTER TWENTY-FOUR
OLD love. So much I
despise there never could be another
man—out, oh, Alan, there
is I am in love again, completely
sincerely! Margaret's whole per-
son—her glowing eyes, her eager
and bounding lips—was
fixed to her new love.

When, at eight, the old folks rose
to go to their rooms, Rupert Ernst
gave every indication of an early
departure. After they were gone,
he stood before the fireplace,
smoking, as if he waited only to
put the end of his cigar into the
ashes, and then say good night.

"I'm afraid I am, my dear. You
see, I come in with fresh eyes, and
survey your situation."
"But aren't all people slaves, in
that sense? Aren't we all bound
by love?"
"Is it a matter of degree, my
darling. I love and admire you for
your unselfish sense of duty—but
I love you even more than that,
and so I urge you to rescue your-
self before that old hoodlum cum-
mately ensnares. Be yourself,
Linda! Assert yourself! You have
that obligation, too. Don't you?"
She put her hands to her cheeks,
and regarded him with wide, dark
eyes.

Moore Clears Last Hurdle On Way To Big Title

LONDON—Archie Moore to-
day brushed aside all questions
about another defense of his light
heavyweight title and said:
"I'm the best heavyweight in the
world—and that's the title
I am after."
The cagey old fellow from San
Diego, Calif., cleared his last hur-
dle on the way to the crown vacated
by Rocky Marciano with a 10th
round TKO of Yolande Pompey of
Trinidad in a light heavyweight
title fight in London's Harringay
Arena last night.

Round Robin Tourney Gets Underway Today

By ROBERT NOORE
VIRGINIA BEACH, Va. (AP)—De-
fending champion Louise Suggs
wasn't optimistic but quickly ad-
ded she wasn't pessimistic today
as play began in the fourth an-
nual \$12,000 triangle Round Robin
Golf Tournament.
The 32-year-old professional
star from San Diego, Ga., said
any one of the field of 18 can win
this "plus and minus" competi-
tion and "I'm playing golf to
make a living—just like all the
other girls in the business."
Miss Suggs played the 6,085-
yard, par 36-37.71 Cavalier Yacht
and Country Club course for the
first time in her career yesterday.
"I just practiced and kept no
score," she said. "When I hit a
poor shot, I hit another ball. This
is the only time I've ever done
that before. But there are some
short holes which give us a
chance for some birdies if we're
accurate."
Miss Suggs, victor so far this
year in the Havana Open and the
titleholders at Augusta, Ga., sim-
gled out Patty Berg, Betty Jam-
son, Betty Rawls, 21-year-old
Mickey Wright and Marcie Bauer
Hagge as the ones likely to cause
the most trouble in this series of
five four-ball matches.
"Any of them could win it,"
Miss Suggs added. "I will say
I'm hitting the ball pretty good
and I haven't been putting too
badly. I have missed a couple that
hurt lately."
Others in the tournament are
Mary Lena Faulk, Joyce Ziske,
Beverly Hanson, Betty Hicks,
Betty Dodd, Bonnie Randolph,
Alice Bauer, Betty Bush, Mari-
lynn Smith and Gloria Armstrong.
Miss Faulk, who calls Thomax-
ville, Ga., "home," holds the com-
petitive record for women for the
Cavalier course. She fired a 62 to
win the qualifying medal during
the 1950 Southern Women's Ama-
teur.
Dick Whitman, former Brook-
lyn Dodgers outfielder, is man-
aging the San Jose Joex in the Class
C California League.

### Frank Lane Is Sportswriters' Pal

By JACK HAND

NEW YORK, (U.P.) — Frank Lane is the sportswriters' pal, a frank-speaking extrovert who never says, "This is off the record." If he didn't tell you himself, you wouldn't believe the new general manager of the St. Louis Cardinals could be 60. His brown, curly hair and tireless energy stamp him as a man in his middle 40s.

Sitting next to Lane at a ball game is an experience. The umpires, enemy players and his own athletes all are under direct fire. "Look at that guy, 3-2 on every hitter," he moans. "Why can't he get it over. Look at him, standing up there with the bat on his shoulder."

This sort of thing lasts all afternoon. At Chicago he engaged in daily verbal combat with the customers, whether in his own park or at Wrigley Field where he watched the Cubs and listened to his White Sox on a portable radio. Warren Brown, the Chicago baseball author, tells about a White Sox ball player who wanted to play some games during the winter but had his wife write the letter. She got this sort of answer, "Upon receipt of your letter, I went through the contracts. I found one with your husband's signature on it. But I regret to say I found none with yours."

