BONDS HAVE BEEN VALIDATED

Brick Roads Will soon be Started in Sanford District

Secretary Bates at the meeting of the Commercial Club last night read a telegram to the assemblage that created as of the Sanford High School. much excitement as would the announcement that the new county had been created. The substance of the telegram was to the effect that the bonds for \$200, 000 for the brick roads had been validared by the circuit court and all that remains for the culmination of our desires in the matter is the sale of the bonds buyers have already been here anxious full house and appreciative audience. and ready to buy them.

Lucky Sanford Growing

During the past week of low prices on lettuce and while many cars were being refused for freight charges and others barely bringing expenses of hampers and cutting charges many prominent growers were protected by contracts made several months ago. It is understood one grower alone received over \$2,500.00 for his cutting for the week, while others received amounts ranging from \$100.00 to \$600.00 for their respective cuttings.

The Herald is reliably informed that the M. O. Coggins Company paid growers in Sanford and vicinity-during the past week approximately \$5,500.00 on contracts which they hold.

It has always been the contention of The Herald that Sanford's greatest need is more commission concerns who are willing to put their money into Sanford's products on an f. o. .b. basis. The company that is willing to take a share of the risk in handling our crops is more likely to hold up prices on the markets and make the distribution as wide as possible.

We wish to congratulate the many growers who have used foresight to protect themselves against low prices prevailing at the present tirm

#### The Rush for Office

It is human nature for the victorious Democrats who want the federal offices which have ever since 1893 been held by Republicans. The latter deserve no sympathy, for they have had and held the said war offices as the spoils of political war, and have no right to kick now that they are the losers.

However, as the Star has said before, Woodrow Wilson was elected for a higher purpose than to hand out pie to the hungry. His election was an expression of desire on the part of the people for better government. When Wilson takes his seat next March, and when Democratic Congressmen assemble to deal with problems that vitally affect all the dwellers in this vast country, they should not be annoyed or overburdened by the importunities of office seekers.

Very few men, no matter what party is in power, can hold office, but the entire people are concerned in the government.

The Democrats will have a longer lease of power if they refrain from an undignified scramble for office. The Star doesn't think any faithful and efficient Republican should be turned out of office until his term expires. There are many-some of them in this statewho should be removed at once for cause but the great majority should be allowed to take their time.

The Star believes that this policy will best suit our Senators and Representatives, who in all Democratic states will probably be awarded the distribution of federal patronage. They will have great problems to grapple with after March 4, and it will hamper their usefulness to al 4, and it will hamper their usefulness to all the people if their tkime is taken-up by acramblers for pie.

In a personal letter to the Star, Congressman Sparkman, of the first district, makes the following statement, which we daresay is the sentiment of every representative who believes he was elected to work for all his constituents:

"I have received quite a lot of letters from all over the district requesting my aid in the matter of federal appointments. To all such I have replied in substance; that owing to the fact that President-elect Wilson will not be inaugurated for several months yet, and th augurated for several months yet, and that it will be several weeks or months before the office in question will be vacant, I have thought it best not to commit myself pro or con on any application."-Ocala Star.

The Music Club held their regular meeting at the studio of Mrs. Fannie S. Munson, president of the club, Saturday afternoon at 3 o'clock. There was a fine attendance of the club present.

A very entertaining paper on the 'Life and Works of Massenet" was read by Mrs. O. W. Brady. A second excellent paper was read by Mrs. S. O. Shinholser on the "Life and Works of Saint Saens." Mrs. D. L. Thrasher played a delightful Melody by Massenet and demonstrating Massenet's style as a composer, and a very charming duet, Picture Scenes" by Massenet was rendered by the Misses Mary McK'm and Mary Herby. The leader regretted that she had been unable to secure any music by Saint Saens for the program. Mrs. Munson led a brief discussion on French music, after which several important matters were discussed and a new name proposed for membership. The president presented an invitation to the Music Club from the Welaka Club to the reception to significant by the Welska Club, to Mrs. W. B. #### Edward Baxter Perry

The New York Musical Courier has the following to say of Mr. Perry, who will play at the auditorium of the Sanford High School, Jan. 3rd, 1913., under the auspices of the Sanford Music Club:

"Mr. Perry is the originator and principal exponent of the lecture-recital idea. He is the only blind pianist in the world's history who has succeeded in winning an unquestioned position in the front rank of his profession. He is the only American planist who ever played at the Imperial Court of Germany. He is the only planist American or foreign who ever sustained himself for ten successive seasons by concert playing alone in the United States. He is the only planist, living or dead, of any country who ever played twelve hundred concerts in ten successive years."

Pleasant Porch Party

Misses May Thrasher and Dorothy Davis, entertained their young friends at a very delightful porchparty at the resdience of Mr. and Mrs. D. L. Thrasher Saturday afternoon.

The young people enjoyed a number of pleasant games, both in the porch and yard, after the conclusion of which the young hostesses served delicious ice

cream and cake. The guests on this enjoyable occasion were Misses Frances Gonzales, Helen Hand, Fern Ward, Elizabeth Stafford, Helen Peck, Alice Caldwell, Fannie Reba Munson, Alice Lough, Lillian Herring, Serita Lake, Nellie Lough, Norma Herndon, Walter Rowland, Fred Wight, James Higgins, Sidney Chase, Griffin Herring, Reginald Holly, Hawkins Conneily, Russell Brady, Robert Hines, Arthur Dickins, J. Sparkman on improvements

"Harness the Mississippi and make the water power development pay for the cost of improving the river," was the gist of the message brought to day by Secretary of War Stimson to the Na tional Rivers and Harbors Congress.

Secretary Stimson declared that when the nation assumed a responsibility as great as that of spending \$50,000,000 for improving a river, the general tax payers of the country should get the

benefit of the incidental profits arising. Representative Sparkman of Florida, chairman of the House committee on rivers and harbors, did not agree with the assertion of President Taft yesterday before the Congress, that the Mississippi should be improved under the general welfare clause of the Constitution, for, said Mr. Sparkman, it would be a sad day for the country, and he feared it would lead to a wide system of log loWW would lead to a wide system of "oog rolling" if appropriations were made always on the claim that they were for the general welfare. He asserted that river improvements should be made only for the benefit of commerce.

#### WARNING - DANGER DANGER -

Orange Growers, Dealers and Shippers of Fla.

Monday morning, December 16, there will be more than 3,000 cars of Florida citrus fruits in the United States on track and rolling.

At the same time there will be as many, or, more, cars in the hands of the wholesale and retail dealers in fruits.

The daily consumption of citrus fruits in the States is 500 cars, under favorable circumstances.

Therefore on Monday morning, Dec. 16, there will be rolling and on track and in the hands of dealers, twelve days' total supply for the entire consumption of the United States, without making any allowance for the Californias that have moved and are moving.

If every packing house in the State of Florida will close down Saturday night, December 14, and remain closed for two weeks, at the end of that time the entire Florida orange supply of the United States will be practically exhausted, and all houses can start again on Monday, December 30, and will find a ready sale for every orange that they ship, at \$1.75 to \$2.00 a box, f.o.b. cars, and grapefruit at from \$2.00 to \$2.50 a box, f. o.b. cars packing houses.

If, on the other hand, with the dealers amply supplied, and this enormous amount of fruit on track. Florida continues shipping after December 14, there will be such a conjection of fruit immediately following Christmas that the markets will go down to the "red ink" point very rapidly, and there will be no more sold, even at the low prices, than as if you had maintained them, and the market will be disorganized to such an extent that the entire month of January will be wasted in getting straightened out.

The Florida Citrus Exchange desires to call, and hereby does call, on every factor in the fruit deal in this State, whether he be grower, broker, contract shipper or dealer, to help relieve this situation and prevent the utter annihilation of the market for Florida fruits.

Florida is shipping the finest fruit this year she has ever shipped, and if you will all join us in this move, you can every one of you make good money for your citrus crop. If we cannot get the cooperation of all factors in the State, we are utterly powerless to stem the tide of disaster that is bound to rise.