This is the man who has stirred up a storm in St. Louis by his wholesale trading of Cardinals in the last few weeks. They can expect more of the same.

When Lane came to Chicago in 1948, he had 40 men under contract. Before long 28 of them had

FAWN TRIPLETS are shown at play several hours after they were born at the Milwaukee, Wis. Zoo. The mother is a white-tailed deer. A similar event took place at the zoo 20 years ago. (International)

been waived out of the league or traded. The casualty list won't be as high in St. Louis but it will be higher than it is now.

Lane's first deal provided Cincinnati U. with a football star. His friend Edgar Coons, could throw a football 50 yards although he was a little fellow. When Lane was sitting in as temporary sports editor of the now defunct Commercial-Tribune in Cincinnati, the Cincinnati football coach came to him moaning about his need of a passer.

"I thought about my friend Coons who was a freshman at the school," he said. "So I wrote a piece about how the coach had

finally discovered his passer in the twilight gloom on the scrub team. The next day the coach asked me 'Who the dickens is this passer I found?' I introduced him to Coons, who became an all-Ohio quarterback. It was my first deal, a good one because I got a story, my friend got his chance and the coach got his passer."

Lane got into organized baseball with Larry MacPhail whom he took over Cincinnati in 1923. After serving as a commander in the Navy from 1924-46 he rejoined MacPhail with the Yanks as Western farm director. Elected president of the American Assn. in 1947, he quit to come to the White

Sox in 1948. Until his big blowout with Chuck Comiskey, Sox vice-president, he was successful at Chicago.

The first census on record was made in 3,800 B.C. by the Babylonians, says the National Geographic Society.

Tourists spent 412 million dollars in Texas in 1955 -- more than any Texas industry except cotton.

### Child's 1st Teeth Are Important

(This article is published as a public service by The Sanford Herald in cooperation with the Seminole County Dental Society.)

Occasionally an infant arrives in the world with one or two teeth appearing through the gums. Usually, however, a new born baby is thought of as without teeth. But deep in his jawbones, are 20 first or primary teeth which begin to form early in prenatal life.

The earliest teeth to appear are the front teeth called central incisors, which generally come through when the baby is between six and eight months old.

By the time the child is two and a half years old, he normally has all his first teeth. That is when the youngster should make his first visit to the dentist.

The myth that a child's first teeth are not important because they are going to fall out anyway can be very harmful. There can be grave

consequences if first teeth are lost too early or are retained too long. One of the results of inattention to first teeth may be irregular second teeth. When first teeth come out prematurely, other nearby teeth may shift and move, thus preventing the proper alignment of second teeth.

The result may be that second teeth appear out of position, not only impairing chewing ability but presenting an unsightly, unattractive appearance.

Thus, by the age of about three, the groundwork is laid in good measure for future dental health.

During the pre-school years when permanent teeth are forming within the jaws, the child should begin proper toothbrushing habits, he should have a well-balanced diet low in confections and sweetened beverages and he should have enough dental care by a dentist.

The detection of early cavities by the X-ray and early correction of the disorders will prevent much more serious dental defects later.

The first permanent teeth to appear do not replace other teeth they erupt back of the first teeth and are called the "sixth-year molars" because they usually appear when the child is about six. There are four of these molars and they are extremely important in maintaining even alignment of all the teeth.

With the exception of the so-called "wisdom teeth," all of a child's second teeth should be in when the boy or girl is about 12.

# I AM YOUR HOME

... product of nature and men and machine ... thousands of skills at their best ... to make living easier for you.

I am the symbol of man's progress from the days of the cave. I lighten your tasks. I make strong your spirit. I

make secure your future. I make enjoyable your leisure hours. I keep you safe from the elements. I shut out

the cold, the wind and the rain. I make you warm or cool. I bring you beauty, color and light. I frame for you the

ever-changing magic of trees and flowers and sky. No king in ages past possessed so much. I am built to endure.

I can cradle your young at birth, shape their character in youth, comfort them in their maturity, shelter them

in their sunset years. I am your companion, your friend, your host, your servant, your bodyguard, your bonds-

man. I am your proudest possession. I will be loved because of the storms I have helped you weather, the

heights I have helped you climb, the tears I have dried, the joys I have created. I am the expression of the faith

in an American. I am the fruit of your labors and the spark of your incentive. I am a bulwark against tyrants.

I am yours—your stake in America. a nation made free and great by men and women who — like you — be-

lieve in the stronghold of enterprise. **I AM YOUR HOME**