Any man or factor who, in the face of this warning, moves fruit between the 15th and 30th of December, is an enemy of the grower, and an enemy of the industry, and worst of all, his own enemy.

Gentlemen, will you cooperate with us? We would like every operator in this State who moves from three cars of fruit up to communicate with us promptly, by letter or by wire, charges collect, notifying us of his intention to support us and stand with us in this endeavor, and we would be especially desirous of hearing from Chase & Compny, Crutchfield & Woolfolk, the North American Fruit Exchange and the dealers and shippers at Arcadia, Orlando, DeLand and Leesburg.

Gentlemen, will you help us to help yourselves? FLORIDA CITRUS EXCHANGE

#### ON HONEYMOON TRIP

ung Lawyer Fatally Sister-In-Law

Tampa, Fla., Dec. 12.—With a bullet in her lung and gasping for breath, Miss Maude Nichols awaits death here as the result of a murderous attack made upon her by her brother in law, R. Percy Jones, who is under arrest.

Miss Nichols was shot just after midnight by Jones, who accused her of interfering with his domestic relations. Jones married Miss Nichola' sister Friday night and was on his honeymoon. It is alleged he had promised to marry the other sister, who came to Tampa with the pair.

The Misses Nichols came to Fort . Myers from Nebraska City, Neb., several months ago. Jones was a prominent lawyer in his home city, and a few weeks ago was defeated for mayor by three votes.

On the train coming to Tampa yesterday it is alleged that the sister of the bride commenced to tell her story of Jones' deception and continued it after they reached the hotel. Jones who was alleged to have been intoxicated to such an extent that his bride left him a few minutes after they reached the hotel, charging his sister in law with taking a sum of money from him.

She replied that she was protecting her sister, so that she might have sufficient money to return home with if nec-CESSTY.

Jones is alleged to have replied:

"I'll show you how to protect your sister," and fired.

Miss Nichols evidently raised her hand, the bullet passing through the right member and thence through her chest, penetrating the lung. Attending physicians say that she cannot survive the day.

#### Big Cincinnati Fire

Firemen continue to throw water into the smouldering ruins of the Gibson Hotel, the Rendigs-Lottman department store, the W. L. Douglas shoe store and the upper ten stories of the seventeen story Union Trust building at Cincinnati, which was destroyed by fire early Tuesday morning.

Scores of persons were imperiled, but heroic work by volunteer rescuers saved them. Forty-five scrub women were in the Union Trust building when the fire started and were actual prisoners of the flames until rescuers run the elevators through the smoke and fire to the hysterical women.

All the guests of the Gibson Hotel are believed to have escaped. They were notified in time.

The fire menaced the heart of Cincinnati's downtown district, and losses estimated at from \$800,000 to \$1,700,000 were suffered. So far as known there was no loss of life, but nine persons were reported injured, none seriously.

#### Grace Sues for Divorce

Newnan, Ga., Dec. 13 Eugene H. Grace, who as the victim of a mysterious shooting affray at his home in Atlanta last March, later charged his wife with the crime, today filed suit for divorce from Mrs. Daisy Opie Grace.

In his bill Grace reiterates the charges he made against his wife at the time of the shooting, that she shot him in an effort to get possession of his life insurance, amounting to \$27,000.

At her trial last June Mrs. Grace was acquitted of the shooting and returned to her old home in Philadelphia, where she now resides.

#### Special Term Circuit Court

Judge Perkins of DeLand today continued the Wilmott case till the next regular term of the Circuit Court, upon the ground that the state's most important witness, Mrs. W. H. Smith, is now seriously ill at the Florida Sanitarium. This continuance was asked for by Mr. A. V. Long, the special appointed attorney by the Governor of the state to look after the case, and after a visit to the sanitarium, where Dr. Caldwell issued a cerrificate setting forth the fact that the witness was wholly unable to appear in court. Attorney Carl B. Robinson, for the defense, objected to said continuance on the above grounds, but his objections were not sustained.

The civil cases were set for a special term to be held on January 20th.

Court adjourned this afternoon .-Reporter-Star.
